INDEPENDENT ACCOUNTANTS' REPORT

City of Niles
Trumbull County
34 West State Street
Niles, Ohio 44446

To the Mayor and City Council:

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Niles, Trumbull County, Ohio (the City) as of and for the year ended December 31, 2005, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City's management. Our responsibility is to express opinions on these financial statements based on our audit.

Except as discussed in paragraphs in three and four, we conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

Insurance claims reported in the City Hospitalization Fund (an internal service fund, included in the governmental activities and as remaining fund information) are processed by a service organization independent of the City. The service organization did not provide us with information we requested regarding the design or proper operation of its internal controls. We were therefore unable to satisfy ourselves as to the proper processing of health insurance claims expenses and liabilities. Those claims represent 21% of expenses and 3% of accrued liabilities reported with the governmental activities, and 39% of the expenses and 7% of the liabilities reported with the remaining fund information.

Also, accounting principles generally accepted in the United States of America require that the historical or estimated cost of capital assets be reported net of accumulated depreciation expense. Management has not provided accounting records to support the capital assets reported in the governmental activities and the business-type activities. We therefore cannot reasonably determine whether the amount of the capital assets are fairly stated which represents 25% of assets reported with the governmental activities and 23% of assets reported with the business-type activities.

Voinovich Government Center / 242 Federal Plaza W. / Suite 302 / Youngstown, OH 44503-1293

Telephone: (330) 797-9900 (800) 443-9271 Fax: (330) 797-9949

www.auditor.state.oh.us

In our opinion, except for the effects of such adjustments, if any, as might have been determined to be necessary had we been able to examine certain information regarding health insurance claims reported with the governmental activities and remaining fund information, and except for the effects of not providing accounting records to support capital assets reported with the governmental activities and business-type activities, as described in the preceding two paragraphs, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, and remaining fund information of the City of Niles, Trumbull County, Ohio and the respective changes in financial position thereof and where applicable, cash flows, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In addition, in our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each major fund for the City of Niles, Trumbull County, Ohio and the respective changes in financial position thereof and the respective budgetary comparisons for the General Fund and the Police and Fire ½% Tax Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated March 14, 2008, on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

Management's Discussion and Analysis is not a required part of the basic financial statements but is supplementary information accounting principles generally accepted in the United States of America requires. We have applied certain limited procedures, consisting principally of inquiries of management regarding the methods of measuring and presenting the required supplementary information. However, we did not audit the information and express no opinion on it.

We conducted our audit to opine on the financial statements that collectively comprise the City's basic financial statements. The federal awards expenditures schedule is required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the basic financial statements. We subjected the federal awards expenditures schedule to the auditing procedures applied in the audit of the basic financial statements. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

CITY OF NILES, OHIO

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2005 Unaudited

The discussion and analysis of the City of Niles's (the "City") financial performance provides an overall review of the City's financial activities for the year ended December 31, 2005. The intent of this discussion and analysis is to look at the City's financial performance as a whole; readers should also review the basic financial statements and the notes to the basic financial statements to enhance their understanding of the City's financial performance.

Financial Highlights

Key financial highlights for 2005 are as follows:

- The total net assets of the City decreased \$3,556,812. Net assets of governmental activities increased \$405,674 or 1.58% over 2004 and net assets of business-type activities decreased \$3,962,486 or 19.39% from 2004.
- General revenues accounted for \$9,943,904 or 75.58% of total governmental activities revenue. Program specific revenues accounted for \$3,212,811 or 24.42% of total governmental activities revenue.
- The City had \$12,651,041 in expenses related to governmental activities; \$3,212,811 of these expenses was offset by program specific charges for services, grants, or contributions. The remaining expenses of the governmental activities of \$9,438,230 were offset by general revenues (primarily property taxes, income taxes, and unrestricted grants and entitlements) of \$9,943,904.
- The City has two major governmental funds, the general fund and police and fire tax fund. The general fund had revenues of \$9,130,165 in 2005. The expenditures and other financing uses of the general fund totaled \$7,900,798 in 2005. The general fund balance increased \$1,229,367 from a balance of \$12,290,083 to \$13,519,450.
- The police and fire tax fund had revenues and other financing sources of \$5,000,000 in 2005. The expenditures of the police and fire tax fund totaled \$5,696,652 in 2005. The police and fire tax fund balance decreased \$696,652 from a balance of \$1,796,456 to \$1,099,804.
- Net assets for the business-type activities, which are made up of the Water, Sewer, Electric, and Para Transit enterprise funds, decreased in 2005 by \$3,962,486. This decrease in net assets was due primarily to inadequate charges for services revenue to cover operating expenses.

Using this Annual Financial Report

This annual report consists of a series of financial statements and notes to these statements. These statements are organized so the reader can understand the City as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The statement of net assets and statement of activities provide information about the activities of the City as a whole, presenting both an aggregate view of the City's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the City's most significant funds with all other nonmajor funds presented in total in one column.

Reporting the City as a Whole

Statement of Net Assets and the Statement of Activities

While this document contains a large number of funds used by the City to provide programs and activities, the view of the City as a whole looks at all financial transactions and asks the question, "How did we do financially during 2005?" The statement of net assets and the statement of activities answer this question. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by most private-sector companies. This basis of accounting will take into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the City's net assets and changes in those assets. This change in net assets is important because it tells the reader that, for the City as a whole, the financial position of the City has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. Non-financial factors include the City's property tax base, current property tax laws in Ohio restricting revenue growth, facility conditions, required community programs, and other factors.

In the statement of net assets and the statement of activities, the City is divided into two distinct kinds of activities:

Governmental activities - Most of the City's programs and services are reported here including police, fire and rescue, street maintenance, capital improvements, and general administration. These services are funded primarily by property and income taxes and intergovernmental revenues including federal and state grants and other shared revenues.

Business-type activities - These services are provided on a charge for goods or services basis to recover all or a significant portion of the expenses of the goods or services provided. The City's water, sewer, electric, and para-transit operations are reported here.

Reporting the City's Most Significant Funds

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Fund financial reports provide detailed information about the City's major funds. The City uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the City's most significant funds. The analysis of the City's major governmental and proprietary funds begins on page 10.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

CITY OF NILES, OHIO

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2005 Unaudited

Because the focus of the governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, the readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains a multitude of individual governmental funds. The City has segregated these funds into major funds and nonmajor funds. The City's major governmental funds are the general fund and police and fire tax fund. Information for major funds is presented separately in the governmental fund balance sheet and in the governmental statement of revenues, expenditures, and changes in fund balances. Data from the other governmental funds are combined into a single, aggregated presentation. The basic governmental fund financial statements can be found on pages 19-24 of this report.

Proprietary Funds

The City maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its water, sewer, refuse, and utility deposits management functions. The City's major enterprise funds are the water, sewer, and electric funds. Internal service funds are an accounting device used to accumulate and allocate costs internally among the City's various functions. The basic proprietary fund financial statements can be found on pages 25-28 of this report.

Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the City. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The City's fiduciary funds are private-purpose trust and agency funds. The basic fiduciary fund financial statements can be found on pages 29-30 of this report.

Notes to the Basic Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. These notes to the basic financial statements can be found on pages 31-59 of this report.

Government-Wide Financial Analysis

The table below provides a summary of the City's net assets for 2005 and 2004:

CITY OF NILES, OHIO

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2005
Unaudited**

	Net Assets					
	<u>Governmental Activities</u>		<u>Business-type Activities</u>		<u>Total</u>	
	<u>2005</u>	<u>2004</u>	<u>2005</u>	<u>2004</u>	<u>2005</u>	<u>2004</u>

Total assets	<u>29,082,047</u>	<u>28,488,326</u>	<u>28,495,680</u>	<u>31,491,548</u>	<u>57,577,727</u>	<u>59,979,874</u>
<u>Liabilities</u>						
Long-term liabilities	1,297,505	1,267,362	4,088,703	4,697,111	5,386,208	5,964,473
Other liabilities	<u>1,743,009</u>	<u>1,585,105</u>	<u>7,938,336</u>	<u>6,363,310</u>	<u>9,681,345</u>	<u>7,948,415</u>
Total liabilities	<u>3,040,514</u>	<u>2,852,467</u>	<u>12,027,039</u>	<u>11,060,421</u>	<u>15,067,553</u>	<u>13,912,888</u>
<u>Net Assets</u>						
Invested in capital assets, net of related debt	7,198,983	6,664,144	2,941,863	2,327,012	10,140,846	8,991,156
Restricted	4,393,933	5,574,530	-	-	4,393,933	5,574,530
Unrestricted	<u>14,448,617</u>	<u>13,397,185</u>	<u>13,526,778</u>	<u>18,104,115</u>	<u>27,975,395</u>	<u>31,501,300</u>
Total net assets	<u>\$26,041,533</u>	<u>\$ 25,635,859</u>	<u>\$16,468,641</u>	<u>\$20,431,127</u>	<u>\$42,510,174</u>	<u>\$46,066,986</u>

Over time, net assets can serve as a useful indicator of a government's financial position. At December 31, 2005, the City's assets exceeded liabilities by \$42,510,174. At year-end, net assets were \$26,041,533 and \$16,468,641 for the governmental activities and the business-type activities, respectively.

Capital assets reported on the government-wide statements represent the largest portion of the City's net assets. At year-end, capital assets represented 24.08% of total assets. Capital assets include land, land improvements, buildings and improvements, and equipment. Capital assets, net of related debt to acquire the assets at December 31, 2005 were \$7,198,983 and \$2,941,863 in the governmental activities and business-type activities, respectively. These capital assets are used to provide services to citizens and are not available for future spending. Although the City's investment in capital assets is reported net of related debt, it should be noted that the resources to repay the debt must be provided from other sources, since capital assets may not be used to liquidate these liabilities.

As of December 31, 2005, the City is able to report positive balances in all three categories of net assets, both for the government as a whole, as well as for its separate governmental and business-type activities.

A portion of the City's net assets, \$4,393,933, represents resources that are subject to external restriction on how they may be used. In the governmental activities, the remaining balance of unrestricted net assets of \$14,448,617 may be used to meet the government's ongoing obligations to citizens and creditors.

The table below shows the changes in net assets for fiscal years 2005 and 2004.

CITY OF NILES, OHIO

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2005
Unaudited**

Governmental Activities

Governmental activities net assets increased \$405,674 in 2005. This increase is a result of an increase in investment income versus amounts reported in the prior year.

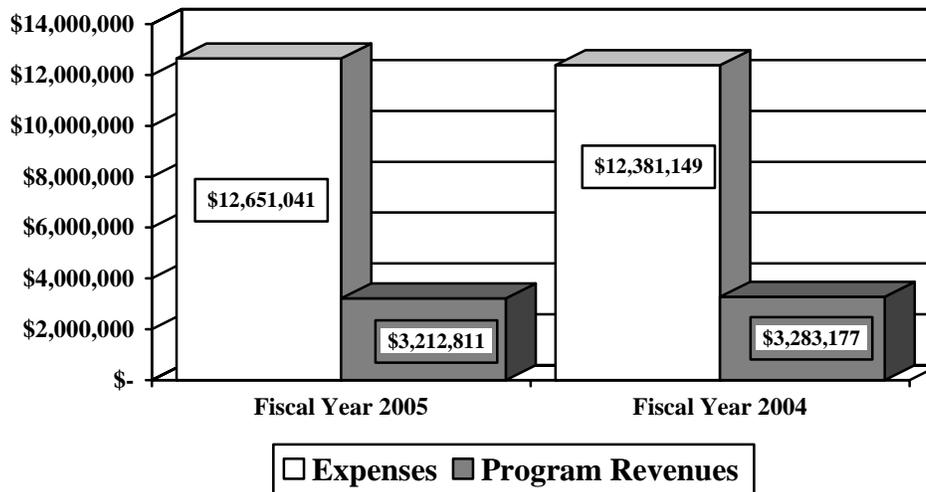

Security of persons and property, which primarily supports the operations of the police and fire departments accounted for \$7,905,775 of the total expenses of the City. These expenses were partially funded by \$765,149 in direct charges to users of the services and \$124,131 in operating grants and contributions. Transportation expenses totaled \$1,388,670. Transportation expenses were partially funded by \$859,831 in operating grants and contributions.

The state and federal government contributed to the City a total of \$1,290,527 in operating grants and contributions. These revenues are restricted to a particular program or purpose.

General revenues totaled \$9,943,904, and amounted to 75.58% of total governmental revenues. These revenues primarily consist of property and income tax revenue of \$8,268,434. The other primary source of general revenues is grants and entitlements not restricted to specific programs, including local government and local government revenue assistance, making up \$668,390.

The statement of activities shows the cost of program services and the charges for services and grants offsetting those services. The following table shows, for governmental activities, the total cost of services and the net cost of services. That is, it identifies the cost of these services supported by tax revenue and unrestricted State grants and entitlements. As can be seen in the graph below, the City is highly dependent upon property and income taxes as well as unrestricted grants and entitlements to support its governmental activities.

Governmental Activities – Program Revenues vs. Total Expenses

CITY OF NILES, OHIO

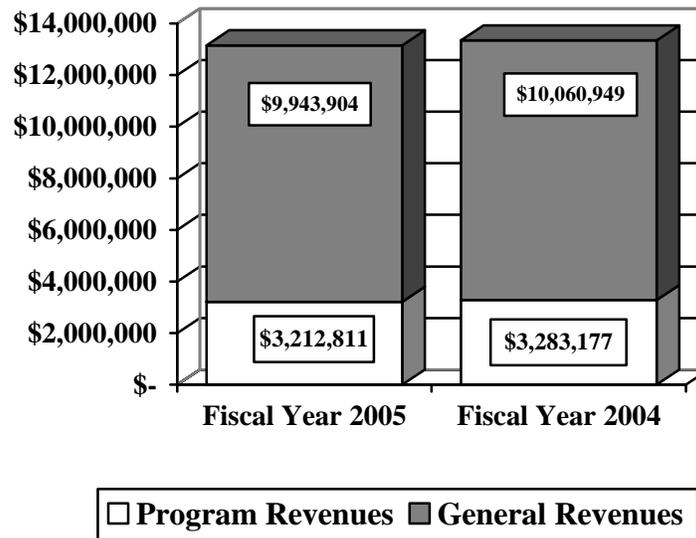

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2005
Unaudited**

Governmental Activities

	Total Cost of Services 2005	Net Cost of Services 2005	Total Cost of Services 2004	Net Cost of Services 2004
Expenses				
General government	\$ 1,874,171	\$ 1,153,487	2,018,183	1,193,381
Security of persons and property	7,905,775	7,016,495	7,487,201	6,679,696
Public health and welfare	343,487	222,380	345,849	217,695
Transportation	1,388,670	445,148	1,191,771	277,156
Community environment	510,619	8,935	723,028	163,029
Leisure time activity	467,803	431,269	451,316	403,214
Other	141,792	141,792	144,776	144,776
Interest and fiscal charges	18,724	18,724	19,025	19,025
Total expenses	<u>\$ 12,651,041</u>	<u>\$ 9,438,230</u>	<u>\$ 12,381,149</u>	<u>\$ 9,097,972</u>

The dependence upon general revenues for governmental activities is apparent, with 74.60% of expenses supported through taxes and other general revenues.

Governmental Activities – General and Program Revenues

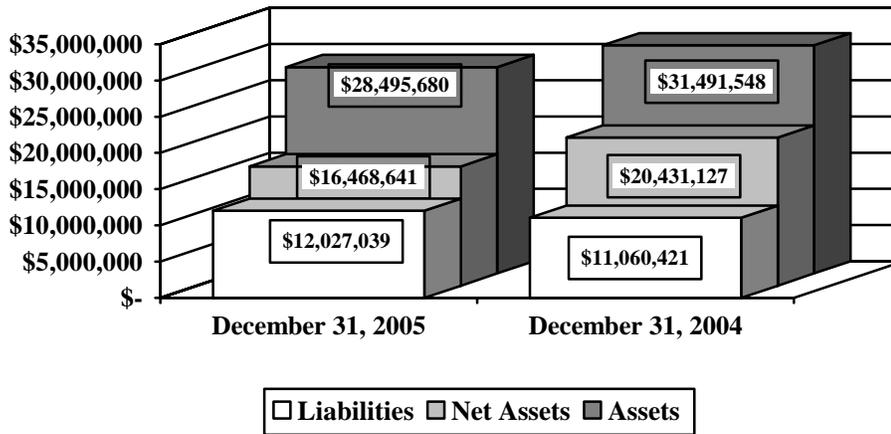

CITY OF NILES, OHIO
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2005
Unaudited

Business-type Activities

Business-type activities include the water, sewer, electric, and para transit enterprise funds. These programs had program revenues of \$31,281,558, general revenues of \$466,038, and expenses of \$35,810,082 for 2005. The graph below shows the business-type activities assets, liabilities and net assets at year-end.

Net Assets in Business – Type Activities

Financial Analysis of the Government's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unreserved fund balance may serve as a useful measure of the City's net resources available for spending at year-end.

The City's governmental funds (as presented on the balance sheet on page 19) reported a combined fund balance of \$18,233,223 which is \$50,824 above last year's total of \$18,182,399. The schedule below indicates the fund balances and the total change in fund balances as of December 31, 2005 for all major and nonmajor governmental funds.

	Fund Balances <u>12/31/05</u>	Fund Balances <u>12/31/04</u>	Increase (Decrease)
Major funds:			
General	\$ 13,519,450	\$ 12,290,083	\$ 1,229,367
Police and Fire Tax Fund	1,099,804	1,796,456	(696,652)
Other nonmajor governmental funds	<u>3,613,969</u>	<u>4,095,860</u>	<u>(481,891)</u>
Total	<u>\$ 18,233,223</u>	<u>\$ 18,182,399</u>	<u>\$ 50,824</u>

CITY OF NILES, OHIO

**MANAGEMENT'S DISCUSSION AND ANALYSIS

Unaudited**

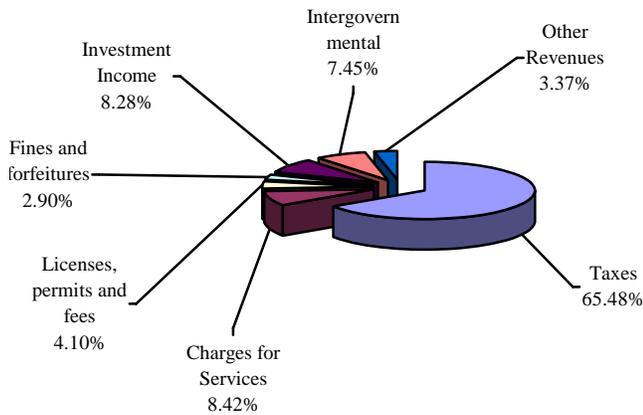

General Fund

The City's general fund balance increased \$1,229,367. The table that follows assists in illustrating the revenues of the general fund.

	<u>2005</u> <u>Amount</u>	<u>2004</u> <u>Amount</u>	<u>Percentage</u> <u>Change</u>
<u>Revenues</u>			
Taxes	\$ 5,978,821	\$ 5,600,576	6.75 %
Charges for services	768,568	756,304	1.62 %
Licenses, permits and fees	374,396	316,752	18.20 %
Fines and forfeitures	264,364	297,057	(11.01) %
Investment income	755,918	294,264	156.88 %
Intergovernmental	680,060	636,862	6.78 %
Other	<u>308,038</u>	<u>234,839</u>	31.17 %
Total	<u>\$ 9,130,165</u>	<u>\$ 8,136,654</u>	12.21 %

Tax revenue represents 65.48% of all general fund revenue. Tax revenue increased slightly by 6.75% from the prior year. The increase in investment income is due to an increase in interest rates by the Federal Reserve Bank throughout the year. All other revenue remained comparable to 2004.

Revenues – Fiscal Year 2005

Revenues – Fiscal Year 2004

The table that follows assists in illustrating the expenditures of the general fund.

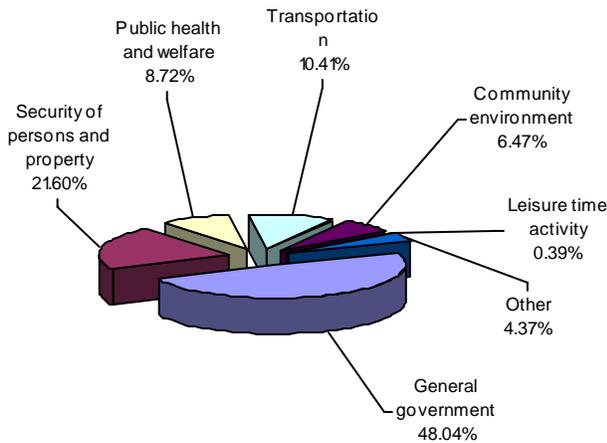

CITY OF NILES, OHIO

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2005
Unaudited**

	<u>2005</u> <u>Amount</u>	<u>2004</u> <u>Amount</u>	<u>Percentage</u> <u>Change</u>
<u>Expenditures</u>			
General government	\$ 1,559,270	\$ 1,656,121	(5.85) %
Security of persons and property	700,887	256,985	172.73 %
Public health and welfare	283,010	270,144	4.76 %
Transportation	337,972	320,111	5.58 %
Community environment	210,030	208,791	0.59 %
Leisure time activities	12,588	9,753	29.07 %
Other	141,792	144,776	(2.06) %
Total	<u>\$ 3,245,549</u>	<u>\$ 2,866,681</u>	13.22 %

The most significant increase was in the area of security of persons and property. All other expenditures remained comparable to 2004. The largest expenditure line item, general government, decreased slightly, which is primarily attributed to the City's control of purchased goods and services.

Expenditures - Fiscal Year 2005

Expenditures - Fiscal Year 2004

Police and Fire Tax Fund

The police and fire tax fund had revenues and other financing sources of \$5,000,000 in 2005. The expenditures of the police and fire tax fund totaled \$5,696,652 in 2005. The net decrease in fund balance for the police and fire tax fund was \$696,652 or 38.78%.

Budgeting Highlights

The City's budgeting process is prescribed by the Ohio Revised Code (ORC). Essentially the budget is the City's appropriations which are restricted by the amounts of anticipated revenues certified by the Budget Commission in accordance with the ORC. Therefore, the City's plans or desires cannot be totally reflected in the original budget. If budgeted revenues are adjusted due to actual activity then the appropriations can be adjusted accordingly.

CITY OF NILES, OHIO

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2005
Unaudited**

Budgetary information is presented for the general fund. In the general fund, the actual revenues came in \$1,664,954 higher than they were in the final budget and actual expenditures were \$3,413,867 lower than the amount in the final budget. These positive variances are the result of the City's conservative budgeting. Budgeted revenues increased \$51,631 from the original to the final budget. Budgeted expenditures increased \$634,612 from the original to the final budget.

Capital Assets and Debt Administration

Capital Assets

At the end of fiscal 2005, the City had \$13,863,957 (net of accumulated depreciation) invested in land, land improvements, buildings and improvements, equipment, and infrastructure. Of this total, \$7,198,983 was reported in governmental activities and \$6,664,974 was reported in business-type activities. The following table shows fiscal 2005 balances compared to 2004:

CITY OF NILES, OHIO
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2005
Unaudited

The following graphs show the breakdown of governmental capital assets by category for 2005 and 2004.

Capital Assets - Governmental Activities 2005

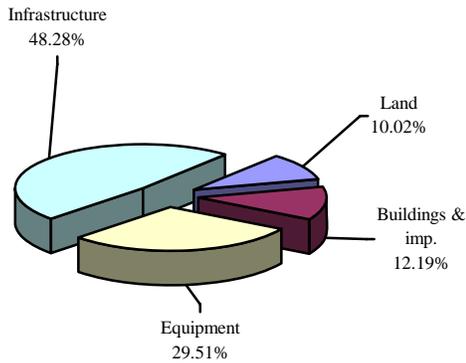

Capital Assets - Governmental Activities 2004

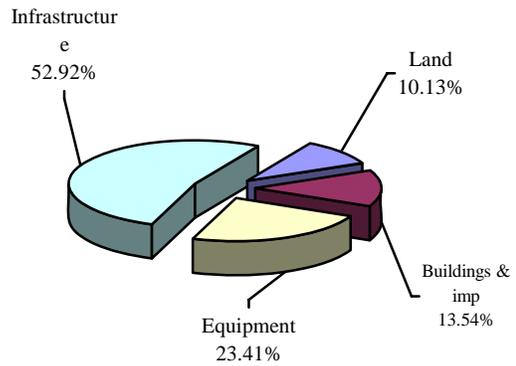

The following graphs show the breakdown of business-type capital assets by category for 2005 and 2004.

Capital Assets - Business-Type Activities 2005

Capital Assets - Business-Type Activities 2004

The City's largest business-type capital asset category is infrastructure that primarily includes water and sewer lines. These items play a vital role in the income producing ability of the business-type activities. The net book value of the City's infrastructure (cost less accumulated depreciation) represents approximately 48.28% of the City's total business-type capital assets.

Debt Administration

The City had the following long-term obligations outstanding at December 31, 2005 and 2004:

	Governmental Activities	
	<u>2005</u>	<u>2004</u>
Police and fire pension liability	\$ 435,068	\$ 442,377
Total long-term obligations	<u>\$ 435,068</u>	<u>\$ 442,377</u>
	Business-type Activities	
	<u>2005</u>	<u>2004</u>
OWDA loan	\$ 3,423,022	\$ 3,932,105
OPWC loan	<u>300,089</u>	<u>337,600</u>
Total long-term obligations	<u>\$ 3,723,111</u>	<u>\$ 4,269,705</u>

Economic Conditions and Outlook

The City's Administration considers the impact of various economic factors when establishing the fiscal year 2005 budget. The continued challenges resulting from regional loss of employment, stagnant economic development, and the general national recession, have yielded significant influence on the objectives established in the 2005 budget. The primary objectives include continued improvement to constituent service delivery as well as long-term fiscal stability.

Despite the uncertainty surrounding the economy, the City continues to carefully monitor two primary sources of revenue—local income taxes and shared intergovernmental (state) revenue. In order to stabilize the impact of the fluctuations in these revenue sources, City Council continues to pursue economic development and job creation; maintain the community's reputation for high public safety standards; and adoption of a budget designed to promote long-term fiscal stability. In order to meet the objectives of the 2005 budget, the City is aggressively pursuing new sources of revenue.

In order to meet these challenges, a strong and a balanced commitment to cost containment and continued revenue enhancement actions is essential. The City's financial position is anticipated to remain stable if conservative financial management is practiced.

Contacting the City's Financial Management

This financial report is designed to provide our citizen's, taxpayers, and investors and creditors with a general overview of the City's finances and to show the City's accountability for the money it receives. If you have questions about this report or need additional financial information contact: Mr. Charles Nader, City Auditor, City of Niles, 34 West State Street, Niles, Ohio 44446.

CITY OF NILES, OHIO

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES
IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED DECEMBER 31, 2005

Net change in fund balances - total governmental funds \$ 50,824

*Amounts reported for governmental activities
in the statement of activities are different because:*

Government funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets are allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation expense in the current period.

Capital asset additions	1,064,670	
Current year depreciation	(529,831)	
Total		534,839

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.

Income taxes	(101,959)	
Property and other local taxes	(4,047)	
Intergovernmental	(5,280)	
Total		(111,286)

Repayment of police and fire pension liability principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities on the statement of net assets. 7,309

Some expenses reported in the statement of activities, such as compensated absences, do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds. (16,579)

The internal service fund used by management to charge the costs of health care to individual funds is not reported in the statement of activities. Governmental fund expenditures and the related internal service fund revenues are eliminated. The net revenue (expense) of the internal service fund, including an internal balance, is allocated among the governmental activities. (59,433)

Change in net assets of governmental activities \$ 405,674

CITY OF NILES, OHIO

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2005**

NOTE 1 - DESCRIPTION OF THE CITY

The City of Niles, Ohio (the “City”), was incorporated under the laws of the State of Ohio in 1865. The city operates under a Council-Mayor form of government. The Mayor is elected for a four-year term. The eight council members serve two year terms.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements (BFS) of the City have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to local governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial principles. The City also applies Financial Accounting Standards Board (FASB) Statements and Interpretations issued on or before November 30, 1989, to its governmental and business-type activities and to its proprietary funds provided they do not conflict with or contradict GASB pronouncements. The City has the option to also apply FASB Statements and Interpretations issued after November 30, 1989 to its business-type activities and enterprise funds, subject to the same limitation. The City has elected not to apply these FASB Statements and Interpretations. The most significant of the City’s accounting policies are described below.

A. Reporting Entity

For financial reporting purposes, the City’s BFS include all funds, agencies, boards, commissions, and departments for which the City is financially accountable. Financial accountability, as defined by the GASB, exists if the City appoints a voting majority of an organization’s governing board and is either able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or impose specific burdens on, the City. The City may also be financially accountable for governmental organizations with a separately elected governing board, a governing board appointed by another government, or a jointly appointed board that is fiscally dependent on the City. The City also took into consideration other organizations for which the nature and significance of their relationship with the City are such that exclusion would cause the City’s basic financial statements to be misleading or incomplete. Based upon the foregoing criteria, the City has no component units.

The primary government consists of all funds, agencies, departments, and offices that are not legally separate from the City. The primary government includes the City departments and agencies that provide the following services: police and fire protection, street maintenance and repairs, building inspection and wastewater.

The following organizations are described due to their relationship with the City.

JOINTLY GOVERNED ORGANIZATION

Eastgate Development and Transportation Agency - The Eastgate Development and Transportation Agency (EDATA) is a jointly governed organization committed to foster cooperative regional efforts in the planning, programming and implementation of public sector activities. EDATA has forty-eight participating members. These include representatives from Trumbull County, Mahoning County, township trustees, and officials from participating cities and villages. The operation of EDATA is controlled by a general policy board which consists of a representative from each member. Funding comes from each of the participants. For 2005, the City contributed \$7,326 to the Eastgate Development and Transportation Agency.

CITY OF NILES, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2005

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Emergency Management Agency - The Emergency Management Agency is a jointly governed organization among the thirty-four subdivisions located within Trumbull County. The eight members of the advisory board are appointed by the thirty-four member subdivisions. The degree of control exercised by any participating government is limited to its representation on the Board. The Agency adopts its own budget, authorizes expenditures, and hire and fires its own staff. In 2005, the City contributed \$4,396 to the Emergency Management Agency.

JOINT VENTURES

Ohio Municipal Electric Generation Agency Joint Venture 5 (JV5) - The City of Niles is a Financing Participant with an ownership percentage of 10.63%, and shares participation with forty-one other subdivisions within the State of Ohio in the Ohio Municipal Electric Generation Agency Joint Venture 5 (OMEGA JV5). Financing Participants own undivided interests, as tenants in common, without right of partition in the OMEGA JV5 Project.

Pursuant to the OMEGA Joint Venture JV5 Agreement (Agreement), the participants jointly undertook as Financing Participants, the acquisition, construction, and equipping of OMEGA JV5, including such portions of OMEGA JV5 as have been acquired, constructed or equipped by AMP-Ohio.

OMEGA JV5 was created to construct a 42 Megawatt (MW) run-of-the-river hydroelectric plant (including 40MW of backup generation) and associated transmission facilities (on the Ohio River near the Bellville, West Virginia Locks and Dam) and sells electricity from its operations to OMEGA JV5 Participants.

Pursuant to the Agreement each participant has an obligation to pay its share of debt service on the Beneficial Interest Certificates (Certificates) from the revenues of its electric system, subject only to the prior payment of Operating & Maintenance Expenses (O&M) of each participant's System, and shall be on a parity with any outstanding and future senior electric system revenue bonds, notes or other indebtedness payable from any revenues of the System. On dissolution of OMEGA JV5, the net assets will be shared by the financing participants on a percentage of ownership basis. Under the terms of the Agreement each participant is to fix, charge and collect rates, fees and charges at least sufficient in order to maintain a debt coverage ratio equal to 110% of the sum of OMEGA JV5 debt service and any other outstanding senior lien electric system revenue obligations. As of December 31, 2005, Niles has met their debt coverage obligation.

The Agreement provides that the failure of any JV5 participant to make any payment due by the due date thereof constitutes a default. In the event of a default, OMEGA JV5 may take certain actions including the termination of a defaulting JV5 Participant's entitlement to Project Power. Each Participant may purchase a pro rata share of the defaulting JV5 Participant's entitlement to Project Power, which together with the share of the other non-defaulting JV5 Participants, is equal to the defaulting JV5 Participant's ownership share of the Project, in kilowatts ("Step Up Power") provided that the sum of any such increases shall not exceed, without consent of the non-defaulting JV5 Participant, an accumulated maximum kilowatts equal to 25% of such non-defaulting JV5 Participant's ownership share of the project prior to any such increases.

CITY OF NILES, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2005

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

OMEGA JV5 is managed by AMP-Ohio, which acts as the joint venture's agent. During 1993 and 2001 AMP-Ohio issued \$153,415,000 and \$13,899,981 respectively of 30 year fixed rate Beneficial Interest Certificates (Certificates) on behalf of the Financing Participants of OMEGA JV5. The 2001 Certificates accrete to a value of \$56,125,000 on February 15, 2040. The net proceeds of the bond issues were used to construct the OMEGA JV5 Project. On February 17, 2005 the 1993 Certificates were refunded by issuing 2005 Beneficial Interest Refunding Certificates in the amount of \$116,910,000, which resulted in a savings to the membership of \$34,951,833 from the periods 2006 through 2024.

The City's net investment and its share of operating results of OMEGA JV5 are reported in the City's electric fund (an enterprise fund). The City's net investment to date in OMEGA JV5 was \$986,675 at December 31, 2005. Complete financial statements for OMEGA JV5 may be obtained from AMP-Ohio or from the State Auditor's website at www.auditor.state.oh.us.

Ohio Municipal Electric Generation Agency Joint Venture 2 (JV2) - The City of Niles is a Financing Participant and an Owner Participant with percentages of liability and ownership of 14.65% and 11.49% respectively and share participation with thirty-five other subdivisions within the State of Ohio in the Ohio Municipal Electric Generation Agency (OMEGA JV2). Owner Participants own undivided interest, as tenants in common, in the OMEGA JV2 Project in the amount of their respective Project Share. Purchase Participants agree to purchase the output associated with their respective Project shares, ownership of which is held in trust for such Purchaser Participants.

Pursuant to the OMEGA JV2 Agreement, the participants jointly undertook as either Financing Participants or Non-Financing Participants and as either Owner Participants or Purchaser Participants, the acquisition, construction, and equipping of OMEGA JV2, including such portion of OMEGA JV2 as have been acquired, constructed or equipped by AMP-Ohio and to pay or incur the costs of the same in accordance with the JV2 Agreement.

OMEGA JV2 was created to provide additional sources of reliable, reasonably priced electric priced electric power and energy when prices are high or during times of generation shortages or transmission constraints, and to improve the reliability and economic status of the participant's respective municipal electric utility system. The Project consists of 138.65 MW of distributed generation of which 134.081 MW is the participant's entitlement and 4.569 MW are held in reserve. On dissolution of OMEGA JV2, the net assets will be shared by the participants on a percentage of ownership basis. OMEGA JV2 is managed by AMP-Ohio, which acts as the joint venture's agent. During 2001, AMP-Ohio issued \$50,260,000 of 20 year fixed rate bonds on behalf of the Financing Participants of OMEGA JV2. The net proceeds of the bond issue of \$45,905,712 were contributed to OMEGA JV2. The City's net obligation for these bonds at December 31, 2005 was \$5,231,542 (net of amounts withheld for Debt Service Reserve, amount held in the Bond Fund, previous billing to members, interest payable and debt service paid and collected). The City's net investment of \$5,098,384 at December 31, 2005, and its share of operating results of OMEGA JV2 are reported in the City's electric fund (an enterprise fund). The statements for OMEGA JV2 may be obtained from AMP-Ohio or from the City's Auditor. The City's liability for the bonds is disclosed below:

CITY OF NILES, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2005

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Years	Principal	Interest	Total Debt Service
2006	\$ 284,300	\$ 302,304	\$ 586,604
2007	296,024	290,932	586,956
2008	310,679	276,131	586,810
2009	326,066	260,597	586,663
2010	342,186	244,293	586,479
2011-2020	<u>4,559,067</u>	<u>1,307,703</u>	<u>5,866,770</u>
Total Gross Liability	6,118,322	<u>\$ 2,681,960</u>	<u>\$ 8,800,282</u>
Less: Amounts Held in Reserve	<u>(886,780)</u>		
Net Obligation	<u>\$ 5,231,542</u>		

Ohio Municipal Electric Generation Agency Joint Venture 1 (JV1) - The City is a participant in the Ohio Municipal Electric Generation Agency Joint Venture 1 (OMEGA JV1). OMEGA JV1 was organized by 21 subdivision of the State of Ohio (the participants) on April 1, 1992, pursuant to a joint venture agreement (the agreement) under the Ohio Constitution and Section 715.02 of the Ohio Revised Code. Its purpose is to provide a source of supplemental capacity to the participants. The participants are members of American Municipal Power-Ohio, Inc. (AMP-Ohio) Northeast Area Service Group. The participants are charged fees for the costs required to administer the joint venture and maintain the jointly owned electric plant. OMEGA JV1 purchased its electric generating facilities know as the Engle turbines designed for a total capacity of nine megawatts. These facilities are located in Cuyahoga Falls, Ohio. The City's net investment and its share of the operating results of OMEGA JV1 are reported in the City's electric enterprise fund. The City's equity interest in OMEGA JV1 was \$80,655 at December 31, 2005.

B. Basis of Presentation - Fund Accounting

The City's BFS consist of government-wide statements, including a statement of net assets and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

Government-wide Financial Statements - The statement of net assets and the statement of activities display information about the City as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The activities of the internal service fund is eliminated to avoid "doubling up" revenues and expenses. The statements distinguish between those activities of the City that are governmental and those that are considered business-type activities.

CITY OF NILES, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2005

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

The statement of net assets presents the financial condition of the governmental and business-type activities of the City at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the City's governmental activities and for the business-type activities of the City. Direct expenses are those that are specifically associated with a service, program, or department and, therefore, clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program, and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the City, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental functions are self-financing or draw from the general revenues of the City.

Fund Financial Statements - During the year, the City segregates transactions related to certain City functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the City at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. The internal service fund is presented in a single column on the face of the proprietary fund financial statements. Fiduciary funds are reported by type.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operation. The principal operating revenues of the City's proprietary funds are charges for services. Operating expenses from the enterprise funds include personnel and other expenses related to sewer, water, refuse, and utility deposits and operating expenses for the internal service fund include claims and administrative expenses. All revenues and expenses not meeting these definitions are reported as nonoperating revenues and expenses.

C. Fund Accounting

The City uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self balancing set of accounts. There are three categories of funds: governmental, proprietary, and fiduciary.

Governmental Funds - Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the City's major governmental funds:

General Fund - The general fund accounts for all financial resources except those required to be accounted for in another fund.

Police & Fire Tax Fund - This fund accounts for the revenue received from income tax for police and fire and for various police & fire expenditures.

CITY OF NILES, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2005

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Other governmental funds of the City are used to account for (a) the accumulation of resources for, and payment of, general long-term debt principal, interest, and related costs; (b) financial resources to be used for the acquisition, construction, or improvement of capital facilities other than those financed by proprietary funds; and (c) for grants and other resources whose use is restricted to a particular purpose.

Proprietary Funds - Proprietary fund reporting focuses on changes in net assets, financial position, and cash flows. Proprietary funds are classified as either enterprise or internal service.

Enterprise Funds - The enterprise funds may be used to account for any activity for which a fee is charged to external users for goods or services. The following are the City's major enterprise funds:

Sewer Fund - This fund accounts for the provision of sanitary sewer service to the residents and commercial users located within the City.

Water Fund - This fund accounts for the provision of water treatment and distribution to its residential and commercial users located within the City.

Electric Fund - This fund accounts for the operations of providing electric services to customers and to maintain the local electric system of the city.

The City's nonmajor enterprise fund is the Para Transit fund. This fund is reported as an "other enterprise fund" in the financial statements.

Internal Service Fund - The internal service fund accounts for the financing of services provided by one department or agency to other departments or agencies of the City on a cost-reimbursement basis. The City's internal service fund is used to account for employee health insurance provided through a self-insurance program.

Fiduciary Funds - Fiduciary fund reporting focuses on net assets and changes in net assets. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds, and agency funds. Trust funds are used to account for assets held by the City under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the City's own programs. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The City's fiduciary funds are a private-purpose trust fund used to account for an endowment and an agency fund used to account for the Municipal Court.

D. Measurement Focus

Government-wide Financial Statements - The government-wide financial statements are prepared using the economic resources measurement focus. All assets and all liabilities associated with the operation of the City are included on the statement of net assets.

CITY OF NILES, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2005

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Fund Financial Statements - All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the financial statements. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the financial statements for governmental funds.

Like the government-wide statements, all proprietary funds are accounted for on a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of these funds are included on the statement of net assets. The statement of changes in fund net assets presents increases (i.e., revenues) and decreases (i.e., expenses) in total net assets. The statement of cash flows provides information about how the City finances and meets the cash flow needs of its proprietary activities.

Private-purpose trust funds are reported using the economic resources measurement focus. Agency funds do not report a measurement focus as they do not report operations.

E. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Proprietary and agency funds also use the accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures.

Revenues - Exchange and Non-exchange Transactions - Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the City, available means expected to be received within thirty-one days of year-end.

Nonexchange transactions, in which the City receives value without directly giving equal value in return, include income taxes, property taxes, grants, entitlements, and donations. On an accrual basis, revenue from income taxes is recognized in the period in which the income is earned (See Note 7). Revenue from property taxes is recognized in the year for which the taxes are levied (See Note 6). Revenue from grants, entitlements, and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the City must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the City on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

CITY OF NILES, OHIO

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2005**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year-end: income tax, state-levied locally shared taxes (including gasoline tax, local government funds and permissive tax), fines and forfeitures, fees, and special assessments.

Deferred Revenue - Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied.

Property taxes for which there is an enforceable legal claim as of December 31, 2005, but which were levied to finance year 2006 operations, have been recorded as deferred revenue. Special assessments not received within the available period and grants and entitlements received before the eligibility requirements are met are also recorded as deferred revenue.

On governmental fund financial statements, receivables that will not be collected within the available period have also been reported as deferred revenue.

Expenses/Expenditures - On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

F. Budgetary Data

The budgetary process is prescribed by provisions of the Ohio Revised Code and entails the preparation of budgetary documents within an established timetable. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriations resolution, all of which are prepared on the budgetary basis of accounting. The certificate of estimated resources and the appropriations ordinance are subject to amendment throughout the year with the legal restriction that appropriations cannot exceed estimated resources, as certified. The legal level of budgetary control is at the fund, function level. Budgetary modifications may only be made by resolution of the City Council at the legal level of control.

Tax Budget - During the first Council meeting in July, the Mayor presents the following fiscal year's annual operating budget to City Council for consideration and passage. The adopted budget is submitted to the County Auditor, as Secretary of the County Budget Commission, by July 20 of each year, for the period January 1 to December 31 of the following year.

CITY OF NILES, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2005

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Estimated Resources - The County Budget Commission determines if the budget substantiates a need to levy all or part of previously authorized taxes and reviews estimated revenue. The Commission certifies its actions to the City by September 1. As part of this certification, the City receives the official certificate of estimated resources, which states the projected revenue of each fund. Prior to December 31, the City must revise its budget so that the total contemplated expenditures from any fund during the ensuing fiscal year will not exceed the amount available as stated in the certificate of estimated resources. The revised budget then serves as the basis for the annual appropriations measure. On or about January 1, the certificate of estimated resources is amended to include encumbered cash balances at December 31 of the preceding year. The certificate may be further amended during the year if the Finance Director determines, and the Budget Commission agrees, that estimates need to be either increased or decreased. The amounts reported on the budgetary statement reflect the amounts in the original and final amended official certificates of estimated resources issued during 2005.

Appropriations - A temporary appropriation ordinance to control expenditures may be passed on or about January 1 of each year for the period January 1 to March 31. An annual appropriation ordinance must be passed by April 1 of each year for the period January 1 to December 31. The appropriation ordinance fixes spending authority at the fund, department, and object level. The appropriation ordinance may be amended during the year as new information becomes available, provided that total fund appropriations do not exceed current estimated resources, as certified. The appropriations for a fund may only be modified during the year by an ordinance of Council. The amounts on the budgetary statement reflect the original and final appropriation amounts, including all amendments and modifications legally enacted by Council.

Lapsing of Appropriations - At the close of each year, the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriations. Encumbrances are carried forward and are not reappropriated as part of the subsequent year appropriations.

G. Cash and Investments

To improve cash management, cash received by the City is pooled. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through the City's records. Each fund's interest in the pool is presented as "Equity in Pooled Cash and Cash Equivalents" on the financial statements.

During fiscal year 2005, investments were limited to the State Treasury Asset Reserve of Ohio (STAR Ohio) and repurchase agreements. Except for nonparticipating investment contracts, investments are reported at fair value which is based on quoted market prices. Nonparticipating investment contracts, such as repurchase agreements, are reported at cost.

The City has invested funds in STAR Ohio during fiscal year 2005. STAR Ohio is an investment pool managed by the State Treasurer's Office which allows governments within the state to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAR Ohio are valued at STAR Ohio's share price which is the price the investment could be sold for on December 31, 2005.

CITY OF NILES, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2005

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Investment procedures are restricted by the provisions of the Ohio Revised Code. Interest revenue credited to the general fund during 2005 amounted to \$755,918, which includes \$496,475 assigned from other City funds.

The City utilizes a financial instruction to service bonded debt as principal and interest payments become due. These monies are presented on the financial statements as "Cash with Fiscal Agent".

The City has segregated bank accounts for monies held separate from the City's central bank account. These depository accounts are presented on the financial statements as "Cash in Segregated Accounts" since they are not required to be deposited into the City treasury. The cash of the Municipal Court is included in this line item on the statement of fiduciary net assets.

For purposes of the combined statement of cash flows and for presentation on the financial statements, investments of the cash management pool and investments with original maturities of three months or less at the time they are purchased by the City are considered to be cash equivalents. Investments with an initial maturity of more than three months are reported as investments.

An analysis of the City's investment account at year-end is provided in Note 4.

H. Inventories of Materials and Supplies

On government-wide and fund financial statements, inventories are presented at the lower of cost or market on a first-in, first-out basis and are expensed when used. Inventories are accounted for using the consumption method.

On the fund financial statements, reported material and supplies inventory is equally offset by a fund balance reserve in the governmental funds which indicates that it does not constitute available spendable resources even though it is a component of net current assets.

Inventory consists of expendable supplies held for consumption.

I. Investment in Joint Ventures

The investments in the joint ventures are reported using the equity method of accounting. The amounts included in the financial statements relating to the joint ventures are as of December 31, 2005. The City is a member of, and reports its equity interest in, certain Ohio Municipal Electric Generation Agency (OMEGA) Joint Ventures (see Note 2.A). The City reports on the statement of net assets its investments in joint ventures are as follows:

Equity interest in OMEGA JV2	\$ 5,098,384
Equity interest in OMEGA JV5	986,675
Equity interest in OMEGA JV1	<u>80,655</u>
Total investment in joint ventures	<u>\$ 6,165,714</u>

CITY OF NILES, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2005

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

J. Capital Assets

Governmental capital assets are those assets not specifically related to activities reported in the proprietary funds. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net assets but are not reported in the fund financial statements. Capital assets utilized by the proprietary funds are reported both in the business-type activities column of the government-wide statement of net assets and in the respective funds.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their fair market values as of the date received. The City maintains a capitalization threshold of \$1,000. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized. Interest incurred during the construction of governmental capital assets is not capitalized.

All reported capital assets are depreciated except for land. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the City's historical records of necessary improvements and replacements. Depreciation is computed using the straight-line method over the following useful lives:

<u>Description</u>	<u>Governmental Activities Estimated Lives</u>	<u>Business-type Activities Estimated Lives</u>
Buildings	15 - 45 years	15 - 45 years
Equipment and Vehicles	3 - 20 years	3 - 20 years
Sewer Lines	N/A	25 years
Water Lines	N/A	25 years
Electric Lines	N/A	25 years

Interest is capitalized on proprietary fund assets acquired with tax-exempt debt. The City's policy is to capitalize net interest on construction projects until substantial completion of the project. The amount of capitalized interest equals the difference between the interest cost associated with the tax-exempt borrowing used to finance the project from the date of borrowing until completion of the project and the interest earned from temporary investment of the debt proceeds over the same period.

Capitalized interest is amortized on the straight-line method over the estimated useful life of the asset. For 2005, the net interest expense incurred on proprietary fund construction projects was not material.

CITY OF NILES, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2005

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

K. Compensated Absences

Compensated absences of the City consist of vacation leave and sick leave to the extent that payment to the employee for these absences are attributable to services already rendered and are not contingent on a specific event that is outside the control of the City and the employee.

In conformity with GASB Statement No. 16, "Accounting for Compensated Absences", vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the City will compensate the employees for the benefits through paid time off or some other means. Sick leave benefits are accrued as a liability using the vesting method. The liability is based on the sick leave accumulated at December 31 by those employees who are currently eligible to receive termination payments and by those employees for whom it is probable they will become eligible to receive termination benefits in the future.

The total liability for vacation and sick leave payments has been calculated using pay rates in effect at the balance sheet date, and reduced to the maximum payment allowed by labor contract and/or statute, plus applicable additional salary related payments. City employees are granted vacation and sick leave in varying amounts. In the event of termination, an employee is reimbursed for accumulated vacation and sick leave at various rates.

The entire compensated absence liability is reported on the government-wide financial statements.

On governmental fund financial statements, compensated absences are recognized as liabilities and expenditures to the extent payments come due each period upon the occurrence of employee resignations and retirements. These amounts are recorded in the account "compensated absences payable" in the fund from which the employees who have accumulated leave are paid. The noncurrent portion of the liability is not reported. For proprietary funds, the entire amount of compensated absences is reported as a fund liability.

L. Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported in the government-wide financial statements, and all payables, accrued liabilities, and long-term obligations payable from proprietary funds are reported on the proprietary fund financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, claims and judgments, compensated absences, and contractually required pension contributions that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year.

M. Prepayments

Payments made to vendors for services that will benefit periods beyond December 31, 2005, are recorded as prepaid items using the consumption method by recording a current asset for the prepaid amount and reflecting the expenditure/expense in the year in which services are consumed.

CITY OF NILES, OHIO

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2005**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

N. Interfund Activity

Transfers between governmental and business-type activities on the government-wide statements are reported in the same manner as general revenues.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the BFS.

O. Fund Balance Reserves

Reserved fund balances indicate that portion of fund equity which is not available for current appropriation or use. The unreserved portions of fund equity reflected in the governmental funds are available for use within the specific purposes of the funds.

The City reports a reservation of fund balance for amounts representing encumbrances outstanding, and debt service, in the governmental fund financial statements.

P. Estimates

The preparation of the BFS in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the BFS and accompanying notes. Actual results may differ from those estimates.

Q. Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction, or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments.

The City applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

R. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the City, these revenues are charges for services for sewer, water, and electric programs. Operating expenses are necessary costs incurred to provide the good or service that are the primary activity of the fund.

CITY OF NILES, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2005

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

S. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of City Administration and that are either unusual in nature or infrequent in occurrence. Neither type of transaction occurred during 2005.

NOTE 3 - ACCOUNTABILITY AND COMPLIANCE

A. Change in Accounting Principles

For fiscal year 2005, the City has implemented GASB Statement No. 42, "Accounting and Financial Reporting for Impairment of Capital Assets and for Insurance Recoveries".

GASB Statement No. 42 amends GASB Statement No. 34 and establishes accounting and financial reporting standards for impairment of capital assets and accounting requirements for insurance recoveries.

The implementation of GASB Statement No. 42 did not have an effect on the financial statements of the City at December 31, 2005.

B. Deficit Fund Balances/Net Assets

Fund balances/net assets at December 31, 2005 included the following individual fund deficits:

<u>Nonmajor Fund</u>	<u>Deficit</u>
Cemetery	\$14,236
<u>Internal Service Fund</u>	
Hospitalization	\$83,123

These funds complied with Ohio state law, which does not permit a cash basis deficit at year-end. The general fund is liable for any deficit in these funds and provides transfers when cash is required, not when accruals occur. The deficit fund balances result from adjustments in accrued liabilities.

NOTE 4 - DEPOSITS AND INVESTMENTS

State statutes classify monies held by the City into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the City treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the City Council has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

CITY OF NILES, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2005

NOTE 4 - DEPOSITS AND INVESTMENTS - (Continued)

Interim deposits are deposits of interim monies. Interim moneys are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts including passbook accounts.

Interim monies to be deposited or invested in the following securities:

1. United States Treasury Notes, Bills, Bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio;
5. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) of this section and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
6. The State Treasurer's investment pool State Treasury Asset Reserve of Ohio (STAR Ohio);
7. Certain banker's acceptance and commercial paper notes for a period not to exceed one hundred eighty days from the purchase date in an amount not to exceed twenty-five percent of the interim monies available for investment at any one time: and,
8. Under limited circumstances, corporate debt interests rated in either of the two highest classifications by at least two nationally recognized rating agencies.

Protection of City's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the Finance Director by the financial institution or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution.

Investments in stripped principal or interest obligations, reverse repurchase agreements, and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the City, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the Finance Director or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

CITY OF NILES, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2005

NOTE 4 - DEPOSITS AND INVESTMENTS - (Continued)

A. Cash with Fiscal Agent

At fiscal year-end, the City had \$6,304 and \$50,063 in cash held by fiscal agent in the General Bond Retirement debt service fund and the Electric enterprise fund, respectively. These funds are maintained to service bonded debt as principal and interest payments. These amounts are held outside the City's internal investment pool and are not recorded in "Deposits with Financial Institutions" below.

B. Cash in Segregated Accounts

At fiscal year-end, the City had \$28,714 in cash held in segregated accounts for Municipal Court operations. This amount is included in "Deposits with Financial Institutions" below.

C. Deposits with Financial Institutions

At December 31, 2005, the carrying amount of all City deposits was \$4,597,212 exclusive of the \$1,134,072 repurchase agreement included in investments below. Based on the criteria described in GASB Statement No. 40, "Deposits and Investment Risk Disclosures", as of December 31, 2005, \$4,287,193 of the City's bank balance of \$4,686,516 was exposed to custodial risk as discussed below, while \$399,323 was covered by Federal Deposit Insurance Corporation.

Custodial credit risk is the risk that, in the event of bank failure, the City's deposits may not be returned. All deposits are collateralized with eligible securities in amounts equal to at least 105% of the carrying value of the deposits. Such collateral, as permitted by the Ohio Revised Code, is held in single financial institution collateral pools at Federal Reserve Banks, or at member banks of the federal reserve system, in the name of the respective depository bank and pledged as a pool of collateral against all of the public deposits it holds or as specific collateral held at the Federal Reserve Bank in the name of the City.

D. Investments

As of December 31, 2005, the City had the following investments and maturities:

<u>Investment type</u>	<u>Balance at Fair Value</u>	<u>Investment Maturities 6 months or less</u>
Repurchase Agreement	\$ 1,134,072	\$ 1,134,072
STAR Ohio	<u>25,598,322</u>	<u>25,598,322</u>
Total	<u>\$ 26,732,394</u>	<u>\$ 26,732,394</u>

The weighted average maturity of investments is one day.

CITY OF NILES, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2005

NOTE 4 - DEPOSITS AND INVESTMENTS - (Continued)

Interest Rate Risk: As a means of limiting its exposure to fair value losses arising from rising interest rates and according to state law, the City's investment policy limits investment portfolio maturities to five years or less.

Credit Risk: Standard & Poor's has assigned STAR Ohio an AAAM money market rating.

Custodial Credit Risk: For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. Of the City's investment in repurchase agreements, the entire balance is collateralized by underlying securities pledged by the investment's counterparty, not in the name of the City.

Concentration of Credit Risk: The City places no limit on the amount that may be invested in any one issuer. The following table includes the percentage of each investment type held by the City at December 31, 2005:

<u>Investment type</u>	<u>Fair Value</u>	<u>% to Total</u>
Repurchase Agreements	\$ 1,134,072	4.24
STAR Ohio	<u>25,598,322</u>	<u>95.76</u>
	<u>\$ 26,732,394</u>	<u>100.00</u>

E. Reconciliation of Cash and Investment to the Statement of Net Assets

The following is a reconciliation of cash and investments as reported in the footnote above to cash and investments as reported on the statement of net assets as of December 31, 2005:

<u>Cash and Investments per footnote</u>	
Carrying amount of deposits	\$ 4,597,212
Investments	26,732,394
Cash with fiscal agent	<u>56,367</u>
Total	<u>\$ 31,385,973</u>

<u>Cash and investments per Statement of Net Assets</u>	
Governmental activities	\$ 16,695,742
Business type activities	14,590,109
Private-purpose trust funds	71,408
Agency funds	<u>28,714</u>
Total	<u>\$ 31,385,973</u>

CITY OF NILES, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2005

NOTE 5 - INTERFUND TRANSACTIONS

Interfund transfers for the year ended December 31, 2005, consisted of the following, as reported in the fund statements:

Transfers from general fund to:	
Police and Fire tax fund	\$ 2,955,249
Nonmajor governmental funds	1,600,000
Nonmajor proprietary funds	<u>100,000</u>
Total	<u>\$ 4,655,249</u>

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and (3) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations. All transfers were made in accordance with Ohio Revised Code Sections 5706.14, 5706.15 and 5706.16.

Transfers between governmental funds are eliminated for reporting on the statement of activities. Only transfers between governmental activities and business-type activities are report on the statement of activities.

NOTE 6 - PROPERTY TAXES

Property taxes include amounts levied against all real, public utility and tangible personal property located in the City. Taxes collected from real property taxes (other than public utility) in one calendar year are levied in the preceding calendar year on the assessed value as of January 1 of that preceding year, the lien date. Assessed values are established by the County Auditor at 35 percent of appraised market value. All property is required to be revaluated every six years. The last revaluation was completed in 1999. Real property taxes are payable annually or semi-annually. The first payment is due January 20, with the remainder payable by July 20.

Taxes collected on tangible personal property (other than public utility) in one calendar year are levied in the prior calendar year on assessed values listed on December 31 of the prior year, and at tax rates determined in the preceding year. Tangible personal property used in business (except for public utilities) is currently assessed for ad valorem taxation purposes at twenty-five percent of true value for capital assets and twenty-three percent of true value for inventory. Amounts paid by multi-county taxpayers are due September 20. Single county taxpayers may pay annually or semi-annually. If paid annually, payment is due April 30; if paid semi-annually, the first payment is due April 30 with the remainder payable by September 20.

Tangible personal property tax is being phased out - the assessment percentage for property, including inventory, will be 18.75% for 2006. This percentage will be reduced to 12.5% for 2007, 6.25% for 2008, and zero for 2009. The tax on general business and railroad property will be eliminated by calendar year 2009, and the tax on telephone and telecommunications property will be eliminated by calendar year 2011. In calendar years 2006-2010, the City will be fully reimbursed for the lost revenue. In calendar years 2011-2017, the reimbursements will be phased out.

CITY OF NILES, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2005

NOTE 6 - PROPERTY TAXES – (Continued)

Public utility real and tangible personal property taxes collected in one calendar year are levied in the preceding calendar year on assessed values determined as of December 31 of the second year preceding the tax collection year, the lien date. Certain public utility tangible personal property currently is assessed at 88 percent of its true value; public utility real property is assessed at 35 percent of true value. Public utility property taxes are payable on the same dates as real property taxes described previously.

The County Treasurer collects property taxes on behalf of all taxing districts in the County, including the City of Niles. The County Auditor periodically remits to the City its portion of the taxes collected. The full tax rate for all City operations for the year ended December 31, 2005 was \$4.50 per \$1,000 of assessed value. The assessed values of real and tangible personal property upon which 2005 property tax receipts were based are as follows:

Real property tax	\$ 289,997,090
Public utility tangible personal property	4,764,580
Tangible personal property	<u>43,578,370</u>
Total assessed valuation	<u>\$ 338,340,040</u>

Property taxes receivables represent real and tangible personal property taxes, public utility taxes and outstanding delinquencies which are measurable as of December 31, 2005. Although total property tax collections for the next year are measurable, they are generally not collected during the available period. The exception to this is any advances received by the City in the first thirty-one days of the year are credited as property tax revenues with the remainder being credited to deferred revenue.

NOTE 7 - LOCAL INCOME TAX

The City levies and collects an income tax of 1.5 percent on substantially all income earned within the City as well as on incomes of residents earned outside the City. In the latter case, the City allows a credit of 100 percent of the tax paid to another municipality, not to exceed the City's current tax rate.

The City's income tax ordinance requires one-third of the income tax revenues to be used to finance the police and fire departments.

Employers within the City are required to withhold income tax on employee earnings and remit the tax to the City quarterly. Corporations and other individual taxpayers are required to pay their estimated tax at least quarterly and file a declaration annually.

Any income tax ordinance must be approved by a majority vote at a city election prior to the ordinance becoming effective. The current income tax levy was increased from 1 percent to 1.5 percent in 1987 and is a permanent levy.

CITY OF NILES, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2005

NOTE 8 - RECEIVABLES

Receivables at December 31, 2005, consisted of taxes, accounts (billings for user charged services), accrued interest receivable, and intergovernmental receivables arising from grants, entitlements, and shared revenue. All intergovernmental receivables have been classified as "Due From Other Governments" on the BFS. Receivables have been recorded to the extent that they are measurable at December 31, 2005, as well as intended to finance fiscal 2005 operations.

A summary of the principal items of receivables reported on the statement of net assets follows:

Governmental Activities:

Income taxes	\$ 2,082,705
Real and other taxes	1,194,088
Accrued interest	297
Due from other governments	522,953

Business-type Activities:

Accounts	2,462,162
----------	-----------

Receivables have been disaggregated on the face of the BFS. All receivables are expected to be collected within the subsequent year.

NOTE 9 - CAPITAL ASSETS

Capital asset activity for the year ended December 31, 2005, was as follows:

	Balance 12/31/04	Additions	Disposals	Balance 12/31/05
<u>Governmental Activities:</u>				
<i>Capital assets, not being depreciated:</i>

Transportation	56,969
Total depreciation expense - governmental activities	\$ 529,831

CITY OF NILES, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2005

NOTE 10 - LOAN TRANSACTIONS

On July 7, 2004, the City's general fund paid \$1,599,623 (\$1,400,000 in principal and \$199,623 in interest) to retire a note of the Water fund. The water fund intends to repay the general fund the entire \$1,599,623 over a ten year period beginning in July 2005. During fiscal year 2005, the Water fund paid the general fund \$129,962 and \$35,000 in principal and interest, respectively, on this loan. On the fund financial statements, the receivable balance in the general fund at December 31, 2005 is \$1,439,661 and a corresponding payable is recorded in the Water fund. On the government-wide financial statements the amounts are considered a part of the internal balance between the governmental and the business-type activities.

The following is a schedule of repayment:

	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2006	\$ 128,086	\$ 31,876	\$ 159,962
2007	131,288	28,674	159,962
2008	134,572	25,390	159,962
2009	137,935	22,027	159,962
2010	141,383	18,579	159,962
2011-2014	<u>601,774</u>	<u>38,077</u>	<u>639,851</u>
Total	<u>\$ 1,275,038</u>	<u>\$ 164,623</u>	<u>\$ 1,439,661</u>

NOTE 11 - LONG-TERM OBLIGATIONS

A. Governmental Activities Long-Term Obligations

During fiscal year 2005, the following changes occurred in governmental activities long-term obligations:

	<u>Balance</u>			<u>Balance</u>	<u>Amounts</u>
<u>Governmental Activities:</u>	<u>12/31/04</u>	<u>Additions</u>	<u>Reductions</u>	<u>12/31/05</u>	<u>Due in</u>
					<u>One Year</u>
Police and Fire Pension Liability	\$ 442,377	\$ -	\$ (7,309)	\$ 435,068	\$ 7,623
Compensated Absences	<u>824,985</u>	<u>54,192</u>	<u>(16,740)</u>	<u>862,437</u>	<u>37,613</u>
Total	<u>\$ 1,267,362</u>	<u>\$ 54,192</u>	<u>\$ (24,049)</u>	<u>\$ 1,297,505</u>	<u>\$ 45,236</u>

The police and fire pension liability represents police and fire pension obligations that will be paid from taxes received in the police and fire pension special revenue funds. Compensated absences will be paid from the fund from which the employees' salaries are paid which, for the City, is primarily the general fund.

The City's overall legal debt margin was \$31,802,593 at December 31, 2005.

CITY OF NILES, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2005

NOTE 11 - LONG-TERM OBLIGATIONS - (Continued)

Principal and interest requirements to retire the police and fire pension liability at December 31, 2005, are as follows:

<u>Year</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2006	\$ 7,623	\$ 18,410	\$ 26,033
2007	7,951	18,083	26,034
2008	8,293	17,741	26,034
2009	8,649	17,385	26,034
2010	9,021	17,014	26,035
2011 - 2015	51,258	78,913	130,171
2016 - 2020	63,252	66,917	130,169
2021 - 2025	78,054	52,117	130,171
2026 - 2030	96,320	33,849	130,169
2031 - 2035	104,647	11,335	115,982
Total	<u>\$ 435,068</u>	<u>\$ 331,764</u>	<u>\$ 766,832</u>

B. Business-Type Activities Long-Term Obligations

During fiscal year 2005, the following changes occurred in business-type activities long-term obligations:

<u>Business-Type Activities</u>	<u>Balance</u> <u>12/31/04</u>	<u>Additions</u>	<u>Reductions</u>	<u>Balance</u> <u>12/31/05</u>	<u>Amount Due</u> <u>in One Year</u>
<u>OPWC Loan:</u>					
1994 Sanitary Sewer Moratorium	\$ 337,600	\$ -	\$ (37,511)	\$ 300,089	\$ 37,511
<u>OWDA Loans:</u>					
1983 Waterwater Treatment Plant	3,932,105	-	(509,083)	3,423,022	378,018
Bond Anticipation Note payable	-	1,800,000	-	1,800,000	1,800,000
Compensated absences	427,406	-	(61,814)	365,592	11,217
Total business-type activities long-term obligations	<u>\$ 4,697,111</u>	<u>\$ 1,800,000</u>	<u>\$ (608,408)</u>	<u>\$ 5,888,703</u>	<u>\$ 2,226,746</u>

The Ohio Public Works Commission loan and the Ohio Water Development Authority loans will be paid from charges for services revenue in the Sewer enterprise fund.

Bond Anticipation Note Payable

On December 20, 2005, the City of Niles issued a \$1,800,000 bond anticipation note for 4.00 percent in the Water enterprise fund. The notes mature on December 20, 2006. The notes were issued in anticipation of the issuance of bonds to pay costs of improving the City's water system. The note is backed by the full faith and credit of the City. The liability for this note has been reported as a long-term liability in accordance with FASB Statement No. 6 "Classification of Short-Term Obligations Expected to be Refinanced" since the note has been refinanced on a long-term basis prior to the issuance of the financial statements (see Note 17). The note liability is reflected in the Water enterprise fund, the fund which received the proceeds.

CITY OF NILES, OHIO

NOTE 12 - RISK MANAGEMENT

A. Comprehensive

The City is exposed to various risks of loss related to torts, theft of, and destruction of assets, errors and omissions, injuries to employees and natural disasters. During 2005, the City contract with Millers Mutual Insurance for various types of insurance as follows:

Type	Coverage	Deductible
Commercial Automobile	\$ 1,000,000	\$ 500
Commercial Inland	1,000,000	500
Commercial Property	1,000,000	500
Public Officials Liability	2,000,000	2,500
Law Enforcement	1,000,000	2,500
Employee Dishonesty	25,000	None

Settled claims have not exceeded this coverage in any of the last three years. There has been no significant reduction in coverage from the prior year.

CITY OF NILES, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2005

NOTE 12 - RISK MANAGEMENT – (Continued)

B. Employee Medical Benefits

The City has elected to provide medical benefits through a self insured program. The maintenance of these benefits are accounted for in the Self-Insurance Internal Service fund. An excess coverage insurance (stop loss) policy covers annual claims in excess of \$50,000 per individual and \$1,000,000 for the City as a whole. Incurred but not reported claims of \$86,497 have been accrued as a liability based on a review of January, 2005 billings provided by the City Auditor’s office.

The claims liability of \$86,497 reported in the internal service fund at December 31, 2005, is based on requirements of Governmental Accounting Standards Board Statement No.10 which requires that a liability for unpaid claims costs, including estimates of costs relating to incurred but not reported claims, be reported.

The estimate was not affected by incremental claim adjustment expenses and does not include other allocated or unallocated claims adjustment expenses. Changes in the funds claims liability for 2005 and 2004 were:

		Balance at Beginning of Year		Current Year Claims		Claim Payment		Balance at End of Year
2005	\$	261,640		\$ 2,677,686		\$ (2,852,829)		\$ 86,497
2004		198,744		2,785,203		(2,722,307)		261,640

C. Workers’ Compensation

Workers’ compensation is provided by the State. The City pays the State Workers’ Compensation System a premium based on a rate per \$100 of salaries. This rate is calculated based on accident history and administrative costs.

NOTE 13 - PENSION PLANS

A. Ohio Public Employees Retirement System

The City participates in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The traditional plan is a cost-sharing, multiple-employer defined benefit pension plan. The member-directed plan is a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20% per year). Under the member directed plan, members accumulate retirement assets equal to the value of the member and vested employer contributions plus any investment earnings. The combined plan is a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and a defined contribution plan. Under the combined plan, employer contributions are invested by the retirement system to provide a formula retirement benefit similar to the traditional plan benefit. Member contributions, whose investment is self-directed by the member, accumulate retirement assets in a manner similar to the member directed plan.

CITY OF NILES, OHIO

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2005**

NOTE 13 - PENSION PLANS – (Continued)

OPERS provides retirement, disability, survivor and death benefits and annual cost of living adjustments to members of the traditional and combined plans. Members of the member directed plan do not qualify for ancillary benefits. Authority to established and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that may be obtained by writing to OPERS, 277 E. Town St., Columbus, OH 43215-4642 or by calling (800) 222-7377.

For the year ended December 31, 2005, the members of all three plans, except those in law enforcement or public safety participating in the traditional plan, were required to contribute 8.5% of their annual covered salaries. Members participating in the traditional plan who were in law enforcement contributed 10.1% of their annual covered salary; members in public safety contributed 9%. The City's contribution rate for pension benefits for 2005 was 9.55%, except for those plan members in law enforcement or public safety. For those classifications, the City's pension contributions were 12.7% of covered payroll. The Ohio Revised Code provides statutory authority for member and employer contributions.

The City's required contributions for pension obligations to the traditional and combined plans for the years ended December 31, 2005, 2004, and 2003 were \$428,400, \$425,665, and \$410,831, respectively; 77.50% has been contributed for 2005 and 100% for 2004 and 2003. \$96,384, representing the unpaid contribution for 2005, is recorded as a liability within the respective funds. The City and plan members did not make any contributions to the member-directed plan for 2005.

B. Ohio Police and Fire Pension Fund

The City contributes to the Ohio Police and Fire Pension Fund (OP&F), a cost-sharing multiple-employer defined benefit pension plan. OP&F provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by the Ohio State Legislature and are codified in Chapter 742 of the Ohio Revised Code. OP&F issues a publicly available financial report that includes financial statements and required supplementary information for the plan. That report may be obtained by writing to the Ohio Police and Fire Pension Fund, 140 East Town Street, Columbus, Ohio 43215-5164.

Plan members are required to contribute 10.0% of their annual covered salary to fund pension obligations while the City is required to contribute 19.5% for police officers and 24% for firefighters. Contributions are authorized by State statute. The City's contributions to the Fund for police and firefighters were \$163,915 and \$110,512 for the year ended December 31, 2005, \$212,191 and \$129,429 for the year ended December 31, 2004, and \$193,598 and \$131,087 for the year ended December 31, 2003. 92.86% has been contributed for 2005 and 100% for the years 2004 and 2003. \$19,586, representing the unpaid contributions for 2005, is recorded as a liability within the respective funds.

CITY OF NILES, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2005

NOTE 14 - POSTRETIREMENT BENEFIT PLANS

A. Ohio Public Employees Retirement System

The Ohio Public Employees Retirement System (OPERS) provides postretirement health care coverage to age and service retirees with ten or more years of qualifying Ohio service credit with either the traditional or combined plans. Health care coverage for disability recipients and primary survivor recipients is available. Members of the member-directed plan do not qualify for postretirement health care coverage. The health care coverage provided by the retirement system is considered an Other Postemployment Benefit as described in GASB Statement No. 12, "Disclosure of Information on Postemployment Benefits other than Pension Benefits by State and Local Government Employers". A portion of each employer's contribution to the traditional or combined plans is set aside for the funding of postretirement health care based on authority granted by State statute. The 2005 local government employer contribution rate was 13.55% of covered payroll (16.70% for public safety and law enforcement); 4.00% of covered payroll was the portion that was used to fund health care.

Benefits are advance-funded using the entry age normal actuarial cost method. Significant actuarial assumptions, based on OPERS's latest actuarial review performed as of December 31, 2003, include a rate of return on investments of 8.00%, an annual increase in active employee total payroll of 4.00 percent compounded annually (assuming no change in the number of active employees) and an additional increase in total payroll of between .50% and 6.3% based on additional annual pay increases. Health care premiums were assumed to increase at the projected wage inflation plus an additional factor ranging from 1 to 6 percent annually for the next eight years and 4 percent annually after eight years.

All investments are carried at market. For actuarial valuation purposes, a smoothed market approach is used. Assets are adjusted to reflect 25% of unrealized market appreciation or depreciation on investment assets annually.

The number of active contributing participants in the traditional and combined plans was 376,109. Actual employer contributions for 2005 which were used to fund postemployment benefits were \$126,465. The actual contribution and the actuarially required contribution amounts are the same. OPERS's net assets available for payment of benefits at December 31, 2004 (the latest information available) were \$10.8 billion. The actuarially accrued liability and the unfunded actuarial accrued liability were \$29.5 billion and \$18.7 billion, respectively.

On September 9, 2004 the OPERS Retirement Board adopted a Health Care Preservation Plan (HCPP) with an effective date of January 1, 2007. The HCPP restructures OPERS' health care coverage to improve the financial solvency of the fund in response to skyrocketing health care costs. Members and employer contribution rates increased as of January 1, 2006, which will allow additional funds to be allocated to the health care plan.

B. Ohio Police and Fire Pension Fund

The Ohio Police and Fire Pension Fund (OP&F) provides postretirement health care coverage to any person who receives or is eligible to receive a monthly service, disability or survivor benefit check or is a spouse or eligible dependent child of such person. An eligible dependent child is any child under the age of 18 whether or not the child is attending school, or under the age of 22 if attending school full-time or on a 2/3 basis.

CITY OF NILES, OHIO

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2005**

NOTE 14 - POSTRETIREMENT BENEFIT PLANS - (Continued)

The health care coverage provided by the retirement system is considered an Other Postemployment Benefit (OPEB) as described in GASB Statement No. 12, "Disclosure of Information on Postemployment Benefits other than Pension Benefits by State and Local Government Employers". The Ohio Revised Code provides the authority allowing the Ohio Police and Fire Pension Fund's board of trustees to provide health care coverage and states that health care costs paid from the funds of OP&F shall be included in the employer's contribution rate. Health care funding and accounting is on a pay-as-you-go basis. The total police employer contribution rate is 19.5% of covered payroll and the total firefighter employer contribution rate is 24% of covered payroll, of which 7.75% of covered payroll was applied to the postemployment health care program during 2005. In addition, since July 1, 1992, most retirees have been required to contribute a portion of the cost of their health care coverage through a deduction from their monthly benefit payment. Beginning in 2001, all retirees and survivors have monthly health care contributions.

The City's actual contributions for 2005 that were used to fund postemployment benefits was \$163,915 for police and \$110,512 for firefighters. The OP&F's total health care expense for the year ended December 31, 2004 (the latest information available) was \$102,173,796, which was net of member contributions of \$55,665,341. The number of OP&F participants eligible to receive health care benefits as of December 31, 2004 (the latest information available), was 13,812 for police and 10,528 for firefighters.

NOTE 15 - BUDGETARY BASIS OF ACCOUNTING

While the City is reporting financial position, results of operations and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The Statement of Revenues, Expenditures and Changes in Fund Balances - Budget and Actual (Non-GAAP Budgetary Basis) presented for the general fund is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and GAAP basis are as follows:

1. Revenues are recorded when received in cash (budget) as opposed to when susceptible to accrual (GAAP).
2. Expenditures/expenses are recorded when paid in cash (budget) as opposed to when the liability is incurred (GAAP).
3. Encumbrances are treated as expenditures (budget) rather than as a reservation of fund balance (GAAP).
4. Unreported cash represents amounts received but not included as revenue on the budget basis operating statements. These amounts are included as revenue on the GAAP basis operating statement.

CITY OF NILES, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2005

NOTE 15 - BUDGETARY BASIS OF ACCOUNTING - (Continued)

The following table summarizes the adjustments necessary to reconcile the GAAP basis statements (as reported in the fund financial statements) to the budgetary basis statements for all governmental funds for which a budgetary basis statement is presented.

Net Change in Fund Balance		
	<u>General</u>	<u>Police & Fire Tax Fund</u>
Budget basis	\$ 1,275,087	\$ (723,531)
Net adjustment for revenue accruals	(155,726)	-
Net adjustment for expenditure accruals	(39,076)	(4,997)
Adjustment for encumbrances	149,082	31,876
GAAP basis	\$ 1,229,367	\$ (696,652)

NOTE 16 - CONTINGENCIES

A. Grants

The City receives significant financial assistance from numerous federal and state agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the general fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material effect on any of the financial statements of the individual fund types included herein or on the overall financial position of the City at December 31, 2005.

B. Litigation

Several claims and lawsuits are pending against the City. In the opinion of the City Law Director, any potential liability would not have a material effect on the financial statements.

NOTE 17 – SIGNIFICANT SUBSEQUENT EVENTS

On November 30, 2006, the City retired the \$1,800,000 water system improvement bond anticipation note (see Note 11.B.) and reissued another \$1,600,000 water system improvement bond anticipation note which matures November 30, 2007.

THIS PAGE INTENTIONALLY LEFT BLANK.

**NOTES TO FEDERAL AWARDS EXPENDITURES SCHEDULE
FOR THE YEAR ENDED DECEMBER 31, 2005**

NOTE 1- SIGNIFICANT ACCOUNTING POLICIES

The accompanying Federal Awards Expenditures Schedule (the Schedule) summarizes activity of the City's federal award programs. The Schedule has been prepared on the cash basis of accounting.

NOTE 2 - MATCHING REQUIREMENTS

Certain Federal programs require that the City contribute non-Federal funds (matching funds) to support the Federally-funded programs. The City has complied with the matching requirements. The expenditure of non-Federal matching funds is not included on the Schedule.

Mary Taylor, CPA

Auditor of State

INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

City of Niles
Trumbull County
34 West State Street
Niles, Ohio 44446

To the Mayor and City Council:

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Niles, Trumbull County, Ohio (the City) as of and for the year ended December 31, 2005, which collectively comprise the City's basic financial statements and have issued our report thereon dated March 14, 2008. We qualified our report since certain information related to the Internal Service Fund expenses and liabilities reported with governmental activities and remaining fund information was not available for audit. Also, we qualified our report because certain accounting records to support the capital assets reported with governmental activities and business-type activities were not presented for audit. Except as discussed in the two preceding sentences, we conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City's internal control over financial reporting to determine our auditing procedures in order to express our opinions on the financial statements and not to opine on the internal control over financial reporting. However, we noted certain matters involving the internal control over financial reporting and its operation that we consider reportable conditions. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect the City's ability to record, process, summarize, and report financial data consistent with management's assertions in the financial statements. Reportable conditions are described in the accompanying schedule of findings as items 2005-002 and 2005-003.

A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts material to the financial statements we audited may occur and not be timely detected by employees when performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered material weaknesses. We consider reportable conditions 2005-002 and 2005-003 listed above to be material weaknesses. In a separate letter to the City's management dated March 14, 2008, we reported other matters involving internal control over financial reporting which we did not deem reportable conditions.

Compliance and Other Matters

As part of reasonably assuring whether the City's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express an opinion. The results of our tests disclosed an instance of noncompliance or other matters that we must report under *Government Auditing Standards* which is described in the accompanying schedule of findings as item 2005-001. In a separate letter to the City's management dated March 14, 2008, we reported other matters related to noncompliance we deemed immaterial.

We intend this report solely for the information and use of management, City Council, and federal awarding agencies and pass-through entities. It is not intended for anyone other than these specified parties.

A handwritten signature in black ink that reads "Mary Taylor". The signature is written in a cursive, flowing style.

Mary Taylor, CPA
Auditor of State

March 14, 2008

Mary Taylor, CPA

Auditor of State

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

City of Niles
Trumbull County
34 West State Street
Niles, Ohio 44446

To the Mayor and City Council:

Compliance

We have audited the compliance of the City of Niles, Trumbull County, Ohio (the City) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133, Compliance Supplement that apply to its major federal program for the year ended December 31, 2005. The summary of auditor's results section of the accompanying Schedule of Findings identifies the City's major federal program. The City's management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to each major federal program. Our responsibility is to express an opinion on the City's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to reasonably assure whether noncompliance occurred with the types of compliance requirements referred to above that could directly and materially affect a major federal program. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing other procedures we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the City's compliance with those requirements.

In our opinion, the City complied, in all material respects, with the requirements referred to above that apply to its major federal program for the year ended December 31, 2005.

Internal Control Over Compliance

The City's management is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the City's internal control over compliance with requirements that could directly and materially affect a major federal program to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Voinovich Government Center / 242 Federal Plaza W. / Suite 302 / Youngstown, OH 44503-1293

Telephone: (330) 797-9900 (800) 443-9271 Fax: (330) 797-9949

www.auditor.state.oh.us

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be timely detected by employees when performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses. However, we noted matters involving the internal control over federal compliance not requiring inclusion in this report, that we reported to the City's management in a separate letter dated March 14, 2008.

We intend this report solely for the information and use of management, City Council, and federal awarding agencies and pass-through entities. It is not intended for anyone other than these specified parties.

A handwritten signature in cursive script that reads "Mary Taylor".

Mary Taylor, CPA
Auditor of State

March 14, 2008

**SCHEDULE OF FINDINGS
OMB CIRCULAR A-133 § .505
DECEMBER 31, 2005**

1. SUMMARY OF AUDITOR'S RESULTS

(d)(1)(i)	Type of Financial Statement Opinion	Qualified
(d)(1)(ii)	Were there any material control weakness conditions reported at the financial statement level (GAGAS)?	Yes
(d)(1)(ii)	Were there any other reportable control weakness conditions reported at the financial statement level (GAGAS)?	No
(d)(1)(iii)	Was there any reported material non-compliance at the financial statement level (GAGAS)?	Yes
(d)(1)(iv)	Were there any material internal control weakness conditions reported for major federal programs?	No
(d)(1)(iv)	Were there any other reportable internal control weakness conditions reported for major federal programs?	No
(d)(1)(v)	Type of Major Programs' Compliance Opinion	Unqualified
(d)(1)(vi)	Are there any reportable findings under § .510?	No
(d)(1)(vii)	Major Programs (list):	CFDA # 14.228 – Community Development Block Grants Formula Allocation Program; CFDA #14.239 – Home Investment Partnership Program
(d)(1)(viii)	Dollar Threshold: Type A/B Programs	Type A: > \$ 300,000 Type B: > all others
(d)(1)(ix)	Low Risk Auditee?	No

**CITY OF NILES
TRUMBULL COUNTY**

**SCHEDULE OF FINDINGS
OMB CIRCULAR A -133 § .505
DECEMBER 31, 2005
(Continued)**

**2. FINDINGS RELATED TO THE FINANCIAL STATEMENTS
REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS**

Finding Number	2005-001
-----------------------	----------

Noncompliance Citation

Expenditures Limited by Appropriations

Ohio Revised Code Section 5705.41(B) states that no subdivision or taxing unit is to expend money unless it has been appropriated.

The following funds had expenditures that exceeded appropriations:

<u>Fund</u>	<u>Appropriations</u>	<u>Expenditures</u>	<u>Variance</u>
Water	\$3,945,647	\$5,470,020	(\$1,524,373)
Para-Transit Bus	665,000	785,024	(120,024)

This situation increases the possibility that deficit spending may occur.

We recommend that Management monitor their budgetary accounts throughout the year to ensure that expenditures do not exceed appropriations and prior year carryover encumbrances. Fund appropriations should be amended to correspond with any increase or decrease in fund expenditures.

Officials' Response:

We will monitor budgetary activity more closely so that money is appropriated before expended in accordance with Ohio Revised Code Section 5705.41(B).

Finding Number	2005-002
-----------------------	----------

Material Weakness

Self-Insurance

The City has delegated employees' health insurance claims processing, which is a significant accounting function, to a third party administrator. The City has not established procedures to determine whether this service organization has sufficient controls in place and operating effectively to reduce the risk that health insurance claims have not been completely and accurately processed in accordance with the health insurance contract.

We recommend the City help assure the completeness and accuracy (including eligibility and allowability) of health insurance claims processed by its third-party administrator. Statement on Auditing Standards (SAS) No. 70, as amended, prescribes standards for reporting on service organizations. An unqualified Type Two *Report on Policies and Procedures Placed in Operation and Tests of Operating Effectiveness* in accordance with SAS 70 should provide the City with reasonable assurance that health insurance claim transactions conform to the contract.

**CITY OF NILES
TRUMBULL COUNTY**

**SCHEDULE OF FINDINGS
OMB CIRCULAR A -133 § .505
DECEMBER 31, 2005
(Continued)**

We recommend the City require a Type Two SAS 70 report in its contract with the third party administrator. The City should review the SAS 70 report timely. The report should follow American Institute of Certified Public Accountants standards and be performed by a firm registered and considered in good standing with the Accountancy Board of the respective state. If a third-party administrator refuses to furnish the City with a Type Two SAS 70 report, we recommend the City contract with a third-party administrator that will provide such a report.

Officials' Response:

The City has contacted our third party health insurance provider and is in the process of taking corrective action. An Agreed Upon Procedures Report will be performed of the third party administrator to satisfy SAS 70 requirements for the period ending December 31, 2006.

Finding Number	2005-003
-----------------------	----------

Material Weakness

Capital Assets

It is management's responsibility to implement internal accounting control policies and procedures to reasonably ensure the City's assets are safeguarded and recorded. Specifically, these control procedures include the maintenance of adequate documentation to support the accuracy and completeness of capital asset records.

The following internal control weaknesses were noted related to the City's capital asset accounting:

- a. A complete capital asset listing is not maintained by the City. A partial list is maintained but does not include the location of the assets (buildings, departments, etc.), does not account for changes to the asset list, and does not account for changes in asset values due to renovations or replacements, for example, the swimming pool;
- b. The capital asset listing for the water, sewer, and electric utilities has not been updated since 1996;
- c. The City does not have an accounting system in place to identify capital asset purchases and deletions throughout the year; and
- d. The City does not maintain any type of identification system for capitalized items, such as inventory tag numbers.

These internal control weaknesses may cause inaccurate reporting of capital assets on the City's financial statements and an inability to manage and monitor the City's capital assets in an effective manner.

To help ensure that capital assets are reported accurately, we recommend:

- a. The City should conduct a complete physical inventory of its assets and prepare an accurate and complete capital asset listing. Also, the City should annually conduct a physical inventory of its assets and reconcile with the capital asset listing;
- b. The water, sewer, and electric utilities capital asset listing should be updated;

TRUMBULL COUNTY**

**SCHEDULE OF FINDINGS
OMB CIRCULAR A -133 § .505
DECEMBER 31, 2005
(Continued)**

- c. The City should establish a system in which departments notify the City Auditor's Office of any capital assets acquired and/or disposed. The notifications should be used to update the capital asset listing maintained by the City.
- d. The City should identify all capital assets by assigning inventory tag numbers and include the identification numbers in their capital asset listing.

Further, we recommend the City adopt a capital asset policy that will allow the City to maintain supporting documents for their reporting of capital assets as required by Governmental Accounting Standards Board Statement No. 34.

Officials' Response:

The City Officials are currently in the process of contracting with an appraisal company to perform a complete re-evaluation of the City's inventory items and capital assets. Also, the City is in the process of investing \$1M in new computer hardware and software that will track and manage additions, deletions, and valuations of capital assets.

3. FINDINGS AND QUESTIONED COSTS FOR FEDERAL AWARDS

None
