We have reviewed the *Report of Independent Accountants* of the Western Holmes Fire District, Holmes County, prepared by Charles E. Harris & Associates, Inc., for the audit period January 1, 2009 through December 31, 2010. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

The financial statements in the attached report are presented in accordance with a regulatory basis of accounting prescribed or permitted by the Auditor of State. Due to a February 2, 2005 interpretation from the American Institute of Certified Public Accountants (AICPA), modifications were required to the *Report of Independent Accountants* on your financial statements. While the Auditor of State does not legally require your government to prepare financial statements pursuant to Generally Accepted Accounting Principles (GAAP), the AICPA interpretation requires auditors to formally acknowledge that you did not prepare your financial statements in accordance with GAAP. The attached report includes an opinion relating to GAAP presentation and measurement requirements, but does not imply the statements are misstated under the non-GAAP regulatory basis. The *Report of Independent Accountants* also includes an opinion on the financial statements using the regulatory format the Auditor of State permits.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Western Holmes Fire District is responsible for compliance with these laws and regulations.

REPORT OF INDEPENDENT ACCOUNTANTS

**Western Holmes County Fire District
Holmes County
P.O. Box 370
Nashville, OH 44661**

To the Board of Trustees:

We have audited the accompanying financial statements of Western Holmes County Fire District, Holmes County, Ohio (the District) as and for the years ended December 31, 2010 and 2009. These financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described more fully in Note 1, the District has prepared these financial statements using accounting practices the Auditor of State prescribes or permits. These practices differ from accounting principles generally accepted in the United States of America (GAAP). Although we cannot reasonably determine the effects on the financial statements of the variances between these regulatory accounting practices and GAAP, we presume they are material.

Revisions to GAAP would require the District to reformat its financial statement presentation and make other changes effective for the years ended December 31, 2010 and 2009. While the District does not follow GAAP, generally accepted auditing standards requires us to include the following paragraph if the statements do not substantially conform to the new GAAP presentation requirements. The Auditor of State permits, but does not require governments to reformat their statements. The District has elected not to reformat its statements. Since the District does not use GAAP to measure financial statement amounts, the following paragraph does not imply the amounts reported are materially misstated under the accounting basis the Auditor of State permits. Our opinion on the fair presentation of the amounts reported pursuant to its non-GAAP basis is in the second following paragraph.

In our opinion, because of the effects of the matter discussed in the preceding two paragraphs, the financial statements referred to above for the years ended December 31, 2010 and 2009, do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the District as of December 31, 2010 and 2009, or its changes in financial position for the years then ended.

Also, in our opinion, the financial statements referred to above present fairly, in all material respects, the combined fund cash balances and reserves for encumbrances of Western Holmes County Fire District, as of December 31, 2010 and 2009, and its combined cash receipts and disbursements for the years then ended on the accounting basis Note 1 describes.

The aforementioned revision to generally accepted accounting principles also requires the District to include Management's Discussion and Analysis for the years ended December 31, 2010 and 2009. The District has not presented Management's Discussion and Analysis, which accounting principles generally accepted in the United States of America has determined is necessary to supplement, although not required to be part of, the financial statements.

In accordance with *Government Auditing Standards*, we have also issued our report dated March 21, 2011, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. DESCRIPTION OF THE ENTITY

The constitution and laws of the State of Ohio establish the rights and privileges of the Western Holmes County Fire District, Holmes County, (the District) as a body corporate and politic. A five-member Board of Trustees governs the District. Each political subdivision within the District appoints one member. Those subdivisions are the Village of Nashville, Washington Township, Ripley Township, and Knox Township. An additional member at large is appointed by the Board of Trustees. The District provides fire protection and rescue services within the District and by contract to areas outside the District.

The District's management believes these financial statements present all activities for which the District is financially accountable.

B. BASIS OF ACCOUNTING

These financial statements follow the basis of accounting prescribed or permitted by the Auditor of State, which is similar to the cash receipts and disbursements basis of accounting. Receipts are recognized when received in cash rather than when earned, and disbursements are recognized when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e. when an encumbrance is approved.)

These statements include adequate disclosure of material matters, as prescribed by the Auditor of State.

C. CASH AND INVESTMENTS

The District's cash is held in an interest bearing checking account and savings account.

D. FUND ACCOUNTING

The District uses fund accounting to segregate cash and investments that are restricted as to use. The District classifies its funds into the following types:

General Fund

The General Fund reports all financial resources except those required to be accounted for in another fund.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (continued)

E. BUDGETARY PROCESS

The Ohio Revised Code requires that each fund be budgeted annually.

1. Appropriations

Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund, function and object level of control and appropriations may not exceed estimated resources. The Trustees must annually approve appropriation measures and subsequent amendments. The County Budget Commission must also approve the annual appropriation measure. Unencumbered appropriations lapse at year-end.

2. Estimated Resources

Estimated resources include estimates of cash to be received (budgeted receipts) plus unencumbered balances as of January 1. The County Budget Commission must also approve estimated resources.

3. Encumbrances

The Ohio Revised Code requires the District to reserve (encumber) appropriations when individual commitments are made. Encumbrances outstanding at year end are carried over, and need not be reappropriated.

A summary of 2010 and 2009 budgetary activity appears in Note 3.

F. PROPERTY, PLANT AND EQUIPMENT

The District records disbursements for acquisitions of property, plant, and equipment when paid. The accompanying financial statements do not report these items as assets.

2. EQUITY IN POOLED CASH AND INVESTMENTS

The District maintains a cash pool all funds use. The Ohio Revised Code prescribes allowable deposits and investments. The carrying amount of cash at December 31 was as follows:

	<u>2010</u>	<u>2009</u>
Demand Deposits	\$475,172	\$307,282

Deposits: Deposits are insured by the Federal Depository Insurance Corporation and collateralized by securities specifically pledged by the financial institution to the District.

3. BUDGETARY ACTIVITY

Budgetary activity for the years ending December 31, 2010 and 2009 is as follows:

<u>2010 Budgeted vs Actual Receipts</u>			
<u>Fund:</u>	<u>Budgeted</u>	<u>Actual</u>	<u>Variance</u>
	<u>Receipts</u>	<u>Receipts</u>	
General Fund	\$ 306,800	\$ 310,229	\$ 3,429

<u>2010 Budgeted vs Actual Budgetary Basis Expenditures</u>			
<u>Fund:</u>	<u>Appropriation</u>	<u>Budgetary</u>	<u>Variance</u>
	<u>Authority</u>	<u>Expenditures</u>

<u>Fund:</u>	<u>Appropriation</u>	<u>Budgetary</u>	<u>Variance</u>
	<u>Authority</u>	<u>Expenditures</u>	
General Fund	\$ 442,000	\$ 172,618	\$ 269,382

4. RETIREMENT SYSTEM

The District's Fire Chiefs belong to Social Security. Other employees belong to the Ohio Public Employees Retirement System (OPERS). OPERS is a cost-sharing, multiple-employer plan. The Ohio Revised Code prescribes this plan's benefits, which include postretirement healthcare and survivor and disability benefits.

The Ohio Revised Code also prescribes contribution rates. For both years, OPERS members contributed 10% of their gross salaries and the District contributed an amount equaling 14% of participants' gross salaries. The District has paid all contributions required through December 31, 2010.

**Notes To The Financial Statements
For The Years Ended December 31, 2010 & 2009**

5. PROPERTY TAXES

Property taxes are levied, assessed and collected on a calendar year basis. They include amounts levied against all real, public utility, and tangible personal property located in the District. Taxes collected on real property (other than public utility) in one calendar year are levied in the preceding calendar year on assessed values as of January 1 of that preceding year, the lien date. Assessed values are established by the Holmes County Auditor at 35% of appraised market value. All property is required to be revalued every six years. The last revaluation for the District was completed in 2010. The next revaluation is scheduled for 2013.

Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31. If paid semi-annually, the first payment is usually due December 31, with the remainder payable June 20.

Taxes collected from tangible personal property (other than public utility) received during calendar year 2010 represent the collection of 2010 taxes levied against local and inter-exchange telephone companies. Tangible personal property taxes on business inventory, manufacturing and equipment, and furniture and fixtures is no longer levied and collected. Tangible personal property taxes received from telephone companies in calendar year 2010 were levied April 1, 2009 on the values listed as of December 31, 2009. Public utility real and public utility personal property taxes collected in one calendar year are levied in the preceding calendar year on assessed values determined as of December 31 of the second year preceding the tax collection year, the lien date. Real property is assessed at 35% of market value and personal property is assessed at 100% of market value. Public utility property taxes are payable on the same dates as real property taxes described previously.

The Holmes County Treasurer collects property taxes on behalf of the District. The Holmes County Auditor remits the collected taxes to the District. Tax settlements are made each March and August for real property taxes and each June and October for personal property.

6. RISK MANAGEMENT

The District belongs to the Public Entities Pool of Ohio ("PEP"), a risk-sharing pool available to Ohio local governments. PEP provides property and casualty insurance for its members. PEP is a member of the American Public Entity Excess Pool (APEEP). Member governments pay annual contributions to fund PEP. PEP pays judgments, settlements and other expenses resulting from covered claims that exceed the members' deductibles.

Casualty Insurance

PEP retains casualty risk up to \$350,000 per claim, including automobile loss adjustment expenses. PEP pays a percentage of its contributions to APEEP. APEEP reinsures claims exceeding \$350,000, up to \$2,650,000 per claim and \$10,000,000 in aggregate per year. Governments can elect additional coverage, from \$3,000,000 to \$13,000,000, from General Reinsurance Corporation.

If losses exhaust PEP's retained earnings, APEEP covers PEP losses up to \$5,000,000 per year, subject to an annual aggregate of \$10,000,000.

**WESTERN HOLMES COUNTY FIRE DISTRICT
HOLMES COUNTY, OHIO**

**Notes To The Financial Statements
For The Years Ended December 31, 2010 & 2009**

6. RISK POOL MEMBERSHIP - (continued)

Property Insurance

Beginning in 2005, Travelers reinsures specific losses exceeding \$500,000 up to \$600,000,000 per occurrence. APEEP reinsures members for a specific loss exceeding \$150,000 up to \$500,000 per occurrence, subject to an annual aggregate loss payment. Travelers provides aggregate stop-loss coverage based upon the combined members' total insurable value. If the stop loss is reached by payment of losses between \$100,000 and \$250,000, Travelers will reinsure specific losses exceeding \$100,000 up to their \$600,000,000 per occurrence limit.

The aforementioned casualty and property reinsurance agreements do not discharge PEP's primary liability for claims payments on covered losses. Claims exceeding coverage limits are the obligation of the respective government.

Financial Position

PEP's financial statements (audited by other accountants) conform with generally accepted accounting principles, and reported the following assets, liabilities and retained earnings at December 31, 2009 and 2008 (the latest information available):

	<u>2009</u>	<u>2008</u>
Assets	\$36,374,898	\$35,769,535
Liabilities	<u>(15,256,862)</u>	<u>(15,310,206)</u>
Retained Earnings	<u>\$21,118,036</u>	<u>\$20,459,329</u>

Based on discussion with PEP, the expected rates PEP charges to compute member contributions, which are used to pay claims as they become due, are not expected to change significantly from those used to determine the historical contributions detailed below. By contract, the annual liability of each member is limited to the amount of financial contributions required to be made to PEP each year of the membership.

Contributions to PEP

2008	\$20,746
2009	\$20,377
2010	\$17,593

Members may withdraw in each anniversary of the date they joined PEP. They must provide written notice to PEP 60 days in advance of their anniversary date. Upon withdrawal, members are eligible for a full or partial refund of their capital contribution, minus subsequent year's premium. Also, upon withdrawal, payments of all property and casualty claims and claims expenses become the sole responsibility of the withdrawing member, regardless of whether a claim was incurred or reported prior to the withdrawal.

Settled claims have not exceeded this commercial coverage in any of the last three years. There have been no significant reductions in insurance coverage from last year. The District also provides health insurance, dental, and vision coverage to full-time employees through a private carrier.

7. CONTINGENT LIABILITIES

Amounts grantor agencies pay to the District are subject to audit and adjustment by the grantor, principally the state government. The grantor may require refunding any disallowed costs. Management cannot presently determine amounts grantors may disallow. However, based on prior experience, management believes any refunds would be immaterial.

8. COMPLIANCE

Contrary to Ohio Revised Code Section 5705.41 (D), the District did not always certify funds.

**INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY
GOVERNMENT AUDITING STANDARDS**

Western Holmes County Fire District
Holmes County
P.O. Box 370
Nashville, Ohio 44661

To the Board of Trustees:

We have audited the financial statements of Western Holmes County Fire District, Holmes County Ohio (the District) as of and for the years ended December 31, 2010 & 2009, which collectively comprise the District's basic financial statements and have issued our report thereon dated March 18, 2011, wherein we noted the District followed accounting practices the Auditor of State prescribes rather than accounting principles generally accepted in the United States of America. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

Internal Controls Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of opining on the effectiveness of the District's internal control over financial reporting. Accordingly, we have not opined on the effectiveness of the District's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in more than a reasonable possibility that a material misstatement of the District's financial statements will not be prevented or detected and timely corrected.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider material weaknesses, as defined above.

Compliance and Other Matters

As part of reasonably assuring whether the District's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grants agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matter we must report under *Government Auditing Standards* as item 2010-01.

The District's response to the finding identified in our audit is described in the accompanying schedule of findings. We did not audit the District's response and, accordingly, we express no opinion on it.

We noted certain matters that we have reported to management of the District in a separate letter dated March 21, 2011.

We intend this report solely for the information and use of management, the audit committee, the Board of Trustees and others within the District. We intend it for no one other than these specified parties.

**WESTERN HOLMES COUNTY FIRE DISTRICT
HOLMES COUNTY, OHIO
SCHEDULE OF FINDINGS
DECEMBER 31, 2010 AND 2009**

FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS
--

Finding Number: 2010-01 Noncompliance Citation

Ohio Revised Code Section 5705.41 (D), requires in part, that no subdivision or taxing unit shall make any contract or order any expenditure unless there is attached thereto a certificate of the fiscal officer of the subdivision certifying that the amount required to meet the obligation has been lawfully appropriated for such purposes and is in the treasury or in the process of collection to the credit of an appropriate fund free from any previous encumbrance. Every contract made without such a certificate shall be void and no warrant shall be issued in payment of any amount due thereon.

There are several exceptions to the standard requirement state above that a fiscal officer's certificate must be obtained prior to a subdivision or taxing authority entering into a contract or order involving the expenditure of money. The main exceptions are: "then and now" certificates, blanket certificates, and super blanket certificates, which are provided for in sections 5705.41(D)(1) and 5705.41(D)(3), respectively, of the Ohio Revised Code.

1. "Then and Now" Certificate – If the fiscal officer can certify that both at the time the contract or order was made ("then"), and at the time that the fiscal officer is completing the certification ("now"), that sufficient funds were available or in the process of collection, to the credit of a proper fund, properly appropriated and free from any previous encumbrance, the District can authorize the drawing of a warrant for the payment of the amount due. The District has thirty days from the receipt of the "then and now" certificate to approve payment by resolution.

Amounts of less that \$3,000 may be paid by the fiscal officer without a resolution upon completion of the "then and now" certificate provided that the expenditure is otherwise lawful. This does not eliminate any otherwise applicable requirement for approval of expenditure by the District.

2. Blanket Certificate – Fiscal officers may prepare "blanket" certificates for a certain sum of money not in excess of an amount established by resolution adopted by a majority of the members of the legislative authority against any specific line item account over a period not running beyond the end of the current fiscal year. The blanket certificates may, but need not be limited to a specific vendor. Only one blanket certificate may be outstanding at one particular time for any one particular line item appropriation.

3. Super Blanket Certificate – The District may also make expenditures and contracts for any amount from a specific line-item appropriation account in a specified fund upon certification of the fiscal officer for most professional services, fuel, oil, food items, and any other specific recurring and reasonably predicable operating expense. This certification is not to extend beyond the current year. More than one super blanket certificate may be outstanding at a particular time for any line items appropriation.

FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS – (continued)
--

Finding Number: 2010-01 Noncompliance Citation - continued

The District did not certify the availability of funds for 38 of 60 non-payroll expenditures tested and the purchase orders were dated after the purchase for the audit period. Failure to certify the availability of funds and encumber appropriations could result in overspending and negative cash balances.

To improve controls over disbursements and to help reduce the possibility of the District's funds exceeding budgetary spending limitations, we recommend the Fiscal Officer certify the availability of funds for all commitments. The District should consider the use of blanket purchase orders and "then and now" certificates to assist in complying with the above requirement.

Management's Response: As the new fiscal officer, I will impose the importance of following proper purchase order protocol with all purchasers in the fire district. I will make sure that staff members know that funds must be certified prior to purchase so that we reduce the risk of overspending and a negative cash balance. Along with dating purchase orders prior to expenditures, I will also utilize Blanket Purchase Orders for recurring payments made during a single fiscal year as well as encourage the use of Then & Now Purchase Orders in the case of emergency purchases. These actions will eliminate a repeat violation in this area during our next audit.
