INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Lake Metroparks
Lake County
11211 Spear Road
Concord, Ohio 44077

To the Board of Park Commissioners:

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Lake Metroparks, Lake County, Ohio (the Park District), as of and for the year ended December 31, 2010, which collectively comprise the Park District's basic financial statements and have issued our report thereon dated June 15, 2011, wherein we noted the District implemented Governmental Accounting Standard Board Statement No. 54, "Fund Balance Reporting and Governmental Fund Type Definitions". We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Park District's internal control over financial reporting as a basis for designing our audit procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of opining on the effectiveness of the Park District's internal control over financial reporting. Accordingly, we have not opined on the effectiveness of the Park District's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in more than a reasonable possibility that a material misstatement of the Park District's financial statements will not be prevented, or detected and timely corrected.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider material weaknesses, as defined above.

Compliance and Other Matters

As part of reasonably assuring whether the Park District's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

We intend this report solely for the information and use of the audit committee, management, the Board of Park Commissioners and federal awarding agencies, pass-through entities and others within the Park District. We intend it for no one other than these specified parties.

A handwritten signature in black ink that reads "Dave Yost". The signature is written in a cursive, flowing style.

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO ITS MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133, AND THE FEDERAL AWARDS EXPENDITURES SCHEDULE

Lake Metroparks
11211 Spear Road
Concord Township, Ohio 44077

To the Board of Park Commissioners:

Compliance

We have audited the compliance of Lake Metroparks, Lake County, Ohio (the Park District) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133, Compliance Supplement* that apply to its major federal program for the year ended December 31, 2010. The summary of auditor's results section of the accompanying schedule of findings identifies the Park District's major federal program. The Park District's management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to its major federal program. Our responsibility is to express an opinion on the Park District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to reasonably assure whether noncompliance occurred with the types of compliance requirements referred to above that could directly and materially affect a major federal program. An audit includes examining, on a test basis, evidence about the Park District's compliance with those requirements and performing other procedures we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Park District's compliance with those requirements.

In our opinion, the Park District complied, in all material respects, with the requirements referred to above that apply to its major federal program for the year ended December 31, 2010.

Internal Control Over Compliance

The Park District's management is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the Park District's internal control over compliance with requirements that could directly and materially affect a major federal program, to determine our auditing procedures for the purpose of opining on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of opining on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the Park District's internal control over compliance.

**Internal Control Over Compliance
(Continued)**

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program compliance requirement. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

Federal Awards Expenditures Schedule

We have also audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Lake Metroparks, Lake County, Ohio, as of and for the year ended December 31, 2010, and have issued our report thereon dated June 15, 2011, wherein we noted the District implemented Governmental Accounting Standard Board Statement No. 54, "Fund Balance Reporting and Governmental Fund Type Definitions". Our audit was performed to form opinions on the financial statements that collectively comprise the Park District's basic financial statements taken as a whole. The accompanying federal awards expenditures schedule provides additional information required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and is not a required part of the basic financial statements. The schedule is management's responsibility, and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. This schedule was subject to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, in accordance with auditing standards generally accepted in the United States of America. In our opinion, this information is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

We intend this report solely for the information and use of the audit committee, management, the Board of Park Commissioners, others within the Park District, federal awarding agencies and pass-through entities. It is not intended for anyone other than these specified parties.

Formal Letter of Transmittal

We are pleased to submit the 21st Comprehensive Annual Financial Report (CAFR) for Lake Metroparks (hereafter, also referred to as the “Park District”). This report conforms to Generally Accepted Accounting Principles (GAAP) and provides full and complete disclosure of the financial position and operations of the Park District for the year ended December 31, 2010. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the Park District’s management. To the best of our knowledge and beliefs, the enclosed data are accurate in all material respects and are reported in a manner designed to present fairly the financial position of the entity as a whole and results of operations of the various funds of the Park District. All disclosures necessary to enable the reader to gain an understanding of the Park District’s financial activities have been included.

Lake County Probate Judge
Ted Klammer

Board of Park Commissioners
Ellen Foley Kessler
Mark P. Oesterle
Frank J. Polivka

Executive Director
Stephen W. Madewell

Report Presentation

Financial statements of governmental organizations differ somewhat from the statements prepared for profit-oriented organizations in that governmental organizations prepare statements on a fund basis. In governmental accounting, the term “fund” is used to identify a separate accounting entity with its own assets, liabilities, revenues, and expenditures or expenses, as appropriate.

The Park District has established various funds to segregate activities to comply with legal requirements for segregation, to better facilitate management control, or to satisfy the requirements of GAAP. The presentation of this report and the financial statements contained herein are in conformance with principles established by the Governmental Accounting Standards Board (GASB) and the American Institute of Certified Public Accountants (AICPA) through its various pronouncements.

This letter of transmittal is designed to complement the Management’s Discussion and Analysis letter and should be read in conjunction with it. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis.

Park District Profile

The Park District was created in 1958 under the authority of Chapter 1545 of the Ohio Revised Code. The Park District consists of 43 units of park lands 29 of which have public use amenities. Its boundaries are coterminous with the boundaries of Lake County, Ohio, located immediately east of Cuyahoga County. The southern shoreline of Lake Erie forms the northern boundary of the Park District. The Park District is operated by a three-member board appointed by the Judge of the Lake County Probate Court for three-year alternating terms. The Board of Park Commissioners appoints an Executive Director who serves as the chief executive officer for the Park District. The Board of Park Commissioners also retains a Legal Counsel and Prosecutor.

Individual funds of the Park District are grouped into three generic fund types (governmental funds, proprietary funds, and a fiduciary fund) in the accompanying financial statements. (Refer to the Notes to Basic Financial Statements for a discussion of all of the generic fund types presently prescribed by GAAP.)

Economic Condition and Outlook

Lake County, geographically the smallest county in the State of Ohio, is considered part of the Greater Cleveland metropolitan area. The industrial base of the County consists of chemical manufacturing and research, textile products, wire and wire mesh products, rock salt mining, plastic and plastic products, metal stamping, tooling, and custom machinery. The western half of the County is highly developed with industrial and commercial corporations and residential properties. In the eastern half of the County, nursery businesses provide significant economic contributions. The eastern and southeastern portions of the County are experiencing increased residential development. This trend is expected to continue. As of December 31, 2010, Lake County's unemployment rate was 7.6%, the national rate was 9.4%, and the state rate was 9.6%.

Major Initiatives and Accomplishments 2010

- Met primary objectives for 2010 in carrying out the business of the park system with zero growth in the General Fund over 2009 levels. In doing so, there were no reductions in services or loss of commitment to excellence, and
- For the 20th consecutive year Lake Metroparks received a Certificate of Achievement for Excellence in Financial Reporting.

Lake Metroparks continues to provide affordable and safe recreational and educational experiences for park patrons. Approximately 2.5 million people visited the park system. These visits occurred through park sponsored programs, educational school programs, special events and festivals, golf and outdoor recreational pursuits.

There were a number of ongoing capital improvements implemented or initiated across the park system. In addition to ongoing efforts to repair, replace and upgrade existing amenities: restrooms, playgrounds, picnic shelters, basic mechanical systems and building maintenance there were several new projects. Improvements at Gully Brook reservation began in 2010. This park has been planned for over 20 years and recent land acquisitions enabled this project to move forward. Phase I will include a restroom, shelter, playground, parking area and approximately 1.5 miles of trail.

Improvements also began on the Concord Woods park headquarters. The front portico was rapidly deteriorating and needed to be replaced. A decision was made to address meeting limitations and ADA issues at the same time. Both of these projects will be completed in spring of 2011.

Other significant initiatives included the development of a conservation development plan for the Lakeview Bluffs project. Approximately 140 acres were acquired in 2009 along the Lake Erie shoreline. A donation of nearly 1 million dollars was applied to this acquisition along with funds from several grant sources. The Lake-Geauga Fund of the Cleveland Foundation contributed money specifically for the development of a conservation plan for this property. Due to the unique attributes of its natural resources and location, this

conservation development plan is an important tool for leverage of additional funding and strategic partnerships for this project.

Lake Metroparks continued its efforts to achieve excellence by working toward the completion of a 10 year plan. The international consulting firm, URS, has been working with staff and other appropriate organizations to inventory and access park resources and placement within Northeastern Ohio. This is a critical step in planning for the agency's future and meeting future funding needs. The plan will be completed in the spring of 2011.

Land acquisition included the donation of a locally historic site, Chair Factory Falls. This enabled the development of a small trail and scenic overlook constructed in the proximity of an early mill site. A parking lot and trail were developed at the Girdled Road Skok Meadow. And, a vehicular bridge was installed at the Environmental Learning Center. This will provide the development of additional trails on the east side of this property.

Other trail projects include beginning the preliminary planning process connecting the north and south segments of the Greenway Trail. Federal funding is in place to begin this project. The planning process will take at least another 10 to 18 months. Public surveys have identified trails on the local, state, and national level as a top priority for recreational amenities. Consequently, Lake Metroparks will continue to expand the rails trail system and is also working with communities to identify trail corridors to link population centers. This includes efforts in between Painesville and Fairport, and Willoughby and Eastlake.

Outlook for 2011

The majority of Lake Metroparks' revenue is derived from property tax and at this point this revenue stream is stable. However, the budget for 2011 was developed with a concern for the economy at large and a conservative fiscal approach.

There are 7 funds within the Lake Metroparks' budget:

- General Fund represents the majority of the park systems personnel and daily operation expense – the expenditures of the General Fund are budgeted at \$18,077,245 including a transfer of \$4,040,585 to the Improvement Fund;
- Improvement Fund allows for the purchase of the majority of the park systems capital assets. The park system is projected to spend \$6,877,500 for vehicles, equipment, improvements and repairs and replacement amenities on existing parklands;
- Golf Fund has a budgeted expense of \$1,921,723 which will provide for operational and capital equipment costs associated at both golf courses, Pine Ridge and Erie Shores; and,
- Capital Improvement Fund - The December 31, 2010 carryover balance of \$37,957 is scheduled to be transferred to the Improvement Fund.

As in past years, it is understood that should additional funds be secured through federal or state funds, the park board may amend this budget to reflect any additional funds.

- Bond Retirement Fund, the Health and Life Fund and the Drug Enforcement Fund will be virtually unchanged from last year with projected expenses of \$928,910 for the Bond Retirement Fund, \$1,280,000 for the Health and Life Fund, and \$6,500 for the Drug Enforcement Fund.

Service Efforts and Accomplishments

In 2009 URS was selected to develop a ten year strategic plan for Lake Metroparks. It will be completed in 2011. This plan will help chart the general direction for park acquisitions, scheduled improvements and reassessment of service delivery. With current social and economic conditions being what they are, this planning process is essential for clarifying the long range direction of the park system.

Financial Information

The Park District's day-to-day accounting and budgetary records are maintained on a basis other than GAAP (budgetary). For financial reporting purposes the accounting records are converted to a modified accrual basis for all governmental funds and the accrual basis for the proprietary funds and entity-wide reporting. A further discussion of the basis of accounting can be found in Note. 1 (page 37) to the financial statements along with a reconciliation of budgetary to GAAP.

Budgetary appropriations for the operation of the Park District's divisions are established through the adoption of the annual appropriation resolution by the Board of Park Commissioners. Budgetary control is facilitated through the maintenance of an encumbrance system for purchase orders and through the use of the Park District's financial accounting system.

The Park District maintains budgetary control within the organizational unit and fund by not permitting expenditures and encumbrances to exceed appropriations. Administrative control is maintained through the establishment of object line item budgets. Various departments are subject to performance budget reviews. Funds appropriated may not be expended for purposes other than those designated in the appropriation resolution. Purchase requisitions are used for all purchases of materials, services and supplies that exceed \$50. Purchase requisitions that exceed \$2,000 must be signed by the Executive Director. All purchases over \$15,000 must be approved by the Board of Park Commissioners. The Park Board President reviews all contracts. Expenditures are approved by the Board of Park Commissioners at bi-monthly meetings. Monthly cash reports are sent to the Executive Director, division heads, and the Board of Park Commissioners.

Internal Controls

The Park District's internal controls are reviewed annually as a part of an independent audit. In developing and revising the Park District's accounting and reporting control system, consideration is given to the adequacy of internal controls to provide reasonable but not absolute assurance regarding:

- safeguarding assets against loss from unauthorized use or disposition, and
- reliability of financial records for preparing financial statements and maintaining accountability for assets.

The concept of reasonable assurance recognizes that:

- the cost of a control should not exceed the benefits likely to be derived, and
- the evaluation of costs and benefits requires estimates and judgments by management.

All internal control evaluations occur within the above framework. The Park District's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions.

Responsibility for budgetary control rests with individual divisions, which are given a printed budget report on a bi-monthly basis after the approval of expenditures by the Board of Park Commissioners. The Finance Division exercises budgetary control over the Debt Service and Hospitalization funds. The Finance Division also performs internal cash audits at all park locations. Bank reconciliations are conducted on a monthly basis and petty cash funds are reconciled on a quarterly basis.

General Fund

The General Fund is used to account for all financial resources except those required to be accounted for in another fund. Activities accounted for in the Park District's General Fund include administration, Farmpark, financial, rangers, registration and recreation.

Special Revenue Fund

The Park District created the Drug Enforcement Fund to account for drug fines remitted by the courts. The funds are to be used for the prevention and detection of drug violations within the Park District.

Capital Funds

The Park District has two capital funds. One is the Improvement Fund, funded by grants and transfers from the General Fund. This fund supports land purchases and permanent improvements to the parks. The Park District also has a Capital Improvement Fund, funded by debt. The Capital Improvement Fund is used to acquire land and land improvements. Both funds receive interest earnings as well as contributions. Total Improvement and Capital Improvement Fund level expenditures in 2010 were \$5,032,054, all of which were for capital expenditures.

Enterprise Fund

On January 1, 1993, the Park District began to account for golf operations as an Enterprise Fund. Prior to 1993, golf operations were accounted for as a Special Revenue Fund. The Park District operates two golf courses: Erie Shores Golf Course in Madison (eastern Lake County) and Pine Ridge Country Club, acquired in May 1993, located in Wickliffe (western Lake County). In 2010, the Enterprise Fund received a \$435,854 transfer from the General Fund for capital improvements at Erie Shores Golf Course and Pine Ridge Country Club.

Internal Service Fund

In March 1990, the Park District began a self-insured hospitalization program. During 2010, billings for services to other funds and COBRA charges to participants represented 100% of the fund operating revenue or \$968,374. During 2010, claims expenses were \$831,944 or 76.04% of expenses. Premiums for administration expense and stop-loss insurance, both in the aggregate and in the individual, were \$262,086 or 23.96% of expenses. The fund generated \$949 in non-operating interest.

Debt Administration

In June 2002, the Park District issued a \$2,000,000 ten-year serial revenue bond with equal principal payments of \$200,000 per year. The above debt was a private placement. In June 2006, the Park District issued a \$5,000,000 eight-year serial tax anticipation bond with equal principal payments of \$625,000 a year starting in 2007. Debt service paid in 2010 was \$964,013.

Current Financial Policies

Due to the current economic conditions, Lake Metroparks has taken more advantage of STAROhio as an investment opportunity due to its competitive return and immediate access to funds as opposed to longer term investments.

Independent Audit

Included in this report is an unqualified audit opinion rendered on the Park District's financial operations as well as its assets and liabilities at year-end 2010 by our independent auditors, the Auditor of the State of Ohio, Dave Yost. The Park District's management intends to continue to subject the financial statements to an annual independent audit as part of the preparation of this CAFR. An annual audit serves to maintain and strengthen the Park District's accounting and budgetary controls.

Park District Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Lake Metroparks for its comprehensive annual financial report for the fiscal year ended December 31, 2009. This was the 20th consecutive year that the Park District has achieved this prestigious award. In order to be awarded a Certificate of Achievement, the Park District must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current Comprehensive Annual Financial Report continues to meet the Certificate of Achievement Program's requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

Auditor of State Mary Taylor, CPA presented a "Making Your Tax Dollars Count" Certificate of Recognition for the 2009 Comprehensive Annual Financial Report. This award demonstrates Lake Metroparks' commitment to careful spending, accurate financial recording and efficiency.

Ohio Parks and Recreation Association's (OPRA) 2010 Annual Awards of Excellence:

Each year, OPRA showcases Ohio's best in the parks and recreation field by honoring individuals, programs and projects that make a lasting impact on the health, well being and vibrancy of our communities. These awards recognize the outstanding achievements and extraordinary commitments of park and recreation professionals and agencies in providing services and programs. Lake Metroparks submitted eight projects/programs into the annual OPRA Awards of Distinction competition, resulting in one first place, three second place, two third place and two honorable mention awards:

- *First Place:* Winter Biathlon, Category 12: Physical Programming
- *Second Place:* Vintage Ohio, Category 6: Partnership
- *Second Place:* A Brian's Eye View (photo show), Category 10: Fine Arts Programming
- *Second Place:* Adapted Boating 101, Category 16: Special Populations Program
- *Third Place:* Snowdrop book/exhibit/game/related activities, Category 9: Family Programming
- *Third Place:* Vintage Ohio Security Detail, Category 17: Law Enforcement

2010 APEX Awards:

Lake Metroparks received six awards for marketing projects submitted into the Lake Communicators* annual APEX Awards competition amongst advertisers, copywriters, public relations professionals, graphic designers, writers, photographers, videographers and other communications professionals working in or for clients in Lake, Geauga and Ashtabula Counties. Lake Metroparks won one first place, four second place and one third place awards:

- *First Place:* Snowdrop Media Kit, Public Relations: Press Kits category

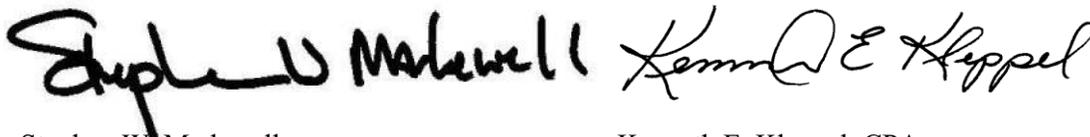

- *Second Place:* Snowdrop's True Color: a White Deer's Adventure & Snowdrop's Adventure Game Mixed Media Campaign, Advertising-Mixed Media Campaign category
- *Second Place:* Lake Metroparks Farmpark's 20th anniversary Promotional Materials, Advertising & Marketing: Special Event Materials category
- *Second Place:* Lake Metroparks Flickr/Facebook Photo Contest, Electronic Media – Online Miscellaneous category
- *Second Place:* Lake Metroparks Sales & Corporate Services Dept. Marketing Materials, Marketing: Marketing Business to Business category
- *Third Place:* Lake Metroparks Volunteer Newsletter, Public Relations-Newsletters category

**Lake Communicators is a 96-member Lake County-based organization for those in the marketing and communication fields in Northeast Ohio. The organization promotes and encourages responsible, creative, professional advertising, public relations and marketing efforts.*

This CAFR represents a continuing commitment by the Finance Division and the management of the Park District to provide prudent financial information of Park District resources and to demonstrate stewardship of the funds granted to the Park District by the voters of Lake County.

We would like to acknowledge support of the entire staff of the Park District, especially the Finance Division, for the tireless effort in developing this report. We would like to thank Edward Zupancic, Lake County Auditor, and his office for assistance in developing the statistical section.

We ask for continuing support in this project and in our efforts to provide financial stewardship and quality public service for the residents of Lake County.

INDEPENDENT ACCOUNTANTS' REPORT

Lake Metroparks
Lake County
11211 Spear Road
Concord, Ohio 44077

To the Board of Park Commissioners:

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Lake Metroparks, Lake County, Ohio (the Park District), as of and for the year ended December 31, 2010, which collectively comprise the Park District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Park District's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Lake Metroparks, Lake County, Ohio, as of December 31, 2010, and the respective changes in financial position and where applicable, cash flows, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As described in Note 12, the Park District implemented Governmental Accounting Standard Board Statement No. 54, "Fund Balance Reporting and Governmental Fund Type Definitions".

In accordance with *Government Auditing Standards*, we have also issued our report dated June 15, 2011, on our consideration of the Park District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require this presentation to include *Management's discussion and analysis and required budgetary comparison schedule for the General fund*, as listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any other assurance.

We conducted our audit to opine on the financial statements that collectively comprise the Park District's basic financial statements taken as a whole. The introductory section, the financial section's combining statements, individual fund schedules, and the statistical section information provide additional analysis and are not a required part of the basic financial statements. The financial section's combining statements, and individual fund schedules are management's responsibility, and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. These statements and schedules were subject to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, in accordance with auditing standards generally accepted in the United States of America. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole. We did not subject the introductory section and statistical section information to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion or any other assurance on them.

Dave Yost
Auditor of State

June 15, 2011

Management's Discussion and Analysis of Lake Metroparks' financial performance provides an overview of the Park District's financial activities for the fiscal year ended December 31, 2010. Please read it in conjunction with the Park District's basic financial statements, which begin on page 25.

Financial Highlights

- The results of the Park District's net assets were a decrease in net assets in business-type and an increase in governmental activities. Net assets of our business-type activities decreased by \$111,651 or 1.2%. Net assets of our governmental activities increased by \$4,622,285 or 10.8%.
- Total cost of all of the Park District's programs was \$16,607,632 in 2009 compared to \$17,106,251 in 2010, an increase of 3.0%.
- During the year, net capital assets increased in governmental activities by \$3,258,370 and net capital assets and goodwill decreased in business-type activities by (\$162,006).

Using This Annual Report

This annual report consists of a series of financial statements. The *Statement of Net Assets* and the *Statement of Activities* (on pages 25 and 26-27) provide information about the activities of the Park District as a whole and present a longer-term view of the Park District's finances. Fund financial statements start on page 28. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the Park District's operations in more detail than the government-wide statements by providing information about the Park District's most financially significant funds.

Reporting the Park District as a Whole

The Statement of Net Assets and the Statement of Activities

Our analysis of the Park District as a whole begins on page 14. One of the most important questions asked about the Park District's finances is, "Is the Park District as a whole better off or worse off as a result of the year's activities?" The *Statement of Net Assets* and the *Statement of Activities* report information about the Park District as a whole and about its activities in a way that helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. Accrual of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the Park District's net assets and changes in them. You can think of the Park District's net assets as the difference between assets, what the citizens own, and liabilities, what the citizens owe, as one way to measure the Park District's financial health or financial position. Over time increases or decreases in the Park District's net assets are one indicator of whether its financial health is improving or deteriorating. You will need to consider other nonfinancial factors such as changes in the Park District's property tax base and the condition of the Park District's capital assets (roads, buildings, trails) to assess the overall health of the Park District.

In the *Statement of Net Assets* and the *Statement of Activities* we divide the Park District into two kinds of activities:

- **Governmental Activities:** Most of the Park District's basic services are reported here, including parks and recreation and general administration. Property taxes and state and federal grants finance most of these activities.
- **Business-type Activities:** The Park District charges a fee to customers to help it cover all or most of the cost of certain services it provides. The Park District's golf courses are reported here.

Reporting the Park District's Most Significant Funds

Fund Financial Statements

Our analysis of the Park District's major funds begins on page 18. The fund financial statements begin on page 28 and provide detailed information about the most significant funds—not the Park District as a whole. Some funds are required to be established by state law. However, the Park Board establishes other funds to help it control and manage money for particular purposes (example: Capital Improvement Fund). The Park District's three kinds of funds, governmental, proprietary and fiduciary, use different accounting approaches.

Governmental funds: Most of the Park District's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using the modified accrual basis of accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the Park District's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the Park District's programs. We describe the relationship (or differences) between governmental activities (reported in the *Statement of Net Assets* and the *Statement of Activities*) and governmental funds in a reconciliation beside the fund financial statements.

Proprietary funds: When the Park District charges customers for the full cost of the services it provides whether to outside customers or to other units of the Park District, these services are reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the *Statement of Net Assets* and the *Statement of Activities*. In fact, the Park District's Enterprise Fund (a component of proprietary funds) is the same as the business-type activities we report in the government-wide statements but provide more detail and additional information, such as cash flows, for proprietary funds. We use an internal service fund, the Hospitalization Fund, (the other component of proprietary funds) to report activities that provide hospitalization to the Park District's employees working under other programs.

Fiduciary fund: The Park District employs an Agency Fund to record amounts held by the Park District as a fiduciary for other governments and agencies.

The Park District as a Whole

The Park District's total governmental assets changed from a year ago, increasing from \$61,421,209 to \$64,462,783. Our analysis below focuses on the net assets (Table 1) and changes in net assets (Table 2) of the Park District's governmental and business-type activities.

	Table 1					
	Net Assets					
	Governmental		Business-type		Total	
	2010	2009	2010	2009	2010	2009
Other Assets	\$25,020,055	\$25,236,851	\$468,505	\$462,389	\$25,488,560	\$25,699,240
Capital Assets and Goodwill	39,442,728	36,184,358	8,727,230	8,896,244	48,169,958	45,080,602
Total Assets	64,462,783	61,421,209	9,195,735	9,358,633	73,658,518	70,779,842
Long-term Liabilities						
Outstanding	4,510,602	5,194,946	147,089	--	4,657,691	5,194,946
Other Liabilities	12,626,062	13,522,429	50,977	249,313	12,677,039	13,771,742
Total Liabilities	17,136,664	18,717,375	198,066	249,313	17,334,730	18,966,688
Net Assets						
Invested in Capital Assets						
Net of Debt	36,542,728	32,459,358	8,727,230	8,896,244	45,269,958	41,355,602
Restricted	951,169	1,533,851	--	--	951,169	1,533,851
Unrestricted	9,832,222	8,710,625	270,439	213,076	10,102,661	8,923,701
Total Net Assets	\$47,326,119	\$42,703,834	\$8,997,669	\$9,109,320	\$56,323,788	\$51,813,154

Net assets of the Park District's governmental activities increased by \$4,622,285, (\$47,326,119) at December 31, 2010 compared to \$42,703,834 at December 31, 2009). Unrestricted net assets, the part of net assets that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation, or other legal requirements, increased by \$1,121,597, (at December 31, 2010, \$9,832,222 compared to \$8,710,625 at December 31, 2009). Restricted net assets, those restricted mainly for capital projects, decreased by \$582,682, (\$951,169 at December 31, 2010 compared to \$1,533,851 at December 31, 2009). The investment in capital assets, net of debt category, increased by \$4,083,370, (\$36,542,728 at December 31, 2010 compared to \$32,459,358 at December 31, 2009).

The net assets of our business-type activities decreased by \$111,651, (\$8,997,669 at December 31, 2010 compared to \$9,109,320 at December 31, 2009). The Park District generally commits these net assets to finance the continuing operations of the Golf Fund.

Financial Ratios

The financial ratios following should be used to assess the financial stability of the Park District over an extended period of time.

The *Ratios of Working Capital* and *Days Cash and Investment in Reserve* demonstrate the ability to finance operations with cash. The stability of the *Current Ratio* and the *Liabilities to Net Asset* demonstrate the fact that the Park District's retirement of long-term debt exceeded its issuance of long-term debt in the year 2010.

Working Capital is the amount by which current assets exceed current liabilities. The *Current Ratio*, which compares current assets to current liabilities, is an indicator of the ability to pay current obligations.

2010 Governmental Funds Expenditures

(This page left blank intentionally)

Proprietary Funds

The Park District's Enterprise Fund is the Golf Fund. The basic financial statement is included in this report. The Park District also has an Internal Service Fund, the Hospitalization Fund. The basic financial statement is also included in this report. Because the focus on proprietary funds is a cost of service measurement or capital maintenance, we have included these funds in the table, which demonstrates return on ending assets and return on ending net assets. The table is at the end of this section.

Golf fees and charges are reviewed on a yearly basis and changes are recommended to the Board of Park Commissioners for passage. During 2010, there was no increase to greens fees. Hospitalization fees are adjusted via the budget and there were no increases in rates during 2010. Total golf charges for services decreased by 2.9% due to a continued soft market. The hospitalization net assets decreased by \$124,707 in the year 2010 due to a decrease in interest earnings and an increase in claims. The Park District purchased stop-loss insurance in the amount of \$80,000 individual and aggregate of approximately \$1,200,000.

	Golf	Hospitalization
Total Assets	\$9,195,735	\$797,499
Net Assets	8,997,669	676,239
Change in Net Assets	(111,651)	(124,707)
Return on Ending Total Assets	(1.2%)	(15.6%)
Return on Ending Net Assets	(1.2%)	(18.4%)

Capital Asset and Debt Administration

Capital Assets

At the end of 2010, the Park District had \$48,083,518 invested in a broad range of capital assets net of accumulated depreciation including land, buildings, vehicles, equipment, livestock, trails, bridges and parking lots. (See table below.) This amount represents a net increase (including additions and deductions) of \$3,096,364 or an increase of 6.9% from last year.

	Capital Assets at Year-end (Net of Depreciation)					
	Governmental Activities		Business-type Activities		Total	
	2010	2009	2010	2009	2010	2009
Land	\$23,655,007	\$20,821,268	\$2,707,181	\$2,707,181	\$26,362,188	\$23,528,449

Accumulated Depreciation	(12,838,072)	(11,998,205)	(4,491,593)	(4,069,222)	(17,329,665)	(16,067,427)
Total	\$39,442,728	\$36,184,358	\$8,640,790	\$8,802,796	\$48,083,518	\$44,987,154

This year's major additions included the following governmental improvements: purchased land, vehicles and equipment, improvements to existing buildings and parks which included construction in progress for addition at Concord Woods. Business-type improvements included parking lot paving, roof repairs and course

improvements at Erie Shores Golf Course. Pine Ridge Country Club improvements included a new patio fence and awning. More detailed information about the Park District's capital assets is presented in Note 6 to Basic Financial Statements.

Debt

At year-end the Park District had \$2,900,000 in bonds outstanding versus \$3,725,000 last year, a decrease of \$825,000, as a result of the principal retirement of \$625,000 from the 2006 issue and the principal retirement of \$200,000 from the 2002 issue. All bonds of the Park District are shown as governmental activities. More detailed information about the Park District's long-term debt obligations is presented in Note 7 to Basic Financial Statements.

Economic Factors and Next Year's Budget

Lake Metroparks is a park district (special purpose government) operating under the authority of Chapter 1545 of the Ohio Revised Code encompassing and providing park and recreation opportunities to the citizens of Lake County. The County is sharing in the economic downturn as evidenced by its unemployment rate of 7.6% compared to 9.6% for the state and the national unemployment rate of 9.4% as of December 31, 2010.

2010-2011 Budgetary Highlights

The Executive Director proposed and the Board of Park Commissioners adopted an original budget for the year 2011. The 2011 budget called for General Fund expenditures and transfers of \$18,077,245 compared to the final adjusted budget in 2010 of \$18,010,686, an increase of .4%.

The original 2010 General Fund budget was \$17,944,538. The increase in the 2011 budget was largely due to an increase in personnel costs and property taxes.

There were no significant budgetary variances in the 2010 General Fund between the final amended budget and actual results.

Contacting the Park District's Financial Management

This financial report is designed to provide our citizens, taxpayers, patrons and creditors with a general overview of the Park District's finances and to show the Park District's accountability for the funds it receives. If you have questions about this report or need additional financial information, contact the Administrative Services Director, Lake Metroparks, 11211 Spear Road, Concord Twp., Ohio 44077, phone (440) 639-9877 or e-mail kkleppel@lakemetroparks.com.

Notes to Basic Financial Statements for the Year Ended December 31, 2010 Lake Metroparks, Ohio

Note 1. Summary of Significant Accounting Policies

A. Description of Lake Metroparks. Lake Metroparks was created December 30, 1958 under the authority of Chapter 1545 of the Ohio Revised Code. The Ohio Revised Code indicates that the Park District was created for the purpose of conserving the natural resources of the State. The Code also provides for a Board of Park Commissioners, which has the authority to develop the Park District lands in a manner conducive to the general welfare of the community. The legislative power of the Park District is vested in the Board of Park Commissioners. The Board of Park Commissioners consists of three members who are appointed by the Judge of the Lake County Probate Court and serve without pay for three-year alternating terms. Appointments or reappointments are made each year. The first Board of Park Commissioners took office on May 11, 1959. During the first session each year, the Board of Park Commissioners elects one of the three members as president and the other two as vice presidents. The Board of Park Commissioners has passed the following Park District's mission statement: "The mission of Lake Metroparks is to conserve and preserve the natural resources of Lake County while providing a variety of safe, affordable and enjoyable educational and recreational programs and activities that enhance the quality of life in Lake County now and for the generations to follow."

In March of each year the Board of Park Commissioners appoints an Executive Director who is the chief executive officer of the Park District. The Executive Director is responsible for executing the policy of the Board of Park Commissioners and is authorized to establish administrative procedures as he/she deems necessary.

The Park District consists of approximately 6,776 owned acres, 721 leased acres of park land and holds 553 acres of conservation easements including 32 parks and 11 natural preserves ranging in size from approximately one acre to 932 acres. Listed are the names of the parks.

Arcola Creek Park -- Lake Road, Madison Twp.
Beaty Landing -- Walnut Street, Painesville
Chagrin River Park -- Reeves Road, Willoughby/Eastlake
Chapin Forest Reservation -- Hobart Road & Rt. 306, Kirtland
Children's Schoolhouse Nature Park -- Baldwin Road, Kirtland Hills
Concord Woods Nature Park -- Spear Road, Concord Twp.
Environmental Learning Center -- Alexander Road, Concord
Erie Shores Golf Course -- Lake Road East, Madison
Fairport Harbor Lakefront Park -- Huntington Beach Drive, Fairport Harbor
Farmpark -- Rt. 6, Kirtland
Girdled Road Reservation -- Radcliffe Road, Concord Twp.
Grand River Landing -- N. St. Clair Street, Fairport Harbor
Greenway Corridor -- B&O Rail Corridor
Gully Brook -- River Road, Willoughby
Helen Hazen Wyman Park -- Rt. 86, Painesville
Hell Hollow Wilderness Area -- Leroy Center Road, Leroy
Hidden Lake Lodge -- Kniffen Road, Leroy Twp.
Hidden Valley Park -- Klasen Road, Madison
Hogback Ridge Park -- Emerson Road, Madison
Indian Point Park -- Seeley Road, Leroy Twp.
Lakefront Lodge -- Lakeshore Blvd., Willowick
Lakeshore Reservation -- Lockwood Road, North Perry
Mason's Landing Park -- Vrooman Road, Perry
Paine Falls Park -- Paine Road, Leroy Twp.
Painesville Township Park -- Hardy Road, Painesville Twp.
Parsons Gardens -- Erie Road, Willoughby
Penitentiary Glen Reservation -- Kirtland-Chardon Road, Kirtland
Pine Ridge Country Club -- Ridge Road, Wickliffe
Pleasant Valley Park -- Pleasant Valley Road, Willoughby Hills
Riverview Park -- Bailey Road, Madison
Veterans Park -- Hopkins Road, Mentor

B. Reporting Entity. In evaluating how to define the governmental entity, the Park District has considered all potential component units. The decision to include or exclude a potential unit was made by applying the criteria defined by Governmental Accounting Standards Board (GASB) Statement No. 14. The basic criteria for including a potential component unit is the authority to appoint a voting majority of an organization's governing board, ability to impose its will on that organization, the potential for that organization to provide specific financial benefits or impose specific financial burdens and that organization's fiscal dependency. Based on this criterion, there are no component units.

Related Organization The Park District is considered a related organization to Lake County. This decision was based on the fact the Board of Park Commissioners are appointed by the Probate Judge of Lake County, but Lake County cannot impose its will on the Park District in any manner, nor does there exist any financial benefit or burden relationship between the Park District and Lake County.

C. Basis of Presentation – Fund Accounting. The accounts of the Park District are maintained on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures or expenses, as appropriate. Governmental resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled. Listed below are the descriptions for all fund categories presently in use at the Park District.

D. Governmental Funds. Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the Park District's major governmental funds:

General Fund The General Fund is the general operating fund of the Park District. It is used to account for all financial resources except those required to be accounted for in another fund.

Improvement Fund The Improvement Fund is used to finance permanent Park District improvements such as rolling stock and construction. It is funded mainly by intergovernmental revenues and transfers from the General Fund.

Capital Improvement Fund The Capital Improvement Fund is used for the construction of major capital facilities and the purchase of land and buildings. The Capital Improvement Fund accounts for a \$2,000,000 serial revenue bond issued in July 2002 and a \$5,000,000 serial tax anticipation bond issued in June 2006. The proceeds are being used for the purchase of land and land improvements.

Debt Service Fund The Debt Service Fund is used to account for the accumulation of financial resources for, and the payment of, general long-term debt principal, interest, and related costs.

Other Governmental/Drug Enforcement Fund The Drug Enforcement Fund is used to account for the proceeds of a specific revenue source (other than major capital projects) that are legally restricted as to expenditures for specified purposes.

E. Proprietary Funds. With respect to proprietary activities, Lake Metroparks has adopted GASB Statement No. 20 "Accounting and Financial Reporting for Proprietary Funds and Other Governmental Units that Use Proprietary Fund Accounting". The Park District has elected to apply all applicable GASB pronouncements as well as Financial Accounting Standards Board pronouncements and Accounting Principles Board Opinions issued on or before November 30, 1989, unless those pronouncements conflict or contradict GASB pronouncements.

Enterprise Fund The Enterprise Fund is used to account for operations that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The Park District operates two golf facilities within this fund.

Internal Service Fund The Internal Service Fund is established to account for the provision of goods and services by one department of the government to other departments within the government on generally a not-for-profit (cost-reimbursement) basis. The Internal Service Fund is financed through the budgets of the user departments. In 1990, the Park District established a self-insured hospitalization program. The self-insured program included individual stop-loss insurance of \$80,000 and aggregate stop-loss insurance of approximately \$1,200,000 as of December 31, 2010.

F. Fiduciary Fund.

Agency Fund The Agency Fund is used to account for assets held by the Park District in an agency capacity. Included in Agency Fund activities are contractor escrow accounts, patron deposits for various park facilities and programs, stale park checks awaiting the statutory time to be redeposited into the proper fund, and payroll withholding to other government agencies. The Agency Fund is custodial in nature and does not involve measurement of results of operations. The Agency Fund is not reported in the government-wide financial statements.

G. Presentation of Financial Statements.

Government-wide Financial Statements The *Statement of Net Assets* and the *Statement of Activities* display information about the Park District as a whole. These statements distinguish between activities that are governmental and those that are considered business-type activities. Internal Service Fund results are eliminated to avoid “doubling up” revenues and expenses; however, interfund services provided and used are not eliminated in the process of consolidation.

The government-wide statements are prepared using the economic resources measurement focus and the accrual basis of accounting. This is the same approach used in the preparation of the proprietary fund financial statements but differs from the manner in which governmental fund financial statements are prepared. Therefore, governmental fund financial statements include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

The government-wide *Statement of Activities* presents a comparison between expenses and program revenues for both programs of the governmental activities. Program revenues include charges paid by the recipients of the goods or services such as children’s camps, Farmpark admission, senior trips, special populations, softball programs, dance programs, cross-country skiing, sales of snacks and gift shop items, and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues. The comparison of program revenues and expenses identifies the extent to which each program or business segment is self-financing or draws from the general revenues of the Park District.

Net assets should be reported as restricted when constraints placed on net asset use are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The Park District applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available. The Agency Fund is not reported in the government-wide financial statements.

Fund Financial Statements The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental fund types are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. Operating statements of these funds present increases (i.e. revenues and other financing sources) and decreases (i.e. expenditures and other financing uses) in net current assets.

Governmental Funds – Fund balance is divided into five classifications based primarily on the extent to which the Park District is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

Nonspendable - The nonspendable fund balance category includes amounts that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash. It also includes the long-term amount of interfund loans.

Restricted - Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions or enabling legislation.

Enabling legislation authorizes the Park District to assess, levy, charge, or otherwise mandate payment of resources (from external resource providers) and includes a legally enforceable requirement that those resources be used only for the specific purposes stipulated in the legislation. Legal enforceability means that the Park District can be compelled by an external party-such as citizens, public interest groups, or the judiciary to use resources created by enabling legislation only for the purposes specified by the legislation.

Committed - The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by formal action (resolution) of the Board of Park Commissioners. Those committed amounts cannot be used for any other purpose unless the Park District removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. In contrast to fund balance that is restricted by enabling legislation, committed fund balance classification may be redeployed for other purposes with appropriate due process. Constraints imposed on the use of committed amounts are imposed by the Board of Park Commissioners, separate from the authorization to raise the underlying revenue; therefore, compliance with these constraints are not considered to be legally enforceable. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned - Amounts in the assigned fund balance classification are intended to be used by the Park District for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the General Fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the General Fund, assigned amounts represent intended uses established by the Board of Park Commissioners or a Park District official delegated that authority by resolution or by State Statute.

Unassigned - Unassigned fund balance is the residual classification for the General Fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

Proprietary Funds are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of these funds are included

on the *Statement of Net Assets*. Fund Equity (i.e. net assets) is segregated into invested in capital assets net of related debt and unrestricted. Proprietary fund type operating statements present increases (i.e. revenues) and decreases (i.e. expenses) in net assets. Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made. Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing goods and services in connection with a proprietary fund's principal ongoing operations. The principal revenue of the Golf Fund is charges to customers for use of the golf course and rental fees. Operating expenses for the Golf Fund include the cost of sales and services, administrative expenses and depreciation on capital assets. The Hospitalization Fund revenues include charges to departments and charges for COBRA. Expenses include claims, stop-loss premiums, and administrative cost.

The modified accrual basis of accounting is followed for the governmental funds. Under this basis, revenues are recognized in the accounting period when they become both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current year or soon enough thereafter to be used to pay liabilities of the current year. The available period for the Park District is sixty days after year-end.

In applying the susceptible to accrual concept under the modified accrual basis, the following revenue sources are deemed both measurable and available: earnings on investments, state and local government funds, fees and admissions, and fines and forfeitures. The major revenue source not susceptible to accrual is donations, which is not considered measurable until received.

Revenues – Exchange and Non-exchange Transactions Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available. Available means that the resources will be collected within the current year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current year. For the Park District, available means expected to be received within sixty days of year-end. Non-exchange transactions, in which the Park District receives value without directly giving equal value in return, include property taxes, grants, entitlements and donations. Revenue from property taxes is recognized in the year for which the taxes are levied. Revenue from grants, entitlements and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the Park District must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the Park District on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

The Park District reports deferred revenue on its balance sheet. Deferred revenue arises when potential revenue does not meet both the measurable and available criteria for recognition in the current period. In subsequent periods, when both revenue recognition criteria are met, the liability for deferred revenue is removed from the combined balance sheet and revenue is recognized. Property taxes measurable as of December 31, 2010 have been recorded as deferred revenue.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are recorded in the account period in which the related fund liability is incurred. Principal and interest on general long-term debt are recorded as fund liabilities when due or when amounts have been accumulated in the Debt Service Fund for payments to be made early in the following year. The costs of accumulated vacation and sick leave are reported as fund liabilities in the period in which they will be liquidated with available financial resources rather than in the period earned by employees. Compensatory time is recorded in the period earned. Allocations of cost, such as depreciation and amortization, are not recognized in the governmental funds.

The accrual basis of accounting is utilized for reporting purposes by the Internal Service Fund (Hospitalization) and the Enterprise Fund (Golf). Revenues are recognized when they are earned and become measurable, and expenses are recognized when they are incurred, if measurable. The Agency Fund uses the accrual basis of accounting to recognize receivables and payables.

H. Pooled Cash and Cash Equivalents. Cash balances of certain Park District funds are pooled and invested. Each fund’s interest in the pool is presented as “Cash and Cash Equivalents” on the balance sheet. During 2010, investments were limited to STAROhio and certificates of deposit. STAROhio is an investment pool managed by the State Treasurer’s Office, which allows governments within the state to pool their funds for investment purposes. STAROhio is not registered with the SEC as an investment company but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAROhio are valued at STAROhio’s share price, which is the price the investment could be sold for on December 31, 2010. Except for nonparticipating investment contracts, investments are reported at fair value which is based on quoted market prices. The Park District had no investments as of December 31, 2010 recorded at amortized cost. Interest earned from investments purchased with pooled cash is allocated to pooled funds as prescribed by Ohio law and Board policy. For the Internal Service Fund (Hospitalization) and Enterprise Fund (Golf), as noted on the *Statement of Cash Flows*, all restricted cash and cash equivalents with an original maturity date within three months are readily convertible to known amounts of cash and so near their maturity that they present insignificant risk of changes in value because of changes in interest rates.

I. Inventory. The expense method (i.e., purchase method) of inventory is used for all governmental fund types, and the consumption method is used for the Enterprise Fund. Inventory is valued at cost, which approximates market, using the first-in, first-out (FIFO) method. The costs of inventory items are recognized as expenditures in the General Fund when purchased or as expenses in the Enterprise Fund when consumed. Recorded inventories in the General Fund are equally offset in a nonspendable fund balance which indicates that they do not constitute available spendable resources even though they are a component of net current assets.

J. Prepaid Items. Prepaid items represent payments made by the Park District for maintenance agreements and insurance that will benefit periods beyond December 31, 2010. Recorded prepaids in governmental fund types are equally offset in a nonspendable fund balance which indicates that they do not constitute available spendable resources even though they are a component of net current assets.

K. Capital Assets. Governmental-type capital assets include and, buildings, furniture and fixtures, livestock, machinery and equipment, vehicles, construction in progress, leasehold improvements and infrastructure owned by the Park District and are stated at historical or estimated historical cost. Donated capital assets are stated at estimated market value at the time of donation. The Park District’s threshold for capitalization of assets is \$500 and a lifetime of at least two years.

Depreciation for governmental-type capital assets is provided using the straight-line method over the estimated life of the asset. Depreciation lives used for property items within each property classification are as follows:

Buildings	15-50 years	Fencing	10-15 years
Machinery/Equipment	2-20 years	Parking Lots	5-10 years
Vehicles	10-15 years	Trails	15-20 years
Furniture/Fixtures	5-20 years	Earthwork/Wetlands	20-50 years
Boardwalks/Bridges	15-20 years	Utility Lines	15-20 years

Capital assets for the business-type activities (Enterprise Fund) are recorded at historical cost. Depreciation is charged as an expense against operations and capital assets are recorded net of accumulated depreciation on the *Statement of Net Assets*. See Note 6B. (page 51) for accumulated depreciation by asset class.

Depreciation in the business-type activities (Enterprise Fund) is provided using the straight-line method over the estimated useful lives of the assets. Depreciable lives used for property items within each property classification are as follows:

Buildings	15-50 years
Machinery/ Equipment	2-20 years
Vehicles	10-15 years
Furniture/Fixtures	5-20 years
Land Improvement	7-40 years

L. Compensated Absences.

Compensated absences are reported in governmental funds only if they have matured. See below for further details.

Vacation Accumulated unpaid vacation pay is accrued when earned and is normally paid in the subsequent calendar year. However, unused vacation can be carried over and accrued up to a maximum of 240 hours. The Park District accrues up to the maximum of vacation hours as long-term for each employee in the Long-term Liabilities in the *Statement of Net Assets*. A liability of \$357,107 is included.

Sick Leave Sick leave accumulates at the rate of .0577 for each hour worked. There is no maximum accumulation; it is to be used as needed. Upon retirement or voluntary termination, a payout of unused sick leave is awarded on a graduated percentage in accordance with length of service, not to exceed 960 hours, as listed.

YEARS OF LAKE METROPARKS EMPLOYMENT	PERCENTAGE OF ACCRUED UNUSED DAYS
1 year	5% or not to exceed 50 hours
2 years	10% or not to exceed 80 hours
3 years	15% or not to exceed 100 hours
4 years	20% or not to exceed 120 hours
5 years through 9 years	25% or not to exceed 240 hours
10 years through 14 years	50% or not to exceed 480 hours
15 years through 19 years	60% or not to exceed 576 hours
20 years through 24 years	70% or not to exceed 672 hours
25 years through 29 years	80% or not to exceed 768 hours
30 years through 34 years	90% or not to exceed 864 hours
35 years or more	100% or not to exceed 960 hours

At December 31, 2010, the Park District recorded a liability for sick leave totaling \$1,144,823 in accordance with GASB Statement No. 16. Assuming all unused sick leave were to be taken as time off from work, an additional \$2,050,675 would be paid by the Park District.

Compensatory Time All non-exempt employees may be granted compensatory time which is earned at a rate of one and one-half times the hours worked over 40 in a work week. Seasonal positions may be allowed to accumulate compensatory time for a given period of time, not to exceed 160 hours. Shown in Long-term debt Obligation as part of Compensated Absences is \$41,892 for employee accrued compensatory time as of December 31, 2010.

Personal Time All part-time employees earn personal time at an accrual rate of .0192 per regular hour worked. The maximum accrual per calendar year would be 40 hours. Said personal time accrued by the Park District is in the amount of \$66,780.

Post Employment Healthcare Benefits The Park District does not provide post employment healthcare benefits except those mandated by the Consolidated Omnibus Budget Reconciliation Act (COBRA). The requirements established by COBRA are fully funded by employees who elect coverage under the Act, and no direct costs are incurred by the Park District.

- M. Encumbrances.** Encumbrances represent purchase commitments for goods or services that have not been received or provided. Encumbrance accounting is a form of budgetary control to ensure that appropriations are not exceeded. Encumbrances outstanding at year-end are reported as a reservation of fund balance in the governmental fund types.
- N. Budgetary Process.** The budgetary process is prescribed by provisions of the Ohio Revised Code and entails the preparation of budgetary documents within an established timetable. The major documents prepared are the Tax Budget, the Certificate of Estimated Resources, and the Appropriation Resolution, all of which are prepared on the budgetary basis of accounting. The Certificate of Estimated Resources and the Appropriation Resolution are subject to amendment throughout the year with the legal restriction that appropriations cannot exceed estimated resources as certified. All funds, other than agency funds, are legally required to be estimated and appropriated. The legal level of budgetary control is at the object level within each division of the General Fund and by object level for all other funds. A division is defined as an operating group of departments under the direction of an assistant director or a division head. Any budgetary increase or decrease at this level may only be made by resolution of the Board of Park Commissioners.

Tax Budget A budget of estimated cash receipts and disbursements is submitted to the County Auditor, as Secretary of the County Budget Commission, by July 20 of each year for the period January 1 to December 31 of the following year.

Estimated Resources The County Budget Commission certifies its actions to the Park District by September 1. As part of this certification, the Park District receives the official Certificate of Estimated Resources which states the projected receipts of each fund. On or about January 1, this certificate is amended to include any unencumbered fund balances from the preceding year. The Park District must then revise its budget so that the total contemplated expenditures from any fund during the ensuing fiscal year will not exceed the amount stated in the amended Certificate of Estimated Resources. The revised budget then serves as the basis for the annual appropriation measure.

Appropriations A temporary appropriation measure to control cash disbursements may be passed on or about January 1 of each year for the period January 1 to March 31. An annual appropriation measure must be passed by March 31 of each year for the period January 1 to December 31.

The appropriation measure may be amended during the year as new information becomes available provided that total appropriations do not exceed estimated resources as certified. Any increase in the total appropriation for a division must be approved by the Board of Park Commissioners. In accordance with Ohio law total expenditures from a fund cannot exceed the total appropriation for that fund.

The Board of Park Commissioners made various supplemental appropriations, intradivision transfers and intrafund transfers which resulted in increases in the General Fund of \$66,330, the Improvement Fund of \$1,050,000, and the Capital Improvement Fund of \$102,500. The Board of Park Commissioners' appropriation adjustments were made in August, September, November and December and are reflected in the budgetary schedules contained in the required supplementary information. Other budgetary schedules are in supplementary information.

At the close of each fiscal year the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriations. The encumbered appropriation balance is carried forward to the succeeding year and need not be reappropriated.

O. Leasehold Improvements. In 1974, the Park District signed a 99-year lease agreement with the Ohio Department of Natural Resources to operate Chapin Forest. In 1990, the Park District entered into two joint lease management agreements with the City of Mentor and the Village of Fairport Harbor to operate, respectively, Veterans Park in Mentor and Fairport Harbor Lakefront Park. The lease agreements are as follows: Veterans Park, 20 years and Fairport Harbor Lakefront Park, 20 years. In 1991, the Park District signed a 25-year lease management agreement with Painesville Township Board of Park Commissioners to operate Painesville Township Park. In 1993, the Park District signed two additional joint-lease agreements with the City of Willowick for the Lakefront Lodge and with the Lake County Commissioners for the Arcola Creek Estuary. The agreements were for 20 and 10 years respectively. In 1997, the Park District signed a lease agreement with the Lake County Soil and Water Conservation to manage land that was formally part of Camp Stigwandish. In 2000, the Park District signed a lease management agreement with the City of Eastlake for additional land at Chagrin River Park. Also in 2000, a leasehold with the City of Mentor-on-the-Lake comprising 7.7 acres adjacent to Veterans Park was approved for a period of 11 years. In 2001, a lease of 40.3 acres (Gully Brook) for a period of 20 years was agreed to with the Willoughby/Eastlake Board of Education. In 2004, the Arcola Creek Estuary agreement was renewed for another 10 years. Also in 2004, the lease agreement with the Mentor Exempted School District for lands adjacent to the Veterans Park facility, originally entered into in 1994, was renewed for 10 years. The leasehold improvements recorded as capital assets in Note 6. (page 51) represent capital assets purchased by the Park District to improve the facilities.

P. Interfund Transfers

Transfers Out:	
General Fund	<u>\$4,113,065</u>
Transfers In:	
Improvement Fund	\$3,617,211
Golf Fund (Business-type Activity)	435,854
Capital Improvement Fund	<u>60,000</u>
	<u>\$4,113,065</u>

Transfers from the General Fund to the Improvement Fund were for the purchase of rolling stock and equipment. Transfers from the General Fund to the Golf Fund were for operations and capital improvements in the Golf Fund including cart path improvements, equipment, and building improvements.

Note 2. Property Tax

Property taxes include amounts levied against all real, public utility, and tangible personal property (used in business) located in the county. Taxes collected from real property (other than public utility property) in one calendar year are levied after October 1 in the preceding calendar year on assessed values as of January 1 of that preceding year, the lien date. Assessed values are established by the County Auditor at 35% of appraised market value. All property is required to be revalued every six years with a triennial update. Real property taxes received by the Park District in 2010 were based upon property values which were last reevaluated in 2009, a triennial update. Real property taxes are payable annually or semi-annually. If paid annually, payment is due January 20. If paid semi-annually, the first payment is due January 20 with the remainder payable by June 20. In certain circumstances, state statute permits earlier or later payment dates to be established.

In 2005 the State of Ohio passed a tax reform package known as House Bill 66, which replaced the tangible tax with the Commercial Activity Tax (CAT). The Commercial Activity Tax began in 2006 and collection of tangible tax ended during tax year 2006. In 2010, the Park District received \$41,413 in personal property tax and \$1,058,758 in state reimbursement totaling \$1,100,171. The following schedule is for reimbursement for

collection periods from 2011 - 2018. There is no reimbursement or replacement of the tangible tax after collection year 2018.

Collection Year	Business Property	Telephone Co. Property
2011	85%	100%
2012	65%	88%
2013	53%	75%
2014	41%	63%
2015	29%	50%
2016	18%	38%
2017	6%	25%
2018	0%	13%

The Park District property tax is generated from three sources. The first is an unvoted .1 mil levy levied by the Board of Park Commissioners. The second is a voted .3 mil ten-year renewal levy passed in November 1984, replaced in November 1994, and renewed in November 2004. The third is a voted 1.9 mil ten-year levy passed in November 1986, renewed in November 1995, and replaced in 2005. It should be noted that the 2004 and 2005 voted levies are subject to the Ohio Revised Code Reduction Factors and in 2008 were levied at effective rates of approximately .17 mil and 1.7 mil respectively. The 2005 replacement levy resulted in an increase in property taxes of approximately \$5,000,000.

The following are assessed values of real and tangible personal property upon which 2010 property tax receipts were based.

General Real Estate Real/Agriculture	\$4,573,577,900
General Real Estate-Other	1,398,018,740
Public Utility Tangible	361,650,070
General Tangible Personal Property	5,279,582
Total Valuation	\$6,338,526,292

Property taxes estimated as of December 31, 2010 to be levied in 2011 are accrued as a receivable and offset as deferred revenue.

Note 3. Deposits and Investments

State statutes classify monies held by the Park District into three categories.

Active deposits are public deposits necessary to meet current demands on the Park District treasury. Active monies must be maintained either as cash in the Park District treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Park District has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories.

Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts, including passbook accounts.

Interim monies held by the Park District can be deposited or invested in the following securities:

1. U.S. Treasury Bills and Notes and all other investments backed by the full faith and credit of the U.S. Government, or an agency of the U.S. Government;
2. Certificates of Deposit, fully collateralized, issued by F.D.I.C. Depository banks and savings institutions in Lake County;
3. As authorized by Ohio Revised Code Section 135.45, the Treasurer may invest in the State Treasury Asset Reserve Ohio program (STAROhio); and,
4. Repurchase agreements, fully collateralized, purchased through F.D.I.C. local banks or State of Ohio registered brokers operating through a third party trustee.

Specifically excluded securities and obligations are commercial papers, banker’s acceptance notes, reverse repurchase agreements, and derivatives.

Cash on Hand At year-end, the Park District had \$11,240 in undeposited cash on hand, which is included on the balance sheet of the Park District as part of cash and cash equivalents.

Deposits At December 31, 2010, the Park District had the following:

	<u>Fair Value</u>	<u>Average Maturity</u>
Certificates of Deposit	\$250,000	\$100,000 - 1/13/11 \$150,000 - 2/01/11

Custodial Credit Risk Custodial credit risk for deposits is the risk that in the event of bank failure, the Park District will not be able to recover deposits or collateral securities that are in the possession of an outside party. At fiscal year end, \$500,000 of the Park District’s bank balance of \$1,570,708 was uninsured and uncollateralized. Although the securities were held by the pledging institutions’ trust department and all statutory requirements for the deposit of money had been followed, noncompliance with federal requirements could potentially subject the Park District to a successful claim by the F.D.I.C.

The Park District has no deposit policy for custodial risk beyond the requirement of State statute. Ohio law requires that deposits be either insured or be protected by eligible securities pledged to and deposited either with the Park District or a qualified trustee by the financial institution as security for repayment, or by a collateral pool of eligible securities deposited with a qualified trustee and pledged to secure the repayment of all public monies deposited in the financial institution whose market value at all times shall be at least one hundred five percent of the deposits being secured.

Investments Investments are reported at fair value. As of December 31, 2010, the Park District had the following investment:

	<u>Fair Value</u>	<u>Average Maturity</u>
STAROhio	\$7,650,000	61 Days

Interest Rate Risk As a means of limiting its exposure to fair value losses caused by rising interest rates, the Park District’s investment policy requires that operating funds be invested primarily in investments so that the securities mature to meet cash requirements for ongoing operations and long-term debt payments. The stated intent of the policy is to avoid the need to sell securities prior to maturity. To date, no investments have been purchased with a life greater than four years.

Custodial Credit Risk In so much as the Park District’s investments are with Certificates of Deposit and STAROhio, there is no custodial credit risk.

Credit Risk STAROhio carries a rating of AAAM by Standard & Poor’s. Ohio law requires that STAROhio maintain the highest rating provided by at least one nationally recognized standard rating service.

Concentration of Credit Risk The Park District places no limit on the amount it may invest in any one issuer. The following is the Park District’s allocation:

Investments	Percentage of Investments
STAROhio	100%

Note 4. Defined Benefit Pension Plan – Ohio Public Employees Retirement System

Plan Description Lake Metroparks contributes to the Ohio Public Employees Retirement System (OPERS) which administers three separate pension plans. The Traditional Pension Plan is a cost-sharing, multiple-employer defined benefit pension plan. The Member-Directed Plan is a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20% per year). Under the Member-Directed Plan, members accumulate retirement assets equal to the value of member and (vested) employer contributions plus any investment earnings. The Combined Plan is a cost-sharing, multiple-employer defined benefit pension plan. Under the Combined Plan, OPERS invests employer contributions to provide a formula retirement benefit similar in nature to, but less than, the Traditional Pension Plan benefit. Member contributions, the investment of which is self-directed by the members, accumulate retirement assets in a manner similar to the Member-Directed Plan.

OPERS provides retirement, disability, survivor and death benefits and annual cost-of-living adjustments to members of the Traditional Pension and Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code. The Ohio Public Employees Retirement System issues a stand-alone financial report. Interested parties may obtain a copy by writing to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642 or by calling (614) 222-5601 or 800-222-7377.

Funding Policy The Ohio Revised Code provides statutory authority for member and employer contributions. For 2010, member and employer contribution rates were consistent across all three plans. While members in the state and local divisions may participate in all three plans, law enforcement and public safety divisions exist only within the Traditional Pension Plan. The 2010 member contribution rates were 10.00% of covered payroll for members in state and local classifications. Public safety and law enforcement members contributed 10.50% and 11.10% respectively. The 2010 employer contribution rate for state and local employers was 14.00% of covered payroll. The law enforcement and public safety division employer contribution rate was 17.87% of covered payroll.

The contributions for pension obligations to OPERS for regular employees for the years ending December 31, 2010, 2009, and 2008 were \$654,218, \$588,079, and \$489,649 respectively, which represented 100% of contributions due. The contributions to OPERS for law enforcement employees for the years ending December 31, 2010, 2009, and 2008 were \$96,369, \$87,175, and \$73,306 respectively, which represented 100% of contributions due.

Note 5. Post-employment Benefits – Ohio Public Employees Retirement System

Plan Description OPERS administers three separate pension plans: the Traditional Pension Plan – a cost-sharing, multiple-employer defined benefit pension plan; the Member-Directed Plan – a defined contribution plan, and the Combined Plan – a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS maintains a cost-sharing multiple employer defined benefit post-employment health care plan, which includes a medical plan, prescription drug program and Medicare Part B premium reimbursement, to qualifying members of both the Traditional Pension and the Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits, including post-employment health care coverage.

In order to qualify for post-employment health care coverage, age-and-service retirees under the Traditional Pension and Combined Plans must have ten or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The health care coverage provided by OPERS meets the definition of an Other Post-Employment Benefit (OPEB) as described in GASB Statement 45. The Ohio Revised Code permits, but does not mandate, OPERS to provide OPEB benefits to its eligible members and beneficiaries. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report. Interested parties may obtain a copy by writing OPERS, 277 East Town Street, Columbus OH 43215-4642, or by calling 614-222-5601 or 800-222-7377.

Funding Policy The Ohio Revised Code provides the statutory authority requiring public employers to fund post-retirement health care through their contributions to OPERS. A portion of each employer's contribution to OPERS is set aside for the funding of post-retirement health care benefits.

Employer contribution rates are expressed as a percentage of the covered payroll of active members. In 2010, state and local employers contributed at a rate of 14.00% of covered payroll, and public safety and law enforcement employers contributed at 17.87%. The Ohio Revised Code currently limits the employer contribution to a rate not to exceed 14.00% of covered payroll for state and local employer units and 18.10% of covered payroll for law and public safety employer units. Active members do not make contributions to the OPEB plan.

OPERS' post-employment health care plan was established under, and is administrated in accordance with, Internal Revenue Code 401(h). Each year, the OPERS Board of Trustees determines the portion of the employer contribution rate that will be set aside for funding post-employment health care benefits. The portion of employer contributions allocated to health care for members in the Traditional Plan was 5.5% from January 1 through February 28, 2010 and 5.0% from March 1 through December 31, 2010. The portion of employer contributions allocated to health care for members in the Combined Plan was 4.73% from January 1 through February 28, 2010, and 4.23% from March 1 through December 31, 2010. The OPERS Board of Trustees is also authorized to establish rules for the payment of a portion of the health care benefits provided, by the retiree or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected.

The Park District's contributions allocated to fund post-employment health care benefits for regular employees for the years ended December 31, 2010, 2009, and 2008 were \$371,502, \$417,676, and \$495,882 respectively; 100% has been contributed for 2010, 2009, and 2008. The Park District's contributions allocated to fund post-employment health care benefits for law enforcement employees for the years ended December 31, 2010, 2009, and 2008 were \$41,164, \$43,024, and \$49,341 respectively; 100% has been contributed for 2010, 2009, and 2008.

The Health Care Preservation Plan (HCPP) adopted by the OPERS Board of Trustees September 9, 2004 was effective January 1, 2007. Member and employer contribution rates for state and local employers increased January 1 of each year from 2006 to 2008. Rates for law and public safety employers increased over a six year period beginning January 1, 2006, with a final rate increase January 1, 2011. These rate increases allowed additional funds to be allocated to the health care plan.

Note 6. Capital Assets

A. Capital Assets – Governmental Activities. Changes in capital assets during the year ended December 31, 2010 follow.

Class	Balance December 31, 2009	Additions	Deletions	Balance December 31, 2010	Less Accumulated Depreciation	Net Book Value
Non-depreciated assets:						
Land	\$20,821,268	\$2,833,739	\$--	\$23,655,007	\$--	\$23,655,007

Land Improvements	1,606,380	164,333	--	1,770,713
Total Accumulated Depreciation	\$4,069,222	\$427,853	\$5,482	\$4,491,593

Note 7. Long-Term Debt Obligations

A. 2002 Revenue Bond. On July 16, 2002, Lake Metroparks issued a ten-year \$2,000,000 private placement serial revenue bond. The Park pledged general earned revenues. The \$2,000,000 was deposited in the Capital Improvement Fund for various land purchases and capital improvements. The debt is to be repaid from the Debt Service Fund. Listed below is the debt schedule.

Year	Interest	Principal	Interest Rate
2011	\$14,220	\$200,000	4.74%
2012	4,740	200,000	4.74%
Total	\$18,960	\$400,000	

B. 2006 Tax Anticipation Bond. On July 1, 2006, Lake Metroparks issued an eight-year \$5,000,000 private placement serial tax anticipation bond. The \$5,000,000 was deposited in the Capital Improvement Fund for various land purchases and capital improvements. The debt is to be repaid from

the Debt Service Fund. Listed below is the debt schedule.

Year	Interest	Principal	Interest Rate
2011	\$89,688	\$625,000	4.10%
2012	64,063	625,000	4.10%
2013	38,438	625,000	4.10%
2014	12,813	625,000	4.10%
Total	\$205,002	\$2,500,000	

C. Changes in Long-term Liabilities. During the year ended December 31, 2010, the following changes occurred in liabilities reported in long-term liabilities governmental activities and business-type activities.

Governmental Activities

Long-Term Debt Obligations	December 31, 2009	Additions	Reductions	December 31, 2010	Due Within One Year
Compensated Absences	\$1,469,946	\$652,599	\$511,943	\$1,610,602	\$527,779
Revenue Bond 2002	600,000	--	200,000	400,000	200,000
Tax Anticipation Bond 2006	3,125,000	--	625,000	2,500,000	625,000
Total	\$5,194,946	\$652,599	\$1,336,943	\$4,510,602	\$1,352,779

Business-type Activities

Long-Term Debt Obligations	December 31, 2009	Additions	Reductions	December 31, 2010	Due Within One Year
Compensated Absences	\$141,170	\$50,679	\$44,760	\$147,089	\$44,529
Total	\$141,170	\$50,679	\$44,760	\$147,089	\$44,529

The General Fund is the governmental fund type that has been used to liquidate compensated absences.

Note 8. Construction and Other Significant Commitments

At December 31, 2010, Lake Metroparks' significant contractual commitments consisted of:

Project	Contract Amount	Amount Paid	Remaining on Contract
Concord Woods new construction	\$460,284	\$93,822	\$366,462
Penitentiary Glen classroom project	6,500	5,200	1,300
Sanitary lift station	7,500	3,990	3,510
Farmpark HVAC project	101,585	47,055	54,530
Total	\$575,869	\$150,067	\$425,802

Note 9. Goodwill

On May 1, 1993, the Park District purchased the Pine Ridge Country Club for \$2,700,000. At that time the fair market value of the net assets was \$2,489,750. Therefore, \$210,250 was recorded as Goodwill. Goodwill is being amortized on a straight-line basis over 30 years. Goodwill charged in 2010 was \$7,008. As of December 31, 2010, the Goodwill balance was \$86,440. The amortization schedule is shown below:

Year	Amount Amortized	Balance of Goodwill
2011	\$7,008	\$79,432
2012	7,008	72,424
2013	7,008	65,416
2014	7,008	58,408
2015-2023	58,408	--

Note 10. Risk Management

Lake Metroparks is exposed to various risks of loss related to torts, theft of damage to, and destruction of assets, errors and omissions, injuries to employees, and natural disasters. During 2010, the Park District contracted with several companies for various types of insurance as follows:

Carrier	Coverage	Deductible
Selective Insurance Companies	Inland Marine	Various
Selective Insurance Companies	Liquor Liability	\$25,000
Scottsdale Indemnity Company	Ranger Liability	\$25,000
Scottsdale Indemnity Company	Public Officials Liability	\$25,000
National Union Fire Insurance	Volunteer Insurance	None
Selective Insurance Companies	General Liability Pkg. Policy	\$25,000
Selective Insurance Companies	General Liability Umbrella	N/A
Selective Insurance Companies	Automobile	\$25,000

Settled claims have not exceeded this coverage in any of the past three years. The Park District pays the State Workers' Compensation system a premium based on a rate per \$100 of salary. This rate is calculated based on accident history and administrative costs. The Park District manages the hospital/medical, dental, and vision for its employees on a self-insured basis through the hospitalization self-insurance Internal Service Fund. Payments to the fund are made from the fund from which each employee is paid. Rates for 2010 were \$760 for family coverage and \$251 for single coverage. These rates were determined to maintain the balance in the Internal Service Fund to required levels. Medical Mutual of Ohio, the third party administrator, processes and pays the claims. An excess coverage insurance (stop-loss) policy purchased from Medical Mutual of Ohio covers claims in excess of \$80,000 per individual and total aggregate excess of 125% of expected claims.

The claims liability of \$121,260 in the fund at December 31, 2010 was enumerated by the third party administrator and is based on the requirements of the Governmental Accounting Standards Board Statement No. 10, which requires that a liability for unpaid claims costs, including estimates of costs relating to incurred but not reported claims, be reported. The estimate was not affected by incremental claim adjustment expenses and did not include other allocated or unallocated claim adjustment expenses. Changes in the fund's claims liability amount in 2009 and 2010 were:

	Balance at Beginning of Year	Current Year Claims	Claims Payments	Balance at End of Year
2009	\$117,517	\$717,508	\$722,601	\$112,424
2010	112,424	831,944	823,108	121,260

The claims payable balance of \$121,260 will be paid within one year.

Note 11. Litigation

The Park District presently has three ongoing litigation matters which management believes will not have a material impact on the financial statements.

Note 12. Changes in Accounting Principles

For fiscal year 2010, Lake Metroparks implemented Governmental Accounting Standards Board (GASB) Statement No. 54, "Fund Balance Reporting and Governmental Fund Type Definitions. GASB Statement No. 54 enhances the usefulness of fund balance information by providing clearer fund balance classifications that can be more consistently applied and by clarifying the existing governmental fund type definitions. This statement establishes fund balance classifications that compromise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds.

**Notes to Required Supplementary Information
for the Year Ended December 31, 2010
Lake Metroparks, Ohio**

Note 1.

The *Detailed Schedule of Revenues, Expenditures, Encumbrances and Changes in Fund Balance - Budget and Actual (Non-GAAP) Budgetary Basis - General Fund* is presented on the budgetary basis to provide a meaningful comparison of actual results compared to the budget and to demonstrate compliance with State statutes. The budgetary basis as provided by law is based upon accounting for certain transactions on the basis of cash receipts and disbursements. The major differences between the budget basis and the GAAP basis follow.

- (1) Revenues are recorded when received in cash (budget) as opposed to when susceptible to accrual (GAAP).
- (2) Expenditures are recorded when paid in cash or encumbered (budget) as opposed to when the liability is incurred (GAAP).
- (3) Encumbrances are recorded as expenditures (budget) as opposed to a reservation of fund balance (GAAP).

Listed below is a reconciliation of the results of operations for the year ended December 31, 2010 from the modified accrual basis to the budgetary basis.

	General Fund
Net Change in Funds as reported - modified accrual basis	(\$268,980)
Decrease (increase) in accounts receivable, interest receivable, due from other governments, and prepaid items and petty cash	56,707
Increase (decrease) in accounts payable, due to other governments, accrued liabilities, accrued wages, and deferred revenue net of taxes receivable	42,561
2010 encumbrances recognized as expenditures on a budgetary basis	(376,477)
Prior year encumbrances paid in 2010 not recognized budgetary basis	185,507
Excess (Deficiency) of Revenues and Other Financing Sources Over Expenditures and Other (Uses) as reported - budgetary basis	<u><u>(\$360,682)</u></u>

STATISTICAL SECTION

This part of Lake Metroparks' Comprehensive Annual Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the Park District's overall financial health.

CONTENTS

Tables

Financial Trends 1 - 5

These schedules contain trend information to help the reader understand how the Park District's financial performance and well-being have changed over time.

Revenue Capacity 6 - 10

These schedules contain information to help the reader assess the factors affecting the Park District's ability to generate its property taxes.

Debt Capacity..... 11 - 13

These schedules present information to help the reader assess the affordability of the Park District's current levels of outstanding debt and the Park District's ability to issue additional debt in the future.

Demographic and Economic Information 14 - 15

These schedules offer demographic and economic indicators to help the reader understand the environment within which the Park District's financial activities take place and to help make comparisons over time and with other governments.

Operating Information 16 - 18

These schedules contain information about the Park District's operations and resources to help the reader understand how the Park District's financial information relates to the services the Park District provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the Comprehensive Annual Financial Reports for the relevant year. The Park District implemented Governmental Accounting Standards Board Statement No. 34 in 2000; schedules presenting government-wide information include information beginning in that year.
