TROY TOWNSHIP DELAWARE COUNTY Regular Audit

For the Years Ended December 31, 2010 and 2009

Board of Trustees Troy Township 2378 Horseshoe Road Delaware, Ohio 43015

We have reviewed the *Independent Accountants' Report* of Troy Township, Delaware County, prepared by Perry & Associates, Certified Public Accountants, A.C., for the audit period January 1, 2009 through December 31, 2010. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

The financial statements in the attached report are presented in accordance with a regulatory basis of accounting prescribed or permitted by the Auditor of State. Due to a February 2, 2005 interpretation from the American Institute of Certified Public Accountants (AICPA), modifications were required to the *Independent Accountants' Report* on your financial statements. While the Auditor of State does not legally require your government to prepare financial statements pursuant to Generally Accepted Accounting Principles (GAAP), the AICPA interpretation requires auditors to formally acknowledge that you did not prepare your financial statements in accordance with GAAP. The attached report includes an opinion relating to GAAP presentation and measurement requirements, but does not imply the statements are misstated under the non-GAAP regulatory basis. The *Independent Accountants' Report* also includes an opinion on the financial statements using the regulatory format the Auditor of State permits.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. Troy Township is responsible for compliance with these laws and regulations.

INDEPENDENT ACCOUNTANTS' REPORT

April 29, 2011

Troy Township Delaware County 2378 Horseshoe Road Delaware, OH 43015

To the Board of Trustees:

We have audited the accompanying financial statements of **Troy Township**, Delaware County, Ohio, (the Township) as of and for the years ended December 31, 2010 and 2009. These financial statements are the responsibility of the Township's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinion.

As described more fully in Note 1, the Township has prepared these financial statements using accounting practices the Auditor of State prescribes or permits. These practices differ from accounting principles generally accepted in the United States of America (GAAP). Although we cannot reasonably determine the effects on the financial statements of the variances between these regulatory accounting practices and GAAP, we presume they are material.

Instead of the combined funds the accompanying financial statements present, GAAP require presenting entity wide statements and also presenting the Township's larger (i.e. major) funds separately. While the Township does not follow GAAP, generally accepted auditing standards requires us to include the following paragraph if the statements do not substantially conform to GAAP presentation requirements. The Auditor of State permits, but does not require Townships to reformat their statements. The Township has elected not to follow GAAP statement formatting requirements. The following paragraph does not imply the amounts reported are materially misstated under the accounting basis the Auditor of State permits. Our opinion on the fair presentation of the amounts reported pursuant to its non-GAAP basis is in the second following paragraph.

Troy Township Delaware County Independent Accountants' Report Page 2

In our opinion, because of the effects of the matter discussed in the preceding two paragraphs, the financial statements referred to above for the years ended December 31, 2010 and 2009 do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Township as of December 31, 2010 and 2009, or its changes in financial position for the years then ended.

Also, in our opinion, the financial statements referred to above present fairly, in all material respects, the combined fund cash balances of Troy Township, Delaware County, as of December 31, 2010 and 2009, and its combined cash receipts and disbursements for the years then ended on the accounting basis Note 1 describes.

The Township has not presented Management's Discussion and Analysis, which accounting principles generally accepted in the United States of America has determined is necessary to supplement, although not required to be part of, the financial statements.

In accordance with *Government Auditing Standards*, we have also issued our report dated April 29, 2011 on our consideration of the Township's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance, and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

Respectfully Submitted,

Perry and Associates

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2010 AND 2009

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description of the Entity

The constitution and laws of the State of Ohio establish the rights and privileges of Troy Township, Delaware County, (the Township) as a body corporate and politic. A publicly-elected three-member Board of Trustees directs the Township. The Township provides general governmental services including road and bridge maintenance and cemetery maintenance.

The Township participates in one jointly governed organization and the Ohio Government Risk Management Plan public entity risk pool. Notes 7 & 8 to the financial statements provide additional information for these entities. These organizations are:

Jointly Governed Organizations:

The Township jointly governs the Tri-Township Fire District. The Fire District is governed by one trustee from each of the governing townships; Brown, Delaware, and Troy.

Public Entity Risk Pool:

The Township belongs to the Ohio Government Risk Management Plan (the "Plan"), a non-assessable, unincorporated non-profit association providing a formalized, jointly administered self-insurance risk management program and other administrative services to Ohio governments ("Members").

The Township's management believes these financial statements present all activities for which the Township is financially accountable.

B. Basis of Accounting

These financial statements follow the accounting basis the Auditor of State prescribes or permits. This basis is similar to the cash receipts and disbursements accounting basis. The Township recognizes receipts when received in cash rather than when earned, and recognizes disbursements when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements include adequate disclosure of material matters, as the Auditor of State prescribes or permits.

C. Deposits and Investments

The Township's accounting basis includes investments as assets. This basis does not record disbursements for investment purchases or receipts for investment sales. This basis records gains or losses at the time of sale as receipts or disbursements, respectively.

Money market mutual funds (including STAR Ohio) are recorded at share values the mutual funds report. The Township Fiscal Officer invests all available funds of the Township in an interest bearing checking account, Certificates of Deposit, and STAR Ohio. The investment in STAR Ohio (the State Treasurer's investment pool) is valued at amounts reported by the State Treasurer and is classified as a cash equivalent.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2010 AND 2009 (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Fund Accounting

The Township uses fund accounting to segregate cash and investments that are restricted as to use. The Township classifies its funds into the following types:

1. General Fund

The General Fund reports all financial resources except those required to be accounted for in another fund.

2. Special Revenue Funds

These funds account for proceeds from specific sources (other than from private-purpose trusts or for capital projects) that are restricted to expenditure for specific purposes. The Township had the following significant Special Revenue Funds:

<u>Motor Vehicle License Tax Fund</u> - This fund receives property tax money for constructing, maintaining and repairing Township roads.

<u>Gasoline Tax Fund</u> - This fund receives gasoline tax money to pay for constructing, maintaining, and repairing Township roads.

<u>Cemetery Fund</u> – This fund receives fees from burial services and sale of cemetery lots for operation and maintenance of the Township cemetery.

E. Budgetary Process

The Ohio Revised Code requires that each fund be budgeted annually.

1. Appropriations

Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund, function or object level of control, and appropriations may not exceed estimated resources. The Board of Trustees must annually approve appropriation measures and subsequent amendments. The County Budget Commission must also approve the annual appropriation measure. Appropriations lapse at year end.

2. Estimated Resources

Estimated resources include estimates of cash to be received (budgeted receipts) plus cash as of January 1. The County Budget Commission must also approve estimated resources.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2010 AND 2009 (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. Budgetary Process (Continued)

3. Encumbrances

The Ohio Revised Code requires the Township to reserve (encumber) appropriations when individual commitments are made. Encumbrances outstanding at year end are canceled, and reappropriated in the subsequent year.

A summary of 2010 and 2009 budgetary activity appears in Note 3.

F. Property, Plant, and Equipment

The Township records disbursements for acquisitions of property, plant, and equipment when paid. The accompanying financial statements do not report these items as assets.

2. EQUITY IN POOLED DEPOSITS AND INVESTMENTS

The Township maintains a deposit and investments pool all funds use. The Ohio Revised Code prescribes allowable deposits and investments. The carrying amount of deposits and investments at December 31 was as follows:

	2010		2009	
Demand deposits	\$	345,151	\$	241,783
Total deposits		345,151		241,783
STAR Ohio		457,452		456,957
Total investments		457,452		456,957
Total deposits and investments	\$	802,603	\$	698,740

Deposits: Deposits are insured by the Federal Depository Insurance Corporation or collateralized by the financial institution's public entity deposit pool.

Investments: Investments in STAR Ohio and mutual funds are not evidenced by securities that exist in physical or book-entry form.

3. BUDGETARY ACTIVITY

Budgetary activity for the years ended December 31, 2010 and 2009 follows:

4. PROPERTY TAX

Real property taxes become a lien on January 1 preceding the October 1 date for which the Trustees adopted tax rates. The State Board of Tax Equalization adjusts these rates for inflation. Property taxes are also reduced for applicable homestead and rollback deductions. The financial statements include homestead and rollback amounts the State pays as Intergovernmental Receipts. Payments are due to the County by December 31. If the property owner elects to pay semiannually, the first half is due December 31. The second half payment is due the following June 20.

Public utilities are also taxed on personal and real property located within the Township.

Tangible personal property tax is assessed by the property owners, who must file a list of such property to the County by each April 30.

The County is responsible for assessing property, and for billing, collecting, and distributing all property taxes on behalf of the Township.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2010 AND 2009 (Continued)

5. DEBT

Debt outstanding at December 31, 2010 was as follows:

	Principal	Interest Rate
Promissory Note	\$34,113	5%
Total	\$34,113	

The Township obtained a promissory note for \$49,940 to finance the purchase of a new dump truck for Township road maintenance. The Township's taxing authority collateralized the note.

Amortization of the above debt, including interest, is scheduled as follows:

	G	eneral
Year ending December 31:	Oblig	ation Note
2011	\$	18,370
2012		18,370
Total	\$	36,740

6. RETIREMENT SYSTEMS

The Township's elected officials and employees belong to the Ohio Public Employees Retirement System (OPERS). OPERS is a cost-sharing, multiple-employer plans. The Ohio Revised Code prescribes this plans' benefits, which include postretirement healthcare and survivor and disability benefits.

The Ohio Revised Code also prescribes contribution rates. For 2010 and 2009, OPERS members contributed 10% of their gross salaries and the Township contributed an amount equaling 14% of participants' gross salaries. The Township has paid all contributions required through December 31, 2010.

7. RISK MANAGEMENT

Risk Pool Membership

Through December 31, 2008, the Township belonged to the Ohio Government Risk Management Plan (the "Plan"), a non-assessable, unincorporated non-profit association providing a formalized, jointly administered self-insurance risk management program and other administrative services to Ohio governments ("Members"). The Plan was legally separate from its member governments.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2010 AND 2009 (Continued)

7. RISK MANAGEMENT (CONTINUED)

Risk Pool Membership (Continued)

On January 1, 2009, through an internal reorganization, the Plan created three separate non-profit corporations including:

- Ohio Plan Risk Management, Inc. (OPRM) formerly known as the Ohio Risk Management Plan:
- Ohio Plan Healthcare Consortium, Inc. (OPHC) formerly known as the Ohio Healthcare Consortium; and
- Ohio Plan, Inc. mirrors the oversight function previously performed by the Board of Directors. The Board of Trustees consists of eleven (11) members that include appointed and elected officials from member organizations.

Pursuant to Section 2744.081 of the Ohio Revised Code, the plan provides property, liability, errors and omissions, law enforcement, automobile, excess liability, crime, surety and bond, inland marine and other coverages to its members sold through fourteen appointed independent agents in the State of Ohio. These coverage programs, referred to as Ohio Plan Risk management ("OPRM"), are developed specific to each member's risk management needs and the related premiums for coverage are determined through the application of uniform underwriting criteria addressing the member's exposure to loss, except OPRM retain 17.5% (15% through October 31, 2009) of the premium and losses on the first \$250,000 casualty treaty and 10% of the first \$1,000,000 property treaty. Members are only responsible for their self-retention (deductible) amounts, which vary from member to member. OPRM had 725 members as of December 31, 2009. The Township participates in this coverage.

The Plan formed the Ohio Plan Healthcare Consortium ("OPHC"), as authorized by Section 9.833 of the Ohio Revised Code. The OPHC was established to provide cost effective employee benefit programs for Ohio political sub-divisions and is a self-funded, group purchasing consortium that offers medical, dental, vision and prescription drug coverage as well as life insurance for its members. The OPHC is sold through seventeen appointed independent agents in the State of Ohio. Coverage programs are developed specific to each member's healthcare needs and the related premiums for coverage are determined through the application of uniform underwriting criteria. Variable plan options are available to members. These plans vary primarily by deductibles, coinsurance levels, office visit co-pays and out-of pocket maximums. OPHC had 60 members as of December 31, 2009. The Township does not participate in this coverage.

Plan members are responsible to notify the Plan of their intent to renew coverage by their renewal date. If a member chooses not to renew with the Plan, they have no other financial obligation to the Plan, but still need to promptly notify the Plan of any potential claims occurring during their membership period. The former member's covered claims, which occurred during their membership period, remain the responsibility of the Plan.

Settlement amounts did not exceed insurance coverage for the past three fiscal years.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2010 AND 2009 (Continued)

7. RISK MANAGEMENT (CONTINUED)

Risk Pool Membership (Continued)

The Pool's audited financial statements conform with generally accepted accounting principles, and reported the following assets, liabilities and retained earnings at December 31, and include amounts for both OPRRM and OPHC:

	2009 OPRM	2009 OPHC	<u>2009</u>
Assets	\$11,176,186	\$1,358,802	\$12,534,988
Liabilities	(4,852,485)	(1,253,617)	(6,106,102)
Members' Equity	\$6,323,701	\$105,185	\$6,428,886

<u>2008</u>
\$10,471,114
(5,286,781)
\$5,184,333

You can read the complete audited financial statements for OPRM and OPHC at the Plan's website, www.ohioplan.org.

8. JOINTLY GOVERNED ORGANIZATIONS

The Township is a member of the Tri Township Joint Fire District which provides fire protection and rescue services. The Tri Township Joint Fire District consists of a three-member Board of Trustees that governs the District. Each political subdivision within the District appoints one member. Those subdivisions are Brown Township, Delaware Township, and Troy Township.

INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

April 29, 2011

Troy Township Delaware County 2378 Horseshoe Rd. Delaware, OH 43015

To the Board of Trustees:

We have audited the financial statements of **Troy Township**, Delaware County, Ohio (the Township) as of and for the years ended December 31, 2010 and 2009, and have issued our report thereon dated April 29, 2011, wherein we noted the Township followed accounting practices the Auditor of State prescribes rather than accounting principles generally accepted in the United States of America. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Township's internal control over financial reporting as a basis for designing our audit procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of opining on the effectiveness of the Township's internal control over financial reporting. Accordingly, we have not opined on the effectiveness of the Township's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. Therefore, we cannot assure that we have identified all deficiencies, significant deficiencies or material weaknesses. However, as described in the accompanying schedule of audit findings we identified a certain deficiency in internal control over financial reporting, that we consider a material weakness and another deficiency we consider to be a significant deficiency.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and timely corrected. We consider finding 2010-001 described in the accompanying schedule of audit findings to be a material weakness.

Internal Control Over Financial Reporting (Continued)

A significant deficiency is a deficiency, or a combination of deficiencies in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider finding 2010-002 described in the accompanying schedule of audit findings to be a significant deficiency.

Compliance and Other Matters

As part of reasonably assuring whether the Township's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

We did note certain matters not requiring inclusion in this report that we reported to the Township's management in a separate letter dated April 29, 2011.

We intend this report solely for the information and use of Township management, Board of Trustees, and others within the Township. We intend it for no one other than these specified parties.

SCHEDULE OF AUDIT FINDINGS DECEMBER 31, 2010 AND 2009

FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS

FINDING NUMBER 2010-001

Material Weakness

Posting Receipts and Expenditures

Receipts and expenditures should be posted to the fund and line item accounts as established by Ohio Administrative Code Section 117-7-01.

Receipts and expenditures were not always posted correctly. For example:

- Debt payments were recorded as Capital Outlay expenditures, instead of being classified as Redemption of Principal and Interest and Other Fiscal Charges.
- Property tax receipts were recorded as Intergovernmental, instead of Property and Other Local Taxes in the General Fund in 2010.
- Property tax rollback receipts were recorded as Property and Other Local Taxes, instead of Intergovernmental in the General and Permissive Motor Vehicle License Tax Funds in 2009.
- Intergovernmental receipts were recorded in the Motor Vehicle License Tax and Capital Projects Funds, instead of the Gasoline Tax Fund in 2010 and 2009.
- Loan proceeds and the corresponding capital outlay expenditure was not recorded.

This resulted in several adjustments and reclassification entries being made to the Township's financial statements. The accompanying financial statements reflect all adjustments and reclassifications.

To help ensure accuracy and reliability in the financial reporting process, we recommend that management perform a detailed review of its draft financial statements. Such review should include procedures to ensure that all sources of revenues and expenditures are properly identified and classified on the financial statements. We also recommend the Fiscal Officer refer to Ohio Administrative Code Section 117-7-01 and/or the Ohio Township Handbook for guidance to determine the proper establishment of receipt and expenditure accounts and posting of receipts and expenditures.

Management's Response – We did not receive a response from officials to this finding.

FINDING NUMBER 2010-002

Significant Deficiency

Posting Estimated Revenues

The Township did not have a control procedure in place to ensure that estimated receipts, as authorized by the Board of Trustees and approved by the County Budget Commission, were reconciled to the estimated receipts posted to the accounting system.

SCHEDULE OF AUDIT FINDINGS DECEMBER 31, 2010 AND 2009

FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS

FINDING NUMBER 2010-002 (CONTINUED)

Posting Estimated Revenues (Continued)

This resulted in incorrect amounts posted to the accounting system and information available to Township officials to monitor year-to-date total comparison of budgeted amounts versus actual amounts was not accurate. Adjustments were made to the budgetary activity reported in Note 3 to the financial statements in order to accurately present estimated receipts as Certified by the County Budget Commission.

We recommend the Township implement procedures to ensure estimated receipts are accurately posted to the accounting system and reconciled to the amounts approved by the budget commission after each amendment.

Management's Response – We did not receive a response from officials to this finding.
