Comprehensive Annual Financial Report

OLENTANGY | LOCAL SCHOOL DISTRICT Our mission is to facilitate maximum learning for every student

Olentangy Local School District

Lewis Center, Ohio

For the Fiscal Year Ended June 30, 2008

Mary Taylor, CPA Auditor of State

Board of Education Olentangy Local School District 814 Shanahan Road, Suite 100 Lewis Center, Ohio 43035

We have reviewed the *Independent Auditor's Report* of the Olentangy Local School District, Delaware County, prepared by Kennedy Cottrell Richards LLC, for the audit period July 1, 2007 through June 30, 2008. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Olentangy Local School District is responsible for compliance with these laws and regulations.

Mary Taylor, CPA Auditor of State

OLENTANGY LOCAL SCHOOL DISTRICT COMPREHENSIVE ANNUAL FINANCIAL REPORT for fiscal year ended June 30, 2008

Our mission is to facilitate maximum learning for every student

Adopted June 27, 2000

OLENTANGY | LOCAL SCHOOLS

OFFICE OF THE TREASURER

814 Shanahan Road, Suite 100 Lewis Center, OH 43035

December 19, 2008

To the Board of Education and the Citizens of the Olentangy Local School District:

On behalf of the Olentangy Local School District (the District), we are pleased to submit to you the Comprehensive Annual Financial Report (CAFR) for the year ended June 30, 2008. This CAFR is prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) and in conformance with standards of financial reporting established by the Governmental Accounting Standards Board (GASB) using guidelines recommended by the Government Finance Officers Association of the United States and Canada (GFOA).

This CAFR is presented in three sections:

- o The <u>Introductory Section</u> includes a title page, the table of contents, this transmittal letter, a list of principal officials, and the District's organizational chart.
- o The <u>Financial Section</u> includes the independent auditor's report on the financial statements, management's discussion and analysis, basic financial statements, required supplementary information, and the combining and individual fund financial statements and schedules that provide detailed information relative to the basic financial statements.
- o The <u>Statistical Section</u> includes selective financial, economic, and demographic information, generally presented on a multi-year basis for comparative purpose.

The Office of the Treasurer is responsible for the accuracy of the data presented and the completeness and fairness of this presentation. We believe the data presented is accurate in all material respects.

In addition, this report is designed so that a reader can acquire the maximum understanding of the District's financial activity. This report is provided as a way for the District to communicate openly about the District's finances with its stakeholders.

Comments on the report are welcome and requests for additional financial information can be obtained by contacting the Olentangy's Office of the Treasurer.

Reporting Entity

The District, one of over 600 public school districts in the State of Ohio and four in the County of Delaware, provides education to approximately 13,000 students in grades K through 12 as of June 2008. It is located in Delaware and Franklin Counties in Central Ohio, and approximately fifteen miles north of the City of Columbus. The District was created by the consolidation in 1952 of the Liberty, Hyatt, Orange and Berlin Township schools to form the Olentangy Local School District. Less than one square mile of the District's area is located in Franklin County. The School District's total area is approximately 110 square miles.

Included in the District's territory are all or portions of the following cities, townships and villages:

City of Columbus Concord Township
City of Powell Delaware Township
City of Westerville Genoa Township
Berkshire Township Liberty Township
Berlin Township Orange Township

City of Delaware

The District is an independent political subdivision of the State of Ohio and operates subject to the provisions of the Ohio Constitution and various sections of the Revised Code. Under such laws, there is no authority for the District to have a charter or adopt local laws. The District is not a part of, nor under the control of, the Cities of Columbus, Westerville, Powell, or any other political subdivision.

The accompanying basic financial statements comply with the provisions of Governmental Accounting Standards Board (GASB) Statement No. 14, *The Financial Reporting Entity*, and Statement No. 39, *Determining Whether Certain Organizations are Component Units*, in that the financial statements include all organizations, activities and functions for which the District is financially accountable. Financial accountability is defined as the appointment of a voting majority of a component unit's board and either (i) the District's ability to impose its will over a component unit, or (ii) the possibility that the component unit will provide a financial benefit or impose a financial burden on the District. On that basis, the reporting entity of the District includes the services of the school district only (i.e. there are no component units).

Organization of the School District

An elected five-member Board of Education (the Board) serves as the taxing authority and policy maker for the District. The Board adopts an annual tax budget and an annual appropriations resolution, which serves as the basis for control over and authorization for all expenditures of District tax money. The Board directly approves all personnel-related expenditures.

The Superintendent is the chief executive officer of the District, responsible to the Board for total educational and support operations. The Treasurer is the chief financial officer of the District, responsible to the Board for maintaining all financial records, issuing warrants in payment of liabilities incurred by the District, acting as custodian of all District funds, and investing idle funds as permitted by Ohio law. Other administrative personnel reporting to the Superintendent include the Assistant Superintendent, Director of Human Resources, Executive Director of Elementary Learning, Executive Director of Secondary Learning, Executive Director of Operations and Facilities, Director of Communications, Director of Technology, the School Principals, and various other positions.

Economic Outlook

The County of Delaware (the "County") has experienced exponential growth in the past decade to a current population estimate of 156,700. The County is the fastest growing county in the State, having experienced a 30% growth rate since 2000, and it is recognized as one of the most rapidly growing counties in the nation. The United States Census Bureau recently reported the County as having the 18th highest median household income in the nation. The County has had the highest median household income in the State since 1993.

Additionally, the Columbus Metropolitan Area, nationally recognized as one of the emerging metropolitan areas, is among the more economically stable metropolitan areas in the U.S., and Columbus is one of just a handful of cities in the north eastern quadrant of the nation whose economy and population both grew steadily through the last three decades of the 20th century. A strong residential, commercial and industrial tax base, a very diverse labor force and unemployment rate below the State and National averages have resulted in strong growth throughout the metropolitan area, as well as in and around the School District.

The School district is considered a high wealth district. The valuation per pupil for fiscal year 2008 was \$250,127 compared to the State average of \$143,429. A comparison of the median Ohio adjusted gross income shows that the School District's median of \$65,956 is approximately \$35,600 higher than the State median in tax year 2006. The School District's 2006-07 expenditure per pupil (all funds) was \$8,507, compared to the State average of \$10,333.

The School District is located in a high growth area. The revenue raised by 1 mill of taxation on School District property owners is approximately \$3.0 million compared to the State average of \$422,094. The assessed valuation increase for the School District for the five-year period ended December 2007 was over 60%.

The commercial tax base of the School District continues to grow at a robust pace. The Polaris Development ("Polaris") provides the heaviest concentration of office and retail development. The corner stones of Polaris consist of the 1,500,000 square foot Polaris Fashion Mall ("the Mall") and the 1,200,000 square foot J.P. Morgan Chase office complex

The Mall opened in October 2001. The total value of the completed Mall was approximately \$118 million; however, a new "Lifestyles Center" shopping area and out-parcels surrounding the Mall are still being developed. The Mall also included an \$11.8 million privately funded

interchange that opened on Interstate Highway 71 in November 1991. A second interchange was recently opened north of the main Polaris I-71 interchange to ease traffic congestion. This second I-71 interchange was constructed by the Ohio Department of Transportation at a cost of \$24 million. Over the next 25 years, the total market value of Polaris is expected to approach \$1 billion.

Additionally, several stand alone stores and retail centers are in the process of being constructed in Polaris. Recent openings include a 60,000 square foot retail center anchored by a fitness center and a \$16 million, 18-screen cinema development that includes shopping and dining, and a \$65 million 252 room Hilton Columbus at Polaris hotel.

OhioHealth Corporation ("OhioHealth"), the owner of central Ohio's largest hospital system, has broken ground on the new Delaware Health Center, which will be located in the School District on a 105-acre site owned by OhioHealth. The 60,000-square-foot facility will include space for outpatient healthcare and medical offices, and it is scheduled to open in the first quarter of 2009. The Delaware Health Center is OhioHealth's first phase in creating the Delaware Health Village, a health care complex that will eventually include the construction of a new hospital to replace Grady Memorial Hospital. Grady Memorial Hospital is an OhioHealth-owned hospital located outside of the School District in Delaware, Ohio.

In other developments in the area, the Kroger Company completed construction of a distribution facility located in the northern portion of the School District. This facility consists of approximately 758,000 square feet and is located on 165 acres. Kroger transferred approximately 270 employees and created an additional 200 plus new jobs in the facility's first year of existence. The County, with input from the School District, abated real estate taxes on various portions of this project. Over the first ten years the School District will receive approximately \$8 million in revenue from this development.

[Balance of Page Intentionally Left Blank]

The School District's growth in the past decade is reflected, in part, in the degree of building activity in the School District. Building permit statistics are not available for the School District as such. The following table relating to the issuance of single family building permits by the Townships of Orange, Berlin and Liberty, and the City of Powell from 2002 through 2008 is set forth for informational purposes only. It should not be implied from the inclusion of such data that the School District is representative of the Townships/City or vice versa.

Year	Orange Twp.	Berlin Twp.	Liberty Twp.	City of Powell	Total
2002	558	156	238	127	1,079
2003	601	123	175	261	1,160
2004	576	97	166	209	1,048
2005	419	84	168	216	887
2006	194	58	107	138	497
2007	228	40	75	94	437
2008*	68	14	29	25	136

^{*} Preliminary data through May 2008.

Source: Delaware County Regional Planning Commission, City of Powell

While the tremendous growth provides revenue enhancing opportunities, it also provides challenges and expenditure pressures. The District, along with many other public school systems in the state, still face some difficult economic situations in the future since the primary funding source is property tax revenue. Ohio law limits growth in real estate tax revenues by reducing millage as assessed values increase. This keeps revenues from each levy relatively constant. Statewide voters have proved reluctant to increase property taxes. Although the District has received additional revenue from the valuation growth of new construction within the District, the increased expenditures from the enrollment growth have outpaced the additional revenue.

The District, therefore, placed and the voters passed a combined operating and bond levy in March 2008. This levy was in the amounts of 7.9 and 1.8 mills, respectively. This combined levy is expected to generate additional revenues of approximately \$11.4 million in fiscal 2009, and \$22.8 million each fiscal year thereafter.

In 2008, the Board entered into a three-year agreement effective July 1, 2008 to June 30, 2011 with the Olentangy Teachers Association (OTA). These negotiations established the wage and benefit levels for the District's certificated employees.

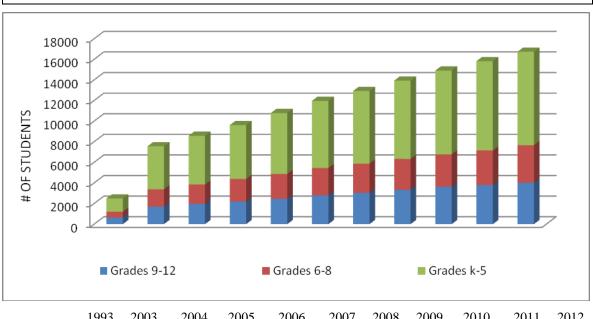

In June 2007, the Board entered into a three-year language agreement, with a wage reopener after June 30, 2008, effective July 1, 2007 to June 30, 2010 with the Ohio Association of Public School Employees (OAPSE) and AFSCME AFL-CIO Local #322 (transportation drivers).

In June 2007, the Board entered into a three-year language agreement, with a wage reopener after June 30, 2008, effective July 1, 2007 to June 30, 2010 with the Ohio Association of Public School Employees (OAPSE) and AFSCME AFL-CIO Local #039 (maintenance and custodians).

Enrollment Growth

The District's enrollment is the fastest growing in the State of Ohio based on actual numbers in fiscal years 2007 and 2008. The District's enrollment grew by approximately 1,030 students in 2007 and 2008. Enrollment for school year 1987-88 was 1,618 while enrollment for the 2007-08 school year was approximately 13,000. During the last five years the District has experienced enrollment growth ranging from 9% to 14%. The enrollment projections, as well as development projections, indicate that the growth will continue well into this century. Student enrollment projections for the year 2008-09 indicate an enrollment of approximately 14,000 and 20,549 by 2016-17.

OLENTANGY ENROLLMENT: ACTUAL AND PROJECTED

	1993	2003	2004	2005	2006	2007	2008	2009	2010	2011	2012
Grades 9-12	641	1703	1968	2194	2456	2784	3038	3370	3754	3964	4232
Grades 6-8	564	1683	1878	2192	2422	2663	2854	3039	3312	3555	3882
Grades K-5	1284	4174	4736	5229	5914	6525	7110	7562	7952	8208	8407

Source: The District used the Development Committee's "Revised Projection Enrollment" dated October 2008 (summary of Dejong and Associates Report) for enrollment projections to determine staffing requirements.

Building Facilities

The District is fortunate in that we have been able to keep pace with the District's rapidly growing student enrollment. Since 1989 the District has grown from utilizing only the Shanahan building to a total of eighteen school buildings in the 2007-08 school year. The District opened a new high school at the beginning of fiscal year 2009 and anticipates opening one new elementary school in fiscal 2010, one in fiscal 2011 and opening one new middle school in 2012.

The District's Development Committee (committee of citizens) is always evaluating the construction needs that will exist within the District in the future. The District continues to face the challenge of forecasting the number of students that will be entering the schools each year and trying to provide adequate space to house the influx (see below).

The residents of the District have been supportive regarding the construction needs of the District. Since May of 1999, District residents have supported seven consecutive bond levies. The most recent bond levy was for \$89.9 million in March 2008.

Since 1999 the District has constructed, is in the process of constructing or has voter approval for the following schools/buildings:

Oak Creek Elementary (FY 2001) Tyler Run Elementary (FY 2002) Liberty Middle School (FY 2002) Bus/Maintenance Compound (FY 2003) Liberty High School (FY 2004) Walnut Creek Elementary (FY 2004) Indian Springs Elementary (FY 2004) Orange Middle School (FY 2005) Glen Oak Elementary (FY 2006) Olentangy Meadows Elem. (FY 2007) Liberty Tree Elementary (FY 2008) Hyatts Middle School (FY 2008) Johnnycakes Corners Elementary (FY 2008) Orange High School (FY 2009) 13th Elementary School (FY 2010)* 14th Elementary School (FY 2011)* 15th Elementary School (FY 2014)* 5th Middle School (FY 2012)* Bus/Maintenance Facility (FY 2009)* Expansion to Olentangy High School (FY2011)*

^{* -} Thanks to the voters of our District, the District has been able to plan ahead for the next few years with the bond issue previously mentioned. The dates listed are the projected opening school year; however, these dates are contingent on availability of land, access to utilities and good weather for construction.

Educational Program

As of June 2008, approximately 13,000 students were enrolled in the School District's twelve elementary schools, four middle schools, and two high schools. The high school population includes approximately 114 students enrolled in cooperative vocational educational programs provided by the Delaware County Joint Vocational School District (JVSD).

Faculty at each level is supported by the Office of Curriculum and Instruction, which in turn is responsible for the District's improvement efforts and facilitation of the District's Continuous Improvement Plan (CIP). Efforts to continuously improve teaching and learning are guided by the School District's CIP. In addition, regular updates to courses of study are made with involvement of the faculty and input form the community.

The School District's curriculum includes a wide range of electives and comprehensive courses of study in college preparatory, liberal arts and vocational programs. Test scores indicate that the School District's students generally achieve higher than national averages.

A full range of extracurricular programs and activities are available to students beginning at the elementary level. A complete competitive athletics program is offered beginning at the middle school level. An intramural sports program is also offered to students at selected grade levels throughout the School District.

[Balance of Page Intentionally Left Blank]

Major Initiatives in Education:

In 2000, the District developed a Continuous Improvement Plan (CIP). The Board adopted this plan for the school year beginning July 1, 2000. The CIP was developed with the following vision (revised in 2003, 2006 & 2008):

Mission Statement:

Our mission is to facilitate maximum learning for every student.

Vision:

The Framework for Excellence

Our students will perform at a level that surpasses or is equal to their anticipated level of achievement based on measured ability. We will promote high expectations for students in all areas: academic, artistic, physical, health, citizenship, and service. In a fiscally responsible manner, we will commit the resources necessary to establish and maintain:

- A respectful, caring, and safe environment
- Research-based, student focused instruction
- Information-driven decision making
- A focused and challenging curriculum
- Collaboration focused on improving student learning
- An active partnership with parents and community

Focus:

The Districtwide Area Of Concentration Is On Curriculum

A clearly articulated curriculum that directly aligns to state standards and is based on high expectations that define the learning expectations for all students.

Benchmarks and Indicators

Measuring the Outcomes

Benchmark 1: Achievement at or above projected performance levels based on Project SOAR data.

Increase or maintain at least 80 percent of students achieving at or above their projected performance level.

Benchmark 2: Facilitate a year or more of achievement for every year of instruction.

Overall district/building growth is at or above a year's worth of growth.

Majority of subjects and grade levels will meet or exceed a year's worth of growth.

Benchmark 3: Meet state standards at the district and building levels.

75 percent or more of students will score proficient or above in all subjects and grade levels.

Meet Adequate Yearly Progress (AYP) for all subgroups in reading and math.

State Performance Index will increase or maintain at least 105.

Benchmark 4: Top of State and Nation.

Will surpass the advanced and accelerated percentages of the similar-district group in a majority of subjects and grade levels.

State Performance Index ranking will increase or remain in the top 10 percent of all school districts.

Benchmark 5: Increased percentages of students at advanced and accelerated levels.

Increase or maintain at least 50 percent of students scoring at advanced and accelerated levels.

Increase or maintain at least 50 percent of juniors and seniors participating in Advanced Placement courses.

Increase or maintain at least 75 percent of juniors and seniors earning a score of three or higher on Advanced Placement exams.

Benchmark 6: Community survey responses show continued high and increasing ratings on achieving our mission and all areas of our vision.

The community survey results will equal or surpass previous year.

Benchmark 7: Graduates prepared for educational/vocational pursuit of their choice.

Increase from the three-year average or maintain above 90 percent of seniors giving top two ratings on the exit survey.

Increase or maintain 50 percent of students meeting all four ACT college readiness benchmarks. ACT mean scores will increase or remain high at 25.

Our high schools will continue to be ranked in the top 500 high schools in the nation as ranked by the Challenge Index.

CIP Benchmark Terminology

SOAR:

SOAR is a statewide school improvement initiative comprised of over 100 Ohio school districts. Olentangy receives district, building, grade, and classroom-level performance data reports in reading, math, science, and social studies for grades 3-10. The Ohio Value-Added model will provide district, building and grade-level

performance data reports for only grades 4-8 in reading and math for all Ohio districts (These will be reported on the Local Report Card).

Growth:

Growth or Value-Added data is the newest accountability measure we have. These data measure if the District, building and/or teachers are facilitating average or typical growth for their students. We use both TerraNova and state achievement tests in Value-Added calculations. We are able to measure growth in third through tenth grades in reading and mathematics, writing in fourth, seventh and tenth, and science and social studies in third through tenth grades.

Designations are given to a district, building, grade, or classroom referencing the impact of learning. The designations are above expected, expected, or below expected growth.

Projected Performance:

This is a calculated performance level based on a student's complete standardized testing data history. We will use all state achievement tests and TerraNova when no state achievement tests are available. These projections are the performance level a student is most likely to attain on the state achievement tests.

Performance Index (PI):

This is a calculation that reflects the achievement of every student. The score is a weighted average of all tested subjects in grades 3-8 and 10. The most weight is given to students scoring at the advanced level (1.2) and decreases with each lower performance level. This creates a scale from 0 to 120 points.

Untested students	0 points
Limited	0.3 points
Basic	0.6 points
Proficient	1.0 points
Accelerated	1.1 points
Advanced	1.2 points

Adequate Yearly Progress (AYP):

All students in grades 3 through 8 and 10 (OGT) are evaluated in reading and math only. This measure was created to ensure that all subgroups are achieving at high levels. All students fall into at least two of the following ten student subgroups:

- All Students
- Economically Disadvantaged Students
- Asian/Pacific Islander Students
- Black/Non-Hispanic Students
- American Indian/Alaskan Native Students
- Hispanic Students
- Multi-Racial Students
- White Students
- Students with Disabilities (IEP)
- Students with Limited English Proficiency (LEP)

There must be a minimum of 30 students in any subgroup for a district or building to receive an AYP rating.

The AYP goals change every two years. Below are the goals that were in effect for the 2007-08 school year and will be the same goals for the 2008-09 school year.

Grade Band	Grade	Reading	Math
Elementary	3	77.0%	68.5%
	4	74.6%	73.7%
	5	74.6%	59.7%
Middle	6	80.6%	64.1%
	7	74.9%	57.8%
	8	79.0%	58.0%
High	10	77.4%	68.0%

Internal Control

In developing and revising the District's accounting and internal control system, the Management has considered the adequacy of internal controls to provide reasonable, but not absolute, assurance regarding:

- the safeguarding of assets against loss from unauthorized use or disposition; and
- the reliability of financial records for preparing financial statements and maintaining accountability for assets.

The concept of reasonable assurance recognizes that:

- the cost of a control should not exceed the benefits likely to be derived; and
- the evaluation of costs and benefits requires estimates and judgments by management.

Management believes that the internal controls adequately meet the above objectives.

Budgetary Controls

In addition, the District maintains budgetary controls. The objective of these controls is to ensure compliance with legal provisions embodied in the annual appropriation resolution approved by the Board of Education. Activities of all funds are included in the annual appropriation resolution. The level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amount) is by fund. The District has chosen to present budgetary information at the function level in the basic financial statements and at the fund level in the individual fund statements.

The District maintains an encumbrance accounting system as one technique of accomplishing budgetary control. Unencumbered appropriation balances are verified prior to the release of purchase orders to ensure funds are available to meet the obligation created by the purchase order. Encumbered amounts at year-end are carried forward to succeeding fiscal years and are not re-appropriated.

As demonstrated by the statements and schedules included in the financial section of this report, the District continues to meet its responsibility for sound financial management.

Financial Condition

This is the sixth year that the District has prepared financial statements following GASB Statement No. 34, "Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments." GASB Statement No. 34 created new basic financial statements for reporting on the Districts' financial activities as follows:

Government-wide financial statements – These statements are prepared on an accrual basis of accounting, which is similar to the basis of accounting followed by many businesses.

- <u>Fund financial statements</u> These statements present information for individual major funds rather than by fund type. Non-major funds are presented in total in one column. Governmental funds use the modified accrual basis of accounting and include a reconciliation to the governmental activities presented in the government-wide financial statements. Fiduciary funds use the accrual basis of accounting.
- Statement of budgetary comparisons These statements present comparisons of
 actual information to the legally adopted budget for the general fund. The budgetary
 basis, as provided by law, is based upon accounting for certain transactions on a basis
 of cash receipts, disbursements, and encumbrances.

As part of this reporting model, management is responsible for preparing a Management Discussion and Analysis of the District. The discussion is located in the financial section of this report, following the audit opinion, and provides an assessment of the District's finances for 2007-08.

Cash Management

The District maintains a cash management program whereby it expedites the receipt of revenues and prudently invests available cash. All available funds are invested in conformance with existing legal requirements and Board adopted policy guidelines, to the maximum extent possible, at the highest rates obtainable at the time of investment. The District's investments are designed and managed in a manner responsive to public trust and consistent with state and local laws.

Risk Management

The District is part of a statewide plan for workers' compensation insurance coverage. Additionally, the District carries all-risk property insurance, liability and excess liability insurance, as well as officers' liability insurance. The District provides medical, dental, vision and life coverage for its employees on a consortium insurance basis. The District pays into the Champaign, Delaware, Marion and Union Counties (CDMU) consortium at various rates based on the coverage selected by the employee. Claims are reviewed by a claims administrator and then paid by the consortium.

Independent Auditors

The financial statements of the District for the year ended June 30, 2008, were audited by the independent public accounting firm of Kennedy Cottrell & Richards LLC, whose unqualified opinion thereon is included at the beginning of the Financial Section of this report.

Certificate of Achievement Program

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Olentangy Local School District for its comprehensive annual financial report (CAFR) for the fiscal year ended June 30, 2007. In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both accounting principles generally accepted in the United States of America and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Acknowledgments

The preparation of this report was made possible by the diligence of the staff of the Treasurer's Office and other departments throughout the District. Their initiative and conscientious work ensured the integrity of the information contained herein and guaranteed this report's successful completion.

In closing, we would like to thank the Board of Education for their support without which the preparation of this report would not have been possible.

Respectfully submitted,

Jenny Hooie

INDEPENDENT AUDITOR'S REPORT

Olentangy Local School District 814 Shanahan Road Lewis Center, Ohio 43035

To the Board of Education:

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Olentangy Local School District, Delaware County, Ohio (the District) as of and for the year ended June 30, 2008, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of the District as of June 30, 2008, and the respective changes in financial position, where applicable, thereof and for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standard*s, we have also issued our report dated December 19, 2008, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Management's Discussion and Analysis and the budgetary comparison for the general fund are not a required part of the basic financial statements but are supplementary information accounting principles generally accepted in the United States of America requires. We have applied certain limited procedures, consisting principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

Olentangy Local School District Delaware County Independent Auditor's Report Page 2

We conducted our audit to opine on the financial statements that collectively comprise the District's basic financial statements. The introductory section, combining and individual non-major fund statements and budgetary comparison schedules, and statistical tables provide additional information and are not a required part of the basic financial statements. We subjected the combining and individual non-major fund statements and budgetary comparison schedules to the auditing procedures applied in the audit of the basic financial statements. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole. We did not subject the introductory section and statistical tables to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

Olentangy Local School District

Management's Discussion & Analysis For the Fiscal Year Ended June 30, 2008

As management of the Olentangy Local School District (the District), we offer readers of the District's financial statements this narrative overview and analysis of the financial activities for the fiscal year ended June 30, 2008. We encourage readers to consider the information presented here in conjunction with the District's financial statements, which follow this section.

Financial Highlights

The District's net assets are \$51,553,222 as of June 30, 2008 according to the Statement of Net Assets. This represents an increase of \$2,636,426 or 5.4% as compared to last year. The increase is primarily a result of the timing of the certification of revenues by the County. In Ohio, the portion of property taxes legally available as an advance, on the future August real estate settlement, by June 30 is reported as revenue on both the full accrual and modified accrual basis of accounting. Thus, in the previous years, 2007 and 2006, Delaware County certified that the amount of taxes available for advance was approximately \$13.8 million and \$31.4 million, respectively; whereas, the amount available for advance at June 30, 2008 was approximately \$17.9 million, thus resulting in an additional increase in net assets of \$4.1 million and property tax revenues of \$13.5 million, due solely to the timing of the certification of revenues. On a budgetary basis (cash plus encumbrances) property tax revenues remained stable while the General Fund balance decrease by approximately \$4.1 million as expected.

The District's voters passed a combined operating and bond levy in March 2008. This levy was in the amounts of 7.9 and 1.8 mills, respectively. This combined levy is expected to generate additional revenues of approximately \$11.4 million in fiscal 2009, and \$22.8 million each fiscal year thereafter. As a result, the current five-year forecast prepared by the District, as mandated by state law, reflects a positive operating cash balance through June 2013.

The General Fund reported a fund balance of \$22,289,899.

Reporting the District as a Whole

The Statement of Net Assets and Statement of Activities

One of the most important questions asked about the District's finances is, "Is the District better off or worse off as a result of the year's activities?" The Statement of Net Assets and the Statement of Activities report information about the District as a whole and about its activities in a manner that helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by private sector corporations. All of the current year revenues and expenses are taken into consideration regardless of when cash is received or paid.

These two statements report the District's net assets and changes in them. The change in net assets provides the reader a tool to assist in determining whether the District's financial health is improving or deteriorating. The reader will need to consider other non-financial factors such as property tax base, current property tax laws, student enrollment growth, and facility conditions in arriving at their conclusion regarding the overall health of the District.

Reporting the District's Most Significant Funds

Fund Financial Statements

Our analysis of the District's major funds appears on the fund financial statements beginning with the Governmental Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balances. These statements provide detailed information about the most significant funds, not the District as a whole. Some funds are required to be established by State statute, while many other funds are established by the District to help manage money for particular purposes and compliance with various grant provisions. The District's two types of funds, governmental and fiduciary, use different accounting approaches as further described in the notes to the financial statements.

Governmental Funds

Most of the District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future periods. These funds are reported using an accounting method called modified accrual accounting, which measures cash and other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the District's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are financial resources available to spend in the near future to finance the District's programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Assets and the Statement of Activities) and governmental funds is reconciled in the basic financial statements.

Fiduciary Funds

The District's Fiduciary Funds are: 1) a Private-Purpose Trust Fund and 2) a Student Managed Activities Agency Fund. The District's fiduciary activities are reported in the Statement of Net Assets, Fiduciary Funds. We exclude these activities from the District's other financial statements because the assets cannot be utilized by the District to finance its operations.

Government-wide Financial Analysis

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of the District, assets exceeded liabilities by \$51,553,222 according to the Statement of Net Assets at the close of the most recent fiscal year.

A portion of the District's net assets (\$21,480,317) represents resources subject to external restrictions on how they may be used.

Another portion of the District's net assets (\$10,647,873) reflects its investment in capital assets less depreciation and any related debt used to acquire those assets that is still outstanding. The District uses capital assets to provide services; consequently, these assets are not available for future spending. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The District's unrestricted net assets are \$19,425,032 at June 30, 2008 as compared to \$18,032,699 at June 30, 2007. This increase in net assets is primarily attributed to the aforementioned timing of the certification of revenues as discussed earlier. A comparative analysis of fiscal year 2008 to 2007 follows from the Statements of Net Assets:

	Governmental Activities				
		2008		<u>2007</u>	
Current assets	\$	229,426,046	\$	210,423,962	
Capital assets		299,923,552		278,405,333	
Total assets		529,349,598		488,829,295	
Current liabilities		119,996,390		110,414,192	
Long-term liabilities		357,799,986		329,498,307	
Total liabilities		477,796,376		439,912,499	
Net Assets:					
Invested in capital, net of debt		10,647,873		13,137,514	
Restricted		21,480,317		17,746,583	
Unrestricted		19,425,032		18,032,699	
Total net assets	\$	51,553,222	\$	48,916,796	

Olentangy Local School District Changes in Net Assets

	Governmental Activities				
	2008	2007			
Program revenues:					
Charges for services	\$ 6,445,441	\$ 6,029,809			
Federal grants	3,577,246	3,249,155			
State grants	2,805,525	2,916,456			
Capital contributions	-	498,681			
General revenues:					
Property taxes	114,673,843	89,541,969			
State entitlements	17,973,698	16,332,422			
Investment earnings	4,474,517	6,539,783			
Miscellaneous	934,434	701,586			
Total revenues	150,884,704	125,809,861			
Program expenses:					
Instructional	78,235,824	65,103,983			
Support services	49,542,780	43,110,466			
Co-curricular student activities	3,821,794	3,289,805			
Community services	516,660	715,456			
Interest on long-term debt	16,131,220	13,925,336			
Total expenses	148,248,278	126,145,046			
Increase in net assets	\$ 2,636,426	\$ (335,185)			

Governmental Activities

Net assets of the District's governmental activities increased by \$2,636,426. This increase in revenues is primarily attributed to the aforementioned timing of the certification of revenues as discussed earlier. The expenditure increase over the prior year is primarily due to adding staff, as well as increases as a result of normal pay raises and increased health insurance premiums associated with existing staff. The District opened two new elementary schools and one middle school in fiscal 2008. The District is one of the fastest growing school districts in the state of Ohio, as well as, one of the fastest growing districts in the nation. The District's enrollment increased by over 1,200 students in fiscal year 2008.

The property tax laws in Ohio create the need periodically to seek voter approval for additional operating funds. Tax revenues generated from voted tax levies do not increase as a result of inflation. An operating levy is approved for a fixed millage rate, but the rate is reduced for inflation with the effect of providing the District the same amount of tax dollars as originally approved. Therefore, school districts such as ours that are dependent upon property taxes as a primary source of revenue must periodically return to the ballot and ask voters for additional resources to maintain current programs. Since the District must rely heavily on voter approval of operating tax issues, management of the resources is of paramount concern to the District's administration and the voting public.

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services. The table below reflects the cost of program services and the net cost of those services after taking into account the program revenues for the governmental activities. General revenues including tax revenue, investment earnings and unrestricted State entitlements must support the net cost of program services.

	Total Cost of	Net Cost of
	Services	Service
Programs	2008	2008
Instructional services	\$ 78,235,824	74,878,931
Support services	49,542,780	41,759,890
Co-curricular student activities	3,821,794	2,609,835
Community services	516,660	40,190
Interest on long-term debt	16,131,220	16,131,220
Total	\$ 148,248,278	135,420,066

Local property taxes make up approximately 76.0% of the revenues for governmental activities. The net services column reflecting the need for \$135,420,066 of support indicates the reliance on general revenues to support governmental activities.

The District's Funds

The District's governmental funds reported a combined fund balance of \$105,497,370, which represents an increase of \$12,186,075 as compared to last year's total of \$93,311,295 according to the Governmental Funds Balance Sheet. The increase is primarily due to the aforementioned timing of the certification of revenues, as well as the receipt of monies related to the debt issuance for construction projects prior to expenditure of such monies, as described below in the debt and capital asset sections of this letter. The schedule below shows the fund balance and the total change in fund balance from June 30, 2008 to 2007.

	Fund Balance at		Fund Balance at		Increase
	June 30, 2008		June 30, 2007		(Decrease)
General Fund	\$	22,289,899	\$	20,898,032	1,391,867
Debt Service		18,502,257		14,851,749	3,650,508
Building Fund		61,529,220		54,571,307	6,957,913
Other Governmental Funds		3,175,994		2,990,207	185,787
Total	\$	105,497,370	\$	93,311,295	12,186,075

General Fund

The District's property tax revenues increased primarily because of the timing of the certification of revenues as previously discussed. The tables that follow assist in illustrating the financial activities and balance of the General Fund.

Revenues

	2008	2007	% Change
Property taxes	\$ 91,351,849	\$ 71,543,656	27.69%
Intergovernmental	17,633,018	16,422,383	7.37%
Investment income Other revenure	 2,641,088 1,372,812	 1,822,145 1,285,777	44.94% 6.77%
Total	\$ 112,998,767	\$ 91,073,961	24.07%

As the table below indicates, the largest portion of General Fund expenditures is for instructional cost.

Expenditures by Function

	2008	2007	% Change
Instructional services	\$ 67,208,286	\$ 57,336,884	17.22%
Support services	41,693,180	35,627,818	17.02%
Co-curricular student activities	2,553,197	2,267,952	12.58%
Community services	-	1,000	-100.00%
Capital outlay	-	574,868	-100.00%
Debt service	 166,815	 360,277	-53.70%
Total	\$ 111,621,478	\$ 96,168,799	16.07%

The expenditure increase over the prior year is primarily due to the increase in the number of employees to meet the demand of opening two new elementary schools, one new middle school, as well as serving an additional 1,200 students in fiscal year 2008. In addition, expenditures increased due to normal raises and increased health insurance premiums associated with existing staff.

Debt Service Fund

The District's Debt Service Fund balance increased primarily because of the aforementioned increase in property tax revenues. The tables that follow assist in illustrating the financial activities and balance of the Debt Service Fund.

Revenues

	2008	2007	% Change
Property taxes	\$ 22,492,994	\$ 17,815,313	26.26%
Intergovernmental	2,460,745	2,256,802	9.04%
Other revenue	 4,464	 2,638	69.22%
Total	\$ 24,958,203	\$ 20,074,753	24.33%

As the table below indicates, Debt Service Fund expenditures are for financing costs.

Evnon	diturac	hw l	Function
Expen	anures	DV J	r uncuon

	2008		2007	% Change
Support services	\$ 208,038	\$	321,999	-35.39%
Interest repayment	15,052,178		15,599,810	-3.51%
Principal repayment	6,367,338		3,803,309	67.42%
Total	\$ 21,627,554	\$	19,725,118	9.64%

See below for further discussion as it relates to the District's debt activity.

Building Fund

The District's Building Fund is used to account for financial resources used for the acquisition or construction of major capital facilities specifically funded by bonds approved by the voters. The increase in fund balance is a result of the issuance of debt in the current year prior to the planned expenditures for major construction projects as follows:

	Project Authorization	Expended to June 30, 2008	Committed
3B's & K Elementary Bale Kenyon Elementary 3B's & K Middle School Orange High School Olentangy HS Renovations 3B's & K Bus Garage	\$ 11,600,000 11,200,000 24,400,000 56,100,000 14,200,000 5,500,000	26,678 679,637 69,065 42,078,196 1,026,578 162,170	11,573,322 10,520,363 24,330,935 14,021,804 13,173,422 5,337,830
Total Capital Projects	\$ 123,000,000	44,042,324	78,957,676

Other Funds

Other governmental funds consist of Special Revenue, and other Capital Projects funds. Fund balance in these funds increased by \$185,587.

General Fund Budget Information

The District's budget is prepared in accordance with Ohio law and is based on the cash basis of accounting, utilizing cash receipts, disbursements, and encumbrances. Changes are made to the District's budget as changes in revenues and spending patterns are experienced.

The District uses the five-year forecast as the original document from which to form the operating budget. After updating the forecast for changes in revenue and expenditure assumptions, the operating budget begins at the school level. Each school and department submits a budget to the Superintendent and Treasurer. After discussion and various modifications, a final amount is agreed upon. Budgets are reviewed periodically to ensure management becomes aware of any variations during the year.

The original revenue and expenditure budget estimates were revised less than .035% and .02%, respectively, as compared to the final budget.

Capital Assets

The District has \$299,923,552 invested in capital assets net of depreciation. The capital asset balance increased by \$21,518,219, net of current year accumulated depreciation of \$6,957,306. This increase is primarily attributed to the continued building of schools and related purchase of tangible assets for such schools as discussed in the Building Fund above. Additional detailed information regarding capital asset activity is included in the notes to the basic financial statements on page 32.

Debt

On June 30, 2008, the District had \$352,441,321 in outstanding bonds and notes payable as follows:

Amount outstanding at June 30, 2008	\$ 338,821,825
Accumulated accretion on discount debt	12,820,057
Unamortized bond premium, net of accumulated	
amortization of \$ 1,423,599	8,651,023
Deferred amount on refunding bonds, net	(7,851,584)
Amount included in the Statement of Net	
Assets	\$ 352,441,321

On November 14, 2007, the District issued \$9,339,997 in refunding bonds to refund \$4,560,000 of the 1997 series various purpose bonds, and \$4,780,000 of the 2006 various purpose bonds. Bond issuance cost and the bond premium of \$182,630 and \$460,866 respectively has been recorded on the statement of net assets, net of related amortization, as deferred charges and long-term liabilities, respectively.

On May 1, 2008, the District issued \$36,400,000 in bond anticipation notes. These notes were subsequently bonded on August 20, 2008.

Detailed information regarding long-term debt is included in the notes to the basic financial statements on page 35.

Under current state statutes, most Districts' general obligation bonded debt issues are subject to a legal limitation based on 9% of the total taxable valuation of real and personal property. However, the District was approved as a "special needs district" by the State of Ohio based upon its 10-year growth in assessed valuation and is permitted to exceed the 9% limit.

Restrictions and Other Limitations

The District faces various challenges with being one of the fastest growing school districts, not only in the State, but the Nation. The District has been fortunate over the years to be able to manage the growth pattern while maintaining the educational program and facilities. However, the future financial stability of the District is not without challenges.

The first challenge is to ensure resources can be preserved as long as possible. The five-year forecast of the general fund and the 10-year building/construction plan are utilized as tools to manage resources effectively. The District's voters passed a combined operating and bond levy in March 2008. This levy was in the amounts of 7.9 and 1.8 mills, respectively. This combined levy is expected to generate additional revenues of approximately \$11.4 million in fiscal 2009, and \$22.8 million each fiscal year thereafter. The District opened a new high school at the beginning of fiscal 2009, and anticipates opening one new elementary school in fiscal 2010 and one in fiscal 2011 and opening one new middle school in 2012.

The second challenge facing the District is based on the local economy. The District has experienced incredible growth during the past 5 years. Building permits have ranged from 900 to 1,700 a year. If the growth pattern changes and student enrollment increases more than anticipated, the District will have to change assumptions for its five-year financial models. Similarly, the current economic downturn may result in a decrease in building permits issued, which could result in revenue forecasts needing to be revised downward.

The last major challenge facing the District is future state funding. On December 11, 2002, the Ohio Supreme Court issued its latest opinion regarding the State's school-funding plan. The decision reaffirmed earlier decisions that Ohio's current school-funding plan is unconstitutional. The Supreme Court relinquished jurisdiction over the case and directed "...the Ohio General Assembly to enact a school-funding scheme that is thorough and efficient..." The School District is currently unable to determine what effect, if any, this decision will have on its future State funding and its financial operations.

Contacting the District's Financial Management

This financial report is designed to provide our citizens, tax payers, investors, and creditors with a general overview of the District's finances and to reflect the District's accountability for monies it receives. Questions concerning any information in this report or requests for additional information should be directed to Rebecca A. Jenkins, Treasurer, Olentangy Local School District, 814 Shanahan Road, Suite 100 Lewis Center, Ohio 43035.

Notes to the Basic Financial Statements For the Year Ended June 30, 2008

1. REPORTING ENTITY

The Olentangy Local School District (the District) is an independent political subdivision of the State of Ohio and operates subject to the provisions of the Ohio Constitution and various sections of the Revised Code. The District is governed by a five-member board of education (the Board) elected by the citizens of the District.

The accompanying basic financial statements comply with the provisions of Governmental Accounting Standards Board (GASB) Statement No. 14, *The Financial Reporting Entity*, and Statement No. 39, *Determining Whether Certain Organizations are Component Units*, in that the financial statements include all organizations, activities, and functions for which the District is financially accountable. Financial accountability is defined as the appointment of a voting majority of a component unit's board and either (i) the District's ability to impose its will over a component unit, or (ii) the possibility that the component unit will provide a financial benefit or impose a financial burden on the District. On that basis, the reporting entity of the District includes the services of the school district only (i.e. there are no component units).

Jointly Governed Organizations

The Delaware Area Career Center (DACC) is a distinct political subdivision of the State of Ohio which provides vocational education. The DACC operated under the direction of a Board consisting of one or two representatives from each of the four participating school districts' Boards of Education, and two representatives from the Delaware-Union Educational Career Center. The degree of control exercised by the District is limited to its representation on the Board. The Board of DACC possesses its own budgetary and taxing authority. Financial information can be obtained from DACC at, 4565 Columbus Pike Road, Delaware, Ohio 43015.

The District is a participant in the Tri-Rivers Educational Computer Association (TRECA), which is a computer consortium. TRECA is an association of public school districts within the boundaries of Delaware, Knox, Marion, Morrow, Muskingum, and Wyandot Counties. The organization was formed for the purpose of applying modern technology with the aid of computers and other electronic equipment, to administrative and instructional functions among the member school districts. The governing board of TRECA consist of one representative from each county elected by the majority vote of all charter member school districts within each county, one representative from the city school districts, and the superintendent from Tri-Rivers Joint Vocational School. Financial information for TRECA can be obtained from TRECA administrative offices at: 100 Executive Drive, Marion, OHIO 43302.

Notes to the Basic Financial Statements, Continued

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements of the District have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The GASB is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The District's significant accounting policies are described below.

(a) Government-wide and fund financial statements

The government-wide financial statements (i.e., the statement of net assets and the statement of changes in net assets) report information on all of the non-fiduciary activities of the District. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. Likewise, the *primary government* is reported separately from legally separate *component units* for which the primary government is financially accountable. The District (primary government) has no business-type activities or component units.

The statements of activities demonstrate the degree to which the direct expenses of a given function are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function. *Program revenues* include 1) charges to those who benefit from the goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements. The District has no proprietary funds.

(b) Measurement focus, basis of accounting, and financial statement presentation

The government-wide financial statements are reported using the *economic resources* measurement focus and the accrual basis of accounting, as are the fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing related cash flows. Property taxes are recognized as revenues in the year for which they are levied, provided they are collected and advanced or available for advance by the county auditor by fiscal year-end. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Notes to the Basic Financial Statements, Continued

Government fund financial statements are reported using the *current financial resources* measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are generally recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes are recognized as revenues in the year for which they are levied, provided they are collected and advanced or available for advance by the county auditor by fiscal year-end. Additionally, taxes collected within 60 days after fiscal year-end are recorded as a receivable with an offset to unearned revenue for amounts not collected and available for advance on June 30 by the county auditor.

Tuition, grants, fees and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenue of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the District.

The District reports the following major governmental funds:

<u>General Fund</u> – The General Fund is the general operating fund of the District and is used to account for all financial resources except those required to be accounted for in another fund.

<u>Debt Service Fund</u> – The Debt Service Fund is used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs.

<u>Capital Projects Building Fund</u> – The Building Fund is used to account for the receipts and expenditures related to the acquisition and construction of capital facilities including real property.

The District's nonmajor governmental funds include the following fund types:

<u>Special Revenue Fund</u> – Special Revenue funds are used to account for the proceeds of specific revenue sources, other than major capital projects, that are legally restricted to expenditures for specified purposes.

<u>Capital Projects Fund</u> – Capital Project governmental funds that are used to account for financial resources to be used for the acquisition and/or construction of capital items (other than those financed by the Building Fund)

Notes to the Basic Financial Statements, Continued

Additionally, the District reports the following fund types:

<u>Fiduciary Funds</u> – Fiduciary funds are used to account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, other governmental units and/or other funds. This includes Agency Funds. Agency Funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The District has one Agency Fund, the Student Activities Agency Fund, and one Private Purpose Trust Fund, the Viers Scholarship Fund.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements except for interfund services provided and used.

Amounts reported as program revenues include 1) charges to those who benefit from the goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes. The District had no capital grants or capital contributions during fiscal year 2008.

(c) Cash and Investments

Monies received by the District are pooled in a central bank account with individual fund balance integrity retained throughout. The District records all its investments at fair value.

(d) Inventory and Prepaid Assets

On government-wide financial statements, inventories are presented at the lower of cost or market. For all funds, cost is determined on a first-in, first-out basis and inventories are determined by physical count.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid assets in both the government-wide and fund financial statements.

(e) Capital Assets and Depreciation

General capital assets are those assets specifically related to activities reported in the governmental funds. These assets are reported in the government-wide statement of net assets but are not reported in the fund financial statements.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their fair market values as of the date received. The District follows the policy of not capitalizing assets with a cost of less than \$2,000 and a useful life of less than five years. The District does not possess any infrastructure.

Notes to the Basic Financial Statements, Continued

All reported capital assets, with the exception of land and construction in progress are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

Buildings & Improvements	10-50
Furniture and Equipment	5-20
Vehicles	8-15

(f) Interfund Activity

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds.

On fund financial statements, short-term interfund loans are classified as interfund receivables/payables. These amounts are eliminated in the statement of net assets.

(g) Compensated Absences

The District has implemented the provisions of GASB Statement No. 16, "Accounting for Compensated Absences". Vacation benefits are accrued as a liability as the benefits are earned if the employee's right to receive compensation is attributable to services already rendered and it is probable that the employer will compensate the employees for the benefits through paid time off or some other means. Sick leave benefits are accrued as a liability using the vesting method. The liability is based on the sick leave accumulated at June 30 by those employees who are currently eligible to receive termination payments and those employees for whom it is probable they will become eligible to receive termination benefits in the future. The criteria for determining the vacation and sick leave liability is derived from Board policy, negotiated agreements, and state laws.

The entire compensated absence liability is reported on the entity-wide financial statements. For governmental fund financial statements, the liability for these amounts is reported only if they have matured, for example, as a result of employee resignations and retirements. When paid, compensated absences for governmental activities are paid from the fund to which the employee's payroll is charged. In the past these amounts have been paid from the General Fund and the Food Service, Special Revenue Fund.

(h) Accrued Liabilities and Long-term Debt

All accrued liabilities and long-term debt is reported in the entity-wide financial statements. For governmental fund financial statements, these accrued liabilities are generally reported as a governmental fund liability if due for payment as of the balance sheet date regardless of whether they will be liquidated with current financial resources. However, claims for judgments and compensated absences paid from governmental funds

Notes to the Basic Financial Statements, Continued

are reported as a liability in the fund financial statements only for the portion expected to be financed from expendable available financial resources. Long-term liabilities paid from governmental funds are not recognized as a liability in the fund financial statements until due.

(i) Fund Balance Reserves / Restrictions

The District records reservations for portions of fund equity, which are legally segregated for specific future use or which do not represent available spendable resources and therefore are not available for appropriation for expenditures. Fund equity reserves have been established for encumbrances, prepaid assets, property tax revenue reserved for future year's appropriations, and reserves for textbooks and capital maintenance, if applicable, as required by state statute (see Note 14).

The District complies with all restrictions governing the use of restricted assets. Such restrictions do not offer discretion regarding use of these resources in an unrestricted manner. However, it is the District's policy to first apply restricted resources when an expense is incurred for which both unrestricted and restricted net assets are available. When capital restricted funds, usually bond proceeds, are available, capital assets are acquired from such resources. Capital assets can be, however, and to a lesser amount are, acquired from unrestricted resources.

(j) Management Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reported period. Actual results could differ from those estimates.

3. CASH AND INVESTMENTS

The investment and deposit of District funds is governed by the provisions of the Ohio Revised Code. In accordance with these statutes, the District is authorized to invest in United States and State of Ohio bonds, notes and other obligations; bank certificates of deposit; bankers acceptances; commercial paper notes rated prime and issued by United States corporations; repurchase agreements secured by United States obligations; and State Treasury Asset Reserve of Ohio (STAROhio). Earnings on investments are credited to various funds at the discretion of the Board, which is in compliance with ORC section 3315.01.

STAROhio is an investment pool managed by the State Treasurer's Office, which allows governments within the State to pool their funds for investment purposes. STAROhio is not registered with the Securities Exchange Commission as an investment company, but does operate in a manner similar to Rule 2a7 of the Investment Company Act of 1940. Investments in STAROhio are valued at STAROhio's share price, which is the price the investment could be sold for on June 30, 2008.

Notes to the Basic Financial Statements, Continued

Public depositories must give security for all public funds on deposit. These institutions may either specifically collateralize individual accounts in lieu of amounts insured by the Federal Deposit Insurance Corporation (FDIC), or may pledge a pool of government securities valued at least 105% of the total value of public funds on deposit at the institution. Repurchase agreements must be secured by the specific government securities upon which the repurchase agreements are based. These securities must be obligations of or guaranteed by the United States and mature or be redeemable within five years of the date of the related repurchase agreement. State law does not require security for public deposits and investments to be maintained in the District's name. During fiscal year 2008, the District complied with the provisions of these statutes.

Deposits with Financial Institutions:

Custodial credit risk is the risk that, in the event of a bank failure, the District's deposits may not be returned. All deposits are collateralized with eligible securities in amounts equal to at least 105% of the carrying value of the deposits. Such collateral, as permitted by the Ohio Revised Code, is held in single financial institution collateral pools at Federal Reserve Banks, or at member banks of the federal reserve system, in the name of the respective depository bank and pledged as a pool of collateral against all of the public deposits it holds or as specific collateral held at the Federal Reserve Bank in the name of the District.

At June 30, 2008, the carrying amount of all District deposits was \$ 37,015,842, including \$25,500,000 in certificates of deposits. Based on the criteria described in GASB Statement No. 40, *Deposits and Investments Risk Disclosures*, as of June 30, 2008, \$14,372,642 of the District's bank balance of \$40,172,642 was exposed to custodial risk as discussed above, while \$25,800,000 was covered by Federal Deposit Insurance.

The District had cash on hand in the amount of \$8,000.

Notes to the Basic Financial Statements, Continued

Investments:

As of June 30, 2008, the District had the following investments and maturities.

			_			
Investment type	Fair Value	6 months or less	7 to 12 months	13 to 18 months	19 to 24 months	Greater Than 24 months
FHLB	\$ 1,003,551	1,003,551	-	-	-	-
FNMA Note	5,868,900	991,400	4,877,500	-	-	-
FHLB	6,878,600	-	6,878,600	-	-	-
FHLMA	10,898,192	-	10,898,192	-	-	-
Commercial Paper	7,741,746	7,741,746	-	-	-	-
US Bank Money Market	40,522	-		-	-	-
Star Ohio	32,623,280					
	\$ 65,054,791	9,736,697	22,654,292		_	

Interest Rate Risk. As a means of limiting its exposure to fair value losses arising from rising interest rates and according to state law, the District's investment policy limits investment portfolio maturities to five years or less.

Credit Risk. The District does not have a policy related to custodial credit risk for investments. The District's investments, exclusive of the Money Market Fund, Commercial Paper, and STAROhio, were rated "AAA" and "Aaa" by Standard & Poor's and Moody's Investor Services, respectively. Standard & Poor's has assigned STAROhio an "AAAm" money market rating. The Commercial Paper was rated was rated P-1 and A-1+ by Moody's and Standard & Poor's, respectively. The money market fund is unrated.

Custodial Credit Risk Investments. For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the government will not be able recover the value of its investments or collateral securities that are in the possession of an outside party. The District does not have a policy related to custodial credit risk for investments; however, the District minimizes custodial credit risk by utilizing multiple safekeeping agents for its book-entry securities.

Notes to the Basic Financial Statements, Continued

Concentration of Credit Risk. The District places no limit on the amount that may be invested in any one issuer. The following table includes the percentage to total of each investment type held by the District at June 30, 2008:

Investment type	 Fair Value	% to total
FHLB	\$ 1,003,551	1.54%
FNMA Note	5,868,900	9.02%
FHLB	6,878,600	10.57%
FHLMA	10,898,192	16.75%
Commercial Paper	7,741,746	11.90%
US Bank Money Market	40,522	0.06%
STAROhio	32,623,280	50.15%
	\$ 65,054,791	100.00%

4. PROPERTY TAXES

Property taxes are levied and assessed on a calendar-year basis. Distributions from the second half of the calendar year occur in a new fiscal year and are intended to finance the operations of that year, except monies available to be advanced against such distributions which may be appropriated and used in the current fiscal year. Property taxes include amounts levied against all real, public and tangible (i.e., used in business) property located in the District.

Real property taxes and public utility taxes are levied after April against the assessed value listed as of the prior January 1, the lien date. Assessed values are established by State law at 35% of appraised value.

Public utility property taxes are assessed on tangible personal property as well as land and improvements. Real property is assessed at market value and personal property is assessed at true value (normally 50% of cost).

Taxes collected from tangible personal property (other than public utility) in one calendar year are levied in the prior calendar year on assessed values during and at the close of the most recent fiscal year of the taxpayer that ended on or before December 31 of that calendar year. Tangible personal property used in business (except for public utilities) is currently assessed for taxation purposes at 6.5 percent of its true value. Amounts paid by multi-county taxpayers may be paid annually or semi-annually, the first payment is due April 30, with the remainder payable by September 20.

Beginning in tax year 2006, the tax on tangible personal property began to be phased out for most businesses. In tax year 2006, the assessment percentage for machinery and equipment, inventory, and furniture and fixtures was reduced to 18.75 %; in tax year 2007, to 12.5%; in tax year 2008, 6.5%; and for tax year 2009 and thereafter, 0%.

Notes to the Basic Financial Statements, Continued

The Delaware County Treasurer and Franklin County Treasurer collect property taxes on behalf of the District. The County Auditors periodically remit to the District its portion of the taxes collected. These tax "advances" are based on historical cash flow collection rates. Final "settlements" are made each March and August.

The majority of property tax revenues (in excess of 99%) are collected by the Delaware County Treasurer. The assessed values for 2007, upon which the 2008 collection were based, are as follows:

Agricultural/Residential Real Estate	\$ 2,566,484,370
Commercial/Industrial Real Estate	390,619,510
Public Utility Real Estate	249,520
Public Utility Tangible	69,515,060
General Tangible Property	39,653,539
	\$ 3,066,521,999

Real property taxes are payable annually or semiannually. If paid annually, the payment is due February 10; if paid semiannually, the payment is due February 10 with the remainder payable by July 10.

Accrued property taxes receivables represent real property, personal property and public utility taxes which were measurable but not available as of June 30, 2008. However, monies legally available as an advance to the District as of June 30, 2008 are recognized as revenue as they are both measurable and available. The property tax amount recognized as revenue is reflected as a reservation of fund balance (reserve for future appropriations) as the District is prohibited by law from appropriating this amount in accordance with Ohio Revised Code Section 5705.35.

5. RECEIVABLES

Receivables at June 30, 2008, consisted of taxes, interest and other accounts. Taxes receivable include current and delinquent taxes receivable. A summary of the principal items of receivables follows:

C = * * * * * * * * * * * * * * * * * *	1 -4::4:
Governmental	Activities:

Taxes current	\$ 121,679,000
Taxes delinquent	2,598,000
Interest	219,980
Other	370,664
Total receivables	\$ 124,867,644

Notes to the Basic Financial Statements, Continued

6. DUE FROM OTHER GOVERNMENTS

Intergovernmental receivables at June 30, 2008, consist of the following:

Governmental Activities:

Federal \$ 234,690

7. INTERFUND RECEIVABLES AND PAYABLES

At June 30, 2008 the Interfund receivables and payables consisted of \$42,815 due to the General Fund from the following Special Revenue Funds:

District Managed Student Activities \$40,000 Other Local Sources 2,815

Interfund advances are made primarily to provide funds for various grants and other activity funds until funding is received. In general, the advances are made at the end of the fiscal year end and then returned the next fiscal year when funding is received.

(The remaining portion of this page is left blank intentionally)

9. GENERAL LONG-TERM OBLIGATIONS

All current obligation bonds outstanding, issued to provide funds for the acquisition and construction of equipment and facilities, are general obligations of the District for which the full faith and credit of the District is pledged for repayment. Long-Term obligations of the District are included in the Statement of Net Assets. Payments of principal and interest relating to these liabilities are recorded as expenditures in the Debt Service Fund.

As of June 30, 2008, the District had ten general obligation bonds and one bond anticipation note outstanding. This debt was issued for general government activities, specifically, the construction and renovation of school buildings. General obligations currently outstanding are:

	Date	Interest	Final	Balance at
Purpose	Issued	Rate	Maturity	June 30, 2008
Construction of High School (1)	12/01/88	7.75%	12/01/11	\$ 2,515,000

				\$ 338,821,825

Notes to the Basic Financial Statements, Continued

- 1) Included construction cost for an addition to the original high school.
- 2) General bond obligations consisted of: \$27,100,000 for the construction, furnishing and equipping an elementary and a middle school building and the remaining amount for the advanced refunding of general obligation bonds dated February 16, 1995.
- 3) These general obligation bonds are for the purpose of constructing, furnishing and equipping an elementary school; acquiring real estate for other district facilities; and providing security improvements to district facilities.
- 4) In February 2002, the District issued \$59,709,603 in various purpose general obligation bonds. These general obligations consist of:
 - a. \$58,169,625 for the purpose of constructing, furnishing, and equipping a new high school, new middle school, a new bus/maintenance facility, athletic fields and renovation of the west wing of current middle school, including a current refunding of the Districts \$30,000,000 School Facilities Construction and Improvement Notes dated October 16, 2001.
 - \$1,539,978 to partially advance refund the 1997 series and 2000 series general obligation building improvement and construction bonds.
- 5) On September 10, 2002, the District issued \$39,635,000 of general obligation bonds consisting of:

\$15,000,000 of the issued bonds was a portion of the \$73,170,000 approved by voters on May 8, 2001 for the purpose of constructing, furnishing, and equipping a new high school, new middle school, a new bus/maintenance facility, athletic fields, and renovations of the west wing of the current middle school.

\$24,635,000 of the issued bonds was approved by voters on May 7, 2002 for the purpose of acquiring land for school sites, constructing, furnishing, and equipping new elementary schools.

Bond issuance cost and the bond premium of \$325,700 and \$688,231 respectively has been recorded on the statement of net assets net of related amortization as deferred charges and long-term liabilities, respectively.

6) On June 1, 2004, the District issued \$61,600,000 of general obligation bonds and \$9,085,000 of refunding bonds consisting of the following:

\$61,600,000 approved by voters on March 2, 2004 for the purpose of acquiring land, constructing, furnishing, and equipping new elementary schools and a middle school, expanding existing facilities such as the bus/maintenance facility, purchasing school buses, and purchasing related textbooks and equipment.

The \$9,085,000 of refunding bonds were issued for the purpose of refunding various portions of the 1998 bonds, 2000 bonds 2002 bonds and the 2002A bonds listed above. Bond issuance cost and the bond premium of \$715,896 and \$4,237,771 respectively has been recorded on the statement of net assets, net of related amortization, as deferred charges and long-term liabilities, respectively.

7) On March 24, 2005 the District issued \$34,779,980 of refunding bonds. The refunding bonds were issued for the purpose of refunding various portions of the 1995 bonds, 1997 bonds, 1999 bonds and the 2000 bonds listed above. This transaction resulted in an economic gain (present value cost) of \$1,667,607.

Bond issuance cost and the bond premium of \$368,575 and \$2,847,224 respectively has been recorded on the statement of net assets, net of related amortization, as deferred charges and long-term liabilities, respectively.

8) On March 24, 2006 the District issued \$74,230,000 of various purpose bonds and \$43,532,307 refunding bonds consisting of the following:

\$77,000,000 approved by voters on November 8, 2005, for the purpose of acquiring land, constructing, furnishing, and equipping a new high school, a new elementary schools and expanding existing facilities, purchasing school buses, and purchasing related textbooks and equipment.

The \$43,762,306 of refunding bonds were issued for the purpose of refunding various portions of the 1999 bonds, 2002 bonds and the 2002A bonds listed above. Bond issuance cost and the bond premium of \$1,096,564 and \$7,105,081 respectively has been recorded on the statement of net assets, net of

Notes to the Basic Financial Statements, Continued

related amortization, as deferred charges and long-term liabilities, respectively. This transaction resulted in a cash flow savings of 1,839,821 and an economic gain (present value gain) of \$1,396,021.

- 9) On November 9, 2006 the District issued \$89,949,954 in refunding bonds consisting to refund various portions of the 1999 bonds, 2002A bonds and the 2004A bonds listed above. Bond issuance cost and the bond premium of 834,442 and \$4,715,470 respectively has been recorded on the statement of net assets, net of related amortization, as deferred charges and long-term liabilities, respectively. This transaction resulted in a cash flow savings of \$3,917,924 and an economic gain (present value gain) of \$3,101,128.
- 10) On November 14, 2007 the District issued \$9,339,997 in refunding bonds to refund \$4,560,000 of the 1997series various purpose bonds, and \$4,780,000 of the 2006 various purpose bonds listed above. Bond issuance cost and the bond premium of \$182,630 and \$460,866 respectively has been recorded on the statement of net assets, net of related amortization, as deferred charges and long-term liabilities, respectively. This transaction resulted in a cash flow savings of \$596,080 and an economic gain (present value gain) of \$361,379
- 11) On May 1, 2008 the District issued \$36,400,000 in bond anticipation notes. These notes were subsequently bonded on August 20, 2008, therefore, the notes are accounted for on a long-term basis. See note 16.

Bonds and note payable above, and amounts included on the Statements of Net Assets are comprised of the following:

Amount outstanding at June 30, 2008	\$ 338,821,825
Accumulated accretion on discount debt	12,820,057
Unamortized bond premium, net of accumulated	
amortization of \$ 1,423,599	8,651,023
Deferred amount on refunding bonds, net	(7,851,584)
Amount included in the Statement of Net	
Assets	\$ 352,441,321

Notes to the Basic Financial Statements, Continued

The following is a summary of the District's future annual debt service requirements to maturity for general obligation bonds and the bond anticipation note (which was bonded in August 2008, see note 16):

Year ending June 30,	Interest rates	Principal	Interest
2009	3.65 -7.75%	3,889,807	19,274,513
2010	3.65 -7.75%	8,277,259	17,910,152
2011	3.65 -7.75%	10,349,507	16,685,764
2012	3.65 -7.75%	12,253,001	15,107,468
2013	3.65 -7.75%	14,100,000	14,069,666
2014-2017	3.65 -7.75%	63,877,251	72,605,858
2019-2023	3.65 -7.75%	62,960,000	46,734,211
2023-2028	3.65 -7.75%	76,415,000	29,889,249
2029-2033	3.65 -7.75%	70,850,000	11,637,469
2034-2037	3.65 -7.75%	15,850,000	1,193,600
Total		\$ 338,821,825	\$ 245,107,950

Not included in the above amounts as of June 30, 2008 are \$4,780,000 of the bonds the District defeased in November 2007, as well as \$173,290,000 of bonds that the District defeased in previous years. For accounting purposes, the assets and liabilities for the defeased bonds are not reflected in the District's financial statements.

The ORC provides that voted net general obligation debt of the District shall never exceed 9% of the total assessed valuation of the District. The ORC further provides that unvoted indebtedness shall not exceed 1/10 of 1% of the property valuation of the District. However, Revised Code Section 133.06(E) permits a school district to incur indebtedness in excess of the 9% direct debt limitation if, based on five year projections showing annual property value growth of 3% or more, unless the State Superintendent determines that such school district is a "special needs" district. The State Superintendent determined that the District is a special needs district on February 2, 2004, and again on November 13, 2007.

The effects of these debt limitations at June 30, 2008 are a voted debt margin of \$766,007,681 and an unvoted debt margin of \$3,066,522. The aggregate amount of the District's unvoted debt is also subject to overlapping debt restrictions with Delaware County and other taxing entities. As of June 30, 2008, these entities have complied with the requirement that unvoted overlapping debt must not exceed 1% (10 mills) of the assessed property value. These debt limitation calculations exclude \$12,820,057 in accretion of deep discount debt in accordance with State Law. Management believes that the District has complied with all bond covenants.

Notes to the Basic Financial Statements, Continued

Capital Lease Obligation

In 2007 the District entered into a District wide phone system lease agreement with an asset value of \$574,868 These leases meet the criteria of a capital lease as defined by Statement of the Financial Accounting Standards No. 13 "Accounting of Leases."

All the leases relate to the General Fund. The principal and interest payments made on the leases during fiscal 2008 were \$101,828 and \$19,238, respectively.

The District's future minimum lease payments under capital lease obligations as of June 30, 2008 are as follows:

Year ending June 30,		ital Leases
2009	\$	121,066
2010		121,066
2011		121,066
Total mimimum lease payments		363,198
Less: amounts representing interest		27,926
Present value of minimum lease payments		335,272

A summary of the changes in long-term liabilities follows:

	Balance June 30, 2007	Additions /Accretion	Reductions	Balance June 30, 2008	Amounts Due in One Year
Accrued liabilities (accrued vacation and sick leave) Bonds payable, net Long term note payable Capital lease obligations	\$ 4,376,336 321,351,537 - 437,100	1,016,057 11,337,233 36,400,000	369,000 16,647,449 - 101,828	5,023,393 316,041,321 36,400,000 335,272	\$ 461,000 7,439,818 - 106,640
	\$ 326,164,973	48,753,290	17,118,277	357,799,986	\$ 8,007,458

The District employees are granted vacation and sick leave in varying amounts.

Note Payable

At June 30, 2007 the District had \$3,333,334 remaining on an original 3 year, 2.75% \$10,000,000 tax anticipation note. The final repayment was made in October 2008.

Notes to the Basic Financial Statements, Continued

10. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets, errors and omissions, injuries to employees and natural disasters. The District contracts with third-party insurance company for property insurance (including boiler and machinery) and general liability insurance and vehicle insurance.

The District maintains comprehensive insurance coverage with private carriers for real property/building contents of \$290,551,979 with a \$10,000 deductible clause.

Professional liability is protected by another third-party insurance company with a \$1 million single occurrence limit, \$3 million aggregate limit and no deductible. Vehicles are covered by another third-party insurer and have no deductible for comprehensive and a \$500 deductible for collision. Automobile liability has a \$1 million combined single limit of liability.

The District pays the Ohio Bureau of Workers' Compensation a premium based on a rate per \$100 of salaries. This rate is calculated based on accident history and administrative costs.

The District provides life insurance and accidental death and dismemberment insurance to most employees through another third-party insurance carrier in an amount related to the employee's position, ranging from \$30,000 to \$60,000.

Additionally, the District provides health care benefits for its employees and officers through a joint insurance program known as the Champaign, Delaware, Marion, Union School Employee Welfare Benefit Association Consortium (the Pool), which commenced on June 1, 1988. The Pool is a legal entity, separate and apart from its 9 members and provides for joint administration of the funds of the Pool. The Board of Directors of the Pool is comprised of 1 representative from each of its members.

The Pool establishes funds that consist of member contributions in amounts deemed to be sufficient to annually fund the administrative expenses, to purchase excess insurance, reinsurance, to pay current year claims and claim expenses, and to maintain sufficient reserves. The amount of claims is estimated by an actuary. The contribution factor for each member is based on the number of lives covered as a percentage of total lives covered. The District has made all required contributions.

The members may also be required to make supplementary payments to the Pool for any necessary or appropriate purposes where there is reasonable concern that the funds then available to the Pool will not be sufficient to meet the responsibilities of the Pool. All assessments for supplementary payments are calculated proportionately among its members in direct relation to the number of lives covered as a percentage of total lives covered by the Pool. Since the Pool's inception, the District has never been required to make supplementary payments.

Notes to the Basic Financial Statements, Continued

The Pool issues a stand–alone financial report. Interested parties may obtain a copy by making a written request to the Pool at: 4565 Columbus Pike, Delaware, Ohio 43015.

There were no changes to the above policies during the current fiscal year. Additionally, no payments have been made within the last three years to settle claims in excess of the above-noted insurance coverage.

11. DEFINED BENEFIT PENSION PLANS

A. State Teachers Retirement System

The District participates in the State Teachers Retirement system of Ohio (STRS Ohio), a cost sharing, multiple-employer public employee retirement system. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a stand-alone comprehensive annual financial report that may be obtained by writing to STRS Ohio, 275 E. Broad St., Columbus, Ohio 43215-3371 or by calling toll-free 1-888-227-7877, or by visiting the STRS website at www.strsoh.org.

New members have a choice of three retirement plan options. In addition to the Defined Benefit (DB) Plan, new members are offered a Defined Contribution (DC) Plan and a Combined Plan. DC and Combined Plan members will transfer to the DB plan during their fifth year of membership unless they permanently select the DC or Combined Plan.

The DB Plan benefits are established under Chapter 3307 of the Ohio Revised Code. Any member may retire who has (i) five years of service credit and attained age 60; (ii) 25 years of service credit and attained age 55; or (iii) 30 years of service credit regardless of age. The annual retirement allowance, payable for life, is the greater of the "formula benefit" or the "money-purchase benefit" calculation. Under the formula benefit the retirement allowance is based on years of credited service and final average salary, which is the average of the members' three highest salary years. The annual allowance is calculated by using a base percentage of 2.2% multiplied by the total number of years of service credit (including Ohio-valued purchased credit) times the final average salary. The 31st year of earned Oho service credit is calculated at 2.5% with an additional onetenth of a percent added to the calculation for every year over 31 years until 100% of the final average salary is reached. For members with 35 or more years of Ohio contributing services, the first 30 years will be calculated at 2.5%. Under the money-purchase benefit, members' lifetime contributions plus interest at specified rates are matched by an equal amount from other STRS Ohio funds. The total is then divided by an actuarially determined annuity factor to determine the maximum annual retirement allowance. Benefits are increased annually by 3% of the original base amount.

The DC Plan allows members to allocate all their member contributions and employer contributions equal to 10.5% of earned compensation among various investment choices. Benefits are established under Sections 3307.80 to 3307.89 of the Ohio Revised Code. A

Notes to the Basic Financial Statements, Continued

member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal. Employer contributions into members' accounts are vested after the first anniversary of the first day of paid service. Members in the DC Plan who become disabled are entitled only to their account balance. If a member dies before retirement benefits begin, the members' designated beneficiary is entitled to receive the member's account balance.

Combined Plan offers features of the DC Plan and the DB Plan. Member contributions are allocated to investments selected by the member, and employer contributions are used to fund a defined benefit payment at a reduced level from the regular DB Plan. Plan members' defined benefit is determined by multiplying 1% of the members' final average salary by the members' years of service credit. The defined benefit portion of the Combined Plan is payable to members on or after age 60. The defined contribution portion of the account may be taken as a lump sum or converted to a lifetime monthly annuity at age 50.

A retiree of STRS Ohio or another Ohio public retirement system is eligible for reemployment following the elapse of two months from the date of retirement. Contributions are made by the reemployed member and employer during reemployment. Upon termination of reemployment or age 65, whichever comes later, the retiree is eligible for an annuity benefit or equivalent lump-sum payment in addition to the original retirement allowance. A reemployed retiree may alternatively receive a refund of only member contributions with interest before age 65, once employment is terminated.

For fiscal year ended June 30, 2008 members were required to contribute 10% of their annual covered salary and the District was required to contribute 14%. Member and employer contributions were established by the State Teachers Retirement Board, upon recommendation of its consulting actuary, not to exceed statutory maximum rates of 10% for members and 14% for employers provided by Chapter 3307 of the Ohio Revised Code. Of the 14% contributed by the District, 13% was the portion used to fund pension obligations.

The District's required contributions for pension obligations to the DB Plan for the fiscal years ended June 30, 2008, 2007 and 2006 were \$7,785,000, \$6,562,000 and \$5,677,000, respectively; equal to 100% of the required contribution for each year. Member and employer contributions actually made for DC and Combined Plan participants will be provided upon written request.

School Employees Retirement System

The District contributes to the School Employees Retirement System of Ohio (SERS), a cost-sharing multiple employer defined pension plan. SERS provides retirement, disability, and survivor benefits; annual cost-of-living adjustments; and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by state statute per Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required

Notes to the Basic Financial Statements, Continued

supplementary information. The report can be obtained by contacting SERS, 300 E. Broad Street, Suite 100, Columbus, Ohio 43215-3746 or by calling toll free 1-800-878-5853. It is also posted on SERS' website at www.ohsers.org under *Forms and Publications*.

Plan members are required to contribute 10% of their annual covered salary and the District is required to contribute at an actuarially determined rate. The current rate is 14% of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended, up to statutory maximum amounts, by the SERS' Retirement Board. The District's contributions to SERS for the years ended June 30, 2008, 2007 and 2006 were \$2,036,000, \$1,988,000 and \$1,894,000, respectively; equal to 100% of the required contribution for each year.

C. Social Security System

Effective July 1, 1991, all employees not otherwise covered by the School Employees Retirement System or the State Teachers Retirement System have an option to choose Social Security or the School Employees Retirement System/State Teachers Retirement System.

12. Postemployment Benefits Other than Pension Benefits

Ohio law authorizes STRS to offer a cost-sharing, multiple employer health care plan to eligible retirees who participated in the defined benefit or combined plans. Coverage under the current program includes hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare Part B premiums.

Pursuant to 3307 of the Ohio Revised Code, the Retirement Board has discretionary authority over how much, if any, of the associated health care costs will be absorbed by STRS. All benefit recipients, for the most recent year, pay a portion of the health care costs in the form of a monthly premium.

Under Ohio law funding for post-employment health care may be deducted from employer contributions. Of the 14% employer contribution rate, 1% of covered payroll was allocated to post-employment health care. For the fiscal years ended June 30, 2008, 2007 and 2006, the District's contributions to post-employment health care were \$556,100, \$468,700, and \$446,500; respectively.

SERS administers two post-employment benefit plans, the Medicare Part B Plan and the Health Care Plan as permitted by Ohio Revised Code Sections 3309.69 and 3309.375. The Medicare Part B Plan reimburses for Medicare Part B premiums paid by eligible retirees. The Health Care Plan provides health care and prescription drug plans administered by two third-party administrators. The Retirement Board establishes rules for premiums paid by retirees for health care coverage and varies depending on the plan selected, qualified years of service, Medicare eligibility, and retirement status.

Notes to the Basic Financial Statements, Continued

The Medicare Part B premium reimbursement plan reimburses eligible retirees for the lesser of January 1, 1999 Medicare Part B premiums or the current premium. The Medicare Part B premium for calendar year 2007 (most recent information available) was \$93.50. SERS' reimbursement to retirees was \$45.50. The Retirement Board, with the advice of the actuary, allocates a portion of the current employer contribution rate to the Medicare Part B Fund. For fiscal year 2007 (most recent information available) the actuarially required allocation was .68%. For the fiscal years ended June 30, 2008, 2007 and 2006 the District's contributions to Medicare Part B were \$98,891, \$96,559 and \$91,993 respectively; 100% has been contributed for fiscal year 2008, 2007 and 2006.

The Health Care Plan is funded through employer contributions. Each year after allocation for required benefits the Retirement Board allocates the remainder of the employers' 14% contribution. At June 30, 2007 (the most recent information available) the health care allocation was 3.32%. The actuarially required contribution (ARC), as of December 31, 2006 annual valuation, was 11.50% of covered payroll. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities of the plan over a period not to exceed thirty years.

An additional health care surcharge on employers is collected for employees earning less than an actuarially determined minimum compensation amount, pro-rated according to service credit earned. Statutes provide that no employer shall pay a health care surcharge greater than 2% of that employer's SERS covered payroll; nor may SERS collect in aggregate more than 1.5% of the total statewide SERS-covered payroll for the health care surcharge. For fiscal year 2007 (most recent information available), the minimum compensation level was established at \$35,800.

For the fiscal years ended June 30, 2008, 2007 and 2006 the District's contributions to the Health Care Plan, including the surcharge, were approximately \$468,000, \$454,400 and 463,000, respectively.

13. CONTINGENCIES

(a) Grants

The federal and state grants remain subject to review and audit by the grantor agencies or their designees. Such audits could lead to a request for reimbursement to the grantor agency for expenditures disallowed under terms of the grant. Based on prior experience, the District's administration believes such disallowances, if any, would be minimal.

(b) *Litigation*

The District is a defendant in various lawsuits. The outcome and possible impact of these lawsuits is not presently determinable.

Notes to the Basic Financial Statements, Continued

(c) State School Funding Decision

On December 11, 2002, the Ohio Supreme Court issued its latest opinion regarding the State's school funding plan. The decision reaffirmed earlier decisions that Ohio's current school-funding plan is unconstitutional.

The Supreme Court relinquished jurisdiction over the case and directed "...the Ohio General Assembly to enact a school-funding scheme that is thorough and efficient..." The School District is currently unable to determine what effect, if any, this decision will have on its future State funding and its financial operations.

14. SET-ASIDES

The District is required by State statute to annually set aside in the general fund an amount based on a statutory formula for the purchase of textbooks and other instructional materials and an equal amount for the acquisition and construction of capital improvements. Amounts not spent by year end or offset by similarly restricted resources received during the year must be held in cash at year end and carried forward to be used for the same purposes in future years. The excess reserves as shown below may be carried forward to reduce next year's expenditures.

The following information describes the change in year-end set-aside amounts for textbooks and capital acquisition. Disclosure of this information is required by State statute.

		Capital
	Textbook	Maintenance
	Reserve	Reserve
Balance, July 1, 2007	\$ -	-
Required Set-Aside	1,806,373	1,806,373
Qualifying Expenditures	(2,821,020)	(2,361,614)
Total	(1,014,647)	(555,241)
Balance, June 30, 2008	<u>\$</u>	

Notes to the Basic Financial Statements, Continued

15. FUND DEFICITS / ACCOUNTABILITY

The following fund had a GAAP basis deficit fund balance at June 30, 2008:

	Deficit Fund
Special Revenue Funds:	Balances
Title 1 Grant Fund	\$ 30,602

The GAAP basis deficit balance is a result of the application of generally accepted accounting principles. The General Fund provides transfers to cover deficit balances; however, this is done when cash is needed rather than when accruals occur.

16. SUBSEQUENT EVENT – Refunding Bonds

On August 20, 2008, the District sold \$36,400,400 of general obligation bonds to refund the \$36,400,000 in notes issued in May 2008. The bonds have a final maturity of December 1, 2036. The refunding resulted in a premium of \$1,165,509, with related issuance costs of \$327,129.

Notes to the Required Supplementary Information For the Year Ended June 30, 2008

NOTE A - BUDGETARY DATA

The budgetary process is prescribed by provisions of the Ohio Revised Code and entails the preparation of budgetary documents within an established timetable. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriation resolution, all of which are prepared on the budgetary basis of accounting. The certificate of estimated resources and the appropriations resolution are subject to amendment throughout the year with the legal restriction that appropriations cannot exceed estimated resources, as certified. All funds, other than agency funds, are legally required to be budgeted and appropriated. The legal level of budgetary control is at the fund level. Any budgetary modifications at this level must be made by resolution of the Board of Education.

Tax Budget:

The Superintendent and the Treasurer submit to the Board of Education a proposed operating budget for the fiscal year commencing the following July 1. The budget includes proposed expenditures and the means of financing for all funds. The express purpose of this budget document is to reflect the need for existing (or increased) tax rates.

Under Ohio Revised Code, the Delaware County Budget Commission (Commission) waived the requirement that the District adopt a tax budget. However, the Commission requires the District to submit an "Alternative Tax Budget Form" which continues to include information reflecting the need for existing or increased tax rates. This form must be submitted to the Commission by March 1.

Estimated Resources:

Prior to March 15, the Board of Education accepts, by formal resolution, the tax rates as determined by the Budget Commission and receives the Commission's Certificate of Estimated Resources which states the projected revenue of each fund. Prior to June 30, the District must revise its budget so that total contemplated expenditures from any fund during the ensuing year do not exceed the amount stated in the Certificate of Estimated Resources. The revised budget then serves as the basis for the appropriation measure. On or about July 1, the Certificate is amended to include unencumbered cash balances from the preceding year. The Certificate may be further amended during the year if projected increases or decreases in revenue are identified by the District Treasurer. The amounts reported in the budgetary statements reflect the amounts in the final Amended Certificate issued during fiscal year 2008.

Appropriations:

Upon receipt from the County Auditor of an amended official certificate of estimated resources based on the final assessed values and tax rates or a certificate stating no new certificate is necessary, the annual appropriation resolution must be legally enacted by the Board of Education at the fund level of expenditures, which is the legal level of budgetary control. Prior to the passage of the annual appropriation measure, the Board may pass a temporary appropriation measure to meet the ordinary expenses of the District. The appropriation resolution, by fund, must be within the estimated resources as certified by the County Budget Commission and the total of expenditures and encumbrances may not exceed the appropriation totals at any level of control. Any revisions that alter the total of any fund appropriation must be approved by the Board of Education. The Board may pass supplemental fund appropriations so long as the total appropriations by fund do not exceed the amounts set forth in the most recent Certificate of Estimated Resources. During the year, several supplemental appropriations were legally enacted;

Notes to the Required Supplementary Information, Continued

however, none of these amendments were significant. The budget figures which appear in the statements of budgetary comparisons represent the final appropriation amounts, including all supplemental appropriations.

Formal budgetary integration is employed as a management control device during the year for all funds, including the Debt Service Fund, consistent with statutory provisions.

Encumbrances:

As part of formal budgetary control, purchase orders, contracts and other commitments for the expenditure of monies are recorded as the equivalent of expenditures on the Non-GAAP budgetary basis in order to reserve that portion of the applicable appropriation and to determine and maintain legal compliance. On the GAAP basis, encumbrances outstanding at year-end are reported as a reservation of fund balance for subsequent-year expenditures for governmental funds.

Lapsing of Appropriations:

At the close of each year, the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriation. Encumbered appropriations are carried forward to the succeeding fiscal year and are not reappropriated.

NOTE B - RECONCILING BUDGET BASIS AND GAAP

The District prepares its budget on a basis of accounting that differs from generally accepted accounting principles (GAAP). The actual column presented on the Budgetary Comparison Schedule – General Fund is prepared in accordance with the budget basis of accounting.

The major differences between the budgetary basis of accounting and GAAP are that:

- A. Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis);
- B. Expenditures are recorded when encumbered (budget basis) as opposed to when the liability is incurred (GAAP basis);
- C. Encumbrances are recorded as the equivalent of expenditures (budget basis) as opposed to a reservation of fund balance (GAAP basis); and
- D. Investments are recorded at cost (budget basis) as opposed to fair value (GAAP basis).

A reconciliation of the General Fund results of operations at the end of the year on the GAAP basis to the budget basis follows:

Net change in fund balance (GAAP Basis)	\$ 1,391,867
Adjustments: Due to revenues	(3,319,464)
Due to expenditures	(4,035,135)
Due to other financing sources	151,075
Net change in fund balance (Budget Basis)	\$ (5,811,657)

This page left blank intentionally.

MAJOR GOVERNMENTAL FUNDS

General Fund

The **General Fund** is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund. See General Fund Budgetary Comparison Schedule in the Required Supplementary Information section of this report.

Debt Service Fund

The **Debt Service Fund** is a fund used to account for the accumulation of resources for, and payment of, general long-term debt principal and interest.

Building Fund

The **Building Fund** is a capital projects fund used to account for the revenues and expenditures related to all special bond funds in the District. All proceeds from the sale of bonds, notes, or certificates of indebtedness, except premium and accrued interest, must be paid into this fund. Expenditures recorded here represent the costs for acquiring capital facilities including real property.

NONMAJOR GOVERNMENTAL FUNDS

Special Revenue Funds

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

- <u>Public School Support</u> A fund used for the proceeds of specific revenue sources, except for State and Federal grants that are legally restricted to expenditures for specified purposes.
- Grants Local Sources A fund provided to account for specific local revenue sources, other than taxes or expendable trusts (i.e., profits from vending machines sales of pictures, etc.), that are restricted to expenditures for specified purposes approved by board resolution. Such expenditures may include curricular and extracurricular related purchases.
- <u>District-Managed Student Activities</u> A fund provided to account for those student activity programs which have student participation in the activity, but do not have student management of the programs. This fund would usually include athletic programs but could also include the band, cheerleaders, flag corps, and other similar types of activities.
- <u>Other Local Sources</u> A rotary fund provided to account for the purchase and sale of school supplies and other miscellaneous school donations. Profit and moneys derived from such sales or donations are to be used for school purposes or activities in connection with the school.
- <u>Auxiliary Services Fund</u> A fund used to account for monies which provide services and materials to pupils attending non-public schools within the school district. For generally accepted accounting purposes, this fund is accounted for as a special revenue fund.
- **EMIS Grant** A fund provided to account for the monies received and expended for the implementation of the Educational Management Information System that was required by recent legislation in Ohio.
- <u>Onenet Network Connectivity</u> A fund provided to account for money appropriated from the State of Ohio for Ohio Educational Computer Network Connections.
- <u>School Net Professional Development</u> A fund provided to account for a limited number of professional development subsidy grants.
- <u>Entry Year Programs</u> A fund to account for funds used to implement entry year programs pursuant to division (T) of section 3317.024 of the Ohio Revised Code.

- Vocational Education Enhancement Grant A fund used to account for Vocational Education Enhancements that: 1) expand the number of students enrolled in tech prep programs, 2) enable students to develop career plans, to identify initial educational and career goals, and to develop a career passport which provides a clear understanding of the student's knowledge, skills, and credentials to present to future employers, universities, and other training institutes and 3) replace or update equipment essential for the instruction of students in job skills taught as part of a vocational program or programs approved for such instruction by the State Board of Education.
- <u>Other State Grants</u> A fund used to account for various monies received from state agencies which are not classified elsewhere. A separate special cost center must be used for each grant and be approved by the Auditor of State.
- <u>Title VI-B Grants</u>- A fund provided to account for grants used to assist states in the identification of handicapped children, development of procedural safeguards, implementation of least restrictive alternative service patterns, and provision of full educational opportunities to handicapped children at the preschool, elementary and secondary levels.
- <u>Title I Grants</u> A fund to account for grants providing financial assistance to State and Local Educational Agencies to meet the special needs of educationally deprived children.
- <u>Title V Grants</u> A fund to consolidate various programs into a single authorization of grants to States to be used in accordance with the educational needs and priorities of the state and local agencies.
- <u>Title III Limited English Proficiency</u> A fund which accounts for Federal funds used to help educate children with English as a second language.
- <u>Safe and Drug Free Schools Grants</u> A fund which accounts for federal funds used to establish, operate, and improve local programs of drug abuse prevention, early intervention, rehabilitation referral, and education in the District.
- <u>Education of the Handicapped Preschool Grants</u> A fund to address the improvement and expansion of services for handicapped children ages three (3) through five (5) years.
- <u>Telecommunications Act Grant Fund (E-Rate)</u> A fund used to account for a federal grant which is paid directly to the telecommunication service provider.
- <u>Title II-A</u> A fund to account for grants providing financial assistance to State and Local Educational Agencies to improve teacher quality.
- <u>Other Federal Grants</u> A fund used to account for various monies received through state agencies from the federal government or directly from the federal government which are not classified elsewhere.
- <u>Food Service Fund</u> a fund used to record financial transactions related to the District's food service operations.

Capital Projects Funds

Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds, special assessments and trust funds).

<u>Permanent Improvement Fund</u> - A fund provided to account for all transactions related to the acquiring, constructing, or improving of such permanent improvements as authorized by Section 5705 of the Ohio Revised Code.

<u>School Net Fund</u> - A fund used to provide for computer hardware and software in K-4 classrooms in the district.

Fiduciary Fund Type

Trust and Agency Funds

The Trust Funds are used to account for assets held by the school district in a trustee capacity or as an agent for individuals, private organizations, other governments and/or other funds. The Agency Fund is used to account for assets held by the government as an agent for individuals, private organizations, other governments and/or other funds.

Private Purpose Trust Fund - A trust fund to account for assets held in a trust that were created by scholarship trust agreements, whereby income of those assets held is used for student scholarships.

<u>Student Activity Fund</u> - An agency fund provided to account for those student activity programs which have student participation in the activity and have students involved in the management of the program. This fund typically includes those student activities which consist of a student body, student president, student treasurer, and faculty advisor.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Olentangy Local School District Delaware County 814 Shanahan Road Lewis Center, Ohio 43035

To the Board of Education:

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Olentangy Local School District, Delaware County, Ohio (the District) as of and for the year ended June 30, 2008, which collectively comprise the District's basic financial statements, and have issued our report thereon dated December 19, 2008. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the District's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the District's financial statements that is more than inconsequential will not be prevented or detected by the District's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the District's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be a significant deficiency or material weaknesses, as defined above.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards*Page 2

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that is required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of the District in a separate letter dated December 19, 2008.

This report is intended for the information and use of management, the Board of Education, federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO MAJOR FEDERAL PROGRAMS AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133 AND SCHEDULE OF RECEIPTS AND EXPENDITURES OF FEDERAL AWARDS

Olentangy Local School District Delaware County 814 Shanahan Road Lewis Center, Ohio 43035

To the Board of Education:

Compliance

We have audited the compliance of Olentangy Local School District, Delaware County, Ohio (the District) with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133, Compliance Supplement* that are applicable to its major federal programs for the year ended June 30, 2008. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to its major federal programs is the responsibility of the District's management. Our responsibility is to express an opinion on the District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the District's compliance with those requirements.

As discussed in finding 2008-1 in the accompanying Schedule of Findings and Questioned Costs, the District did not comply with Allowable Cost requirements applicable to the Title I federal program. Compliance with this requirement is necessary, in our opinion, for the District to comply with the requirements applicable to that program.

In our opinion, except for the noncompliance noted above, the District complied, in all material respects, with the requirements referred to above that are applicable to its major federal programs for the year ended June 30, 2008.

Internal Control over Compliance

The management of the District is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the District's internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

Independent Auditor's Report on Compliance with Requirements Applicable to Major Federal Programs and on Internal Control Over Compliance in Accordance with OMB Circular A-133 and Schedule of Receipts and Expenditures of Federal Awards Page 2

A control deficiency in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control. The results of our tests disclosed a significant deficiency in internal control that is required to be reported. This significant deficiency in internal control is related to noncompliance noted with the Title I federal program as described in the accompanying Schedule of Findings and Questioned Costs as items 2008-1.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the entity's internal control.

We believe the significant deficiency in internal control over compliance described above to be a material weakness, as defined above.

Federal Awards Receipts and Expenditures Schedule

We have audited the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Olentangy Local School District, Delaware County, Ohio, as of and for the year ended June 30, 2008, and have issued our report thereon dated December 19, 2008. Our audit was performed to form opinions on the financial statements that collectively comprise the District's basic financial statements. The accompanying schedule of receipts and expenditures of federal awards provides additional information as required by OMB Circular A-133 and is not a required part of the basic financial statements. We subjected this information to the auditing procedures applied in the audit of the basic financial statements. In our opinion, this information is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

The District's response to the finding identified in our audit is described in the accompanying Schedule of Findings and Questioned Costs. We did not audit the District's response and accordingly, we express no opinion on it.

In addition, we noted certain matters that we reported to management of the District in a separate letter dated December 19, 2008.

This report is intended solely for the information and use of management, the Board of Education, federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

The accompanying notes are an integral part of this schedule.

NOTES TO THE SCHEDULE OF RECEIPTS AND EXPENDITURES OF FEDERAL AWARDS

JUNE 30, 2008

(1) General

The accompanying Schedule of Receipts and Expenditures of Federal Awards (Schedule) presents the activity of all federal financial assistance programs of the Olentangy Local School District (the District) as the primary government. The District's reporting entity is defined in Note 1 to the District's basic financial statements. All federal financial assistance received directly from federal agencies, as well as federal financial assistance passed through other governmental agencies is included on the Schedule.

(2) Basis of Accounting

The accompanying Schedule is presented on a cash basis of accounting in which receipts are recognized when cash is received and expenditures are recognized when paid.

(3) Noncash Programs

The District values its noncash programs (Food Distribution) on the basis of the value of the goods received during the fiscal year.

(4) Receipts

The receipt balances are reported net of refunds to the governmental agency.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

JUNE 30, 2008

1. SUMMARY OF AUDITOR'S RESULTS

(d)(1)(i)	Type of Financial Statement Opinion	Unqualified
(d)(1)(ii)	Were there any material internal control weaknesses reported at the financial statement level (GAGAS)?	No
(d)(1)(ii)	Were there any other significant deficiencies in internal control reported at the financial statement level (GAGAS)?	No
(d)(1)(iii)	Was there any reported material noncompliance at the financial statement level (GAGAS)?	No
(d)(1)(iv)	Were there any material internal control weaknesses reported for major federal programs?	Yes
(d)(1)(iv)	Were there any other significant deficiencies in internal control reported for major federal programs?	No
(d)(1)(v)	Type of Major Programs' Compliance Opinion	Qualified: Title I CFDA # 84.010 Unqualified: Special Education Cluster CFDA # 84.027 CFDA # 84.173
(d)(1)(vi)	Are there any reportable findings under § .510(a) of Circular A-133?	Yes
(d)(1)(vii)	Major Programs (list):	Title I CFDA # 84.010 Special Education Cluster CFDA # 84.027 CFDA # 84.173
(d)(1)(viii)	Dollar Threshold: Type A/B Programs	Type A: > \$300,000 Type B: All others
(d)(1)(ix)	Low Risk Auditee?	No

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

JUNE 30, 2008

2. FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS

None.

3. FINDINGS AND QUESTIONED COSTS FOR FEDERAL AWARDS

2008-1 Noncompliance – Allowable Costs

CFDA Title and Number	<u>Title 1 - Grants to Local Education Agencies</u> CFDA # 84.010
Grant Year	2007/2008
Federal Agency	U.S. Department of Education
Pass-Through Agency	Ohio Department of Education

In regards to allowable costs, OMB Circular A-87, Attachment A, paragraph C.1 states, in part:

To be allowable under Federal awards, costs must meet the following general criteria:

- a) Be necessary and reasonable for the performance and administration of Federal awards.
- b) Be allocable to Federal awards under the provisions of A-87.
- c) Be authorized or not prohibited under State or local laws or regulations.
- d) Conform to any limitations or exclusions set forth in A-87, Federal laws, terms and conditions of the Federal award, or other governing regulations as to types or amounts of cost items.
- e) Be consistent with policies, regulations, and procedures that apply uniformly to both Federal awards and other activities of the governmental unit.
- f) Be accorded consistent treatment. A cost may not be assigned to a Federal award as a direct cost if any other cost incurred for the same purpose in like circumstances has been allocated to the Federal award as an indirect cost.
- g) Be determined in accordance with generally accepted accounting principles, except as otherwise provided in A-87.
- h) Not be included as a cost or used to meet cost sharing or matching requirements of any other Federal award, except as specifically provided by Federal law or regulation.
- i) Be net of all applicable credits.
- i) Be adequately documented.

Also, it is management's responsibility to implement policies and procedures to ensure Title I funds are being expended only on allowable costs.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

JUNE 30, 2008

2008-1 Noncompliance – Allowable Costs (continued)

During fiscal year 2008, we noted the District used Title I grant funds to pay for \$31,918 of payroll and related benefits costs of a teacher who was originally assigned to work as a Title I teacher, but was actually on maternity leave.

In addition, we noted \$5,493 and \$9,539 of adjustments for payroll and benefits costs charged against the 2007 and 2008 grants, respectively. The District was able provide sufficient documentation for payroll and benefit costs in excess of the adjustments to the 2008 grant that were charged to the General Fund, related to the substitute teacher working in place of the aforementioned teacher on maternity leave, that could have been paid from Title I funds. However, the adjustments noted to the 2007 grant were unsupported.

The total amount of \$37,411 is a questioned cost.

We recommend the District devise and implement internal control policies and procedures capable of providing management with assurance that only allowable and properly supported expenditures are being charged to federal programs. These policies should include having someone with knowledge of grant requirements approving and reviewing all charges to the federal program.

Official's Response

The District paid a Title I teacher who was on maternity leave out of the Title I fund; however, this amount is far exceeded by the salaries paid out of the General fund for other teachers who are eligible to be paid out of Title I.

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS

JUNE 30, 2008

Finding Number	Finding Summary	Fully Corrected?	Not Corrected, Partially Corrected; Significantly Different Corrective Action Taken; or Finding No Longer Valid; <i>Explain</i>
2007-1	Ohio Rev. Code Section 5705.41(B) – Expenditures exceeding appropriations.	No	Partially Corrected. Reported in letter to management dated December 19, 2008.
2007-2	20 USC § 6313(a) and 20 USC § 6315(a) – Title I funds paid to teachers at ineligible service areas.	Yes	Finding No Longer Valid.
