Columbiana Metropolitan Housing Authority

Financial Statements

For the Year Ended June 30, 2006

Mary Taylor, CPA Auditor of State

Board of Directors Columbiana Metropolitan Housing Authority 325 Moore Street East Liverpool, Ohio 43920

We have reviewed the *Independent Auditors' Report* of the Columbiana Metropolitan Housing Authority, Columbiana County, prepared by Salvatore Consiglio, CPA, Inc., for the audit period July 1, 2005 through June 30, 2006. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Columbiana Metropolitan Housing Authority is responsible for compliance with these laws and regulations.

Mary Taylor, CPA Auditor of State

Independent Auditors' Report

Board of Directors Columbiana Metropolitan Housing Authority

I have audited the accompanying financial statements of the business-type activities of Columbiana Metropolitan Housing Authority, Ohio, as of and for the year ended June 30, 2006, which collectively comprise the Authority basic financial statements, as listed in the table of contents. These financial statements are the responsibility of the Columbiana Metropolitan Housing Authority, Ohio, management. My responsibility is to express an opinion on these basic financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing standards*, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the business-type activities of the Columbiana Metropolitan Housing Authority, Ohio, as of June 30, 2006, and the respective change in financial position and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, I have also issued my report dated January 26, 2007, on my consideration of the Columbiana Metropolitan Housing Authority, Ohio's internal control over financial reporting and my tests of its compliance with certain provisions of laws, regulations, contracts and grants agreements and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the result of my audit.

The Management's Discussion and Analysis is not a required part of the basic financial statements but is supplementary information required by the accounting principles generally accepted in the United State of America. I have applied certain limited procedures, which consisted principally of inquiry of management regarding the methods of measurement and presentation of the supplementary information. However, I did not audit the information and express no opinion thereon.

My Audit was performed for the purpose of forming an opinion on the financial statements that collectively comprise the Columbiana Metropolitan Housing Authority basic financial statements. The accompanying Schedule of Expenditure of Federal Awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Government and Non-Profit Organizations* and is not a required part of the financial statements. The combining financial data schedule ("FDS") and the PHA statement and certification of actual costs are presented for purposes additional analysis as required by the Department of Housing and Urban Development and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in my opinion, is fairly presented in all material respect in relation to the basic financial statements taken as a whole.

Dalvatore Consiglio

Salvatore Consiglio, CPA, Inc.

UNAUDITED

The Columbiana Metropolitan Housing Authority's ("the Authority") management's discussion and analysis is designed to (a) assist the reader in focusing on significant financial issues, (b) provide an overview of the Authority's financial activity, (c) identify changes in the Authority's financial position (its ability to address the next and subsequent year challenges), and (d) identify individual fund issues or concerns.

Since the Management's Discussion and Analysis (MD&A) is designed to focus on the current years activities, resulting changes and currently known facts, please read it in conjunction with the Authority's financial statements.

FINANCIAL HIGHLIGHTS

- Net assets were \$10,000,297 and \$10,121,217 for fiscal year ending June 30, 2005 and 2006, respectively. The Authority-wide statements reflect a increase in total net assets of \$120,920 during 2006. This increase is reflective of the year's activities.
- The business-type activity revenue increased by \$244,230 during 2006, and were \$4,999,857 and \$5,244,087 for 2005 and 2006, respectively.
- The total expenses of all Authority programs increased by \$134,539. Total expenses were \$5,104,039 and \$5,238,578 for 2005 and 2006, respectively.

USING THIS ANNUAL REPORT

The following graphic outlines the format of this report:

~ Fund Financial Statement ~ ~ Notes to Financial Statements ~

June 30, 2006

UNAUDITED

The focus is on both the Authority as a whole (authority-wide) and the major individual funds. Both perspectives (authority-wide and major fund) allow the user to address relevant questions, broaden a basis for comparison (year to year or Authority to Authority) and enhance the Authority's accountability.

Authority-Wide Financial Statements

The Authority-wide financial statements are designed to be corporate-like in that all business type activities are consolidated into columns, which add to a total for the entire Authority.

These statements include a Statement of Net Assets, which is similar to a Balance Sheet. The Statement of Net Assets reports all financial and capital resources for the Authority. The statement is presented in the format where assets, minus liabilities, equal "Net Assets", formerly known as equity. Assets and liabilities are presented in order of liquidity, and are classified as "Current" (convertible into cash within one year), and "Non-current".

The focus of the Statement of Net Assets (the "Unrestricted Net Assets") is designed represent the net available liquid (non-capital) assets, net of liabilities, for the entire Authority. Net Assets (formerly equity) are reported in three broad categories:

<u>Net Assets, Invested in Capital Assets, Net of Related Debt</u>: This component of Net Assets consists of all Capital Assets, reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

<u>Restricted Net Assets</u>: This component of Net Assets consists of restricted assets, when constraints are placed on the asset by creditors (such as debt covenants), grantors, contributors, laws, regulations, etc.

<u>Unrestricted Net Assets</u>: Consists of Net Assets that do not meet the definition of "Net Assets Invested in Capital Assets, Net of Related Debt", or "Restricted Net Assets". This account resembles the old operating reserves account.

The Authority-wide financial statements also include a Statement of Revenues, Expenses and Changes in Fund Net Assets (similar to an Income Statement). This Statement includes Operating Revenues, such as rental income, Operating Expenses, such as administrative, utilities, and maintenance, and depreciation, and Non-Operating Revenue and Expenses, such as grant revenue, investment income and interest expense.

June 30, 2006

UNAUDITED

The focus of the Statement of Revenues, Expenses and Changes in Fund Net Assets is the "Change in Net Assets", which is similar to Net Income or Loss.

Finally, a Statement of Cash Flows is included, which discloses net cash provided by, or used for operating activities, non-capital financing activities, and from capital and related financing activities.

Financial Statements

Traditional users of governmental financial statements will find the Financial Statements presentation more familiar. The focus is now on Major Funds, rather than fund types. The Authority consists of exclusively Enterprise Fund. Enterprise fund utilize the full accrual basis of accounting. The Enterprise method of accounting is similar to accounting utilized by the private sector accounting.

Business Type Programs:

<u>Conventional Public Housing (PH)</u> – Under the Conventional Public Housing Program, the Authority rents units that it owns to low-income households. The Conventional Public Housing Program is operated under an Annual Contributions Contract (ACC) with HUD, and HUD provides Operating Subsidy to enable the PHA to provide the housing at a rent that is based upon 30% of adjusted gross household income.

<u>Capital Fund Program (CFP)</u> – This is the current primary funding source for the Authority's physical and management improvements. While the formula funding methodology used for the CGP was revised for the CFP, funds are still provided by formula allocation and based on size and age of your units.

<u>Housing Choice Voucher Program</u> – Under the Housing Choice Voucher Program, the Authority administers contracts with independent landlords that own the property. The Authority subsidizes the family's rent through a Housing Assistance Payment made to the landlord. The program is administered under and Annual Contributions Contract (ACC) with HUD. HUD provides Annual Contributions Funding to enable the Authority to structure a lease that sets the participants' rent at 30% of household income.

June 30, 2006

UNAUDITED

<u>State and Local Program</u> – The State and Local Program represents the Authority contracts with the Columbiana County Department of Job and Family Services, City of Salem, City of East Liverpool and Columbiana Mental Health Board. Under these contracts the Authority administers a voucher program for the Cities of East Liverpool and City of Salem. The Authority contract with the Mental Health Board is to provide housing quality inspections and the contract with the Department of Job and Family Service is to operate an After School Program for disadvantage youths.

<u>Shelter Plus Care Program</u> – Under the Shelter Plus Care Program, the Authority administers contracts with independent landlords that own the property and property owned and managed by Columbiana County Mental Health. The Authority subsidizes the family's rent through a Housing Assistance Payment made to the landlord. The program is administered under and Annual Contributions Contract (ACC) with HUD. HUD provides Annual Contributions Funding to enable the Authority to structure a lease that sets the participants' rent at 30% of household income.

<u>Component Unit</u> – The component unit represent the program operated by the Housing Program Limited Corporation, a not for profit corporation under the Internal Revenue Service ruling section 501 (c) (3). This out of school program is an educational and recreational program for school aged resident. The program is provided on site at the Authority family developments. The program offers a safe, friendly and clean setting that promotes educational programs targeting a healthy lifestyle and reducing risky behaviors. The program also reinforces academics by helping students with homework and providing educational computer software in the Authority computer labs.

AUTHORITY-WIDE STATEMENT

Statement of Net Assets

The following table reflects the condensed Statement of Net Assets compared to prior year. The Authority is engaged only in Business-Type Activities.

June 30, 2006

UNAUDITED

Total Liabilities and Net Assets	\$_	11,416,936	\$ 11,553,387

For more detail information see Statement of Net Assets presented elsewhere in this report.

Major Factors Affecting the Statement of Net Assets

During 2006 current and non-current assets decreased by \$136,451 and total liabilities decreased by \$257,371. These changes were reflective in the Authority attempting to eliminate debt by paying off the loan for capital improvement with Home Saving & Loan Bank.

The capital assets net change between 2006 and 2005 was \$97,561. This was the result of current year additions, as reflective on Table IV, net of depreciation expense for the year.

June 30, 2006

UNAUDITED

Net Assets increased by \$120,920. This increase is mainly due to the HUD imposed changes in the Housing Choice Voucher Program in how operating grant revenue is reported. HUD is requiring that the total budget authority is reflected as income in the same year, regardless if the revenue is earned in the year received.

Statement of Revenue, Expenses and Change in Net Assets

The following schedule compares the revenues and expenses for the current and previous fiscal year. The Authority is engaged only in Business-Type Activities.

		<u> 2006</u>	<u> 2005</u>
Revenues			
TenantRevenues - Rents & Other	\$	572,326	\$ 506,217
Operating Subsidies		3,975,848	3,920,321

Net Increases (Decreases)	\$_	5,509	\$ (104,182)

June 30, 2006

UNAUDITED

Major Factors Affecting the Statement of Revenue, Expenses and Changes in Net Assets

Tenant revenue increased. This increase was primarily due to the turnover in tenants living in the units. More individuals with income lived in the units, therefore contributing toward the rent.

Operating Subsidies and Capital Grants increased for the year. The capital grant was due to the capital improvement activities for the year. Operating subsidies increase was mainly due to the change in recognizing revenue in the Voucher Program.

Increases in expenses were mainly reflected in the depreciation expenses. All other expenses remain constant and reflect slit increases due to inflation factors.

The HAP payments decreased by \$90,441. The decrease was due to fewer lease-ups caused by subsidy reduction by HUD. This is a trend that the Authority anticipates in the future years.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

As of year-end, the Authority had \$10,659,292 invested in a variety of capital assets as reflected in the following schedule, which represents a net decrease (addition, deductions and depreciation) of \$97,561 from the end of last year.

		<u>2006</u>	<u>2005</u>
Land and Land Rights	\$	1,060,733	\$ 1,057,760
Buildings		21,279,278	20,803,945
Equipment		813,961	843,874
Leasehold Improvements		2,410,192	2,326,010
Construction in Progress		847,582	785,000
Accumulated Depreciation	_	(15,752,454)	(15,059,736)
Total	\$	10,659,292	\$ 10,756,853

Table 4 - Changes in Capital Assets

Beginning Balance - June 30, 2005	\$ 10,756,853
Current year Additions	632,623
Current year Depreciation Expense	(730,499)
Prior Period Adjustment	315
Ending Balance - June 30, 2006	\$ 10,659,292
Current year Additions are summarized as follows:	
Capital Improvement Program (Roof, Doors, and Carpet)	\$ 594,635
Purchase 2 Laptop Computers	2,988
Purchase a House	35,000
Total 2006 Additions	\$ 632,623

Debt Outstanding

As of year-end, the Authority had \$1,122,657 in debt (bonds, notes, etc.) outstanding compared to \$1,263,594 for prior year. The \$140,937 debt decrease was due to principal payments made during the year:

Table 5 - Condensed Statement of Changes in Debt Outstanding

Beginning Balance - June 30, 2005	\$ 1,263,594
Current Year Principal Payments	(140,937)
Ending Balance - June 30, 2006	\$ 1,122,657

June 30, 2006

UNAUDITED

ECONOMIC FACTORS

Significant economic factors affecting the Authority are as follows:

- Federal funding of the Department of Housing and Urban Development
- Local labor supply and demand, which can affect salary and wage rates
- Local inflationary, recessionary and employment trends, which can affect resident incomes and therefore the amount of rental income
- Inflationary pressure on utility rates, supplies and other costs

IN CONCLUSION

Columbiana Metropolitan Housing Authority takes great pride in its financial management and is pleased to report on the sound financial condition of the Authority.

FINANCIAL CONTACT

The individual to be contacted regarding this report is Claudia Pilarcik, Deputy Director of the Columbiana Metropolitan Housing Authority. Specific requests may be submitted to Claudia Pilarcik, Deputy Director, Columbiana Metropolitan Housing Authority, 325 Moore Street, East Liverpool, OH 43920.

NOTE 1: REPORTING ENTITY

Introduction

The Columbiana Metropolitan Housing Authority was established for the purpose of engaging in the development, acquisition and administrative activities of the low-income housing program and other programs with similar objectives. The United States Department of Housing and Urban Development (HUD) has direct responsibility for administering the low-income housing program under the United States Housing Act of 1937, as amended. HUD is authorized to enter into contracts with local housing authorities to make grants to assist the local housing authorities in financing the acquisition, construction and/or leasing of housing units and to make annual contributions (subsidies) to the local housing authorities for the purpose of maintaining the low-rent character of the local housing program.

The financial statements of the Columbiana Metropolitan Housing Authority (the Authority) have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Authority's accounting policies are described below.

The accompanying basic financial statements comply with the provision of Governmental Accounting Standards Board (GASB) Statement 14, the Financial Reporting Entity, in that the financial statements include all organizations, activities and functions for which the Authority is financially accountable. This report includes all activities considered by management to be part of the Authority by virtue of Section 2100 of the Codification of Governmental Accounting and Financial Reporting Standards.

Section 2100 indicates that the reporting entity consists of a) the primary government, b) organizations for which the primary government is financially accountable, and c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

The definition of the reporting entity is based primarily on the notion of financial accountability. A primary government is financially accountable for the organizations that make up its legal entity. It is also financially accountable for legally separate organizations if its officials appoint a voting majority of an organization's government body and either it is able to impose its will on that

NOTE 1: REPORTING ENTITY (Continued)

organization or there is a potential for the organization to provide specific financial benefits to, or to impose specific financial burdens on, the primary government. A primary government may also be financially accountable for governmental organizations that are fiscally dependent on it.

A primary government has the ability to impose its will on an organization if it can significantly influence the programs, projects, or activities of, or the level of services performed or provided by, the organization. A financial benefit or burden relationship exists if the primary government a) is entitled to the organization's resources; b) is legally obligated or has otherwise assumed the obligation to finance the deficits of, or provide financial support to, the organization; or c) is obligated in some manner for the debt of the organization.

The accompanying financial statements present the Authority's primary government and the Housing Program Limited Corporation, component unit, which the Authority exercises, significant control.

Component Units

The component unit reported in the Authority financial statements as shown below:

Blended Presented Component Unit

Housing Program Limited Corporation

Brief Description and Relationship

A not for profit corporation under the IRS ruling 501 (c) (3). The corporation created by Columbiana was Metropolitan Housing Authority to operate it's after school program and to be eligible to apply for other funding that the non-profit organization may be eligible for. The board members consist of the Executive Director, Finance Director and another staff of the Authority.

Description of programs

The following are the various programs which are included in the single enterprise fund:

NOTE 1: REPORTING ENTITY (Continued)

A. Public Housing Program

The pubic housing program is designed to provide low-cost housing within the County. Under this program, HUD provides funding via an annual contribution contract. These funds, combined with the rental income received from tenants, are available solely to meet the operating expenses of the program.

B. Capital Fund Program

The capital fund program provides funds annually, via a formula, to Public Housing Agencies for capital and management activities, including modernization and development housing.

C. Housing Choice Voucher Program

The Housing Choice Voucher Program was authorized by Section 8 of the National Housing Act and provides housing assistance payments to private, not-for-profit or public landlords to subsidize rentals for low-income persons.

D. Shelter Plus Care

The Shelter Plus Care program is designed to link rental assistance to supportive services for hard to serve homeless persons with disabilities. The Authority administers contracts with independent landlords that own the property. The Authority subsidizes the family's rent through a Housing Assistance Payment made to the landlord. The program is administered under and Annual Contributions Contract (ACC) with HUD. HUD provides Annual Contributions Funding to enable the Authority to structure a lease that sets the participants' rent at 30% of household income.

E. State and Local Fund

The Authority administered a contract with Columbiana County Department of Job and Family Services, City of Salem, City of East Liverpool and Columbiana Mental Health to provide rental assistance services to their clients. CMHA administers contracts with independent landlords that own the property. This funding enables the Authority to structure a lease that sets the participants' rent at 30% of the household's income.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Authority's basic financial statements consist of a statement of net assets, statement of revenue, expenses and changes net assets, and a statement of cash flows.

Fund Accounting

The Authority uses the proprietary fund to report on its financial position and the results of its operations for its programs. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities. Funds are classified into three categories: governmental, proprietary and fiduciary. The Authority uses the proprietary category for its programs.

Proprietary Fund Types

Proprietary funds are used to account for the Authority's ongoing activities, which are similar to those found in the private sector. The following is the proprietary fund type:

<u>Enterprise Fund</u> - This fund is used to account for the operations that are financed and operated in a manner similar to private business enterprises where the intent is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges or where it has been decided that periodic determination of revenue earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

Measurement Focus/Basis of Accounting

The proprietary funds are accounted for on the accrual basis of accounting. Revenues are recognized in the period earned and expenses are recognized in the period incurred. Pursuant to GASB Statement No. 20 Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities that Use Proprietary Fund Accounting, the Authority follows GASB guidance as applicable to proprietary funds and FASB Statements and Interpretations, Accounting Principles Board Opinions and Accounting Research Bulletins issued after November 30, 1989, that do not conflict with or contradict GASB pronouncements.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents includes all cash balances and highly liquid investments with a maturity of three months or less. The Authority places its temporary cash investments with high credit quality financial institutions. Amounts in excess of FDIC insurance limits are fully collateralized.

Inventory

The Authority's inventory is comprised of maintenance materials and supplies. Inventory is valued at cost and the Authority uses the first-in, first-out (FIFO) flow assumption in determining cost.

The consumption method is used to record inventory. Under this method, the acquisition of materials and supplies is recorded initially in inventory accounts and charged as expenditures when used.

Investments

The provisions of the HUD Regulations restrict investments. Investments are valued at market value. Interest income earned in fiscal year ending June 30, 2006 totaled \$15,681.

Capital assets

Capital assets are stated at cost. The capitalization policy of the Authority is to depreciate all non-expendable personal property having a useful life of more than one year and purchase price of \$500 or more per unit; and property betterment and additions costing \$2,500 and more. Depreciation is calculated using the straight-line method over the estimated useful lives of three years to forty years. Expenditures for repairs and maintenance are charged directly to expense as they are incurred. Expenditures determined to represent additions or betterments are capitalized.

Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets – net of related debt consists of capital assets, net of accumulated

NOTE 2: <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u> (Continued)

depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction or improvement of those assets. Net assets are recorded as restricted when there are limitations imposed on their use by internal or external restrictions.

Income Taxes

No provision for income taxes is recorded as the Authority is a non-profit, tax exempt entity under the Internal Revenue Code.

Operating Revenues and Expenses

Operating revenues and expenses are those revenues that are generated directly from the primary activities of the proprietary fund and expenses incurred for the day to day operation. For the Authority, operating revenues are tenant rent charges, operating subsidy from HUD and other miscellaneous revenue.

Capital Contributions

This represents contributions made available by HUD with respect to all federally aided projects under an annual contribution contract.

Compensated Absences

The Authority accounts for compensated absences in accordance with GASB Statement No. 16. Sick leave and other compensated absences with similar characteristics are accrued as a liability based on the sick leave accumulated at the balance sheet date by those employees who currently are eligible to receive termination payments. To calculate the liability, these accumulations are reduced to the maximum amount allowed as a termination payment. All employees who meet the termination policy of the Authority for years of services are included in the calculation of the compensated absence accrual amount.

Vacation leave and other compensated absences with similar characteristics are accrued as a liability as the benefits are earned by the employees if both of the following conditions are met: (1) the employees' rights to receive compensation are attributable to services already rendered and are not contingent on a specific event that is outside the control of the employer and employee. (2) It is probable that the employer will compensate the employees for the benefits through paid time off or some other means, such as cash payments at termination or retirement.

In the proprietary fund, the compensated absences are expensed when earned with the amount reported as a fund liability.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Budgets and Budgetary Accounting

The Authority is required by contractual agreements to adopt annual, appropriated operating budgets for all its Enterprise Funds receiving federal expenditure awards. All budgets are prepared on a HUD basis, which is materially consistent with accounting principles generally accepted in the United States of America. All annual appropriations lapse at fiscal year end. The Board of Commissioners adopts the budget through passage of a budget resolution.

NOTE 3: DEPOSIT

State statutes classify monies held by the Authority into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the Authority treasury, in commercial accounts payable or withdrawn on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits identified as not required for use within the current two-year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit, maturing not more than one year from the date of deposit, or by savings or deposit accounts including passbook accounts.

Protection of Authority deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, by collateral held by Authority or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution.

NOTE 3: DEPOSIT (Continued)

At fiscal year end June 30, 2006, the carrying amount of the Authority's deposits totaled \$671,518 and its bank balance was \$770,173. Based on the criteria described in GASB Statement No. 40, "Deposit and Investment Risk Disclosure," as of June 30, 2006, \$370,173 was exposed to custodial risk as discussed below, while \$400,000 was covered by the Federal Depository Insurance Corporation.

Custodial credit risk is the risk that in the event of bank failure, the Authority will not be able to recover the deposits. All deposits are collateralized with eligible securities in amounts equal to at least 105% of the carrying value of the deposits. Such collateral, as permitted by the Ohio Revised Code, is held in single financial institution collateral pools at the Federal Reserve Banks or at member banks of the federal reserve system, in the name of the respective depository bank and pledged as a pool of collateral against all of the public deposits it holds or as specific collateral held at the Federal Reserve Bank in the name of the Authority.

NOTE 4: TENANT ACCOUNT RECEIVABLES

As of June 30, 2006, tenant account receivable is shown net of an allowance for doubtful accounts of \$14,475.

NOTE 5: <u>DEFINED BENEFIT PENSION PLAN</u>

All full-time employees of Authority participate in the Ohio Public Employees Retirement System (OPERS), a cost-sharing multiple-employer public employee retirement system administered by the Public Employees Retirement Board. OPERS provide basic retirement, disability and survivor benefits, based on eligible service credit to members and beneficiaries. Benefits are established by Chapter 145 of the Ohio Revised Code. OPERS issue a publicly available financial report that includes financial statements and required supplementary information for OPERS. Interested parties may obtain a copy by making a written request to 277 East Town Street, Columbus, Ohio 43215-4642 or by calling (614) 466-2085 or (800) 222-PERS.

Ohio Public Employees Retirement System administers three separate pension plans as described below:

1. The Traditional Pension Plan – A cost sharing, multiple-employer defined benefit pension plan.

NOTE 5: DEFINED BENEFIT PENSION PLAN (Continued)

- 2. The Member-Direct Plan A defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20% per year). Under the Member-Direct Plan, members accumulate retirement assets equal to the value of member and (vested) employer contributions, plus any investment earnings.
- 3. The Combined Plan A cost sharing, multiple-employer defined pension plan. Under the Combined Plan, OPERS invests employer contributions to provide a formula retirement benefits similar in nature to the Traditional Pension Plan benefit. Member contributions, the investment of which is self-directed by the members, accumulate retirement assets in a manner similar to the Member-Directed Plan.

Plan members are required to contribute 8.5 percent of their annual covered salary to fund pension obligations. The 2005 employer pension contribution rate for Authority was 13.55 percent. Effective January 1, 2006 the rates increase to 9 percent for members and 13.7 for employers. Contributions are authorized by state statue. Contributions are authorized by state statue. The contribution rates are determined actuarially. The Authority's contribution for the years ended June 30, 2006, 2005, and 2004 amounted to \$122,729, \$117,911, and \$113,185. These costs have been charged to the employee fringe benefit account. All required contributions have been paid.

NOTE 6: POST-EMPLOYMENT BENEFITS

The Public Employees Retirement System of Ohio (OPERS) provides post-employment health care benefits to age and service retirants with ten or more years of qualifying Ohio service credit and to primary survivor recipients of such retirants. Health care coverage for disability recipients is also available. The health care coverage provided by the OPERS is considered an Other Post-employment Benefit (OPEB) as described in GASB Statement No. 12. A portion of each employer's contribution to the OPERS is set aside for the funding of post retirement health care. The Ohio Revised Code provides statutory Authority requiring public employers to fund post-employment health care through their contributions to the OPERS. The portion of the 2005 employer contribution rate (identified above) that was used to fund health care for the year ended June 30, 2006 was 4.0 percent of covered payroll, which amounted to \$36,028. The significant actuarial assumptions and calculations

NOTE 6: POST-EMPLOYMENT BENEFITS (Continued)

relating to post-employment health care benefits were based on the OPERS' latest actuarial review performed as of December 31, 2004. An entry age normal actuarial cost method of valuation is used in determining the present value of OPEB. The difference between assumed and actual experience (actuarial gains and losses) becomes part of unfunded actuarial accrued liability. All investments are carried at market value. For actuarial valuation purposes, a smoothed market approach is used. Under this approach assets are adjusted annually to reflect 25 percent of unrealized market appreciation or depreciation on investment assets. The investment assumption rate for 2004 was 8.0 percent. An annual increase of 4.0 percent compounded annually is the base portion of the individual pay increase assumption. This assumes no change in the number of active employees. Additionally, annual pay increases, over and above the 4.0 percent base increase, were assumed to range from 0.50 percent to 6.3 percent. Health care costs were assumed to increase at a project wage inflation rate plus an additional factor ranging from 1% to 6% for the next 8 years. In subsequent years (9 and beyond), health care costs were assumed to increase at 4% (the projected wage inflation rate).

Benefits are advanced-funded on an actuarially determined basis. The number of active contributing participants was 376,109. The actuarial value of the OPERS' net assets available for OPEB at December 31, 2004 was \$10.8 billion. The actuarially accrued liability and the unfunded actuarial accrued liability, based on the actuarial cost method used, were \$29.5 billion and \$18.7 billion, respectively.

NOTE 9: LONG-TERM DEBT

Promissory Note Payable – Home Savings & Loan

During the audit period, Columbiana Metropolitan Housing Authority paid off its note payable with Home Savings & Loan (formally Potter Bank) balance of \$53,006. The original note was for \$85,000 dated August 2, 2001 and was used for renovation of a building owned by the PHA and leased to the Community Action Agency of Columbiana County. The note contains an interest rate of 7% fixed through March 3, 2002 at which time a Certificate of Deposit securing the note matures. Interest thereafter was calculated at the then current Certificate of Deposit rate plus 2%. A monthly principal payment of \$472.22 plus the current interest rate is due monthly starting on September 2, 2001.

NOTE 9: LONG-TERM DEBT (Continued)

Lease/Purchase Agreement - Citicorp North America, Inc.

Columbiana Metropolitan Housing Authority entered into an energy performance contract with Honeywell International Inc. on February 11, 2004 for \$1,294,815. North America, Inc. (CitiCapital) provides the financing source for the project. The term of the loan is 144 semi-annual payments at 4.35% fixed interest rate. The outstanding loan balance as of June 30, 2006 is \$1,122,657.

The following is a summary of changes in long-term debt for the year ended June 30, 2006:

	BALANCE			BALANCE
DESCRIPTION	06/30/05	ISSUED	RETIRED	06/30/06
Home Savings & Loan	\$53,006	\$0	\$53,006	\$0
Citicorp North America, Inc.	1,210,588	0	87,931	1,122,657
				-
TOTAL	\$1,263,594	\$ 0	\$140,937	\$1,122,657

Debt maturities for the next five years are estimated as follows:

<u>YEAR</u>	PRINCIPAL	INTEREST
June 30, 2007	\$91,798	\$47,848
2008	95,834	43,811
2009	100,049	39,597
2010	104,448	35,198
2011	109,041	30,605
2012 - 2016	621,487	76,742
Total	\$1,122,657	\$273,801

NOTE 10: PRIOR PERIOD ADJUSTMENT

Beginning net asset for 2006 was adjusted for the following:

- Adjustment to eliminate prior year deferred revenue	\$120,977
- Adjustment to properly state net assets	(3,424)
I D (D1) II ' D	
Low Rent Public Housing Program:	
- Adjustment to properly state the outstanding debt balance	(23,997)
- Adjustment to eliminate accrued interest payable	5,178
- Adjustment to properly state net assets	16,677
Total Prior Period Adjustment	\$115,411

NOTE 11: <u>ECONOMIC DEPENDENCY</u>

Both the PHA Low Rent Housing Program and the Voucher Program are economically dependent on annual contributions and grants from HUD. Both programs operate at a loss prior to receiving the contributions and grants.

NOTE 12: RISK MANAGEMENT

Significant losses are covered by commercial insurance for all major programs. There have been no significant reductions in insurance coverage. Settlement amounts have not exceeded insurance coverage except for deductibles.

NOTE 13: CONTINGENCIES

Litigations and Claims

In the normal course of operations the PHA may be subject to litigation and claims. At June 30, 2006 the PHA was involved in such matters. While the outcome of these matters cannot presently be determined, management believes that their ultimate resolution will not have a material effect on the financial statements.

NOTE 14: SCHEDULE OF EXPENDITURE OF FEDERAL AWARD

The accompanying schedule of expenditure of federal award is a summary of the activity of the Authority's federal programs. This schedule has been prepared on the accrual basis of accounting.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Directors Columbiana Metropolitan Housing Authority

I have audited the financial statements of the Columbiana Metropolitan Housing Authority, Ohio, as of and for the year ended June 30, 2006, and have issued my report thereon dated January 26, 2007. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control over Financial Reporting

In planning and performing my audit, I considered Columbiana Metropolitan Housing Authority, Ohio's internal control over financial reporting in order to determine my auditing procedures for the purpose of expressing my opinion on the financial statements and not to provide assurance on the internal control over financial reporting. My consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. I noted no matters involving the internal control over financial reporting and its operation that I consider to be material weaknesses. However, I noted certain matters that I reported to management in Columbiana Metropolitan Housing Authority, Ohio, in a separate letter dated January 26, 2007.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Columbiana Metropolitan Housing Authority, Ohio's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit and, accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information of the Board of Directors, management, federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Board of Directors Columbiana Metropolitan Housing Authority

Compliance

I have audited the compliance of the Columbiana Metropolitan Housing Authority, Ohio, with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the year ended June 30, 2006. Columbiana Metropolitan Housing Authority, Ohio major federal programs are identified in the Summary of Auditor's result section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of Columbiana Metropolitan Housing Authority, Ohio's management. My responsibility is to express an opinion on Columbiana Metropolitan Housing Authority, Ohio's compliance based on my audit.

I conducted my audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that I plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Columbiana Metropolitan Housing Authority, Ohio's compliance with those requirements and performing such other procedures as I considered necessary in the circumstances. I believe that my audit provides a reasonable basis for my opinion. My audit does not provide a legal determination on Columbiana Metropolitan Housing Authority, Ohio's compliance with those requirements.

In my opinion, Columbiana Metropolitan Housing Authority, Ohio, complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2006.

Internal Control Over Compliance

The management of Columbiana Metropolitan Housing Authority, Ohio is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing my audit, I considered Columbiana Metropolitan Housing Authority, Ohio's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine my auditing procedures for the purpose of expressing my opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

My consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. I noted no matters involving the internal control over compliance and its operation that I considered to be material weaknesses.

This report is intended for the information of the Board of Directors, management, federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than those specified parties.
