INDEPENDENT ACCOUNTANTS' REPORT

Wickliffe City School District Lake County 2221 Rockefeller Road Wickliffe, Ohio 44092

To the Board of Education:

We have audited the accompanying financial statements of the Wickliffe City School District, Lake County, Ohio, (the District) as of and for the year ended June 30, 2006. These financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

Ohio Administrative Code Section 117-2-03(B) requires the District to prepare its annual financial report in accordance with accounting principles generally accepted in the United States of America. However, as discussed in Note 2, the accompanying financial statements and notes have been prepared on an accounting basis not in accordance with generally accepted accounting principles. The accompanying financial statements, and assets, liabilities, fund equities, and disclosures that, while material, cannot be determined at this time.

In our opinion, the accompanying financial statements do not present fairly the financial position, results of operations, and cash flows, where applicable, of the Wickliffe City School District, Lake County, Ohio, as of and for the year ended June 30, 2006 in accordance with accounting principles generally accepted in the United States of America.

The District has not presented Management's Discussion and Analysis, which accounting principles generally accepted in the United States of America has determined is necessary to supplement, although not required to be part of, the financial statements.

In accordance with *Government Auditing Standards*, we have also issued our report dated May 10, 2007, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance, and the results of that testing. That report is an integral part of an audit performed in accordance with Government Auditing Standards. You should read it in conjunction with this report in assessing the results of our audit.

Lausche Building / 615 Superior Ave., NW / Twelfth Floor / Cleveland, OH 44113-1801 Telephone: (216) 787-3665 (800) 626-2297 Fax: (216) 787-3361 www.auditor.state.oh.us Wickliffe City School District Lake County Independent Accountants' Report Page 2

We conducted our audit to opine on the District's financial statements. The Schedule of Federal Awards Receipts and Expenditures presents additional information and is required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. It is not a required part of the financial statements. We subjected this schedule to the auditing procedures applied in our audit of the District's financial statements. For the reasons stated in the third paragraph, the financial statements do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the District, as of June 30, 2006, or its changes in financial position or its cash flows for the year then ended. Therefore we are unable to express, and we do not express, an opinion on the Schedule of Federal Awards Receipts and Expenditures.

NOTES TO THE FINANCIAL STATEMENTS FOR FISCAL YEAR ENDED JUNE 30, 2006

1. DESCRIPTION OF THE ENTITY

Wickliffe City School District (the District) is organized under Article VI, Sections 2 and 3 of the Constitution of the State of Ohio. The District operates under a locally elected Board form of government consisting of five members elected at-large for staggered four year terms. The District provides educational services as authorized by state statute and/or federal guidelines.

The District serves an area of approximately four square miles consisting of the corporate limits of the City of Wickliffe. It is staffed by 70 support employees and 114 certificated employees who provide services to 1,506 pupils and other community members. The District currently operates three school buildings.

Primary Government

The Primary government of the District consists of all funds, departments, boards, and agencies that are not legally separate from the District. For an Ohio School District, this includes general operations, food service, and student related activities of the District.

Component Units

Component units are legally separate organizations for which the District is financially accountable. The District is financially accountable for an organization if the District appoints a voting majority of the organization's governing board and (1) the District is able to significantly influence the programs or services performed or provided by the organization; or (2) the District is legally entitled to or can otherwise access the organization's resources; the District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the District is obligated for the debt of the organization. The District is also financially accountable for any organizations that are fiscally dependent on the District in that the District approves the budget, the issuance of debt, or the levying of taxes. Component units also include legally separate, tax-exempt entities whose resources are for the direct benefit of the District, are accessible to the School District and are significantly in amount to the District.

Reporting Entity

The District is the primary government and constitutes the entire reporting entity. The Wickliffe Public Library located in the District, is a related organization to the District. The Library is not included on the District's financial statements.

The District is associated with four jointly governed organizations. These organizations are the East Shore Center, Ohio Schools' Council, Lake County Council of Governments Health Care Benefits Program, and Ohio School Boards Association Workers' Compensation Group Rating Plan.

NOTES TO THE FINANCIAL STATEMENTS FOR FISCAL YEAR ENDED JUNE 30, 2006 (Continued)

1. DESCRIPTION OF THE ENTITY (Continued)

Reporting Entity (Continued)

These organizations are described in detail note 9.

The District's management believes these financial statements present all activities for which the District is financially accountable.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Although required by Ohio Administrative Code § 117-2-3(B) to prepare its annual financial report in accordance with accounting principles generally accepted in the United States of America, the District chooses to prepare its financial statements and notes in accordance with standards established by the Auditor of State for governmental entities that are not required to prepare reports in accordance with generally accepted accounting principles. This basis of accounting is similar to the cash receipts and disbursements basis of accounting. Receipts are recognized when received in cash rather than when earned, and disbursements are recognized when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e. when an encumbrance is approved).

By virtue of Ohio law, the District is required to maintain the encumbrance method of accounting and to make appropriations.

A. Basis of Presentation - Fund Accounting

The District uses fund accounting to segregate cash and investments which are restricted to use. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain District functions or activities.

For financial statement presentation purposes, the various funds of the District are grouped into the following generic fund types under the broad fund categories governmental, proprietary, and fiduciary.

GOVERNMENTAL FUND TYPES

Governmental funds are those through which most governmental functions of the District are financed. The following are the District's governmental fund types:

General Fund - The General Fund is the operating fund of the District and is used to account for all financial resources except those required to be accounted for in another fund. The General Fund balance is available to the District for any purpose provided it is expended or transferred according to the general laws of Ohio.

Special Revenue Funds - Special revenue funds are used to account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditure for specified purposes.

Debt Service Fund - This fund is used for the accumulation of resources for, and the payment of, general obligation long-term debt principal and interest.

NOTES TO THE FINANCIAL STATEMENTS FOR FISCAL YEAR ENDED JUNE 30, 2006 (Continued)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

A. Basis of Presentation - Fund Accounting (Continued)

Capital Projects Funds - The capital projects funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds or trust funds).

PROPRIETARY FUND TYPES

Proprietary funds are used to account for the District's ongoing activities which are similar to those found in the private sector.

Enterprise Fund - Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent is that costs (expenses) of providing services to the general public on a continuing basis be financed or recovered primarily through user charges or where it has been decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

Internal Service Fund - Internal Service Funds are used to account for the financing of goods and services provided by one department or agency to other departments or agencies of the governmental unit, or to other governmental units, on a cost-reimbursement basis.

FIDUCIARY FUND TYPES

The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private purpose trust funds and agency funds. Trust funds are used to account for assets held by the District under a trust agreement for individuals, private organizations, or other governments and are not available to support the District's own programs. The District's private purpose trust fund, accounts for programs that provide college scholarships to students after graduation. Agency funds are custodial in nature. The District's agency fund accounts for various student-managed activities.

B. Budgetary Process

The budgetary process is prescribed by provisions of the Ohio Revised Code and entails the preparation of budgetary documents within an established timetable. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriation resolution, all of which are prepared on the budgetary basis of accounting. The certificate of estimated resources and the appropriations resolution are subject to amendment throughout the year with the legal restriction that appropriations cannot exceed estimated resources, as certified. All funds, other than agency funds, are legally required to be budgeted and appropriated.

Advances in and Advances out are not required to be budgeted since they represent a temporary cash flow resource and are intended to be repaid.

Budget

A budget of estimated cash receipts and disbursements is submitted to the Lake County Auditor, as secretary of the Lake County Budget Commission, by January 15, for the period July 1 to June 30 of the following year.

NOTES TO THE FINANCIAL STATEMENTS FOR FISCAL YEAR ENDED JUNE 30, 2006 (Continued)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. <u>Budgetary Process</u> (Continued)

Estimated Resources

The Lake County Budget Commission certifies its actions to the District by March 1. As part of this certification, the District receives the official certificate of estimated resources which states the projected receipts of each fund. On or about July 1 this certificate is amended to include any unencumbered balances from the preceding year. Prior to June 30 the District must revise its budget so that the total contemplated expenditures from a fund during the ensuing fiscal year will not exceed the amount stated in the certificate of estimated resources. The revised budget then serves as the basis for the annual appropriation measure. Budget receipts as shown in the accompanying financial statements do not include July 1, 2005, unencumbered fund balances. However, those fund balances are available for appropriations.

Appropriations

A temporary appropriation measure to control cash disbursements may be passed on or about July 1 of each year. The appropriation measure may be amended or supplemented during the year as new information becomes available. Appropriations may not exceed estimated resources at the fund level.

The budget figures which appear in the statements of budgetary comparisons represent the final appropriation amounts, including all supplemental appropriations. Formal budgetary integration is employed as a management control device during the year for all funds other than agency funds, consistent with statutory provisions.

Encumbrances

The District is required to use the encumbrance method of accounting by virtue of Ohio law. Under this system, purchase orders, contracts, and other commitments for the expenditure of funds are recorded in order to reserve the portion of the applicable appropriation. At the close of each fiscal year, the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriations. The encumbered appropriation balance is carried over and need not be re-appropriated.

C. Property, Plant, and Equipment

Acquisition of property, plant, and equipment are recorded as disbursements when paid. These items are not reflected as assets on the accompanying financial statements.

D. Unpaid Vacation and Sick Leave

Employees are entitled to cash payments for unused vacation and sick leave in certain circumstances, such as upon leaving employment. Unpaid vacation and sick leave are not reflected as liabilities under the basis of accounting used by the District.

NOTES TO THE FINANCIAL STATEMENTS FOR FISCAL YEAR ENDED JUNE 30, 2006 (Continued)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Cash and Investments

The District maintains a cash and investment pool which is available for all funds. Individual fund integrity is maintained through District records. Each fund's interest in the pool is presented as "Cash and Cash Equivalents" on the Combined Statement of Cash and Cash Equivalents and Fund Cash Balances. During fiscal year 2006, investments were limited to the State Treasury Asset Reserve of Ohio (STAR Ohio), discount notes and certificates of deposit. All investments of the District had a maturity of two years or less. Investments are stated at cost. Investment earnings are allocated as authorized by State statute and Board resolution.

F. Inventory and Prepaid Items

The District reports disbursements for inventory and prepaid items when paid. These items are not reflected as assets in the accompanying financial statements.

G. Interfund Receivables/Payables

The District reports advances-in and advances-out for interfund loans. These items are not reflected as assets and liabilities in the accompanying financial statements.

H. Employer Contributions to Cost-sharing Pension Plans

The District recognizes the disbursement for employer contributions to cost-sharing pension plans when they are paid. Employer contributions include portions for pension benefits and for postretirement health care benefits.

I. Long-Term Obligations

The District's cash basis financial statements do not report liabilities for bonds and other longterm obligations. Proceeds of debt are reported when cash is received and principal and interest payments are reported when paid. Since recording a capital asset when entering into a capital lease is not the result of a cash transaction, neither an other financing source nor a capital outlay expenditure are reported at inception. Lease payments are reported when paid.

J. Total Columns on Financial Statements

Total columns on the financial statements are captioned "Totals (Memorandum Only)" to indicate that they are presented only to facilitate financial analysis. This data is not comparable to a consolidation. Inter fund-type eliminations have not been made in the aggregation of this data.

NOTES TO THE FINANCIAL STATEMENTS FOR FISCAL YEAR ENDED JUNE 30, 2006 (Continued)

3. RECLASSIFICATION OF EXPENDABLE & NON-EXPENDABLE

During the year, the District reclassified the expendable and nonexpendable trust funds to private purpose trust funds in accordance with Auditor of State Bulletin 2005-005.

4. CASH AND INVESTMENTS

State statutes classify monies held by the District into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the District Treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Board of Education has identified as not required for use within the current period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit, or by savings or deposit accounts including passbook accounts.

Interim monies may be deposited or invested in the following securities:

- 1. United States Treasury Notes, Bills, Bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States;
- Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
- Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
- 4. Bonds and other obligations of the State of Ohio;
- No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
- 6. The State Treasurer's investment pool (STAR Ohio);

4. CASH AND INVESTMENTS (Continued)

7. Certain banker's acceptances and commercial paper notes for a period not to exceed one hundred eighty days in an amount not to exceed twenty-five percent of the interim monies available for investment, if training requirements have been met.

Protection of District's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the treasurer by the financial institution or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution.

Investments in stripped principal or interest obligations reverse repurchase agreements, and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the District, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the treasurer or qualified trustee or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

Cash On Hand: At year end, the District had \$825 in undeposited cash on hand.

The following information classifies deposits and investments by categories of risk as defined in GASB Statement 3, "Deposits with Financial Institutions, Investments and Reverse Repurchase Agreements".

Deposits:

At fiscal year end, the carrying amount of the District's deposits was \$3,406,908 and the bank balance was \$3,708,288. Of the bank balance, \$365,359 was covered by federal depository insurance and \$3,342,929 was covered by securities held by the pledging financial institution's trust department in the District's name, the remainder was covered by pooled collateral.

Investments:

Repurchase agreements are uninsured and unregistered investments for which the securities are held by a counterparty, or by its' trust department or agent but not in the name of the District. The financial institution maintains records identifying the District as the owner of the securities. STAR Ohio is an unclassified investment since it is not evidenced by securities which exist in physical or book entry form. STAR Ohio was rated AAA by Standard & Poor's at June 30, 2006.

The carrying amount of cash and investments at June 30 was as follows:

5. PROPERTY TAXES

Real property taxes are levied on assessed values which equal 35 percent of appraised value. The County Auditor reappraises all real property every six years with a triennial update. The last update was completed for tax year 2003.

Real property taxes become a lien on all nonexempt and real property located in the District on January 1. Real property taxes are payable annually or semiannually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31 with the remainder payable by June 20 of the following year. Under certain circumstances, State statute permits later payment dates to be established.

The full tax rate applied to real property, for the fiscal year ended June 30, 2006, was \$67.31 per \$1,000 of assessed valuation. After adjustment of the rate of inflationary increases in property values, the effective tax rate was \$33.10 per \$1,000 of assessed valuation for real property classified as residential/agricultural and \$48.21 per \$1,000 of assessed valuation for all other real property. Real property owners' tax bills are further reduced by homestead and rollback deductions, when applicable. The amount of these homestead and rollback reductions is reimbursed to the District by the State of Ohio.

Owners of tangible personal property are required to file a list of such property including costs, by April 30 of each year. The property is assessed for tax purposes at varying statutory percentages of cost. The tax rate applied to tangible personal property, for the fiscal year ended June 30, 2006, was \$67.31 per \$1,000 of assessed valuation.

Residential/Agricultural	\$ 230,747,580
Commercial/Industrial	75,645,450
Public Utility Tangible	8,010,760
General Tangible	 43,020,383
Total Valuation	\$ 357,424,173

The Lake County Treasurer collects property tax on behalf of all taxing districts within the District. The Lake County Auditor periodically remits to the taxing districts their portions of the taxes collected. Collections of the taxes and remittance of them to the taxing districts are accounted for in various agency funds of the County.

Settled claims have not exceeded this commercial coverage in any of the past three fiscal years. There has been no significant reduction in insurance coverage from fiscal year 2005.

Self Insurance

The District uses an internal service fund to record and report their self-funded health care insurance program. Premium rates are set based on an annual review process with the consortium insurance consultant. Employees of the District contribute to the monthly cost of the plans. Monthly contributions are placed in the internal service fund.

The claims liability of \$277,072 at June 30, 2006 was estimated by the third party administrator and is based on the requirements of GASB Statement No. 30 "Risk Financing Omnibus", which requires that a liability for unpaid claims cost, including estimates of cost relating to incurred but not reported claims, be reported. The estimate was not affected by incremental claims adjustment expenses and does not include other allocated or unallocated claim adjustment expenses.

Changes in the fund's claims liability amount in 2006 were:

	Balance at	Current		
	Beginning of	Year	Claims	Balance at

Workers' Compensation

For fiscal year 2006, the District participated in the Ohio School Boards Association Workers' Compensation Group Rating Plan (Plan), an insurance purchasing pool. The Plan is intended to achieve the benefit of a reduced premium for the District by virtue of its grouping and representation with other participants in the Plan. The workers' compensation experience of the participating members is calculated as one experience and a common premium rate is applied to all members in the Plan. Each member pays its workers' compensation premium to the State based on the rate for the Plan rather than its individual rate. Total savings are then calculated and each participant's individual performance is compared to the overall savings percentage of the Plan. A participant will then either receive money from or be required to contribute to the "Equity Pooling Fund". This "equity pooling" arrangement insures that each participant shares equally in the overall performance of the Plan. Participation in the Plan is limited to participants that can meet the Plan's selection criteria. The Firm of Gates McDonald & Co. provides administrative, cost control, and actuarial services to the Plan.

7. RETIREMENT SYSTEMS

Certified teachers employed by the District participate in the State Teacher's Retirement System of Ohio (STRS of Ohio). The District's officials and all other employees belong to the School Employees Retirement System of Ohio (SERS). STRS of Ohio and SERS are cost-sharing, multiple-employer plans. These plans provide retirement benefits, including postretirement healthcare, and survivor and disability benefits to participants as prescribed by the Ohio Revised Code.

Contribution rates are also prescribed by the Ohio Revised Code. STRS members contributed 10 percent of their wages and the District contributed an amount equal to 14 percent of participants' gross salaries. SERS members contributed 10 percent of their wages and the District contributed an amount equal to 14 percent of participants' gross salaries. The District has paid all contributions required through June 30, 2006.

8. DEBT OBLIGATIONS

8. DEBT OBLIGATIONS (Continued)

Energy Conservation Improvement Bonds – 1997

Proceeds from the outstanding energy conservation improvement bonds were used to improve energy efficiency within the District. The project encompassed the removal and replacement of district boilers, retrofitting of lighting systems and replacement of cafeteria windows at the high school. The bonds were issued in 1997 and will mature on June 1, 2007.

Library Improvement Bonds - 1995 & 1996

Proceeds from the outstanding library improvement bonds were used for an addition to the Wickliffe Public Library. The construction and improvements included additional collection space, meeting space and improved administrative offices. The bonds were issued in 1995 and 1996, respectively and will mature on December 1, 2006.

Principal and interest requirements to retire the library improvements and energy conservation bonds outstanding at June 30, 2006 as follows:

9. JOINTLY GOVERNED ORGANIZATIONS

East Shore Center - The East Shore Center is a jointly governed organization that was formed for the purpose of providing special education for the handicapped children in the sixteen member school districts. The governing board consists of the superintendents of the member school districts. The degree of control exercised by any participating school district is limited to its representation on the governing board. East Shore Center is not accumulating significant resources or experiencing fiscal distress, which would cause additional financial benefit or burden on the District. Financial information can be obtained by writing the fiscal agent, Lake County Educational Service Center, 30 South Park Place, Painesville, Ohio 44077.

Ohio Schools Council - The Ohio Schools' Council Association (Council) is a jointly governed organization among ninety-one school districts. The jointly governed organization was formed to purchase products and services at the lowest possible cost to the member districts. Each district supports the Council by paying an annual participating fee.

The Council's Board consists of seven superintendents of the participating districts whose term rotates every year. The degree of control exercised by any school district is limited to its representation on the Board. In fiscal year 2006, the District paid \$1,280 to the Council. Financial information can be obtained by contacting David Cottrell, Director/Treasurer of the Ohio Schools' Council at 6133 Rockside Road, Suite 10, Independence, Ohio 44131.

The District participates in the Council's electric purchase program which was implemented during fiscal year 1998. This program allows school districts to purchase electricity at reduced rates, if the school districts will commit to participating for an eight year period. The participants make monthly payments based on estimated usage. Each June these estimated payments are compared to their actual usage for the year and any necessary adjustments are made.

NOTES TO THE FINANCIAL STATEMENTS FOR FISCAL YEAR ENDED JUNE 30, 2006 (Continued)

9. JOINTLY GOVERNED ORGANIZATIONS (Continued)

Energy Acquisition Corp., a non-profit corporation with a self-appointing board, issued \$119,140,000 in debt to purchase eight years of electricity from Cleveland Electric Illuminating (CEI) for the participants. The participating school districts are not obligated in any manner for this debt. If a participating school district terminates its agreement, the district is required to repay the savings to CEI and CEI will refund the remaining prepayment related to that participant to Energy Acquisition Corp.

The District also participates in the Council's prepaid natural gas program which was implemented during fiscal year 2000. This program allows school districts to purchase natural gas at reduced rates, if the school districts will commit to participating for a twelve year period. The participants make monthly payments based on estimated usage. Each month these twelve estimated payments are compared to their actual usage and any necessary adjustments are made.

The City of Hamilton, a municipal corporation and political subdivision duly organized and existing under the laws of the State of Ohio, issued \$89,450,000 in debt to purchase twelve years of natural gas from CMS Energy Corporation for the participants. The participating school districts are not obligated in any manner for this debt. If a participating school district terminates its agreement, the district is entitled to recover that amount, if any, of its contributions to the operating fund which are not encumbered for its share of program administrative cost.

Lake County Council of Governments Health Care Benefits Program - The District participates in the Lake County Council of Governments Health Care Benefits Program (HCBP) which is a cooperative program for the provision of health care benefits that is currently functioning as selfinsurance claims servicing pool. The pool is comprised of eleven member school districts. Each member pays an administrative fee to the pool. The HCBP business and affairs are conducted by a five member Board of Directors elected from the HCBP's assembly. Each participating member retains a share of the overall risk as determined by the claims servicing agent. Financial information can be obtained by writing the Treasurer Lew Strohm, 30 South Park Place, Suite 30, Painesville, Ohio 44077.

10. RELATED ORGANIZATION

Wickliffe Public Library – The Wickliffe Public Library is a distinct political subdivision of the State of Ohio created under Chapter 3375 of the Ohio Revised Code. The Library is governed by a Board of Trustees appointed by the Wickliffe City School District Board of Education. The Board of Trustees possesses its own contracting and budgeting authority, hires and fires personnel and does not depend on the District for operational subsidies. Although the District does serve as the taxing authority and may issue tax related debt on behalf of the Library, its role is limited to a ministerial function. The determination to request approval of a tax, the rate and the purpose are discretionary decisions made solely by the Board of Trustees. Financial information can be obtained from the Wickliffe Public Library, Rick Zalecky, Clerk/Treasurer, 1713 Lincoln Road, Wickliffe, OH 44092.

NOTES TO THE FINANCIAL STATEMENTS FOR FISCAL YEAR ENDED JUNE 30, 2006 (Continued)

11. CONTINGENCIES

A. Grants

The District receives financial assistance from Federal and State agencies in the forms of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the general fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the District at June 30, 2006.

B. Litigation

As of June 30, 2006, the District was not party to any pending litigation.

12. SET ASIDE REQUIREMENTS

The District is required by State statute to annually set aside, in the General Fund, an amount based on a statutory formula for the purchase of textbooks and other instructional materials, and an equal amount for the acquisition and construction of capital improvements. Amounts not spent by the end of the fiscal year or offset by similarly restricted resources received during the fiscal year must be held in cash at fiscal year end. These amounts must be carried forward to be used for the same purposes in future years.

The District is required by State statute to annually set aside in the general fund an amount based on a statutory formula for the purchase of textbooks and other instructional materials and an equal amount for the acquisition and construction of capital improvements. Amounts not spent by the end of the fiscal year or offset by similarly restricted resources received during the year must be held in cash at year-end and carried forward to be used for the same purposes in future years.

The following cash basis information identifies the changes in the year end set-aside amounts for textbooks and capital improvements during fiscal year 2006.

13. STATE SCHOOL FUNDING DECISION

On December 11, 2002, the Ohio Supreme Court issued its latest opinion regarding the State's school funding plan. The decision reaffirmed earlier decisions that Ohio's current school-funding plan is unconstitutional.

The Supreme Court relinquished jurisdiction over the case and directed "...the Ohio General Assembly to enact a school-funding scheme that is thorough and efficient...." The District is currently unable to determine what effect, if any, this decision will have on its future State funding and its financial operations.

The accompanying notes to the Schedule of Federal Award Expenditures are an integral part of this schedule.

WICKLIFFE CITY SCHOOL DISTRICT LAKE COUNTY FISCAL YEAR ENDED JUNE 30, 2006

NOTES TO SCHEDULE OF FEDERAL AWARDS RECEIPTS AND EXPENDITURES

NOTE A – SIGNIFICANT ACCOUNTING POLICIES

The accompanying Schedule of Federal Awards Expenditures (the Schedule) summarizes activity of the District's federal award programs. The schedule has been prepared on the cash basis of accounting.

NOTE B—CHILD NUTRITION CLUSTER

Cash receipts from the U.S. Department of Agriculture are commingled with State grants and local monies. It is assumed federal monies are expended first.

NOTE C – NEGATIVE RECEIPTS

The Ohio Department of Education (ODE) transferred \$24 from grant year 2005 to grant year 2006 in the Preschool Disability Grant. This transfer appears as a negative receipt in the 2005 grant year and a positive receipt in the 2006 grant year. This action by ODE allowed the District to extend the availability period for expenditure of this receipt.

INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

Wickliffe City School District Lake County 2221 Rockefeller Road Wickliffe, Ohio 44092

To the Board of Education:

We have audited the financial statements of the Wickliffe City School District, Lake County, Ohio, (the District) as of and for the year ended June 30, 2006, and have issued our report thereon dated May 10, 2007, wherein we noted the District's financial statements did not present fairly the financial position, results of operations and cash flows in conformity with accounting principles generally accepted in the United States. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting to determine our auditing procedures in order to express our opinion on the financial statements and not to opine on the internal control over financial reporting. Our consideration of the internal control would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts material to the financial statements we audited may occur and not be timely detected by employees when performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider material weaknesses. In a separate letter to the District's management dated May 10, 2007, we reported other matters involving internal control over financial reporting we did not deem reportable conditions.

Compliance and Other Matters

As part of reasonably assuring whether the District's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express an opinion. The results of our tests disclosed an instance of noncompliance or other matters that we must report under *Government Auditing Standards* which is described in the accompanying schedule of findings as item 2006-001. In a separate letter to the District's management dated May 10, 2007, we reported other matters related to noncompliance we deemed immaterial.

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Wickliffe City School District Lake County 2221 Rockefeller Road Wickliffe, Ohio 44092

To the Board of Education:

Compliance

We have audited the compliance of the Wickliffe City School District, Lake County, Ohio, (the District) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133, Compliance Supplement that apply to each of its major federal programs for the year ended June 30, 2006. The summary of auditor's results section of the accompanying schedule of findings identifies the District's major federal programs. The District's management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to each major federal program. Our responsibility is to express an opinion on the District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to reasonably assure whether noncompliance occurred with the types of compliance requirements referred to above that could directly and materially affect a major federal program. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing other procedures we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the District's compliance with those requirements.

In our opinion, the Wickliffe City School District, Lake County, Ohio, complied, in all material respects, with the requirements referred to above that apply to each of its major federal programs for the year ended June 30, 2006.

Internal Control Over Compliance

The District's management is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the District's internal control over compliance with requirements that could directly and materially affect a major federal program to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be timely detected by employees when performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses. However, we noted a matter involving the internal control over federal compliance not requiring inclusion in this report, that we reported to the District's management in a separate letter dated May 10, 2007.

We intend this report solely for the information and use of the audit committee, management, the Board of Education, federal awarding agencies, and pass-through entities. It is not intended for anyone other than these specified parties.

Annual Financial Report

Ohio Revised Code Section 117.38 provides that each public office shall file a financial report for each fiscal year. The Auditor of State may prescribe forms by rule or may issue guidelines, or both, for such reports. If the Auditor of State has not prescribed a rule regarding the form for the report, the public office shall submit its report on the form utilized by the public office. Ohio Administrative Code Section 117-2-03 further clarifies the requirements of Ohio Revised Code Section 117.38.

Ohio Administrative Code Section 117-2-03(B) requires the District to prepare its annual financial report in accordance with accounting principles generally accepted in the United States of America. However, the District prepared its financial statements in accordance with standards established by the Auditor of State for governmental entities not required to prepare annual reports in accordance with generally accepted accounting principles. The accompanying financial statements and notes omit assets, liabilities, fund equities, and disclosures that, while material, cannot be determined at this time. Pursuant to Ohio Revised Code Section 117.38, the District may be fined and subjected to various other administrative remedies for its failure to file the required financial report.

We recommend the District take the necessary steps to ensure the annual financial report is prepared on a generally accepted accounting principles basis.

<u>Official's Response</u>: The Board passed resolution 2006-7-96 indicating their desire to defer reporting financial statements that conform to generally accepted accounting principles for fiscal year ending June 30, 2006 due to the unfavorable financial condition of the District.
