#### CITY OF SANDUSKY ERIE COUNTY

### NOTES TO THE FEDERAL AWARDS EXPENDITURES SCHEDULE FISCAL YEAR ENDED DECEMBER 31, 2007

### **NOTE A - SIGNIFICANT ACCOUNTING POLICIES**

The accompanying Federal Awards Expenditures Schedule (the Schedule) summarizes activity of the City's federal award programs. The schedule has been prepared on the cash basis of accounting.

## NOTE B - COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) REVOLVING LOAN AND HOME LOAN PROGRAMS

The City has established a revolving loan program to provide low-interest loans to businesses to create jobs for persons from low-moderate income households, to eligible persons to rehabilitate homes, for rental housing rehabilitation, down payment assistance, and for economic development. The Federal Department of Housing and Urban Development (HUD) grants money for these loans to the City. The City receives the entitlement grants directly from the Department of Housing and Urban Development and the HOME Investment Partnership Program Grant and the Community Development Block Grant are passed through the Ohio Department of Development. The initial loan of this money is recorded as a disbursement on the accompanying Schedule of Federal Awards Expenditures (the Schedule). Loans repaid, including interest, are used to make additional loans. Such subsequent loans are subject to certain compliance requirements imposed by HUD, but are not included as disbursements on the Schedule.

These loans are collateralized by mortgage on the property, equipment or other assets acquired or improved through the loan proceeds. At December 31, 2007, the gross amount of loans outstanding under these programs was \$3,103,590. Loans in default due are \$46,694.

### NOTE C - MATCHING REQUIREMENTS

Certain Federal programs require that the City contribute non-Federal funds (matching funds) to support the Federally-funded programs. The City has complied with the matching requirements. The expenditure of non-Federal matching funds is not included on the Schedule.

Mary Taylor, CPA Auditor of State

#### INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

City of Sandusky Erie County 222 Meigs Street Sandusky, Ohio 44870-2837

To the City Commission:

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Sandusky, Erie County, (the City) as of and for the year ended December 31, 2007, which collectively comprise the City's basic financial statements and have issued our report thereon dated June 30, 2008. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

### Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City's internal control over financial reporting as a basis for designing our audit procedures for expressing our opinions on the financial statements, but not to opine on the effectiveness of the City's internal control over financial reporting. Accordingly, we have not opined on the effectiveness of the City's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the City's ability to initiate, authorize, record, process, or report financial data reliably in accordance with its applicable accounting basis, such that there is more than a remote likelihood that the City's internal control will not prevent or detect a more-than-inconsequential financial statement misstatement.

A material weakness is a significant deficiency, or combination of significant deficiencies resulting in more than a remote likelihood that the City's internal control will not prevent or detect a material financial statement misstatement.

One Government Center / Suite 1420 / Toledo, OH 43604-2246 Telephone: (419) 245-2811 (800) 443-9276 Fax: (419) 245-2484 www.auditor.state.oh.us City of Sandusky Erie County Independent Accountants' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Required by *Government Auditing Standards* Page 2

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all internal control deficiencies that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider material weaknesses, as defined above.

We noted certain matters that we reported to the City's management in a separate letter dated June 30, 2008.

### **Compliance and Other Matters**

As part of reasonably assuring whether the City's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed an instance of noncompliance or other matter that we must report under *Government Auditing Standards* which is described in the accompanying schedule of findings as item 2007-001.

We also noted certain noncompliance or other matters not requiring inclusion in this report that we reported to the City's management in a separate letter dated June 30, 2008.

The City's response to the finding identified in our audit is described in the accompanying schedule of findings. We did not audit the City's response and, accordingly, we express no opinion on it.

We intend this report solely for the information and use of the audit committee, management, City Commission, federal awarding agencies and pass-through entities. We intend it for no one other than these specified parties.

### INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

City of Sandusky Erie County 222 Meigs Street Sandusky, Ohio 44870-2837

To the City Commission:

## Compliance

We have audited the compliance of the City of Sandusky, Erie County (the City) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133, Compliance Supplement* that apply to each of its major federal programs for the year ended December 31, 2007. The summary of auditor's results section of the accompanying schedule of findings identifies the City's major federal programs. The City's management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to each major federal program. Our responsibility is to express an opinion on the City's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to reasonably assure whether noncompliance occurred with the types of compliance requirements referred to above that could directly and materially affect a major federal program. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing other procedures we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the City's compliance with those requirements.

In our opinion, the City of Sandusky complied, in all material respects, with the requirements referred to above that apply to each of its major federal programs for the year ended December 31, 2007.

One Government Center / Suite 1420 / Toledo, OH 43604-2246 Telephone: (419) 245-2811 (800) 443-9276 Fax: (419) 245-2484 www.auditor.state.oh.us City of Sandusky Erie County Independent Accountants' Report on Compliance with Requirements Applicable to Each Major Federal Program and on Internal Control Over Compliance in Accordance with OMB Circular A-133 Page 2

### Internal Control Over Compliance

The City's management is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the City's internal control over compliance with requirements that could directly and materially affect a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A *control deficiency* in internal control over compliance exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent or detect noncompliance with a federal program compliance requirement on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the City's ability to administer a federal program such that there is more than a remote likelihood that the City's internal control will not prevent or detect more-than-inconsequential noncompliance with a federal program compliance requirement.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that the City's internal control will not prevent or detect material noncompliance with a federal program's compliance requirements.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

### Federal Awards Expenditures Schedule

We have also audited the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of Sandusky as of and for the year ended December 31, 2007, and have issued our report thereon dated June 30, 2008. Our audit was performed to form an opinion on the financial statements that collectively comprise the City's basic financial statements. The accompanying federal awards expenditures schedule provides additional information as required by OMB Circular A-133 and is not a required part of the basic financial statements. We subjected this information to the auditing procedures applied in the audit of the basic financial statements. In our opinion, this information is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

City of Sandusky Erie County Independent Accountants' Report on Compliance with Requirements Applicable to Each Major Federal Program and on Internal Control Over Compliance in Accordance with OMB Circular A-133 Page 3

We intend this report solely for the information and use of the audit committee, management, City Commission, federal awarding agencies, and pass-through entities. It is not intended for anyone other than these specified parties.

## 2. FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS

## FINDING NUMBER 2007-001

## Noncompliance Finding

Ohio Revised Code Section 5705.41(D) provides that no subdivision shall make any contract of give any order involving the expenditure of money unless there is attached thereto a certificate of the fiscal officer of the subdivision that the amount required to meet the obligation has been lawfully appropriated for such purpose and is in the treasury or in the process of collection to the credit of an appropriate fund free from any previous encumbrances. This certificate need be signed only by the subdivision's fiscal officer. Every contract made without such a certificate shall be void, and no warrant shall be issued in payment of any amount due thereon.

There are several exceptions to the standard requirement stated above that a fiscal officer's certificate must be obtained prior to a subdivision or taxing authority entering into a contract or order involving the expenditure of money. The main exceptions are: "then and now" certificates, blanket certificates, and super blanket certificates, which are provided for in sections 5705.41(D)(1) and 5705.41(D)(3), respectively of the Ohio Revised Code.

1. Then and Now Certificate – If no certificate is furnished as required, upon receipt of the fiscal officer's certificate that a sufficient sum was, both at the time of the contract or order and at the time of the certificate, appropriated and free of any previous encumbrances, the City may authorize the issuance of a warrant in payment of the amount due upon such contract or order by resolution within 30 days from the receipt of such certificate, if such expenditure is otherwise valid.

If the amount involved is less than \$3,000 the fiscal officer may authorize payment through a Then and Now Certificate without affirmation of the City Commission if such expenditure is otherwise valid.

- 2. Blanket Certificate Fiscal officers may prepare "blanket" certificates for a certain sum of money not in excess of an amount established by resolution or ordinance adopted by a majority of the members of the legislative authority against any specific line item account over a period not running beyond the end of the current fiscal year. The blanket certificates may, but need not be, limited to a specific vendor. Only one blanket certificate may be outstanding at one particular time for any one particular line item appropriation.
- 3. Super Blanket Certificate The City may also make expenditures and contracts for any amount from a specific line item appropriation in a specified fund upon certification of the fiscal officer for most professional services, fuel, oil, food items, and any other specific recurring and reasonably predictable operating expense. This certification is not to extent beyond the current year. More than one super blanket may be outstanding a particular time for any line item appropriation.

Additionally, **City of Sandusky Charter §22** states no contract, agreement or other obligation involving the expenditure of money shall be entered into, unless the fiscal officer shall first certify the money required for such contract, agreement, obligation, or expenditure is in the Treasury to the credit of the fund from which it is to be drawn.

The Finance Director did not properly certify 36 percent of the expenditures tested. The failure to properly certify the availability of funds can result in overspending funds and negative cash balances.

City of Sandusky Erie County Schedule of Findings Page 3

## FINDING NUMBER 2007-001 (Continued)

Failure to certify the availability of funds and encumber appropriations could result in overspending in negative cash balances. Unless the exceptions noted above are used, prior certification is not only required by statute but is a key control in the disbursement process to assure that purchase commitments receive prior approval. To improve controls over disbursements and to help reduce the possibility of the City's funds exceeding budgetary spending limitations, the Finance Director should certify that the funds are or will be available prior to obligation by the City. When prior certification is not possible, "then and now" certification should be used.

We recommend the Finance Director certify funds as provided by Ohio Rev. Code § 5705.41(D) and by the City's Charter.

### Client Response:

The City acknowledges this recommendation and will attempt to certify funds prior to making the expenditure at an acceptable level.

June 30, 2008

To the City Commission and Citizens of Sandusky:

The Comprehensive Annual Financial Report of the City of Sandusky for the year ended December 31, 2007, is herewith submitted. This report is prepared according to generally accepted accounting principles (GAAP). The responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the City. We believe the data, as presented, is accurate in all material respects, that it is presented in a manner designed to fairly set forth the financial position and results of operations of the City as measured by its financial activity and that all disclosures necessary to enable the reader to gain the maximum understanding of the City's financial activity have been included. The City has a framework of internal controls established to insure the accuracy of the presented data and the completeness and fairness of the presentation. Because the cost of internal controls should not exceed anticipated benefits, the controls provide reasonable assurance that the financial statements are free of any material misstatements.

Management's Discussion and Analysis (MD&A) immediately follows the independent accountants' report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

The State of Ohio Auditor's Office has issued an unqualified opinion on the City of Sandusky's basic financial statements for the year ended December 31, 2007. The Independent Accountant's Report is located at the front of the financial section of this report.

State law requires the City to file basic financial statements with the Auditor of State within one hundred fifty days after year end. This report fulfills that requirement.

## PROFILE OF THE CITY OF SANDUSKY

The City of Sandusky, located in Erie County, is a home rule municipal corporation founded in 1818 under the laws of the State of Ohio and, as such, operates under its own Charter adopted in 1914. The City may exercise all powers of home rule granted under Article XVIII, Section 3, of the Ohio Constitution not in conflict with applicable general laws of the State of Ohio. The City operates under the City Commission - City Manager form of government. The seven City Commissioners are elected at-large and serve four-year terms. The president of the City Commission serves as the Ex-Officio Mayor. The City Manager, Finance Director, Law Director, and Clerk of Commission are appointed by, and serve at the pleasure of, the City Commission.

The City of Sandusky is ideally located. Sandusky Bay on Lake Erie is larger than any of Ohio's inland lakes and in conjunction with Lake Erie provides a wide spectrum of recreational activities to the citizens as well as to visitors. Sandusky is the largest city in Erie County and is the county seat. The population of the City of Sandusky is 27,844 based on the 2000 Census conducted by the U.S. Census Bureau.

The City is served by diversified transportation facilities, including five State and Interstate Highways and is located near the Ohio Turnpike. It is served by CSX and Norfolk Southern Railroad for freight service and Amtrak for daily passenger service. Passenger air service is provided at Griffing-Sandusky Airport located in the City. Cleveland Hopkins International Airport and the Toledo Express Airport are each within a one hour drive of the City. Lake freighters load or unload coal, salt, and other products from shipping docks in the City.

Sandusky Transit System (STS) public transportation has been serving the Sandusky and Erie County community since 1992. STS is largely supported through Federal and State grants. STS provides over 86,000 rides annually, with 55 percent being work related. STS is demand-responsive with a curb-to-curb assistance policy.

Two daily newspapers serve the City. The City is within the broadcast area of television stations in the Cleveland and Toledo areas and numerous AM and FM radio stations. Multi-channel cable TV service, including educational, governmental, and public access channels, is provided by Erie County Cablevision.

Within commuting distance are several public and private two-year and four-year colleges and universities including Firelands College, University of Toledo, Bowling Green State University, Ohio Business College, and Lorain County Community College. Public education for grades K through 12 is provided by the Sandusky City School District whose boundaries are coterminous with those of the City.

The Firelands Regional Medical Center is located in the City and is one of the City's largest employers. Firelands Regional Medical Center has a history rich in the tradition of providing the finest healthcare services available to the surrounding five-county area. This organization is the result of the merging of Firelands and Providence Hospitals. The Firelands Regional Center Main Campus contains 444 beds and provides the majority of its medical services. The former Providence Hospital location is called the Firelands Regional Center South Campus. It contains an 84 bed skilled-care and rehabilitation unit, along with a family practice and outpatient physical therapy units.

With the City being located on the shores of Sandusky Bay and Lake Erie, many of the commercial and recreational activities are associated with its waterfront location, including ferry lines that provide service to certain Lake Erie islands and Canada. Cedar Point Amusement Park, one of the premier amusement parks in the United States, is located on 364 acres on a peninsula within the City limits and includes over 68 rides and attractions, along with hotels, marinas, and a campground.

The construction of several indoor waterpark resorts over the past several years has made the area a year round tourist destination. In 2001, Great Wolf Lodge completed the construction of a 271-room resort near the City with a 22,000 square foot indoor water amusement park. In 2004, Cedar Point completed construction of Castaway Bay, a 35,000 square foot indoor, year-round, waterpark. Castaway Bay is located at the entrance to the Cedar Point Causeway within the City. Finally, the Kalahari Resort and Convention Center, located near the City, opened in 2005 and includes an 80,000 square foot indoor waterpark. Further expansion at the Kalahari is planned for the near future. In 2007, the Green Tree Inn on Cleveland Road opened another waterpark facility titled "The Rain." Further waterpark expansion is planned at the Green Tree Inn in 2008.

A public library and several museums are located within the City and other cultural and sporting activities are available in Cleveland and Toledo, which are each within a one hour drive of the City.

The City of Sandusky provides a full range of services to its citizens, including police and fire protection, planning and zoning, street maintenance, public transit, floral parks, recreation, forestry, cemetery, water filtration treatment plant and distribution systems, water pollution control treatment plant and sewer collector systems, and general government services. The City also owns and operates the Mills Creek Golf Course.

The City Commission is required to adopt the original budget by no later than March 31 of each year and final budget amendments must be made prior to the close of the year. The annual budget serves as the foundation for the City's financial planning and control. All funds, except agency funds, are required to be budgeted. The legal level of control has been established by the City Commission at the fund, department, and object level in all funds.

The City maintains a bond rating of A2 with Moody's Investor Services.

The City negotiates with three bargaining units: American Federation of State, County, and Municipal Employees Local No. 1519, the Fraternal Order of Police - Lodge No. 17, and the International Association of Fire Fighters - Local No. 327. These agreements will expire on December 31, 2009.

## LOCAL ECONOMY

Major industries located within the City's boundaries or in close proximity include manufacturers of automotives and automotive components, a theme park, hospital, and local governments such as Erie County and the Sandusky Board of Education.

During the past six years, the unemployment rate (not seasonally adjusted) has slowly risen from 5.8 percent in December 2001 to 7.5 percent in December 2007. Unemployment is expected to increase due to plans to close one of the local automotive component plants. In addition, an automobile manufacturer located in Lorain County closed in 2005. That has impacted many City and County residents that were employed there. There has been a decrease in total income tax collections from 2001 to 2007. Income tax revenue in 2001 was \$7,404,105 while revenues in 2007 was \$6,891,325.

The median household income for the City based on the 2000 Census is \$37,749, compared to the County, State, and national medians of \$42,746, \$40,956, and \$41,994 respectively. The median house value for the City based on the 2000 Census is \$75,400, compared to the County, State, and national medians of \$109,800, \$103,700, and \$119,600 respectively.

## LONG-TERM FINANCIAL PLANNING

The City Commission approved the City Strategic Plan in February 2005. The Strategic Plan is a tool that will be used by the City Commission and staff to guide decisions made on behalf of the citizens of the City. If implemented successfully, the strategy will result in growth and overall positive results in the City. The overall purpose of the Strategic Plan is making the City a place where people choose to live, work, and play.

The Strategic Plan contains the following general goals that will be the focus of the City's resources:

- Development of Housing
- Development of Business
- Promotion of the City
- Relationships with Other Local Organizations
- Cultural Diversity
- Customer-Focused Organization

The general goals are supported by a list of action plans that will define the paths to accomplishing the goals. Each action plan will:

- Identify the general goal that it supports;
- Define the steps to complete the plan;
- Identify the City staff responsible for its completion;
- Contain an estimate of resources necessary to complete the plan;
- Contain a timeline;
- Contain an estimate of the impact;
- Define how success is measured.

The City recognizes the importance of long-term strategic planning, as evidenced by its Strategic Plan. Similarly, it recognizes that prudent financial planning considers the multi-year implications of financial decisions. The City shall maintain a long-term focus in its financial planning that is mindful of the long-term objectives of the City.

A five-year financial plan shall be updated on an annual basis by the City Manager. The plan shall include all major operating funds along with the capital needs of the Strategic Plan of the City. The purpose of this plan is to:

- Identify major policy issues for City Commission consideration prior to the preparation of the annual budget;
- Establish capital project priorities and make advance preparation for the funding of projects within the five-year horizon;
- Make conservative financial projections for all major operating funds and all capital needs related to the Strategic Plan to provide assurance that adequate funding exists for proposed projects and services;
- Identify financial trends in advance or in the early stages so that timely corrective action can be taken, if needed; and
- Communicate the City's plans to the public and provide an opportunity for the public to offer input.

## **RELEVANT FINANCIAL POLICIES**

The City of Sandusky has a responsibility to its citizens to carefully account for public funds, to manage municipal finances wisely, and to plan for the provision of services desired by the public. Sound financial policies are necessary to carry out that responsibility.

The City has established relevant financial policies for investments, capital assets, and the budget. The purpose of the investment policy is to provide for the complete safety of the portfolio's principal value, assure adequate liquidity, and earn a market rate of return. The investment policy is reviewed annually for compliance and to assure the flexibility necessary to effectively manage the investment portfolio.

The goal of the capital assets inventory system and policy is to provide control and accountability over the City's capital assets and to assist departments in gathering and maintaining information needed for the preparation of the annual financial statements. The City recognizes the importance of preserving the community's capital assets and to ensure that future needs are met.

Finally, the budget policy is designed to provide conceptual standards for financial decision-making, enhance consistency in financial decisions, and establish parameters for the administration to use in directing the day-to-day financial affairs of the City. One-time or special purpose revenues will be used to finance capital projects or for restricted expenditures and not to subsidize recurring personnel costs or other operating costs.

## **MAJOR INITIATIVES**

The City has a unique position as a tourist center due to the City's location on Sandusky Bay, with over twenty-two miles of shoreline within the City limits, and the location of Cedar Point Amusement Park within the City. Several years ago, the City enhanced its shoreline by entering into a development agreement with a private developer in order to implement improvements to the City's Battery Park Marina and adjacent park. These improvements included not only the marina and park, but also a restaurant and a break wall. Battery Park is now a successful commercial operation, which has further enhanced the use of the City's waterfront. Further improvements to the City's waterfront include Shoreline Park, which consists of shore protection, bridges, sidewalks, parking, a gazebo, playground equipment, landscaping, and lighting as well as the 1.7 mile Bay-Front Corridor, a linear park linking major attractions located on the City's central waterfront with a continuous walkway. In 1998, the City received a very generous donation (over \$1 million) from a long-time Sandusky benefactor to develop a plaza at the foot of Columbus Avenue as part of the Bay-Front Corridor development; that project was completed in 2000. All of these waterfront improvements are part of the Port Development Plan adopted by the City Commission in 1991 and updated in 1996.

Besides Battery Park Marina, there are other marinas which have developed over the last decade, including a \$5 million, 700 slip marina created from idle industrial space and a 210 slip marina complex completed by a local legal firm, which also erected a waterfront office center on that site. The Lyman Harbor Marina project rehabilitated an abandoned industrial site into a transient marina and entertainment complex and received a tax abatement for its \$2.94 million project. There are over 8,000 slips available in the Sandusky Bay area.

Implementation of the Sandusky Bay Pathway Master Plan, which trails along the lakefront, began in 2004 with Phase 1 and Phase 2 construction beginning in 2005. The pathway provides a route that offers a means of exercise, relaxation, and access to public parks and facilities and provides a scenic view of the Sandusky Bay.

Cedar Point, a 364-acre amusement and theme park, is located on a peninsula extending into Lake Erie from the City. Developed as a resort area in 1870, Cedar Point is open daily from early May to early October, attracting in excess of 3 million visitors each season to its numerous rides and attractions. Cedar Point also includes a recreational vehicle area, marina, restaurants, and hotels with a combined capacity of almost 1,100 beds, which are open during Cedar Point's season. A water park attraction, with a separate entrance, is included at the park as well as "Challenge Park", with miniature golf, bungee jumping, and grand prix racing. Cedar Point employees, primarily college students, and approximately 400 year-round employees.

Significant capital expenditures on new attractions are made every year at Cedar Point. These expenditures have aggregated over \$85 million during the last few years. Cedar Point opened "Breakers Express" hotel in 2001. In 2003, they opened another new roller coaster, its 16th; called the "Top Thrill Dragster", it is one of the tallest and fastest in the world. In 2004, they completed their first year-round attraction - Castaway Bay Indoor Water Park Resort. In 2005, Cedar Point unveiled their latest thrill ride, "maXair". In 2006, Cedar Point added a world-record-breaking thrill ride - "Skyhawk.", the tallest ride of its kind in the world, standing 103 feet above the ground and featuring two giant swinging arms. In 2007, Cedar Point added its 17<sup>th</sup> roller coaster, "Maverick". The addition of this coaster has given the park more scream machines than any park in the world. Maverick's cost of approximately \$21 million makes it one of the single largest investments in the park's 137-year history. In 2008, capital improvements in the park will include a new children's area featuring seven rides and a family lounge area. This area will replace the former Peanuts Playground. In addition, a new corporate headquarters building will be constructed adjacent to the current corporate office.

In 2004, the Firelands Regional Medical Center began planning for a construction project to ease parking constraints, to expand capacity for increasing admissions and outpatient visits, and to focus concerns on one of the top health issues in Sandusky and Erie County, the prevention and treatment of cancer. A 600-space parking garage, which features free parking, was completed and opened December 2005. Firelands Professional Center I, which houses the new Cancer Center along with physician offices, opened in August 2006. Firelands Regional Medical Center's East Tower opens in Spring 2008. The building features a new main entrance and lobby, complete with a gift shop and cafe, registration services, financial counseling, presurgical testing, the cashier's office, centralized scheduling, the clergy's office, and the Heart Institute, all on the first floor. In addition, the emergency services department has expanded and is connected to the tower's first floor. Thirteen state-of-the-art operating room suites, specifically equipped for open heart, vascular, orthopedic, neurological, and general surgery, are located on the second floor along with recovery bays and private consultation rooms for surgeons to meet with family members. The third and fourth floors house private patient rooms.

The City has been successful in raising funds through various grant opportunities. In the last year alone, the City was able to receive over \$2 million in grant and revolving loan payments. These funds help programs that fund fair housing, economic development, public transit, and downtown revitalization efforts. The City has been designated as an Entitlement Community, which allows the City to access federal funds directly from the Department of Housing and Urban Development.

In 1999, the City purchased the Chesapeake Building and adopted an urban renewal plan to revitalize about forty acres of the waterfront, including the Chesapeake property, an area now referred to as the "Paper District." In 2002, the Bayfront Corridor Committee was established to act as an advisory committee on the selection of a developer. They received proposals from six developers and selected Mid-States Development Corporation (Mid-States) to develop the properties. The City has entered into a development agreement with Mid-States for that purpose. The City received a State grant to pay for acquisition, environmental cleanup, and demolition of part of the project site and also issued its urban revitalization notes for that purpose. Mid-States plans to invest over \$130 million to revitalize the Paper District, including the Chesapeake Building. Over 190 condominium units have been reserved by prospective buyers and the first tenants moved in during 2007. Construction will soon begin on the new transient marina on the old TriCor property adjacent to the Chesapeake Lofts.

The City strives to improve existing housing by obtaining housing improvement grants. The City received a Community Housing Improvement Program (CHIP) grant in 2007 for owner occupied rehabilitation. In addition, the City received a Distress Grant for infrastructure improvements targeted to the City's south side neighborhood. In 2004, the Cold Creek Subdivision broke ground on the City's west side which will contain ninety-five single family homes and one hundred two condominiums.

The City has entered into a Regional Water Agreement with Erie County and the City of Huron. In addition, the City has entered into a Sewer Services Agreement with Erie County.

In November 2007, the City voted to move forward with the proposed "Marina District", which could spark a decade of change along Sandusky's waterfront. The Marina District could bring 300 new condominiums, a hotel with up to 150 rooms, about 950 parking spaces, and about 27,000 square feet of new retail space. Sandusky's storied Battery Park would also be redesigned and City Hall would be relocated. The area of proposed redevelopment includes about 30 acres along the shore of Sandusky Bay on Meigs Street. The City will now proceed to finalize a development agreement with our development team which will spell out specifically how the development will unfold and define the responsibilities of both the City and the developer.

## AWARDS AND ACKNOWLEDGEMENTS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded for the sixteenth time a Certificate of Achievement for Excellence in Financial Reporting to the City of Sandusky for its Comprehensive Annual Financial Report (CAFR) for the year ended December 31, 2006. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports. In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized CAFR that satisfies both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of this report could not have been accomplished without the efficient and dedicated services of the entire staff of the Finance Department and the supervisors of the other various departments of the City of Sandusky. The preparation of the CAFR requires a major effort and we would like to express our appreciation to everyone who assisted and contributed to the presentation of this year's CAFR.

The employees of the City are dedicated to serving the citizens of Sandusky within the best of their capabilities. We wish to take this opportunity to thank the City Commission for its continuing support and to thank our department heads and staff for their diligent efforts to keep Sandusky financially sound and a special place in which people want to live, work, and play. Special acknowledgment is extended to the Local Government Services Division of the Office of the Auditor of State for their continued guidance in the preparation of this report.

Respectfully submitted, Matthew D. Kline

#### INDEPENDENT ACCOUNTANTS' REPORT

City of Sandusky Erie County 222 Meigs Street Sandusky, Ohio 44870-2837

To the City Commission:

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Sandusky, Erie County, Ohio (the City), as of and for the year ended December 31, 2007, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Sandusky, Erie County, Ohio, as of December 31, 2007, and the respective changes in financial position and where applicable, cash flows, thereof and the budgetary comparison for the General Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated June 30, 2008, on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

One Government Center / Suite 1420 / Toledo, OH 43604-2246 Telephone: (419) 245-2811 (800) 443-9276 Fax: (419) 245-2484 www.auditor.state.oh.us City of Sandusky Erie County Independent Accountant's Report Page 2

Management Discussion and Analysis is not a required part of the basic financial statements but is supplementary information accounting principles generally accepted in the United States of America requires. We have applied certain limited procedures, consisting principally of inquiries of management regarding the methods of measuring and presenting the required supplementary information. However, we did not audit the information and express no opinion on it.

We conducted our audit to opine on the financial statements that collectively comprise the City's basic financial statements. The introductory section, combining and individual nonmajor fund statements, individual fund schedules, and statistical tables provide additional information and are not a required part of the basic financial statements. We subjected the combining and individual nonmajor fund statements and individual fund schedules to the auditing procedures applied in the audit of the basic financial statements. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole. We did not subject the introductory section and statistical tables to the audit of the basic financial statements and, accordingly, we express no opinion on them.

#### Management's Discussion and Analysis For the Year Ended December 31, 2007 Unaudited

The discussion and analysis of the City of Sandusky's financial performance provides an overview of the City's financial activities for the year ended December 31, 2007. The intent of this discussion and analysis is to look at the City's financial performance as a whole.

#### HIGHLIGHTS

Highlights for 2007 are as follows:

In total, the City's net assets increased \$10,110,570, or almost 14 percent. Net assets for governmental activities increased less than 4 percent, which indicates little change from the prior year. Business-type activities increased by \$8,529,187, or almost 27 percent. Business-type activities consist of the City's Water and Sewer funds. These activities are supported by charges for services. The increase in net assets can be attributed to a substantial payment received from Erie County in 2007 (\$8 million) as negotiated in the Sewer Agreement with Erie County.

Various contracts for improvements to the City's water and sewer treatment facilities were awarded in 2002. Construction activities on these facilities continued in 2007 and change orders were approved by the City Commissioners on these projects. Both projects were funded by charges for services and with resources borrowed from the Ohio Water Development Authority (OWDA). Electrical improvements at the water plant were completed in 2007.

Both of the City's enterprise funds had an operating income in 2007, indicating operating revenues are currently sufficient to cover operating expenses of the respective funds. As needed, rate increases in the Water and Sewer enterprise funds have kept these funds with positive operating balances; however, 2003 was the last year of scheduled rate increases. As of this date, there are no further rate increases anticipated by the City.

# USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements and notes to those statements. The statements are organized so the reader can understand the City of Sandusky's financial position.

The statement of net assets and the statement of activities provide information about the activities of the City as a whole, presenting both an aggregate and a longer-term view of the City.

Fund financial statements provide a greater level of detail. For governmental funds, these statements tell how services were financed in the short-term and what remains for future spending. Fund financial statements report the City's most significant funds individually and the City's nonmajor funds in a single column. The City's major funds are the General, Capital Projects, Various Improvement, Water, and Sewer funds.

# **REPORTING THE CITY AS A WHOLE**

The statement of net assets and the statement of activities reflect how the City did financially during 2007. These statements include all assets and liabilities using the accrual basis of accounting similar to that which is used by most private-sector companies. This basis of accounting considers all of the current year's revenues and expenses regardless of when cash is received or paid.

#### **CITY OF SANDUSKY** Management's Discussion and Analysis For the Year Ended December 31, 2007 Unaudited

These statements report the City's net assets and changes in those assets. This change in net assets is important because it tells the reader whether the financial position of the City as a whole has increased or decreased from the prior year. Over time, these increases and/or decreases are one indicator of whether the financial position is improving or deteriorating. Causes for these changes may be the result of many factors, some financial, some not. Non-financial factors can include changes in the City's property tax base and the condition of the City's capital assets (buildings, streets, bridges, and water and sewer lines, and equipment). These factors must be considered when assessing the overall health of the City.

In the statement of net assets and the statement of activities, the City is divided into two types of activities:

- Governmental Activities Most of the City's programs and services are reported here, including security of persons and property, public health, leisure time activities, community environment, transportation, and general government (which includes the municipal court). These services are primarily funded by property and income taxes and from intergovernmental revenues, including federal and state grants and other shared revenues.
- Business-Type Activities These services are provided on a charge for services basis and are intended to recover all or most of the costs of the services provided. The City's water and sewer services are reported here.

# **REPORTING THE CITY'S MOST SIGNIFICANT FUNDS**

Fund financial statements provide detailed information about the City's major funds; the General, Capital Projects, Various Improvement, Water, and Sewer funds. While the City uses many funds to account for its financial transactions, these are the most significant.

Governmental Funds - The City's governmental funds are used to account for essentially the same programs reported as governmental activities on the government-wide financial statements. Most of the City's basic services are reported in these funds and focus on how money flows into and out of the funds, as well as the balances available for spending at year end. These funds are reported on the modified accrual basis of accounting which measures cash and all other financial assets that can be readily converted to cash. The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic services being provided.

Because the focus of the governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities on the government-wide financial statements. By doing so, readers may better understand the long-term impact of the City's short-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balance provide a reconciliation to help make this comparison between governmental funds and governmental activities.

Enterprise Funds - The City's enterprise funds use the accrual basis of accounting, the same as that used for the business-type activities on the government-wide financial statements.

#### Management's Discussion and Analysis For the Year Ended December 31, 2007 Unaudited

Fiduciary Funds - Fiduciary funds are used to account for resources held for the benefit of parties outside the City. Fiduciary funds are not reflected on the government-wide financial statements because the resources from these funds are not available to support the City's programs. These funds also use the accrual basis of accounting.

#### **GOVERNMENT-WIDE FINANCIAL ANALYSIS**

Table 1 Net Assets

Table 1 provides a summary of the City's net assets for 2007 and 2006.

|   | Governmental Activities |              | Business-Ty  | pe Activities | Total        |              |
|---|-------------------------|--------------|--------------|---------------|--------------|--------------|
|   | 2007                    | 2006         | 2007         | 2006          | 2007         | 2006         |
| Assets  |                         |              |              |               | ·            |              |
| Current and Other Assets  | \$27,031,069            | \$24,879,585 | \$24,186,111 | \$16,614,698  | \$51,217,180 | \$41,494,283 |
| Capital Assets, Net   | 52,268,033              | 51,487,335   | 55,221,445   | 55,243,605    | 107,489,478  | 106,730,940  |
| Total Assets  | 79,299,102              | 76,366,920   | 79,407,556   | 71,858,303    | 158,706,658  | 148,225,223  |
| <u>Liabilities</u><br>Current and Other Liabilities                     | 12,961,048              | 12,071,254   | 585,100      | 421,346       | 13,546,148   | 12,492,600   |
| Long-Term Liabilities   | 23,008,158              | 22,547,153   | 38,172,480   | 39,316,168    | 61,180,638   | 61,863,321   |
| Total Liabilities   | 35,969,206              | 34,618,407   | 38,757,580   | 39,737,514    | 74,726,786   | 74,355,921   |
| <u>Net Assets</u><br>Invested in Capital Assets,<br>Net of Related Debt | 32,191,349              | 30,030,102   | 18,003,813   | 16,501,983    | 50,195,162   | 46,532,085   |
| Restricted  | , ,                     |              | 18,005,815   | 10,501,985    | , ,          |              |
|   | 13,484,532              | 12,077,784   | •            |               | 13,484,532   | 12,077,784   |
| Unrestricted (Deficit)  | (2,345,985)             | (359,373)    | 22,646,163   | 15,618,806    | 20,300,178   | 15,259,433   |
| Total Net Assets  | \$43,329,896            | \$41,748,513 | \$40,649,976 | \$32,120,789  | \$83,979,872 | \$73,869,302 |

A review of the above table demonstrates there was very little change from the prior year for governmental activities.

For business-type activities, there was an increase in total net assets of \$8.5 million. This increase is reflected in both current and other assets (cash and cash equivalents) and unrestricted net assets. The increase is the result of a substantial payment received from Erie County in 2007 as negotiated in the Sewer Agreement.

# **CITY OF SANDUSKY** Management's Discussion and Analysis For the Year Ended December 31, 2007 Unaudited

# Table 2 reflects the changes in net assets for 2007 and 2006.

| Net Assets End of Year                     | \$43,329,896               | \$41,748,513 | \$40,649,976                | \$32,120,789 | \$83,979,872 | \$73,869,302 |

Overall, both revenues and expenses remained fairly similar in 2007 and 2006 for governmental activities. However, there were somewhat significant changes within program revenues. The increase in charges for services is the result of additional special assessments. The decrease in operating grants and contributions is due to a reduction in grants for the fire department and CDGB related projects. The increase in capital grants and contributions is primarily due to Ohio Public Works Commission grant monies. As a result of the increases and decrease, the total for program revenues reveals a slight increase. For expenses, the most significant changes occurred within the fire department and in the transportation program. A combination of factors affected the increase in fire department expenses including a salary increase, increases in health insurance costs, and increases in materials and supplies and project costs. The decrease in transportation costs is the result of fewer projects. The police and fire departments continue to be the largest share of governmental expenses. These departments comprise 43 percent of all governmental activities costs.

The City's business-type activities are almost entirely funded through charges for services. In 2007, the City received a substantial payment from Erie County (\$8 million) as negotiated in the Sewer Agreement with the County. This amount is reflected in capital grants and contributions. Expenses increased for both water and sewer operations. The increase for both can be attributed to three factors; an increase in materials and supplies expenses used in the normal course of operation, an increase in depreciation expense, and an increase in interest expense on debt payments.

Table 3 indicates the total cost of services and the net cost of services for governmental activities. The statement of activities reflects the cost of program services and the charges for services, grants, and contributions offsetting those services. The net cost of services identifies the cost of those services supported by tax revenues and unrestricted intergovernmental revenues.

| Other                       | 3,837,012                 | 3,499,303    | 3,636,143       | 3,211,373    |  |
| Interest and Fiscal Charges | 1,347,061                 | 1,280,938    | 1,347,061       | 1,280,938    |  |
| Total Expenses              | \$26,748,089              | \$26,438,538 | \$16,411,663    | \$16,646,797 |  |

It should be noted that for all governmental activities, over 61 percent of the revenues to provide these services are derived from the City's general revenues (compared to 63 percent in 2006), that being primarily property taxes, municipal income taxes, tourism taxes, and State shared revenues.

Although the dependence on general revenues is substantial, there are several programs which were well supported through program revenues in 2007. Leisure time activities received program revenues in excess of costs for 2007. In general, this program is funded through charges for services in the City's park and recreation programs. However, in 2007, the City received a contribution of land (\$1 million) for the East Sandusky Bay coastal management project. Community environment activities received over 63 percent of its support through program revenues in 2007. This is primarily the result of the various community development block grants and transit grants received from both state and federal sources. The transportation program receives charges for services in the form of state levied motor vehicle license fees and gas taxes.

The negative net cost of services for the Municipal Court indicates that program revenues are sufficient to cover the costs of this program, which includes fines and other revenues to offset the cost of running the court. Under Ohio Law, judges can establish restricted accounts to offset programs of the court. As such, there are various court related funds that provide for certain court activities. The combined operations of the court resulted in the \$194,455 negative net cost of services. At the same time, over \$290,000 of court generated revenues were generated in these other funds. These funds are not available to offset the day to day cost of running the court paid from the General Fund.

# GOVERNMENTAL FUNDS FINANCIAL ANALYSIS

The City's major governmental funds are the General Fund, and the Capital Projects and Various Improvement capital projects funds. For the General Fund, fund balance increased \$672,581 (almost 19 percent), which is higher than the prior year increase of \$275,860. Much of this year's increase is due to fewer transfers to support activities in other funds.

#### Management's Discussion and Analysis For the Year Ended December 31, 2007 Unaudited

The Capital Projects Fund had a \$1,291,525 decrease in fund balance in 2007 due to expenditures exceeding revenues. Capital outlay expenditures were related to the Paper District project and various street projects.

The increase in fund balance in the Various Improvement Fund of \$1,206,195 (28 percent) is primarily due to fewer street projects in the current year.

#### **BUSINESS-TYPE ACTIVITIES FINANCIAL ANALYSIS**

The City's enterprise funds are the Water and Sewer funds. As can be seen on the statement of activities, program revenues, primarily charges for services have been sufficient to cover the expenses of the respective funds.

Although revenues were lower and expenses were higher in the Water Fund, the fund continued to reflect an operating income. The slight decrease in net assets can be attributed to an increase in interest expense on debt payments in 2007. While the Sewer Fund had only a 2 percent increase in revenues and a 16 percent increase in expenses, it too had an operating income for 2007. The significant increase in net assets is due to the contribution from Erie County discussed previously.

Currently, the Water and Sewer Funds are generating adequate revenues to cover the cost of operations and debt service. These funds continue to accumulate a significant amount of debt with the Ohio Water Development Authority for major renovations in progress at the water and sewer treatment plants. The improvements are required to keep the City in compliance with EPA standards. There will be additional improvements within both utilities. The City did increase water and sewer rates by 25 percent in January 2003 as part of a three-year rate program to provide additional funds for operations and future debt retirement; however, 2003 was the last year of the rate increase period. As of this date, there are no further rate increases scheduled.

#### **BUDGETARY HIGHLIGHTS**

The City prepares an annual budget of revenues and expenditures/expenses for all funds of the City for use by City officials and department heads and such other budgetary documents as are required by State statute. The annual appropriations ordinance cannot be adopted prior to the second Monday in January of each year per City Charter. The City approves a temporary appropriations ordinance until the annual appropriations are approved. The City's most significant budgeted fund is the General Fund. Modifications from the original budget to the final budget have been minimal. Changes from the final budget to actual amounts received and expended were minimal as well. The General Fund supports many of our major activities such as the Police Department and Fire Department as well as most general government operations. City department heads continue to demonstrate a willingness to work with the administration and elected officials to stay within their budgets and keep cost increases minimal.

# CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets - The City's investment in capital assets for governmental and business-type activities as of December 31, 2007, was \$32,191,349 and \$18,003,813, respectively (net of accumulated depreciation and related debt). The primary additions for governmental activities included land for the coastal management project, completion of construction at the library, and street improvements.

#### Management's Discussion and Analysis For the Year Ended December 31, 2007 Unaudited

The primary addition for the business-type activities was related to electrical upgrades at the water treatment plant. For further information on the City's capital assets, refer to Note 11 to the basic financial statements.

Debt - At December 31, 2007, the City had \$8,260,000 in bond anticipation notes payable from governmental activities. The City also has a number of long-term obligations outstanding. These obligations included \$17,900,290 in general obligation bonds, \$1,992,732 in special assessment bonds, \$2,471,493 in general obligation revenue bonds, \$34,578,434 in Ohio Water Development Authority loans, and \$1,489,793 in other long-term loans. Of the total long-term obligations, \$37,620,865 will be repaid from business-type activities.

In addition to the debt discussed above, the City's long-term obligations also include compensated absences and capital leases. For further information on the City's debt, refer to Notes 18, 19, and 20 of the basic financial statements.

# CURRENT ISSUES

The City of Sandusky has been designated as an Entitlement Community, which allows the City to access federal funds directly from the U.S. Department of Housing and Urban Development. Along with existing City grant programs, which includes the Clean Ohio Program, the City of Sandusky will continue to have several million dollars in grant monies available in 2008 for public programs. These funds will help programs that fund fire prevention and safety, fair housing, economic development, brownfield assessments, street improvements, public transit, and downtown revitalization.

In October 2007, the City Commission authorized the issuance of \$8,260,000 in various improvement notes. The 2007 various improvement notes were issued to retire notes previously issued and to replace the air conditioning unit at the Municipal Building, complete street improvements, sidewalk, curb, and gutter improvements, acquiring a fire boat for the fire department, and to revitalize the Bayfront Urban Revitalization Area by acquiring and clearing various properties, undertaking environmental cleanup and remediation, and exercising options on certain properties within the area. This funding will provide the start for downtown redevelopment that has been anticipated for many years.

In November 2007, the City Commission appointed Matthew D. Kline as the City Manager. Mr. Kline replaces Michael J. Will, who resigned in June 2007.

# **REQUEST FOR INFORMATION**

This financial report is designed to provide a general overview of the City's finances for all those interested in our City's financial well being. Questions concerning any of the information provided in this report or requests for additional information should be directed to Edward A. Widman, Finance Director, 222 Meigs Street, Sandusky, Ohio 44870.

#### City of Sandusky Statement of Net Assets December 31, 2007

| Changes in Fund Balance - Total Governmental Funds   |                                       | \$865,056       |
| Amounts reported for governmental activities on the statement of activities are different because of the following:  |                                       |                 |
| Governmental funds report capital outlays as expenditures. However, on the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation exceeded capital outlays in the current year.  | 2 201 0/5                             |                 |
| Capital Outlay<br>Capital Contributions<br>Depreciation  | 2,281,947<br>1,030,336<br>(2,531,240) | 701.042         |
|  |                                       | 781,043         |
| The proceeds from the sale of capital assets are reported as other financing sources in the governmental funds. However, the cost of the capital assets is removed from the capital asset account on the statement of net assets when disposed of, resulting in a gain on disposal of capital assets on the statement of activities. |                                       |                 |
| Proceeds from Sale of Capital Assets   | (11,255)                              |                 |
| Gain on Disposal of Capital Assets   | 10,910                                |                 |
|  |                                       | (345)           |
| Revenues on the statement of activities that do not provide current financial resources are not reported as revenues in governmental funds.  |                                       |                 |
| Property Taxes   | (13,544)                              |                 |

# NOTE 1 - DESCRIPTION OF THE CITY OF SANDUSKY AND THE REPORTING ENTITY

# A. The City

The City of Sandusky is a charter municipal corporation founded in 1818, with the charter adopted by the electors on July 28, 1914. The City may exercise all powers of home rule granted under Article XVIII, Section 3, of the Ohio Constitution not in conflict with applicable general laws of Ohio.

The City operates under a part-time seven member commission and full-time city manager form of government. Services provided include police, fire, ambulance, municipal court, engineering, planning and zoning, street maintenance and repair, public transit, parks and recreation programs (including a municipal golf course), cemetery, water filtration, wastewater treatment, and general administrative services. Except for water and sewer, major utilities are provided by private entities.

# B. Reporting Entity

A reporting entity is composed of the primary government, component units, and other organizations that are included to ensure the financial statements are not misleading. The primary government of the City consists of all funds, departments, boards, and agencies that are not legally separate from the City. For the City of Sandusky, this includes the Sandusky Municipal Court and all departments and activities that are directly operated by the elected City officials.

Component units are legally separate organizations for which the City is financially accountable. The City is financially accountable for an organization if the City appoints a voting majority of the organization's governing board and (1) the City is able to significantly influence the programs or services performed or provided by the organization; or (2) the City is legally entitled to or can otherwise access the organization's resources; the City is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the City is obligated for the debt of the organization. Component units may also include organizations for which the City approves the budget, the issuance of debt, or the levying of taxes. There were no component units of the City of Sandusky in 2007.

The City of Sandusky participates in the Buckeye Ohio Risk Management Agency (BORMA), a public entity shared risk pool. This organization is presented in Note 23 to the basic financial statements.

# **NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of the City of Sandusky have been prepared in conformity with generally accepted accounted principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The City also applies Financial Accounting Standards Board (FASB) Statements and Interpretations issued on or before November 30, 1989, to its governmental and business-type activities and to its enterprise funds provided they do not conflict with or contradict GASB pronouncements. The City does not apply Financial Accounting Standards Board (FASB) Statements and Interpretations issued after November 30, 1989, to its business-type activities or to its enterprise funds. Following are the more significant of the City's accounting policies.

# NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### A. Basis of Presentation

The City's basic financial statements consist of government-wide financial statements, including a statement of net assets and a statement of activities, and fund financial statements, which provide a more detailed level of financial information.

#### Government-Wide Financial Statements

The statement of net assets and the statement of activities display information about the City as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The statements distinguish between those activities of the City that are governmental in nature and those that are considered business-type activities.

The statement of net assets presents the financial condition of the governmental and business-type activities of the City at year end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the City's governmental activities and business-type activities. Direct expenses are those that are specifically associated with a service, program, or department and, therefore, clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program, and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the City, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental program or business activity is self-financing or draws from the general revenues of the City.

# Fund Financial Statements

During the year, the City segregates transactions related to certain City functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the City at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by type.

# B. Fund Accounting

The City uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The funds of the City are reported in three categories; governmental, proprietary, and fiduciary.

# NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### Governmental Funds

Governmental funds are those through which most governmental functions of the City are financed. Governmental fund reporting focuses on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purpose for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the City's major governmental funds:

<u>General Fund</u> - The General Fund accounts for all financial resources, except those required to be accounted for in another fund. The General Fund balance is available to the City for any purpose provided it is expended or transferred according to the general laws of Ohio.

<u>Capital Projects Fund</u> - This fund accounts for monies received from construction grants, proceeds of bonds and notes, donations, and transfers used for capital projects.

<u>Various Improvement Fund</u> - This fund accounts for the construction of improvements or provision of services which are to be paid for, wholly or in part, from special assessments levied against the benefited property owners.

The other governmental funds of the City account for grants and other resources whose use is restricted for a particular purpose.

#### Proprietary Funds

Proprietary fund reporting focuses on the determination of operating income, changes in net assets, financial position, and cash flows.

<u>Enterprise Funds</u> - Enterprise funds may be used to account for any activity for which a fee is charged to external users for goods or services. The following are the City's major enterprise funds:

<u>Water Fund</u> - This fund accounts for operations of the water distribution system within the City and for the sale of water to Erie County.

<u>Sewer Fund</u> - This fund accounts for operations of the sewer collection system within the City and for sewer service to Erie County.

# NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

# Fiduciary Funds

Fiduciary fund reporting focuses on net assets and changes in net assets. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private purpose trust funds, and agency funds. Trust funds are used to account for assets held by the City under a trust agreement for individuals, private organizations, or other governments and are not available to support the City's own programs. The City did not have any trust funds in 2007. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The City's agency funds account for various funds held for final disposition to the Erie County Law Library, contractors, municipal courts (excluding the City of Sandusky), and employee payroll deductions.

# C. Measurement Focus

#### **Government-Wide Financial Statements**

The government-wide financial statements are prepared using a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of the City are included on the statement of net assets. The statement of activities presents increases (e.g., revenues) and decreases (e.g., expenses) in total net assets.

#### Fund Financial Statements

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The statement of revenues, expenditures, and changes in fund balance reflects the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements, therefore, include a reconciliation with brief explanations to better identify the relationship between the government-wide financial statements and the fund financial statements for governmental funds.

Like the government-wide financial statements, the enterprise funds are accounted for using a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of these funds are included on the statement of fund net assets. The statement of revenues, expenses, and changes in fund net assets presents increases (i.e., revenues) and decreases (i.e., expenses) in total net assets. The statement of cash flows reflects how the City finances and meets the cash flow needs of its enterprise activities.

# D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting; enterprise funds and fiduciary funds use the accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures.

# NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### Revenues - Exchange and Nonexchange Transactions

Revenues resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On the modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available. Available means the resources will be collected within the current year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current year. For the City, available means expected to be received within thirty-one days after year end.

Nonexchange transactions, in which the City receives value without directly giving equal value in return, include property taxes, income taxes, grants, entitlements, and donations. On the accrual basis, revenue from property taxes is recognized in the year for which the taxes are levied. Revenue from income taxes is recognized in the year in which the income is earned. Revenue from grants, entitlements, and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted; matching requirements, in which the City must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the City on a reimbursement basis. On the modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered both measurable and available at year end: income taxes, charges for services, fines and forfeitures, state-levied locally shared taxes (including gasoline tax and motor vehicle license tax), grants, and interest.

# Deferred Revenues

Deferred revenues arise when assets are recognized before the revenue recognition criteria have been satisfied.

Property taxes for which there was an enforceable legal claim at December 31, 2007, but were levied to finance 2008 operations, have been recorded as deferred revenue. Grants and entitlements received before the eligibility requirements were met have also been recorded as deferred revenue.

On governmental fund financial statements, receivables that were not collected within the available period are recorded as deferred revenue.

#### Expenses/Expenditures

On the accrual basis, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

# NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

# E. Budgetary Process

All funds, except agency funds, are required to be budgeted and appropriated. The major documents prepared are the certificate of estimated resources and the appropriations ordinance, both of which are prepared on the budgetary basis of accounting. The certificate of estimated resources establishes a limit on the amount the City Commission may appropriate. The appropriations ordinance is the City Commission's authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by the City Commission. The legal level of control has been established by the City Commission at the fund, department, and object level in all funds.

The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified by the Finance Director. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts on the certificate of estimated resources when the original appropriations were adopted. The amounts reported as the final budgeted amounts on the budgetary statements reflect the amounts on the amended certificate of estimated resources in effect at the time final appropriations were passed by the City Commission.

The appropriations ordinance is subject to amendment throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriations ordinance for that fund that covered the entire year, including amounts automatically carried forward from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the City Commission during the year.

# F. Cash and Investments

To improve cash management, cash received by the City is pooled and invested. Individual fund integrity is maintained through City records. Interest in the pool is presented as "Equity in Pooled Cash and Cash Equivalents".

Cash and cash equivalents that are held separately for the City by escrow agents for payment of retainage to contractors upon project completion are recorded as "Cash and Cash Equivalents with Escrow Agent".

During 2007, the City's investments included nonnegotiable certificates of deposit, federal agency securities, and STAR Ohio. Nonnegotiable certificates of deposit are reported at cost. Federal agency securities are reported at fair value, which is based on quoted market price. STAR Ohio is an investment pool, managed by the State Treasurer's Office, which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAR Ohio are valued at STAR Ohio's share price, which is the price the investment could be sold for on December 31, 2007.

Interest earnings are allocated to City funds according to State statutes, City Charter, grant requirements, or debt related restrictions. Interest revenue credited to the General Fund during 2007 was \$1,459,550, which includes \$936,428 assigned from other City funds.

# NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investments of the cash management pool and investments with an original maturity of three months or less at the time of purchase are presented on the financial statements as cash equivalents. Investments with an initial maturity of more than three months that were not purchased from the pool are reported as investments.

# G. Prepaid Items

Payments made to vendors for services that will benefit periods beyond December 31, 2007, are recorded as prepaid items using the consumption method by recording a current asset for the prepaid amount and reflecting the expenditure/expense in the year in which services are consumed.

# H. Inventory

Inventory is presented at cost on a first-in, first-out basis and is expended/expensed when used. Inventory consists of expendable supplies held for consumption.

#### I. Restricted Assets

Assets are reported as restricted when limitations on their use change the nature or normal understanding of the availability of the asset. Such constraints are either externally imposed by creditors, contributors, grantors, laws of other governments, or are imposed by law through constitutional provisions or enabling legislation.

Unclaimed monies that have a legal restriction on their use are reported as restricted. Resources set aside in separate escrow accounts whose use is limited to the payment of retainage to contractors upon project completion are also reported as restricted.

# J. Unamortized Issuance Costs/Bond Discounts and Premiums

For governmental funds, issuance costs and bond premiums are recognized in the current period on the fund financial statements. For the entity-wide and enterprise fund financial statements, issuance costs, bond discounts, and premiums are deferred and amortized over the term of the bonds using the bondsoutstanding method, which approximates the effective interest method. Issuance costs are recorded as deferred charges and are generally paid from debt proceeds. Bond discounts and premiums are presented as a reduction of or addition to the face amount of the bonds, as applicable.

# K. Capital Assets

General capital assets are capital assets which are associated with and generally arise from governmental activities. They generally result from expenditures in governmental funds. General capital assets are reported in the governmental activities column on the government-wide statement of net assets but are not reported on the fund financial statements. Capital assets used by the enterprise funds are reported in both the business-type activities column on the government-wide statement of net assets and in the respective funds.

# NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

All capital assets are capitalized at cost and updated for additions and reductions during the year. Donated capital assets are recorded at their fair market value on the date donated. The City maintains a capitalization threshold of five thousand dollars. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized. Interest incurred during the construction of enterprise fund capital assets is also capitalized.

All capital assets are depreciated, except for land and construction in progress. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the City's historical records of necessary improvements and replacement. The City reports all infrastructure, including that acquired prior to 1980. Depreciation is computed using the straight-line method over the following useful lives:

| Estimated Lives |
|-----------------|
| 15-45 years     |
| 7-50 years      |
| 10-50 years     |
| 50 years        |
| 15-45 years     |
| 50 years        |
| 5-20 years      |
|                 |

# L. Interfund Receivables/Payables

On fund financial statements, receivables and payables resulting from interfund loans are reported as "Interfund Receivables/Payables". Interfund balances are eliminated on the statement of net assets, except for any net residual amounts due between governmental and business-type activities. These amounts are presented as "Internal Balances".

#### M. Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable the City will compensate the employees for the benefits through paid time off or some other means. The City records a liability for accumulated unused vacation time when earned for all employees with more than one year of service.

Sick leave benefits are accrued as a liability using the vesting method. The liability includes the employees who are currently eligible to receive termination benefits and those the City has identified as probable of receiving payment in the future. The amount is based on accumulated sick leave and employee wage rates at year end taking into consideration any limits specified in the City's union contracts or administrative ordinance. The City records a liability for accumulated unused sick leave for all employees with ten or more years of service with the City or any employee who is age fifty or older.

# NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### N. Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported on the government-wide financial statements. All payables, accrued liabilities, and long-term obligations payable from the enterprise funds are reported on the enterprise fund financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, compensated absences that are paid from governmental funds are reported as liabilities on the fund financial statements only to the extent that they are due for payment during the current year. General obligation bonds, special assessment bonds, capital leases, and long-term loans are recognized as liabilities on the fund financial statements when due.

#### O. Unamortized Loss on Refunding

For refundings resulting in the defeasance of debt, the difference between the reacquisition price and the net carrying amount of the old debt is deferred and amortized as a component of interest expense. This accounting loss is amortized over the remaining life of the old debt or the life of the new debt, whichever is shorter, and is presented as a reduction of the face amount of the new debt.

#### P. Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction, or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through constitutional provisions or enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. Net assets restricted for other purposes include activities for construction, repair, and maintenance of State highways, the public transit system, recreation, and other revenues restricted for use by the municipal court and police department. The City's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available. As of December 31, 2007, there were no net assets restricted by enabling legislation.

#### Q. Fund Balance Reserves

The City reserves those portions of fund balance which are legally segregated for a specific future use or which do not represent available expendable resources and, therefore, are not available for appropriation or expenditure. Fund balance reserves have been established for encumbrances, unclaimed monies, and notes receivable.

# NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### R. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the enterprise funds. For the City, these revenues are charges for services for water and sewer services. Operating expenses are the necessary costs incurred to provide the service that is the primary activity of the fund. All revenues and expenses not meeting this definition are reported as nonoperating.

#### S. Capital Contributions

Capital contributions arise from contributions from other governments and other funds.

#### T. Interfund Transactions

Transfers between governmental and business-type activities on the government-wide financial statements are reported in the same manner as general revenues.

Internal allocations of overhead expenses from one function to another or within the same function are eliminated on the statement of activities. Payments for interfund services provided and used are not eliminated.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in enterprise funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

#### U. Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

# **NOTE 3 - CHANGE IN ACCOUNTING PRINCIPLES**

For 2007, the City has implemented Governmental Accounting Standards Board (GASB) Statement No. 45, "Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions", GASB Statement No. 48, "Sales and Pledges of Receivables and Future Revenues and Intra-Entity Transfers of Assets and Future Revenues", and GASB Statement No. 50, "Pension Disclosures".

## NOTE 3 - CHANGE IN ACCOUNTING PRINCIPLES (continued)

GASB Statement No. 45 improves the relevance and usefulness of financial reporting by requiring systematic, accrual-basis measurement and recognition of OPEB costs over a period that approximates employees' years of service and providing information about actuarial accrued liabilities associated with OPEB and whether and to what extent progress is being made in funding the plan. An OPEB liability at transition was determined in accordance with this statement for both the Ohio Public Employees Retirement System and the Ohio Police and Fire Pension System postemployment healthcare plans, in the amount of \$131,868 and \$120,031, respectively, which are the same as the previously reported liabilities.

GASB Statement No. 48 addresses how to account for the exchange of an interest in expected cash flows from collecting specific receivables or specific future revenues for immediate cash payments. The statement established criteria used to determine whether the transaction should be recorded as revenue or as a liability (a sale or a collateralized borrowing). The implementation of this statement did not result in any change to the financial statements.

GASB Statement No. 50 requires employers contributing to defined benefit pension plans to include the legal or contractual maximum contribution rates in the notes to the financial statements. The implementation of this statement did not result in any change to the financial statements.

## NOTE 4 - ACCOUNTABILITY AND COMPLIANCE

## A. Accountability

At December 31, 2007, the Parks and Recreational, Fire Pension, and Police Pension special revenue funds had deficit fund balances, in the amount of \$15,288, \$229,072, and \$149,046, respectively, resulting from adjustments for accrued liabilities. The General Fund provides transfers to cover deficit balances; however, this is done when cash is needed rather than when accruals occur.

The Capital Projects and Various Improvement capital projects funds had deficit fund balances, in the amount of \$1,780,257 and \$3,051,630, respectively, due to reporting the bond anticipation note liability in the fund receiving the note proceeds. The deficit will be alleviated when the notes are paid.

## NOTE 4 - ACCOUNTABILITY AND COMPLIANCE (continued)

## B. Compliance

The following accounts had expenditures/expenses in excess of appropriations for the year ended December 31, 2007.

| Fund/Department/Object               | Appropriations | Expenditures/Expenses | Excess   |
|--------------------------------------|----------------|-----------------------|----------|
| Governmental Activities              |                |                       |          |
| General Fund                         |                |                       |          |
| Fire Suppression                     |                |                       |          |
| Other                                | \$480,499      | \$504,485             | \$23,986 |
| Street Lighting                      |                |                       |          |
| Other                                | 212,678        | 343,652               | 130,974  |
| Horticulture Services                |                |                       |          |
| Other                                | 198,907        | 369,634               | 170,727  |
| Muncipal Buildings and Lands         |                |                       |          |
| Other                                | 299,170        | 471,872               | 172,702  |
| Mechanic                             |                |                       |          |
| Other                                | 0              | 27,697                | 27,697   |
| Capital Projects                     |                |                       |          |
| Dorn Parking Lot Expansion           |                |                       |          |
| Other                                | 0              | 194                   | 194      |
| Various Improvement                  |                |                       |          |
| Nuisance Removal                     |                |                       |          |
| Other                                | 8,735          | 8,996                 | 261      |
| Rental Registration Fee              |                |                       |          |
| Personal Services                    | 60,850         | 63,587                | 2,737    |
| State Highway                        |                |                       |          |
| State Highway Maintenance and Repair |                |                       |          |
| Personal Services                    | 16,456         | 23,588                | 7,132    |
|                                      |                |                       |          |

The City will review budgetary activity to avoid future violations of budgetary compliance.

## **NOTE 5 - BUDGETARY BASIS OF ACCOUNTING**

While reporting financial position, results of operations, and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The Statement of Revenues, Expenditures, and Changes in Fund Balance - Budget (Non-GAAP Budgetary Basis) and Actual for the General Fund is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and the GAAP basis are that:

- 1. Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis).
- 2. Expenditures are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis).
- 3. Outstanding year end encumbrances are treated as expenditures (budget basis) rather than as a reservation of fund balance (GAAP basis).

Adjustments necessary to convert the results of operations for the year on the budget basis to the GAAP basis for the General Fund are as follows:

| GAAP Basis                                | \$672,581   |
|---|-------------|
| Increases (Decreases) Due To              |             |
| Revenue Accruals:                         |             |
| Accrued 2006, Received in Cash 2007       | 886,164     |
| Accrued 2007, Not Yet<br>Received in Cash | (922,780)   |
| Expenditure Accruals:                     |             |
| Accrued 2006, Paid<br>in Cash 2007        | (901,890)   |
| Accrued 2007, Not Yet<br>Paid in Cash     | 943,386     |
| Cash Adjustments:                         |             |
| Unrecorded Activity 2006                  | (33,185)    |
| Unrecorded Activity 2007                  | (64,106)    |
|   | (continued) |

#### Changes in Fund Balance

## NOTE 5 - BUDGETARY BASIS OF ACCOUNTING (continued)

Changes in Fund Balance (continued)

| Prepaid Items                    | (\$7,193) |
|----------------------------------|-----------|
| Materials and Supplies Inventory | 153,499   |
| Advances In                      | 22,434    |
| Encumbrances Outstanding at      |           |
| Year End (Budget Basis)          | (58,619)  |
| Budget Basis                     | \$690,291 |

## **NOTE 6 - DEPOSITS AND INVESTMENTS**

Monies held by the City are classified by State statute into three categories.

Active monies are public monies determined to be necessary to meet current demands upon the City treasury. Active monies must be maintained either as cash in the City treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits the City Commission has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit, or by savings or deposit accounts, including passbook accounts.

Interim monies may be deposited or invested in the following securities:

- 1. United States Treasury bills, bonds, notes, or any other obligation or security issued by the United States Treasury, or any other obligation guaranteed as to principal and interest by the United States;
- 2. Bonds, notes, debentures, or any other obligation or security issued by any federal government agency or instrumentality including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;

## NOTE 6 - DEPOSITS AND INVESTMENTS (continued)

- 3. Written repurchase agreements in the securities listed above;
- 4. Bonds and other obligations of the State of Ohio or Ohio local governments;
- 5. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts;
- 6. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2);
- 7. The State Treasurer's investment pool (STAR Ohio), and
- 8. Certain bankers' acceptances and commercial paper notes for a period not to exceed one hundred eighty days in an amount not to exceed 25 percent of the interim monies available for investment at any one time.

Investments in stripped principal or interest obligations, reverse repurchase agreements, and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage, and short selling are also prohibited. An investment must mature within five years from the date of purchase, unless matched to a specific obligation or debt of the City, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions.

#### Deposits

Custodial credit risk for deposits is the risk that in the event of bank failure, the City will not be able to recover deposits or collateral securities that are in the possession of an outside party. At year end, \$7,786,776 of the City's bank balance of \$18,114,105 was exposed to custodial credit risk because it was uninsured and uncollateralized. Although all State statutory requirements for the deposit of money had been followed, noncompliance with federal requirements could potentially subject the City to a successful claim by the FDIC.

The City has no deposit policy for custodial credit risk beyond the requirements of State statute. Ohio law requires that deposits be either insured or be protected by eligible securities pledged to and deposited either with the City or a qualified trustee by the financial institution as security for repayment, or by a collateral pool of eligible securities deposited with a qualified trustee and pledged to secure the repayment of all public monies deposited in the financial institution whose market value at all times shall be at least 105 percent of the deposits being secured.

## NOTE 6 - DEPOSITS AND INVESTMENTS (continued)

#### Investments

As of December 31, 2007, the City had the following investments:

|  | Fair Value   | Maturity |
|--|--------------|----------|
| Federal National Mortgage Association Notes  | \$1,300,313  | 1/16/09  |
| Federal National Mortgage Association Notes  | 100,016      | 1/29/09  |
| Federal National Mortgage Association Notes  | 500,000      | 7/2/12   |
| Federal National Mortgage Association Notes  | 764,063      | 11/6/12  |
| Federal National Mortgage Association Notes  | 756,098      | 11/7/12  |
| Federal Home Loan Bank Bonds                 | 499,667      | 3/24/08  |
| Federal Home Loan Bank Notes                 | 200,993      | 7/2/09   |
| Federal Home Loan Bank Notes                 | 1,002,591    | 11/23/09 |
| Federal Home Loan Bank Notes                 | 1,005,208    | 6/25/10  |
| Federal Home Loan Bank Notes                 | 1,005,813    | 9/24/10  |
| Federal Home Loan Bank Notes                 | 729,988      | 12/20/10 |
| Federal Home Loan Bank Notes                 | 501,565      | 8/28/12  |
| Federal Farm Credit Bank Notes               | 500,275      | 9/28/09  |
| Federal Farm Credit Bank Notes               | 1,507,296    | 10/3/11  |
| Federal Home Loan Mortgage Corporation Notes | 1,000,273    | 2/8/08   |
| Federal Home Loan Mortgage Corporation Notes | 499,925      | 2/15/08  |
| Federal Home Loan Mortgage Corporation Notes | 1,499,238    | 6/2/08   |
| Federal Home Loan Mortgage Corporation Notes | 200,170      | 1/24/11  |
| Federal Home Loan Mortgage Corporation Notes | 504,180      | 9/10/12  |
| Federal Home Loan Mortgage Corporation Notes | 99,885       | 11/15/12 |
| Federal Home Loan Mortgage Corporation Notes | 1,008,700    | 11/20/12 |
| Federal Home Loan Mortgage Corporation Notes | 1,007,984    | 11/26/12 |
| Federal Home Loan Mortgage Corporation Notes | 503,208      | 12/11/12 |
| Federal Home Loan Mortgage Corporation Notes | 1,003,430    | 12/15/12 |
| STAR Ohio                                    | 959,936      | 41 days  |
| Total Investments                            | \$18,660,815 |          |
|  |              |          |

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The investment policy restricts the Finance Director from investing in any securities other than those identified in the Ohio Revised Code and that all investments must mature within five years from the date of investment unless they are matched to a specific obligation or debt of the City.

All of the federal agency securities carry a rating of AAA by Moodys. STAR Ohio carries a rating of AAA by Standard and Poor's. The City has no investment policy dealing with credit risk beyond the requirements of State statute. Ohio law requires that STAR Ohio maintain the highest rating provided by at least one nationally recognized standard rating service.

## NOTE 6 - DEPOSITS AND INVESTMENTS (continued)

The City places no limit on the amount of its interim monies it may invest in a particular security. The following table indicates the percentage of investments to the City's total portfolio:

|  |             | Percentage of |
|--|-------------|---------------|
|  | Fair Value  | Portfolio     |
| Federal National Mortgage Association  | \$3,420,490 | 18.3%         |
| Federal Home Loan Bank                 | 4,945,825   | 26.5          |
| Federal Farm Credit Bank               | 2,007,571   | 10.8          |
| Federal Home Loan Mortgage Corporation | 7,326,993   | 39.3          |

## NOTE 7 - RECEIVABLES

Receivables at December 31, 2007, consisted of accounts (billings for user charged services); accrued interest; interfund; intergovernmental receivables arising from grants, entitlements, and shared revenues; municipal income taxes; other local taxes; property taxes; notes; and special assessments. All receivables are considered fully collectible within one year, except for property taxes, notes receivable, and special assessments. Property taxes, although ultimately collectible, include some portion of delinquencies that will not be collected within one year. Notes receivable, in the amount of \$2,895,079, will not be received within one year. Special assessments, in the amount of \$1,921,029, will not be received within one year. At December 31, 2007, the amount of delinquent special assessments was \$367,591.

A summary of the principal items of intergovernmental receivables follows:

|                                      | Amount      |
|--------------------------------------|-------------|
| Governmental Activities              |             |
| Major Funds                          |             |
| General Fund                         |             |
| Homestead and Rollback               | \$95,540    |
| \$10,000 Personal Property Exemption | 5,046       |
| Personal Property Phase-Out          | 26,007      |
| Local Government                     | 395,234     |
| Local Government Revenue Assistance  | 59,637      |
| Beer and Liquor Permits              | 30,304      |
| Estate Tax                           | 286,303     |
| Charges for Services                 | 4,587       |
| Fines and Forfeitures                | 44,861      |
| Total General Fund                   | 947,519     |
|                                      | (continued) |

# NOTE 7 - RECEIVABLES (continued)

|                                      | Amount      |

| Total Governmental Activities                                     | \$2,109,036 |

## NOTE 8 - MUNICIPAL INCOME TAXES

The City levies and collects an income tax of 1 percent based on all income earned within the City as well as on incomes of residents earned outside the City. Employers within the City are required to withhold income tax on employee earnings and remit the tax to the City at least quarterly. Corporations and other individual taxpayers are also required to pay their estimated tax at least quarterly and file a final return annually.

For 2007, income taxes were allocated as follows: 88.75 percent to the General Fund for general operations of the City; 6.25 percent to the General Bond Retirement debt service fund to be used for the retirement of general obligation debt; and 5 percent to the Capital Improvement capital projects fund to be used for the capital improvement program.

#### **NOTE 9 - PROPERTY TAXES**

Property taxes include amounts levied against all real property, public utility property, and tangible personal property located in the City. Real property tax revenues received in 2007 represent the collection of 2006 taxes. Real property taxes received in 2007 were levied after October 1, 2006, on the assessed values as of January 1, 2006, the lien date. Assessed values for real property taxes are established by State statute at 35 percent of appraised market value. Real property taxes are payable annually or semiannually. If paid annually, payment is due December 31; if paid semiannually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established.

Public utility property tax revenues received in 2007 represent the collection of 2006 taxes. Public utility real and tangible personal property taxes received in 2007 became a lien on December 31, 2005, were levied after October 1, 2006, and are collected with real property taxes. Public utility real property is assessed at 35 percent of true value; public utility tangible personal property is currently assessed at varying percentages of true value.

Tangible personal property tax revenues received in 2007 (other than public utility property) represent the collection of 2007 taxes. Tangible personal property taxes received in 2007 were levied after October 1, 2006, on the true value as of December 31, 2006. In prior years, tangible personal property was assessed at 25 percent of true value for capital assets and 23 percent for inventory. The tangible personal property tax is being phased out. The assessment percentage for all property, including inventory, for 2007 is 12.5 percent. This will be reduced to 6.25 percent for 2008 and zero for 2009. Amounts paid by multi-county taxpayers are due September 20. Single county taxpayers may pay annually or semiannually. If paid annually, payment is due April 30; if paid semiannually, the first payment is due April 30, with the remainder payable by September 20.

The County Treasurer collects property taxes on behalf of all taxing districts within the County, including the City of Sandusky. The County Auditor periodically remits to the City its portion of the taxes collected.

Accrued property taxes receivable represents real property, public utility property, and tangible personal property taxes which were measurable as of December 31, 2007, and for which there was an enforceable legal claim. In the governmental funds, the entire receivable has been deferred since current taxes were not levied to finance 2007 operations and the collection of delinquent taxes during the available period is not subject to reasonable estimation. On the accrual basis, delinquent real property taxes have been recorded as a receivable and revenue while the remainder has been deferred.

The full tax rate for all City operations for the year ended December 31, 2007, was \$5.25 per \$1,000 of assessed value. The assessed values of real property, public utility property, and tangible personal property upon which 2007 property tax receipts were based are as follows:

| Category                         | Amount        |  |
|----------------------------------|---------------|--|
| Real Property                    | \$474,571,000 |  |
| Public Utility Personal Property | 15,307,000    |  |
| Tangible Personal Property       | 47,462,890    |  |
| Total Assessed Value             | \$537,340,890 |  |

## **NOTE 10 - NOTES RECEIVABLE**

A summary of the changes in notes receivable during 2007 follows:

|                                       | Balance<br>January 1,<br>2007 | New<br>Loans | Repayments | Balance<br>December 31,<br>2007 |
|---------------------------------------|-------------------------------|--------------|------------|---------------------------------|
| Special Revenue Fund                  |                               |              |            |                                 |
| State Grants                          |                               |              |            |                                 |
| CDBG                                  | \$115,834                     | \$0          | \$100,264  | \$15,570                        |
| Revolving Loans                       | 849,662                       | 94,058       | 195,690    | 748,030                         |
| Rehabilitation Revolving Loans        | 1,828,731                     | 564,453      | 6,500      | 2,386,684                       |
|                                       | \$2,794,227                   | \$658,511    | \$302,454  | 3,150,284                       |
| Less Allowance for Uncollectible Acco | ounts                         |              |            | 46,694                          |
|                                       |                               |              |            | \$3,103,590                     |

Notes receivable are reduced each year by the amount of loans which have been determined to be uncollectible.

## NOTE 11 - CAPITAL ASSETS

Capital asset activity for the year ended December 31, 2007, was as follows:

|                                     | Balance<br>January 1,<br>2007 | Additions   | Reductions  | Balance<br>December 31,<br>2007 |

## NOTE 11 - CAPITAL ASSETS (continued)

The enterprise funds accepted a contribution of capital assets from the governmental funds with a fair value of \$183,705 during 2007.

Depreciation expense was charged to governmental functions as follows:

| Governmental Activities                              |             |
|--|-------------|
| Security of Persons and Property - Police            | \$127,255   |
| Security of Persons and Property - Fire              | 387,343     |
| Public Health  | 31,556      |
| Leisure Time Activities                              | 124,619     |
| Community Environment                                | 129,038     |
| Transportation                                       | 1,430,810   |
| General Government - Municipal Court                 | 9,113       |
| General Government - Other                           | 291,506     |
| Total Depreciation Expense - Governmental Activities | \$2,531,240 |

## NOTE 12 - INTERFUND RECEIVABLES/PAYABLES

At December 31, 2007, the General Fund had an interfund receivable, in the amount of \$30,685, for a loan made to the Various Improvement capital projects fund.

## NOTE 13 - RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City participates in the Buckeye Ohio Risk Management Agency (BORMA), a public entity shared risk pool among several cities in Northern Ohio. The City pays monthly premiums for health care coverage for its employees and for property, crime, and liability insurance. BORMA is responsible for the management and operation of the programs. Member cities agree to share in the coverage of losses and pay all premiums necessary for the specified insurance coverage provided under the respective programs. Member cities are subject to supplemental assessments of up to 25 percent of the premiums paid for health insurance during that year and in an amount equal to the annual premiums for property, crime, and liability insurance in the event of deficiencies. Upon withdrawal from BORMA, a participant is responsible for the payment of all liabilities accruing as a result of withdrawal from the respective programs.

## NOTE 13 - RISK MANAGEMENT (continued)

During 2007, the City contracted with BORMA for the following coverage:

| Type of Coverage                 | Coverage      |
|----------------------------------|---------------|
| Property (building and contents) | \$112,515,561 |
| Inland Marine                    | 2,080,800     |
| General Liability                | 10,000,000    |
| Employee Benefit Liability       | 10,000,000    |
| Auto Uninsured-Underinsured      | 1,000,000     |
| Boiler and Machinery             | 50,000,000    |
| Public Official Liability        | 10,000,000    |

There has been no significant reduction in insurance coverage from 2006, and no insurance settlement has exceeded insurance coverage during the last three years.

Workers' compensation coverage is provided by the State of Ohio. The City pays the State Workers' Compensation System a premium based on a rate per \$100 of salaries. This rate is calculated based on accident history and administrative costs.

## NOTE 14 - SIGNIFICANT CONTRACTUAL COMMITMENTS

The City has outstanding contracts for professional services. The following amounts remain on these contracts as of December 31, 2007:

| Contract                | Remaining Commitment |
|-------------------------|----------------------|
| Arcadis                 | \$17,502             |
| Blaze Building          | 194,381              |
| Ed Burdue               | 342,583              |
| Conestoga Rovers        | 85,033               |
| George Gradel           | 274,590              |
| John Hancock            | 10,280               |
| Helmstetter             | 19,592               |
| Robert Heneman          | 24,575               |
| Jones & Henry Engineers | 253,296              |
| K S Associates          | 84,164               |
|                         | (continued)          |

## NOTE 14 - SIGNIFICANT CONTRACTUAL COMMITMENTS (continued)

## **NOTE 15 - DEFINED BENEFIT PENSION PLANS**

#### A. Ohio Public Employees Retirement System

Plan Description - The City participates in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The traditional plan is a cost-sharing, multipleemployer defined benefit pension plan. The member-directed plan is a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20 percent per year). Under the member-directed plan, members accumulate retirement assets equal to the value of the member and vested employer contributions plus any investment earnings. The combined plan is a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and a defined contribution plan. Under the combined plan, employer contributions are invested by OPERS to provide a formula retirement benefit similar to the traditional plan benefit. Member contributions, whose investment is self-directed by the member, accumulate retirement assets in a manner similar to the member-directed plan. While members in the State and local divisions may participate in all three plans, law enforcement (generally sheriffs, deputy sheriffs, and township police) and public safety divisions exist only within the traditional pension plan.

OPERS provides retirement, disability, survivor and death benefits, and annual cost of living adjustments to members of the traditional and combined plans. Members of the member-directed plan do not qualify for ancillary benefits. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that may be obtained by writing to the Ohio Public Employees Retirement System, 277 East Town Street, Columbus, Ohio 43215-4642 or by calling (614) 222-5601 or 800-222-7377.

## NOTE 15 - DEFINED BENEFIT PENSION PLANS (continued)

Funding Policy - The Ohio Revised Code provides statutory authority for member and employer contributions. For the year ended December 31, 2007, members in state and local classifications contributed 9.5 percent of covered payroll, public safety members contributed 9.75 percent, and law enforcement members contributed 10.1 percent.

The City's contribution rate for 2007 was 13.85 percent of covered payroll. For the period January 1 through June 30, 2007, a portion of the City's contribution equal to 5 percent of covered payroll was allocated to fund the postemployment health care plan; for the period July 1 through December 31, 2007, this amount was increased to 6 percent. Employer contribution rates are actuarially determined. State statute sets a maximum contribution rate for the City of 14 percent.

The City's required contribution for pension obligations to the traditional and combined plans for the years ended December 31, 2007, 2006, and 2005 was \$607,660, \$662,275, and \$721,776, respectively; 72 percent has been contributed for 2007 and 100 percent for 2006 and 2005. Contributions to the member-directed plan for 2007 were \$879 made by the City and \$603 made by the plan members.

#### B. Ohio Police and Fire Pension Fund

Plan Description - The City contributes to the Ohio Police and Fire Pension Fund (OPF), a cost-sharing, multiple-employer defined benefit pension plan. OPF provides retirement and disability pension benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by the Ohio State Legislature and are codified in Chapter 742 of the Ohio Revised Code. OPF issues a stand-alone financial report that may be obtained by writing to the Ohio Police and Fire Pension Fund, 140 East Town Street, Columbus, Ohio 43215-5164.

Funding Policy - Plan members are required to contribute 10 percent of their annual covered salary to fund pension obligations. The City's contribution was 19.5 percent for police officers and 24 percent for firefighters. Contribution rates are established by State statute. For 2007, a portion of the City's contribution equal to 6.75 percent of covered payroll was allocated to fund the postemployment health care plan. The City's required contribution for pension obligations for police and firefighters for the year ended December 31, 2007, was \$451,038 and \$543,127, for the year ended December 31, 2006, was \$417,252 and \$498,729, and for the year ended December 31, 2005, was \$399,203 and \$496,569. For 2007, 77 percent has been contributed for police and 69 percent has been contributed for firefighters. The full amount has been contributed for 2006 and 2005.

## **NOTE 16 - POSTEMPLOYMENT BENEFITS**

#### A. Ohio Public Employees Retirement System

Plan Description - OPERS maintains a cost-sharing, multiple-employer defined benefit postemployment health care plan for qualifying members of both the traditional and combined pension plans. Members of the member-directed plan do not qualify for ancillary benefits, including postemployment health care. The plan includes a medical plan, a prescription drug program, and Medicare Part B premium reimbursement.

## **NOTE 16 - POSTEMPLOYMENT BENEFITS** (continued)

To qualify for postemployment health care coverage, age and service retirees under the traditional and combined plans must have ten or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The Ohio Revised Code permits, but does not require, OPERS to provide health care benefits to its eligible members and beneficiaries. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code.

Disclosures for the health care plan are presented separately in the OPERS financial report which may be obtained by writing to the Ohio Public Employees Retirement System, 277 East Town Street, Columbus, Ohio 43215-4642 4642 or by calling (614) 222-5601 or 800-222-7377.

Funding Policy - The postemployment health care plan was established under, and is administered in accordance with, Internal Revenue Code 401(h). State statute requires that public employers fund postemployment health care through contributions to OPERS. A portion of each employer's contribution to the traditional or combined plans is set aside for the funding of postemployment health care.

Employer contribution rates are expressed as a percentage of the covered payroll of active employees. In 2007, local government employers contributed 13.85 percent of covered payroll. Each year, the OPERS retirement board determines the portion of the employer contribution rate that will be set aside for funding postemployment health care benefits. The amount of the employer contributions which was allocated to fund postemployment health care was 5 percent of covered payroll from January 1 through June 30, 2007, and 6 percent from July 1 to December 31, 2007.

The OPERS retirement board is also authorized to establish rules for the payment of a portion of the health care benefits by the retiree or the retiree's surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected. Active members do not make contributions to the postemployment health care plan.

The City's contribution allocated to fund postemployment health care benefits for the years ended December 31, 2007, 2006, and 2005 was \$400,834, \$324,301, and \$302,315, respectively; 72 percent has been contributed for 2007 and 100 percent for 2006 and 2005.

On September 9, 2004, the OPERS Retirement Board adopted a Health Care Preservation Plan which was effective January 1, 2007. Member and employer contribution rates increased as of January 1, 2006, January 1, 2007, and January 1, 2008, which allowed additional funds to be allocated to the health care plan.

#### B. Police and Fire Pension Fund

Plan Description - The City contributes to the Ohio Police and Fire Pension Fund (OPF) sponsored healthcare program, a cost-sharing, multiple-employer defined postemployment healthcare plan administered by OPF. OPF provides healthcare benefits including coverage for medical, prescription drug, dental, vision, Medicare Part B premium reimbursement, and long-term care to retirees, qualifying benefit recipients, and their eligible dependents.

## NOTE 16 - POSTEMPLOYMENT BENEFITS (continued)

OPF provides access to postretirement healthcare coverage for any person who receives or is eligible to receive a monthly service, disability, or survivor benefit, or is a spouse or eligible dependent child of such person.

The Ohio Revised Code permits, but does not require, OPF to provide OPEB benefits. Authority for the OPF Board of Trustees to provide healthcare coverage to eligible participants and to establish and amend benefits is codified in Chapter 742 of the Ohio Revised Code.

OPF issues a stand-alone financial report that may be obtained by writing to the Ohio Police and Fire Pension Fund, 140 East Town Street, Columbus, Ohio 43215-5164.

Funding Policy - OPF's postemployment healthcare plan was established and is administered as an Internal Revenue Code 401(h) account within the defined benefit pension plan under the authority granted by the Ohio Revised Code to the OPF Board of Trustees. The Ohio Revised Code sets the contribution rates for participating employers and for plan members to the OPF. Participating employers are required to contribute to the pension plan at rates expressed as percentages of the payroll of active pension plan members, currently 19.5 percent and 24 percent of covered payroll for police and firefighters, respectively.

The Board of Trustees is authorized to allocate a portion of the total employer contributions made to the pension plan to the 401(h) account as the employer contribution for retiree healthcare benefits. For the year ended December 31, 2007, the employer contribution allocated to the healthcare plan was 6.75 percent of covered payroll. The amount of employer contributions allocated to the healthcare plan each year is subject to the trustees' primary responsibility to ensure that pension benefits are adequately funded and also is limited by the provisions of section 401(h).

The OPF Board of Trustees is also authorized to establish requirements for contributions to the healthcare plan by retirees and their eligible dependents or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected. Active members do not make contributions to the OPEB Plan.

The City's contribution to OPF which was allocated to fund postemployment health care benefits for police and firefighters for the year ended December 31, 2007, was \$238,785 and \$212,528, for the year ended December 31, 2006, was \$275,209 and \$237,855, and for the year ended December 31, 2005, was \$263,304 and \$236,825. For 2007, 77 percent has been contributed for police and 69 percent has been contributed for firefighters. The full amount has been contributed for 2006 and 2005.

## NOTE 17 - COMPENSATED ABSENCES

The criteria for determining vacation and sick leave benefits are derived from negotiated agreements and State laws.

City employees earn and accumulate vacation at varying rates depending on length of service. Current policy credits vacation leave on the employee's anniversary date. Employees are paid for 100 percent of earned unused vacation leave upon termination.

## NOTE 17 - COMPENSATED ABSENCES (continued)

Sick leave is earned at various rates as defined by City policy and union contracts. Any employee with ten years of service with the City who elects to retire is entitled to receive their accumulated unused sick leave as follows:

|                            | AFCSME | IAF  | FOP  | Administration |
|----------------------------|--------|------|------|----------------|
| 40 hours/week              |        |      |      |                |
| Sick hours less than 1,000 | 25 %   | 25 % | 25 % | 25 %           |
| Sick hours 1,000 - 1,499   | 30 %   | 30 % | 30 % | 30 %           |
| Sick hours 1,500 - 2,199   | 35 %   | 35 % | 35 % | 35 %           |
| Sick hours over 2,200      | 45 %   | 45 % | 45 % | 45 %           |
| 51 hours/week              |        |      |      |                |
| Sick hours less than 1,300 | n/a    | 25 % | n/a  | n/a            |
| Sick hours 1,300 - 1,949   | n/a    | 30 % | n/a  | n/a            |
| Sick hours 1,950 - 2,859   | n/a    | 35 % | n/a  | n/a            |
| Sick hours over 2,860      | n/a    | 45 % | n/a  | n/a            |

The City also provides for a provision of sick leave payoff in case of death.

## NOTE 18 - NOTES PAYABLE

The City's note transactions for the year ended December 31, 2007, were as follows:

|                               | Interest<br>Rate | Balance<br>January 1,<br>2007 | Additions   | Reductions  | Balance<br>December 31,<br>2007 |
|-------------------------------|------------------|-------------------------------|-------------|-------------|---------------------------------|
| Governmental Activities       |                  |                               |             |             |                                 |
| Bond Anticipation Notes       |                  |                               |             |             |                                 |
| Capital Projects Funds        |                  |                               |             |             |                                 |
| 2006 Various Improvement      | 4.125%           | \$7,750,000                   | \$0         | \$7,750,000 | \$0                             |
| 2007 Various Improvement      | 4.125            | 0                             | 8,260,000   | 0           | 8,260,000                       |
| Total Governmental Activities |                  | \$7,750,000                   | \$8,260,000 | \$7,750,000 | \$8,260,000                     |

According to Ohio law, notes may be issued in anticipation of bond proceeds or for up to 50 percent of anticipated revenue collections.

The City has issued bond anticipation notes with a maturity of one year which will be reissued until paid in full or until bonds are issued. The liability for all notes is presented in the fund receiving the proceeds.

## NOTE 18 - NOTES PAYABLE (continued)

The 2006 various improvement notes were issued to retire notes previously issued to replace the air conditioning unit at the Municipal Building, street improvements, roof repairs, sidewalk, curb, and gutter improvements, and to revitalize the Bayfront Urban Revitalization Area. The 2007 various improvement notes were issued to retire notes previously issued to replace the air conditioning unit at the Municipal Building, street improvements, roof repairs, sidewalk, curb, and gutter improvements, and to revitalize the Bayfront Urban Revitalization Area. Upon completion of the Bayfront Urban Revitalization Area project, all assets acquired or constructed will be donated to Mid-States Bayfront Development, LLC.

At December 31, 2007, the total amount of various improvement notes outstanding was \$8,260,000, of which \$7,937,889 has been expended for construction. Of the \$7,937,889, \$4,705,000 is not capitalized.

## **NOTE 19 - LONG-TERM OBLIGATIONS**

The City's long-term obligations activity for the year ended December 31, 2007, was as follows:

|                                | Interest<br>Rate | Balance<br>January 1,<br>2007 | Additions | Reductions | Balance<br>December 31,<br>2007 | Due Within<br>One Year |

### NOTE 19 - LONG-TERM OBLIGATIONS (continued)

#### 2000 City Complex General Obligation Bonds

In 2000, the City issued \$6,000,000 in unvoted general obligation bonds for the construction of a city service complex. The bonds were issued for a twenty year period with maturity beginning April 12, 2000. During 2005, \$5,770,000, of these bonds was refunded. The bonds will be paid from the General Bond Retirement debt service fund.

#### 2001 Library Improvement General Obligation Bonds

In 2001, the City issued \$6,340,000 in unvoted general obligation bonds for renovating and improving the City library. The bonds were issued for a twenty year period with maturity beginning May 1, 2001. The bonds will be paid from the General Bond Retirement debt service fund.

The City of Sandusky and the Sandusky Library Association, an Ohio not-for-profit corporation, have entered into a contractual agreement whereby the City issued these bonds for library construction and renovations. As part of the agreement, the City will lease (for zero rent charges or lease payments) the library (real property, including building and improvements) for a period of twenty-five years, or until the bonds are paid off. Upon full payment of the debt, all of the new construction and improvements will become the property of the Sandusky Library Association.

#### 2001 Police Pension General Obligation Bonds

In 2001, the City issued \$552,098 in unvoted general obligation bonds for pension purposes. The bonds were issued for a twenty-five year period with maturity beginning June 1, 2001. The bonds will be paid from the General Bond Retirement debt service fund. During 2007, \$417,803 of these bonds was refunded.

#### 2001 Fire Pension General Obligation Bonds

In 2001, the City issued \$742,902 in unvoted general obligation bonds for pension purposes. The bonds were issued for a twenty-five year period with maturity beginning June 1, 2001. The bonds will be paid from the General Bond Retirement debt service fund. During 2007, \$562,197 of these bonds was refunded.

#### 2001 Various Purpose General Obligation Bonds

In 2001, the City issued \$6,037,200 in unvoted general obligation bonds for the Downtown Streetscape project, the Lane Street project, the Butler Street capacity project, the Columbus Avenue underpass, the City building project, the Transit building project, the Plaza project, the Fire Station project, and the Remington Avenue project. The bonds were issued for a twenty-five year period with maturity beginning June 1, 2001. The bonds will be paid from the General Bond Retirement debt service fund. During 2007, \$4,183,404 of these bonds was refunded.

#### 2004 Judgement General Obligation Refunding Bonds

On October 15, 2004, the City issued \$240,000 in judgement general obligation refunding bonds to refund \$270,000 in judgement general obligation bonds previously issued. The bonds were issued for an eight year period with maturity beginning December 1, 2005. The bonds will be paid from the General Bond Retirement debt service fund.

The proceeds from the bonds were used to fully extinguish the old debt on December 1, 2004.

## NOTE 19 - LONG-TERM OBLIGATIONS (continued)

#### 2005 Various Purpose General Obligation Bonds

In 2005, the City issued \$1,295,000 in unvoted general obligation bonds for acquiring two fire pumper trucks, the grade separation project, and improving the boat launch ramp. The bonds were issued for a twenty year period with maturity beginning December 1, 2006. The bonds will be paid from the General Bond Retirement debt service fund.

#### 2005 City Complex General Obligation Refunding Bonds

On March 22, 2005, the City issued \$6,410,000 in unvoted general obligation refunding bonds to refund \$5,770,000 in unvoted general obligation bonds for the construction of a city service complex. The bonds were issued for a fifteen year period with maturity beginning December 1, 2005. The bonds will be paid from the General Bond Retirement debt service fund.

The proceeds from the bonds were used to fully extinguish the old debt on December 1, 2005.

#### 2007 Police Pension General Obligation Refunding Bonds

On September 27, 2007, the City issued \$445,515 in unvoted general obligation refunding bonds to refund \$417,803, of the outstanding balance of \$466,830, in pension general obligation bonds previously issued. The bonds were issued for a twenty year period with maturity beginning December 1, 2010. The bonds will be paid from the General Bond Retirement debt service fund.

The net proceeds of the refunding bond issue, in the amount of \$417,803, were used to purchase U.S. government securities. The securities were deposited in an irrevocable trust with an escrow agent to provide for the future debt service payments on the 2001 Police Pension General Obligation Bonds. As a result, \$417,803 of the 2001 Police Pension General Obligation Bonds is considered to be defeased and the liability for those bonds has been removed from the City's financial statements. At December 31, 2007, \$417,803 of this debt was still outstanding.

Although the refunding will result in the recognition of an accounting loss of \$20,078, the City in effect decreased its aggregated debt service payments by \$17,211 over the next twenty years and obtained an economic gain (difference between the present values of the old and new debt service payments) of \$14,262.

The bonds maturing on or after December 1, 2015, are subject to prior redemption, by and at the sole option of the City, either in whole or in part (as selected by the City), and in integral multiples of \$5,000, on any date on or after June 1, 2015, at par plus accrued interest to the redemption date.

#### 2007 Fire Pension General Obligation Refunding Bonds

On September 27, 2007, the City issued \$599,485 in unvoted general obligation refunding bonds to refund \$562,197, of the outstanding balance of \$628,170, in pension general obligation bonds previously issued. The bonds were issued for a twenty year period with maturity beginning December 1, 2010. The bonds will be paid from the General Bond Retirement debt service fund.

## NOTE 19 - LONG-TERM OBLIGATIONS (continued)

The net proceeds of the refunding bond issue, in the amount of \$562,197, were used to purchase U.S. government securities. The securities were deposited in an irrevocable trust with an escrow agent to provide for the future debt service payments on the 2001 Fire Pension General Obligation Bonds. As a result, \$562,197 of the 2001 Fire Pension General Obligation Bonds is considered to be defeased and the liability for those bonds has been removed from the City's financial statements. At December 31, 2007, \$562,197 of this debt was still outstanding.

Although the refunding will result in the recognition of an accounting loss of \$27,016, the City in effect decreased its aggregated debt service payments by \$23,160 over the next twenty years and obtained an economic gain (difference between the present values of the old and new debt service payments) of \$19,190.

The bonds maturing on or after December 1, 2015, are subject to prior redemption, by and at the sole option of the City, either in whole or in part (as selected by the City), and in integral multiples of \$5,000, on any date on or after June 1, 2015, at par plus accrued interest to the redemption date.

#### 2007 Various Purpose General Obligation Refunding Bonds

On September 27, 2007, the City issued \$4,433,271 in unvoted general obligation refunding bonds to refund \$4,183,404, of the outstanding balance of \$4,787,999, in bonds previously issued for the Downtown Streetscape project, the Lane Street project, the Butler Street capacity project, the Columbus Avenue underpass, the Transit building project, the Plaza project, the Fire Station project, and the Remington Avenue project. The bonds were issued for a twenty year period with maturity beginning December 1, 2008. The bonds will be paid from the General Bond Retirement debt service fund.

The net proceeds of the refunding bond issue, in the amount of \$4,183,404, were used to purchase U.S. government securities. The securities were deposited in an irrevocable trust with an escrow agent to provide for the future debt service payments on the 2001 Various Purpose General Obligation Bonds. As a result, \$4,183,404 of the 2001 Various Purpose General Obligation Bonds is considered to be defeased and the liability for those bonds has been removed from the City's financial statements. At December 31, 2007, \$4,183,404 of this debt was still outstanding.

Although the refunding will result in the recognition of an accounting loss of \$142,868, the City in effect decreased its aggregated debt service payments by \$195,463 over the next twenty years and obtained an economic gain (difference between the present values of the old and new debt service payments) of \$150,331.

The bonds maturing on or after December 1, 2015, are subject to prior redemption, by and at the sole option of the City, either in whole or in part (as selected by the City), and in integral multiples of \$5,000, on any date on or after June 1, 2015, at par plus accrued interest to the redemption date.

#### Special Assessment Bonds

The special assessment bonds are backed by the full faith and credit of the City of Sandusky. In the event that an assessed property owner fails to make payments or insufficient amounts are assessed to fund the debt, the City will be required to pay the related debt. The special assessment bonds were used to pay for projects that are not capitalized by the City.

## NOTE 19 - LONG-TERM OBLIGATIONS (continued)

On September 27, 2007, the City issued \$66,729 in unvoted general obligation refunding bonds to refund \$61,596, of the outstanding balance of \$82,134, in bonds previously issued for the Remington Avenue project. The bonds were issued for a fifteen year period with maturity beginning December 1, 2011. The bonds will be paid from the Special Assessment Bond Retirement debt service fund.

The net proceeds of the refunding bond issue, in the amount of \$61,596, were used to purchase U.S. government securities. The securities were deposited in an irrevocable trust with an escrow agent to provide for the future debt service payments on the refunded special assessment bonds. As a result, \$61,596 of the special assessment bonds is considered to be defeased and the liability for those bonds has been removed from the City's financial statements. At December 31, 2007, \$61,596 of this debt was still outstanding. As a result of the refunding, the City decreased its aggregated debt service payments by \$68 over the next fourteen years and obtained an economic loss (difference between the present values of the old and new debt service payments) of \$52.

The bonds maturing on or after December 1, 2015, are subject to prior redemption, by and at the sole option of the City, either in whole or in part (as selected by the City), and in integral multiples of \$5,000, on any date on or after June 1, 2015, at par plus accrued interest to the redemption date.

#### Capital Leases Payable

Capital lease obligations will be paid from the fund that maintains custody of the related asset.

#### Loans Payable

On June 22, 2007, the City entered into a loan agreement with Honeywell, in the amount of \$1,489,793, for energy efficiency upgrades at a number of City buildings. The loans have an interest rate of 4.25 percent. The loans were obtained for a ten year period with maturity beginning June 22, 2007. The loans are being retired through the General Fund and the Water and Sewer enterprise funds.

#### **Compensated Absences**

The compensated absences liability will be paid from the fund from which the employees' salaries are paid. These funds include the General Fund, the Street Maintenance, Parks and Recreational, and General Trust special revenue funds, the Various Improvement capital projects fund, and the Water and Sewer enterprise funds.

#### General Obligation Revenue Bonds

The general obligation revenue bonds are liabilities of the Water and Sewer enterprise funds and pledge their respective revenues for repayment. The bonds also pledge the full faith and credit and taxing ability of the City in the event the enterprise funds' revenues are not sufficient to meet the principal and interest requirements.

## 2002 Waterworks Improvement Refunding Bonds

On September 1, 2002, the City issued \$720,000 in waterworks improvement refunding bonds to refund \$800,000 in waterworks improvement bonds previously issued. The bonds were issued for a nine year period with maturity beginning December 1, 2003. The bonds will be paid from the Water enterprise fund.

The proceeds from the bonds fully extinguished the old debt on December 1, 2002.

#### NOTE 19 - LONG-TERM OBLIGATIONS (continued)

#### 2004 Water Pollution Control Refunding Bonds

On October 15, 2004, the City issued \$353,000 in water pollution control refunding bonds to refund \$400,000 in water pollution control bonds previously issued. The bonds were issued for an eight year period with maturity beginning December 1, 2005. The bonds will be paid from the Sewer enterprise fund.

The proceeds from the bonds were used to fully extinguish the old debt on December 1, 2004.

#### 2005 Water System Bonds

In 2005, the City issued \$175,000 in unvoted general obligation revenue bonds for improvements to the Big Island water works building. The bonds were issued for a twenty-five year period with maturity beginning December 1, 2006. The bonds will be retired from the Water enterprise fund.

#### 2005 Wastewater System Bonds

In 2005, the City issued \$1,815,000 in unvoted general obligation revenue bonds for improvements to the municipal wastewater system. The bonds were issued for a twenty-five year period with maturity beginning December 1, 2006. The bonds will be retired from the Sewer enterprise fund.

#### OWDA Loans

The City entered into agreements with the Ohio Water Development Authority for loans for ultraviolet treatment, sewer rehabilitation, flow monitors, sludge digestion system improvements, Cedar Point pump station, wastewater system modeling, settling tank improvements, wastewater treatment plant expansion, water plant improvement, water treatment plant electrical improvements, and wastewater treatment plant phase II design. OWDA loans will be paid from resources of the Water and Sewer enterprise funds.

The City's legal debt margin was \$29,577,927 at December 31, 2007.

The water plant improvement, the water treatment plant electrical improvements, and the wastewater treatment plant phase II design projects funded by OWDA loans have not been completed. An amortization schedule for the repayment of the loans will not be available until the projects are completed and, therefore, are not included in the following schedule.

## NOTE 19 - LONG-TERM OBLIGATIONS (continued)

Principal and interest requirements to retire governmental activities general long-term obligations outstanding at December 31, 2007, were as follows:

|           | General Ob<br>Bond | e           | Special Assess | ment Bonds |
|-----------|--------------------|-------------|----------------|------------|
| Year      | Principal          | Interest    | Principal      | Interest   |

## NOTE 20 - CAPITAL LEASES - LESSEE DISCLOSURE

The City has entered into capitalized leases for equipment. Each lease meets the criteria of a capital lease as defined by Statement of Financial Accounting Standards No. 13, "Accounting for Leases", which defines a capital lease generally as one which transfers benefits and risks of ownership to the lessee. Capital lease payments are reflected as debt service expenditures on the statement of revenues, expenditures, and changes in fund balances for the governmental funds. Principal payments in 2007 were \$34,282.

|                                   | Governmental<br>Activities |
|-----------------------------------|----------------------------|
| Equipment                         | \$233,453                  |
| Less Accumulated Depreciation     | (132,993)                  |
| Carrying Value, December 31, 2007 | \$100,460                  |

The following is a schedule of the future minimum lease payments required under the capital leases and the present value of the minimum lease payments as of December 31, 2007.

|       | Governmental<br>Activities |          |  |
|-------|----------------------------|----------|--|
| Year  | Principal                  | Interest |  |
| 2008  | \$38,386                   | \$4,972  |  |
| 2009  | 37,959                     | 2,801    |  |
| 2010  | 34,673                     | 877      |  |
| 2011  | 914                        | 4        |  |
| Total | \$111,932                  | \$8,654  |  |

## **NOTE 21 - OPERATING LEASE**

In February 1985, the City entered into an operating lease with Sandusky Bay Investment Company, Limited, whereby Sandusky Bay Investment Company, Limited leased 32.9 acres of land and water for operating and maintaining a park, parking areas, and marina. The basic lease term is for forty years, and the lessee has the option to renew for two additional ten year periods. The lessee is also required to make annual deposits of \$10,000 into a fund held by the City, which is to be used at the discretion of the lessee for routine structural repairs to the marina breakwall, restaurant, and other major repairs as may be needed from time to time. At the termination of the lease, any funds remaining in this account shall be used by the City for structural repairs and maintenance of Battery Park.

The capital assets for governmental activities include the City's investment of \$1,948,680 for land and improvements and \$91,576 for floating docks. The leaseholder's improvements are not recorded in the capital assets for governmental activities.

## NOTE 21 - OPERATING LEASE (continued)

For 2007, the City received payments, in the amount of \$25,000. Future annual lease payments to be received are as follows:

| Year             | Annual Lease<br>Payment | Total Lease<br>for Period |
|------------------|-------------------------|---------------------------|
| 2008-2014        | \$25,000                | \$175,000                 |
| 2015-2024        | 30,000                  | 300,000                   |
| Total minimum fu | \$475,000               |                           |

Beginning in 2000, Sandusky Bay Investment Company, Limited is required to pay additional rents to the City if net income is reported for that year. The additional rent will be a percentage of gross income calculated at the following percentages:

|           | Percentage of<br>Gross Income |
|-----------|-------------------------------|
| 2008-2009 | .05%                          |
| 2010-2014 | 1.0                           |
| 2015-2024 | 2.0                           |

The City did not receive any additional rent in 2007.

## **NOTE 22 - INTERFUND TRANSFERS**

During 2007, the General Fund made transfers to other governmental funds, in the amount of \$1,466,723, to subsidize various activities in other funds. The Capital Projects Fund made transfers to other governmental funds, in the amount of \$330,302, to close out capital projects and move receipts as debt payments became due. Other governmental funds made transfers to the Capital Projects Fund, in the amount of \$150,000, to fund various capital activities, to the Various Improvement Fund, in the amount of \$826,367, to fund sidewalk, curb, and gutter projects, and to other governmental funds, in the amount of \$106,603, to move receipts as debt payments became due.

The Water Fund made transfers to the Capital Projects and Various Improvement capital projects funds, in the amount of \$8,153 and \$417,761, respectively, to pay for capital projects activities within the funds. The Sewer Fund made transfers to the Capital Projects and Various Improvement capital projects funds and other governmental funds, in the amount of \$8,153, \$182,127, and \$73,751, respectively, to pay for capital projects activities within the funds and to move receipts as debt payments became due.

## NOTE 23 - PUBLIC ENTITY SHARED RISK POOL

The Buckeye Ohio Risk Management Agency (BORMA) is a public entity shared risk pool among several cities in Northern Ohio. BORMA was formed as an Ohio not-for-profit corporation and operates a health insurance program and a property, crime, and liability insurance program. Each member appoints one person to represent the City on the board of directors for a term of one year for participation in the health insurance program and three years for participation in the property, crime, and liability insurance program. Each member city's control over the budgeting and financing of BORMA is limited to its voting authority and any representation it may have on the board of directors.

Participation in BORMA is by written application subject to the approval of the board of directors and the payment of premiums. Member cities must remain members for cycles of three years. A member may withdraw from a program by giving a forty day notice prior to the beginning of the next cycle. BORMA does not have any outstanding debt obligations as of December 31, 2007. Financial information may be obtained from Arthur J. Gallagher & Co. - Cleveland, Gallagher Pipino, Inc., M-K Ferguson Plaza, 1500 West Third Street, Suite 405, Cleveland, Ohio 44113.

## **NOTE 24 - CONTINGENT LIABILITIES**

#### A. Litigation

The City of Sandusky is a party to several legal proceedings seeking damages or injunctive relief generally incidental to its operations and pending projects. The City management is of the opinion that the ultimate disposition of various claims and legal proceedings will not have a material effect, if any, on the financial condition of the City.

#### **B.** Federal and State Grants

For the period January 1, 2007, to December 31, 2007, the City received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies or their designees. Such audits could lead to a request for reimbursement to the grantor agency for expenditures disallowed under the terms of the grant. Because several of these grants are currently being questioned and are under review, the City is unable to determine if any disallowances will be material.

# COMBINING STATEMENTS AND INDIVIDUAL FUND SCHEDULES

## Nonmajor Special Revenue Funds

Special revenue funds are used to account for the proceeds of specific revenue sources (other than major capital projects) that are legally restricted to expenditure for specified purposes. Following is a description of the City's nonmajor special revenue funds:

#### Street Maintenance

To account for 92.5 percent of the state-levied and state-controlled gasoline tax and motor vehicle license fees remitted to the City by state formula and the special \$5 license fee the City is permitted to impose by virtue of Ohio law. Monies are used for street maintenance and repairs.

#### State Highway

To account for 7.5 percent of the state-levied and state-controlled gasoline tax and motor vehicle license fees remitted to the City by state formula. Monies are used for maintenance and repairs of state highways within the City. State highways represent approximately 10 percent of the roads inside the City limits.

## Public Transit

To account for monies received from the federal and state government under the Section 18 Program and from users of the public transit system. Monies are used for operations of the public transit system.

## Parks and Recreational

To account for monies collected at the municipal golf course and swimming pool, plant rentals from the greenhouse, and transfers from the General Fund (primarily for the parks and greenhouse). Monies are used for operation of the parks, greenhouse, and recreational facilities.

## Fire Pension

To account for monies received from property taxes and transfers from the General Fund for payment of both the current pension contribution and the long-term accounting liability.

#### Police Pension

To account for monies received from property taxes and transfers from the General Fund for payment of both the current pension contribution and the long-term accounting liability.

#### State Grants

To account for monies received from the state government under the community development block grant program and the revolving loan program, as well as several other state grants.

#### Federal Grants

To account for monies received from the federal government for EPA related issues, revolving loan monies, and for the public transit system.

(continued)

# Nonmajor Special Revenue Funds (continued)

## Indigent Drivers Alcohol

To account for monies received under Ohio Revised Code Sections 4511.191(M) and 4507.99(B)(4). This fund provides for payment of the cost for treatment, at a certified alcohol and drug addiction program, of a person convicted of a violation of Ohio Revised Code Section 4511.19 or a similar municipal ordinance.

## Enforcement and Education

To account for monies received under Ohio Revised Code Section 4511.99. This fund is used by the police department to pay the costs it incurs in enforcing Ohio Revised Code Section 4511.19 or a similar municipal ordinance, and in educating the public on laws governing the operation of a motor vehicle while under the influence of alcohol.

## Court Computerization

To account for fines collected by the municipal court under Ohio Revised Code Section 1901.26. This fund is used for computerization of the clerk of court's office.

## Indigent Telephone

To account for monies received under Ohio Revised Code Section 2929.23. This fund provides for payment of the costs of providing house detention for eligible indigent offenders.

## Municipal Probation

To account for monies received under Ohio Revised Code Section 737.41. This fund provides for payment of the costs of the municipal probation department.

# General Trust

To account for contraband forfeitures, grant monies for the Sandusky/Erie County Foundation K-9 Program, and various monies donated to the City.

## Park Donations

To account for donations from the Fred G. Epple Estate.

# Cemetery Donations

To account for charges for burials and donations.

## **Nonmajor Debt Service Funds**

Debt service funds are used to account for the accumulation of resources for, and the payment of, general long-term obligation principal, interest, and related costs.

## General Bond Retirement

To account for resources that are used for the payment of principal, interest, and fiscal charges on general obligation debt.

# Nonmajor Debt Service Funds (continued)

# Special Assessment Bond Retirement

To account for special assessment monies received for the payment of principal, interest, and fiscal charges on special assessment debt.

# Nonmajor Capital Projects Funds

Capital projects funds are used to account for financial resources used for the acquisition or construction of major capital facilities (other than those financed by the enterprise funds.)

# Capital Improvement

To account for tax revenues used for capital improvements.

# Redevelopment Tax Increment

To account for payments collected in lieu of taxes.

# City of Sandusky Combining Statements - Fiduciary Funds

Fiduciary funds are used to account for assets held by the City in a trustee capacity or as an agent for individuals, private organizations, other governments, and/or other funds.

# **Agency Funds**

## State Patrol Transfer

To account for monies deposited with the municipal court pending disposition to the Erie County Law Library and other municipalities.

## **Guaranteed Deposits**

To account for monies deposited by contractors to guarantee the satisfactory completion of a job or project. These monies are returned to the depositor or used to pay any charges after the job or project has been accepted by the engineering department.

## Sandusky Municipal Court

To account for bonds and other monies deposited with the municipal court pending final disposition of the various cases and payment to third parties, excluding the City.

# **BSF** Assessment

To account for monies received and distributed pursuant to Ohio Revised Code Sections 3781.102 and 5705.09(F) regarding the building standards fee assessment.

# Income Tax Garnishment

To account for monies deposited by the City for garnishing the wages of delinquent income tax accounts. These monies include both uncashed \$1 garnishment checks and the amount available for garnishment checks.

## Payroll

To account for monies used for bi-weekly payroll.

# Employee Series E Bonds

To account for monies deposited from payroll deductions for the purchase of Series E Bonds for individuals as requested.

## Police Temporary Deposit

To account for monies for which the police department has temporary custody due to drug law enforcement or contraband. This money is held on deposit until the court requests the funds.

## Section 125 Plan

To account for monies deposited from payroll deductions for medical bills and childcare for individuals.

Note: Real property is reappraised every six years with a State mandated update of the current market value in the third year following each reappraisal.

The assessed value of real property (including public utility real property) is 35 percent of estimated actual value. Personal property tax is assessed on all tangible personal property used in business in Ohio. The assessed value of public utility personal property ranges from 25 percent of actual value for railroad property to 88 percent for electric transmission and distribution property. General business tangible personal property was assessed at 25 percent of actual value for machinery and equipment and 23 percent for inventory. The general business tangible personal property tax is being phased out beginning in 2006. The percentage was 18.75 percent for 2006, and is 12.5 percent for 2007, 6.25 percent for 2008, and zero for 2009.

The tangible personal property values associated with each year are the values that, when multiplied by the applicable rates, generated the property tax revenue billed in that year. For real property, the amounts generated by multiplying the assessed values by the applicable rates would be reduced by the 10 percent, 2 1/2 percent, and homestead exemptions before being billed. Beginning in the 2006 collection year, the 10 percent rollback for commercial/industrial property has been eliminated.

Note: The rates presented for a particular calendar year are the rates that, when applied to the assessed values presented in the Assessed Value Table, generated the property tax revenue billed in that year. The basic property rate can be increased only by a majority vote of the City's residents.

Real property is reappraised every six years and property values are updated in the third year following each reappraisal.

Overlapping rates are those of local and county governments that apply to property owners within the City. Property tax rates for all overlapping governments are based upon the original voted levy.
