INDEPENDENT ACCOUNTANTS' REPORT

Stockyard Community School Cuyahoga County 3200 West 65th Street Cleveland, Ohio 44102

To the Board of Trustees:

We have audited the accompanying basic financial statements of the Stockyard Community School, Cuyahoga County, Ohio, (the School) as of and for the year ended June 30, 2006, which collectively comprise the School's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the School's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Stockyard Community School, Cuyahoga County, Ohio, as of June 30, 2006 and the changes in financial position and its cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated March 22, 2007, on our consideration of the School's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

Management's Discussion and Analysis is not a required part of the basic financial statements but is supplementary information Governmental Accounting Standards Board requires. We have applied certain limited procedures, consisting principally of inquiries of management regarding the methods of measuring and presenting the required supplementary information. However, we did not audit the information and express no opinion on it.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2006 Unaudited

The discussion and analysis of Stockyard Community School's financial performance provides an overall review of the School's financial activities for the fiscal year ended June 30, 2006. The intent of this discussion and analysis is to look at the School's financial performance as a whole. Readers should also review the Notes to the Financial Statements and the Financial Statements to enhance their understanding of the School's financial performance.

Financial Highlights

Key financial highlights for 2006 include the following:

- Enrollment increased from 35 students in the 2005 fiscal year (the initial year of operations) to 114 students for the 2006 fiscal year. The significant increase in enrollment improved the financial position for the school during the year and has provided a sound basis for the 2007 fiscal year.
- Net assets increased \$113,207, from a deficit of \$44,153 from 2005. This increase is due primarily to the significant increase in enrollment over the previous year.
- Total assets increased \$120,722, which represents a 140.7% increase from 2005. This increase is due to an increase in cash of \$127,250, other current assets of \$8,499 and a decrease in net capital assets of \$15,027. The cash balance increase is due to increased enrollment.
- Liabilities increased \$7,699, which represents a 5.9% increase from 2005. Accounts payable decreased by \$27,168 and other current liabilities increased by a total of \$34,867.
- Operating revenues increased by \$487,944, which represents a 142.8% increase from 2005. The majority of this increase is due to increased enrollment resulting in increased state funding offset by decreases in other income.
- Operating expenses increased by \$405,594, which represents a 98.8% increase from 2005. Operating expense increases are due to additional staffing, additional services delivered for the increased enrollment, annual increases in service costs and additional services paid with non-operating revenues.
- Non-operating revenues increased by \$81,107, which represents a 437.7% increase from 2005. This decrease is due mostly to increase in Federal and State Grants. There were also increases in private grants and interest.

Using this Financial Report

This report consists of three parts, the Management's Discussion and Analysis, the Financial Statements and the Notes to the Financial Statements. The Financial Statements include a Statement of Net Assets, a Statement of Revenues, Expenses and Changes in Net Assets and a Statement of Cash Flows.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2006 Unaudited

Statement of Net Assets

The Statement of Net Assets looks at how well the school has performed financially from inception through June 30, 2006. This statement includes all of the assets, liabilities and net assets using the accrual basis of accounting, which is the accounting method used by most private-sector companies. This basis of accounting takes into account all revenues earned and expenses incurred during the year, regardless as to when the cash is received or expended.

The following schedule provides a summary of the School's Statement of Net Assets for fiscal years ended June 30, 2006 and 2005.

| | 2006 | 2005 |
|---|--------------------------------------|-------------------------------------|
| Assets Cash Other Current Assets Capital Assets | \$ 140,149 9,702 <u>56,661</u> | \$ 12,899 1,203 <u>71,688</u> |
| Total Assets | 206,512 | 85,790 |
| Liabilities Current Liabilities Long Term Liabilities Total Liabilities | 62,642 | 54,943 <u>75,000</u> 129,943 |
| Net Assets Net Assets | <u>68,870</u> | <u>(44,153)</u> |
| Total Liabilities and Net Assets | <u>\$ 206,512</u> | <u>\$ 85,790</u> |

Net Assets increased \$113,023, due primarily to increased enrollment. For assets, cash increased \$127,250; due from other governments increased \$9,538; accounts receivable decreased \$1,039, and net capital assets decreased \$15,027 from 2005. For liabilities, accounts payable decreased \$27,168; due to other governments increased \$26,894; accrued wages and benefits increased \$5,678 and deferred revenues increased \$2,295 from 2005.

Statement of Revenues, Expenses and Changes in Net Assets

The Statement of Revenues, Expenses and Changes in Net Assets reports operating and nonoperating activities for the fiscal year ended June 30, 2006.

The following schedule provides a summary of the School's Statement of Revenues, Expenses and Changes in Net Assets for fiscal years ended June 30, 2006 and 2005.

| | 2006 | 2005 |
|--|--|---|
| Revenues Foundation and Assistance Revenues Other Operating Revenues Operating Revenues | \$ 811,570 <u>18,023</u> 829,593 | \$ 219,662 <u>121,987</u> <u>341,649</u> |
| Interest Federal and State Grants Federal and State Grants Non-Operating Revenues | 380 99,189 <u>68</u> 99,637 | 58 18,472 <u>0</u> <u>18,530</u> |
| Total Revenues | 929,230 | 360,179 |
| Expenses Salaries Fringe Benefits Purchased Services Materials and Supplies Capital Outlay Depreciation Other Operating Expenses Total Expenses | 302,141 82,978 320,802 62,751 10,722 18,446 <u>18,367</u> 816,207 | 131,675 35,474 148,447 61,685 1,447 17,427 <u>14,458</u> 410,613 |
| Net Income/(Loss) | 113,023 | (50,434) |
| Net Assets at Beginning of Year | <u>(44,153)</u> | 6,281 |
| Net Assets at End of Year | <u>\$ 68,870</u> | <u>\$ (44,153)</u> |

Net Assets increased for fiscal year 2006 and decreased for fiscal year 2005, for a combined net increase. This combined increase is due primarily to increasing revenues from increasing enrollment. Although certain expenditures such as salaries will increase as the number of classes increases other costs remain fixed such as facilities costs resulting in more efficient operations. Additionally, grants have been received to supplement various educational programs and purchase educational equipment.

STOCKYARD COMMUNITY SCHOOL Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2006 Unaudited

The most significant increases in revenues from 2005 to 2006 are Foundation and Poverty Based Assistance funds (increased \$591,908) due to enrollment increases and increases in formula amounts. Other revenue decreased \$103,964 due to services provided by Constellation Community Schools in fiscal year 2005. Federal and State Grants increased \$80,717 due mainly to increased title allocations. Additionally, Private Grants and Contributions increased \$68 and interest increased \$322.

All areas of expenses increased from 2005 to 2006. Salaries and Fringe Benefits increased \$217,970 due to additional staffing and annual increases. Purchased services increased \$172,355 due to additional instructional services, pupil support services, administrative services and occupancy costs. Materials and Supplies increased \$1,066 and Capital Outlay increased \$9,275 due to purchasing text books, classroom supplies and classroom equipment for additional classrooms. Depreciation increased \$1,019 as a result of having a full year of depreciation for computers, equipment and furniture placed in service during the 2005 fiscal year and from additional computers, equipment and furniture purchased during the year. Other Operating Expenses increased \$3,909 due to increased miscellaneous expenses and insurance premiums.

Capital Assets

As of June 30, 2006 the School had \$56,661 invested in leasehold improvements, computers, and office equipment, furniture, equipment and materials, net of depreciation. This is a \$15,027 decrease over June 30, 2005.

The following schedule provides a summary of the School's Capital Assets as of June 30, 2006 and 2005.

| | | 2006 | | 2005 |
|-------------------------------------|-----------|--------|-----------|--------|
| Capital Assets (net of depreciation | ı) — | | | |
| Leasehold Improvements | \$ | 49,709 | \$ | 66,278 |
| Computers and Office Equipment | | 1,962 | | 1,693 |
| Furniture, Equipment & Materials | | 4,990 | | 3,717 |
| Net Capital Assets | <u>\$</u> | 56,661 | <u>\$</u> | 71,688 |

For more information on capital assets see the Notes to the Financial Statements.

Current Financial Issues

Stockyard Community School opened in the fall of 2005. In its second year of operation it has grown from 35 students, three teaching staff members and expenses of \$410,613 to a total of 114 students, twelve teaching staff members and expenses of \$816,207. As the School matures to full enrollment we strive to maintain the high level of services we currently offer, to provide a strong educational product to our students and families and to maintain the reputation we have developed during these initial years.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2006

I. Description of the School and Reporting Entity

Stockyard Community School (SCS), originally Lorain-Southside Community School (LSCS), is a nonprofit corporation established on October 17, 2001 pursuant to Ohio Revised Code Chapters 3314 and 1702 to maintain and provide a school exclusively for any educational, literary, scientific and related teaching service that qualifies as an exempt organization under §501(c)(3) of the Internal Revenue Code. On May 5, 2003, SCS (as LSCS) was issued a determination letter of tax-exempt status with the Internal Revenue Service under section 501(c)(3) of the Internal Revenue Code. Management is not aware of any course of action or series of events that have occurred that might adversely affect SCS' tax-exempt status. SCS, which is part of Ohio's education program, is independent of any school district. SCS may sue and be sued, acquire facilities as needed, and contract for any services necessary for the operation of SCS.

SCS (as LSCS) was approved for operation under a contract between the Governing Authority of SCS (as LSCS) and the Ohio Department of Education (the Sponsor) for a period of five years commencing July 1, 2002 and terminating on June 30, 2007. On October 16, 2003 SCS (as LSCS) entered into a contract with Lucas County Educational Service Center (LCESC) to have LCESC replace the Ohio Department of Education as their sponsor as required by Sub. HB 364. Under the terms of the contract LCESC will provide sponsorship services for a fee. The Sponsor is responsible for evaluating the performance of the school and has the authority to deny renewal of the contract at its expiration or terminate the contract prior to expiration. See Note XII for further discussion of the sponsor services. The Governing Authority formed an Ohio non-profit corporation, on September 17, 1999 under the name Constellation Community Schools (management company). On June 24, 2004 the Board of Trustees changed the name of Lorain-Southside Community School to Stockyard Community School and the contract was subsequently moved to Cleveland with Sponsor approval.

SCS operates under a five-member Board of Trustees. The Board is responsible for carrying out the provisions of the contract, which include, but are not limited to, state-mandated provisions regarding student population, curriculum, academic goals, performance standards, admission standards, and qualification of teachers. SCS controls one instructional facility staffed by twelve certificated full time teaching personnel who provide services to 114 students.

SCS entered into an agreement with CCS to provide management services for the fiscal year. See footnote XII for additional information regarding the management company. The board members of SCS were also board members of CCS until June 15, 2006 at which time a separate CCS Board was formed. SCS Board members are also Board members of Old Brooklyn Community School, Parma Community School, Elyria Community School, Lorain Community School, Westpark Community School, Mansfield Community School, Puritas Community School, Madison Community School, Greater Cleveland Academy for Gifted Students, Lorain Academy for Gifted Students, Lorain Community Middle School, Old Brooklyn Community Middle School, Westpark Community Middle School and Outreach Academy for Children with Disabilities.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2006

II. Summary of Significant Accounting Policies

The financial statements of SCS have been prepared in conformity with generally accepted accounting principles as applied to governmental nonprofit organizations. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. SCS also applies Financial Accounting Standards Board statements and interpretations issued on or before November 30, 1989, provided they do not conflict with or contradict GASB pronouncements. The more significant of SCS' accounting policies are described below.

1. Basis of Presentation

Enterprise accounting is used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges or where it has been decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

2. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment is determined by its measurement focus. Enterprise accounting uses a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities are included on the Statement of Net Assets. Operating statements present increases (e.g., revenues) and decreases (e.g., expenses) in net total assets.

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. SCS prepares financial statements using the accrual basis of accounting. Revenues resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded when the exchange takes place. Revenues resulting from non-exchange transactions, in which SCS receives value without directly giving equal value in return, such as grants and entitlements, are recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the fiscal year when the resources are required to be used or the fiscal year when the use is first permitted; matching requirements, in which SCS must provide local resources to be used for a specified purpose; and expenditure requirements, in which resources are provided to SCS on a reimbursement basis. Expenses are recognized at the time they are incurred.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2006

II. Summary of Significant Accounting Policies (Continued)

2. Measurement Focus and Basis of Accounting (Continued)

For fiscal year 2006, SCS has implemented GASB Statement No. 42, "Accounting and Financial Reporting for Impairment of Capital Assets for Insurance Recoveries," GASB Statement No. 44, "Economic Condition Reporting: The Statistical Section," and GASB Statement No. 47, "Accounting for Termination Benefits."

GASB Statement No. 42 establishes accounting and financial reporting standards for impairment of capital assets and clarifies and establishes accounting requirements for insurance recoveries.

GASB Statement No. 44 is to improve the understandability and usefulness of the information that State and local governments present as supplementary information in the statistical section.

GASB Statement No. 47 establishes standards of accounting and financial reporting for termination benefits.

The implementation of GASB Statements Nos. 42 and 47 did not materially affect the presentation of the financial statements for the school and GASB Statement No. 44 does not apply to the school.

3. Cash

All monies received by SCS are deposited in demand deposit accounts.

4. Budgetary Process

Pursuant to Ohio Revised Code Chapter 5705.391 SCS prepares and adopts an annual budget which includes estimated revenues and expenditures for the fiscal year and a five year forecast of revenues and expenditures. SCS will from time to time adopt budget revisions as necessary.

5. Due from Other Governments

Moneys due SCS for the year ended June 30, 2006 are recorded as Due from Other Governments. A current asset for the receivable amount is recorded at the time of the event causing the moneys to be due.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2006

II. Summary of Significant Accounting Policies (Continued)

6. Capital Assets and Depreciation

Capital assets are capitalized at cost and updated for additions and retirements during the year. Donated capital assets are recorded at their fair market values as of the dates received. All items with a useful life of one year or greater and a value of \$500 or more are capitalized. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized.

Leasehold improvements are also capitalized. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized.

Depreciation of leasehold improvements, computers, furniture, equipment and materials is computed using the straight-line method over their estimated useful lives. Improvements to capital assets are depreciated over the remaining useful lives of the related capital assets. All items with a useful life of one year or greater and a value of \$500 or more are capitalized. Estimated useful lives are as follows:

| Capital Asset Classification | Years |
|--|--------------|
| Computers and Office Equipment Leasehold Improvements | 3 5 10 |
| Leasehold Improvements Furniture, Equipment & Materials | 5 10 |

7. Intergovernmental Revenues

SCS currently participates in the State Foundation Program, the State Poverty Based Assistance Program and the Federal Lunch Reimbursement Program. Revenues received from these programs are recognized as operating revenues in the accounting period in which all eligibility requirements have been met.

Grants and entitlements are recognized as non-operating revenues in the accounting period in which all eligibility requirements have been met.

Amounts awarded under the above named programs for the 2006 school year totaled \$910,759.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2006

II. Summary of Significant Accounting Policies (Continued)

8. Compensated Absences

Vacation is taken in a manner which corresponds with the school calendar, therefore, SCS does not accrue vacation time as a liability.

Sick leave benefits are earned at the rate of one and one-quarter day per month and can be accrued up to a maximum amount of one hundred twenty days. SCS will accept the transfer of sick days from another school district up to the maximum accrual amount. No financial accrual for sick time is made since unused sick time is not paid to employees upon employment termination.

9. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from these estimates.

10. Deferred Revenue

Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied. The deferred revenue for SCS consists of material and fees received in the current year which pertain to the next school year.

III. Deposits

At fiscal year end June 30, 2006, the carrying amount of SCS' deposits totaled \$140,149 and its bank balance was \$156,427. Based on the criteria described in GASB Statement No. 40, "Deposit and Investment Risk Disclosure," as of June 30, 2006, \$56,427 of the bank balance was exposed to custodial risk as discussed below, while \$100,000 of the bank balance was covered by the Federal Depository Insurance Corporation.

Custodial credit risk is the risk that in the event of bank failure, SCS will not be able to recover the deposits. All deposits are collateralized with eligible securities in amounts equal to at least 105% of the carrying value of the deposits. Such collateral, as permitted by the Ohio Revised Code, is held in single financial institution collateral pools at the Federal Reserve Banks or at member banks of the federal reserve system, in the name of the respective depository bank and pledged as a pool of collateral against all of the public deposits it holds or as specific collateral held at the Federal Reserve Bank in the name of SCS.

VI. Operating Leases

SCS leases its facilities at 3200 West 65th Street, Cleveland from Richard and Lisa Lukich (see Note XIII – Related Parties) under a five-year lease agreement effective July 1, 2004 and expiring June 30, 2009. Monthly payments under the terms of the lease are \$5,000. The lease also provides that SCS will pay \$75,000 for build-out and improvements to the building. SCS has an option to purchase the building at a price to be set by appraisal should SCS exercise their option.

During fiscal year 2006 rents totaled \$60,000 was paid along with the \$25,000 payable from fiscal year 2005. The Leasehold Improvements Payable for \$75,000 remains outstanding as of June 30, 2006.

VII. Risk Management

1. **Property and Liability Insurance**

SCS is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. For fiscal year 2006, SCS contracted with Cincinnati Insurance Company for all of its' insurance.

General liability is covered at \$2,000,000 single occurrence limit and \$4,000,000 aggregated. Hired and Non-Owned Vehicles are covered at \$500,000 combined single limit of liability. Other coverage includes School Leaders Errors & Omissions, Employee Crime, Sexual Abuse and Misconduct, Electronic Data Processing and Business Interruption.

2. Workers' Compensation

SCS makes premium payments to the Ohio Worker's Compensation System for employee injury coverage. As of June 30, 2006 there have been no claims filed by SCS employees with the Ohio Worker's Compensation System.

3. Employee Medical, Dental, and Vision Benefits

SCS provides medical, dental and life insurance benefits to all full time employees. Employees participate in premium payments through pretax payroll deductions. For the fiscal year the cost to SCS for insurance benefits was \$30,338.

VIII. Defined Benefit Pension Plans

1. School Employees Retirement System

SCS contributes to the School Employees Retirement System of Ohio (SERS), a cost-sharing multiple-employer defined benefit pension plan. SERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by state statute per Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the School Employees Retirement System, 300 East Broad St., Suite 100, Columbus, Ohio 43215-3746 by calling (800)878-5853 of by visiting the SERS website at ohsers.org.

Plan members are required to contribute 10 percent of their annual covered salary and SCS is required to contribute an actuarially determined rate. The current rate for SCS is 14 percent of annual covered payroll. A portion of SCS' contribution is used to fund pension obligations with the remainder being used to fund health care benefits; for fiscal year 2006, 10.58 percent of annual covered salary was the portion to fund pension obligations. The contribution requirements of plan members and employers are established and may be amended, up to a statutory maximum amount, by the SERS' Retirement Board. SCS' required contribution for pension obligations to SERS for the fiscal years ended June 30, 2006 and 2005 were \$2,222 and \$1,471. For fiscal year 2006, all required contributions have been made.

2. State Teachers Retirement System

SCS participates in the State Teachers Retirement System of Ohio (STRS Ohio), a cost-sharing multiple-employer public employee retirement system. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a stand-alone financial report that may be obtained by writing to STRS Ohio, 275 East Broad Street, Columbus, Ohio 43215-3771, by calling (614)227-4090, or by visiting the STRS Ohio web site at www.strsoh.org.

VIII. Defined Benefit Pension Plans (Continued)

2. State Teachers Retirement System (Continued)

New members have a choice of three retirement plans, a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. The DB plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on member contributions and earned interest matched by STRS Ohio funds divided by an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5 percent of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The Combined Plan offers features of both the DC and the DB Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. DC and Combined Plan members will transfer to the Defined Benefit Plan during the fifth year of membership unless they permanently select the DC or Combined Plan. Existing members with less than five years of service credit as of June 30, 2001, were given the option of making a one time irrevocable decision to transfer their account balances from the existing DB Plan into the DC or the Combined Plan. This option expired on December 31, 2001. Benefits are established by Chapter 3307 of the Ohio Revised Code.

A DB or Combined Plan member with five or more years credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

For the fiscal year ended June 30, 2006, plan members were required to contribute 10 percent of their annual covered salary. SCS was required to contribute 14 percent, 13 percent was the portion used to fund pension obligation. For fiscal year 2005, the portion used to fund pension obligations was also 13 percent. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions.

SCS' required contribution for pension obligations to STRS Ohio for the fiscal years ended June 30, 2006 and 2005 were \$36,548 and \$14,778. For fiscal year 2006, SCS contributions totaling \$865 were payable at year end and are reflected in Due to Other Governments in the accompanying financial statements. All other required contributions have been made.

IX. Post-Employment Benefits

SCS provides comprehensive health care benefits to retired teachers and their dependents through the State Teachers Retirement System of Ohio (STRS Ohio) and to retired non-certified employees and their dependents through the School Employees Retirement System (SERS). Benefits include hospitalization, physicians' fees, prescription drugs and partial reimbursement of monthly Medicare premiums. Benefit provisions and the obligations to contribute are established by the Systems based on authority granted by State statute. Both systems are on a pay-as-you-go basis.

All STRS Ohio retirees who participated in the DB or Combined Plans and their dependents are eligible for health care coverage. The STRS Ohio Board has statutory authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. All benefit recipients pay a portion of the health care cost in the form of a monthly premium. By law, the cost of coverage paid from STRS Ohio funds is included in the employer contribution rate, currently 14 percent of covered payroll. For the fiscal year ended June 30, 2006, the STRS Ohio Board allocated employer contributions equal to one percent of covered payroll to the Health Care Stabilization Fund. For SCS, this amount equaled \$3,021 during fiscal 2006.

STRS Ohio pays health care benefits from the Health Care Reserve Fund. At June 30, 2005, (the latest information available) the balance in the Fund was \$3.3 billion. For the year ended June 30, 2005, net health care costs paid by STRS were \$254,780,000 and STRS had 115,395 eligible benefit recipients.

For SERS, coverage is made available to service retirees with ten or more years of qualifying service credit, and to disability and survivor benefit recipients. All retirees and beneficiaries are required to pay a portion of their premiums for health care. The portion is based on years of service, Medicare eligibility and retirement status.

After the allocation for the basic benefits, the remainder of the employer's 14 percent contribution is allocated to providing health care benefits. For the fiscal year ended June 30, 2006, employer contributions to fund health care benefits were 3.42 percent of covered payroll, compared to 3.43 percent of covered payroll for fiscal year 2005. In addition, SERS levies a surcharge to fund health care benefits equal to 14 percent of the difference between a minimum pay and the member's pay, pro-rated for partial service credit. For fiscal year 2006, the minimum pay was established at \$35,800. However, the surcharge is capped at 2 percent of each employer's SERS salaries. For SCS, the amount contributed to fund health care benefits, including surcharge, during the 2006 fiscal year equaled \$1,034.

The surcharge added to the unallocated portion of the 14 percent employer contribution rate, provides for maintenance of the asset target level of the health care fund. The target level of the health care reserve is 150 percent of the projected claims less premium contributions for the next fiscal year. Expenses for health care for the fiscal year ended June 30, 2005 (the latest information available), were \$178,221,113. At June 30, 2005, SERS had net assets available for health care benefits of \$267.5 million. SERS has 58,123 participants eligible to receive health care benefits.

X. State School Funding Decision

On December 11, 2002, the Ohio Supreme Court issued its latest opinion regarding the State's school funding plan. The decision reaffirmed earlier decisions that Ohio's current school-funding plan is unconstitutional.

The Supreme Court relinquished jurisdiction over the case and directed "...the Ohio General Assembly to enact a school-funding scheme that is thorough and efficient...".

SCS is currently unable to determine what effect, if any, this decision will have on its future State funding and its financial operations.

XI. Contingencies

1. Grants

SCS received financial assistance from Federal and State agencies in the form of grants. The disbursement of funds received under these programs requires compliance with terms and conditions, specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of SCS. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of SCS at June 30, 2006.

2. Litigation

A suit was filed in the US District Court, Southern District of Ohio, Western Division on October 6, 2004, which challenges the funding of charter schools under Equal Protection, Due Process and claims violation of a right to vote on the bodies administering public schools. The case is still pending. The effect of this suit, if any, on SCS is not presently determinable.

3. Enrollment FTE

The Ohio Department of Education conducts reviews of enrollment and full-time equivalency (FTE) calculations made by the schools. These reviews are conducted to ensure the schools are reporting accurate student enrollment data to the State, upon which state foundation funding is calculated. The conclusions of this review could result in state funding being adjusted. As of the date of this report adjustments to the state funding received during fiscal year 2006 are reflected in the financial statements.

XII. Sponsorship and Management Agreement

SCS entered into an agreement with Lucas County Educational Service Center (LCESC) to provide sponsorship and oversight services as required by law. The agreement is effective October 16, 2003. Sponsorship fees are calculated as 1% of state funds received by SCS, from the State of Ohio. The total amount due from SCS for fiscal year 2006 was \$8,377 of which \$946 was outstanding as of June 30, 2006.

SCS entered into an agreement with Constellation Community Schools (CCS) to provide legal, financial, and business management services for the fiscal year 2006. The agreement was for a period of one year, effective July 1, 2005. Management fees are calculated as 11% of the Fiscal Year 2006 Foundation payment received by SCS, as reported in the Monthly Community School Foundation Report. The total amount due from SCS for the fiscal year ending June 30, 2006 was \$89,273 of which \$2,874 was overpaid prior to June 30, 2006 and has been credited to the next fiscal year.

In addition SCS is participating in a payroll bonus reserve established through CCS. Payroll bonus reserve fees are calculated as 1% of the Fiscal Year 2006 Foundation payment received by SCS, as reported in the Monthly Community School Foundation Report. The total amount due from SCS for the fiscal year ending June 30, 2006 was \$8,113 of which \$130 was overpaid prior to June 30, 2006 and has been credited to the next fiscal year.

XIII. Related Parties

SCS leases its facilities at 3200 West 65th Street, Cleveland from Richard and Lisa Lukich (see Note VI – Operating Leases). The building was purchased by Richard and Lisa Lukich (Richard Lukich is President of the Board of Trustees) as an accommodation to the school which was unable to purchase the building as a start-up business. The monthly rent amount was set by a fair market appraisal of rents in which the area the school is located.

The members of the SCS Board of Trustees were also members of Constellation Community Schools until June 15, 2006 at which time a separate CCS Board was formed. SCS contracts with CCS for legal, financial and business management services.

SCS Board members are also Board members of Old Brooklyn Community School, Parma Community School, Elyria Community School, Lorain Community School, Westpark Community School, Mansfield Community School, Puritas Community School, Madison Community School, Greater Cleveland Academy for Gifted Students, Lorain Academy for Gifted Students, Lorain Community Middle School, Old Brooklyn Community Middle School, Westpark Community Middle School and Outreach Academy for Children with Disabilities.

INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Stockyard Community School Cuyahoga County 3200 West 65th Street Cleveland, Ohio 44102

To the Board of Trustees:

We have audited the basic financial statements of the Stockyard Community School, Cuyahoga County, Ohio, (the School) as of and for the year ended June 30, 2006, which collectively comprise the School's basic financial statements and have issued our report thereon dated March 22, 2007. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the School's internal control over financial reporting to determine our auditing procedures in order to express our opinion on the financial statements and not to opine on the internal control over financial reporting. Our consideration of the internal control would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts material to the financial statements we audited may occur and not be timely detected by employees when performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider material weaknesses. In a separate letter to the School's management dated March 22, 2007, we reported other matters involving internal control over financial reporting we did not deem reportable conditions.

Compliance and Other Matters

As part of reasonably assuring whether the School's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*. In a separate letter to the School's management dated March 22, 2007, we reported another matter related to noncompliance we deemed immaterial.
