**NOTES TO THE SCHEDULE OF FEDERAL AWARDS RECEIPTS AND EXPENDITURES
FISCAL YEAR ENDED JUNE 30, 2008**

NOTE A – SIGNIFICANT ACCOUNTING POLICIES

The accompanying Schedule of Federal Awards Receipts and Expenditures (the Schedule) summarizes activity of the District's federal award programs. The Schedule has been prepared on the cash basis of accounting. The information in this Schedule is presented in accordance with the requirements of *OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this Schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

NOTE B – FOOD DISTRIBUTION

Nonmonetary assistance, such as food received from the U.S. Department of Agriculture, is reported in the Schedule at the fair market value of the commodities received and consumed. Values may change from month to month and are entirely subjective. At June 30, 2008, the District had no significant food commodities in inventory.

NOTE C – NATIONAL SCHOOL LUNCH PROGRAM

Cash receipts from the U.S. Department of Agriculture are co-mingled with State grants and local monies. It is assumed federal monies are expended first.

NOTE D – TRANSFERS

The District generally must spend Federal assistance within 15 months of receipt (funds must be obligated by June 30th and spent by September 30th). However, with ODE's approval, a District can transfer unspent Federal assistance to the succeeding year, thus allowing the District a total of 27 months to spend the assistance. Schools can document this by using special cost centers for each year's activity, and transferring the amounts ODE approved between the cost centers. During fiscal year 2008, the Ohio Department of Education (ODE) authorized the following transfers.

<u>CFDA Number</u>	<u>Program Title</u>	<u>Pass Through Entity Number</u>	<u>Transfers Out</u>	<u>Transfers In</u>
84.010	Title I, Grants to Local Educational Agencies	C1S1-2007	(11,359)

INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

North Olmsted City School District
Cuyahoga County
27425 Butternut Ridge Road
North Olmsted, Ohio 44070

To the Board of Education:

We have audited the financial statements of the governmental activities, the major fund, and the aggregate remaining fund information of the North Olmsted City School District, Cuyahoga County, (the District) as of and for the year ended June 30, 2008, which collectively comprise the District's basic financial statements and have issued our report thereon dated March 13, 2009. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting as a basis for designing our audit procedures for expressing our opinions on the financial statements, but not to opine on the effectiveness of the District's internal control over financial reporting. Accordingly, we have not opined on the effectiveness of the District's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the District's ability to initiate, authorize, record, process, or report financial data reliably in accordance with its applicable accounting basis, such that there is more than a remote likelihood that the District's internal control will not prevent or detect a more-than-inconsequential financial statement misstatement.

A material weakness is a significant deficiency, or combination of significant deficiencies resulting in more than a remote likelihood that the District's internal control will not prevent or detect a material financial statement misstatement.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all internal control deficiencies that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider material weaknesses, as defined above.

We noted certain matters that we reported to the District's management in a separate letter dated March 13, 2009.

Compliance and Other Matters

As part of reasonably assuring whether the District's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

We did note a certain noncompliance or other matter that we reported to the District's management in a separate letter dated March 13, 2009.

We intend this report solely for the information and use of management, the Board of Education, and federal awarding agencies and pass-through entities. We intend it for no one other than these specified parties.

Auditor of State

March 13, 2009

Mary Taylor, CPA

Auditor of State

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO ITS MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

North Olmsted City School District
Cuyahoga County
27425 Butternut Ridge Road
North Olmsted, Ohio 44070

Compliance

We have audited the compliance of the North Olmsted City School District, Cuyahoga County, Ohio, (the District) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133, Compliance Supplement* that apply to its major federal program for the year ended June 30, 2008. The summary of auditor's results section of the accompanying schedule of findings identifies the District's major federal program. The District's management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to its major federal program. Our responsibility is to express an opinion on the District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to reasonably assure whether noncompliance occurred with the types of compliance requirements referred to above that could directly and materially affect a major federal program. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing other procedures we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the District's compliance with those requirements.

In our opinion, the North Olmsted City School District complied, in all material respects, with the requirements referred to above that apply to its major federal program for the year ended June 30, 2008.

Internal Control Over Compliance

The District's management is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the District's internal control over compliance with requirements that could directly and materially affect a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A *control deficiency* in internal control over compliance exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent or detect noncompliance with a federal program compliance requirement on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the District's ability to administer a federal program such that there is more than a remote likelihood that the District's internal control will not prevent or detect more than inconsequential noncompliance with a federal program compliance requirement.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that the District's internal control will not prevent or detect material noncompliance with a federal program's compliance requirements.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

Schedule of Federal Awards Receipts and Expenditures

We have also audited the financial statements of the governmental activities, the major fund and the aggregate remaining fund information of the North Olmsted City School District (the District) as of and for the year ended June 30, 2008, and have issued our report thereon dated March 13, 2009. Our audit was performed to form opinions on the financial statements that collectively comprise the District's basic financial statements. The accompanying schedule of federal awards receipts and expenditures provides additional information as required by OMB Circular A-133 and is not a required part of the basic financial statements. We subjected this information to the auditing procedures applied in the audit of the basic financial statements. In our opinion, this information is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

We intend this report solely for the information and use of management, the Board of Education, federal awarding agencies, and pass-through entities. It is not intended for anyone other than these specified parties.

North Olmsted City School District
Administrative Offices
27425 Butternut Ridge Road
North Olmsted, Ohio 44070

March 13, 2009

Members of the North Olmsted Board of Education:

We are pleased to submit to you the Comprehensive Annual Financial Report (CAFR) of the North Olmsted City School District for the year ended June 30, 2008. This CAFR includes an opinion from the State Auditor and conforms to U.S. generally accepted accounting principles as applicable to governmental entities. Responsibility for the accuracy of the data presented and the completeness and fairness of the presentation, including all disclosures, rests with the School District. To the best of our knowledge and belief, the enclosed data are accurate in all material respects and are reported in a manner designed to present fairly the financial position and results of operations of the School District. This report will provide the taxpayers of the North Olmsted City School District with comprehensive financial data in a format that will enable them to gain an understanding of the School District's financial affairs. Copies will be made available to the North Olmsted Public Library, major taxpayers, financial rating services, local bankers and other interested parties.

THE REPORTING ENTITY

North Olmsted City School District has reviewed its reporting entity definition in order to ensure conformance with the Governmental Accounting Standards Board Statement (GASB) No. 14, "the Financial Reporting Entity". In evaluating how to define the School District for financial reporting purposes, management has considered all agencies, departments and organizations making up the North Olmsted City School District (the primary government) and its potential component units.

Excluded from the reporting entity because they are fiscally independent of the School District are the City of North Olmsted, the Cuyahoga County Public Library and the Parent Teacher Association. A complete discussion of the School District's reporting entity is provided in Note 1 to the basic financial statements.

The School District is a member of the Lake Erie Educational Computer Association, the Polaris Career Center, the North Olmsted City Schools Education Foundation and the Ohio Schools Council Association. The relationship of these jointly governed organizations with the School District is described in more detail in Note 14 of the basic financial statements.

ORGANIZATIONAL STRUCTURE

Statutorily, the School District operates under the standard prescribed by the Ohio State Board of Education as provided in division (D) of Section 3301.07 of the Ohio Revised Code, to provide educational services prescribed by State and Federal agencies. The Board of Education is made up of five members elected at large, for overlapping four-year terms. The Board of Education elects its President and Vice President annually, and appoints two officials: the Superintendent, who serves as the Chief Executive Officer, and the Treasurer, who serves as the Chief Financial Officer. The District is one of 876 public school districts and community schools in the State of Ohio. The District provides education to 4,484 students in grades kindergarten through twelfth. The District provides general education, special education and vocational type academic programs. The District's enrollment has remained relatively stable over the last several years.

SCHOOL DISTRICT

The North Olmsted City School District is located in western Cuyahoga County, approximately 17 miles southwest of downtown Cleveland. The School District encompasses the entire City of North Olmsted, a community with a population of approximately 34,000. The City is primarily residential with a significant commercial tax base of retail businesses.

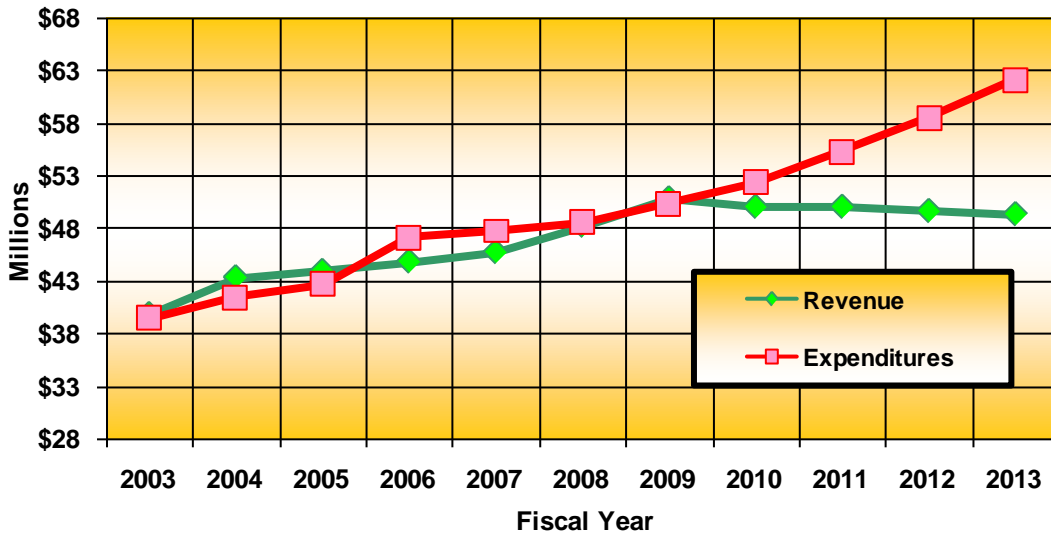

The School District was chartered in 1831 by the Ohio State legislature two years after the name "Olmstead" was assigned to the area. The region was named after Aaron Olmstead, an investor and Revolutionary War soldier who purchased land in the area in 1794. The exact time and reason for changing to the current spelling is unclear from the historical records. In 1837, under the auspices of the Office of the State Superintendent of Common School Education, Township Trustees were authorized to levy compulsory taxes for the support of public education. In 1853 State laws were enacted to create locally elected boards of education to govern local school districts. Today, the North Olmsted Board of Education is comprised of five members, elected at large, with staggered four year terms.

Statutorily, the School District operates under standards prescribed by the Ohio State Board of Education as provided in Section 3301.07(D) of the Ohio Revised Code, to provide educational services authorized by charter and further mandated by State and Federal agencies. Under Ohio law, the School District is a separate and distinct unit of government with its own taxing authority.

ECONOMIC CONDITION AND OUTLOOK

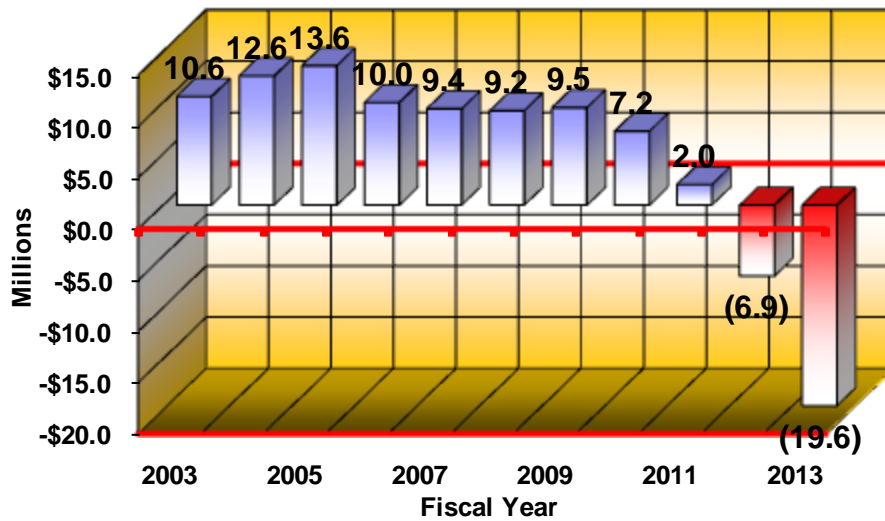

The School District faces a serious financial challenge in the near future because of limited growth in revenue. Although the District was successful in the passage of a 6.5 mill operating levy in February 2007, the additional \$ 5.8 million of tax revenue from this tax levy will not keep pace with inflationary increases in expenditures and the loss of tax revenues from legislative actions. It is anticipated the School District will start incurring operating deficits in fiscal year 2010 and will exhaust its cash reserves at the end of fiscal year 2011. Graphics of the District's General Fund's financial forecast of operating revenue and expenditures, and financial forecast of General Fund's unencumbered cash balances have been included on the next page. A detailed analysis of the District's financial forecast and the assumptions used in its preparation can be found on the District's website "www.northolmstedschools.org".

Forecast of General Fund Operating Revenue and Expenditures

Source: District Financial Records

Forecast of General Fund Unencumbered Cash Balance (Deficit)

Source: District Financial Records

In an effort to stabilize the School District's finances and extend the time for the passage of a new operating levy, the Administration and the unions jointly developed a number of cost containment strategies to reduce operating expenditures. The teachers and hourly employees unions agreed to a salary freeze for the 2007-08 school year. The unions also agreed to significant changes in their medial plan which will increase employee paid contributions to 10% of the monthly insurance premiums, doubling the prescription drug co-pays, and the creation of coordination of benefit program for spouses.

But why is it necessary for schools to periodically seek additional funds from the taxpayer? The answer to this question is based upon the nature of school funding in Ohio, which severely restricts the growth in operating revenues.

The District's primary source of operating revenues comes from the levying of real estate taxes on residential and commercial property located within the community. The City of North Olmsted is a mature community with limited vacant land available for new commercial or residential development. Over the past 10 years, the School District's tax revenue has increased an average of only \$184,000 each year. Increases in the taxable value of the School District's tax base come primarily from reevaluation of the taxable value of real estate by the County Auditor every three years and is illustrated in the following graph.

Unfortunately, current state law prevents school districts in Ohio from receiving additional tax revenue when the County Auditor reevaluates property values. In 1976, the Ohio General Assembly passed House Bill 920. This law requires the tax rate to be lowered by the same percentage property values are increased by the County Auditor's reevaluation. North Olmsted City Schools has levied 81.60 mills of taxes to fund its operation, of which 77.7 is voted millage. House Bill 920 has lowered the effective millage to 36.0 mills for residential properties and 43.0 mills for commercial property and is illustrated in the graph below.

In effect, House Bill 920 removes inflationary growth in revenue and requires school districts throughout Ohio to periodically place tax issues on the ballot for voter approval in order to receive additional revenue to offset rising costs.

The School District is facing the loss of approximately 8.7% of its' operating revenues through legislative action. In June 2005, the Ohio General Assembly eliminated the assessment of tangible personal property taxes. This tax was assessed on the value of inventory and equipment owned by businesses located within the community.

The School District will be partially reimbursed by the State of Ohio for the loss of this revenue over a period of 12 years. Even with the State's reimbursement, the District is projected to lose \$ 24.8 million of operating revenue during the 12 year period. Once fully phased-out, the School District will lose approximately \$3.9 million annually in operating revenue, which is the equivalent of 4.0 mills of taxation. A Schedule of anticipated loss in operating revenues during the phase-out period is summarized in Table 1.

TABLE 1

Schedule of Projected Loss in Tangible Property Tax Collections

<u>Fiscal Year</u>	<u>Tax Collections</u>	<u>Estimated State Reimbursement</u>	<u>Net Annual Loss In Tax Revenue</u>	<u>Accumulated Loss In Tax Revenue</u>
2006	\$3,900,000	\$ 125,000		\$ (125,000)

2012	0	2,362,000	1,538,000	3,497,000
2013	0	1,864,000	2,036,000	5,533,000
2014	0	1,516,000	2,384,000	7,917,000
2015	0	1,168,000	2,732,000	10,649,000
2016	0	820,000	3,080,000	13,729,000
2017	0	472,000	3,428,000	17,157,000
2018	0	174,000	3,726,000	20,883,000
2019	0	0	3,900,000	24,783,000

MAJOR INITIATIVES - FISCAL YEAR 2008

Excellence in Academics

For the third year in a row, the North Olmsted City School District earned the top ranking of Excellent on the State Report Card and was one of only 74 school districts in Ohio to receive the "Excellent with Distinction" rating.

The High School received a ranking of Excellent on the state report card for the seventh consecutive year. The High School was also named a bronze medal award winner in U.S. News and World Report's list of America's Best High Schools.

Students continued to score above the national average on both the American College Test (ACT) and the Scholastic Aptitude Test (SAT). North Olmsted students taking the American College Test had a composite score of 22.6. Those taking the Scholastic Aptitude Test (SAT) had a verbal composite score of 625 and a math composite of 657. North Olmsted had one student with a perfect score on the ACT, one of 172 in the nation and abroad to achieve this feat.

One student was named a Finalist and two students were designated Commended Students in the 2008 National Merit Scholarship Program. Two other students in the program were designated as Commended Students. Eighty-seven members of the graduating Class of 2008 were awarded the Presidential Award of Educational Excellence.

The North Olmsted High School Class of 2008 received a record high dollar amount total of \$ 8.0 million in renewable college scholarship offers. The students also received approximately \$ 77,000 in community awarded scholarships from local North Olmsted community and civic groups.

North Olmsted's four primary schools, Birch, Butternut, Forest, and Spruce were named "Schools of Distinction" by the Ohio Department of Education because of their high academic performance for all students, including students with disabilities. This is the second year in a row that Spruce Primary School has achieved this honor.

Butternut Primary School was also recognized as a State Superintendent School of Promise for the 2007-08 school year because of significant student achievement in reading and math scores.

Excellence in Athletics

The North Olmsted Girls Varsity Basketball Team earned top honors as the Southwest Conference Champions. The team had their best record in twenty years.

The Girls and Boys Varsity Soccer Teams also had their best record in school history. These students placed 3rd and 4th place in the Southwest Conference.

Two students qualified for the State Tennis Tournament.

Excellence in the Arts

North Olmsted students are very active in art and music competitions. Three students earned Silver Key awards in the 2008 Regional Scholastic Art Competition. One senior earned first place honors in the annual Veteran's Memorial Art Competition. Additionally, two students placed in the Ohio Governor's Youth Art Criticism Open.

The North Olmsted Band and Orchestra students earned ratings of Superior and Excellent in the Greater Cleveland Instrumental Solo and Ensemble Competition. One member of this group was selected for the Ohio All-State Orchestra, while three members participated in the Cleveland Youth Wind Symphony.

Some senior Orchestra members were awarded the opportunity to participate in the Baldwin Wallace College Youth Orchestra, the Contemporary Youth Orchestra, the Cleveland Youth Symphony, the Northern Ohio Youth Orchestra, and the OMEA Northeast Ohio Regional Orchestra.

The North Olmsted High School Marching Band traveled to Walt Disney World in Orlando, Florida. The Band performed in the Main Street USA Parade and participated in the Magic Music Days professional workshops. The entire community showed its support by donating over \$70,000 to help fund the costs of this trip.

Excellence in Service to the Community

The SITES (Social Involvement Through Education and Service) program was recognized by the State of Ohio and Nationally as a model program for service-learning. Students have contributed over 300,000 service hours to the community since the program was started in 1991.

Students in the Key Club collected over 160 pints of blood for the American Red Cross. Students were also activity involved in the Make-a-Wish Foundation and Coats for Kids.

Building Improvements

In July 2007, the District commissioned a feasibility study for the construction of a 250 KW wind turbine electric generator. The initial study concluded the project could reduce the District's energy costs approximately \$2.1 million over the twenty-five year life of the turbine. The District is working with the City of North Olmsted to create the appropriate zoning regulation. If the project is approved, construction of the wind turbine has been targeted for the spring of 2010 at the District's Middle School /High School Campus.

The District started a major renovation and expansion of the High School computer and science labs. The initial phase of the plan, the wiring, carpeting and furnishing of the computer labs was completed during the summer of 2008. The second phase of the plan, the renovation of the science labs is scheduled to be completed during the summer of 2009.

The District successfully completed a breakfast pilot program at two of its elementary schools. Based upon the positive feedback, the District implemented a district-wide breakfast program during the 2008-09 school year.

LONG-TERM FINANCIAL PLANNING

As part of the District's long-term planning, the Treasurer prepares a five-year financial forecast. This document provides a snapshot of historical and projected revenues and expenses over the next five years and is accompanied by financial assumptions. The Board of Education reviews this document on a quarterly basis for changes that might impact their district financial decisions. The School District's five year financial forecast and the assumptions used in its preparation can be found on the District's website "northolmstedschools.org".

FINANCIAL POLICIES IMPACTING THE FINANCIAL STATEMENTS

The Board of Education has adopted guidelines to maintain a prudent level of financial resources to protect the School District against the need to reduce service levels or raise taxes and fees due to temporary revenue shortfalls or unpredicted one-time expenditures. To achieve this goal, the Board of Education has established a budget stabilization fund, a medical claims reserve fund, and a contingency fund to finance the next 27th pay period scheduled to occur during the 2015-16 fiscal year. A detailed discussion of these funds is provided in Notes 9.C and 16 to the basic financial statements.

The Board of Education has also adopted administrative procedures to compare actual expenditures to budget monthly and quarterly for the purpose of taking appropriate actions to bring the budget into balance.

FINANCIAL INFORMATION

Internal Accounting and Budgetary Control

In developing the School District's accounting system, much consideration was given to the adequacy of internal accounting controls. Internal accounting controls are designed to provide reasonable, but not absolute assurance regarding the safeguarding of assets against loss from unauthorized use or disposition and the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance is based on the assumption that the cost of internal accounting controls should not exceed the benefits expected to be derived from their implementation.

The School District utilizes a fully automated accounting system as well as an automated system of control for capital assets and payroll. These systems, coupled with the manual auditing of each voucher prior to payment, ensure that the financial information generated is both accurate and reliable.

At the beginning of each fiscal year, the Board of Education adopts a temporary appropriation measure. A permanent appropriation measure is subsequently adopted upon receipt from the County Auditor of an amended certificate of estimated resources based on final assessed values and tax rates, which is usually within the first three months of the fiscal year.

Annual appropriations may not exceed the County Budget Commission's official estimate of resources. The County Auditor must certify that the Board of Education's appropriation measures, including any supplements or amendments, do not exceed the amount set forth in the latest of those official estimates.

All disbursements and transfers of cash between funds require appropriation authority from the Board. The legal level of appropriations is at the fund/object level for the General Fund and Debt Service Fund, at the fund/special cost center level for the Other Grants Fund, Miscellaneous State Grants Fund, Auxiliary Services Fund and Miscellaneous Federal Grants Fund, and at the fund level for all other funds. All budgets are maintained at the object account level within a function and fund. All purchase order requests must be approved by either the Superintendent or Assistant Superintendent and certified by the Treasurer; necessary funds are then encumbered and purchase orders are released to vendors. Those requests that exceed the available appropriation are rejected until additional appropriations are secured.

The accounting system used by the School District provides interim financial reports which detail year-to-date expenditures and encumbrances versus the original appropriation plus any additional appropriations made to date. Administrators and school principals are furnished monthly reports showing the status of the budget accounts for which they are responsible. In addition, an on-line inquiry system is available at each cost center site.

The basis of accounting and the various funds utilized by the North Olmsted City Schools are fully described in Note 2 of the Notes to the Basic Financial Statements. Additional information on the School District's budgetary accounting can also be found in Note 2.

Financial Condition

The School District has prepared its financial statements following the guidelines of GASB Statement No. 34, "Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments". GASB 34 creates basic financial statements for reporting on the School District's financial activities as follows:

Government-wide financial statements - These statements are prepared on an accrual basis of accounting, which is similar to the basis of accounting followed by businesses. The government-wide statements distinguish between those activities of the School District that are governmental and those that are considered business-type activities. The District has no business-type activities.

Fund financial statements - These statements present information for individual major funds rather than by fund type. Non-major funds are presented in total in one column. Governmental funds use the modified accrual basis of accounting and include a reconciliation to the governmental activities accrual information presented in the government-wide financial statements. Proprietary and fiduciary funds use the accrual basis of accounting.

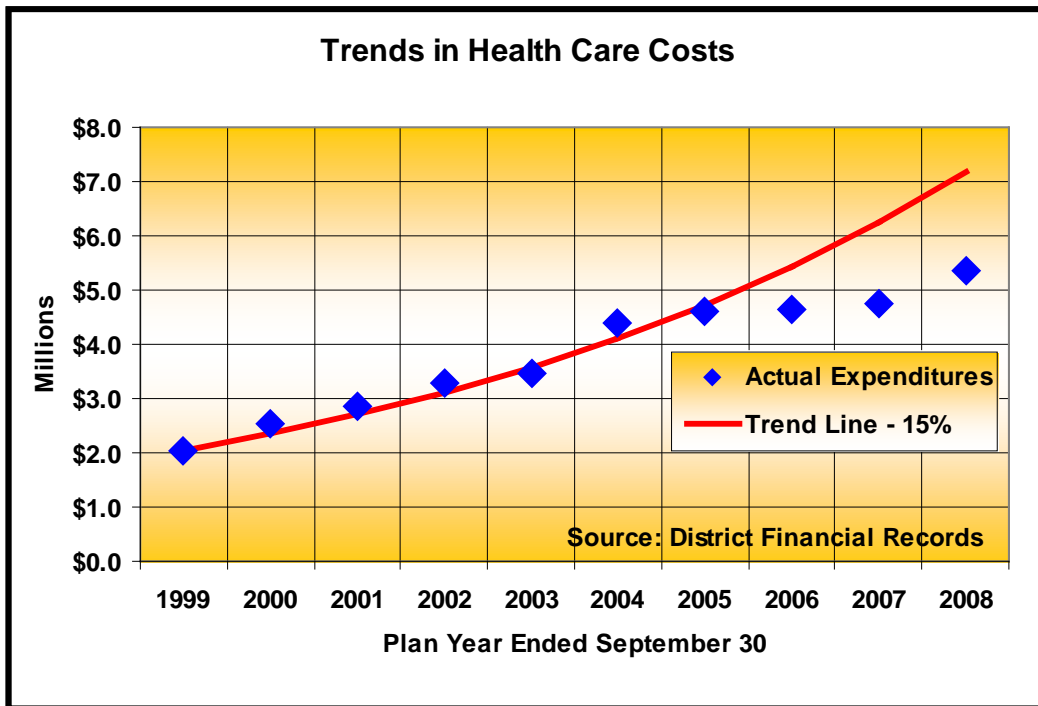

Statement of budgetary comparisons - These statements present comparisons of actual information to the legally adopted budget. The budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances.

As part of this new reporting model, management is responsible for preparing a Management Discussion and Analysis of the School District. This discussion follows the Independent Accountants' Report and provides an assessment of the School District's finances for 2008 and a discussion of current issues affecting the School District in the future. Because that discussion focuses on major funds, other non-major funds are discussed briefly in this letter.

Financial Highlight - Internal Service Fund

The Internal Service Fund accounts for all activities in which the School District provides goods and/or services to other governmental agencies or to students on a cost plus reimbursement basis. During fiscal year 2008, only one activity, the Self-Insurance Fund, is reported under this category. The Self-Insurance Fund accounts for the revenue and expenses associated with the School District's medical, prescription drug and dental benefits provided to its employees.

As of June 30, 2008, the Self-Insurance Fund had net assets of \$ 984,207. The District is concerned with spiraling health care costs. As illustrated in the graph below, health care costs have been increasing 12% to 15% annually. To help off-set rising health care costs, the Unions have agreed to pay 5.0 percent of the cost of the monthly insurance premiums. Employee contributions toward health insurance are scheduled to increase to 7.5 percent on August 1, 2009 and 10 percent on August 1, 2010. Administrators are required to pay 10 percent of the cost of their monthly healthcare premiums as of August 1, 2007. The Unions have also agreed to double the co-pays for prescription drugs and enroll their spouses in a coordination of benefit program.

Financial Highlight - Agency Fund

Included in this category are student managed activities assets held by the School District in a trustee capacity. Total assets in these funds at June 30, 2008 were \$ 85,806.

Cash Management

The Board has developed and implemented a cash management program to maximize investment earnings while maintaining the security of principal and meeting the daily cash flow demands of the School District. The program utilizes sweep accounts that enable the Board to maintain minimum account balances. For the year ended June 30, 2008, the District's investment earnings totaled \$ 733,560 of which \$ 686,750 was credited to the General Fund.

Cash not needed for immediate use during the year was invested in the State Treasurer's Asset Reserve of Ohio (STAR) Program administered by the Office of the Treasurer of the State of Ohio.

STAR Ohio is an investment pool offered to political subdivisions of the State of Ohio for the investment of funds. STAR Ohio's investment portfolio consists of securities authorized by the Ohio Revised Code including instruments of the Federal government and its agencies, collateralized certificates of deposit and repurchase agreements. This investment pool offers daily liquidity of all funds and no minimum balance requirements.

Protection of the School District's deposits is provided by the Federal Deposit Insurance Corporation as well as by qualified securities pledged by the financial institution holding the assets. By law, financial institutions may establish a collateral pool to cover all public deposits. The market value of the pooled collateral must equal at least 105 percent of the public funds on deposit.

Risk Management

The School District provides employees and their dependents a comprehensive medical, prescription drug, dental and eye care program. The program is self-insured and an internal service fund is maintained to account for and finance this program. Medical Mutual of Ohio administers the plan and reviews all claims. The District limits its liability for medical claims by maintaining a specific stop-loss insurance threshold of \$ 100,000 per individual.

All employees of North Olmsted City School District are covered by a blanket bond, while certain individuals in policy-making roles are covered by separate, higher limit bond coverage.

The School District contracts with Indiana Insurance Company for property and liability insurance coverage. The limits on professional liability coverage are \$ 1 million per occurrence, \$ 2 million aggregate with a \$ 5 million supplemental umbrella policy. Automobile liability coverage is \$ 1 million for each occurrence with a \$ 5 million supplemental umbrella policy. Settled claims have not exceeded this commercial coverage in the past three years.

The School District participates in the Ohio Bureau of Workers' Compensation plan and pays an annual premium based on a rate per \$ 100 of salaries. The School District is a member of the Ohio Association of School Business Officials Workers' Compensation Group Rating Program and qualifies for a 54 percent reduction in the workers' compensation premium.

INDEPENDENT AUDIT

State statutes and federal regulations require the School District to be subjected to periodical examinations by an independent auditor. An annual audit serves to maintain and strengthen the School District's accounting and budgetary controls. The Independent Auditor of State was selected to render an opinion on the School District's financial statements for the year ended June 30, 2008. The opinion appears at the beginning of the financial section of this report.

Pursuant to statute, the State prescribes a uniform accounting system to standardize accounting classification and financial reporting for all school districts in Ohio. North Olmsted City School

District adopted and has been in conformance with this system beginning with its financial report for the 1979 year.

AWARDS

GFOA Certificate of Achievement

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the North Olmsted City School District for its Comprehensive Annual Financial Report for the year ended June 30, 2007. In 1985, North Olmsted City School District was the first school district in Ohio to receive this award and has received the award for twenty-four consecutive years. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

ASBO International Certificate of Excellence

The School District received the Association of School Business Officials (ASBO) International Certificate of Achievement for Excellence in Financial Reporting for its Comprehensive Annual Financial Report for the year ended June 30, 2007. This is the twenty-first consecutive Certificate of Excellence award that North Olmsted City Schools has received. The Certificate of Excellence in Financial Reporting Program was designed by ASBO International to enable school business officials to achieve a high standard of financial reporting.

Since its inception in 1972, the program has gained the distinction of being a prestigious national award recognized by: accounting professionals; underwriters; securities analysts; bond rating agencies; state and federal agencies. A Certificate of Achievement is valid for a period of one year. We believe our current report continues to conform to the Certificate of Achievement Program requirements, and we are submitting it to ASBO.

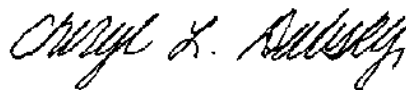

ACKNOWLEDGMENTS

The publication of this report significantly increases the accountability of the School District to the taxpayers of North Olmsted City School District. This accomplishment would not have been possible without the support and efforts of the staff of the Treasurer's office, administrators and employees of the School District. Assistance from the County Auditor's office staff and outside agencies made possible the fair presentation of statistical data. In addition, special appreciation is expressed to Robbie Cerney from the firm of Costin & Company, CPA, Inc. for the advice and guidance rendered to the production of this report.

Respectfully submitted,

Robert J. Matson, CPA

INDEPENDENT ACCOUNTANTS' REPORT

North Olmsted City School District
Cuyahoga County
27425 Butternut Ridge Road
North Olmsted, Ohio 44070

To the Board of Education:

We have audited the accompanying financial statements of the governmental activities, the major fund, and the aggregate remaining fund information of the North Olmsted City School District, Cuyahoga County, Ohio (the District), as of and for the year ended June 30, 2008, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the major fund, and the aggregate remaining fund information of the North Olmsted City School District, Cuyahoga County, Ohio, as of June 30, 2008, and the respective changes in financial position and where applicable, cash flows, thereof and the budgetary comparison for the General Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated March 13, 2009, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

Management's Discussion and Analysis is not a required part of the basic financial statements but is supplementary information accounting principles generally accepted in the United States of America requires. We have applied certain limited procedures, consisting principally of inquiries of management regarding the methods of measuring and presenting the required supplementary information. However, we did not audit the information and express no opinion on it.

We conducted our audit to opine on the financial statements that collectively comprise the District's basic financial statements. The introductory section, combining nonmajor fund statements and schedules and statistical tables provide additional information and are not a required part of the basic financial statements. We subjected the combining nonmajor fund statements and schedules to the auditing procedures applied in the audit of the basic financial statements. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole. We did not subject the introductory section and statistical tables to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we express no opinion on them.

A handwritten signature in black ink that reads "Mary Taylor". The signature is written in a cursive, flowing style.

Auditor of State

March 13, 2009

North Olmsted City School District
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2008
Unaudited

The management discussion and analysis of North Olmsted City School District's financial performance provides an overall review of the School District's financial activities for the fiscal year ended June 30, 2008. The intent of this management discussion and analysis is to look at the School District's financial performance as a whole. Readers should also review the financial statements and notes to those respective statements to enhance their understanding of the School District's financial performance.

Financial Highlights

Key Financial Highlights for 2008 are as follows:

Net assets increased \$ 2,266,744 from the previous year.

The General Fund maintains a strong unrestricted cash position of \$ 9.8 million at June 30, 2008.

Revenues for governmental activities totaled \$ 55.3 million in fiscal year 2008 as compared to \$ 51.8 million in fiscal year 2007.

In fiscal year 2008, 91.1 percent of total revenue consisted of general revenues while Program revenues accounted for the remaining balance of 8.9 percent.

In fiscal year 2008, total program expenses increased 4.0 percent from the previous year to \$ 53.0 million. Instructional expenses made up 58.4 percent of this total while support services accounted for 35.4 percent. Other expenses rounded out the remaining 6.2 percent.

Reporting the School District as a Whole

Statement of Net Assets and the Statement of Activities

The Statement of Net Assets and Statement of Activities have been prepared using the accrual basis of accounting, similar to the method used by most private-sector companies. Accrual accounting takes into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the School District's net assets and changes in those net assets. This change in net assets is important because it tells the reader that, for the District as a whole, the financial position of the School District has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. Non-financial factors include the School District's performance, demographic and socioeconomic factors and willingness of the community to support the School District. On the other hand, financial factors may include the School District's financial position, liquidity and solvency, fiscal capacity and risk and exposure.

In the Statement of Net Assets and the Statement of Activities, the School District is classified into governmental activities. All of the School District's programs and services are reported here including instruction, support services, operation and maintenance of plant, pupil transportation, food service operation and extracurricular activities.

Reporting the School District's Most Significant Funds

Governmental Fund Financial Statements

The Governmental Fund financial statements provide detailed information about the School District's major funds. The School District uses many funds to account for a multitude of financial transactions. However, these governmental fund financial statements focus on the School District's most significant funds. The School District has only one major governmental fund, the General Fund.

Governmental Funds

All of the School District's activities are reported as governmental funds, which focus on how money flows into and out of these funds and the balances left at year-end that are available for spending in future periods. These funds are reported using an accounting method called *modified accrual accounting*, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the School District's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Assets and the Statement of Activities) and governmental funds is reconciled in the financial statements.

The School District as a Whole

The Statement of Net Assets provides the perspective of the School District as a whole. Table 1 provides a summary of the School District's net assets for 2008 compared to 2007.

TABLE 1
Net Assets
Governmental Activities

	2008	2007
Assets		
Current and other assets	\$ 53,517,533	\$ 51,782,932
Capital assets, net	13,262,307	13,725,669
Total assets	\$ 66,779,840	\$ 65,508,601
 Liabilities		
Current liabilities	\$ 37,028,716	\$ 37,975,019
Long-term liabilities		
Due in one year	898,178	1,062,672
Due in more than one year	3,329,562	3,214,270
Total liabilities	41,256,456	42,251,961
 Net Assets		
Invested in capital assets, net of related debt	12,667,307	13,015,895
Restricted	2,325,296	2,171,192
Unrestricted	10,530,781	8,069,553
Total net assets	\$ 25,523,384	\$ 23,256,640

North Olmsted City School District
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2008
Unaudited

Total assets increased by \$ 1,271,239. The majority of this increase can be attributed to increases of \$ 407,016 in equity in pooled cash, \$ 702,842 in from other governments and \$ 569,010 in taxes receivable. This increase was offset with a decrease of \$ 463,362 in capital assets.

Total liabilities decreased by \$ 995,505. The majority of the decrease can be attributed to the decrease in unearned revenue of \$ 1,076,919.

To determine the overall financial performance of the School District one must consider the relative changes in net assets. By comparing assets and liabilities, one can see that the overall position of the School District has improved as evidenced by the increase in net assets of \$ 2,266,744. A change in net assets indicates how an entity is providing for future generations.

Prudent management of operating expenses by the Administration has allowed the School District to accumulate a General Fund cash balance of \$ 9.8 million at June 30, 2008. This cash reserve allows the School District to insulate itself from the effects of fluctuations in revenue due to adverse economic conditions and prevents the need to make dramatic cuts in programs and services.

Governmental Activities

The vast majority of revenues supporting all Governmental Activities are general revenues. General revenue totaled \$ 50.4 million or 91.1 percent of the total revenue. The most significant portion of the general revenues is local property tax. Property tax revenue in fiscal year 2008 increased \$ 1.5 million from the previous year. The majority of the increase is due to the initial phase-in of a new 6.5 mill operation levy passed in February 2007. This levy is scheduled to raise an additional \$ 5.8 million in tax revenue annually and will be phased-in over two fiscal years. The District should experience a similar increase in revenues next year.

The remaining amount of revenue received is in the form of program revenues amounting to \$ 4.9 million or only 8.9 percent of total revenue. Program revenues are derived from fees for services, sales from fund raising activities, operating grants, interest and contributions, and capital grants and contributions.

Although the School District relies heavily upon local property taxes to support its operations, the School District does actively solicit and receive additional grant and entitlement funds to help offset some operating costs.

Table 2 summarizes the revenue, expenses and changes in net assets for fiscal years 2008 and 2007.

North Olmsted City School District
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2008
Unaudited

Approximately 68.8 percent of the School District's budget is used to fund instructional and direct classroom support service expenses while only 12.1 percent of the budget is spent on administrative expenses. The remaining 19.1 percent of the budget is used to maintain the facilities, transport students, providing school lunches, offering sport and extracurricular programs to students. The relationship of these expenses is illustrated in the graph below.

The Administration continues to develop and implement cost containment and revenue enhancement programs to manage the School District's funds in an efficient and economic manner. One method to evaluate the effective use of funds is to compare our cost per pupil expenditures with those of neighboring school districts. Based upon the Ohio Department of Education "2008 Expenditure Flow Model Report", the North Olmsted City School's cost per pupil expenditure was ranked the 13th lowest among the 31 school districts in Cuyahoga County. A comparison of some of the neighboring school districts' cost per pupil expenditures can be found in Table 3.

The School District is heavily reliant upon local tax revenues to fund its operations. In fact, local property tax funded approximately 67.6 percent of the total expenses in 2008, compared to 67.4 percent in 2007. Grants and entitlements not restricted to specific programs fund 25.0 percent of expenses, while program revenues fund only 9.2 percent.

North Olmsted City School District
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2008
Unaudited

The primary source of general revenue is property taxes levied. In fiscal years 2008 and 2007, property taxes accounted for 71.2 and 73.0 percent, respectively, of general revenue. Clearly, the North Olmsted community is by far the greatest source of financial support for the students of the North Olmsted City Schools.

School District Funds

The focus of the School District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful for assessing the School District's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of June 30, 2008, the School District's governmental funds reported combined ending fund balances of \$ 11,948,850, an increase of \$ 1,797,599 in comparison with the prior year. Of that amount \$ 5,333,773 constitutes unreserved fund balances, which is available for spending at the government's discretion. The remaining \$ 6,615,077 of fund balance is reserved to indicate that it is not available for new spending because it has already been committed to liquidate contracts and purchase orders of the prior period or other restricted purposes.

The School District's major funds are accounted for using the modified accrual basis of accounting. All governmental funds had total revenues of \$ 54.4 million and expenditures of \$ 52.5 million. The net change in fund balance for the year was most significant in the General Fund, an increase of \$ 1.7 million as compared to an increase of \$.7 million in fiscal year 2007.

Total revenues reported in fiscal year 2008 increased \$ 2.1 million or 4.0% from the previous year. The increase is due primarily to additional tax revenue received from the passage of 6.5 mill operating levy in February 2007. This levy will raise an additional \$ 5.8 million in tax revenue annually. Because of the assessment and collection of this additional tax is based on a calendar year, the financial impact of this levy is phased-in over two fiscal years and the District will experience a similar increase next year.

Total expenditures reported in fiscal year 2008 decreased \$.2 million or .3% from the previous year. The decrease is due primarily to a salary freeze agreed to by the District's employees and savings from retirements during the previous year.

General Fund Budgeting Highlights

The School District's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant fund to be budgeted is the main operating fund of the School District, the General Fund.

During fiscal year 2008, the School District amended its General Fund Appropriation Budget several times. Because of the nationwide economic recession, property tax collections fell short of initial budgetary estimates by approximately \$ 833,000. Investment earnings of \$ 686,750 were approximately \$ 283,000 less than initial budgetary estimates due to the unanticipated decline in short-term interest rates.

Total expenses for the year were \$ 960,507 under budgetary estimates. The savings can be attributed to lower than anticipated energy costs, a reduction in outside tuition paid toward special education programs and a one year deferral in the purchase of textbooks for the newly adopted mathematics and science curriculums.

North Olmsted City School District
Management's Discussion and Analysis

Capital Assets and Debt Administration

Capital Assets

All capital assets, except land, are reported net of depreciation. At the end of fiscal 2008, the School District had \$ 13.3 million invested in land, buildings, equipment and vehicles. Table 5 shows fiscal 2008 values compared to fiscal 2007.

Table 5
Net Capital Assets at June 30

	<u>2008</u>	<u>2007</u>
Land	\$ 1,088,848	\$ 1,088,848
Land improvements	367,032	401,227
Buildings and improvements	8,887,839	9,295,779
Furniture and equipment	1,326,177	1,396,680
Vehicles	1,592,411	1,543,135
	<u>\$ 13,262,307</u>	<u>\$ 13,725,669</u>

During fiscal 2008, the School District purchased \$ 471,485 of capital assets. Approximately 49.0 percent or \$ 230,647 of the purchases was for vehicles. More information on capital assets is presented in Note 7 of the notes to the basic financial statements.

Debt Administration

At June 30, 2008, the School District had outstanding \$ 595,000 bonds payable. Proceeds from the bonds were used for building and facility improvements. The bonds were issued in August 2007 and will mature in varying amounts through December 2014.

The School District's overall legal debt margin was \$ 80,227,361 with an unvoted debt margin of \$ 897,441.

More information on debt is presented in Note 12 of the notes to the basic financial statements.

School District Outlook

The District's financial condition has been temporarily stabilized with the passage of a 6.5 mill operating levy in February 2007. This levy is scheduled to raise an additional \$ 5.8 million in revenue annually. Unfortunately, faced with uncertainties in the economy, erosion in the tax base, potential cuts in state funding and unstable energy costs the District has become vulnerable to large unpredictable swings in future revenues and expenditures. If these trends continue, the District's financial position will deteriorate quickly. Based upon the District's most recent "Five Year Financial Forecast", the District could exhaust its cash reserves at the end of the 2010-11 fiscal year and could be facing draconian budgetary cuts in staffing and programs.

North Olmsted City School District
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2008
Unaudited

To compensate for the potential loss in revenue, the Administration has started to develop a comprehensive cost containment plan to reduce salary, healthcare and energy expenditures. The Administration successfully negotiated a salary freeze for all employees during the 2007-08 fiscal year and is exploring the feasibility of an early retirement incentive program. The Administration also negotiated significant changes to its medical plan which required all employees to pay 10% of the monthly premium costs, enroll their spouses into a coordination benefit program and doubled prescription drug co-pay amounts. The District is exploring the feasibility of constructing a wind turbine to generate electricity. The Administration's cost containment plan will not eliminate the District's financial problems completely, however, it does represent the first step in the continuing effort to contain rising costs. The Administration will be reviewing the District's staffing needs and the potential changes in state funding annually in order to reduce the size and timing of the next operating levy.

The North Olmsted City School District has committed itself to financial excellence for many years. The School District was the first school district in Ohio to receive the Government Financial Officers Association (GFOA) Certificate of Achievement for Excellence in Financial Reporting in 1985 and has received the award for twenty-four consecutive years. The District has also received the Association of School Business Officials (ASBO) Certificate of Achievement for Excellence in Financial Reporting for the past twenty-one years.

Contacting the School District's Financial Management

This financial report is designed to provide our citizens, taxpayers and creditors with a general overview of the School District's finances and to show the School District's accountability for the money it receives. If you have any questions about this report or need additional financial information, contact Robert J. Matson, CPA, and Treasurer at North Olmsted City School District, 27425 Butternut Ridge Road, North Olmsted, Ohio 44070, or by telephone at 440-779-3551.

NORTH OLMSTED CITY SCHOOL DISTRICT
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN
FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2008

Net change in fund balances - total governmental funds \$ 1,806,137

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their useful lives and reported as depreciation expense. This is the amount by which depreciation and deletions exceeded capital outlay in the current period.

Capital outlay, net	471,485	
Depreciation expense	(934,847)	
Total		(463,362)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.

Property taxes	239,700	
Other receivables	648,006	
		887,706

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of principal long-term debt consumes the current financial resources of governmental funds. Neither transaction has any effect on net assets. This amount is the net effect of the differences in the treatment of long-term debt on the statement of activities.

114,774

Accrued interest expense on the statement of activities does not require the use of current financial resources and, therefore is not reported as an expenditure in the governmental funds.

300

Some expenses reported in the statement of activities, do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.

Compensated absences	(200,292)	
Change in inventory	(8,538)	
		(208,830)

The internal service fund used by management to charge the costs of insurance to individual funds is not reported in the district-wide statement of activities. Governmental fund expenditures and the related internal service fund revenues are eliminated. The net revenue (expense) of the internal service fund is allocated among the governmental activities.

130,019

Change in net assets of governmental activities \$ 2,266,744

See accompanying notes to the basic financial statements.

NORTH OLMSTED CITY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2008

NOTE 1 - DESCRIPTION OF THE SCHOOL DISTRICT AND REPORTING ENTITY

The North Olmsted City School District (the District) was established for the purpose of exercising the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. The District is a city school district as defined by Section 3311.03 of the Ohio Revised Code. The District operates under an elected Board of Education consisting of five members and is responsible for providing public education to residents of the District. Average daily membership on, or as of, October 1, 2007 was 4,332. The District employs 359 certificated and 242 non-certificated employees.

REPORTING ENTITY

The reporting entity is composed of the primary government, component units and other organizations that are included to ensure that the financial statements of the District are not misleading. The primary government consists of all funds, departments, boards and agencies that are not legally separate from the District. For the District, this includes general operations, food service, and student related activities of the District.

Within the District boundaries, there are various nonpublic schools. Current State legislation provides funding to these nonpublic schools. These monies are received and disbursed by the District on behalf of the nonpublic schools by the Treasurer of the School District, as directed by the nonpublic schools. These transactions are reported as a governmental activity of the District.

Component units are legally separate organizations for which the District is financially accountable. The District is financially accountable for an organization if the District appoints a voting majority of the organizations' governing board and, 1) the District is able to significantly influence the programs or services performed or provided by the organization; or 2) the District is legally entitled to or can otherwise access the organizations' resources; the District is legally obligated or has otherwise assumed the responsibility to finance the deficits of or provided financial support to the organization; or the District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the District in that the District approves the budget, the issuance of debt, or the levying of taxes. The District has no component units.

The District is associated with the Lake Erie Educational Computer Association, the Polaris Career Center, the North Olmsted City Schools Education Foundation, and the Ohio Schools Council, which are considered to be jointly governed organizations. The District also participates in a public risk pool managed by the Ohio Schools Boards Association Workers' Compensation Group Rating Program. These organizations and their relationships with the District are described in more detail in Notes 9 and 14 of these financial statements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The District also applies Financial Accounting Standards Board (FASB) statements and interpretations issued on or before November 30, 1989, to its proprietary fund provided they do not conflict with or contradict GASB pronouncements. The District has elected not to apply FASB pronouncements and interpretations issued after November 30, 1989, to its proprietary fund. Following are the more significant of the District's accounting policies.

NORTH OLMSTED CITY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2008

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

A. BASIS OF PRESENTATION

The District's basic financial statements consist of government-wide statements, including a statement of net assets and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

Government-wide Financial Statements

The statement of net assets and the statement of activities display information about the District as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The activity of the internal service fund is eliminated to avoid "doubling up" revenues and expenses. However, internal fund services provided and used are not eliminated in the process of consolidation.

The statement of net assets presents the financial condition of the governmental activities of the District at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the District's governmental activities. Direct expenses are those that are specifically associated with a service, program, or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient for the goods or services offered by the program, and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues of the District, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the District.

Fund Financial Statements

During the year, the District segregates transactions related to certain District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the District at this more detailed level. The focus of governmental financial statements is on major funds rather than reporting funds by type. The major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. The internal service fund is presented in a single column on the face of the proprietary fund statements. Fiduciary funds are reported by fund type.

NORTH OLMSTED CITY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2008

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

B. FUND ACCOUNTING

The District uses funds to maintain its financial records during the fiscal year. Fund accounting is designed to demonstrate legal compliance and to aid management by segregating transactions related to certain District functions or activities. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The various funds of the District are grouped into the categories governmental, proprietary, and fiduciary.

Governmental Funds

Governmental funds are those through which most governmental functions typically are financed. Governmental funds focus on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following is the District's major governmental fund:

General Fund - the general fund is the operating fund of the school district and is used to account for all financial resources, except those required to be accounted for in another fund.

The other governmental funds of the District account for grants and other resources whose use is restricted to a particular purpose.

Proprietary Fund

The proprietary fund focuses on the determination of the changes in net assets, financial position, and cash flows. Proprietary funds are classified as enterprise or internal service; the District has no enterprise funds.

Internal Service Fund – The internal service fund accounts for the financing of services provided by one department or agency to other departments or agencies of the District on a cost reimbursement basis. The District's only internal service fund accounts for revenue received from other funds and the settlement expenses for medical, surgical, prescription drug, and dental claims of District employees.

Fiduciary Funds

Fiduciary fund reporting focuses on net assets and changes in net assets. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds, and agency funds. Trust funds are used to account for assets held by the District under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the District's own programs. The District has no trust funds. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The District's agency fund accounts for student activities.

NORTH OLMSTED CITY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2008

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

C. MEASUREMENT FOCUS

Government-wide Financial Statements - The government-wide financial statements are prepared using the economic resources measurement focus. All assets and all liabilities associated with the operation of the District are included on the Statement of Net Assets. The Statement of Activities presents increases (revenues) and decreases (expenses) in the total net assets.

Fund Financial Statements - All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Like the government-wide statements, the internal service fund is accounted for on a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of this fund are included on the statement of net assets. The statement of changes in fund net assets presents increases (i.e., revenues) and decreases (i.e., expenses) in net total assets. The statement of cash flows provides information about how the District finances and meets the cash flow needs of its proprietary activity.

D. BASIS OF ACCOUNTING

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Proprietary and the fiduciary funds also use the accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of unearned revenue and in the presentation of expenses versus expenditures.

Revenues - Exchange and Non-exchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. "Measurable" means the amount of the transaction can be determined, and "available" means collectible within the current fiscal year or soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District, available means expected to be received within sixty days of fiscal year end.

NORTH OLMSTED CITY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2008

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. BASIS OF ACCOUNTING (continued)

Nonexchange transactions, in which the District receives value without directly giving equal value in return, include property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied (See Note 5). Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted; matching requirements, in which the District must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the District on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year end: property taxes available as an advance, grants, investment earnings, tuition, and student fees.

Unearned Revenue

Unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied.

Property taxes for which there is an enforceable legal claim as of June 30, 2008, but which were levied to finance fiscal year 2009 operations, have been recorded as unearned revenue. Grants and entitlements received before the eligibility requirements are met are also recorded as unearned revenue.

On governmental fund financial statements, receivables that will not be collected within the available period have also been reported as unearned revenue.

Expenditures/Expenses

On the accrual basis of accounting, expenses are recognized at the time they are incurred. The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

NORTH OLMSTED CITY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2008

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

E. BUDGETARY PROCESS

All funds, other than agency funds, are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the appropriation resolution and the certificate of estimated resources, which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amounts that the Board of Education may appropriate. The appropriation resolution is the Board's authorization to spend resources and set annual limits on expenditures plus encumbrances at a level of control selected by the Board. The legal level of control has been established by the Board of Education at the fund, object level for the General Fund and Debt Service Fund. The legal level of budgetary control is at the fund, special cost center level for the Other Grants Fund, Miscellaneous State Grants Fund, Auxiliary Services Fund and Miscellaneous Federal Grants Fund. For all other funds the legal level of budgetary control is at the fund level.

The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified by the District Treasurer. The amounts reported as the original budgeted amounts in the budgetary statements reflect the amounts in the certificate when the original appropriations were adopted. The amounts reported as the final budgeted amounts in the budgetary statements reflect the amounts in the final amended certificate that were in effect at the time the final appropriations were passed by the Board of Education.

The appropriation resolution is subject to amendment by the Board throughout the year with the restriction that appropriations may not exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriation for that fund that covered the entire fiscal year, including amounts automatically carried over from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the Board during the year.

F. CASH AND INVESTMENTS

Cash received by the District is deposited in one central bank account with individual fund balance integrity maintained through District records. Monies for all funds are maintained in this account or temporarily transferred to the State Treasurer's investment pool (STAROhio) or other short term investments. Following Ohio statutes, the Board of Education has, by resolution, identified the funds to receive an allocation of interest earnings. Interest revenue credited to the general fund during fiscal year 2008 amounted to \$ 686,750 which included \$ 183,821 assigned from other District funds.

Except for investment contracts and money market investments that had a remaining maturity of one year or less at the time of purchase, investments are reported at fair value, which is based on quoted market prices. Investment contracts and money market investments that had a remaining maturity of one year or less at the time of purchase are reported at cost or amortized cost.

The District has invested in the State Treasury Asset Reserve of Ohio (STAROhio) during the year. STAROhio is an investment pool managed by the State Treasurer's Office, which allows governments within the State to pool their funds for investment purposes. STAROhio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAROhio are valued at STAROhio's share price, which is the price the investment could be sold for on June 30, 2008.

Investments with an original maturity of three months or less at the time of purchase are considered to be cash equivalents.

NORTH OLMSTED CITY SCHOOL DISTRICT
 NOTES TO THE BASIC FINANCIAL STATEMENTS
 FOR THE YEAR ENDED JUNE 30, 2008

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

G. INVENTORY

On government-wide financial statements, inventories are presented at the lower of cost or market on a first-in, first-out basis and are expensed when used.

On fund financial statements, inventories of governmental funds are stated at cost. Cost is determined on a first-in, first-out basis. Inventory in governmental funds consists of expendable supplies held for consumption. The cost of inventory items is recorded as an expenditure in the governmental fund types when purchased.

H. RESTRICTED ASSETS

Assets are reported as restricted assets when limitations on their use change the normal understanding of the availability of the asset. Such constraints are either imposed by creditors, contributors, grantors, or laws of other government or imposed by enabling legislation. Restricted assets include the amount required by State statute to be set aside to create a reserve for budget stabilization.

I. CAPITAL ASSETS

General capital assets are those assets not specifically related to activities reported in the proprietary funds. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net assets but are not reported on the fund financial statements.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and reductions during the year. Donated capital assets are recorded at their fair market values as of the date received. The District maintains a capitalization threshold of \$ 2,500. The District does not possess any infrastructure. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized. The majority of capital outlay is made from the Permanent Improvements Fund. Actual amounts capitalized for reporting purposes may differ due to the capitalization policy.

All reported capital assets, other than land, are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

<u>Asset</u>	<u>Estimated useful life</u>
Land improvements	25 - 30 years
Buildings	60 - 80 years
Building improvements	25 years
Furniture and equipment	8 - 35 years
Vehicles	15 years

J. INTERFUND BALANCES

On fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "interfund receivables/payables". These amounts are eliminated in the governmental column of the statement of net assets.

NORTH OLMSTED CITY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2008

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

K. COMPENSATED ABSENCES

Vacation benefits are accrued as a liability in the government wide financial statements as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the District will compensate the employees for the benefits through paid time off or some other means.

Sick leave benefits are accrued in the government wide financial statements as a liability using the vesting method. The liability is based on an estimate of the amount of accumulated sick leave that will be paid as a termination benefit. The liability includes employees who are currently eligible to receive termination benefits and those the District has identified as probable of receiving payment in the future. The amount is based on accumulated sick leave and employees' wage rates at fiscal year end, taking into consideration any limits specified in the District's termination policy.

A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

L. ACCRUED LIABILITIES AND LONG-TERM OBLIGATIONS

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements and all payables and accrued liabilities from proprietary funds are reported on the proprietary fund statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, claims and judgments, compensated absences, and contractually required pension contributions that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year. Long-term notes and capital leases are recognized as a liability on the governmental fund financial statements when due.

M. NET ASSETS

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt, consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction, or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. Net assets restricted for other purposes include money for scholarships and data communications support. As of June 30, 2008, net assets restricted by enabling legislation were \$ 1,453,476 in the statement of net assets.

The District applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

N. FUND BALANCE RESERVES AND DESIGNATIONS

The District reserves those portions of fund equity which are legally segregated for a specific future use or which do not represent available expendable resources and therefore are not available for appropriation or expenditure. Unreserved fund balance indicates that portion of fund equity which is available for appropriation in future periods. Fund equity reserves have been established for property taxes, inventories, budget stabilization, and encumbrances. A fund balance designation has been established for an additional bi-weekly payroll occurring in 2016.

NORTH OLMSTED CITY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2008

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

N. FUND BALANCE RESERVES AND DESIGNATIONS (continued)

The reserve for property taxes represents taxes recognized as revenue under generally accepted accounting principles but not available for appropriation under State statute. The reserve for budget stabilization represents monies set aside by the District to protect against cyclical changes in revenues and expenditures.

O. OPERATING REVENUES AND EXPENSES

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary fund. For the District, these revenues are charges for services for the self-insurance program. Operating expenses are necessary costs incurred to provide the good or service that is the primary activity of this fund. Revenues and expenses not meeting those definitions are reported as non-operating.

P. INTERFUND TRANSACTIONS

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

Q. ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported on the financial statements and accompanying notes. Actual results may differ from those estimates.

NOTE 3 - BUDGETARY BASIS OF ACCOUNTING

While the District is reporting financial position, results of operations, and changes in fund balances/retained earnings on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The Statement of Revenues, Expenditures, and Changes in Fund Balances - Budget (Non-GAAP Budgetary Basis) and Actual presented for the General Fund is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and GAAP basis statements are the following:

1. Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis).
2. Expenditures are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis).
3. Encumbrances are treated as expenditures (budget basis) rather than as a reservation of fund balance (GAAP basis).

NORTH OLMSTED CITY SCHOOL DISTRICT
 NOTES TO THE BASIC FINANCIAL STATEMENTS
 FOR THE YEAR ENDED JUNE 30, 2008

NOTE 3 - BUDGETARY BASIS OF ACCOUNTING (continued)

The following table summarizes the adjustments necessary to reconcile the GAAP basis statements to the budgetary basis statements for the General Fund.

	General Fund
Budget basis	\$ (494,113)
Adjustments, increase (decrease)	
Revenue accruals	1,688,785
Expenditure accruals	479,685
Other sources (uses)	69,349
GAAP basis, as reported	\$ 1,743,706

NOTE 4 - DEPOSITS AND INVESTMENTS

A. LEGAL REQUIREMENTS

State statutes classify monies held by the District into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the District Treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits the Board of Education has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit, or by savings or deposit accounts, including passbook accounts.

Protection of the District's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the Treasurer by the financial institution, or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution.

NORTH OLMSTED CITY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2008

NOTE 4 - DEPOSITS AND INVESTMENTS (continued)

A. LEGAL REQUIREMENTS (continued)

Interim monies may be invested in the following securities:

1. United States Treasury bills, bonds, notes, or any other obligation or security issued by the United States Treasury, or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligation or security issued by any federal government agency or instrumentality including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least 2 percent and be marked to market daily, and the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio;
5. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
6. The State Treasurer's investment pool (STAR Ohio);
7. Commercial paper and bankers' acceptances (if authorized by the Board of Education), and
8. Under limited circumstances, corporate debt interests rated in either of the two highest rating classifications by at least two nationally recognized rating agencies.

Investments in stripped principal or interest obligations, reverse repurchase agreements, and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage, and short selling are also prohibited. An investment must mature within five years from the date of purchase, unless matched to a specific obligation or debt of the District, and must be purchased with the expectation that it will be held to maturity.

Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the Treasurer or qualified trustee or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

NORTH OLMSTED CITY SCHOOL DISTRICT
 NOTES TO THE BASIC FINANCIAL STATEMENTS
 FOR THE YEAR ENDED JUNE 30, 2008

NOTE 4 - DEPOSITS AND INVESTMENTS (continued)

B. DEPOSITS

Custodial credit risk is the risk that, in the event of a bank failure, the District's deposits may not be returned. The District does not have a deposit policy for custodial credit risk. At fiscal year end, the carrying amount of the District's deposits was \$ 13,922,113 and the bank balance was \$ 14,577,267. Of the bank balance, \$ 200,000 was covered by federal depository insurance and \$ 14,377,267 was uninsured. Of the remaining balance, \$ 14,377,267 was collateralized with securities held by the pledging institution's trust department not in the District's name.

At fiscal year end, the District had \$ 2,041 in cash on hand which is included on the balance sheet of the District as part of "Equity in pooled cash."

C. INVESTMENTS

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. As of June 30, 2008, the District had the following investments:

	Weighted Average Maturities Years	Fair Value
Investment in State Treasurer's Investment Pool	n/a	\$ 562,577

D. INTEREST RATE RISK

The Ohio Revised Code generally limits security purchases to those that mature within five years of the settlement date.

E. CREDIT RISK

The District follows the Ohio Revised Code that limits its investment choices as discussed in Note 4 - A above. STAR Ohio carries a rating of AAAM by Standard and Poor's and is an authorized investment under the Ohio Revised Code.

F. CONCENTRATION OF CREDIT RISK

The District places no limit on the amount that may be invested in any one issuer. The District's total investments (100%) are in STAR Ohio.

G. CUSTODIAL CREDIT RISK

For an investment, custodial risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The District has no investment policy dealing with investment custodial risk beyond the requirement in State statute that prohibits payment for investments prior to the delivery of the securities representing such investments to the treasurer or qualified trustee.

NORTH OLMSTED CITY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2008

NOTE 5 - PROPERTY TAXES

Property taxes are levied and assessed on a calendar year basis, while the District's fiscal year runs from July through June. First-half tax distributions are received by the District in the second half of the fiscal year. Second-half tax distributions are received in the first half of the following fiscal year.

Property taxes include amounts levied against all real, public utility, and tangible personal (used in business) property located in the District. Real and public utility property tax revenues received in calendar year 2008 represent the collection of calendar year 2007 taxes. Real property taxes for 2008 were levied after April 1, 2007, on the assessed values as of January 1, 2007, the lien date. Assessed values for real property taxes are established by State statute at 35 percent of appraised market value. Real property taxes are payable annually or semiannually. If paid annually, payment is due December 31; if paid semiannually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established.

Public utility property tax revenue received in calendar 2008 represents collections of calendar 2007 taxes. Public utility real and tangible personal property taxes received in calendar year 2008 became a lien December 31, 2006, were levied after April 1, 2007 and are collected in 2008 with real property taxes. Public utility real property is assessed at 35 percent of true value; public utility tangible personal property currently is assessed at varying percentages of true value.

Tangible personal property tax revenues received in calendar year 2008 (other than public utility property) represent the collection of calendar year 2008 taxes. Tangible personal property taxes for 2008 were levied after April 1, 2007, on the value as of December 31, 2007. The tangible personal property tax is being phased out – the assessment percentage for all property including inventory is 6.25 percent for 2008. This will be reduced to zero for 2009. Payments by multi-county taxpayers are due September 20. Single county taxpayers may pay annually or semiannually. If paid annually, payment is due April 30; if paid semiannually, the first payment is due April 30, with the remainder payable by September 20. Tangible personal property taxes paid by April 30 are usually received by the District prior to June 30.

The District receives property taxes from Cuyahoga County. The County Auditor periodically advances to the District its portion of the taxes collected. Second-half real property tax payments collected by the County by June 30, 2008, are available to finance fiscal year 2008/2009 operations. The amount available to be advanced can vary based on the date the tax bills are sent.

Accrued property taxes receivable represents delinquent taxes outstanding and real property, public utility property, and tangible personal property taxes which were measurable as of June 30, 2008 and for which there is an enforceable legal claim. Although total property tax collections for the next fiscal year are measurable, amounts to be received during the available period are not subject to reasonable estimation at June 30, nor were they levied to finance fiscal year 2008 operations. The receivable is therefore offset by a credit to unearned revenue for that portion not intended to finance current year operations. The amount available as an advance was recognized as revenue.

NORTH OLMSTED CITY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2008

NOTE 5 - PROPERTY TAXES (continued)

The amount available as an advance at June 30, 2008, was \$ 5,265,330 in the General Fund and \$ 151,912 in the Permanent Improvements Fund. The amount available as an advance at June 30, 2007, was \$ 3,869,161 in the General Fund and \$ 119,799 in the Permanent Improvements Fund.

The assessed values upon which the fiscal year 2008 taxes were collected are:

	2007 Second Half Collections		2008 First Half Collections	
	Amount	%	Amount	%
Agricultural Residential				
Real Estate	\$ 620,194,210	66.92 %	\$ 619,714,970	69.05 %

Public Utility Tangible	14,491,560	1.57	10,087,260	1.13
Tangible Personal Property	39,288,377	4.24	14,900,383	1.66
	<u>\$ 926,715,727</u>	<u>100.00 %</u>	<u>\$ 897,441,233</u>	<u>100.00 %</u>
 Tax Rate per \$ 1,000 of Assessed Valuation:	<u>83.5</u>		<u>83.5</u>	

NOTE 6 - RECEIVABLES

Receivables at June 30, 2008, consisted of property taxes, accounts, interfund and due from other governments. All receivables are considered substantially collectible in full due to the ability to foreclose for the nonpayment of taxes, the stable condition of State programs, and the current year guarantee of federal funds. All receivables are expected to be collected within one year. A summary of the principal items of due from other governments follows:

	<u>Amount</u>
Governmental Activities	
General Fund	\$ 2,370,749
Title VIB	41,679
Limited English Proficiency	2,222
Title I	18,051
Title V	2,050
Drug Free Schools	114
Title II-A	13,613
Permanent Improvements	24,663
Due from other governments	<u>\$ 2,473,141</u>

NORTH OLMSTED CITY SCHOOL DISTRICT
 NOTES TO THE BASIC FINANCIAL STATEMENTS
 FOR THE YEAR ENDED JUNE 30, 2008

NOTE 8 - INTERFUND ASSETS/LIABILITIES

On the fund financial statements at June 30, 2008, interfund balances consisted of the following:

	Receivable	Payable
General Fund	\$ 617,870	\$ -
Nonmajor governmental funds	-	617,780
	\$ 617,870	\$ 617,780

These amounts are represented as "Interfund Receivable/Payable" on the balance sheet. The loans were made to support programs and projects in the Special Revenue Funds until permanent funding is received.

NOTE 9 - RISK MANAGEMENT

A. PROPERTY AND LIABILITY

The District is exposed to various risks of loss related to torts, theft, damage to, and destruction of assets, errors and omissions, injuries to employees and natural disasters. During fiscal year 2008, the District contracted with Indiana Insurance Company for property insurance. General liability is protected by Indiana Insurance Company with a \$ 1 million per occurrence, \$ 2 million aggregate with a \$ 5 million supplemental umbrella policy. Vehicles are covered by Indiana Insurance Company. Automobile liability coverage is \$ 1 million for each occurrence with a \$ 5 million supplemental umbrella policy. Settled claims have not exceeded this commercial coverage in any of the past three years. There have been no significant reductions in coverage from prior years. Position bonds of \$ 30,000 are maintained for the Superintendent and Board President and \$ 100,000 for the Treasurer from Ohio Casualty. The District provides life insurance, disability and accidental death and dismemberment insurance to its employees, through Minnesota Life Insurance Company.

B. WORKERS' COMPENSATION

The District participated in the Ohio Association of School Business Officials Workers' Compensation Group Rating Program (GRP), an insurance purchasing pool. The intent of the GRP is to achieve the benefit of a reduced premium for the District by virtue of its grouping and representation with other participants in the GRP. The firm of Sheakley UniService, Inc. provides administrative, cost control and actuarial services to the GRP. Participation in the GRP is limited to school districts that can meet the GRP's selection criteria.

NORTH OLMSTED CITY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2008

NOTE 9 - RISK MANAGEMENT (continued)

C. EMPLOYEE MEDICAL BENEFITS

The District provides employee medical, surgical, prescription drug and dental benefits through a self-insurance program administered by Medical Mutual of Ohio. The District limits its liability for medical and surgical claims by maintaining a specific stop-loss threshold of \$ 100,000.

The claim liability of \$ 760,000 reported at June 30, 2008 was estimated by Medical Mutual of Ohio and is based on the requirements of Governmental Standards Board Statement No. 10, which requires that a liability for unpaid claims costs, including estimates of costs related to incurred but not reported claims, be reported. The estimate was not affected by incremental claim adjustment expenses and does not include other allocated or unallocated claim adjustment expenses. Changes in the balance of claims liability during the year ended June 30, 2008 and 2007 are summarized below. Incurred claims and claims payments are not segregated between current and prior years claims due to the impracticability of obtaining such information.

	June 30, 2008	June 30, 2007
Unpaid claims, beginning of year	\$ 705,500	\$ 557,000
Incurred claims	4,906,635	4,689,882
Claims payments	(4,852,135)	(4,541,382)
Unpaid claims, end of year	\$ 760,000	\$ 705,500

NOTE 10 - PENSION PLANS

A. SCHOOL EMPLOYEE RETIREMENT SYSTEM

Plan Description - The School District contributes to the School Employees Retirement System (SERS), a cost-sharing multiple employer pension plan. SERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the School Employees Retirement System, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3746.

Funding Policy - Plan members are required to contribute 10 percent of their annual covered salary and the School District is required to contribute at an actuarially determined rate. The current School District rate is 14 percent of annual covered payroll. A portion of the School District's contribution is used to fund pension obligations with the remainder being used to fund health care benefits; for fiscal year 2008, 9.16 percent of annual covered salary was the portion used to fund pension obligations. The contribution requirements of plan members and employers are established and may be amended by the SERS' Retirement Board up to a statutory maximum amount of 10 percent for plan members and 14 percent for employers. Chapter 3309 of the Ohio Revised Code provides statutory authority for member and employer contributions. The School District's required contributions for pension obligations to SERS for the fiscal years ended June 30, 2008, 2007 and 2006 were \$ 701,045, \$ 808,372 and \$ 779,100 respectively; 46.1 percent has been contributed for fiscal year 2008 and 100 percent for fiscal years 2007 and 2006.

NORTH OLMSTED CITY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2008

NOTE 10 - PENSION PLANS (continued)

B. STATE TEACHERS RETIREMENT SYSTEM

Plan Description - The School District participates in the State Teachers Retirement System of Ohio (STRS Ohio), a cost-sharing, multiple employer public employee retirement plan. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a stand-alone financial report that may be obtained by writing to STRS Ohio, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS Ohio Web site at www.strsoh.org.

New members have a choice of three retirement plans, a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. The DB plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on a member's lifetime contributions and earned interest matched by STRS Ohio funds divided by an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5 percent of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal. The Combined Plan offers features of both the DC Plan and the DB Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The DB portion of the Combined Plan payment is payable to a member on or after age 60; the DC portion of the account may be taken as a lump sum or converted to a lifetime monthly annuity at age 50. Benefits are established by Chapter 3307 of the Ohio Revised Code.

A DB or Combined Plan member with five or more years credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy - For the fiscal year ended June 30, 2008, plan members were required to contribute 10 percent of their annual covered salaries. The School District was required to contribute 14 percent; 13 percent was the portion used to fund pension obligations. For fiscal year 2007, the portion used to fund pension obligations was also 13 percent. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions.

The School District's required contributions for pension obligations to STRS Ohio for the fiscal years ended June 30, 2008, 2007, and 2006 were \$ 3,199,543, \$ 3,151,946, and \$ 3,173,826 respectively; 83.9 percent has been contributed for fiscal year 2008 and 100 percent for fiscal years 2007 and 2006. Contributions to the DC and Combined Plans for fiscal year 2008 were \$ 26,235 made by the School District and \$ 52,942 made by the plan members.

NORTH OLMSTED CITY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2008

NOTE 10 - PENSION PLANS (continued)

C. SOCIAL SECURITY SYSTEM

Effective July 1, 1991, all employees not otherwise covered by the School Employees Retirement System or the State Teachers Retirement System of Ohio have an option to choose Social Security or the School Retirement System. As of June 30, 2008, two members of the Board of Education have elected Social Security. The contribution rate is 6.2 percent of wages.

NOTE 11 - POSTEMPLOYMENT BENEFITS

A. SCHOOL EMPLOYEE RETIREMENT SYSTEM

Plan Description – The School District participates in two cost-sharing multiple employer defined benefit OPEB plans administered by the School Employees Retirement System for non-certificated retirees and their beneficiaries, a Health Care Plan and a Medicare Part B Plan. The Health Care Plan includes hospitalization and physicians' fees through several types of plans including HMO's, PPO's and traditional indemnity plans as well as a prescription drug program. The Medicare Part B Plan reimburses Medicare Part B premiums paid by eligible retirees and beneficiaries up to a statutory limit. Benefit provisions and the obligations to contribute are established by the System based on authority granted by State statute. The financial reports of both Plans are included in the SERS Comprehensive Annual Financial Report which is available by contacting SERS at 300 East Broad St., Suite 100, Columbus, Ohio 43215-3746.

Funding Policy – State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required benefits, the Retirement Board allocates the remainder of the employer contribution of 14 percent of covered payroll to the Health Care Fund. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 401h. For 2008, 4.18 percent of covered payroll was allocated to health care. In addition, employers pay a surcharge for employees earning less than an actuarially determined amount; for 2008, this amount was \$ 111,170.

Active employee members do not contribute to the Health Care Plan. Retirees and their beneficiaries are required to pay a health care premium that varies depending on the plan selected, the number of qualified years of service, Medicare eligibility and retirement status.

The School District's contributions for health care for the fiscal years ended June 30, 2008, 2007, and 2006 were \$ 319,909, \$ 251,292, and \$ 251,838 respectively; 46.1 percent has been contributed for fiscal year 2008 and 100 percent for fiscal years 2007 and 2006.

The Retirement Board, acting with advice of the actuary, allocates a portion of the employer contribution to the Medicare B Fund. For 2008, this actuarially required allocation was 0.66 percent of covered payroll. The School District's contributions for Medicare Part B for the fiscal years ended June 30, 2008, 2007, and 2006 were \$ 50,512, \$ 51,469, and \$ 42,709 respectively; 46.1 percent has been contributed for fiscal year 2008 and 100 percent for fiscal years 2007 and 2006.

NORTH OLMSTED CITY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2008

NOTE 11 - POSTEMPLOYMENT BENEFITS (continued)

B. STATE TEACHERS RETIREMENT SYSTEM

Plan Description – The School District contributes to the cost sharing multiple employer defined benefit Health Plan administered by the State Teachers Retirement System of Ohio (STRS Ohio) for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS Ohio. Benefits include hospitalization, physicians’ fees, prescription drugs and reimbursement of monthly Medicare Part B premiums. The Plan is included in the report of STRS Ohio which may be obtained by visiting www.strsoh.org or by calling (888) 227-7877.

Funding Policy – Ohio law authorizes STRS Ohio to offer the Plan and gives the Retirement Board authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. Active employee members do not contribute to the Plan. All benefit recipients pay a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions. For 2008, STRS Ohio allocated employer contributions equal to 1 percent of covered payroll to the Health Care Stabilization Fund. The School District’s contributions for health care for the fiscal years ended June 30, 2008, 2007, and 2006 were \$ 246,119, \$ 242,457, and \$ 244,141 respectively; 83.9 percent has been contributed for fiscal year 2008 and 100 percent for fiscal years 2007 and 2006.

NOTE 12 - LONG-TERM OBLIGATIONS

Changes in the District’s long-term obligations during fiscal year 2008 were as follows:

	Balance June 30, 2007	Increase	Decrease	Balance June 30, 2008	Amounts Due In One Year
Bonds payable - 2004, 4.15%					
Building improvements	\$ 680,000	\$ -	\$ 85,000	\$ 595,000	\$ 85,000
Capital lease	29,774	-	29,774	-	-
Compensated absences	3,567,168	1,013,470	947,898	3,632,740	813,178
	<u>\$ 4,276,942</u>	<u>\$ 1,013,470</u>	<u>\$ 1,062,672</u>	<u>\$ 4,227,740</u>	<u>\$ 898,178</u>

The School District's overall legal debt margin was \$ 80,227,361 with an unvoted debt margin of \$ 897,441.

Principal and interest requirements to retire the building improvement bonds outstanding at June 30, 2008, are as follows:

Fiscal Year Ending	Principal	Interest	Total
2009	\$ 85,000	\$ 22,929	\$ 107,929
2010	85,000	19,401	104,401
2011	85,000	15,874	100,874
2012	85,000	12,346	97,346
2013	85,000	8,819	93,819
2014 - 2015	170,000	7,055	177,055
Totals	<u>\$ 595,000</u>	<u>\$ 86,424</u>	<u>\$ 681,424</u>

NORTH OLMSTED CITY SCHOOL DISTRICT
 NOTES TO THE BASIC FINANCIAL STATEMENTS
 FOR THE YEAR ENDED JUNE 30, 2008

NOTE 12 - LONG-TERM OBLIGATIONS (continued)

Bonds payable were repaid from the Debt Service Fund. The capital lease obligation was repaid from the General Fund. Compensated absences will be repaid from the funds from which employees' salaries are paid, primarily the General Fund.

During 2006, the Board of Education negotiated a retirement incentive plan for all certified non-administrative personnel. Each person who meets certain eligibility requirements will receive \$ 1,000 per year for each year of STRS service credit up to a maximum of \$ 30,000. Beginning July of the year of retirement, payment will be made in three equal annual installments into a qualified tax exempt Health Retirement Account. At June 30, 2008, the District's liability for the retirement incentive plan was \$ 38,700. This liability is recorded as part of compensated absences in the General Fund.

NOTE 13 - INTERFUND TRANSFERS

Interfund transfers for the year ended June 30, 2008 consisted of the following:

	Transfer from:		
		Nonmajor Governmental Funds	Total Transfers-in
Transfer to:	General Fund		
Nonmajor governmental funds	\$ 149,628	\$ 108,000	\$ 257,628
Internal Service	100,000	-	100,000
Total transfers-out	\$ 249,628	\$ 108,000	\$ 357,628

Transfers from the General Fund were to provide for payment of expenditures. Transfers from nonmajor governmental funds included \$ 108,000 to the Debt Service Fund for payment of principal and interest.

NORTH OLMSTED CITY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2008

NOTE 14 - JOINTLY GOVERNED ORGANIZATION

A. LAKE ERIE EDUCATION COMPUTER ASSOCIATION

The Lake Erie Educational Computer Association (LEECA) is a jointly governed organization comprised of thirty school districts. The jointly governed organization was formed to provide data processing services for accounting, administrative and instructional functions of member districts. Each of the governments of these districts supports LEECA based upon a per pupil charge dependent upon the software packages utilized. The LEECA assembly consists of a superintendent or designated representative from each participating district and a representative from the fiscal agent.

LEECA is governed by a board of directors chosen from the general membership of the LEECA assembly. The board of directors consists of a representative from the fiscal agent, the chairman of each operating committee, and at least one assembly member from each county from which participating districts are located. Financial information can be obtained by contacting the Treasurer at the Educational Service Center of Lorain County, which serves as fiscal agent, located at 1885 Lake Avenue, Elyria, Ohio 44035. During the year ended June 30, 2008, the District paid \$ 88,402 to LEECA.

B. POLARIS CAREER CENTER

The Polaris Career Center is a separate body politic and corporate, established by the Ohio Revised Code to provide for the vocational and special needs of the students. Its Board of Education consists of representatives from the board of each participating school district. The Board is responsible for approving its own budgets, appointing personnel, and accounting and finance related activities. North Olmsted City School District students may attend the vocational school. Each school district's control is limited to its representation on the Board. Financial information can be obtained by contacting the Polaris Career Center, 7285 Old Oak Blvd., Middleburg Heights, Ohio 44130.

C. NORTH OLMSTED CITY SCHOOLS EDUCATION FOUNDATION

The North Olmsted City Schools Education Foundation (Foundation) is a jointly governed organization established by the Ohio Revised Code to support and enhance educational opportunities for the youth of the North Olmsted Community. The trustees of the Foundation consist of five ex officio trustees and up to fifteen members selected by a nominating committee appointed by the ex officio trustees.

The ex officio trustees are composed of the following individuals: the Superintendent of the North Olmsted City School District, a member of the North Olmsted Board of Education, a member of the North Olmsted PTA Council, a member of the North Olmsted City Schools' Financial Advisory Board, and a member of the Community Education Advisory Board. All trustees are voting members. The Foundation is responsible for approving its own budgets, appointing personnel, creation of committees, and accounting and financial related activities. Financial information can be obtained by contacting Carrie Copfer, c/o The North Olmsted Board of Education, 27425 Butternut Ridge Road, North Olmsted, Ohio 44070.

NORTH OLMSTED CITY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2008

NOTE 14 - JOINTLY GOVERNED ORGANIZATION (continued)

D. OHIO SCHOOLS COUNCIL

The Ohio Schools Council (Council) is a jointly governed organization among ninety-one school districts. The Council was formed to offer supplies and services at the lowest possible cost to the member districts. Each district supports the Council by paying an annual participation fee for the services provided. The Council's Board consists of seven superintendents of the participating districts whose term rotates every year. The degree of control exercised by any school district is limited to its representation on the Board. In fiscal year 2008 the District paid \$ 2,140 to the Council.

The North Olmsted City Schools participates in the Council's electric purchase program which was implemented during fiscal year 2000. The program allows school districts to purchase electricity at reduced rates for a period of eight years through Energy Acquisition Corporation (Corporation), a non-profit corporation with a self-appointing board of trustees. The Corporation issued \$ 119,140,000 of notes to prepurchase eight years of electricity from Cleveland Electric Illuminating (CEI). The participating school districts are not obligated in any manner for this debt. If a participating school district terminates their agreement during the eight year period, they are required to repay the savings to CEI and CEI will refund the remaining prepayment related to that participant to Energy Acquisition Corporation.

The North Olmsted City Schools participates in the Council's prepaid natural gas program which was implemented during fiscal year 2000. This program allows school districts to purchase natural gas at reduced rates, if the school districts will commit to participating for a twelve year period. The participants make monthly payments based on estimated usage. Each June these estimated payments are compared to their actual usage and any necessary adjustments are made.

The City of Hamilton, a municipal corporation and political subdivision duly organized and existing under the laws of the State of Ohio, issued \$ 89,450,000 in debt to purchase twelve years of natural gas from CMS Energy Corporation for the participants. The participating school districts are not obligated in any manner for this debt. If a participating school district terminates its agreement, the district is entitled to recover that amount, if any, of its contributions to the operating fund which are not encumbered for its share of program administrative costs.

The North Olmsted City Schools also participates in the Council's group life insurance program. Financial information can be obtained by contacting Kelly Rocco, office manager, of the Ohio Schools Council at 6133 Rockside Road, Suite 10, Independence, Ohio 44131.

NORTH OLMSTED CITY SCHOOL DISTRICT
 NOTES TO THE BASIC FINANCIAL STATEMENTS
 FOR THE YEAR ENDED JUNE 30, 2008

NOTE 15 - CONTINGENCIES

The District received financial assistance from federal and state agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies.

Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the District at June 30, 2008.

NOTE 16 - SET-ASIDES

The District is required by State statute to annually set aside, in the General Fund, an amount based on a statutory formula for the purchase of textbooks and other instructional materials, and an equal amount for the acquisition and construction of capital improvements. Amounts not spent by the end of the fiscal year or offset by similarly restricted resources received during the year must be held in cash at year end. These amounts must be carried forward and used for the same purposes in future years. In addition, the District has set aside money for budget stabilization. The following cash basis information identifies the changes in the fund balance reserves for textbooks, capital improvements, and budget stabilization during fiscal year 2008.

	<u>Textbook</u>	<u>Capital Maintenance</u>	<u>Budget Stabilization</u>
Set-aside reserve balances as of June 30, 2007	\$ -	\$ -	\$ 223,073
Set-aside balance carried forward	(3,838,727)	-	-
Current year set-aside requirement	696,642	696,642	-
Qualifying offsets and disbursements	(1,178,728)	(1,200,396)	-
Total	<u>\$ (4,320,813)</u>	<u>\$ (503,754)</u>	<u>\$ 223,073</u>
Set-aside balance carried forward to future fiscal years	<u>\$ (4,320,813)</u>	<u>\$ -</u>	<u>\$ -</u>
Set-aside reserve balance as of June 30, 2008	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 223,073</u>

The District had qualifying disbursements during the fiscal year that reduced the textbook set-aside below zero. This extra amount may be used to reduce the set-aside requirements of future fiscal years. Although the District had qualifying disbursements and offsets during the fiscal year that reduced the set-aside amount below zero for capital maintenance set-aside, this amount may not be used to reduce the set-aside requirement for future years.

NORTH OLMSTED CITY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2008

NOTE 17 – COMPLIANCE AND ACCOUNTABILITY

A. DEFICIT FUND BALANCE

At June 30, 2008, the following funds had deficit fund balances.

Special Revenue Funds:		
Limited English Proficiency	\$	586
Title VIB	\$	101,129
Title I	\$	44,548
Title V	\$	6,649
Miscellaneous Federal Grants	\$	1,239

These deficits resulted from adjustments for accrued liabilities. The General Fund is liable for any deficits in these funds and provides transfers when cash is required, not when accruals occur.

B. CHANGE IN ACCOUNTING PRINCIPLE

For fiscal year 2008, the District has implemented GASB Statement No. 45, "Accounting and Financial Reporting for Postemployment Benefits Other than Pensions". GASB Statement No. 45 establishes uniform standards of financial reporting for other postemployment benefits and increases the usefulness and improves the faithfulness of representations in the financial reports. The implementation of GASB Statement No. 45 did not have an effect on the financial statements of the District; however, certain disclosures related to postemployment benefits (see Note 11) have been modified to conform to the new reporting requirements.

NOTE 18 – SUBSEQUENT EVENTS

In September 2008, the District entered into a lease agreement for office equipment. The lease will be accounted for as an operating lease and will require sixty monthly payments of \$ 5,191 beginning in October 2008.

**COMBINING STATEMENTS AND
INDIVIDUAL FUND SCHEDULES**

NONMAJOR GOVERNMENTAL FUND DESCRIPTIONS

SPECIAL REVENUE FUNDS

Special Revenue Funds are established to account for revenues from specific sources which are legally, or otherwise, are restricted to expenditures for specific purposes.

Food Service - This fund accounts for all transactions related to the operations of the School District's food service program which provides lunches to students and the staff.

Miscellaneous Local Projects – This fund accounts for local revenues to support scholarships and curriculum improvements.

Rotary – This fund accounts for all revenues and expenses related to telephone commissions and vending machines at the District high school, all revenues and expenses related to bus maintenance and repair services provided to other school districts, and all revenues and expenses related to the purchase and resale of city transit system bus tickets for student transportation.

Public Support Services – This fund accounts for school site sales projects, field trips, assemblies, and other extra-curricular activity costs.

Other Grants – This fund accounts for various local grants received to enhance educational programs of the district.

Athletic – This fund accounts for gate receipts and fund raising activities and all operating costs (except supplemental coaching contracts) of the District's Athletic Program.

Auxiliary Services – This fund accounts for State funds received for non-public schools located within the school district as provided by state law. Funds are used primarily for educational supplies, materials, and testing.

Education M.I.S. – This fund accounts for revenues provided by the State of Ohio to support expenditures for development of a statewide management information system required by Senate Bill 140.

Entry Year Teacher - This fund accounts for State monies which support the development of programs for teachers beginning employment with the School District.

Data Communication – This fund provides support costs for data communication links to connect a school district electronically to the data acquisition site.

Schoolnet – This fund accounts for workstations and training of personnel and for wiring upgrades at the individual schools.

Video Distance Learning – This fund accounts for monies received from the State of Ohio for purchase of video conferencing equipment and technology.

(continued)

NONMAJOR GOVERNMENTAL FUND DESCRIPTIONS (continued)

SPECIAL REVENUE FUNDS

Limited English Proficiency – This fund provides support for programs designed to help immigrant children develop academic literacy in the English language.

Parent Mentor Program – This fund accounts for state revenue received for the purpose of providing training and technical assistance to parents of special education need students.

Alternative Education – This fund is used to account for alternative educational programs for existing and new at-risk and delinquent youth.

Miscellaneous State Grants – This fund is used for various monies received from the State of Ohio to develop and support a parent mentoring program, a safe-school hotline, and school improvement incentive programs.

Title VI B – This fund accounts for Federal revenues in support of program expenditures related to Special Education.

Title I – This fund accounts for Federal monies to implement a variety of programs intended to provide supplemental instruction for children of low income families identified as educationally disadvantaged.

Title V – This fund accounts for Federal revenues which support the implementation of a variety of programs (drug/alcohol abuse, computer education) to profit schools within the community.

Drug Free Schools – This fund accounts for Federal revenues used to implement programs to educate and encourage students to live lives free of drug dependency.

Preschool – This fund accounts for Federal monies supporting programs for handicapped services for children ages 2-5 to ready them for the school environment.

Title II-A – This fund accounts for Federal revenue used to hire additional teachers in grade 1 through 3 and provide professional development support.

Miscellaneous Federal Grants – This fund is used to account for various Federally funded programs under the Serve and Learn American Grant Program.

NONMAJOR GOVERNMENTAL FUND DESCRIPTIONS (concluded)

DEBT SERVICE FUND

The Debt Service Fund is used to account for the accumulation of resources for, and the payment of long-term debt principal, interest, and related costs.

CAPITAL PROJECTS FUND

Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds and trust funds).

Permanent Improvements – This fund accounts for monies raised through a tax levy and restricted in use for the acquisition, construction, or improvement of capital facilities and equipment.

STATISTICAL SECTION

This part of the North Olmsted City School District's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures and required supplementary information says about the District's overall financial health.

Contents	Page
Financial Trends These schedules contain trend information to help the reader understand how the District's financial performance and well-being have changed over time.	S 1
Revenue Capacity These schedules contain information to help the reader assess the affordability of the District's most significant local revenue source, the property tax.	S 5
Debt Capacity These schedules present information to help the reader assess the affordability of the District's current levels of outstanding debt and the District's ability to issue additional debt in the future.	S 14
Demographic and Economic Information These schedules offer demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place.	S 17
Operating Information These schedules contain service data to help the reader understand how the information in the District's financial report relates to the services the District provides and the activities it performs.	S 19

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year. The District implemented GASB Statement No. 34 for the year ended June 30, 2002; schedules presenting government-wide information include information beginning in that year.
