## INDEPENDENT AUDITORS' REPORT

Upper Arlington Wickliffe Progressive Community School  
Franklin County  
1950 North Mallway Drive  
Upper Arlington, Ohio 43221

To the Board:

We have audited the accompanying financial statements of the of the Upper Arlington Wickliffe Progressive Community School, Franklin County, Ohio (the WPC School), a component unit of the Upper Arlington City School District, as of and for the fiscal year ended June 30, 2007, which collectively comprise the WPC School's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the WPC School's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above are presented fairly, in all material respects, the financial position of the Upper Arlington Wickliffe Progressive Community School, Franklin County, Ohio as of June 30, 2007, and the respective changes in financial position and cash flows for the fiscal year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated October 8, 2007 on our consideration of the WPC School's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. It does not opine on the internal control over financial reporting or compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

The statement of revenues, expenses and changes in net assets presents increases (e.g., revenue) and decreases (e.g., expenses) in net total assets. The statement of cash flows reflects how the WPC School finances and meets its cash flow needs. Finally, the notes to the basic financial statements provide additional information that is essential to a full understanding of the data provided on the basic financial statements.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The basic financial statements of the WPC School have been prepared in conformity with accounting principles generally accepted in the United States (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The WPC School also applies Financial Accounting Standards Board (FASB) Statements and interpretations issued on or before November 30, 1989, provided they do not conflict with or contradict GASB pronouncements. The WPC School does not apply FASB Statements and Interpretations issued after November 30, 1989. Following are the more significant of the WPC School's accounting policies.

*(A) Basis of Presentation*

The WPC School's basic financial statements consist of a statement of net assets, a statement of revenues, expenses, and changes in net assets, and a statement of cash flows.

*(B) Measurement focus*

Enterprise accounting uses a flow economic *resources measurement focus*. With this measurement focus, all assets and liabilities associated with the operations are included on the statement of net assets. The difference between total assets and total liabilities is defined as net assets. The statement of revenues, expenses, and changes in net assets presents increases (e.g. revenues) and decreases (e.g. expenses) in net total assets. The statement of cash flows provides information about how the WPC School finances and meets the cash flow needs of its enterprise activities.

*(C) Basis of Accounting*

Basis of accounting determines when a transaction is recorded in the financial records and reported on the financial statements. The statements are prepared using the full accrual basis of accounting.

Revenues – Exchange and Non-exchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place.

Non-exchange transactions, in which the WPC School receives value without directly giving equal value in return, include grants, entitlements, and fees. Revenue from grants, entitlements, and fees is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the WPC School must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the WPC School on a reimbursement basis. Expenses are recognized at the time they are incurred.

**UPPER ARLINGTON WICKLIFFE PROGRESSIVE COMMUNITY SCHOOL  
FRANKLIN COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS - CONTINUED  
JUNE 30, 2007**

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

*(D) Budgetary Process*

Unlike other public schools located in the state of Ohio, community schools are not required to follow budgetary provisions set forth in the Ohio Revised Code Chapter 5705, unless specifically provided in the WPC Schools contract with the Sponsor. The WPC School's contract with its Sponsor does not prescribe a budgetary process.

*(E) Cash and Cash Equivalents*

Cash held by the WPC School is reflected as "Cash and Cash Equivalents" on the statement of net assets. All monies received by the WPC School are maintained in a demand deposit account. For internal accounting purposes, the WPC School segregates its cash. Investments with an original maturity of three months or less at the time they are purchased are presented on the financial statements as cash equivalents. Investments with an original maturity of more than three months are reported as investments. During fiscal 2007, the WPC School had no investments.

*(F) Capital Assets and Depreciation*

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements throughout the year. Donated capital assets are recorded at their fair market values as of the date received. The WPC School follows the policy of not capitalizing assets with a cost of less than \$2,500.

All reported capital assets, with the exception of land are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line half-year convention method over the following useful lives:

Furniture and Equipment - 5 years

The WPC School had no capital assets as of June 30, 2007.

*(G) Net Assets*

Net assets represent the difference between assets and liabilities. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the WPC School or through external restrictions imposed by creditors, grantors or laws, or regulations of other governments.

The WPC School applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available. The WPC School did not have any restricted net assets at fiscal year end.

**UPPER ARLINGTON WICKLIFFE PROGRESSIVE COMMUNITY SCHOOL  
FRANKLIN COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS - CONTINUED  
JUNE 30, 2007**

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

*(H) Estimates*

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

*(I) Operating Revenues and Expenses*

Operating revenues are those revenues that are generally directly from the primary activities of the WPC School. Operating expenses are necessary costs incurred to provide the service that is the primary activity of the WPC School. All revenues and expenses not meeting this definition are reported as nonoperating.

**3. CASH DEPOSITS**

At June 30, 2007, the carrying amount of all WPC School deposits was \$ 35,892 and the bank balance was \$ 39,575. Based on the criteria described in GASB Statement No. 40, "Deposit and Investments Risk Disclosure," as of June 30, 2007, none of the bank balance was exposed to custodial risk as discussed below, while all of the bank balance was covered by Federal Deposit Insurance Corporation.

Custodial credit risk is the risk that, in the event of a bank failure, the WPC School will not be able to recover deposits. All deposits are collateralized with eligible securities in amounts equal to at least 105% of the carrying value of the deposits. Such collateral, as permitted by the Ohio Revised Code, is held in single financial institution collateral pools at Federal Reserve Banks, or at member banks of the federal reserve system, in the name of the respective depository bank and pledged as a pool of collateral against all of the public deposits it holds or as specific collateral held at the Federal Reserve Bank in the name of the WPC School.

**4. RELATED PARTY TRANSACTIONS**

The WPC School is a discretely presented component unit of the Upper Arlington City School District. As described in Note 1, the Upper Arlington City School District (Sponsor) is the WPC School Sponsor. The Sponsor and WPC School entered into a five-year sponsorship agreement starting July 1, 2005 whereby terms of the sponsorship were established.

In fiscal year 2007, payments made by the WPC School to the Sponsor totaled \$2,573,250, which is reported in purchased services. This represents contract service payment for teaching, use of office space and equipment, and other related services provided by the Sponsor.

**UPPER ARLINGTON WICKLIFFE PROGRESSIVE COMMUNITY SCHOOL  
FRANKLIN COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS - CONTINUED  
JUNE 30, 2007**

**5. CONTINGENCIES**

**A. Grants**

The WPC School receives financial assistance from federal agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the WPC School at June 30, 2007.

**B. Litigation**

A suit was filed in Franklin County Common Pleas Court on May 14, 2001 alleging Ohio's community (i.e., Charter) school's program violates the state Constitution and state laws. On April 21, 2003, the court dismissed the counts containing constitutional claims and stayed the other counts pending appeal of the constitutional issues. The plaintiffs appealed to the Court of Appeals, the issues have been briefed and the case was heard on November 18, 2003. On August 24, 2004, the Court of Appeals rendered a decision that community schools are part of the state public educational system and this matter was sent to the Ohio Supreme Court. The Ohio Supreme Court accepted the appeal from the Court of Appeals for review on February 16, 2005. Oral argument occurred November 29, 2005. On October 25, 2006 the Ohio Supreme Court held that the State law authorizing the establishment and operations of community schools is constitutional both on its face and as applied.

**C. Full Time Equivalency**

The Ohio Department of Education conducts reviews of enrollment data and full-time equivalency (FTE) calculations made by community schools. These reviews are conducted to ensure the schools are reporting accurate student enrollment data to the State, upon which state foundation funding is calculated. The review for 2006-07 school year occurred and all documentation was found to be in order. The WPC School does not anticipate any material adjustments to state funding for fiscal year 2008.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND  
ON COMPLIANCE AND OTHER MATTERS BASED ON AN  
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Board of Directors  
Upper Arlington Wickliffe Progressive Community School  
Franklin County

Upper Arlington, Ohio 43221

We have audited the financial statements of the of the Upper Arlington Wickliffe Progressive Community School, Franklin County, Ohio (the WPC School), a component unit of the Upper Arlington City School District, as of and for the fiscal year ended June 30, 2007, and have issued our report thereon dated October 8, 2007. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States.

**Internal Control over Financial Reporting**

In planning and performing our audit, we considered the WPC School's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the WPC School's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the WPC School's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the WPC School's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the WPC School's financial statements that is more than inconsequential will not be prevented or detected by the WPC School's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the WPC School's internal control.

Matters Based on an Audit Performed in

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the WPC School's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of the financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the management, Board of Directors, the Auditor of State, and other members of the WPC School, and is not intended to be and should not be used by anyone other than these specified parties.
