The notes to this schedule are an integral part of this schedule.

NOTES TO THE SCHEDULE OF FEDERAL AWARDS RECEIPTS AND EXPENDITURES FOR THE YEAR ENDED JUNE 30, 2007

NOTE A - SIGNIFICANT ACCOUNTING POLICIES

The accompanying Schedule of Federal Awards Receipts and Expenditures (the Schedule) summarizes activity of the District's federal award programs. The Schedule has been prepared on the cash basis of accounting.

NOTE B - NUTRITION CLUSTER

Cash receipts from the U.S. Department of Agriculture are commingled with State grants. It is assumed federal monies are expended first.

NOTE C – FOOD DONATION PROGRAM

Program regulations do not require the District to maintain separate inventory records for purchased food and food received from the U.S. Department of Agriculture. This non-monetary assistance (expenditures) is reported in the Schedule at the fair value of the commodities received.

NOTE D - MATCHING REQUIREMENTS

Certain Federal programs require that the District contribute non-Federal funds (matching funds) to support the Federally-funded programs. The District has complied with the matching requirements. The expenditure of non-Federal matching funds is not included on the Schedule.

NOTE E – TRANSFERABILITY

\$45,074 was transferred from CFDA 84.367 to CFDA 84.010 from the 2006 grant during fiscal year 2007. \$50,000 was transferred from CFDA 84.367 to CFDA 84.010 from the 2007 grant during fiscal year 2007.

The District and the Ohio Department of Education (with some limitations) may transfer funds from one or more applicable programs to one or more other applicable programs, or to Title I, Part A. Transferred funds are subject to all of the requirements, set asides, and limitations of the programs into which they are transferred.

NOTE F – COMMUNITY ALTERNATIVE FUNDING SYSTEM (CAFS)

The Montgomery County Educational Service Center provided services for the District in prior years which was reimbursed in the current year as CAFS revenue. The District, therefore, reported the CAFS funds as revenue only (no expenditures), due to the revenue being a reimbursement for prior year expenditures.

INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

Kettering City School District Montgomery County 3750 Far Hills Avenue Kettering, Ohio 45429

To the Board of Education:

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Kettering City School District, Montgomery County, (the District) as of and for the year ended June 30, 2007, which collectively comprise the District's basic financial statements and have issued our report thereon dated November 29, 2007. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting as a basis for designing our audit procedures for expressing our opinion on the financial statements, but not to opine on the effectiveness of the District's internal control over financial reporting. Accordingly, we have not opined on the effectiveness of the District's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, we identified a certain deficiency in internal control over financial reporting that we consider a significant deficiency.

A control deficiency exists when the design or operation of a control does not allow management or employees, in performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the District's ability to initiate, authorize, record, process, or report financial data reliably in accordance with its applicable accounting basis, such that there is more than a remote likelihood that the District's internal control will not prevent or detect a more-than-inconsequential financial statement misstatement.

We consider the following deficiency described in the accompanying schedule of findings to be a significant deficiency in internal control over financial reporting: 2007-001.

A material weakness is a significant deficiency, or combination of significant deficiencies resulting in more than a remote likelihood that the District's internal control will not prevent or detect a material financial statement misstatement.

One First National Plaza / 130 W. Second St. / Suite 2040 / Dayton, OH 45402 Telephone: (937) 285-6677 (800) 443-9274 Fax: (937) 285-6688 www.auditor.state.oh.us Kettering City School District Montgomery County Independent Accountants' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Required by *Government Auditing Standards* Page 2

Internal Control Over Financial Reporting (Continued)

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies and accordingly, would not necessarily disclose all significant deficiencies that are also material weaknesses. We do not believe the significant deficiency described above is a material weakness.

We also noted certain internal control matters that we reported to the District's management in a separate letter dated November 29, 2007.

Compliance and Other Matters

As part of reasonably assuring whether the District's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matter that we must report under *Government Auditing Standards*.

We did note certain noncompliance or other matters that we reported to the District's management in a separate letter dated November 29, 2007.

We intend this report solely for the information and use of management, the Board of Education, and federal awarding agencies and pass-through entities. We intend it for no one other than these specified parties.

Mary Jaylo

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Kettering City School District Montgomery County 3750 Far Hills Avenue Kettering, Ohio 45429

To the Board of Education:

Compliance

We have audited the compliance of Kettering City School District (the District) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133, Compliance Supplement* that apply to each of its major federal programs for the year ended June 30, 2007. The summary of auditor's results section of the accompanying schedule of findings identifies the District's major federal programs. The District's management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to each major federal program. Our responsibility is to express an opinion on the District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to reasonably assure whether noncompliance occurred with the types of compliance requirements referred to above that could directly and materially affect a major federal program. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing other procedures we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the District's compliance with those requirements.

In our opinion, the Kettering City School District complied, in all material respects, with the requirements referred to above that apply to each of its major federal programs for the year ended June 30, 2007. However, the results of our auditing procedures disclosed instances of noncompliance with those requirements that OMB Circular A-133 requires us to report, which are described in the accompanying schedule of findings as items 2007-002 and 2007-003.

Internal Control Over Compliance

The District's management is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the District's internal control over compliance with requirements that could directly and materially affect a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

One First National Plaza / 130 W. Second St. / Suite 2040 / Dayton, OH 45402 Telephone: (937) 285-6677 (800) 443-9274 Fax: (937) 285-6688 www.auditor.state.oh.us Kettering City School District Montgomery County Independent Accountants' Report on Compliance with Requirements Applicable to Each Major Federal Program and on Internal Control Over Compliance in Accordance with OMB Circular A-133 Page 8

Internal Control Over Compliance (Continued)

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in the District's internal control that might be significant deficiencies or material weaknesses as defined below. However, as discussed below, we identified certain deficiencies in internal control over compliance that we consider to be significant deficiencies.

A *control deficiency* in internal control over compliance exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent or detect noncompliance with a federal program compliance requirement on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the District's ability to administer a federal program such that there is more than a remote likelihood that the District's internal control will not prevent or detect more-than-inconsequential noncompliance with a federal program compliance requirement. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings as findings 2007-002 and 2007-003 to be significant deficiencies.

A material weakness is significant deficiency, or combination of significant deficiencies, that result in more than a remote likelihood that the District's internal control will not prevent or detect material noncompliance with a federal program's compliance requirements. We did not consider any of the deficiencies described in the accompanying schedule of findings to be material weaknesses.

Federal Awards Receipts and Expenditures Schedule

We have also audited the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Kettering City School District as of and for the year ended June 30, 2007, and have issued our report thereon dated November 29, 2007. Our audit was performed to form opinions on the financial statements that collectively comprise the District's basic financial statements. The accompanying federal awards receipts and expenditures schedule provides additional information as required by OMB Circular A-133 and is not a required part of the basic financial statements. We subjected this information to the auditing procedures applied in the audit of the basic financial statements. In our opinion, this information is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

We intend this report solely for the information and use of management, the Board of Education, federal awarding agencies, and pass-through entities. It is not intended for anyone other than these specified parties.

Mary Jaylor

Mary Taylor, CPA Auditor of State

November 29, 2007

SCHEDULE OF FINDINGS OMB CIRCULAR A -133 § .505 JUNE 30, 2007

1. SUMMARY OF AUDITOR'S RESULTS

(d)(1)(i)	Type of Financial Statement Opinion	Unqualified
(d)(1)(ii)	Were there any material control weaknesses reported at the financial statement level (GAGAS)?	No
(d)(1)(ii)	Were there any other significant deficiencies in internal control reported at the financial statement level (GAGAS)?	Yes
(d)(1)(iii)	Was there any reported material noncompliance at the financial statement level (GAGAS)?	No
(d)(1)(iv)	Were there any material internal control weaknesses reported for major federal programs?	No
(d)(1)(iv)	Were there any other significant deficiencies in internal control reported for major federal programs?	Yes
(d)(1)(v)	Type of Major Programs' Compliance Opinion	Unqualified
(d)(1)(vi)	Are there any reportable findings under § .510?	Yes
(d)(1)(vii)	Major Programs (list):	Title I – Grants to Local Educational Agencies: CFDA #84.010 Nutrition Cluster: CFDA #10.553 and 10.555
(d)(1)(viii)	Dollar Threshold: Type A\B Programs	Type A: > \$ 300,000 Type B: all others
(d)(1)(ix)	Low Risk Auditee?	Yes

Kettering City School District Montgomery County Schedule of Findings Page 2

2. FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS

FINDING NUMBER 2007-001

Significant Deficiency

Budgetary Amendments and Certificate of Estimated Resources

The District did not consistently update its accounting records throughout the year to reflect approved estimated resources and appropriations. This limited the reliability of budgetary reports generated by the system. Up to date and accurate budgetary information is required to make informed budgetary decisions.

The following are a few examples of the errors that were noted during the testing of the Budget to Actual Statements, as a result of the accounting system not being updated:

- a. Final budgeted appropriations for the Special Enterprise Fund were overstated by \$58,731.
- b. Final budgeted estimated revenues for the Athletic Fund were overstated by \$163,553.
- c. Final budgeted appropriations for the Title II fund were overstated by \$87,842.
- d. Final budgeted estimated revenues for the EESA Title VI-B Fund were understated by \$43,316.

These statements can be a very useful part of management's decision making, can serve as a tool to analyze the District's operations and fiscal performance, and reflect activity for potential users of the Comprehensive Annual Financial Report (CAFR).

To assist the District officials in making timely financial decisions and to accurately analyze the effectiveness of its operations, the District should update the accounting records to reflect estimated resources approved by the County Budget Commission and appropriations approved the Board.

3. FINDINGS AND QUESTIONED COSTS FOR FEDERAL AWARDS

1. Noncompliance and Significant Deficiency

Finding Number	2007-002
CFDA Title and Number	All CFDA Titles and Numbers
Federal Award Number / Year	2007
Federal Agency	United States Department of Education
Pass-Through Agency	Ohio Department of Education

Office of Management and Budget (OMB) Circular A-133 Subpart C, §__.310(b) Schedule of Expenditures of Federal awards, states that the auditee shall prepare a schedule of expenditures of Federal awards for the period covered by the auditee's financial statements. While not required, the auditee may choose to provide information requested by Federal awarding agencies and pass-through entities to make the schedule easier to use. For example, when a Federal program has multiple award years, the auditee may list the amount of Federal awards expended for each award year separately.

At a minimum, the schedule shall:

- (1) List individual Federal programs by Federal agency. For Federal programs included in a cluster of programs, list individual Federal programs within a cluster of programs. For R&D, total Federal awards expended shall be shown either by individual award or by Federal agency and major subdivision within the Federal agency. For example, the National Institutes of Health is a major subdivision in the Department of Health and Human Services.
- (2) For Federal awards received as a sub-recipient, the name of the pass-through entity and identifying number assigned by the pass-through entity shall be included.
- (3) Provide total Federal awards expended for each individual Federal program and the CFDA number or other identifying number when the CFDA information is not available.
- (4) Include notes that describe the significant accounting policies used in preparing the schedule.
- (5) To the extent practical, pass-through entities should identify in the schedule the total amount provided to sub-recipients from each Federal program.
- (6) Include, in either the schedule or a note to the schedule, the value of the Federal awards expended in the form of non-cash assistance, the amount of insurance in effect during the year, and loans or loan guarantees outstanding at year end. While not required, it is preferable to present this information in the schedule.

Review of the District's Schedule of Federal Awards Receipts and Expenditures noted that the District did not accurately present all the grant activity on the schedule. Grant activity for the 2006 Title I Grant to Local Educational Agencies, Adult Education State Grants Program and Special Education Grants to State was omitted from the schedule. Additionally, the District did not present the grant activity relating to the Vocational Education Basic Grants to States received from the Centerville City School District. A total variance of \$263,942 and \$663,539 was noted between the amounts reported for receipts and expenditures on the District's schedule and the underlying documentation.

To reduce the risk of inaccurate reporting of federal expenditures and noncompliance with OMB Circular A-133, Subpart C, §__.310(b), due care should be taken in the preparation of the Schedule of Federal Awards Receipts and Expenditures. The Schedule should be reviewed after preparation and tied to the underlying cash reports of the District for accuracy.

Kettering City School District Montgomery County Schedule of Findings Page 4

2. Noncompliance and Significant Deficiency

Finding Number	2007-003
CFDA Title and Number	Title I Grants to Local Educational Agencies – 84.010
Federal Award Number / Year	C1S1-2007
Federal Agency	United States Department of Education
Pass-Through Agency	Ohio Department of Education

31 CFR Part 205, Rules and Procedures for Efficient Federal-State Funds Transfers, which implement the Cash Management Improvement Act of 1990 (CMIA), as amended, requires that State recipients enter into agreements that prescribe specific methods of drawing down Federal funds (funding techniques) for selected large programs. The agreements also specify the terms and conditions in which an interest liability would be incurred. Programs not covered by a Treasury-State Agreement are subject to procedures prescribed by Treasury is Subpart B of 31 CFR part 205.

In the state of Ohio the first payment is initiated by the Ohio Department of Education (ODE) upon approval of the application. Subsequent payments must be requested by the Local Educational Agency (LEA) as needed, using the online Project Cash Request (PCR).

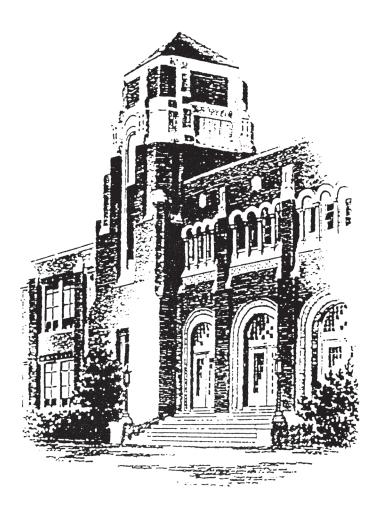

Except for the initial PCR, cash requests are limited to one month (up to 10% of the approved budget amount) plus any negative balance (amount by which program expenditures exceed project cash received to date). ODE requires a written explanation for monthly cash advance requests which exceed the 10% limit. Additionally, written explanations are required for cash advance requests when the balance on hand exceeds 10% of the approved budget amount. Funds are to be expended within the period of time for which they are requested (e.g. funds requested for January should be expended during January).

Variances in the amount of \$13,189 and \$29,930 were noted between actual expenditures to date on the District's system and reported expenditures on the December 2006 and April 2007 PCRs. This resulted in the District receiving funds in excess of the sum of 10% of the grant budget and any negative fund balance for these months. Additionally, in February 2007, the District transferred \$50,000 from Improving Teacher Quality State Grant to the Title I Grant in accordance with the Elementary and Secondary Education Act (ESEA) Sections 6123 (a) and (b). The District, however, did not use these federal funds to cover immediate cash needs. At June 30, 2007, the 2007 Title I grant had an ending fund balance of \$11,513.

The District should establish and implement policies and procedures to verify the accuracy of data submitted to the ODE. Steps should also be taken to verify that the federal funds requested are spent within a month of their drawdown. Failure to do so could result in sanctions against the District and may lead to termination of the grantee eligibility for ODE programs.

We did not recieve a response from Officials to the findings reported above.

INTRODUCTORY SECTION

Kettering City School District

3750 Far Hills Avenue Kettering, Ohio 45429

Treasurer's Office: phone (937) 499-1409

fax (937)-499-1467

December 6, 2007

TO THE CITIZENS AND BOARD OF EDUCATION OF THE KETTERING CITY SCHOOL DISTRICT:

We are pleased to present the thirteenth Comprehensive Annual Financial Report (CAFR) of the Kettering City School District for the fiscal year ended June 30, 2007. This report was prepared by the Treasurer's Office, and includes the unqualified opinion of our independent auditors, The Ohio Auditor of State. Responsibility for both the accuracy of the data, and the completeness and fairness of the presentation, including all disclosures, rests with the District. To the best of our knowledge and belief, the enclosed data are accurate in all material respects and are reported in a manner designed to present fairly the financial position and results of operations of the various funds of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included. The CAFR conforms to generally accepted accounting principles (GAAP) applicable to government entities.

The MD&A provides a narrative introduction, overview and analysis to accompany the basic financial statements. This Letter of Transmittal is designed to complement the MD&A and should be read in conjunction with it. The district's MD&A can be found immediately following the Independent Accountant's Report.

Copies of this report will be widely distributed throughout the District. A copy will be sent to all school buildings, the Chamber of Commerce, major taxpayers, the Public Library, Moody's and Standard and Poor's financial rating services, banks, and any other interested parties.

This report includes all funds of the District. The District provides a full range of traditional and nontraditional educational programs and services. These include elementary and secondary curriculum offerings at the general, college preparatory and vocational levels; a broad range of co-curricular and extra curricular activities; adult and community education offerings; special education programs and facilities and community recreation facilities.

In addition to providing these general activities, the district receives pass-thru State funds, which are distributed to private and parochial schools located within the District boundaries. The private school served by the Kettering City School District is Alexandria Montessori. The parochial schools served by the Kettering City School District are St. Albert Elementary School, St. Charles Elementary School, Ascension Elementary School and Alter High School. While these organizations share operational and service similarity with the District, each are separate and distinct entities. Because of their independent nature, none of these organizations' financial statements are included in this report. The District has no component units.

HISTORY AND BACKGROUND

The 2007 school year marked the 165th year of existence for the Van Buren/Kettering City School District. Van Buren Township was established on June 26, 1841, through separation from Dayton. The township was at first divided into small one-room district schools (#1, #6, #9, #10, #11 and #12) and later into Carrmonte, Pasadena and Fairmont elementary districts. Oakwood and Belmont were originally part of Van Buren Township. Oakwood formed its own district in 1926. Later, the Belmont area was annexed to Dayton.

Kettering City, the second largest public school district in the greater Dayton metropolitan area, lies south of Dayton and Oakwood, north of Centerville/Washington Township and west of Greene County. The City of Kettering and part of the City of Moraine fall under the jurisdiction of the school district.

Three names have been associated with the current Kettering City School District; Van Buren, Kettering and Moraine.

Van Buren Township was named for President Martin Van Buren. In 1803, Montgomery County was created, and four townships were formed. Dayton Township included the area now known as Kettering. Van Buren Township separated from Dayton in 1841 and remained a separate township with its own schools until 1952, when residents voted to become the Village of Kettering.

In 1954, Dayton proposed annexing the Delco facilities. The earlier annexation of Belmont did not sit well with Van Buren Township. Not wanting further erosion of the township, Van Buren countered, applied for, and was granted exempted village status, the last time such status was given in Ohio. Then Superintendent Dwight L. Barnes and Assistant Superintendent J. E. Prass spearheaded this move. The exempted village status precluded the proposed Delco annexation by Dayton and secured the area for Van Buren/Kettering.

A special census conducted in 1954-55 verified that the township had more than 10,000 residents, and in 1955, the township became the City of Kettering.

The City of Kettering and hence the Kettering City School District were named in honor of Charles F. Kettering, the noted inventor of the automobile self-starter and holder of more than 150 patents. Together with Edward A. Deeds, Mr. Kettering formed a partnership in 1909, known as the "Barn Gang" since they, and other engineers, worked in Deeds' barn. The partnership developed into the Dayton Engineering Laboratories Company (DELCO), with Deeds as President and Kettering as Vice-President. In 1916, DELCO was sold to General Motors. During World War I, Deeds and Kettering organized the Dayton Wright Airplane Company and invented "The Bug" a remote-controlled, unmanned aircraft. The war ended before "The Bug" could be used. Charles F. Kettering's other accomplishments included work with leaded gasoline, freon refrigeration, diesel locomotion, and quick-drying car paint.

Kettering was a very civic-minded man, directing both his efforts and funds into the Sloan-Kettering Institute for Cancer Research, the Kettering Foundation, which works to strengthen the public role in government, educational and science policy, and the Miami Conservancy District, instrumental in flood control.

Moraine took its name from the pre-historic glacier, which deposited vast amounts of sand and gravel over the terrain. Because of concern over police and fire departments services, the west Moraine section voted to become a separate township in 1953. They became a village in 1957 and a city in 1965. Throughout this period, Moraine has retained its ties to the Kettering City School District.

The Kettering City School District currently has a population of about 61,261 and covers 21.3 square miles. The City of Moraine has 6,595 residents of whom approximately 1,371 reside within the Kettering City School District and encompasses 9.22 square miles of which approximately 2.9 are within the Kettering City School District.

The officials opening enrollment of the District 7,467 (approximately 153 from Moraine) enrolled in nine elementary school, two middle schools and one high school during the 2006-07 school year. Other facilities operated by the District include a maintenance building, a transportation building, and the Central Office Building that had been a high school and junior high school previously. The Central Office Building also houses the District's alternative high school program.

On September 15, 1998 the Kettering City School District Board of Education passed a resolution to change the name of the school district from the Kettering-Moraine City School District to the Kettering City School District effective July 1, 1998.

ORGANIZATION OF THE DISTRICT

The Board of Education of the Kettering City School District is a five member body politic and corporate, as defined by Section 3313.02, Ohio Revised Code. The Board serves as the taxing authority, contracting body, policy maker, and ensures that all other general laws of the State of Ohio are followed in the expenditure of the District's tax dollars and approves the annual appropriation resolution and tax budget.

The Board members on June 30, 2007 were as follows:

George Bayless Julie A. Gilmore Frank C. Maus Lori Simms James S. Trent

The Superintendent is the chief executive officer of the District, responsible directly to the Board for all operations. Dr. Robert A. Mengerink was appointed as Superintendent effective August 1, 1998.

The Treasurer/CFO is the chief financial officer of the District, responsible directly to the Board for maintaining all financial records, issuing all payments, maintaining custody of all District funds and assets, and investing idle funds as specified by Ohio Law. Steven G. Clark was appointed Treasurer effective January 3, 2000.

ECONOMIC CONDITION AND OUTLOOK

Economic Condition and Outlook (Kettering)

The economic environment for Kettering's business community continued to be one of relative stability during 2006. One significant contributing factor to this stability is the diversity of the employment base in Kettering.

According to City of Kettering, the city's broad range of businesses includes several major employers with headquarters or divisions located within the city's boundaries. These employers include Kettering Medical Center employing 3,100 and Delphi Automotive Systems a manufacturer of automobile brake and suspension systems employing over 1,300. The Kettering Delphi plant is currently for sale while the company works to turn the business around after declaring bankruptcy under Chapter 11 in October 2005. Employment levels have declined from 1,600 prior to the filing to 1,300 as of December 2006. Many employees took advantage of buy-outs and early retirement options offered by Delphi. Reynolds and Reynolds, a fortune 1000 company based in Dayton since 1866 was purchased by the Universal Computer Systems Company (UCS) and merged into the Reynolds & Reynolds Company during 2006. As the merger has proceeded a number of employees have chosen to leave the company. The current year will be one of transition and realignment for Reynolds & Reynolds. After announcing plans in 2005 to expand the Kettering operations, G E Money completed interior renovations at their Kettering Business Park (KBP) location. The company moved an additional 536 jobs to KBP and now employs about 1,700 at this location. Other major employers in the city include Intimate Brands Inc., a catalogue order center for Victoria's Secret, Kodak Versamark a manufacturer of digital printers, and a number of engineering firms and computer hardware and software related businesses.

Economic Condition and Outlook (Moraine)

The dedication of new and existing businesses has allowed the City of Moraine to continue to build upon several of its economic development strategic goals, which include supporting its existing industrial base, strengthening the City's development resource base and diversifying the overall business portfolio.

The City of Moraine worked collaboratively with the Cities of Dayton, Kettering, and Vandalia to create a regional Tax Sharing Agreement for the Delphi Corporation. This agreement allows Delphi to relocate current jobs and investment to any community facility while leaving each City whole in respect to income tax percentage and collection.

A Tax Increment Financing (TIF) Incentive District encompassing the proposed Oak Point development on Lamme Road was established by the City. The creation of this TIF Incentive District provides funding to proceed with the development of a single-family residential subdivision.

EMPLOYEE RELATIONS

The Board employs 1,043 full-time equivalent (FTE) employees (including non-teaching personnel). Of the Board's current employees, 613 (FTE) are certificated by the Ohio Department of Education serving as classroom teachers, education specialists and administrators, all of whom have at least a bachelor's degree. The starting salary for a teacher with bachelor's degree for the period beginning August 1, 2006 was \$32,465. The maximum teacher salary in 2006-2007 for a master's degree was \$83,110 with 28 years longevity.

576 of the Board's certificated teachers and educational specialists are members of the Kettering Education Association ("KEA") which is a labor organization affiliated with the Ohio Education Association. The present contract between the Board and the Association became effective July 1, 2006 and expires May 31, 2009.

231 of the Board's classified employees are members of the Ohio Association of Public School Employees ("OAPSE") which is a labor organization affiliated with the American Federation of State, County and Municipal Employees ("AFSME"). The present contract between the Board and OAPSE became effective August 1, 2006 and expires July 31, 2009.

These agreements marked a continuation of the historical turn in labor relations between the District, KEA, and OAPSE. The collaborative interest-based bargaining approach that involves the exchange of ideas, concerns and mutual problem solving to improve the instruction of students and to address the needs of the District in a cooperative manner was used and resulted in a third consecutive 4-year negotiated agreement with both employee bargaining groups.

MAJOR INITIATIVES

For the Year...and the future...

With the completion of the building construction project, and in accordance with the 2006-07 District Continuous Improvement Plan, Goal 4, that 'Annually, the District will increase the use of existing and emerging electronic technologies to improve teaching and student performance and to provide universal community access to District curriculum instruction and information,' the District has turned its attention to upgrading the technology infrastructure, the integration of technology in the classroom to support student learning, and on improved technological communication.

Over the past two years, 125 new electronic Smart Boards have been installed in teacher classrooms to support student learning. Replacing traditional chalkboards and white boards with electronic smart boards brings a completely new dimension to the classroom. Teachers can make their subject matter come alive through animation, videostreaming, and interactive lessons that research has proven, engages students in daily lessons. The Smart Boards project is on going. Teachers who are interested in acquiring this technology must apply for an in-house grant that requires them to explain how this technology will benefit the students in their classrooms.

The District recognizes that educating our students requires a team effort between school, parent, and student, and that communicating student progress is critical to this effort. One of our initiatives to improve communication began by adopting Progress Book as our formal electronic grade book. This past summer our teachers and administrators were trained to use Progress Book, and this year the District will be using the program for posting attendance, assignments, and grades as we transition from a paper grade book to the electronic grade book. Next year the web component will be available for parents and students to access current, up-to-date, student progress on assignments, attendance, and grades. Teachers can post comments for students and parents, and email communication is easily accessible.

In the Districts continued effort to improve communication with our community, parents, students and prospective residents, the District has posted a new user friendly web site at <u>www.ketteringschools.org</u> that maintains current and informative information about the District. Current events, athletic schedules, lunch menus, individual school sites, performing arts, departmental information, alumni news, Board of Education information, and staff emails can be easily accessed using the new web site.

Technology Services Department is working closely with the Curriculum and Instruction Department to find new ways to use technology to support student learning. In addition to the initiatives listed above, student response systems are currently being tested in classrooms throughout the District. All teachers in the District received a new or upgraded computer to enable them to access the technology components of new textbook adoptions, and new student computer labs are being planned for the middle schools that will support new software adoptions and teaching strategies.

FINANCIAL INFORMATION

The District's accounting system is organized on a "fund" basis. Each fund is a distinct, self-balancing entity. Records for general governmental operations are maintained on a cash basis system of accounting as prescribed by the Auditor of State. Cash basis of accounting differs from GAAP as promulgated by the Governmental Accounting Standards Board (GASB). GAAP, as more fully described in the notes to the financial statements, provides for a modified accrual basis of accounting for the General Fund, Special Revenue Funds, Debt Service Fund, Capital Projects Funds and Permanent Fund, and for full accrual basis of accounting for the Internal Service Fund and Agency Funds. The District began a conversion to GAAP for financial reporting with the 1992 fiscal year.

Internal Controls

The management of the District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the District are protected from loss, theft, or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with GAAP. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived from its implementation; and (2) the valuation of cost and benefits requires estimates and judgments by management.

Budgetary Controls

The District maintains its accounts, appropriations and other financial records in accordance with the procedures established and prescribed by the Ohio Auditor of State. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriation resolution approved by the Board of Education. Activities of all funds, except agency funds, are included in the annual appropriation resolution. The level of budgetary control (the level at which expenditures cannot legally exceed the appropriated amount) is at the fund level for all funds of the District except the General Fund, which is at the object level. This District also maintains an encumbrance accounting system as one technique of accomplishing budgetary control. Encumbered amounts at year-end are carried forward to succeeding years and are not re-appropriated. As demonstrated by the statements and schedules included in the financial section of this report, the District continues to meet its responsibility for sound financial management.

Risk Management

The District maintains protection for its assets and employees through a comprehensive insurance program. Insurance policies for vehicle fleet liability, general liability, property loss and boiler and machinery coverage are purchased from the Indiana Insurance Company through the Brower Insurance Agency, P.L.L. Employee health insurance is provided by Anthem Blue Cross, and dental insurance is provided by a self-insured plan administered by CoreSource, a third party administrator.

Cash Management

The District's cash management program addresses the issues of safety, liquidity and yield while maximizing returns. The District utilizes the State Treasury Asset Reserve of Ohio (Star Ohio) program investment pool operated by the Treasurer of State, Richard Cordray, for ready cash and yield. Certificates of Deposit, Treasury Notes and Repurchase Agreements are utilized for both short and intermediate terms. Treasury notes and agency notes are utilized for longer term investments.

OTHER INFORMATION

Independent Audit

The State of Ohio requires an annual audit by either the Auditor of State or by an independent public accounting firm. The State Auditor performed the audit for the fiscal year ended June 30, 2007. The auditor's report on the District's basic financial statements, combining and individual fund statements and schedules, is included in the financial section of this Comprehensive Annual Financial Report.

Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Kettering City School District for its comprehensive annual financial report for the fiscal year ended June 30, 2006. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for the preparation of the state and local government financial reports.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report, whose contents conform to program standards. Such CAFR must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. The Kettering City School District has received a Certificate of Achievement for the last 12 consecutive years. We believe our current report continues to conform to the Certificate of Achievement program requirements, and we are submitting it to GFOA.

The Association of School Business Officials of the United States and Canada awarded a Certificate of Excellence in Financial Reporting to the Kettering City School District for its comprehensive annual financial report for the year ended June 30, 2006. This award certifies that a Comprehensive Annual Financial Report substantially conforms to the principles and standards of financial reporting as recommended and adopted by the Association of School Business Officials. This award is granted only after an extensive review of the report by an expert panel of certified public accountants and practicing school business officials.

A Certificate of Excellence is valid for a period of one year only. The Kettering City School District has received a Certificate of Excellence for the 12 consecutive years. We believe our current report continues to conform to the Certificate of Excellence program requirements, and we are submitting it to ASBO.

Acknowledgments

The preparation of publication of this thirteenth Comprehensive Annual Financial Report would not have been possible without the cooperation and support of the entire staff of the Treasurer's Office. Sincere appreciation is extended to Rosalinda G. Revels, Assistant Treasurer, for her exceptional individual effort and dedication to this achievement. A special thanks to Kenneth Lackey, and the Business Services staff; Student Services Director – William Lautar; Director of Technology – Debbie LeValley; Montgomery County Auditor's Office; Kettering City Finance Department; Moraine City Finance Department; and the State Auditor's Office for their special support. Also, special thanks to Schonhardt & Associates and staff for assistance in the preparation of this financial report.

Sincerely,

Itm N. Clark

INDEPENDENT ACCOUNTANTS' REPORT

Kettering City School District Montgomery County 3750 Far Hills Avenue Kettering, Ohio 45429

To the Board of Education:

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Kettering City School District, Montgomery County, Ohio (the District), as of and for the year ended June 30, 2007, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Kettering City School District, Montgomery County, Ohio, as of June 30, 2007, and the respective changes in financial position and where applicable, cash flows, thereof and the budgetary comparison for the General Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated November 29, 2007, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

Kettering City School District Montgomery County Independent Accountants' Report Page 2

Management Discussion and Analysis is not a required part of the basic financial statements but is supplementary information accounting principles generally accepted in the United States of America requires. We have applied certain limited procedures, consisting principally of inquiries of management regarding the methods of measuring and presenting the required supplementary information. However, we did not audit the information and express no opinion on it.

We conducted our audit to opine on the financial statements that collectively comprise the District's basic financial statements. The introductory section, combining non-major fund statements and schedules and statistical tables provides additional information and are not a required part of the basic financial statements. We subjected the combining non-major fund statements and schedules to the auditing procedures applied in the audit of the basic financial statements. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole. We did not subject the introductory section and statistical tables to the auditing procedures applied in the audit of the basic financial statements taken as a whole. We did not subject the introductory section and statistical tables to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

Mary Jaylor

Mary Taylor, CPA Auditor of State

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2007

Unaudited

The discussion and analysis of Kettering City School District's financial performance provides an overall review of the District's financial activities for the fiscal year ended June 30, 2007. The intent of this discussion and analysis is to look at the District's financial performance as a whole; readers should also review the transmittal letter, financial statements and notes to the basic financial statements to enhance their understanding of the District's financial performance.

FINANCIAL HIGHLIGHTS

Key financial highlights for 2007 are as follows:

In total, net assets increased \$28,536, a .1% increase from 2006.

General revenues accounted for \$81,643,587 in revenue or 88.5% of all revenues. Program specific revenues in the form of charges for services and grants and contributions accounted for \$10,580,210 or 11.5% of total revenues of \$92,223,797.

The District had \$92,195,261 in expenses related to governmental activities; only \$10,580,210 of these expenses was offset by program specific charges for services, grants or contributions. General revenues (primarily taxes) of \$81,643,587 were adequate to provide for these programs.

Among major funds, the general fund had \$74,593,635 in revenues and \$75,877,209 in expenditures. The general fund's fund balance decreased \$207,699, to \$9,362,801. Revenues increased from 2006 by 8.3% primarily due to an increase in property tax revenues and intergovernmental revenues. Expenditures increased from 2006 by 5.5% primarily due to increases in salaries and wages. Other increases included tuition paid to the County, due to an increase in the number of special students attending the County Program.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of three parts – *management's discussion and analysis*, the *basic financial statements*, and an optional section that presents *combining statements and schedules* for nonmajor governmental funds. The basic financial statements include two kinds of statements that present different views of the District:

These statements are as follows:

- 1. <u>*The Government-Wide Financial Statements*</u> These statements provide both long-term and short-term information about the District's overall financial status.
- 2. <u>*The Fund Financial Statements*</u> These statements focus on individual parts of the District, reporting the District's operations in more detail than the government-wide statements.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2007

Unaudited

Government-wide Statements

The government-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The statement of net assets includes all of the District's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the District's net assets and how they have changed. Netassets (the difference between the District's assets and liabilities) are one way to measure the District's financial health or position.

- Over time, increases or decreases in the District's net assets are an indicator of whether its financial health is improving or deteriorating, respectively.
- To assess the overall health of the District you need to consider additional nonfinancial factors such as the property tax base, current property tax laws, student enrollment growth and facility conditions.

The government-wide financial statements of the District reflect the following category for its activities:

• <u>Governmental Activities</u> – The District's programs and services are reported as governmental activities and include instruction, support services, operation and maintenance of plant, pupil transportation and extracurricular activities.

Fund Financial Statements

The fund financial statements provide more detailed information about the District's most significant funds, not the District as a whole. Funds are accounting devices that the District uses to keep track of specific sources of funding and spending for particular purposes.

Governmental Funds – Most of the District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future periods. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the District's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Assets and the Statement of Activities) and governmental funds is reconciled in the financial statements.

Proprietary Fund – The District uses an internal service fund to report activities that provide services for the District's other programs and activities. The proprietary fund is reported in the same manner that all activities are reported in the Statement of Net Assets and the Statement of Activities.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2007

Unaudited

Fiduciary Funds – The District is the trustee, or fiduciary, for various student-managed activity programs and for employee benefit deposits listed as agency funds. All of the District's fiduciary activities are reported in the Statement of Fiduciary Assets and Liabilities. We exclude these activities from the District's other financial statements because the assets cannot be utilized by the District to finance its operations.

FINANCIAL ANALYSIS OF THE SCHOOL DISTRICT AS A WHOLE

The following table provides a summary of the District's net assets for 2007 compared to 2006.

		Governmental Activities				
	2007	2006				
Current and other assets Capital assets, Net Total assets	\$79,719,530 120,031,004 199,750,534	\$82,466,567 119,730,917 202,197,484	(\$2,747,037) <u>300,087</u> (2,446,950)			
Long-term debt outstanding Other liabilities Total liabilities	117,681,847 60,410,996 178,092,843	117,853,723 62,714,606 180,568,329	(171,876) (2,303,610) (2,475,486)			
Net assets Invested in capital assets, net of related debt Restricted	11,380,187 5,606,293	10,572,943 4,355,857	807,244 1,250,436			
Unrestricted	4,671,211	6,700,355	(2,029,144)			
Total net assets	\$21,657,691	\$21,629,155	\$28,536			

This space intentionally left blank.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2007

Governmental Activities

Net assets of the District's governmental activities increased by \$28,536. This was due to a combination of factors, the increase in intergovernmental, earnings on investments, and tax revenues.

The unique nature of property taxes in Ohio creates the need to routinely seek voter approval for operating funds. In general, the overall revenue generated by the levy will not increase solely as a result of inflation. As an example, a homeowner with a home valued at \$100,000 and taxed at 1.0 mill would pay \$35.00 annually in taxes. If three years later the home were reappraised and increased to \$200,000 (and this inflationary increase in value is comparable to other property owners) the effective tax rate would become .5 mills and the owner would still pay \$35.00. However, the assessed millage cannot be reduced below 20 mills, according to state statutes.

The District's reliance upon tax revenues is demonstrated by the following graph indicating 65.22% of total revenues from general tax revenues:

		2007	Percent	
Revenue Sources		Amount	of Total	
Taxes	\$	60,149,130	65.22%

FINANCIAL ANALYSIS OF THE SCHOOL DISTRICT'S FUNDS

The District's governmental funds reported a combined fund balance of \$16,190,729, which is less than last year's total of \$16,382,976. The schedule below indicates the fund balance and the total change in fund balance by fund type as of June 30, 2007 and 2006.

	Fund Balance	Fund Balance	Increase
	June 30, 2007	June 30, 2006	(Decrease)
General	\$9,362,801	\$9,570,500	(\$207,699)
Debt Service	4,557,437	2,752,772	1,804,665
Other Governmental	2,270,491	4,059,704	(1,789,213)
Total	\$16,190,729	\$16,382,976	(\$192,247)

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2007

Unaudited

Debt Service Fund – The District's Debt Service Fund balance increase is due to higher tax revenue collections in 2007 coupled with the revenues resulting from the partial refunding of two outstanding debt issues.

General Fund – The District's General Fund balance decrease is due to several factors. The tables that follow assist in illustrating the financial activities and balance of the General Fund:

	2007	2006	Increase
	Revenues	Revenues	(Decrease)
Taxes	\$52,937,024	\$49,839,118	\$3,097,906
Tuition and Fees	339,649	57,022	282,627
Transportation	157,477	237,299	(79,822)
Interest	1,499,055	974,583	524,472
Intergovernmental	19,287,714	17,083,452	2,204,262
Extracurricular Activities	63,059	61,212	1,847
Classroom Materials and Fees	6,989	7,240	(251)
Miscellaneous	302,668	639,649	(336,981)
Total	\$74,593,635	\$68,899,575	\$5,694,060

General Fund revenues in 2007 increased approximately 8.3% compared to revenues in fiscal year 2006. The major factor contributing to this increase was the increase in tax revenues and intergovernmental revenues.

Total	\$75,877,209	\$71,945,363	\$3,931,846

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2007

Unaudited

The expenditures increased by \$3,931,846 or 5.5% over the prior year mostly due to salaries and wages increases which affect the increase in fringe benefits, as well. Other increases included tuition paid to the County, due to an increase in the number of special students attending the County Program.

The District's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant budgeted fund is the General Fund.

During the course of fiscal year 2007, the District amended its general fund two times, none significant.

For the General Fund, budget basis revenue of \$71.2 million was a decrease from the original budget estimates of \$72.4 million. This was due to a decrease in State Foundation money. The General Fund had an adequate fund balance to cover expenditures.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At the end of fiscal 2007 the District had \$120,031,004 net of accumulated depreciation invested in land, buildings and improvements, furniture, vehicles and equipment. All capital assets are related to governmental activities. The following table shows fiscal year 2007 and 2006 balances:

	Governn Activi	Increase (Decrease)	
	2007	2006	
Land	\$466,616	\$466,616	\$0
Construction in Progress	0	103,749,271	(103,749,271)
Building and Improvements	136,196,566	31,578,194	104,618,372
Furniture, Vehicles and Equipment	7,422,874	6,120,452	1,302,422
Less: Accumulated Depreciation	(24,055,052)	(22,183,616)	(1,871,436)
Totals	\$120,031,004	\$119,730,917	\$300,087

The primary increase occurred in buildings, which include projects for building improvements such as new roofs, windows and heating system replacements closed in from construction in progress. Additional information can be found in Note 8.

As of June 30, 2007, the District has contractual commitments of \$181,384 for additional construction and renovation items related to its facilities. Additional information can be found in Note 15.

Management's Discussion and Analysis	
For the Fiscal Year Ended June 30, 2007	Unaudited

Debt

At June 30, 2007, the District had \$107,968,082 in bonds outstanding, \$3,496,617 due within one year. The following table summarizes the District's debt outstanding as of June 30, 2007 and 2006:

	2007	2006
Governmental Activities:		
General Obligation Bonds	\$107,968,082	\$109,918,779
Capital Leases Payable	1,646,041	678,136
Early Retirement Incentive	552,000	0
Compensated Absences	7,515,724	7,256,808
Totals	\$117,681,847	\$117,853,723

Under current state statutes, the District's combined voted and unvoted general obligation bonded debt issues are subject to a legal limitation based on 9% of the total assessed value of real and personal property. At June 30, 2007, the District's outstanding debt was below the legal limit. Additional information on the District's long-term debt can be found in Note 10.

ECONOMIC FACTORS

The District is financially sound, although not overly affluent. The District relies on its property taxes and State Foundation Funds to provide the funds necessary to maintain the educational programs.

A challenge facing the District is the future of state funding. On September 6, 2001, the Ohio Supreme Court issued its opinion regarding the State's school funding plan. The decision identified aspects of the current plan that require modification if the plan is to be considered constitutional, including a change in the school districts that are used as the basis for determining the base cost support amount and fully funding parity aid no later than the beginning of fiscal year 2004. In general, it is expected the decision would result in an increase in State funding; however, on November 2, 2001, the Court granted the state's motion for reconsideration. On December 11, 2002, the Court issued its latest opinion, reaffirming its earlier decisions that Ohio's current school funding plan is unconstitutional. The Ohio Supreme Court relinquished jurisdiction over the case and directed the Ohio General Assembly to enact a school funding scheme that is "thorough and efficient". As of the date of these financial statements, the District is unable to determine what effect, if any, the decision and the reconsideration will have on its future state funding and on its financial operations.

REQUESTS FOR INFORMATION

This financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. If you have questions about this report or need additional financial information contact Steven G. Clark, Treasurer, 3750 Far Hills Avenue, Kettering, Ohio, 45429.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2007

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. <u>Reporting Entity</u>

The Kettering City School District (District) was originally chartered in 1841 by the Ohio State Legislature. In 1853 State laws were enacted to create local Boards of Education. Today, the District operates under current standards prescribed by the Ohio State Board of Education as provided in division (D) of Section 3301.07 and Section 119.01 of the Ohio Revised Code.

The District operates under a locally elected five-member Board form of government and provides educational services as authorized by its charter or further mandated by state and/or federal agencies. This Board controls the District's instructional and support facilities staffed by 430 (FTE) classified personnel and 613 (FTE) certificated teaching and administrative personnel to provide services to students and other community members.

In terms of enrollment the District is the 36th largest in the State of Ohio (among 613 districts) and the third largest in Montgomery County. It currently operates 9 elementary schools, 2 middle schools (grades 6-8), and one comprehensive high school (grades 9-12).

The accompanying basic financial statements comply with the provisions of Governmental Accounting Standards Board (GASB) Statement No. 14, "*The Financial Reporting Entity*," as amended by GASB Statement No. 39 "*Determining Whether Certain Organizations Are Component Units*", in that the financial statements include all organizations, activities, functions and component units for which the District (the reporting entity) is financially accountable. Financial accountability is defined as the appointment of a voting majority of a legally separate organization's governing body and either the District's ability to impose its will over the organization or the possibility that the organization will provide a financial benefit to, or impose a financial burden on, the District. Based on the foregoing, the District does not have any component units. The reporting entity of the District includes the following services: instructional (regular, special education, vocational, adult/continuing, other), student guidance, extracurricular activities, food service, pupil transportation and care and upkeep of grounds and buildings.

The accounting policies and financial reporting practices of the District conform to generally accepted accounting principles as applicable to governmental units. The following is a summary of its significant accounting policies.

B. Basis of Presentation - Fund Accounting

The accounting system is organized and operated on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures/expenses. The various funds are grouped into the categories governmental, proprietary and fiduciary.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2007

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Basis of Presentation - Fund Accounting (Continued)

Governmental Funds - These are funds through which most governmental functions typically are financed. The acquisition, use and balances of the District's expendable financial resources and the related current liabilities (except those accounted for in the proprietary funds) are accounted for through governmental funds. The measurement focus is upon determination of "financial flow" (sources, uses and balances of financial resources). The following are the District's major governmental funds:

<u>General Fund</u> - This fund is the general operating fund of the district and is used to account for all financial resources except those accounted for in another fund. The general fund balance is available to the District for any purpose provided it is expended or transferred according to the general laws of Ohio.

<u>Debt</u> <u>Service</u> <u>Fund</u> - This fund is used for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

The other governmental funds of the District account for grants and other resources whose use is restricted to a particular purpose.

Proprietary Fund - The proprietary fund is accounted for on a "economic resources" measurement focus. This measurement focus provides that all assets and all liabilities associated with the operation of the proprietary funds are included on the balance sheet. The proprietary fund operating statements present increases (i.e., revenues) and decreases (i.e., expenses) in net total assets.

<u>Internal Service Fund</u> - The internal service fund is used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the District or to other governments on a cost-reimbursement basis. The Dental Insurance Fund accounts for the premiums and claims payments applicable to the employee dental plan.

Fiduciary Funds – Fiduciary fund reporting focuses on net assets and changes in net assets. The fiduciary category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds and agency funds. Trust funds are used to account for assets held by the District under a trust agreement for individuals, private organizations or other governments and therefore not available to support the District's own programs. The District's agency funds account for various student-managed activity programs, deposits to be utilized for background checks and for the employee's cafeteria benefits plan. The agency funds are custodial in nature (assets equal liabilities) and do not involve the measurement of results of operations.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2007

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. <u>Basis of Presentation</u> – <u>Financial Statements</u>

<u>Government-wide</u> <u>Financial</u> <u>Statements</u> – The statement of net assets and the statement of activities display information about the School District as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. Internal service fund activity is eliminated to avoid "doubling up" revenues and expenses. The statements distinguish between those activities of the School District that are governmental and those that are considered business-type activities.

The government-wide statements are prepared using the economic resources measurement focus. This is the same approach used in the preparation of the proprietary fund financial statements but differs from the manner in which governmental fund financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

The government-wide statement of activities presents a comparison between direct expenses and program revenues for each segment of the business-type activities of the School District and for each function or program of the School District's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues of the School District, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the District.

<u>Fund Financial Statements</u> – Fund financial statements report detailed information about the School District. The focus of governmental and proprietary fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. The internal service fund is presented in a single column on the face of the proprietary fund statements. Fiduciary funds are reported by fund type.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental fund types are accounted for using a flow of current financial resources measurement focus. The financial statements for governmental funds are a balance sheet, which generally includes only current assets and current liabilities, and a statement of revenues, expenditures and changes in fund balances, which reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2007

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. <u>Basis of Presentation</u> – <u>Financial Statements</u> (Continued)

The proprietary fund type is accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of this fund is included on the statement of net assets. The statement of revenues, expenses and changes in fund net assets presents increases (i.e., revenues) and decreases (i.e., expenses) in net total assets. The statement of cash flows provides information about how the School District finances and meets the cash flow needs of its proprietary activity.

Fiduciary funds are reported using the economic resources measurement focus. Agency funds are custodial in nature (assets equal liabilities) and do not involve the measurement of results of operation.

D. Basis of Accounting

Basis of accounting represents the methodology utilized in the recognition of revenues and expenditures or expenses reported in the financial statements. The accounting and reporting treatment applied to a fund is determined by its measurement focus.

The modified accrual basis of accounting is followed by the governmental funds. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual, i.e., both measurable and available. The term "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period, which for the District is considered to be 60 days after fiscal year end. Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on general long-term debt which is recognized when due.

Under the modified accrual basis, the following revenue sources are considered susceptible to accrual at year end: property taxes, tuition, grants and entitlements, student fees, and interest on investments.

Current property taxes measurable at June 30, 2007, and which are not intended to finance fiscal 2007 operations, have been recorded as deferred revenues. Delinquent property taxes measurable and available (received within 60 days) and amounts available as an advance on future tax settlements are recognized as revenue at year end. Taxes available for advance and recognized as revenue but not received by the District prior to June 30, 2007 are reflected as a reservation of fund balance for future appropriations. The District is prohibited by law from appropriating this revenue in accordance with ORC Section 5705.35, since an advance of revenue was not requested or received prior to the fiscal year end.

The accrual basis of accounting is utilized for reporting purposes by the government-wide financial statements, the proprietary fund and agency funds. Revenues are recognized when they are earned and expenses are recognized when incurred.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2007

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. <u>Basis of Accounting</u> (Continued)

Pursuant to GASB Statement No. 20, "Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities that Use Proprietary Fund Accounting," the District follows GASB guidance as applicable to proprietary funds and FASB Statements and Interpretations, Accounting Principles Board Opinions and Accounting Research Bulletins issued on or before November 30, 1989 that do not conflict with or contradict GASB pronouncements.

Revenues – **Exchange and Non-exchange Transactions** – Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place.

Nonexchange transactions, in which the District receives value without directly giving equal value in return, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the District must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the District on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

E. Budgetary Process

The budgetary process is prescribed by provisions of the Ohio Revised Code and entails the preparation of budgetary documents within an established timetable. The major documents prepared are the tax budget, the certificate of estimated resources and the appropriation resolution, all of which are prepared on the budgetary basis of accounting. The certificate of estimated resources and the appropriation resolution are subject to amendment throughout the year.

All funds other than agency funds are legally required to be budgeted and appropriated; however, only governmental funds are required to be reported. The primary level of budgetary control is at the fund level for all funds of the District except the General Fund which is at the object level. Supplemental budgetary modifications may only be made by resolution of the Board of Education.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2007

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Budgetary Process (Continued)

1. Estimated Resources

Prior to April 1, the Board accepts by formal resolution, the tax rates as determined by the County Budget Commission and receives the Commission's Certificate of Estimated Resources which states the projected revenue of each fund. Prior to June 30, the District must revise its budget so that the total contemplated expenditures from any fund during the ensuing fiscal year will not exceed the amount available as stated in the certificate of estimated resources. The revised budget then serves as the basis for the annual appropriations measure. On or about July 1, the certificate of estimated resources is amended to include any unencumbered fund balances from the preceding year. The certificate may be further amended during the year if a new source of revenue is identified or actual receipts exceed current estimates. The amounts reported as the final budgeted amount on the budgetary statement reflect the amounts in the final amended official certificate of estimated resources issued during fiscal year 2007.

2. Appropriations

A temporary appropriation measure to control expenditures may be passed on or about July 1 of each year for the period July 1 through September 30. An annual appropriation resolution must be passed by October 1 of each year for the period July 1 through June 30. The appropriation resolution establishes spending controls at the fund level except for the general fund which is budgeted at the object level. The appropriation resolution may be amended during the year as additional information becomes available, provided that total fund appropriations do not exceed the current estimated resources as certified. The allocation of appropriations among departments and objects within a fund may be modified during the year by management. During the year, several supplemental appropriations were necessary to budget the use of contingency funds. Administrative control is maintained through the establishment of more detailed line-item budgets. The budgetary figures which appear in the "Statement of Revenues, Expenditures, and Changes in Fund Balances-Budget and Actual" are provided on the financial statement basis to provide a comparison of actual results to the final budget, including all amendments and modifications.

3. Encumbrances

As part of formal budgetary control, purchase orders, contracts and other commitments for expenditures are encumbered and recorded as the equivalent of expenditures in order to reserve that portion of the applicable appropriation and to determine and maintain legal compliance. However, on the GAAP basis of accounting, encumbrances do not constitute expenditures or liabilities and are reported as reservations of fund balances for governmental funds in the accompanying basic financial statements.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2007

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Budgetary Process (Continued)

4. Lapsing of Appropriations

At the close of each fiscal year, the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriations. The encumbered appropriation balance is carried forward to the subsequent fiscal year and need not be reappropriated.

5. Budgetary Basis of Accounting

The District's budgetary process accounts for certain transactions on a basis other than generally accepted accounting principles (GAAP). The major differences between the budgetary basis and the GAAP basis lie in the manner in which revenues and expenditures are recorded. Under the budgetary basis, revenues and expenditures are recognized on a cash basis. Utilizing the cash basis, revenues are recorded when received in cash and expenditures when paid. Under the GAAP basis, revenues and expenditures are recorded on the modified accrual basis of accounting. Encumbrances are recorded as the equivalent of expenditures (budgetary basis) as opposed to reservations of fund balance (GAAP basis).

The following table summarizes the adjustments necessary to reconcile the GAAP basis statements to the budgetary basis statements for the General Fund:

Net Change in Fund Balance			
	General Fund		
GAAP Basis (as reported)	(\$141,804)		
Increase (Decrease):			
Accrued Revenues at June 30, 2007,			
received during FY 2008	(2,980,053)		
Accrued Revenues at June 30, 2006,			
received during FY 2007	1,783,836		
Accrued Expenditures at June 30, 2007,			
paid during FY 2008	10,417,201		
Accrued Expenditures at June 30, 2006,			
paid during FY 2007	(9,593,550)		
Encumbrances Outstanding	(1,488,602)		
Budget Basis	(\$2,002,972)		

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

F. Cash and Cash Equivalents

Cash and cash equivalents include amounts in demand deposits and investments with original maturities of less than three months.

The District pools its cash for investment and resource management purposes. Each fund's equity in pooled cash and investments represents the balance on hand as if each fund maintained its own cash and investment account. See Note 4, "Cash, Cash Equivalents and Investments."

G. Investments

Investment procedures and interest allocations are restricted by provisions of the Ohio Constitution and the Ohio Revised Code. In accordance with GASB Statement No. 31, "Accounting and Financial Reporting for Certain Investments and for External Investment Pools", the District records all its investments at fair value. See Note 4, "Cash, Cash Equivalents and Investments."

The District has invested funds in the STAR Ohio during 2007. STAR Ohio is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAR Ohio are valued at STAR Ohio's share price which is the price the investment could be sold for on June 30, 2007. Also, the District invested in repurchase agreements which are valued at cost, and U.S. Government securities which are stated at fair value. See Note 4, "Cash, Cash Equivalents and Investments."

Under existing Ohio statutes, the Board of Education has, by resolution, specified the funds to receive allocation of interest earnings. Interest revenue credited to the General Fund during fiscal year 2007 totaled \$1,499,055, which includes \$315,484 assigned from other District funds, and \$154,159 was credited to other funds of the District.

H. Inventory

Inventory is stated at cost (first-in, first-out) in the governmental funds. The costs of inventory items are recorded as expenditures in the governmental funds when purchased.

I. <u>Capital Assets and Depreciation</u>

Capital assets are defined by the District as assets with an initial, individual cost of more than \$2,500.

1. Property, Plant and Equipment - Governmental Activities

Governmental activities capital assets are acquired or constructed for governmental activities and are recorded as expenditures in the governmental funds and are capitalized at cost (or estimated historical cost for assets not purchased in recent years). These assets are reported in the Governmental Activities column of the Government-wide Statement of Net Assets, but they are not reported in the Fund Financial Statements.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2007

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

I. <u>Capital Assets and Depreciation</u> (Continued)

1. Property, Plant and Equipment - Governmental Activities (Continued)

Contributed capital assets are recorded at fair market value at the date received. Infrastructure capital assets (e.g., driveways, fencing, retaining walls and other assets that are immovable and of value only to the District) are capitalized if the cost or estimated historical cost to purchase or construct equals or exceeds \$2,500. Governmental activities capital asset values were initially determined by identifying historical costs where such information was available. In cases where information supporting original cost was not obtainable, estimated historical costs were developed. For certain capital assets, the estimates were arrived at by indexing estimated current costs back to the estimated year of acquisition.

2. Depreciation

All capital assets, other than land and construction in progress, are depreciated. Depreciation has been provided using the straight-line method over the following estimated useful lives:

Description	Estimated Lives (in years)
Buildings and Improvements	80
Furniture, Vehicles and Equipment	5-20

J. Long-Term Obligations

Long-term liabilities are being repaid from the following funds:

Obligation	Fund
General Obligation Bonds	Debt Service Fund
Capital Leases	General Fund
Early Retirement Incentive	General Fund
Compensated Absences	General Fund, Food Services Fund

K. Compensated Absences

GASB Statement No. 16 specifies that compensated absences should be accrued as employees earn them if both of the following conditions are met:

- 1. The employee's rights to receive compensation are attributable to services already rendered.
- 2. It is probable that the employer will compensate the employee for the benefits through paid time off or cash payment. The District includes in its liabilities any employee who has at least 20 years of service or an employee who has five years of service and is at least 60 years of age.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2007

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

K. Compensated Absences (Continued)

Compensated absences accumulated by governmental fund type employees are reported as an expense when earned in the government-wide financial statements. For governmental fund financial statements, compensated absences are recognized as a liability and expenditure to the extent payments come due each period upon the occurrence of employee resignations and retirements. These amounts are recorded in the fund from which the employees who have accumulated leave are paid. The noncurrent portion of the liability is not recorded.

L. <u>Net Assets</u>

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. Net Assets restricted for Other Purposes include restricted state and federal grants.

The District applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

M. Pensions

The provision for pension costs is recorded when the related payroll is accrued and the obligation is incurred.

N. Interfund Activity

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

O. <u>Restricted</u> Assets

Restricted assets in the permanent fund represent cash and cash equivalents restricted based upon applicable trust agreements. A fund balance reserve has also been established for this amount.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2007

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

P. <u>Reservations of Fund Balance</u>

Reserves indicate that a portion of fund balance is not available for expenditure or is legally segregated for a specific future use. Fund balances are reserved for endowments, property taxes, supplies inventory and encumbered amounts which have not been accrued at year end. The reserve for property taxes represents taxes recognized as revenue under generally accepted accounting principles, but not available for appropriation under State statute.

Q. <u>Estimates</u>

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

R. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the District, these revenues are interfund charges for the internal service fund. Operating expenses are necessary costs incurred to provide the good or service that is the primary activity of the fund.

This space intentionally left blank.

NOTE 2 – EXPLANATION OF CERTAIN DIFFERENCES BETWEEN THE GOVERNMENTAL FUND STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES AND THE GOVERNMENT-WIDE STATEMENT OF ACTIVITIES

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between net changes in fund balances – total governmental funds and changes in net assets of governmental activities as reported in the government – wide statement of activities. The following is a detailed listing of those reconciling items that are net adjustments or a combination of several transactions:

Amount by which capital outlays exceeded depreciation	in the current period:
Capital Asset Additions	\$2,589,536
Depreciation Expense	(2,195,396)
	\$394,140
Governmental revenues not reported in the funds:	
Decrease in Delinquent Tax Revenue	(\$1,118,641)
Increase in Interest Receivable	16,914
Increase in Grants Receivable	37,856
	(\$1,063,871)
Net amount of long-term debt issuance and bond and lea	ase principal payments:
Bond Principal Payment	\$2,738,522
Payment to Refunded Bond Escrow Agent	70,926,703
Capital Lease Payment	187,365
Deferred Charges (Bond Issuance Costs)	881,143
Premium on Issuance of Refunding Bonds	(4,807,856)
Issuance of Refunding Bonds	(66,999,990)
Capital Lease Issuance	(1,155,270)
	\$1,770,617
Interest expense not reported in the funds:	
Increase in accrued interest on long term debt	(\$48,561)
Amortization of Bond Premium	126,252
	\$77,691
Expenses not reported in the funds:	
Increase in compensated absences	(\$258,916)
Increase in early retirement incentive	(552,000)
Decrease in supplies inventory	(63,319)
	(\$874,235)

Amount by which capital outlays exceeded depreciation in the current period:

NOTE 3 – COMPLIANCE AND ACCOUNTABLITY

A. Fund Deficits

The following is a summary of deficit fund equities at June 30, 2007:

	Deficit Fund
Fund	Equity
Special Revenue Funds:	
Public School Support Fund	\$577
Alternative Fund	1,521
Adult Basic Education Fund	5,266
Title II Fund	1,334
EESA Title VI-B Fund	17,333
Even Start Fund	6,271
Title I Fund	46,467
Title VI Innovation Fund	455
Drug Free School Grant Fund	396
Preschool Grant Fund	3,307

Other negative fund balances were noted throughout the year. The deficits arise from the recognition of expenditures on the modified accrual basis which are greater than expenditures recognized on the budgetary basis. Other deficits also existed under the budgetary/cash basis of accounting. The General Fund often provides operating transfers when cash is required, not when accruals occur.

B. Excess of Expenditures Plus Encumbrances Over Final Appropriations

For the fiscal year ended June 30, 2007, expenditures plus encumbrances exceeded appropriations in the General Fund at the Purchased Services object level by \$97,167 and at the Capital Outlay – New level by \$11,204. Expenditures plus encumbrances exceeded the appropriations in the following Other Governmental Funds: \$4,332 in the District Professional Development Fund and \$47,889 in the Title II Fund.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2007

NOTE 4 - CASH, CASH EQUIVALENTS AND INVESTMENTS

Cash resources of several individual funds are combined to form a pool of cash, cash equivalents and investments. In addition, investments are separately held by a number of individual funds.

Statutes require the classification of funds held by the District into three categories. Category 1 consists of "active" funds - those funds required to be kept in a "cash" or "near cash" status for immediate use by the District. Such funds must be maintained either as cash in the District Treasury or in depository accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts.

Category 2 consists of "inactive" funds - those funds not required for use within the current five year period of designation of depositories. Inactive funds may be deposited or invested only as certificates of deposit maturing not later than the end of the current period of designation of depositories.

Category 3 consists of "interim" funds - those funds which are not needed for immediate use but, which will be needed before the end of the current period of designation of depositories. Interim funds may be invested or deposited in the following securities:

- United States treasury notes, bills, bonds, or any other obligation or security issued by the United States treasury or any other obligation guaranteed as to principal or interest by the United States;
- Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including but not limited to, the federal national mortgage association, federal home loan bank, federal farm credit bank, federal home loan mortgage corporation, government national mortgage association, and student loan marketing association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
- Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
- Interim deposits in eligible institutions applying for interim funds;
- Bonds and other obligations of the State of Ohio;
- No-load money market mutual funds consisting exclusively of obligations described in the first two bullets of this section and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions, and
- The State Treasury Asset Reserve of Ohio (STAR Ohio).

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2007

NOTE 4 - CASH, CASH EQUIVALENTS AND INVESTMENTS (Continued)

A. Deposits

Custodial credit risk is the risk that in the event of bank failure, the government's deposits may not be returned. Protection of District cash and deposits is provided by the federal deposit insurance corporation as well as qualified securities pledged by the institution holding the assets. Ohio Law requires that deposits be placed in eligible banks or savings and loan associations located in Ohio. Any public depository in which the District places deposits must pledge as collateral eligible securities of aggregate market value equal to the excess of deposits not insured by the Federal Deposit Insurance Corporation (FDIC). The securities pledged as collateral are pledged to a pool for each individual financial institution in amounts equal to at least 105% of the carrying value of all public deposits held by each institution. Obligations that may be pledged as collateral are limited to obligations of the United States and its agencies and obligations of any state, county, municipal corporation or other legally constituted authority of any other state, or any instrumentality of such county, municipal corporation or other authority. Collateral is held by trustees including the Federal Reserve Bank and designated third party trustees of the financial institutions.

At year end the carrying amount of the District's deposits was \$2,878,284 and the bank balance was \$4,085,468. The Federal Deposit Insurance Corporation (FDIC) covered \$400,000 of the bank balance and \$3,685,468 was uninsured. Of the remaining uninsured bank balance, the District was exposed to custodial risk as follows:

	Balance
Uninsured and collateralized with securities held by	
the pledging institution's trust department not in the District's name	\$3,685,468
Total Balance	\$3,685,468

B. Investments

The District's investments at June 30, 2007 were as follows:

			Investment Maturities (in Years)		
	Fair Value	Credit Rating	less than 1	1-3	3-5
Repurchase Agreements	\$2,299,435	N/A	\$2,299,435	\$0	\$0
STAR Ohio	8,822,834	AAAm ¹	8,822,834	0	0
US Treasury Money Market	184,053	AAm^{1}, Aaa^{2}	184,053	0	0
FHLB	5,961,250	AAA^{1} , Aaa^{2}	998,750	3,980,620	981,880
FNMA	2,999,646	AAA^{1}, Aaa^{2}	0	996,560	2,003,086
FHLMC	999,550	AAA^{1}, Aaa^{2}	999,550	0	0
Total Investments	\$21,266,768		\$13,304,622	\$4,977,180	\$2,984,966

¹ Standard & Poor's

² Moody's Investor Service

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2007

NOTE 4 - CASH, CASH EQUIVALENTS AND INVESTMENTS (Continued)

B. <u>Investments</u> (Continued)

Interest Rate Risk – The District's investment policy mitigates interest rate risk by following Ohio Revised Code, which generally limits security purchases to those that mature within five years of settlement date.

Concentration of Credit Risk – The District places no limit on the amount the District may invest in one issuer. Of the District's total investments, 10.8% are repurchase agreements, 41.5% are STAR Ohio, .9% are US Treasury Money Market, 28% are FHLB, 14.1% are FNMA and 4.7% are FHLMC.

Custodial Credit Risk – For an investment, custodial credit risk is the risk that in the event of the failure of the counterparty, the District will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. Of the District's investment in repurchase agreements, the entire balance is collateralized by underlying securities pledged by the investment's counterparty, not in the name of the District. The District has no formal policy on custodial credit risk and is governed by Ohio Revised Code as described under Deposits.

C. Reconciliation of Cash, Cash Equivalents and Investments

The classification of cash, cash equivalents and investments on the financial statements is based on criteria set forth in GASB Statement No. 9. Certificates of deposit with an original maturity of three months or less are treated as cash equivalents. The classification of cash and cash equivalents (deposits) for purposes of this note are based on criteria set forth in GASB Statement No. 3.

	Cash & Cash Equivalents/ Deposits *	Investments
Per GASB Statement No. 9	\$14,184,606	\$9,960,446
Repurchase Agreements	(2,299,435)	2,299,435
STAR Ohio	(8,822,834)	8,822,834
US Treasury Money Market	(184,053)	184,053
Per GASB Statement No. 3	\$2,878,284	\$21,266,768

* - Includes restricted cash

NOTE 5 - PROPERTY TAXES

Property taxes are levied and assessed on a calendar year basis while the school district fiscal year runs from July through June. First half tax collections are received by the school district in the second half of the fiscal year. Second half tax distributions occur in the first half of the following fiscal year.

Property taxes include amounts levied against all real, public utility and tangible personal property (used in business) located in the school district. Real property tax revenue received in calendar 2007 represents collections of calendar year 2006 taxes. Real property taxes received in calendar year 2007 were levied after April 1, 2006, on the assessed value listed as of January 1, 2006, the lien date. Assessed values for real property taxes are established by State law at thirty-five percent of appraised market value. Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31 with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established.

Public utility property tax revenue received in calendar 2007 represents collections of calendar year 2006 taxes. Public utility real and tangible personal property taxes received in calendar year 2007 became a lien December 31, 2005, were levied after April 1, 2006 and are collected in 2007 with real property taxes. Public utility real property is assessed at thirty-five percent of true value; public utility tangible personal property currently is assessed at varying percentages of true value.

Tangible personal property tax revenue received during calendar 2007 (other than public utility property) represents the collection of 2007 taxes. Tangible personal property taxes received in calendar year 2007 were levied after April 1, 2006, on the value as of December 31, 2006. Tangible personal property is currently assessed at twenty-five percent of true value for capital assets and twenty-four percent of true value for inventory. Payments by multi-county taxpayers are due September 20. Single county taxpayers may pay annually or semi-annually. If paid annually, payment is due April 30; if paid semi-annually, the first payment is due April 30, with the remainder payable by September 20. Tangible personal property taxes paid by April 30 are usually received by the School District prior to June 30.

The School District receives property taxes from Montgomery County. The County Auditors periodically advance to the School District its portion of the taxes collected. Second-half real property tax payments collected by the County by June 30, 2007, are available to finance fiscal year 2007 operations. The amount available to be advanced can vary based on the date the tax bills are sent.

Accrued property taxes receivable includes real property, public utility property and tangible personal property taxes which are measurable as of June 30, 2007 and for which there is an enforceable legal claim. Although total property tax collections for the next fiscal year are measurable, only the amount of real property taxes available as an advance at June 30 was levied to finance current fiscal year operations and is reported as revenue at fiscal year end. The portion of the receivable not levied to finance current fiscal year operations is offset by a credit to deferred revenue.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2007

NOTE 5 - PROPERTY TAXES (Continued)

The amount available as an advance at June 30, 2007 was \$2,912,978 in the general fund, \$522,088 in the debt service fund, and \$43,209 in the permanent improvement capital projects fund.

On a full accrual basis, collectible delinquent property taxes have been recorded as a receivable and revenue, while on a modified accrual basis the revenue has been deferred.

The assessed values upon which the fiscal year 2007 taxes were collected are:

	2006 Second Half	2007 First Half
	Collections	Collections
Agricultural/Residential and Other Real Estate	\$1,271,199,660	\$1,275,658,100
Public Utility Personal	66,290,158	66,290,158
Tangible Personal Property	85,452,509	61,403,477
Total Assessed Value	\$1,422,942,327	\$1,403,351,735
Tax rate per \$1,000 of assessed valuation	\$67.80	\$67.80

NOTE 6 - RECEIVABLES

Receivables at June 30, 2007 consisted of taxes, interest receivable and intergovernmental receivables. All receivables are considered collectible in full due to the ability to foreclose for the nonpayment of taxes, the stable condition of State programs and the current year guarantee of Federal funds.

NOTE 7 - TRANSFERS

Following is a summary of transfers in and out for all funds at June 30, 2007:

Fund	Transfer In	Transfer Out
General Fund	\$0	\$13,500
Other Governmental Funds	58,574	45,074
Total All Funds	\$58,574	\$58,574

Transfers are used to (a) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and to (b) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

NOTE 8 - CAPITAL ASSETS

Summary by category of changes in governmental activities capital assets at June 30, 2007:

Historical Cost:

Class	June 30, 2006	Additions	Deletions	June 30, 2007
Capital assets not being depreciated:				
Land	\$466,616	\$0	\$0	\$466,616
Construction in Progress	103,749,271	0	(103,749,271)	0
Capital assets being depreciated:				
Buildings and Improvements	31,578,194	105,036,385	(418,013)	136,196,566
Furniture, Vehicles and Equipment	6,120,452	1,302,422	0	7,422,874
Total Cost	\$141,914,533	\$106,338,807	(\$104,167,284)	\$144,086,056
Accumulated Depreciation:				
-	June 30,			June 30,
Class	2006	Additions	Deletions	2007
Buildings and Improvements	(\$19,201,335)	(\$1,702,457)	\$323,960	(\$20,579,832)
Furniture, Vehicles and Equipment	(2,982,281)	(492,939)	0	(3,475,220)
Total Depreciation	(\$22,183,616)	(\$2,195,396) *	\$323,960	(\$24,055,052)
Net Value:	\$119,730,917			\$120,031,004

* Depreciation expenses were charged to governmental functions as follows:

Instruction:	
Regular	\$1,078,136
Special	57,933
Vocational	73,832
Support Services:	
Pupils	9,580
Instructional Staff	79,269
Administration	172,213
Fiscal	9,221
Business	14,754
Operations & Maintenance of Plant	76,675
Pupil Transportation	189,360
Central	146,809
Other Noninstructional Services	104,756
Extracurricular Activities	182,858
Total Depreciation Expense	\$2,195,396

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2007

NOTE 9 - DEFINED BENEFIT PENSION PLANS AND POST EMPLOYMENT BENEFITS

A. School Employees Retirement System

The Kettering City School District contributes to the School Employees Retirement System (SERS), a cost-sharing, multiple-employer defined benefit pension plan. SERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the School Employees Retirement System, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3746, by calling (800) 878-5853 or by visiting the SERS website at www.ohsers.org, under Forms and Publications.

Plan members are required to contribute 10 percent of their annual covered salary and the Kettering City School District is required to contribute at an actuarially determined rate. The current Kettering City School District rate is 14 percent of annual covered payroll. A portion of the Kettering City School District's contribution is used to fund pension obligations with the remainder being used to fund health care benefits; for fiscal year 2007, 10.68 percent of annual covered salary was the portion used to fund pension obligations. The contribution requirements of plan members and employers are established and may be amended, up to a statutory maximum amount, by the SERS' Retirement Board. The Kettering City School District's required contributions for pension obligations to SERS for the fiscal years ended June 30, 2007, 2006, and 2005 were \$1,260,579, \$1,232,806, and \$1,052,215, respectively; 52 percent has been contributed for fiscal year 2007 and 100 percent for fiscal years 2006 and 2005.

B. State Teachers Retirement System of Ohio

The Kettering City School District contributes to the State Teachers Retirement System of Ohio (STRS Ohio), a cost-sharing, multiple-employer public employee retirement system. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a stand-alone financial report that may be obtained by writing to STRS Ohio, 275 East Broad Street, Columbus, Ohio 43215-3371, by calling (614) 227-7877, or by visiting the STRS Ohio website at www.strsoh.org.

New members have a choice of three retirement plans, a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. The DB plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on member contributions and earned interest matched by STRS Ohio funds times an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5 percent of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The Combined Plan offers features of both the DC Plan and the DB Plan. In the Combined Plan, member

NOTE 9 - DEFINED BENEFIT PENSION PLANS AND POST EMPLOYMENT BENEFITS (Continued)

B. State Teachers Retirement System of Ohio

contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. DC and Combined Plan members will transfer to the Defined Benefit Plan during their fifth year of membership unless they permanently select the DC or Combined Plan. Existing members with less than five years of service credit as of June 30, 2001, were given the option of making a one time irrevocable decision to transfer their account balances from the existing DB Plan into the DC Plan or the Combined Plan. This option expired on December 31, 2001. Benefits are established by Chapter 3307 of the Ohio Revised Code.

A DB or Combined Plan member with five or more years credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

For the fiscal year ended June 30, 2007, plan members were required to contribute 10 percent of their annual covered salaries. The Kettering City School District was required to contribute 14 percent; 13 percent was the portion used to fund pension obligations. For fiscal year 2006 (latest information available), the portion used to fund pension obligations was also 13 percent. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions.

The Kettering City School District's required contributions for pension obligations to STRS Ohio for the fiscal years ended June 30, 2007, 2006, and 2005 were \$5,171,049, \$6,414,031, and \$4,716,953, respectively; 83 percent has been contributed for fiscal year 2007 and 100 percent for fiscal years 2006 and 2005. Contributions to the DC and Combined Plans for fiscal year 2007 were \$86,095 made by the Kettering City School District and \$136,008 made by the plan members.

C. Social Security System

Effective July 1, 1991, all employees not otherwise covered by the School Employees Retirement System or the State Teachers Retirement System of Ohio have an option to choose Social Security or the School Employees Retirement System. As of June 30, 2007, one member of the Board of Education has elected Social Security. The Board's liability is 6.2 percent of wages paid.

NOTE 9 - DEFINED BENEFIT PENSION PLANS AND POST EMPLOYMENT BENEFITS (Continued)

D. Postemployment Benefits

The Kettering City School District provides comprehensive health care benefits to retired teachers and their dependents through the State Teachers Retirement System of Ohio (STRS Ohio), and to retired non-certified employees and their dependents through the School Employees Retirement System (SERS). Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare premiums. Benefit provisions and the obligations to contribute are established by the Systems based on authority granted by State statute. Both systems are on a pay-as-you-go basis.

All STRS Ohio retirees who participated in the DB or Combined Plans and their dependents are eligible for health care coverage. The STRS Ohio Board has statutory authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. All benefit recipients pay a portion of the health care cost in the form of a monthly premium. By law, the cost of coverage paid from STRS Ohio funds is included in the employer contribution rate, currently 14 percent of covered payroll. For the fiscal year ended June 30, 2007, the STRS Ohio Board allocated employer contributions equal to one percent of covered payroll to the Health Care Stabilization Fund. For the Kettering City School District, this amount equaled \$397,773 for fiscal year 2007.

STRS Ohio pays health care benefits from the Health Care Stabilization Fund. At June 30, 2006 (the latest information available), the balance in the Fund was \$3.5 billion. For the year ended June 30, 2006, net health care costs paid by STRS Ohio were \$282,743,000 and STRS Ohio had 119,184 eligible benefit recipients.

This space intentionally left blank.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2007

NOTE 9 - DEFINED BENEFIT PENSION PLANS AND POST EMPLOYMENT BENEFITS (Continued)

D. Postemployment Benefits (Continued)

For SERS, coverage is made available to service retirees with ten or more fiscal years of qualifying service credit, and to disability and survivor benefit recipients. All retirees and beneficiaries are required to pay a portion of their health care premium. The portion is based on years of service, Medicare eligibility, and retirement status.

After the allocation for basic benefits, the remainder of the employer's 14 percent contribution is allocated to providing health care benefits. For the fiscal year ended June 30, 2007, employer contributions to fund health care benefits were 3.32 percent of covered payroll, compared to 3.42 percent of covered payroll for fiscal year 2006. In addition, SERS levies a surcharge to fund health care benefits equal to 14 percent of the difference between a minimum pay and the member's pay, pro-rated for partial service credit. For fiscal year 2007, the minimum pay was established at \$35,800. However, the surcharge is capped at two percent of each employer's SERS salaries. For the Kettering City School District, the amount contributed to fund health care benefits, including the surcharge, during the 2007 fiscal year equaled \$564,212.

The surcharge, added to the unallocated portion of the 14 percent employer contribution rate, provides for maintenance of the asset target level for the health care fund. The target level for the health care reserve is 150 percent of the projected claims less premium contributions for the next fiscal year. Expenses for health care for the fiscal year ended June 30, 2006 (the latest information available), were \$158,751,207. At June 30, 2006, SERS had net assets available for payment of health care benefits of \$295.6 million. SERS has 59,492 participants eligible to receive health care benefits.

This space intentionally left blank.

NOTE 10- LONG-TERM DEBT AND OTHER OBLIGATIONS

Detail of the changes in the long-term debt of the District for the year ended June 30, 2007 is as follows:

	Balance June 30, 2006	Additions	Deductions	Balance June 30, 2007	Amount Due Within One Year
2003 School Improvement	\$79,600,000	\$0	(\$57,265,000)	\$22,335,000	\$1,700,000
2004 School Improvement	14,095,000	0	(11,730,000)	2,365,000	175,000
2005 School Improvement Refunding	12,149,989	0	(510,000)	11,639,989	540,000

	1998 Energy Conservation Bond
Purpose:	Provide funds for energy efficient lighting, energy management systems and new
. 1	boilers.
Original Issue Amount:	\$1,622,500
Issue Date:	1998
Payment Dates:	June 1 and December 1
Interest Rate:	4.75% at June 30, 2007; rate changes to 4.85% in 2008
Maturity Date:	2008
	2002 Energy Conservation Bond
Purpose:	Finance renovations that will significantly reduce energy consumption at the District's facilities.
Original Issue Amount:	\$1,200,000
Issue Date:	2002
Payment Dates:	December 1
Interest Rate:	5.31%

NOTE 10- LONG-TERM DEBT AND OTHER OBLIGATIONS (Continued)

A. Principal and Interest Requirements

A summary of the District's future long-term debt funding requirements including principal and interest payments as of June 30, 2007, follows:

	General Obligation Bonds							
Years	Principal	Interest	Total					
2008	\$3,392,160	\$4,656,116	\$8,048,276					
2009	2,770,992	4,411,371	7,182,363					
2010	3,055,027	4,325,218	7,380,245					
2011	3,164,276	4,223,495	7,387,771					
2012	2,998,741	4,129,476	7,128,217					
2013-2017	18,114,693	19,569,843	37,684,536					
2018-2022	23,255,000	14,038,226	37,293,226					
2023-2027	23,605,000	8,543,576	32,148,576					
2028-2032	23,955,000	2,472,453	26,427,453					
Totals	\$104,310,889	\$66,369,774	\$170,680,663					

B. Defeased Debt

In November 2006, the District partially refunded \$9,640,000 of General Obligation Bonds for School Improvement Series 2003, dated March 27, 2003, through the issuance of \$9,639,994 of General Obligation Bonds. The net proceeds of the 2006 Bonds have been invested in obligations guaranteed as to both principal and interest by the United States Government and placed in irrevocable escrow accounts which, including interest earned, will be used to pay the principal and interest on the refunded bonds. The refunded bonds, which have an outstanding balance of \$9,640,000 at June 30, 2006, are not included in the District's outstanding debt since the District has in-substance satisfied its obligations through the advance refunding. The District reduced its aggregate debt service payments over the life of the refunded bonds by \$699,297 and obtained an economic gain (difference between the present values of the old and new debt service payments) of \$436,562.

In March 2007, the District partially refunded \$45,960,000 of General Obligation Bonds for School Improvement Series 2003, dated March 27, 2003, and partially refunded \$11,400,000 of General Obligation Bonds for School Improvement Series 2004, dated April 29, 2004, through the issuance of \$57,359,996 of General Obligation Bonds. The net proceeds of the 2007 Bonds have been invested in obligations guaranteed as to both principal and interest by the United States Government and placed in irrevocable escrow accounts which, including interest earned, will be used to pay the principal and interest on the refunded bonds. The refunded bonds, which have outstanding balances of \$45,960,000 and \$11,400,000, respectively, at June 30, 2006, are not included in the District's outstanding debt since the District has in-substance satisfied its obligations through the advance refunding. The District reduced its aggregate debt service payments over the life of the refunded bonds by \$2,789,412 and obtained an economic gain (difference between the present values of the old and new debt service payments) of \$1,847,314.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2007

NOTE 10- LONG-TERM DEBT AND OTHER OBLIGATIONS (Continued)

C. <u>Early Retirement Incentive</u>

During 2006, the Board of Education offered an early retirement incentive to those individuals that met the following criteria:

- a) The employee must be currently eligible for service retirement in accordance with rules of the State Teachers Retirement System (STRS).
- b) The employee must be under contract and a member of the bargaining unit and must have completed a minimum of ten years of service with the Board.
- c) The employee must actually retire and receive benefits from STRS no later than August 1, 2006.
- d) The employee must not already be receiving retirement benefits from the STRS.

If all of the conditions were met the District would establish a Health Reimbursement Arrangement (HRA) on behalf of the employees and their spouses. Each qualifying employee will receive a tax sheltered HRA totaling \$30,000 to be paid in equal annual installments beginning on or around August 15th for a period of 5 years. 23 employees took advantage of the Board's offer.

NOTE 11 - CAPITAL LEASE COMMITMENTS

The District is party to four leases, one for a school bus, one for a telephone system and two technology leases (computer equipment) that meet the criteria of a capital lease as defined by Statement of Financial Accounting Standards No. 13, "Accounting for Leases," which defines a capital lease as one which transfers benefits and risks of ownership to the lessee. The costs of the leased assets are accounted for in the Governmental Activities Capital Assets and the related liabilities in the Governmental Activities Long-Term Liabilities. The original costs of the assets under capital lease are \$199,940 for the school bus, \$653,538 for the phone system, and \$1,155,270 for the technology equipment. The leased assets are recorded as furniture, vehicles and equipment within the Capital Asset Footnote.

The following is a schedule of the future minimum lease payments under the capital leases together with the present value of the net minimum lease payments as of June 30, 2007:

Year Ending June 30,	Capital Leases
2008	\$414,681
2009	410,651
2010	406,621
2011	402,591
2012	177,476
Minimum Lease Payments Less: Amount representing interest at the District's	1,812,020
incremental borrowing rate of interest Present value of minimum lease payments	(165,979) \$1,646,041

NOTE 12 - RISK MANAGEMENT

The District is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets, errors and omissions, injuries to employees and natural disasters. During fiscal year 2007, the District contracted with Indiana Insurance Company through Brower Insurance Agency for general liability insurance with a \$1,000,000 per occurrence limit and a \$2,000,000 aggregate. Property is protected by Indiana Insurance Company through Brower Insurance Agency and holds a \$5,000 occurrence deductible.

The District's vehicles are insured under a policy by Indiana Insurance Company through Brower Insurance Agency which carries a \$500 deductible and a \$1,000,000 combined single limit on any accident.

The District has earthquake (\$5,000,000 limit) and flood (\$1,000,000 limit) insurance with Indiana Insurance Company through Brower Insurance Agency.

The District has a \$10,000,000 limit umbrella policy with no retention with Indiana Insurance Company through Bower Insurance Agency.

Settlement of claims have not exceeded insurance coverage during the last three years. Also, there have been no significant reductions in insurance coverage during the fiscal year.

The District pays the State Workers' Compensation System a premium based on a rate per \$100 of salaries. This rate is calculated based on accident history and administrative costs.

The District provides life insurance and accidental death and dismemberment insurance to most employees through Prudential Life Insurance Company. The District has elected to provide employee medical/surgical benefits through Anthem Blue Cross/Blue Shield's Community Choice Plan.

The District has a Section 125 Plan for employee liabilities arising in connection with the Employee Benefits Self-Insurance Program. This program is also accounted for as an Agency Fund. The District records liabilities for the Employee Self-Insurance Fund for incurred but not reported claims, which represent employee out-of pocket expenses processed but not paid.

The District is self-insured for employee dental care benefits. The program is administered by CoreSource, which provides claims review and processing services. The self-insurance program is accounted for as an Internal Service Fund.

Changes in the fund's claims liability amount in 2007 and 2006 were:

		Current Year		
	Beginning of	Claims and		Balance at
	Fiscal Year	Changes in	Claims	Fiscal
Fiscal Year	Liability	Estimates	Payments	Year End
2006	\$194,365	\$842,948	(\$825,811)	\$211,502
2007	211,502	865,115	(863,055)	213,562

NOTE 13 – STATUTORY RESERVES

The District is required by state law to set aside certain general fund revenue amounts, as defined, into various reserves. During the fiscal year ended June 30, 2007, the reserve activity (cash-basis) was as follows:

		Capital
	Textbook	Acquisition
	Reserve	Reserve
Set-aside Cash Balance as of June 30, 2006	\$0	\$0
Carryover Balance from Prior Year	(1,998,620)	0
Current Year Set-Aside Requirement	1,136,153	1,136,153
Current Year Offset Credits	0	(663,895)
Qualifying Disbursements	(1,118,533)	(988,725)
Totals	(\$1,981,000)	(\$516,467)
Qualifying Carryover Amounts to FY 2008	(\$1,981,000)	(\$104,000,000)

Qualifying carryover amount to fiscal year 2008 cannot exceed (\$104,000,000) for capital acquisition setaside. The \$104,000,000 represents the debt issuances from fiscal years 1998 and 2003.

NOTE 14 - CONTINGENCIES

A. Grants

The District receives financial assistance from federal and state agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the general fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the District at June 30, 2007.

B. Litigation

The District is not a party to any legal proceedings which seek damages or injunctive relief generally incidental to its operations and pending projects as of June 30, 2007.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2007

NOTE 14 – CONTINGENCIES (Continued)

C. State School Funding

On December 11, 2002, the Ohio Supreme Court issued its latest opinion regarding the State's school funding plan. The decision reaffirmed earlier decisions that Ohio's current school-funding decision is unconstitutional.

The Supreme Court relinquished jurisdiction over the case and directed "...the Ohio General Assembly to enact a school-funding scheme that is thorough and efficient..."

The School District is currently unable to determine what effect, if any, this decision will have on its future State funding and on its financial operations.

NOTE 15 - CONSTRUCTION AND OTHER SIGNIFICANT COMMITMENTS

As of June 30, 2007, the District had \$181,384 in contractual commitments outstanding related to the renovations taking place at the District's school buildings.

	Remaining Contractual
Vendor	Commitment
Quality Masonry Company	\$115,000
Command Roofing Company	40,626
Tremco Inc.	10,781
Edge & Tinney Architects, Inc.	8,216
Rieck Mechanical Services	6,761
Total	\$181,384

Combining and Individual Fund Statements and Schedules

The following combining statements and schedules include the Major and Nonmajor Governmental Funds.

Nonmajor Governmental Funds

Special Revenue Funds

Special Revenue funds are used to account for the proceeds of specific revenue sources (other than amounts relating to private purpose trusts or major capital projects) that are legally restricted to expenditures for specified purposes.

Food Services Fund

This fund accounts for the financial transactions related to the food service operations of the School District.

Special Trust Fund

A fund used to account for assets held by a school system in a trustee capacity or as an agent for individuals, private organizations, other governmental and/or other funds.

Uniform School Supplies Fund

This fund accounts for the purchase and sale of school supplies for use in the School District. Profits derived from such sales are used for school purposes or activities connected with the school.

Rotary Special Services Fund

A fund provided to account for income and expenses made in connection with goods and services provided by the School District.

Public School Support Fund

To support the various needs of the school such as supplies and equipment for use in the school; for support and recognition of school activities as deemed appropriate by the building principal.

Pathfinder/Preschool Fund

To account for receipts and expenditures in conjunction with preschool activities.

Special Enterprise Fund

To account for the financial transactions related to the child care program called "morning and afternoon supervision program".

Athletic Fund

This fund is a combination of subject matters and experiences usually not provided in a regular class, designed for pupils who wish to pursue satisfying individual/group interest and study in specific aspects of the subject matter provided in a regular classroom.

Auxiliary Services Fund

This fund accounts for funds which provide services and materials to pupils attending non-public schools within the School District.

(Continued)

Special Revenue Funds

Education Management Information System Fund

Accounts for state monies which support the development of hardware and software or other costs associated with the requirements of the management information system. (The Balance Sheet is not presented because there are no assets or liabilities at year end.)

Public School Preschool Fund

To account for programs for early childhood education for disadvantaged four and five year olds.

Entry Year Programs Fund

To implement entry-year programs pursuant to division (T) of section 3317.024 of the Ohio Revised Code. (The Balance Sheet is not presented because there are no assets or liabilities at year end.)

Data Communications Fund

A fund used to account for monies received for the maintenance of the Ohio Educational Computer Network connections.

District Professional Development Fund

To account for the District's professional development. (The Balance Sheet is not presented because there are no assets or liabilities at year end.)

OhioReads Fund

Grants received at the building level to support the building coordinators for Ohio Reads.

Vocational Education Enhancement Fund

To account for enhancements that expand student enrollment, enable career plan development and replace and update equipment. (The Balance Sheet is not presented because there are no assets or liabilities at year end.)

Alternative Fund

To account for the District's alternative education challenge grant.

Other State Funds Fund

To account for State monies to provide the need for support and education of parents of children with disabilities, and to provide the opportunity for parents to participate in regularly scheduled support groups. To provide for the use of the productivity improvement challenge program to expand, enhance and upgrade career programming for students in southern Montgomery County school district.

Adult Basic Education Fund

This fund accounts for federal monies used to provide programs in reading, writing and math competency for adults that do not have a high school diploma.

Title II Fund

Provided for strengthening instruction in science, mathematics, modern foreign languages, English, the arts and computer learning.

(Continued)

Special Revenue Funds

Education for Economic Security Act (EESA Title VI-B) Fund

This federal program assists schools in the identification of handicapped children, development of procedural safeguards, implementation of least restrictive alternative service patterns, and provision of full education opportunities to handicapped children at the preschool, elementary and secondary levels.

Carl D. Perkins Fund

Provision of funds to boards of education, teacher training institutions, and the state administering agency for cooperating in development of vocational education programs in the following categories: post-secondary, adult, disadvantaged and handicapped persons, exemplary programs, cooperative education, construction of area vocational schools, research, advisory committees, and work-study projects, including sex equity grants. Funds are administered by the Ohio Department of Education, Division of Vocational and Career Education.

Bilingual Education Fund

Provision of funds to develop and carry out elementary and secondary school programs, including activities at the pre-school level, to meet the educational needs of children of limited English proficiency.

Even Start Program Fund

To improve the educational opportunities of children and adults by integrating early childhood education into a unified, family-centered program to help parents become full partners in their children's education and to assist children in reaching their full potential as learners.

Title I Fund

Accounts for federal monies used to assist the School District in meeting the special needs of educationally deprived children.

Title VI Innovation Fund

To account for federal revenues which support the implementation of computer education programs, gifted and talented programs, in-service training and staff development.

Drug Free School Grant Fund

Accounts for federal revenues which support the implementation of programs for drug abuse education and prevention.

Preschool Grant Fund

A fund provided to account for the District's preschool grant activities.

Other Federal Programs Fund

To account for the activities of systemic grant, classroom reduction grant, America reads, and school to work program.

Capital Projects Funds

The Capital Projects Funds are used to account for the financial resources to be used for the acquisition or construction of major capital facilities, other than those financed by proprietary or trust funds.

Permanent Improvement Fund

A fund provided to account for all transactions related to the acquiring, constructing, or improving of such permanent improvements as are authorized by Chapter 5705, Revised Code.

Building Fund

A fund to account for financial resources to be used for the acquisition, construction, or improvement of capital facilities other than those financed by proprietary and trust funds.

Replacement Fund

A fund provided to account for monies used in the rebuilding, restoration or improvement of property which has been totally or partially destroyed due to any cause.

SchoolNet Plus Fund

A fund provided to account for additional funding targeted for the acquisition of computer workstations in grades K-4.

Permanent Fund

The Permanent Fund is used to account for the financial resources that are legally restricted in that only the earnings, not the principal, may be used to support the District's programs.

Permanent Fund

A fund used to account for money, securities, or lands which have been set aside as an investment for public school purposes. The income from such a fund may be expended, but the principal must remain intact.

Fiduciary Funds

Fiduciary fund types are used to account for assets held by the School District in a trustee capacity or as an agent for individuals, private organizations, other governmental units and/or other funds.

Agency Funds

Student Managed Activity Fund

This fund reflects resources that belong to the student bodies of the various schools, accounting for sales and other revenue generating activities.

Rotary Fund

This fund accounts for deposits to be utilized for background checks on prospective employees.

Employee Benefit Fund

Accounts for the premiums received and the claims and administrative costs paid by the School District for employee health and dental/vision insurance.

STATISTICAL SECTION

STATISTICAL TABLES

This part of the Districts comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the District's overall financial health.

Contents	
Financial Trends These schedules contain trend information to help the reader understand how the District's financial position has changed over time.	S 2 – S 13
Revenue Capacity These schedules contain information to help the reader understand and assess the factors affecting the District's ability to generate its most significant local revenue sources, the property tax and the sales tax.	S 14 – S 21
Debt Capacity These schedules present information to help the reader assess the affordability of the District's current levels of outstanding debt and the District's ability to issue additional debt in the future.	S 22 – S 29
Economic and Demographic Information These schedules offer economic and demographic indicators to help the reader understand the environment within which the District's financial activities take place and to provide information that facilitates comparisons of financial information over time and among governments.	S 30 – S 35
Operating Information These schedules contain service and infrastructure data to help the reader understand how the information in the District's financial report relates to the services the District provides and the activities it performs.	S 36 – S 49

Sources Note:

Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year. The District implemented GASB Statement 34 in 2003; schedules presenting government-wide information include information beginning in that year.
