INDEPENDENT ACCOUNTANTS' REPORT

Urbana Community School
Champaign County
711 Wood Street
Urbana, Ohio 43078

To the Board of Directors:

We have audited the accompanying financial statements of the Urbana Community School, Champaign County, (the School), a component unit of Urbana City School District, as of and for the year ended June 30, 2008, as listed in the table of contents. These financial statements are the responsibility of the School's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of Urbana Community School, Champaign County, as of June 30, 2008, and the changes in its financial position and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated February 19, 2009, on our consideration of the School's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

Management's Discussion and Analysis is not a required part of the basic financial statements but is supplementary information accounting principles generally accepted in the United States of America requires. We have applied certain limited procedures, consisting principally of inquiries of management regarding the methods of measuring and presenting the required supplementary information. However, we did not audit the information and express no opinion on it.

A handwritten signature in black ink that reads "Mary Taylor". The signature is written in a cursive, flowing style.

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2008
(UNAUDITED)**

The discussion and analysis of the Urbana Community School's (the "School") financial performance provides an overall review of the School's financial activities for the fiscal year ended June 30, 2008. The intent of this discussion and analysis is to look at the School's financial performance as a whole; readers should also review the notes to the basic financial statements and financial statements to enhance their understanding of the School's financial performance.

Financial Highlights

Key financial highlights for 2008 are as follows:

- In total, net assets were \$575,433 at June 30, 2008.
- The School's total assets were \$854,204 and total liabilities were \$278,771.
- The School had operating revenues of \$384,608 and operating expenses of \$263,730 for fiscal year 2008.
- The School also received \$1,800 in state grants during the year and \$3,918 in interest revenue.
- Total change in net assets for fiscal year 2008 was an increase of \$126,596.

Using these Basic Financial Statements

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the School's financial activities. The Statement of Net Assets and Statement of Revenues, Expenses and Changes in Net Assets provide information about the activities of the School, including all short-term and long-term financial resources and obligations.

Reporting the School's Financial Activities

Statement of Net Assets, Statement of Revenues, Expenses, and Changes in Net Assets and the Statement of Cash Flows

These documents look at all financial transactions and ask the question, "How did we do financially during 2008?" The Statement of Net Assets and Statement of Revenues, Expenses and Changes in Net Assets answer this question. These statements include all assets, liabilities, revenues and expenses using the accrual basis of accounting similar to the accounting used by most private-sector companies. This basis of accounting takes into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the School's net assets and changes in those assets. This change in net assets is important because it tells the reader that, for the School as a whole, the financial position of the School has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. These statements can be found on pages 7 and 8 of this report.

The statement of cash flows provides information about how the School finances and meets the cash flow needs of its operations. The statement of cash flows can be found on page 9 of this report.

CHAMPAIGN COUNTY**

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2008
(UNAUDITED)
(Continued)**

The table below provides a summary of the School's net assets for fiscal years 2008 and 2007.

Net Assets		
Assets		
Current assets	\$854,204	\$584,883
Total assets	854,204	584,883
Liabilities		
Current liabilities	278,771	136,046
Total Liabilities	278,771	136,046
Net Assets		
Restricted	10,800	9,000
Unrestricted	564,633	439,837
Total net assets	\$575,433	\$448,837

Over time, net assets can serve as a useful indicator of a government's financial position. At June 30, 2008, the School's net assets totaled \$575,433.

The table below shows the changes in net assets for fiscal year 2008 and 2007.

Change in Net Assets		
	2008	2007
Operating Revenues:		
State foundation	\$384,608	\$496,022
Total operating revenue	384,608	496,022
Operating Expenses:		
Purchased services	248,309	285,834
Materials and supplies	15,421	1,923
Total operating expenses	263,730	287,757
Non-operating revenues:		
Federal and state grants	1,800	3,000
Interest income	3,918	2,262
Total non-operating revenues	5,718	5,262
Change in net assets	\$126,596	\$213,527

The charts below illustrates the revenues for the School during fiscal years 2008 and 2007.

The charts below illustrate the expenses for the School for fiscal years 2008 and 2007.

Current Financial Related Activities

The School is sponsored by Urbana City School District. The School is reliant upon State Foundation monies to offer quality, online learning to students.

It is the intent of the School to apply for other State funds that are made available.

Contacting the School's Financial Management

This financial report is designed to provide our clients and creditors with a general overview of the School's finances and to show the School's accountability for the money it receives. If you have questions about this report or need additional financial information contact Ms. Amanda Hildebrand, Treasurer, Urbana Community School, 711 Wood Street, Urbana, OH 43078.

**NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2008**

1. DESCRIPTION OF THE SCHOOL

Urbana Community School (the "School") is a school as provided for by Ohio Revised Code Chapters 3314 and 1702 within the Urbana City School District (the "Sponsor"). The Schools' objective is to use technology to reach a diverse student population. The School is designed for students who have a desire for, and whose education can be optimized by, a program of online instruction in an independent environment that does not include most ancillary components of a more traditional education. Because the focus is on distance learning, the ability of students to learn independently in their own homes using an online educational program is an essential element of the School's program. This population may include, but will not be limited to, home schoolers, children with special physical and mental needs, students removed from the regular classroom for discipline concerns, students who need an alternative to the traditional classroom for various reasons, including religious reasons, transient students, and students within the Sponsor school district that desire a specific course not currently offered but available through online instruction. The program will permit the use of a "blended" approach to the delivery of educational services designed to provide the optimum balance between online and traditional instruction for each individual student. The School offers students the choice of on-line or correspondence schooling. The School, which is part of the state's education program, is independent of any school district and is nonsectarian in its programs, admission policies, employment practices and all other operations. The School may sue and be sued in its own name, acquire facilities as needed and contract for services necessary for the operation of the School. The School is considered a component unit of the Urbana City School District for reporting purposes, in accordance with Governmental Accounting Standards Board (GASB) Statement No. 14 as amended by GASB Statement No.39.

The School was approved under contract with the Sponsor for a period of five years commencing July 1, 2003. The School began operations on July 1, 2004.

The School operates under the direction of an eight-member (seven voting members) Board of Directors made up of:

- (a) Four persons employed and serving in administrator positions within the Sponsor's District, including the Superintendent, Curriculum Director, Director of Business Affairs, and High School Principal. Each of the foregoing administrators serves on the Board of Directors in his/her official capacity as a representative of the Sponsor's Board of Education and its interests.
- (b) One person of whom shall be a public educator or other public official representing a governmental entity that desires to further the establishment and operation of the School.
- (c) One person who is neither an officer nor employee of the Sponsor and is a person who represents the interest of parents and students served by the School.
- (d) The final person is a community member and parent of student(s) enrolled in the Sponsor School District.
- (e) The Sponsor's Treasurer as a non-voting ex officio member of the Board of Directors. The Treasurer shall serve the Board of Directors in his/her official capacity as a representative of the Sponsor and Sponsor's interests.

On March 27, 2007, six members of the Board of Directors resigned and were not replaced. The decision to resign was the result of conflicting legal advice as to whether employees of the Sponsor school could legally sit on the Board. As of June 30, 2008, new Board members had not been appointed and the School used the Sponsor's Board of Education. See Note 11 for subsequent events.

**URBANA COMMUNITY SCHOOL
CHAMPAIGN COUNTY**

**NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2008
(Continued)**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements (BFS) of the School have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The School also applies Financial Accounting Standards Board (FASB) Statements and Interpretations issued on or before November 30, 1989, provided those pronouncements do not conflict with or contradict GASB pronouncements. The School has the option to also apply FASB Statements and Interpretations issued after November 30, 1989, subject to this same limitation. The School has elected not to apply these FASB Statements and Interpretations. The School's significant accounting policies are described below.

A. Basis of Presentation

Enterprise fund accounting is used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent is that the costs (expenses) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges or where it has been decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

B. Measurement Focus and Basis of Accounting

Enterprise fund accounting uses a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities are included on the Statement of Net Assets. The Statement of Revenues, Expenses and Changes in Net Assets presents increases (i.e., revenues) and decreases (i.e., expenses) in total net assets. Basis of accounting refers to when revenues and expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made. The accrual basis of accounting is used for reporting purposes. Revenues are recognized when they are earned, and expenses are recognized when they are incurred.

C. Budgetary Process

Unlike other public schools located in the State of Ohio, community schools are not required to follow budgetary provisions set forth in Ohio Revised Code Section 5705, unless specifically provided in the School's contract with its Sponsor. The contract between the School and its Sponsor requires the School to prepare a five-year annual budget detailing revenues and expenses. The five-year project is also required by Ohio Revised Code Section 5705.391.

D. Cash and Cash Equivalents

The School maintains an interest bearing depository account. All funds of the School are maintained in this account. This interest bearing depository account is presented on the statement of net assets as "equity in pooled cash and cash equivalents".

E. Capital Assets and Depreciation

Capital assets are capitalized at (cost or estimated historical cost) and updated for additions and deletions during the year. Donated capital assets are recorded at their fair market value as of the date donated. The School maintains a capitalization threshold of \$500. The School does not have any infrastructure. Improvements are capitalized. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized. The School does not have any assets over the threshold at June 30, 2008.

**URBANA COMMUNITY SCHOOL
CHAMPAIGN COUNTY**

**NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2008
(Continued)**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

F. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the School. Operating expenses are necessary costs incurred to provide the service that is the primary activity of the School. All revenues and expenses not meeting this definition are reported as non-operating.

G. Intergovernmental Revenues

The School currently participates in the State Foundation Program through the Ohio Department of Education and the EMIS State grant. Revenue from this program is recognized as operating revenue in the accounting period in which all eligibility requirements have been met.

Grants and entitlements are recognized as non-operating revenues in the accounting period in which all eligibility requirements have been met. Eligibility includes timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the School must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the School on a reimbursement basis. State grants for the fiscal year 2008 received by the School was \$1,800.

H. Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

3. ACCOUNTABILITY AND COMPLIANCE

Change in Accounting Principles

For fiscal year 2008, the School has implemented GASB Statement No. 48, "Sales and Pledges of Receivables and Future Revenues and Intra-Entity Transfers of Assets and Future Revenues".

GASB Statement No. 48 established criteria to ascertain whether certain transactions should be regarded as sales or as collateralized borrowings, as well as disclosure requirements for future revenues that are pledged and sold. The implementation of GASB Statement No. 48 did not have an effect on the financial statements of the School.

4. EQUITY IN POOLED CASH AND INVESTMENTS

At June 30, 2008, the carrying amount of the School's deposits was \$854,204. Based on the criteria described in GASB Statement No. 40, "Deposits and Investment Risk Disclosures", as of June 30, 2008, \$765,425 of the School's bank balance of \$865,425 was exposed to custodial risk as discussed below, while \$100,000 was covered by the Federal Deposit Insurance Corporation.

**URBANA COMMUNITY SCHOOL
CHAMPAIGN COUNTY**

**NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2008
(Continued)**

4. EQUITY IN POOLED CASH AND INVESTMENTS (Continued)

Custodial credit risk is the risk that, in the event of bank failure, the School's deposits may not be returned. All deposits are collateralized with eligible securities in amounts equal to at least 105% of the carrying value of the deposits. Such collateral, as permitted by the Ohio Revised Code, is held in single financial institution collateral pools at Federal Reserve Banks, or at member banks of the federal reserve system, in the name of the respective depository bank and pledged as a pool of collateral against all of the public deposits it holds or as specific collateral held at the Federal Reserve Bank in the name of the School. The School has no deposit policy for custodial credit risk beyond the requirements of State statute. Although the securities were held by the pledging institutions' trust department and all statutory requirements for the deposit of money had been followed, noncompliance with federal requirements could potentially subject the School to a successful claim by the FDIC.

5. COMPREHENSIVE SERVICES AGREEMENT WITH TRECA

The School entered into a one-year contract on November 29, 2007, for fiscal year 2008, with Tri-Rivers Education Computer Association (TRECA). Under the contract, the following terms were agreed upon:

1. TRECA shall provide the School with instructional, supervisory/administrative, and technical services sufficient to effectively implement the School's educational plan and the School's assessment and accountability plan.
2. All personnel providing services to the School on behalf of TRECA under the agreement shall be employees of TRECA and TRECA shall be solely responsible for all payroll functions, including retirement system contributions and all other legal withholding and/or payroll taxes, with respect to such personnel. All shall possess any certification or licensure which may be required by law.
3. The technical services provided by TRECA to the School shall include access to, and the use of, computer software, computer hardware, networking hardware, network services, and the services of technical support personnel necessary to implement the plan of operation.
4. The School shall secure the services of an Executive Director, who shall be the chief operating officer of the school, with primary responsibility for day-to-day operations of the School.
5. Curricular services provided by TRECA shall be limited to the standardized curriculum developed by TRECA.
6. The School shall pay to TRECA \$3,600 per full-time student enrolled in the School per year. Part time students may be enrolled on such terms as are agreed to by the parties.

For fiscal year 2008, \$117,747 was paid to TRECA.

To obtain TRECA's audited June 30, 2008 financial statements, please contact Scott Armstrong at scott@treca.org.

**URBANA COMMUNITY SCHOOL
CHAMPAIGN COUNTY**

**NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2008
(Continued)**

6. AGREEMENT WITH AMERICAN CORRESPONDENCE SCHOOL

In addition to providing students with online technology classes, the School also permits students to enroll in the American Correspondence School (Correspondence School), in which students perform educational duties through mail correspondence. The School incurs the tuition costs for students enrolled in the Correspondence School and the tuition is not reimbursed by the students. The payments are remitted by the Sponsor and the School reimburses the Sponsor for the expenses. As of June 30, 2008, the School owed the Sponsor \$10,912 for payments remitted to the Correspondence School on behalf of the School. For fiscal year 2008, the School paid \$9,456 to the Correspondence School.

7. RISK MANAGEMENT

The School is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to contracted personnel; and natural disasters. For fiscal year 2008, the School was named on the Sponsor's policy for property and general liability insurance.

8. PURCHASED SERVICES

For fiscal year ended June 30, 2008, purchased services expenses were as follows:

TRECA Services	\$118,097
Sponsor Services	83,732
Director's Expense	46,480
Total	<u>\$248,309</u>

9. CONTINGENCIES

A. Grants

The School received financial assistance from State agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the School at June 30, 2008.

B. Litigation

The School is not involved in any other litigation that, in the opinion of management, would have a material effect on the financial statements.

**URBANA COMMUNITY SCHOOL
CHAMPAIGN COUNTY**

**NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2008
(Continued)**

9. CONTINGENCIES (Continued)

C. State Foundation Funding

The Ohio Department of Education conducts reviews of enrollment data and full-time equivalency (FTE) calculations made by the schools. These reviews are conducted to ensure the schools are reporting accurate student enrollment data to the state, upon which State foundation funding is calculated. As a result of the review after fiscal year-end, the School owed the Ohio Department of Education \$7,847. This amount is reflected as an intergovernmental payable (Due to other Governments) on the basic financial statement.

10. FISCAL AGENT

The School utilizes the services of the Urbana City School District Treasurer as their fiscal officer. The School does not directly pay the Treasurer; however, it does reimburse the District for her services.

11. SUBSEQUENT EVENT

Six new members were appointed to the Board of Directors on December 16, 2008.

Mary Taylor, CPA

Auditor of State

INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

Urbana Community School
Champaign County
711 Wood Street
Urbana, Ohio 43078

To the Board of Directors:

We have audited the financial statements of the Urbana Community School, Champaign County, (the School), a component unit of Urbana City School District, as of and for the year ended June 30, 2008, which collectively comprise the School's basic financial statements and have issued our report thereon dated February 19, 2009. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the School's internal control over financial reporting as a basis for designing our audit procedures for expressing our opinion on the financial statements, but not to opine on the effectiveness of the School's internal control over financial reporting. Accordingly, we have not opined on the effectiveness of the School's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the School's ability to initiate, authorize, record, process, or report financial data reliably in accordance with its applicable accounting basis, such that there is more than a remote likelihood that the School's internal control will not prevent or detect a more-than-inconsequential financial statement misstatement.

A material weakness is a significant deficiency, or combination of significant deficiencies resulting in more than a remote likelihood that the School's internal control will not prevent or detect a material financial statement misstatement.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all internal control deficiencies that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider material weaknesses, as defined above.

Compliance and Other Matters

As part of reasonably assuring whether the School's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed an instance of noncompliance or other matter that we must report under *Government Auditing Standards*, which is described in the accompanying schedule of findings as item 2008-001.

We intend this report solely for the information and use of the management, Board of Directors, and the Community School's Sponsor. We intend it for no one other than these specified parties.

February 19, 2009

**URBANA COMMUNITY SCHOOL
CHAMPAIGN COUNTY**

**SCHEDULE OF FINDINGS
JUNE 30, 2008**

FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS
--

FINDING NUMBER 2008-001

Noncompliance Citation

The Community School/Sponsor Contract dated June 25, 2002, Governance and Administrative Plan for the Urbana Community School and the Code of Regulations of the Urbana Community School Article II, Section 2.02 states the Urbana Community School Board of Directors should include four administrators from the Sponsor's School District as well as two non-District employees and one community member.

In addition, **Ohio Rev. Code Section 3314.02(E)(1)** requires that each new start-up community school shall be under the direction of a governing authority which shall consist of a board of not less than five individuals.

Exhibit 3 of the Community School Contract above states the Board of Directors shall be the final governing authority of the School and shall be responsible for:

- Helping create, approve and monitor the school's annual budget
- Developing policies to guide the operation of the school
- Securing funding for the school
- Maintaining a commitment to the vision, mission and belief statements the School and the children it serves.

On March 27, 2007, six members of the Board of Directors resigned and were not replaced until December 16, 2008. The decision to resign was the result of conflicting legal advice as to whether employees of the Sponsor School could legally sit on the Board. During the audit period, the School operated with no governing body to perform the statutorily required above stated functions, most significantly is the function of preparing, approving and monitoring the school's annual budget and expenditures.

Officials' Response:

The Urbana City School District (Sponsor) appointed a new Board of Directors on December 16, 2008.
