We have reviewed the *Independent Auditors' Report* of the Highland Metropolitan Housing Authority, Highland County, prepared by Salvatore Consiglio, CPA, Inc., for the audit period January 1, 2007 through December 31, 2007. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Highland Metropolitan Housing Authority is responsible for compliance with these laws and regulations.

Independent Auditors' Report

Board of Directors
Highland Metropolitan Housing Authority

I have audited the accompanying financial statements of the business-type activities of Highland Metropolitan Housing Authority, Ohio, as of and for the year ended December 31, 2007, which collectively comprise the Authority financial statements, as listed in the table of contents. These financial statements are the responsibility of the Highland Metropolitan Housing Authority, Ohio, management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing standards*, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the business-type activities of the Highland Metropolitan Housing Authority, Ohio, as of December 31, 2007, and the respective change in financial position and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, I have also issued a report dated May 6, 2008, on my consideration of Highland Metropolitan Housing Authority, Ohio's internal control over financial reporting and my tests of its compliance with certain provisions of laws, regulations, contracts and grants agreements and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the result of my audit.

The Management's Discussion and Analysis is not a required part of the financial statements but is supplementary information required by the accounting principles generally accepted in the United State of America. I have applied certain limited procedures, which consisted principally of inquiry of management regarding the methods of measurement and presentation of the supplementary information. However, I did not audit the information and express no opinion thereon.

My Audit was performed for the purpose of forming and opinion on the financial statements that collectively comprise the Highland Metropolitan Housing Authority financial statements. The schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements. The combining financial data schedule ("FDS") is presented for purposes additional analysis as required by the Department of Housing and Urban Development and is not a required part of the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and, in my opinion, is fairly presented in all material respect in relation to the financial statements taken as a whole.

MANAGEMENT’S DISCUSSION AND ANALYSIS (MD&A)
DECEMBER 31, 2007**

UNAUDITED

The Highland Metropolitan Housing Authority’s (“the Authority”) management’s discussion and analysis is designed to (a) assist the reader in focusing on significant financial issues, (b) provide an overview of the Authority’s financial activity, (c) identify changes in the Authority’s financial position (its ability to address the next and subsequent fiscal year challenges), and (d) identify individual fund issues or concerns.

Since the Management’s Discussion and Analysis (MD&A) is designed to focus on the current years activities, resulting changes and currently known facts, please read it in conjunction with the Authority’s financial statements.

FINANCIAL HIGHLIGHTS

- During FY 2007, the Authority’s net assets increased by \$29,117. Since the Authority engages only in business-type activities, the increase is all in the category of business-type net assets. Net Assets were \$54,104 and \$83,221 for FY 2006 and FY 2007 respectively.
- The revenue increased by \$39,422 (or 10.1%) during FY 2007, and was \$393,723 and \$433,145 for FY 2006 and FY 2007 respectively.
- The total expenses of the Authority increased by \$18,384 (or 4.77%). Total expenses were \$385,644 and \$404,028 for FY 2006 and FY 2007 respectively.

Authority-Wide Financial Statements

The Authority-wide financial statements are designed to be corporate-like in that all business type activities are consolidated into columns which add to a total for the entire Authority.

These Statements include a Statement of Net Assets, which is similar to a Balance Sheet. The Statement of Net Assets reports all financial and capital resources for the Authority. The statement is presented in the format where assets, minus liabilities, equal "Net Assets", formerly known as equity. Assets and liabilities are presented in order of liquidity, and are classified as "Current" (convertible into cash within one year), and "Non-current".

The focus of the Statement of Net Assets (the "Unrestricted Net Assets") is designed to represent the net available liquid (non-capital) assets, net of liabilities, for the entire Authority. Net Assets (formerly equity) are reported in three broad categories:

Net Assets, Invested in Capital Assets, Net of Related Debt: This component of Net Assets consists of all Capital Assets, reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted Net Assets: This component of Net Assets consists of restricted assets, when constraints are placed on the asset by creditors (such as debt covenants), grantors, contributors, laws, regulations, etc.

Unrestricted Net Assets: Consists of Net Assets that do not meet the definition of "Net Assets Invested in Capital Assets, Net of Related Debt", or "Restricted Net Assets".

The Authority-wide financial statements also include a Statement of Revenues, Expenses and Changes in Fund Net Assets (similar to an Income Statement). This Statement includes Operating Revenues, such as rental income, Operating Expenses, such as administrative, utilities, and maintenance, and depreciation, and Non-Operating Revenue and Expenses, such as capital grant revenue, investment income and interest expense.

The focus of the Statement of Revenues, Expenses and Changes in Fund Net Assets is the "Change in Net Assets", which is similar to Net Income or Loss.

Finally, a Statement of Cash Flows is included, which discloses net cash provided by, or used for operating activities, non-capital financing activities, and from capital and related financing activities.

Fund Financial Statements

The Authority is accounted for as an Enterprise Fund. Enterprise funds utilize the full accrual basis of accounting. The Enterprise method of accounting is similar to accounting utilized by the private sector accounting.

Many of the programs maintained by the Authority are required by the Department of Housing and Urban Development. Others are segregated to enhance accountability and control.

The Authority's Programs

Housing Choice Voucher Program – Under the Housing Choice Voucher Program, the Authority administers contracts with independent landlords that own the property. The Authority subsidizes the family's rent through a Housing Assistance Payment made to the landlord. The program is administered under an Annual Contributions Contract (ACC) with HUD. HUD provides Annual Contributions Funding to enable the Authority to structure a lease that sets the participants' rent at 30% of household income.

Major Factors Affecting the Statement of Net Assets

During FY 2007, current assets increased by \$22,477 while current liabilities decreased by \$9,028. Note that the increase in cash in the current year is due to an increase in the HUD PHA grant of \$39,949 and the payment of outstanding payables.

Capital assets decreased by \$2,388 which is the amount of the current year's depreciation. For more detail see "Capital Assets and Debt Administration" below.

Table 2 presents details on the change in Unrestricted Net Assets

(1) Depreciation is treated as an expense and reduces the results of operations but does not have an impact on Unrestricted Net Assets.

While the result of operations is a significant measure of the Authority's activities, the analysis of changes in Unrestricted Net Assets provides a clearer change in financial well-being.

**MAJOR FACTORS AFFECTING THE STATEMENT OF REVENUE,
EXPENSES AND CHANGES IN NET ASSETS**

The total amount of HUD PHA Grants for FY 2007 increased \$39,949 or 10.23% which includes Administrative Fees, Homeownership Fees, and Housing Assistance Payments.

The authority spent \$358,452 in Housing Assistance Payments which is an \$18,092 or 5.32% increase from FY 2006.

The net increase for FY 2007 reflects the increase of \$12,113 in the newly reclassified Restricted HAP funds and an increase of \$17,004 in Administrative funds.

CAPITAL ASSETS

Capital Assets

As of December 31, 2007, the Authority had \$543 invested in capital assets as reflected in the following schedule, which represents a net decrease (additions, deductions and depreciation).

ECONOMIC FACTORS

Significant economic factors affecting the Authority are as follows:

- Federal funding provided by Congress to the Department of Housing and Urban Development
- Local labor supply and demand, which can affect salary and wage rates
- Local inflationary, recessionary and employment trends, which can affect resident incomes and therefore the amount of Housing Assistance Payments.
- Inflationary pressure on utility rates, supplies and other costs

HIGHLAND METROPOLITAN HOUSING AUTHORITY
NOTES TO THE BASIC FINANCIAL STATEMENTS
December 31, 2007

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Summary of Significant Accounting Policies

The financial statements of the Highland Metropolitan Housing Authority (the "Authority") have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The Authority also applies Financial Accounting Standards Board (FASB) Statements and Interpretations issued on or after November 30, 1989, to its business-type activities and to its proprietary fund provided they do not conflict with or contradict GASB pronouncements. The more significant of the Authority's accounting policies are described below.

Reporting Entity

The Authority was created under the Ohio Revised Code, Section 3735.27. The Authority contracts with the United States Department of Housing and Urban Development (HUD) to provide low and moderate income persons with safe and sanitary housing through subsidies provided by HUD. The Authority depends on the subsidies from HUD to operate.

The accompanying financial statements comply with the provision of Governmental Accounting Standards Board (GASB) Statement 14, the Financial Reporting Entity, in that the financial statements include all organizations, activities and functions for which the Authority is financially accountable. This report includes all activities considered by management to be part of the Authority by virtue of Section 2100 of the Codification of Governmental Accounting and Financial Reporting Standards.

Section 2100 indicates that the reporting entity consists of a) the primary government, b) organizations for which the primary government is financially accountable and c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

The definition of the reporting entity is based primarily on the notion of financial accountability. A primary government is financially accountable for the organizations that make up its legal entity. It is also financially accountable for legally separate organizations if its officials appoint a voting majority of an organization's government body and either it is able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or to impose specific financial burdens on, the primary government. A primary government may also be financially accountable for governmental organizations that are fiscally dependent on it.

HIGHLAND METROPOLITAN HOUSING AUTHORITY
NOTES TO THE BASIC FINANCIAL STATEMENTS
December 31, 2007

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

A primary government has the ability to impose its will on an organization if it can significantly influence the programs, projects, or activities of, or the level of services performed or provided by, the organization. A financial benefit or burden relationship exists if the primary government a) is entitled to the organization's resources; b) is legally obligated or has otherwise assumed the obligation to finance the deficits of, or provide financial support to, the organization; or c) is obligated in some manner for the debt of the organization.

Management believes the financial statements included in this report represent all of the funds of the Authority over which the Authority is financially accountable.

Basis of Presentation

The Authority's basic financial statements consist of a statement of net assets, a statement of revenue, expenses and changes in net assets, and a statement of cash flows. The Authority uses a single enterprise fund to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. Enterprise fund reporting focuses on the determination of the change in net assets, financial position and cash flows. An enterprise fund may be used to account for any activity for which a fee is charged to external users for goods and services.

Measurement Focus

The enterprise fund is accounted for on a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of the Authority are included on the statement of net assets. The statement of changes in net assets presents increases (i.e., revenues) and decreases (i.e., expenses) in net total assets. The statement of cash flows provides information about how the Authority finances and meets the cash flow needs of its enterprise activity.

Enterprise Fund

The Authority uses the proprietary fund to report on its financial position and the results of its operations for the Section 8 program. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

Funds are classified into three categories: governmental, proprietary and fiduciary. The Authority uses the proprietary category for its programs.

The following is the program, which is included in the single enterprise fund:

HIGHLAND METROPOLITAN HOUSING AUTHORITY
NOTES TO THE BASIC FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Housing Choice Voucher Program (HCVP) – Under the Housing Choice Voucher Program, the Authority subsidizes rents to independent landlords that own the property. The Authority subsidizes the family’s rent through a Housing Assistance Payment (HAP) made to the landlord. The program is administered under an Annual Contributions Contract with HUD. HUD provides funding to enable the Authority to structure a lease that requires the participant to pay a rent based on a percentage of their adjusted gross household income, typically 30 percent, and the Housing Authority subsidizes the balance.

Accounting and Reporting for Nonexchange Transactions

The Authority previously adopted GASB 33. Nonexchange transactions occur when the Public Housing Authority (PHA) receives (or gives) value without directly giving equal value in return. GASB 33 identifies four classes of nonexchange transactions as follows:

- Derived tax revenues: result from assessments imposed on exchange transactions (i.e., income taxes, sales taxes and other assessments on earnings or consumption).
- Imposed nonexchange revenues: result from assessments imposed on nongovernmental entities, including individuals, other than assessments on exchange transactions (i.e. property taxes and fines).
- Government-mandated nonexchange transactions: occur when a government at one level provides resources to a government at another level and requires the recipient to use the resources for a specific purpose (i.e., federal programs that state or local governments are mandated to perform).
- Voluntary nonexchange transactions: result from legislative or contractual agreements, other than exchanges, entered into willingly by the parties to the agreement (i.e., certain grants and private donations).

PHA grants and subsidies will be defined as government-mandated or voluntary nonexchange transactions.

GASB 33 establishes two distinct standards depending upon the kind of stipulation imposed by the provider.

- Time requirements specify (a) the period when resources are required to be used or when use may begin (for example, operating or capital grants for a specific period) or (b) that the resources are required to be maintained intact in perpetuity or until a specified date or event has occurred (for example, permanent endowments, term endowments, and similar agreements). Time requirements affect the timing of recognition of nonexchange transactions.

HIGHLAND METROPOLITAN HOUSING AUTHORITY
NOTES TO THE BASIC FINANCIAL STATEMENTS
December 31, 2007

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

- Purpose restrictions specify the purpose for which resources are required to be used. (i.e. capital grants used for the purchase of capital assets). Purpose restrictions do not affect when a nonexchange transaction is recognized. However, PHAs that receive resources with purpose restrictions should report resulting net assets, equity, or fund balance as restricted.

The PHA will recognize assets (liabilities) when all applicable eligibility requirements are met or resources received whichever is first. Eligibility requirements established by the provider may stipulate the qualifying characteristics of recipients, time requirements, allowable costs, and other contingencies.

The PHA will recognize revenues (expenses) when all applicable eligibility requirements are met. For transactions that have a time requirement for the beginning of the following period, PHAs should record resources received prior to that period as deferred revenue and the provider of those resources would record an advance.

The PHA receives government-mandated or voluntary nonexchange transactions, which do not specify time requirements. Upon award, the entire subsidy should be recognized as a receivable and revenue in the period when applicable eligibility requirements have been met.

Capital Assets

Capital assets are stated at cost and depreciation is computed using the straight line method over an estimated useful life of the assets. The cost of normal maintenance and repairs, that do not add to the value of the asset or materially extend the asset life, are not capitalized. The capitalization policy is \$500. The following are the useful lives used for depreciation purposes:

Furniture – non-dwelling	7 years
Equipment – non-dwelling	7 years
Computer hardware	3 years
Computer software	3 years

HIGHLAND METROPOLITAN HOUSING AUTHORITY
NOTES TO THE BASIC FINANCIAL STATEMENTS
December 31, 2007

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets – net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Net assets are recorded as restricted when there are limitations imposed on their use either by internal or external restrictions.

Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary fund. For the Authority, these revenues are tenant revenues, operating grants from HUD and other miscellaneous revenue.

Cash and Cash Equivalents

For the purpose of the statement of cash flows, cash and cash equivalents include all highly liquid debt instruments with original maturities of three months or less.

Budgetary Accounting

The Authority annually prepares its budget as prescribed by the Department of Housing and Urban Development. This budget is submitted to the Department of Housing and Urban Development and once approved is adopted by the Board of the Housing Authority.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Accounts Payable

This balance reflects the amount owed to the management company for the administration of the program.

2. DEPOSITS AND INVESTMENTS

State statutes classify monies held by the Authority into three categories.

Active deposits are public deposits necessary to meet demands on the treasury. Such monies must be maintained either as cash in the Authority's Treasury, in commercial

accounts payable or withdraw able on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Authority has identified as not required for use within the current two-year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit account is including, but not limited to passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies, which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories.

Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts including passbook accounts.

Protection of Authority's deposits is provided by the Federal Deposit Insurance Corporation (FDIC) by eligible securities pledged by the financial institution as security for repayment, but surety company bonds deposited with the treasurer by the financial institution or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution.

At fiscal year end December 31, 2007, the carrying amount of the Authority's deposits totaled \$100,727 and its bank balance was \$100,727. Based on the criteria described in GASB Statement No. 40, "Deposit and Investment Risk Disclosure," as of December 31, 2007, no amount was exposed to custodial risk as discussed below the full balance was covered by the Federal Depository Insurance Corporation.

Custodial credit risk is the risk that in the event of bank failure, the Authority will not be able to recover the deposits. All deposits are collateralized with eligible securities in amounts equal to at least 105% of the carrying value of the deposits. Such collateral, as permitted by the Ohio Revised Code, is held in single financial institution collateral pools at the Federal Reserve Banks or at member banks of the federal reserve system, in the name of the respective depository bank and pledged as a pool of collateral against all of the public deposits it holds or as specific collateral held at the Federal Reserve Bank in the name of the Authority.

4. RISK MANAGEMENT

The Authority maintains comprehensive insurance coverage with private carriers for health, real property, building contents and vehicles. Vehicle policies include liability coverage for bodily injury and property damage. There was no significant reduction in coverage and no settlements exceeded insurance coverage during the past three years.

5. CAPITAL ASSETS

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

Board of Directors
Highland Metropolitan Housing Authority

I have audited the financial statements of the business-type activities of Highland Metropolitan Housing Authority, Ohio, as of and for the year ended December 31, 2007, which collectively comprise the Highland Metropolitan Housing Authority, Ohio, financial statements and have issued my report thereon dated May 6, 2008. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control over Financial Reporting

In planning and performing my audit, I considered Highland Metropolitan Housing Authority, Ohio's internal control over financial reporting as a basis for designing my auditing procedures for the purpose of expressing my opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control over financial reporting. Accordingly, I do not express an opinion on the effectiveness of the entity's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the authority's financial statements that is more than inconsequential will not be prevented or detected by the authority's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the authority's internal control.

My consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. I did not identify any deficiencies in internal control over financial reporting that I consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Highland Metropolitan Housing Authority financial statements are free of material misstatement, I performed tests of its compliance with certain provision of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statements amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed no instance of noncompliance or other matters that is required to be reported under *Government Auditing Standards*.

This report is intended for the information of the Board of Directors, management, and federal awarding agencies and is not intended to be and should not be used by anyone other than those specified parties.
