INDEPENDENT ACCOUNTANTS' REPORT

Horizon Science Academy Denison Middle School
Cuyahoga County
1700 Denison Avenue
Cleveland, Ohio 44109

To the Board of Directors:

We have audited the accompanying basic financial statements of the Horizon Science Academy Denison Middle School, Cuyahoga County, Ohio, (the Academy) as of and for the period ended June 30, 2006, which collectively comprise the Academy's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Academy's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Horizon Science Academy Denison Middle School, Cuyahoga County, Ohio, as of June 30, 2006, and the changes in financial position and its cash flows for the period ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated August 31, 2009, on our consideration of the Academy's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

Management's Discussion and Analysis is not a required part of the financial statements but is supplementary information accounting principles generally accepted in the United States of America requires. We have applied certain limited procedures, consisting principally of inquiries of management regarding the methods of measuring and presenting the required supplementary information. However, we did not audit the information and express no opinion on it.

A handwritten signature in black ink that reads "Mary Taylor". The signature is written in a cursive, flowing style.

Mary Taylor, CPA
Auditor of State

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE PERIOD ENDED JUNE 30, 2006
(UNAUDITED)**

The discussion and analysis of Horizon Science Academy - Denison Middle School (the School) financial performance provides an overall review of the financial activities for the period ended June 30, 2006. Readers should also review the financial statements and notes to enhance their understanding of the School's financial performance.

Financial Highlights:

Key financial highlights for period ended 2006 are as follows:

- Total net assets the end of the School's first period of operation were (\$226,936).
- The School had total operating revenues of \$1,923,032
- The School had total operating expenses of \$2,225,340

Using this Financial Report

This annual report consists of a series of financial statements and notes to those statements.

The *Statement of Net Assets* and *Statement of Revenues, Expenses, and Changes in Net Assets* reflect how the School did financially during the period ended June 30, 2006. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by most private-sector companies. This basis of accounting includes all of the current period revenues and expenses regardless of when cash is received or paid.

These statements report the School's *net assets* and changes in those assets. The change in net assets is important because it tells the reader whether the *financial position* of the School has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. Non-financial factors include the quality of the education provided, the School's student enrollment, per-pupil funding as determined by the State of Ohio, change in technology, required educational programs and other factors.

The School uses enterprise presentation for all of its activities.

Reporting the School as a Whole

One of the most important questions asked about the School is, "As a whole, what is the School's financial condition as a result of the period's activities?" The *Statement of Net Assets* and the *Statement of Revenues, Expenses, and Changes in Net Assets*, which appear first in the School's financial statements report information on the School as whole and its activities in a way that helps you answer this question. We prepare these statements to include all assets and liabilities, using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current period's revenues and expenses are taken into account regardless of when the cash is received or paid.

**HORIZON SCIENCE ACADEMY- DENISON MIDDLE SCHOOL
CUYAHOGA COUNTY**

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE PERIOD ENDED JUNE 30, 2006
UNAUDITED
(Continued)**

These two statements report the School's net assets – the difference between assets and liabilities, as reported in the statement of net assets – as one way to measure the School's financial health or financial position. Over time, increases or decreases in the School's net assets – as reported in the Statement of Net Assets – are indicators of whether its financial health is improving or deteriorating. The relationship between revenues and expenses is the School's operating results. However, the School's goal is to provide services to our students, not to generate profits as commercial entities do. One must consider many other non-financial factors, such as the quality of the education provided, the School's student enrollment, per-pupil funding as determined by the State of Ohio, change in technology, required educational programs and other factors, to assess the overall health of the School.

Table 1 provides a summary of the School's net assets as of June 30, 2006. Since this is the first full period of operations for the School, comparison with prior period is not available. A comparative analysis will be provided in future years when prior year information is available.

**Table 1
Net Assets**

	2006
Assets	
Current Assets	\$ 7,610
Capital Assets, Net	<u>276,822</u>
Total Assets	<u>284,432</u>

Net Assets	
Invested in Capital Assets	276,822
Unrestricted	<u>(503,758)</u>
Total Net Assets	<u>\$(226,936)</u>

The unrestricted net assets represent the accumulated results of the School's operations to date. These assets can be used to finance day to day operations without constraints, such as legislative or legal requirements. The results of the current period operations for the School as a whole are reported in the Statement of Revenues, Expenses and Changes in Net Assets, which shows the change in net assets.

Table 2 Table 2 shows the changes in Revenues and Expenses for the period ended June 30, 2006. Since this is the first full period of operations for the School, comparison with prior period is not available. A comparative analysis will be provided in future years when prior year information is available.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD JUNE 30, 2006**

1. DESCRIPTION OF THE SCHOOL AND REPORTING ENTITY

Horizon Science Academy- Denison Middle School, Inc. (the School), is a nonprofit corporation established pursuant to Ohio Rev. Code Chapters 3314 and 1702 to address the needs of students in grades K through 8th in Cleveland. The School, which is part of the State's education program, is independent of any School and is nonsectarian in its programs, admission policies, employment practices, and all other operations.

The School may sue and be sued, acquire facilities as needed, and contract for any services necessary for the operation of the School. The School qualifies as an exempt organization under Section 501(c) (3) of the Internal Revenue Code. Management is not aware of any course of action or series of events that have occurred that might adversely affect the school's tax-exempt status.

The School was approved for operation under contract with the Lucas County Educational Service Center (the Sponsor) for a period of five years commencing November 19, 2004.

The School operates under the direction of a self-appointed five-member Board of Trustees. The Board is responsible for carrying out the provisions of the contract, which include, but are not limited to, state mandated provisions regarding student population, curriculum, academic goals, performance standards, admission standards, and qualifications of teachers. The Board of Trustees controls the School's facility, which at the time was staffed by 32 full and part time personnel who provided services to up to 280 students during the period.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements of the School have been prepared in conformity with generally accepted accounting principles as applied to governmental nonprofit organizations. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The School also applies Financial Accounting Standards Board (FASB) statements and interpretations issued on or before November 30, 1989, provided they do not conflict with or contradict GASB pronouncements. The School does not apply FASB statements issued after November 30, 1989. The more significant of the School's accounting policies are described below.

A. Basis of Presentation

The School's basic financial statements consist of a Statement of Net Assets; a Statement of Revenues, Expenses, and Changes in Net Assets; and a Statement of Cash Flows.

The School uses enterprise accounting to report on its financial activities. Enterprise accounting focuses on the determination of operating income, changes in net assets, financial position, and cash flows.

**HORIZON SCIENCE ACADEMY - DENISON MIDDLE SCHOOL
CUYAHOGA COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD JUNE 30, 2006
(Continued)**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment is determined by its measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of the School are included on the Statement of Net Assets. The Statement of Revenues, Expenses, and Changes in Net Assets present increases (e.g., revenues) and decreases (e.g., expenses) in total net assets. The Statement of Cash Flows provides information about how the School finances and meets the cash flow needs of its enterprise activities.

Basis of accounting refers to when revenues and expenses are recognized in the accounts and reported in the financial statements. The full accrual basis of accounting is used for reporting purposes. Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. Revenues resulting from non-exchange transactions, in which the School receives value without directly giving equal value in return, such as grants, entitlements and donations are recognized in the period in which all eligibility requirements have been satisfied. Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied. Grants and entitlements received before eligibility requirements are met are recorded as deferred revenue. Expenses are recognized at the time they are incurred.

C. Budgetary Process

Unlike other public schools located in the State of Ohio, community Schools are not required to follow budgetary provisions set forth in Ohio Revised Code Chapter 5705, unless specifically provided in the contract between the School and its sponsor. The contract between the School and its Sponsor does not prescribe any other budgetary process for the School.

D. Cash

To improve cash management, all cash received by the School is pooled in a central bank account. Any investment with an original maturity less than 90 days is considered a cash equivalent and any investment with an original maturity greater than 90 days is considered an investment. The School did not have any investments during fiscal period 2006.

E. Intergovernmental Revenues

The School currently participates in the State Foundation Program, Special Education Program, and Federal CCIP Program. Revenues received from State Foundation Program, Special Education Program and other State programs are recognized as operating revenues whereas revenues from CCIP Program and other State Grants are recognized as non-operating revenues in the accounting period in which all eligibility requirements have been met.

**HORIZON SCIENCE ACADEMY - DENISON MIDDLE SCHOOL
CUYAHOGA COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD JUNE 30, 2006
(Continued)**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

F. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the School. Operating expenses are necessary costs incurred to provide the service that is the primary activity of the School. All revenues and expenses not meeting this definition are reported as non-operating.

G. Compensated Absences

School policy indicates that all full time employees are entitled to eight days of sick/personal days in a school period. All leave earned by employees must be used within the current school period and cannot be transferred to the next school period. At the end of the period employees are awarded \$100 per each unused sick/personal day.

H. Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction, or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use, either through enabling legislation adopted by the School or through external restrictions imposed by creditors, grantors, or contracts. The School applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net assets are available. The School had restricted net assets related to amounts held by a lesser as part of the School's lease agreement.

I. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

3. DEPOSITS

At June 30, 2006, the balance of the School's bank account at National City Bank was \$ 7,610. The total bank balance was insured by FDIC. The School had no investments at June 30, 2006 or during the fiscal period.

**HORIZON SCIENCE ACADEMY - DENISON MIDDLE SCHOOL
CUYAHOGA COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD JUNE 30, 2006
(Continued)**

4. PREPAIDS

Payments made to vendors that will benefit years beyond June 30, 2006, are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of payment and an expense is reported in the year in which benefit is received.

5. CAPITAL ASSETS

Capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the period. Donated capital assets are recorded at their fair market values as of the date received. The School maintains a capitalization threshold of one thousand dollars. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized. Improvements are capitalized. The School does not capitalize interest. Furniture, fixtures, vehicles and equipment are depreciated using the straight-line method over the following estimated useful lives. Improvements to capital assets are depreciated over the remaining useful lives of the related capital assets. Leasehold improvements are depreciated using the straight-line method over the life of the lease.

<u>Useful Life</u>	
Improvements	3 to 10 years
Heavy Duty Office or Classroom Furniture	10 years
Computers and Other Electronic Equipment	3 years
Vehicles	3 to 10 years

Capital asset activity for the fiscal period ended June 30, 2006, was as follows:

Capital Assets				
	Balance			Ending
	May 1, 2005	Additions	Deletions	June 20, 2006
Leasehold Improvements	\$ -	\$ 171,347	\$ -	171,347
Furniture and Equipment	-	163,928	-	163,928
Total Fixed Assets	-	335,275	-	335,275
Less: Accumulated Depreciation	-	(58,453)	-	(58,453)
Net Fixed Assets	\$ -	\$ 276,822	\$ -	\$ 276,822

**HORIZON SCIENCE ACADEMY - DENISON MIDDLE SCHOOL

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD JUNE 30, 2006
(Continued)**

6. DEFINED BENEFIT PENSION PLANS

A. School Employees Retirement System

The School District contributes to the School Employees Retirement System (SERS), a cost-sharing multiple-employer defined benefit pension plan. SERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the School Employees Retirement System, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3746, by calling (800) 878-5853 or by visiting the SERS website at ohsers.org.

Plan members are required to contribute 10 percent of their annual covered salary and the School District is required to contribute at an actuarially determined rate. The current School District rate is 14 percent of annual covered payroll. A portion of the School District's contribution is used to fund pension obligations with the remainder being used to fund health care benefits; for fiscal year 2006, 10.58 percent of annual covered salary was the portion used to fund pension obligations. The contribution requirements of plan members and employers are established and may be amended, up to a statutory maximum amount, by the SERS' Retirement Board. The School District's required contributions for pension obligations to SERS for the year ended June 30, 2006 was \$8,281 100 percent has been contributed for year ending June 30, 2006.

B. State Teachers Retirement System

The School District participates in the State Teachers Retirement System of Ohio (STRS Ohio), a cost-sharing, multiple-employer public employee retirement system. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a stand-alone financial report that may be obtained by writing to STRS Ohio, 275 E. Broad St., Columbus, OH 43215-3371, by calling (614) 227-4090, or by visiting the STRS Ohio web site at www.strsoh.org.

New members have a choice of three retirement plans, a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. The DB plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on member contributions and earned interest matched by STRS Ohio funds divided by an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5 percent of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The Combined Plan offers features of both the DC Plan and the DB Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. DC and Combined Plan members will transfer to the Defined Benefit Plan during their fifth year of membership unless they permanently select the DC or Combined Plan. Existing members with less than five years of service credit as of June 30, 2001, were given the option of making a one time irrevocable decision to transfer their account balances from the existing DB Plan into the DC Plan or the Combined Plan.

**HORIZON SCIENCE ACADEMY - DENISON MIDDLE SCHOOL
CUYAHOGA COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD JUNE 30, 2006
(Continued)**

B. State Teachers Retirement System (Continued)

This option expired on December 31, 2001. Benefits are established by Chapter 3307 of the Ohio Revised Code.

A DB or Combined Plan member with five or more years of credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

For the fiscal year ended June 30, 2006, plan members were required to contribute 10 percent of their annual covered salaries. The School District was required to contribute 14 percent; 13 percent was the portion used to fund pension obligations. For fiscal year 2005, the portion used to fund pension obligations was also 13 percent. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions.

The School District's required contributions for pension obligations to STRS Ohio for the year ended June 30, 2006, was \$127,161, 100 percent has been contributed for fiscal year 2006. Contributions to the DC and Combined Plans for fiscal year 2006 were \$125,961 made by the School District and \$86,772 made by the plan members.

7. POSTEMPLOYMENT BENEFITS

The School District provides comprehensive health care benefits to retired teachers and their dependents through the State Teachers Retirement System of Ohio (STRS Ohio), and to retired non-certified employees and their dependents through the School Employees Retirement System (SERS). Benefits include hospitalization, physicians' fees, prescription drugs and partial reimbursement of monthly Medicare premiums. Benefit provisions and the obligations to contribute are established by the Systems based on authority granted by State statute. Both systems are on a pay-as-you-go basis.

All STRS Ohio retirees who participated in the DB or Combined Plans and their dependents are eligible for health care coverage. The STRS Ohio Board has statutory authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. All benefit recipients pay a portion of the health care cost in the form of a monthly premium. By law, the cost of coverage paid from STRS Ohio funds is included in the employer contribution rate, currently 14 percent of covered payroll. For the fiscal year ended June 30, 2006, the STRS Ohio Board allocated employer contributions equal to one percent of covered payroll to the Health Care Stabilization Fund. For the School District, this amount equaled \$8,973 for fiscal year 2006.

STRS Ohio pays health care benefits from the Health Care Stabilization Fund. At June 30, 2005, (the latest information available) the balance in the Fund was \$3.3 billion. For the fiscal year ended June 30, 2005, net health care costs paid by STRS Ohio were \$254,780,000 and STRS Ohio had 115,395 eligible benefit recipients.

**HORIZON SCIENCE ACADEMY - DENISON MIDDLE SCHOOL
CUYAHOGA COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD JUNE 30, 2006
(Continued)**

7. POSTEMPLOYMENT BENEFITS (Continued)

For SERS, coverage is made available to service retirees with ten or more years of qualifying service credit, and to disability and survivor benefit recipients. All retirees and beneficiaries are required to pay a portion of their health care premium. The portion is based on years of service, Medicare eligibility, and retirement status.

After the allocation for basic benefits, the remainder of the employer's 14 percent contribution is allocated to providing health care benefits. For the fiscal year ended June 30, 2006, employer contributions to fund health care benefits were 3.42 percent of covered payroll, compared to 3.43 percent of covered payroll for fiscal year 2005. In addition, SERS levies a surcharge to fund health care benefits equal to 14 percent of the difference between a minimum pay and the member's pay, pro-rated for partial service credit. For fiscal year 2006, the minimum pay was established at \$35,800. However, the surcharge is capped at two percent of each employer's SERS salaries. For the School District, the amount contributed to fund health care benefits, including the surcharge, during the year ending June 30, 2006 equaled \$10,081.

The surcharge, added to the unallocated portion of the 14 percent employer contribution rate, provides for maintenance of the asset target level for the health care fund. The target level for the health care reserve is 150 percent of the projected claims less premium contributions for the next fiscal year. Expenses for health care for the fiscal year ended June 30, 2005 (the latest information available) were \$178,221,113. At June 30, 2005, SERS had net assets available for payment of health care benefits of \$267.5 million. SERS has 58,123 participants eligible to receive health care benefits.

8. RISK MANAGEMENT

A. Property and Liability

The School is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During the fiscal period 2006, the School contracted with Auto Owner Insurance Company for property and general liability insurance with a \$1,000,000 single occurrence limit and \$1,000,000 annual aggregate and no deductible. There has been no reduction in coverage over the prior year.

B. Workers Compensation

The School pays the State Workers Compensation System a premium for employee injury coverage. The premium is calculated by multiplying the monthly total gross payroll by a factor that is calculated by the State.

9. EMPLOYEE MEDICAL AND DENTAL BENEFITS

The School has contracted with a private carrier to provide employee medical/surgical benefits. The School pays 50% of the monthly premium and the employee is responsible for the remaining 50%. The School has also contracted with private carriers to provide dental coverage. The School pays 50% of the monthly premium and the employee is responsible for the remaining 50%.

**HORIZON SCIENCE ACADEMY - DENISON MIDDLE SCHOOL
CUYAHOGA COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD JUNE 30, 2006
(Continued)**

10. PURCHASED SERVICES

Purchased service expenses during the period ending June 30, 2006 were as follows:

Purchased Services	
Type	Amount
Professional Services	\$407,932
Rent and Property Services	371,415
Admin Travel	1,823
Advertising and Communications	23,725
Pupil Transportation	3,796
Total	\$808,691

11. NOTES PAYABLE

The School entered into a promissory note with the Horizon Educational Services and Horizon Science Academy-Cleveland Middle School in the amount of \$250,000 and \$50,000 respectively during fiscal period 2006. As of June 30, 2006, the balance of the note was \$298,833.

12. OPERATING LEASES

The School entered into an operating lease in the period ending June 20, 2006 for school facilities on 1700 Denison Ave, Cleveland, OH 44109 with Breeze Inc.

13. CONTINGENCIES

A. Grants

The school received financial assistance from Federal and State agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the School. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the School at June 30, 2006.

B. Ohio Department of Education Enrollment Review

The Ohio Department of Education (ODE) conducts reviews of enrollment data and full time equivalency (FTE) calculations made by the School. These reviews are conducted to ensure the Community School is reporting accurate student enrollment data to the State, upon which state foundation funding is calculated. According to the review of Fiscal Year 2005, the School does not have any related liability.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD JUNE 30, 2006
(Continued)**

14. SPONSORSHIP AGREEMENT

On November 19, 2004, Lucas County Educational Service Center assumed responsibility for sponsorship of the School. The Sponsor is responsible for evaluating the performance of the School and has the authority to deny renewal of the contract at its expiration or terminate the contract prior to its expiration. According to a contract agreed by both parties, the School pays 1% of its foundation revenues to the Sponsor. For the year ending June 30, 2006, the schools compensation to the Sponsor was \$17,452.

15. MANAGEMENT COMPANY AGREEMENT

A management agreement was entered into on January 1, 2005 with Concept Schools (CS), an Illinois non-profit corporation. The services to be provided include, but are not limited to, human resources, board development, strategic planning, technology support, facility management, curriculum development, and purchasing services. The contract is for one year and will renew automatically until terminated by either party. The fees for the above services are 10% of the fees received from the state. For the period ending June 30, 2006 the School paid \$119,012 to Concept Schools for Management services.

INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

Horizon Science Academy Denison Middle School
Cuyahoga County
1700 Denison Avenue
Cleveland, Ohio 44109

To the Board of Directors:

We have audited the basic financial statements of the Horizon Science Academy Denison Middle School, Cuyahoga County, Ohio, (the School) as of and for the period ended June 30, 2006, which collectively comprise the School's basic financial statements and have issued our report thereon dated August 31, 2009. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Academy's internal control over financial reporting to determine our auditing procedures in order to express our opinions on the financial statements and not to opine on the internal control over financial reporting. However, we noted a certain matter involving the internal control over financial reporting and its operation that we consider a reportable condition. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect the School's ability to record, process, summarize, and report financial data consistent with management's assertions in the financial statements. A reportable condition is described in the accompanying schedule of findings as item 2006-001.

A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts material to the financial statements we audited may occur and not be timely detected by employees when performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered material weaknesses. However, we do not believe the reportable condition described above is a material weakness. In a separate letter to the Academy's management dated August 31, 2009, we reported other matters involving internal control over financial reporting which we did not deem reportable conditions.

Compliance and Other Matters

As part of reasonably assuring whether the School's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters that we must report under *Government Auditing Standards*.

In a separate letter to the School's management dated August 31, 2009, we reported a matter related to noncompliance we deemed immaterial.

The School's response to the finding identified in our audit is described in the accompanying schedule of findings. We did not audit the School's response and, accordingly, we express no opinion on it.

We intend this report solely for the information and use of management, the Board of Directors, and the School's sponsor. It is not intended for anyone other than these specified parties.

FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS
--

FINDING NUMBER	2006-001
-----------------------	-----------------

Developing and Implementing an Effective Monitoring Control System

Monitoring controls are comprised of regular management and supervisory activities established to oversee whether management’s objectives are being achieved. Effective monitoring controls should assist management in assessing the quality of internal control performance over time. This process involves assessing the design and operation of controls on a timely basis and taking necessary corrective actions. Monitoring controls should assist management in identifying unexpected results and/or possible misstatements.

Some effective monitoring controls include:

- Review of revenues and expenses with independently accumulated information (budgets, past performances, peer group representatives, etc.);
- Review of the initial budget, all amendments, and final budget to actual performance;
- Review of large or unusual transactions;
- Identification of unusual fluctuations;
- Comparison of predefined key performance indicators based on the financial statements;
- Review of items which have been outstanding for extended periods of time (outstanding check listing for payroll and non payroll transactions);
- Monitoring compliance with grant agreements and the Sponsor contract;
- Ensuring that an adequate segregation of duties exists; and
- Review payroll reports to the payroll checks prepared.

The lack of effective monitoring controls could lead to the misallocation or misstatement of Academy funds, expenditure of funds contrary to the directives of the governing board, non-compliance with federal or state laws or regulations, which could result in a loss of funding from these sources, and errors or irregularities occurring in financial transactions affecting the bank reconciliations which go undetected.

We recommend that management prepare monthly financial statements and submit them to the Board at each regularly scheduled meeting. The Board should then review these financial statements and when satisfied as to their accuracy approve them through the minute records. In addition, management should ensure that any reports required by the grantor agencies, per the terms of grant agreements, are completed accurately and filed with the respective grantor agencies in a timely manner. Management should also ensure that proper segregation of duties exists, including an independent review of the monthly bank reconciliations.

Official’s Response:

The School appreciates the Auditor’s office assistance in reviewing current school procedures and internal controls. The School understands more fully now the potential risks and is implementing additional internal controls to address these risks.
