# COMPREHENSIVE ANNUAL FINANCIAL REPORT 

For the Fiscal Year Ended December 31, 2010

Issued by
CITY AUDITOR
HUGH J. DORRIAN

## Dave Yost • Auditor of State

City Council<br>City of Columbus<br>90 West Broad Street

Columbus, Ohio 43215

We have reviewed the Independent Auditors' Report of the City of Columbus, Franklin County, prepared by Clark, Schaefer, Hackett \& Co., for the audit period January 1, 2010 through December 31, 2010. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The City of Columbus is responsible for compliance with these laws and regulations.

Dave Yost
Auditor of State

HUGH J. DORRIAN
CITY AUDITOR
614 / 645-7615

# City of Columbus 

OHIO
90 WEST BROAD STREET
COLUMBUS, OH 43215

ROBERT L. MCDANIEL
DEPUTY CITY AUDITOR
FAX: 614 / 645-8444

March 31, 2011

To the Citizens of the City of Columbus, Ohio:
The Comprehensive Annual Financial Report (CAFR) of the City of Columbus, Ohio (the City) for the fiscal year ended December 31, 2010, is hereby presented to its citizens by their City Auditor, statutorily described as the City's chief accounting officer.

The City's Charter states, "The auditor shall be an elector of the City, and be elected for a term of four years. . ." The Charter also sets forth the auditor's powers and duties and states, in part:

> The auditor shall be the city's chief accounting officer. He shall keep, in accurate, systemized detail a record of the receipts, disbursements, assets, and liabilities of the city, and the recorded facts shall be presented periodically to officials and to the public in such summaries and analytical schedules as shall be necessary to show the full effect of such transactions for each fiscal year upon the finances of the city and in relation to each department of the city government, including distinct summaries and schedules for each public utility owned or operated.

This report fulfills these duties and is widely distributed to individuals, civic associations, banks, brokers, rating agencies, schools, libraries, university students, and city, state, and federal officials. This report is available on the City's website. The Internet address is http://www.columbus.gov.

The City's management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Clark, Schaefer, Hackett \& Co. has issued an unqualified ("clean") opinion on the City's financial statements for the year ended December 31, 2010. The independent auditor's report is located at the front of the financial section of this report.

Management's discussion and analysis (MD\&A) immediately follows the independent auditor's report and provides a narrative introduction, overview and analysis of the basic financial statements. MD\&A complement this letter of transmittal and should be read in conjunction with it.

## Profile of the Government

The state legislature established Columbus as a city in 1812. The City is a home-rule municipal corporation operating under the laws of Ohio. The City's Charter, its constitution, can only be amended by a majority of the City's voters. It has been amended many times since its original adoption in 1914, most recently on November 2, 2010. The laws of the State of Ohio prevail when conflicts exist between the Charter and the state constitution and in matters where the Charter is silent.

Columbus, Ohio's capital city, is located in the central part of the state, approximately 150 miles south of Cleveland and 110 miles northeast of Cincinnati. The City's elevation is approximately 777 feet above sea level. Inter and intra state highways I-70, I-71, I-270, and I-670 serve as some of the City's major transportation arteries. The Ohio State University, with 56,064 students on its Columbus campus, is located near the center of the City. Columbus was ranked as the nation's 15th largest city as a result of the 2000 census.

Some comparative data for Ohio's six largest cities follow. Population estimates for 1990, 2000, and 2010 are from the U.S. Bureau of Census. The respective cities' management provided area data as of December 31, 2010.

|  | Area | Population |  |  |
| :---: | :---: | :---: | :---: | :---: |
| City | 2010 | $\underline{2010}$ | $\underline{2000}$ | 1990 |
| Columbus | 227.2 sq. mi. | 787,033 | 711,470 | 632,910 |
| Cleveland | 77.9 sq. mi. | 396,815 | 478,403 | 505,616 |
| Cincinnati | 78.8 sq. mi. | 296,943 | 331,285 | 364,040 |
| Toledo | 84.3 sq. mi. | 287,208 | 313,619 | 332,943 |
| Akron | 62.4 sq. mi. | 199,110 | 217,074 | 223,019 |
| Dayton | 56.3 sq. mi. | 141,527 | 166,179 | 182,044 |

The City's management consists of a Mayor, seven-member Council, City Auditor, and City Attorney. These officials are elected for four-year terms on an at-large basis. The Mayor and four Council members are elected in an odd numbered year. Three Council members, the City Auditor, and the City Attorney are elected in the following odd numbered year. The City's Charter also provides for appointments and elections of successors to these officials if they should, for any reason, vacate their office. All are chosen through a non-partisan election process.

In addition to the elected officials, certain others are major participants in the City's management. The Director of the Department of Recreation and Parks, the Health Commissioner, the Civil Service Executive Secretary, and the Secretary of the Sinking Fund are appointed by, and report to, independent Commissions. All of these Commission members are appointed by the Mayor and are subject to confirmation by the Council. The financial activities of these Commissions (budgets, expenditures, etc.) are subject to approval by the Council and are, therefore, included in this report. The City's Treasurer and Clerk to the Council are appointed by, and serve at the pleasure of the Council.

The Mayor's cabinet, appointed by him and serving at his pleasure, is not subject to confirmation by the Council. In 2010 the cabinet consisted of the Health Commissioner and directors of the departments of Finance and Management, Public Safety, Public Service, Public Utilities, Development, Building and Zoning Services, Recreation and Parks, Community Relations, and Equal Business Opportunity.

The accompanying financial statements comply with the provisions of Governmental Accounting Standards Board (GASB) Statement No. 14, The Financial Reporting Entity and Statement No. 39, Determining Whether Certain Organizations are Component Units. On this basis, the reporting entity of the City includes the following services to its citizens as authorized by its charter: public service (refuse
collection, street engineering and construction, traffic engineering and parking, etc.); public safety (fire, police, etc.); development; health; recreation and parks; and public utilities. In addition, the City owns and operates five enterprise activities: a water system, a sanitary sewer system, a storm sewer and drainage system, an electricity distribution system, and city owned parking garages; financial activities for which are contained in this report. Water and sanitary sewer services are metropolitan in nature and reach far beyond the City's corporate boundaries. The City does not operate schools or hospitals, nor is it responsible for public assistance programs.

Other entities included in this report and further explained in Notes A and Q are:
Joint Ventures:

- The Franklin Park Conservatory Joint Recreation District
- The Affordable Housing Trust for Columbus and Franklin County
- The Columbus-Franklin County Finance Authority

Component Unit:

- The RiverSouth Authority

Information regarding reporting standards and bases of accounting used in the preparation of the City's financial statements can be found in Note A - Summary of Significant Accounting Policies in Notes to the Financial Statements.

The annual budget of the City of Columbus serves as the foundation for the City's financial planning and control. On or before the fifteenth day of November, the Mayor submits to City Council an estimate of the expenditures necessary to conduct the affairs of the City for the fiscal year commencing the following January 1. Budget estimates are distributed throughout the City (including newspapers and libraries) and public hearings are held to obtain taxpayers' comments. Subsequent to January 1, and after publication of the proposed budget ordinances, the budget is legally enacted through adoption of the ordinances. The budget specifies expenditure amounts by Object Level One (i.e. personal services, materials \& supplies, contractual services, debt principal payments, other, capital outlay, interest on debt, and transfers) for each division within each fund. Transfers of appropriations of $\$ 25,000$ or less can be made between budget Object Level One within a division and fund without additional City Council action, but with responsible management approval. Transfers in excess of this amount require the approval of both City Council and the Mayor.

## Local economy

Employment in the Greater Columbus Area continues to be service oriented. Six of the ten (10) largest employers in the Columbus area are government or government-oriented [the State of Ohio, The Ohio State University, the Federal Government (including United States Postal Service, Defense Supply Center Columbus, Defense Finance and Accounting Service - Columbus), Franklin County, Columbus Public Schools, and City of Columbus]. The twenty-five largest employers in the Greater Columbus area are shown in the Statistical Section of this report. These major employers, representing government, insurance, public utilities, manufacturing, retail, banking, research, medical, and services, provide a broad and diverse employment base. The traditional stability of the City's economy has been tested over the past three years. The Columbus Metropolitan Statistical Area average annual unemployment rate (8.6\%) for 2010 continued to be below the State of Ohio (10.1\%) rate and the United States (9.6\%) rate. A tenyear history of unemployment rates for Franklin County (by month) from the Ohio Department of Job and Family Services and the Annual Average Rates for Franklin County, the State of Ohio, and the United States is provided in the Statistical Section of this CAFR - see Table 25 on page 241.

The City's employee relations are established largely in association with the following labor organizations:

- American Federation of State, County, and Municipal Employees (AFSCME), Locals 1632 and 2191. (www.afscme.org)

AFSCME has approximately 2,130 members among the City's 4,909 civilian employees. AFSCME has, however, bargaining rights for approximately 2,447 of these employees. The current labor agreement between the City and AFSCME is effective April 1, 2011 and continues through March 31, 2014.

- Fraternal Order of Police (FOP) (www.fop9.org)

FOP has bargaining rights for all of the City's police officers except for the chief and his six deputy chiefs. Of the City's 1,909 police officers, 1,804 are members of the FOP. The current FOP contract was effective December 8, 2008 and continues through December 8, 2011.

- International Association of Firefighters (IAFF) (www.iaff.org)

IAFF has bargaining rights for all the City's firefighters except for the chief and one of his six assistant chiefs. Membership in the IAFF includes 1,486 of a total 1,506 firefighters. The current contract was effective December 13, 2009 and continues through May 31, 2012.

- Columbus Municipal Association of Government Employees; Communication Workers of America, Local 4502 (CMAGE/CWA). (www.cmage.org)

CMAGE/CWA has approximately 902 members and has bargaining rights for approximately 1,167 of the 4,909 civilian employees. The current contract was effective August 24, 2008 and continues through April 23, 2011.

Under Ohio's Collective Bargaining Act, if members of the police or fire division cannot reach agreement with the City they ". . . shall submit the matter to a final offer settlement procedure." This requirement of Ohio law is referred to as a "no-strike" or "binding arbitration" provision. Other employees are permitted to strike under Ohio law after giving proper notification.

The Governor and the Ohio Legislature are presently considering substantive changes to Ohio's collective bargaining processes. These changes may affect fundamental bargaining by employee unions; including police officers and firefighters; pension contributions and health care contributions required of Ohio's public employees and other matters affecting employer-employee relations. Final outcome of these deliberations cannot be determined at this time.

## Long-term financial planning

The City manages its long term financing of its capital needs through the annual updating of its Capital Improvement Plan (CIP). The CIP schedules capital improvements through the current and succeeding five years. The CIP does not include appropriations or authorizations to expend monies. The current year portion of the CIP, known as the Capital Improvements Budget (CIB), is formalized by ordinance of the City Council after holding public hearings and presented to the citizens as a formal plan. Appropriations for capital projects are authorized at the time bonds are sold or other funding sources are determined. Both the CIP and the CIB are subject to change by the Council.

The CIP contains not only a detailed listing of planned projects but also, in most instances, their funding source or sources. Most capital projects are funded through the use of long-term debt, bonds or monies borrowed via the Ohio Water Development Authority (see Note G). The City uses a ten year forecast of revenues available for debt service and a ten year forecast of current and anticipated debt service amounts in order to determine its debt capacity for nonenterprise type debt. Enterprise type debt capacity is guided by ten year projections of the respective enterprise revenues and costs. The major source of funding for nonenterprise debt service is a dedicated portion of City income tax collections. The City, by local statute, dedicates one fourth of its income tax collections to the payment of such debt service. This financial activity is accounted for in the General Bond Retirement and Special Income Tax Debt Services Funds, both major funds. This one fourth "set aside" for debt service local statute has been in place since 1983, with similar policies in place since 1956. Since the City maintains this income tax "set aside," the City has not levied a property tax rate increase in over 50 years.

Also as a policy, the City seeks voter approval for much of its general obligation planned debt; both nonenterprise and enterprise type debt. Since 1956, most recently in 2008, the City has sought voter approval 88 times to issue debt for various purposes, both nonenterprise and enterprise type debt. The voters have given their approval 82 times. Of the City's general obligation debt, its voters have given their direct approval for $78.7 \%$ of that outstanding at December 31, 2010 (see Note G). General Obligation bonds of the City are rated AAA, Aaa, and AAA by Standard and Poor's Corporation, Moody's Investors Services, and Fitch Ratings, respectively.

The City's Department of Finance forecasts its General Fund revenues and expenditures, also for a period of ten years, with a more focused emphasis on the initial three years.

## Relevant financial policies

Columbus' past financial stability is largely due to implementing and managing through a series of policy decisions beginning over 50 years ago. The policy which promoted stable growth of the City and economy through controlled delivery of services with annexation remains substantially in place to this day.

Recognizing the deterioration of the national and state economies and the unprecedented decline in available City resources, the Mayor, with unanimous support of the City Council, on April 27, 2009 announced the City's intention to seek approval from its voters of an increase in the City's local income tax. The requested rate increase, from the $2.0 \%$ to $2.5 \%$ was approved by the voters on August 4, 2009.

One policy that has greatly assisted the City in addressing its infrastructure needs was the establishment of a dedicated revenue stream to Capital Infrastructure investments through the Special Income Tax (SIT). One fourth of the City's current $2.5 \%$ income tax rate is dedicated to a debt service fund for nonenterprise, governmental type capital improvements. This commitment was established in 1956 and has allowed Columbus to make critical investments in growth corridors as well as older core neighborhoods. The use of the SIT for long-term capital investment has also allowed the City to protect its "Triple A" credit rating.

The City, like the federal and state governments, operates under a system of separation of powers. The legislative branch is manifest in its City Council. The judicial branch exists through municipal court judges with county wide jurisdiction. The executive branch is further divided into the Mayor, the chief executive; the City Attorney, the City's legal advisor and the chief prosecutor; and the City Auditor, the City's chief accountant. Each of these three members of the executive branch is separately elected.

The City Auditor determines and publishes the estimated amount of revenues that the City will receive during a given year. The Council may not appropriate and therefore the Mayor and the total City may not expend a greater amount. The City Auditor, however, can not dictate the services for which the funds may be appropriated. In its simplest form this check and balance is sometimes described as "the Auditor says how much; the Mayor and Council say what for." This process calls for three separately elected bodies: the Mayor, the Council, and the Auditor, to participate in the financial management and expenditure controls of the City.

## Major initiatives

## DEPARTMENT OF DEVELOPMENT

## Nationwide Children's Hospital

Nationwide Children's Hospital is a pediatric health care facility founded in 1894 and has grown to occupy more than six square city blocks with 1.5 million square feet at its downtown hospital and research campus. It is regarded as the nation's fifth largest free-standing children's hospital and is among the top ten in National Institutes of Health funded pediatric research centers.

Nationwide Children's Hospital has over 388 beds, 950 medical staff members and more than 6,000 total employees. In recent years the hospital has been ranked as one of the best in the United States by US News and World Report. The Nationwide Children's Hospital is the pediatric teaching hospital for The Ohio State University.

Nationwide Children's Hospital is embarking on a strategic plan that includes $\$ 842$ million in investment to improve healthcare for all children, regardless of ability to pay. As part of the plan the hospital will be investing in four key areas, Research, Medical/Clinical staff expansion, Technology and Facilities.

Nationwide Children's Hospital recently received a Jobs Growth Incentive to assist in the expansion of its branch operation. Columbus City Council approved an incentive of 30 percent for a period of up to 15 years, not to exceed $\$ 15$ million, for the purpose of creating 2,400 new positions within the City of Columbus.

## The Ohio State University Medical Center

The Ohio State University Medical Center is one of the largest and most diverse academic medical centers in the country and the only academic medical center in central Ohio.

Driven by their mission to improve people's lives through innovation in research, the Ohio State University Medical Center saves lives and improves the quality of life by rapidly translating the latest discoveries from the research lab to the bedside. The Medical Center educates a large percentage of the region's physicians and provides advanced training and continuing education for clinicians.

Ohio State's Medical Center is a national leader in developing personalized health care, a new form of healthcare delivery based on each individual's unique biology, behavior and environment. Ohio State experts in biomedical informatics, genetics, pharmacology and specialties as diverse as cancer and wound healing are joining forces to apply discoveries in this new field directly to patient care and disease prevention.

The Center's six signature programs include; Cancer, Critical Care, Heart, Imaging, Neurosciences and Transplantation. The supporting programs are significant to providing science-based and individually tailored patient care to people in central Ohio and beyond. The new Biomedical Research Tower (BMT) advances personalized health care. The program nearly doubles the amount of biomedical research space at the Medical Center.

The Ohio State University Medical Center plans to retain 12,883 full-time employees and create 5,615 new permanent full-time positions. The Ohio State University Medical Center received a Jobs Growth Incentive of 30 percent for 15 years to redevelop the medical center.

## Awards and acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Columbus, Ohio for its Comprehensive Annual Financial Report for the fiscal year ended December 31, 2009. This was the thirtyfirst consecutive year that the City has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current comprehensive annual financial report continues to meet the Certificate of Achievement program requirements and we are submitting it to GFOA to determine its eligibility for another certificate.

This report represents the thirty-second (1979-2010) Comprehensive Annual Financial Report of the City of Columbus containing financial statements audited by a firm of certified public accountants. In addition to citizens in the community, the recipients will include city, state, and federal officials, university students, schools, libraries, newspapers, investment banking firms, banks, rating agencies, etc. This report is also available on the City's website. The Internet address is http://www.columbus.gov. The report will be made available to any person or organization requesting it. This extensive effort of preparation and distribution of this report fulfills the City Auditor's goal of full disclosure of the City's finances.

This report is issued by Hugh J. Dorrian, CPA, City Auditor. Special thanks and recognition go to Ms. Darlene Short and Ms. Vikki Amicon for their exemplary efforts in the preparation of this report. All members of the City Auditor's staff and many of the City's other employees also contributed to this effort. They all have my thanks and respect for their work.

Respectfully submitted,

Hugh J. Dorrian, CPA
Auditor

 Section
# INDEPENDENT AUDITORS' REPORT 

To the Honorable Hugh J. Dorrian, City Auditor
City of Columbus, Ohio:

We have audited the accompanying financial statements of the governmental activities, the businesstype activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Columbus, Ohio (the City), as of and for the year ended December 31, 2010, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City as of December 31, 2010, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated March 31, 2011, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

The management's discussion and analysis and budgetary comparison information on pages 23 through 40 and 109 through 111 are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purposes of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual nonmajor fund financial statements and schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

Cincinnati, Ohio

## CITY OF COLUMBUS, OHIO

## Management's Discussion and Analysis

As management of the City of Columbus (the City), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended December 31, 2010. We encourage readers to consider the information presented here in conjunction with our letter of transmittal at the front of this report and the City's financial statements, which follow this section.

## Financial Highlights

> The assets of the City exceeded its liabilities at the close of 2010 by approximately $\$ 2.5$ billion. Of this amount, $\$ 550.2$ million is considered unrestricted. The unrestricted net assets of the City's businesstype activities are $\$ 289.9$ million and may be used to meet the on-going obligations of business-type activities, including the water, sanitary sewer, storm sewer, electricity, and garage enterprises; the unrestricted net assets of the governmental activities are $\$ 260.3$ million.
> The City's total net assets increased $\$ 174.9$ million in 2010. Net assets of the governmental activities increased $\$ 114.6$ million, which represents a 9.4 percent increase from 2009. Net assets of the business-type activities increased $\$ 60.3$ million or 5.5 percent from 2009.
> The total cost of the City's programs increased $\$ 111.2$ million or 8 percent. The cost of governmental activities increased $\$ 84$ million or 8.6 percent, while the cost of business-type activities increased $\$ 27.2$ million or 6.5 percent.
> As of the close of the current fiscal year, the City's governmental funds reported a combined ending fund balance of $\$ 501.3$ million. The combined governmental funds fund balance increased approximately $\$ 163.2$ million from the prior year's ending fund balance. Approximately $\$ 232.4$ million of the $\$ 501.3$ million fund balance is considered restricted at December 31, 2010.
> The general fund reported a total and unrestricted fund balance of $\$ 88.9$ million at the end of the current fiscal year. The fund balance for the general fund was 13.3 percent of total general fund expenditures (including transfers out). There was a $\$ 37.3$ million increase in the total general fund balance for the year ended December 31, 2010.
> The City's total debt increased by $\$ 299.9$ million ( 9.8 percent) during the current fiscal year. Included in the City's debt issues for 2010 were a total of $\$ 183.2$ million in Build America Bonds and $\$ 87.75$ million in Recovery Zone Economic Development Bonds. The significant transactions contributing to the increase in outstanding debt at December 31, 2010 included:
o On August 12, 2010, the City sold $\$ 413.2$ million of general obligation bonds:

- $\$ 38.2$ million for the refunding of governmental activity bonds;
- $\$ 129.57$ million for governmental activity capital projects;
- $\$ 15.395$ million for the refunding of business-type activity bonds; and
- $\$ 230.035$ million for business-type activity capital projects.
o On December 7, 2010, the City issued $\$ 41.685$ million of general obligation bonds and $\$ 24.645$ million of general obligation notes:
- \$33.935 million for business-type activity capital projects;
- $\$ 7.75$ million to refund previously issued governmental activity general obligation notes; and
- $\$ 24.645$ of general obligation notes to refund business-type activity notes which matured on December 10, 2010.
o On December 22, 2010, the City issued $\$ 57.75$ million in general obligation bonds:
- $\$ 22.65$ million for business-type activity capital projects; and
- $\$ 35.1$ million for governmental activity capital projects.
o The City's business-type activities issued $\$ 40.2$ million in Ohio Water Development Authority revenue obligations for various projects.
o Governmental and business-type activities paid $\$ 207.936$ million on debt maturities in 2010.

## Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the City's finances in a manner similar to private-sector business.

The statement of net assets presents information on all of the City's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.
The statement of activities presents information showing how the government's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the cash flows. Thus, revenue and expenses reported in this statement for some items will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).
Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees or charges (business-type activities). The governmental activities of the City include general government, public service, public safety, development, health, and recreation and parks. The business-type activities of the City include five enterprise activities: a water system, a sanitary sewer system, a storm sewer system, an electricity distribution system, and parking garages.

The government-wide financial statements can be found on pages 43-45 of this report.
Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on the near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains 127 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, the general bond retirement debt service fund, and the special income tax debt service fund, all of which are considered to be major funds. Data for the other 124 governmental funds are combined into a single, aggregated presentation. Individual fund data for each of
these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The basic governmental fund financial statements can be found on pages $46-49$ of this report.
Proprietary funds. The City maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its water, sanitary sewer, storm sewer, electricity distribution, and parking garage operations. Internal service funds are an accounting device used to accumulate and allocate costs internally among the City's various functions, including employee benefits self-insurance, worker's compensation, fleet management, information services, mail/print services, land acquisition, and construction inspection. The services provided by these funds predominantly benefit the governmental rather than the business-type functions. They have been included within governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provided separate information for the water, sanitary sewer, storm sewer, electricity distribution, and parking garage operations. The water, sanitary sewer, storm sewer, and electricity enterprise funds are considered to be major funds of the City, while the garage fund is considered a nonmajor fund. All internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of combining statements elsewhere in this report.

The basic proprietary fund financial statements can be found on pages $50-53$ of this report.
Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statement can be found on page 54 of this report.
Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 55-106 of this report.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the City's general fund budget. The City adopts an annual appropriation budget for its general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget. Required supplementary information can be found on pages 107 - 111 of this report.

The combining statements referred to earlier in connection with nonmajor governmental funds, internal service funds, and fiduciary funds are presented immediately following the required supplemental information. Combining and individual fund statements and schedules can be found on pages 113-212 of this report.

Certain prior year amounts in this management's discussion and analysis have been reclassified for consistency.

## Government-wide Financial Analysis

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. The City's assets exceeded liabilities by approximately $\$ 2.5$ billion at the close of the most recent fiscal year.

The largest portion of the City's net assets (75 percent) reflects its investment in capital assets (e.g. land, buildings, improvements other than buildings, machinery and equipment, and infrastructure); less any related outstanding debt used to acquire those assets. The City uses these capital assets to provide services to citizens; therefore, these assets are not available for future spending. Although the City's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay debt must be provided from other sources, since capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the City's net assets ( 2.5 percent) represents resources that are subject to restrictions as to how they may be used. The remaining balance of unrestricted net assets ( $\$ 550.2$ million) may be used to meet the government's on-going obligations to citizens and creditors. It is important to note that although the total unrestricted net assets is $\$ 550.2$ million; the unrestricted net assets of the City's business-type activities ( $\$ 289.9$ million) may not be used to fund governmental activities.

At the end of the current fiscal year, the City had unrestricted net assets related to governmental type activities of $\$ 260.3$ million.

Overall net assets of the City increased $\$ 174.9$ million in 2010. Net assets for governmental activities increased $\$ 114.6$ million, while net assets for business-type activities increased $\$ 60.3$ million. The City continued efforts to contain costs and pursue new revenue sources. The increase in net assets for business-type activities was the result of the aggregate business-type activities holding expenses to 88 percent of total revenue for the year. Due to rate increases in the water, sanitary sewer, and storm sewer enterprise funds of 8.5 percent, 2 percent and 9 percent, respectively, and an offsetting decrease in sewer capacity charges, total business-type charges for services increased 3 percent when compared to 2009. All other revenue in business-type activity increased $\$ 10.1$ million or 64 percent as compared to 2009, primarily due to new grant awards in water and sanitary sewer and rebates received on Build America Bond interest
payments. Business-type activities expenses for 2010 increased $\$ 27.2$ million or 6.5 percent over the comparable expenses in 2009.

There was an increase of $\$ 115.3$ million in the amount invested in capital assets, net of related debt, in 2010 due to principal payments on debt exceeding the annual depreciation on capital assets.

| Net assets -- December 31st | \$ | 1,338,980 | \$ | 1,224,338 | \$ | 1,150,643 | \$ | 1,090,380 | \$ | 2,489,623 | \$ | 2,314,718 |

Governmental activities. Governmental activities increased the City's net assets by $\$ 114.6$ million. Key elements of the changes in net assets are as follows:
> Income tax revenue, which represents 56.2 percent of the City's governmental revenue, increased by $\$ 135.8$ million or 25.9 percent on a full accrual basis. This increase is attributed to the income tax rate increase from 2.0 percent to 2.5 percent which was passed by the City's voters on August 4, 2009. The new rate was effective October 1, 2009.
$>$ Operating grants and contributions increased $\$ 36.3$ million or 24.9 percent. The increase is due to an increase in grant funding available in 2010.
> Governmental activities expenses were up $\$ 84$ million or 8.6 percent in 2010 due to: the City restoring some of the services that were reduced prior to the income tax rate increase, noted above; and spending additional grant funds which were available for City programs in 2010.

Business-type activities. Business-type activity net assets increased $\$ 60.3$ million. Key elements of changes in net assets are as follows.
> Charges for services increased $\$ 14$ million or 3 percent.
> Capital grants and contributions increased from $\$ 1.3$ million in 2009 to $\$ 8.6$ million in 2010. This increase was due to the American Recovery and Reinvestment Act program through Ohio Water Development Authority.
> Other revenue increased $\$ 3$ million or 32 percent, primarily due to rebates received on Build America Bond interest payments.
$>$ Expenses increased $\$ 27.2$ million or 6.5 percent in 2010.

Charges for services, which comprise 95 percent of the business-type activities revenues, increased 3 percent in 2010 as a result of rate increases in the water, sanitary sewer, and storm sewer enterprise funds of 8.5 percent, 2 percent, and 9 percent, respectively, and an offsetting decline in sewer capacity charges resulting from declining development. The business-type activities continued the pattern of cost containment relative to the level of revenues for enterprise activities in 2010. The percent of annual expense to annual revenue was 88 percent in 2010.

## Financial Analysis of the Govemment's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related requirements.

## Governmental Funds

The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of December 31, 2010, the City's governmental funds reported combined ending fund balances of $\$ 501.3$ million, an increase of $\$ 163.2$ million in comparison with the prior year. Approximately $\$ 268.9$ million of this amount constitutes unrestricted fund balance or the total of committed, assigned, and unassigned fund balance. The remainder of fund balance is restricted to indicate that it is not available for new spending because it has already been restricted by parties outside the City or pursuant to enabling legislation.

A schedule of governmental funds revenues and expenditures for the last ten fiscal years has been provided in the Statistical Section of this CAFR - see Table 4 on page 219.

General fund. The general fund is the chief operating fund of the City. At December 31, 2010, total fund balance of the general fund was $\$ 88.9$ million. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures (including transfers out). Unassigned fund balance represents 10.8 percent of total general fund expenditures (including transfers out), while total fund balance represents 13.3 percent of total general fund expenditures (including transfers out).

A schedule of general fund revenues and expenditures for the last ten fiscal years has been provided in the Statistical Section of this CAFR - see Table 5 on page 220.

The fund balance of the City's general fund increased $\$ 37.3$ million during 2010. Key factors of the 2010 results are as follows:
$>$ Total revenues (including transfers in) increased $\$ 89.7$ million or 14.6 percent.
$>$ Income tax revenue, which represents 69.2 percent of general fund revenues (including transfers in), increased $\$ 92$ million or 23 percent. The City's income tax rate was increased from 2 percent to 2.5 percent as a result of a special election in August 2009. The new rate was effective October 1, 2009.
$>$ Expenditures (including transfers out) increased by $\$ 39.5$ million or 6.3 percent. The increase was primarily a result of the City restoring some of the services that were reduced prior to the income tax rate increase.

## Revenue narrative:

Brief descriptions of the City's General Fund major revenue components follow.

## I ncome taxes

The City's income tax continues to be its primary source of revenue. The tax applies to all wages, salaries, commissions, and other compensation paid by employers and/or the net proceeds from the operation of a business, profession, or other enterprise activity. The initial tax rate of .5 percent, collected in 1948, was increased to 1 percent in 1956, 1.5 percent in 1971, and to 2 percent in 1983. In a special election on August 4, 2009, the City's voters approved an increase in the rate to $2.5 \%$. The new rate was effective October 1, 2009. Income tax rates of cities and villages within the State of Ohio are limited to a maximum of 1 percent, unless specifically approved by a majority of the resident voters of the respective city or village. There are 628 political subdivisions, other than school districts in the State of Ohio that now levy a local income tax. Rates range from .40 percent to 3.00 percent.

Local school districts in the State of Ohio are also permitted to levy an income tax, but only with the approval of a majority of voters within the district. Ohio has 614 school districts; 181 have an income tax. Rates range from 0.25 percent to 2.0 percent.

Approximately 86.4 percent of the City's income tax collected in 2010 was via employers withholding the tax from employees' earnings and remitting the tax to the City on a statutorily prescribed schedule. Approximately 9.9 percent of collections originated from business accounts and 3.7 percent from independently employed individual taxpayers. Depending on the amount withheld, employers must remit to the City on a semi-monthly, monthly, or quarterly frequency, with the largest amounts being remitted semi-monthly.

One quarter of the revenue from this tax is accounted for in a Debt Service Fund and is primarily used for servicing debt pertaining to non-enterprise type capital improvements. Tipping fees for disposal of garbage collected by the City are also paid from this fund on the City's budget basis of accounting. On the modified accrual basis of accounting, such tipping fee amounts are transferred to the General Fund and expended as public service expenditures. Three-quarters of income tax revenues are used for General Fund purposes. Income tax revenues on the budget basis
represent 2010 collections of $\$ 488.2$ million less refunds of $\$ 10.2$ million for a net amount of $\$ 478$ million. Income tax revenues on the modified accrual basis of accounting, net of refunds, were $\$ 487.2$ million.

A ten-year history of the income tax revenue and cash collections, net of refunds, appears in the Statistical Section of this report. The City acts as collection agent for 6 other cities and villages in the central Ohio area. Collections made for others are accounted for by the City in an Agency Fund. Fees collected by the City for these services totaled $\$ 366,648$ in 2010, and are accounted for in the General Fund as charges for services.

## Property taxes

Property taxes in Ohio are levied and collected by its 88 counties. The City lies partially within three of these counties: Franklin, Fairfield, and Delaware. After collection, the counties distribute portions of these taxes to the political subdivisions (school districts, cities, villages, townships, etc.) located within their geographic borders. Property taxes for the City represent a tax rate of approximately 3.14 mills ( $\$ 3.14$ per $\$ 1,000$ of taxable valuation) applied to the assessed value of property located in the City. Assessed values represent approximately 35 percent of appraised values. This rate, 3.14 mills, has remained unchanged since 1956.

Increases in this rate can only occur with approval of the City's voters. Revenues from property taxes are used for General Fund operations, including a partial provision, 0.60 mills, for current police and fire pension costs.

Real property assessed values steadily increased over the period 2000 to 2009, with larger increases evident every three years. These three-year increases result from comprehensive reappraisals of property that take place every six years, and less formal triennial updates that occur the third year in between the six year reappraisals. Six-year reappraisals took place in 2005, with the resulting increases in property tax collections occurring in 2006. No residential revaluations were performed in 2008 (a year which was scheduled to be a triennial update year); therefore, valuations will remain the same for 2009, 2010 and 2011. Property taxes levied in 2010 but not collectible until 2011 are accounted for in the General Fund as accounts receivable and unearned revenue at an estimated amount of $\$ 49.143$ million.

The decrease (. 7 percent) in total assessed values for tax year 2010 for Franklin County, shown in detail in Table 10 in the Statistical Section of this report, is partially due to legislated declining assessed values, as a percentage of appraised values, of personal property. Personal property is defined as equipment and inventory used in business. State House Bill 66, effective June 30, 2005, called for a gradual reduction in the assessment percentage of tangible personal property and beginning in 2009 Ohio no longer had a general tax on tangible personal property. Personal property assessed values declined by approximately $\$ 22.5$ million. Real property, land and buildings, assessed value for tax collection also decreased in 2011 by $\$ 117.8$ million due to declining property values and an increase in individuals successfully appealing their property tax bills to the Franklin County Board of Revisions.

Overall, property tax revenue increased from $\$ 52.379$ million in 2009 to $\$ 52.567$ million in 2010.
Additional data on property values and taxes appear in the Statistical Section of this report.

## I nvestment earnings

The City's investment policies are discussed in Note C. This source of revenue is not conducive to year-to-year comparisons. Investment earnings are only deposited to the General Fund after all statutorily directed earnings are deposited to the appropriate funds: enterprise funds, grant funds,
etc. Interest earnings in the General Fund decreased from $\$ 4.396$ million in 2009 to $\$ 3.386$ million in 2010. The decrease is due to declining interest rates on investments in 2010.

## Licenses and permits

Licenses and permits are issued by the City to regulate activities related to building, health, and other business enterprises. The revenue from license and permits remained fairly consistent in 2010 as compared to 2009. License and permits fees were $\$ 9.958$ million in 2010 and $\$ 9.607$ million in 2009, an increase of 3.7 percent.

## Shared revenues

Shared revenues in the General Fund include the taxes listed below which are levied and collected by the state or counties and partially redistributed to the City and other political subdivisions. Provided below is a five-year history of the City's share of these revenues as reported in the governmental fund financial statements on a modified accrual basis of accounting. The local government fund and the local governments revenue assistance fund were combined by the State in 2008.

|  | (in thousands) |  |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  |  | 2010 | 2009 | 2008 | 2007 | 2006 |
| Shared revenues - unrestricted |  |  |  |  |  |  |
| State income, sales, corporate |  |  |  |  |  |  |
| Local government fund | \$ | 41,320 | 39,596 | 46,196 | 41,898 | 43,996 |
| Local governments revenue assistance fund |  | - | - |  | 2,936 | 3,845 |
| Estate tax |  | 7,101 | 8,149 | 10,888 | 7,054 | 8,906 |
| State liquor fees |  | 1,156 | 1,109 | 1,107 | 1,113 | 1,089 |
| Cigarette tax and other |  | 42 | 23 | 32 | 24 | 36 |
| Total | \$ | 49,619 | 48,877 | 58,223 | 53,025 | 57,872 |

The Governor and the Ohio Legislature are presently considering changes to the current formula determining the amounts of local government funds shared with local governments. Reductions of as much as 50 percent over the State's next biennium (July 2011 - June 2013) are presently being considered. Debate also continues over the possible elimination of Ohio's estate tax.

## Charges for services

The City performs certain services for its citizens and other municipalities for which it charges various amounts. These services include impounding, storing, and selling abandoned autos; fire and police protection provided to certain suburbs; parking meter fees; and various other services. Additionally the City's General Fund allocates certain citywide costs initially borne by the General Fund to certain other funds. These costs (pro rata charges) are allocated by charging certain other funds a statutorily approved rate of 4.5 percent, as determined by the City's most recent cost allocation plan, of their gross revenue.

These revenues in the General Fund over the past five years have produced:

|  | (in thousands) |  |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  |  | 2010 | $\underline{2009}$ | $\underline{2008}$ | $\underline{2007}$ | $\underline{2006}$ |
| Charges for services |  |  |  |  |  |  |
| Parking meters and fees | \$ | 3,461 | 3,463 | 3,480 | 3,306 | 3,464 |
| City Attorney charges |  | 1,010 | 1,058 | 1,097 | 1,025 | 987 |
| Police services |  | 5,822 | 6,539 | 6,856 | 6,165 | 5,808 |
| Fire services |  | 16,887 | 16,755 | 16,479 | 11,100 | 10,787 |
| Pro rata charges |  | 25,674 | 24,354 | 24,298 | 22,474 | 19,337 |
| All other |  | 2,547 | 2,331 | 2,268 | 2,289 | 2,433 |
| Total | \$ | 55,401 | 54,500 | 54,478 | 46,359 | 42,816 |

Fire services representing charges for emergency medical transportation services were $\$ 13.859$ million and $\$ 13.752$ million in 2010 and 2009, respectively.

## Fines and forfeits

This revenue source consists of fines and forfeits imposed by the Franklin County Municipal Court, and parking tickets issued by the City's parking violations bureau. Parking violation fees were increased effective January 1, 2009 by five dollars per violation.

|  |  | 2010 | 2009 | $\begin{aligned} & \text { housands } \\ & \text { nong } \end{aligned}$ | 2007 | 2006 |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Fines and forfeits |  |  |  |  |  |  |
| Fines and forfeits | \$ | 13,332 | 15,572 | 15,637 | 15,909 | 15,433 |
| Parking ticket revenue |  | 6,044 | 6,523 | 5,766 | 5,402 | 5,238 |
| Total | \$ | 19,376 | 22,095 | 21,403 | 21,311 | 20,671 |

## Miscellaneous

Miscellaneous revenues in the General Fund on the modified accrual basis of accounting consist of the following:

|  | (in thousands) |  |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  |  | 2010 | $\underline{2009}$ | $\underline{2008}$ | $\underline{2007}$ | $\underline{2006}$ |
| Miscellaneous revenue |  |  |  |  |  |  |
| Solid Waste Authority of Central Ohio rent | \$ | 2,262 | 2,284 | 8,389 | 2,233 | 2,607 |
| Electricity kilowatt tax |  | 3,284 | 3,234 | 3,365 | 3,449 | 3,335 |
| Hotel/motel taxes |  | 3,378 | 3,119 | 3,598 | 3,648 | 3,419 |
| Refunds and reimbursements |  | 2,183 | 1,488 | 2,062 | 2,811 | 4,109 |
| Unclaimed funds |  |  |  | 1,270 |  |  |
| Other |  | 76 | 1,157 | 217 | 302 | 172 |
| Total |  | 11,183 | 11,282 | 18,901 | 12,443 | 13,642 |

## Expenditure narrative:

Public safety, primarily police and fire service, continues to be the dominant function of the General Fund. Public safety expenses were 71 percent and 70.9 percent of total expenses and transfers out for 2010 and 2009, respectively. The practice of transferring monies from the general fund to the health operating fund and the recreation and parks operating fund, both nonmajor special revenue funds, is a method used annually by the City to provide resources to these funds. It is appropriate, therefore, to consider transfers out when analyzing total general fund expenditures. Total general fund expenditures increased $\$ 39.5$ million or 6.3 percent in 2010; revenues (including transfers in) exceeded expenditures (including transfers out) for the year by $\$ 37.3$ million.

General Fund revenue and expenditure trend information over the last ten years is included in the Statistical Section of this report - see Table 5 on page 220 and Table 6 on page 221.

General bond retirement debt service fund. The general bond retirement debt service fund has a total fund balance of $\$ 322$ thousand. The net decrease in fund balance during 2010 in this fund was approximately $\$ 8$ thousand. The general bond retirement fund is funded primarily with income tax revenue at the level necessary to meet debt service requirements.

Special income tax debt service fund. The special income tax debt service fund has a total fund balance of $\$ 146.2$ million. The net increase in fund balance during 2010 in this fund was approximately $\$ 20$ million. One quarter of the City's income tax revenue is set aside to meet debt service requirements for governmental activity type debt. Those income tax revenues not required in the general bond retirement fund, as noted above, are recorded in the special income tax fund. Premiums on governmental activities bonds issued and Build America interest expense reimbursements are reported in the special income tax fund and used to pay future debt service.

## Proprietary Funds

The City's proprietary funds financial statements provide the same information found in the governmentwide financial statements, but in more detail.

The City operates five enterprise activities: a water system, a sanitary sewer system, a storm sewer system, an electricity distribution system, and City owned parking garages. These activities are accounted for in separate enterprise funds. Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises-where the City intends that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The City accounts for its enterprise funds on the full accrual basis of accounting.

The annual charges and rate increases for the average Columbus resident/user of water and sewers over the last ten years are included in Table 14 of the Statistical Section. An average Columbus resident/user is defined as a customer using 12,000 cubic feet of water annually. Water and sanitary sewer charges are designed to provide resources for both capital and operating costs. Storm sewer and electricity charges are designed to provide resources for operating costs (maintenance) and certain, but not all, capital costs.

The City's enterprises are not subject to rate review or determination by the Public Utilities Commission of Ohio or any similar regulatory body. The City's Council has the necessary authority to establish appropriate user rates when needed. The rates are reviewed and established by the Council annually. The frequency and amounts of rate setting authority lies solely with the City's Council.

Unrestricted net assets at the end of the year amounted to $\$ 72.9$ million, $\$ 189$ million, $\$ 20.5$ million, $\$ 4$ million, and $\$ 808$ thousand for the water, sanitary sewer, storm sewer, electricity, and garage enterprises, respectively. Net assets in the water, sanitary sewer, storm sewer, and garage enterprise funds increased $\$ 22.8$ million, $\$ 33.6$ million, $\$ 11.3$ million, and $\$ 5$ thousand, respectively, while net assets in the electricity enterprise fund decreased $\$ 7.6$ million. Other factors concerning the finances of these funds have already been addressed in the discussion of the City's business-type activities.

Water. The City's water enterprise serves the residents of the City and the majority of suburban communities in the Columbus vicinity. The population of the service area is estimated in excess of one million persons. The water enterprise serves 277,413 customer accounts, owns and maintains 2,521 miles of water mains primarily within the City and maintains an additional 954 miles of mains beyond the City's borders.

The City obtains its raw water supply from rivers, reservoirs, and wells. The enterprise conducted a regional water resource project titled Water Beyond 2000 which is used as a guide to develop additional water supply, treatment facilities, and distribution components as dictated by increasing demand. Future supply requirements will be addressed through a combination of demand management efforts and construction of upground reservoirs along the Scioto River north of the City. All necessary land for the upground reservoirs has been purchased.

The enterprise operates one of the most sophisticated water laboratories in the nation. The lab has maintained its EPA certification since the certification process began in 1976 pursuant to the Safe Drinking Water Act of 1974. On a semiannual basis, the lab must conduct various water study sample tests. The certification covers both equipment and personnel and represents a measure of quality performance. The staff is fully supported with state of the art equipment. Their primary responsibility is to assure that the water enterprise is, and will remain, in compliance with all federal, state, and local requirements.

All bonds of the water enterprise are paid from water enterprise revenues.
A ten-year comparison of certain water enterprise data is shown in Table 7 of the Statistical Section.
Sanitary Sewer. The City's sanitary sewer enterprise also serves the metropolitan area with approximately 268,767 customer accounts, both residential and commercial. Included in the total sewer system are 3,986
miles of sanitary sewers, 2,910 miles of storm sewers, and 177 miles of combined sanitary/storm sewers. The costs and related financial activities of sanitary and combined sewers are accounted for in the Sanitary Sewer Enterprise Fund.

When the Jackson Pike plant, one of the City's two treatment plants, reaches capacity the excess automatically flows through connectors to the Southerly plant. The Southerly plant has a design capacity that allows gallons treated to exceed, by approximately 20 percent, the maximum longer term sustainable maximum capacity for shorter periods of time.

All bonds and notes of the sanitary sewer enterprise are paid from sanitary sewer enterprise revenues.
A ten-year comparison of certain sanitary sewer enterprise data is shown in Table 7 of the Statistical Section.
Storm Sewer. Prior to 2002 the City's storm sewer financial activity was accounted for in a governmental type special revenue fund. Beginning with 2002, storm sewer assets, liabilities, revenues, and expenses have been accounted for in a business type activity enterprise fund. The City intends that all costs of the storm sewer enterprise be supported by user charges except for debt service, principal and interest, on bonds authorized by the voters in 2005 and prior. This net debt service amount in 2010 was $\$ 1.493$ million and is included in the enterprise financial statements as a transfer in from the Special Income Tax Debt Service Fund. Final maturity on these bonds, all general obligation type bonds, is 2018.

The City's storm sewer enterprise owns and maintains 2,910 miles of such sewers and has 195,535 customer accounts, all within the City's borders.

A ten-year comparison of certain storm sewer enterprise data is shown in Table 7 of the Statistical Section.
Electricity. The City owns and operates an electricity distribution system and accounts for it in the Electricity Enterprise Fund. The system had its origin in the 1890's and generated electricity from burning coal. The initial sole purpose for its existence was to light the streets of the City. In response to environmental concerns, the City ceased generating electricity. The City continued distributing electric power by purchasing all of its needed power from privately owned and other publicly owned utilities.

After a lengthy construction period, the City's solid waste resource recovery facility, a refuse derived fuel power plant, with capital costs of approximately $\$ 200$ million, began operations in the fourth quarter 1983. On April 1, 1993, the City leased the plant and related transfer stations (the Plant) to the Solid Waste Authority of Central Ohio (SWACO), a separate and distinct political subdivision of the State of Ohio. The annual lease payments to the City were to be in the amount of the related debt service requirements on bonds that were issued for the construction of the Plant. This lease resulted in the removal of certain real and personal property assets from the Electricity Enterprise Fund with original costs totaling $\$ 205.5$ million of which $\$ 3.4$ million was transferred to the then General Fixed Asset Account Group. The lease was accounted for in the Electricity Enterprise Fund as a capital lease in accordance with Statement No. 13 of the Financial Accounting Standards Board, Accounting for Leases. Due to a series of federal court decisions and U.S. EPA decisions the Plant ceased operations at the end of 1994. The City then began, in 1995, to buy all of its power from sources other than SWACO. The City's electricity distribution system has 12,545 residential, commercial and industrial customers. The Plant was demolished in 2005.

SWACO operates a landfill and agrees to continue to operate the landfill in a manner that ensures that disposal capacity in the Franklin County Landfill will be available to the City and its residents through, at a minimum, the year 2025. The City continues to agree to dispose of all garbage collected by the City at the SWACO landfill. In 2010, the City paid SWACO $\$ 13.9$ million for landfill tipping fees ( $\$ 13.5$ million in 2009).

As a result of additional modifications to the SWACO lease agreement, the term of the lease has been extended to March 31, 2054.

In 2004, pursuant to statute, the City began accounting for the SWACO lease in its General Fund. All lease receivable amounts not received within 60 days after year end have been accounted for as unearned revenue in the General Fund (see Note D). Revenue received and/or costs paid by SWACO on behalf of the City are included in Miscellaneous Revenue.

A detailed computation of the City's lease receivable at December 31, 2010 is shown in Note H .
Rates charged to customers are determined solely by the City's Council after recommendation by the electricity enterprise management. Council's determination is final and is not subject to review or approval by any other regulatory body. Rates are, however, subject to market driven competition provided by the private electric utility in the area.

A ten-year comparison of certain electricity enterprise data is shown in Table 7 of the Statistical Section.

## General Fund Budgetary Highlights

The final amended general fund budget had total appropriations of approximately $\$ 1.3$ million more than the original budget. The total original appropriations, including those for transfers out, were $\$ 660.2$ million, while the final appropriations were $\$ 661.5$ million. A ten-year history of fund balances in the various components of the General Fund follows:

|  | Budget Basis (in thousands) |  |  |  |  |  |  |  |  |  |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Year <br> Ended | Undesignated subfund |  | Economic stabilization subfund |  | Anticipated expenditures subfund |  | Safety staffing contingency subfund |  | Job Growth subfund |  | Public Safety Initiative |  | Total General Fund |  |

## Capital Asset and Debt Administration

Capital assets. The City's investment in capital assets for governmental and business-type activities as of December 31, 2010, amounts to $\$ 4.6$ billion (net of accumulated depreciation). This investment in capital assets includes land, buildings, systems, improvements, machinery and equipment, park facilities, roads, curbs and gutters, streets and sidewalks, and drainage systems. The total increase in the City's investment in capital assets for 2010 was 3.4 percent (a 1.7 percent increase for governmental activities and a 4.6 percent increase for business-type activities).

Capital Assets, net of depreciation
(amounts expressed in thousands)

|  | Governmental activities |  | Business-type activities |  | Total |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | 2010 | 2009 | 2010 | 2009 | 2010 | 2009 |
| Land | \$ 258,021 | \$ 260,226 | \$ 64,240 | \$ 58,376 | \$ 322,261 | \$ 318,602 |
| Buildings | 329,295 | 322,797 | 71,918 | 63,566 | 401,213 | 386,363 |
| Improvements other than buildings | 145,900 | 137,638 | 2,275,882 | 2,052,333 | 2,421,782 | 2,189,971 |
| Machinery and equipment | 77,269 | 78,922 | 14,742 | 16,460 | 92,011 | 95,382 |
| Infrastructure | 1,039,545 | 1,018,717 | 139,589 | 136,239 | 1,179,134 | 1,154,956 |
| Construction in progress | - | - | 142,219 | 261,302 | 142,219 | 261,302 |
| Total | \$ 1,850,030 | \$ 1,818,300 | \$ 2,708,590 | \$ 2,588,276 | \$ 4,558,620 | \$ 4,406,576 |

Major capital asset events during 2010 included the following:
> Total capital assets, net of accumulated depreciation, increased $\$ 152$ million.
> Business-type activity capital assets increased by $\$ 120.3$ million or $\$ 198.2$ million, net of $\$ 77.9$ million in current year depreciation expense. The increase was due to: $\$ 34.8$ million in water plant and water line improvements; $\$ 98.3$ million in sanitary sewer plant improvements; $\$ 28.3$ million in sanitary sewer line improvements; and $\$ 36.8$ million in other improvements.
> Governmental activity capital assets increased by $\$ 31.7$ million or $\$ 99.6$ million, net of $\$ 67.9$ million in current year depreciation expense. This increase was due to: $\$ 6.5$ million in donated streets; $\$ 50.8$ million in traffic signals and other street improvements; $\$ 7.1$ million in land and other improvements related to new and future park sites; $\$ 12.1$ million in recreation center rehabilitation; $\$ 8.9$ million in park improvements; $\$ 2.1$ million in new communication systems; $\$ 3.5$ million in police and fire vehicles; $\$ 2.3$ million in general government facility improvements; and $\$ 6.3$ million in other improvements.

Additional information on the City's capital assets can be found in Note F on pages 76 - 77 of this report.

Long-term debt. At December 31, 2010, the City, the primary government, had $\$ 3.358$ billion of longterm bonds and loans outstanding with net unamortized premiums, discounts and deferred amounts on refunding of $\$ 94.7$ million. All assessment bonds and notes issued by the City are general obligation bonds and notes. There were $\$ 2.565$ million in assessment bonds and $\$ 286$ thousand in assessment notes, all related to business-type activities, outstanding at December 31, 2010. The revenue bonds of the City represent bonds secured solely by specified revenue sources.

## General Obligation and Revenue Bonds Outstanding

(amounts expressed in thousands)

|  | Governmental activities |  |  | Business-type activities |  | Total |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | 2010 |  | 2009 | 2010 | 2009 | 2010 | 2009 |
| General obligation bonds, notes and capital leases | \$ 960,949 | \$ | 881,226 | \$ 1,120,709 | \$ 892,808 | \$ 2,081,658 | \$ 1,774,034 |
| Revenue bonds and notes | 59,114 |  | 60,636 | 1,217,227 | 1,223,412 | 1,276,341 | 1,284,048 |
| Total | \$ 1,020,063 | \$ | 941,862 | \$ 2,337,936 | \$ 2,116,220 | \$ 3,357,999 | \$ 3,058,082 |

Total long-term bonds and loans outstanding at December 31, 2010 increased $\$ 299.9$ million or 9.8 percent as compared to the amount outstanding at December 31, 2009. Key events contributing to the change in long-term debt balances are as follow:
> On August 12, 2010 the City sold $\$ 413.2$ million of general obligation bonds. The sale included tax exempt bonds totaling $\$ 216.31$ million, Build America Bonds of $\$ 176.16$ million, Recovery Zone Economic Development Bonds of $\$ 15.0$ million, and taxable bonds of $\$ 5.73$ million. Of the total $\$ 413.2$ million issued, $\$ 53.595$ million were issued to advance refund $\$ 56.4$ million in outstanding bonds, while $\$ 359.605$ million was issued to fund new and on-going City capital projects.
$>$ On December 7, 2010, the City issued $\$ 41.685$ million of general obligation bonds and $\$ 24.645$ million of general obligation notes. The bonds included tax exempt bonds of $\$ 19.645$ million, Build America Bonds of $\$ 7.04$ million, and Recovery Zone Economic Development Bonds of $\$ 15.0$ million. The bonds were issued to fund $\$ 25.27$ million in Water projects, $\$ 8.665$ million in Sanitary Sewer projects, and $\$ 7.75$ million to refund previously issued governmental activity general obligation notes used to fund Polaris TIF improvements. The $\$ 24.645$ million in general obligation notes were issued to refund parking garage notes which matured on December 10, 2010.
$>$ On December 22, 2010, the City issued $\$ 57.75$ million of Recovery Zone Economic Development general obligation bonds. The bonds were issued to fund $\$ 22.65$ million in Storm Sewer projects and $\$ 35.1$ million in governmental activity facility improvements
> At various dates throughout 2010, the City issued additional business-type activities long term notes to the Ohio Water Development Authority of $\$ 40.2$ million for various water and sanitary sewer capital projects.

The City's general obligation bond ratings by Standard \& Poor's Corporation, Moody's Investor Services, Inc. and Fitch Ratings are "AAA", "Aaa", and "AAA", respectively. The City's bond ratings, which were confirmed with the respective rating agencies in December 2010, are shown in the following table.

| Type |  |  |  |
| :--- | :---: | :---: | :---: | :---: |
| Poor's |  |  |  |$\quad$ Fitch Ratings

The City is within all of its legal debt limitations. The Ohio Revised Code provides that the net debt (as defined in the Ohio Revised Code) of a municipal corporation, whether or not approved by the electors, shall not exceed 10.5 percent of the total value of all property in the municipal corporation as listed and assessed for taxation. In addition, the unvoted net debt of municipal corporations cannot exceed 5.5 percent of the total taxation value of property. The statutory limitations on debt are measured by the ratio of net debt to tax valuation and expressed in terms of a percentage. At December 31, 2010, the City's total net debt amounted to 4.90 percent of the total assessed value of all property within the City. Unvoted net debt amounted to 1.21 percent of the total assessed value of all property within the City. The City had a legal debt margin for total debt of $\$ 889.468$ million and a legal debt margin for unvoted debt of $\$ 681.864$ million. The aggregate amount of the City's unvoted debt is also subject to overlapping debt restrictions with other political subdivisions. The actual aggregate amount of the City's unvoted debt, when added to that of other political subdivisions within the respective counties in which Columbus lies, is limited to ten mills.

Additional information regarding the City's long-term debt can be found in Note G on pages $77-91$ of this report.

## Economic Factors and the 2011 General Fund Budget

The impact on the General Fund of the national, state and local economic recession was mitigated by an income tax rate increase in 2009. City voters approved an income tax increase from 2.0 percent to 2.5 percent in a special election held on August 4, 2009. The new income tax rate became effective on October 1, 2009. For 2011 General Fund Operations, the City Council has approved a balanced budget of $\$ 705.25$ million.

Property tax collections are estimated at $\$ 50.8$ million for 2011, a $\$ 1.9$ million decrease when compared to the $\$ 52.7$ million collected in 2010.

Monies collected by the State of Ohio and shared with its political sub-divisions; the Local Government Fund, are estimated in 2011 to provide $\$ 39.3$ million to the City compared to $\$ 40.7$ million received in 2010. This revenue source is uncertain for 2011 as the Ohio legislature continues to discuss options for balancing the state's budget. The Governor and the Ohio Legislature are presently considering changes to the current formula determining the amounts of local government funds shared with local governments. Reductions of as much as 50 percent over the State's next biennium (July 2011 - June 2013) are presently being considered. Debate also continues over the possible elimination of Ohio's estate tax.

While financial challenges for the City continue, some services which were cut in 2008 and 2009 have been restored as a result of the income tax rate increase approved by the voters. The Mayor and City Council have confirmed their commitment to safety, economic development, replenishment of the rainy day fund, and continued progress toward controlling personnel costs.

## The Columbus Economic Advisory Committee

On March 10, 2008, in recognition of declining revenues and increasing costs, the Mayor, with the support of City Council, commissioned the Columbus Economic Advisory Committee to analyze the fiscal condition of the City's General Fund. The Committee consisted of 15 members representing local economic experts and community leaders. The goal of the Committee was to determine if a continuing structural imbalance exists between the City's General Fund Revenues and Expenditures.

The Committee, in its report issued March 5, 2009, concluded that a structural imbalance did exist and offered a wide variety of options for the City to consider. Such options include a combination of cost savings and revenue enhancements. A synopsis of the recommendations follows. Subsequent actions are identified in italics.

Cost Savings Recommendations:

- Conduct an audit of salary and benefits provided to employees and use the resulting information as a guide when negotiating labor contracts. Such audit was completed in 2009.
- The City should phase out for existing employees and discontinue for new employees the practice of paying the employee share of retirement costs. This recommendation was implemented in 2010.
- Establish new policies that discourage excessive overtime. Additional overtime monitoring was put into place in 2009.
- Require higher employee contribution toward the cost of health care benefits. Employee contributions were increased in 2010 and again in 2011.

Agency Recommendations:

- Determine with other local communities the role of the City in providing primary health care.
- Explore additional partnerships with the Franklin County Metropolitan Parks system. A Memorandum of Understanding with the Franklin County Metropolitan Parks system was established in May 2010, under which the Metro Parks system is now responsible for the maintenance of bikeway trails.
- A review of fees charged by City agencies to ensure marketplace competition and full recovery of costs of services.
- Fund economic development and job creation activities as aggressively as possible. Efforts are ongoing.
- Civilianize certain sections of the divisions of police and fire. An audit of potential positions was completed in 2010.
- Evaluate the cost of operation of the Division of Fire.
- Review the feasibility of merging the City's weights and measures operation with the Franklin County weights and measures operations.
Revenue options:
- The committee recommends an increase in the City income tax rate in a range from . 25 percent to .50 percent. City voters approved an income tax increase from $2.0 \%$ to $2.5 \%$ in a special election held on August 4, 2009. The new rate became effective on October 1, 2009.
- The Committee recommends that the City charge a fee for refuse collection, especially if an income tax increase cannot be accomplished. The City has decided not to implement a refuse fee at this time.
- The City should pursue a city-wide recycling program separate and apart from the refuse fee. This recommendation continues to be studied.
- The Committee recommends that the City expand the use of photo red light technology. The City intends to add twenty additional cameras, with installation beginning in 2010 and continuing into 2011.

Economic Stabilization (Rainy Day) Fund:

- The Committee recommends that the City consider whether the current rainy day fund percentage of five percent of prior year expenditures is sufficient and recommends that replenishing the fund be a top priority. City Council passed a resolution on December 16, 2009 to reaffirm the role of the Economic Stabilization Fund in allowing the City to maintain and continue basic services during an economic downturn, natural disaster, or catastrophe and to establish as a goal a balance of $\$ 50$ million in the fund by the end of 2014. The rainy day fund has been restored to $\$ 22.7$ million, with another $\$ 10$ million budgeted in the 2011 appropriations ordinance to be transferred into the rainy day fund. These deposits put the City ahead in the commitment to restore the rainy day fund balance to $\$ 50$ million by the end of 2014.

As noted above, the City has implemented or started to implement many of the recommendations of the Economic Advisory Committee.

## Request for I nformation

This financial report is designed to provide our citizens, taxpayers, customers, investors, and creditors with a general overview of the City's finances and to show accountability for the money it receives. This report is also available on the City's website at www.columbus.gov. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the City Auditor's Office, 90 West Broad Street, Columbus, Ohio, 43215.

Total liabilities

The notes to the financial statements are an integral part of this statement.

Total fund balances for governmental funds (Exhibit 3)

Total net assets reported for governmental activities in the statement of net assets is different because:

Capital assets used in governmental activities (excluding internal service fund capital assets of $\$ 38,653$ ) are not financial resources and therefore are not reported in the funds. Those assets consist of:

| Land | 257,548 |
| :--- | ---: |
| Buildings, net of $\$ 159,696$ accumulated depreciation | 299,950 |
| Improvements other than buildings, net of $\$ 79,220$ accumulated depreciation | 143,857 |
| Machinery and equipment, net of $\$ 167,724$ accumulated depreciation | 70,477 |
| Infrastructure, net of $\$ 390,723$ accumulated depreciation | $1,039,545$ |

Bond issuance costs were reported as expenditures in the governmental fund when the debt was issued, whereas bond issuance costs are deferred in the statement of net assets. Deferred bond issuance costs are amortized, over the life of the debt issued, as an adjustment to interest expense in the statement of activities.

Internal services funds (see Exhibit 5) are used by the City to account for the financing of goods or services provided by one department or agency to other City departments or agencies, generally on a cost reimbursement basis. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net assets.

City income tax revenue related to 2010 (and prior tax years) will be collected beyond the 60 day period used to record revenue in the fund statements. Revenue and a corresponding receivable for this amount are included in the government-wide statements.

Charges for services related to 2010 (and prior years) will be collected beyond the 60 day period used to record revenue in the fund statements. Revenue and a corresponding receivable for this amount are included in the government-wide statements.
Grant revenue related to 2010 will be collected beyond the 60 day period used to record revenue in the fund statements. Revenue and a corresponding receivable for this amount are included in the government-wide statements.

State shared revenue appropriated during the State of Ohio's fiscal year ended June 30, 2011 will be collected beyond the 60 day period used to record revenue in the fund statements. Revenue and a corresponding receivable for this amount are included in the government-wide statements.

Long-term liabilities applicable to the City's governmental activities are not due and payable in the current period and accordingly are not reported as fund liabilities. Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditure when due. All liabilities - both current and long-term - are reported in the statement of net assets. Also, during the year the City issued new debt. The deferred amount on refunding and premium received on the refunding were reported in the governmental fund when the debt was issued, whereas these amounts are deferred and amortized, over the remaining life of the new debt, as an adjustment to interest expense in the statement of activities.

Balances at December 31, 2010 are:
Accrued interest on bonds
Due to other governments
Capital lease
Bonds and notes payable
Unamortized deferred amount on refunding
Unamortized premiums
Total long-term liabilities (see Note G)
Total net assets of governmental activities (Exhibit 1)
The notes to the financial statements are an integral part of this statement.

The notes to the financial statements are an integral part of this statement.

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets, which meet capitalization requirements, is allocated over their estimated useful lives and reported as depreciation expense. This amount includes the adjustment for capital outlay expenditures capitalized (\$101,273 of total capital outlay of $\$ 111,972$ met the capitalization requirements) offset by depreciation expense $(\$ 66,428)$ and loss on disposal of assets $(\$ 13,548)$ in the current period. The City had donated capital assets of $\$ 6,581$ in 2010 which is not reported in
the governmental funds.

Deferred amounts on refunding are included as expenditures in the funds, but are deferred and amortized over the life of the bonds in the government-wide financial statements. This amount represents the deferred amount on the 2010 refunding $(\$ 1,438)$ offset by amortization of deferred amounts on all refundings.

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Change in net assets of internal service funds reported with governmental activities.

The notes to the financial statements are an integral part of this statement.

## NOTES TO THE FINANCIAL STATEMENTS

## CITY OF COLUMBUS, OHIO

## NOTE A-SUMMARY OF SI GNI FI CANT ACCOUNTING POLICIES

The state legislature established Columbus as a city in 1812. The City is a home-rule municipal corporation operating under the laws of Ohio. The City's Charter, its constitution, can only be amended by a majority of the City's voters. The City operates under the Council-Mayor form of government.

The accompanying financial statements comply with the provisions of Governmental Accounting Standards Board (GASB) Statement No. 14, The Financial Reporting Entity, and Statement No. 39, Determining Whether Certain Organizations Are Component Units, in that the financial statements include all the organizations, activities, functions, and component units for which the City (the reporting entity) is financially accountable. Financial accountability is defined as the appointment of a voting majority of the component unit's board, and either (1) the City's ability to impose its will over the component unit, or (2) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the City. On this basis, the reporting entity of the City includes the following services as authorized by its charter: public service, public safety, development, health, and recreation and parks. In addition, the City owns and operates five enterprise activities: a water system, a sanitary sewer system, a storm sewer system, an electricity distribution system, and City owned parking garages. The reporting entity also includes three joint ventures and one component unit.

Joint Ventures:

- The Franklin Park Conservatory Joint Recreation District (the Conservatory District) was created by the City (Resolution 109X-90) and Franklin County (Resolution 79-90) in 1990 pursuant to authority contained in Section 755.14(B) of the Ohio Revised Code (ORC). The agreement between the City and the County that created the Conservatory District in 1990 was amended by the City (Ordinance 1794-96) and the County (Resolution 800-96) in August 1996. The amendment increased the number of members of the Board of the Conservatory District from 10 to 17 . Eight members of the Board are appointed by the Mayor of the City subject to confirmation by the City's Council and six members are appointed by the County. In addition, the Governor, the Speaker of the House of Representatives and the President of the Senate of the State of Ohio each appoint one member to the Board pursuant to the authority contained in Section $755.14(B)(2)$ of the ORC. State appointed members are nonvoting members if they also serve as members of the Ohio General Assembly; no member presently serves in both roles. The Mayor of the City, therefore, does not appoint a voting majority of the Board.

The City contributed certain capital assets to the Conservatory District at the time of its inception and has agreed to an annual operating subsidy, but subject to annual appropriation by the City's Council. Revenues, the operating subsidy, received by the Conservatory District in 2010 from the City were $\$ 350,000$. In addition, the City provided support of $\$ 1,100,000$ in 2010 for the Conservatory District's capital needs. In the event of the Conservatory District's liquidation, its assets will be transferred to the City.

Because the City's Mayor does not appoint a voting majority of the Conservatory District's Board and multiple governments participate in the board appointment process, the City accounts for and reports the financial activity of the Conservatory District as a joint venture pursuant to GASB Statements No. 14 and 39. The Conservatory District's financial statements may be obtained from The Franklin Park Conservatory Joint Recreation District at 1777 East Broad Street, Columbus, Ohio 43203. Other information about the Conservatory District can be obtained on their website at www.fpconservatory.org.

- The Affordable Housing Trust for Columbus and Franklin County (AHT) was initially created as the Columbus Housing Trust Corporation, with Articles of Incorporation (Articles) filed with the Ohio Secretary of State on August 31, 2000. Amended Articles were then filed for AHT in May 2001. No single government or government official appoints a majority of the Board members. All are jointly appointed.

## CITY OF COLUMBUS, OHI O

## Notes to the Financial Statements, continued

In 2010 the City provided cash assistance to AHT of $\$ 1,161,778$ applicable to fiscal year 2010 hotel-motel tax. The City is committed through its legislation to provide a portion of its hotel-motel tax collections to AHT each year into the future. This commitment approximates $\$ 1.0$ million per year.

Since the Mayor does not singularly appoint a voting majority of AHT's board of trustees and multiple governments participate in both the board appointment process and the financial support of AHT, the City accounts for and reports the financial activity of AHT as a joint venture pursuant to GASB Statements No. 14 and 39. AHT's financial statements may be obtained from The Affordable Housing Trust for Columbus and Franklin County, 185 S. Fifth Street, Columbus, OH 43215. Other information about AHT can be located on their website at www.hztrust.org.

- The Columbus-Franklin County Finance Authority (the Finance Authority) was created by the City (Ordinance 0540-2006) and Franklin County (Resolution 200-06) in March 2006 pursuant to authority contained in Section 4582.21 through 4582.59 of the Ohio Revised Code (ORC). The Finance Authority is governed by a nine-member Board of Directors, each of whom shall serve for a term of four years, of which four (4) shall be appointed by the Mayor of the City, with the advice and consent of City Council, four (4) shall be appointed by the Board of County Commissioners of the County of Franklin, Ohio, and one (1) shall be a joint appointment. The Finance Authority is considered a joint venture of the City and the County. In 2010, the City provided $\$ 137,218$ cash assistance to the Finance Authority for operations. The Finance Authority's financial statements may be obtained from The Columbus-Franklin County Finance Authority, 150 South Front Street, Columbus, Ohio 43215. Other information about the Finance Authority can be located on their website at www.columbusfinance.org.

Component unit:

- The RiverSouth Authority (RiverSouth) came into existence in 2004 as a result of the following statutes. The Columbus City Council, via ordinance no. 2446-03, approved on November 19, 2003, authorized the City Clerk to initiate the process to create The RiverSouth Authority, a new community authority as provided for under Ohio Revised Code (ORC) Chapter 349. The City Council continued the process by establishing the time and place for a public hearing on the matter via Ordinance No. 451-04 approved on March 17, 2004. The public hearing was held at 5:00 p.m. on Monday, April 19, 2004 in City Council Chambers. The Council, via Ordinance No. 1007-04, approved June 23, 2004, created "The RiverSouth Authority" as a body politic and corporate.

The Board of Trustees of the Authority, pursuant to the creating Ordinance 1007-04, consists of nine members. The City appoints five members including one local government representative. The Developer, The Columbus Downtown Development Corporation, a private entity, appoints the remaining four members. RiverSouth encompasses several square blocks in the core of Columbus's downtown, and, as indicated in the background of the ordinance, all to be developed and redeveloped for the conduct of commercial, residential, cultural, educational, and recreational activities.

Certain inter-dependent transactions occurred in 2004 pursuant to the following. Ordinance No. 10092004, approved by Council on June 23, 2004, authorized the City's Director of Development to execute a lease agreement and first supplemental lease agreement with RiverSouth whereby the City leased certain land, approximately 1.621 acres, from RiverSouth and recognized certain projects and costs to be undertaken by RiverSouth. On June 29, 2004 RiverSouth then proceeded to issue $\$ 37,870,000$ of RiverSouth Area Redevelopment Bonds, 2004 Series A (the Bonds). Rental payments from the City to RiverSouth due as a result of the lease and first supplemental lease agreements are to equate to the debt service requirements on the Bonds beginning December 1, 2007 in the total amount of $\$ 58.905$ million. These rental payments are subject to annual appropriations of City Council. Payments began in 2007.

The Official Statement, dated June 24, 2004, issued in conjunction with the Bonds states in part "...the Authority and City entered into the Master Lease Agreement dated June 1, 2004 (the "Lease") under

## CITY OF COLUMBUS, OHI O

Notes to the Financial Statements, continued
which the Authority has agreed to issue obligations to finance redevelopment activities as authorized by the Columbus City Council, and to lease to the City certain land consisting of approximately 1.621 acres (the "Project Land") located in the RiverSouth area in downtown Columbus. The City's lease interest in the Project Land will include the underlying land interest in the Project Land but does not include improvements made on the Project Land whether or not such improvements are financed by Bonds issued by the Authority. Upon the expiration of the lease term, all right, title and interest in the Project Land will be transferred to the City. In connection with each series of Bonds issued by the Authority, the City and the Authority will enter into a supplemental lease agreement. The supplemental lease agreement will identify the capital facilities to be financed with the related series of Bonds and will provide for the applicable rentals. The Authority and City have also entered into the First Supplemental Lease dated June 1, 2004 (the "First Supplemental Lease") in connection with the issuance of the 2004 Series A Bonds. . ."

Ordinance No. 1312-2005, approved by Council on July 25, 2005 authorized the City to enter into a Second Supplemental Lease Agreement with the RiverSouth Authority. This Second Agreement resulted in RiverSouth, on October 11, 2005, issuing an additional \$42,850,000 of bonds; the RiverSouth Area Redevelopment Bonds, 2005 Series A. Rental payments from the City to RiverSouth due as a result of the Second Supplemental Lease Agreement are to equate to the debt service requirements on the 2005 bonds beginning December 1, 2008 in the total amount of $\$ 66.518$ million. Rental payments under the Second Supplemental Lease Agreement are also subject to annual appropriations of City Council with payments beginning in 2008 and apply to the same 1.621 acres of land as the Master Lease Agreement and the First Supplemental Lease Agreements.

Because the City appoints a majority of the Board of Trustee members of RiverSouth and because of RiverSouth's financial dependency on the City, a component unit relationship is deemed to exist. See Note Q - Component Units - for additional disclosures regarding RiverSouth.

The accounting policies and financial reporting practices of the City conform to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental units. In June 2007, GASB issued Statement No. 51, Accounting and Reporting for Intangible Assets. The City has determined that it's accounting and reporting for intangible assets is consistent with the provisions of GASB No. 51; therefore, adoption of this statement does not have an impact on the City's financial statements. In June 2008, GASB issued Statement No. 53, Accounting and Financial Reporting for Derivative Instruments. Pursuant to Chapters 325 and 321 of the City Code, the City does not purchase any form of derivatives; therefore, adoption of this statement does not have an impact on the City's financial statements. In February 2009, GASB issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. The requirements of the statement are effective for fiscal periods beginning after June 15, 2010; however, the City implemented this statement in the 2009 financial statements - See Note N.

The following is a summary of the City's significant accounting policies:

## (a) Government-wide and fund financial statements

Financial information of the City is presented in this report as follows.

- Management's discussion and analysis introduces the basic financial statements and provides an analytical overview of the City's financial activities.
- Basic financial statements:
o Government-wide financial statements consist of a statement of net assets and a statement of activities.

## CITY OF COLUMBUS, OHIO

## Notes to the Financial Statements, continued

These statements report all of the assets, liabilities, revenues, expenses, and gains and losses of the City. Governmental activities are reported separately from business type activities. Governmental activities are normally supported by taxes and intergovernmental revenues whereas business type activities are normally supported by fees and charges for services and are usually intended by management to be financially self-sustaining. Fiduciary funds of the City are not included in these government-wide financial statements; however, separate financial statements are presented for the fiduciary funds.

Interfund receivables and payables between governmental and business type activities have been eliminated in the Government-wide Statement of Net Assets. These eliminations minimize the duplicating effect on assets and liabilities within the governmental and business type activities total column.

Internal service fund balances, whether positive or negative, have been eliminated against the expenses and program revenues shown in the governmental activities Statement of Activities.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the City and for each function of the City's governmental activities.

Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.
o Fund financial statements consist of a series of statements focusing on information about the City's major governmental and enterprise funds. Separate financial statements are presented for the governmental, proprietary, and fiduciary funds.

The City's major governmental funds are the General fund, the General Bond Retirement debt service fund, and the Special Income Tax debt service fund. Of the City's business type activities, its Water, Sanitary Sewer, Storm Sewer, and Electricity enterprise funds are considered major funds.

The General Fund is the accounting entity in which all governmental activity, except that which is required to be accounted for in other funds, is accounted for. Its revenues consist primarily of taxes, investment income, licenses and permits, intergovernmental shared revenue, charges for services, fines, and other.

General Fund expenditures represent costs of general government; public service, including garbage collection; public safety, including fire, police, and communications; certain development costs, and other. Resources of the General Fund are also transferred annually to support services such as public recreation and public health, which are accounted for in separate special revenue funds.

The General Bond Retirement and the Special Income Tax debt service funds are accounting entities in which the City accounts for the accumulation of resources for and the payment of general obligation debt; principal, interest, and related expenditures. Revenues consist primarily of a portion of the City's income tax.

The Water enterprise fund, a major fund, is the accounting entity in which the City accounts for all financial activity related thereto. The City collects, purifies, and sells water to city residents and certain suburban areas. Water is collected from surface areas (rivers) and wells. The City has three water treatment plants. Revenues consist primarily of user charges.

## CITY OF COLUMBUS, OHI O

Notes to the Financial Statements, continued
The Sanitary Sewer enterprise fund, a major fund, is the accounting entity in which the City accounts for all financial activity related thereto. The City collects and treats effluent of City residents and residents of certain suburban areas. The City has two sewerage treatment plants. Revenues consist primarily of user charges.

The Storm Sewer enterprise fund, a major fund, is the accounting entity in which the City accounts for all financial activity related thereto. Revenues consist primarily of user charges.

The Electricity enterprise fund, a major fund, is the accounting entity in which the City accounts for all the financial activity related thereto. The City purchases, but does not generate, and sells electricity to its 12,545 customers; 9,407 residential and 3,138 commercial. Revenues consist primarily of user charges.

The Garages enterprise fund, a nonmajor fund, is the accounting entity established in 2007 in which the City accounts for all the financial activity related to both City-owned parking garages. One of the City garages opened late in 2009, while the second opened in 2010. Revenues in this fund will consist primarily of parking fees.

The City maintains various nonmajor internal service funds which are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the government, generally on a cost reimbursement basis. The largest of these funds account for fleet management services and electronic information services.

Also maintained by the City are fiduciary funds such as agency funds used to account for assets held by the government as an agent for individuals, private organizations, other governments, and/or other funds.
o Notes to the financial statements providing information that is essential to a user's understanding of the basic financial statements.

- Required supplementary information such as budgetary comparison schedules as required by GASB. The City maintains budgetary controls by not permitting expenditures to exceed appropriations at the Object Level One level for each division within each fund.

## (b) Financial reporting presentation

The accounts of the City are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures (expenses). Fund types are as follows:

## GOVERNMENTAL FUNDS

General Fund-The General Fund is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Funds-Special Revenue Funds are used to account for revenues derived from specific taxes, grants, or other restricted revenue sources. The uses and limitations of each special revenue fund are specified by City ordinances or federal and state statutes.

Debt Service Funds-Debt Service Funds are used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs.

## CITY OF COLUMBUS, OHI O

## Notes to the Financial Statements, continued

Capital Projects Funds-Capital Projects Funds are used to account for financial resources used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds).

Permanent Funds-Permanent funds are for the purpose of accounting for resources that are legally restricted to the extent that earnings, and not principal, may be used for purposes that support the reporting government's programs. The City, however, does not utilize Permanent funds.

## PROPRIETARY FUNDS

Enterprise Funds-Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises-where the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The City has separate enterprise funds for its water, sanitary sewer, storm sewer, electricity services, and parking garages.

Internal Service Funds-Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the City, generally on a cost-reimbursement basis.

## FIDUCIARY FUNDS

Agency Funds-Agency Funds are used to account for assets held by the City as an agent for individuals, private organizations, other governments, and/or other funds. Assets held for other funds or governments include payroll taxes and other employee withholdings (which are combined into one agency fund for ease of payment), income taxes, and utility charges collected by the City on behalf of other governments. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

Other Fiduciary funds; which, however, the City does not utilize are Pension trust funds used to account for resources that are required to be held in trust for the respective members or beneficiaries; Investment trust funds used to report the external portion of investment pools reported by the sponsoring government as required by GASB No. 31 and Private-purpose trust funds used to account for other trust arrangements which benefit individuals, private organizations, or other governments.

## (c) Measurement focus and bases of accounting

Except for budgetary purposes, the bases of accounting used by the City conform to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental units. The accounting and financial reporting treatment applied to a fund is determined by its measurement focus.

The government-wide and the proprietary fund financial statements are reported using the economic resources measurement focus. The government-wide, proprietary, and fiduciary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the City gives (or receives) value without directly receiving (or giving) equal value in exchange, include income taxes, property taxes, grants, shared revenue (unrestricted, intergovernmental revenue) and donations. On an accrual basis, revenue from income taxes is recognized in the period in which the taxpayer's liability occurs and revenue from property taxes is recognized in the fiscal year for which the taxes are levied. On an accrual basis, revenue in the form of shared revenue is recognized when the provider government recognizes its liability to the City. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

## CITY OF COLUMBUS, OHIO

## Notes to the Financial Statements, continued

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The City considers all revenues reported in the governmental funds to be available if the revenues are collected within sixty days after year-end. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt are reported as other financing sources.

Pursuant to GASB Statement No. 20, Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities that use Proprietary Fund Accounting, the City follows GASB guidance as applicable to its governmental and business-type activities, and Financial Accounting Standards Boards (FASB) guidance issued on or before November 30, 1989 that does not conflict with or contradict GASB Pronouncements. The City has elected not to follow FASB guidance issued after November 30, 1989.

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

## (d) Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed in all funds. On the GAAP basis of accounting, encumbrances do not constitute expenditures or liabilities. There were outstanding encumbrances in two of the major governmental funds at December 31, 2010: $\$ 16$ million in the General Fund and $\$ 15$ million in the Special Income Tax Fund. In addition, encumbrances in the Other Governmental funds at December 31, 2010 totaled $\$ 296$ million. Funds may be encumbered when they are collected or in process of being collected.

## (e) Cash Equivalents

For purposes of the statement of cash flows, the Proprietary Funds consider all highly liquid investments held by trustees, with an original maturity of three months or less when purchased, to be cash equivalents. In addition, all cash and investments with treasurer are also considered to be cash equivalents because they are available to the Proprietary Funds on demand.

## (f) Investments

In accordance with GASB Statement No. 31, Accounting and Financial Reporting for Certain Investments and for External Investment Pools, the City records all of its investments at fair value as defined in the statement.

The City does not engage in any form of derivatives or reverse repurchase agreements in the management of its investment portfolio. Only eligible investments with final maturities not greater than two years from time of purchase are permitted. The City's cash and investments are further explained in Note C.

## (g) Inventory

Inventory is valued at cost utilizing the first-in, first-out method for enterprise funds and the average cost method for internal service funds. Items considered as inventory in the enterprise funds and internal service funds are accounted for as expenditures when acquired by governmental funds.

## CITY OF COLUMBUS, OHI O

Notes to the Financial Statements, continued

## (h) Capital Assets

Capital assets, which include property, plant and equipment, and infrastructure (e.g. roads, curbs and gutters, streets and sidewalks, and drainage systems) are reported in the applicable governmental or business-type activity columns in the government-wide financial statements. The City defines capital assets as assets with an estimated useful life of five years or more from the time of acquisition by the City and a cost of $\$ 5,000$ or more. Such assets are recorded at historical cost or estimated historical cost (for certain assets acquired prior to 1960). Pursuant to the implementation of GASB Statement No. 34, the historical cost of infrastructure assets (retroactive to January 1,1979) is included as part of the governmental capital assets reported in the government-wide statements. Donated assets are recorded at estimated fair market value at the date of donation.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Property, plant and equipment, and infrastructure are depreciated using the straight line method over the following estimated useful lives:

| Description | Estimated Lives <br> (years) |  |
| :--- | :--- | :---: |
| Information processing equipment | $5-7$ |  |
| Trucks | 8 |  |
| Equipment, furniture, and fixtures | 10 |  |
| Heavy rescue equipment | 25 |  |
| Buildings, infrastructure, water lines, and fire hydrants |  | 40 |
| Sewer mains and certain water assets |  | $75-100$ |

## (i) Pensions

Pursuant to the modified accrual basis of accounting, governmental funds record the provision for pension cost when the obligation is incurred and will be liquidated with available and measurable resources. Pension cost for proprietary fund types is recorded when incurred (see Note K).

## (j) Insurance

The City assumes the liability for most property damage and personal injury risks. Judgments and claims, including those incurred but not reported as of year-end, are recorded when it is probable that an asset has been impaired or a liability has been incurred and the amount of loss can be reasonably estimated. The City insures certain of its major buildings. The policy has a $\$ 100,000$ deductible. No losses occurred in 2008, 2009, or 2010 that exceeded insurance coverage.

The City's Division of Police operates a fleet of six jet-powered helicopters. Liability insurance for bodily injury and property damage is carried on all helicopters at $\$ 15,000,000$ per loss occurrence and $\$ 1,000,000$ per passenger seat. There is no deductible for the liability coverage. In addition, all six aircraft are insured against casualty loss (physical damage) with a deductible of $\$ 500$ for losses sustained when the unit is not in motion and a deductible of $\$ 100,000$ for losses sustained while the unit is in motion. Three helicopters in the fleet are valued at $\$ 1,000,000$ each and three are valued at $\$ 1,700,000$ each. Hull insurance is carried on all units at the unit's full value. In addition, the FLIR cameras used in the units during flight operations are also insured at full value.

## CITY OF COLUMBUS, OHIO

Notes to the Financial Statements, continued
Additionally, the City provides medical, dental, vision, and short-term disability coverage for its employees on a self-insurance basis. Expenses for claims are recorded on a current basis based on an actuarially determined charge per employee. The City accounts for such activity in an Internal Service Fund in accordance with GASB Statement No. 10, Accounting and Financial Reporting for Risk Financing and Related Insurance Issues.

A summary of changes in self-insurance medical claims liability follows:

Claims liability at January 1
Incurred claims, net of favorable settlements Claims paid
Claims liability at December 31

| 2010 | (in thousands) |  |  | 2006 |
| :---: | :---: | :---: | :---: | :---: |
|  | 2009 | 2008 | 2007 |  |
| \$ 8,555 | \$ 8,000 | 7,500 | \$ 6,300 | 5,300 |
| 112,146 | 104,741 | 97,630 | 87,167 | 82,247 |
| $(112,056)$ | $(104,186)$ | $(97,130)$ | $(85,967)$ | (81,247) |
| 8,645 | 8,555 | \$ 8,000 | \$ 7,500 | 6,300 |

Claims are accrued based upon estimates of the claims liabilities made by management and the third-party administrator of the City. These estimates are based on past experience and current claims outstanding. Actual claims experience may differ from the estimate. An actuary was used in the determination of the current liability. This claims liability is recorded in the Internal Service Fund as accrued wages and benefits.

Beginning in 2006 the City began to partially self-insure its workers' compensation costs in conjunction with the Ohio Bureau of Workers' Compensation. Expenses for claims are recorded on the current basis based on an actuarially determined charge per employee. The City accounts for the activities of this program in an Internal Service Fund in accordance with GASB Statement No. 10.

A summary of changes in self-insurance worker's compensation claims liability follows:

|  | 2010 |  | (in thousands) |  |  |  |  |  | 2006 |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  |  |  |  | 2009 |  | 2008 |  | 2007 |  |  |
| Claims liability at January 1 | \$ | 34,528 | \$ | 39,040 | \$ | 26,754 | \$ | 11,684 | \$ | \$ |
| Incurred claims, net of favorable settlements |  | 16,511 |  | 1,882 |  | 14,158 |  | 16,283 |  | 11,684 |
| Claims paid |  | $(7,155)$ |  | $(6,394)$ |  | $(1,872)$ |  | $(1,213)$ |  |  |
| Claims liability at December 31 | \$ | 43,884 | \$ | 34,528 | \$ | 39,040 | \$ | 26,754 |  | \$ 11,684 |

## (k) Vacation and Sick Leave

City employees are granted vacation and sick leave in varying amounts. In the event of termination, an employee is reimbursed for accumulated vacation and sick leave at various rates.

Vacation and sick leave accumulated by governmental fund type and proprietary fund type employees is reported as an expense when earned in the government-wide financial statements. Vacation and sick leave accumulated by governmental fund type employees is not reported as an expenditure in the governmental fund financial statements, as current financial resources are not used.

Payment of vacation and sick leave is dependent upon many factors; therefore, timing of future payments is not readily determinable. However, management believes that sufficient resources will be made available for the payment of vacation and sick leave when such payments become due.

## (I) Debt I ssuance Costs, Premiums, Discounts, and Deferred Amounts on Refundings

Bond premiums and discounts, as well as issuance costs and deferred amounts on refundings, are capitalized and amortized over the life of the bonds.

## (m) Interfund Transactions

The City has the following types of transactions among funds:

1) Reciprocal interfund loans: Amounts provided by one fund to another with a requirement for repayment.
2) Reciprocal interfund services provided and used: Purchases and sales of goods and services between funds for a price approximating their external exchange value.
3) Nonreciprocal interfund transfers: Flows of assets between funds without equivalent flows of assets in return and without a requirement for repayment. This includes payments in lieu of taxes that are not payments for, and are not reasonably equivalent in value to, services provided.
4) Nonreciprocal interfund reimbursements: Repayments from the funds responsible for particular expenditures or expenses to the funds that initially paid for them.
5) The City's interfund receivables and payables at December 31, 2010 are presented in Note E. Transfers are presented in Note P.

## (n) Budgetary Information

Annual budgets are adopted for all governmental funds other than capital projects funds on a basis other than GAAP in that revenues are recorded when received in cash and expenditures are recorded when encumbered or paid in cash. Capital projects funds adopt project-length budgets at the time bonds are sold or other funding sources are determined. The City maintains budgetary controls by not permitting expenditures to exceed appropriations at the Object Level One level for each division within each fund.

## (o) Restricted Net Assets

At December 31, 2010, $\$ 33.202$ million of the City's $\$ 60.578$ million in governmental activities restricted net assets on the Statement of Net Assets were restricted by enabling legislation, as defined by GASB Statement No. 46, Net Assets Restricted by Enabling Legislation.

## (p) Other Significant Accounting Policies

Pursuant to local statute and determined by an internal cost allocation plan, certain costs initially borne by the General Fund are then billed as direct charges to other funds of the City. Revenues from these charges are accounted for in the government-wide Statement of Activities as general government and in the governmental funds Statement of Revenue, Expenditures, and Changes in Fund Balances General Fund as charges for services. The corresponding expenses appear as function/program costs in the Statement of Activities.

The City, in its proprietary funds, accounts for all recurring type revenues, including all revenues which the City controls through statutory pricing or regulatory authority, as operating revenues and all recurring type expenses as operating expenses. Non-recurring revenues such as gains on sales of assets and revenues over which the City has minimal or no control, primarily interest earnings, are accounted for as nonoperating revenues. Interest expense and other non-recurring expenses, over which the City has minimal or no control, are reported as non-operating expense.

The City complies with all restrictions governing the use of restricted assets. Such restrictions do not offer discretion regarding use of these resources in an unrestricted manner. Where capital funds, usually bond proceeds, are available capital assets are acquired from such resources. Capital assets can be, however, and to a lesser amount are, acquired from unrestricted resources.

Certain activity reported in debt service funds in prior years has been reclassified to capital projects funds in the current year.

## NOTE B-COMMITMENTS AND CONTI NGENCIES

## (a) Litigation

The City is a defendant in a number of lawsuits pertaining to matters that are incidental to performing routine governmental and other functions. As of March 31, 2011, claims approximating $\$ 155$ million were outstanding against the City. Based on the current status of all these legal proceedings, it is the opinion of management that ultimate resolution of such will not have a material effect on the City's financial statements.

## (b) Federal Grants

Under the terms of federal grants, periodic audits are required and certain costs may be questioned as not being appropriate expenditures under the terms of the grants. Such audits could lead to reimbursements to the grantor agencies. While questioned costs may occur, ultimate repayments required of the City have been infrequent in prior years.

## (c) Franklin County Convention Facilities Authority (CFA)

The CFA is a separate and distinct entity created under the laws of Ohio. In June 1990, the CFA issued lease revenue bonds for the purpose of constructing a convention facility in downtown Columbus. Also in June 1990, the City and the County of Franklin, Ohio (the County) entered into a lease/sublease arrangement with the CFA pursuant to which the City and the County leased the convention facility as tenants in common from the CFA. The City and the County subleased the facility back to the CFA. The lease requires that the City and the County each pay rent to the CFA in an amount equal to one half of the debt service on the revenue bonds. Under the sublease, the CFA is required to pay rent to the County and the City in an amount equal to such debt service. Such sub rental payments are expected to be derived from the hotel/motel excise tax levied by the CFA, and if such tax is insufficient, from earnings on, and the principal amount of, certain reserve funds created in connection with the issuance of the revenue bonds. If the foregoing amounts are insufficient, the City agreed in the lease to apply that portion of the hotel/motel tax levied by the City and currently paid by the City to a convention and visitors bureau to the payment of rentals under the lease. If, after the application of the foregoing amounts, additional amounts are required to meet the City's and the County's obligations under the lease, such amounts will be paid by the City and the County, in equal shares, from their general resources, provided that their respective legislative bodies have appropriated funds for such purpose. No such payments were necessary prior to or during 2010. The lease will terminate as to the City and the County if their respective legislative bodies fail to appropriate amounts required for rentals thereunder. The total amount of these revenue bonds outstanding at December 31, 2010 was $\$ 158.3$ million net of premiums and discounts of $\$ 622$ thousand, or a gross amount of $\$ 158.9$ million.

## (d) Other Iiabilities

## Compensated Absences and Termination Benefit Arrangement

At December 31, 2010, the City had compensated absences liabilities of Governmental Type Activities that will not be paid from funds available, as defined. The City wishes to fully disclose these liabilities. In accordance with GASB Interpretation No. 6; Recognition and Measurement of Certain Liabilities and Expenditures in Governmental Fund Financial Statements, however, these liabilities are not accounted for, nor are they required to be, in the Fund financial statements contained in this report. Accrued vacation and sick leave are granted to City employees at varying amounts. At the time of the employee's termination, such accruals are paid to the employee at varying rates from the fund to which the employee's payroll is charged. Except for the unused portion of an employee's prior year's sick leave accrual which is recorded in the fund that ultimately disburses this accrual to the employee after year end, all other accrued vacation and sick leave applicable to governmental type activities is not reflected in the fund financial statements contained in this report.

## CITY OF COLUMBUS, OHI O

Notes to the Financial Statements, continued
A one-time voluntary severance plan known as the Employee Severance Plan (ESP), designed and implemented by a third party contractor, was approved by City Council on October 27, 2008. The plan was available to classified full-time employees of the City who, as of December 31, 2008, (i) were members of American Federation of State and County Municipal Employees (AFSCME), Columbus Municipal Association of Government Employees (CMAGE), Management Compensation Plan (MCP), or Fraternal Order of Police/Ohio Labor Council (OLC); (ii) held a position that was $50 \%$ or more funded by the City's General Fund, Health Special Revenue Fund, or the Recreation and Parks Operating Special Revenue Fund; and (iii) had twenty (20) or more years of service as an employee with the City. The voluntary termination was effective December 31, 2008.

The benefits for the 65 City employees electing the ESP are as follows: AFSCME and OLC employees will receive $100 \%$ of their 2008 annual base salary capped at $\$ 35,000$ divided into 60 equal monthly payments. CMAGE employees will receive $100 \%$ of their annual base salary capped at $\$ 40,000$ divided into 60 equal monthly payments. MCP employees will receive $100 \%$ of their 2008 annual base salary capped at $\$ 45,000$ divided into 60 equal monthly payments. The monthly benefits began in April 2009. To fund the ESP, the City agreed to pay the third party contractor a total of $\$ 2.632$ million over three years beginning in 2009 ( $\$ 1.657$ million, $\$ 507$ thousand, and $\$ 468$ thousand in 2009, 2010, and 2011, respectively). The final payment on this liability, $\$ 468$ thousand, was made on March 11, 2011.

The long term liability activity related to compensated absences and the ESP for the year ended December 31, 2010, was as follows:

|  | Beginning Balance |  | Additions | Reductions | Ending Balance |  | Amount payable within one year |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | (in thousands) |  |  |  |  |  |  |  |
| Governmental Activities | \$ | 73,856 | 53,876 | 53,008 | \$ | 74,724 | \$ | 53,470 |
| Business Type Activities |  | 5,070 | 7,722 | 7,512 |  | 5,280 |  | 5,280 |

Internal service funds predominately serve the governmental funds. Accordingly, long-term liabilities for all internal service fund compensated absences in the amount of $\$ 2.002$ million at year end are included in the totals above for governmental activities. Also, for the governmental activities, compensated absences are generally liquidated at a rate of approximately $80 \%$ from the general fund, $16 \%$ from other governmental funds, and $4 \%$ from the internal service funds.

## NOTE C-CASH AND INVESTMENTS

I nvestment Policies: The City follows GASB Statement No. 31, Accounting and Financial Reporting for Certain Investments and for External Investment Pools, and records all its investments at fair value. At December 31, 2010, fair value was $\$ 1,399,927$ below the City's net cost for its investments. At December 31, 2009, fair value was $\$ 770,939$ below net cost. Fair value is determined by quoted market prices and acceptable other pricing methodologies.

The City pools its cash, except for that held by revenue bond trustees, fiscal and escrow agents, and certain debt service and agency fund cash and investments, for maximum investing efficiency. Earnings on the pool are allocated to individual funds at the discretion of the City Council after meeting revenue bond indentures and other requirements. All statutory requirements are met in distributing earnings of the pool to various funds.

The City Codes, Chapters 325 and 321, respectively, provide for a Treasury Investment Board and a Depository Commission. Both consist of the City Treasurer, who serves as chairman and represents the City Council; the City Auditor, an independently elected official; and the Director of the Department of Finance, representing the Mayor; hence a check and balance process via the separation of powers.

## CITY OF COLUMBUS, OHI O

Notes to the Financial Statements, continued
Pursuant to these code sections, the City does not purchase any form of derivatives. The City does invest in STAROhio, an investment pool managed by the State Treasurer's Office that allows governments within the State to pool their funds for investment purposes. STAROhio is not registered with the Securities Exchange Commission as an investment company, but does operate in a manner similar to Rule 2a-7 of the Investment Company Act of 1940. Investments in STAROhio are valued at STAROhio's share price that is the price the investment could be sold for on December 31, 2010.

Management of STAROhio states that its policy also prohibits investing in derivatives and/or engaging in the use of reverse repurchase agreements. Average days to maturity of the STAROhio portfolio at December 31, 2010 was 58 days ( 61 days at December 31, 2009). The City is prohibited from using reverse repurchase agreements and does not leverage its investment portfolio in any manner. The City purchases investments only through member banks of the Federal Reserve System or broker dealers registered with the National Association of Security Dealers. The City requires broker dealers to formally apply for and be evaluated for eligibility to conduct business with the City.

The City's investment code limits its investments to those governmental type investments noted below. Generally, only eligible investments with the remaining terms not greater than two years until final maturity are purchased by the Treasurer. Investments with a remaining term of greater than two years may be purchased only with the specific approval of City Council. Average days to maturity of the City's investments with the Treasurer at December 31, 2010 was 416.1 days ( 361.3 days at December 31, 2009).

Investments as permitted by Chapter 325 of the Columbus City Code are:
A. Bonds, notes, or other obligations of the United States government or its Agencies for which the faith of the United States is pledged for the payment of principal and interest thereon. They are:

Obligations of the United States government:

- United States Treasury Bills
- United States Treasury Notes
- United States Treasury Bonds
- United States Treasury Strips

Obligations guaranteed by the United States government:
Federal government agencies:

- Department of Housing and Urban Development
- Farmers Home Administration
- General Service Administration
- Government National Mortgage Association
- Maritime Administration
- Washington Metropolitan Area Transit Authority
B. Bonds, notes, debentures, or other obligations issued by any of the federal government-sponsored enterprises listed below. They are:
- Federal Farm Credit System
- Federal Home Loan Banks
- Federal Home Loan Mortgage Corporation
- Federal National Mortgage Association
C. The Ohio State Treasurer's Asset Reserve Funds (STAROhio) pursuant to Ohio Revised Code 135.45;
D. Bonds or other obligations of the City of Columbus, Ohio;

## CITY OF COLUMBUS, OHI O

Notes to the Financial Statements, continued
E. Obligations of the State of Ohio or any municipal corporation, village, county, township, or other political subdivision of the State of Ohio, as to which there is no default of principal or interest and which have been approved as to their validity by nationally recognized bond counsel.
F. Certificates of deposits (collateralized as described below) in eligible institutions applying for moneys as provided in Chapter 321 of Columbus City Codes; and
G. Repurchase agreements that are collateralized with legally authorized securities as defined in Chapter 321.08 of Columbus City Code and held in third-party safekeeping designated by the City Treasurer and in the name of the City of Columbus.

Safeguarding activities call for the City's investments with the Treasurer, except for investments with STAROhio, investments held by revenue bond trustees, fiscal and escrow agents, and certain debt service and agency funds, to be held in book entry form at federal reserve banks in the accounts of certain member banks-agents of the City who hold the investments in the City's name.

The revenue bond agreements of the water and sanitary sewer enterprises require certain cash and investments to be maintained and managed by trustees. The respective trustees, bank trust departments, invest these monies at the direction of the City Auditor pursuant to the revenue bond agreements.

All of the City's deposits and investments comply with State statutes, City ordinances, and applicable bond indentures.

Deposits: Custodial credit risk is the risk that, in the event of a bank failure, the City's deposits may not be returned. The City's policy is to place deposits with major local banks (as defined by Chapter 321 of the City Code) approved by the Depository Commission. All deposits, except for deposits held by fiscal and escrow agents or trustees, are collateralized with eligible securities in amounts equal to at least $105 \%$ of the carrying value of the deposits. Such collateral, as permitted by Chapter 135 of the ORC and Chapter 321 of the Columbus City Code, is held in single financial institution collateral pools at Federal Reserve Banks, or at member banks of the federal reserve system in the name of the respective depository bank, and pledged as a pool of collateral against all of the public deposits it holds or as specific collateral held at a Federal Reserve Bank in the name of the City.

At December 31, 2010, the carrying amount of all City deposits, exclusive of money market funds in the amount of $\$ 11,530,342$ held by bond trustees, was $\$ 316,154,015$. Based on the criteria described in GASB Statement No. 40, Deposits and Investment Risk Disclosures, as of December 31, 2010, $\$ 75,580,467$ of the City's bank balance of $\$ 310,432,086$ was exposed to custodial risk as follows:

|  | (in thousands) |  |
| :---: | :---: | :---: |
| Uninsured and collateral held by the pledging financial institution's agents not in the City's name | \$ | 75,000 |
| Uncollateralized and uninsured |  | 580 |
| Total balances per banks | \$ | 75,580 |

The money market funds, amounting to $\$ 11,530,342$, while held by bond trustees as the City's agents and in the City's name, are also considered uncollateralized and uninsured. However, their disposition and availability are governed by bond ordinances and indentures.

## CITY OF COLUMBUS, OHIO

Notes to the Financial Statements, continued
Investments: As of December 31, 2010, the City had the following investments and maturities (amounts in thousands):

STAROhio
US Treasuries
FFCB Notes
FHLB Notes
FHLMC Notes
FNMA Notes

| Fair Value |  | Investment Maturities |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  |  | 6 months or less | 7 to 12 months | 13 to 18 months | 19 to 24 <br> months |  |
| \$ | 4,088 | 4,088 | - | - |  |  |
|  | 1,579 | 1,579 | - | - | - | - |
|  | 100,069 | - | 29,989 | 50,066 | 20,014 | - |
|  | 320,743 | 10,016 | 169,829 | 31,343 | 109,555 | - |
|  | 285,582 | 60,876 | - | 75,017 | 149,689 | - |
|  | 304,532 | - | - | - | 304,532 | - |
|  | 346 | - | 346 | - | - | - |
|  | 286 | - | 286 | - | - | - |
|  | 650 | - | - | - | - | 650 |
| \$ | 1,017,875 | 76,559 | 200,450 | 156,426 | 583,790 | 650 |

Interest Rate Risk. As a means of limiting its exposure to fair value losses arising from rising interest rates, the City's investment policy generally limits investment portfolio maturities to two years or less. The City Treasurer holds two investments which mature in November 2022 and November 2029. These $\$ 650,000$ investments in City of Columbus Limited General Obligation Bonds were specifically authorized by City Council.

Credit Risk. The City's investments in FFCB, FHLB, and FHLMC Coupon Notes were rated AAA and Aaa by Standard \& Poor's and Moody's Investor Services, respectively. The City's investment in FNMA Coupon Notes were rated AAA by both Standard and Poor's and Fitch. The City's investments in various City of Columbus bonds and notes totaling $\$ 1,282,368$ were not specifically rated; however, the City of Columbus Assessment Bonds are general obligations of the City. The City's general obligation bond ratings by Standard \& Poor's, Moody's Investor Services, and Fitch Ratings are AAA, Aaa, and AAA, respectively. Standard and Poor's has assigned STAROhio an AAAm money market rating. The City's policy regarding credit risk is manifest in the types of investments the City is permitted to purchase as prescribed by the City Code, as described above.

Concentration of Credit Risk. The Treasury Investment Board guidelines do not place a limit on the amount which may be invested in any one issuer. Of the City's total investments, $31.5 \%$ are FHLB Notes, $29.9 \%$ are FNMA Notes, $28.1 \%$ are FHLMC Notes, and $9.8 \%$ are FFCB Notes. All other investments not explicitly guaranteed by the U.S. government are $0.5 \%$ of the City's total investments. Investments explicitly guaranteed by the U.S. Government are $0.2 \%$ of the City's total investments.

## CITY OF COLUMBUS, OHIO

Notes to the Financial Statements, continued
The outstanding balances between funds result mainly from the time lag between the dates that interfund goods and services are provided, transactions are recorded in the accounting system, and payments between funds are made.

Certain Interfund Receivable/Payables of a longer term repayment schedule also exist. The Special Income Tax fund has paid debt service on certain general obligation bonds, proceeds of which were used for golf course improvements. The Recreation debt service fund, not a major fund, will make repayments from a portion of its revenues.

## NOTE F-CAPITAL ASSETS

Capital assets; those assets with an estimated useful life of five years or more from the time of acquisition by the City and a cost of $\$ 5,000$ or more, are primarily funded through the issuance of long term bonds and loans. Land and construction in progress are not subject to depreciation.

A summary of capital assets and changes occurring in 2010 follows.

## (in thousands)

On December 7, 2010, the City issued $\$ 41.685$ million of general obligation bonds and $\$ 24.645$ million of general obligation notes. The bonds included tax exempt bonds of $\$ 19.645$ million, Build America Bonds of $\$ 7.04$ million, and Recovery Zone Economic Development Bonds of $\$ 15.0$ million. The bonds were issued to fund $\$ 25.27$ million in Water projects, $\$ 8.665$ million in Sanitary Sewer projects, and $\$ 7.75$ million to refund previously issued governmental activity general obligation notes used to fund Polaris TIF improvements. The $\$ 24.645$ million in general obligation notes were issued to refund parking garage notes which matured on December 10, 2010.

On December 22, 2010, the City issued $\$ 57.75$ million of Recovery Zone Economic Development general obligation bonds. The bonds were issued to fund $\$ 22.65$ million in Storm Sewer projects and $\$ 35.1$ million in governmental activity facility improvements.

All refunds from the U.S. Treasury that result from the issuance of Build America Bonds and Recovery Zone Economic Development Bonds shall be deposited into the City fund responsible for making the debt service

## CITY OF COLUMBUS, OHIO

Notes to the Financial Statements, continued
payment on the related bonds. Interest earnings on proceeds of Build America Bonds and Recovery Zone Economic Development Bonds are required to be used for the capital purpose for which the bonds were issued.

## Premium and I ssuance Costs

Only those bonds and notes issued in 2010 having premiums and/or issuance costs, none had discounts, are shown in the following table.

|  | (in thousands) |  |  |  |  |  |

| $\$$ | 159,342 |

## Short-Term Notes

Special Assessments: The City issues special assessment notes for certain projects where the direct citizenbeneficiary of the project shares in its costs. Upon final determination of costs, the City then converts the remaining portion of the note (the portion not paid upon project completion by the citizen-beneficiary) to bonds. All special assessment notes are general obligations of the City and are held by the Debt Service Fund or the City's pooled cash and investments with Treasurer. All such notes are accounted for in Business-Type-Enterprise activities.

Issuances and maturities of such notes during 2010 were as follows (in thousands).

| Accounted for in: | Date issued | Maturity date | Interest rate |  | at 31, | Additions | Deletions | Balance at December 31, 2010 |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Sanitary Sewer | 4/16/2009 | 11/16/2010 | 2.91\% | \$ | 286 | - | 286 | \$ |  |
|  | 11/16/2010 | 11/16/2011 | 1.20\% |  | - | 286 | - |  | 286 |
| Total Sanitary Sewer |  |  |  | \$ | 286 | 286 | 286 | \$ | 286 |

Series 2010-1 Transportation Projects Limited Tax Notes (General Obligation): The City has borrowed a total of $\$ 29.500$ million through the issuance of bond anticipation notes, of which $\$ 24.645$ remains currently outstanding, to acquire and construct an approximately 773 -space parking garage located at the corner of Rich and Front Streets and an approximately 682 -space parking garage located at the corner of Fourth and Elm Streets. Construction of the two garages is now complete.

The City expects to refund the notes with the proceeds of bonds, or refunding bond anticipation notes, to be issued prior to the December 7, 2011 maturity date of the notes. The City intends to pay debt service on these bonds from (i) special assessments to be levied in order to pay a portion of the cost of the Fourth and Elm Garage; (ii) TIF revenues generated in the downtown area to pay a portion of the cost of the garages; and (iii) parking revenues received from the operation of the garages.

## Long-Term Notes

Except for the TIF notes, all other notes payable are backed by the full faith and credit, i.e. general obligations, of the City. Notes may be issued in anticipation of long-term bond financing and are refinanced until such bonds are issued. There are, however, long-term notes for which the debt service will be paid from current resources. Those notes are as follows.

State Infrastructure Bank (S/B): The City currently has two SIB loans administered and funded by the Ohio Department of Transportation. The first loan, Roberts Road, provides funds for road reconstruction and improvements. To date, the SIB has disbursed $\$ 7.164$ million for this project, $\$ 2.916$ million of which remains outstanding. The Mid-Ohio Regional Planning Commission has agreed to provide funds for a portion of the repayment of this loan. The second loan, Main St. Bridge, provides funds for the replacement and construction of the new bridge and accompanying infrastructure. The amount disbursed to date is $\$ 8.210$ million, all of which remains outstanding.

Ohio Public Works Commission (OPWC): OPWC extends both grants and loans to the City. In certain OPWC commitments, the agreements with OPWC provide for cash received by the City to be first considered as grant receipts. Monies received by the City after the grant commitment has been fulfilled by OPWC are then considered loans. Only the loan portion need be repaid by the City. The first two commitments from OPWC included loan monies only.

## CITY OF COLUMBUS, OHIO

Notes to the Financial Statements, continued
Notes in the amount of $\$ 6.720$ million accounted for as Governmental type represent the amounts due on twenty-three loans from the Ohio Public Works Commission (OPWC) for infrastructure improvements. These notes are non-interest-bearing and have serial maturities, with final maturities July 1, 2031. Initial repayments of the loans began in July 1994. OPWC has committed to additional non-interest-bearing loans as shown in the following table. Cash is provided to the City by OPWC only to the extent of project completion. Only that portion of the loan commitment actually paid to the City is recognized as a liability by the City. Repayments of these loans are made from the Debt Service Fund. OPWC loans are considered general obligations of the City and Governmental type obligations.

Grant and loan commitments and loans outstanding at December 31, 2010 were as follows (in thousands):

| Project | Project <br> Number | Total grant commitment |  | Total loan commitment |  | Total Loaned at 12/31/2010 | Repaid by City |  | Outstanding <br> Loans at <br> 12/31/10 |

Future debt service requirements on the OPWC loans and loan commitments are shown as Future Debt Service for Governmental Type Non-Proprietary - Notes contained in this Note G.

## CITY OF COLUMBUS, OHIO

## Notes to the Financial Statements, continued

Notes (TIF): This amount represents a developer's participation in debt service on certain limited general obligation bonds. The agreement between the City and the developer requires the developer to pay to the City $65 \%$ of debt service on the applicable portion of the bonds less the revenues received by the City from two TIFs. When the applicable TIF revenues exceed $65 \%$ of the debt service on the applicable portion of the bonds, the City must begin repaying the developer. The amounts received by the City from the developer were as follows:

| Date received from developer | (in thousands) |  |
| :---: | :---: | :---: |
| April 27, 2002 | \$ | 1,221 |
| March 5, 2003 |  | 1,837 |
| February 19, 2004 |  | 1,542 |
| February 10, 2005 |  | 1,255 |
| January 24, 2006 |  | 818 |
| January 17, 2007 |  | 741 |
| January 31, 2008 |  | 443 |
| January 29, 2009 |  | 91 |
| January 20, 2010 |  | 53 |
|  | \$ | 8,001 |

The interest rate on the notes shall not exceed the City's rate of borrowing on general obligation bonds. The interest rate on the notes is estimated to be $4.45 \%$. The repayment obligation is limited solely to revenues of the two applicable TIFs and does not constitute a general obligation of the City.

Also included is $\$ 2.345$ million representing TIF revenues pledged to the Columbus Franklin County Finance Authority for proceeds of bonds issued by the Authority but given to the City for park land acquisition. The recording of the $\$ 2.345$ is pursuant to GASB Statement No. 48, "Sales and Pledges of Receivables and Future Revenues and Intra-Entity Transfer of Assets and Future Revenues".

## Arbitrage Regulations

The City has calculated and recorded all liabilities related to federal arbitrage regulation.

## CITY OF COLUMBUS, OHIO

## Variable interest rate bonds

The variable interest rate bonds were issued, pursuant to ordinances adopted by Council, in the Sanitary Sewer Enterprise in 2006 and 2008; Water Enterprise in 1995 and 1996; Storm Sewer Enterprise in 1995 and 1996; and Non-enterprise in 1996, respectively. The 2008 Sanitary Sewer (weekly interest rate mode) bonds are revenue bonds. The 2006 Sanitary Sewer Enterprise, the Water Enterprise, the Storm Sewer Enterprise, and the Nonenterprise bonds are variable rate, weekly interest rate mode, general obligation bonds. The proceeds of the bonds were used to provide funds for certain capital improvements, retire certain bonds and notes previously issued by the City, establish bond reserve funds, where required, in accordance with trust agreements, and pay costs incurred to issue the bonds.

| Variable Rate Issues by Purpose | Outstanding at |  |
| :--- | :---: | :---: |
| Sanitary Sewer: Series 2006 G.O. and 2008 Rev. Bonds | $\$ 12 / 31 / 2010$ | Source of Liquidity |
| Water: Series 1995 and 1996 G.O. Bonds | $19,855,000$ | Self-Liquidity |
| Storm: Series 1995 and 1996 G.O. Bonds | $2,195,000$ | JP Morgan LOC |
| Non-Enterprise: Series 1996 G.O. Bonds | $7,365,000$ | JP Morgan LOC |
| JP Morgan LOC |  |  |

Interest on the variable interest rate bonds is paid at various times as specified in the trust agreements relating to such bonds, at rates determined by the remarketing agent and the City after reviewing the rates of similar

## CITY OF COLUMBUS, OHI O

## Notes to the Financial Statements, continued

municipal issues. The bonds may be put at the discretion of the holders at a price equal to principal plus accrued interest on any interest payment date or such other dates as specified in the trust agreements. The remarketing agent is authorized to use its best efforts to sell the put bonds at a price equal to $100 \%$ of the principal amount.

The variable rate general obligation bonds are accounted for in the Governmental type bonds ( $\$ 7.365$ million) the Water Enterprise Fund ( $\$ 19.445$ million), the Sanitary Sewer Enterprise Fund ( $\$ 64.000$ million) and the Storm Sewer Enterprise Fund ( $\$ 2.195$ million). On July 6, 2007, the City obtained an alternate liquidity facility in the form of a Standby Bond Purchase agreement issued by JPMorgan Chase Bank, National Association (JPMorgan NA). Prior to July 6, 2007, these bonds were enhanced by Liquidity Facilities provided by Westdeutsche Landesbank Girozentrale, New York Branch.

Under the Liquidity Facility for the variable rate general obligation bonds, subject to certain terms and conditions set forth therein, JPMorgan NA agrees to make funds available to purchase bonds that are tendered or required to be tendered for purchase and not remarketed or for which remarketing proceeds are not delivered. The Liquidity Facility on the 1995 variable rate general obligation bonds and the 1996 variable rate general obligation bonds will expire on July 5, 2012. The immediate termination or suspension of JPMorgan NA's obligation to purchase bonds under the Liquidity Facility does not result in acceleration of the bonds. JPMorgan NA is not obligated to pay the principal or redemption price of or interest on the bonds under any circumstances, but is obligated only to purchase bonds upon the tender thereof, subject to the terms and provisions of the Liquidity Facility.

If JPMorgan NA should be required to purchase these bonds, the City would be required to pay JPMorgan NA interest at the higher of the JPMorgan NA's prime rate ( $3.25 \%$ at December 31,2010 ) or $.50 \%$ over the Federal Funds rate. This increased interest is reflected in the following table as Debt Service Fund, Water Enterprise Fund, and Storm Sewer Enterprise Fund general obligation bonds.

The Sanitary Sewer variable rate revenue bonds (\$51.855 million) and variable rate general obligation bonds ( $\$ 64.000$ million) carry no letter of credit or liquidity enhancement. If a put bond proves to be unremarketable by the remarketing agent, the City is required by statute to buy the bonds into its own portfolio. A specific interest rate is not required of the Sanitary Sewer variable rate bonds if purchased into the City's investment portfolio.

The following table reflects the additional interest the City would have to pay if the variable rate bonds were purchased into the City's own portfolio. The assumed incremental interest rate in the table is $3.25 \%$.

| Year ending December 31: | (in thousands) |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: |
|  | Debt Service Fund General Obligation Bonds |  | Water General Obligation Bonds | Storm Sewer General Obligation Bonds | Sanitary Sewer General Obligation and Revenue Bonds |
| 2011 | \$ | 239 | 591 | 68 | 3,763 |
| 2012 |  | 165 | 489 | 57 | 3,633 |
| 2013 |  | 91 | 388 | 45 | 3,503 |
| 2014 |  | 17 | 286 | 35 | 3,373 |
| 2015 |  | - | 184 | 23 | 3,243 |
| 2016-2020 |  | - | 102 | 17 | 14,266 |
| 2021-2025 |  | - | - | - | 11,015 |
| 2026-2030 |  | - | - | - | 8,198 |
| 2031-2032 |  | - | - | - | 1,986 |
|  | \$ | 512 | 2,040 | 245 | 52,980 |

The City may, at its option, convert the variable rate bonds to a fixed rate. Furthermore, the bonds may be called at the discretion of the City under specified procedures on any interest payment date. These variable rate bonds are not auction rate securities.

## Future Debt Service

The following tables summarize the City's future debt service requirements on its outstanding bonds, long-term notes, $\$ 24.645$ million of business type short-term notes (Parking Garages), and OWDA/EPA loans and loan commitments as of December 31, 2010. Future interest assumes rates on variable rate debt at the respective issues' average rates since inception. Although the variable rate bonds may be payable upon demand (as described previously), the City intends to repay these issues in accordance with the respective redemption schedules (in thousands).

[^0]
## CITY OF COLUMBUS, OHIO

Notes to the Financial Statements, continued

## Restricted Assets

In conjunction with the issuance of the Water and Sanitary Sewer revenue bonds, the City entered into various trust agreements with commercial banks. These trust agreements require that the City establish various funds for the cost of construction and repayment of debt. The restricted asset balances in the Enterprise Funds segregate funds held by the City from funds held by trustees in accordance with the trust agreements. Enterprise restricted assets consisted of the following at December 31, 2010:

|  | (in thousands) |  |  |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | Water |  | Sanitary Sewer | Storm Sewer | Electricity | Total Enterprise |  |
| Held by the City- |  |  |  |  |  |  |  |
| Construction funds | \$ | 289,302 | 157,548 | 46,043 | 3,015 | \$ | 495,908 |
| For Others as deposits |  | 71 | 282 | - | 502 |  | 855 |
| Held by trustees- |  |  |  |  |  |  |  |
| Debt service funds |  | 1,339 | 1,546 | - | - |  | 2,885 |
| Total restricted assets | \$ | 290,712 | 159,376 | 46,043 | 3,517 | \$ | 499,648 |

Restricted assets consist of cash, cash equivalents, and investments. In addition, these trust agreements require the City to pledge net revenues (defined in the trust agreement as revenues less operating and maintenance expenses) of the Water and Sanitary Sewer Enterprise Funds to the payment of the principal and interest on the respective bonds when due.

In the opinion of management, the City has complied with all bond covenants.

## Matured Bonds and I nterest

Matured bonds and interest payable include $\$ 834$ thousand and $\$ 256$ thousand, respectively, at December 31, 2010; $\$ 1.139$ million and $\$ 403$ thousand, respectively, at December 31, 2009.

## OWDA/ EPA

Loans payable to the Ohio Water Development Authority (OWDA/EPA), in the amount of $\$ 764.742$ million, are funded by the Ohio Environmental Protection Agency. $\$ 729.983$ million are revenue obligations incurred to help finance sanitary sewerage treatment facilities and are to be repaid from charges for sanitary sewerage services. $\$ 34.759$ million are revenue obligations incurred to help finance an elevated water storage tank and are to be repaid from charges for water services.

## Voted Debt Authority

Various amounts of debt for various purposes were authorized by the City's voters (voted-unlimited) in November 2004 and November 2008. The remaining unissued amounts and purposes of these authorizations are shown in the following table. There is no time limit regarding utilization of the authorization.
(in thousands)

|  | Date Authorized |  | Total uthorized | $\begin{gathered} \text { Issued in } \\ \text { 2004-2009 } \end{gathered}$ | Issued in $2010$ | Unissued as of$12 / 31 / 2010$ |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Refuse collection | 2004 | \$ | 21,100 | 20,985 | 115 | \$ |  |
| Streets and highways | 2004 |  | 184,420 | 179,905 | 4,515 |  |  |
| Electricity | 2004 |  | 12,235 | 10,805 |  |  | 1,430 |
| Storm sewers | 2004 |  | 104,150 | 69,630 | 29,075 |  | 5,445 |
| Safety and health | 2008 |  | 86,170 | 12,040 | 22,365 |  | 51,765 |
| Streets and highways | 2008 |  | 345,630 |  | 46,580 |  | 299,050 |
| Water system | 2008 |  | 524,700 | 49,805 | 196,475 |  | 278,420 |
| Refuse collection | 2008 |  | 32,205 |  | 5,415 |  | 26,790 |
| Sanitary sewer system | 2008 |  | 551,970 | 69,600 | 61,070 |  | 421,300 |
| Recreation and parks | 2008 |  | 124,215 | 6,470 | 22,960 |  | 94,785 |
|  |  | \$ | 1,986,795 | 419,240 | 388,570 | \$ | 1,178,985 |

Bonds identified above as Sanitary sewer system, Electricity, Water system, and Storm sewer system are accounted for in the respective Business type enterprise funds. Other bonds are accounted for as Governmental type bonds.

## Legal Debt Margins

The Ohio Revised Code provides that the total net debt (as defined in the ORC) of a municipal corporation, whether or not approved by the electors, shall not exceed $10.5 \%$ of the total value of all property in the municipal corporation as listed and assessed for taxation. In addition, the unvoted net debt of municipal corporations cannot exceed $5.5 \%$ of the total taxation value of property. The statutory limitations on debt are measured by the ratio of net debt to tax valuation and expressed in terms of a percentage. At December 31, 2010 the City's total net debt amounted to $4.90 \%$ of total assessed value of all property within the City and unvoted net debt amounted to $1.21 \%$ of the total assessed value of all property within the City. The City had a legal debt margin for total debt of $\$ 889.468$ million and a legal debt margin for unvoted debt of $\$ 681.864$ million. The aggregate amount of the City's unvoted debt is also subject to overlapping debt restrictions with other political subdivisions.

## Tax Increment Financing Districts (TI Fs)

The City, pursuant to the Ohio Revised Code and City ordinances, has established 58 TIFs. A TIF represents a geographic area wherein property values created after the commencement date of the TIF are exempt, in whole or in part, from property taxes. Owners of such property, however, must pay amounts equal to the property taxes, known as "service fees", as though the TIF had not been established. These "service fees" are then dedicated to the payments for various public improvements within or adjacent to the TIF area. However, payments from two of the TIFs will assist the City in paying for certain public improvements in an area remote from the TIF area. Property values existing before the commencement date of a TIF continue to be subjected to property taxes.

Gross "service fee" revenue was $\$ 21.240$ million less $\$ 241$ thousand in county auditor deductions for a net total of $\$ 20.999$ million in 2010 and is accounted for as miscellaneous revenue in the Debt Service Funds since these monies are intended to pay principal and interest on bonds whose proceeds will be used to construct public improvements. Corresponding capital assets are accounted for in the City's infrastructure accounts.

## CITY OF COLUMBUS, OHIO

Notes to the Financial Statements, continued
With the exception of one 20 year TIF, the City's TIFs have a longevity of the shorter period of 30 years or until the public improvements are paid for. The property tax exemption then ceases; service fees cease, and property taxes then apply to the increased property values.

## Defeased Bonds

A description of the City's advance refunded, defeased, bonds with remaining outstanding amounts follows: (in thousands)

| Descriptions of Defeased bonds | Date Originally Issued | Original Par Amount | Redemption or Call Date | Date <br> Defeased | Maturities <br> Defeased | Interest Rates of Defeased Bonds |  | ount <br> eased | Defeased Amount Outstanding at December $\text { 31, } 2010$ |

## NOTE H—ELECTRICITY

The City's Electricity Enterprise celebrated its $111^{\text {th }}$ year of operation in 2010. The Enterprise presently serves 3,138 commercial customers and 9,407 residential customers and in 2010 had operating revenues of $\$ 81.5$ million ( $\$ 82$ million in 2009). The Enterprise received approximately $\$ 21.3$ million ( $26 \%$ ) of its operating revenue from other funds of the City for electric power. The enterprise purchases and resells power. It does not generate power.

Electricity continued to receive the bulk of its power supply from American Electric Power Service Corporation (AEPSC) in 2010. The Enterprise's Master Power Purchase and Sale Agreement with AEPSC is for delivery of wholesale power for the years 2007 through May 31, 2014. The Enterprise purchases firm energy using a staggered structure to take advantage of market opportunities as they occur over time. Agreements are in place through May 31, 2013 for all of its power supply and $50 \%$ through May 31, 2014. Approximately $2 \%$ of its energy needs are purchased from New York Power Authority via American Municipal Power, Inc., and Bio Energy (Ohio), LLC, through long term agreements. The remainder, 98\%, is obtained from AEPSC.

Included in receivables (Note D) in the General Fund is $\$ 1,888,780$ representing amounts due from the Solid Waste Authority of Central Ohio (SWACO).

On April 1, 1993, the City leased to SWACO an electricity-generating, solid waste recovery plant and related transfer stations (the Plant). The annual lease payments to the City were to be in the amount of the related debt service requirements. The lease was accounted for as a capital lease in accordance with Statement No. 13 of the Financial Accounting Standards Board, Accounting for Leases, as amended, and was originally accounted for in the Electricity Enterprise Fund.

Due to a series of federal court decisions and U.S. E.P.A. decisions, the Plant ceased operations in 1994. Because the asset underlying the lease was no longer a functioning asset, the lease was transferred from the Electricity Enterprise Fund to the Special Income Tax debt service fund in 1994 and to the City's General Fund in 2004.

Through various amendments to the lease, the City agreed to reduce the amount due from SWACO to the City to an amount equal to $65 \%$ of debt service and associated bond costs required for the City's bonds from January 1, 1995 to the bonds' final maturity in 2010. SWACO agreed to impose a new fee on garbage originating throughout the SWACO boundaries, primarily Franklin County, Ohio. The City, rather than pay cash to SWACO for residential type garbage picked up by City garbage trucks, grants a credit to SWACO against the amount due by SWACO to the City. This credited amount approximates $\$ 2.5$ million annually. The credit will cease in

## CITY OF COLUMBUS, OHIO

Notes to the Financial Statements, continued
approximately the fourth quarter of 2011 and the City will begin paying the fee to SWACO. This fee applies to all garbage originating within SWACO boundaries regardless of whether the garbage is disposed of (tipped) at SWACO's landfill or not. This fee, authorized by SWACO in December 1998, became effective at various dates in 1999.

SWACO operates a landfill and agrees to continue to operate the landfill in a manner that ensures that disposal capacity in the Franklin County Landfill will be available to the City and its residents through, at a minimum, the year 2025. The City continues to agree to dispose of all garbage collected by the City at the SWACO landfill. In 2010, the City paid SWACO a total of $\$ 13.9$ million from all funds for landfill tipping fees ( $\$ 13.5$ million in 2009).

As a result of additional modifications to the SWACO lease agreement, the term of the lease has been extended to March 31, 2054.

All lease receivable amounts at December 31, 2010 have been accounted for as unearned revenue in the General Fund (see Note D).

Revenue included in Note O-Miscellaneous Revenues as Rent: SWACO consists of $\$ 2,262,057$ in costs incurred by SWACO on behalf of the City.

A reconciliation of the debt service on the City's bonds related to the SWACO agreement to the City's lease receivable due from SWACO at December 31, 2010 follows:

| Debt service: 1995-2009 | \$ | 227,074,435 |
| :---: | :---: | :---: |
| 2010 |  | 3,252,907 |
| Total applicable debt service | \$ | 230,327,342 |
| 65\% of total applicable debt service | \$ | 149,712,772 |
| Less: |  |  |
| Payments made by SWACO: |  |  |
| 1995-2009 |  | $(128,742,558)$ |
| 2010 |  |  |
| Credits in lieu of payments- |  |  |
| Retired facility fee: |  |  |
| 1999-2009 |  | $(25,344,010)$ |
| 2010 |  | $(2,152,554)$ |
| Environmental costs and other: |  |  |
| 1999-2009 |  | $(3,924,586)$ |
| 2010 |  | $(112,670)$ |
| Interest due on deferred payment: |  |  |
| 1998-2009 |  | 12,449,219 |
| 2010 |  | 3,167 |
| Amount due from SWACO to City at 12-31-2010 | \$ | 1,888,780 |

Debt service for 1995 through 2010 includes actual principal and interest on the general obligation bonds and principal and interest on the revenue bonds paid to the revenue bond trustee until such revenue bonds were refunded by general obligation bonds in March 2001. Also included are associated bond costs: letter of credit fees, trustee fees, and remarketing agent fees applicable to the revenue bonds. Total principal, interest, and associated bond costs were then reduced by interest earned and collected by the revenue bond trustee. Amounts for 2010 include actual principal and interest on the final maturity of general obligation bonds paid in January 2010.

## CITY OF COLUMBUS, OHI O

Notes to the Financial Statements, continued

## NOTE I-PROPERTY LEASED TO OTHERS

- The City leased to others in 1985, an office building known as the old, old post office. The City has no net investment in this lease because the City's purchase price of $\$ 3$ million for the building was entirely recovered by a lease payment received at the lease's inception. The initial lease term was for 20 years with a 20 -year renewal term at $\$ 100$ per year. The lessee renewed the lease in December 2005 for an additional 20 years. The lessee may then purchase the property at its then fair market value or continue to lease it for up to 55 additional years.
- The City leases certain real property, together with buildings and improvements located thereon, to the Columbus Zoological Park Association (the Zoo). The lease, with annual rental payments of $\$ 10$ per year, which was paid in a lump sum of $\$ 200$ before the first anniversary date of the amended lease, is an extension of earlier leases that began in 1970. This current lease which commenced in 2003 expires December 31, 2023. The Zoo uses and occupies the premises solely for zoological, conservation, educational, research, and recreational purposes. Animals at the Zoo are not owned by the City.
- The City leases to Specialty Restaurant Corporations 5.147 acres of real property located at the confluence of the Olentangy and Scioto Rivers under a long term ground lease.
- The City also leases part of a City-owned building at 1111 East Broad Street to various other government related agencies. In 2010, the City received $\$ 987,897$ in rental payments that were accounted for in a special revenue fund.
- On April 22, 2004, pursuant to Ordinance No, 0624-03, the City purchased the Lincoln Theater property for $\$ 1,000,000$. On July 27, 2007, pursuant to Ordinance No. 2253-2006, the City leased the property to the Lincoln Theater Association, an Ohio nonprofit corporation, under a 99 year lease. Under the terms of the lease the Lincoln Theater Association was required to undertake major renovations to the building and to use the building primarily for the presentation of theatrical, musical, comedy and other performing arts. The City, Franklin County, and private organizations contributed toward rehabilitation and restoration efforts of the theater in addition to the major renovations required under the lease agreement.
- See also Note H regarding assets leased to SWACO by the City.

## NOTE J -LEASE COMMITMENTS AND LEASED ASSET

- The City leases a significant amount of property and equipment under short term operating leases. Total payments on such leases for the year ended December 31, 2010 were approximately $\$ 6.1$ million ( $\$ 6.5$ million in 2009).
- The City also leases a building under a capitalized lease. The cost of the building, $\$ 19.8$ million, is included in the City's capital assets used in governmental activities. The final capital lease payment on the building was paid by the City in 2005. In December 2008, the City agreed to terms for the lease of this building which include: an initial term of one year commencing on March 1, 2009 and continuing for successive one-year terms unless the City provides 60 day written notice of its intention not to terminate and subject to annual appropriation of funds for payment of rent; annual rent will be the sum of the actual operating cost to provide janitorial services to the space occupied by the City and a pro-rated insurance cost; upon the City's expenditure of an accumulated cost of $\$ 30$ million in capital improvements by no later than December 31, 2030, the City shall have an option to take fee title to the building with payment of the leased option purchase price as defined in the lease.
- During 2004, the City entered into an agreement with its component unit, RiverSouth, for the lease of approximately 1.621 acres of land, as described in Note A. The lease is considered a capital lease and the land, valued at $\$ 2$ million, is included in the City's capital assets used in governmental activities.

## CITY OF COLUMBUS, OHI O

Notes to the Financial Statements, continued

## NOTE K-PENSI ON PLANS

Police and fire-sworn personnel participate in the statewide Ohio Police and Fire Pension Fund (OP\&F). Substantially all other City employees participate in the statewide Ohio Public Employees Retirement System (OPERS). Both OP\&F and OPERS are cost sharing multiple-employer public employee retirement systems administered by their respective Retirement Boards. The OP\&F Board consists of 6 members elected by representative groups and 3 statutory members. The OPERS Board consists of 7 members elected by representative groups, 1 statutory member, and 3 appointed members. The total payroll for the City's employees for the year ended December 31,2010 was $\$ 515.5$ million. Of this amount, $\$ 261.8$ million was covered by OP\&F, $\$ 244.3$ million was covered by OPERS, and $\$ 9.4$ million was not subject to pension benefit calculations.

Employer and employee required contributions to OP\&F and OPERS are established by the Ohio Revised Code (ORC) and are based on percentages of covered employees' gross salaries, as defined. In addition to paying the employer's share as required by the ORC, the City pays a portion of the employee's share.

Required contributions to OP\&F and OPERS are used to fund pension obligations and health care programs. Rates required attributable to 2010 payroll costs are summarized as follows:

|  | Percentage of covered payroll-January 1, 2010 to December 31, 2010 |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: |
|  | Employee share |  |  | Employer |  |
|  |  | Paid by |  |  |  |
|  | Paid by City | employee | Total | Share | Total |
| Police through 11/30 | 6.5 | 3.5 | 10.00\% | 19.50\% | 29.50\% |
| Police effective 12/1 | 5.5 | 4.5 | 10.00\% | 19.50\% | 29.50\% |
| Fire | 7.5 | 2.5 | 10.00\% | 24.00\% | 34.00\% |
| OPERS: |  |  |  |  |  |
| Full time employees |  |  |  |  |  |
| AFSCME full time | 10.0 | 0.0 | 10.00\% | 14.00\% | 24.00\% |
| MCP full time hired on or after $1 / 1$ | 0.0 | 10.0 | 10.00\% | 14.00\% | 24.00\% |
| MCP full time hired before $1 / 1$, through $3 / 31$ | 10.0 | 0.0 | 10.00\% | 14.00\% | 24.00\% |
| MCP full time hired before $1 / 1$, effective 4/1 | 9.0 | 1.0 | 10.00\% | 14.00\% | 24.00\% |
| CMAGE full time through 5/31 | 10.0 | 0.0 | 10.00\% | 14.00\% | 24.00\% |
| CMAGE full time effective 6/1 | 9.0 | 1.0 | 10.00\% | 14.00\% | 24.00\% |
| Part time employees | 6.0 | 4.0 | 10.00\% | 14.00\% | 24.00\% |

## Police and Fire (OP\&F)

OP\&F has provided the following information to the City in order to assist the City in complying with GASB Statement No. 27.
A. OP\&F is a cost-sharing multiple-employer defined benefit pension plan.
B. OP\&F provides retirement and disability benefits, annual cost of living adjustments, and death benefits to plan members and beneficiaries.
C. Authority to establish and amend benefits is provided by state statute per Chapter 742 of the ORC.
D. OP\&F issues a stand-alone financial report. Interested parties may obtain a copy at www.op-f.org, by making a written request to OP\&F at: 140 East Town Street, Columbus, Ohio 43215-5164, or by calling (614) 228-2975.

## CITY OF COLUMBUS, OHIO

Notes to the Financial Statements, continued
E. The ORC provides statutory authority for employee and employer contributions. The required contributions are:

|  | Employees |  | Employer |
| :--- | :---: | :---: | :---: |
| Police | $10 \%$ |  | $19.5 \%$ |
| Fire | $10 \%$ |  | $24.0 \%$ |

F. The City's employer share contributions to OP\&F for the years ended December 31, 2010, 2009, and 2008 were (in thousands) $\$ 41,381, \$ 52,556$, and $\$ 54,056$, respectively, or $73 \%$ of the required contributions for 2010, and equal to the required contributions for 2009 and 2008. The remaining employer contributions for 2010 were paid in the first quarter of 2011.

City data indicates the required amounts for the past five years have been:

| Year | Employee <br> Share paid by <br> employee | Employee <br> share paid by <br> City | Employer | Emare paid by <br> City | Total paid by <br> City |
| :---: | ---: | ---: | ---: | ---: | ---: |
|  |  |  | (in thousands) |  |  |

OP\&F offers three types of service retirement: normal, service commuted, and age/service commuted. In a normal retirement, a member is eligible at age 48 with 25 years of service with a monthly pension equal to $60 \%$ of the average of the three highest years of allowable earnings. The maximum pension of $72 \%$ of the average allowable earnings for the three highest years is paid after 33 years of service. Under the service commuted retirement, a member is eligible if they have at least 15 years of service, they have reached the age of 48 and 25 years has elapsed from the date of their full-time hire. Under the age/service commuted retirement, a member is eligible if they have 15 years of service and they have reached the age 62. In the event of death, eligible survivors may qualify for a monthly benefit and a one-time $\$ 1,000$ lump sum benefit payment. Benefits are established by the ORC.

OP\&F has provided the following information pertaining to other postemployment benefits for health care costs in order to assist the City in complying with GASB Statement No. 45.
A. Plan Description

OP\&F provides access to postretirement health care coverage to any person who receives or is eligible to receive a monthly service, disability, or survivor benefit check or is a spouse or an eligible dependent child of such person. The health care coverage provided by the retirement system is considered an Other Postemployment Benefits (OPEB) as described in GASB Statement No. 45.

The Ohio Revised Code allows, but does not mandate OP\&F to provide OPEB benefits. Authority for the OP\&F Board of Trustees (Board) to provide health care coverage to eligible participants and to establish and amend benefits is codified in Chapter 742 of the ORC.

## CITY OF COLUMBUS, OHI O

## Notes to the Financial Statements, continued

B. Funding Policy

The ORC provides for contribution requirements of the participating employers and of plan members to the OP\&F (defined benefit pension plan). Participating employers are required to contribute to the pension plan at rates expressed as percentages of the payroll of active pension plan members, currently, $19.5 \%$ and $24 \%$ of covered payroll for police and fire employers, respectively. The ORC states that the employer contributions may not exceed $19.5 \%$ of covered payroll for police employer units and $24 \%$ of covered payroll for fire employer units. Active members do not make contributions to the OPEB Plan.

OP\&F maintains funds for health care in two separate accounts. One for health care benefits under an IRS Code Section 115 trust and one for Medicare Part B reimbursements administrated as an Internal Revenue Code 401(h) account both of which are within the defined benefit pension plan, under the authority granted by the Ohio Revised Code to the OP\&F Board.

The Board is authorized to allocate a portion of the total employer contributions made into the pension plan to the Section 115 trust and the Section 401(h) account as the employer contributions for retiree health care benefits. For the year ended December 31, 2010, the employer contributions allocated to the health care plan was $6.75 \%$ of covered payroll. The amount of employer contributions allocated to the health care plan each year is subject to the Board's primary responsibility to ensure that pension benefits are adequately funded and also is limited by the provisions of Sections 115 and 401(h).
The OP\&F Board also is authorized to establish requirements for contributions to the health care plan by retirees and their eligible dependents, or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected.

The City's contributions allocated to health care for police employer contributions and firefighter employer contribution for the years ended December 31, 2010, 2009 and 2008 were $\$ 9.8$ million (police) and $\$ 8.0$ million (fire), $\$ 9.1$ million (police) and $\$ 7.4$ million (fire), and $\$ 9.3$ million (police) and $\$ 7.6$ million (fire), respectively.

## OPERS

OPERS has provided the following information to the City in order to assist the City in complying with GASB Statement No. 27, Accounting for Pensions by State and Local Governmental Employers (Statement No. 27).
A. OPERS administers three separate pension plans as described below:

1. The Traditional Pension Plan - a cost-sharing multiple-employer defined benefit pension plan.
2. The Member-Directed Plan - a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20\% per year). Under the Member-Directed Plan members accumulate retirement assets equal to the value of member and (vested) employer contributions plus any investment earnings thereon.
3. The Combined Plan - a cost-sharing multiple-employer defined benefit pension plan. Under the Combined Plan employer contributions are invested by the retirement system to provide a formula retirement benefit similar in nature to the Traditional Pension Plan benefit. Member contributions, the investment of which is self-directed by the members, accumulate retirement assets in a manner similar to the Member-Directed Plan.
B. OPERS provides retirement, disability, survivor and death benefits, and annual cost of living adjustments to members of the Traditional Plan and Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits.
C. Authority to establish and amend benefits is provided by state statute per Chapter 145 of the ORC.
D. OPERS issues a stand-alone financial report. Interested parties may obtain a copy at www.opers.org, by making a written request to OPERS at: 277 East Town Street, Columbus, Ohio 43215-4642, or by calling (614) 222-5601 or 1-800-222-PERS (7377).

## CITY OF COLUMBUS, OHIO

Notes to the Financial Statements, continued
E. The ORC provides statutory authority for employee and employer contributions. For 2010, member and employer contributions were consistent across all three plans. While members in the state and local divisions may participate in all three plans, law enforcement and public safety division exist only within the Traditional Pension Plan.
The City's employee contribution rate in 2010 was $10.0 \%$.
The City's contribution rate, as an employer, was 14.0\% of covered payroll in 2010.
F. The City's employer share contributions to OPERS for the three years ended December 31, 2010, 2009, and 2008 were (in thousands) $\$ 31,579, \$ 33,266$, and $\$ 35,514$, respectively, or $92 \%$ of the required contributions for 2010, and equal to the required contributions for 2009 and 2008. The remaining employer contributions for 2010 were paid in January 2011.

City data indicates the required amounts for the past five years have been:

| Year | Employee share paid by employee |  | Employee share paid by City | Employer share paid by City | Total paid by City |
| :---: | :---: | :---: | :---: | :---: | :---: |
|  | (in tho |  |  |  |  |
| 2010 | \$ | 1,321 | 23,109 | 34,201 | 57,310 |
| 2009 |  | 371 | 23,391 | 33,266 | 56,657 |
| 2008 |  | 401 | 24,967 | 35,514 | 60,481 |
| 2007 |  | 359 | 23,080 | 34,172 | 57,252 |
| 2006 |  | 300 | 20,636 | 31,869 | 52,505 |

OPERS members are eligible to retire at any age with 30 years of service, at age 60 with at least 5 years of service or at age 55 with at least 25 years of service. Those retiring with less than 30 years of service or less than age 65 receive reduced benefits. Under the Traditional Pension Plan, eligible employees are entitled to a monthly retirement benefit equal to $2.2 \%$ of the average of their three highest years of earnings multiplied by the first 30 years of service plus $2.5 \%$ of the average of their three highest years for each year in excess of 30 . Under the Member-Directed Plan, eligible members are entitled to a monthly benefit dependent upon the performance of the OPERS investment options that the members selected. Under the Combined Plan, eligible members are entitled to a monthly benefit equal to $1.0 \%$ of the average of their three highest years of earnings multiplied by the number of years of service plus $1.25 \%$ of the average of their three highest years for each year in excess of 30. Additionally, under the Combined Plan, a benefit is provided based on the performance of the OPERS investment options the member selected. OPERS also provides death and disability benefits. Benefits are established by the ORC.

OPERS has provided the following information pertaining to other postemployment benefits for health care costs in order to assist the City in complying with GASB Statement No. 45, Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pension Benefits (Statement No. 45).
A. Plan Description

Ohio Public Employees Retirement System (OPERS) administers three separate pension plans: The Traditional Pension Plan - a cost sharing multiple-employer defined benefit pension plan; the MemberDirected Plan - a defined contribution plan; and the Combined Plan - a cost-sharing multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS maintains a cost-sharing multiple employer defined benefit post-employment healthcare plan, which includes a medical plan, prescription drug program and Medicare Part B premium reimbursement, to qualifying members of both the Traditional Pension and the Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits, including post-employment health care coverage.

## CITY OF COLUMBUS, OHIO

## Notes to the Financial Statements, continued

In order to qualify for postretirement health care coverage, age and service retirees under the Traditional Pension and Combined Plans must have 10 or more years of qualifying Ohio service credit. Health care coverage for disability recipients and primary survivor recipients is available. The health care coverage provided by the Retirement System is considered an Other Postemployment Benefit (OPEB) as described in GASB Statement No. 45.

The ORC permits, but does not mandate, OPERS to provide OPEB benefits to its eligible members and beneficiaries. Authority to establish and amend benefits is provided in Chapter 145 of the ORC.
B. Funding Policy

The Ohio Revised Code provides the statutory authority requiring public employers to fund postretirement health care through their contributions to OPERS. A portion of each employer's contribution to OPERS is set aside for the funding of post retirement health care benefits.

Employer contribution rates are expressed as a percentage of covered payrolls of active member. In 2010, the City contributed 14.0\% of covered payroll. The ORC currently limits the employer contributions to $14.0 \%$ of covered payroll. Active members do not make contributions to the OPEB Plan.

OPERS's Postemployment Health Care plan was established under, and is administrated in accordance with, Internal Revenue Code 401(h). Each year, the OPERS Retirement Board determines the portion of the employer contribution rate that will be set aside for funding of postemployment health care benefits. The portion of employer contributions allocated to health care for members in the Traditional Plan was $5.5 \%$ from January 1 through February 28, 2010 and $5.0 \%$ from March 1 through December 31, 2010. The portion of employer contributions allocated to heath care for members in the Combined Plan was 4.73\% from January 1 through February 28, 2010, and 4.23\% from March 1 through December 31, 2010. The OPERS Retirement Board is also authorized to establish rules for the payment of a portion of the health care benefits provided, by the retiree or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected.
C. City Contributions

The portion of the City's contribution used to fund OPEB for 2010, 2009, and 2008 was $\$ 12.4$ million, $\$ 13.9$ million, and $\$ 17.8$ million, respectively.
D. OPERS Board implements its Health Care Preservation Plan:

The Health Care Preservation Plan (HCPP) adopted by the OPERS Retirement Board on September 9, 2004, was effective January 1, 2007. Members and employer contribution rates increased as of January 1, 2006 and January 1, 2007, and January 1, 2008, which will allow additional funds to be allocated to the health care plan.

There are no postemployment benefits provided by the City other than those provided through OPERS and OP\&F.
The liability for past service costs at the time OPERS was established was assumed by the State of Ohio; therefore, it is not a liability of the City. The liability for past service costs at the time OP\&F was established was paid by the City to OP\&F in January 1994. The City is current on all of its required pension fund contributions.

The Ohio Legislature and Governor are presently considering changes to Ohio's pension funds that may affect future benefits and the funding thereof. Possible results of these considerations are not determinable at present.

## NOTE L-INCOME TAXES

Based on the results of a special election in August 2009, the City's income tax rate was increased from $2 \%$ to $2.5 \%$. This rate was effective as of October 1, 2009. The City levies tax on substantially all income earned within

## CITY OF COLUMBUS, OHIO

## Notes to the Financial Statements, continued

the City. In addition, residents of the City are required to pay City income tax on income they earn outside the City. However, a credit is allowed for income taxes paid to other municipalities.

Employers within the City are required to withhold income tax on employees' compensation and remit this tax to the City semimonthly, monthly, or quarterly, depending upon the amounts withheld. Corporations and other individual taxpayers are required to pay their estimated tax quarterly and file a declaration annually.

For the governmental fund financial statements, the City recognizes as revenue income tax received within 60 days after year end applicable to taxpayer liabilities for periods prior to the year-end net of an allowance for income tax refunds. These taxes are considered both measurable and available whereas all other income taxes are recognized as revenue when received. The City has consistently followed this practice for many years.

Receivables and unearned revenues have been recorded in the General and Special Income Tax funds in the amount of $\$ 31.5$ million and $\$ 10.5$ million, respectively, for the estimated income tax due to the City for 2010 and prior tax years, but not collected within the available period.

## NOTE M-PROPERTY TAXES

Property taxes include amounts levied against all real, and public utility property located in the City.
Real property taxes and public utility taxes collected during 2010 were levied after July 11, 2009 on the assessed value listed as of January 1, 2009, the lien date. One half of these taxes were due January 20, 2010 with the remaining balance due on June 21, 2010. Tangible personal property taxes attach as a lien and were levied on January 1, 2010. The total amount was due on September 20, 2010.

Assessed values on real property are established by state law at $35 \%$ of appraised market value. A revaluation of all property is required to be completed every sixth year. The last revaluation was completed in 2005. The assessed value upon which the 2010 levy was based was approximately $\$ 15.991$ billion. The assessed value for 2010 including real and public utilities, upon which the 2011 levy will be based, is approximately $\$ 15.877$ billion.

Due to the phase out which began in 2005, the tangible personal property tax percentage fell to zero in 2009 for businesses. Therefore, Ohio no longer has a general tax on tangible personal property used in business. The tax temporarily applies to telephone and inter-exchange telecommunications companies, which is being phased out to $10 \%$ for 2009, 5\% for 2010, and zero for 2011. After 2011, tangible personal property, exclusive of public utility tangible personal property, will not be subject to tax.

Ohio law prohibits taxation of property from all taxing authorities within a county in excess of $1 \%$ of assessed value without a vote of the people. Under current procedures, the City's share is $.314 \%$ ( 3.14 mills) of assessed value. Increases in the property tax rate are restricted only by voter willingness to approve such increases.

The County Treasurers collect property taxes on behalf of all taxing districts in the counties, including the City of Columbus. The Countr Auditors periodically remit to the City its portion of the taxes collected. Property taxes may be paid on either an annual or semiannual basis. Current tax collections for the year ended December 31, 2010 were $89.6 \%$ ( $88.6 \%$ in 2009) of the tax levy in Franklin County.

Property taxes levied in 2010 but not due for collection until 2011 are recorded in the General Fund as taxes receivable and unearned revenues at December 31, 2010 in the amount of $\$ 49.143$ million.

## NOTE N-FUND BALANCE

Fund balance for governmental funds is reported in classifications that comprise a hierarchy based primarily on the extent to which the City is "bound to honor constraints on the specific purposes for which amounts in the fund can be spent" in accordance with GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions.

The components for reporting the City's fund balance are restricted, committed, assigned and unassigned. At December 31 2010, the City had no fund balance which is considered nonspendable, as defined by GASB Statement No. 54. Restricted fund balance includes those amounts that are restricted by parties outside of the City and pursuant to enabling legislation. Committed fund balance describes the portion of fund balance that has been limited by use by approval of City Council. City Council is the City's highest level of decision making. Fund balance commitments are established, modified, or rescinded by City Council action through passage of an ordinance. Assigned fund balance includes amounts that have an intended use by City Council. City Council demonstrates its intent for use of assigned amounts through passage of appropriation legislation, resolution, or ordinance. The unassigned fund balance represents the residual net resources.

On April 11, 1988, City Council passed ordinance 0860-1988 which established an Economic Stabilization subfund within the General Fund. Per the ordinance, funds in the Economic Stabilization subfund can only be expended upon authorization of City Council. Such expenditures "shall be solely for the purpose of continuing basic City services during times of economic recession or unexpected revenue loss by the City". City Council authorizes transfers into the Economic Stabilization subfund as funds are deemed available. The balance in the Economic Stabilization subfund at December 31, 2010 was $\$ 22.724$ million and is included in the unassigned fund balance of the General Fund.

The City considers restricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. The City does not have a formal policy for its use of unrestricted fund balance amounts; therefore, it considers committed amounts used first, followed by assigned amounts, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

## CITY OF COLUMBUS, OHIO

## CITY OF COLUMBUS, OHIO

Notes to the Financial Statements, continued
The following deficit fund balances existed at December 31, 2010 (in thousands):

|  | Deficit Fund <br> Balance |
| :--- | ---: | ---: |
| Governmental Activities |  |
| Other Governmental Funds: | $\$, 259$ |
| Recreation debt service | 571 |
| State Issue 2 - Streets |  |
| Internal Service Funds: | 1,728 |

These deficits will be eliminated by future charges for services or future bonds sales, where appropriate.
Fund balance deficits may be budgeted for and exist on the City's budgetary basis of accounting for certain funds. These fund balance deficits exist because encumbrances are recorded against certain accounts receivable that are not recognized as revenue on the budget basis of accounting.

## NOTE O—MISCELLANEOUS REVENUES

For the year ended December 31, 2010, miscellaneous revenues in the fund financial statements consisted of the following:

|  | General |  | (in thousands) |  |
| :---: | :---: | :---: | :---: | :---: |
|  |  |  | Special <br> Income Tax | Other Governmental Funds |

| Total Enterprise Funds |  | 462 | - | - | - | 462 | - | - |
| Total Transfers | \$ | 74,458 | 15,582 | 3,758 | 3,112 | 49,802 | 351 | 1,853 |

Transfers are used to move revenues from the fund with collection authorization to the General Bond Retirement fund as debt service principal and interest payments become due and to move unrestricted revenues to finance various programs that the City must account for in other funds in accordance with budgetary authorization, including amounts provided as subsidies and/or matching funds for various grant programs. Transfers from business-type activities represent legally authorized transfers to fund the business-type activity portion of certain governmental activities' capital projects.

## NOTE Q-COMPONENT UNIT

As described in Note A, the City has a discretely presented component unit. The significant accounting disclosures for the component unit follow.

## THE RIVERSOUTH AUTHORITY (RiverSouth)

RiverSouth is a new community authority created by the City of Columbus pursuant to Chapter 349 of the Ohio Revised Code as a body corporate and politic. RiverSouth was created to govern the redevelopment and revitalization of a new community referred to as the RiverSouth District. The Downtown Development Corporation, a not-for-profit corporation, has been appointed Developer of the new community.

Significant Accounting Policies and Disclosures for RiverSouth
The financial statements of the RiverSouth Authority have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Cash - At December 31, 2010, the carrying amount of the Authority's cash was $\$ 372,345$ These funds are on deposit with a trustee and will be used for the Authority's expenses. Also, the amount is deposited with a U.S. Government Money Market Fund, and has been rated Aaa by Standard and Poor's and is considered a cash equivalent.

While the funds are uncollateralized and uninsured, their disposition and availability are governed by bond resolution and the Master Trust Agreement, the First Supplemental Trust agreement, and the Second Supplemental Trust agreement between the Authority and U.S. Bank.

Bonds Payable - The RiverSouth Area Redevelopment Bonds, 2005 Series A and 2004 Series A were issued in the amounts of $\$ 42,850,000$ and $\$ 37,870,000$ respectively, to provide funds to pay the costs of acquiring and developing land and acquiring and constructing community facilities. These bonds are payable from the revenues, receipts, and other moneys assigned under a Master Trust Agreement dated June 1, 2004 between the Authority and U.S. Bank National Association as Trustee (the Trustee), as supplemented by the First Supplemental Trust Agreement dated June 1, 2004 and the Second Supplemental Trust Agreement dated October 1, 2005 (together, the "Trust Agreement").

The revenues and receipts assigned by the Trust Agreement are primarily composed of certain rental payments to be paid to RiverSouth under the Lease with the City. The rental payments paid by the City to RiverSouth are from moneys specifically appropriated for such purpose and are to be the primary source of money to pay debt service. The obligation of the City to make rental payments is expressly made subject to the availability of annual appropriations for such purpose. Notwithstanding the requirement for annual appropriations of rental payments for the payment of debt service, the City has agreed that all such rental payments required to pay debt service will be included in the estimated budgets of the City. RiverSouth and the City contemplate that the supplemental agreements will make provision for rental payments to be paid to RiverSouth in amounts at least adequate to meet the debt service on the 2004 Series A and 2005 Series A bonds. Neither the project land nor the capital facilities to be financed with the bond proceeds are pledged to secure payment on the bonds. The first rental payments from the City were paid December 1, 2007.

## CITY OF COLUMBUS, OHIO

Notes to the Financial Statements, continued
Principal and interest requirements to retire the RiverSouth's outstanding debt at December 31, 2010 are:

| Year ending December 31, | (in thousands) |  |  |  |

## CITY OF COLUMBUS, OHIO

Notes to the Required Supplementary Information
December 31, 2010

## Note A-Budgetary Data

City Council follows the procedures outlined below in establishing expenditure budget data.
(1) Prior to November 15, the Mayor submits to City Council an estimate of the expenditures necessary to conduct the affairs of the City for the fiscal year commencing the following January 1.
(2) Budget estimates are distributed throughout the City (including newspapers and libraries) and public hearings are held to obtain taxpayers' comments.
(3) Subsequent to January 1, and after publication of the proposed budget ordinances, the budget is legally enacted through passage of the ordinances. The budget specifies expenditure amounts by Object Level One for each division within each fund. The objects are (1) personal services, (2) materials and supplies, (3) contractual services, (4) debt principal payments, (5) other, (6) capital outlay, (7) interest on debt, and (10) transfers.
(4) Transfers of appropriations of less than $\$ 25,000$ can be made between budget Object Level One within a division and fund without additional City Council action, but with responsible management approval. Transfers in excess of this amount require the approval of both City Council and the Mayor. Supplemental appropriations must be approved by City Council. During 2010, all appropriations were approved as required. Appropriations for general fund expenditures and transfers out, were as follows:

|  | Original <br> budget |  | Revisions |
| :---: | :---: | :---: | :---: |
|  | $\$ 660,154$ |  | 1,354 |

(5) The City maintains budgetary controls by not permitting expenditures to exceed appropriations at the Object Level One level for each division within each fund.
(6) Unencumbered appropriations lapse at year-end.

All General fund expenditures, except for expenditures paid through the county auditor, have annual expenditures budgeted by City Council. Revenues and expenditures paid through the county auditor are estimated by the City Auditor in conjunction with the annual budgeting process. However, this estimate is not included or required in the budget ordinance.

Revenues for the General fund are estimated by the City Auditor in conjunction with the annual budgeting process. However, this estimate is not included or required in the budget ordinance.

## Notes to the Required Supplementary I nformation (continued)

The City's budgetary process is based upon accounting for certain transactions on a basis other than GAAP. The major differences are:
(1) Revenues are recorded when received in cash (budget), as opposed to when susceptible to accrual (modified accrual).
(2) Expenditures are recorded when encumbered or paid in cash (budget), as opposed to when the liability is incurred (modified accrual).
(3) Encumbrances are recorded as the equivalent of expenditures (budget), as opposed to fund balances (modified accrual).

## City of Columbus, Ohio

## Major Governmental Funds

General Fund - the general operating fund of the City and is used to account for all financial resources except those required to be accounted for in another fund.

General Bond Retirement Fund - required by State statutes and accounts for all general obligation debt, except proprietary funds' general obligation debt, of the City.

Special Income Tax Fund - used to account for $25 \%$ of income tax collections set aside for debt service and related expenditures.

## Internal Service Funds

Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the government, generally on a cost-reimbursement basis. The title of the funds indicates the type of service provided. The Internal Service Funds are:

- Employee Benefits
- Worker's Compensation
- Fleet Management
- Information Services
- Mail, Print, Term Contracts
- Construction I nspection
- Land Acquisition

## Fiduciary Funds - Agency Funds

Agency funds - used to account for assets held by the government as an agent for individuals, private organizations, other governments, and/or other funds. Assets held for other funds or governments include payroll taxes and other employee withholdings and income taxes and utility charges collected by the City on behalf of other governments. Their titles are descriptive of their nature. They are:

- Payroll Deposit
- Garnishments
- Unclaimed money
- Short North SID Deposit
- Capital Crossroads SID
- Morse Road SID
- Discovery District SID
- Health Deposit
- Construction Insp. Deposit
- City Auditor's Deposit
- City Attorney's Deposit
- Safety Agency Deposit
- Police Property Room Deposit
- BCI Background Checks
- Suburb Utility Surcharges
- JEDD - N. Pickaway County
- Suburb Income Tax
- City Treasurer's Deposit
- Recreation Deposit
- Development Deposit
- Convention Facility Tax
- Service Department Deposit

Statistical Section

## City of Columbus, Ohio

## Statistical Section

This part of the City's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health. These tables are presented in accordance with Governmental Accounting Standards Board (GASB) Statement No. 44, Economic Condition Reporting: The Statistical Section.

## Contents

## Financial Trends

These schedules contain trend information to help understand how the City's financial performance and wellbeing have changed over time.

Revenue Capacity
These schedules contain information to help assess the City's most significant local revenue sources.

## Debt Capacity

These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.

Demographic and Economic Information
21-35
These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.

(1) U.S. Bureau of Census for 2010; Mid Ohio Regional Planning Commission for other years.
(2) Provided by Franklin, Fairfield, and Delaware County Auditors. Beginning in 2006, personal property tax is excluded.
(3) General Obligation Debt includes long-term notes; excludes capital leases (\$2 million) in 2010.
(4) General Obligation Debt excludes short term assessment notes (\$286 thousand) and short term parking garage notes ( $\$ 24.645$ million) in 2010.
(5) Since Governmental Activities revenue obligations and Business-type Activity debt are supported by specific revenues and charges for services, Governmental Activities general
obligation debt represents a relevant basis for which to calculate a per capita debt burden.
and Business-type Activities revenue obligations are supported by charges for services and are related to capital needs of a population greater than just the City of Columbus (7) Total personal income for Columbus MSA per Table 26.

## Computation of Direct and Overlapping Debt

In addition to the City, other political subdivisions have the power to issue bonds and to levy taxes or cause taxes to be levied on taxable real property in the City. The estimated outstanding bonded indebtedness at 12/31/2010 of such political subdivisions (including debt payable primarily from special assessments, enterprise revenues, or is otherwise self-supporting) is as follows:

| Political subdivision <br> of State of Ohio |  | Estimated <br> Principal <br> outstanding |
| :--- | ---: | ---: |
| Columbus | $\$$ | $1,993,418,000$ |
|  |  | $1,993,418,000$ |

The City does not pay general obligation debt service from property taxes. General obligation debt service relating to enterprise funds is paid from the respective enterprise fund. All other general obligation debt service is paid from income taxes, certain charges for services, and payments in lieu of taxes designated by the City for that purpose and from special assessments.

The Water System Revenue Refunding Bonds Series 1999 requires three coverage tests. Two rate covenant tests determine if the City is required to increase user rates or engage an independent engineer to assist in determining adequate rates. The bond reserve requirement test determines whether the city will be required to establish a debt service

| :---: |

(1) Includes Capital University, Columbus College of Art \& Design, Franklin University, Ohio Dominican University, Otterbein University, and Mt. Carmel College of Nursing.

DeVry Institute of Technology, Fall 2010 enrollment was approximately 4,446 students. Also, in Franklin County there are 43 proprietary schools with an estimated enrollment of 12,369 students.
(2) The Columbus City School District is a political subdivision under Ohio law, separate and distinct from the City of Columbus and contains current information.

For 2010, the Catholic Diocese of Columbus operates 29 elementary and secondary schools in Franklin County with approximately 12,023 students.

For 2010, there were 15 other public school districts that lie partially or wholly within Franklin County. Enrollment in these districts, for Franklin County only, is estimated at 116,690. In addition, the 117 nonpublic schools located in Franklin County have a 2010 estimated enrollment of 36,041 , exclusive of the Catholic Diocese of Columbus (noted above).

Table 40

Compliance Information<br>Securities and Exchange Commission Rule<br>15c2-12(b)(5)(i)(C) and (D)

In the spirit of full disclosure and in compliance with the above Rule, the City is pleased to disclose the following regarding its outstanding obligations.

## Description of Material Events:

1. There were no delinquencies of principal and/or interest payments.
2. There were no non-payment related defaults.
3. There were no unscheduled draws on debt service reserves reflecting financial difficulties.
4. There were no unscheduled draws on credit enhancements reflecting financial difficulties.
5. There were no substitutions of credit or liquidity providers.
6. There have been no adverse tax opinions affecting the tax-exempt status of any of the City's outstanding obligations.
7. There have been no modifications to rights of the holders of the City's obligations.
8. Bonds called are included in the defeasances that follow (9).
9. Advanced Refunding: On August 12, 2010 the City sold $\$ 413.2$ million of general obligation bonds. Of the total $\$ 413.2$ million issued, $\$ 53.595$ million was issued to advance refund $\$ 56.4$ million in outstanding bonds. Further information regarding this bond issue follows (in thousands):

|  | Governmental |  | Business-type activities - Enterprise |  |  |  | Total |

(20.) Tax Increment Revenues - Polaris - The following is an update to the information provided in the Official Statement, dated October 19, 2004 and relating to the original issuance of $\$ 20,000,000$ City of Columbus, Ohio Tax Increment Financing Bonds, Series 2004A (Polaris Project), under the caption "TAX INCREMENT REVENUES." (See Page 15 of the Official Statement.):

Based upon billing data for collection year 2010, the top ten obligors with respect to TIF Payments, and their respective percentages of the total TIF Payments into the TIF Account for that collection year ( $\$ 2,601,250.18$ ), were as follows:

| Rank | Name of Obligor |  | Total | City Share |  | \% of Total TIF Payments |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| 1 | Banc One Management Corp | \$ | 1,675,442.10 | \$ | 358,831.00 | 13.79\% |
| 2 | PFP Columbus LLC |  | 1,652,424.38 |  | 353,901.27 | 13.61 |
| 3 | Polaris Center LLC |  | 880,399.04 |  | 188,555.89 | 7.25 |
| 4 | NP Platinum Hotel LLC |  | 538,066.14 |  | 115,238.13 | 4.43 |
| 5 | Inland Western Columbus Polaris LLC |  | 507,379.20 |  | 108,665.88 | 4.18 |
| 6 | NP Limited Partnership |  | 321,206.10 |  | 68,793.01 | 2.64 |
| 7 | 8800 Lyra LLC |  | 304,157.20 |  | 65,141.63 | 2.50 |
| 8 | Northern Lights Shopping Center |  | 292,453.36 |  | 62,635.01 | 2.41 |
| 9 | 8401 Data Point Office Investment |  | 291,947.16 |  | 62,526.60 | 2.40 |
| 10 | Polaris Lifestyle Center LLC |  | 271,346.52 |  | 58,114.54 | 2.23 |

Note: The above amounts shown in the "Total" and "City Share" columns correctly represent TIF revenues collected in 2010. The City's 2009 CAFR identified the same amounts as pertaining to collection year 2009; the Delaware County Auditor's Office has corrected this and the above amounts do in fact correspond to collection year 2010.

## (21.) Debt Summary - Projected Additional Debt

To be eligible for capital improvements funding (i.e., from issuance of debt), an asset must have a useful life of at least five years and be considered non-operational. Some examples of capital improvements projects include the purchase of major equipment items, street lighting, street improvements, land acquisition for recreational needs, building construction, and facility rehabilitation. The City's capital improvements program (CIP), for the period 2011 through 2016, provides for approximately $\$ 2.5$ billion in funding (funding to be determined) for various capital improvements. A copy of the current CIP may be obtained by contacting the Department of Finance and Management, City Hall, 90 West Broad Street, Columbus, Ohio 43215.

This Comprehensive Annual Financial Report of the City of Columbus, Ohio will be distributed to citizens in the community; city, state and federal officials, university students, schools, libraries, newspapers, investment banking firms, banks, rating agencies, and to any person or organization requesting it. The report will also be distributed via the Municipal Securities Rulemaking Board's Electronic Municipal Market Access (EMMA) system and to the Ohio Municipal Advisory Council. This report is also available on the City's website. The Internet address is: http://www.columbus.gov.

## Single Audit

 Section
# REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS 

To the Honorable Hugh J. Dorrian, City Auditor<br>City of Columbus, Ohio:

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Columbus, Ohio (the "City") as of and for the year ended December 31, 2010, which collectively comprise the City's basic financial statements and have issued our report thereon dated March 31, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

## Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

## Compliance And Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance that is required to be reported under Government Auditing Standards and which is described in the accompanying schedule of findings and questioned costs as item 2010-1.

We noted certain matters that we reported to management of the City in a separate letter dated March 31, 2011.

The City's response to the finding identified in our audit is described in the accompanying schedule of findings and questioned costs. We did not audit the City's response, and accordingly, we express no opinion on it.

This report is intended solely for the information and use of the City Auditor, the City's management, others within the entity, the Ohio Auditor of State and federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

Cincinnati, Ohio
March 31, 2011

# REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133 

To the Honorable Hugh J. Dorrian, City Auditor<br>City of Columbus, Ohio:

## Compliance

We have audited the City of Columbus, Ohio's (the "City") compliance with the types of compliance requirements described in the OMB Circular A-133 Compliance Supplement that could have a direct and material effect on each of the City's major federal programs for the year ended December 31, 2010. The City's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the City's management. Our responsibility is to express an opinion on the City's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the City's compliance with those requirements.

In our opinion, the City complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2010. However, the results of our auditing procedures disclosed instances of noncompliance with those requirements, which are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying schedule of findings and questioned costs as items 2010-2 and 2010-3.

## Internal Control Over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the City's internal control over
compliance with the requirements that could have a direct and material effect on a major federal program to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, we identified certain deficiencies in internal control over compliance that we consider to be significant deficiencies as described in the accompanying schedule of findings and questioned costs as items 2010-2 and 2010-3. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

## Schedule of Expenditures of Federal Awards

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City as of and for the year ended December 31, 2010, and have issued our report thereon dated March 31, 2011. Our audit was performed for the purpose of forming our opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the financial statements taken as a whole.

The City's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. We did not audit the City's responses and, accordingly, we express no opinion on the responses.

This report is intended solely for the information and use of the City Auditor, the City's management, the Ohio Auditor of State and federal awarding agencies and pass-through entities, and is not intended to be and should be used by anyone other than these specified parties.

## CI TY OF COLUMBUS, OHIO

# Notes to Schedule of Receipts and Expenditures <br> of Federal, State, and County Awards 

December 31, 2010

## Note A-General

The accompanying Schedule of Receipts and Expenditures of Federal, State, and County Awards (the Schedule) presents the activity of all federal, state, and county award programs of the City of Columbus, Ohio (the City). The City's reporting entity is defined in Note A to the City's basic financial statements. All federal awards received directly from federal agencies as well as federal awards passed through other government agencies are included on the Schedule.

## Note B-Basis of Accounting

The accompanying Schedule is presented using the cash basis of accounting in which revenues are recognized when received and expenditures are recognized when paid.

## Note C-Relationship to Basic Financial Statements

Grant revenues are reported in the City's special revenue and capital projects funds. See the Schedule for the reconciliation between the fund financial statements prepared in accordance with generally accepted accounting principles (GAAP) and the Schedule prepared on the cash basis of accounting.

## Note D-Schedule References

1. City Grant No. represents the City's Performance Accounting System classification structure and is used for internal purposes only.
2. Grant No. for pass-through grants is the State of Ohio's grant number.
3. The P.A.S.S.P.O.R.T. program is funded by both federal and state Medicaid. The amount presented is the federal portion only.

## Note E-Loans Outstanding

The City administers loan programs with funding received from the Department of Housing and Urban Development. Following are the loan balances outstanding that have continuing compliance requirements for these programs as of December 31, 2010:

|  | Federal <br> CFDA | Amount <br> Program Title |
| :---: | :---: | :---: |
| Number | Outstanding |  |
| HOME Investment Partnership | 14.239 | $\$ 57,996,018$ |

- CFDA 93.778 - Medical Assistance Program

Dollar threshold to distinguish between
Type A and Type B Programs:
\$3,000,000
Auditee qualified as low-risk auditee?
Yes

## Section II - Financial Statement Findings

## Finding 2010-1 - Certificate of Estimated Resources Compliance

Ohio Revised Code Section 5705.39 stipulates that total appropriations made during the fiscal year from any fund must not exceed the amount contained in the certificate of estimated resources or the amended certificate of estimated resources which was certified prior to making the appropriation or supplemental appropriation. During our testing of compliance with budgetary requirements, we noted five funds which had appropriations in excess of estimated resources as of December 31, 2010. We recommend the City monitor their budgetary compliance at near year-end to ensure requests for increased amended certificates from the County Budget Commission are filed whenever the appropriation or supplemental appropriation exceeds the current certificate of estimated resources.

Management response: Appropriations in excess of the certificate of estimated resources were the result of increases in appropriations occurring during the course of the year, subsequent to the initial filing of the certificate of estimated resources. Corrective action will be taken in future years to amend the certificate of estimated resources reflecting such increased appropriations.

## Section III - Federal Award Findings and Questioned Costs DEPARTMENT OF HEALTH AND HUMAN SERVICES

## Finding 2010-2 - Public Health Emergency Preparedness - CFDA 93.069

Condition: We performed tests to determine if the City was properly charging salaries and wages to the Federal award. For certain expenses charged to the grant, personnel timesheets did not fully support the hours allocated to the grant through payroll.

Criteria: OMB Circular A-87 requires salaries and wages charged to Federal awards to be based on payrolls documented in accordance with the generally accepted practices of the City. Where employees work on multiple activities or cost objectives, a distribution of their salaries and wages should be supported by personnel activity reports unless a substitute system has been approved by the cognizant Federal agency.

Context: A sample of five employees, with salaries and wages of $\$ 243,497$ charged to the Federal award, was selected for audit from a population of 28 employees with charged salaries and wages of $\$ 1,821,518$. Four employees' time charges to the Federal award exceeded the hours supported by their timesheets in the amount of \$12,067.

Cause: The City was charging $60 \%$ of certain employees' salaries and wages to the Federal award but timesheets prepared to record the employees hours worked did not fully support the 60\% charge.

Effect: $\$ 12,067$ of costs are questioned as a result of failing to meet documentation requirements to support allowable costs.

Recommendation: The City should implement improved procedures to ensure hours reported on the timesheets are accurately reflected in the payroll system to prevent the potential of disallowed costs.

Views of Responsible Officials: Management concurs.

## Finding 2010-3 - Public Health Emergency Preparedness - CFDA 93.069

Condition: We performed tests to determine if the City was properly monitoring its subrecipients under this Federal award. We observed that the City, as a pass-through entity, did not include Federal award information (i.e., CFDA title and number, award name and number) and applicable compliance requirements in the subrecipient contracts. Additionally, the City currently lacks procedures to ensure any of their subrecipients expending $\$ 500,000$ or more in Federal awards during the subrecipients' fiscal year have met their audit requirements under OMB Circular A-133.

Criteria: 31 USC 7502(f)(2)(A) and 7502(f)(2)(C) require pass-through entities to provide each subrecipient Federal award information and review the audit of its subrecipients as necessary to determine whether prompt and appropriate corrective action has been taken with respect to audit findings pertaining to the Federal awards provided to the subrecipient by the pass-through entity.

Cause: The City lacked procedures to ensure the appropriate information was included in the contract. The City also lacked procedures to ensure its subrecipients were complying with their audit responsibilities under Circular A-133 to follow up on any findings and corrective action that may exist pertaining to this pass-through award.

Effect: A pass-through entity assumes responsibility for complying with Federal award requirements when it accepts Federal awards. When the City passes a grant through to a subrecipient, the City is ultimately responsible for compliance at the subrecipient level. Ineffective subrecipient monitoring could result in noncompliance with Federal requirements by subrecipients.

Recommendation: We recommend the City develop procedures to ensure the required Federal award information is included in contracts with its subrecipients. We also recommend the City develop a process to ensure its subrecipients are obtaining an audit performed in accordance with OMB Circular A-133 when their Federal awards expended are expected to exceed $\$ 500,000$, and further, that these reports are submitted to the City to follow up on any findings and corrective action that may exist.

Views of Responsible Officials: Management concurs.

## Section IV - Summary of Prior Audit Findings and Questioned Costs

## Finding 2009-1 - Certificate of Estimated Resources Compliance

Ohio Revised Code Section 5705.39 stipulates that total appropriations made during the fiscal year from any fund must not exceed the amount contained in the certificate of estimated resources or the amended certificate of estimated resources which was certified prior to making the appropriation or supplemental appropriation. During our testing of compliance with budgetary requirements, we noted eighteen funds which had appropriations in excess of estimated resources as of December 31, 2009.

Status: Repeated as Finding 2010-1.
