INDEPENDENT ACCOUNTANTS' REPORT

Horizon Science Academy of Springfield
Lucas County
630 S. Reynolds Road
Toledo, Ohio 43615-6314

To the Governing Board:

We have audited the accompanying basic financial statements of Horizon Science Academy of Springfield, Lucas County, Ohio (the School), as of and for the period of February 1, 2005 through June 30, 2005, as listed in the table of contents. These financial statements are the responsibility of the School's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the respective financial position of the School, for the period of February 1, 2005 through June 30, 2005, and the respective changes in financial position and cash flows, thereof for the period then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated August 14, 2007, on our consideration of the School's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

Management's Discussion and Analysis is not a required part of the basic financial statements, but is supplementary information the Governmental Accounting Standards Board requires. We have applied certain limited procedures, consisting principally of inquiries of management regarding the methods of measuring and presenting the required supplementary information. However, we did not audit the information and express no opinion on it.

A handwritten signature in black ink that reads "Mary Taylor". The signature is written in a cursive, flowing style.

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE PERIOD OF FEBRUARY 1, 2005 THROUGH JUNE 30, 2005
UNAUDITED**

The discussion and analysis of Horizon Science Academy of Springfield's (the School) financial performance provides an overall review of the Schools' financial activities for the period February 1, 2005, through June 30, 2005. The intent of this discussion and analysis is to look at the Schools' financial performance as a whole; notes to the basic financial statements and financial statements to enhance their understanding of the Schools' financial performance.

Financial Highlights

- Total Assets were \$35,120.
- Total Liabilities were \$61,494.
- The Change in Net Assets was \$(26,374).

Using this Annual Financial Report

This report consists of three parts, the MD&A, the basic financial statements, and notes to those statements. The basic financial statements include a statement of net assets, a statement of revenues, expenses and changes in net assets, and a statement of cash flows. Since fiscal year 2005 was the first full year for the School, there is no comparative information to discuss.

Reporting the School as a Whole

One of the most important questions asked about the School is, "As a whole, what is the School's financial condition as a result of the year's activities?" The Statement of Net Assets and the Statement of Activities, which appear first in the School's financial statements, report information on the School as whole and its activities in a way that helps you answer this question. We prepare these statements to include all assets and liabilities, using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when the cash is received or paid.

These two statements report the School's net assets – the difference between assets and liabilities, as reported in the statement of net assets – as one way to measure the School's financial health or financial position. Over time, increases or decreases in the School's net assets – as reported in the Statement of Net Assets – are indicators of whether its financial health is improving or deteriorating. The relationship between revenues and expenses is the School's operating results. However, the School's goal is to provide services to our students, not to generate profits as commercial entities do. One must consider many other non-financial factors, such as the quality of the education provided and the safety of the school, to assess the overall health of the School.

The Statement of Net Assets and the Statement of Activities report the activities for the School, which encompass all the School's services, including instruction, support services, community services, and food services. Unrestricted state aid and state and federal grants finance most of these activities.

LUCAS COUNTY**

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE PERIOD OF FEBRUARY 1, 2005 THROUGH JUNE 30, 2005
UNAUDITED
(Continued)**

Table 1 provides a summary of the Schools' net assets for fiscal period ended June 30, 2005:

Table 1	
Net Assets	
	2005
Assets	
Current Assets	\$ 3,425
Capital Assets, Net	31,695
<i>Total Assets</i>	35,120
 Liabilities	
Current Liabilities	61,494
<i>Total Liabilities</i>	61,494
 Net Assets	
Invested in Capital Assets	31,695
Unrestricted	(58,069)
<i>Total Net Assets</i>	\$ (26,374)

The unrestricted net assets represent the accumulated results of the School's operations to date. These assets can be used to finance day to day operations without constraints, such as legislative or legal requirements. The results of the current year operations for the School as a whole are reported in the Statement of Revenues, Expenses and Changes in Net Assets, which shows the change in net assets.

**HORIZON SCIENCE ACADEMY OF SPRINGFIELD

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE PERIOD OF FEBRUARY 1, 2005 THROUGH JUNE 30, 2005
UNAUDITED
(Continued)**

Table 2 shows the changes in net assets for the fiscal period ended June 30, 2005:

Table 2
Change in Net Assets

	2005
Operating Revenues	
Operating Revenues:	
Foundation Payments	\$ 93,630
Food Service	418
<i>Total Revenues</i>	94,048
 Operating Expenses	
Operating Expenses:	
Salaries	49,574
Fringe Benefits	5,931
Purchased Services	60,817
Materials and Supplies	3,696
Depreciation	174
Other Expenses	230
<i>Total Expenses</i>	120,422
<i>Decrease in Net Assets</i>	\$ (26,374)

State Foundation Basic Aid, as a whole, is the primary support for the School, representing 99.56 percent of the operating revenue. Salaries and Fringe Benefits comprise 46.09 percent of operating expenses.

The School had total revenues of \$94,048, and total expenses of \$120,422. The change in net assets for the year was a decrease of \$(26,374). This decrease is mainly due to spending in personnel, purchased services, and materials and supplies during the period.

Capital Assets

At the end of fiscal period ended June 30, 2005 the School had \$31,695, invested in furniture, fixtures, and equipment, and computers (net of \$174 in accumulated depreciation). Table 3 shows fiscal period ended June 30, 2005:

Table 3
Capital Asset at June 30, 2005
(Net of Depreciation)

	2005
Furniture, Fixtures, and Equipment	\$ 20,672
Computers & Other Electronic Equip.	11,023
Totals	\$ 31,695

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD OF FEBRUARY 1, 2005 THROUGH JUNE 30, 2005**

1. DESCRIPTION OF THE SCHOOL AND REPORTING ENTITY

Horizon Science Academy- Springfield, Inc. (the School), is a nonprofit corporation established pursuant to Ohio Rev. Code Chapters 3314 and 1702 to address the needs of students in grades nine through twelve. The School, which is part of the State's education program, is independent of any School and is nonsectarian in its programs, admission policies, employment practices, and all other operations.

The School may sue and be sued, acquire facilities as needed, and contract for any services necessary for the operation of the School. The School qualifies as an exempt organization under Section 501(c) (3) of the Internal Revenue Code. Management is not aware of any course of action or series of events that have occurred that might adversely affect the school's tax-exempt status.

The School was approved for operation under contract with the Lucas County Educational Service Center (the Sponsor) for a period of five years commencing June 21, 2005.

The School operates under the direction of a self-appointed five-member Board of Trustees. The Board is responsible for carrying out the provisions of the contract, which include, but are not limited to, state mandated provisions regarding student population, curriculum, academic goals, performance standards, admission standards, and qualifications of teachers. The Board of Trustees controls the School's facility, which is currently staffed by 21 full and part time personnel who provide services to up to 132 students during the year.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements of the School have been prepared in conformity with generally accepted accounting principles as applied to governmental nonprofit organizations. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The School also applies Financial Accounting Standards Board (FASB) statements and interpretations issued on or before November 30, 1989, provided they do not conflict with or contradict GASB pronouncements. The School does not apply FASB statements issued after November 30, 1989. The more significant of the School's accounting policies are described below.

A. Basis of Presentation

The School's basic financial statements consist of a Statement of Net Assets; a Statement of Revenues, Expenses, and Changes in Net Assets; and a Statement of Cash Flows.

The School uses enterprise accounting to report on its financial activities. Enterprise accounting focuses on the determination of operating income, changes in net assets, financial position, and cash flows.

**HORIZON SCIENCE ACADEMY OF SPRINGFIELD
LUCAS COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD OF FEBRUARY 1, 2005 THROUGH JUNE 30, 2005
(Continued)**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

B. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment is determined by its measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of the School are included on the Statement of Net Assets. The Statement of Revenues, Expenses, and Changes in Net Assets present increases (e.g., revenues) and decreases (e.g., expenses) in total net assets. The Statement of Cash Flows provides information about how the School finances and meets the cash flow needs of its enterprise activities.

Basis of accounting refers to when revenues and expenses are recognized in the accounts and reported in the financial statements. The full accrual basis of accounting is used for reporting purposes. Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. Revenues resulting from non-exchange transactions, in which the School receives value without directly giving equal value in return, such as grants, entitlements and donations are recognized in the period in which all eligibility requirements have been satisfied. Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied. Grants and entitlements received before eligibility requirements are met are recorded as deferred revenue. Expenses are recognized at the time they are incurred.

C. Budgetary Process

The contract between the School and its Sponsor prescribes an annual budget requirement in addition to preparing a 5-year forecast, which is to be updated on an annual basis. Chapter 5705.391(A) of the Ohio Revised Code also requires the School to prepare a 5-year forecast, update it annually, and submit it to the Superintendent of Public Instruction at the Ohio Department of Education.

D. Cash

To improve cash management, all cash received by the School is pooled in a central bank account. The School did not have any investments during fiscal period ending June 30, 2005.

E. Capital Assets and Depreciation

Capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their fair market values as of the date received. The School maintains a capitalization threshold of one thousand dollars. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized. Improvements are capitalized. The School does not capitalize interest.

Furniture, fixtures, vehicles and equipment are depreciated using the straight-line method over the following estimated useful lives. Improvements to capital assets are depreciated over the remaining useful lives of the related capital assets. Leasehold improvements are depreciated using the straight-line method over the life of the lease.

**HORIZON SCIENCE ACADEMY OF SPRINGFIELD
LUCAS COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD OF FEBRUARY 1, 2005 THROUGH JUNE 30, 2005
(Continued)**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

Useful Life	
Improvements	5 to 10 years
Heavy Duty Office or Classroom Furniture	10 years
Computers and Other Electronic Equipment	3 years
Vehicles	3 to 10 years

F. Intergovernmental Revenues

The School currently participates in the State Foundation Program, Special Education Program, and Federal CCIP Program. Revenues received from State Foundation Program, Special Education Program and other State programs are recognized as operating revenues whereas revenues from CCIP Program and other State Grants are recognized as non-operating revenues in the accounting period in which all eligibility requirements have been met.

Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the school must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the school on a reimbursement basis.

G. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the School. Operating expenses are necessary costs incurred to provide the service that is the primary activity of the School. All revenues and expenses not meeting this definition are reported as non-operating.

H. Compensated Absences

School policy indicates that all leave earned by employees must be used in the current period and balances are not carried forward, and, therefore, are not recorded as a liability.

I. Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction, or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use, either through enabling legislation adopted by the School or through external restrictions imposed by creditors, grantors, or contracts. The School applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

**HORIZON SCIENCE ACADEMY OF SPRINGFIELD
LUCAS COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD OF FEBRUARY 1, 2005 THROUGH JUNE 30, 2005
(Continued)**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

J. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

3. DEPOSITS

At June 30, 2005, the bank balance was \$8,280. Based on the criteria described in GASB Statement No. 40, "Deposit and Investment Risk Disclosure," as of June 30, 2005, none of the bank balance was exposed to custodial risk as discussed below, and all of the bank balance was covered by the Federal Depository Insurance Corporation.

Custodial credit risk is the risk that in the event of bank failure, the School will not be able to recover the deposits. All deposits are collateralized with eligible securities in amounts equal to at least 105% of the carrying value of the deposits. Such collateral, as permitted by the Ohio Revised Code, is held in single financial institution collateral pools at the Federal Reserve Banks or at member banks of the federal reserve system, in the name of the respective depository bank and pledged as a pool of collateral against all of the public deposits it holds or as specific collateral held at the Federal Reserve Bank in the name of the School.

4. CAPITAL ASSETS

Capital asset activity for the fiscal period ended June 30, 2005:

	Balance 2/1/05	Additions	Deletions	Balance 6/30/05
Business-Type Activity				
Capital Assets Being Depreciated

Total Accumulated Depreciation		(174)		(174)
Total Capital Assets				
Being Depreciated, Net		\$ 31,695		\$ 31,695

**HORIZON SCIENCE ACADEMY OF SPRINGFIELD
LUCAS COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD OF FEBRUARY 1, 2005 THROUGH JUNE 30, 2005
(Continued)**

5. DEFINED BENEFIT PENSION PLANS

A. School Employees Retirement System

The School contributes to the School Employees Retirement System (SERS), a cost-sharing multiple employer defined benefit pension plan. SERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the School Employees Retirement System, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3476.

Plan members are required to contribute 10% of their annual covered salary and the School is required to contribute at an actuarially determined rate. The current rate is 14% of annual covered payroll. A portion of the School's contribution is used to fund pension obligations with the remainder being used to fund health care benefits; for the fiscal year 2005, 10.57% of annual covered salary was the portion to fund pension obligations. The contribution requirements of plan members and employers are established and may be amended, up to a statutory maximum amount, by the SERS' Retirement Board.

The School's required contributions for pension obligations to SERS for the period of February 1, 2005, through June 30, 2005, was \$1,079; 79 percent has been contributed for the period. The unpaid portion of \$228 is reported in the Statement of Net Assets under Intergovernmental Payables.

B. State Teachers Retirement System

The School participates in the State Teachers Retirement System of Ohio (STRS), a cost sharing, multiple-employer public employee retirement system. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a stand-alone financial report that may be obtained by writing to STRS Ohio, 275 E. Broad St., Columbus, OH 43215-3371, by calling (614) 227-4090, or by visiting the STRS Ohio website at www.strsoh.org.

New members have a choice of three retirement plans, a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. The DB plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on member contributions and earned interest matched by STRS Ohio funds times an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5% of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The Combined Plan offers features of both the DC Plan and the DB Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. DC and Combined Plan members will transfer to the Defined Benefit

**HORIZON SCIENCE ACADEMY OF SPRINGFIELD
LUCAS COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD OF FEBRUARY 1, 2005 THROUGH JUNE 30, 2005
(Continued)**

5. DEFINED BENEFIT PENSION PLANS – (Continued)

Plan during their fifth year of membership unless they permanently select the DC or Combined Plan. Existing members with less than five years of service credit as of June 30, 2001, were given the option of making a onetime irrevocable decision to transfer their account balances from the existing DB Plan into the DC Plan or the Combined Plan. This option expired on December 31, 2001. Benefits are established by Chapter 3307 of the Ohio Revised Code.

A DB or Combined Plan member with five or more years credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

For the fiscal year ended June 30, 2005, plan members were required to contribute 10% of their annual covered salaries. The School was required to contribute 14%; 13% was the portion used to fund pension obligations. Contribution rates are established by the State Teachers Retirement Board, upon recommendation of its consulting actuary, not to exceed statutory maximum rates of 10% for members and 14% for employers. Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions.

The School's required contributions for pension obligations for the period of February 1, 2005, through June 30, 2005, was \$5,861; 100 percent has been contributed for the period.

6. POSTEMPLOYMENT BENEFITS

The School provides comprehensive health care benefits to retired teachers and their dependents through the State Teachers Retirement System (STRS), and to retired non-certified employees and their dependents through the School Employees Retirement System (SERS). Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare premiums. Benefit provisions and the obligations to contribute are established by the Systems based on authority granted by State statute. Both systems are on a pay-as-you-go basis.

All STRS Ohio benefit recipients and sponsored dependents are eligible for health care coverage. The STRS Ohio Board has statutory authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. Most benefit recipients pay a portion of the health care cost in the form of a monthly premium. By law, the cost of coverage paid from STRS Ohio funds shall be included in the employer contribution rate, currently 14% of covered payroll. For fiscal year ended June 30, 2005, the STRS Ohio Board allocated employer contributions equal to 1% of covered payroll to the Health Care Reserve fund. STRS Ohio pays health care benefits from the Health Care Reserve fund. For the School, this amount equaled \$419 for the period. STRS Ohio pays health care benefits from the Health Care Stabilization Fund. At June 30, 2005 (the latest information available) the balance in the Health Care Reserve fund was \$3.3 billion. For the fiscal year ended June 30, 2005, net health care costs paid by STRS Ohio were \$254,780,000 and STRS Ohio had 115,395 eligible benefit recipients.

**HORIZON SCIENCE ACADEMY OF SPRINGFIELD
LUCAS COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD OF FEBRUARY 1, 2005 THROUGH JUNE 30, 2005
(Continued)**

6. POSTEMPLOYMENT BENEFITS – (Continued)

For SERS, coverage is made available to service retirees with ten or more fiscal years of qualifying service credit, and to disability and survivor benefit recipients. All members must pay a portion of their premium for health care. The portion is based on years of service, Medicare eligibility, and retirement status. A safety net is in place for retirees whose household income falls below federal poverty levels. Premiums are reduced by 50 percent for those who apply.

For the fiscal year ended June 30, 2005, employer contributions to fund health care benefits were 3.43 percent of covered payroll. In addition, SERS levies a surcharge to fund health care benefits equal to 14 percent of the difference between a minimum pay and the member's pay, pro-rated for partial service credit. For fiscal year 2005, the minimum pay was established at \$35,800. For the Academy, the amount contributed to fund health care benefits, including the surcharge, during the period equaled \$264.

The surcharge, added to the unallocated portion of the 14 percent employer contribution rate, provides for maintenance of the asset target level for the health care fund. The target level for the health care reserve is 150 percent of the annual health care expenses. Expenses for health care for the fiscal year ended June 30, 2005, were \$178,221,113. The target level for the health care fund is 150 percent of the projected claims less premium contributions for the next fiscal year. As of June 30, 2005, the value of the health care fund was \$267.5 million, which is about 168 percent of next year's projected net health care costs of \$158,776,151. On the basis of actuarial projections, the allocated contributions will be sufficient, in the long-term, to provide for a health care reserve equal to at least 150 percent of estimated annual net claim costs. SERS has approximately 58,123 participants currently receiving health care benefits.

7. RISK MANAGEMENT

A. Property and Liability

The School is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During the period, the School contracted with Auto Owner Insurance Company for property and general liability insurance with a \$1,000,000 single occurrence limit and \$1,000,000 annual aggregate and no deductible. There have been no settlements exceeding coverage.

B. Workers Compensation

The School pays the State Workers Compensation System a premium for employee injury coverage. The premium is calculated by multiplying the monthly total gross payroll by a factor that is calculated by the State.

8. EMPLOYEE MEDICAL AND DENTAL BENEFITS

The School has contracted with a private carrier to provide employee medical/surgical benefits. The School pays 50% of the monthly premium and the employee is responsible for the remaining 50%. The School has also contracted with private carriers to provide dental coverage. The School pays 50% of the monthly premium and the employee is responsible for the remaining 50%.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD OF FEBRUARY 1, 2005 THROUGH JUNE 30, 2005
(Continued)**

9. PURCHASED SERVICES

Purchased service expenses during fiscal period ended June 30, 2005 were as follows:

Type	Amount
Rent and Property Services	\$43,800
Travel	644
Advertising and Communications	6,093
Utilities	<u>10,280</u>
Total	<u>\$60,817</u>

10. NOTES PAYABLE

On February 15, February 25, and April 29, 2005, the School entered into note agreements with Concept Schools in the amounts of \$1,500, \$5,000, and \$2,000 respectively. The notes were issued with a maturity date of June 30, 2009, bearing an interest rate of 0 percent. These notes were paid off by the School during the fiscal year.

	Balance <u>2/1/05</u>	Additions	Deletions	Balance <u>6/30/05</u>
Note - Concept Schools		\$ 8,500	\$ 8,500	

11. OPERATING LEASES

The School has entered into a lease for a building facility with Niagara Educational Services Inc. for the period April 1, 2005, to June 30, 2010. No payments were made during the fiscal period. The School has the option to renew the lease at an adjusted rate at the end of the contract period.

The following is a schedule of the future minimum payments required under the operating leases as of June 30, 2005.

Fiscal Year Ending June 30,	Facility Lease
2006	\$ 175,200
2007	175,200
2008	175,200
2009	175,200
2010	<u>175,200</u>
Total minimum lease payments	<u><u>\$ 876,000</u></u>

FOR THE PERIOD OF FEBRUARY 1, 2005 THROUGH JUNE 30, 2005
(Continued)**

12. CONTINGENCIES

A. Grants

The School received financial assistance from federal and state agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the School. However, in the opinion of management, any such disallowed claims will not have an adverse material effect on the overall financial position of the School at June 30, 2005.

B. Ohio Department of Education Enrollment Review

The Ohio Department of Education reviews enrollment data and full time equivalency (FTE) calculations made by the schools. These reviews ensure the schools are reporting accurate student enrollment data of the State, upon which state foundation funding is calculated. For the period ending June 30, 2005, this review was not conducted since the School only received two foundation settlements during the period.

C. Litigation

A lawsuit entitled *Beverly Blount-Hill, et al. v. State of Ohio, et al.*, Case #: 3:04CV197 was filed in the U.S. District Court, Southern District of Ohio, Western Division in October 2004. The suit alleges that the funding provisions of the Ohio Community Schools Act, O.R.C. Section 3314, violate both the Ohio and Federal constitutions. If the funding scheme is determined to be unconstitutional, it could have financial ramifications for all community/charter schools. The case is still currently pending, and the effect of this suit, if any, on the Academy cannot presently be determined.

13. MANAGEMENT AGREEMENT

The School entered into a one-year contract, effective January 1, 2005, through December 31, 2005, with Concept Schools for educational management services for all of the management, operation, and administration at the School. This contract renewed for additional one year terms on January 1, 2006 and 2007. In exchange for its services, Concept Schools receives 10% of state funds. However, these fees were forgiven by Concept Schools for 2005. Terms of the contracts require Concept Schools to provide the following:

- A. Human Resources;
- B. Professional Development for School Board;
- C. Professional Development for School Administrators and Teachers;
- D. Accreditation and Recognition (including contract renewal);

13. MANAGEMENT AGREEMENT – (Continued)

- E. Strategic Planning;
- F. Grant Writing;
- G. After School Program Design;
- H. Technology Support;
- I. Database Management (student related);
- J. Facility Management;
- K. Marketing Materials;
- L. Curriculum Development;
- M. Public Relation Services, and;
- N. Purchasing Services

14. MANAGEMENT COMPANY AGREEMENT

On January 1, 2005, the School contracted with Concepts Schools, Inc. to serve as the School's management company. The contract is renewed automatically every year in one year terms unless the school or the management company decides otherwise. The total expenses recorded to Concept Schools for the period February 1, 2005 through June 30, 2005 amounted to \$39,441. Expenses by category are as follows:

Other Professional/Legal Services	\$2,777
Capital Outlay	<u>36,664</u>
Total	<u>\$39,441</u>

15. RELATED PARTIES

The Board members for the School are also Board members for other Horizon Science Academy Schools that are managed by the same management company, Concept Schools.

INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

Horizon Science Academy of Springfield
Lucas County
630 S. Reynolds Road
Toledo, Ohio 43615-6314

To the Governing Board:

We have audited the basic financial statements of Horizon Science Academy of Springfield, Lucas County, Ohio (the School), as of and for the period February 1, 2005, through June 30, 2005, and have issued our report thereon dated August 14, 2007. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the School's internal control over financial reporting to determine our auditing procedures in order to express our opinion on the financial statements and not to opine on the internal control over financial reporting. Our consideration of the internal control would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts material to the financial statements we audited may occur and not be timely detected by employees when performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider material weaknesses. In a separate letter to the School's management dated August 14, 2007, we reported other matters involving internal control over financial reporting we did not deem reportable conditions.

Compliance and Other Matters

As part of reasonably assuring whether the School's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.
