INDEPENDENT ACCOUNTANTS' REPORT

Ottawa-Glandorf Local School District Putnam County 630 Glendale Avenue Ottawa, Ohio 45875-1162

To the Board of Education:

We have audited the accompanying financial statements of Ottawa-Glandorf Local School District, Putnam County (the District) as of and for the year ended June 30, 2010. These financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinion.

During fiscal year 2010, the District changed its financial statement presentation method to conform to presentation methods the Auditor of State prescribes or permits for entities not required to report in accordance with accounting principles generally accepted in the United States of America.

Ohio Administrative Code Section 117-2-03 (B) requires the District to prepare its annual financial report in accordance with accounting principles generally accepted in the United States of America. However, as discussed in Note 2, the accompanying financial statements and notes have been prepared on an accounting basis not in accordance with these generally accepted accounting principles. The accompanying financial statements and notes omit entity wide statements, and assets, liabilities, fund equities, and disclosures that, while material, we cannot determine at this time.

In our opinion, the accompanying financial statements do not present fairly, the financial position, results of operations, and cash flows, where applicable, of the District as of and for the year ended June 30, 2010 in accordance with accounting principles generally accepted in the United States of America.

Ottawa-Glandorf Local School District Putnam County Independent Accountants' Report Page 2

The District has not presented Management's Discussion and Analysis, which accounting principles generally accepted in the United States of America has determined is necessary to supplement, although not required to be part of, the financial statements.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 20, 2010, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance, and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

We conducted our audit to opine on the District's financial statements. The Federal Awards Receipts and Expenditure Schedule presents additional information and is required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. It is not a required part of the financial statements. We subjected this schedule to the auditing procedures applied in our audit of the District's financial statements. For reasons stated in the third paragraph, the basic financial statements do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the District, as of June 30, 2010, or its changes in financial position or its cash flows for the year then ended. Therefore we are unable to express, and we do not express, an opinion on the Federal Awards Expenditure Schedule.

NOTES TO THE FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2010

NOTE 1 – DESCRIPTION OF THE SCHOOL DISTRICT

Ottawa-Glandorf Local School District (the District) is organized under Article VI, Sections 2 and 3 of the Constitution of the State of Ohio. The District operates under a locally-elected Board form of government consisting of five members elected at-large for staggered four year terms. The District provides educational services as authorized by state and federal guidelines.

The District was established in 1962 through the consolidation of existing land areas and school districts. The District serves an area of approximately 66 square miles. It is located in Putnam County and includes the entire Village of Ottawa and Glandorf, all of and portions of surrounding townships. The District is the 313 largest in the State of Ohio (among 612 school districts) in terms of enrollment. It is staffed by 67 classified employees, 97 certified teaching personnel, and 7 administrative employees who provide services to 1,478 students and other community members. The District currently operates 3 buildings.

The reporting entity is composed of the primary government and other organizations that are included to insure the financial statements are not misleading.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Although required by Ohio Administrative Code § 117-2-03(B) to prepare its annual financial report in accordance with accounting principles generally accepted in the United States of America, the District chooses to prepare its financial statements and notes in accordance with standards established by the Auditor of State for governmental entities that are not required to prepare reports in accordance with generally accepted accounting principles. This basis of accounting is similar to the cash receipts and disbursements basis of accounting. Receipts are recognized when received in cash rather than when earned, and disbursements are recognized when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e. when an encumbrance is approved).

A. The Reporting Entity

The District's reporting entity has been defined in accordance with GASB Statement No. 14, "<u>The Financial Reporting Entity</u>". A reporting entity is comprised of the primary government, component units, and other organizations that are included to insure that the financial statements of the District are not misleading. The primary government consists of all funds, departments, boards, and agencies that are not legally separate from the District. For the District, this includes general operations, food service, and student related activities of the District. Component units are legally separate organizations for which the District is financially accountable. The District is financially accountable for an organization if the District appoints a voting majority of the organization's governing board and (1) the District is able to significantly influence the programs or services performed or provided by the organization; or (2) the District is legally entitled to or can otherwise access the organization's resources; the District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organizations that are fiscally dependent on the District in that the District approves the budget, the issuance of debt, or the levying of taxes for the organization. The financial statements of the reporting entity include only those of the District (the primary government). The District has no component units.

The District participates in four jointly governed organizations and three public entity risk pools. The financial statements exclude these entities which perform activities within the District's boundaries for the benefit of its residents because the District is not financially accountable for these entities, nor are these entities fiscally dependent on the District. Notes 8 and 15 to the financial statements provide additional information for these entities. These organizations are:

B. Fund Accounting

The District uses fund accounting to segregate cash and investments which are restricted to use. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain District functions or activities.

For financial statement presentation purposes, the various funds of the District are grouped into the following generic fund types under the broad fund categories governmental, proprietary, and fiduciary.

GOVERNMENTAL FUND TYPES

Governmental funds are those through which most governmental functions of the District are financed. The following are the District's governmental fund types:

<u>General Fund</u> – The General Fund is the operating fund of the District and is used to account for all financial resources except those required to be accounted for in another fund. The General Fund balance is available to the District for any purpose provided it is expended or transferred according to the general laws of Ohio.

<u>Special Revenue Funds</u> – Special revenue funds are used to account for the proceeds of specific revenue sources (other than major capital projects) that are legally restricted to expenditure for specified purposes.

<u>Debt Service Fund</u> – This fund is used for the accumulation of resources for, and the payment of, general obligation long-term debt principal and interest.

<u>Capital Projects Funds</u> – The capital projects funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds).

PROPRIETARY FUND TYPE

Proprietary funds are used to account for the District's ongoing activities which are similar to those found in the private sector.

NOTES TO THE FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2010 (Continued)

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

<u>Enterprise Funds</u> – The Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent is that costs (expenses) of providing services to the general public on a continuing basis be financed or recovered primarily through user charges or where it has been decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

FIDUCIARY FUND TYPES

Fiduciary funds are used to account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, other governmental units, and/or other funds. The District's fiduciary funds include agency funds.

C. Basis of Accounting

The District's financial statements are prepared using the cash basis of accounting. Receipts are recorded in the District's financial records and reported in the financial statements when cash is received rather than when earned and disbursements are recorded when cash is paid rather than when a liability is incurred.

As a result of the use of this cash basis of accounting, certain assets and their related revenues (such as accounts receivable and revenue for billed or provided services not yet collected) and certain liabilities and their related expenses (such as accounts payable and expenses for goods or services received but not yet paid, and accrued expenses and liabilities) are not recorded in these financial statements.

D. Budgetary Process

All funds, except agency funds, are legally required to be budgeted and appropriated. The major documents prepared are the certificate of estimated resources and the appropriations resolution, both of which are prepared on the budgetary basis of accounting. The certificate of estimated resources establishes a limit on the amount the Board of Education may appropriate. The appropriations resolution is the Board's authorization to spend resources and sets annual limits on cash disbursements plus encumbrances at the level of control selected by the Board. The legal level of control has been established by the Board at the fund level for all funds. Budgetary allocations at the function and object level within all funds are made by the Treasurer.

The certificate of estimated resources may be amended during the fiscal year if projected increases or decreases in receipts are identified by the Treasurer.

The appropriation resolution is subject to amendment throughout the year with the restriction that appropriations cannot exceed estimated resources.

E. Cash and Investments

To improve cash management, cash received by the District is pooled and invested. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through District records. Interest in the pool is included in the cash balances reported by fund type.

Investments are reported as assets. Accordingly, purchases of investments are not recorded as disbursements, and sales of investments are not recorded as receipts. Gains or losses at the time of sale are recorded as receipts or negative receipts (contra revenue), respectively.

NOTES TO THE FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2010 (Continued)

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

During 2010, the District invested in federal agency securities. Investments are reported at cost.

Following Ohio statutes, the Board of Education has, by resolution, specified the funds to receive an allocation of interest earnings. Interest receipts credited to the General Fund during fiscal year 2010 were \$78,493, which included \$61,959 assigned from other District funds.

F. Restricted Assets

Assets are reported as restricted when limitations on their use change the nature or normal understanding of the availability of the asset. Such constraints are either imposed by creditors, contributors, grantors, or laws of other governments, or imposed by law through constitutional provisions or enabling legislation. The District reported no restricted assets.

G. Inventory and Prepaid Items

The District reports disbursements for inventory and prepaid items when paid. These items are not reflected as assets.

H. Capital Assets

Acquisitions of property, plant and equipment are recorded as disbursements when paid. These items are not reflected as assets.

I. Interfund Receivables/Payables

The District reports advances-in and advances-out for interfund loans. These items are not reflected as assets and liabilities.

J. Accumulated Leave

In certain circumstances, such as upon leaving employment or retirement, employees are entitled to cash payments for unused leave. Unpaid leave is not reflected as a liability under the District's cash basis of accounting.

K. Employer Contributions to Cost-Sharing Pension Plans

The District recognizes the disbursement for employer contributions to cost-sharing pension plans when they are paid. As described in Notes 9 and 10, the employer contributions include portions for pension benefits and for postretirement health care benefits.

L. Long-Term Obligations

The District's cash basis does not report liabilities for bonds and other long-term obligations. Proceeds of debt are reported when cash is received and principal and interest payments are reported when paid. Since recording a capital asset when entering into a capital lease is not the result of a cash transaction, neither another financing source nor capital outlay expenditure is reported at inception.

NOTES TO THE FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2010 (Continued)

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

M. Interfund Transactions

Exchange transactions between funds are reported as receipts in the seller funds and as disbursements in the purchaser funds. Subsidies from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating receipts/cash disbursements in proprietary funds. Repayments from funds responsible for particular cash disbursements to the funds that initially paid for them are not presented in the financial statements.

N. Total Columns on Financial Statements

Total columns on the financial statements are captioned "Total- (Memorandum Only)" to indicate that they are presented only to facilitate financial analysis. This data is not comparable to a consolidation. Interfund –type eliminations have not been made in the aggregation of this data.

NOTE 3 – COMPLIANCE

Ohio Administrative Code, §117-2-03 (B), requires the District to prepare its annual financial report in accordance with generally accepted accounting principles. However, the District prepared its financial statements on a regulatory basis, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The accompanying financial statements omit assets, liabilities, net assets/fund balances, and disclosures that, while material, cannot be determined at this time. The District can be fined and various other administrative remedies may be taken against the District.

NOTE 4 – DEPOSITS AND INVESTMENTS

Monies held by the District are classified by State statute into three categories.

Active monies are public monies determined to be necessary to meet current demands upon the District treasury. Active monies must be maintained either as cash in the District treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Board has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts including passbook accounts.

Interim monies may be deposited or invested in the following securities:

 United States Treasury bills, bonds, notes, or any other obligation or security issued by the United States Treasury, or any other obligation guaranteed as to principal and interest by the United States;

NOTES TO THE FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2010 (Continued)

NOTE 4 – DEPOSITS AND INVESTMENTS (CONTINUED)

- 2. Bonds, notes, debentures, or any other obligation or security issued by any federal government agency or instrumentality including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
- Written repurchase agreements in the securities listed above provided the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least 2 percent and be marked to market daily, and the term of the agreement must not exceed thirty days;
- 4. Bonds and other obligations of the State of Ohio or Ohio local governments;
- 5. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts;
- No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
- 7. The State Treasurer's investment pool (STAR Ohio).

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the District, and must be purchased with the expectation that it will be held to maturity.

Deposits

Custodial credit risk is the risk that in the event of bank failure, the District will not be able to recover deposits or collateral securities that are in the possession of an outside party. At June 30, 2010, \$8,902,277 of the District's bank balance of \$22,790,502 was exposed to custodial credit risk because those deposits were uninsured and collateralized with securities held by the pledging financial institution's trust department or agent, but not in the District's name.

The District has no deposit policy for custodial risk beyond the requirements of State statute. Ohio law requires that deposits be either insured or be protected by eligible securities pledged to and deposited either with the District or a qualified trustee by the financial institution as security for repayment, or by a collateral pool of eligible securities deposited with a qualified trustee and pledged to secure the repayment of all public monies deposited in the financial institution whose market value at all times shall be at least one hundred five percent of the deposits being secured.

NOTES TO THE FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2010 (Continued)

NOTE 4 – DEPOSITS AND INVESTMENTS (CONTINUED)

Investments

As of June 30, 2010, the District had the following investments:

Investment Type	Balance at <u>Fair Value</u>	6 Months <u>or Less</u>	6 - 12 <u>Months</u>
Federal Home Loan Bank	\$453,578	\$350,984	\$102,594
Federal Farm Credit Banks	508,905	508,905	
Federal National Mortgage Association	<u>501,565</u>	<u>501,565</u>	
Total Investments	<u>\$1,464,048</u>	<u>\$1,361,454</u>	<u>\$102,594</u>

The weighted average maturity of investments is 0.31 years.

Interest Rate Risk: Interest rate risk arises because potential purchasers of debt securities will not agree to pay face value for those securities if interest rates subsequently increase. As a means of limiting its exposure to fair value losses arising from rising interest rates and according to state law, the District's investment policy limits portfolio maturities to five years or less.

Credit Risk: The Federal Home Loan Bank Notes, Federal National Mortgage Association Notes, and Federal Farm Credit Banks Notes carry a rating of AAA and Aaa by Standards & Poor's and Moody's Investor Services, respectively. The District has no investment policy dealing with investment credit risk beyond the requirements in state statutes.

Concentration of Credit Risk: The District places no limit on the amount that may be invested in any one issuer. The following table includes the percentage of each investment type held by the District at June 30, 2010:

		Percent of
	Fair Value	Balance
Federal Farm Credit Banks	\$508,905	34.76%
Federal Home Loan Bank	453,578	30.98%
Federal National Mortgage Assn	501,565	34.26%
Total Investments	\$1,464,048	100.00%

NOTE 6 – PROPERTY TAXES

Property taxes are levied and assessed on a calendar year basis, while the District's fiscal year runs from July through June. First-half tax distributions are received by the District in the second half of the fiscal year. Second-half tax distributions are received in the first half of the following fiscal year.

Property taxes include amounts levied against all real property, public utility property, and tangible personal (used in business) property located in the District. Real property tax receipts received in calendar year 2010 represent the collection of calendar year 2009 taxes. Real property taxes received in calendar year 2010 were levied after April 1, 2009, on the assessed values as of January 1, 2009, respectively, the lien date. Assessed values for real property taxes are established by State statute at 35 percent of appraised market value. Real property taxes are payable annually or semiannually. If paid annually, payment is due December 31; if paid semiannually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established.

Public utility property tax receipts received in calendar years 2010 represent the collection of calendar year 2009 taxes. Public utility real and tangible personal property taxes received in calendar year 2009 became a lien on December 31, 2008, were levied after April 1, 2009, and are collected with real property taxes. Public utility real property is assessed at 35 percent of true value; public utility tangible personal property is currently assessed at varying percentages of true value.

Tangible personal property tax revenues received in calendar year 2010 (other than public utility property) represent the collection of calendar year 2010 taxes levied against local and inter-exchange telephone companies. Tangible personal property tax on business inventory, manufacturing machinery and

NOTES TO THE FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2010 (Continued)

equipment, and furniture and fixtures is no longer levied and collected. The October 2008 tangible personal property tax settlement was the last property tax settlement for general personal property taxes. Tangible personal property taxes received from telephone companies in calendar year 2010 were levied after October 1, 2009, on the value as of December 31, 2009. Amounts paid by multi-county taxpayers are due September 20. Single county taxpayers may pay annually or semiannually. If paid annually, payment is due April 30; if paid semiannually, the first payment is due April 30, with the remainder payable by September 20. Tangible personal property taxes paid by April 30 are usually received by the District prior to June 30.

The District receives property taxes from Putnam County. The County Auditor periodically advances to the District its portion of the taxes collected. Second-half real property tax payments collected by the counties by June 30, 2010 are available to finance fiscal year 2010 operations, respectively. The amount available to be advanced can vary based on the date the tax bills are sent.

The assessed values upon which fiscal year 2010 taxes were collected are:

NOTE 7 – INCOME TAXES

The District levies a voted tax of one-half percent for general operations on the income of residents and of estates. The tax was effective on January 1, 1993 and is a continuing tax. Employers of residents are required to withhold income tax on compensation and remit the tax to the State. Taxpayers are required to file an annual return. The State makes quarterly distributions to the District after withholding amounts for administrative fees and estimated refunds. Income tax receipts are recorded in the general fund.

NOTE 8 – RISK MANAGEMENT

A. Schools of Ohio Risk Sharing Authority

The District is exposed to various risks of loss related to torts; theft, or damage to, and destruction of assets; errors and omissions; injuries to employees and natural disaster. During fiscal year 2010, the District contracted for the following insurance coverage.

B. Ohio School Boards Association Workers' Compensation Group Rating Program

The District participates in the Ohio School Board Association's Worker's Compensation Group Rating Program (GRP), an insurance purchasing pool. The GRP is intended to reduce premiums for the participants. The workers' compensation experience of the participating school districts is calculated as one experience and a common premium rate is applied to all school districts in the GRP. Each participant pays its workers' compensation premium to the State based on the rate for the GRP rather than its individual rate. Participation in the GRP is limited to educational entities that can meet the GRP's selection criteria. Each participant must apply annually. The GRP provides the participants with a centralized program for processing, analysis and management of worker's compensation claims and a risk management program to assist in developing safer work environments. Each participant must pay its premiums, enrollment or other fees, and perform its obligations in accordance with the terms of the agreement. The GRP's business and affairs are conducted by a 25 member Board of Directors consisting of two representatives from each county elected by a majority vote of all charter member schools within each county plus one representative from the fiscal agency A-site. The Treasurer of Findlay City Schools serves as coordinator of the program. Each year, the participating school districts pay an enrollment fee to the GRP to cover the costs of administering the program.

C. Putnam County Schools Insurance Group

The District participates as a member of the Putnam County School Insurance Group, a public entity risk pool, administered by Huntington Trust. The District converted its fully-insured medical insurance program to partial self insurance through participation in this public entity risk pool. Medical Mutual of Ohio provides claim review and processing. The District maintains stop-loss coverage for its medical insurance program. Aggregate stop loss is maintained for expected claims.

The District provides prescription drug insurance benefits to employees through a self-insurance program. The premiums and related disbursements are accounted for in the general fund. All claims are paid by the District with the request for reimbursement submitted by the employee on behalf of the District. The District has no stop loss insurance and has not set a maximum amount payable per beneficiary.

NOTES TO THE FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2010 (Continued)

However, the District's liability is limited to the employee's unpaid deductible and maximum out of pocket expense.

Post employment health care is proved to plan participants or their beneficiaries through the respective retirement systems discussed in Note 10. As such, no funding provisions are required by the District.

NOTE 9 - Defined Benefit Pension Plans

A. State Teachers Retirement System

Plan Description - The District contributes to the State Teachers Retirement System of Ohio (STRS Ohio), a cost-sharing multiple-employer public employee retirement plan. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a stand-alone financial report that may be obtained by writing to the State Teachers Retirement System of Ohio, 275 East Broad Street, Columbus, Ohio 43215-3771, by calling (888) 227-7877, or by visiting the STRS Ohio Web site at www.strsoh.org.

New members have a choice of three retirement plans, a Defined Benefit Plan (DBP), a Defined Contribution Plan (DCP), and a Combined Plan (CP). The DBP offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service or on an allowance based on a member's lifetime contributions and earned interest matched by STRS Ohio funds divided by an actuarially determined annuity factor. The DCP allows members to place all their member contributions and employer contributions equal to 10.5 percent of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age fifty and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal. The CP offers features of both the DBP and the DCP. In the CP, member contributions are invested by the member and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DBP. The DBP portion of the CP payment is payable to a member on or after age sixty; the DCP portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity at age fifty. Benefits are established by Chapter 3307 of the Ohio Revised Code.

A DBP or CP member with five or more years credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DCP who become disabled are entitled only to their account balance. If a member of the DCP dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy - For the fiscal year ended June 30, 2010, plan members were required to contribute 10 percent of their annual covered salary. The District was required to contribute 14 percent; 13 percent was the portion used to fund pension obligations. Contribution rates are established by the STRS Ohio Board upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions.

The District's required contribution for pension obligations to STRS Ohio for the fiscal years ended June 30, 2010, 2009, and 2008 was \$761,378, \$744,103, and \$735,968 respectively; 84 percent has been contributed for fiscal year 2010 and 100 percent for fiscal years 2009 and 2008. Contributions to the DCP and CP for fiscal year 2010 were \$21,071 and \$11,400, respectively.

NOTE 9 - Defined Benefit Pension Plans (Continued)

B. School Employees Retirement System

Plan Description - The District contributes to the School Employees Retirement System (SERS), a costsharing multiple-employer public employee retirement plan. SERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Chapter 3309 of the Ohio Revised Code. SERS issues a stand-alone financial report that may be obtained by writing to the School Employees Retirement System, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3746.

Funding Policy - For the fiscal year ended June 30, 2010, plan members were required to contribute 10 percent of their annual covered salary and the District was required to contribute at an actuarially determined rate. The current District rate is 14 percent of annual covered payroll. A portion of the District's contribution is used to fund pension obligations with the remainder being used to fund health care benefits. For fiscal year 2010, 12.78 percent of annual covered salary was the portion used to fund pension obligations. The contribution requirements of plan members and employers are established and may be amended by the SERS Retirement Board up to a statutory maximum amount of 10 percent for plan members and 14 percent for employers. Chapter 3309 of the Ohio Revised Code provides statutory authority for member and employer contributions. The District's required contribution for pension obligations to SERS for the fiscal years ended June 30, 2010, 2009, and 2008 was \$192,329, \$132,466, and \$127,139 respectively; 43 percent has been contributed for fiscal year 2010 and 100 percent for fiscal years 2009 and 2008.

NOTE 10 - Postemployment Benefits

A. State Teachers Retirement System

Plan Description - The District contributes to a cost-sharing multiple-employer defined benefit Health Care Plan administered by the State Teachers Retirement System of Ohio (STRS Ohio) for eligible retirees who participated in the Defined Benefit or Combined pension plans offered by STRS Ohio. Benefits include hospitalization, physicians' fees, prescription drugs, and reimbursement of monthly Medicare Part B premiums. The Plan is included in STRS Ohio's financial report which may be obtained by calling (888) 227-7877 or by visiting the STRS Ohio Web site at <u>www.strsoh.org</u>.

Funding Policy - Ohio law authorizes STRS Ohio to offer the Health Care Plan and gives the Retirement Board authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. Active employee members do not contribute to the Health Care Plan. All benefit recipients pay a monthly premium. Under Ohio law, funding for postemployment health care may be deducted from employer contributions. For fiscal year 2010, STRS Ohio allocated employer contributions equal to 1 percent of covered payroll to the Health Care Stabilization Fund. The District's contribution for health care for the fiscal years ended June 30, 2010, 2009, and 2008 was \$58,568, \$57,239, and \$56,613 respectively; 84 percent has been contributed for fiscal year 2010 and 100 percent for fiscal years 2009 and 2008.

NOTES TO THE FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2010 (Continued)

NOTE 10 - Postemployment Benefits (Continued)

B. School Employees Retirement System

Plan Description - The District contributes to two cost-sharing multiple-employer defined benefit OPEB plans administered by the School Employees Retirement System (SERS) for classified retirees and their beneficiaries, a Health Care Plan and a Medicare Part B Plan. The Health Care Plan includes hospitalization and physicians fees through several types of plans including HMO's, PPO's, and traditional indemnity plans as well as a prescription drug program. The Medicare Part B Plan reimburses Medicare Part B premiums paid by eligible retirees and beneficiaries up to a statutory limit. Benefit provisions and the obligations to contribute are established by SERS based on authority granted by State statute. The financial reports of both Plans are included in the SERS Comprehensive Annual Financial Report which is available by contacting the School Employees Retirement System, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3746.

Funding Policy - State statute permits SERS to fund the health care benefits through employer contributions. Each fiscal year, after the allocation for statutorily required benefits, the Retirement Board allocates the remainder of the employer contribution of 14 percent of covered payroll to the Health Care Fund. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 401h. For fiscal year 2010, .46 percent of covered payroll was allocated to health care. In addition, employers pay a surcharge for employees earning less than an actuarially determined amount. For fiscal year 2010, the surcharge amount was \$22,952.

Active employee members do not contribute to the Health Care Plan. Retirees and their beneficiaries are required to pay a health care premium that varies depending on the plan selected, the number of qualified years of service, Medicare eligibility, and retirement status.

The District's contribution for health care for the fiscal years ended June 30, 2010, 2009, and 2008 was \$29,875, \$81,795, and \$78,540 respectively; 87 percent has been contributed for fiscal year 2010 and 100 percent for fiscal years 2009 and 2008.

The Retirement Board, acting with advice of the actuary, allocates a portion of the employer contribution to the Medicare Part B Fund. For fiscal year 2010, this actuarially required allocation was .76 percent of covered payroll. The District's contribution for Medicare Part B for the fiscal years ended June 30, 2010, 2009, and 2008 was \$11,437, \$10,930, and \$9,161 respectively; 43 percent has been contributed for fiscal year 2010 and 100 percent for fiscal years 2009 and 2008.

The capital appreciation bonds were issued in the aggregate original principal amount of \$359,995 and mature on December 1, in the years, have the original principal amounts and mature with the accreted values at maturity, as follows:

Fiscal Year	Original Principal Amount	Accreted Value at Maturity
2017	83,590	475,000
2018	71,751	485,000

At June 30, 2010, the total amount of these bonds including accretion was \$155,341. The bonds are being retired through the Bond Retirement Debt Service Fund.

<u>Series 2003 School Improvement General Obligation Bonds – Interest Rates 1.55 – 5.375%</u>: During fiscal year 2003, the voters of the District authorized the issuance of \$13,485,000 in general obligation bonds, for the purpose of renovating and otherwise improving school facilities. During 2007, \$9,289,995 of the current interest bonds were advance refunded. The remaining bonds will be retired from proceeds of a bonded debt tax levy and will be paid from the Bond Retirement Fund.

The Series 2003 school improvement general obligation bond issue included both current interest bonds, par value \$13,465,000, and capital appreciation bonds, par value \$1,005,000. The capital appreciation bonds mature on December 1, 2013-2015, at a redemption price equal to 100% of the principal, plus accrued interest to the redemption date. At June 30, 2010, the total amount of these bonds including accretion was \$821,554. The current interest bonds maturing on or after December 1, 2012, are subject to early redemption at the sole option of the District, at the following redemption prices, plus accrued interest:

Redemption Date	Redemption Price
December 1, 2012 and thereafter	100% of par

Interest payments on the current interest bonds are due on June 1, and December 1 of each year. The final maturity stated in the issue is December 1, 2030.

<u>Series 1986 School Improvement General Obligation Bonds – Interest Rate 7.5%</u>: The 1986 general obligation bonds have been issued to provide funds for the acquisition and construction of equipment and facilities and are general obligations of the District for which the full faith and credit of the District is pledged for repayment. Payments of principal and interest relating to these bonds are recorded as disbursements in the debt service fund. The source of payment is derived from a current .80 mill bonded debt tax levy.

Principal and interest requirements to retire long-term liabilities outstanding at June 30, 2009 are as follows:

The Ohio Revised Code provides that voted net general obligation debt of the District shall never exceed 9% of the total assessed valuation of the District. The code further provides that unvoted indebtness shall not exceed 1/10 of 1% of the property valuation of the District.

The District had a voted debt margin of \$218,678 and an unvoted debt margin of \$185,133.

NOTE 12 – NOTES PAYABLE

The District's notes payable activity for the fiscal year ended June 30, 2010, was as follows:

	Principal Outstanding 6/30/09	Additions	Reductions	Principal Outstanding 6/30/10	Amounts Due in One Year
Bond Anticipation Notes:					
School Facilities Construction and Improvement Note - 2009	\$6,000,000		\$6,000,000		
School Facilities Construction and Improvement Note - 2010		\$6,000,000		\$6,000,000	\$6,000,000
Total	\$6,000,000	\$6,000,000	\$6,000,000	\$6,000,000	\$6,000,000

The District passed a bond issue in November 2008 to issue \$6,000,000 in bonds for the construction of two new elementary buildings as part of an Ohio School Facilities Commission project. Bond anticipation notes were sold in March 19, 2009 and matured on March 18, 2010. Due to bond rates at that time, the Board decided to reissue bond anticipation notes on March 18, 2010 that will mature on August 17, 2010.

NOTE 13 – SET ASIDE REQUIREMENTS

The District is required by State statute to annually set aside, in the General Fund, an amount based on a statutory formula for the purchase of textbooks and other instructional materials, and an equal amount for the acquisition and construction of capital improvements. Amounts not spent by the end of the fiscal year or offset by similarly restricted resources received during the fiscal year must be held in cash at fiscal year end. These amounts must be carried forward and used for the same purposes in future years. In prior years, the District was also required to set aside money for budget stabilization. In addition to the amounts required to be set aside for budget stabilization the District voluntarily has set aside an additional \$197,862 designated for budget stabilization.

NOTES TO THE FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2010 (Continued)

NOTE 13 – SET ASIDE REQUIREMENTS (CONTINUED)

The following cash basis information identifies the changes in the fund balance reserves for textbooks, capital improvements, and budget stabilization during 2010.

	Textbooks/ Instructional Materials	Capital Maintenance	Designated for Budget Stabilization	Reserved for Bureau of Workers Compensation Refund
Balance at June 30, 2009 Current Year Set Aside	(\$147,074)		\$197,862	\$32,039
Requirement	242,992	\$242,992		
Qualifying Cash Disbursements	(170,716)	(44,506)		
Offsets		(198,486)		
Balance at June 30, 2010	(\$74,798)		\$197,862	\$32,039

The District had qualifying expenditures during the fiscal year that reduced the textbook set aside amount below zero. This amount may be used to reduce the set aside requirement in future fiscal years. The District also had current year offsets during the fiscal year that reduced the capital improvements set aside amount to below zero. However, this amount cannot be carried forward to reduce future set aside requirements, and therefore is not reflected in this schedule.

In addition to the above statutory reserves, the District also received monies restricted for school bus purchases.

A schedule of the governmental fund restricted assets at June 30, 2010 follows:

Amount restricted for Bureau of Workers Compensation refunds	\$32,039
Amount restricted for school bus purchases	23,089
Total restricted assets	<u>\$55,128</u>

NOTE 14 – CONTINGENCIES

A. Grants

The District received financial assistance from federal and state agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements, and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the District at June 30, 2010.

B. Litigation

There are currently no matters in litigation with the District as defendant.

NOTE 15 – JOINTLY GOVERNED ORGANIZATIONS

A. Northwest Ohio Area Computer Services Cooperative

The District is a participant in the Northwest Ohio Area Computer Services Cooperative (NOACSC) which is a computer consortium. NOACSC is an association of public school districts within the boundaries of Allen, Hancock, Paulding, Putnam, and Van Wert counties, and the cities of St. Marys and Wapakoneta. The organization was formed for the purpose of applying modern technology (with the aid of computers and other electronic equipment) to administrative and instructional functions among member school districts.

The governing board of NOACSC consists of two representatives from each county elected by majority vote of all charter member school districts within each county plus one representative from the fiscal agent school district. Financial information can be obtained from Michael Wildermuth, who serves as director, at 645 South Main Street, Lima, Ohio 45804.

B. <u>Millstream Cooperative Career Center</u>

NOTES TO THE FEDERAL AWARDS RECEIPTS AND EXPENDITURES SCHEDULE FISCAL YEAR ENDED JUNE 30, 2010

NOTE A – SIGNIFICANT ACCOUNTING POLICIES

The accompanying Federal Awards Receipts and Expenditures Schedule (the Schedule) summarizes activity of the District's federal award programs. The Schedule has been prepared on the cash basis of accounting.

NOTE B - CHILD NUTRITION CLUSTER

The District commingles cash receipts from the U.S. Department of Agriculture with similar State grants. When reporting expenditures on this Schedule, the District assumes it expends federal monies first.

NOTE C – FOOD DONATION PROGRAM

The District reports commodities consumed on the Schedule at the fair value. The District allocated donated food commodities to the respective program that benefitted from the use of those donated food commodities.

NOTE D – TRANSFERS

During fiscal year 2010, the Ohio Department of Education (ODE) authorized the following transfers:

INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

Ottawa-Glandorf Local School District Putnam County 630 Glendale Avenue Ottawa, Ohio 45875

To the Board of Education:

We have audited the financial statements of Ottawa-Glandorf Local School District, Putnam County, (the District) as of and for the year ended June 30, 2010, and have issued our report thereon dated December 20, 2010, wherein we issued an adverse opinion on the District's financial statements because the District began preparing its financial statements using accounting practices the Auditor of State prescribes or permits for governments not required to report using accounting principles generally accepted in the United States of America. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting as a basis for designing our audit procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of opining on the effectiveness of the District's internal control over financial reporting. Accordingly, we have not opined on the effectiveness of the District's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in more than a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and timely corrected.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider material weaknesses, as defined above.

Ottawa-Glandorf Local School District Putnam County Independent Accountants' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Required by *Government Auditing Standards* Page 2

Compliance and Other Matters

As part of reasonably assuring whether the District's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed an instance of noncompliance we must report under *Government Auditing Standards* which is described in the accompanying schedule of findings as item 2010-001.

We also noted certain matters not requiring inclusion in this report that we reported to the District's management in a separate letter dated December 20, 2010.

The District's response to the finding identified in our audit is described in the accompanying schedule of findings. We did not audit the District's response and, accordingly, we express no opinion on it.

We intend this report solely for the information and use of management, the audit committee, the Board of Education, federal awarding agencies and pass-through entities and others within the District. We intend it for no one other than these specified parties.

INDEPENDENT ACCOUNTANT'S REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Ottawa-Glandorf Local School District Putnam County 630 Glendale Avenue Ottawa, Ohio 45875-1162

To the Board of Education:

Compliance

We have audited the compliance of Ottawa-Glandorf Local School District, Putnam County, (the District) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133, Compliance Supplement* that could directly and materially affect each of the District's major federal programs for the year ended June 30, 2010. The summary of auditor's results section of the accompanying schedule of findings identifies the District's major federal programs. The District's management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to each major federal program. Our responsibility is to express an opinion on the District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to reasonably assure whether noncompliance occurred with the compliance requirements referred to above that could directly and materially affect a major federal program. An audit includes examining, on a test basis, evidence about the District's compliances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the District's compliance with those requirements.

In our opinion, the Ottawa-Glandorf Local School District complied, in all material respects, with the requirements referred to above that could directly and materially affect each of its major federal programs for the year ended June 30, 2010.

Internal Control Over Compliance

The District's management is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the District's internal control over compliance with requirements that could directly and materially affect a major federal program, to determine our auditing procedures for the purpose of opining on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of opining on the effectiveness of internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program compliance requirement. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance with a federal program compliance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

We noted a matter involving federal compliance not requiring inclusion in this report, that we reported to the District's management in a separate letter dated December 20, 2010.

We intend this report solely for the information and use of the audit committee, management, the Board of Education, others within the entity, federal awarding agencies, and pass-through entities. It is not intended for anyone other than these specified parties.

2. FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS

FINDING NUMBER 2010-001

Noncompliance Finding

Ohio Revised Code § 117.38 provides each public office shall file a financial report for each fiscal year. The auditor of state may prescribe forms by rule or may issue guidelines, or both, for such reports. If the auditor of state has not prescribed a rule regarding the form for the report, the public office shall submit its report on the form utilized by the public office.

Ohio Administrative Code § 117-2-03(B), which further clarifies the requirements of Ohio Revised Code § 117.38, requires the District to prepare its annual financial report in accordance with accounting principles generally accepted in the United States of America.

The District prepares its financial statements in accordance with standards established by the Auditor of State for governmental entities not required to prepare annual reports in accordance with generally accepted accounting principles. The accompanying financial statements and notes omit assets, liabilities, fund equities, and disclosures, while material, cannot be determined at this time. The District can be fined and various other administrative remedies may be taken against the District.

We recommend the District prepare its financial statements in accordance with generally accepted accounting principles.

Officials' Response

The Board of Education and management of the District are knowledgeable concerning the required reporting format (GASB 34 / Generally Accepted Accounting Principles) and the similarities and differences from the required reporting format and the method currently incorporated by the District (Cash Basis of Accounting). District personnel considered the cost-benefit of the two reporting formats and determined reporting on the Cash Basis of Accounting format to be the more fiscally responsible format at this time.
