INDEPENDENT ACCOUNTANTS' REPORT

Madison Avenue School of Arts Lucas County 1511 Madison Avenue Toledo, Ohio 43604

To the Governing Board:

We have audited the accompanying basic financial statements of Madison Avenue School of Arts, Lucas County, Ohio (the School), as of and for the year ended June 30, 2010, as listed in the table of contents. These financial statements are the responsibility of the School's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the management company's expenses which totaled \$3,389,924 as indicated in Note 10. Other auditors audited these amounts and have furnished their report thereon to us and we based our opinion, insofar as it relates to the amounts included for Note 10, on the report of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit and the report of other auditors provides a reasonable basis for our opinions.

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position Madison Avenue School of Arts, Lucas County, Ohio, as of June 30, 2010, and the respective changes in financial position and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated March 17, 2011, on our consideration of the School's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

Madison Avenue School of Arts Lucas County Independent Accountants' Report Page 2

Accounting principles generally accepted in the United States of America require this presentation to include *Management's discussion and analysis*, as listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any other assurance.

We conducted our audit to opine on the financial statements that collectively comprise the School's basic financial statements taken as a whole. The schedule of federal awards receipts and expenditures provides additional information required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the basic financial statements. The federal schedule of awards receipts and expenditures is management's responsibility, and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. This schedule was subject to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, in accordance with auditing standards generally accepted in the United States of America. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2010 UNAUDITED

The discussion and analysis of the Madison Avenue School of Arts (the "School") financial performance provides an overall review of the School's financial activities for the fiscal year ended June 30, 2010. The intent of this discussion and analysis is to look at the School's financial performance as a whole; readers should also review the notes to the basic financial statements and financial statements to enhance their understanding of the School's financial performance.

Financial Highlights

Key financial highlights for 2010 are as follows:

- In total, net assets were \$7,203 at June 30, 2010.
- The School had operating revenues of \$2,540,619, operating expenses of \$4,068,338 and non-operating revenues of \$1,478,087 for fiscal year 2010.

Using these Basic Financial Statements

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the School's financial activities. The statement of net assets and statement of revenues, expenses and changes in net assets provide information about the activities of the School, including all short-term and long-term financial resources and obligations.

Reporting the School's Financial Activities

Statement of Net Assets, Statement of Revenues, Expenses, and Changes in Net Assets and the Statement of Cash Flows

These documents look at all financial transactions and asks the question, "How did we do financially during 2010?" The statement of net assets and the statement of revenues, expenses and changes in net assets answer this question. These statements include *all assets, liabilities, revenues and expenses* using the *accrual basis of accounting* similar to the accounting used by most private-sector companies. This basis of accounting will take into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the School's *net assets* and changes in those assets. This change in net assets is important because it tells the reader that, for the School as a whole, the *financial position* of the School has improved or diminished. The causes of this change may be the result of many factors, some financial, some not.

The statement of cash flows provides information about how the School finances and meets the cash flow needs of its operations.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2010 UNAUDITED

The table below provides a summary of the School's net assets for fiscal years 2010 and 2009.

Net Assets

Total liabilities	23,694	1,865
Net Assets Unrestricted	7,203	56,835
Total net assets	\$ 7,203	\$ 56,835

Over time, net assets can serve as a useful indicator of a government's financial position. At June 30, 2010, the School's net assets totaled \$7,203 compared to net assets of \$56,835 at June 30, 2009.

The School reported an intergovernmental receivable for grants at June 30, 2010 in the amount of \$20,300. As a result of the full-time equivalency review by the Ohio Department of Education at June 30, 2009 and June 30, 2010, intergovernmental receivables in the amount of \$58,682 and \$10,119, respectively, were reported. The School had accounts payable of \$23,694 and \$1,865 for fiscal years 2010 and 2009, respectively, due to Imagine Schools, Inc. and other vendors.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2010 UNAUDITED

The revenue generated by a community school is almost entirely dependent on per-pupil allotment given by the State foundation and from Federal entitlement programs. The School received more State foundation revenue due to an increased student enrollment of 157 students in fiscal year 2009 to 359 students in fiscal year 2010. The School received State monies through the State fiscal stabilization fund and Federal grant monies through the American Recovery and Reinvestment Act and the Title I and Federal Start-Up programs, which resulted in a significant increase in Federal and State grant revenue during fiscal year 2010.

Debt

The School had no debt obligations outstanding at June 30, 2010.

Capital Assets

The School had no capital assets over the threshold to report at June 30, 2010.

Restrictions and Other Limitations

The future stability of the School is not without challenges. The School does not receive any funds from taxes. The primary source of funding is the state foundation program. An economic slowdown in the state could result in budgetary cuts to education, which would have a negative impact on the School.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2010 UNAUDITED

Current Financial Related Activities

The School is sponsored by St. Aloysius Orphanage. The School is reliant upon State Foundation monies and Federal Sub-Grants to offer quality, educational services to students.

In order to continually provide learning opportunities to the School's students, the School will apply resources to best meet the needs of its students. It is the intent of the School to apply for other State and Federal funds that are made available to finance its operations.

NOTES TO BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2010

NOTE 1 - DESCRIPTION OF THE SCHOOL

The Madison Avenue School of Arts (the "School") is a nonprofit corporation established pursuant to Ohio Revised Code Chapters 3314 and 1702. The school provides students in grades K-5 with instruction in core content areas and provides instruction in the visual arts, dance, and theatre. The School's mission is to help parents and guardians educate their children by creating learning communities of achievement and hope. The School may sue and be sued, acquire facilities as needed, and contract for any services necessary for the operation of the School.

The School was approved under contract with The St. Aloysius Orphanage (the "Sponsor") commencing on April 11, 2008 and ending on June 30, 2010. On June 28, 2010 the contract was renewed commencing on July 1, 2010 and ending on June 30, 2013. The Sponsor is responsible for evaluating the performance of the School and has the authority to deny renewal of the contract at its expiration.

The School operates under the direction of a Governing Board which must contain at least five Directors who are not owners or employees, or relatives of owners or employees, of any for-profit company that operates or manages the School. The Governing Board is responsible for carrying out the provisions of the contract, which include, but are not limited to, State-mandated provisions regarding student population, curriculum, academic goals, performance standards, admission standards and qualification of teachers. The Governing Board controls the School's intructional/support facility staffed by employees of the management company who provide services to 359 students.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements (BFS) of the School have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The School also applies Financial Accounting Standards Board (FASB) Statements and Interpretations issued prior to November 30, 1989, provided those pronouncements do not conflict with or contradict GASB pronouncements. The School has elected not to apply FASB Statements and Interpretations issued after November 30, 1989. The School's significant accounting policies are described below.

A. Basis of Presentation

The School's basic financial statements consist of a statement of net assets, a statement of revenues, expenses, and changes in net assets, and a statement of cash flows.

The School uses a single enterprise presentation. Enterprise reporting focuses on the determination of operating income, changes in net assets, financial position, and cash flows.

B. Measurement Focus

Enterprise activity is accounted for using a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of the School are included on the statement of net assets. The statement of revenues, expenses and changes in net assets presents increases (e.g. revenues) and decreases (e.g. expenses) in total net assets. The statement of cash flows reflects how the School finances meet its cash flow needs.

NOTES TO BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2010

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

C. Basis of Accounting

Basis of accounting determines when transactions are recognized in the financial records and reported on the financial statements. The School's financial statements are prepared using the accrual basis of accounting. Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. Revenue resulting from non-exchange transactions, in which the School receives value without directly giving equal value in return, such as grants and entitlements, are recognized in the period in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the period when the resources are required to be used or the period when use is first permitted, matching requirements, in which the School must provide local resources to be used for a specific purpose, and expenditure requirements, in which the resources are provided to the School on a reimbursement basis. Expenses are recognized at the time they are incurred.

D. Budgetary Process

The contract between the School and its Sponsor prescribes an annual budget requirement in addition to preparing a 5-year forecast, which is to be updated on an annual basis. Chapter 5705.39 of the Ohio Revised Code also requires the School to prepare a 5-year forecast, update it annually and submit it to the Superintendent of Public Instruction at the Ohio Department of Education.

E. Cash

Cash received by the School is reflected as "cash" on the statement of net assets. Unless otherwise noted, all monies received by the School are pooled and deposited in a central bank account as demand deposits. The School did not have any investments during fiscal year 2010.

F. Capital Assets

Capital assets are capitalized at cost or estimated historical cost and updated for additions and deletions during the year. The School has established a capitalization threshold of \$5,000. The School does not have any infrastructure. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized.

The School had no capital assets over the threshold to report at June 30, 2010.

G. Net Assets

Net assets represent the difference between assets and liabilities. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

The School applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

NOTES TO BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2010

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

H. Intergovernmental Revenues

The School currently participates in the State Foundation Program, Special Education, and the Parity Aid Program. Revenue received from these programs is recognized as operating revenues. Amounts awarded under these programs for the 2010 school year totaled \$2.540.619.

Grants and entitlements are recognized as non-operating revenues in the accounting period in which all eligibility requirements have been met. Eligibility includes timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the School must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the School on a reimbursement basis. Federal and State grant revenue received during fiscal year 2010 was \$1,478,087.

I. Accrued Liabilities and Long-Term Obligations

All payables and other accrued liabilities are reported on the statement of net assets.

J. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the School. Operating expenses are necessary costs incurred to provide the service that is the primary activity of the School. All revenues and expenses not meeting this definition are reported as non-operating.

K. Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

NOTE 3 - ACCOUNTABILITY AND COMPLIANCE

Change in Accounting Principles

For fiscal year 2010, the School has implemented GASB Statement No. 51, "<u>Accounting and Financial Reporting for Intangible Assets</u>", GASB Statement No. 53, "<u>Accounting and Financial Reporting for Derivative Instruments</u>", and GASB Statement No. 58, "<u>Accounting and Financial Reporting for Chapter 9 Bankruptcies</u>".

GASB Statement No. 51 addresses accounting and financial reporting standards for intangible assets, which are assets that lack physical substance, are nonfinancial in nature, and have an initial useful life extending beyond a single reporting period. Examples of intangible assets include easements, water rights, computer software, patents, and trademarks. GASB Statement No. 51 improves the quality of financial reporting by creating consistency in the recognition, initial measurement, and amortization of intangible assets. The implementation of GASB Statement No. 51 did not have an effect on the financial statements of the School.

NOTES TO BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2010

NOTE 3 - ACCOUNTABILITY AND COMPLIANCE - (Continued)

GASB Statement No. 53 addresses the recognition, measurement, and disclosure of information regarding derivative instruments entered into by state and local governments. Derivative instruments are financial arrangements used by governments to manage specific risks or to make investments. Common types of derivative instruments include interest rate and commodity swaps, interest rate locks, options, swaptions, forward contracts, and futures contracts. The implementation of GASB Statement No. 53 did not have an effect on the financial statements of the School.

GASB Statement No. 58 establishes accounting and financial reporting guidance for governments that have petitioned for protection from creditors by filing for bankruptcy under Chapter 9 of the United States Bankruptcy Code. GASB Statement No. 58 requires governments to remeasure liabilities that are adjusted in bankruptcy when the bankruptcy court confirms a new payment plan. The implementation of GASB Statement No. 58 did not have an effect on the financial statements of the School.

NOTE 4 - DEPOSITS

Custodial credit risk is the risk that, in the event of bank failure, the School's deposits may not be returned. The School does not have a deposit policy for custodial credit risk. At June 30, 2010, the carrying amount of the School's deposits and the bank balance was \$478. The entire bank balance was covered by the Federal Deposit Insurance Corporation (FDIC). There are no significant statutory restrictions regarding the deposit and investment of funds by the non-profit corporation.

NOTE 5 - RECEIVABLES

Receivables at June 30, 2010, consisted of intergovernmental receivables arising from grants and entitlements receivable. All receivables are considered collectible in full. A summary of the intergovernmental receivable follows:

Intergovernmental receivable:		Amount	
Federal lunch reimbursement	\$	20,300	
Ohio Department of Education - FY10 enrollment and			
full-time equivalency adjustment		10,119	
Total intergovernmental receivables	\$	30,419	

NOTE 6 - PENSION PLANS

The School has contracted with Imagine (see Note 9.B.) to provide employee services and to pay those employees. However, these contract services do not relieve the School of the obligation for remitting pension contributions. The retirement systems consider the School as the Employer-of-Record and the School ultimately responsible for remitting retirement contributions to the systems noted below:

NOTES TO BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2010

NOTE 6 - PENSION PLANS - (Continued)

A. School Employees Retirement System

Plan Description - Imagine Schools, Inc., on behalf of the School, contributes to the School Employees Retirement System (SERS), a cost-sharing, multiple-employer defined benefit pension plan. SERS provides retirement, disability, survivor benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the School Employees Retirement System, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3746. It is also posted on the SERS' Ohio website, www.ohsers.org, under Employers/Audit Resources.

Funding Policy - Plan members are required to contribute 10 percent of their annual covered salary and the School is required to contribute at an actuarially determined rate. The current rate is 14 percent of annual covered payroll. A portion of the School's contribution is used to fund pension obligations with the remainder being used to fund health care benefits. For fiscal year 2010, 12.78 percent of annual covered salary was the portion used to fund pension obligations. The contribution requirements of plan members and employers are established and may be amended by the SERS' Retirement Board up to a statutory maximum amount of 10 percent for plan members and 14 percent for employers. Chapter 3309 of the Ohio Revised Code provides statutory authority for member and employer contributions. The School's required contributions for pension obligations to SERS for the fiscal years ended June 30, 2010 and 2009 were \$49,125 and \$7,597, respectively; 100 percent has been contributed for fiscal years 2010 and 2009.

B. State Teachers Retirement System

Plan Description - Imagine Schools, Inc., on behalf of the School, participates in the State Teachers Retirement System of Ohio (STRS Ohio), a cost-sharing, multiple-employer public employee retirement plan. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a stand-alone financial report that may be obtained by writing to STRS Ohio, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS Ohio Web site at www.strsoh.org.

New members have a choice of three retirement plans, a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. The DB plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on a member's lifetime contributions and earned interest matched by STRS Ohio funds divided by an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5 percent of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal. The Combined Plan offers features of both the DC Plan and the DB Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The DB portion of the Combined Plan payment is

NOTES TO BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2010

NOTE 6 - PENSION PLANS - (Continued)

payable to a member on or after age 60; the DC portion of the account may be taken as a lump sum or converted to a lifetime monthly annuity at age 50. Benefits are established by Chapter 3307 of the Ohio Revised Code.

A DB or Combined Plan member with five or more years credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy - For fiscal year 2010, plan members were required to contribute 10 percent of their annual covered salaries. The School was required to contribute 14 percent; 13 percent was the portion used to fund pension obligations. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions.

The School's required contributions for pension obligations to STRS Ohio for the fiscal years ended June 30, 2010 and 2009 were \$114,894 and \$60,316, respectively; 100 percent has been contributed for fiscal years 2010 and 2009. Contributions to the DC and Combined Plans for fiscal year 2010 were \$32,826 made by the School and \$23,447 made by the plan members.

NOTE 7 - POSTEMPLOYMENT BENEFITS

A. School Employees Retirement System

Plan Description - Imagine Schools, Inc., on behalf of the School, participates in two cost-sharing, multiple employer postemployment benefit plans administered by the School Employees Retirement System (SERS) for non-certificated retirees and their beneficiaries, a Health Care Plan and a Medicare Part B Plan. The Health Care Plan includes hospitalization and physicians' fees through several types of plans including HMO's, PPO's, Medicare Advantage, and traditional indemnity plans. A prescription drug program is also available to those who elect health coverage. SERS employs two third-party administrators and a pharmacy benefit manager to manage the self-insurance and prescription drug plans, respectively. The Medicare Part B Plan reimburses Medicare Part B premiums paid by eligible retirees and beneficiaries as set forth in Chapter 3309.69 of the Ohio Revised Code. Qualified benefit recipients who pay Medicare Part B premiums may apply for and receive a monthly reimbursement from SERS. The reimbursement amount is limited by statute to the lesser of the January 1, 1999 Medicare Part B premium or the current premium.

The Medicare Part B premium for calendar year 2009 was \$96.40 and SERS' reimbursement to retirees was \$45.50. Benefit provisions and the obligations to contribute are established by the System based on authority granted by State statute. The financial reports of both Plans are included in the SERS Comprehensive Annual Financial Report which is available by contacting SERS at 300 East Broad St., Suite 100, Columbus, Ohio 43215-3746. It is also posted on the SERS' Ohio website, www.ohsers.org, under *Employers/Audit Resources*.

NOTE 7 - POSTEMPLOYMENT BENEFITS - (Continued)

Funding Policy - State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required benefits, the Retirement Board allocates the remainder of the employer contribution of 14 percent of covered payroll to the Health Care Fund. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 105(e). For 2010, 0.46 percent of covered payroll was allocated to health care. An additional health care surcharge on employers is collected for employees earning less than an actuarially determined minimum compensation amount, pro-rated according to service credit earned.

Statues provide that no employer shall pay a health care surcharge greater than 2.0 percent of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5 percent of the statewide SERS-covered payroll for the health care surcharge. For fiscal year 2010, the actuarially determined amount was \$35,800.

Active members do not contribute to the postemployment benefit plans. The Retirement Board establishes the rules for the premiums paid by the retirees for health care coverage for themselves and their dependents or for their surviving beneficiaries. Premiums vary depending on the plan selected, qualified years of service, Medicare eligibility and retirement status.

The School's contributions for health care for the fiscal years ended June 30, 2010 and 2009 were \$1,768 and \$3,477, respectively; 100 percent has been contributed for fiscal years 2010 and 2009.

The Retirement Board, acting with advice of the actuary, allocates a portion of the employer contribution to the Medicare B Fund. For fiscal year 2010, this actuarially required allocation was 0.76 percent of covered payroll. The School's contributions for Medicare Part B for the fiscal years ended June 30, 2010 and 2009 were \$2,921 and \$627, respectively; 100 percent has been contributed for fiscal years 2010 and 2009.

B. State Teachers Retirement System of Ohio

Plan Description - Imagine Schools, Inc., on behalf of the School, contributes to the cost sharing, multiple employer defined benefit Health Plan (the "Plan") administered by the State Teachers Retirement System of Ohio (STRS Ohio) for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS Ohio. Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare Part B premiums. The Plan is included in the report of STRS Ohio which may be obtained by visiting www.strsoh.org or by calling (888) 227-7877.

Funding Policy - Ohio law authorizes STRS Ohio to offer the Plan and gives the Retirement Board authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. Active employee members do not contribute to the Plan. All benefit recipients pay a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions. For 2010, STRS Ohio allocated employer contributions equal to 1 percent of covered payroll to the Health Care Stabilization Fund. The School's contributions for health care for the fiscal years ended June 30, 2010 and 2009 were \$8,838 and \$4,640, respectively; 100 percent has been contributed for fiscal years 2010 and 2009.

INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Madison Avenue School of Arts Lucas County 1511 Madison Avenue Toledo, Ohio 43604

To the Governing Board:

We have audited the basic financial statements of Madison Avenue School of Arts, Lucas County, (the School) as of and for the year ended June 30, 2010, and have issued our report thereon dated March 17, 2011, which indicated that the amounts presented in Note 10 were audited by other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the School's internal control over financial reporting as a basis for designing our audit procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of opining on the effectiveness of the School's internal control over financial reporting. Accordingly, we have not opined on the effectiveness of the School's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A material weakness is a deficiency, or combination of internal control deficiencies resulting in more than a reasonable possibility that a material misstatement of the School's financial statements will not be prevented, or detected and timely corrected.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider material weaknesses, as defined above.

Madison Avenue School of Arts Lucas County Independent Accountants' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Required by *Government Auditing Standards* Page 2

Compliance and Other Matters

As part of reasonably assuring whether the School's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

We did note certain matters not requiring inclusion in this report that we reported to the School's management in a separate letter dated March 17, 2011.

We intend this report solely for the information and use of management, the audit committee, Governing Board, the School's sponsor, federal awarding agencies and pass-through entities and others within the School. We intend it for no one other than these specified parties.

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

Madison Avenue School of Arts Lucas County 1511 Madison Avenue Toledo, Ohio 43604

To the Governing Board:

Compliance

We have audited the compliance of Madison Avenue School of Arts, Lucas County (the School) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133, Compliance Supplement* that could directly and materially affect each of the School's major federal programs for the year ended June 30, 2010. The summary of auditor's results section of the accompanying schedule of findings identifies the School's major federal programs. The School's management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to each major federal program. Our responsibility is to express an opinion on the School's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to reasonably assure whether noncompliance occurred with the compliance requirements referred to above that could directly and materially affect a major federal program. An audit includes examining, on a test basis, evidence about the School's compliance with those requirements and performing other procedures we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the School's compliance with those requirements.

In our opinion, Madison Avenue School of Arts complied, in all material respects, with the requirements referred to above that could directly and materially affect each of its major federal programs for the year ended June 30, 2010.

Internal Control Over Compliance

The School's management is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the School's internal control over compliance with requirements that could directly and materially affect a major federal program, to determine our auditing procedures for the purpose of opining on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of opining on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the School's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program compliance requirement. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

We noted matters involving federal compliance or internal control over federal compliance not requiring inclusion in this report, that we reported to the School's management in a separate letter dated March 17, 2011.

We intend this report solely for the information and use of the audit committee, management, Governing Board, the School's sponsor, others within the School, federal awarding agencies, and pass-through entities. It is not intended for anyone other than these specified parties.
