We have reviewed the *Report of Independent Accountants* of the Woodmore Local School District, Sandusky County, prepared by Charles E. Harris & Associates, Inc., for the audit period July 1, 2009 through June 30, 2010. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Woodmore Local School District is responsible for compliance with these laws and regulations.

REPORT OF INDEPENDENT ACCOUNTANTS

Woodmore Local School Dist
Sandusky County
115 Water Street
Woodville, OH 43469

To the Board of Education:

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Woodmore Local School District, Sandusky County, Ohio, (the District), as of and for the year ended June 30, 2010, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund the aggregate remaining fund information of the Woodmore Local School District, Sandusky County, Ohio, as of June 30, 2010, and the respective changes in financial position thereof and the budgetary comparison for the General Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated January 21, 2011 on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

The management's discussion and analysis is not a required part of the basic financial statements, but is supplementary information the Governmental Accounting Standards Board requires. We have applied certain limited procedures, which consisted principally on inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Woodmore Local School District's basic financial statements. The accompanying schedule of federal awards expenditures is presented for the purposes of additional analysis as required by *U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the basic financial statements. Such information as been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2010**

The management's discussion and analysis of the Woodmore Local School District's (the "District") financial performance provides an overall review of the District's financial activities for the fiscal year ended June 30, 2010. The intent of this discussion and analysis is to look at the District's financial performance as a whole; readers should also review the basic financial statements and the notes to the basic financial statements to enhance their understanding of the District's financial performance.

Financial Highlights

Key financial highlights for fiscal year 2010 are as follows:

- In total, net assets of governmental activities increased \$665,629 which represents an 11.49% increase from 2009.
- General revenues accounted for \$8,994,022 in revenue or 82.40% of all revenues. Program specific revenues in the form of charges for services and sales, grants and contributions accounted for \$1,921,158 or 17.60% of total revenues of \$10,915,180.
- The District had \$10,249,551 in expenses related to governmental activities; \$1,921,158 of these expenses were offset by program specific charges for services, grants or contributions. General revenues supporting governmental activities (primarily taxes and unrestricted grants and entitlements) of \$8,994,022 were adequate to provide for these programs.
- The District's major governmental funds were the general fund and the permanent improvement fund. The general fund had \$8,857,172 in revenues and \$8,396,381 in expenditures. During fiscal year 2010, the general fund's fund balance increased \$460,791 from \$460,940 to \$921,731.
- The permanent improvement fund had \$516,878 in revenues and \$171,043 in expenditures. During fiscal year 2010, the permanent improvement fund's fund balance increased \$345,835 from \$120,144 to \$465,979.

Using the Basic Financial Statements

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The *statement of net assets* and *statement of activities* provide information about the activities of the whole District, presenting both an aggregate view of the District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the District's most significant funds with all other nonmajor funds presented in total in one column. In the case of the District, the general fund and permanent improvement fund are the most significant funds, and the only governmental funds reported as major funds.

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2010

Reporting the District as a Whole

Statement of Net Assets and the Statement of Activities

While this document contains the large number of funds used by the District to provide programs and activities, the view of the District as a whole looks at all financial transactions and asks the question, "How did we do financially during fiscal year 2010?" The statement of net assets and the statement of activities answer this question. These statements include *all assets, liabilities, revenues and expenses* using the *accrual basis of accounting* similar to the accounting used by most private-sector companies. This basis of accounting will take into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the District's *net assets* and changes in those assets. This change in net assets is important because it tells the reader that, for the District as a whole, the *financial position* of the District has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. Non-financial factors include the District's property tax base, current property tax laws in Ohio restricting revenue growth, facility conditions, required educational programs and other factors.

In the statement of net assets and the statement of activities, the governmental activities include the District's programs and services, including instruction, support services, operation and maintenance of plant, pupil transportation, extracurricular activities, and food service operations.

The District's statement of net assets and statement of activities can be found on pages 13-14 of this report.

Reporting the District's Most Significant Funds

Fund Financial Statements

The analysis of the District's major governmental funds begins on page 9. Fund financial reports provide detailed information about the District's major funds. The District uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the District's most significant funds. The District's major governmental funds are the general fund and permanent improvement fund.

Governmental Funds

Most of the District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future periods. These funds are reported using an accounting method called *modified accrual* accounting, which measures cash and all other *financial assets* than can readily be converted to cash. The governmental fund financial statements provide a detailed *short-term* view of the District's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental *activities* (reported in the statement of net assets and the statement of activities) and governmental *funds* is reconciled in the basic financial statements. The basic governmental fund financial statements can be found on pages 15-19 of this report.

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2010

Reporting the District's Fiduciary Responsibilities

The District is the trustee, or fiduciary, for its scholarship programs. This activity is presented as a private-purpose trust fund. The District also acts in a trustee capacity as an agent for individuals or other entities. These activities are reported in agency funds. All of the District's fiduciary activities are reported in separate statements of fiduciary net assets and changes in fiduciary net assets on pages 20 and 21. These activities are excluded from the District's other financial statements because the assets cannot be utilized by the District to finance its operations.

Notes to the Basic Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. These notes to the basic financial statements can be found on pages 22-49 of this report.

The District as a Whole

The table below provides a summary of the District's net assets at June 30, 2010 and June 30, 2009.

Over time, net assets can serve as a useful indicator of a government's financial position. At June 30, 2010, the District's assets exceeded liabilities by \$6,459,786. Of this total, \$941,521 is restricted in use.

**WOODMORE LOCAL SCHOOL DISTRICT
SANDUSKY COUNTY, OHIO**

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2010**

At fiscal year-end, capital assets represented 47.28% of total assets. Capital assets included land, land improvements, buildings and improvements, furniture and equipment and vehicles. Capital assets, net of related debt to acquire the assets at June 30, 2010, were \$5,420,092. These capital assets are used to provide services to the students and are not available for future spending. Although the District's investment in capital assets is reported net of related debt, it should be noted that the resources to repay the debt must be provided from other sources, since capital assets may not be used to liquidate these liabilities.

A portion of the District's net assets, \$941,521, represents resources that are subject to external restriction on how they may be used. The remaining balance of unrestricted net assets is \$98,173.

The table below shows the change in net assets for fiscal years 2010 and 2009.

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2010**

The dependence upon tax and other general revenues for governmental activities is apparent, 82.80% of instruction activities are supported through taxes and other general revenues. For all governmental activities, general revenue support is 81.26%. The District's taxpayers and unrestricted grants and entitlements from the State of Ohio as a whole, are by far the primary support for District's students.

The graph below presents the District's governmental activities revenue for fiscal years 2010 and 2009.

Governmental Activities - General and Program Revenues

The District's Funds

The District's governmental funds reported a combined fund balance of \$1,702,276, which is more than last year's total of \$910,305. The schedule below indicates the fund balance and the total change in fund balance as of June 30, 2010 and June 30, 2009.

Total	<u>\$ 8,394,886</u>	<u>\$ 8,853,083</u>	<u>\$ (458,197)</u>	(5.18) %

Overall revenues of the general fund decreased \$237,421 or 2.61%. The decrease in revenues can mainly be attributed to the decrease in other revenue. Other revenues decreased \$133,724 or 47.38%. This decrease is primarily the result less payment in lieu of taxes revenue. Tuition increased \$102,077 or 38.42% due to increased open enrollment to the District. Earnings on investments decreased \$5,925 or 70.58% due to lower interest rates because of the declining economy. Other revenues include rental income, contributions and donations, services provided to other entities, payment in lieu of taxes and miscellaneous revenues

Overall expenditures of the general fund decreased \$458,197 or 5.18%.

Permanent Improvement Fund

The permanent improvement fund had \$516,878 in revenues and \$171,043 in expenditures. During fiscal year 2010, the permanent improvement fund's fund balance increased \$345,835 from \$120,144 to \$465,979.

General Fund Budgeting Highlights

The District's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant budgeted fund is the general fund.

During the course of fiscal year 2010, the District amended its general fund budget several times. For the general fund, original budgeted revenues and other financing sources were \$8,997,639 and final budgeted revenues and other financing sources were \$8,997,479. Actual revenues and other financing sources for fiscal year 2010 were \$8,706,812. This represents a \$290,667 decrease over final budgeted revenues and other financing sources.

**WOODMORE LOCAL SCHOOL DISTRICT
SANDUSKY COUNTY, OHIO**

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2010

General fund original appropriations (appropriated expenditures) were \$9,206,799, while final appropriations and other financing uses totaled \$9,137,468. The actual budget basis expenditures and other financing uses for fiscal year 2010 totaled \$8,568,888, which was \$568,580 less than the final budget appropriations.

Capital Assets and Debt Administration

Capital Assets

At the end of fiscal year 2010, the District had \$5,468,884 invested in land, land improvements, buildings and improvements, furniture and equipment and vehicles. This entire amount is reported in governmental activities. The following table shows June 30, 2010 balances compared to the amount of capital assets at June 30, 2009.

	Capital Assets at June 30 (Net of Depreciation)	
	<u>Governmental Activities</u>

Current Financial Related Activities

The District is doing everything possible under the current financial restraints to maintain high standards of service to our students and community. The District continues to monitor its financial future in order to optimize the dollars available for educating the students it serves.

The District has made many budget reductions over the last several years, including almost \$200,000 in 2009 and \$135,000 in 2010, and is continuing to look at all areas to try to save more. The current five-year forecast shows a negative balance starting in fiscal year 2014. The District is projected to be in a deficit spending situation beginning in fiscal year 2012 and will need to generate additional revenue. A 5.9 mil Emergency Levy was approved in August, 2009 and the District will begin collecting on that in 2010. The District also had a 2.99 mil Emergency levy on the ballot in November 2010, which failed, and are evaluating, through the forecast, our next step in that decision process.

The Strategic Plan that was approved in 2006 is continuing along well. This is a great opportunity for the District to work together with community members, staff, administration and board members to advance the District. Through this process, the District is hoping to improve efficiency, community relations and better our District's performance. Each group has continued to meet regularly and the process continues to move forward.

Contacting the District's Financial Management

This financial report is designed to provide our citizens, taxpayers, and investors and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. If you have questions about this report or need additional financial information contact Mr. Kevin Slates, Treasurer, Woodmore Local School District, 115 Water Street, Woodville, Ohio 43469-1018.

SANDUSKY COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2010**

NOTE 1 - DESCRIPTION OF THE SCHOOL DISTRICT

The Woodmore Local School District (the "District") is organized under Article VI, Sections 2 and 3 of the Constitution of the State of Ohio. The District operates under a locally-elected Board form of government consisting of five members elected at-large for staggered four year terms. The District provides educational services as authorized by State statute and/or federal guidelines.

The District was established in 1968. The District serves an area of approximately sixty-seven square miles. It is located in Sandusky and Ottawa Counties and includes all of the Village of Woodville and the Village of Elmore. The District is the 448th largest in the State of Ohio among 905 public and community schools in terms of enrollment. It is staffed by 44 classified employees and 74 certified teaching personnel and 10 administrative employees who provide services to 1,132 students and other community members. The District currently operates an elementary school and a middle/high school.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements of the District have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The District also applies Financial Accounting Standards Board (FASB) guidance issued on or before November 30, 1989, to its governmental activities provided it does not conflict with or contradict GASB pronouncements. The District's significant accounting policies are described below.

A. Reporting Entity

The reporting entity has been defined in accordance with GASB Statement No. 14, "The Financial Reporting Entity" as amended by GASB Statement No. 39, "Determining Whether Certain Organizations Are Component Units". The reporting entity is composed of the primary government and component units. The primary government consists of all funds, departments, boards and agencies that are not legally separate from the District. For the District, this includes general operations, food service and student related activities of the District.

Component units are legally separate organizations for which the District is financially accountable. The District is financially accountable for an organization if the District appoints a voting majority of the organization's Governing Board and (1) the District is able to significantly influence the programs or services performed or provided by the organization; or (2) the District is legally entitled to or can otherwise access the organization's resources; or (3) the District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or (4) the District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the District in that the District approves the budget, the issuance of debt or the levying of taxes. Certain organizations are also included as component units if the nature and significance of the relationship between the primary government and the organization is such that exclusion by the primary government would render the primary governments financial statements incomplete or misleading. Based upon the application of these criteria, the District has no component units. The basic financial statements of the reporting entity include only those of the District (the primary government).

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2010**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

The following organizations are described due to their relationship to the District:

JOINTLY GOVERNED ORGANIZATIONS

Northern Ohio Educational Computer Association

The Northern Ohio Educational Computer Association (NOECA) is a jointly governed organization among thirty-eight school districts. The jointly governed organization was formed for the purpose of applying modern technology with the aid of computers and other electronic equipment to the administrative and instructional functions among member districts. Each of the governments of these schools supports NOECA based upon a per pupil charge dependent upon the software package utilized. The NOECA assembly consists of a superintendent from each participating school district and a representative from the fiscal agent. NOECA is governed by a Board of Directors chosen from the general membership of the NOECA Assembly. The Board of Directors consists of a representative from the fiscal agent, the chairman of each of the operating committees, and two Assembly members from each county in which participating school districts are limited to its representation on the Board. During fiscal year 2010, the District paid \$35,464 to NOECA for services. Financial information can be obtained by contacting Betty Schwiefert, who serves as controller, at 2900 South Columbus Avenue, Sandusky, Ohio 44870.

Northwestern Ohio Educational Research Council, Inc.

The research council is a jointly governed organization which serves a twenty-five county area in Northwest Ohio. The Board of Directors consists of superintendents from two educational service centers, two exempted village school districts, five local school districts and five city school districts, as well as representatives from two private or parochial schools and three institutions of higher education. Each active member is entitled to one vote on all issues addressed by the Board of Directors. During fiscal year 2010, the District paid no fees to the Council.

Bay Area Council of Governments (BACG)

The BACG is a jointly governed organization. Members of the BACG consist of twenty-six school districts representing seven counties (Ottawa, Sandusky, Seneca, Erie, Huron, Wood and Crawford). The BACG was formed for the purpose of purchasing goods and services at a lower cost. The items currently being purchased through the council of governments are natural gas and insurance. The only cost to the District is an administrative charge if they participate in purchasing through the BACG. The BACG consists of the superintendent of each participating school district. The Board of Directors of the BACG consist of one elected representative of each county, the superintendent of the fiscal agent and two non-voting members (administrator and fiscal officer). Members of the Board serve staggered two-year terms. Financial information is available from the North Point Educational Service Center (fiscal agent), at 2900 S. Columbus Avenue, Sandusky, Ohio 44870.

Penta Career Center

Penta Career Center (Career Center) is a distinct political subdivision of the State of Ohio operated under the direction of a nine member Board of Education consisting of a representative from the participating school districts' elected Boards. The Board consists of one representative from each exempted village and/or city school district: Bowling Green, Maumee, Perrysburg and Rossford; one representative from each of the three least populous counties: Fulton, Ottawa, and Sandusky; and one representative from each of the most populous counties: Lucas and Wood. The Board possesses its own budgeting and taxing authority. Financial information can be obtained from Carrie Herringshaw, who serves as Treasurer, 9301 Buck Road, Perrysburg, Ohio 43551-4594.

INSURANCE PURCHASING POOLS

Ohio School Boards Association Workers' Compensation Group Rating Plan (the "Plan")

The District participates in a group rating plan for workers' compensation as established under Section 4123.29 of the Ohio Revised Code. The Ohio School Boards Association Workers' Compensation Group Rating Plan (the "Plan") was established through the Ohio School Boards Association (OSBA) as a group purchasing pool.

The San-Ott School Employees Welfare Benefit Association (the "Association")

The District participates in a shared risk pool, with participants from Sandusky and Ottawa counties. The Association is governed by an assembly which consists of one representative from each participant (usually the superintendent or designee). The assembly exercises control over the operation of the consortium. All consortium revenues are generated from charges for services. Financial information can be obtained by writing to San-Ott Consortium, Shane E. Baumgardner, Treasurer of Danbury Local School District, 9451 E. Harbor Road, Lakeside, Ohio 43440.

Schools of Ohio Risk Sharing Authority ("SORSA")

The District participates in the Schools of Ohio Risk Sharing Authority (SORSA) which was established in 2002 pursuant to Articles of Incorporation filed under Chapter 1702 of the Ohio Revised Code - Non-profit Corporations and functioning under the authority granted by Section 2744.081 of the Ohio Revised Code. SORSA's purpose is to provide a joint self-insurance pool and to assist member school districts in preventing and reducing losses and injuries to property and persons which might result in claims being made against members of SORSA, their employees or officers. The District paid \$38,136 for these services to SORSA in fiscal year 2010.

A nine-person Board of Directors manages the business and affairs of SORSA and is elected annually by the members of the pool. The Board of Directors consists of superintendents, treasurers, or business managers from the participating school districts. Willis Pooling administers the pool and Fran Gates Service Company manages the claims. Financial information can be obtained from Willis Pooling, 655 Metro Place South, Dublin, Ohio 43017.

RELATED ORGANIZATION

Harris-Elmore Public Library

The Harris-Elmore Public Library is a distinct political subdivision of the State of Ohio created under Chapter 3375 of the Ohio Revised Code. The Library is governed by a Board of Trustees appointed by the Woodmore Board of Education. The Board of Trustees possesses its own contracting and budgeting authority, hires and fires personnel and does not depend on the District for operational subsidies. Although the District serves as the taxing authority, its role is limited to a ministerial function. The determination to request approval of a tax, the rate and the purpose are discretionary decisions made solely by the Board of Trustees. Financial information can be obtained from Georgia Huizenga, who serves as Clerk/Treasurer, 328 Toledo Street, Elmore, Ohio 43416.

B. Fund Accounting

The District uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self balancing set of accounts. There are three categories of funds: governmental, proprietary and fiduciary.

GOVERNMENTAL FUNDS

Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the District's major governmental funds:

General fund - The general fund is used to account for all financial resources except those required to be accounted for in another fund. The general fund balance is available for any purpose provided it is expended or transferred according to the general laws of Ohio.

Permanent improvement fund - A fund provided to account for all transactions related to the acquiring, constructing, or improving of such permanent improvements, as are authorized by Chapter 5705, Revised Code.

Other governmental funds of the District are used to account for (a) food service operations; (b) grants and other resources whose use is restricted to a particular purpose; and (c) the accumulation of resources for the repayment of general obligation debt.

PROPRIETARY FUND

Proprietary funds are used to account for the District's ongoing activities which are similar to those often found in the private sector. The District has no proprietary funds.

FIDUCIARY FUNDS

Fiduciary fund reporting focuses on net assets and changes in net assets. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds and agency funds. Trust funds are used to account for assets held by the District under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the District's own programs. The District's only trust fund is a private-purpose trust which accounts for scholarship programs for students. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The District's agency fund accounts for student activities.

C. Basis of Presentation and Measurement Focus

Government-wide Financial Statements - The statement of net assets and the statement of activities display information about the District as a whole. These statements include the financial activities of the primary government, except for fiduciary funds.

The government-wide statement of activities presents a comparison between direct expenses and program revenues for each function or program of the governmental activities of the District. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include amounts paid by the recipient of goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues not classified as program revenues are presented as general revenues of the District.

The government-wide financial statements are prepared using the economic resources measurement focus. All assets and all liabilities associated with the operation of the District are included on the statement of net assets.

Fund Financial Statements - Fund financial statements report detailed information about the District. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column, and all nonmajor funds are aggregated into one column. Fiduciary funds are reported by fund type.

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

The private-purpose trust fund is reported using the economic resources measurement focus. Agency funds do not report a measurement focus as they do not report operations.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Fiduciary funds also use the accrual basis of accounting.

Revenues - Exchange and Nonexchange Transactions - Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, are recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District, available means expected to be received within sixty days of fiscal year end.

Nonexchange transactions, in which the District receives value without directly giving equal value in return, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied (See Note 6).

Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the District must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the District on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year end: property taxes available as an advance, classroom materials and fees and other local revenues.

Unearned Revenue and Deferred Revenue - Unearned revenue and deferred revenue arise when assets are recognized before revenue recognition criteria have been satisfied.

Property taxes for which there is an enforceable legal claim as of June 30, 2010, but which were levied to finance fiscal year 2011 operations, and other revenues received in advance of the fiscal year for which they are intended to finance, have been recorded as unearned revenue. Grants and entitlements received before the eligibility requirements are met are recorded as deferred revenue.

On governmental fund financial statements, receivables that will not be collected within the available period, including delinquent property taxes due at June 30, 2010, have been reported as deferred revenue.

Expenses/Expenditures - On the accrual basis of accounting, expenses are recognized at the time they are incurred. The entitlement value of donated commodities received during the year is reported in the statement of revenues, expenditures and changes in fund balances as an expenditure with a like amount reported as intergovernmental revenue.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

E. Budgets

The District is required by State statute to adopt an annual appropriated cash basis budget for all funds (except agency funds). The specific timetable for fiscal year 2010 is as follows:

1. Prior to January 15, the Superintendent and Treasurer submit to the Board of Education a proposed operating budget for the fiscal year commencing the following July 1. The budget includes proposed expenditures and the means of financing for all funds. Public hearings are publicized and conducted to obtain taxpayers' comments. The purpose of this budget document is to reflect the need for existing (or increased) tax rates.
2. By no later than January 20, the Board-adopted budget is filed with the Sandusky County Budget Commission for tax rate determination. The Sandusky County Commissioners waived this requirement for 2010.
3. Prior to April 1, the Board of Education accepts, by formal resolution, the tax rates as determined by the Budget Commission and receives the Commission's certificate of estimated resources which states the projected revenue of each fund. Prior to July 1, the District must revise its budget so that total contemplated expenditures from any fund during the ensuing year will not exceed the amount stated in the certificate of estimated resources. The revised budget then serves as a basis for the appropriation measure. On or about July 1, the certificate is amended to include any unencumbered balances from the preceding year as reported by the District Treasurer. The certificate may be further amended during the year if projected increases or decreases in revenue are identified by the District Treasurer. The budget figures, as shown in the accompanying budgetary statement, reflect the amounts set forth in the original and final certificates of estimated resources issued for fiscal year 2010.
4. By July 1, the annual appropriation resolution is legally enacted by the Board of Education at the fund level of expenditures, which is the legal level of budgetary control. State statute permits a temporary appropriation to be effective until no later than October 1 of each year. Although the legal level of budgetary control was established at the fund level of expenditures, the District has elected to present budgetary statement comparisons at the fund and function level of expenditures. Resolution appropriations by fund must be within the estimated resources as certified by the County Budget Commission and the total of expenditures may not exceed the appropriation totals.
5. All funds, other than agency funds, are legally required to be budgeted and appropriated. The primary level of budgetary control is at the fund level. Any budgetary modifications at this level may only be made by resolution of the Board of Education.
6. Advances in and advances out are not required to be budgeted since they represent a temporary cash flow resource and are intended to be repaid. However, the District elected to budget these temporary resources anyway.

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2010**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

7. Formal budgetary integration is employed as a management control device during the year for all funds consistent with the general obligation bond indenture and other statutory provisions. All funds completed the year within the amount of their legally authorized cash basis appropriation.
8. Appropriation amounts are as originally adopted, or as amended by the Board of Education through the year by supplemental appropriations, which either reallocated or increased the original appropriated amounts. All supplemental appropriations were legally enacted by the Board prior to June 30, 2010, however, none of these amendments were significant. The budget figures, as shown in the accompanying budgetary statement, reflect the original and final appropriation amounts including all amendments and modifications.
9. Unencumbered appropriations lapse at fiscal year end. Encumbered appropriations are carried forward to the succeeding fiscal year and need not be reappropriated. Expenditures may not legally exceed budgeted appropriations at the legal level of budgetary control.

F. Cash and Investments

To improve cash management, cash received by the District is pooled. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through the District's records. Each fund's interest in the pool is presented as "equity in pooled cash and cash equivalents" on the basic financial statements.

During fiscal year 2010, investments were limited to investments in the State Treasury Asset Reserve of Ohio (STAR Ohio) and certificates of deposit. Investments in STAR Ohio are reported at fair value which is based on quoted market prices. Nonparticipating investment contracts, such as certificates of deposit, are reported at cost.

The District has invested funds in STAR Ohio during fiscal year 2010. STAR Ohio is an investment pool managed by the State Treasurer's Office, which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAR Ohio are valued at STAR Ohio's shares price which is the price the investment could be sold for on June 30, 2010.

Under existing Ohio statutes all investment earnings are assigned to the general fund unless statutorily required to be credited to a specific fund or by policy of the Board of Education. Interest revenue credited to the general fund during fiscal year 2010 amounted to \$2,470, which includes \$796 assigned from other funds.

For presentation on the basic financial statements, investments of the cash management pool and investments with original maturities of three months or less at the time they are purchased by the District are considered to be cash equivalents. Investments with an initial maturity of more than three months are reported as investments.

An analysis of the District's investment account at year end is provided in Note 4.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

G. Inventory

On government-wide and fund financial statements, purchased inventories are presented at the lower of cost or market and donated commodities are presented at their entitlement value. Inventories are recorded on a first-in, first-out basis and are expensed when used. Inventories are accounted for using the consumption method.

Inventory consists of expendable supplies held for consumption, donated food and purchased food.

H. Capital Assets

General capital assets are those assets specifically related to governmental activities. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net assets, but are not reported in the fund financial statements.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and deductions during the year. Donated capital assets are recorded at their fair market values as of the date received. During fiscal year 2010, the District maintained a capitalization threshold of \$2,000. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not. The District does not possess infrastructure.

All reported capital assets except land are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

<u>Description</u>	<u>Governmental Activities Estimated Lives</u>
Land improvements	5 years
Buildings and improvements	10 - 50 years
Furniture and equipment	5 - 20 years
Vehicles	10 - 15 years

I. Interfund Balances

On fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "interfund loan receivable/payable". Receivables and payables resulting from long-term interfund loans are classified as "loans to/from other funds". These amounts are eliminated in the governmental activities column on the statement of net assets.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

J. Compensated Absences

Compensated absences of the District consist of vacation leave and sick leave liability to the extent that payments to the employee for these absences are attributable to services already rendered and are not contingent on a specific event that is outside the control of the District and the employee.

In accordance with the provisions of GASB Statement No. 16, "Accounting for Compensated Absences", a liability for vacation leave is accrued if a) the employees' rights to payment are attributable to services already rendered; and b) it is probable that the employer will compensate the employees for the benefits through paid time off or other means, such as cash payment at termination or retirement. An accrual for earned sick leave is made to the extent that it is probable that the benefits will result in termination (severance) payments. A liability for severance is accrued using the vesting method; i.e., the liability is based on the sick leave accumulated at June 30, 2010, by those employees who are currently eligible to receive termination (severance) payments, as well as those employees expected to become eligible in the future. For purposes of establishing a liability for sick leave on employees expected to become eligible to retire in the future, all employees with at least ten years of service regardless of their age were considered expected to become eligible to retire in accordance with GASB Statement No. 16.

The total liability for vacation and sick leave payments has been calculated using pay rates in effect at June 30, 2010 and reduced to the maximum payment allowed by labor contract and/or statute, plus any applicable additional salary related payments.

The entire compensated absence liability is reported on the government-wide financial statements.

For governmental fund financial statements, the current portion of unpaid compensated absences is the amount expected to be paid using expendable available resources. These amounts are recorded in the account "compensated absences payable" in the fund from which the employees who have accumulated unpaid leave are paid. The noncurrent portion of the liability is not reported.

K. Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, compensated absences that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year. Capital leases are recognized as a liability on the fund financial statements when due.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

L. Fund Balance Reserves

The District reserves those portions of fund equity which are legally segregated for a specific future use or which do not represent available expendable resources and therefore are not available for appropriation or expenditure. Unreserved fund balance indicates that portion of fund equity which is available for appropriation in future periods. Fund equity reserves have been established for encumbrances, materials and supplies inventory, prepayments, property tax unavailable for appropriation, loans, school bus purchases, debt service and instructional materials. The reserve for property taxes unavailable for appropriation represents taxes recognized as revenue under GAAP, but not available for appropriation under State statute.

M. Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consist of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. The amount restricted for other purposes includes amounts restricted for the school improvements model fund (a nonmajor governmental fund) and school bus purchases and instructional materials.

The District applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

N. Prepayments

Certain payments to vendors reflect the costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. These items are reported as assets on the balance sheet using the consumption method. A current asset for the prepaid amounts is recorded at the time of the purchase and the expenditure/expense is reported in the year in which services are consumed.

O. Nonpublic Schools

Within the boundaries of the District, Solomon Lutheran is operated through the District as a parochial school. State Legislation provides funding to this parochial school. The District receives the money and then disburses the money as directed by the parochial school. These transactions are reported in a nonmajor governmental fund of the District.

P. Estimates

The preparation of the basic financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the basic financial statements and accompanying notes. Actual results may differ from those estimates.

**WOODMORE LOCAL SCHOOL DISTRICT
SANDUSKY COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2010**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Q. Restricted Assets

Restricted assets in the general fund represent cash and cash equivalents set-aside to establish a school bus purchases reserve and instructional materials reserve. These reserves are required by State statute. A schedule of statutory reserves is presented in Note 17.

R. Interfund Activity

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the basic financial statements.

S. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the Board of Education and that are either unusual in nature or infrequent in occurrence. Neither type of transaction occurred during fiscal year 2010.

NOTE 3 - ACCOUNTABILITY AND COMPLIANCE

A. Change in Accounting Principles

For fiscal year 2010, the District has implemented GASB Statement No. 51, "Accounting and Financial Reporting for Intangible Assets", GASB Statement No. 53, "Accounting and Financial Reporting for Derivative Instruments", and GASB Statement No. 58, "Accounting and Financial Reporting for Chapter 9 Bankruptcies".

GASB Statement No. 51 addresses accounting and financial reporting standards for intangible assets, which are assets that lack physical substance, are nonfinancial in nature, and have an initial useful life extending beyond a single reporting period. Examples of intangible assets include easements, water rights, computer software, patents, and trademarks. GASB Statement No. 51 improves the quality of financial reporting by creating consistency in the recognition, initial measurement, and amortization of intangible assets. The implementation of GASB Statement No. 51 did not have an effect on the financial statements of the District.

GASB Statement No. 53 addresses the recognition, measurement, and disclosure of information regarding derivative instruments entered into by state and local governments. Derivative instruments are financial arrangements used by governments to manage specific risks or to make investments. Common types of derivative instruments include interest rate and commodity swaps, interest rate locks, options, swaptions, forward contracts, and futures contracts. The implementation of GASB Statement No. 53 did not have an effect on the financial statements of the District.

**WOODMORE LOCAL SCHOOL DISTRICT
SANDUSKY COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE 3 - ACCOUNTABILITY AND COMPLIANCE - (Continued)

GASB Statement No. 58 establishes accounting and financial reporting guidance for governments that have petitioned for protection from creditors by filing for bankruptcy under Chapter 9 of the United States Bankruptcy Code. GASB Statement No. 58 requires governments to remeasure liabilities that are adjusted in bankruptcy when the bankruptcy court confirms a new payment plan. The implementation of GASB Statement No. 58 did not have an effect on the financial statements of the District.

B. Deficit Fund Balances

Fund balances at June 30, 2010 included the following individual fund deficits:

<u>Nonmajor funds</u>	<u>Deficit</u>
Auxiliary services	\$ 7,151
IDEA Part-B	86,272
Title I disadvantaged children	17,394
Drug-free school grant	3
Improving teacher quality	3,418

The general fund is liable for any deficits in these funds and provides transfers when cash is required, not when accruals occur.

The deficit fund balances in the auxiliary services, IDEA part-B, title I - disadvantaged children, drug-free school grant, and improving teacher quality resulted from adjustments for accrued liabilities.

NOTE 4 - DEPOSITS AND INVESTMENTS

State statutes classify monies held by the District into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the District treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Board of Education has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use, but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts including passbook accounts.

Interim monies may be deposited or invested in the following securities:

1. United States Treasury Notes, Bills, Bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States;

**WOODMORE LOCAL SCHOOL DISTRICT
SANDUSKY COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE 4 - DEPOSITS AND INVESTMENTS - (Continued)

2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio;
5. No-load money market mutual funds consisting exclusively of obligations described in items (1) and (2) above and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
6. The State Treasurer's investment pool (STAR Ohio);
7. Certain banker's acceptance and commercial paper notes for a period not to exceed one hundred eighty days from the purchase date in an amount not to exceed twenty-five percent of the interim monies available for investment at any one time; and,
8. Under limited circumstances, corporate debt interests rated in either of the two highest classifications by at least two nationally recognized rating agencies.

Protection of the District's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the Treasurer by the financial institution or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution.

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the District, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the Treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

A. Cash on Hand

At June 30, 2010, the District had \$5,095 in undeposited cash on hand which is included on the financial statements of the District as part of "equity in pooled cash and cash equivalents".

NOTE 4 - DEPOSITS AND INVESTMENTS - (Continued)

B. Deposits with Financial Institutions

At June 30, 2010, the carrying amount of all District deposits was \$1,945,732. Based on the criteria described in GASB Statement No. 40, “Deposits and Investment Risk Disclosures”, as of June 30, 2010, \$1,406,013 of the District’s bank balance of \$2,014,099 was exposed to custodial risk as discussed below, while \$608,086 was covered by the FDIC.

Custodial credit risk is the risk that, in the event of bank failure, the District’s deposits may not be returned. All deposits are collateralized with eligible securities in amounts equal to at least 105% of the carrying value of the deposits. Such collateral, as permitted by the Ohio Revised Code, is held in single financial institution collateral pools at Federal Reserve Banks, or at member banks of the federal reserve system, in the name of the respective depository bank and pledged as a pool of collateral against all of the public deposits it holds or as specific collateral held at the Federal Reserve Bank in the name of the District. The District has no deposit policy for custodial credit risk beyond the requirements of State statute. Although the securities were held by the pledging institutions’ trust department and all statutory requirements for the deposit of money had been followed, noncompliance with federal requirements could potentially subject the District to a successful claim by the FDIC.

C. Investments

As of June 30, 2010, the District had the following investments and maturities:

<u>Investment type</u>	<u>Fair Value</u>	<u>Investment Maturity 6 months or less</u>
STAR Ohio	<u>\$ 215,950</u>	<u>\$ 215,950</u>

Interest Rate Risk: As a means of limiting its exposure to fair value losses arising from rising interest rates and according to State law, the District’s investment policy limits investment portfolio maturities to five years or less.

Credit Risk: Standard & Poor’s has assigned STAR Ohio an AAAM money market rating. Ohio Law requires that STAR Ohio maintain the highest rating provided by at least one nationally recognized standard service rating. The District’s investment policy does not specifically address credit risk beyond requiring the District to only invest in securities authorized by State statute.

Custodial Credit Risk: For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. The District’s investment policy does not specifically address custodial credit risk beyond the adherence to all relevant sections of the Ohio Revised Code.

Governmental activities	\$ 1,946,214
Private-purpose trust fund	150,702
Agency fund	<u>69,861</u>
Total	<u>\$ 2,166,777</u>

NOTE 5 - INTERFUND TRANSACTIONS

A. Interfund balances at June 30, 2010, as reported on the fund statements, consist of the following individual interfund loans receivable and payable:

<u>Receivable fund</u>	<u>Payable fund</u>	<u>Amount</u>
General	Nonmajor governmental funds	<u>\$ 109,863</u>

The primary purpose of the interfund balances is to cover costs in specific funds where revenues were not received by June 30. These interfund balances will be repaid once the anticipated revenues are received. All interfund balances are expected to be repaid within one year.

Interfund balances between governmental funds are eliminated on the government-wide financial statements; therefore, no internal balances at June 30, 2010 are reported on the statement of net assets.

- B.** Long-term loans to/from other funds at June 30, 2010 as reported on the fund statements, consisted of the following:

<u>Receivable funds</u>	<u>Payable funds</u>	<u>Amount</u>
General	Nonmajor governmental funds	\$ 2,162

Loans to and from other funds are long-term loans and are not expected to be repaid within one year.

Loans between governmental funds are eliminated on the government-wide financial statements.

NOTE 6 - PROPERTY TAXES

Property taxes are levied and assessed on a calendar year basis while the District fiscal year runs from July through June. First half tax collections are received by the District in the second half of the fiscal year. Second half tax distributions occur in the first half of the following fiscal year.

Property taxes include amounts levied against all real property, public utility property, and certain tangible personal (used in business) property located in the District. Real property tax revenues received in calendar year 2010 represent the collection of calendar year 2009 taxes. Real property taxes received in calendar year 2010 were levied after April 1, 2009, on the assessed values as of January 1, 2009, the lien date. Assessed values for real property taxes are established by State statute at 35 percent of appraised market value. Real property taxes are payable annually or semiannually. If paid annually, payment is due December 31; if paid semiannually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established. Public utility property tax revenues received in calendar year 2010 represent the collection of calendar year 2009 taxes. Public utility real and tangible personal property taxes received in calendar year 2010 became a lien on December 31, 2008, were levied after April 1, 2009, and are collected with real property taxes. Public utility real property is assessed at 35 percent of true value; public utility tangible personal property is currently assessed at varying percentages of true value.

Tangible personal property tax revenues received in calendar year 2010 (other than public utility property) represent the collection of calendar year 2010 taxes levied against local and inter-exchange telephone companies. Tangible personal property taxes received from telephone companies in calendar year 2010 were levied after October 1, 2009, on the value as of December 31, 2009. Amounts paid by multi-county taxpayers are due September 20. Single county taxpayers may pay annually or semiannually. If paid annually, payment is due April 30; if paid semiannually, the first payment is due April 30, with the remainder payable by September 20. Tangible personal property taxes paid by April 30 are usually received by the District prior to June 30.

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2010**

NOTE 6 - PROPERTY TAXES - (Continued)

The District receives property taxes from Sandusky and Ottawa Counties. The County Auditor periodically advances to the District its portion of the taxes collected. Second-half real property tax payments collected by the County by June 30, 2010, are available to finance fiscal year 2010 operations. The amount available as an advance at June 30, 2010 was \$580,883 in the general fund and \$75,016 in the permanent improvement fund. This amount is recorded as revenue. The amount available for advance at June 30, 2009 was \$434,076 in the general fund and \$59,867 in the permanent improvement fund. The amount of second-half real property taxes available for advance at fiscal year-end can vary based on the date the tax bills are sent.

Accrued property taxes receivable includes real property, public utility property and tangible personal property taxes which are measurable as of June 30, 2010 and for which there is an enforceable legal claim. Although total property tax collections for the next fiscal year are measurable, only the amount of real property taxes available as an advance at June 30 was levied to finance current fiscal year operations and is reported as revenue at fiscal year end. The portion of the receivable not levied to finance current fiscal year operations is offset by a credit to unearned revenue.

On the accrual basis of accounting, collectible delinquent property taxes have been recorded as a receivable and revenue, while on a modified accrual basis of accounting the revenue has been deferred.

The assessed values upon which the fiscal year 2010 taxes were collected are:

	2009 Second Half Collections		2010 First Half Collections	
	<u>Amount</u>	<u>Percent</u>	<u>Amount</u>	<u>Percent</u>
Agricultural/residential and other real estate	\$ 135,713,920	96.58	\$ 145,771,500	96.49

NOTE 7 - RECEIVABLES

Receivables at June 30, 2010 consisted of taxes, and intergovernmental grants and entitlements. All receivables are considered collectible in full due to the ability to foreclose for the nonpayment of taxes, the stable condition of State programs and the current year guarantee of federal funds. A summary of the principal items of receivables reported on the statement of net assets follows:

Governmental activities:

Taxes	\$ 3,927,105
Intergovernmental	<u>190,560</u>
Total	<u>\$ 4,117,665</u>

Receivables have been disaggregated on the face of the basic financial statements. All receivables are expected to be collected in the subsequent year.

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2010

NOTE 9 - CAPITALIZED LEASES - LESSEE DISCLOSURE

In prior fiscal years, the District entered into capitalized leases for copier and computer equipment. These lease agreements met the criteria of a capital lease as defined by generally accepted accounting principles, which defines a capital lease generally as one which transfers benefits and risks of ownership to the lessee. Capital lease payments have been reclassified and are reflected as debt service expenditures in the fund financial statements for the governmental funds. These expenditures are reported as function expenditures on the budgetary statements.

Computer equipment in the amount of \$256,274 has not been capitalized since the assets do not meet the District's capitalization threshold. A liability of \$135,260 at June 30, 2010 has been recorded on the statement of net assets. Principal and interest payments in fiscal year 2010 total \$49,755 and \$7,617, respectively, paid by the permanent improvement fund.

Capital assets acquired by lease have been originally capitalized in the amount of \$79,288 which represents the present value of the future minimum lease payments at the time of acquisition. A liability of \$48,792 at June 30, 2010 has been recorded in the statement of net assets. Accumulated depreciation as of June 30, 2010 was \$35,377, leaving a current book value of \$43,911. Principal and interest payments in fiscal year 2010 totaled \$14,742 and \$4,550, respectively, paid by the general fund.

The following is a schedule of the future long-term minimum lease payments required under the capital lease and the present value of the future minimum lease payments as of June 30, 2010:

<u>Fiscal Year Ending June 30,</u>	<u>Amount</u>

NOTE 10 - LONG-TERM OBLIGATIONS

- A. During the fiscal year 2010, the following changes occurred in governmental activities long-term obligations:

	Balance Outstanding <u>06/30/09</u>	<u>Additions</u>	<u>Reductions</u>	Balance Outstanding <u>06/30/10</u>	Amounts Due in <u>One Year</u>
Governmental activities:					
<u>Other long-term obligations:</u>

Capital lease obligations: Capital lease obligations will be paid from the general fund (See Note 9).

Compensated absences: Compensated absences will be paid from the fund from which the employee is paid, which for the District, is primarily the general fund and the food service fund (a nonmajor governmental fund).

B. Legal Debt Margin

The Ohio Revised Code provides that voted net general obligation debt of the District shall never exceed 9% of the total assessed valuation of the District. The code further provides that unvoted indebtedness shall not exceed 1/10 of 1% of the property valuation of the District. The code additionally states that unvoted indebtedness related to energy conservation debt shall not exceed 9/10 of 1% of the property valuation of the District. The assessed valuation used in determining the District's legal debt margin has been modified by House Bill 530 which became effective March 30, 2006. In accordance with House Bill 530, the assessed valuation used in the District's legal debt margin calculation excluded tangible personal property used in business, telephone or telegraph property, interexchange telecommunications company property, and personal property owned or leased by a railroad company and used in railroad operations. The effects of these debt limitations at June 30, 2010, are a voted debt margin of \$13,714,403 (including available funds of \$152,765) and an unvoted debt margin of \$150,685.

NOTE 11 - COMPENSATED ABSENCES

The criteria for determining vacation and sick leave components are derived from negotiated agreements and State laws. Classified employees earn ten to twenty days of vacation per fiscal year, depending upon length of service. Accumulated unused vacation time is paid to classified employees and administrators upon termination of employment. Teachers do not earn vacation time.

Teachers, administrators, and classified employees earn sick leave at a rate of one and one-fourth days per month. Sick leave may be accumulated up to a maximum of two hundred eighty-four days for certified and classified employees. Upon retirement, payment is made for 25 percent of accumulated unused sick leave credit to a maximum of 72.5 days for all employees.

NOTE 12 - RISK MANAGEMENT

A. Comprehensive

The District is exposed to various risks of loss related to tort; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District participates in the Schools of Ohio Risk Sharing Authority, Inc. (See Note 2.A.) for the following insurance coverage:

Coverage provided by Schools of Ohio Risk Sharing (SORSA) is as follows:

Building and Contents/Boiler and Machinery - blanket coverage building and premises, 90% coinsurance with \$0 deductible	\$ 44,359,196
Inland Marine - Electronic Data Processing Equipment	1,250,000
Inland Marine - Musical Equipment, electronics, uniforms	1,000,000
Inland Marine - Mobile Equipment	10,700

Coverage provided by Schools of Ohio Risk Sharing is as follows:

Automobile Liability (\$0 deductible per person/accident)	4,000,000
Medical Payments - per person	5,000
per accident	25,000

Coverage provided by Schools of Ohio Risk Sharing is as follows:

General School District Liability	
Per occurrence	4,000,000
General Aggregate Liability	6,000,000
Educators Legal Liability (per occurrence)	4,000,000
Educators Legal Liability (aggregate)	4,000,000

Settled claims have not exceeded this commercial coverage in any of the past three years, and there has been no significant reduction in insurance coverage from the prior year.

B. Medical/Dental Insurance

The District participates in the San-Ott School Employees Welfare Benefit Association (the "Association"), a public entity shared risk pool consisting of nine local school districts (See Note 2.A). The District pays monthly premiums to the Association for employee medical and dental insurance benefits. The Association is responsible for the management and operation of the program. Upon withdrawal from the Association, a participant is responsible for the payment of all liabilities to its employees, dependents and designated beneficiaries accruing as a result of withdrawal.

Depending upon the plan chosen, the employees share the cost of the monthly premium with the Board. The premium varies with employee depending on the terms of the union contract. Life insurance and accidental death and dismemberment insurance are provided through Hartford Insurance Company.

NOTE 12 - RISK MANAGEMENT - (Continued)

C. Workers' Compensation Plan

The District participates in the Ohio School Boards Association Workers' Compensation Group Rating Plan (the "Plan"), an insurance purchasing pool (See Note 2.A.). The intent of the Plan is to achieve the benefit of a reduced premium for the District by virtue of its grouping and representation with other participants in the Plan.

The workers' compensation experience of the participating districts is calculated as one experience and a common premium rate is applied to all school districts in the Plan. Each participant pays its workers' compensation premium to the State based on the rate for the Plan rather than its individual rate. Total savings are then calculated and each participant's individual performance is compared to the overall savings percentage of the Plan. A participant will then either receive money from or be required to contribute to the "equity pooling fund". This "equity pooling" arrangement insures that each participant shares equally in the overall performance of the Plan. Participation in the Plan is limited to districts that can meet the Plan's selection criteria. The firm of Sheakley Uniservice provides administrative, cost control and actuarial services to the Plan.

NOTE 13 - PENSION PLANS

A. School Employees Retirement System

Plan Description - The District contributes to the School Employees Retirement System (SERS), a cost-sharing, multiple-employer defined benefit pension plan. SERS provides retirement, disability, survivor benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the School Employees Retirement System, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3746. It is also posted on the SERS' Ohio website, www.ohsers.org, under *Employers/Audit Resources*.

Funding Policy - Plan members are required to contribute 10 percent of their annual covered salary and the District is required to contribute at an actuarially determined rate. The current District rate is 14 percent of annual covered payroll. A portion of the District's contribution is used to fund pension obligations with the remainder being used to fund health care benefits. For fiscal year 2010, 12.74 percent and .04 percent of annual covered salary was the portion used to fund pension obligations and death benefits, respectively. The contribution requirements of plan members and employers are established and may be amended by the SERS' Retirement Board up to a statutory maximum amount of 10 percent for plan members and 14 percent for employers. Chapter 3309 of the Ohio Revised Code provides statutory authority for member and employer contributions. The District's required contributions for pension obligations and death benefits to SERS for the fiscal years ended June 30, 2010, 2009 and 2008 were \$157,032, \$108,234 and \$103,477, respectively; 46.41 percent has been contributed for fiscal year 2010 and 100 percent for fiscal years 2009 and 2008.

NOTE 13 - PENSION PLANS - (Continued)

B. State Teachers Retirement System of Ohio

Plan Description - The District participates in the State Teachers Retirement System of Ohio (STRS Ohio), a cost-sharing, multiple-employer public employee retirement plan. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a stand-alone financial report that may be obtained by writing to STRS Ohio, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS Ohio Web site at www.strsoh.org.

New members have a choice of three retirement plans, a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. The DB plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on a member's lifetime contributions and earned interest matched by STRS Ohio funds divided by an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5 percent of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal. The Combined Plan offers features of both the DC Plan and the DB Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The DB portion of the Combined Plan payment is payable to a member on or after age 60; the DC portion of the account may be taken as a lump sum or converted to a lifetime monthly annuity at age 50. Benefits are established by Chapter 3307 of the Ohio Revised Code.

A DB or Combined Plan member with five or more years credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy - For fiscal year 2010, plan members were required to contribute 10 percent of their annual covered salaries. The District was required to contribute 14 percent; 13 percent was the portion used to fund pension obligations. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions.

The District's required contributions for pension obligations to STRS Ohio for the fiscal years ended June 30, 2010, 2009 and 2008 were \$585,407, \$588,045 and \$590,419, respectively; 83.97 percent has been contributed for fiscal year 2010 and 100 percent for fiscal years 2009 and 2008. Contributions to the DC and Combined Plans for fiscal year 2010 were \$25,686 made by the District and \$18,347 made by the plan members.

C. Social Security System

Effective July 1, 1991, all employees not otherwise covered by the SERS/STRS Ohio have an option to choose Social Security or the SERS/STRS Ohio. As of June 30, 2010, certain members of the Board of Education have elected Social Security. The District's liability is 6.2 percent of wages paid.

NOTE 14 - POSTEMPLOYMENT BENEFITS

A. School Employees Retirement System

Plan Description - The District participates in two cost-sharing, multiple employer postemployment benefit plans administered by the School Employees Retirement System (SERS) for non-certificated retirees and their beneficiaries, a Health Care Plan and a Medicare Part B Plan. The Health Care Plan includes hospitalization and physicians' fees through several types of plans including HMO's, PPO's, Medicare Advantage, and traditional indemnity plans. A prescription drug program is also available to those who elect health coverage. SERS employs two third-party administrators and a pharmacy benefit manager to manage the self-insurance and prescription drug plans, respectively. The Medicare Part B Plan reimburses Medicare Part B premiums paid by eligible retirees and beneficiaries as set forth in Section 3309.69 of the Ohio Revised Code. Qualified benefit recipients who pay Medicare Part B premiums may apply for and receive a monthly reimbursement from SERS. The reimbursement amount is limited by statute to the lesser of the January 1, 1999 Medicare Part B premium or the current premium. The Medicare Part B premium for calendar year 2009 was \$96.40 and SERS' reimbursement to retirees was \$45.50. Benefit provisions and the obligations to contribute are established by the System based on authority granted by State statute. The financial reports of both Plans are included in the SERS Comprehensive Annual Financial Report which is available by contacting SERS at 300 East Broad St., Suite 100, Columbus, Ohio 43215-3746. It is also posted on the SERS' Ohio website, www.ohsers.org, under *Employers/Audit Resources*.

Funding Policy - State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required benefits, the Retirement Board allocates the remainder of the employer contribution of 14 percent of covered payroll to the Health Care Fund. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 105(e). For 2010, 0.46 percent of covered payroll was allocated to health care. An additional health care surcharge on employers is collected for employees earning less than an actuarially determined minimum compensation amount, pro-rated according to service credit earned. Statutes provide that no employer shall pay a health care surcharge greater than 2.0 percent of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5 percent of the statewide SERS-covered payroll for the health care surcharge. For fiscal year 2010, the actuarially determined amount was \$35,800.

Active members do not contribute to the postemployment benefit plans. The Retirement Board establishes the rules for the premiums paid by the retirees for health care coverage for themselves and their dependents or for their surviving beneficiaries. Premiums vary depending on the plan selected, qualified years of service, Medicare eligibility and retirement status.

The District's contributions for health care (including surcharge) for the fiscal years ended June 30, 2010, 2009, and 2008 were \$29,387, \$67,235 and \$68,655, respectively; 46.41 percent has been contributed for fiscal year 2010 and 100 percent for fiscal years 2009 and 2008.

The Retirement Board, acting with advice of the actuary, allocates a portion of the employer contribution to the Medicare B Fund. For fiscal year 2010, this actuarially required allocation was 0.76 percent of covered payroll. The District's contributions for Medicare Part B for the fiscal years ended June 30, 2010, 2009, and 2008 were \$9,338, \$8,930 and \$7,456, respectively; 46.41 percent has been contributed for fiscal year 2010 and 100 percent for fiscal years 2009 and 2008.

B. State Teachers Retirement System of Ohio

Plan Description - The District contributes to the cost sharing, multiple employer defined benefit Health Plan (the "Plan") administered by the State Teachers Retirement System of Ohio (STRS Ohio) for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS Ohio. Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare Part B premiums. The Plan is included in the report of STRS Ohio which may be obtained by visiting www.strsoh.org or by calling (888) 227-7877.

Funding Policy - Ohio law authorizes STRS Ohio to offer the Plan and gives the Retirement Board authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. Active employee members do not contribute to the Plan. All benefit recipients pay a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions. For 2010, STRS Ohio allocated employer contributions equal to 1 percent of covered payroll to the Health Care Stabilization Fund. The District's contributions for health care for the fiscal years ended June 30, 2010, 2009, and 2008 were \$45,031, \$45,234 and \$45,417, respectively; 83.97 percent has been contributed for fiscal year 2010 and 100 percent for fiscal years 2009 and 2008.

NOTE 15 - BUDGETARY BASIS OF ACCOUNTING

While reporting financial position, results of operations, and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, cash disbursements and encumbrances.

The statement of revenues, expenditures and changes in fund balance - budget and actual (non-GAAP budgetary basis) presented for the general fund is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and the GAAP basis are that:

- (a) Revenues and other financing sources are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis);
- (b) Expenditures and other financing uses are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis);
- (c) In order to determine compliance with Ohio law, and to reserve that portion of the applicable appropriation, total outstanding encumbrances (budget basis) are recorded as the equivalent of an expenditure, as opposed to a reservation of fund balance for that portion of outstanding encumbrances not already recognized as an account payable (GAAP basis); and,
- (d) Advances-in and advances-out are operating transactions (budget basis) as opposed to balance sheet transactions (GAAP basis).

NOTE 15 - BUDGETARY BASIS OF ACCOUNTING - (Continued)

The adjustments necessary to convert the results of operations for the year on the budget basis to the GAAP basis for the general fund is as follows:

Net Change in Fund Balance

	<u>General fund</u>
Budget basis	\$ 137,924
Net adjustment for revenue accruals	169,963
Net adjustment for expenditure accruals	15,655
Net adjustment for other sources/uses	90,667
Adjustment for encumbrances	<u>46,582</u>
GAAP basis	<u>\$ 460,791</u>

NOTE 16 - CONTINGENCIES

A. Grants

The District receives significant financial assistance from numerous federal, State and local agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the District. However, in the opinion of management, any such disallowed claims will not have a material effect on the financial position of the District.

B. Litigation

The District is involved in no material litigation as either plaintiff or defendant.

FOR THE FISCAL YEAR ENDED JUNE 30, 2010**

NOTE 17 - STATUTORY RESERVES

The District is required by State statute to annually set-aside in the general fund an amount based on a statutory formula for the purchase of textbooks and other instructional materials and an equal amount for the acquisition and construction of capital improvements. Amounts not spent by the end of the fiscal year or offset by similarly restricted resources received during the year must be held in cash at year end. These amounts must be carried forward to be used for the same purposes in future years. During the fiscal year ended June 30, 2010, the reserve activity was as follows:

	<u>Instructional Materials</u>	<u>Capital Acquisition</u>
Set-aside balance as of June 30, 2009	\$ (11,530)	\$ -
Current year set-aside requirement	178,974	178,974
Current year offsets	-	(441,662)
Qualifying disbursements	<u>(129,352)</u>	<u>(83,265)</u>
Total	<u>\$ 38,092</u>	<u>\$ (345,953)</u>
Balance carried forward to fiscal year 2011	<u>\$ 38,092</u>	<u>\$ -</u>

The District's qualifying capital acquisition expenditures exceeded the required set-aside amount; however the negative amount may not be carried forward to future years.

In addition to the above statutory reserves, the District also received monies restricted for school bus purchases.

A schedule of the restricted assets at June 30, 2010 follows:

Amounts restricted for school bus purchases	\$ 430
Amounts restricted for instructional materials	<u>38,092</u>
Total restricted assets	<u>\$ 38,522</u>

WOODMORE LOCAL SCHOOL DISTRICT
SANDUSKY COUNTY, OHIO
Notes to the Schedule of Federal Awards Expenditures
For the Year Ended June 30, 2010

1. Significant Accounting Policies

The accompanying schedule of federal awards expenditures is a summary of the activity of the District's federal award programs. The schedule has been prepared on the cash basis of accounting. Consequently, certain expenditures are recognized when received rather than when earned and certain expenditures are recognized when paid rather than when the obligation is incurred.

2. Food Distribution

Nonmonetary assistance is reported in the schedule at fair market value of the commodities received and disbursed. Monies are commingled with State grants. It is assumed federal monies are expended first. At June 30, 2010, the District had commodities in inventory recorded in the Food Service Fund.

INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY
GOVERNMENT AUDITING STANDARDS

Woodmore Local Schools
Sandusky County
115 Water Street
Woodville, Ohio 43469

To the Board of Education:

We have audited the financial statements of the governmental activities, each major fund and the remaining fund information of the Woodmore Local School District, Sandusky County Ohio (the District) as of and for the year ended June 30, 2010, and have issued our report thereon dated January 21, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Controls Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of opining on the effectiveness of the District's internal control over financial reporting. Accordingly, we have not opined on the effectiveness of the District's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in more than a reasonable possibility that a material misstatement of the District's financial statements will not be prevented or detected and timely corrected.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider material weaknesses, as defined above.

Compliance and Other Matters

As part of reasonably assuring whether the District's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grants agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

We noted certain matters that we reported to management in a separate letter dated January 21, 2011.

We intend this report solely for the information and use of management, the audit committee, the Board of Education, federal awarding agencies and pass-through entities and others within the District. We intend it for no one other than these specified parties.

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH REQUIREMENTS
APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER
COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

Woodmore Local School District
Sandusky County
115 Water Street
Woodville, Ohio 43469

To the Board of Education:

Compliance

We have audited the compliance of Woodmore Local School District (the District) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133, Compliance Supplement* that apply to its major federal program for the year ended June 30, 2010. The summary of auditor's results section of the accompanying schedule of findings identifies the District's major federal program. The District's management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to each major federal program. Our responsibility is to express an opinion on the District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to reasonably assure whether noncompliance occurred with the compliance requirements referred to above that could directly and materially affect a major federal program. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing other procedures we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the District's compliance with those requirements.

In our opinion, the Woodmore Local School District complied, in all material respects, with the requirements referred to above that apply to its major federal program for the year ended June 30, 2010.

Internal Control Over Compliance

The District's management is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal program. In planning and performing our audit, we considered the District's internal control over compliance with requirements that could directly and materially affect a major federal program in order to determine our auditing procedures for the purpose of opining on compliance in accordance with OMB Circular A-133, but not for the purpose of opining on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program compliance requirement. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

We intend this report solely for the information and use of the audit committee, management, the Board of Education, federal awarding agencies and pass-through entities. It is not intended for anyone other than these specified parties.
