INDEPENDENT AUDITOR'S REPORT

Board of Directors Akron/Summit Convention & Visitors Bureau, Inc. Akron. Ohio

We have audited the accompanying statements of net assets of Akron/Summit Convention & Visitors Bureau, Inc. as of December 31, 2010 and 2009, and the related statements of revenue, expenses and changes in net assets, and of cash flows for the years then ended. These financial statements are the responsibility of Akron/Summit Convention & Visitors Bureau, Inc.'s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Akron/Summit Convention & Visitors Bureau, Inc.'s internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets of Akron/Summit Convention & Visitors Bureau, Inc. as of December 31, 2010 and 2009, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with <u>Government Auditing Standards</u>, we have also issued our report dated March 7, 2011 on our consideration of Akron/Summit Convention & Visitors Bureau, Inc.'s control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with <u>Government Auditing Standards</u> and should be read in conjunction with this report in considering the results of our audit.

Management's discussion and analysis on pages 3 - 7 is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consist principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Operating Revenues

Operating revenues consist of a portion of hotel/motel taxes collected on rooms occupied. These revenues are a function of price and occupancy. A hotel/motel tax is levied by Summit County and the City of Akron; these taxes are collected by the County and distributed as revenue to ASCVB for operations. The remaining revenues largely come from convention facility sales.

Reporting Entity

Akron/Summit Convention & Visitors Bureau, Inc. (ASCVB) is a non-profit organization governed by a Board of Directors comprised of fifteen (15) members. Appointments are made to the Board of Directors by the City of Akron (8) and the County of Summit (7).

The Board of Directors governs the operation of the Akron/Summit Convention & Visitors Bureau, Inc. (ASCVB), the John S. Knight Center (JSK), and Greystone Hall (Greystone). It is the purpose of the ASCVB to actively promote the Akron/Summit County area as an ideal location for conventions of all sizes, plus tourism for the area's various points of interest. It is the purpose of the JSK to completely manage and maintain the John S. Knight Center and Greystone Hall, convention centers (owned by the City of Akron) located in downtown Akron.

Akron/Summit Convention & Visitors Bureau, Inc. (ASCVB), as defined by Governmental Accounting Standards Board (GASB) Statement No. 14 is a "primary government". A fundamental characteristic of a primary government is that it is a fiscally independent entity.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, whereby revenues and expenses are recognized in the period earned or incurred. All transactions are accounted for in a single enterprise fund.

Enterprise funds are used to account for the costs of providing goods and services to the general public on a continuing basis which are financed or recovered primarily through user charges or to report any activity for which a fee is charged to external users for goods or services, regardless of whether the government intends to fully recover the cost of the goods or services provided. ASCVB does not meet the above criteria; however, it qualifies for enterprise accounting under the transition rules of GASB 34, whereby it previously reported as a not-for-profit under the American Institute of Certified Public Accountants not-for-profit model at the date of the GASB 34 statement.

Pursuant to the Governmental Accounting Standards Board (GASB) Statement No. 20, Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting, ASCVB follows GASB guidance as applicable to proprietary funds and Financial Accounting Standards Board Statements and Interpretations, Accounting Principles Board Opinions, and Accounting Research Bulletins issued on or before November 30, 1989, that do not conflict with or contradict GASB pronouncements. ASCVB also follows Financial Accounting Standards Board Statements and Interpretations, issued after November 30, 1989, that are developed for business enterprises except those that conflict with or contradict GASB pronouncements.

Measurement Focus

The enterprise fund is accounted for on a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of ASCVB are included on the statement of net assets. The statement of changes in net assets presents increases (i.e., revenue) and decreases (i.e., expenses) in total net assets. The statements of cash flows provide information about how ASCVB finances and meets the cash flow needs of its enterprise activity.

AKRON/SUMMIT CONVENTION & VISITORS BUREAU, INC.

Note 1. Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Concentration of Credit Risk

ASCVB maintains its cash in bank deposit accounts which, at times, may exceed federally insured limits. ASCVB has not experienced any losses in such accounts. Management believes it is not exposed to any significant credit risk on cash.

Cash and Cash Equivalents

ASCVB considers all highly liquid investments, with a maturity of three months or less when purchased, to be cash equivalents.

Fair Value of Financial Instruments

The carrying amounts of financial instruments, including cash, cash equivalents, accounts receivable, accounts payable, accrued liabilities, and short-term borrowings, approximates fair value due to the short maturity of these instruments. The carrying amount of capital leases approximates fair value because the fixed rates are based on current rates offered to the ASCVB for debt with similar terms and maturities.

Accounts Receivable and Allowance for Doubtful Accounts

Accounts receivable represents amounts due from customers for events held at the John S. Knight Center and Greystone Hall; credit is extended based on an evaluation of a business or individual's financial condition and generally, collateral is not required. Receivables are carried at original invoice amount less an estimate made for doubtful receivables based on a review of all outstanding amounts on a periodic basis. Amounts due on events taking place in excess of one year are classified as long term. Management determines the allowance for doubtful accounts by identifying delinquent accounts for events that have taken place during the year and using historical experience. Receivables are written off when deemed uncollectible. Recoveries of receivables previously written off are recorded when received.

Accounts Receivable - Summit County

Accounts receivable - Summit County represent amounts due from the County of Summit for hotel/motel tax collected in the final quarter of the calendar year.

Inventory

Inventory consists of food, beverages and related supplies and is carried at the lower of cost (first in, first out) or market.

AKRON/SUMMIT CONVENTION & VISITORS BUREAU, INC.

Note 1. Summary of Significant Accounting Policies (Continued)

Capital Assets

Capital assets are stated at cost less accumulated depreciation and amortization. The cost of maintenance and repairs is expensed as incurred; significant renewals and betterments are generally capitalized. When assets are retired or otherwise disposed of, the costs and related accumulated depreciation and amortization are removed from the accounts and any resulting gain or loss is recognized in income for the period. Depreciation and amortization of property and equipment is computed using the straight-line method over the estimated useful lives of the respective assets.

Advertising

Advertising costs are expensed when incurred and included in operating expenses. Total advertising cost expensed was \$146,583 and \$135,237 for the years ended December 31, 2010 and 2009, respectively.

Revenue Recognition

ASCVB recognizes revenues at the time persuasive evidence of an arrangement exists, the service is provided or prices are fixed or determinable and collection is reasonably assured.

Deferred Revenues

Income from space, food, and ancillary services for scheduled events is deferred and recognized in the periods in which the events take place.

Income Taxes

ASCVB is exempt from income taxes under the current provisions of the Internal Revenue Code, Section 501(c)(6).

On January 1, 2009, ASCVB adopted the FASB Accounting Standard Codification on accounting for uncertainty in income taxes, which addressed the determination of whether tax benefits claimed or expected to be claimed on a tax return should be recorded in the financial statements. Under this guidance, ASCVB may recognize the tax benefit from an uncertain position only if it is more-likely-than-not that the tax position will be sustained on examination by taxing authorities, based on the technical merits of the position. The tax benefits recognized in the financial statements from such a position are measured based on the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement. The guidance on accounting for uncertainty in income taxes also addresses derecognition, classification, interest and penalties on income taxes, and accounting in interim periods. Management has determined the effects of the adoption of this pronouncement to be insignificant, therefore no adjustments have been recorded and no further disclosures required.

With few exceptions, ASCVB is no longer subject to income tax examinations by tax authorities for years before 2007.

Reclassifications

Certain information previously reported in the December 31, 2009 financial statements has been reclassified with no effect on the change in net assets to conform with the current year's presentation.

Subsequent Events

Subsequent events have been evaluated through the date of the auditor's report, which is the date the financial statements were available to be issued.

Note 2. Fair Value Measurements

ASCVB accounts for assets and liabilities in accordance with the Fair Value Measurements and Disclosure topic of the FASB Accounting Standards Codification. This topic, among other things, defines fair value, establishes a consistent framework for measuring fair value and expands disclosure for each major asset and liability category measured at fair value on either a recurring or nonrecurring basis. The Fair Value Measurements and Disclosure topic clarifies that fair value is an exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. As such, fair value is market-based measurement that should be determined based on assumptions that market participants would use in pricing an asset or liability.

Fair Value Measurements and Disclosures applies to all assets and liabilities that are being measured and reported on a fair value basis. Fair Value Measurements and Disclosures requires disclosure that establishes a framework for measuring fair value in accounting principles generally accepted in the United States of America, and expands disclosure about fair value measurements. This statement enables the reader of the financial statements to assess the inputs used to develop those measurements by establishing a hierarchy for ranking the quality and reliability of the information used to determine fair values. The statement requires that assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

- Level 1: Quoted market prices in active markets for identical assets or liabilities.
- Level 2: Observable market based inputs or unobservable inputs that are corroborated by market data
- Level 3: Unobservable inputs that are not corroborated by market data.

In determining the appropriate levels, ASCVB performs a detailed analysis of the assets and liabilities that are subject to Fair Value Measurements and Disclosures.

The ASCVB holds investments in government obligations. The fair value of these government obligations is the market value based on quoted market prices, when available, or market prices provided by recognized broker dealers and are considered a Level 1 item. For the years ended December 31, 2010 and 2009, the application of valuation techniques applied to similar assets and liabilities have been consistent.

There was approximately \$705,000 and \$697,000 available under this agreement at December 31, 2010 and 2009, respectively. There were no borrowings under this agreement at December 31, 2010 and 2009.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Directors Akron/Summit Convention & Visitors Bureau, Inc. Akron, Ohio

We have audited the financial statements of Akron/Summit Convention & Visitors Bureau, Inc. as of and for the year ended December 31, 2010, and have issued our report thereon dated March 7, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Akron/Summit Convention & Visitors Bureau, Inc.'s internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements but not for the purpose of expressing an opinion on the effectiveness of the Akron/Summit Convention & Visitors Bureau, Inc's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Akron/Summit Convention & Visitors Bureau, Inc.'s internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Akron/Summit Convention & Visitors Bureau, Inc.'s financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under <u>Government Auditing Standards</u>.
