Independent Accountants' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Required by Government Auditing Standards	13

Mary Taylor, CPA Auditor of State

District Board of Health Gallia County 499 Jackson Pike, Suite D Gallipolis, Ohio 45631

To the Board of Health:

As you are aware, the Auditor of State's Office (AOS) must modify the *Independent Accountants' Report* we provide on your financial statement due to an interpretation from the American Institute of Certified Public Accountants (AICPA). While AOS does not legally require your government to prepare financial statements pursuant to Generally Accepted Accounting Principles (GAAP), the AICPA interpretation requires auditors to formally acknowledge that you did not prepare your financial statement in accordance with GAAP. Our Report includes an adverse opinion relating to GAAP presentation and measurement requirements, but does not imply the amounts the statement presents are misstated under the non-GAAP basis you follow. The AOS report also includes an opinion on the financial statement you prepared using the cash basis and financial statement format the AOS permits.

INDEPENDENT ACCOUNTANTS' REPORT

District Board of Health Gallia County 499 Jackson Pike, Suite D Gallipolis, Ohio 45631

To the Board of Health:

We have audited the accompanying financial statement of the District Board of Health, Gallia County, Ohio (the District), as of and for the year ended December 31, 2007. This financial statement is the responsibility of the District's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinion.

As described more fully in Note 1, the District has prepared this financial statement using accounting practices the Auditor of State prescribes or permits. These practices differ from accounting principles generally accepted in the United States of America (GAAP). Although we cannot reasonably determine the effects on the financial statement of the variances between these regulatory accounting practices and GAAP, we presume they are material.

Instead of the combined funds the accompanying financial statement presents, GAAP require presenting entity-wide statements and also presenting the District's larger (i.e., major) funds separately. While the District does not follow GAAP, generally accepted auditing standards requires us to include the following paragraph if the statement does not substantially conform to GAAP presentation requirements. The Auditor of State permits, but does not require health districts to reformat their statement. The District has elected not to follow GAAP statement formatting requirements. The following paragraph does not imply the amounts reported are materially misstated under the accounting basis the Auditor of State permits. Our opinion on the fair presentation of the amounts reported pursuant to its non-GAAP basis is in the second following paragraph.

District Board of Health Gallia County Independent Accountants' Report Page 2

n our opinion, because of the effects of the matter discussed in the preceding two paragraphs, the financial statement referred to above for the year ended December 31, 2007 does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the District as of December 31, 2007, or its changes in financial position for the years then ended.

Also, in our opinion, the financial statement referred to above presents fairly, in all material respects, the combined fund cash balances and reserves for encumbrances of the District Board of Health, Gallia County, Ohio, as of December 31, 2007, and its combined cash receipts and disbursements for the years then ended on the accounting basis Note 1 describes.

The District has not presented Management's Discussion and Analysis, which accounting principles generally accepted in the United States of America has determined is necessary to supplement, although not required to be part of, the financial statement.

In accordance with *Government Auditing Standards*, we have also issued our report dated September 18, 2008, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance, and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

Mary Taylor, CPA Auditor of State

NOTES TO THE FINANCIAL STATEMENT DECEMBER 31, 2007

1. Summary of Significant Accounting Policies

A. Description of the Entity

The constitution and laws of the State of Ohio establish the rights and privileges of the District Board of Health, Gallia County (the District), as a body corporate and politic. A five-member Board and a Health Commissioner govern the District. The District's services include communicable disease investigations, immunization clinics, inspections, public health nursing services and issues health-related licenses and permits.

The District's management believes this financial statement presents all activities for which the District is financially accountable.

B. Accounting Basis

This financial statement follows the accounting basis the Auditor of State prescribes or permits. This basis is similar to the cash receipts and disbursements accounting basis. The District recognizes receipts when received in cash rather than when earned, and recognizes disbursements when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

This statement includes adequate disclosure of material matters, as the Auditor of State prescribes or permits.

C. Cash

As required by the Ohio Revised Code, the Gallia County Treasurer is custodian for the District's cash. The County's cash and investment pool holds the District's assets, valued at the County Treasurer's reported carrying amount.

D. Fund Accounting

The District uses fund accounting to segregate cash that is restricted as to use. The District classifies its funds into the following types:

1. General Fund

The General Fund reports all financial resources except those required to be accounted for in another fund.

2. Special Revenue Funds

These funds account for proceeds from specific sources (other than from private-purpose trusts or for capital projects) that are restricted to expenditure for specific purposes. The District had the following significant Special Revenue Fund:

<u>Women, Infants, and Children (WIC) Fund</u> - This is a Federal grant fund accounts for the Special Supplemental Nutrition Program.

NOTES TO THE FINANCIAL STATEMENT DECEMBER 31, 2007 (Continued)

1. Summary of Significant Accounting Policies (Continued)

D. Fund Accounting (Continued)

3. Fiduciary Funds (Trust and Agency Funds)

These funds account for resources restricted by legally binding trust agreements and funds for which the District is acting in an agency capacity. The District had the following significant Fiduciary Fund:

<u>Children's Trust Fund</u> - This fund receives a percentage of fees collected for birth and death certificates to administer the Child Abuse and Neglect Trust Fund.

E. Budgetary Process

The Ohio Revised Code requires the District to budget each fund annually.

1. Appropriations

Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund, function or object level of, and appropriations may not exceed estimated resources. The District must annually approve appropriation measures and subsequent amendments. The County Budget Commission must also approve the annual appropriation measure. Unencumbered appropriations lapse at year end.

2. Estimated Resources

Estimated resources include estimates of cash to be received (budgeted receipts) plus unencumbered cash as of January 1. The County Budget Commission must also approve estimated resources.

3. Encumbrances

The Ohio Revised Code requires the District to reserve (encumber) appropriations when individual commitments are made. Encumbrances outstanding at year end are carried over, and need not be reappropriated.

A summary of 2007 budgetary activity appears in Note 2.

F. Property, Plant, and Equipment

The District records disbursements for acquisitions of property, plant, and equipment when paid. The accompanying financial statement does not report these items as assets.

G. Accumulated Leave

In certain circumstances, such as upon leaving employment, employees are entitled to cash payments for unused leave. The financial statement does not include a liability for unpaid leave.

NOTES TO THE FINANCIAL STATEMENT DECEMBER 31, 2007 (Continued)

2. Budgetary Activity

Budgetary activity for the year ending December 31, 2007 follows:

2007 Budgeted vs. Actual Receipts

Budgeted Actual			
Fund Type	Receipts	Receipts	Variance
General	\$572,187	\$572,186	(\$1)
Special Revenue	712,520	712,520	0
Fiduciary	15,534	15,534	0
Total	\$1,300,241	\$1,300,240	(\$1)

2007 Budgeted vs. Actual Budgetary Basis Expenditures

	Appropriation	Budgetary	
Fund Type	Authority	Expenditures	Variance
General	\$574,234	\$544,583	\$29,651
Special Revenue	707,963	711,532	(3,569)
Fiduciary	15,551	15,470	81
Total	\$1,297,748	\$1,271,585	\$26,163

3. Intergovernmental Funding

The County Commissioners serve as a special taxing authority for a special levy outside the tenmill limitation to provide the District with sufficient funds for health programs. The levy generated \$258,201 in 2007. The financial statement presents these amounts as intergovernmental receipts.

4. Retirement System

The District's employees belong to the Ohio Public Employees Retirement System (OPERS). OPERS is a cost-sharing, multiple-employer plan. The Ohio Revised Code prescribes this plan's benefits, which include postretirement healthcare and survivor and disability benefits.

The Ohio Revised Code also prescribes contribution rates. For 2007, OPERS members contributed 9.5% of their gross salaries and the District contributed an amount equaling 13.85% of participants' gross salaries. The District has paid all contributions required through December 31, 2007.

5. Risk Management

The District is exposed to various risks of property and casualty losses, and injuries to employees.

The District insures against injuries to employees through the Ohio Bureau of Worker's Compensation.

NOTES TO THE FINANCIAL STATEMENT DECEMBER 31, 2007 (Continued)

5. Risk Management (Continued)

The District belongs to the Public Entities Pool of Ohio (PEP), a risk-sharing pool available to Ohio local governments. PEP provides property and casualty coverage for its members. PEP is a member of the American Public Entity Excess Pool (APEEP). Member governments pay annual contributions to fund PEP. PEP pays judgments, settlements and other expenses resulting from covered claims that exceed the members' deductibles.

Casualty Coverage

For an occurrence prior to January 1, 2006 PEP retains casualty risks up to \$250,000 per occurrence, including claim adjustment expenses. PEP pays a percentage of its contributions to APEEP. APEEP reinsures claims exceeding \$250,000, up to \$1,750,000 per claim and \$10,000,000 in the aggregate per year.

For an occurrence on or subsequent to January 1, 2006, the Pool retains casualty risk up to \$350,000 per occurrence. Claims exceeding \$350,000 are reinsured with APEEP in an amount not to exceed \$2,650,000 for each claim and \$10,000,000 in the aggregate per year. Governments can elect up to \$10,000,000 in additional coverage with the General Reinsurance Corporation, through contracts with PEP.

If losses exhaust PEP's retained earnings, APEEP provides excess of funds available coverage up to \$5,000,000 per year, subject to a per-claim limit of \$2,000,000 (prior to January 1, 2006) or \$3,000,000 (on or subsequent to January 1, 2006) as noted above.

Property Coverage

Beginning in 2005, APEEP established a risk-sharing property program. Under the program, Travelers reinsures specific losses exceeding \$250,000 up to \$600 million per occurrence. This amount was increased to \$300,000 in 2007. For 2007, APEEP reinsures members for specific losses exceeding \$100,000 up to \$300,000 per occurrence, subject to an annual aggregate loss payment. For 2006, APEEP reinsures members for specific losses exceeding \$100,000 up to \$250,000 per occurrence, subject to an annual aggregate loss payment. Travelers provides aggregate stop-loss coverage based upon the combined members' total insurable values. If the stop loss is reached by payment of losses between \$100,000 and \$250,000 in 2006, or \$100,000 and \$300,000 in 2007, Travelers will then reinsure specific losses exceeding \$100,000 up to their \$600 million per occurrence limit. The aggregate stop-loss limit for 2007 was \$2,014,548.

The aforementioned casualty and property reinsurance agreements do not discharge PEP's primary liability for claims payments on covered losses. Claims exceeding coverage limits are the obligation of the respective government.

Property and casualty settlements did not exceed insurance coverage for the past three fiscal years.

NOTES TO THE FINANCIAL STATEMENT DECEMBER 31, 2007 (Continued)

5. Risk Management (Continued)

Financial Position

PEP's financial statements (audited by other accountants) conform with generally accepted accounting principles, and reported the following assets, liabilities and retained earnings at December 31, 2007 and 2006.

	2007	<u>2006</u>
Assets	\$37,560,071	\$36,123,194
Liabilities	(17,340,825)	(16,738,904)
Net Assets	<u>\$20,219,246</u>	<u>\$19,384,290</u>

At December 31, 2007 and 2006, respectively, the liabilities above include approximately \$15.9 million and \$15.0 million of estimated incurred claims payable. The assets and retained earnings above also include approximately \$15.0 million and \$14.4 million of unpaid claims to be billed to approximately 443 member governments in the future, as of December 31, 2007 and 2006, respectively. These amounts will be included in future contributions from members when the related claims are due for payment. The District's share of these unpaid claims collectible in future years is approximately \$17,000. This payable includes the subsequent year's contribution due if the District terminates participation, as described in the last paragraph below.

Based on discussions with PEP, the expected rates PEP charges to compute member contributions, which are used to pay claims as they become due, are not expected to change significantly from those used to determine the historical contributions detailed below. By contract, the annual liability of each member is limited to the amount of financial contributions required to be made to PEP for each year of membership.

Contributions to PEP		
2005	\$ 16,760	
2006	\$ 16,054	
2007	\$ 15,173	

After completing one year of membership, members may withdraw on each anniversary of the date they joined PEP provided they provide written notice to PEP 60 days in advance of the anniversary date. Upon withdrawal, members are eligible for a full or partial refund of their capital contributions, minus the subsequent year's budgetary contribution. Withdrawing members have no other future obligation to the pool. Also upon withdrawal, payments for all casualty claims and claim expenses become the sole responsibility of the withdrawing member, regardless of whether a claim occurred or was reported prior to the withdrawal.

NOTES TO THE FINANCIAL STATEMENT DECEMBER 31, 2007 (Continued)

6. Contingent Liabilities

Amounts grantor agencies pay to the District are subject to audit and adjustment by the grantor, principally the federal government. The grantor may require refunding any disallowed costs. Management cannot presently determine amounts grantors may disallow. However, based on prior experience, management believes any refunds would be immaterial.

7. Other Financing Uses

In 2006, the District received an advance of funds totaling \$13,095 from the Gallia County General Fund to eliminate 2006 year end negative fund balances relating to select District's grant funds. This receipt of funds was treated as Intergovernmental Revenue under the Special Revenue funds listing in the 2006 District's financial statement. This amount is, in essence, a loan from Gallia County. As such, the total repayment of this amount is classified in the current financial statement as "Other Financing Uses."

INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

District Board of Health Gallia County 499 Jackson Pike, Suite D Gallipolis, Ohio 45631

To the Board of Health:

We have audited the financial statement of the District Board of Health, Gallia County, Ohio (the District), as of and for the year ended December 31, 2007, and have issued our report thereon dated September 18, 2008, wherein we noted the District followed accounting practices the Auditor of State prescribes rather than accounting principles generally accepted in the United States of America. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting as a basis for designing our audit procedures for expressing our opinion on the financial statement, but not to opine on the effectiveness of the District's internal control over financial reporting. Accordingly, we have not opined on the effectiveness of the District's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the District's ability to initiate, authorize, record, process, or report financial data reliably in accordance with its applicable accounting basis, such that there is more than a remote likelihood that the District's internal control will not prevent or detect a more-than-inconsequential financial statement misstatement.

A material weakness is a significant deficiency, or combination of significant deficiencies resulting in more than a remote likelihood that the District's internal control will not prevent or detect a material financial statement misstatement.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all internal control deficiencies that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider material weaknesses, as defined above.

District Board of Health
Gallia County
Independent Accountants' Report on Internal Control Over
Financial Reporting and on Compliance and Other Matters
Required by Government Auditing Standards
Page 2

Compliance and Other Matters

As part of reasonably assuring whether the District's financial statement is free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

We did note certain noncompliance or other matters that we reported to the District's management in a separate letter dated September 18, 2008.

We intend this report solely for the information and use of the management and the Board of Health. We intend it for no one other than these specified parties.

Mary Taylor, CPA Auditor of State
