INDEPENDENT ACCOUNTANTS' REPORT

Lorain County Metropolitan Park District
Lorain County
12882 Diagonal Road
LaGrange, Ohio 44050

To the Board of Park Commissioners:

We have audited the accompanying financial statements of the governmental activities and the major fund of the Lorain County Metropolitan Park District, Lorain County, Ohio (the Park District), as of and for the years ended December 31, 2009 and December 31, 2008, which collectively comprise the Park District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Park District's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinions.

As discussed in Note 2, the accompanying financial statements and notes follow the cash accounting basis. This is a comprehensive accounting basis other than accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective cash financial position of the governmental activities and the major fund of Lorain County Metropolitan Park District, Lorain County, Ohio, as of December 31, 2009 and December 31, 2008, and the respective changes in cash financial position and the respective budgetary comparison for the General Fund for the years then ended in conformity with the basis of accounting Note 2 describes.

In accordance with *Government Auditing Standards*, we have also issued our report dated May 25, 2010 on our consideration of the Park District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance, and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

Management's discussion and analysis is not a required part of the basic financial statements but is supplementary information the Governmental Accounting Standards Board requires. We have applied certain limited procedures, consisting principally of inquiries of management regarding the methods of measuring and presenting the required supplementary information. However, we did not audit the information and express no opinion on it.

We conducted our audit to opine on the Park District's financial statements. The Federal Awards Expenditure Schedule, for the fiscal year ended December 31, 2008, presents additional information and is required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. It is not a required part of the financial statements. We subjected this schedule to the auditing procedures applied in our audit of the Park District's financial statements. In our opinion, this information is fairly stated in all material respects in relation to the financial statements taken as a whole.

A handwritten signature in cursive script that reads "Mary Taylor".

Mary Taylor, CPA
Auditor of State

LORAIN COUNTY METROPOLITAN PARK DISTRICT
LORAIN COUNTY
Management's Discussion and Analysis
For the Years Ended December 31, 2009 and December 31, 2008
Unaudited

This discussion and analysis of Lorain County Metropolitan Park District, Lorain County, Ohio (the Park District) financial performance provides an overall review of the Park District's financial activities for the years ended December 31, 2009 and December 31, 2008, within the limitations of the Park District's cash basis accounting. Readers should also review the basic financial statements and notes to enhance their understanding of the Park District's financial performance.

Highlights

Key highlights are as follows:

For 2009, net assets of governmental activities decreased \$1,077,578 or 15.6 percent, a semi-significant change from the prior year. The Park District's general receipts are primarily property and other local taxes. These receipts represent 68.6 percent of the total cash received for activities during the year.

For 2008, net assets of governmental activities increased \$1,845,728 or 36.5 percent, a significant change from the prior year. The Park District's general receipts are primarily property and other local taxes. These receipts represent 66.5 percent of the total cash received for activities during the year.

Using the Basic Financial Statements

This annual report is presented in a format consistent with the presentation requirements of Governmental Accounting Standards Board Statement No. 34, as applicable to the Park District's cash basis of accounting.

Report Components

The statement of net assets and the statement of activities provide information about the cash activities of the Park District as a whole.

The notes to the financial statements are an integral part of the government-wide financial statements and provide expanded explanation and detail regarding the information reported in the statements.

Basis of Accounting

The basis of accounting is a set of guidelines that determine when financial events are recorded. The Park District has elected to present its financial statements on a cash basis of accounting. This basis of accounting is a basis of accounting other than generally accepted accounting principles. Under the Park District's cash basis of accounting, receipts and disbursements are recorded when cash is received or paid.

As a result of using the cash basis of accounting, certain assets and their related revenues (such as accounts receivable) and certain liabilities and their related expenses (such as accounts payable) are not recorded in the financial statements. Therefore, when reviewing the financial information and discussion within this report, the reader must keep in mind the limitations resulting from the use of the cash basis of accounting.

Unaudited

Reporting the Park District as a Whole

The statement of net assets and the statement of activities reflect how the Park District did financially during 2009 and 2008, within the limitations of cash basis accounting. The statement of net assets presents the cash balances of the governmental activities of the Park District at year end. The statement of activities compares cash disbursements with program receipts for each governmental program. Program receipts include charges paid by the recipient of the program's goods or services and grants and contributions restricted to meeting the operational or capital requirements of a particular program. General receipts are all receipts not classified as program receipts. The comparison of cash disbursements with program receipts identifies how each governmental function draws from the Park District's general receipts.

These statements report the Park District's cash position and the changes in cash position. Keeping in mind the limitations of the cash basis of accounting, you can think of these changes as one way to measure the Park District's financial health. Over time, increases or decreases in the Park District's cash position is one indicator of whether the Park District's financial health is improving or deteriorating. When evaluating the Park District's financial condition, you should also consider other nonfinancial factors as well, such as the Park District's property tax base, the condition of the Park District's capital assets and infrastructure, the extent of the Park District's debt obligations, the reliance on non-local financial resources for operations and the need for continued growth in the major local revenue sources such as property and other taxes.

In the statement of net assets and the statement of activities, we express the Park District's activities as the following:

Governmental activities. As of this time all of the Park District's basic services are reported here. State grants and property taxes finance most of these activities. Benefits provided through governmental activities are not necessarily paid for by the people receiving them.

Reporting the Park District's Most Significant Funds

Fund financial statements provide detailed information about the Park District's major funds – not the Park District as a whole. The Park District only has one fund.

Governmental Fund – Currently all of the Park District's activities are reported in a governmental fund. The governmental fund financial statements provide a detailed view of the Park District's governmental operations and the basic services it provides. Governmental fund information helps determine whether there are more or less financial resources that can be spent to finance the Park District's programs. The Park District's governmental fund is the General Fund. The programs reported in the governmental fund are closely related to those reported in the governmental activities section of the entity-wide statements.

LORAIN COUNTY
Management's Discussion and Analysis
For the Years Ended December 31, 2009 and December 31, 2008
Unaudited

Program receipts represent only 11.7 percent in 2009 and 16.1 percent in 2008 of total receipts and are primarily comprised of aquatic facility receipts and golf course fees.

General receipts represent 88.3 percent in 2009 and 83.9 percent in 2008 of the Park District's total receipts, and of this amount, 77.8 percent in 2009 and 79.3 percent in 2008 are property taxes. State and federal grants, interest and other miscellaneous make up the balance of the Park District's general receipts. Other receipts are insignificant and somewhat unpredictable revenue sources.

Disbursements for General Government represent the overhead costs of running the Park District and the support services provided for the other Park District activities. These include the costs of payroll and purchasing.

Governmental Activities

If you look at the Statement of Activities on page 10 and 15, you will see that the first column lists the major services provided by the Park District. The next column identifies the costs of providing these services. The major disbursements for governmental activities were for capital improvements in this year, which account for 44.3 and 34.6 percent in 2009 and 2008, respectively. The next two columns of the Statement entitled Program Cash Receipts identify amounts paid by people who are directly charged for the service and grants received by the Park District that must be used to provide a specific service. The net (Disbursements) Receipts and Changes in Net Assets column compare the program receipts to the cost of the service. This "net cost" amount represents the cost of the service which ends up being paid from money provided by local taxpayers. These net costs are paid from the general receipts which are presented at the bottom of the Statement. A comparison between the total cost of services and the net cost is presented in Table 3.

(Table 3)

The Park District's Funds

In 2009, total governmental funds had receipts of \$10,050,324 and disbursements of \$11,127,902. General Fund receipts were less than disbursements by \$1,077,578. The fund had a positive fund balance of \$5,823,641 as of December 31, 2009.

In 2008, total governmental funds had receipts of \$11,057,264 and disbursements of \$9,211,536. General Fund receipts were more than disbursements by \$1,845,728. The fund had a positive fund balance of \$6,901,219 as of December 31, 2008.

General Fund Budgeting Highlights

The Park District's budget is prepared according to Ohio law and is based upon accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The Park District's budgeted fund is the General Fund.

Capital Assets and Debt Administration

Capital Assets

The Park District maintains a listing of its capital assets. These records are not required to be presented in the financial statements.

Current Issues

The challenge for all Park Districts is to provide quality services to the public while staying within the restrictions imposed by limited, and in some cases shrinking, funding. We rely heavily on local taxes and have very little industry to support the tax base. The Board of Trustees and Fiscal Officer reviewed our sources of revenue and determined that increases were likely. We then reviewed the disbursement history of the Park District.

Contacting the Park District's Financial Management

This financial report is designed to provide our citizens, taxpayers, investors, and creditors with a general overview of the Park District's finances and to reflect the Park District's accountability for the monies it receives. Questions concerning any of the information in this report or requests for additional information should be directed to Bonnie Burns, Treasurer, Lorain County Metropolitan Park District, 12882 Diagonal Road, Lagrange, Ohio 44050.

**LORAIN COUNTY METROPOLITAN PARK DISTRICT
LORAIN COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2009 AND DECEMBER 31, 2008**

1. Description of the Entity

Lorain County Metropolitan Park District, Lorain County, (the Park District) was created by action of the Probate Court of Lorain County in 1957 under authority of Chapter 1545 of the Ohio Revised Code. The Park District is a separate subdivision of the State of Ohio and as such is not subservient to any local form of government such as a county or municipality. The Park District's operations include various leisure time activities, a golf course, an aquatic center, and naturalist departments.

The Park District is governed by a three-member Board of Commissioners. The Commissioners are appointed by the Judge of the Probate Court. One Commissioner is appointed each year and serves for a period of three years. Commissioners serve without compensation.

The Board meets regularly once a month and at such other times when the press of business dictates. The Board establishes policy and grants approval on all land acquisition, park development, and park use and operations. Expenditure of funds can only be made upon the approval of the Board.

The Director-Secretary is the chief executive officer of the Lorain County Metropolitan Park District. The Director-Secretary is appointed by the Board of Park Commissioners and is responsible for executing the policy of the Park District's Board. The Director Secretary is authorized to establish administrative procedures as he deems necessary to execute the policy of the Board.

The Park District's management believes these financial statements present all activities for which the Park District is financially accountable.

Component units are legally separate organizations for which the Park District is financially accountable. Component units may also include organizations that are fiscally dependent on the Park District in that the Park District approves their budget, the issuance of their debt or the levying of their taxes. The Park District has no component units.

The following entities, which perform activities within the Park District's boundaries for the benefit of its residents, are excluded from the accompanying financial statements because the Park District is not financially accountable for these entities nor are they fiscally dependent on the Park District.

The Friends of the Metro Parks in Lorain County, Inc., is a federal tax-exempt, not for profit organization under Section 501 (a) of the Internal Revenue Code (the Code) and an organization described in Section 501 (c)(3) of the Code. This corporation was organized for charitable, educational and scientific purposes, including making distributions to organizations that qualify as exempt organizations under Section 501 (c) (3) of the Code. In addition, they were organized to maintain an association of persons interested in the Lorain County Metropolitan Park District (LCMPD); to focus public attention on LCMPD uses and benefits; to cooperate and assist the Board of Park Commissioners and staff in developing, improving, and expanding and preserving LCMPD; to promote and conduct activities to enhance park lands under the jurisdiction of the LCMPD; to receive and encourage gifts, endowments, and bequests to support LCMPD.

**LORAIN COUNTY METROPOLITAN PARK DISTRICT
LORAIN COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2009 AND DECEMBER 31, 2008
(Continued)**

1. Description of the Entity (Continued)

The corporation is governed by a board of trustees consisting of eleven members elected from the general membership. In addition, the Director-Secretary of the Lorain County Metropolitan Park District appoints a staff member to participate as a non-voting member of the board of trustees.

The Park District received \$4,600 during the fiscal period January 1, 2008 through December 31, 2009 from the Friends of the Lorain Metro Parks in Lorain County, Inc. Financial Statements can be obtained from Ms. Jennifer Lawson, Treasurer, 6309 State Route 18, New London, Ohio 44851.

2. Summary of Significant Accounting Policies

As discussed further in Note 2 C, these financial statements are presented on a cash basis of accounting. This cash basis of accounting differs from accounting principles generally accepted in the United States of America (GAAP). Generally accepted accounting principles include all relevant Governmental Accounting Standards Board (GASB) pronouncements, which have been applied to the extent they are applicable to the cash basis of accounting. Following are the more significant of the Park District's accounting policies.

A. Basis of Presentation

The Park District's basic financial statements consist of government-wide financial statements, including a statement of net assets and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

Government-wide Financial Statements The statement of net assets and the statement of activities display information about the Park District as a whole. These statements include the financial activities of the Park District.

The statement of net assets presents the financial condition of the governmental activities of the Park District at December 31, 2009 and December 31, 2008. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the Park District's governmental activities. Program Cash Receipts include monies provided by the recipient of the services offered by the program, grants and contributions that are restricted to meeting the operations or capital requirements of particular program. Revenues which are not classified as program revenues are presented as general revenues of the Park District, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which the governmental programs are self-financing or draw from the general revenues of the Park District.

Fund Financial Statements The Park District segregates transactions related to certain Park District functions or activities in the General Fund in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the Park District at this more detailed level. The focus of governmental fund financial statements is on major funds. The General Fund is the Park District's major fund. .

**LORAIN COUNTY METROPOLITAN PARK DISTRICT
LORAIN COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2009 AND DECEMBER 31, 2008
(Continued)**

2. Summary of Significant Accounting Policies (Continued)

B. Fund Accounting

The Park District uses funds to maintain its financial records during the fiscal year. Fund accounting is designed to demonstrate legal compliance and to aid management by segregating transactions related to certain functions or activities. A fund is a fiscal and accounting entity with a self-balancing set of accounts. The Park District's fund is classified as governmental.

Governmental Funds

Governmental funds are those through which most governmental functions are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. The following is the Park District's major governmental fund:

General Fund – The General Fund accounts for all financial resources, except those required to be accounted for in another fund. The General Fund balance is available to the Park District for any purpose provided it is expended or transferred according to the general laws of Ohio.

C. Basis of Accounting

These financial statements follow a cash basis of accounting. This basis of accounting is a basis of accounting other than generally accepted accounting principles. This basis recognizes receipts when received in cash rather than when earned, and recognizes disbursements when paid rather than when a liability is incurred.

As a result of the use of this cash basis of accounting, certain assets and their related revenues (such as accounts receivable and revenue for billed or provided services not yet collected) and certain liabilities and their related expenses (such as accounts payable and expenses for goods or services received but not yet paid, and accrued expenses and liabilities) are not recorded in these financial statements.

D. Budgetary Process

The Ohio Revised Code requires that the General Fund be budgeted annually.

1. Appropriations

Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund and function level of control for the General Fund, and appropriations may not exceed estimated resources. The Board of Park Commissioners must annually approve appropriation measures and subsequent amendments. The County Budget Commission must also approve the annual appropriation measure. Appropriations lapse at year end.

**LORAIN COUNTY METROPOLITAN PARK DISTRICT
LORAIN COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2009 AND DECEMBER 31, 2008
(Continued)**

2. Summary of Significant Accounting Policies (Continued)

D. Budgetary Process (Continued)

2. Estimated Resources

Estimated resources include estimates of cash to be received (budgeted receipts) plus cash as of January 1. The County Budget Commission must also approve estimated resources.

3. Encumbrances

The Ohio Revised Code requires the Park District to reserve (encumber) appropriations when individual commitments are made. Encumbrances outstanding at year end are canceled, and reappropriated in the subsequent year.

E. Cash and Investments

Investments are reported as assets. Accordingly, purchases of investments are not recorded as disbursements, and sales of investments are not recorded as receipts. Gains or losses at the time of sale are recorded as receipts or negative receipts, respectively.

During 2009 and 2008, the Park District invested in nonnegotiable certificates of deposit, a money market fund, and a sweep repurchase agreement. The nonnegotiable certificates of deposit and the sweep repurchase agreement are reported at cost.

F. Capital Assets

The Park District records disbursements for acquisitions of property, plant, and equipment when paid. The accompanying financial statements do not report these items as assets.

G. Accumulated Leave

In certain circumstances, such as upon leaving employment, employees are entitled to cash payments for unused leave. Unpaid leave is not reflected as a liability under the basis of accounting the Park District uses.

H. Net Assets

Net assets are reported as restricted when there are limitations imposed on their use either through enabling legislation or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The Park District's policy is to first apply restricted resources when a disbursement is incurred for purposes for which both restricted and unrestricted resources are available. The Park District has no Net Assets that are restricted by enabling legislation.

**LORAIN COUNTY METROPOLITAN PARK DISTRICT
LORAIN COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2009 AND DECEMBER 31, 2008
(Continued)**

3. Budgetary Basis of Accounting

The budgetary basis as provided by law is based upon accounting for certain transactions on the basis of cash receipts, disbursements, and encumbrances. The Statement of Receipts, Disbursements and Changes in Fund Balance – Budget and Actual – Budget Basis presented for the General fund is prepared on the budgetary basis to provide a meaningful comparison of actual results with the budget. The difference between the budgetary basis and the cash basis is outstanding year end encumbrances are treated as disbursements (budgetary basis) rather than as a reservation of fund balance (cash basis). The Park District had no encumbrances outstanding at year end December 31, 2009 and December 31, 2008 for the General fund.

4. Deposits

Monies held by the Park District are classified by State statute into three categories.

Active monies are public monies determined to be necessary to meet current demands upon the Park District treasury. Active monies must be maintained either as cash in the Park District treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Trustees have identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts, including passbook accounts.

Active monies are public monies determined to be necessary to meet current demands upon the Park District treasury. Active monies must be maintained either as cash in the Park District treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Interim monies held by the Park District can be deposited or invested in the following securities:

1. United States Treasury bills, bonds, notes, or any other obligation or security issued by the United States Treasury, or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligation or security issued by any federal government agency or instrumentality including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;

**LORAIN COUNTY METROPOLITAN PARK DISTRICT
LORAIN COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2009 AND DECEMBER 31, 2008
(Continued)**

4. Deposits (Continued)

3. Written repurchase agreements in the securities listed above provided the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least 2 percent and be marked to market daily, and the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio or Ohio local governments;
5. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts;
6. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
7. The State Treasurer's investment pool (STAR Ohio).

Investments in stripped principal or interest obligations, reverse repurchase agreements, and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage, and short selling are also prohibited. An investment must mature within five years from the date of purchase, unless matched to a specific obligation or debt of the Park District, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions.

Custodial credit risk is the risk that in the event of bank failure, the Park District will not be able to recover deposits or collateral securities that are in the possession of an outside party. At December 31, 2009, the Park District had a book balance of \$5,823,641. Of the Park District's December 31, 2009 bank balance of \$6,094,122, \$3,344,122 was uninsured and uncollateralized. At December 31, 2008, the Park District had a book balance of \$6,901,219. Of the Park District's December 31, 2008 bank balance of \$7,144,343, \$6,844,343 was uninsured and uncollateralized. Although the securities were held by pledging institution's trust department and all statutory requirements for the investment of money had been followed, noncompliance with Federal requirements could potentially subject the Park District to a successful claim by the FDIC.

The Park District has no deposit policy for custodial risk beyond the requirements of State statute. Ohio law requires that deposits be either insured or be protected by eligible securities pledged to and deposited either with the Park District or a qualified trustee by the financial institution as security for repayment, or by a collateral pool of eligible securities deposited with a qualified trustee and pledged to secure the repayment of all public monies deposited in the financial institution whose market value at all times shall be at least one hundred five percent of the deposits being secured.

**LORAIN COUNTY METROPOLITAN PARK DISTRICT
LORAIN COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2009 AND DECEMBER 31, 2008
(Continued)**

5. Property Taxes

Property taxes include amounts levied against all real property, public utility property, and tangible personal property located in the Park District. Real property tax receipts received in 2009 represent the collection of 2008 taxes. Real property taxes received in 2009 were levied after October 1, 2008, on the assessed values as of January 1, 2008, the lien date. Assessed values for real property taxes are established by State statute at 35 percent of appraised market value. Real property taxes are payable annually or semiannually. If paid annually, payment is due December 31; if paid semiannually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established.

Public utility property tax receipts received in 2009 represent the collection of 2008 taxes. Public utility real and tangible personal property taxes received in 2009 became a lien on December 31, 2008, were levied after October 1, 2008, and are collected with real property taxes. Public utility real property is assessed at 35 percent of true value; public utility tangible personal property is currently assessed at varying percentages of true value.

Tangible personal property taxes have been phased out for general personal property. The assessment percentage for all property including inventory for 2008 was 6.25 percent and reduced to zero for 2009. Tangible personal property tax revenue received during calendar year 2009 (other than public utility property tax) represents the collection of 2009 taxes levied only against local and inter-exchange telephone companies. Tangible personal property taxes received in calendar year 2009 and 2008 were levied after October 1, 2008 and October 1, 2007 on the value as of December 31, 2008 and December 31, 2007. Payments by multi-county taxpayers are due September 20. Single county taxpayers may pay annually or semi-annually. If paid annually, payment is due April 30; if paid semi-annually, the first payment is due April 30, with the remainder payable by September 20.

The full tax rate for all Park District operations for the years ended December 31, 2009 and December 31, 2008 were \$1.30 per \$1,000 of assessed value. The assessed values upon which 2009 and 2008 property tax receipts were based are as follows:

	<u>2009</u>	<u>2008</u>
Real Property	\$6,637,027,587	\$6,537,802,150
Public Utility Property	240,743,430	242,322,740
Tangible Personal Property	<u>6,541,303</u>	<u>125,425,945</u>
Total Assessed Value	<u>\$6,884,312,320</u>	<u>\$6,905,550,835</u>

**LORAIN COUNTY METROPOLITAN PARK DISTRICT
LORAIN COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2009 AND DECEMBER 31, 2008
(Continued)**

6. Retirement System

The Park District participates in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The traditional plan is a cost-sharing, multiple-employer defined benefit pension plan. The member-directed plan is a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20 percent per year). Under the member directed plan, members accumulate retirement assets to the value of the member and vested employer contributions plus any investment earnings. The combined plan is a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and a defined contribution plan. Under the combined plan, employer contributions are invested by the retirement system to provide a formula retirement benefit similar to the traditional plan benefit. Member contributions, whose investment is self-directed by the member, accumulate retirement assets in a manner similar to the member directed plan.

OPERS provides retirement, disability, survivor and death benefits and annual cost of living adjustments to members of the traditional and combined plans. Members of the member directed plan do not qualify for ancillary benefits. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report. Interested parties may obtain a copy by writing to OPERS, 277 East Town Street, Columbus, OH 43215-4642 or by calling (614) 222-6705 or (800) 222-7377.

The Ohio Revised Code provides statutory authority for member and employer contributions. For 2009 and 2008, member and employer contributions rates were consistent across all three plans. While members in the state and local divisions may participate in all three plans, law enforcement and public safety divisions exist only within the Traditional Pension Plan. For the years ended December 31, 2009 and December 31, 2008 member contribution rates were 10.00 percent for members in state and local classifications, while public safety and law enforcement members contribute 10.10 percent.

The Park District's contribution rate for local employees was 14.00 percent of covered payroll. For law enforcement and public safety divisions, the employer contributions were 17.63 and 17.40 percent for 2009 and 2008, respectively. The Park District's required contributions for all plans for the years ended December 31, 2009, 2008, and 2007 were \$205,982, \$161,764, and \$196,585 respectively, which represented 100 percent of contributions due for general employees. The contributions to OPERS for law enforcement employees for the years ending December 31, 2009, 2008, and 2007 were \$68,627, \$56,454, and \$61,906 respectively, which represented 100 percent of contributions due.

**LORAIN COUNTY METROPOLITAN PARK DISTRICT
LORAIN COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2009 AND DECEMBER 31, 2008
(Continued)**

7. Postemployment Benefits

The Ohio Public Employee Retirement System (OPERS) provides postretirement health care coverage to age and service retirees with ten or more years of qualifying Ohio service credit with either the traditional or combined plans. Health care coverage for disability recipients and primary survivor recipients is available. Members of the member-directed plan do not qualify for postretirement health care coverage. The health care coverage provided by the retirement system is considered an Other Postemployment Benefit as described in *GASB Statement No. 12*. A portion of each employer's contribution to the traditional or combined plans is set aside for the funding of postretirement health care based on authority granted by State statute. The portion of employer contributions, for all employees, allocated to health care was 7.00 percent from January 1 through March 31, 2009 and 5.50 percent from April 1 through December 31, 2009. The portion of employer contributions, for all employees, allocated to health care was 7.00 percent for 2008.

Benefits are advance-funded using the entry age normal actuarial cost method. Significant actuarial assumptions, based on OPERS's latest actuarial review performed as of December 31, 2008, include a rate of return on investments of 6.50 percent an annual increase in active employee total payroll of 4.00 percent compounded annually (assuming no change in the number of active employees) and an additional increase in total payroll of between .50 percent and 6.30 percent based on additional annual pay increases. Health care costs were assumed to increase at the projected wage inflation rate plus an additional factor ranging from .50% to 3.00% for the next 6 years. In subsequent years (7 and beyond) health care costs were assumed to increase at 4.00% (the projected wage inflation rate).

All investments are carried at market. For actuarial valuation purposes, a smothered market approach is used. Assets are adjusted to reflect 25 percent of unrealized market appreciation or depreciation on investment assets annually, not to exceed a 12 percent corridor.

The number of active contributing participants in the traditional and combined plans was 357,584 and 356,388 for 2009 and 2008, respectively. Actual employer contributions which were used to fund postemployment benefits for regular employees for the years ending December 31, 2009, 2008, and 2007 were \$148,941, \$161,764, and \$111,065 respectively, which represented 100% of contributions due. The contributions to OPERS for law enforcement employees for the years ending December 31, 2009, 2008, and 2007 were \$34,299, \$37,998, and \$25,434 respectively. The actual contribution and the actuarially required contribution amounts are the same. OPERS's net assets available for payment of benefits at December 31, 2008, (the latest information available) were \$10.7 billion. The actuarially accrued liability and the unfunded actuarial accrued liability were \$29.6 billion and \$18.9 billion, respectively.

The Health Care Preservation Plan (HCPP) adopted by the OPERS Retirement Board on September 9, 2004, was effective January 1, 2007. Member and employer contribution rates increased as of January 1 of each year from 2006 to 2008. Rates for law and public safety employers increased over six year period beginning January over a six year period beginning January 1, 2006 with the final rate increases on and January 1, 2011. These rate increases allowed additional funds to be allocated to the health care plan.

**LORAIN COUNTY METROPOLITAN PARK DISTRICT
LORAIN COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2009 AND DECEMBER 31, 2008
(Continued)**

8. Risk Management

The Park District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During 2009 and 2008, the Park District contracted with several companies for various types of insurance coverage as follows:

General Liability	\$10,000,000	Per occurrence
Automobile Liability	\$10,000,000	Per occurrence
Law Enforcement Operations	\$10,000,000	Per occurrence
Wrongful Acts	\$10,000,000	Per occurrence
Property	\$24,256,368	Total Coverage
Boiler and Machinery	\$24,256,368	Limit

Settled claims have not exceeded coverage in any of the last three years and there was no significant reduction in coverage from the prior year.

The Park District pays the State Workers' Compensation System a premium based on a rate per \$100 of salaries. This rate is based on accident history and administrative costs. The System administers and pays all claims.

9. Contractual Commitments

The Park District was involved in several contractual agreements at the end of 2009 for professional services with architects and construction firms for the Black River Trail Extension and Splash Zone addition projects.

10. Jointly Governed Organizations

North Coast Regional Council of Park Districts was established on July 8, 1998, under Ohio Revised Code 167 and is exempt from state sales tax and federal tax. The North Coast Regional Council of Park Districts (The Council) was formed in part to designate sites within the jurisdiction of the members of the council to be acquired, improved, restored, enhanced, administered and/or preserved with funds received under the In Lieu Fee Agreement (ILFA). The ILFA allows the development of certain wetlands provided the developers contribute certain sums of money which are then used as described above. The Council is a jointly governed organization which currently includes four members. Each member shall have two representatives on the Board, consisting of the appointed director of such member and the Chairman of the Board of Park Commissioners. The Park District made no contributions to the Council during 2009 and 2008. Financial statements can be obtained from Bonnie Burns, Treasurer at 12882 Diagonal Road LaGrange, Ohio 44050.

10. Jointly Governed Organizations (Continued)

The Lorain County Metro Park Endowment Fund of the Community Foundation of Greater Lorain County was created to benefit and assist the endeavors of the Lorain County Metropolitan Park District (the Park District), including but not limited to the general public and statutory purposes of the preservation and conservation of the environment and all natural resources within the jurisdiction of the Metropolitan Park District. This fund was created November 18th 1993 by agreement of both parties. The Community Foundation of Greater Lorain County (the Foundation) is made up of over 200 separate funds each one created for its specific purpose. The Foundation was organized under Section 501 (c) (3) of the Internal Revenue Code. The Park District received \$35,000 during the fiscal period January 1, 2008 through December 31, 2009. The Fund balance as of December 31, 2009 was \$799,892. Audited financial statements can be obtained from Cheryl McKenna, Chief Financial/Administrative Officer of the CFGLC at 1865 North Ridge Road East, Suite A, Lorain, Ohio 44055.

INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

Lorain County Metropolitan Park District
Lorain County
12882 Diagonal Road
LaGrange, Ohio 44050

To the Board of Park Commissioners:

We have audited the financial statements of the governmental activities and the major fund of the Lorain County Metropolitan Park District, Lorain County, (the Park District) as of and for the years ended December 31, 2009 and December 31, 2008, which collectively comprise the park District's basic financial statements and have issued our report thereon dated May 25, 2010, wherein we noted the Park District uses a comprehensive basis other than generally accepted accounting principles. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Park District's internal control over financial reporting as a basis for designing our audit procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of opining on the effectiveness of the Park District's internal control over financial reporting. Accordingly, we have not opined on the effectiveness of the Park District's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in more than a reasonable possibility that a material misstatement of the Government's financial statements will not be prevented, or detected and timely corrected.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider material weaknesses, as defined above.

Compliance and Other Matters

As part of reasonably assuring whether the Park District's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

We did note certain matters not requiring inclusion in this report that we reported to the Park District's management in a separate letter dated May 25, 2010.

We intend this report solely for the information and use of management, Board of Park Commissioners, federal awarding agencies and pass-through entities, and others within the Park District. We intend it for no one other than these specified parties.

A handwritten signature in black ink that reads "Mary Taylor". The signature is written in a cursive, flowing style.

Independent Accountants' Report on Compliance with Requirements Applicable to Each Major Federal Program and on Internal Control Over Compliance Required by OMB Circular A-133

Lorain County Metropolitan Park District
Lorain County
12882 Diagonal Road
LaGrange, Ohio 44050

To the Board of Park Commissioners:

Compliance

We have audited the compliance of the Lorain County Metropolitan Park District (the Park District) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133, Compliance Supplement* that apply to its major federal program for the year ended December 31, 2008. The summary of auditor's results section of the accompanying schedule of findings identifies the Park District's major federal program. The Park District's management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to each major federal program. Our responsibility is to express an opinion on the Park District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to reasonably assure whether noncompliance occurred with the compliance requirements referred to above that could directly and materially affect a major federal program. An audit includes examining, on a test basis, evidence about the Park District's compliance with those requirements and performing other procedures we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Park District's compliance with those requirements.

In our opinion, the Lorain County Metropolitan Park District complied, in all material respects, with the requirements referred to above that apply to its major federal program for the year ended December 31, 2008.

Internal Control Over Compliance

The Park District's management is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the Park District's internal control over compliance with requirements that could directly and materially affect a major federal program in order to determine our auditing procedures for the purpose of opining on compliance in accordance with OMB Circular A-133, but not for the purpose of opining on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the Park District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program compliance requirement. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

We intend this report solely for the information and use of management, Board of Park Commissioners and federal awarding agencies, and pass-through entities. It is not intended for anyone other than these specified parties.
