Mary Taylor, CPA Auditor of State

Warren County Combined Health District Warren County 416 South East Street Lebanon, Ohio 45036

To the Members of the Board:

As you are aware, the Auditor of State's Office (AOS) must modify the *Independent Accountants' Report* we provide on your financial statements due to an interpretation from the American Institute of Certified Public Accountants (AICPA). While AOS does not legally require your government to prepare financial statements pursuant to Generally Accepted Accounting Principles (GAAP), the AICPA interpretation requires auditors to formally acknowledge that you did not prepare your financial statements in accordance with GAAP. Our Report includes an adverse opinion relating to GAAP presentation and measurement requirements, but does not imply the amounts the statements present are misstated under the non-GAAP basis you follow. The AOS report also includes an opinion on the financial statements you prepared using the cash basis and financial statement format the AOS permits.

## INDEPENDENT ACCOUNTANTS' REPORT

Warren County Combined Health District Warren County 416 South East Street Lebanon, OH 45036

To the Members of the Board:

We have audited the accompanying financial statements of Warren County Combined Health District, Warren County, Ohio (the District), as of and for the year ended December 31, 2007. These financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinion.

As described more fully in Note 1, the District has prepared these financial statements using accounting practices the Auditor of State prescribes or permits. These practices differ from accounting principles generally accepted in the United States of America (GAAP). Although we cannot reasonably determine the effects on the financial statements of the variances between these regulatory accounting practices and GAAP, we presume they are material.

Instead of the combined funds the accompanying financial statements present, GAAP require presenting entity wide statements and also presenting the District's larger (i.e. major) funds separately. While the District does not follow GAAP, generally accepted auditing standards requires us to include the following paragraph if the statements do not substantially conform to GAAP presentation requirements. The Auditor of State permits, but does not require Districts to reformat their statements. The District has elected not to follow GAAP statement formatting requirements. The following paragraph does not imply the amounts reported are materially misstated under the accounting basis the Auditor of State permits. Our opinion on the fair presentation of the amounts reported pursuant to its non-GAAP basis is in the second following paragraph.

In our opinion, because of the effects of the matter discussed in the preceding two paragraphs, the financial statements referred to above for the year ended December 31, 2007 do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the District as of December 31, 2007, or its changes in financial position for the years then ended.

Warren County Combined Health District Warren County Independent Accountants' Report Page 2

Also, in our opinion, the financial statements referred to above present fairly, in all material respects, the combined fund cash balances and reserves for encumbrances of Warren County Combined Health District, Warren County, as of December 31, 2007, and its combined cash receipts and disbursements for the years then ended on the accounting basis Note 1 describes.

The District has not presented Management's Discussion and Analysis, which accounting principles generally accepted in the United States of America has determined is necessary to supplement, although not required to be part of, the financial statements.

In accordance with *Government Auditing Standards*, we have also issued our report dated August 30, 2008, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance, and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

We conducted our audit to opine on the financial statements that collectively comprise the District's basic financial statements. The U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* requires presenting a federal awards expenditure schedule. The schedule is not a required part of the basic financial statements. We subjected the federal awards expenditure schedule to the auditing procedures applied in the audit of the basic financial statements. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Mary Jaylo

#### NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2007

### 1. Summary of Significant Accounting Policies

## A. Description of the Entity

The constitution and laws of the State of Ohio establish the rights and privileges of the Warren County Combined Health District, Warren County, Ohio (the District), as a body corporate and politic. The District is directed by a nine-member Board, five of whom are elected to overlapping terms by the Health District Advisory Council and four of whom are appointed by the contract cities of Franklin, Lebanon, Springboro and Mason. The District is responsible for the appointment of the Health Commissioner, Medical Director and staff. The Warren County Auditor is responsible for fiscal control of the resources. The District's services include communicable disease investigations, immunization clinics, inspections, public health nursing services and issues health-related licenses and permits.

The District's management believes these financial statements present all activities for which the District is financially accountable.

## B. Accounting Basis

These financial statements follow the accounting basis the Auditor of State prescribes or permits. This basis is similar to the cash receipts and disbursements accounting basis. The District recognizes receipts when received in cash rather than when earned, and recognizes disbursements when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements include adequate disclosure of material matters, as the Auditor of State prescribes or permits.

#### C. Cash

As required by the Ohio Revised Code, the Warren County Treasurer is custodian for the District's cash. The County's cash and investment pool holds the District's assets, valued at the Treasurer's reported carrying amount.

#### D. Fund Accounting

The District uses fund accounting to segregate cash and investments that are restricted as to use. The District classifies its funds into the following types:

#### 1. General Fund

The General Fund reports all financial resources except those required to be accounted for in another fund.

#### NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2007 (Continued)

### 1. Summary of Significant Accounting Policies (Continued)

### 2. Special Revenue Funds

These funds account for proceeds from specific sources (other than from private-purpose trusts or for capital projects) that are restricted to expenditure for specific purposes. The District had the following significant Special Revenue Funds:

<u>Health Grant Fund</u> – This fund receives state and federal funds for maintaining and operating the districts health programs.

Food Service Fund - This fund receives funds for food service licenses.

#### 3. Fiduciary Funds

Agency funds are purely custodial in nature and are used to hold resources for individuals, organizations or other governments. The District disburses these funds as directed by the individual, organization or other government.

The District agency fund receives payments for homeowner bonds which are accounted for in the agency fund.

#### E. Budgetary Process

The Ohio Revised Code requires the District to budget each fund annually.

#### 1. Appropriations

Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the object level of control and appropriations may not exceed estimated resources. The District Board must annually approve appropriation measures and subsequent amendments. The County Budget Commission must also approve the annual appropriation measure. Unencumbered appropriations lapse at year end.

#### 2. Estimated Resources

Estimated resources include estimates of cash to be received (budgeted receipts) plus unencumbered cash as of January 1. The County Budget Commission must also approve estimated resources.

#### 3. Encumbrances

The Ohio Revised Code requires the District to reserve (encumber) appropriations when individual commitments are made. Encumbrances outstanding at year end are carried over, and need not be reappropriated.

A summary of 2007 budgetary activity appears in Note 2.

#### NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2007 (Continued)

#### 1. Summary of Significant Accounting Policies (Continued)

#### F. Property, Plant, and Equipment

The District records disbursements for acquisitions of property, plant, and equipment when paid. The accompanying financial statements do not report these items as assets.

#### G. Accumulated Leave

In certain circumstances, such as upon leaving employment, employees are entitled to cash payments for unused leave. The financial statements do not include a liability for unpaid leave.

#### 2. Budgetary Activity

Budgetary activity for the years ending December 31, 2007 follows:

| 2007 Budgeted vs. Actual Receipts |             |             |           |
|-----------------------------------|-------------|-------------|-----------|
|                                   | Budgeted    | Actual      |           |
| Fund Type                         | Receipts    | Receipts    | Variance  |
| General                           | \$3,104,933 | \$3,135,564 | \$30,631  |
| Special Revenue                   | 916,388     | 1,052,997   | 136,609   |
| Fiduciary (Agency)                | 24,750      | 25,000      | 250       |
| Total                             | \$4,046,071 | \$4,213,561 | \$167,490 |

| 2007 Budgeted vs. Actual Budgetar | y Basis Expenditures |
|-----------------------------------|----------------------|
|-----------------------------------|----------------------|

|                    | Appropriation | Budgetary    |           |
|--------------------|---------------|--------------|-----------|
| Fund Type          | Authority     | Expenditures | Variance  |
| General            | \$3,778,686   | \$3,546,996  | \$231,690 |
| Special Revenue    | 1,037,471     | 1,058,692    | (21,221)  |
| Fiduciary (Agency) | 49,550        | 48,850       | 700       |
| Total              | \$4,865,707   | \$4,654,538  | \$211,169 |

#### 3. Intergovernmental Funding

The County apportions the excess of the District's appropriations over other estimated receipts among the townships and municipalities composing the District, based on their taxable property valuations. The County withholds the apportioned excess from property tax settlements and distributes it to the District. The financial statements present these amounts as intergovernmental receipts. Clearcreek, Deerfield, Franklin, Hamilton, Harlan, Massie, Salem, Turtlecreek, Union, Washington and Wayne Townships and the cities of Springboro, Mason, Franklin, Lebanon, Carlisle and the villages of South Lebanon, Maineville, Butlerville, Pleasant Plain, Harveysburg, Morrow, Corwin, Waynesville, and Blanchester comprise the District.

#### NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2007 (Continued)

#### 4. Retirement Systems

| Retirement Rates | Year | Member<br>Rate | Employer<br>Rate |
|------------------|------|----------------|------------------|
| PERS – Local     | 2007 | 9.5%           | 13.85%           |

The District's employees belong to the Ohio Public Employees Retirement System (OPERS). OPERS is a cost-sharing, multiple-employer plan. The Ohio Revised Code prescribes this plan's benefits, which include postretirement healthcare and survivor and disability benefits.

The Ohio Revised Code also prescribes contribution rates. For 2007, OPERS members contributed 9.5% of their gross salaries and the District contributed an amount equaling 13.85% of participants' gross salaries. The District has paid all contributions required through December 31, 2007.

## 5. Risk Management

## **Commercial Insurance**

The District has obtained commercial insurance for the following risks:

The District is exposed to various risks of property and casualty losses, and injuries to employees. The District insures against injuries to employees through the Ohio Bureau of Worker's Compensation.

The District belongs to the Public Entities Pool of Ohio (PEP), a risk-sharing pool available to Ohio local governments. PEP provides property and casualty coverage for its members. PEP is a member of the American Public Entity Excess Pool (APEEP). Member governments pay annual contributions to fund PEP. PEP pays judgments, settlements and other expenses resulting from covered claims that exceed the members' deductibles.

#### Casualty Coverage

For an occurrence prior to January 1, 2006 PEP retains casualty risks up to \$250,000 per occurrence, including claim adjustment expenses. PEP pays a percentage of its contributions to APEEP. APEEP reinsures claims exceeding \$250,000, up to \$1,750,000 per claim and \$10,000,000 in the aggregate per year.

For an occurrence on or subsequent to January 1, 2006, the Pool retains casualty risk up to \$350,000 per occurrence. Claims exceeding \$350,000 are reinsured with APEEP in an amount not to exceed \$2,650,000 for each claim and \$10,000,000 in the aggregate per year. Governments can elect up to \$10,000,000 in additional coverage with the General Reinsurance Corporation, through contracts with PEP.

If losses exhaust PEP's retained earnings, APEEP provides *excess of funds available* coverage up to \$5,000,000 per year, subject to a per-claim limit of \$2,000,000 (prior to January 1, 2006) or \$3,000,000 (on or subsequent to January 1, 2006) as noted above.

#### NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2007 (Continued)

#### 5. Risk Management (Continued)

#### Property Coverage

Beginning in 2005, APEEP established a risk-sharing property program. Under the program, Travelers reinsures specific losses exceeding \$250,000 up to \$600 million per occurrence. This amount was increased to \$300,000 in 2007. For 2007, APEEP reinsures members for specific losses exceeding \$100,000 up to \$300,000 per occurrence, subject to an annual aggregate loss payment. For 2006, APEEP reinsures members for specific losses exceeding \$100,000 up to \$250,000 per occurrence, subject to an annual aggregate loss payment. Travelers provides aggregate stop-loss coverage based upon the combined members' total insurable values. If the stop loss is reached by payment of losses between \$100,000 and \$250,000 in 2006, or \$100,000 and \$300,000 in 2007, Travelers will then reinsure specific losses exceeding \$100,000 up to their \$600 million per occurrence limit. The aggregate stop-loss limit for 2007 was \$2,014,548.

The aforementioned casualty and property reinsurance agreements do not discharge PEP's primary liability for claims payments on covered losses. Claims exceeding coverage limits are the obligation of the respective government.

Property and casualty settlements did not exceed insurance coverage for the past three fiscal years.

#### Financial Position

PEP's financial statements (audited by other accountants) conform with generally accepted accounting principles, and reported the following assets, liabilities and retained earnings at December 31, 2007 and 2006.

|             | 2007                | <u>2006</u>         |
|-------------|---------------------|---------------------|
| Assets      | \$37,560,071        | \$36,123,194        |
| Liabilities | <u>(17,340,825)</u> | <u>(16,738,904)</u> |
| Net Assets  | <u>\$20,219,246</u> | <u>\$19,384,290</u> |

At December 31, 2007 and 2006, respectively, the liabilities above include approximately \$15.9 million and \$15.0 million of estimated incurred claims payable. The assets and retained earnings above also include approximately \$15.0 million and \$14.4 million of unpaid claims to be billed to approximately 443 member governments in the future, as of December 31, 2007 and 2006, respectively. These amounts will be included in future contributions from members when the related claims are due for payment. The District's share of these unpaid claims collectible in future years is approximately \$11,320. This payable includes the subsequent year's contribution due if the Government terminates participation, as described in the last paragraph below.

#### NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2007 (Continued)

#### 5. Risk Management (Continued)

Based on discussions with PEP, the expected rates PEP charges to compute member contributions, which are used to pay claims as they become due, are not expected to change significantly from those used to determine the historical contributions detailed below. By contract, the annual liability of each member is limited to the amount of financial contributions required to be made to PEP for each year of membership.

| Contributions to PEP |         |
|----------------------|---------|
| 2005                 | \$5,845 |
| 2006                 | \$5,882 |
| 2007                 | \$5,660 |

After completing one year of membership, members may withdraw on each anniversary of the date they joined PEP provided they give written notice to PEP 60 days in advance of the anniversary date. Upon withdrawal, members are eligible for a full or partial refund of their capital contributions, minus the subsequent year's budgetary contribution. Withdrawing members have no other future obligation to the pool. Also upon withdrawal, payments for all casualty claims and claim expenses become the sole responsibility of the withdrawing member, regardless of whether a claim occurred or was reported prior to the withdrawal.

The District is also self insured for health insurance and dental coverage through the health insurance plan of Warren County.

## SCHEDULE OF FEDERAL AWARDS EXPENDITURES FOR THE YEAR ENDED DECEMBER 31, 2007

The accompanying notes to this schedule are an integral part of this schedule.

#### NOTES TO THE SCHEDULE OF FEDERAL AWARDS EXPENDITURES DECEMBER 31, 2007

## NOTE A—SIGNIFICANT ACCOUNTING POLICIES

The accompanying Schedule of Federal Awards Expenditures (the Schedule) summarizes activity of the District's federal awards programs. The schedule has been prepared on the cash basis of accounting.

#### NOTE B—MATCHING REQUIREMENTS

Certain federal programs require that the District contribute non-Federal funds (matching funds) to support the Federally-funded programs. The District has complied with the matching requirements. The expenditure of non-Federal matching funds is not included on the Schedule.

## NOTE C – COMMINGLED ASSISTANCE

Although the District submitted its financial reports via the internet on a timely basis, the receipts and expenditures were not properly categorized to reflect which funds were from federal sources and which funds were from state sources. According to the District, the distributions received from the Ohio Department of Health (ODH) do not segregate Federal from non Federal receipts. The Grant agreement between the District and the ODH combines the funding from both the Federal and State grants. Because the District receives their grant as a combination of both Federal and State monies, they assume the Federal funds are received and expended first.

The amounts presented on the Federal Schedule are the amounts the District has determined are Federal Expenditures. The District has assumed that all Federal funds are received and expended first.

Mary Taylor, CPA Auditor of State

#### INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

Warren County Combined Health District Warren County 416 South East Street Lebanon, OH 45036

To the Members of the Board:

We have audited the financial statements of the Warren County Combined Health District, Warren County, Ohio (the District), as of and for the year ended December 31, 2007, and have issued our report thereon dated August 30, 2008, wherein we noted the District followed accounting practices the Auditor of State prescribes rather than accounting principles generally accepted in the United States of America. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

## Internal Control Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting as a basis for designing our audit procedures for expressing our opinion on the financial statements, but not to opine on the effectiveness of the District's internal control over financial reporting. Accordingly, we have not opined on the effectiveness of the District's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the District's ability to initiate, authorize, record, process, or report financial data reliably in accordance with its applicable accounting basis, such that there is more than a remote likelihood that the District's internal control will not prevent or detect a more-than-inconsequential financial statement misstatement.

A material weakness is a significant deficiency, or combination of significant deficiencies resulting in more than a remote likelihood that the District's internal control will not prevent or detect a material financial statement misstatement.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all internal control deficiencies that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider material weaknesses, as defined above.

Warren County Combined Health District Warren County Independent Accountants' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Required by *Government Auditing Standards* Page 2

#### **Compliance and Other Matters**

As part of reasonably assuring whether the District's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

We did note certain noncompliance or other matters that we reported to the District's management in a separate letter dated August 30, 2008.

We intend this report solely for the information and use of the audit committee, management, District Board of Trustees, and federal awarding agencies and pass-through entities. We intend it for no one other than these specified parties.

## INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Warren County Combined Health District Warren County 416 South East Street Lebanon, Ohio 45036

To the Members of the Board:

#### Compliance

We have audited the compliance of Warren County Combined Health District, Warren County, Ohio (the District), with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133, Compliance Supplement* that apply to its major federal program for the year ended December 31, 2007. The summary of auditor's results section of the accompanying schedule of findings identifies the District's major federal program. The District's management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to each major federal program. Our responsibility is to express an opinion on the District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to reasonably assure whether noncompliance occurred with the types of compliance requirements referred to above that could directly and materially affect a major federal program. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing other procedures we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the District's compliance with those requirements.

In our opinion, the Warren County Combined Health District complied, in all material respects, with the requirements referred to above that apply to its major federal program for the year ended December 31, 2007.

#### Internal Control Over Compliance

The District's management is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the District's internal control over compliance with requirements that could directly and materially affect a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

Corporate Centre of Blue Ash / 11117 Kenwood Rd. / Blue Ash, OH 45242 Telephone: (513) 361-8550 (800) 368-7419 Fax: (513) 361-8577 www.auditor.state.oh.us Warren County Combined Health District Warren County Independent Accountants' Report on Compliance With Requirements Applicable to Each Major Federal Program and on Internal Control Over Compliance in Accordance With OMB Circular A-133 Page 2

A control deficiency in internal control over compliance exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent or detect noncompliance with a federal program compliance requirement on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that the entity's internal control will not prevent or detect more-than-inconsequential noncompliance with a federal program compliance requirement.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that the District's internal control will not prevent or detect material noncompliance with a federal program's compliance requirements.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

We intend this report solely for the information and use of the audit committee, management, members of the board, federal awarding agencies, and pass-through entities. It is not intended for anyone other than these specified parties.
