INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

Holmes County
2 Court Street, Suite 107
Millersburg, Ohio 44654

To the County Commissioners:

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate discretely presented component units and remaining fund information of Holmes County, Ohio, (the County) as of and for the year ended December 31, 2009, which collectively comprise the County's basic financial statements and have issued our report thereon dated June 18, 2010 in which we noted the financial statements of the County's Enterprise Hospital major fund were audited by other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the County's internal control over financial reporting as a basis for designing our audit procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of opining on the effectiveness of the County's internal control over financial reporting. Accordingly, we have not opined on the effectiveness of the County's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and timely corrected.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider material weaknesses, as defined above.

Compliance and Other Matters

As part of reasonably assuring whether the County's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed an instance of noncompliance or other matter that we must report under *Government Auditing Standards* which is described in the accompanying Schedule of Findings as item 2009-001.

We also noted certain matters not requiring inclusion in this report that we reported to the County's management in a separate letter dated June 18, 2010.

We intend this report solely for the information and use of the audit committee, management, the County Commissioners, and federal awarding agencies and pass-through entities, and others within the County. We intend it for no one other than these specified parties.

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Holmes County
2 Court Street, Suite 107
Millersburg, Ohio 44654

To the County Commissioners:

Compliance

We have audited the compliance of Holmes County, Ohio, (the County) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133, Compliance Supplement* that apply to each of its major federal programs for the year ended December 31, 2009. The summary of auditor's results section of the accompanying Schedule of Findings identifies the County's major federal programs. The County's management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to each major federal program. Our responsibility is to express an opinion on the County's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to reasonably assure whether noncompliance occurred with the compliance requirements referred to above that could directly and materially affect a major federal program. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing other procedures we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the County's compliance with those requirements.

In our opinion, Holmes County complied, in all material respects, with the requirements referred to above that apply to each of its major federal programs for the year ended December 31, 2009.

Internal Control Over Compliance

The County's management is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the County's internal control over compliance with requirements that could directly and materially affect a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program compliance requirement. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

We noted matters involving federal compliance or internal control over federal compliance not requiring inclusion in this report, that we reported to the County's management in a separate letter dated June 18, 2010.

Federal Awards Expenditures Schedule

We have audited the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate discretely presented component units and remaining fund information of Holmes County, Ohio as of and for the year ended December 31, 2009, and have issued our report thereon dated June 18, 2010, which indicated that the financial statements of Joel Pomerene Hospital, were audited by other auditors, and our opinion, insofar as it relates to the amounts included for this department, is based on the report of other auditors. Our audit was performed to form opinions on the financial statements that collectively comprise the County's basic financial statements. The accompanying Federal Awards Expenditures Schedule provides additional information as required by OMB Circular A-133 and is not a required part of the basic financial statements. We subjected this information to the auditing procedures applied in the audit of the basic financial statements. In our opinion, this information is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

We intend this report solely for the information and use of the audit committee, management, the County Commissioners, federal awarding agencies, and pass-through entities. It is not intended for anyone other than these specified parties.

HOLMES COUNTY

**NOTES TO THE FEDERAL AWARDS EXPENDITURES SCHEDULE
FISCAL YEAR ENDED DECEMBER 31, 2009**

NOTE A - SIGNIFICANT ACCOUNTING POLICIES

The accompanying Federal Awards Expenditures Schedule (the Schedule) summarizes activity of the County's federal award programs. The Schedule has been prepared on the cash basis of accounting.

NOTE B - SUBRECIPIENTS

The County passes certain federal awards received from the U.S Department of Health and Human Services, U.S. Department of Transportation and the U.S. Department of Labor to other governments or not-for-profit agencies (subrecipients). As Note A describes, the County reports expenditures of Federal awards to subrecipients when paid in cash.

As a subrecipient, the County has certain compliance responsibilities, such as monitoring its subrecipients to help assure they use these subawards as authorized by laws, regulations, and the provisions of contracts or grant agreements, and that subrecipients achieve the award's performance goals.

NOTE C - MATCHING REQUIREMENTS

Certain Federal programs require that the County contribute non-Federal funds (matching funds) to support the Federally-funded programs. The County has complied with the matching requirements. The expenditure of non-Federal matching funds is not included on the Schedule.

NOTE D - FOOD DONATION DISTRIBUTION

Program regulations do not require the County to maintain separate inventory records for purchased food versus food commodities it receives from the U.S. Department of Agriculture. The County reports commodities consumed on the Schedule at the entitlement value.

Material Noncompliance

Ohio Rev. Code Section 5705.10 requires that monies paid into any fund be must be used only for the purposes for which such fund has been established. A negative fund balance indicates that money from one fund was used to cover the expenses of another fund.

Throughout 2009 and at December 31, 2009, certain funds incurred negative cash fund balances as follows:

<u>Fund</u>	<u>Variance</u>
Fund A00 - General Fund	(\$93,068) to (\$398,464)
Fund P34 - Solid Waste	(22,607) to (36,442)
Fund P35 - County Disposal	(2,618) to (21,651)
Fund P38 - East Holmes Water	(114) to (1,511)
Fund S12 - BODD Title VI-B	(12)
Fund S16 - State Victim's Assistance	(34) to (97)
Fund S47 - Victim Advocate	(14,545)
Fund S86 – Transportation	(9,078) to (38,147)
Fund S93 - Sheriff Overtime Block Grant	(47)
Fund T00 - CHIP Home Dollars	(2,667) to (29,500)
Fund X03 - Jail Food Service	(6,970) to (19,695)
Fund X05 - County Health Insurance	(469) to (2,435)

The County should monitor receipts and disbursements on a regular basis to ensure a sufficient fund balance exists before authorizing the expenditure of funds.

June 18, 2010

To the County Commissioners and the Citizens of Holmes County:

I am pleased to present the Comprehensive Annual Financial Report (CAFR) of Holmes County (the “County”) for the year ended December 31, 2009. To the best of my knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds of the County. This report is being presented in compliance with Governmental Accounting Standards Board (GASB) Statement No. 34, “Basic Financial Statements - and Management’s Discussion and Analysis-for State and Local Governments.”

The information contained in the report is designed to assist County Officials in making management decisions and to provide the taxpayers of the County with comprehensive financial data in such a format as to enable them to gain a true understanding of the County’s financial affairs. The general public, as well as investors, will be able to compare the financial position of the County and the results of its operations with other government entities. Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the management of the County, specifically the County Auditor’s Office.

Ohio law requires independent audits to be performed on all financial operations of the County either by the Auditor of State or an independent public accounting firm, if permitted by the Auditor of State. The Auditor of State’s office performed the audit for the year ended December 31, 2009.

As a part of the County’s independent audit, considerations are made to assess the internal control structure in relation to the financial statements, including that portion related to federal financial assistance programs, as well as to determine that the County has complied with applicable laws and regulations.

This transmittal letter is designed to provide historical information about the County, as well as compliment the required Management’s Discussion and Analysis (MD&A). Generally accepted accounting principles require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements. The County’s MD&A, which focuses on the government-wide statements, can be found immediately following the Independent Accountant’s Report and should be read in conjunction with this transmittal letter.

The Reporting Entity

The County's reporting entity has been defined in accordance with GASB Statement No. 14, "The Financial Reporting Entity" as amended by GASB Statement No. 39 "Determining Whether Certain Organizations are Component Units". The basic financial statements contained within this CAFR include all funds, agencies, boards, and commissions for which the County (the reporting entity) is financially accountable. The County provides a wide range of general government services to its residents which include: human and social services, health and community assistance related services, civil and criminal justice systems, road and bridge maintenance and other general legislative and administrative support service. In addition, the County operates certain enterprise funds, which include a water district, a sewer district, County disposal (landfill) and a hospital.

The County's reporting entity includes the financial activities of the Children Services Board, the County Board of Developmental Disabilities (DD), the Department of Job and Family Services (Public Assistance), the Joel Pomerene Hospital, and all departments and activities that are directly operated by the elected County officials.

Organizations that are legally separate from the County are included if the County's elected officials appoint a voting majority of the organization's governing body and either the County has the ability to impose its will on that organization, or there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on the County. The County may also be financially accountable for governmental organizations that are fiscally dependent on it.

Component units are legally separate organizations which are fiscally dependent on the County or for which the County is fiscally accountable. The County reports the Lynn Hope Industries, Inc., the Holmes County Airport Authority and the Holmes County Regional Planning Commission as discretely presented component units.

The County is also associated with the following organizations:

Joint Ventures Without Equity Interest

Alcohol, Drug Addiction and Mental Health Services Board of Wayne and Holmes Counties

Jointly Governed Organizations

Multi-County Juvenile Attention Center
Stark Regional Community Corrections Center
Holmes County Family and Children First Council
Medway Drug Enforcement Agency

Public Entity Risk Pools

County Risk Sharing Authority, Inc.
County Commissioners Association of Ohio Workers' Compensation Group Rating Plan

Related Organizations

Holmes County Public Library
Holmes County Park District
Northeast Ohio Outreach Network

The County also serves as fiscal officer and custodian of funds but is not accountable for the following organizations:

Holmes County District Board of Health
Holmes County Soil and Water Conservation District

The operations of the two above mentioned agencies have been excluded from the County's basic financial statements, but the funds held on their behalf in the County Treasury are included in the agency funds. A complete discussion of the County's reporting entity is provided in Note 2.A. of the basic financial statements.

The County and Form of Government

The County, located in Northeast Ohio, was named for Andrew Hunter Holmes. He was a major in the United States Army who was killed during the War of 1812. In its present form, Holmes County encompasses about 424 square miles (265,640 acres). The County includes 7 villages and 14 townships. With the exception of German Township, which was renamed Clark Township in 1918; the territory of each township is the same today as when the County first was organized.

A mostly rural County, Holmes has seen slow, steady growth throughout much of its history. Holmes County is known for the wide variety of products originating from its fertile soil. Today, it is a hotbed of summer tourist activities, thanks in part to a renewed interest in the Amish and their simple lifestyle.

Ohio statutes impose the legislative, financial and judicial powers of the County. The legislative body of the County is comprised of a three member Board of County Commissioners who are elected at large for overlapping four-year terms. The Board of Commissioners serves as the taxing authority, the contracting body and the chief administrators of public services for the County. The Board of Commissioners creates and adopts the annual operating budget, including all appropriation measures, and approves all expenditures of all County funds. In addition to the Board of Commissioners, the offices of the County Auditor and County Treasurer perform the various financial functions of the County government.

The County Auditor, who is elected to a four-year term, serves as the chief fiscal officer for the County and the tax assessor for all political subdivisions within the County. As the chief fiscal officer, no contract or obligation involving the County can be made without the Auditor's certification that appropriations are sufficient and that funds are available to ensure that the contract or obligation can be paid. The Auditor is also the central disbursing agent of the County, who, by the issuance of county warrants, distributes funds to creditors in payment of liabilities, including payroll, incurred by the County and its departments. As tax assessor, the County Auditor is responsible for establishing the valuations for real estate, personal property and manufactured homes. Once these taxes are collected, the County Auditor is responsible for distributing those collections to other governmental entities in accordance with legally adopted rates. The County Auditor also serves the secretary of the County Board of Revision, the County Budget Commission and is the Deputy Registrar for the State of Ohio in Holmes County.

The County Treasurer, also elected to a four-year term, is the custodian of all County funds. The County Treasurer is responsible for the investment of all idle County Funds, as specified by Ohio law. The County Treasurer is also responsible for collecting all tax monies and applying those payments to the appropriate tax accounts. Daily reconciliation of the total County fund balances of the County Auditor and the County Treasurer are performed by the two offices, and reconciliation on a fund-by-fund basis are prepared monthly. The County Treasurer, the County Auditor and the County Prosecutor comprise the County Budget Commission. The Budget Commission plays an important function in the financial administration of the County's government and all other local governments within the County.

Other elected officials include the County Prosecutor, the Engineer, the Recorder, the Sheriff, the Clerk of Courts, the Coroner, the Common Pleas Judge, the Probate and Juvenile Judge, and the Municipal Court Judge.

Economic Condition and Outlook

Holmes County is a predominantly rural county and has no large metropolitan or densely populated areas. Following a disastrous turn of events at the close of 2008, the state of the US economy weighed heavy on the minds of Holmes County residents moving into the new year. Ushering a new administration, many questions remained unanswered. While much acclaim has been given to the Holmes County's ability to persist in times of distress, the effects of the downturn were felt by the majority. At the close of 2009, the Holmes County unemployment rate reached 7.8% with losses in eight (8) of thirteen (13) industrial sectors and significant declines in manufacturing and retail trade. Furthermore, county sales and use tax declined after more than a decade long growth. Nevertheless, in the face of adversity, area business owners and residents reacted to the conditions with much resolve. Employers confronting falling profits and losses exercised a variety of creative approaches to keep people at work earning a wage. Consequently, temporary production shut downs, on-demand call backs, and the like were common play throughout the year. Doing their part, employees also helped to ease the burden of struggling companies taking voluntary leaves of absence and in some cases reductions in pay. What's more in 2009, Holmes County witnessed a return to the field, the backbone of the local economy, where yields put food on the table and were sold at market. It is because of these and other efforts nearing the start of the new decade, signs of a turnaround began to surface and consumer confidence began to slowly return. Certainly, on what appears to be a long road to recovery, much will be revealed in 2010.

2009 was the sixteenth year in which a hotel/motel bed tax was put into effect on a County level. County Commissioners passed a resolution effective June 1, 2001, increasing the bed tax 2 percent to a total of 3 percent. Monies collected in 2009 for the bed tax decreased compared to the previous year; \$410,167.53 in 2008 to \$407,619.77 in 2009.

The financial woes of the Nation and the State of Ohio continue to trickle down to the County level. With some funding cuts or freezes from the State to the County, it will make the budget process for the County more challenging. The State of Ohio continued to work on balancing their budget and has cut many programs and funding to the local governments.

MAJOR INITIATIVES

Current

The County continues to be involved in a variety of projects. These projects reflect the County's commitment to ensuring that its citizens are able to live and work in an enviable environment.

Village of Millersburg - SR 83 sidewalk replacement project connecting downtown Millersburg to the southern business district

Walnut Creek Waste Water Treatment Expansion - Increase capacity

Village of Holmesville - Road resurfacing project, bicycle lanes and beautification of Market Street

Community of Big Prairie - Sidewalk renovation and storm drainage improvements.

Future

The County will continue to provide a variety of services required to meet the needs of its citizens and actively support economic development in the area. We look forward to the following significant activities made possible by the citizens of Holmes County and its government.

County-wide Broadband Initiative

Winesburg Water Company Line Extension

Big Prairie/Richland Township Storm Drainage and Sidewalk Improvement

Holmes County Fairgrounds Relocation

Community of Charm Sidewalks/Streetscaping

Basis of Accounting

Except for budgetary purposes, the basis of accounting used by the County conforms to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental units and are consistent with GASB Cod. Sec. 1600, *Basis of Accounting*. All governmental funds are accounted for using a current financial resources-current assets and current liabilities-measurement focus. The modified accrual basis of accounting is utilized for governmental funds. Revenues are recognized when they are susceptible to accrual (both measurable and available). Expenditures are recognized when the related liability is incurred, except for interest on long-term debt which is recorded when due.

The measurement focus on the County's proprietary funds is on the flow of total economic resources (all assets and liabilities). The accrual basis of accounting (revenues are recognized when earned and expenses when incurred) is utilized by the County in its proprietary and agency funds. The government-wide financial statements, including governmental activities, are also prepared using the accrual basis of accounting.

The County's basis of accounting for budgetary purposes differs from GAAP in that revenues are recognized when received, rather than when susceptible to accrual (measurable and available), and encumbrances are included as expenditures rather than as reservations of fund balances.

Accounting policies are further explained in Note 2 to the basic financial statements.

Internal Controls

In developing the accounting system, the County gave much consideration to the adequacy of internal accounting controls. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding (1) the safeguarding of assets against loss from unauthorized use or disposition, and (2) the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance is based on the assumption that the cost of internal accounting controls should not exceed the benefits expected to be derived from their implementation.

The County uses a fully-automated accounting system as well as automated systems of control for capital assets and payroll. These systems, coupled with the manual auditing of each voucher prior to payment by the accounting department of the Auditor's Office, help insure that the financial information generated is both accurate and reliable.

Budgetary Controls

The Board of County Commissioners adopts an annual appropriation measure for the County at the end of December for the coming year. Budgets are controlled at the object level within a department and fund. Purchase orders are approved by the department heads and by the Commissioners for departments under their control and are encumbered prior to their release to vendors. Those purchase orders which exceed the available appropriations are rejected until additional appropriations are secured.

A computerized certification system allows the Auditor's Office to ascertain the status of a department's appropriations prior to authorizing additional purchases from a particular account.

Independent Audit

Included in this report is an unqualified audit opinion rendered on the County's financial statements as of and for the year ended December 31, 2009, by independent auditor, Mary Taylor, Auditor of State. In addition to meeting the requirements set forth in state statutes, the audit was also designed to meet the requirements of the Federal Single Audit Act of 1996 and related OMB Circular A-133.

The County plans to continue to subject its financial statements to an annual independent audit as part of the preparation of a CAFR. An annual audit serves to maintain and strengthen the County's accounting and budgetary controls.

Awards

The Governmental Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Holmes County, Ohio, for its comprehensive annual financial report for the year ended December 31, 2008. This was the seventeenth consecutive year that the County received this prestigious award. In order to be awarded a Certificate of Achievement, the government unit must publish an easily readable and efficiently organized Comprehensive Annual Financial Report which conforms to program standards. Such reports must satisfy both GAAP and all applicable legal requirements.

A Certificate of Achievement is valid for a period of one-year only. We believe our current report continues to meet the Certificate of Achievement Program's requirements, and we are again submitting it to the GFOA to determine its eligibility to receive the certificate, which is the highest form of recognition in the area of governmental financial reporting.

Acknowledgments

The publication of this report is the culmination of many hours of dedicated work by the fiscal department of the Office of the Holmes County Auditor. The effort made by various department heads and their staff in compiling the needed data is greatly appreciated again this year. Appreciation is in order for our consultants, Julian & Grube, Inc., for their cooperation and technical guidance in completing the County's eighteenth consecutive CAFR.

I thank the citizens of Holmes County for supporting our efforts to provide sound financial management.

Sincerely,

INDEPENDENT ACCOUNTANTS' REPORT

Holmes County
2 Court Street, Suite 107
Millersburg, Ohio 44654

To the County Commissioners:

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate discretely presented component units and remaining fund information of Holmes County, Ohio, (the County) as of and for the year ended December 31, 2009, which collectively comprise the County's basic financial statements as listed in the Table of Contents. These financial statements are the responsibility of the County's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of Joel Pomerene Hospital, a major Enterprise Fund, which represent 88 percent, 105 percent and 99 percent, respectively, of the assets, net assets, and revenues of the County's business-type activities. Other auditors audited those financial statements. They have furnished their report thereon to us, and we base our opinion, insofar as it relates to the amounts included for Joel Pomerene Hospital on the report of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate discretely presented component units and remaining fund information of Holmes County, Ohio, as of December 31, 2009, and the respective changes in financial position and applicable, cash flows, thereof and the respective budgetary comparisons for the General, Special Revenue County Board of Developmental Disabilities, Motor Vehicle License and Gas Tax, County Home and Public Assistance Funds for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated June 18, 2010, on our consideration of the County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

Management's Discussion and Analysis is not a required part of the basic financial statements but is supplementary information accounting principles generally accepted in the United States of America requires. We and the other auditors have applied certain limited procedures, consisting principally of inquiries of management regarding the methods of measuring and presenting the required supplementary information. However, we and the other auditors did not audit the information and express no opinion on it.

We conducted our audit to opine on the financial statements that collectively comprise the County's basic financial statements. The introductory section, combining non-major fund statements and schedules and statistical tables provide additional information and are not a required part of the basic financial statements. We subjected the combining non-major fund statements and schedules to the auditing procedures applied in the audit of the basic financial statements. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole. We did not subject the Introductory Section and Statistical Tables to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2009

The management's discussion and analysis of Holmes County's (the "County") financial performance provides an overall review of the County's financial activities for the year ended December 31, 2009. The intent of this discussion and analysis is to look at the County's financial performance as a whole; readers should also review the transmittal letter, notes to the basic financial statements and the basic financial statements to enhance their understanding of the County's financial performance.

Financial Highlights

Key financial highlights for 2009 are as follows:

- The total net assets of the County increased \$522,834. Net assets of governmental activities increased \$1,963,149, which represents a 6.27% increase over fiscal year 2008. Net assets of business-type activities decreased \$1,440,315 or 6.20% from fiscal year 2008.
- General revenues accounted for \$11,164,132 or 35.98% of total governmental activities revenue. Program specific revenues accounted for \$19,864,751 or 64.02% of total governmental activities revenue.
- For the governmental activities, the County had \$29,065,734 in expenses; \$19,864,751 of these expenses was offset by program specific charges for services, grants or contributions. General revenues (primarily taxes) of \$11,164,132 were adequate to provide for these programs.
- The general fund, the County's largest major governmental fund, had revenues and other financing sources of \$9,373,578 in 2009, a decrease of \$459,279 or 4.67% from 2008 revenues. The general fund, had expenditures and other financing uses of \$9,203,657 in 2009, a decrease of \$895,017 or 8.86% from 2008. The net changes in revenues and expenditures contributed to the general fund balance increase of \$169,921 or 19.15% from 2008 to 2009.
- The county board of developmental disabilities (DD) fund, a major governmental fund, had revenues of \$5,445,394 in 2009, a decrease of \$159,253 or 2.84% from 2008 revenues. The DD fund, had expenditures and other financing uses of \$5,420,277 in 2009, a decrease of \$534,884 or 8.98% from 2008. The net changes in revenues and expenditures contributed to the DD fund balance increase of \$25,117 or 1.62% from 2008 to 2009.
- The motor vehicle license and gas tax fund, a major governmental fund, had revenues and other financing sources of \$7,166,902 in 2009, an increase of \$2,043,727 or 39.89% from 2008 revenues. The motor vehicle license and gas tax fund, had expenditures of \$7,489,406 in 2009, an increase of \$2,822,164 or 60.47% from 2008. The motor vehicle license and gas tax fund balance decreased of \$322,504 or 19.58% from 2008 to 2009.
- The county home fund, a major governmental fund, had revenues of \$1,566,996 in 2009. The county home fund, had expenditures of \$1,433,078 in 2009. The county home fund balance increased \$133,918 or 33.62% from 2008 to 2009.
- The public assistance fund, a major governmental fund, had revenues and other financing sources of \$3,168,863 in 2009. The public assistance fund had expenditures of \$3,598,878 in 2009. The public assistance fund balance decreased \$430,015 or 73.61% from 2008 to 2009.
- Net assets for the business-type activities, which are made up of the sewer district, East Holmes water, county disposal and Joel Pomerene Memorial Hospital enterprise funds, decreased in 2009 by \$1,440,315 or 6.20%. This decrease in net assets was mainly due to inadequate charges for services revenue to cover operating expenses.

HOLMES COUNTY, OHIO

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2009

- In the general fund, the actual revenues and financing sources came in \$1,653 higher than they were originally budgeted and actual expenditures and financing uses were \$255,758 lower than the amount in the original budget. These variances are a result of the County's conservative budgeting process.

Using the Comprehensive Annual Financial Report (CAFR)

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the County as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The statement of net assets and statement of activities provide information about the activities of the whole County, presenting both an aggregate view of the County's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the County's most significant funds with all other non-major funds presented in total in one column. In the case of the County, there are five major governmental funds. The general fund is the largest major fund.

Reporting the County as a Whole

Statement of Net Assets and the Statement of Activities

The statement of net assets and the statement of activities answer the question, "How did we do financially during 2009?" These statements include *all assets, liabilities, revenues and expenses* using the *accrual basis of accounting* similar to the accounting used by most private-sector companies. This basis of accounting will take into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the County's net assets and changes in those assets. This change in net assets is important because it tells the reader that, for the County as a whole, the financial position of the County has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. Non-financial factors include the County's property tax base, current property tax laws in Ohio restricting revenue growth, facility conditions, and other factors.

In the statement of net assets and the statement of activities, the County is divided into two distinct kinds of activities:

Governmental activities - most of the County's programs and services are reported here including human services, health, public safety, public works and general government. These services are funded primarily by taxes and intergovernmental revenues including federal and state grants and other shared revenues.

Business-type activities - these services are provided on a charge for goods or services basis to recover all or a significant portion of the expenses of the goods or services provided.

The County's statement of net assets and statement of activities can be found on pages 28-31 of this report.

HOLMES COUNTY, OHIO

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2009

Reporting the County's Most Significant Funds

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds. Fund financial reports provide detailed information about the County's major funds. The County uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the County's most significant funds.

The County's major governmental funds are the general fund, motor vehicle license and gas tax, county board of developmental disabilities (DD), county home and public assistance. The County's major enterprise funds are the sewer district, county disposal and Joel Pomerene Memorial Hospital. The analysis of the County's major governmental and proprietary funds begins on page 21.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of expendable resources, as well as on balances of expendable resources available at the end of the year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of the governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, the readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The County maintains a multitude of individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental statement of revenues, expenditures, and changes in fund balances for the major funds, which were identified earlier. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report. The basic governmental fund financial statements can be found on pages 32-38 and the budgetary statements for the general and major special revenue funds can be found on pages 39-43 of this report.

Proprietary Funds

The County maintains only one type of proprietary fund. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The County uses enterprise funds to account for its sewer district, water district, disposal district and the Joel Pomerene Memorial Hospital operations. Internal service funds are an accounting device used to accumulate and allocate costs internally among the County's various functions. The County has no internal service funds. The basic proprietary fund financial statements can be found on pages 44-51 of this report.

HOLMES COUNTY, OHIO

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2009

Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the County. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. Agency funds are the County's only fiduciary fund type. The basic fiduciary fund financial statement can be found on page 52 of this report.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. These notes to the basic financial statements can be found on pages 53-98 of this report.

Government-Wide Financial Analysis

The statement of net assets provides the perspective of the County as a whole. The table below provides a summary of the County's net assets for 2009 and 2008.

Over time, net assets can serve as a useful indicator of a government's financial position. At December 31, 2009, the County's assets exceeded liabilities by \$55,049,739. This amounts to \$33,249,441 in governmental activities and \$21,800,298 in business-type activities.

HOLMES COUNTY, OHIO

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2009

Capital assets reported on the government-wide statements represent the largest portion of the County's assets. At year-end, capital assets represented 58.02% of total governmental and business-type assets. Capital assets include land, land improvements, buildings and improvements, furniture, fixtures and equipment, vehicles, construction in progress and infrastructure. Capital assets, net of related debt to acquire the assets at December 31, 2009, were \$37,895,356. These capital assets are used to provide services to citizens and are not available for future spending. Although the County's investment in capital assets is reported net of related debt, it should be noted that the resources to repay the debt must be provided from other sources, since capital assets may not be used to liquidate these liabilities.

As of December 31, 2009, the County is able to report positive balances in all three categories of net assets, both for the government as a whole, as well as for its separate governmental and business-type activities. A portion of the County's governmental activities net assets, \$9,072,878 or 27.29%, represents resources that are subject to external restrictions on how they may be used. The remaining balance of governmental activities unrestricted net assets of \$1,337,815 may be used to meet the government's ongoing obligations to citizens and creditors.

HOLMES COUNTY, OHIO

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2009

Governmental Activities

Governmental net assets increased by \$1,963,149 in 2009 from 2008.

Human services, which supports the operations of the county home, county board of DD, job and family services (public assistance), veteran services, and the children services board, accounts for \$12,579,981 of expenses, or 43.28% of total governmental expenses of the County. These expenses were funded by \$1,500,151 in charges to users of services and \$6,880,017 in operating grants and contributions in 2009. General government expenses which includes legislative and executive and judicial programs, accounted for \$6,593,745 or 22.69% of total governmental expenses. General government expenses were covered by \$2,408,751 of direct charges to users in 2009.

The State and federal government contributed to the County revenues of \$11,844,385 in operating grants and contributions and \$2,891,288 in capital grants and contributions. During 2009, grants and contributions received from the Ohio Public Works Commission and the Ohio Department of Transportation were reported as capital grants and contributions. These revenues are restricted to a particular program or purpose.

General revenues totaled \$11,164,132, and amounted to 35.98% of total revenues. These revenues primarily consist of property and sales tax revenue of \$9,658,488 or 86.51% of total general revenues in 2009. The other primary source of general revenues is grants and entitlements not restricted to specific programs, with local government and local government revenue assistance making up \$1,109,878, or 9.94% of the total.

The statement of activities shows the cost of program services and the charges for services and grants offsetting those services. The following table shows, for governmental activities, the total cost of services and the net cost of services for 2009 and 2008. That is, it identifies the cost of these services supported by general revenues (such as tax revenue and unrestricted State grants and entitlements). As can be seen in the graph below, the County is reliant upon general revenues to finance operations as program revenues are not sufficient to cover total expenses.

The dependence upon general revenues for governmental activities is apparent, with 31.66% of expenses supported through taxes and other general revenues during 2009.

The graph below illustrates the County's reliance upon general revenues.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2009

Business-Type Activities

The sewer district, East Holmes water, county disposal and Joel Pomerene Memorial Hospital are the County's enterprise funds. These operations had program revenues of \$31,961,476, general revenues of \$957,730, and expenses of \$34,359,521 for fiscal year 2009. The net assets of the enterprise funds decreased \$1,440,315 or 6.20% during 2009. The following graph illustrates the assets, liabilities and net assets of the County's business-type activities at December 31, 2009 and 2008:

Financial Analysis of the Government's Funds

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, unreserved fund balance may serve as a useful measure of the County's net resources available for spending at year end.

The County's governmental funds (as reported on the balance sheet on pages 32-33) reported a combined fund balance of \$8,689,890, which is \$54,660 lower than last year's total of \$8,744,550. The schedule below indicates the fund balance and the total change in fund balance as of December 31, 2009 for all major and non-major governmental funds.

HOLMES COUNTY, OHIO

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2009

Budgeting Highlights - General Fund

The County's budgeting process is prescribed by the Ohio Revised Code (ORC). Essentially the budget is the County's appropriations which are restricted by the amounts of anticipated revenues certified by the Budget Commission in accordance with the ORC. Therefore, the County's plans or desires cannot be totally reflected in the original budget. If budgeted revenues are adjusted due to actual activity then the appropriations can be adjusted accordingly.

Budgetary information is presented for the general fund, county board of dd, motor vehicle license and gas tax, county home and public assistance.

In the general fund, final budgeted revenues and other financing sources of \$9,221,732 were \$112,466 higher than original budgeted revenues and other financing sources of \$9,109,266. Actual revenues and other financing sources of \$9,110,919 was lower than final budgeted revenues by \$110,813 or 1.20%. This decrease is due to less than anticipated receipts in charges for services revenue and sales taxes.

Final budgeted expenditures and other financing uses of \$9,470,553 were \$170,165 higher than original budgeted expenditures and other financing uses of \$9,300,388. Actual expenditures and financing uses of \$9,044,630 were \$425,923 lower than final budgeted expenditures and financing uses.

Proprietary Funds

The County's proprietary funds provide the same type of information found in the government-wide financial statements for business-type activities, but in more detail.

Capital Assets and Debt Administration

Capital Assets

At the end of 2009, the County had \$45,512,669 (net of accumulated depreciation) invested in land, land improvements, buildings and improvements, furniture, fixtures and equipment, vehicles, construction in progress, sewer/water mains and infrastructure. Of this total, \$26,297,748 was reported in governmental activities and \$19,214,921 was reported in business-type activities. The following table shows fiscal year 2009 balances compared to 2008:

HOLMES COUNTY, OHIO

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2009**

The Hospital has reclassified certain capital asset and accumulated depreciation amounts for 2008. These changes had no effect on total capital assets, net of accumulated depreciation at December 31, 2008.

See Note 9 to the basic financial statements for detail on the County's capital assets.

The County's second largest capital asset category is infrastructure which includes roads, bridges and culverts. These items are immovable and of value only to the County, however, the annual cost of purchasing these items is quite significant. The net book value of the County's infrastructure (cost less accumulated depreciation) represents approximately 42.78% of the County's total governmental capital assets.

The County's third largest business-type capital asset category is sewer/water lines. These items play a vital role in the income producing ability of the business-type activities. The net book value of the County's sewer and water lines (cost less accumulated depreciation) represents approximately 12.44% of the County's total business-type capital assets.

Debt Administration

At December 31, 2009 the County had \$3,459,000 in general obligation bonds, \$2,411,500 in revenue bonds and OPWC loans of \$217,287 outstanding. Of this total, \$414,175 is due within one year and \$5,673,612 is due in more than one year.

The following table summarizes the bonds, notes and loans outstanding.

The County's voted legal debt margin was \$16,739,020 at December 31, 2009 and the unvoted legal debt margin was \$7,017,074 at December 31, 2009. See Note 12 to the basic financial statements for detail on governmental activities and business-type activities long-term obligations.

Economic Factors and Next Year's Budgets and Rates

The County's current population as of the 2000 census is 38,943.

The County's unemployment rate is currently 7.7%, compared to the 10.8% State average and the 10.0% national average.

These economic factors were considered in preparing the County's budget for fiscal year 2010. Budgeted revenues and other financing sources in the general fund for fiscal year 2010 budget were \$8,779,152. With the continuation of conservative budgeting practices, the County's financial position should remain strong in future years.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES
IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED DECEMBER 31, 2009

Net change in fund balances - total governmental funds \$ (54,660)

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlay exceeded depreciation expense in the current period.

Capital asset additions	\$ 4,674,915	
Current year depreciation	<u>(1,902,372)</u>	
Total		2,772,543

Governmental funds only report the disposal of capital assets to the extent proceeds are received from the sale. In the statement of activities, a gain or loss is reported for each disposal. (799,883)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.

Property taxes	(114,946)	
Sales tax	(28,591)	
Intergovernmental revenues	(311,125)	
Charges for services	(49,094)	
Other revenues	<u>(4,582)</u>	
Total		(508,338)

Repayments of bonds are expenditures in the governmental funds, but the repayment reduces long-term liabilities on the statement of net assets. 335,000

In the statement of activities, interest is accrued on outstanding bonds, whereas in governmental funds, an interest expenditure is reported when due. 1,439

Some expenses reported in the statement of activities, such as compensated absences, do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. 217,048

Change in net assets of governmental activities \$ 1,963,149

HOLMES COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2009

NOTE 1 - DESCRIPTION OF THE COUNTY

Holmes County, Ohio (the "County"), was created in 1825. The County is governed by a Board of three commissioners elected by the voters of the County. The County Commissioners serve as the taxing authority, the contracting body and the chief administrators of public services for the County. Other officials elected by the voters of the County that manage various segments of the County's operations are the County Auditor, Clerk of Courts, Treasurer, Prosecuting Attorney, Coroner, Engineer, Common Pleas Judge, Probate and Juvenile Judge, Municipal Court Judge, Sheriff and Recorder. Although these elected officials manage the internal operations of their respective department, the County Commissioners serve as the budget and taxing authority, contracting body and the chief administrators of public services for the County.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements (BFS) of the County have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP") as applied to government units. The Governmental Accounting Standards Board ("GASB") is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The County also applies Financial Accounting Standards Board (FASB) guidance issued on or before November 30, 1989, to its governmental and business-type activities and its proprietary funds provided they do not conflict with or contradict GASB pronouncements. The County has the option to also apply FASB guidance issued after November 30, 1989 to its business-type activities and enterprise funds, subject to this same limitation. The County has elected not to apply this FASB guidance.

The Joel Pomerene Memorial Hospital enterprise fund's financial information is presented in conformity with GAAP as applied to governmental hospitals and local governmental units. Pursuant to GASB Statement No. 20 "Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting", the Hospital has elected to apply the provisions of the FASB Accounting Standards Codification that do not conflict with or contradict GASB pronouncements.

The most significant of the County's accounting policies are described below.

A. Reporting Entity

The County's reporting entity has been defined in accordance with GASB Statement No. 14, "The Financial Reporting Entity" as amended by GASB Statement No. 39 "Determining Whether Certain Organizations are Component Units". The basic financial statements include all funds, agencies, boards, commissions and component units for which the County and the County Commissioners are "accountable". Accountability as defined in GASB Statement No. 14 was evaluated based on financial accountability, the nature and significance of the potential component unit's (PCU) relationship with the County and whether exclusion would cause the County's basic financial statements to be misleading or incomplete. Among the factors considered were separate legal standing; appointment of a voting majority of the PCU's Board; fiscal dependency and whether a benefit or burden relationship exists; imposition of will; and the nature and significance of the PCU's relationship with the County.

Joel Pomerene Memorial Hospital and Joel Pomerene Foundation (Hospital)

The Hospital's Board of Trustees is appointed by the County Commissioners and Judges. The Hospital is not legally separate from the County and, therefore, its financial activities are reflected as a department of the County. The operations of the Hospital are accounted for as a major enterprise fund.

HOLMES COUNTY, OHIO

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2009**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Based on the foregoing criteria, the financial activities of the following PCU's have been reflected in the accompanying basic financial statements as:

DISCRETELY PRESENTED COMPONENT UNITS

Holmes County Regional Planning Commission (Commission)

The Commission is governed by an eleven member Board, of which seven are appointed by the County. The County provides ongoing financial support to the Commission; resulting in the Commission imposing a financial burden on the County. Therefore, the Commission has been included as a component unit of the County. Separate financial statements can be obtained from the Commission, County Administration Building, Millersburg, Ohio 44654.

Holmes County Airport Authority (Airport Authority)

The Airport Authority Board consists of seven members which are appointed by the County Commissioners of Holmes County. The County provides ongoing financial support to the Airport Authority; resulting in the Airport Authority imposing a financial burden on the County. Therefore, the Airport Authority has been included as a component unit of the County. Separate financial statements can be obtained from Holmes County Airport Authority, County Administration Building, Millersburg, Ohio 44654.

Lynn Hope Industries, Inc. (Workshop)

The Workshop is a legally separate, not-for-profit corporation, (organized under Section 501 (c) (3) of the Internal Revenue Code) served by a self-appointing Board of Trustees. The Workshop, under a contractual agreement with the Holmes County Board of Developmental Disabilities (DD), provides sheltered employment for handicapped adults in Holmes County. The Holmes County Board of DD provides the Workshop with some expenses and personnel for operation of the Workshop including staff salaries, transportation, equipment (except that used directly in the production of goods or rendering of services), staff to administer and supervise training programs, various financial reporting and other funds as necessary for the operation of the Workshop. Based on the significant services and resources provided by the County to the Workshop and the Workshop's sole purpose of providing assistance to the handicapped adults of Holmes County, the Workshop is reflected as a component unit of the County. Separately issued financial statements can be obtained from Lynn Hope Industries, Inc. of Holmes County, Holmesville, Ohio 44633.

Information in the following notes to the basic financial statements is applicable to the primary government. Information relative to the component units is identified in Notes 25, 26 and 27.

POTENTIAL COMPONENT UNITS REPORTED AS AGENCY FUNDS

As the custodian of public funds, the County Treasurer invests all public monies held on deposit in the County treasury. In the case of several separate agencies, boards and commissions, the County serves as fiscal agent but the organizations are not considered part of Holmes County. Accordingly, the activity of the following entities is presented as agency funds within Holmes County's financial statements: District Board of Health and Soil and Water Conservation.

JOINT VENTURES WITHOUT EQUITY INTEREST

Alcohol, Drug Addiction and Mental Health Services Board of Wayne and Holmes Counties (Board)

The Board, a joint venture of Wayne and Holmes County, has the responsibility for the development, funding, monitoring and evaluating of community based mental health programs. The Board is controlled by a joint Board of Trustees whose membership consists of five appointees of the State Board of Mental Health, eight appointees of the Wayne County Commissioners, and two appointees of the Holmes County Commissioners. The Board exercises total control of the operations of the Board, including budgeting, appropriating, contracting, and designating management. Continued existence of the Board is dependent on the County's continued participation; however, the County does not have an equity interest in the Board. The Board is not accumulating significant financial resources or experiencing fiscal stress which would cause additional financial benefit to or burden on the County. A joint county property tax levy accounts for twenty-five percent of the Board's revenue. The County makes no additional contributions to the Board and has no approval authority over the tax levy. Complete financial statements for the Board can be obtained from The Alcohol, Drug Addiction and Mental Health Services Board, Holmes County, Ohio.

JOINTLY GOVERNED ORGANIZATIONS

Multi-County Juvenile Attention Center (Center)

The Multi-County Juvenile Attention Center is a jointly governed organization among Holmes, Tuscarawas, Carroll, Wayne, Stark and Columbiana Counties formed for the purpose of providing facilities for the training, treatment, and rehabilitation of delinquent, dependent, abused or neglected children. The operation of the Center is controlled by a joint Board of Commissioners whose membership consists of the three commissioners from each participating county. The Board exercises total control over the operation of the Center including budgeting, appropriating, contracting and designating management. Budgets are adopted by the Governing Board of commissioners. Each County's degree of control is limited to its representation on the Board. In 2009, the County contributed \$402,000 to the Center.

Stark Regional Community Corrections Center (SRCCC)

The SRCCC is a community based corrections facility that provides residents of the facility with educational, vocational, substance abuse and support counseling services. The facility is administered by a Judicial Corrections Board consisting of eleven common pleas court judges. The members consist of one judge from Holmes County, two judges each from Wayne and Tuscarawas Counties, and six judges from Stark County. The Board adopts its own budget, authorizes expenditures and hires and fires its own staff. SRCCC did not receive any funding from the County during 2009.

Holmes County Family and Children First Council (Council)

The mission of the Council is to promote and facilitate collaboration among community agencies serving children and their families and to unite the community in promoting the well-being of children and their families through leadership advocacy, and coordination of services. The Board of Trustees is made up of 18 individuals from various organizations including 5 from the County. For 2009, the County passed through \$132,442 to the Council as a sub-recipient Federal grant programs.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Medway Drug Enforcement Agency (Agency)

The Agency is an undercover investigative law enforcement agency, the objective of which is to remove illegal drugs from the community. The Agency is controlled by the Medway Council of Governments, consisting of two governing bodies: the General Assembly and the Governing Board. The County has two voting members on the General Assembly consisting of one County commissioner and one village or township representative chosen by a caucus of the villages and townships in the County. The County has three representatives on the Governing Board consisting of the County prosecutor, the County sheriff and one full-time village chief of police. The Wayne County Auditor and Treasurer, respectively serve as fiscal officer and custodian of funds for the Agency. For 2009, the County contributed \$42,139 to the Agency.

Mid-Eastern Ohio Regional Council (MEORC)

MEORC is a jointly governed organization among eighteen counties in Ohio. MEORC provides services to the developmentally disabled residents in the participating counties. MEORC is governed by a Council made up of the superintendents of each county's Board of Developmental Disabilities. Revenues are generated by fees and State grants. The Council does not have any outstanding debt. Information can be obtained from 11700 Upper Gilchrist Road, Mount Vernon, Ohio 43050. For 2009, the County paid \$195 to MEORC for services provided.

PUBLIC ENTITY RISK POOLS

County Risk Sharing Authority, Inc. (CORSA)

The County Risk Sharing Authority, Inc., is a public entity risk pool among sixty-one counties in Ohio. CORSA was formed as an Ohio nonprofit corporation for the purpose of establishing the CORSA Insurance/Self-Insurance Program, a group primary and excess insurance/self-insurance and risk management program. Member counties agree to jointly participate in coverage of losses and pay all contributions necessary for the specified insurance coverages provided by CORSA. These coverages include comprehensive general liability, automobile liability, certain property insurance and public officials' errors and omissions liability insurance.

Each member county has one vote on all matters requiring a vote, to be cast by a designated representative. The affairs of CORSA are managed by an elected board of not more than nine trustees. Only county commissioners of member counties are eligible to serve on the Board. No county may have more than one representative on the Board at any time. Each member county's control over the budgeting and financing of CORSA is limited to its voting authority and any representation it may have on the Board of Trustees.

CORSA has issued certificates of participation in order to provide adequate cash reserves. The certificates are secured by the member counties' obligations to make coverage payments to CORSA. The participating counties have no responsibility for the payment of the certificates. The County's payment for insurance to CORSA in 2009 was \$198,520.

Financial statements may be obtained by contacting the County Commissioners Association of Ohio in Columbus, Ohio.

County Commissioners Association of Ohio Workers' Compensation Group Rating Plan

The County is participating in a group rating plan for workers' compensation as established under Section 4123.29 of the Ohio Revised Code. The County Commissioners Association of Ohio Service Corporation (CCAOSC) was established through the County Commissioners Association of Ohio (CCAO) as a group purchasing pool. A group executive committee is responsible for calculating annual rate contributions and rebates, approving the selection of a third party administrator, reviewing and approving proposed third party fees, fees for risk management services and general management fees, determining ongoing eligibility of each participant and performing any other acts and functions which may be delegated to it by the participating employers. The group executive committee consists of seven members. Two members are the president and treasurer of CCAOSC; the remaining five members are representatives of the participants. These five members are elected for the ensuing year by the participants at a meeting held in the month of December each year. No participant can have more than one member of the group executive committee in any year, and each elected member shall be a county commissioner.

RELATED ORGANIZATIONS

Holmes County Public Library (Library)

The Library provides services aimed at enriching the lives of the citizens of the County through an informed and connected community. The County appoints the governing board of the Library; however, the County cannot influence the Library's operation nor does the Library represent a potential financial benefit or burden on the County. The County serves in a ministerial capacity as taxing authority for the Library. Once the Library Board determines to present a levy to the voters, including the determination of its rate and duration, the County must place the levy on the ballot. The Library determines its own budget. The Library did not receive any funding from the County in 2009.

Holmes County Park District (District)

The District provides conservation and recreation programs for the benefit of the County's citizens. The three Park District Commissioners are appointed by the Probate Judge of the County. The District hires and fires its own staff, and does not rely on the County to finance deficits. The County is not financially accountable for the District or is the District financially dependent on the County. The District serves as its own taxing and debt issuance authority. The District did not receive any funding from the County in 2009.

Northeast Ohio Outreach Network (Network)

The Network is controlled by three area hospitals, one of which is Joel Pomerene Memorial Hospital. The Network was established to receive federal grant monies from the U.S. Department of Housing and Urban Development (HUD). Funds are distributed to the Hospital directly from HUD as determined by the Network.

B. Fund Accounting

The County uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. There are three categories of funds: governmental, proprietary and fiduciary.

HOLMES COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2009

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Governmental Funds - Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance.

The following are the County's major governmental funds:

General - This is the primary operating fund of the County. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

County Board of Developmental Disabilities (DD) - This fund accounts for the operation of a school and resident homes for the developmentally disabled. Revenue sources include a property tax levy and federal/State grants.

Motor vehicle license and gas tax - This fund accounts for revenues derived from motor vehicle licenses, and gasoline taxes. Expenditures are restricted by State law to County road and bridge repair and maintenance programs.

County home - This fund accounts for room and board fees and property tax monies used for the operations of the county home.

Public assistance - This fund accounts for various Federal and State grants used to provide public assistance to general relief recipients and pay their providers of medical assistance, and for certain public social services.

Other governmental funds of the County are used to account for (a) financial resources to be used for the acquisition, construction, or improvement of capital facilities; (b) for the accumulation of resources for, and the repayment of, general long-term debt principal, interest and related costs and (c) grants and other resources, the use of which is restricted to a particular purpose.

Proprietary Funds - Proprietary fund reporting focuses on the determination of operating income, changes in net assets, financial position and cash flows. Proprietary funds are classified as either enterprise or internal service. The County has no internal service funds.

Enterprise Funds - Enterprise funds may be used to account for any activity for which a fee is charged to external users for goods or services. The County has presented the following major enterprise funds:

Sewer district - This fund accounts for sanitary sewer services provided to individual and commercial users in the majority of the unincorporated areas of Holmes County. The costs of providing these services are financed primarily through user charges. The Sanitary Sewer District has its own facilities and rate structure.

County disposal - This fund accounts for the \$2.00/ton royalty fee and expenses associated with the landfill, including landfill inspector, ground water monitoring and other issues.

Joel Pomerene Memorial Hospital - This fund accounts for the operations of the Hospital and the Joel Pomerene Foundation.

HOLMES COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2009

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

The County has one nonmajor enterprise fund that is used to account for water services provided to the East Holmes Industrial Park.

Fiduciary Funds - Fiduciary fund reporting focuses on net assets and changes in net assets. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds and agency funds. Trust funds are used to account for assets held by the County under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the County's own programs. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The County's only fiduciary funds are agency funds which account for monies held for other governments and undistributed assets related to such activity as the health department, payroll and gasoline and license tax.

C. Basis of Presentation and Measurement Focus

Government-wide Financial Statements - The statement of net assets and the statement of activities display information about the County as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The statements distinguish between those activities of the County that are governmental and those that are considered business-type activities.

The government-wide statements are prepared using the economic resources measurement focus. This is the same approach used in the preparation of the proprietary fund financial statements but differs from the manner in which governmental fund financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

The government-wide statement of activities presents a comparison between direct expenses and program revenues for each segment of the business-type activities of the County and for each function or program of the County's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and are therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues of the County. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the County.

Fund Financial Statements - Fund financial statements report detailed information about the County. The focus of governmental and enterprise fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by fund type.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental funds are accounted for using a flow of current financial resources measurement focus. The financial statements for governmental funds are a balance sheet, which generally includes only current assets and current liabilities, and a statement of revenues, expenditures and changes in fund balances, which reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources.

HOLMES COUNTY, OHIO

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2009**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

All proprietary funds are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of these funds are included on the statement of net assets. The statement of revenues, expenses and changes in net assets presents increases (i.e., revenues) and decreases (i.e., expenses) in net total assets. The statement of cash flows provides information about how the County finances and meets the cash flow needs of its proprietary activities.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operation. The principal operating revenues of the County's proprietary funds are charges for services and fees. Operating expenses for the enterprise fund include personnel and other expenses related to the operations of the enterprise activity. All revenues and expenses not meeting these definitions are reported as nonoperating revenues and expenses.

Agency funds do not report a measurement focus as they do not report operations.

D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the basic financial statements. Government-wide financial statements are prepared using the full accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Proprietary and fiduciary funds use the full accrual basis of accounting. Differences in the full accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures.

Revenues - Exchange and Nonexchange Transactions - Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, are recorded on the full accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available. Available means that the resources will be collected within the current year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current year. For the County, available means expected to be received within thirty-one days of year end.

Nonexchange transactions, in which the County receives value without directly giving equal value in return, include sales taxes, property taxes, grants, entitlements and donations. On a full accrual basis, revenue from sales taxes is recognized in the year in which the sales are made. Revenue from property taxes is recognized in the year for which the taxes are levied (See Note 6). Revenue from grants, entitlements and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the County must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the County on a reimbursement basis. On a modified accrual basis, revenue from all other nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year end: sales tax (See Note 7.A.), interest, federal and State grants and subsidies, State-levied locally shared taxes (including motor vehicle license fees and gasoline taxes), fees and rentals.

HOLMES COUNTY, OHIO

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2009**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Unearned Revenue and Deferred Revenue - Unearned revenue and deferred revenue arise when assets are recognized before revenue recognition criteria have been satisfied.

Property taxes for which there is an enforceable legal claim as of December 31, 2009, but which were levied to finance year 2010 operations, and other revenues received in advance of the year for which they were intended to finance, have been recorded as unearned revenue. Sales taxes and accounts receivable not received within the available period, grants and entitlements received before the eligibility requirements are met, and delinquent property taxes due at December 31, 2009, are recorded as deferred revenue on the governmental fund financial statements.

On governmental fund financial statements, receivables that will not be collected within the available period have been reported as deferred revenue.

Expense/Expenditures - On the full accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

E. Budgetary Data

The budgetary process is prescribed by provisions of the Ohio Revised Code and entails the preparation of budgetary documents within an established timetable. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriation resolution, all of which are prepared on the budgetary basis of accounting. The certificate of estimated resources and the appropriation resolution are subject to amendment throughout the year with the legal restriction that appropriations cannot exceed estimated resources, as certified. All funds, other than agency funds, are required to be budgeted and appropriated. The primary level of budgetary control is at the object level within each department and fund.

Budgetary information for the Joel Pomerene Hospital enterprise fund, Lynn Hope Industries Inc., Regional Planning Commission and Holmes County Airport Authority (component units) are not reported because they are not included in the entity for which the “appropriated budget” is adopted.

Tax Budget - A budget of estimated cash receipts and disbursements is submitted to the County Auditor, as secretary of the County Budget Commission, by July 15 of each year, for the period January 1 to December 31 of the following year. All funds, except agency funds, are legally required to be budgeted. The purpose of the Tax Budget is to reflect the need for existing (or increased) tax rates.

Estimated Resources - The County Budget Commission determines if the budget substantiates a need to levy the full amount of authorized property tax rates and reviews revenue estimates. The Commission certifies its actions to the County by September 1. As part of this certification, the County receives the official certificate of estimated resources, which states the projected revenue of each fund.

HOLMES COUNTY, OHIO

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2009**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

On or about January 1, the certificate of estimated resources is amended to include unencumbered fund balances at December 31. Further amendments may be made during the year if the County Auditor determines that revenue to be collected will be greater than or less than the prior estimates and the Budget Commission finds the revised estimates to be reasonable. The amounts set forth in the budgetary statements represent estimates from the original and final amended certificates issued during 2009.

Appropriations - A temporary appropriation resolution to control cash disbursements may be passed on or about January 1 of each year for the period January 1 to March 31. An annual appropriation resolution must be passed by April 1 of each year for the period January 1 to December 31. The appropriation resolution may be amended or supplemented during the year as new information becomes available. Appropriations may not exceed estimated resources. The County legally adopted several supplemental appropriations during the year. The original budget and all budgetary amendments and supplemental appropriations necessary during 2009 are included in the final budget amounts in the budget-to-actual comparisons.

Lapsing of Appropriations - At the close of each year, the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriations. The encumbered appropriation balance is carried forward to the succeeding year and is not reappropriated.

F. Cash and Investments

To improve cash management, cash received by the County is pooled. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through the County's records. Each fund's interest in the pool is presented as "equity in pooled cash and cash equivalents" on the basic financial statements.

During 2009, investments were limited to certificates of deposit, money market mutual funds, governmental securities and common stock. The investments in mutual funds and common stock are reported at fair value. The common stock is not traded on a quoted market; therefore, the year end fair value is determined as the average of the high and low sales price for the last quarter of 2009. For the money market mutual fund, fair value is determined by the fund's shares price at December 31, 2009. Nonparticipating investment contracts, such as certificates of deposit, are reported at cost.

Under existing Ohio statutes all investment earnings are assigned to the general fund unless statutorily required to be credited to a specific fund. Interest revenue credited to the general fund during year 2009 amounted to \$269,984 which includes \$254,883 assigned from other County funds.

The County has segregated bank accounts for monies held separately from the County's central bank account. These interest-bearing depository accounts are presented on the financial statements as "cash and cash equivalents in segregated accounts" since they are not required to be deposited into the County treasury.

HOLMES COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2009

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

For presentation on the basic financial statements, investments of the cash management pool and investments with original maturities of three months or less at the time they are purchased by the County are considered to be cash equivalents. Investments with an initial maturity of more than three months are reported as investments.

An analysis of the County's investment account at year end is provided in Note 4.

G. Patient Accounts Receivable and Revenue

The Hospital records a receivable and charges for services revenue when patient services are performed. Net charges for services are reported at the estimated net realizable amounts from patients, third-party payers and others for services rendered, including estimated retroactive adjustments under reimbursement agreements with third-party payers. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods as final settlements are determined. The Hospital estimates an allowance for doubtful accounts based on an evaluation of historical losses, current economic conditions and other factors unique to the Hospital.

In 2009, approximately 33 percent of the Hospital's total patient revenue was derived from Medicare payments while approximately 12 percent was derived from Medicaid payments. Additionally, approximately 23 percent of the Hospital's total patient revenue was derived from individual self-payments in 2009. The remaining revenue was derived primarily from commercial insurance payments.

H. Inventories of Materials and Supplies

On the government-wide and governmental and proprietary fund financial statements, purchased inventories are presented at the lower of cost or market. Inventories are recorded on a first-in, first-out basis and are expended/expensed when used. Inventories are accounted for using the consumption method.

On fund financial statements, reported material and supplies inventory is equally offset by a fund balance reserve in the governmental funds which indicates that it does not constitute available spendable resources even though it is a component of net current assets.

Inventories of the Hospital consist of surgical, pharmaceutical and medical supplies and are presented at the lower of cost or market on a first-in first-out basis.

I. Capital Assets

Governmental capital assets are those assets not specifically related to activities reported in the proprietary funds. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net assets, but are not reported in the fund financial statements. Capital assets utilized by the proprietary funds are reported both in the business-type activities column of the government-wide statement of net assets and in the respective funds.

HOLMES COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2009

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their fair market values as of the date received. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized. All reported capital assets are depreciated except for land and construction in process. Improvements are depreciated over the remaining useful lives of the related capital assets.

The Hospital reports its capital assets with the Business-Type Activities; however, they maintain a capitalization threshold of \$500 and use different useful lives. Capital assets reported by the Hospital include land, land improvements, building and fixed equipment, moveable equipment, sub-specialty medical clinics, modular medical office building, OB/GYN clinic moveable equipment and OB/GYN clinic. The Hospital does not possess any infrastructure. Depreciation is computed using the straight-line method. Equipment under capital lease is amortized using the straight-line method over the shorter period of the lease term or the estimated useful life of the equipment.

The County maintains a capitalization threshold of \$5,000. The County's infrastructure consists of roads, bridges, culverts and sanitary sewers. Useful lives for infrastructure were estimated based on the County's historical records of necessary improvements and replacements. The County depreciates its capital assets using the straight-line method over the following useful lives:

<u>Description</u>	<u>Governmental Activities Estimated Lives</u>	<u>Business-Type Activities Estimated Lives</u>
Improvements other than buildings	10 - 20 years	10 - 20 years
Buildings and improvements	20 - 40 years	20 - 40 years
Furniture, fixtures, machinery and equipment	4 - 7 years	5 years
Vehicles	10 years	10 years
Sewer/water lines	-	40 years
Infrastructure	20 - 50 years	20 - 50 years

Interest is capitalized on proprietary fund assets acquired with tax-exempt debt. The County's policy is to capitalize net interest on construction projects until substantial completion of the project. The amount of capitalized interest equals the difference between the interest cost associated with the tax-exempt borrowing used to finance the project from the date of borrowing until completion of the project and the interest earned from temporary investment of the debt proceeds over the same period.

Capitalized interest is amortized on the straight-line method over the estimated useful life of the asset. For 2009, the net interest expense incurred on proprietary fund construction projects was not material.

J. Compensated Absences

Compensated absences of the County consist of vacation leave and sick leave to the extent that payments to the employee for these absences are attributable to services already rendered and are not contingent on a specific event that is outside the control of the County and the employee.

HOLMES COUNTY, OHIO

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2009**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

In accordance with the provisions of GASB Statement No. 16, “Accounting for Compensated Absences”, a liability for vacation leave is accrued if a) the employees' rights to payment are attributable to services already rendered; and b) it is probable that the employer will compensate the employees for the benefits through paid time off or other means, such as cash payment at termination or retirement. A liability for sick leave is based on the sick leave accumulated at December 31, 2009, by those employees who are currently eligible to receive termination (severance) payments, as well as those employees expected to become eligible in the future. Sick leave benefits are accrued using the “vesting” method. The County records a liability for accumulated unused sick leave for employees after 13 years of current service.

The total liability for vacation and sick leave payments has been calculated using pay rates in effect at December 31, 2009, and reduced to the maximum payment allowed by labor contract and/or statute, plus applicable additional salary related payments.

County employees earn vacation at varying rates ranging from two to five weeks per year. Sick leave is accumulated at the rate of 4.60 hours per 80 hours worked. Vacation and sick leave are accumulated on an hours worked basis. Vacation pay is vested after one year and sick pay upon eligibility for retirement. Accumulated vacation cannot exceed the amount earned in one year plus 40 hours.

The entire compensated absences liability is reported on the government-wide financial statements.

On governmental fund financial statements, compensated absences are recognized as liabilities and expenditures in the fund financial statements to the extent payments come due each period upon the occurrence of employee resignations and retirements. The noncurrent portion of the liability is not reported in the governmental fund financial statements. For proprietary funds, the entire amount of compensated absences is reported as a fund liability.

K. Prepaid Items

Payments made to vendors for services that will benefit periods beyond December 31, 2009, are recorded as prepaid items using the consumption method by recording a current asset for the prepaid amount and reflecting the expenditure/expense in the year in which services are consumed.

L. Accrued Liabilities and Long-term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements, and all payables, accrued liabilities and long-term obligations payable from proprietary funds are reported in the proprietary fund financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, claims and judgments and compensated absences that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year.

HOLMES COUNTY, OHIO

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2009**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

M. Third-Party Settlements

The Hospital has agreements with Medicare and Medicaid that provide for reimbursement at amounts different from its established rates. Contractual adjustments under third-party reimbursement programs represent the difference between the Hospital's established rates for services and amounts reimbursed by third-party payers. The Hospital has reached final settlement with Medicare through 2007 and Medicaid through 2004.

N. Assets Limited as to Use

Assets limited as to use consist of invested funds designated by trustees for future capital improvements and funds invested in accordance with agreements with a third-party.

O. Interfund Transactions

Transfers between governmental and business-type activities on the government-wide financial statements are reported in the same manner as general revenues.

During the normal course of operations, the County has numerous transactions between funds. Transfers represent movement of resources from a fund receiving revenue to a fund through which those resources will be expended and are recorded as other financing sources (uses) in governmental funds and as transfers in proprietary funds. Interfund transactions that would be treated as revenues and expenditures/expenses if they involved organizations external to the County are treated similarly when involving other funds of the County.

Activity between funds that is representative of lending/borrowing arrangements outstanding at year end are referred to as either "interfund receivable/interfund payable" for the current portion or "interfund loans to/from other funds" for the non-current portion of the interfund loans. All other outstanding balances outstanding between funds are reported as "due to/from other funds". These amounts are eliminated in the statement of net assets, except for any residual balances outstanding between the governmental activities and business-type activities, which are reported in the government-wide financial statements as "internal balances".

Loans between funds, as reported in the governmental fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate they are not available for appropriation and are not expendable available financial resources.

P. Fund Balance Reserves and Designations

Reserved or designated fund balances indicate that a portion of fund equity is not available for current appropriation or use. The unreserved or undesignated portions of fund equity reflected in the governmental funds are available for use within the specific purposes of the funds.

The County reports amounts representing encumbrances outstanding, prepayments, materials and supplies inventories, debt service and loans as reservations of fund balance in the governmental funds. The County reports amounts set-aside by the County Commissioners for possible contingencies related to future compensated absence liabilities as a designation of fund balance in a special revenue fund.

HOLMES COUNTY, OHIO

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2009**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Q. Charity Care

The Hospital maintains a policy whereby care is provided to patients who meet certain criteria without charge or at amounts less than its established rates. Because the Hospital does not pursue collection of amounts determined to qualify as charity care, they are not reported as revenue.

R. Estimates

The preparation of basic financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the basic financial statements and accompanying notes. Actual results may differ from those estimates.

S. Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

The County applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

T. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the County Commissioners and that are either unusual in nature or infrequent in occurrence. Neither type of transaction occurred during 2009.

NOTE 3 - ACCOUNTABILITY AND COMPLIANCE

A. Change in Accounting Principles

For 2009, the County has implemented GASB Statement No. 52, "Land and Other Real Estate Held as Investments by Endowments", GASB Statement No. 55, "The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments", GASB Statement No. 56 "Codification of Accounting and Financial Reporting Guidance Contained in the AICPA Statements on Auditing Standards", and GASB Statement No. 57 "Other Postemployment Benefit (OPEB) Measurements by Agent Employers and Agent Multiple-Employers".

GASB Statement No. 52 improves the quality of financial reporting by requiring endowments to report their land and other real estate investments at fair value, creating consistency in reporting among similar entities that exist to invest resources for the purpose of generating income. The implementation of GASB Statement No. 52 did not have an effect on the financial statements of the County.

GASB Statement No. 55 incorporates the hierarchy of generally accepted accounting principles (GAAP) for state and local governments into the GASB's authoritative literature. The implementation of GASB Statement No. 55 did not have an effect on the financial statements of the County.

HOLMES COUNTY, OHIO

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2009**

NOTE 3 - ACCOUNTABILITY AND COMPLIANCE - (Continued)

GASB Statement No. 56 incorporates into the GASB's authoritative literature certain accounting and financial reporting guidance presented in the American Institute of Certified Public Accountants' (AICPA) Statements on Auditing Standards. The implementation of GASB Statement No. 56 did not have an effect on the financial statements of the County.

GASB Statement No. 57 establishes standards for the measurement and financial reporting of actuarially determined information by agent employers with individual-employer OPEB plans that have fewer than 100 total plan members and by the agent multiple-employer OPEB plans in which they participate. The implementation of GASB Statement No. 57 did not have an effect on the financial statements of the County.

B. Deficit Fund Balances/Net Assets

	<u>Deficit</u>
<u>Major funds</u>	
County disposal	\$ 4,597,714
<u>Nonmajor funds</u>	
Child neglect and abuse	3,450
Recycling and litter	21,497
State victim assistance grants	201
Law library special revenue	3,607
Transportation coordination services	9,716
Jail kitchen	4,493
East Holmes water	7,999

Other than the County disposal, recycling and litter and the transportation coordination services funds, these funds complied with State law, which does not permit a cash basis deficit at year end. The general fund is liable for any deficits in these funds and provides transfers when cash is required, not when accruals occur. Deficit fund balances/net assets resulted from adjustments for accrued liabilities.

C. Deficit Cash Fund Balance

The County had a negative cash fund balances in the County disposal, recycling and litter and the transportation coordination services funds indicating that revenue from other sources were used to pay obligations of the fund contrary to Ohio Revised Code Section 5705.10. For GAAP purposes, the amount has been reported as a fund liability.

D. Noncompliance

- i.* The County had expenditures in excess of appropriations for the year ended December 31, 2009 in noncompliance with Ohio Revised Code 5705.41(B).
- ii.* The County had negative cash fund balances throughout the year and at year-end in noncompliance with Ohio Revised Code 5705.10.
- iii.* The County had appropriations in excess of estimated resources for the year ended December 31, 2009 in noncompliance with Ohio Revised Code 5705.39 in the public assistance fund.

HOLMES COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2009

NOTE 4 - DEPOSITS AND INVESTMENTS

Monies held by the County are classified by State statute into two categories. Active monies are public monies determined to be necessary to meet current demand upon the County treasury. Active monies must be maintained either as cash in the County treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Monies held by the County which are not considered active are classified as inactive. Inactive monies may be deposited or invested in the following securities:

1. United States Treasury Notes, Bills, Bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio;
5. No-load money market mutual funds consisting exclusively of obligations described in items 1 or 2 above and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
6. The State Treasurer's investment pool (State Treasury Asset Reserve of Ohio);
7. Under limited circumstances, corporate debt interests rated in either of the two highest classifications by at least two nationally recognized rating agencies;
8. High grade commercial paper for a period not to exceed 180 days and in an amount not to exceed twenty-five percent of the County's total average portfolio; and,
9. Bankers acceptances for a period not to exceed 180 days and in an amount not to exceed twenty-five percent of the County's total average portfolio.

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the County, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the County Treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

HOLMES COUNTY, OHIO

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2009**

NOTE 4 - DEPOSITS AND INVESTMENTS - (Continued)

Protection of the County's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the treasurer, by the financial institution or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution.

The Hospital may deposit funds not needed for immediate expenses in interest-bearing or non-interest-bearing accounts or invest in United States government obligations.

A. Unrecorded Cash

At year end, the County had \$11,114 in unrecorded cash which is included on the financial statements as part of "equity in pooled cash and cash equivalents".

B. Cash on Hand

At year end, the County had \$61,647 in undeposited cash on hand which is included on the financial statements of the County as part of "equity in pooled cash and cash equivalents".

C. Deposits with Financial Institutions

At December 31, 2009, the carrying amount of all County deposits, including nonnegotiable certificates of deposit and cash in segregated accounts, was \$20,391,905. Based on the criteria described in GASB Statement No. 40, "Deposits and Investment Risk Disclosures", as of December 31, 2009, \$16,895,613 of the County's bank balance of \$20,961,856 was exposed to custodial risk as discussed below, while \$4,066,243 was covered by the FDIC.

Custodial credit risk is the risk that, in the event of bank failure, the County's deposits may not be returned. All deposits are collateralized with eligible securities in amounts equal to at least 105% of the carrying value of the deposits. Such collateral, as permitted by the Ohio Revised Code, is held in single financial institution collateral pools at Federal Reserve Banks, or at member banks of the federal reserve system, in the name of the respective depository bank and pledged as a pool of collateral against all of the public deposits it holds or as specific collateral held at the Federal Reserve Bank in the name of the County. The County has no deposit policy for custodial credit risk beyond the requirements of State statute. Although the securities were held by the pledging institutions' trust department and all statutory requirements for the deposit of money had been followed, noncompliance with federal requirements could potentially subject the County to a successful claim by the FDIC.

N/A- 1: Common stock not publicly traded.

N/A- 2: Exempt from ratings since explicitly guaranteed by U.S. Government Agency.

N/A- 3: Stock investments, no maturity period to report.

Interest Rate Risk: As a means of limiting its exposure to fair value losses arising from rising interest rates and according to State law, the County's investment policy limits investment portfolio maturities to five years or less.

Credit Risk: State law limits investments in commercial paper and corporate bonds to the top two ratings issued by the nationally recognized statistical rating organizations (NRSROs). It is the government's policy's to limit its investments in these investment types to the top two ratings issued by NRSROs. The County had no investments on their books as of December 31, 2009. The above investments and related credit risks are those of the Hospital.

Custodial Credit Risk: For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The County has no investment policy dealing with investment custodial risk beyond the requirement in State statute that prohibits payment for investments prior to the delivery of the securities representing such investments to the Auditor or qualified trustee.

Concentration of Credit Risk: The County places no limit on the amount that may be invested in any one issuer.

F. Reconciliation of Cash and Investments to the Statement of Net Assets

The following is a reconciliation of cash and investments as reported in the note above to cash and investments as reported on the statement of net assets as of December 31, 2009:

<u>Cash and investments per note</u>	
Carrying amount of deposits	\$ 20,391,905
Investments	607,334
Unrecorded cash	11,114
Cash on hand	<u>61,647</u>
Total	<u>\$ 21,072,000</u>

<u>Cash and investments per statement of net assets</u>	
Governmental activities	\$ 7,765,714
Business-type activities	8,290,943
Component unit*	7,574
Agency	<u>5,007,769</u>
Total	<u>\$ 21,072,000</u>

*Cash and cash equivalents of the Holmes County Regional Planning Commission are pooled and invested by the County (see Note 25 for detail). Cash and cash equivalents of Lynn Hope Industries, Inc. and the Holmes County Airport Authority are held separate from the County (see Notes 26 and 27, respectively, for detail) and are reported on the financial statements as "cash and cash equivalents in segregated accounts."

NOTE 5 - INTERFUND TRANSACTIONS

A. Interfund transfers for the year ended December 31, 2009, consisted of the following, as reported on the fund financial statements:

Transfers from general fund to:	
Public assistance	\$ 74,166
Nonmajor governmental funds	514,156
Transfers from county board of DD fund to:	
Nonmajor governmental funds	<u>9,476</u>
Total	<u>\$ 597,798</u>

Transfers are used to (1) move revenues from the fund that statute or budget required to collect them to the fund that statute or budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, (3) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations, and (4) to move monies set-aside for capital improvements.

Transfers between governmental funds are eliminated for reporting on the statement of activities.

HOLMES COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2009

NOTE 5 - INTERFUND TRANSACTIONS - (Continued)

B. Loans to/from other funds consisted of the following at December 31, 2009:

<u>Receivable fund</u>	<u>Payable fund</u>	<u>Amount</u>
General	Nonmajor governmental funds	\$ 55,000
Sewer district	Other enterprise funds	<u>8,000</u>
Total		<u>\$ 63,000</u>

Loans to/from other funds represent long-term interfund loans that are not expected to be repaid within one year. During 2003, the general fund loaned the transportation coordination fund (a nonmajor governmental fund) a total of \$55,000 which will be repaid as resources become available. The sewer district has loaned the east Holmes water fund a total of \$8,000. This loan is being paid back over a number of years as resources become available.

C. Due from/to other funds consisted of the following at December 31, 2009, as reported on the fund financial statements:

<u>Receivable fund</u>	<u>Payable fund</u>	<u>Amount</u>
General	Nonmajor governmental funds	\$ 66,538
General	County disposal	<u>21,651</u>
Total		<u>\$ 88,189</u>

Amounts due from/to other funds represent amounts owed between funds to cover negative cash balances. Amounts due from/to other funds between governmental funds are eliminated for reporting on the statement of net assets.

NOTE 6 - PROPERTY TAXES

Property taxes include amounts levied against all real, public utility and tangible personal property located in the County. Taxes collected from real property taxes (other than public utility) in one calendar year are levied in the preceding calendar year on the assessed value as of January 1 of that preceding year, the lien date. Assessed values are established by the County Auditor at 35 percent of appraised market value. All property is required to be revaluated every six years. Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits later payment dates to be established.

Public utility real and tangible personal property taxes collected in one calendar year are levied in the preceding calendar year on assessed values determined as of December 31 of the second year preceding the tax collection year, the lien date. Public utility tangible personal property is assessed at varying percentages of true value; public utility real property is assessed at 35 percent of true value. 2009 public utility property taxes became a lien December 31, 2008, are levied after October 1, 2009, and are collected in 2010 with real property taxes. Public utility property taxes are payable on the same dates as real property taxes described previously.

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2009**

NOTE 6 - PROPERTY TAXES - (Continued)

Tangible personal property tax revenues received in 2009 (other than public utility property) represent the collection of 2009 taxes. Tangible personal property taxes received in 2009 were levied after October 1, 2008, on the true value as of December 31, 2008. Tangible personal property tax is being phased out - the assessment percentage for property, including inventory, was reduced to zero for 2009. Amounts paid by multi-county taxpayers are due September 20. Single county taxpayers may pay annually or semiannually. If paid annually, the first payment is due April 30; if paid semiannually, the first payment is due April 30, with the remainder payable by September 20.

House Bill No. 66 was signed into law on June 30, 2005. House Bill No. 66 phases out the tax on tangible personal property of general businesses, telephone and telecommunications companies, and railroads. The tax on general business and railroad property will be eliminated by calendar year 2009, and the tax on telephone and telecommunications property will be eliminated by calendar year 2011. The tax is phased out by reducing the assessment rate on the property each year. The bill replaces the revenue lost by the County due to the phasing out of the tax. In calendar years 2009-2010, the County will be fully reimbursed for the lost revenue. In calendar years 2011-2017, the reimbursements will be phased out.

The County Treasurer collects property taxes on behalf of all taxing districts in the County. The County Auditor periodically remits to the taxing districts their portion of the taxes collected. Property taxes receivable represents real and tangible personal property taxes, public utility taxes and outstanding delinquencies which are measurable as of December 31, 2009 and for which there is an enforceable legal claim. In the governmental funds, the current portion receivable has been offset by unearned revenue since the current taxes were not levied to finance 2009 operations and the collection of delinquent taxes has been offset by deferred revenue since the collection of the taxes during the available period is not subject to reasonable estimation. On a full accrual basis, collectible delinquent property taxes have been recorded as a receivable and revenue while on a modified accrual basis the revenue is deferred.

The full tax rate for all County operations for the year ended December 31, 2009 was \$11.55 per \$1,000 of assessed value. The assessed values of real and tangible personal property upon which 2009 property tax receipts were based are as follows:

Real Property	\$ 720,288,260
Tangible Personal Property	1,276,080
Public Utility	<u>27,367,300</u>
Total Assessed Value	<u>\$ 748,931,640</u>

NOTE 7 - RECEIVABLES

Receivables at December 31, 2009, consisted of taxes, loans, accounts (billings for user charged services), interfund transactions related to charges for goods and services rendered, and intergovernmental receivables arising from grants, entitlements and shared revenue. All intergovernmental receivables have been classified as "due from other governments" on the balance sheets and statement of net assets and all interfund transactions related to charges for goods and services rendered have been classified as "due from other funds" on the balance sheets and statement of net assets. Receivables have been recorded as described in Note 2.D. All receivables are considered collectible in full due to the ability to foreclose for the nonpayment of taxes, the stable condition of state programs and the current year guarantee of federal funds.

A. Permissive Sales and Use Tax

In 1979, the County Commissioners by resolution imposed a one-half percent tax on all retail sales, made in the County, except sales of motor vehicles, and on the storage, use, or consumption in the County of tangible personal property, including automobiles, not subject to the sales tax. In 1989, the residents of the County voted to increase the tax by one-half percent for the purpose of new capital projects and in 1992 the voters approved another increase of one-quarter percent for the implementation and installation of a 911 system in the County. This three-quarter percent tax ended during 1998. Vendor collections of the tax are paid to the State Treasurer by the twenty-third day of the month following collection. The State Tax Commissioner certifies to the State Auditor the amount of the tax to be returned to the County. The Tax Commissioner's certification must be made within the forty-five days after the end of each month. The Office of Budget and Management then has five days in which to draw the warrant payable to the County.

Amounts that have been collected by the State and that are to be received within the available period are accrued as revenue on the fund financial statements. Each month, the sales tax revenue is allocated to three funds. The debt service fund receives \$15,000, the capital improvements fund receives \$6,000, the landfill capital projects fund receives \$20,000 and the remainder is allocated to the general fund. Sales tax revenue for 2009 amounted to \$4,231,242 as reported on the fund financial statements.

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2009

NOTE 12 - LONG-TERM OBLIGATIONS - (Continued)

Revenue Bonds: The County has pledged future sewer customer revenues, net of specified operating expenses, to repay \$2,977,000 in bonds. The bonds are payable solely from sewer customer net revenues and are payable through 2036. Annual principal and interest payments on the bonds are expected to require up to 100 percent of net revenues. The total principal and interest remaining to be paid on the bonds is \$2,411,500. Principal and interest paid for the current year and total customer net revenues were \$173,350 and \$109,554 respectively.

Note Payable: The Hospital has obtained a \$1,250,000, un-secured, interest-free, loan from Aultman Health Foundation (Aultman), with annual payments of \$50,000 through July 2033. Aultman has the option to call the loan in July 2018. A corresponding liability was recorded in the statement of net assets. Principal payments in 2009 totaled \$50,000 paid by the Hospital.

The Hospital is required to meet certain covenants with respect to the Aultman note agreement, including minimum debt service coverage. The Hospital was in compliance with these covenants at December 31, 2009.

The following is a summary of the future debt service requirements of the bonds, loans and note:

NOTE 12 - LONG-TERM OBLIGATIONS - (Continued)

- D.** The Ohio Revised Code provides that the net general obligation debt of the County, exclusive of certain exempt debt, issued without a vote of the electors shall never exceed one percent of the total assessed valuation of the County.

The Code further provides that the total voted and unvoted net debt of the County, less the same exempt debt, shall never exceed a sum equal to three percent of the first \$100,000,000 of the assessed valuation, plus one and one-half percent of such valuation in excess of \$100,000,000 and not in excess of \$300,000,000, plus two and one-half percent of such valuation in excess of \$300,000,000. The assessed valuation used in determining the County's legal debt margin has been modified by House Bill 530 which became effective March 30, 2006. In accordance with House Bill 530, the assessed valuation used in calculating the County's legal debt margin calculation excludes tangible personal property used in business, telephone or telegraph property, interexchange telecommunications company property, and personal property owned or leased by a railroad company and used in railroad operations. The statutory limitations on debt are measured by a direct ratio of net debt to tax valuation and expressed in terms of a percentage. Based on this calculation, the County's voted legal debt margin was \$16,739,020 at December 31, 2009 and the unvoted legal debt margin was \$7,017,074 at December 31, 2009.

NOTE 13 - OTHER EMPLOYEE BENEFITS

A. Compensated Absences

County employees earn vacation and sick leave at varying rates depending on length of service and department policy. All accumulated, unused vacation time is paid upon separation if the employee has at least one year of service with the County.

Employees earn sick leave at a rate of 4.60 hours of sick leave for each completed 80 hours in active pay status. Sick leave accumulation is unlimited. Upon retirement or death, an employee can be paid twenty-five percent to a maximum of 30 days of accumulated, unused sick leave. As of December 31, 2009, the total liability for unpaid compensated absences was \$1,052,094 (both governmental and business-type activities).

B. Health and Life Insurance

The County provides health insurance to its employees through Aultcare of Ohio. The County also provides life insurance and accidental death and dismemberment insurance to its employees through Ohio National Life.

NOTE 14 - RISK MANAGEMENT

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During 2009, the County contracted with the County Risk Sharing Authority, Inc. (CORSA) for liability, property, and crime insurance. The CORSA program has a \$2,500 deductible.

Coverage provided by CORSA is as follows:

General Liability (per occurrence)	\$ 1,000,000
Stop Loss (aggregate excess)	1,000,000
Automobile Liability (per occurrence)	1,000,000
Uninsured Motorist Liability (per occurrence)	250,000
Law Enforcement Liability (per occurrence)	\$1,000,000
Errors and Omissions Liability

Money and Securities (inside and outside)	1,000,000
Depositor's Forgery	1,000,000
Money Orders and Counterfeit Paper Currency	1,000,000
Building and Contents	67,928,729
Other Property Insurance:	
Valuable Papers	1,000,000
Extra Expense	1,000,000
Contractors Equipment	Replacement Cost
Inland Marine	1,000,000
Motortruck Cargo	100,000
Flood and Earthquake (pool limit)	100,000,000
Auto Physical Damage	Actual Cash Value
Comprehensive Boiler and Machinery	100,000,000
EDP Media	100,000 per policy
Unintentional omissions (per occurrence)	250,000
Newly acquired location	5,000,000

With the exception of health insurance, and workers' compensation, all insurance is held with CORSA. Settled claims have not exceeded this commercial coverage in any of the past three years. There has not been a significant reduction in coverage from the prior year. The County pays all elected officials' bonds by statute.

NOTE 14 - RISK MANAGEMENT - (Continued)

For 2009, the County participated in the County Commissioners Association of Ohio Workers' Compensation Group Rating Plan (Plan), an insurance purchasing pool. (See Note 2.A.). The Plan is intended to achieve lower workers' compensation rates while establishing safer working conditions and environments for the participants. The workers' compensation experience of the participating counties is calculated as one experience and a common premium rate is applied to all participants in the Plan. Each participant pays its workers' compensation premium to the State based on the rate for the Plan rather than its individual rate. In order to allocate the savings derived by formation of the Plan, and to maximize the number of participants in the Plan, the Plan's executive committee annually calculates the total savings percentage of the Plan. The Plan's executive committee then collects rate contributions from or pays rate equalization rebates to various participants. Participation in the Plan is limited to counties that can meet the Plan's selection criteria.

The firm of Comp Management, Inc. provides administrative, cost control and actuarial services to the Plan. Each year, the County pays an enrollment fee to the Plan to cover the costs of administering the program.

The County may withdraw from the Plan if written notice is provided sixty days prior to the prescribed application deadline of the Ohio Bureau of Workers' Compensation. However, the participant is not relieved of the obligation to pay any amounts owed to the Plan prior to withdrawal, and any participant leaving the Plan allows the representatives of the Plan to access loss experience for three years following the last year of participation.

The Hospital is fully insured for employee health benefits through a commercial carrier. The Hospital pays a monthly premium for its employees' health insurance.

NOTE 15 - PENSION PLANS

A. Ohio Public Employees Retirement System

Plan Description - The County participates in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The Traditional Pension Plan is a cost-sharing, multiple-employer defined benefit pension plan. The Member-Directed Plan is a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20% per year). Under the Member-Directed Plan, members accumulate retirement assets equal to the value of the member and vested employer contributions plus any investment earnings. The Combined Plan is a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and a defined contribution plan. Under the Combined Plan, employer contributions are invested by the retirement system to provide a formula retirement benefit similar to the Traditional Pension Plan benefit. Member contributions, whose investment is self-directed by the member, accumulate retirement assets in a manner similar to the Member-Directed Plan. While members in the State and local divisions may participate in all three plans, law enforcement (generally sheriffs, deputy sheriffs and township police) and public safety divisions exist only within the traditional pension plan.

OPERS provides retirement, disability, survivor and death benefits and annual cost of living adjustments to members of the Traditional Pension and the Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that may be obtained by writing to OPERS, Attention: Finance Director, 277 E. Town St., Columbus, OH 43215-4642 or by calling (614) 222-5601 or (800) 222-7377.

HOLMES COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2009

NOTE 15 - PENSION PLANS - (Continued)

Funding Policy - The Ohio Revised Code provides statutory authority for member and employer contributions. For 2009, member and contribution rates were consistent across all three plans. While members in the State and local divisions may participate in all three plans, law enforcement and public safety divisions exist only within the Traditional Plan. The 2009 member contribution rates were 10.00% for members in State and local classifications. Public safety and law enforcement members contributed 10.10%. The County's contribution rate for 2009 was 14.00%, except for those plan members in law enforcement or public safety, for whom the County's contribution was 17.63% of covered payroll.

The County's contribution rate for pension benefits for 2009 was 7.00% from January 1 through March 31, 2009 and 8.50% from April 1 through December 31, 2009, except for those plan members in law enforcement and public safety. For those classifications, pension contributions were 10.63% from January 1 through March 31, 2009 and 12.13% from April 1 through December 31, 2009. The County's required contributions for pension obligations to the Traditional Pension and Combined Plans for the years ended December 31, 2009, 2008 and 2007 were \$1,136,989, \$1,063,474 and \$1,257,053, respectively; 100 percent has been contributed for 2009, 2008 and 2007.

The Hospital's contributions for pension obligations were approximately \$895,000, \$739,000 and \$891,069 for the years ended December 31, 2009, 2008 and 2007, respectively.

B. State Teachers Retirement System

Plan Description - Certified teachers, employed by the school for County Board of Developmental Disabilities, participate in the State Teachers Retirement System of Ohio (STRS Ohio), a cost-sharing multiple employer public employee retirement system administered by the State Teachers Retirement Board. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a stand-alone financial report that may be obtained by writing to STRS Ohio, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS Ohio Web site at www.strsoh.org.

New members have a choice of three retirement plans, a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. The DB plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on a member's lifetime contributions and earned interest matched by STRS Ohio funds divided by an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.50% of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal. The Combined Plan offers features of both the DC Plan and the DB Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The DB portion of the Combined Plan payment is payable to a member on or after age 60; the DC portion of the account may be taken as a lump sum or converted to a lifetime monthly annuity at age 50. Benefits are established by Chapter 3307 of the Ohio Revised Code.

A DB or Combined Plan member with five or more years credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

HOLMES COUNTY, OHIO

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2009**

NOTE 15 - PENSION PLANS - (Continued)

Funding Policy - For 2009, plan members were required to contribute 10.00% of their annual covered salaries. The County was required to contribute 14.00%; 13.00% was the portion used to fund pension obligations. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions.

The County's required contributions for pension obligations to STRS Ohio for the years ended December 31, 2009, 2008, and 2007 were \$91,119, \$111,128 and \$110,266, respectively; 100 percent has been contributed for 2009, 2008 and 2007.

NOTE 16 - POSTRETIREMENT BENEFIT PLANS

A. Ohio Public Employees Retirement System

Plan Description - OPERS maintains a cost-sharing multiple employer defined benefit post-employment healthcare plan, which includes a medical plan, prescription drug program and Medicare Part B premium reimbursement, to qualifying members of both the Traditional Pension and the Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits, including post-employment health care coverage.

To qualify for post-employment health care coverage, age-and-service retirees under the Traditional Pension and Combined Plans must have ten years or more of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The Ohio Revised Code permits, but not does mandate, OPERS to provide OPEB benefits to its eligible members and beneficiaries. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code.

Disclosures for the healthcare plan are presented separately in the OPERS financial report which may be obtained by writing to OPERS, Attention: Finance Director, 277 E. Town St., Columbus, OH 43215-4642 or by calling (614) 222-5601 or (800) 222-7377.

Funding Policy - The post-employment healthcare plan was established under, and is administrated in accordance with, Internal Revenue Code Section 401(h). State statute requires that public employers fund post-employment healthcare through contributions to OPERS. A portion of each employer's contribution to the Traditional or Combined Plans is set aside for the funding of post-employment health care.

Employer contribution rates are expressed as a percentage of the covered payroll of active employees. In 2009, local government employers contributed 14.00% of covered payroll (17.63% for public safety and law enforcement). Each year the OPERS Retirement Board determines the portion of the employer contribution rate that will be set aside for the funding of the postemployment health care benefits. The portion of employer contributions allocated to fund post-employment healthcare for 2009 was 7.00% from January 1 through March 31, 2009 and 5.50% from April 1 through December 31, 2009.

The OPERS Retirement Board is also authorized to establish rules for the payment of a portion of the health care benefits provided, by the retiree or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected. Active members do not make contributions to the post-employment healthcare plan.

HOLMES COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2009

NOTE 16 - POSTRETIREMENT BENEFIT PLANS - (Continued)

The County's contributions allocated to fund post-employment health care benefits for the years ended December 31, 2009, 2008 and 2007 were \$816,327, \$1,063,474 and \$830,821 respectively; 100 percent has been contributed for 2009, 2008 and 2007.

The Hospital's contributions allocated to fund post-employment health care benefits were approximately \$647,000, \$756,500 and \$586,931 for the years ended December 31, 2009, 2008 and 2007.

The Health Care Preservation Plan (HCPP) adopted by the OPERS Board of Trustees on September 9, 2004, was effective January 1, 2007. Member and employer contribution rates for state and local employers increased on January 1 of each year from 2006 to 2008. Rates for law and public safety employers increased over a six year period beginning on January 1, 2006, with a final rate increase on January 1, 2011. These rate increases allowed additional funds to be allocated to the health care plan.

B. State Teachers Retirement System

Plan Description - The County contributes to the cost sharing, multiple employer defined benefit Health Plan (the "Plan") administered by the State Teachers Retirement System of Ohio (STRS Ohio) for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS Ohio. Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare Part B premiums. The Plan is included in the report of STRS Ohio which may be obtained by visiting www.strsoh.org or by calling (888) 227-7877.

Funding Policy - Ohio law authorizes STRS Ohio to offer the Plan and gives the Retirement Board authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. All benefit recipients, for the most recent year, pay a portion of the health care costs in the form of a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions. For 2009, STRS Ohio allocated employer contributions equal to 1.00% of covered payroll to the Health Care Stabilization Fund. The County's contributions for health care for the years ended December 31, 2009, 2008 and 2007 were \$7,009, \$8,548 and \$8,462, respectively; 100 percent has been contributed for 2009, 2008 and 2007.

NOTE 17 - BUDGETARY BASIS OF ACCOUNTING

While reporting financial position, results of operations, and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts and disbursements.

The statement of revenue, expenditures and changes in fund balance - budget and actual (non-GAAP budgetary basis) presented for the general fund and major special revenue funds are presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and the GAAP basis are that:

- (a) Revenues and other financing sources are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis);
- (b) Expenditures and other financing uses are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis); and,

NOTE 17 - BUDGETARY BASIS OF ACCOUNTING - (Continued)

- (c) In order to determine compliance with Ohio law, and to reserve that portion of the applicable appropriation, total outstanding encumbrances (budget basis) are recorded as the equivalent of an expenditure, as opposed to a reservation of fund balance for that portion of outstanding encumbrances not already recognized as payables (GAAP basis).

The adjustments necessary to convert the results of operations for the year on the budget basis to the GAAP basis for the general fund and major special revenue funds are as follows:

	Net Change in Fund Balances				
	<u>General</u>	<u>County Board of DD</u>	<u>Motor Vehicle License and Gas Tax</u>	<u>County Home</u>	<u>Public Assistance</u>

NOTE 18 - CONTINGENCIES

A. Grants

The County received financial assistance from Federal and State agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the general fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the County at December 31, 2009.

B. Litigation

The County is party to legal proceedings. The County's management is of the opinion that ultimate disposition of these claims and legal proceedings will not have a material adverse effect, if any, on the financial condition of the County at December 31, 2009.

HOLMES COUNTY, OHIO

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2009**

NOTE 19 - LANDFILL CLOSURE AND POSTCLOSURE CARE COST

State and federal regulations require the County to place a final cover on its landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. The \$4,935,261 reported as landfill closure and postclosure care liability at December 31, 2009, represents the cumulative amount reported to date based on the use of 87.35 percent of the estimated capacity of the landfill. Based on current usage, the remaining useful life is estimated to be 2.6 years. At December 31, 2009, the total estimated cost to perform closure and postclosure care of the landfill was \$5,650,098. This amount represents an estimate of what it would cost to perform all closure and postclosure care at December 31, 2009. The County will recognize the remaining estimated cost of closure and postclosure care of \$714,837 as the remaining estimated capacity is filled. Actual costs may be higher due to inflation, changes in technology, or changes in regulations.

NOTE 20 - CHARITY CARE

The Hospital provides medical care without charge, or at a reduced cost, to residents of its community, primarily through (1) services provided at no charge to the uninsured; (2) the difference between public programs' payments (primarily Medicare and Medicaid) and the related costs of providing such service; and (3) the services provided to patients expressing a willingness to pay, but who are determined to be unable to pay because of socioeconomic factors. The Hospital maintains records to identify and monitor the level of charity care it provides. These records include the amount of charges forgone for service and supplies furnished under its charity care policy. Charges forgone for services rendered under the Hospital's charity care policy were approximately \$1,517,000 in 2009.

NOTE 21 - ADVERTISING

The Hospital expenses advertising costs as they are incurred. Advertising expense was \$13,433 for 2009. Advertising expenses are included in the Hospital's operating expenses in these financial statements.

NOTE 22 - MEDICAL MALPRACTICE CLAIMS

The Hospital has purchased occurrence-based insurance to protect itself against losses from medical malpractice claims. The policy covers claims resulting from incidents that occur during the policy term, regardless of when the claims are reported to the insurance carrier. The Hospital is not aware of any medical malpractice claims, either asserted or unasserted, that would exceed the policy limits of \$1,000,000 per individual claims and \$3,000,000 in annual aggregate.

NOTE 23 - RELATED PARTY TRANSACTIONS

During 2009, Holmes County provided facilities, certain equipment, transportation and salaries for administration, implementation and supervision of programs to Lynn Hope Industries, Inc. Lynn Hope Industries, Inc., a discretely presented component unit of Holmes County, reported \$288,690 for such contributions. Lynn Hope Industries recorded operating revenues and expenses at cost or fair value as applicable, to the extent the contribution is related to the vocational purpose of the Workshop.

The Northeast Ohio Health Outreach Network (Network) is controlled by four area hospitals, one of which is the Joel Pomerene Memorial Hospital. The Network was established to receive federal grant monies from the U.S. Department of Housing and Urban Development (HUD). Funds are distributed to the Hospital directly from HUD as determined by the Network. The Network did not have any changes in unrestricted net assets in 2009.

HOLMES COUNTY, OHIO

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2009**

NOTE 24 - INCOME GRANTS AND FORGIVENESS OF EDUCATIONAL LOANS

As part of the Hospital's recruitment program for new physicians, the Hospital offers income grants and forgiveness of education loans in exchange for a commitment to a minimum term of service. As of December 31, 2009, the loan receivable in connection with these income grants and forgiveness of education loans was \$150,792. The loans will be forgiven over time as physicians fulfill their committed term of service.

NOTE 25 - HOLMES COUNTY REGIONAL PLANNING COMMISSION

The Holmes County Regional Planning Commission (the "Commission") is governed by an eleven member Board, of which seven are appointed by the County. The County provides ongoing financial support to the Commission; resulting in the Commission imposing a financial burden on the County. Therefore, the Commission has been included as a component unit of the County. The Commission makes studies, maps, plans, recommendations and reports concerning the physical, environmental, social, economical and governmental characteristics, functions and services of the County.

A. Basis of Accounting

For reporting on the government-wide financial statements, the Commission follows the accrual basis of accounting. Under this basis, revenues are recognized when earned and expenses are recognized when incurred. All assets and liabilities of the Commission are reported on the Statement of Net Assets and financial transactions of the Commission are reflected in the Statement of Activities.

B. Deposits and Investments

The County acts as the custodian of the Commission's funds. Cash and cash equivalents of the Commission are pooled and invested by the County. Information regarding the classification of the County's deposits and investments per GASB Statement No. 40 may be found in Note 4.

C. Compensated Absences

The Commission records liabilities for vacation and sick leave accumulated by its employees at the same rate as the County (See Note 2.J.). At December 31, 2009, vacation and sick leave liability were \$4,436 and \$7,016, respectively. The entire compensated absences liability is reported on the government-wide financial statements.

NOTE 26 - LYNN HOPE INDUSTRIES, INC.

A. Summary of Significant Accounting Policies

Business Activity - Lynn Hope Industries, Inc. (the "Organization") is a sheltered workshop located in Holmesville, Ohio. The Organization offers a variety of goods and services for sale. The Organization extends credit to its customers, substantially all of whom are local businesses.

Basis of Presentation - The Organization has adopted Financial Accounting Standards Board Statement of Accounting Standards (FAS) No. 117 (Financial Statements of Not-for-Profit Organizations) for presentation of its financial statements.

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2009**

NOTE 26 - LYNN HOPE INDUSTRIES, INC. - (Continued)

Property and Equipment - Property and equipment are carried at cost less accumulated depreciation. Depreciation is provided over the statutory lives of the related assets as allowed by the Internal Revenue Service. Maintenance and repairs are charged to operations when incurred. Renewals and betterments of a nature considered to materially extend the useful lives of the assets are capitalized. When assets are retired or otherwise disposed of, the assets and related allowances for depreciation are eliminated from the accounts and any resulting gain or loss is reflected in income.

Depreciation is based on the following policies:

<u>Description</u>	<u>Useful Life (In Years)</u>	<u>Method</u>
Equipment	3 - 10	Straight-line
Vehicles	5	Straight-line

Federal Income Tax - The Organization is tax exempt under Section 501(c)(3) of the Internal Revenue Code.

Designation of Contributions - Contributors to the Organization have the ability to designate the programs to be benefited by their contributions. During the year ended December 31, 2009, there were no restricted contributions to the Organization.

Cash Equivalents - For purposes of the statement of cash flows, the Organization considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and a liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

B. Non-Cash Transactions

The Organization received in-kind services and facilities for the year ended December 31, 2009 from the Holmes County Board of DD. The value of the in-kind contribution was determined to be \$288,690 and is recorded in operating grants and operating expenses as an equivalent amount.

C. Deposits and Investments

The carrying amount and bank balance of the Organizations deposits at year end was \$135,447. The entire bank balance was covered by federal depository insurance. There are no significant statutory restrictions regarding the deposit and investment of funds by the not-for-profit corporation.

D. Related Parties

Total revenues from contracts to provide services to the Holmes County Board of DD were \$24,663 for the year ended December 31, 2009. The Organization had \$1,166 in accounts receivable from the Holmes County Board of DD at December 31, 2009.

NOTE 27 - HOLMES COUNTY AIRPORT AUTHORITY

The Holmes County Airport Authority (the "Airport Authority") Board consists of seven members who are appointed by the County Commissioners of Holmes County. The County provides ongoing financial support to the Airport Authority; resulting in the Airport Authority imposing a financial burden on the County. Based on this relationship, the Airport Authority is a component unit of Holmes County. Separately issued financial statements can be obtained from Holmes County Airport Authority of Holmes County.

HOLMES COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2009

NOTE 27 - HOLMES COUNTY AIRPORT AUTHORITY - (Continued)

A. Basis of Accounting

The Airport Authority follows the accrual basis of accounting, whereby revenues and expenses are recognized in the period earned or incurred. The measurement focus is on determination of net income, financial position and cash flows. All transactions are accounted for in a single enterprise fund.

The financial statements have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental and financial reporting principles. The Airport Authority also applies Financial Accounting Standards Board (FASB) guidance issued on or before November 30, 1989, provided it does not conflict with or contradict GASB pronouncements. The Airport Authority has the option to also apply FASB guidance issued after November 30, 1989 subject to this same limitation. The Airport Authority has elected not to apply these FASB Statements and Interpretations.

Equipment and Depreciation - Property, plant, and equipment are stated at historical cost (or estimated historical cost) and are updated for the cost of additions and retirements during the year. Depreciation is provided on a straight-line basis over the following estimated useful lives:

<u>Description</u>	<u>Useful Live (In Years)</u>
Buildings and improvements	20 - 50
Equipment	10 - 30

A summary of capital assets at December 31, 2009, follows:

Land	\$ 54,357
Buildings and improvements	581,743
Equipment	<u>130,335</u>
Subtotal	766,435
Less: accumulated depreciation	<u>(347,059)</u>
Net capital assets	<u>\$ 419,376</u>

B. Deposits with Financial Institutions

Monies held by the Airport Authority are held in separate accounts. The Airport Authority invests in a NOW account and certificates of deposit.

At December 31, 2009, the carrying amount and bank balance of the Airport Authority's deposits was \$498,042. Based on the criteria described in GASB Statement No. 40, "Deposits and Investment Risk Disclosures", as of December 31, 2009, \$235,677 of the Airport Authority's bank balance of \$498,042 was exposed to custodial risk as discussed below, while \$262,365 was covered by the FDIC.

HOLMES COUNTY, OHIO

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2009**

NOTE 27 - HOLMES COUNTY AIRPORT AUTHORITY - (Continued)

Custodial credit risk is the risk that, in the event of bank failure, the Airport Authority's deposits may not be returned. All deposits are collateralized with eligible securities in amounts equal to at least 105% of the carrying value of the deposits. Such collateral, as permitted by the Ohio Revised Code, is held in single financial institution collateral pools at Federal Reserve Banks, or at member banks of the federal reserve system, in the name of the respective depository bank and pledged as a pool of collateral against all of the public deposits it holds or as specific collateral held at the Federal Reserve Bank in the name of the Airport Authority.

STATISTICAL SECTION

HOLMES COUNTY, OHIO
STATISTICAL SECTION

This part of the Holmes County's (the "County") comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the County's overall financial health.

<u>Contents</u>	<u>Page</u>
Financial Trends These schedules contain trend information to help the reader understand how the County's financial performance and well-being have changed over time.	202-213
Revenue Capacity These schedules contain information to help the reader assess the County's most significant local revenue sources, the property tax and sales tax.	214-223
Debt Capacity These schedules present information to help the reader assess the affordability of the County's current levels of outstanding debt and the County's ability to issue additional debt in the future.	224-230
Demographic and Economic Information These schedules offer demographic and economic indicators to help the reader understand the environment within which the County's financial activities take place.	231-235
Operating Information These schedules contain service and infrastructure data to help the reader understand how the information in the County's financial report relates to the services the County provides and the activities it performs.	236-243

Sources: Unless otherwise noted, the information in these schedules is derived from the annual financial reports for the relevant year. The County implemented GASB Statement 34 in 2003; schedules presenting government-wide information include information beginning in that year.

Net Debt	464,224	464,224
Total Legal Debt Margin (Debt Limitation Minus Net Debt)	\$ 16,739,020	\$ 7,017,074

(1) The Debt Limitation is calculated as follows:

- 3% of first \$100,000,000 of assessed value
- 1 1/2% of next \$200,000,000 of assessed value
- 2 1/2% of amount of assessed value in excess of \$300,000,000

(2) The Debt Limitation equals 1% of assessed value

(3) Includes CAUV reduced values

(4) Due to the rapid phase-out of tangible personal property tax, including certain public utility personal property, and the long-term on a bond issue, the taxable value of such property should not be included in "total tax valuation" when setting rates. The adjusted Public Utility Personal Property should be used as it excludes all railroad and telephone property.

Note- Does not include capital leases
