Financial Statements

For the Fiscal Year Ended June 30, 2007

Mary Taylor, CPA Auditor of State

Governing Board Pschtecin Public School 985 Mediterranean Avenue Columbus, Ohio 43229

We have reviewed the *Independent Accountants' Report* of the Pschtecin Public School, Franklin County, prepared by Hemphill & Associates, for the audit period July 1, 2006 through June 30, 2007. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Pschtecin Public School is responsible for compliance with these laws and regulations.

Mary Taylor, CPA Auditor of State

INDEPENDENT ACCOUNTANTS' REPORT

Pschtecin Public School Franklin County 975 Mediterranean Avenue Columbus, Ohio 43229

To the Governing Board:

We have audited the accompanying financial statements of the Pschtecin Public School, Franklin County, (the School) as of and for the fiscal year ended June 30, 2007 as listed in the table of contents. These financial statements are the responsibility of the School's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Pschtecin Public School, Franklin County, as of June 30, 2007, and the respective changes in financial position and cash flows, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated January 31, 2008, on our consideration of the School's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting or on compliance and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

INDEPENDENT ACCOUNTANTS' REPORT (CONTINUED)

Management's Discussion and Analysis is not a required part of the basic financial statements but is supplementary information accounting principles generally accepted in the United States of America requires. We have applied certain limited procedures, consisting principally of inquiries of management regarding the methods of measuring and presenting the required supplementary information. However, we did not audit the information and express no opinion on it.

Columbus, Ohio January 31, 2008

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2007 Unaudited

Management's discussion and analysis of the Pschtecin Public School's (the School) financial performance provides an overall view of the financial activities for the fiscal year ended June 30, 2007. Readers should also review the basic financial statements and the notes to the basic financial statements to enhance their understanding of the School's financial performance.

The Management's Discussion and Analysis (MD&A) is an element of the reporting model adopted by the Governmental Accounting Standards Board (GASB) in their Statement No. 34, Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments, issued in June 1999. Certain comparative information between the current year and the prior year is required to be presented, and is presented in the MD&A.

Financial Highlights

- > Total assets were \$167,684.
- > Total liabilities were \$16,737.
- The change in net assets was \$138,311.

Using this Annual Financial Report

This report consists of three parts: the Management's Discussion and Analysis (MD&A), the basic financial statements, and notes to those statements. The basic financial statements include a statement of net assets, a statement of revenues, expenses and changes in net assets, and a statement of cash flows. As the School reports its operations using enterprise fund accounting, all financial transactions and accounts are reported as one activity. Therefore, the entity-wide and the fund presentation information are the same.

These statements report the School's net assets and changes in those assets. This change in net assets is important because it tells the reader whether the financial position of the School has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. Non-financial factors include the School's student enrollment, per-pupil funding as determined by the State of Ohio, change in technology, required educational programs, and other factors. The School uses enterprise presentation for all of its activities.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2007 Unaudited

Table 1 provides a summary of the School's net assets at June 30, 2007. Comparison to the prior year's information is made. However, last year was not a full fiscal year and was the first period of operation.

Table 1 Net Assets

Assets	2007	2006
Current Assets	\$108,930	\$ 22,778
Security Deposit	2,000	2,000
Capital Assets, Net	56,754	9,729
Total Assets	167,684	34,507
Liabilities		
Current Liabilities	16,737	21,871
Total Liabilities	16,737	21,871
Net Assets		
Investment in Capital Assets (Net)	57,384	9,729
Restricted	168,962	-
Unrestricted	(75,399)	2,907
Total Net Assets	\$150,947	\$ 12,636

Current assets increased by \$86,152 in 2007 due to the results of operations. Fiscal year 2006 was not a full year of operations.

Net assets increased by \$138,311 in 2007 due to the results of operations. Fiscal year 2006 was not a full year of operations.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2007 Unaudited

Table 2 shows the total amount of operating and non-operating expenses and revenues associated with those expenses for the year.

Table 2 Changes in Net Assets

Revenues	2007	2006
Operating Revenues:		
Foundation Basic Aid	\$ 381,174	\$ 259,751
Poverty-Based Assistance	-	3,707
Special Education	63,822	4,336
Total Operating Revenues	444,996	267,794
Non-Operating Revenues:		
Federal and State Grants	293,826	15,364
Interest	44	13
Total Revenues	738,866	283,171
Expenses		
Operating Expenses:		
Salaries	260,637	140,031
Fringe Benefits	34,021	19,052
Purchased Services	225,698	90,530
Materials and Supplies	63,970	15,211
Depreciation	14,622	2,143
Other Expenses	1,607	3,568
Total Expenses	600,555	270,535
Increase in Net Assets	\$ 138,311	\$ 12,636

State Foundation Basic Aid and Special Education make up the primary support for the School, representing 100% of the operating revenue. Salaries and Fringe Benefits comprised 49% of operating expenses.

The School had total revenues of \$738,866 and total expenses of \$600,555. The change in net assets for the fiscal year ended was an increase of \$138,311. This increase shows that the School can meet its obligations.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2007 Unaudited

Budgeting Highlights

Community schools must adopt a spending plan under Ohio Revised Code. Section 5705.391 requires annual appropriations and annual revenues estimates. The contract between the School and its sponsor requires the school to comply with the financial plan that details an estimated budget for each year of the contract.

Capital Assets

At the end of fiscal year ended June 30, 2007, the School had \$56,754 (net of \$16,765 in accumulated depreciation) invested in computers, furniture, and equipment. Table 3 shows balances at June 30, 2007:

Table 3	
Capital Assets at June 30, 2007	
(Net of Depreciation)	
Computers	\$ 30,376
Furniture, Fixtures, and Equipment	26,378
Capital Assets, Net of Accum. Depreciation	\$ 56,754

See Notes 2(E) and 4 of the notes to the basic financial statements for additional detailed information on the School's capital assets.

Debt

At June 30, 2007, the School had no debt.

Current Financial Issues

The inclusion of the Lucas County Educational Service Center as the School's fiscal agent greatly improves its internal control structure and the quality of its financial records. During the fiscal year ended June 30, 2007, there were approximately 68 students enrolled in the School. The School receives its finances mostly from state aid. Per pupil aid for this fiscal year ended amounted to \$6,544 per student.

Contacting the School's Financial Management

This financial report is designed to provide all citizens, taxpayers, and creditors with a general overview of the School's finances and to show the School's accountability for the money it receives. Questions concerning any of the information in this report or requests for additional information should be directed to Mr. Martin Ashley, Superintendent, 975-1045 Mediterranean Avenue, Columbus, Ohio 43229 or at mashley875@sbcglobal.net.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2007

1. DESCRIPTION OF THE SCHOOL DISTRICT AND REPORTING ENTITY

The Pschtecin Public School (the School) is a nonprofit corporation established pursuant to Ohio Revised Code Sections 3314 and 1702. The School is an approved tax-exempt organization under Section 501(c) (3) of the Internal Revenue Code exclusively for educational purposes. The School's mission is to provide fifteen- to twenty-one-year-old students an eighth through twelfth grade educational program with a better option to achieve high academic standards. The School, which is part of the State's education program, is independent of any school district and is nonsectarian in its programs, admission policies, employment practices, and all other operations. The School may acquire facilities as needed and contract for any services necessary for the operation of the school. This is the initial fiscal year ended of operations.

The School is a non-profit organization that has been determined by the Internal Revenue Service to be exempt from federal income taxes as a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code. Management is not aware of any course of action or series of events that have occurred that might adversely affect the School's tax-exempt status.

The School was approved for operation under a contract with the Lucas County Educational Service Center that began on April 28, 2005. The sponsorship was then assigned to Buckeye Community Hope Foundation (BCHF) on July 21, 2005 and will expire on June 30, 2009. The Sponsor is responsible for evaluating the performance of the School and has authority to deny renewal of the contract at its expiration or terminate the contract prior to its expiration.

The School operates under the direction of a Governing Board. The Governing Board is responsible for carrying out the provisions of the contract, which include but are not limited to, state-mandated provisions regarding student population, curriculum, academic goals, performance standards, admission standards, and qualifications of teachers. The Governing Board controls the School's one instructional/support facility staffed by 3 non-certified and 3 certified full-time teaching personnel who provide services to 68 students.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the School have been prepared in conformity with generally accepted accounting principles as applied to governmental nonprofit organizations. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The School also applies Financial Accounting Standards Board statements and interpretations issued on or before November 30, 1989, provided they do not conflict with GASB pronouncements. The School has elected not to apply FASB Statements and Interpretations issued after November 30, 1989. The more significant of the School's accounting policies are described below.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2007

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

A. Basis of Presentation

The School's basic financial statements consist of a Statement of Net Assets, a Statement of Revenues, Expenses, and Changes in Net Assets, and a Statement of Cash Flows.

The School uses enterprise accounting to maintain its financial records during the fiscal year. Enterprise accounting focuses on the determination of operating income, changes in net assets, financial position, and cash flows. Enterprise accounting may be used to account for any activity for which a fee is charged to external users for goods or services.

B. Measurement Focus/Basis of Accounting

Enterprise accounting uses a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of the School are included on the Statement of Net Assets.

The Statement of Revenues, Expenses, and Changes in Net Assets present increases (e.g., revenues) and decreases (e.g., expenses) in total net assets. The Statement of Cash Flows reflects how the School finances and meets its cash flow needs.

"Basis of accounting" refers to when revenues and expenses are recognized in the accounts and reported in the financial statements. The accrual basis of accounting is used for reporting purposes. Revenue resulting from exchange transactions, in which each party gives and receives equal value, is recorded on the accrual basis when the exchange takes place. Revenue resulting from non-exchange transactions, in which the School receives value without directly giving equal value in return, such as grants, entitlements and donations, are recognized in the fiscal year ended in which all eligibility requirements have been satisfied. Expenses are recognized at the time they are incurred.

C. Budgetary Process

Community schools must adopt a spending plan under Ohio Revised Code. Section 5705.391 requires annual appropriations and annual revenues estimates. The contract between the School and its sponsor requires the school to comply with the financial plan that details an estimated budget for each year of the contract.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2007

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. Cash

All monies received by the School are accounted for by the School's fiscal agent, the Lucas County Educational Service Center. All cash received by the fiscal agent is maintained in separate bank accounts in the School's name.

For presentation on the financial statements, investments of the cash management pool and investments with the original maturity of three months or less at the time they are purchased by the School are considered to be cash equivalents. Investments with an initial maturity of more than three months that are not purchased from the pool are reported as investments.

E. Capital Assets and Depreciation

Capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the fiscal year ended. Donated capital assets are recorded at their fair market values as of the date received. The School does not possess any infrastructure. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not.

All reported capital assets are depreciated. Depreciation is computed using the straight-line method over the following useful lives:

Description	Estimated Lives
Computers	5 years
Furniture, Fixtures and Equipment	5 years

F. Intergovernmental Revenue

The School currently participates in the State Foundation Basic Aid Program, Poverty-Based Assistance, and the State Special Education Program. Revenues from these programs are recognized as operating revenues in the accounting fiscal year ended in which all eligibility requirements are met.

Grants and entitlements are recognized as non-operating revenues in the accounting fiscal year ended in which all eligibility requirements are met. Eligibility requirements include timing requirements, which specify the fiscal year ended when the resources are required to be used or the fiscal year ended when use is first permitted, matching requirements, in which the School must provide local resources to be used for a specified purpose, and expenditures requirements, in which the resources are provided to the School on a reimbursement basis.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2007

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

G. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

H. Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction, or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the School or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. The School had restricted net assets of \$168,962 at June 30, 2007. Of this amount, none is restricted by enabling legislation.

I. Prepaid Items

Payments made to vendors for services that will benefit fiscal years beyond June 30, 2007 are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of the purchase and an expense is reported in the fiscal year ended in which services are consumed. Prepaid items totaled \$452 at June 30, 2007.

J. Operating revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activities of the School. All revenues and expenses not meeting this definition are reported as non-operating.

3. DEPOSITS AND INVESTMENTS

The following information classifies deposits by category of risk as defined in GASB Statement No.3 "Deposits with Financial Institutions, Investments (including Repurchase Agreements) and Reverse Repurchase Agreements," as amended by GASB Statement No. 40, "Deposit, and Investment Risk Disclosures".

The School maintains its cash balances at one financial institution located in Ohio. The balances are insured by the Federal Deposit Insurance Corporation up to \$100,000. At June 30, 2007, the book amount of the School's deposits was \$90,835. The bank balance of the School's deposits was \$113,826, which resulted in \$13,826 being collateralized with securities held in a single financial institution's pool of investments pledged to collateralize all public deposits.

The School had no deposit policy for custodial risk beyond the requirement of state statute. Ohio

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2007

law requires that deposits either be insured or be protected by eligible securities pledged to and

3. DEPOSITS AND INVESTMENTS (continued)

deposited either with the school or a qualified trustee by the financial institution as security for repayment or by a collateral pool of eligible securities deposited with a qualified trustee to secure repayment of all public monies deposited in the financial institution whose market value shall be at least 105% of deposits being secured.

4. CAPITAL ASSETS

Capital asset activity for the fiscal year ended June 30, 2007 was as follows:

	В	alance					Balance
Capital Assets:	0	6/30/06	A	ditions	Dedu	ictions	06/30/07
Computers	\$	3,761	\$	34,880	\$	-	\$ 38,641
Furniture, Fixtures, and Equipment		8,111		26,767			34,878
Total Capital Assets		11,872		61,647		-	73,519
Less Accumulated Depreciation:		_		_			
Computers		(537)		(7,728)		-	(8,265)
Furniture, Fixtures, and Equipment		(1,606)		(6,894)			(8,500)
Total Accumulated Depreciation		(2,143)		(14,622)		-	(16,765)
Capital Assets, Net	\$	9,729	\$	47,025	\$	_	\$ 56,754

5. OPERATING LEASE

The School entered into a School facility operating lease through September 14, 2006 with Rainbow Development Corporation, with an option to renew for four successive additional periods of twelve months each. This lease was renewed on an annual basis starting with the fiscal year ended September 15, 2006 through September 14, 2007 at a rate of \$2,400 per month. Payments totaled \$26,400 for the fiscal year ended June 30, 2007.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2007

6. RISK MANAGEMENT

A. <u>Insurance Coverage</u>

The School is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. For the fiscal year ended 2007, the School contracted with the Indiana Insurance Company and had the following insurance coverage:

Commercial General Liability:

Each Occurrence	\$ 1,000,000
Personal and Advertising Injury	1,000,000
Products and Completed Operations Aggregate	2,000,000
General Aggregate (Location Aggregate)	2,000,000
Medical Expense	15,000
Stop-gap Liability Bodily Injury by Disease Policy Limit	1,000,000
Crime:	
Money and Securities Theft, Disappearance and Destruction	2,500
Property Coverage:	
Business Personal Property and Extra Expense	25,000
Extra Expense	10,000
Business Automobile:	
Liability Non-Owned and Hired Auto Only	1,000,000
Umbrella Liability:	
Each Occurrence/Aggregate	1,000,000
Retained Limit	10,000

B. Workers' Compensation

The School pays the State Worker's Compensation System a premium for employee injury coverage. The premium is calculated by multiplying the monthly total gross payroll by a factor that is calculated by the State.

C. Employee Medical Benefits

The School has contracted through an independent agent to provide employee medical insurance to its full time employees. The School pays a portion of the monthly premiums for all selected coverage (medical).

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2007

7. DEFINED BENEFIT PENSION PLANS

A. School Employees Retirement System

The School contributes to the School Employees Retirement System of Ohio (SERS), a cost sharing multiple employer defined benefit pension plan administered by the School Employees Retirement Board. SERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. The report may be obtained by writing to the School Employees Retirement System, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3476 or by calling (614) 222-5853.

Plan members are required to contribute 10% of their annual covered salary and the School is required to contribute at an actuarially determined rate. The current School rate is 14% of annual covered payroll. A portion of the School's contribution is used to fund pension obligations with the remainder being used to fund health care benefits; for fiscal year ended 2007, 10.58% of annual covered salary was the portion used to fund pension obligations. For fiscal year 2006, 10.5% of annual covered salary was the portion used to fund pension obligations. The contribution requirements of plan members and employers are established and may be amended, up to a statutory maximum amount, by the SERS' Retirement Board. The School's required contribution for pension obligation to SERS for the fiscal year ended June 30, 2007 was \$17,275; 36.2% has been contributed for fiscal year ended June 30, 2007.

B. State Teachers Retirement Systems

The School contributes to the State Teachers Retirement System of Ohio (STRS), a cost-sharing, multiple-employer, public employee retirement system. STRS provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS issues a stand-alone financial report that may be obtained by writing to STRS, 275 E. Broad St., Columbus, Ohio 43215-3371 or by calling (614) 227-4090.

New members have a choice of three retirement plans, a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan, and a Combined Plan (CP). The DB plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on member contributions and earned interest matched by STRS fund times an actuarially determined annuity factor. The DC plan allows members to place all their member contributions and employer contributions equal to 10.5% of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The CP offers features of both the DC Plan and the DB Plan. In the CP, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2007

7. DEFINED BENEFIT PENSION PLANS (continued)

DC and CP members will transfer to the Defined Benefit Plan during their fifth year of membership unless they permanently select the DC or CP. Existing members with less than five years of service credit as of June 30, 2001, were given the option of making a one-time irrevocable decision to transfer their account balances from the existing DB Plan into the DC Plan or the Combined Plan. This option expired on December 31, 2001. Benefits are established by Chapter 3307 of the Ohio Revised Code.

A DB or CP member with five or more years credited services who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

For the fiscal year ended June 30, 2007, plan members were required to contribute 10% of their annual covered salaries. The School was required to contribute 14%; 13% was the portion used to fund pension obligations. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10% for members and 14% for employers. Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions.

The School's required contribution for pension obligations to the DB Plan for the fiscal year ended June 30, 2007 was \$13,639; 100% has been contributed for fiscal year 2007.

8. POST EMPLOYMENT BENEFITS

The School provides comprehensive health care benefits to retired teachers and their dependents through the State Teachers Retirement System (STRS), and to retired non-certified employees and their dependents through the School Employees Retirement System (SERS). Benefits include hospitalization, physicians' fees, prescription drugs, and reimbursement of monthly Medicare premiums. Benefit provisions and the obligations to contribute are established by the Systems based on authority granted by State statue. Both systems are funded on a pay-as-you-go basis.

STRS retirees who participated in the DB or combined plans and their dependents are eligible for health care coverage. The STRS Board has statutory authority over how much, if any, of the healthcare costs will be absorbed by STRS. All benefit recipients pay a portion of health care cost in the form of a monthly premium. By law, the cost of coverage paid from STRS funds is included in the employer contribution rate, currently 14% of covered payroll. For the fiscal year ended June 30, 2007, the STRS Board allocated employer contributions equal to 1% of covered

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2007

8. POST EMPLOYMENT BENEFITS (continued)

payroll to the Health Care Reserve Fund. For the School, this amount equaled \$1,599 for fiscal year 2007.

STRS pays health care benefits from the Health Care Stabilization Fund. At June 30, 2005 (the latest information available), the balance in the Fund was \$3.3 billion. For the fiscal year ended June 30, 2005, net health care costs paid by STRS were \$254,780,000 and STRS had 111,395 eligible benefit recipients.

For SERS, coverage is made available to service retirees with ten or more periods of qualifying service credit, and to disability and survivor benefit recipients. All retirees and beneficiaries are required to pay a portion of their premium for health care. The portion is based on years of service, Medicare eligibility, and retirement status. After the allocation for basic benefits, the remainder of the employer's 14% contribution is allocated to providing health care benefits.

For the fiscal year ended June 30, 2007, employer contributions to fund health care benefits were 3.43% of covered payroll. In addition, SERS levies a surcharge to fund health care benefits equal to 14% of the difference between a minimum pay of \$35,800 and the member's pay. However, the surcharge is capped at 2% of each employee's salary. For 2007, the School paid \$2,004 to fund health care benefits, including the surcharge.

Net health care costs for the year ending June 30, 2005 (the latest information available) were \$178,221,113. The target level for the health care fund is 150% of projected claims less premium contributions for the next fiscal year ended. At June 30, 2005, SERS had net assets available for payment of health care benefits of \$267.5 million. The number of participants eligible to receive benefits is 58,123.

9. FISCAL AGENT

The School entered into a service agreement with the Treasurer of the Lucas County Educational Service Center to serve as the Chief Fiscal Officer of the School. As part of this agreement, the School shall compensate the Lucas County Educational Service Center two percent (2%) of the revenue received by the School. A total contract payment of \$14,496 was paid during the fiscal year ended, and a liability of \$1,853 was accrued as a liability for the fiscal year ending June 30, 2007.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2007

9. FISCAL AGENT (continued)

The Treasurer shall perform all of the following functions while serving as the Chief Fiscal Officer of the School:

- Maintain custody of all funds received by the School in segregated accounts separate from the Sponsor or any other Community School's funds;
- Maintain all books and accounts of the School;
- Maintain all financial records of all state funds of the School and follow State Auditor procedures for receiving and expending state funds;
- Assist the School in meeting all financial reporting requirements established by the Auditor of Ohio;
- Invest funds of the School in the same manner as the funds of the Sponsor are invested, but the Treasurer shall not commingle the funds with any of the Sponsor or any other community school; and
- Pay obligations incurred by the School within a reasonable amount of time, not more than 14 calendar days after receipt of a properly executed voucher signed by the Chief Administrative Officer of the School so long as the proposed expenditure is within the approved budget and funds are available.

10. PURCHASED SERVICES

For the fiscal year ended June 30, 2007, purchased service expenses were payments for services rendered by various vendors, as follows:

	2007
Professional and Technical Services	\$153,314
Property Services	34,029
Travel	23,561
Communications	8,425
Utilities	5,529
Other Purchased Services	840
Total Purchased Services	\$225,698

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2007

11. MANAGEMENT AGREEMENT

The School contracts with MJ Ashley Realty LLC to serve as the School's management company. MJ Ashley Realty LLC agrees to provide such requisite management, educational, financial, and other consulting services for a variety of services, including management of personnel and human resources, the program of instruction, purchasing, strategic planning, public relations, financial reporting, recruiting, compliance issues, budgets, contracts, and equipment and facilities.

Per the management agreement with the School, MJ Ashley Realty LLC is entitled to up to 15% of all revenues received as per-pupil allotment from the State of Ohio. The management fee paid for the fiscal year ended 2007 totaled \$67,263. MJ Ashley Realty LLC is owned by Martin Ashley, Superintendent of the School.

12. RELATED PARTY TRANSACTIONS

The School contracts with MJ Ashley Realty LLC, which is owned and operated by Martin Ashley, who also serves as Superintendent of the School. \$67,263 was paid to MJ Ashley Realty LLC during the fiscal year ended June 30, 2007.

13. CONTINGENCIES

A. Grants

The School receives significant financial assistance from numerous federal and state agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the School. However, in the opinion of management, any such disallowed claims will not have a material effect on any of the financial statements of the individual fund types included herein or on the overall financial position of the School at June 30, 2007.

B. Pending Litigation

A suit was filed in Franklin County Common Pleas Court on May 14, 2001 alleging Ohio's Community (i.e., Charter) Schools program violates the state Constitution and state laws. On April 21, 2004, the court dismissed the counts containing constitutional claims and stayed the other counts pending appeal of the constitutional issues. The plaintiffs appealed to the Court of Appeals, the issues have been briefed, and the case was heard on November 18th, 2004.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2007

On August 24, 2005, the Court of Appeals rendered a decision that Community Schools are part of the state public educational system and this matter was sent to the Ohio Supreme Court. The Ohio Supreme Court accepted the appeal from the Court of Appeals for review on

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2007

14. CONTINGENCIES (continued)

February 16, 2006. Oral argument occurred on November 29, 2006. The effect of this suit, if any, on the School is not presently determinable.

C. Full-Time Equivalency

The Ohio Department of Education conducts reviews on enrollment data and full-time equivalency (FTE) calculations made by the schools. These reviews are conducted to ensure the schools are reporting accurate student enrollment data to the State, upon which state foundation funding is calculated. ODE has not yet conducted a review of the School's 2007 student enrollment data and FTE calculations. For 2007, the School does not anticipate revenue adjustments based on the results of any such review.

15. RECEIVABLES

Receivables at June 30, 2007 primarily consisted of intergovernmental receivables (e.g. foundation and federal grants). All intergovernmental receivables are considered collectable in full, due to the stable condition of state program, and the current year guarantee of federal funds. A summary of the principal receivables follows.

Intergovernmental Receivables	2007	
FedSubgrant PCSP '07	\$	15,406
Title V '07		55
Title I '07		318
Title IV '07		246
IDEA Part B '07		200
Title II-A '07		865
Title II-D '07		553
Total Intergovernmental Receivable	\$	17,643

Report on Internal Control Over Financial Reporting and On Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

Pschtecin Public School Franklin County 975 Mediterranean Avenue Columbus, Ohio 43229

To the Governing Board:

We have audited the financial statements of Pschtecin Public School (the Entity) as of and for the fiscal year ended June 30, 2007, and have issued our report thereon dated January 31, 2008. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Pschtecin Public School's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Entity's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Report on Internal Control Over Financial Reporting and On Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards (continued)

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Pschtecin Public School's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the audit committee, management, others within the organization and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Columbus, Ohio January 31, 2008

Mary Taylor, CPA Auditor of State

PSCHTECIN PUBLIC SCHOOL

FRANKLIN COUNTY

CLERK'S CERTIFICATION

This is a true and correct copy of the report which is required to be filed in the Office of the Auditor of State pursuant to Section 117.26, Revised Code, and which is filed in Columbus, Ohio.
