District Board of Health Knox County 11660 Upper Gilchrist Road Mount Vernon, Ohio 43050

To the Members of the Board:

As you are aware, the Auditor of State's Office (AOS) must modify the *Independent Accountants' Report* we provide on your financial statement due to an interpretation from the American Institute of Certified Public Accountants (AICPA). While AOS does not legally require your District to prepare financial statements pursuant to Generally Accepted Accounting Principles (GAAP), the AICPA interpretation requires auditors to formally acknowledge that you did not prepare your financial statement in accordance with GAAP. Our Report includes an adverse opinion relating to GAAP presentation and measurement requirements, but does not imply the amounts the statement presents are misstated under the non-GAAP basis you follow. The AOS report also includes an opinion on the financial statement you prepared using the cash basis and financial statement format the AOS permits.

INDEPENDENT ACCOUNTANTS' REPORT

District Board of Health Knox County 11660 Upper Gilchrist Road Mount Vernon, Ohio 43050

To the Members of the Board:

We have audited the accompanying financial statement of the District Board of Health, Knox County, Ohio, (the District) as of and for the year ended December 31, 2010. This financial statement is the responsibility of the District's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinion.

As described more fully in Note 1, the District has prepared this financial statement using accounting practices the Auditor of State prescribes or permits. These practices differ from accounting principles generally accepted in the United States of America (GAAP). Although we cannot reasonably determine the effects on the financial statements of the variances between these regulatory accounting practices and GAAP, we presume they are material.

Instead of the combined funds the accompanying financial statement presents, GAAP require presenting entity wide statements and also presenting the District's larger (i.e. major) funds separately. While the District does not follow GAAP, generally accepted auditing standards requires us to include the following paragraph if the statements do not substantially conform to GAAP presentation requirements. The Auditor of State permits, but does not require Districts to reformat their statements. The District has elected not to follow GAAP statement formatting requirements. The following paragraph does not imply the amounts reported are materially misstated under the accounting basis the Auditor of State permits. Our opinion on the fair presentation of the amounts reported pursuant to its non-GAAP basis is in the second following paragraph.

District Board of Health Knox County Independent Accountants' Report Page 2

In our opinion, because of the effects of the matter discussed in the preceding two paragraphs, the financial statement referred to above for the year ended December 31, 2010 does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the District as of December 31, 2010, or its changes in financial position for the year then ended.

Also, in our opinion, the financial statement referred to above presents fairly, in all material respects, the combined fund cash balances and reserves for encumbrances of the District Board of Health, Knox County, Ohio, as of December 31, 2010, and its combined cash receipts and disbursements for the year then ended on the accounting basis Note 1 describes.

The District has not presented Management's Discussion and Analysis, which accounting principles generally accepted in the United States of America has determined is necessary to supplement, although not required to be part of, the financial statement.

In accordance with *Government Auditing Standards*, we have also issued our report dated July 15, 2011, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance, and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

We conducted our audit to opine on the District's financial statement. The federal awards expenditure schedule provides additional information required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the financial statement. The federal awards expenditure schedule is management's responsibility, and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statement. This schedule was subject to the auditing procedures we applied to the financial statement. We also applied certain additional procedures, including comparing and reconciling this information directly to the underlying accounting and other records used to prepare the financial statement in accordance with auditing standards generally accepted in the United States of America. In our opinion, this information is fairly stated in all material respects in relation to the financial statement taken as a whole.

Dave Yost Auditor of State

THIS PAGE INTENTIONALLY LEFT BLANK

NOTES TO THE FINANCIAL STATEMENT DECEMBER 31, 2010

1. Summary of Significant Accounting Policies

A. Description of the Entity

The constitution and laws of the State of Ohio establish the rights and privileges of the District Board of Health, Knox County, Ohio, (the District) as a body corporate and politic. A ninemember Board and a Health Commissioner govern the District. The Board is comprised of three members appointed by the City of Mount Vernon, five members appointed by the District Advisory Council of Knox County, and one alternate member appointed by the Health Licensing Council. The District's services include medical and dental clinics, communicable disease investigations, immunization clinics, inspections, public health nursing services and issues health-related licenses and permits.

The District's management believes this financial statement presents all activities for which the District is financially accountable.

B. Accounting Basis

This financial statement follows the accounting basis the Auditor of State prescribes or permits. This basis is similar to the cash receipts and disbursements accounting basis. The District recognizes receipts when received in cash rather than when earned, and recognizes disbursements when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

This statement includes adequate disclosure of material matters, as the Auditor of State prescribes or permits.

C. Cash and Investments

As required by the Ohio Revised Code, the Knox County Treasurer is custodian for the District's cash. The County's cash and investment pool holds the District's assets, valued at the Treasurer's reported carrying amount.

D. Fund Accounting

The District uses fund accounting to segregate cash and investments that are restricted as to use. The District classifies its funds into the following types:

1. General Fund

The General Fund reports all financial resources except those required to be accounted for in another fund.

2. Special Revenue Funds

These funds account for proceeds from specific sources (other than from private-purpose trusts or for capital projects) that are restricted to expenditure for specific purposes. The District had the following significant Special Revenue Fund:

NOTES TO THE FINANCIAL STATEMENT DECEMBER 31, 2010 (Continued)

1. Summary of Significant Accounting Policies (Continued)

D. Fund Accounting (Continued)

2. Special Revenue Funds (Continued)

<u>Home Health Nursing Fund</u> – This fund receives fees for providing home nursing services to elderly and homebound persons. This fund also receives monies from passport funds which are state and federal grant monies to provide home healthcare for Medicaid eligible persons through referrals from the Area Agency of Aging.

E. Budgetary Process

The Ohio Revised Code requires the District to budget each fund annually

1. Appropriations

Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund, function or object level of control, and appropriations may not exceed estimated resources. The District Board must annually approve appropriation measures and subsequent amendments. The County Budget Commission must also approve the annual appropriation measure. Unencumbered appropriations lapse at year end.

2. Estimated Resources

Estimated resources include estimates of cash to be received (budgeted receipts) plus unencumbered cash as of January 1. The County Budget Commission must also approve estimated resources.

3. Encumbrances

The Ohio Revised Code requires the District to reserve (encumber) appropriations when individual commitments are made. Encumbrances outstanding at year end are carried over, and need not be reappropriated.

A summary of 2010 budgetary activity appears in Note 2.

F. Property, Plant, and Equipment

The District records disbursements for acquisitions of property, plant, and equipment when paid. The accompanying financial statement does not report these items as assets.

G. Accumulated Leave

In certain circumstances, such as upon leaving employment, employees are entitled to cash payments for unused leave. The financial statement does not include a liability for unpaid leave.

NOTES TO THE FINANCIAL STATEMENT DECEMBER 31, 2010 (Continued)

2. Budgetary Activity

Budgetary activity for the year ending December 31, 2010 follows:

2010 Budgeted vs. Actual Receipts

	Budgeted	Actual	
Fund Type	Receipts	Receipts	Variance
General	\$823,434	\$781,245	(\$42,189)
Special Revenue	2,730,316	2,386,773	(343,543)
Total	\$3,553,750	\$3,168,018	(\$385,732)

2010 Budgeted vs. Actual Budgetary Basis Expenditures

	Appropriation	Budgetary	
Fund Type	Authority	Expenditures	Variance
General	\$936,029	\$729,010	\$207,019
Special Revenue	3,072,774	2,535,037	537,737
Total	\$4,008,803	\$3,264,047	\$744,756

3. Intergovernmental Funding

The County apportions the excess of the District's appropriations over other estimated receipts among the townships and municipalities composing the District, based on their taxable property valuations. The County withholds the apportioned excess from property tax settlements and distributes it to the District. The financial statement presents these amounts as intergovernmental receipts.

4. Retirement Systems

The District's employees belong to the Ohio Public Employees Retirement System (OPERS). OPERS is a cost-sharing, multiple-employer plan. The Ohio Revised Code prescribes this plan's benefits, which include postretirement healthcare and survivor and disability benefits.

The Ohio Revised Code also prescribes contribution rates. For 2010, OPERS members contributed 10% of their gross salaries and the District contributed an amount equaling 14%, of participants' gross salaries. The District has paid all contributions required through December 31, 2010.

5. Risk Management

The District is exposed to various risks of property and casualty losses, and injuries to employees.

The District insures against injuries to employees through the Ohio Bureau of Worker's Compensation.

The District belongs to the Public Entities Pool of Ohio (PEP), a risk-sharing pool available to Ohio local governments. PEP provides property and casualty coverage for its members. American

NOTES TO THE FINANCIAL STATEMENT DECEMBER 31, 2010 (Continued)

5. Risk Management (Continued)

Risk Pooling Consultants, Inc. (ARPCO), a division of York Insurance Services Group, Inc. (York), functions as the administrator of PEP and provides underwriting, claims, loss control, risk management, and reinsurance services for PEP. PEP is a member of the American Public Entity Excess Pool (APEEP), which is also administered by ARPCO. Member governments pay annual contributions to fund PEP. PEP pays judgments, settlements and other expenses resulting from covered claims that exceed the members' deductibles.

Casualty and Property Coverage

APEEP provides PEP with an excess risk-sharing program. Under this arrangement, PEP retains insured risks up to an amount specified in the contracts. At December 31, 2009, PEP retained \$350,000 for casualty claims and \$150,000 for property claims.

The aforementioned casualty and property reinsurance agreement does not discharge PEP's primary liability for claims payments on covered losses. Claims exceeding coverage limits are the obligation of the respective government.

Financial Position

PEP's financial statements (audited by other accountants) conform with generally accepted accounting principles, and reported the following assets, liabilities and retained earnings at December 31, 2009 and 2008 (the latest information available):

	<u>2009</u>	<u>2008</u>
Assets	\$36,374,898	\$35,769,535
Liabilities	(15,256,862)	(15,310,206)
Net Assets	<u>\$21,118,036</u>	<u>\$20,459,329</u>

At December 31, 2009 and 2008, respectively, the liabilities above include approximately \$14.1 million and \$13.7 million of estimated incurred claims payable. The assets above also include approximately \$13.7 million and \$12.9 million of unpaid claims to be billed to approximately 447 member governments in the future, as of December 31, 2009 and 2008, respectively. These amounts will be included in future contributions from members when the related claims are due for payment. As of December 31, 2009, the District's share of these unpaid claims collectible in future years is approximately \$6,000.

Based on discussions with PEP, the expected rates PEP charges to compute member contributions, which are used to pay claims as they become due, are not expected to change significantly from those used to determine the historical contributions detailed below. By contract, the annual liability of each member is limited to the amount of financial contributions required to be made to PEP for each year of membership.

NOTES TO THE FINANCIAL STATEMENT DECEMBER 31, 2010 (Continued)

5. Risk Management (Continued)

Contributions to PEP		
<u>2010</u>	<u>2009</u>	
\$5,589	\$5,876	

After one year of membership, a member may withdraw on the anniversary of the date of joining PEP, if the member notifies PEP in writing 60 days prior to the anniversary date. Upon withdrawal, members are eligible for a full or partial refund of their capital contributions, minus the subsequent year's contribution. Withdrawing members have no other future obligation to PEP. Also upon withdrawal, payments for all casualty claims and claim expenses become the sole responsibility of the withdrawing member, regardless of whether a claim occurred or was reported prior to the withdrawal.

6. Health Department Capital Lease

Capital lease outstanding at December 31, 2010 was as follows:

	Principal	Interest Rate
Building Lease	\$1,141,945	3.50%

Knox County issued a 20 year bond issue on August 15, 2000, to fund the construction of the new health department building. The Knox County District Board of Health entered into a 20 year lease with the County which requires the District to pay the County yearly payments which match the yearly principal and interest on the bonds outstanding. In 2010, Knox County refinanced the bonds to obtain a lower interest rate. The total amount paid to the County in 2010 for the lease obligation was \$122,643.

The required lease payments at December 31, 2010 are as follows:

Year ending December 31:	Building Lease
2011	\$126,924
2012	128,313
2013	126,433
2014	127,318
2015	127,893
2016-2021	761,273
Total	\$1,398,154
Less Interest:	256,209
Lease Principal	\$1,141,945

NOTES TO THE FINANCIAL STATEMENT DECEMBER 31, 2010 (Continued)

7. Medical Insurance

The Health District employees have health insurance coverage through Medical Benefits, a self insurance plan operated by the District's fiscal agent. All claims are handled through Knox County.

8. Contingent Liabilities

Amounts received from grantor agencies are subject to audit and adjustment by the grantor, principally the federal government. The grantor may require refund of any disallowed costs. Management cannot presently determine any amounts grantors may disallow. However, based on prior experience, management believes any refunds would be immaterial

9. Tax Levy

A General Health District may also receive receipts from a special levy authorized by the board of county commissioners under ORC 3709.29, if the amount of taxes needed are to be raised above the ten mil limitation. In fiscal year 2007, the Knox County District Board of Health, through the approval of the Knox County Board of Commissioners serving as special taxing authority, adopted a resolution to renew a tax levy to provide the District with sufficient funds to meet its operating expenses, and to help carry out its programs to help protect the public health. The tax levy generated \$371,796 in 2010.

INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

District Board of Health Knox County 11660 Upper Gilchrist Road Mount Vernon, Ohio 43050

To the Members of the Board:

We have audited the financial statement of the District Board of Health, Knox County, Ohio, (the District) as of and for the year ended December 31, 2010, and have issued our report thereon dated July 15, 2011, wherein we noted the District followed accounting practices the Auditor of State prescribes or permits rather than accounting principles generally accepted in the United States of America. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting as a basis for designing our audit procedures for the purpose of expressing our opinion on the financial statement, but not for the purpose of opining on the effectiveness of the District's internal control over financial reporting. Accordingly, we have not opined on the effectiveness of the District's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A material weakness is a deficiency, or combination of internal control deficiencies resulting in more than a reasonable possibility that a material misstatement of the District's financial statement will not be prevented, or detected and timely corrected.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider material weaknesses, as defined above.

88 East Broad Street, Tenth Floor, Columbus, Ohio 43215-3506 Phone: 614-466-3402 or 800-443-9275 Fax: 614-728-7199

www.auditor.state.oh.us

District Board of Health
Knox County
Independent Accountants' Report on Internal Control Over
Financial Reporting and on Compliance and Other Matters
Required by Government Auditing Standards
Page 2

Compliance and Other Matters

As part of reasonably assuring whether the District's financial statement was free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

We intend this report solely for the information and use of the audit committee, management, Board members and federal awarding agencies and pass-through entities. We intend it for no one other than these specified parties.

Dave Yost Auditor of State

July 15, 2011

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO THE MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

District Board of Health Knox County 11660 Upper Gilchrist Road Mount Vernon, Ohio 43050

To the Members of the Board:

Compliance

We have audited the compliance of the District Board of Health, Knox County, Ohio, (the District) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133, Compliance Supplement that could directly and materially affect the District's major federal program for the year ended December 31, 2010. The summary of auditor's results section of the accompanying schedule of findings identifies the District's major federal program. The District's management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to the major federal program. Our responsibility is to express an opinion on the District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to reasonably assure whether noncompliance occurred with the compliance requirements referred to above that could directly and materially affect a major federal program. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing other procedures we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the District's compliance with those requirements.

In our opinion, the District Board of Health, Knox County, Ohio, complied, in all material respects, with the requirements referred to above that could directly and materially affect its major federal program for the year ended December 31, 2010.

Internal Control Over Compliance

The District's management is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the District's internal control over compliance with requirements that could directly and materially affect a major federal program, to determine our auditing procedures for the purpose of opining on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of opining on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the District's internal control over compliance.

88 East Broad Street, Tenth Floor, Columbus, Ohio 43215-3506 Phone: 614-466-3402 or 800-443-9275 Fax: 614-728-7199 www.auditor.state.oh.us District Board of Health
Knox County
Independent Accountants' Report on Compliance With Requirements
Applicable to Each Major Federal Program and on Internal Control Over
Compliance in Accordance With OMB Circular A-133
Page 2

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program compliance requirement. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

We intend this report solely for the information and use of the audit committee, management, Board members, federal awarding agencies, and pass-through entities. It is not intended for anyone other than these specified parties.

Dave Yost Auditor of State
