We have reviewed the *Independent Auditor's Report* of the Perry Metropolitan Housing Authority, Perry County, prepared by Salvatore Consiglio, CPA, Inc., for the audit period January 1, 2010 through December 31, 2010. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Perry Metropolitan Housing Authority is responsible for compliance with these laws and regulations.

Independent Auditors' Report

Board of Commissioners
Perry Metropolitan Housing Authority

I have audited the accompanying financial statements of the business-type activities of Perry Metropolitan Housing Authority, Ohio, as of and for the year ended December 31, 2010, which collectively comprise the Authority basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Perry Metropolitan Housing Authority, Ohio, management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing standards*, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of the Perry Metropolitan Housing Authority, Ohio, as of December 31, 2010, and the respective changes in financial position and the cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, I have also issued a report dated April 6, 2011, on my consideration of Perry Metropolitan Housing Authority, Ohio's internal control over financial reporting and my tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in conjunction with this report in considering the results of my audit.

The Management's Discussion and Analysis is not a required part of the financial statements but is supplementary information required by the Governmental Accounting Standards Board. I have applied certain limited procedures, which consisted principally of inquiry of management regarding the methods of measurement and presentation of the supplementary information. However, I did not audit the information and express no opinion thereon.

My Audit was performed for the purpose of forming an opinion on the financial statements that collectively comprise the Perry Metropolitan Housing Authority basic financial statements. The accompanying Schedule of Expenditure of Federal Awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Government and Non-Profit Organizations* and is not a required part of the financial statements. The FDS Schedule Submitted to REAC is presented for purposes additional analysis as required by the Department of Housing and Urban Development and is not a required part of the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in my opinion, is fairly presented in all material respects in relation to the basic financial statements taken as a whole.

PERRY METROPOLITAN HOUSING AUTHORITY
MANAGEMENT'S DISCUSSION AND ANALYSIS
DECEMBER 31, 2010

Unaudited

The Perry Metropolitan Housing Authority's ("the Authority") Management's Discussion and Analysis (MD&A) is designed to (a) assist the reader in focusing on significant financial issues, (b) provide an overview of the Authority's financial activity, (c) identify changes in the Authority's position, and (d) identify individual fund issues or concerns.

Since the MD&A is designed to focus on the 2010 year's activities, resulting changes and currently known facts, please read it in conjunction with the Authority's financial statement.

FINANCIAL HIGHLIGHTS

- Total revenues: FYE 12/31/10: \$2,008,542 Decrease of \$118,838 (5.59%)
FYE 12/31/09: \$2,127,380
- Total expenses: FYE 12/31/10: \$1,856,847 Decrease of \$211,330 (10.22%)

Authority Financial Statements

The Authority financial statements are designed to be corporate-like in that all business type activities are consolidated into columns, which add to a total for the entire Authority.

These Statements include a Statement of Net Assets, which is similar to a Balance Sheet. The Statement of Net Assets reports all financial and capital resources for the Authority. The Statement is presented in the format where assets, minus liabilities, equal "Net Assets", formerly known as equity. Assets and liabilities are presented in order of liquidity, and are classified as "Current" (convertible into cash within one year), and "Non-current".

The focus of the Statement of Net Assets (the "Unrestricted Net Assets") is designed to represent the net available liquid (non-capital) assets, net of liabilities, for the entire Authority. Net Assets (formerly equity) are reported in three broad categories:

Net Assets, Invested in Capital Assets, net of Related Debt: This component of Net Assets consists of all Capital Assets, reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted Net Assets: This component of Net Assets consists of restricted assets, when constraints are placed on the asset by creditors (such as debt covenants), grantors, contributors, laws, regulations, etc.

Unrestricted Net Assets: Consists of Net Assets that do not meet the definition of "Net Assets Invested in Capital Assets, Net of Related Debt", or "Restricted Net Assets".

The Authority financial statements also include a Statement of Revenues, Expenses and Changes in Fund Net Assets (similar to an Income Statement). This Statement includes Operating Revenue, such as rental income, Operating Expenses, such as administrative, utilities, and maintenance, and depreciation, and Non-Operating Revenue and Expenses, such as capital grant revenue, investment income and interest expense.

The focus of the Statement of Revenues, Expenses and Changes in Fund Net Assets is the "Change in Net Assets", which is similar to Net Income or Loss.

Finally, a Statement of Cash Flows is included, which discloses net cash provided by, or used for operating activities, non-capital financing activities, and from capital and related financing activities.

The Authority consists of exclusively Enterprise Funds. Enterprise Funds utilize the full accrual basis of accounting. The Enterprise method of accounting is similar to accounting utilized by the private sector accounting.

The Authority's Programs

Many of the programs maintained by the Authority are done so as required by the Department of Housing and Urban Development. Others are segregated to enhance accountability and control.

Conventional Public Housing (PH) – Under the Conventional Public Housing Program, the Authority rents units that it owns to low-income households. The Conventional Public Housing Program is operated under an Annual Contributions Contract (ACC) with HUD, and HUD provides Operating Subsidy and Capital Grant funding to enable the Authority to provide the housing at a rent that is based upon 30% of household income.

Capital Fund Program (CFP) - This is the primary funding source for physical and management improvements to the Authority's properties. Funds are allocated by a formula allocation and are based on size and age of the properties.

Housing Choice Voucher Program (HCVP) – Under the Housing Choice Voucher Program, the Authority administers contracts with independent landlords that own the property. The Authority subsidizes the family's rent through a Housing Assistance Payment made to the landlord. The program is administered under an ACC with HUD. HUD provides Annual Contributions Funding to enable the Authority to structure a lease that sets the participants' rent at 30% of household income. The Authority earns administrative fees to cover the cost of administering the program.

Other Business Activity – Tracking of the Supported Living Program (Perry County MR/DD) activity.

Major Factors Affecting the Statement of Net Assets

During 2010, current and other assets increased by \$21,687, and current liabilities decreased by \$159,502 mainly due to a decrease in accounts payable and deferred revenue.

Capital assets also changed, decreasing from \$3,111,744 to \$3,088,319. The \$23,425 decrease may be contributed primarily to a combination of total acquisitions of \$278,950 less current year depreciation of \$302,375.

The following table presents details on the change in Net Assets.

TABLE 2

(1) Depreciation is treated as an expense and reduces the results of operations but does not have an impact on Unrestricted Net Assets.

(2) Capital expenditures represent an outflow of unrestricted net assets, but are not treated as an expense against Results of Operations, and therefore must be deducted.

While the results of operations are a significant measure of the Authority's activities, the analysis of the changes in Unrestricted Net Assets provides a clearer presentation of financial position.

The following schedule compares the revenues and expenses for the current and previous fiscal year. The Authority is engaged only in Business-Type Activities.

**MAJOR FACTORS AFFECTING THE STATEMENT OF REVENUE,
EXPENSES AND CHANGES IN NET ASSETS**

Tenant revenue increased by \$17,138 from 2009. Operating subsidy reflect a decrease of \$46,609 mainly due to less Capital Fund Grants drawn from HUD. Capital grants decreased by \$74,033 due to fewer capital improvement projects during the year.

PERRY METROPOLITAN HOUSING AUTHORITY
MANAGEMENT'S DISCUSSION AND ANALYSIS
DECEMBER 31, 2010

Total expenses decreased \$211,330. The decrease is due mainly due to the decreases in housing assistance payment paid out during the year and administrative expenses due to cost saving efforts taken.

CAPITAL ASSETS

Capital Assets

As of year-end, the Authority had \$3,088,319 invested in a variety of capital assets as reflected in the following schedule, which represents a net decrease of \$23,425 or 1% from the end of last year. As stated earlier, this decrease was due to current additions less depreciation expense.

ECONOMIC FACTORS

Significant economic factors affecting the Authority are as follows:

- Federal funding provided by Congress to the Department of Housing and Urban Development
- Local labor supply and demand, which can affect salary and wage rates
- Local inflationary, recessionary and employment trends, which can affect resident incomes and therefore the amount of rental income
- Inflationary pressure on utility rates, supplies and other costs

PERRY METROPOLITAN HOUSING AUTHORITY
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2010

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Perry Metropolitan Housing Authority (the Authority) have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Authority's accounting policies are described below.

Reporting Entity

The Perry Metropolitan Housing Authority was created under the Ohio Revised Code, Section 3735.27. The Authority contracts with the United States Department of Housing and Urban Development (HUD) to provide low and moderate income persons with safe and sanitary housing through subsidies provided by HUD. The Authority depends on the subsidies from HUD to operate.

The accompanying financial statements comply with the provision of Governmental Accounting Standards Board (GASB) Statement 14, the Financial Reporting Entity, in that the financial statements include all organizations, activities and functions for which the Authority is financially accountable. This report includes all activities considered by management to be part of the Authority by virtue of Section 2100 of the Codification of Governmental Accounting and Financial Reporting Standards.

Section 2100 indicates that the reporting entity consists of **a)** the primary government, **b)** organizations for which the primary government is financially accountable, and **c)** other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

The definition of the reporting entity is based primarily on the notion of financial accountability. A primary government is financially accountable for the organizations that make up its legal entity. It is also financially accountable for legally separate organizations if its officials appoint a voting majority of an organization's government body and either it is able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or to impose specific financial burdens on, the primary government. A primary government may also be financially accountable for governmental organizations that are fiscally dependent on it.

A primary government has the ability to impose its will on an organization if it can significantly influence the programs, projects, or activities of, or the level of services performed or provided by, the organization. A financial benefit or burden relationship

exists if the primary government **a)** is entitled to the organization's resources; **b)** is legally obligated or has otherwise assumed the obligation to finance the deficits of, or provide financial support to, the organization; or **c)** is obligated in some manner for the debt of the organization.

Management believes the financial statements included in this report represent all of the funds of the Authority over which the Authority is financially accountable.

Basis of Presentation

The Authority's financial statements consist of a statement of net assets, a statement of revenue, expenses and changes net assets, and a statement of cash flows.

Fund Accounting

The Authority uses the proprietary fund to report on its financial position and the results of its operations for the HUD programs. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

Funds are classified into three categories: governmental, proprietary and fiduciary. The Authority uses the proprietary category for its programs.

Proprietary Fund Types

Proprietary funds are used to account for the Authority's ongoing activities which are similar to those found in the private sector. The following is the proprietary fund type: Enterprise Fund - This fund is used to account for the operations that are financed and operated in a manner similar to private business enterprises where the intent is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges or where it has been decided that periodic determination of revenue earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

PERRY METROPOLITAN HOUSING AUTHORITY
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2010
(CONTINUED)

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus/Basis of Accounting

The proprietary funds are accounted for on the accrual basis of accounting. Revenues are recognized in the period earned and expenses are recognized in the period incurred. Pursuant to GASB Statement No. 20 *Accounting and Financial Reporting for / Proprietary Funds and Other Governmental Entities that Use Proprietary Fund Accounting*, the Authority follows GASB guidance as applicable to proprietary funds and FASB Statements and Interpretations, Accounting Principles Board Opinions and Accounting Research Bulletins issued after November 30, 1989, that do not conflict with or contradict GASB pronouncements.

Description of programs

The following are the various programs which are included in the single enterprise fund:

A. **Public Housing Program**

The Public Housing Program is designed to provide low-cost housing within the Perry County. Under this program, HUD provides funding via an annual contribution contract. These funds, combined with the rental income received from tenants, are available solely to meet the operating expenses of the program.

B. **Capital Fund Program**

The Capital Fund Program provides funds annually, via a formula, to Public Housing Agencies for capital and management activities, including modernization and development housing.

C. **Housing Choice Voucher Program**

The Housing Choice Voucher Program was authorized by Section 8 of the National Housing Act and provides housing assistance payments to private, not-for-profit or public landlords to subsidize rentals for low-income persons.

D. **Business Activity**

The Business Activity Program represents MR/DD Supported Living Program activities. The revenue and expenses for these services are identified and tracked separate from the HUD activities.

Accounting and Reporting for Non-exchange Transactions

Non-exchange transactions occur when the Public Housing Authority (PHA) receives (or gives) value without directly giving equal value in return. GASB 33 identifies four classes of non-exchange transactions as follows:

PERRY METROPOLITAN HOUSING AUTHORITY
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2010
(CONTINUED)

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

- Derived tax revenues: result from assessments imposed on exchange transactions (i.e., income taxes, sales taxes and other assessments on earnings or consumption).
- Imposed nonexchange revenues: result from assessments imposed on nongovernmental entities, including individuals, other than assessments on exchange transactions (i.e. property taxes and fines).
- Government-mandated nonexchange transactions: occur when a government at one level provides resources to a government at another level and requires the recipient to use the resources for a specific purpose (i.e., federal programs that state or local governments are mandated to perform).
- Voluntary nonexchange transactions: result from legislative or contractual agreements, other than exchanges, entered into willingly by the parties to the agreement (i.e., certain grants and private donations).

PHA grants and subsidies will be defined as government-mandated or voluntary nonexchange transactions.

GASB 33 establishes two distinct standards depending upon the kind of stipulation imposed by the provider.

- Time requirements specify (a) the period when resources are required to be used or when use may begin (for example, operating or capital grants for a specific period) or (b) that the resources are required to be maintained intact in perpetuity or until a specified date or event has occurred (for example, permanent endowments, term endowments, and similar agreements). Time requirements affect the timing of recognition of nonexchange transactions.
- Purpose restrictions specify the purpose for which resources are required to be used. (i.e. capital grants used for the purchase of capital assets). Purpose restrictions do not affect when a nonexchange transaction is recognized. However, PHAs that receive resources with purpose restrictions should report resulting net assets, equity, or fund balance as restricted.

The PHA will recognize assets (liabilities) when all applicable eligibility requirements are met or resources received whichever is first. Eligibility requirements established by the provider may stipulate the qualifying characteristics of recipients, time requirements, allowable costs, and other contingencies.

The PHA will recognize revenues (expenses) when all applicable eligibility requirements are met. For transactions that have a time requirement for the beginning of the following period, PHAs should record resources received prior to that period as deferred revenue and the provider of those resources would record an advance.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The PHA receives government-mandated or voluntary nonexchange transactions, which do not specify time requirements. Upon award, the entire subsidy should be recognized as a receivable and revenue in the period when applicable eligibility requirements have been met.

Deferred Revenue

Deferred revenue arises when revenues are received before revenue recognition criteria have been satisfied.

Prepaid Expenses

Payments made to vendors for services that will benefit periods beyond December 31, 2010, are recorded as prepaid expenses using the consumption method. A current asset for the amount is recorded at the time of the purchase and expense is reported in the year in which the services are consumed.

Investments

Investments are restricted by the provisions of the HUD Regulations (See Note 2). Investments are valued at market value. Interest income earned in fiscal year 2010 totaled \$4,738.

Capital Assets

Capital assets are stated at cost and depreciation is computed using the straight line method over an estimated useful life of the assets. The cost of normal maintenance and repairs, that do not add to the value of the asset or materially extend the asset life, are not capitalized. The capitalization policy is \$750. The following are the useful lives used for depreciation purposes:

Buildings – residential	27.5
Buildings – non residential	40
Building improvements	15
Furniture – dwelling	7
Furniture – non-dwelling	7
Equipment – dwelling	5
Equipment – non-dwelling	7
Autos and trucks	5

Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets – net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction or improvement of those assets. Net assets are recorded as restricted when there are limitations imposed on their use by internal or external restrictions.

Operating Revenues and Expenses

Operating revenues and expenses are those revenues that are generated directly from the primary activities of the proprietary fund and expenses incurred for the day to day operation. For the Authority, operating revenues are tenant rent charges, operating subsidy from HUD and other miscellaneous revenue. Operating expenses are those expenses that are generated from the primary activity of the proprietary fund.

Capital Contributions

This represents contributions made available by HUD with respect to all federally aided projects under an annual contribution contract.

Cash and Cash Equivalents

For the purpose of the statement of cash flows, cash and cash equivalents include all highly liquid debt instruments with original maturities of three months or less.

Compensated Absences

The Authority accounts for compensated absences in accordance with GASB Statement No. 16. Sick leave and other compensated absences with similar characteristics are accrued as a liability based on the sick leave accumulated at the balance sheet date by those employees who currently are eligible to receive termination payments. To calculate the liability, these accumulations are reduced to the maximum amount allowed as a termination payment. All employees who meet the termination policy of the Authority for years of service are included in the calculation of the compensated absences accrual amount.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Vacation leave and other compensated absences with similar characteristics are accrued as a liability as the benefits are earned by the employees if both of the following conditions are met: (1) the employees' rights to receive compensation are attributable to services already rendered and are not contingent on a specific event that is outside the control of the employer and employee. (2) It is probable that the employer will compensate the employees for the benefits through paid time off or some other means, such as cash payments at termination or retirement.

In the proprietary fund, the compensated absences are expensed when earned with the amount reported as a fund liability.

Inventories

Inventory valued of \$16,134 in the financial statements is stated at net of obsolete balance. The allowance for obsolete inventory was \$1,800 at December 31, 2010.

Receivables – net of allowance

Total receivable as December 31, 2010 is \$23,900. This amount is net from the allowance of doubtful account of \$28,395. Bad debts are provided on the allowance method based on management's evaluation of the probability of collecting the outstanding tenant receivable balances at the end of the year.

Budgetary Accounting

The Authority is required by contractual agreements to adopt annual, appropriated operating budgets for all its Enterprise Funds receiving federal expenditure awards. All budgets are prepared on a HUD basis, which is materially consistent with accounting principles generally accepted in the United States of America. All annual appropriations lapse at fiscal year end. The Board of Commissioners adopts the budget through passage of a budget resolution.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2: DEPOSITS AND INVESTMENTS

Deposits

State statutes classify monies held by the Authority into three categories.

- A. Active deposits are public deposits necessary to meet demands on the treasury. Such monies must be maintained either as cash in the Authority's treasury, in commercial accounts payable or withdrawal on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.
- B. Inactive deposits are public deposits that the Authority has identified as not required for use within the current two period of designation of depositories. Inactive deposits must either be evidenced by certificate of deposits maturing not later than the end of the current period of designation of the depositories, or by savings or deposit accounts including, but not limited to passbook accounts.
- C. Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificate of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts including passbook accounts.

NOTE 2: DEPOSITS AND INVESTMENTS (CONTINUED)

Protection of the Authority deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, by collateral held by Authority or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution.

At fiscal year-end December 31, 2010, the carrying amount of the Authority's deposits totaled \$979,279 and its bank balance was \$1,008,693. Based on the criteria described in GASB Statement No. 40, "Deposit and Investment Risk Disclosure," as of December 31, 2010, \$662,559 was exposed to custodial risk as discussed below, while \$346,134 was covered by the Federal Depository Insurance Corporation.

Custodial credit risk is the risk that in the event of bank failure, the Authority will not be able to recover the deposits. All deposits are collateralized with eligible securities in amounts equal to at least 105% of the carrying value of the deposits.

NOTE 3: RESTRICTED CASH AND INVESTMENT

Restricted cash balance as of December 31, 2010 of \$280,266 represents cash on hand for the following:

FSS escrow funds held for tenants	\$4,740
Tenant security deposit	\$29,216

NOTE 7: MRDD PROJECT AGREEMENT

Perry Metropolitan Housing Authority and Perry County Board MRDD have a project agreement for a supported living program. The agreement outlines that any monies received by MRDD for supported living will be forwarded to the MHA to purchase real estate with homes previously constructed and title to the said real estate will be in the name of the MHA. MRDD clients will benefit from these real estate transactions. The real estate and monies will revert back to MRDD if the property is not being used by eligible persons. The notes payable and mortgage receivables (land contracts) on these acquisitions are in the name of the MHA. At the end of the fiscal year the Authority had \$173,430 of mortgage receivable on the sale of land contract.

NOTE 8: DEFINED BENEFIT PENSION PLANS

The Authority participates in the Ohio Public Employees Retirement System (OPERS). OPERS administer three separate pension plans as described below:

1. The Traditional Pension Plan – A cost sharing, multiple-employer defined benefit pension plan.
2. The Member-Direct Plan – A defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20% per year). Under the Member-Direct Plan, members accumulate retirement assets equal to the value of member and (vested) employer contributions, plus any investment earnings.
3. The Combined Plan – A cost sharing, multiple-employer defined pension plan. Under the Combined Plan, OPERS invests employer contributions to provide a formula retirement benefits similar in nature to the Traditional Pension Plan benefit. Member contributions, the investment of which is self-directed by the members, accumulate retirement assets in a manner similar to the Member-Directed Plan.

**NOTE 8: DEFINED BENEFIT PENSION PLANS -PUBLIC EMPLOYEES
RETIREMENT SYSTEM (Continued)**

OPERS provide retirement, disability, survivor and death benefits and annual cost of living adjustments to members of the Traditional Pension and Combined Plans. Members of the Member-Direct Plan do not qualify for ancillary benefits. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code. OPERS issue a stand-alone financial report. Interested parties may obtain a copy by writing to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642 or by calling (614) 222-5601 or (800) 222-7377.

The Ohio Revised Code provides statutory authority for member and employer contributions. For 2010, member and employer rates were consistent across all three plans. The 2010 member contribution rates were 10.0% for members 14.0% for employers of covered payroll. The Authority's required contributions to OPERS for the years ended December 31, 2010, 2009, and 2008 were \$40,250, \$40,955, and \$39,132, respectively. The full amount has been contributed for 2008 and 2009. Ninety-two percent has been contributed for 2010, with the remainder being reported as a liability with the enterprise fund.

NOTE 9: POSTEMPLOYMENT BENEFITS

The Public Employees Retirement System of Ohio (OPERS) administers three separate pension plans: The Traditional Pension Plan – a cost sharing, multiple-employer defined benefit pension plan; the Member-Directed Plan – a defined contribution plan; and the Combined Plan – a cost sharing, multiple-employer defined pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS maintains a cost-sharing, multiple-employer defined benefit post-employment health care plan, which includes a medical plan, prescription drug program, and Medicare Part B premium reimbursement, to qualifying members of both the Traditional Pension and the Combined plans. Members of the Member-Directed Plan do not qualify for ancillary benefits, including post-employment health care coverage.

In order to qualify for post-employment health care coverage, age and service retirees under the Traditional Pension and Combined plans must have 10 or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The health care coverage provided by OPERS meets the definition of an Other Post-Employment Benefit (OPEB) as described in GASB Statement No. 45.

The Ohio Revised Code permits, but does not mandate, OPERS to provide OPEB benefits to its eligible members and beneficiaries. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code.

NOTE 9: POSTEMPLOYMENT BENEFITS (Continued)

OPERS issue a stand-alone financial report. Interested parties may obtain a copy by writing OPERS, 277 East Town Street, Columbus, OH 43215-4642, or by calling 614-222-5601 or 1-800-222-7377.

The Ohio Revised Code provides the statutory authority requiring public employers to fund post-retirement health care through their contributions to OPERS. A portion of each employer's contribution to OPERS is set aside for the funding of post-retirement health care benefits.

Employer contribution rates are expressed as a percentage of the covered payroll of active members. In 2010, the Authority contributed at a rate of 14.00 percent of covered payroll. The Ohio Revised Code currently limits the employer contribution to a rate not to exceed 14.00 percent of covered payroll for state and local employer units. Active members do not make contributions to the OPEB Plan.

OPERS' Post-Employment Health Care Plan was established under, and is administered in accordance with, Internal Revenue Code 401(h). Each year, the OPERS Retirement Board determines the portion of the employer contribution rate that will be set aside for funding of post-employment health care benefits. For 2010, the employer contribution allocated to the health care plan was 5.50 percent of covered payroll. The OPERS Retirement Board is also authorized to establish rules for the payment of a portion of the health care coverage by the retiree or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected. Actual Authority contributions for the year ended December 31, 2010, which were used to fund post-employment benefits, were \$15,812.

On September 9, 2004, the OPERS Retirement Board adopted a Health Care Preservation Plan (HCPP) with an effective date of January 1, 2007. Member and employer contribution rates increased as of January 1, 2006, January 1, 2007, and January 1, 2008, which allowed additional funds to be allocated to the health care plan.

NOTE 10: INSURANCE AND RISK MANAGEMENT

The Authority is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Authority participates in the State Housing Authorities Risk Pool (SHARP), a public entity risk plan that operates as a common risk management and insurance program for housing authorities. The Authority pays insurance premiums directly to SHARP.

The Authority continues to carry commercial insurance for other risks of loss. There has been no significant reduction in insurance coverage from coverage in the prior year. In addition, settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

Board of Commissioners
Perry Metropolitan Housing Authority

I have audited the financial statements of the business-type activities of the Perry Metropolitan Housing Authority, Ohio, as of and for the year ended December 31, 2010, which collectively comprise the Perry Metropolitan Housing Authority basic financial statements and have issued my report thereon dated April 6, 2011. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States of America.

Internal Control Over Financial Reporting

In planning and performing my audit, I considered Perry Metropolitan Housing Authority, Ohio's internal control over financial reporting as a basis for designing my auditing procedures for the purpose of expressing my opinion on the financial statements, but no for the purpose of expressing an opinion on the effectiveness of the entity's internal control over financial reporting. Accordingly, I do not express an opinion on the effectiveness of the entity's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

My consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Perry Metropolitan Housing Authority financial statements are free of material misstatement, I performed tests of its compliance with certain provision of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statements amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The result of my tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

This report is intended for the information of the Board of Commissioners, management, and federal awarding agencies and is not intended to be and should not be used by anyone other than those specified parties.

**REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO
EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE
IN ACCORDANCE WITH OMB CIRCULAR A-133**

Board of Commissioners
Perry Metropolitan Housing Authority

Compliance

I have audited the compliance of the Perry Metropolitan Housing Authority, Ohio, with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the year ended December 31, 2010. Perry Metropolitan Housing Authority, Ohio major federal programs are identified in the summary of auditor's result section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of Perry Metropolitan Housing Authority, Ohio's management. My responsibility is to express an opinion on Perry Metropolitan Housing Authority, Ohio's compliance based on my audit.

I conducted my audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that I plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Perry Metropolitan Housing Authority, Ohio's compliance with those requirements and performing such other procedures, as I considered necessary in the circumstances. I believe that my audit provides a reasonable basis for my opinion. My audit does not provide a legal determination on Perry Metropolitan Housing Authority, Ohio's compliance with those requirements.

In my opinion, Perry Metropolitan Housing Authority, Ohio, complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended December 31, 2010.

Internal Control Over Compliance

The management of Perry Metropolitan Housing Authority, Ohio is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing my audit, I considered Perry Metropolitan Housing Authority, Ohio's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine my auditing procedures for the purpose of expressing my opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, I do not express an opinion on the effectiveness of the entity's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected and corrected, on a timely basis.

My consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. I did not identify any deficiencies in internal control over compliance that I consider to be material weaknesses, as defined above.

This report is intended for the information of the Board of Commissioners, management, and federal awarding agencies and is not intended to be and should not be used by anyone other than those specified parties.
