#### INDEPENDENT ACCOUNTANTS' REPORT

Buckeye Online School for Success Columbiana County 119 East Fifth Street East Liverpool, Ohio 44408

#### To the Governing Board:

We have audited the accompanying financial statements of the Buckeye Online School for Success, Columbiana County, Ohio (the School), as of and for the year ended June 30, 2010, which collectively comprise the School's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the School's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of Buckeye Online School for Success, Columbiana County, Ohio, as of June 30, 2010, and the respective changes in financial position and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated January 18, 2011, on our consideration of the School's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

Buckeye Online School for Success Columbiana County Independent Accountants' Report Page 2

Accounting principles generally accepted in the United States of America require this presentation to include Management's discussion and analysis, as listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any other assurance.

We conducted our audit to opine on the financial statements that collectively comprise the School's basic financial statements taken as a whole. The federal awards expenditure schedule provides additional information required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the basic financial statements. The federal awards expenditure schedule is management's responsibility, and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. This schedule was subject to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, in accordance with auditing standards generally accepted in the United States of America. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2010 (UNAUDITED)

The management's discussion and analysis of the Buckeye Online School for Success' (the "School") financial performance provides an overall review of the School's financial activities for the fiscal year ended June 30, 2010. The intent of this discussion and analysis is to look at the School's financial performance as a whole; readers should also review the basic financial statements and the notes to the basic financial statements to enhance their understanding of the School's financial performance.

#### **Financial Highlights**

Key financial highlights for 2010 are as follows:

- In total, net assets were \$3,467,963 at June 30 2010.
- The School had operating revenues of \$9,734,977 and operating expenses of \$11,062,414 for fiscal year 2010. The School also received \$1,712,233 in Federal and State grants during fiscal year 2010. The total change in net assets for the fiscal year was an increase of \$298,144.

#### **Using these Basic Financial Statements**

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the School's financial activities. The statement of net assets and statement of revenues, expenses and changes in net assets provide information about the activities of the School, including all short-term and long-term financial resources and obligations.

#### **Reporting the School Financial Activities**

### Statement of Net Assets, Statement of Revenues, Expenses, and Changes in Net Assets and the Statement of Cash Flows

These documents look at all financial transactions and ask the question, "How did we do financially during 2010?" The statement of net assets and the statement of revenues, expenses and changes in net assets answer this question. These statements include *all assets, liabilities, revenues and expenses* using the *accrual basis of accounting* similar to the accounting used by most private-sector companies. This basis of accounting will take into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the School's *net assets* and changes in those assets. This change in net assets is important because it tells the reader that, for the School as a whole, the *financial position* of the School has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. These statements can be found on pages 7 and 8 of this report.

The statement of cash flows provides information about how the School finances and is meeting the cash flow needs of its operations. The statement of cash flows can be found on page 9 of this report.

### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2010 (UNAUDITED)

The table below provides a summary of the School's net assets for fiscal years 2010 and 2009.

#### **Net Assets**

	2010			 2009	
<u>Assets</u>					
Current assets	\$	1,039,502		\$ 388,139	
Capital assets, net		3,809,342		 4,328,047	
Total assets		4,848,844		 4,716,186	
<u>Liabilities</u>					
Current liabilities		347,827		401,587	
Non-current liabilities		1,033,054		 1,144,780	
Total liabilities		1,380,881		 1,546,367

Unrestricted (deficit)		282,460		 (47,653)	
Total net assets	\$	3,467,963		\$ 3,169,819	

Over time, net assets can serve as a useful indicator of a government's financial position. At June 30, 2010, the School's net assets totaled \$3,467,963. Current assets increased as a result of an increase in intergovernmental receivables of \$448,864 due to the American Recovery and Reinvestment Act (ARRA) grants outstanding at year-end. Non-current assets decreased due to depreciation expense exceeding capital acquisitions by \$513,342 and disposals, net of accumulated depreciation of \$5,363. Current liabilities decreased slightly due to a decrease in accounts payable as a result of the timing of the School's payments. The overall change in net assets was an increase of \$298,144.

### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2010 (UNAUDITED)

The table below shows the changes in net assets for fiscal years 2010 and 2009.

#### **Change in Net Assets**

	2010	2009
Operating Revenues:		
Foundation basic aid	\$ 8,791,004	\$ 10,161,948
Special education	940,550	1,072,584
Other operating revenue	3,423	5,275
Total operating revenue	9,734,977	11,239,807
Operating Expenses:

Depreciation	970,935	706,793
Other	50,098	28,124
Total operating expenses	11,062,414	10,690,079
Non-operating revenues:		
Federal and State operating grants	1,712,233	495,786
Loss on sale of capital assets	(88)	-
Interest income	- -	79
Interest and fiscal charges	(86,564)	(90,242)
Total non-operating revenues	1,625,581	405,623
Change in net assets	298,144	955,351
Net assets at beginning of year	3,169,819	2,214,468
Net assets at end of year	\$ 3,467,963	\$ 3,169,819

The revenue generated by community schools are heavily dependent upon per-pupil allotment given by the State foundation program and federal entitlement programs. Foundation basic aid payments and special education payments attributed to 85.01% of total operating and non-operating revenues during fiscal year 2010. The School's Foundation basic aid decreased by \$1,370,944. However, the School received State Fiscal Stabilization Funds (SFSF) as part of the American Recovery and Reinvestment Act (ARRA) that resulted in a significant increase in non-operating revenues.

#### **Capital Assets**

At June 30, 2010, the School had \$3,809,342 invested in land, land improvements, buildings, computers, furniture and equipment, and vehicles, net of accumulated depreciation. See Note 6 in the notes to the basic financial statements for more detail on capital assets.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2010 (UNAUDITED)

#### **Debt Administration**

At June 30, 2010 the School had \$1,033,054 in notes and loans outstanding. Of this total, \$109,013 is due within one year and \$924,041 is due in more than one year. The table that follows summarizes the long-term obligations outstanding:

#### Outstanding Debt, at June 30

	<u>2010</u>	<u>2009</u>	
Capital lease obligation	\$ -	\$ 11,054	
Notes payable	1,017,105	1,113,922	
Loans payable	 15,949	 19,804	
Total	\$ 1,033,054	\$ 1,144,780	

#### **Current Financial Related Activities**

The School's financial relationship with the Lucas County Educational Service Center as the School's fiscal agent greatly improves the internal control structure and quality of its financial records. During the 2009-2010 school year there were 1,663 students enrolled in the School.

The School receives its finances mostly from State aid. In order to continually provide learning opportunities to the School's students, the School will apply resources to best meet the needs of its students. It is the intent of the School to apply for State and Federal funds that are made available to finance its operations.

#### Contacting the School's Financial Management

This financial report is designed to provide our clients and creditors with a general overview of the School's finances and to show the School's accountability for the money it receives. NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2010

#### NOTE 1 - DESCRIPTION OF THE SCHOOL

Buckeye Online School for Success (the "School") is a nonprofit corporation established pursuant to Ohio Revised Code Chapters 3314 and 1702. The School's mission is to provide student-centered education in a professional and compassionate manner, utilizing appropriately licensed/certified staff to individualize educational strategies that will empower each student to succeed. The School, which is part of the State's education program, is independent of any school district and is nonsectarian in its programs, admission policies, employment practices and all other operations. The School may acquire facilities as needed and contract for any services necessary for the operation of the School.

The School was approved for operation under a contract with the Lucas County Educational Service Center (the "Sponsor") for a period of five years commencing June 22, 2004. A contract extension was approved through June 30, 2011. The Sponsor is responsible for evaluating the performance of the School and has the authority to deny renewal of the contract at its expiration or terminate the contract prior to its expiration. The sponsorship agreement states the Treasurer of the Sponsor shall serve as the Chief Fiscal Officer of the School (See Note 13).

The School operates under the direction of a Governing Board. The Governing Board is responsible for carrying out the provisions of the contract, which include, but are not limited to, State-mandated provisions regarding student population, curriculum, academic goals, performance standards, admission standards and qualifications of teachers. The Governing Board controls the School's one instructional/support facility staffed by 46 non-certified, 66 certified full-time teaching personnel who provide services to 1,663 students.

### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements (BFS) of the School have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The School also applies Financial Accounting Standards Board (FASB) guidance issued prior to November 30, 1989, provided those pronouncements do not conflict with or contradict GASB pronouncements. The School has elected not to apply FASB guidance issued after November 30, 1989. The School's significant accounting policies are described below.

#### A. Basis of Presentation

The School's basic financial statements consist of a statement of net assets, a statement of revenues, expenses, and changes in net assets, and a statement of cash flows. Enterprise fund reporting focuses on the determination of the change in net assets, financial position and cash flows.

#### **B.** Measurement Focus

Enterprise accounting uses a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities are included on the statements of net assets. The statement of changes in net assets presents increases (i.e., revenues) and decreases (i.e., expenses) in net total assets. The statement of cash flows provides information about how the School finances and meets the cash flow needs of its enterprise activities.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2010

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

#### C. Basis of Accounting

Basis of accounting determines when transactions are recognized in the financial records and reported on the financial statements. The School's financial statements are prepared using the accrual basis of accounting.

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place.

Revenue resulting from nonexchange transactions, in which the School receives value without directly giving equal value in return, such as grants and entitlements, are recognized in the period in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the period when the resources are required to be used or the period when use is first permitted, matching requirements, in which the School must provide local resources to be used for a specific purpose, and expenditure requirements, in which the resources are provided to the School on a reimbursement basis.

Expenses are recognized at the time they are incurred.

#### D. Budgetary Process

Unlike other public schools located in the State of Ohio, community schools are not required to follow budgetary provisions set forth in Ohio Revised Code Chapter 5705, unless specifically provided in the contract between the School and its Sponsor. The contract between the School and its Sponsor does prescribe an annual budget requirement in addition to preparing a five-year forecast, which is to be updated on an annual basis.

#### E. Cash and Cash Equivalents

All monies received by the School are accounted for by the School's fiscal agent, the Lucas County Educational Service Center. All cash received by the fiscal agent is maintained in separate bank accounts in the School's name. Monies for the School are maintained in these accounts or temporarily used to purchase short-term investments.

For the purposes of the statement of cash flows and for presentation on the statement of net assets, investments with original maturities of three months or less at the time they are purchased by the School are considered to be cash equivalents.

#### F. Capital Assets and Depreciation

Capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their fair market values as of the date received. The School does not maintain a capitalization policy and does not possess any infrastructure. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2010

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

All reported capital assets except land are depreciated. Depreciation is computed using the straight-line method over the following useful lives:

<u>Description</u>	<b>Estimated Lives</b>
Land improvements	5
Buildings	40
Computers	5
Furniture, fixtures and equipment	5
Vehicles	5

#### **G.** Intergovernmental Revenues

The School currently participates in the Foundation Basic Aid Program, State Poverty-Based Assistance Program and State Special Education Program. Revenues received from these programs are recognized as operating revenues (foundation payments) in the accounting period in which all eligibility requirements have been met.

Grants and entitlements are recognized as non-operating revenues in the accounting period in which all eligibility requirements have been met.

Eligibility includes timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the School must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the School on a reimbursement basis.

#### H. Prepaid Items

Payments made to vendors for services that will benefit periods beyond June 30, 2010, are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of the purchase and an expense is reported in the year in which services are consumed.

#### I. Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consist of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

The School applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2010

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

#### J. Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

### K. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the School. Operating expenses are necessary costs incurred to provide the service that is the primary activity of the School. All revenues and expenses not meeting this definition are reported as non-operating.

#### L. Federal Tax Exempt Status

On August 23, 2007, The School was granted status as an exempt organization under Internal Revenue Code Section 501(c)(3) and is exempt from federal income taxes. Management is not aware of any course of action or series of events that have occurred that might adversely affect the School's tax exempt status.

#### NOTE 3 - ACCOUNTABILITY AND COMPLIANCE

For fiscal year 2010, the School has implemented GASB Statement No. 51, "<u>Accounting and Financial Reporting for Intangible Assets</u>", GASB Statement No. 53, "<u>Accounting and Financial Reporting for Derivative Instruments</u>", and GASB Statement No. 58, "<u>Accounting and Financial Reporting for Chapter 9 Bankruptcies</u>".

GASB Statement No. 51 addresses accounting and financial reporting standards for intangible assets, which are assets that lack physical substance, are nonfinancial in nature, and have an initial useful life extending beyond a single reporting period. Examples of intangible assets include easements, water rights, computer software, patents, and trademarks. GASB Statement No. 51 improves the quality of financial reporting by creating consistency in the recognition, initial measurement, and amortization of intangible assets. The implementation of GASB Statement No. 51 did not have an effect on the financial statements of the School.

GASB Statement No. 53 addresses the recognition, measurement, and disclosure of information regarding derivative instruments entered into by state and local governments. Derivative instruments are financial arrangements used by governments to manage specific risks or to make investments. Common types of derivative instruments include interest rate and commodity swaps, interest rate locks, options, swaptions, forward contracts, and futures contracts. The implementation of GASB Statement No. 53 did not have an effect on the financial statements of the School.

GASB Statement No. 58 establishes accounting and financial reporting guidance for governments that have petitioned for protection from creditors by filing for bankruptcy under Chapter 9 of the United States Bankruptcy Code. GASB Statement No. 58 requires governments to remeasure liabilities that are adjusted in bankruptcy when the bankruptcy court confirms a new payment plan. The implementation of GASB Statement No. 58 did not have an effect on the financial statements of the School.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2010

#### **NOTE 4 - DEPOSITS**

At June 30, 2010, the carrying amount of all School deposits was \$423,980. Based on the criteria described in GASB Statement No. 40, "<u>Deposits and Investment Risk Disclosures</u>", as of June 30, 2010, \$410,468 of the School's bank balance of \$660,468 was exposed to custodial risk as discussed below, while \$250,000 was covered by the Federal Deposit Insurance Corporation (FDIC).

Custodial credit risk is the risk that, in the event of bank failure, the School's deposits may not be returned. All deposits are collateralized with eligible securities in amounts equal to at least 105% of the carrying value of the deposits. Such collateral, as permitted by the Ohio Revised Code, is held in single financial institution collateral pools at Federal Reserve Banks, or at member banks of the federal reserve system, in the name of the respective depository bank and pledged as a pool of collateral against all of the public deposits it holds or as specific collateral held at the Federal Reserve Bank in the name of the School.

The School had no deposit policy for custodial risk beyond the requirements of State statute. Ohio law requires that deposits be either insured or be protected by eligible securities pledged to and deposited either with the School or a qualified trustee by the financial institution as security for repayment, or by a collateral pool of eligible securities deposited with a qualified trustee and pledged to secure the repayment of all public monies deposited in the financial institution whose market value at all times shall be at least one hundred five percent of the deposits being secure.

#### **NOTE 5 - RECEIVABLES**

Receivables at June 30, 2010, consisted of accounts and intergovernmental receivables arising from grants and entitlements and accounts receivable. All receivables are considered collectable in full. A summary of the intergovernmental receivables follows:

Intergovernmental receivables:	Amount
IDEA - Part B	\$190,485
Title II-D	4,437
Title I school improvement	45,831
Title I	230,193
Title IV-A	166
Title II-A	743
Total intergovernmental receivables	\$471,855

### NOTE 7 - CAPITALIZED LEASE - LESSEE DISCLOSURE

In March of 2006, the School entered into a capital lease with Ikon Office Solutions, Inc for a copy machines. The lease meets the criteria of a capital lease as defined by Statement of Financial Accounting Standards No. 13, "Accounting for Leases," which defines a capital lease generally as one which transfers benefits and risks of ownership to the lease. The capital lease has been recorded at the present value of the future minimum lease payments as of inception date with two amendments for additional copiers. Payments made totaled \$11,054 for the fiscal year June 30, 2010.

#### **NOTE 9 - RISK MANAGEMENT**

#### A. Insurance Coverage

The School is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During fiscal year 2010, the School contracted with Selective Insurance for commercial general liability and automobile liability insurance.

	Limits of
Coverage	Coverage
General liability:	<del></del>
Each occurrence	\$2,000,000
General aggregate	3,000,000
Products-completed operations aggregate limit	3,000,000
Personal & advertising injury	1,000,000
Damages to rented premises, per occurrence	100,000
Automotive liability	1,000,000

Settled claims have not exceeded this commercial coverage in any of the past three years and there has been no significant reduction in coverage.

#### **B.** Workers' Compensation

The School pays the State Worker's Compensation System a premium for employee injury coverage. The premium is calculated by multiplying the monthly total gross payroll by a factor that is calculated by the State.

#### C. Employee Medical, Dental and Vision Benefits

The School has contracted through independent agents to provide employee medical, dental, life, and vision insurance to its full time employees. The School pays 95 percent of the monthly premiums for all selected coverage.

#### **NOTE 10 - PENSION PLANS**

#### A. School Employees Retirement System

Plan Description - The School contributes to the School Employees Retirement System (SERS), a cost-sharing, multiple-employer defined benefit pension plan. SERS provides retirement, disability, survivor benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the School Employees Retirement System, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3746. It is also posted on the SERS' Ohio website, <a href="https://www.ohsers.org">www.ohsers.org</a>, under <a href="https://www.ohsers.org">Employees/Audit Resources</a>.

Funding Policy - Plan members are required to contribute 10 percent of their annual covered salary and the School is required to contribute at an actuarially determined rate. The current School rate is 14 percent of annual covered payroll. A portion of the School's contribution is used to fund pension obligations with the remainder being used to fund health care benefits. For fiscal year 2010, 12.78 percent of annual covered salary was the portion used to fund pension obligations. The contribution requirements of plan members and employers are established and may be amended by the SERS' Retirement Board up to a statutory maximum amount of 10 percent for plan members and 14 percent for employers. Chapter 3309 of the Ohio Revised Code provides statutory authority for member and employer contributions. The School's required contributions for pension obligations to SERS for the fiscal years ended June 30, 2010, 2009 and 2008 were \$171,830, \$115,640 and \$99,949, respectively; 98.22 percent has been contributed for fiscal year 2010 and 100 percent for fiscal years 2009 and 2008.

#### B. State Teachers Retirement System of Ohio

Plan Description - The School participates in the State Teachers Retirement System of Ohio (STRS Ohio), a cost-sharing, multiple-employer public employee retirement plan. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a stand-alone financial report that may be obtained by writing to STRS Ohio, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS Ohio Web site at www.strsoh.org.

New members have a choice of three retirement plans, a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. The DB plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on a member's lifetime contributions and earned interest matched by STRS Ohio funds divided by an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5 percent of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal. The Combined Plan offers features of both the DC Plan and the DB Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The DB portion of the Combined Plan payment is payable to a member on or after age 60; the DC portion of the account may be taken as a lump sum or converted to a lifetime monthly annuity at age 50. Benefits are established by Chapter 3307 of the Ohio Revised Code.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2010

#### NOTE 10 - PENSION PLANS - (Continued)

A DB or Combined Plan member with five or more years credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy - For fiscal year 2010, plan members were required to contribute 10 percent of their annual covered salaries. The School was required to contribute 14 percent; 13 percent was the portion used to fund pension obligations. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions.

The School's required contributions for pension obligations to STRS Ohio for the fiscal years ended June 30, 2010, 2009 and 2008 were \$326,598, \$292,345 and \$217,380, respectively; 97.12 percent has been contributed for fiscal year 2010 and 100 percent for fiscal years 2009 and 2008. Contributions to the DC and Combined Plans for fiscal year 2010 were \$32,945 made by the School and \$23,532 made by the plan members.

#### **NOTE 11 - POSTEMPLOYMENT BENEFITS**

### A. School Employees Retirement System

Plan Description - The School participates in two cost-sharing, multiple employer postemployment benefit plans administered by the School Employees Retirement System (SERS) for non-certificated retirees and their beneficiaries, a Health Care Plan and a Medicare Part B Plan. The Health Care Plan includes hospitalization and physicians' fees through several types of plans including HMO's, PPO's, Medicare Advantage, and traditional indemnity plans. A prescription drug program is also available to those who elect health coverage. SERS employs two third-party administrators and a pharmacy benefit manager to manage the self-insurance and prescription drug plans, respectively. The Medicare Part B Plan reimburses Medicare Part B premiums paid by eligible retirees and beneficiaries as set forth in Chapter 3309.69 of the Ohio Revised Code. Qualified benefit recipients who pay Medicare Part B premiums may apply for and receive a monthly reimbursement from SERS. The reimbursement amount is limited by statute to the lesser of the January 1, 1999 Medicare Part B premium or the current premium. The Medicare Part B premium for calendar year 2009 was \$96.40 and SERS' reimbursement to retirees was \$45.50. Benefit provisions and the obligations to contribute are established by the System based on authority granted by State statute. The financial reports of both Plans are included in the SERS Comprehensive Annual Financial Report which is available by contacting SERS at 300 East Broad St., Suite 100, Columbus, Ohio 43215-3746. It is also posted on the SERS' Ohio website, www.ohsers.org, under Employers/Audit Resources.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2010

#### **NOTE 11 - POSTEMPLOYMENT BENEFITS - (Continued)**

Funding Policy - State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required benefits, the Retirement Board allocates the remainder of the employer contribution of 14 percent of covered payroll to the Health Care Fund. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 105(e). For 2010, 0.46 percent of covered payroll was allocated to health care. An additional health care surcharge on employers is collected for employees earning less than an actuarially determined minimum compensation amount, pro-rated according to service credit earned. Statues provide that no employer shall pay a health care surcharge greater than 2.0 percent of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5 percent of the statewide SERS-covered payroll for the health care surcharge. For fiscal year 2010, the actuarially determined amount was \$35,800.

Active members do not contribute to the postemployment benefit plans. The Retirement Board establishes the rules for the premiums paid by the retirees for health care coverage for themselves and their dependents or for their surviving beneficiaries. Premiums vary depending on the plan selected, qualified years of service, Medicare eligibility and retirement status.

The School's contributions for health care (including surcharge) for the fiscal years ended June 30, 2010, 2009, and 2008 were \$25,417, \$69,190 and \$55,582, respectively; 98.22 percent has been contributed for fiscal year 2010 and 100 percent for fiscal years 2009 and 2008.

The Retirement Board, acting with advice of the actuary, allocates a portion of the employer contribution to the Medicare B Fund. For fiscal year 2010, this actuarially required allocation was 0.76 percent of covered payroll. The School's contributions for Medicare Part B for the fiscal years ended June 30, 2010, 2009, and 2008 were \$10,218, \$9,541 and \$7,202, respectively; 98.22 percent has been contributed for fiscal year 2010 and 100 percent for fiscal years 2009 and 2008.

#### B. State Teachers Retirement System of Ohio

Plan Description - The School contributes to the cost sharing, multiple employer defined benefit Health Plan (the "Plan") administered by the State Teachers Retirement System of Ohio (STRS Ohio) for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS Ohio. Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare Part B premiums. The Plan is included in the report of STRS Ohio which may be obtained by visiting <a href="https://www.strsoh.org">www.strsoh.org</a> or by calling (888) 227-7877.

Funding Policy - Ohio law authorizes STRS Ohio to offer the Plan and gives the Retirement Board authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. Active employee members do not contribute to the Plan. All benefit recipients pay a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions. For 2010, STRS Ohio allocated employer contributions equal to 1 percent of covered payroll to the Health Care Stabilization Fund. The School's contributions for health care for the fiscal years ended June 30, 2010, 2009, and 2008 were \$25,123, \$22,488 and \$16,722, respectively; 97.12 percent has been contributed for fiscal year 2010 and 100 percent for fiscal years 2009 and 2008.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2010

#### **NOTE 12 - OPERATING LEASE**

The School entered into a school facility operating lease with Duke Realty Corporation for the period May 15, 2006 through May 15, 2009. A lease amendment was signed for the period June 8, 2010 through May 31, 2012. Payments made totaled \$33,902 for fiscal year 2010.

#### **NOTE 13 - FISCAL AGENT**

The School entered into a service agreement as part of its Sponsorship contract with the Treasurer of the Lucas County Educational Service Center (the Sponsor) to serve as the Chief Fiscal Officer of the School. As part of this agreement, the School shall compensate the Sponsor two percent (2%) of the per pupil allotment paid to the School from the State of Ohio. Total contract payments of \$222,507 in fiscal fees and \$144,766 in Sponsor fees were paid during fiscal year 2010.

The Treasurer shall perform all of the following functions while serving as the Chief Fiscal Officer of the School:

- Maintain custody of all funds received by the School in segregated accounts separate from the Sponsor or any other Community School's funds;
- Maintain all books and accounts of the School;
- Maintain all financial records of the School and follow procedures for receiving and expending state funds, which procedures shall include that the Treasurer shall disburse money only upon receipt of a voucher signed by the Chief Administrative Officer of the School or the Officer's designee;
- Assist the School in meeting all financial reporting requirements established by the Auditor of the State of Ohio;
- Invest funds of the School in the same manner as the funds of the Sponsor are invested, but the
  Treasurer shall not commingle the funds with any of the Sponsor or any other community school;
  and
- Pay obligations incurred by the School within a reasonable amount of time, not more than 14
  calendar days after receipt of a properly executed voucher signed by the Chief Administrative
  Office of the School so long as the proposed expenditure is within the approved budget and funds
  are available.

Other purchased services	 5,775
Total	\$ 2,233,005

#### **NOTE 15 - CONTINGENCIES**

#### A. Grants

The School received financial assistance from federal and state agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the School at June 30, 2010.

#### **B.** Litigation

The School is not involved in any litigation that, in the opinion of management, would have material effect on the financial statements.

#### C. Ohio Department of Education Enrollment Review

The Ohio Department of Education conducts reviews of enrollment data and full-time equivalency (FTE) calculations made by the schools. These reviews are conducted to ensure the schools are reporting accurate student enrollment data to the State, upon which State foundation funding is calculated. For fiscal year 2010, the results of this review resulted in a decrease of \$17,600 that is reflected as an intergovernmental payable on the financial statements.

# INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Buckeye Online School for Success Columbiana County 119 East Fifth Street East Liverpool, Ohio 43920

To the Governing Board:

We have audited the financial statements of the Buckeye Online School for Success, Columbiana County, (the School) as of and for the year ended June 30, 2010, which collectively comprise the School's basic financial statements and have issued our report thereon dated January 18, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit, we considered the School's internal control over financial reporting as a basis for designing our audit procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of opining on the effectiveness of the School's internal control over financial reporting. Accordingly, we have not opined on the effectiveness of the School's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A material weakness is a deficiency, or combination of internal control deficiencies resulting in more than a reasonable possibility that a material misstatement of the School's financial statements will not be prevented, or detected and timely corrected.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider material weaknesses, as defined above.

Buckeye Online School for Success Columbiana County Independent Accountants' Report On Internal Control Over Financial Reporting And On Compliance And Other Matters Required By Government Auditing Standards Page 2

### **Compliance and Other Matters**

As part of reasonably assuring whether the School's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

We intend this report solely for the information and use of management, the audit committee, governing board, the Community School's sponsor, and federal awarding agencies and pass-through entities and others within the School. We intend it for no one other than these specified parties.

# INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

Buckeye Online School for Success Columbiana County 119 East Fifth Street East Liverpool Ohio 43920

To the Governing Board:

#### Compliance

We have audited the compliance of the Buckeye Online School for Success (the School) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133, Compliance Supplement* that could directly and materially affect Buckeye Online School for Success's major federal programs for the year ended June 30, 2010. The summary of auditor's results section of the accompanying schedule of findings identifies the School's major federal programs. The School's management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to each major federal program. Our responsibility is to express an opinion on the School's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to reasonably assure whether noncompliance occurred with the compliance requirements referred to above that could directly and materially affect a major federal program. An audit includes examining, on a test basis, evidence about the School's compliance with those requirements and performing other procedures we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the School's compliance with those requirements.

In our opinion, the Buckeye Online School for Success complied, in all material respects, with the requirements referred to above that could directly and materially affect each of its major federal programs for the year ended June 30, 2010.

Buckeye Online School for Success Columbiana County Independent Accountants' Report On Compliance With Requirements Applicable to Each Major Federal Program And On Internal control Over Compliance In Accordance With OMB Circular A-133 Page 2

#### **Internal Control Over Compliance**

The School's management is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the School's internal control over compliance with requirements that could directly and materially affect a major federal program, to determine our auditing procedures for the purpose of opining on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of opining on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the School's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program compliance requirement. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

We intend this report solely for the information and use of the audit committee, management, governing board, the Community School's sponsor, others within the entity, federal awarding agencies, and pass-through entities. It is not intended for anyone other than these specified parties.
