To the Members of the Board:

As you are aware, the Auditor of State's Office (AOS) must modify the *Independent Accountants' Report* we provide on your financial statements due to a February 2, 2005, interpretation from the American Institute of Certified Public Accountants (AICPA). While AOS does not legally require your government to prepare financial statements pursuant to Generally Accepted Accounting Principles (GAAP), the AICPA interpretation requires auditors to formally acknowledge that you did not prepare your financial statements in accordance with GAAP. Our Report includes an opinion relating to GAAP presentation and measurement requirements, but does not imply the amounts the statements present are misstated under the non-GAAP basis you follow. The AOS report also includes an opinion on the financial statements you prepared using the cash basis and financial statement format the AOS permits.

INDEPENDENT ACCOUNTANTS' REPORT

District Board of Health
Defiance County
1300 East Second Street, Suite 100
Defiance, Ohio 43512-2484

To the Members of the Board:

We have audited the accompanying financial statements of the District Board of Health, Defiance County, (the District) as of and for the year ended December 31, 2005. These financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinion.

As described more fully in Note 1, the District has prepared these financial statements using accounting practices the Auditor of State prescribes or permits. These practices differ from accounting principles generally accepted in the United States of America (GAAP). Although we cannot reasonably determine the effects on the financial statements of the variances between these regulatory accounting practices and GAAP, we presume they are material.

Revisions to GAAP would require the District to reformat its financial statement presentation and make other changes effective for the year ended December 31, 2005. Instead of the combined funds the accompanying financial statements present for 2005, the revisions require presenting entity wide statements and also to present its larger (i.e. major) funds separately for 2005. While the District does not follow GAAP, generally accepted auditing standards requires us to include the following paragraph if the statements do not substantially conform to the new GAAP presentation requirements. The Auditor of State permits, but does not require governments to reformat their statements. The District has elected not to reformat its statements. Since this District does not use GAAP to measure financial statement amounts, the following paragraph does not imply the amounts reported are materially misstated under the accounting basis the Auditor of State permits. Our opinion on the fair presentation of the amounts reported pursuant to its non-GAAP basis is in the second following paragraph.

In our opinion, because of the effects of the matter discussed in the preceding two paragraphs, the financial statements referred to above for the year ended December 31, 2005, do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the District as of December 31, 2005, or its changes in financial position for the year then ended.

Also, in our opinion, the financial statements referred to above present fairly, in all material respects, the combined fund cash balances and reserves for encumbrances of the District Board of Health, Defiance County, as of December 31, 2005, and its combined cash receipts and disbursements for the year then ended on the accounting basis Note 1 describes.

The aforementioned revision to generally accepted accounting principles also requires the District to include Management's Discussion and Analysis for the year ended December 31, 2005. The District has not presented Management's Discussion and Analysis, which accounting principles generally accepted in the United States of America has determined is necessary to supplement, although not required to be part of, the financial statements.

In accordance with *Government Auditing Standards*, we have also issued our report dated August 29, 2006, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance, and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

**DISTRICT BOARD OF HEALTH
DEFIANCE COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2005**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description of the Entity

The constitution and laws of the State of Ohio establish the rights and privileges of the District Board of Health, Defiance County, (the District) as a body corporate and politic. A five-member Board and a Health Commissioner govern the District. The District's services include recording of vital statistics, inspection of food service facilities, water wells, sewers, campgrounds, trailer parks, swimming pools, immunization clinics, and they act upon various complaints made to the District Board of Health concerning the health and welfare of the County.

The District's management believes these financial statements present all activities for which the District is financially accountable.

B. Basis of Accounting

These financial statements follow the basis of accounting the Auditor of State prescribes or permits. This basis is similar to the cash receipts and disbursements accounting basis. The District recognizes receipts when received in cash rather than when earned and recognizes disbursements when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements adequately disclose material matters the Auditor of State's accounting basis requires.

C. Cash

As required by Ohio Revised Code, the County Treasurer is custodian for the District's cash. The County's cash and investment pool holds the District's assets, valued at the County Treasurer's reported carrying amount.

D. Fund Accounting

The District uses fund accounting to segregate cash and investments that are restricted as to use. The District classifies its funds into the following types:

1. General Fund

The General Fund accounts for all financial resources except those restricted by law or contract.

2. Special Revenue Funds

These funds account for proceeds from specific sources (other than from trusts or for capital projects) that are restricted to expenditure for specific purposes. The District had the following significant Special Revenue Fund:

Women, Infants, and Children (WIC) Fund - This is a Federal grant fund that accounts for the Special Supplemental Nutrition Program.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

E. Budgetary Process

The Ohio Revised Code requires the District to budget each fund annually.

1. Appropriations

Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund, function or object level of control, and appropriations may not exceed estimated resources. The Board must annually approve appropriation measures and subsequent amendments. The County Budget Commission must also approve the annual appropriation measure and amendments thereto. Unencumbered appropriations lapse at year end.

2. Estimated Resources

Estimated resources include estimates of cash to be received (budgeted receipts) plus unencumbered cash as of January 1.

3. Encumbrances

The Ohio Revised Code requires the District to reserve (encumber) appropriations when commitments are made. Encumbrances outstanding at year end are carried over, and need not be reappropriated.

A summary of 2005 budgetary activity appears in Note 2.

F. Property, Plant, and Equipment

The District records disbursements for acquisitions of property, plant, and equipment when paid. The accompanying financial statements do not report these items as assets.

G. Accumulated Leave

In certain circumstances, such as upon leaving employment, employees are entitled to cash payments for unused leave. The financial statements do not include a liability for unpaid leave.

2. BUDGETARY ACTIVITY

Budgetary activity for the year ended December 31, 2005 follows:

2005 Budgeted vs. Actual Receipts			
Fund Type	Budgeted Receipts	Actual Receipts	Variance
General	\$901,891	\$917,605	\$15,714
Special Revenue	674,967	670,756	(4,211)
Total	\$1,576,858	\$1,588,361	\$11,503

2. BUDGETARY ACTIVITY – (Continued)

2005 Budgeted vs. Actual Budgetary Basis Expenditures			
Fund Type	Appropriation Authority	Budgetary Expenditures	Variance
General	\$1,660,572	\$940,432	\$720,140
Special Revenue	720,340	665,008	55,332
Total	\$2,380,912	\$1,605,440	\$775,472

3. PROPERTY TAX LEVIES

The County Commissioners serve as a special taxing authority for a special levy outside the ten-mill limitation to provide the District with sufficient funds for health programs. The one mill levy generated \$671,157 in 2005. The financial statements present these amounts as levy receipts.

4. RETIREMENT SYSTEM

The District's full-time employees belong to the Ohio Public Employees Retirement System (OPERS). OPERS is a cost-sharing, multiple-employer plan. The Ohio Revised Code prescribes retirement benefits, including postretirement healthcare and survivor and disability benefits.

The Ohio Revised Code also prescribes contribution rates. For 2005, OPERS members contributed 8.5 percent of their gross salaries. The District contributed an amount equal to 13.55 percent of participants' gross salaries. The District has paid all contributions required through December 31, 2005.

5. RISK MANAGEMENT

Risk Pool Membership

The District is exposed to various risks of property and casualty losses, and injuries to employees.

The District insures against injuries to employees through the Ohio Bureau of Worker's Compensation.

The District belongs to the Public Entities Pool of Ohio (PEP), a risk-sharing pool available to Ohio local governments. PEP provides property and casualty coverage for its members. PEP is a member of the American Public Entity Excess Pool (APEEP). Member governments pay annual contributions to fund PEP. PEP pays judgments, settlements and other expenses resulting from covered claims that exceed the members' deductibles.

Casualty Coverage

PEP retains casualty risks up to \$250,000 per occurrence, including claim adjustment expenses. PEP pays a percentage of its contributions to APEEP. APEEP reinsures claims exceeding \$250,000, up to \$1,750,000 per claim and \$10,000,000 in the aggregate per year. Governments can elect additional coverage, from \$2,000,000 to \$12,000,000 with the General Reinsurance Corporation, through contracts with PEP.

**DISTRICT BOARD OF HEALTH
DEFIANCE COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2005
(Continued)**

5. RISK MANAGEMENT – (Continued)

If losses exhaust PEP's retained earnings, APEEP provides *excess of funds available* coverage up to \$5,000,000 per year, subject to a per-claim limit of \$2,000,000.

Property Coverage

Through 2004, PEP retained property risks, including automobile physical damage, up to \$100,000 on any specific loss in any one occurrence. The Travelers Indemnity Company reinsured losses exceeding \$100,000 up to \$500 million per occurrence. APEEP's Guarantee Fund was responsible for losses and loss adjustment expenses exceeding operating contributions.

Beginning in 2005, Travelers reinsures specific losses exceeding \$250,000 up to \$600 million per occurrence. APEEP reinsures members for specific losses exceeding \$100,000 up to \$250,000 per occurrence, subject to an annual aggregate loss payment. Travelers provides aggregate stop-loss coverage based upon the combined members' total insurable value. If the stop loss is reached by payment of losses between \$100,000 and \$250,000, Travelers will reinsure specific losses exceeding \$100,000 up to their \$600 million per occurrence limit. The aggregate stop-loss limit for 2005 was \$1,682,589.

The aforementioned casualty and property reinsurance agreements do not discharge PEP's primary liability for claims payments on covered losses. Claims exceeding coverage limits are the obligation of the respective township.

Property and casualty settlements did not exceed insurance coverage for the past three fiscal years.

Members may withdraw on each anniversary of the date they joined PEP. They must provide written notice to PEP 60 days in advance of the anniversary date. Upon withdrawal, members are eligible for a full or partial refund of their capital contribution, minus the subsequent year's premium. Also upon withdrawal, payments for all property and casualty claims and claim expenses become the sole responsibility of the withdrawing member, regardless of whether a claim was incurred or reported prior to the withdrawal.

Financial Position

PEP's financial statements (audited by other accountants) conform with generally accepted accounting principles, and reported the following assets, liabilities and retained earnings at December 31, 2005 and 2004:

<u>Casualty Coverage</u>	<u>2005</u>	<u>2004</u>
Assets	\$29,719,675	\$27,437,169
Liabilities	<u>(15,994,168)</u>	<u>(13,880,038)</u>
Retained earnings	<u>\$13,725,507</u>	<u>\$13,557,131</u>

**DISTRICT BOARD OF HEALTH
DEFIANCE COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS

5. RISK MANAGEMENT – (Continued)

<u>Property Coverage</u>	<u>2005</u>	<u>2004</u>
Assets	\$4,443,332	\$3,648,272
Liabilities	<u>(1,068,245)</u>	<u>(540,073)</u>
Retained earnings	<u>\$3,375,087</u>	<u>\$3,108,199</u>

The Casualty Coverage assets and retained earnings above include approximately \$14.3 million and \$12 million of unpaid claims to be billed to approximately 430 member governments in the future, as of December 31, 2005 and 2004, respectively. PEP will collect these amounts in future annual premium billings when PEP's related liabilities are due for payment. The District's share of these unpaid claims is approximately \$8,206 as of December 31, 2005.

6. CONTINGENT LIABILITIES

Amounts received from grantor agencies are subject to audit and adjustment by the grantor principally the federal government. The grantor may require refund of any disallowed costs. Management cannot presently determine any amounts grantors may disallow. However, based on prior experience, management believes any refunds would be immaterial

**INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
REQUIRED BY *GOVERNMENT AUDITING STANDARDS***

District Board of Health
Defiance County
1300 East Second Street, Suite 100
Defiance, Ohio 43512-2484

To the Members of the Board:

We have audited the financial statements of the District Board of Health, Defiance County (the District) as of and for the year ended December 31, 2005, and have issued our report thereon dated August 29, 2006, wherein we noted the District prepared its financial statements using accounting practices the Auditor of State established rather than accounting principles generally accepted in the United States of America. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting to determine our auditing procedures to express our opinion on the financial statements and not to opine on the internal control over financial reporting. Our consideration of the internal control would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts material to the financial statements we audited may occur and not be timely detected by employees when performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider material weaknesses.

Compliance and Other Matters

As part of reasonably assuring whether the District's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.
