Independent Accountants' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Required by Government Auditing Standards	11

Mary Taylor, CPA Auditor of State

Garrettsville-Freedom-Nelson Joint Fire District Portage County P.O. Box 344 Garrettsville, Ohio 44231

To the Board of Trustees:

As you are aware, the Auditor of State's Office (AOS) must modify the *Independent Accountants' Report* we provide on your financial statements due to an interpretation from the American Institute of Certified Public Accountants (AICPA). While AOS does not legally require your government to prepare financial statements pursuant to Generally Accepted Accounting Principles (GAAP), the AICPA interpretation requires auditors to formally acknowledge that you did not prepare your financial statements in accordance with GAAP. Our Report includes an adverse opinion relating to GAAP presentation and measurement requirements, but does not imply the amounts the statements present are misstated under the non-GAAP basis you follow. The AOS report also includes an opinion on the financial statements you prepared using the cash basis and financial statement format the AOS permits.

INDEPENDENT ACCOUNTANTS' REPORT

Garrettsville-Freedom-Nelson Joint Fire District Portage County P.O. Box 344 Garrettsville, Ohio 44231

To the Board of Trustees:

We have audited the accompanying financial statements of Garrettsville-Freedom-Nelson Joint Fire District, Portage County, (the District) as of and for the years ended December 31, 2007 and 2006. These financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinion.

As described more fully in Note 1, the District has prepared these financial statements using accounting practices the Auditor of State prescribes or permits. These practices differ from accounting principles generally accepted in the United States of America (GAAP). Although we cannot reasonably determine the effects on the financial statements of the variances between these regulatory accounting practices and GAAP, we presume they are material.

Instead of the combined funds the accompanying financial statements present, GAAP require presenting entity wide statements and also presenting the District's larger (i.e. major) funds separately. While the District does not follow GAAP, generally accepted auditing standards requires us to include the following paragraph if the statements do not substantially conform to GAAP presentation requirements. The Auditor of State permits, but does not require Districts to reformat their statements. The District has elected not to follow GAAP statement formatting requirements. The following paragraph does not imply the amounts reported are materially misstated under the accounting basis the Auditor of State permits. Our opinion on the fair presentation of the amounts reported pursuant to its non-GAAP basis is in the second following paragraph.

In our opinion, because of the effects of the matter discussed in the preceding two paragraphs, the financial statements referred to above for the years ended December 31, 2007 and 2006 do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the District as of December 31, 2007 and 2006, or its changes in financial position for the years then ended.

Garrettsville-Freedom-Nelson Joint Fire District Portage County Independent Accountants' Report Page 2

Also, in our opinion, the financial statements referred to above present fairly, in all material respects, the fund cash balances of Garrettsville-Freedom-Nelson Joint Fire District, Portage County, as of December 31, 2007 and 2006, and its cash receipts and disbursements for the years then ended on the accounting basis Note 1 describes.

The District has not presented Management's Discussion and Analysis, which accounting principles generally accepted in the United States of America has determined is necessary to supplement, although not required to be part of, the financial statements.

In accordance with *Government Auditing Standards*, we have also issued our report dated October 22, 2008, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance, and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

Mary Taylor, CPA Auditor of State

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2007 AND 2006

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description of the Entity

The constitution and laws of the State of Ohio establish the rights and privileges of the Garrettsville-Freedom-Nelson Joint Fire District, Portage County, (the District) as a body corporate and politic. A three-member Board of Trustees governs the District. Each political subdivision within the District appoints one member. Those subdivisions are the Village of Garrettsville, Freedom Township, and Nelson Township. The District provides fire protection and rescue services within the District and by contract to areas outside the District.

The District's management believes these financial statements present all activities for which the District is financially accountable.

The District is associated with two organizations and a Village which will be discussed below.

The Garfield Fire Department, Inc. (aka Garrettsville Volunteer Fire Department, Inc.) (GFD) and the Garrettsville, Freedom, Nelson Firefighters Association (GFA) are comprised of the same individuals that are employed by the District as volunteer fire fighters.

GFD-This is a Section 509(a) (1) organization which owns the property and building where the District stores their trucks. The District pays \$30,000 annual rent to GFD. This is mainly their only source of revenue. The money is used for maintenance and up keep of the building and property.

GFA-This is an organization which is not incorporated. This organization owns the equipment in the building that is owned by the GFD. The District's firemen get \$5 paid to them for training and they have elected this money to go the GFA. The only other source of revenue is fund raisers that are held throughout the year. The money is used for buying equipment.

The District has a dispatching contract with the Village of Garrettsville. The contract is for \$23,329 annually, which is paid in quarterly installments. The contract has a three year term.

B. Accounting Basis

These financial statements follow the accounting basis the Auditor of State prescribes or permits. This basis is similar to the cash receipts and disbursements accounting basis. The District recognizes receipts when received in cash rather than when earned, and recognizes disbursements when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements include adequate disclosure of material matters, as the Auditor of State prescribes or permits.

C. Cash and Investments

The District's accounting basis includes investments as assets. This basis does not record disbursements for investment purchases or receipts for investment sales. This basis records gains or losses at the time of sale as receipts or disbursements, respectively.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2007 AND 2006 (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

D. Fund Accounting

The District uses fund accounting to segregate cash and investments that are restricted as to use. The Fire District Fund is the general operating fund. It is used to account for all financial resources.

E. Budgetary Process

The Ohio Revised Code requires that each fund be budgeted annually.

1. Appropriations

Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund, function or object level of control, and appropriations may not exceed estimated resources. The Board of Trustees must annually approve appropriation measures and subsequent amendments. The County Budget Commission must also approve the annual appropriation measure. Encumbered appropriations lapse at year end.

2. Estimated Resources

Estimated resources include estimates of cash to be received (budgeted receipts) plus cash as of January 1. The County Budget Commission must also approve estimated resources.

3. Encumbrances

The Ohio Revised Code requires the District to reserve (encumber) appropriations when individual commitments are made. Encumbrances outstanding at year end are cancelled, and reappropriated in the subsequent year.

A summary of 2007 and 2006 budgetary activity appears in Note 3.

F. Property, Plant, and Equipment

The District records disbursements for acquisitions of property, plant, and equipment when paid. The accompanying financial statements do not report these items as assets.

2. EQUITY IN POOLED CASH AND INVESTMENTS

The District maintains a cash and investments pool all funds use. The Ohio Revised Code prescribes allowable deposits and investments. The carrying amount of cash and investments at December 31 was as follows:

	2007	2006
Demand deposits	\$263,998	\$256,171

Deposits: Deposits are insured by the Federal Depository Insurance Corporation; or collateralized by the financial institution's public entity deposit pool.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2007 AND 2006 (Continued)

3. BUDGETARY ACTIVITY

Budgetary activity for the years ending December 31, 2007 and 2006 follows:

2007 Budgeted vs. Actual Receipts				
		Budgeted	Actual	
Fund Type		Receipts	Receipts	Variance
General		\$797,483	\$552,684	(\$244,799)
	2007 Budgeted vs. A	Actual Budgetary	Basis Expenditur	es
		Appropriation	Budgetary	
Fund Type		Authority	Expenditures	Variance
General		\$772,483	\$544,857	\$227,626
2006 Budgeted vs. Actual Receipts				
		Budgeted	Actual	
Fund Type		Receipts	Receipts	Variance
General		\$690,687	\$456,113	(\$234,574)
		Appropriation	Budgetary	
Fund Type		Authority	Expenditures	Variance
General		\$684,000	\$438,347	\$245,653

4. PROPERTY TAX

Real property taxes become a lien on January 1 preceding the October 1 date for which the Trustees adopted tax rates. The State Board of Tax Equalization adjusts these rates for inflation. Property taxes are also reduced for applicable homestead and rollback deductions. The financial statements include homestead and rollback amounts the State pays as Intergovernmental Receipts. Payments are due to the County by December 31. If the property owner elects to pay semiannually, the first half is due December 31. The second half payment is due the following June 20.

Public utilities are also taxed on personal and real property located within the District.

Tangible personal property tax is assessed by the property owners, who must file a list of such property to the County by each April 30.

The County is responsible for assessing property, and for billing, collecting, and distributing all property taxes on behalf of the District.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2007 AND 2006 (Continued)

5. DEBT

Debt outstanding at December 31, 2007 was as follows:

	Principal	Interest Rate
Capital Lease	\$325,559	3.865%

The District entered into a capital lease agreement to finance the purchase of a new fire truck. The lease was entered on August 1, 2005 for \$440,000, maturing through July 15, 2012.

Amortization of the above debt, including interest, is scheduled as follows:

Year ending December 31:	Lease	
2008	72,852	
2009	72,852	
2010	72,852	
2011	72,852	
2012	72,852	
Total	\$364,260	

6. RETIREMENT SYSTEMS

The Ohio Public Employees Retirement System (OPERS) is a cost-sharing, multiple-employer plan. The Ohio Revised Code prescribes retirement benefits, including postretirement healthcare and survivor and disability benefits.

The Ohio Revised Code also prescribes contribution rates. For 2007 and 2006, OPERS members contributed 9.5% and 9%, respectively, of their gross salaries and the District contributed an amount equaling 13.85% and 13.7%, respectively, of participants' gross salaries. The District has paid all contributions required through December 31, 2007.

7. RISK MANAGEMENT

Commercial Insurance

The Garrettsville-Freedom-Nelson Joint Fire District has obtained commercial insurance for the following risks:

- · Comprehensive property and general liability;
- Vehicles; and
- Errors and omissions.

INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Garrettsville-Freedom-Nelson Joint Fire District Portage County P.O. Box 344 Garrettsville, Ohio 44231

To the District Board of Trustees:

We have audited the financial statements of the Garrettsville-Freedom-Nelson Joint Fire District, Portage County, (the District) as of and for the years ended December 31, 2007 and 2006, and have issued our report thereon dated October 22, 2008, wherein we noted the District followed accounting practices the Auditor of State prescribes rather than accounting principles generally accepted in the United States of America. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting as a basis for designing our audit procedures for expressing our opinion on the financial statements, but not to opine on the effectiveness of the District's internal control over financial reporting. Accordingly, we have not opined on the effectiveness of the District's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the District's ability to initiate, authorize, record, process, or report financial data reliably in accordance with its applicable accounting basis, such that there is more than a remote likelihood that the District's internal control will not prevent or detect a more-than-inconsequential financial statement misstatement.

A material weakness is a significant deficiency, or combination of significant deficiencies resulting in more than a remote likelihood that the District's internal control will not prevent or detect a material financial statement misstatement.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all internal control deficiencies that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider material weaknesses, as defined above.

Garrettsville-Freedom-Nelson Joint Fire District
Portage County
Independent Accountants' Report on Internal Control Over
Financial Reporting and on Compliance and Other Matters
Required by Government Auditing Standards
Page 2

Compliance and Other Matters

As part of reasonably assuring whether the District's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

We intend this report solely for the information and use of the management, and the District Board of Trustees. We intend it for no one other than these specified parties.
