Report of Independent Auditors

The Board of Directors The Bowling Green State University Foundation, Inc. and Subsidiary

We have audited the accompanying consolidated statements of financial position of The Bowling Green State University Foundation, Inc. and subsidiary (the Foundation) as of June 30, 2007 and 2006, and the related consolidated statements of activities and cash flows for the years then ended. These financial statements are the responsibility of the Foundation's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Foundation's internal control over financial reporting. Our audits included consideration of internal controls over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal controls over financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of The Bowling Green State University Foundation, Inc. and subsidiary as of June 30, 2007 and 2006, and the changes in their net assets and their cash flows for the years then ended in conformity with accounting principles generally accepted in the United States.

In accordance with *Government Auditing Standards*, we have also issued our report dated September 7, 2007, on our consideration of the Foundation's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audits.

Notes to Consolidated Financial Statements

June 30, 2007 and 2006

1. Organization and Significant Accounting Policies

The consolidated financial statements include accounts of The Bowling Green State University Foundation, Inc. (the Foundation) and The Bowling Green State University Foundation LLC (the Corporation). Significant intercompany accounts and transactions have been eliminated.

The Foundation is a nonprofit Ohio corporation, which assists in the development and advancement of Bowling Green State University (the University). All program expenses are for the benefit of the University.

In July 2004, the Corporation was formed as a wholly owned subsidiary of the Foundation. The Corporation was organized to acquire, hold title to, and collect income from real property to the benefit of the Foundation and the University.

Significant accounting policies followed in preparing the financial statements of the Foundation are presented below.

The financial statements of the Foundation have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenses, and other changes in net assets during the reporting period. Actual results could differ from those estimates.

Reclassification

Certain amounts in 2006 financial statements have been reclassified to conform to 2007 presentation.

Investments

Investment securities are stated at fair value, based on quoted market value of the individual securities. Alternative investments are stated at fair value and include investment in real estate, Real Estate Investment Trusts (REITs), Arbitration funds and others. Purchases and sales of investment securities are recorded on the trade date. Realized gains or losses from sale of securities are determined using the cost basis of the securities sold. Interest and dividend income is reported when earned. Permanently restricted endowment funds participate in an investment pool in which each fund has a specific unit value interest. All investment income, including realized and unrealized gains and losses, derived from investments in the endowment investment pool is allocated to the participating endowment fund based upon the current year's average balance of each endowment fund.

The Foundation is named as a beneficiary of several irrevocable trusts. All of the assets of the trusts are held by third parties who manage the assets and distribute the income as defined in each trust. Such assets are included in investment securities. The Foundation's interest in the future income stream of perpetual trusts is recognized based on the present market value of the trust assets. Under a split-interest trust, the donor is paid specified distributions for a future period of time and upon termination of the trust, the Foundation receives all or a portion of the trust. The Foundation's interest in such trusts is based on the estimated value of the assets to be received from each trust.

Fund Accounting and Net Asset Classifications

Resources of the Foundation are maintained in funds which are classified into net asset categories based on the limitations and restrictions placed on the contributions and gifts received. The net assets of the Foundation are classified into the following types for financial reporting purposes:

- Permanently restricted net assets represent contributions received whereby the donors have stipulated that the corpus is to be maintained permanently, but permit the Foundation to use or expend part or all of the income for either specified or unspecified purposes. The unexpended income from these donated assets is classified as temporarily restricted net assets.
- Temporarily restricted net assets contain donor-imposed restrictions that permit the Foundation to use or expend the assets as specified. The restrictions are satisfied either by the passage of time or by actions of the Foundation.
- Unrestricted net assets are not restricted by donors, or the donor-imposed restrictions have expired. The governing board has the right to approve the use of these funds.

Administrative Fees and Spending Policy

The Foundation has adopted a spending policy with respect to amounts available for distribution on all endowed funds. The spending policy provides for a range of 3.00% to 7.00% of the three-year rolling average market value of endowed fund balances, with the Board of Directors approving 4.25% and 4.00% for 2007 and 2006, respectively.

The Board of Directors approved an administrative fee of 0.9% for the years ended June 30, 2007 and 2006. The Board of Directors also approved the charging of such fee on certain nonendowed funds. The administrative fee amounted to approximately \$693,000 in 2007 and \$608,000 in 2006 and is included in unrestricted other revenue.

Promises to Give

Conditional promises to give are recognized when the conditions on which they depend are substantially met and the promises become unconditional.

Restricted and Unrestricted Contributions

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence and/or nature of any donor restrictions. When a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted and reported in the statements of activities as net assets released.

Income Taxes

The Foundation is incorporated under the laws of the State of Ohio as a nonprofit corporation and is exempt from federal, state, and local income taxes. The Internal Revenue Service has determined that the Foundation is a tax-exempt organization as defined under Section 501(c)(3) of the Internal Revenue Code. Report on Internal Control Over Financial Reporting and On Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Board of Directors The Bowling Green State University Foundation, Inc.

We have audited the financial statements of The Bowling Green State University Foundation, Inc. as of and for the year ended June 30, 2007, and have issued our report thereon dated September 7, 2007. We conducted our audit in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered The Bowling Green State University Foundation, Inc.'s internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of The Bowling Green State University Foundation, Inc.'s internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of The Bowling Green State University Foundation, Inc.'s internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of The Bowling Green State University Foundation, Inc.'s internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether The Bowling Green State University Foundation's Inc.'s financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information of the board of directors and management and is not intended to be and should not be used by anyone other than these specified parties.
