INDEPENDENT ACCOUNTANTS' REPORT

Pandora-Gilboa Local School District Putnam County 410 Rocket Ridge Pandora, Ohio 45877-9607

To the Board of Education:

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Pandora-Gilboa Local School District, Putnam County, Ohio (the District), as of and for the year ended June 30, 2005, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinions.

Ohio Administrative Code § 117-2-03 (B) requires the District to prepare its annual financial report in accordance with accounting principles generally accepted in the United States of America. However, as discussed in Note 2, the accompanying financial statements and notes follow the modified cash accounting basis. This is a comprehensive accounting basis other than generally accepted accounting principles. The accompanying financial statements and notes omit assets, liabilities, fund equities, and disclosures that, while material, we cannot determine at this time.

For the year ended June 30, 2005 the District revised its financial presentation comparable to the requirements of Governmental Accounting Standard No. 34, Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments.

Pandora-Gilboa Local School District Putnam County Independent Accountants' Report Page 2

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective modified cash financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Pandora-Gilboa Local School District, Putnam County, Ohio, as of June 30, 2005, and the respective changes in modified cash financial position and the budgetary comparison for the General Fund, thereof for the year then ended in conformity with the basis of accounting Note 2 describes.

In accordance with *Government Auditing Standards*, we have also issued our report dated February 12, 2007, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance, and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

Management's discussion and analysis is not a required part of the basic financial statements but is supplementary information the Governmental Accounting Standards Board requires. We have applied certain limited procedures, consisting principally of inquiries of management regarding the methods of measuring and presenting the required supplementary information. However, we did not audit the information and express no opinion on it.

Mary Taylor, CPA Auditor of State

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2005 UNAUDITED

The discussion and analysis of Pandora-Gilboa Local School District's (the District) financial performance provides an overall review of the District's financial activities for the year ended June 30, 2005. The intent of this discussion and analysis is to look at the District's financial performance as a whole; readers should also review the basic financial statements and the notes to the basic financial statements to enhance their understanding of the District's financial performance.

Financial Highlights

Key financial highlights for 2005 are as follows:

- In total, net assets of governmental activities decreased \$553,859 which represents a 25.56% decrease from 2004.
- Governmental general receipts and transfers accounted for \$4,892,425 in receipts or 86.62% of all receipts. Program specific receipts in the form of charges for services and sales, grants and contributions accounted for \$755,686 or 13.38% of total receipts of \$5,648,111
- The District had \$6,201,970 in disbursements related to governmental activities; only \$755,686 of these disbursements was offset by program specific charges for services, grants or contributions. General receipts and transfers supporting governmental activities (primarily taxes and unrestricted grants and entitlements) of \$4,892,425 were not adequate to provide for these programs.
- The District's major governmental funds are the general fund and building fund. The general fund had \$4,662,269 in receipts and other financing sources and \$4,617,735 in disbursements and other financing uses. During fiscal 2005, the general fund balance, increased \$44,534 from \$772,734 to \$817,268.
- The building fund had \$229 in receipts and \$599,059 in disbursements. During fiscal 2005, the building fund balance decreased \$598,830 from \$1,064,633 to \$465,803

Using the Basic Financial Statements

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The Statement of Net Assets – Modified Cash Basis and Statement of Activities – Modified Cash Basis provide information about the activities of the whole District, presenting both an aggregate view of the District's finances and a longer-term view of those finances.

Fund financial statements provide the next level of detail. For governmental funds these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the District's most significant funds with all other non-major funds presented in total in one column. In the case of the District, the general fund and building fund are by far the most significant funds, and the only governmental funds reported as major funds.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2005 UNAUDITED (Continued)

Basis of Accounting

The District has elected to present its financial statements on a modified cash basis of accounting. This modified cash basis of accounting is a comprehensive basis of accounting other than generally accepted accounting principles. The modified cash basis of accounting involves the measurement of cash and cash equivalents and changes in cash and cash equivalents resulting from cash receipt and disbursement transactions.

Essentially, the only assets reported on this strictly cash receipt and disbursement basis presentation in a statement of net assets will be cash and cash equivalents. The statement of activities reports cash receipts and disbursements, or in other words, the sources and uses of cash and cash equivalents. Therefore, when reviewing the financial information and discussion within this annual report, the reader should keep in mind the limitations resulting from the use of the cash basis of accounting.

Reporting the District's Most Significant Funds

Fund financial statements provide detailed information about the District's major funds. The District establishes separate funds to better manage its many activities and to help demonstrate that money is restricted and how it may be used.

The funds of the District are split into two categories: governmental and fiduciary. While the District uses many funds to account for its financial transactions, the fund financial statements focus on the District's most significant funds. The District's major governmental funds are the general fund and building fund.

Governmental Funds - Most of the District activities are reported in governmental funds. The governmental fund financial statements provide a detailed view of the District's governmental operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent to finance educational programs. The District's significant governmental funds are presented on the financial statements in separate columns. The information for non-major funds (funds whose activity or balances are not large enough to warrant separate reporting) is combined and presented in total in a single column. The District's major governmental funds are the general fund and building fund.

Fiduciary Funds - Fiduciary funds are used to account for resources held for the benefit of parties outside the District. Fiduciary funds are not reflected on the government-wide financial statements because the resources of these funds are not available to support the District's programs.

The District as a Whole

The following table provides a summary of the District's net assets for fiscal year 2005 compared to fiscal year 2004 on another comprehensive basis of accounting.

Net Assets

	Governmental Activities 2005	Governmental Activities 2004
Assets:		
Cash and Cash Equivalents	\$1,613,433	\$2,167,292
Net Assets: Restricted for:

Unrestricted	815,313	762,493
Total Net Assets	\$1,613,433	\$2,167,292

As mentioned previously, net assets of governmental activities decreased \$553,859 or 25.56 percent during fiscal year 2005. The primary reasons contributing to the decreases in cash balances are as follows:

- The new school building became occupied in December 2003. High levels of expenditures associated with this building project were made during 2004 and completed in 2005 with lesser expenditures in subsequent years.
- Healthcare premiums increased 16%.
- Base salaries increased by 2%.

The following table reflects the changes in net assets on a modified cash basis in 2005. Since the District did not prepare financial statements in this format for 2004, a comparative analysis of government-wide data has not been presented. In future years, when prior year information is available, a comparative analysis will be presented.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2005 UNAUDITED (Continued)

Net assets of the District's governmental activities decreased \$553,859. Total governmental disbursements of \$6,201,970 were offset by program receipts of \$755,686. General receipts and transfers in total of \$4,892,425 were not sufficient to support the remaining governmental disbursements. Program receipts supported 12.18 percent of the total governmental disbursements.

The primary sources of receipts for governmental activities are derived from property taxes, income taxes, and grants and entitlements. These receipt sources represent 85.17 percent of total governmental receipts. Real state property is reappraised every six years.

Governmental Activities

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services. The following table shows the total cost of services and the net cost of services. That is, it identifies the cost of these services supported by tax revenue and unrestricted state grants and entitlements. Comparisons to 2004 have not been presented since they are not available. A comparative analysis will be provided in future years when prior information is available.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2005 UNAUDITED (Continued)

The dependence upon tax and other general receipts for governmental activities is apparent, 87.86% of instruction activities are supported through taxes and other general receipts. For all governmental activities, general receipts support is 78.89%. The District's taxpayers, as a whole, are by far the primary support for District's students.

The District's Funds

The District's governmental funds reported a combined fund balance of \$1,613,433, which was lower than last year's total of \$2,167,292. The schedule below indicates the fund balance and the total change in fund balance as of June 30, 2005 and 2004.

	Fund Balance	Fund Balance	Increase
	June 30, 2005	June 30, 2004	(Decrease)
General	\$817,268	\$772,734	\$44,534
Building	465,803	1,064,633	(598,830)
Other Governmental	330,362	329,925	437
Total	\$1,613,433	\$2,167,292	\$(553,859)

General Fund

The District's general fund balance increased by \$44,534. When comparing receipts and disbursements for 2005 to 2004, receipts increased and disbursements increased.

Building Fund

The District's building fund balance decreased by \$598,830. The decrease in fund balance can be attributed to work on the District's Ohio School Facilities Commission building project and the early payoff of some debt during fiscal year 2005.

General Fund Budgeting Highlights

The District's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant budgeted fund is the General Fund.

During 2005, the District amended its General Fund budget several times. For the General Fund, final budgeted receipts and other financing sources were \$4,621,129, which is higher than the original budgeted receipts estimate of \$4,528,219. Actual receipts and other financing sources for 2005 was \$4,662,269. This represents a \$41,140 increase from final budgeted receipts.

General fund final budgeted appropriations (appropriated disbursements plus other financing uses) totaled \$4,784,887, which is higher than the original budgeted appropriations of \$4,718,886. The actual budget basis disbursements and other financing uses for 2005 totaled \$4,677,991, which was \$106,896 less than the final budgeted appropriations.

Capital Assets and Debt Administration

Capital Assets

The District's capital assets are not reflected in the other comprehensive basis of accounting statements, however the District does track capital assets through the State provided software program.

Debt Administration

At June 30, 2005, the District had \$3,711,000 in general obligation bonds and notes outstanding. Of this total \$145,000 is due within one year and \$3,566,000 is due within greater than one year. The following table summarizes the bonds and notes outstanding.

Outstanding Debt, at Year End

	Governmental	Governmental
	Activities 2005	Activities 2004
General Obligation Bonds	\$3,595,000	\$3,730,000
Capital Appreciation Bonds	116,000	116,000
Energy Conservation Notes		18,892
Total	\$3,711,000	\$3,864,892

The District has also entered into a lease-purchase agreement, through the OASBO Expanded Asset Pooled Financing Program, to supplement the local cost of an amendment to the school construction with the Ohio School Facilities Commission. At June 30, 2005,the District had \$267,000 outstanding. Of this total \$4,000 is due within one year and \$263,000 due within greater than one year.

See Notes 12 and 13 to the basic financial statements for additional information on the District's debt administration.

Current Financial Related Activities

The challenge for all school districts is to provide quality educational services to the public while staying within the restrictions imposed by limited funding, and in some cases, shrinking funding. The District relies heavily on unrestricted state entitlements and local taxes, and has very little industry to support the tax base. Staffing reductions, through attrition, have occurred over past years in anticipation of projected deficits in subsequent years. An 8.4 mill additional levy for current expenses failed in May 2005. However, an additional one percent income tax passed in May 2006, effective January 1, 2007, and expiring on December 31, 2011.

Contacting the District's Financial Management

This financial report is designed to provide our citizens, taxpayers, and investors and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. If you have questions about this report or need additional financial information contact Mrs. Kathy Fruchey, Treasurer, Pandora-Gilboa Local School District, 410 Rocket Ridge, Pandora, Ohio 45877-9607.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2005

NOTE 1 - REPORTING ENTITY

Pandora-Gilboa Local School District (the District) is organized under Article VI, Sections 2 and 3 of the Constitution of the State of Ohio. The District operates under a locally-elected Board form of government consisting of five members elected at-large for staggered four year terms. The District provides educational services as authorized by state and federal guidelines.

The District was established in 1951 through the consolidation of existing land areas and school districts. The District serves an area of approximately 66 square miles. It is located in Putnam County and includes the entire Village of Pandora and Gilboa, and portions of Riley, Blanchard, Richland, Pleasant, and Van Buren townships. The District is staffed by 19 classified employees, 47 certified teaching personnel, and 6 administrative employees who provide services to 590 students and other community members. The District currently operates 1 building.

The reporting entity is composed of the primary government and other organizations that are included to insure the financial statements are not misleading.

A. Primary Government

The primary government of the District consists of all funds, departments, boards, and agencies that are not legally separate from the District. For the District, this includes general operations, food service, and student related activities of the District.

B. Component Units

Component units are legally separate organizations for which the District is financially accountable. The District is financially accountable for an organization if the District appoints a voting majority of the organization's governing board and (1) the District is able to significantly influence the programs or services performed or provided by the organization; or (2) the District is legally entitled to or can otherwise access the organization's resources; the District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the District is obligated for the debt of the organization. The District is also financially accountable for any organizations that are fiscally dependent on the District in that the District approves the budget, the issuance of debt, or the levying of taxes. Component units also include legally separate, tax-exempt entities whose resources are for the direct benefit of the District, are accessible to the District and are significant in amount to the District. The District has no component units.

C. Joint Venture

The District participates in five jointly governed organizations and three public entity risk pools. These organizations are:

Jointly Governed Organizations:

Northwest Ohio Area Computer Services Cooperative; Millstream Cooperative Career Center; West Central Regional Professional Development Center; Northwest Ohio Special Education Regional Resource Center; Northwestern Ohio Educational Research Council, Inc.

NOTE 1 - REPORTING ENTITY - (CONTINUED)

Public Entity Risk Pool:

Schools of Ohio Risk Sharing Authority Ohio School Board Association Workers' Compensation Group Rating Program Putnam County School Insurance Group

These organizations are presented in Notes 9 and 15 to the basic financial statements.

The District's management believes these financial statements present all activities for which the District is financially accountable.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

As discussed further in Note 2.C, these financial statements are presented on a modified cash basis of accounting. This modified cash basis of accounting differs from accounting principles generally accepted in the United States of America (GAAP). Generally accepted accounting principles include all relevant Governmental Accounting Standards Board (GASB) pronouncements, which have been applied to the extent they are applicable to the modified cash basis of accounting. In the government-wide financial statements, Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, have been applied, to the extent they are applicable to the modified cash basis of accounting, unless those pronouncements conflict with or contradict GASB pronouncements, in which case GASB prevails. Following are the more significant of the District's accounting policies.

A. Basis of Presentation

The District's basic financial statements consist of government-wide financial statements, including a statement of net assets and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

Government-Wide Financial Statements

The statement of net assets and the statement of activities display information about the District as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. Governmental activities generally are financed through taxes, intergovernmental receipts or other nonexchange transactions.

The statement of net assets presents the cash balance of the governmental activities of the District at fiscal year end. The statement of activities compares disbursements with program receipts for each function or program of the District's governmental activities. Disbursements are reported by function. A function is a group of related activities designed to accomplish a major service or regulatory program for which the District is responsible. Program receipts include charges paid by the recipient of the program's goods or services, grants and contributions restricted to meeting the operational or capital requirements of a particular program, and receipts of interest earned on grants that are required to be used to support a particular program. General receipts are all receipts not classified as program receipts, with certain limited exceptions. The comparison of direct disbursements with program receipts identifies the extent to which each governmental function is self-financing on a modified cash basis or draws from the District's general receipts.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2005 (Continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (CONTINUED)

Fund Financial Statements

During the fiscal year, the District segregates transactions related to certain District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the District at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by type.

B. Fund Accounting

The District uses funds to maintain its financial records during the fiscal year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The funds of the District are divided into three categories, governmental and fiduciary.

Governmental Funds

The District classifies funds financed primarily from taxes, intergovernmental receipts (e.g. grants), and other nonexchange transactions as governmental funds. The following are the District's major governmental funds:

<u>General Fund</u> – The General Fund is used to account for all financial resources, except those required to be accounted for in another fund. The General Fund balance is available for any purpose provided it is disbursed or transferred according to Ohio law.

<u>Building Fund</u> – The building fund accounts for state and local resources restricted to constructing and equipping the new District facilities as part of the Ohio School Facilities Commission building project.

The other governmental funds of the District account for grants and other resources whose use is restricted to a particular purpose.

Fiduciary Funds

The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private purpose trust funds, and agency funds. Trust funds are used to account for assets held by the District under a trust agreement for individuals, private organizations, or other governments and are not available to support the District's own programs. Agency funds are custodial in nature. The District's agency fund accounts for various student-managed activities.

C. Basis of Accounting

The District's financial statements are prepared using the modified cash basis of accounting. Receipts are recorded in the District's financial records and reported in the financial statements when cash is received rather than when earned and disbursements are recorded when cash is paid rather than when a liability is incurred.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2005 (Continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (CONTINUED)

As a result of the use of this modified cash basis of accounting, certain assets and their related receipts (such as accounts receivable and revenue for billed or provided services not yet collected) and certain liabilities and their related disbursements (such as accounts payable and disbursements for goods or services received but not yet paid, and accrued disbursements and liabilities) are not recorded in these financial statements.

D. Budgetary Process

All funds, except agency funds, are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriations resolution, all of which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amount the Board of Education may appropriate. The appropriations resolution is the Board's authorization to spend resources and sets annual limits on cash disbursements plus encumbrances at the level of control selected by the Board. The legal level of control has been established by the Board at the fund level for all funds. Budgetary allocations at the function and object level within all funds are made by the Treasurer.

The certificate of estimated resources may be amended during the fiscal year if projected increases or decreases in receipts are identified by the Treasurer. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts on the certificate of estimated resources when the original appropriations were adopted. The amounts reported as the final budgeted amounts on the budgetary statements reflect the amounts on the amended certificate of estimated resources in effect at the time final appropriations were passed by the Board.

The appropriation resolution is subject to amendment throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriation resolution for that fund that covered the entire fiscal year, including amounts automatically carried forward from prior fiscal years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the Board during the fiscal year.

E. Cash and Investments

To improve cash management, cash received by the District is pooled and invested. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through District records. Interest in the pool is presented as "Equity in Pooled Cash and Cash Equivalents".

Investments of the District's cash management pool and investments with an original maturity of three months or less at the time they are purchased by the District are presented on the financial statements as cash equivalents. Investments with an initial maturity of more than three months that were not purchased from the pool are reported as investments.

Investments are reported as assets. Accordingly, purchases of investments are not recorded as disbursements, and sales of investments are not recorded as receipts. Gains or losses at the time of sale are recorded as receipts or negative receipts (contra revenue), respectively.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2005 (Continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (CONTINUED)

During 2005, the District invested in Star Ohio and a U.S. Government money market fund. Investments are reported at cost, except for STAR Ohio. STAR Ohio is an investment pool, managed by the state Treasurer's Office, which allows governments within the state to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7of the Investment Company Act of 1940. Investments in STAR Ohio are valued at STAR Ohio's share price, which is the price the investment could be sold for on June 30, 2005.

Following Ohio statutes, the Board of Education has, by resolution, specified the funds to receive an allocation of interest earnings. Interest receipts credited to the General Fund during fiscal year 2005 was \$39,017 which included \$22,608 assigned from other District funds.

F. Restricted Assets

Assets are reported as restricted when limitations on their use change the nature or normal understanding of the availability of the asset. Such constraints are either imposed by creditors, contributors, grantors, or laws of other governments, or imposed by law through constitutional provisions or enabling legislation. Restricted assets represent amounts required by State statute to be set aside for the acquisition of textbooks and instructional materials.

G. Inventory and Prepaid Items

The District reports disbursements for inventory and prepaid items when paid. These items are not reflected as assets in the accompanying financial statements.

H. Capital Assets

Acquisitions of property, plant and equipment are recorded as disbursements when paid. These items are not reflected as assets in the accompanying financial statements.

I. Interfund Receivables/Payables

The District reports advances-in and advances-out for interfund loans. These items are not reflected as assets and liabilities in the accompanying financial statements.

J. Accumulated Leave

In certain circumstances, such as upon leaving employment or retirement, employees are entitled to cash payments for unused leave. Unpaid leave is not reflected as a liability under the District's modified cash basis of accounting.

K. Employer Contributions to Cost-Sharing Pension Plans

The District recognizes the disbursement for employer contributions to cost-sharing pension plans when they are paid. As described in Notes 10 and 11, the employer contributions include portions for pension benefits and for postretirement health care benefits.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2005 (Continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (CONTINUED)

L. Long-Term Obligations

The District's modified cash basis financial statements do not report liabilities for bonds and other long-term obligations. Proceeds of debt are reported when cash is received and principal and interest payments are reported when paid. Since recording a capital asset when entering into a capital lease is not the result of a cash transaction, neither an other financing source nor capital outlay expenditure are reported at inception. Lease payments are reported when paid.

M. Net Assets

Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. Net assets restricted for other purposes include resources restricted for food service operations, music and athletic programs, and federal and state grants restricted to cash disbursement for specified purposes.

The District applies restricted resources when an expense is incurred for purpose for which both restricted and unrestricted net assets are available.

N. Fund Balance Reserves

The District reserves any portion of fund balances which is not available for appropriation or which is legally segregated for a specific future use. A designation of fund balance represents a self-imposed limitation on the use of available expendable resources by the Board of Education. Unreserved and undesignated fund balance indicates that portion of fund balance which is available for appropriation in future periods. Fund balance reserves have been established for encumbrances and textbooks and instructional materials.

NOTE 3 - CHANGE IN BASIS OF ACCOUNTING AND RESTATEMENT OF FUND EQUITY

A. Change in Basis of Accounting

Last year the District reported fund financial statements by fund type using the cash basis of accounting. In implementing the other comprehensive basis of accounting described in note 2, the fund financial statements now present each major fund in a separate column with nonmajor funds aggregated and presented in a single column, rather than a column for each fund type.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2005 (Continued)

NOTE 3 - CHANGE IN BASIS OF ACCOUNTING AND RESTATEMENT OF FUND EQUITY - (CONTINUED)

B. Restatement of Fund Equity

Pursuant to the GASB34 format, Enterprise, Expendable Trust, and Nonexpendable Trust fund balances have been reclassified to conform to the current-year presentation to Special Revenue and Private Purpose Trust funds as follows:

	Other Governmental Funds	Enterprise Fund	Expendable Trust Fund	Nonexpendable Trust Fund	Private Purpose Trust Fund

Julie 30, 2004					

NOTE 4 – COMPLIANCE

Ohio Administrative Code, Section 117-2-03 (B), requires the District to prepare its annual financial report in accordance with generally accepted accounting principles. However, the District prepared its financial statements on a modified cash basis, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The accompanying financial statements omit assets, liabilities, net assets/fund balances, and disclosures that, while material, cannot be determined at this time. The District can be fined and various other administrative remedies may be taken against the District.

The District did not deliver to the Trustee and the Administrator, within thirty days of their receipt, their audited fiscal year 2004 financial statements, as required by the lease agreement section 2.03(d) and the waiver dated December 13, 2004 thereto.

NOTE 5 - BUDGETARY BASIS OF ACCOUNTING

The budgetary basis as provided by law is based upon accounting for certain transactions on the basis of cash receipts, disbursements, and encumbrances. The Statement of Receipts, Disbursements and Changes in Fund Balance – Budget and Actual – Budgetary Basis presented for the general fund is prepared on the budgetary basis to provide a meaningful comparison of actual results with the budget. The difference between the budgetary basis and the modified cash basis is outstanding year end encumbrances are treated as cash disbursements (budgetary basis) rather than as a reservation of fund balance (modified cash basis).

The encumbrances outstanding at year end (budgetary basis) amounted to \$60,256 in the General Fund.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2005 (Continued)

NOTE 6 - DEPOSITS AND INVESTMENTS

Monies held by the District are classified by State statute into three categories.

Active monies are public monies determined to be necessary to meet current demands upon the District treasury. Active monies must be maintained either as cash in the District treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Board has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts, including passbook accounts.

Interim monies held by the District can be deposited or invested in the following securities:

- 1. United States Treasury bills, bonds, notes, or any other obligation or security issued by the United States Treasury, or any other obligation guaranteed as to principal and interest by the United States:
- 2. Bonds, notes, debentures, or any other obligation or security issued by any federal government agency or instrumentality including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
- Written repurchase agreements in the securities listed above provided the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least 2 percent and be marked to market daily, and the term of the agreement must not exceed thirty days;
- 4. Bonds and other obligations of the State of Ohio or Ohio local governments;
- 5. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts:
- 6. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
- 7. The State Treasurer's investment pool (STAR Ohio).

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2005 (Continued)

NOTE 6 - DEPOSITS AND INVESTMENTS - (CONTINUED)

Investments in stripped principal or interest obligations reverse repurchase agreements, and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage, and short selling are also prohibited. An investment must mature within five years from the date of purchase, unless matched to a specific obligation or debt of the District, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions.

Deposits

Custodial credit risk for deposits is the risk that in the event of bank failure, the District will not be able to recover deposits or collateral securities that are in the possession of an outside party. At year end, \$1,113,260 of the District's bank balance of \$1,502,711 was exposed to custodial credit risk because it was uninsured and collateralized with securities held by the pledging financial institution's trust department or agent, but not in the District's name.

The District has no deposit policy for custodial risk beyond the requirements of State statute. Ohio law requires that deposits be either insured or be protected by eligible securities pledged to and deposited either with the District or a qualified trustee by the financial institution as security for repayment, or by a collateral pool of eligible securities deposited with a qualified trustee and pledged to secure the repayment of all public monies deposited in the financial institution whose market value at all times shall be at least one hundred five percent of the deposits being secured.

<u>Investments</u>

As of June 30, 2005, the District had \$171,881 in STAR Ohio and \$5,127 in a U.S. Government money market fund. Star Ohio has a maturity of approximately one month. The U.S. Government money market fund has a maturity of six months or less.

Interest Rate Risk: As a means of limiting its exposure to fair value losses arising from rising interest rates and according to state law, the District's investment policy limits portfolio maturities to five years or less.

Credit Risk: STAR Ohio carries a rating of AAAm and Aaa by Standard and Poor's and Moody's Investor Services, respectively. The U.S. Government money market carries a rating of AAAm by Standard and Poor's. The District has no investment policy dealing with investment credit risk beyond the requirements in state statutes. Ohio law requires that STAR Ohio maintain the highest rating provided by at least one nationally recognized standard rating service.

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The U.S. Government money market is exposed to custodial credit risk as it is uninsured, unregistered, and held by the counterparty's trust department or agent but not in the District's name. The District has no investment policy dealing with investment custodial risk beyond the requirements in ORC 135.14(M)(2) which states, "Payment for investments shall be made only upon the delivery of securities representing such investments to the treasurer, investing authority, or qualified trustee. If the securities transferred are not represented by a certificate, payment shall be made only upon receipt of confirmation of transfer from the custodian by the treasurer, governing board, or qualified trustee."

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2005 (Continued)

NOTE 6 - DEPOSITS AND INVESTMENTS - (CONTINUED)

Concentration of Credit Risk: The District places no limit on the amount that may be invested in any one issuer. Of the District's total investments, STAR Ohio represents 97% and the U.S. Government money market fund represents 3%.

NOTE 7 - PROPERTY TAXES

Property taxes are levied and assessed on a calendar year basis, while the District's fiscal year runs from July through June. First-half tax distributions are received by the District in the second half of the fiscal year. Second-half tax distributions are received in the first half of the following fiscal year.

Property taxes include amounts levied against all real property, public utility property, and tangible personal (used in business) property located in the District. Real property tax receipts received in calendar year 2005 represent the collection of calendar year 2004 taxes. Real property taxes received in calendar year 2005 were levied after April 1, 2004, on the assessed values as of January 1, 2004, the lien date. Assessed values for real property taxes are established by State statute at 35 percent of appraised market value. Real property taxes are payable annually or semiannually. If paid annually, payment is due December 31; if paid semiannually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established.

Public utility property tax receipts received in calendar year 2005 represent the collection of calendar year 2004 taxes. Public utility real and tangible personal property taxes received in calendar year 2005 became a lien on December 31, 2003, were levied after April 1, 2004, and are collected in 2005 with real property taxes. Public utility real property is assessed at 35 percent of true value; public utility tangible personal property is currently assessed at varying percentages of true value.

Tangible personal property tax receipts received in calendar year 2005 (other than public utility property) represents the collection of calendar year 2005 taxes. Tangible personal property taxes received in calendar year 2005 were levied after April 1, 2004, on the value as of December 31, 2004. Tangible personal property is currently assessed at 25 percent of true value for capital assets and 23 percent for inventory. Amounts paid by multi-county taxpayers are due September 20. Single county taxpayers may pay annually or semiannually. If paid annually, payment is due April 30; if paid semiannually, the first payment is due April 30, with the remainder payable by September 20. Tangible personal property taxes paid by April 30 are usually received by the District prior to June 30.

The District receives property taxes from Putnam County. The County Auditor periodically advances to the District its portion of the taxes collected. Second-half real property tax payments collected by the counties by June 30, 2005, are available to finance fiscal year 2005 operations. The amount available to be advanced can vary based on the date the tax bills are sent.

NOTE 8 - INCOME TAXES

The District levies a voted tax of .75 percent for general operations on the income of residents and of estates. The tax was renewed for a period of five years on January 1, 2004. Employers of residents are required to withhold income tax on compensation and remit the tax to the State. Taxpayers are required to file an annual return. The State makes quarterly distributions to the District after withholding amounts for administrative fees and estimated refunds. Income tax receipts are recorded in the General Fund.

NOTE 9 - RISK MANAGEMENT

A. Schools of Ohio Risk Sharing Authority

The District is exposed to various risks of loss related to torts; theft, or damage to, and destruction of assets; errors and omissions; injuries to employees and natural disaster. During fiscal year 2005, the District contracted for the following insurance coverage.

Coverage

Coverage provided through the Schools of Ohio Risk Sharing Authority (SORSA) is as follows:

	Coverage
Property including inland marine – replacement cost (\$1,000 deductible)	\$16,775,405

B. Ohio School Boards Association Workers' Compensation Group Rating Program

The District participates in the Ohio School Board Association's Worker's Compensation Group Rating Program (GRP), an insurance purchasing pool. The GRP is intended to reduce premiums for the participants. The workers' compensation experience of the participating school districts is calculated as one experience and a common premium rate is applied to all school districts in the GRP. Each participant pays its workers' compensation premium to the State based on the rate for the GRP rather than its individual rate. Participation in the GRP is limited to educational entities that can meet the GRP's selection criteria. Each participant must apply annually. The GRP provides the participants with a centralized program for processing, analysis and management of worker's compensation claims and a risk management program to assist in developing safer work environments. Each participant must pay its premiums, enrollment or other fees, and perform its obligations in accordance with the terms of the agreement. The GRP's business and affairs are conducted by a 25 member Board of Directors consisting of two representatives from each county elected by a majority vote of all charter member schools within each county plus one representative from the fiscal agency A-site. The Treasurer of Findlay City Schools serves as coordinator of the program. Each year, the participating school districts pay an enrollment fee to the GRP to cover the costs of administering the program.

C. Putnam County Schools Insurance Group

The District participates as a member of the Putnam County School Insurance Group, a public entity risk pool, administered by Sky Trust. The District converted its fully-insured medical insured program to partial self insurance through participation in this public entity risk pool. Medical Mutual of Ohio provides claim review and processing. The District maintains stop-loss coverage for its medical insurance program. Aggregate stop loss is maintained for expected claims.

The District provides prescription drug insurance benefits to employees through a self-insurance program. The premiums and related disbursements are accounted for in the General fund. All claims are paid by the District with the request for reimbursement submitted by the employee on behalf of the District. The District has no stop loss insurance and has not set a maximum amount payable per beneficiary. However, the District's liability is limited to the employee's unpaid deductible and maximum out of pocket expense.

Post employment health care is proved to plan participants or their beneficiaries through the respective retirement systems discussed in Note 11. As such, no funding provisions are required by the District.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2005 (Continued)

NOTE 10 - DEFINED BENEFIT PENSION PLANS

A. School Employees Retirement System

The District contributes to the School Employees Retirement System (SERS), a cost-sharing multiple-employer defined benefit pension plan. SERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the School Employees Retirement System, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3746, by calling (800) 878-5853 or by visiting the SERS website at ohsers.org.

Plan members are required to contribute 10 percent of their annual covered salary and the District is required to contribute at an actuarially determined rate. The current District rate is 14 percent of annual covered payroll. A portion of the District's contribution is used to fund pension obligations with the remainder being used to fund health care benefits; for fiscal year 2005, 10.57 percent of annual covered salary was the portion used to fund pension obligations. The contribution requirements of plan members and employers are established and may be amended, up to a statutory maximum amount, by the SERS' Retirement Board. The District's required contributions for pension obligations to SERS for the fiscal years ended June 30, 2005, 2004, and 2003,were \$54,747, \$44,785, and \$39,730, respectively; 46.66 percent has been contributed for fiscal year 2005 and 100 percent for fiscal years 2004 and 2003.

B. State Teachers Retirement System of Ohio

The District participates in the State Teachers Retirement System of Ohio (STRS Ohio), a cost-sharing, multiple-employer public employee retirement system. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a stand-alone financial report that may be obtained by writing to STRS Ohio, 275 E. Broad St., Columbus, OH 43215-3371, by calling (614) 227-4090, or by visiting the STRS Ohio web site at www.strsoh.org.

New members have a choice of three retirement plans, a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. The DB plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on member contributions and earned interest matched by STRS Ohio funds divided by an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5 percent of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The Combined Plan offers features of both the DC Plan and the DB Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. DC and Combined Plan members will transfer to the Defined Benefit Plan during their fifth year of membership unless they permanently select the DC or Combined Plan. Existing members with less than five years of service credit as of June 30, 2001, were given the option of making a one time irrevocable decision to transfer their account balances from the existing DB Plan into the DC Plan or the Combined Plan. This option expired on December 31, 2001. Benefits are established by Chapter 3307 of the Ohio Revised Code.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2005 (Continued)

NOTE 10 - DEFINED BENEFIT PENSION PLANS - (CONTINUED)

A DB or Combined Plan member with five or more years of credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

For the fiscal year ended June 30, 2005, plan members were required to contribute 10 percent of their annual covered salaries. The District was required to contribute 14 percent; 13 percent was the portion used to fund pension obligations. For fiscal year 2005, the portion used to fund pension obligations was also 13 percent. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions.

The District's required contributions for pension obligations to STRS Ohio for the fiscal years ended June 30, 2005, 2004, and 2003, were \$248,563, \$274,208, and \$263,325, respectively; 83.25 percent has been contributed for fiscal year 2005 and 100 percent for fiscal years 2004 and 2003.

NOTE 11 – POST-EMPLOYMENT BENEFITS

The District provides comprehensive health care benefits to retired teachers and their dependents through the State Teachers Retirement System of Ohio (STRS Ohio), and to retired non-certified employees and their dependents through the School Employees Retirement System (SERS). Benefits include hospitalization, physicians' fees, prescription drugs and partial reimbursement of monthly Medicare premiums. Benefit provisions and the obligations to contribute are established by the Systems based on authority granted by State statute. Both systems are on a pay-as-you-go basis.

All STRS Ohio retirees who participated in the DB or Combined Plans and their dependents are eligible for health care coverage. The STRS Ohio Board has statutory authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. All benefit recipients pay a portion of the health care cost in the form of a monthly premium. By law, the cost of coverage paid from STRS Ohio funds is included in the employer contribution rate, currently 14 percent of covered payroll. For the fiscal year ended June 30, 2005, the STRS Ohio Board allocated employer contributions equal to one percent of covered payroll to the Health Care Stabilization Fund. For the District, this amount equaled \$19,120 for fiscal year 2005.

STRS Ohio pays health care benefits from the Health Care Stabilization Fund. At June 30, 2005, the balance in the Fund was \$3.3 billion. For the fiscal year ended June 30, 2005, net health care costs paid by STRS Ohio were \$254,780,000 and STRS Ohio had 115,395 eligible benefit recipients.

For SERS, coverage is made available to service retirees with ten or more years of qualifying service credit, and to disability and survivor benefit recipients. All retirees and beneficiaries are required to pay a portion of their health care premium. The portion is based on years of service, Medicare eligibility, and retirement status.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2005 (Continued)

NOTE 11 - POST-EMPLOYMENT BENEFITS - (CONTINUED)

After the allocation for basic benefits, the remainder of the employer's 14 percent contribution is allocated to providing health care benefits. For the fiscal year ended June 30, 2005, employer contributions to fund health care benefits were 3.43 percent of covered payroll, compared to 4.91 percent of covered payroll for fiscal year 2004. In addition, SERS levies a surcharge to fund health care benefits equal to 14 percent of the difference between a minimum pay and the member's pay, pro-rated for partial service credit. For fiscal year 2005, the minimum pay was established at \$27,400. However, the surcharge is capped at two percent of each employer's SERS salaries. For the District, the amount contributed to fund health care benefits, including the surcharge, during the 2005 fiscal year equaled \$26,020.

The surcharge, added to the unallocated portion of the 14 percent employer contribution rate, provides for maintenance of the asset target level for the health care fund. The target level for the health care reserve is 150 percent of the projected claims less premium contributions for the next fiscal year. Expenses for health care for the fiscal year ended June 30, 2005, were \$178,221,113. At June 30, 2005, SERS had net assets available for payment of health care benefits of \$267.5 million. SERS has 58,123 participants eligible to receive health care benefits.

NOTE 12 - DEBT

The changes in the District's long-term obligations during fiscal year 2005 were as follows:

	Principal Outstanding 6/30/04	Reductions	Principal Outstanding 6/30/05	Amounts Due in One Year

<u>Series 2002 School Improvement General Obligation Bonds – Interest Rates 4.00 – 5.125%</u>: During fiscal year 2002, the voters of the District authorized the issuance of \$4,025,000 in general obligation bonds, for the purpose of renovating and otherwise improving school facilities. These bonds will be retired from proceeds of an additional bonded debt tax levy and will be paid from the Bond Retirement Fund.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2005 (Continued)

NOTE 12 - DEBT - (CONTINUED)

The Series 2002 school improvement general obligation bond issue is comprised of both current interest bonds, par value \$4,025,000, and capital appreciation bonds, par value \$330,000. The capital appreciation bonds mature on December 1, 2009-2010, at a redemption price equal to 100% of the principal, plus accrued interest to the redemption date. The current interest bonds maturing on or after December 1, 2011, are subject to early redemption at the sole option of the District, at the following redemption prices, plus accrued interest:

The Ohio Revised Code provides that voted net general obligation debt of the District shall never exceed 9% of the total assessed valuation of the District. The code further provides that unvoted indebtness shall not exceed 1/10 of 1% of the property valuation of the District.

The effects of these debt limitations at June 30, 2005 are a voted debt margin of \$1,300,551 (including available funds of \$147,065) and an unvoted debt margin of \$54,050.

NOTE 13 – LEASES

The District entered into a lease-purchase agreement, through the OASBO Expanded Asset Pooled Financing Program, to supplement the local cost of an amendment to the new school construction with the Ohio School Facilities Commission. Lease payments are reflected as debt service expenditures on the combined financial statements for governmental funds. Assets were acquired by the lease in the amount of \$374,990. Principal payments in fiscal year 2005 were \$100,000 in the governmental funds.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2005 (Continued)

NOTE 13 - LEASES - (CONTINUED)

Principal and interest requirements to retire lease-purchase commitments outstanding at June 30, 2005, were as follows:

Total	\$267,000	\$131,904	\$398,904

NOTE 14 - SET ASIDE REQUIREMENTS

The District is required by State statute to annually set aside, in the General Fund, an amount based on a statutory formula for the purchase of textbooks and other instructional materials, and an equal amount for the acquisition and construction of capital improvements. Amounts not spent by the end of the fiscal year or offset by similarly restricted resources received during the fiscal year must be held in cash at fiscal year end. These amounts must be carried forward and used for the same purposes in future years.

The following cash basis information identifies the changes in the fund balance reserves for textbooks and capital improvements during 2005.

	Textbooks/ Instructional Materials	Capital Maintenance

NOTE 15 - JOINTLY GOVERNED ORGANIZATIONS

A. Northwest Ohio Area Computer Services Cooperative

The District is a participant in the Northwest Ohio Area Computer Services Cooperative (NOACSC) which is a computer consortium. NOACSC is an association of public school districts within the boundaries of Allen, Hancock, Paulding, Putnam, and Van Wert counties, and the cities of St. Marys and Wapakoneta. The organization was formed for the purpose of applying modern technology (with the aid of computers and other electronic equipment) to administrative and instructional functions among member school districts.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2005 (Continued)

NOTE 15 - JOINTLY GOVERNED ORGANIZATIONS - (CONTINUED)

The governing board of NOACSC consists of two representatives from each county elected by majority vote of all charter member school districts within each county plus one representative from the fiscal agent school district. Financial information can be obtained from Ray Burden, who serves as director, at 645 South Main Street, Lima, Ohio 45804.

B. Millstream Cooperative Career Center

The Millstream Cooperative Career Center is a distinct political subdivision of the State of Ohio established under Section 3313.90. The Career Center operates under the direction of an Advisory Council consisting of the superintendent of each participating school district and one additional representative appointed by the Findlay City School District. The Putnam and Hancock Counties Educational Service Centers serve in an ex-officio capacity for all meetings. To obtain financial information write to the Findlay City School District, Michael Barnhart, Treasurer, at 227 South West Street, Findlay, Ohio 45840-3377.

C. West Central Regional Professional Development Center

The West Central Regional Professional Development Center (Center) is a jointly governed organization among the school districts in Allen, Auglaize, Hancock, Hardin, Mercer, Paulding, Putnam, and Van Wert Counties. The organization was formed to establish an articulate regional structure for professional development in which school districts, the business community, higher education, and other groups cooperatively plan and implement effective professional development activities that are tied directly to school improvement, and in particular, to improvements in instructional programs.

The Center is governed by a fifty-two member board made up of representatives from the participating school districts, the business community, and two institutions of higher learning. The degree of control exercised by any participating school district is limited to its representation on the Board. Financial information can be obtained from Greg Spiess, Hancock County Educational Service Center, 7746 County Road 140, Findlay, Ohio 45840

D. Northwest Ohio Special Education Regional Resource Center

The Northwest Ohio Special Education Regional Resource Center (SERRC) is a jointly governed organization formed to initiate, expand, and improve special education programs and services for children with disabilities and their parents. The SERRC is made up of school districts from Defiance, Fulton, Hancock, Henry, Lucas, Ottawa, Paulding, Putnam, Sandusky, Seneca, Van Wert, Williams, and Wood counties. The SERRC is governed by a thirty-three member board consisting of twenty-six superintendents, one director of student services, one parent representative, one representative from a community school, one representative from a mental health board, one representative from a parent advisory council, one representative from Bowling Green State University, and one representative from the University of Toledo. The degree of control exercised by any participating school district is limited to its representation on the Board. Financial information can be obtained from David Michel, Eastwood Local Schools, 4800 Sugar Ridge Road, Pemberville, Ohio 43450.

NOTE 15 - JOINTLY GOVERNED ORGANIZATIONS - (CONTINUED)

E. Northwestern Ohio Educational Research Council, Inc.

The Northwestern Ohio Educational Research Council, Inc. (NOERC) is a jointly governed organization formed to bring educational entities into a better understanding of their common educational problems, facilitate and conduct practical educational research, coordinate educational research among members, provide a means for evaluating and disseminating the results of research, serve as a repository for research and legislative materials, and provide opportunities for training. The NOERC serves a twenty-five county area in Northwest Ohio. The Board of Directors consists of superintendents from two educational service centers, two exempted village school districts, five local school districts, and five city school districts, as well as representative from two private or parochial schools and three institutions of higher education. Each active member is entitled to one vote on all issues addressed by the Board of Directors. Financial information can be obtained from the Northwestern Ohio Educational Research Council, Inc., Box 456, Ashland, Ohio 44805.

NOTE 16 - CONTINGENCIES

The District receives financial assistance from Federal and State agencies in the form of grants. Disbursing grant funds generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit. Any disallowed claims resulting from such audits could become a liability. However, in the opinion of management, any such disallowed claims through June 30, 2005, will not have a material adverse effect on the District.

NOTE 17 – SUBSEQUENT EVENTS

In May 2006, the voters approved an additional 1% percent Income Tax for general operations. The levy is effective January 1, 2007, and expires on December 31, 2011.

INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Pandora-Gilboa Local School District Putnam County 410 Rocket Ridge Pandora, Ohio 45877-9607

To the Board of Education:

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Pandora-Gilboa Local School District, Putnam County, Ohio (the District) as of and for the year ended June 30, 2005, which collectively comprise the District's basic financial statements and have issued our report thereon dated February 12, 2007, wherein, we noted the District uses a comprehensive basis of accounting other than generally accepted accounting principles. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' Government Auditing Standards.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting to determine our auditing procedures to express our opinions on the financial statements and not to opine on the internal control over financial reporting. Our consideration of the internal control would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts material to the financial statements we audited may occur and not be timely detected by employees when performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider material weaknesses. In a separate letter to the District's management dated February 12, 2007, we reported other matters involving internal control over financial reporting we did not deem reportable conditions.

Compliance and Other Matters

As part of reasonably assuring whether the District's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express an opinion. The results of our tests disclosed instances of noncompliance or other matters that we must report under *Government Auditing Standards* which are described in the accompanying schedule of findings as items 2005-001 and 2005-002. In a separate letter to the District's management dated February 12, 2007, we reported other matters related to noncompliance we deemed immaterial

We intend this report solely for the information and use of the audit committee, management and the Board of Education. It is not intended for anyone other than these specified parties.

SCHEDULE OF FINDINGS JUNE 30, 2005

FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS

FINDING NUMBER 2005-001

Noncompliance Citation

Ohio Revised Code § 117.38 provides that each public office shall file a financial report for each fiscal year. The auditor of state may prescribe forms by rule or may issue guidelines, or both, for such reports. If the auditor of state has not prescribed a rule regarding the form for the report, the public office shall submit its report on the form utilized by the public office. Ohio Administrative Code § 117-2-03 further clarifies the requirements of Ohio Revised Code § 117.38.

Ohio Administrative Code §117-2-03(B) requires the District to prepare its annual financial report in accordance with accounting principles generally accepted in the United States of America. However, the District prepares its financial statements in accordance with another comprehensive accounting basis. The accompanying financial statements and notes omit assets, liabilities, fund equities, and disclosures that, while material, cannot be determined at this time. The District can be fined and various other administrative remedies may be taken against the District.

Officials' Response

The Board of Education passed a resolution on May 17, 2004, to report District financial statements on a cash basis instead of generally accepted accounting principles in order to avoid incurring additional preparation and auditing costs.

FINDING NUMBER 2005-002

Noncompliance Citation

As part of the OASBO Expanded Asset Pooled Financing Program, the Lease-Purchase Agreement dated as of June 26, 2003, between the Pandora-Gilboa Local School District and the Columbus Regional Airport Authority, Section 8.01, states that failure by the School District to observe and perform any covenant condition or agreement on its part to be observed or performed under this Lease Agreement to be considered an event of default. Furthermore, Section 8.03 states that when an event of default shall have occurred and be continuing, the Issuer (Airport Authority) or Trustee (National City Bank) shall, have the right, to take such steps and such remedies as directed by the Administrator (Seasongood & Mayer), to terminate the lease agreement and at the School District's expense, take immediate possession of and remove any or all of the project.

The District did not deliver to the Trustee and the Administrator, within thirty days of their receipt, their audited fiscal year 2004 financial statements, as required by the lease agreement section 2.03(d) and the waiver dated December 13, 2004, thereto.

Officials' Response

The District was able to obtain a waiver of this covenant violation from the Administrator and has since filed the over due financial statements with the Trustee to cure the default.
