### **CITY OF WYOMING, OHIO**

Independent Auditors' Report on Internal Controls and Compliance

Year ended December 31, 2011

City Council City of Wyoming 800 Oak Avenue Wyoming, Ohio 45215-2797

We have reviewed the *Independent Auditors' Report* of the City of Wyoming, Hamilton County, prepared by Clark, Schaefer, Hackett & Co., for the audit period January 1, 2011 through December 31, 2011. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The City of Wyoming is responsible for compliance with these laws and regulations.

Dave Yost Auditor of State

August 24, 2012

# REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To City Council City of Wyoming, Ohio:

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Wyoming, Ohio (the City) as of and for the year ended December 31, 2011, which collectively comprise the City's basic financial statements and have issued our report thereon dated June 21, 2012, wherein we noted the City implemented Governmental Accounting Standards Board Statement No. 54 during the year. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

### Internal Control Over Financial Reporting

Management of the City is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the City's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

### **Compliance And Other Matters**

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

one east fourth street, ste. 1200 cincinnati, oh 45202

www.cshco.com p. 513.241.3111 f. 513.241.1212 We noted certain matters that we reported to management of the City in a separate letter dated June 21, 2012.

This report is intended solely for the information and use of management, City Council, the Ohio Auditor of State and others within the entity, and is not intended to be and should not be used by anyone other than these specified parties.

# Introductory Section

## CITY OF WYOMING • 800 OAK AVENUE • WYOMING, OHIO 45215 • (513) 821-7600

June 30, 2012

To the Honorable Council and the Citizens of the City of Wyoming, Ohio:

The Comprehensive Annual Financial Report (CAFR) of the City of Wyoming, Ohio, (the City) for the fiscal year ended December 31, 2011 is hereby submitted.

Ohio Law requires that cities file their annual financial reports with the Auditor of State's office. Additionally, the Ohio Administrative Code requires that those reports be prepared pursuant to generally accepted accounting principles. The preparation of this CAFR represents the commitment of Wyoming to adhere to nationally recognized standards of excellence in financial reporting.

We believe this report presents financial and operating information about the City's activities during the year which should be useful to its citizens, taxpayers, and investors. Responsibility for the accuracy of the data and the completeness and fairness of the presentation including all disclosures rests with the City. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the City. All disclosures necessary to enable the reader to gain an understanding of the City's financial activities have been included.

Clark, Schaefer, Hackett and Company, Certified Public Accountants, audited the basic financial statements that are included in this report. They have issued an unqualified ("clean") opinion on the City of Wyoming's financial statements for the year ended December 31, 2011. The independent auditor's report is located at the front of the financial section of this report.

As a part of the City's independent audit, tests are made to determine the adequacy of the internal control structure, as well as to determine that the City has complied with applicable laws and regulations. The results of the City's independent audit for the year ended December 31, 2011 provided no instances of material weaknesses in the internal control structure or significant violations of applicable laws and regulations.

This transmittal letter is designed to provide historical information about the City, as well as complement the required Management's Discussion and Analysis (MD&A). Generally accepted accounting principles require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements. The City's MD&A, which focuses on the government wide statements, can be found immediately following the Independent Auditor's Report.

### **REPORTING ENTITY**

For financial purposes, the City includes in this report all funds of the government. Two other local government jurisdictions which provide services within the City boundaries, Hamilton County and the Wyoming Board of Education, are separate legal entities which do not meet the reporting entity criteria and therefore are not included in the City's financial report.

The City also participates in the Miami Valley Risk Management Association, Inc. (MVRMA), a risk sharing insurance pool, which provides insurance coverage to the City. The pool consists of twenty municipalities who pool risk for property, crime, liability, machinery, flood, earthquake, and public official liability. This separate entity does not meet the established criteria for inclusion in the reporting entity and, accordingly, is not included in the City's financial report.

### **CITY OVERVIEW**

The City of Wyoming is a suburban community rich in history and civic pride. Located in Southwestern Ohio in the Mill Creek Valley, north of the City of Cincinnati, Wyoming is easily accessible by State Route 4 and by Interstate 75.

The City of Wyoming is a home rule municipal corporation operating under its own charter, initially adopted on June 7, 1949 and last amended on November 8, 2011.

The City has operated under a non-partisan Council/Manager form of government since 1949. Under this system, seven council members, who are the policy-makers, are elected at large in odd-numbered years for two-year terms. The Mayor and Vice Mayor are chosen by Council from among its members. A professional City Manager, appointed by the City Council, supervises the implementation of Council policies. The City Manager appoints all Department Directors of the City.

The City provides a full range of municipal services. These services include public safety (police, fire, and emergency medical services), sanitation, parks, recreation, community enrichment, water and sewer, planning and zoning, construction and maintenance of highways, streets, and infrastructure, income tax collection, mayor's court and general administrative services.

Wyoming City government is organized into various departments to deliver services to the citizens. The following is a brief summary of the departments and the services they provide:

The Community Development Department is responsible for ensuring the safe and orderly development of the community through the enforcement of all applicable state and local building and zoning regulations. The Community Development Director/Building Official enforces the provisions of the City Code through annual inspections of all special uses, conducting zoning and plan reviews, and permit issuance and inspections for new construction, modifications, and repairs. A full time Community Development Director/Building Official and an Assistant staff the Community Development Department. The Department relies on the support of other departmental staff members to provide clerical assistance. Outside consultants are utilized as needed to review various technical aspects of building plans.

The Community Development Department researches and recommends proposals for new or improved economic development strategies within the community. Direction for such proposals stems from the Master Plan, the Economic Development Commission, Planning Commission, and City Council. Members of the Economic Development Commission and Planning Commission are Council-appointed Wyoming residents who volunteer hours of their time and professional expertise to assist the City in a direction compatible with the values and priorities that make Wyoming a premier community.

The **Finance/Customer Service Department** is responsible for financial control (including investments and debt management), data processing, risk management, accounts payable, personnel benefits, payroll processing and collection of all City revenue. Such revenue includes the City income tax, property tax, utility billings, state and county funding, recreational program fees, and charges for various public services (e.g. emergency service runs, police security, and water removal). The Department is responsible for preparing, submitting and adhering to the City's operating and capital budget each year as well as developing the Comprehensive Annual Finance Report (CAFR) that depicts the City's financial standing based on the Generally Accepted Accounting Principles (GAAP).

The Finance/Customer Service Department also is responsible for coordinating with outside organizations to provide various services and benefits. The Finance/Customer Service Department acts as a collection agent for the Metropolitan Sewer District with regard to sewer usage in the City. In exchange for billing and collection services, the City retains a 7.0% fee based on total sewer revenue billed. The Finance/Customer Service Department also liaisons with MediCount Management, the organization contracted to collect City revenue from emergency service runs within the City.

The **Fire-EMS Department** is committed to fulfilling the public safety needs of the City. These include providing Advance Life Support emergency medical care and transportation, fire prevention, fire suppression, property protection, CPR training, fire investigation, hazardous material mitigation, rescue services including auto extrication, as well as emergency management for natural and man-made disasters. Fire safety inspections also are performed for all municipal buildings, businesses, pre-schools schools, churches, commercial buildings, apartments/multi-family dwellings and restaurants.

In addition, the Department expands upon its paramedic capabilities by contracting Advanced Life Support services to Lockland and Lincoln Heights. During the year, the Department also provided limited EMS coverage to several other communities.

Wyoming Fire/EMS is a seventy-eight member predominately volunteer department that provides ISO Class 3 fire protection.. These members include forty-five volunteer firefighters, twenty-four part time paramedics, seven fire cadets, one Medical Director (paid by contract), and one Fire Chief. The seven cadets are young residents aged 14 to 18 who provide assistance to firefighters with equipment and in support functions. The Wyoming Firefighters Association, a separate non-profit organization, offers support to the department through the annual Turkey Disposal/Raffle and other fundraising events.

The **Police Department** works with citizens, community groups and other stakeholders to improve the quality of life in the City and to make our City safe and secure. The Police Department accomplishes this through the enforcement of applicable federal and state laws, the protection of life and property, the preservation of law and order, and various safety and public education programs such as the Citizens Police Academy and the Junior Police Camp, conducted throughout the community. The Department responds to calls for service ranging from crimes in progress to quality of life concerns. In addition, the Department works collaboratively with surrounding police agencies to solve and prevent crime, recognizing that certain crimes know no physical boundaries. The safety and security of all residents is the Department's top priority.

The Police Department has 22 employees of which 19 are sworn police officers. In addition, the Wyoming Police Association, a separate non-profit organization, sponsors various activities and events for youth in Wyoming.

The **Public Works Department** currently has 13 full time employees which include a Director, and an Assistant Public Works Director (management responsibility for the Waterworks department). Their duties include street maintenance and resurfacing, maintenance of the City's urban forest, upkeep and repair of City facilities, parks, and recreational facilities, planting and maintenance of flower boxes, leaf removal and mulch delivery, fleet and equipment maintenance and snow and ice control. The Public Works Department is responsible for the management of the City's comprehensive solid waste management program including regular garbage collection, curbside recycling, leaf composting, and a yard waste sticker program. In addition, it plays a vital role in the preparation and support of the 4th of July celebration, Fall Festival, Wyoming Fun Run and other community activities.

The **Recreation Department** provides opportunities for leisure and recreational activities for residents of all ages and interests through a diverse offering of programs and services. The Recreation Department employs 7 full time staff members and more than 100 part-time and seasonal employees.

The facilities and parks supported by the Recreation Department include the Recreation Center, Civic Center, Family Aquatic Center, eight tennis courts, gymnasium, skate park, nine parks with soccer fields, six parks with playgrounds, baseball fields, and playground equipment for pre-school to school aged children. Athletic programs and fitness opportunities are provided year round in many areas for families, adults and children. In addition to managing the recreational programs for the City, the Recreation Department also offers a wide variety of community events to the residents throughout the year, including the 4<sup>th</sup> of July celebration, Fall Festival, Halloween, and Holiday Open House. These events provide a true sense of community for the residents and emphasize the spirit of Wyoming through pride and volunteerism.

The **Water Works Department** pursues its mission to provide the highest quality drinking water utilizing state-of-the-art technology and efficient production methods. The Department employs three full-time plant operators, one part time plant operator and two part time meter readers. The Public Works Director and the Assistant Public Works Director allocate a portion of their time to management of the water plant.

Groundwater is the source of Wyoming's water and is a precious resource. Wyoming's six drinking water wells pump groundwater into the plant for treatment. Maintaining the wells is critical. In 2011, Wyoming cleaned out the raw water line from well # 7 to the water plant. This work will extend the life of the well and reduce energy costs in pumping.

### ECONOMIC CONDITIONS AND OUTLOOK

Primarily a residential community with a population of 8,428 living in 2.8 square miles, the City of Wyoming relies heavily upon income tax and property tax revenues for its economic well being. Combined, these tax revenues accounted for 84% of total General Fund revenues in 2011. Following the modest recovery in the national economy, income tax receipts were up \$186,250 (or 4.89%) in 2011 compared to 2010. Property tax revenues were flat. Prudent planning and controlled spending have enabled the City of Wyoming to continue to provide a high level of public service despite the modest recovery in the economy. As the City adapts to the new economic climate, City Administration will search for innovative ways to streamline processes and reduce expenditures.

The City continues to maintain its AAA rating from Standard and Poor's. The prestigious AAA bond rating is the highest investment grade rating attainable. Factors contributing to the positive rating include the attractiveness of the community as an established high-end suburb with excellent schools and proximity to the Cincinnati labor market, strong income and wealth levels, a solid financial position characterized by strong reserve levels, and financial management practices that are well-embedded and likely sustainable. The City of Wyoming is one of only eight municipalities in Ohio to receive this rating.

The City continued to work with the Community Improvement Corporation and the Economic Development Commission for the redevelopment of the property located at 400 Wyoming Avenue. Currently, the Community Improvement Corporation has entered into a memorandum of Understanding for the redevelopment of this property.

Overall, Wyoming is weathering the economy fairly well; however, budget adjustments are expected in response to the modest economic outlook. Reduced expenditures, streamlined processes and a comprehensive budget review remain the focus of a strategy designed to maximize the use of taxpayer dollars while providing high quality services to the Wyoming community.

### **MAJOR INITIATIVES**

Several special projects in 2011 are noteworthy as they represented significant time commitments on the part of the Administration and either resulted in or will result in various improvements to services and/or facilities. The continuation of a number of ongoing programs/projects is designed to maintain the high quality of services that Wyoming residents have come to expect.

### **Public Works Department**

In 2011, the City continued its very aggressive street improvement plan. The Jewett and Brooks street reconstruction project was completed at a cost of \$905,850. State grant funds paid 50% of the cost of this project.

The Publics Works department spent numerous man hours to replace/rebuild/repair several storm water catch basins, replace/repair/paint several fire hydrants. They also spent many man hours grinding damaged sections of asphalt and repaving them, filling pot holes, applying asphalt sealant patches and street cracks, street painting and street sweeping.

### **Water Works Department**

The Waterworks Department completed construction of the air stripper at the water plant and it became operational in the fall of 2011. This air stripper adds an extra layer of protection to the City Water works in the removal of potential contaminants in the production process before the treated drinking water is sent out into the water distribution system.

Two new emergency generators were installed in 2011. The first was installed at the water plant. The second was installed at the high service pump station. Now, all critical components of the water production and distribution system have emergency power in the event of a power outage.

A new eight inch water main was installed in 2011 as part of the Jewett/Brooks road reconstruction project. Improved water quality and fire flow are additional benefits that the new main provides.

### **Community Development Department**

In 2011, the Community Development Department reviewed 238 project plans as required by law and the appropriate Building Permits and Zoning Certificates were issued with an estimated project value of \$4,796,534.

Construction on the new public parking lot on Oak Avenue behind 500 Wyoming Avenue began in September 2011. This lot should be completed in the spring of 2012.

The Community Improvement Corporation (CIC) continued to manage the building located at 500 Wyoming Avenue. Wyoming Cyclery opened for business in 2011 at 502 Wyoming Avenue. After many months of negotiations, a memorandum of Understanding for the sale and redevelopment of the property located at 400 Wyoming Avenue was signed. Distasi Enterprises, LLC will open the door to a new restaurant and banquet center in the fall of 2012.

### The Fire/EMS Department

In 2011 The Wyoming Fire-EMS was awarded a four year \$ 215,000 Recruitment and Retention Grant by the Department of Homeland Security (DHS) in July, 2011 to assure that Wyoming continues to have adequate numbers of volunteers to provide professional fire and EMS for years to come.

### **Police Department**

In 2011, the Police Department again received the AAA Platinum Community Traffic Safety Award, recognizing the Department as being one of the premier law enforcement agencies in the nation in traffic enforcement and community education programs. The Police Department was also recognized by the Hamilton County OVI Task force for its efforts to reduce OVI related traffic crashes and to increase safety restraint usage.

### **FINANCIAL INFORMATION**

### **Budgetary Controls**

City Council adopts an annual budget for all funds and approves subsequent amendments to the budget as needed. The annual budget serves as the foundation for the city's financial planning and control. The "legal level of control" is the level of detail as approved by Council in its appropriation ordinance.

Budgetary control is maintained at the object level by the use of encumbrances for purchase order amounts to vendors. Open encumbrances are reported as reservations of the fund balance for the governmental fund types at December 31, 2011.

### **Certificate of Achievement**

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Wyoming, Ohio, for its Comprehensive Annual Financial Report for the fiscal year ended December 31, 2010. The Certificate of Achievement is the highest form of recognition for excellence in state and local government financial reporting.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized Comprehensive Annual Financial Report, with contents conforming to program standards. The report must satisfy both generally accepted accounting principles and applicable legal requirements respective to the reporting entity.

A Certificate of Achievement is valid for a period of one year. The City of Wyoming, Ohio, has received a Certificate of Achievement for the years ended December 31, 1992 through December 31, 2010. We believe our current reporting continues to conform to the Certificate of Achievement program requirements, and we are submitting it to GFOA.

### Acknowledgements

The preparation of this report was made possible by the efforts of the Finance and Customer Service Department staff. We express our sincere appreciation for the contributions made in the preparation of this report.

The City would also like to thank the staff of Plattenburg and Associates for their guidance and support in preparing this report.

A special thanks is extended to City Council and the Department Directors of the City. Their contributions to the financial condition of the City cannot be overemphasized. Their guidance and support represent invaluable factors necessary for the City to continue to manage their financial affairs and reporting requirements of municipal government within the Wyoming community.

Respectfully submitted,

Lynn Jetley

for the Fiscal Year Ended
December 31, 2010

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

# FINANCIAL SECTION

The City of Wyoming's discussion and analysis of the annual financial reports provides a review of the financial performance for the fiscal year ending December 31, 2011. This is meant to be an easily readable summary of the most important financial information regarding the accompanying financial statements. Please read it in conjunction with the transmittal letter and the City's basic financial statements and the notes to the basic financial statements.

### **Financial Highlights**

- The City's total net assets increased \$761,903. Net assets of governmental activities decreased \$139,685, net assets of business-type activities increased by \$901,588.
- The General Fund reported a fund balance of \$2,415,749.
- Business-type operations reflected operating income of \$430,725.
- The City had \$10,312,654 in expenses relating to governmental activities; program revenues offset only \$2,264,037 of these expenses. General revenues of \$7,908,932 were also used to provide for these programs.

### **Overview of the Financial Statements**

This annual report consists of a series of financial statements. These statements are presented so that the reader can understand the City's financial situation as a whole and also give a detailed view of the City's fiscal condition.

The Statement of Net Assets and the Statement of Activities provide information about the activities of the City as a whole and present a longer-term view of the City's finances. Major fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as the amount of funds available for future spending. The fund financial statements also look at the City's most significant funds with all other nonmajor funds presented in total in one column.

### **Government-wide Financial Statements**

The analysis of the City as a whole begins with the Government-wide Financial Statements. These reports provide information that will help the reader to determine if the City of Wyoming is financially better off or worse off as a result of the year's activities. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by private sector companies. All current year revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the City's net assets and changes to those assets. This change informs the reader whether the City's financial position, as a whole, has improved or diminished. In evaluating the overall financial health, the reader of these financial statements needs to take into account non-financial factors that also impact the City's financial well being. Some of these factors include the City's tax base and the condition of capital assets.

In the Government-wide Financial Statements, the City is divided into two kinds of activities.

- Governmental Activities Most of the City's program services are reported here including
  general government, public safety, leisure time activities, community development, basic
  utility service, transportation and street repair, public health and welfare, interest and fiscal
  charges. Income taxes, property taxes, building permits and interest finance most of these
  activities.
- Business-Type Activities This service includes Water. Service fees for these operations are charged based upon the amount of usage or a usage fee. The intent is that the fees charged recoup operational costs.

### **Fund Financial Statements**

The analysis of the City's major funds is presented later in the Management's Discussion and Analysis section. Fund financial statements provide detailed information about the City's major funds - not the City as a whole. Some funds are required by State law and bond covenants. Other funds may be established by the Fiscal Officer, with approval of council, to help control, manage and report money received for a particular purpose or to show that the City is meeting legal responsibilities for use of grants. The City's major funds are General, Capital Improvement, Equipment Replacement and Waterworks Fund.

Governmental Funds - Most of the City's services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic services it provides. Governmental fund information helps to determine whether there are more or less financial resources that can be spent in the near future on services provided to our residents. The relationship (or differences) between governmental activities (reported in the Statement of Net Assets and the Statement of Activities) and governmental funds is reconciled in the financial statements.

**Proprietary Funds -** When the City charges citizens for the services it provides, with the intent of recapturing operating costs, these services are generally reported in proprietary funds. Proprietary funds use the same basis of accounting as business-type activities; therefore, these statements will essentially match.

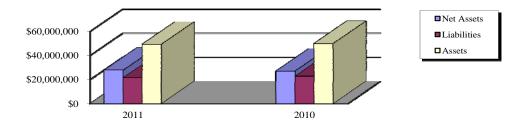

Fiduciary Funds - The City is the fiscal agent for the Metropolitan Sewer District (accounted for in the sewer fund) and for the Mayor's Court (accounted for in the Mayor's Court fund). The City's other fiduciary fund is the Kathryn Bond Private Purpose Trust. The City's fiduciary activities are reported in separate Statement of Fiduciary Net Assets and Statement of Changes in Fiduciary Net Assets. We exclude these activities from the City's other financial statements because the City cannot use these assets to finance its operations. The City is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

### The City as a Whole

As stated previously, the Statement of Net Assets looks at the City as a whole. Table 1 provides a summary of the City's net assets for 2011 compared to 2010.

Table 1 Net Assets

|                             | Governmental Activities |              | Business-Type Activities |             | Total        |              |
|-----------------------------|-------------------------|--------------|--------------------------|-------------|--------------|--------------|
|                             | 2011                    | 2010         | 2011                     | 2010        | 2011         | 2010         |
| Assets:                     |                         |              |                          |             |              |              |
| Current and Other Assets    | \$10,300,124            | \$12,220,327 | \$625,971                | \$1,084,367 | \$10,926,095 | \$13,304,694 |
| Capital Assets              | 30,058,445              | 29,187,964   | 8,353,982                | 7,393,081   | 38,412,427   | 36,581,045   |
| Total Assets                | 40,358,569              | 41,408,291   | 8,979,953                | 8,477,448   | 49,338,522   | 49,885,739   |
| Liabilities:                |                         |              |                          |             |              |              |
| Long-Term Liabilities       | 12,697,404              | 13,235,823   | 5,828,602                | 6,255,710   | 18,526,006   | 19,491,533   |
| Other Liabilities           | 2,973,617               | 3,345,235    | 62,839                   | 34,814      | 3,036,456    | 3,380,049    |
| Total Liabilities           | 15,671,021              | 16,581,058   | 5,891,441                | 6,290,524   | 21,562,462   | 22,871,582   |
| Net Assets:                 |                         |              |                          |             |              |              |
| Invested in Capital Assets, |                         |              |                          |             |              |              |
| Net of Related Debt         | 18,943,615              | 18,034,434   | 2,580,270                | 1,470,391   | 21,523,885   | 19,504,825   |
| Restricted                  | 537,430                 | 497,040      | 0                        | 0           | 537,430      | 497,040      |
| Unrestricted                | 5,206,503               | 6,295,759    | 508,242                  | 716,533     | 5,714,745    | 7,012,292    |
| Total Net Assets            | \$24,687,548            | \$24,827,233 | \$3,088,512              | \$2,186,924 | \$27,776,060 | \$27,014,157 |

Total net assets of the City as a whole increased \$761,903. Net assets of the City's governmental activities decreased \$139,685, while the net assets of the City's business-type activities increased \$901,588 from 2010. The largest portion of the City's net assets reflect its investment in capital assets, less any related debt to acquire those assets that are still outstanding. The City uses these capital assets to provide services to citizens of the City. The City had an unrestricted net assets balance of \$5,714,745 that may be used to meet the government's ongoing obligations to citizens and creditors.

Governmental Activities current and other assets decreased from 2010 due to a decrease in City's balance of overall investments, which was mainly because investment proceeds were spent on capital assets. Long-term liabilities decreased due to the City continuing to make principal payments on its long-term debt obligations.

Business-Type Activities capital assets increased from 2010 due mainly to the City completing the Air Stripper Project and the Jewett/Brooks Project. Long-term liabilities decreased due to the City continuing to make principal payments on its long-term liabilities.

Table 2 shows the changes in net assets at year-end.

Table 2 Changes in Net Assets

|                                    | Governmental Activities |              | Business-Type Activities |             | Total        |              |

### **Governmental Activities**

Capital Grants and Contributions decreased mainly due to the receipt of approximately \$1 million in grant monies to fund the Congress Run Project in 2010. General Governmental expense decreased from 2010 to 2011 mainly due to the City's ongoing effort to cut costs.

The Wyoming City Council continued to actively promote its Vision Statement and Master Plan Initiatives that were created in 1995 through the dedicated and professional combination of residents and city officials. Primarily a residential bedroom community with a population of 8,428 living in 2.8 square miles, Wyoming relies heavily upon income and property tax revenues to provide general services and maintain infrastructure. The 0.8% income tax (based on a resident's Adjusted Gross Income) and the 10 mill property tax represented approximately 84% of the City's total governmental activities general revenues in 2011.

General Government includes legislative and executive as well as judicial expenses. The level of services provided to City residents continues to be very high. The City seeks to improve the quality and efficiency of existing services as well as consider additional services. Leaf and brush pickup, mulch distribution, refuse collection, aggressive street reconstruction programs, street cleaning, sidewalk in-fill projects, amenities in the parks, and police and volunteer/part time Fire/EMS services all culminate into a full service city. Services in the City of Wyoming have increased and become more efficient over the years. This has been accomplished by the City Council and employees.

### Business-Type Activities

The City's business-type activities included Waterworks.

The Waterworks Fund had operating revenues of \$1,784,774 and operating expenses of \$1,354,049 for 2011. Business-type activities receive no support from tax revenues. The business-type activities had operating income of \$430,725 and net assets at the end of the year was \$3,088,512 which increased \$901,588 from 2010. Charges for services in the Waterworks Fund decreased in 2011 compared to 2010 mainly due to a decrease in consumption for water services. Water Utilities expenses increased due to an increase in materials and supplies purchases throughout the City.

### The City's Funds

The City has three major governmental funds: the General Fund, Capital Improvement Fund and Equipment Replacement Fund. Assets of the general fund comprised \$6,854,120 (64%), the capital improvement fund comprised \$1,100,029 (10%) and the equipment replacement fund comprised \$2,202,984 (21%) of the total \$10,706,837 governmental funds assets.

*General Fund*: Fund balance at December 31, 2011 was \$2,415,749 an increase in fund balance of \$20,168 from 2010. The increase in fund balance is mainly due to an increase in taxes revenue, which was mainly due to an increase in property tax receipts.

*Capital Improvement Fund*: Fund balance at December 31, 2011 was \$620,076, a decrease in fund balance of \$727,618 from 2010. The capital improvement fund balance decreased mainly due to a decrease in intergovernmental revenue.

**Equipment Replacement Fund**: Fund balance at December 31, 2011 was \$2,187,414 a decrease in fund balance of \$577,750 from 2010. The equipment replacement fund balance decreased mainly due to an increase in capital outlay which was mainly due to an increase in the amount of capital asset purchases in 2011 as compared to 2010.

### General Fund Budgeting Highlights

The City's General Fund budget is formally adopted at the object level. Financial reports, which compare actual performance with the budget, are prepared monthly and presented to the Council so the Council is able to review the City's financial status and measure the effectiveness of budgetary controls.

As the City completed the year, its General Fund balance reported an actual fund balance of \$1,003,833 on a Non-GAAP Budgetary Basis.

Variations from the final amended budget amounts to the actual amounts are primarily due to the following reasons: The City overestimated the taxes revenue amount and overestimated the general government and public safety expenditures for 2011.

Revenues and Expenditures remained relatively consistent from the original budget to final amended budgeted amounts.

### **Capital Assets and Debt Administration**

### Capital Assets

At year end, the City had \$38,412,427 invested in land (includes permanent easements), construction in progress, buildings and improvements, equipment and infrastructure, net of accumulated depreciation.

|--|--------------------------|---------------|
| Amounts reported for governmental activities in the statement of activities are different because:   |                          |               |
| Governmental funds report capital asset additions as expenditures.  However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount of the difference between capital asset additions and depreciation in the current period. |                          |               |
| Capital assets used in governmental activities Depreciation Expense  | \$1,637,509<br>(767,028) |               |
| Depreciation Expense   | (101,020)                | 870,481       |
| Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.   |                          |               |
| Income Taxes   | (199,552)                |               |
| Delinquent Property Taxes  | (13,957)                 |               |
| Interest   | 933                      |               |

| Net Assets End of Year       | \$39,851                              |

## **Note 1 – Description of the City and Reporting Entity**

The City of Wyoming (City) is a political body incorporated and established for the purpose of exercising the rights and privileges conveyed to it by the constitution and laws of the State of Ohio.

The City operates under a council-manager form of government and provides the following services as authorized by its charter: public safety, public services, recreation and development.

## **Reporting Entity**

A reporting entity is comprised of the primary government, component units and other organizations that are included to ensure that financial statements are not misleading. The primary government of the City consists of all funds, departments, boards and agencies that are not legally separate from the City. For the City, this includes; police and fire, parks and recreation, planning, zoning, community development, street maintenance, water, sewer and waste collection. Council and the City Manager have direct responsibility for these activities.

Component units are legally separate organizations for which the City is financially accountable. The City is financially accountable for an organization if the City appoints a voting majority of the organization's governing board; and (1) the City is able to significantly influence the programs or services performed or provided by the organization; or (2) the City is legally entitled to or can otherwise access the organization's resources; the City is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the City is obligated for the debt of the organizations. Component units may also include organizations for which the City authorizes the issuance of debt or the levying of taxes, or determines the budget. There are no component units included as part of this report.

The Miami Valley Risk Management Association, Inc. (MVRMA) is a risk sharing insurance pool established for the purpose of enabling the subscribing political subdivisions to obtain liability insurance and providing a formalized, jointly administered self-insurance fund for its members. The members formed a not-for-profit corporation known as Miami Valley Risk Management Association, Inc. for the purpose of administering the pool. The subscribing members of the self-insurance pool include the Cities of Beavercreek, Bellbrook, Blue Ash, Centerville, Englewood, Kettering, Madeira, Mason, Miamisburg, Montgomery, Piqua, Sidney, Springdale, Tipp City, Troy, Vandalia, West Carrollton, Wilmington, Wyoming, and the Village of Indian Hill. The City has no explicit and measurable equity interest in MVRMA and no ongoing financial responsibility for MVRMA.

# Note 2 – Summary of Significant Accounting Policies

The financial statements of the City have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to local governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial principles. The City also applies Financial Accounting Standards Board (FASB) guidance issued on or before November 30, 1989, to its governmental and business-type activities and to its enterprise funds provided they do not conflict with or contradict GASB pronouncements. For proprietary funds the City has elected not to follow subsequent private-sector guidance. The most significant of the City's accounting policies are described below.

#### **Measurement Focus**

## Government-wide Financial Statements

The government-wide financial statements are prepared using the economic resources measurement focus. All assets and all liabilities associated with the operation of the City are included on the Statement of Net Assets.

#### **Fund Financial Statements**

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Like the government-wide statements, all proprietary funds are accounted for on a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of these funds are included on the statement of net assets. The statement of changes in fund net assets presents increases (i.e., revenues) and decreases (i.e., expenses) in total net assets. The statement of cash flows provides information about how the City finances and meets the cash flow needs of its proprietary activities.

## **Basis of Presentation**

The City's basic financial statements consist of government-wide statements, including a statement of net assets and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

## Government-wide Financial Statements

The statement of net assets and the statement of activities display information about the City as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The statements distinguish between those activities of the City that are governmental and those that are considered business-type activities.

The statement of net assets presents the financial condition of the governmental and business-type activities of the City at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the City's governmental activities and for the business-type activities of the City. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the City, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the City.

#### **Fund Financial Statements**

During the year, the City segregates transactions related to certain City functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the City at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Non-major funds are aggregated and presented in a single column. Fiduciary funds are reported by type.

## **Fund Accounting**

The City uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self balancing set of accounts. There are three categories of funds: governmental, proprietary and fiduciary.

# Governmental Funds

Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the City's major governmental funds:

<u>General Fund</u> - The general fund accounts for all financial resources except those required to be accounted for in another fund. The general fund balance is available to the City for any purpose provided it is expended or transferred according to the charter of the City and/or the general laws of Ohio.

<u>Capital Improvement Fund</u> – To account for various capital projects financed by governmental funds.

<u>Equipment Replacement Fund</u> – Created in 1981 to fund the acquisition and replacement of equipment. Expenditures are monies expended for the purchase of major pieces of equipment.

The other governmental funds of the City account for grants and other resources that are generally restricted or committed to use for a particular purpose.

# **Proprietary Funds**

Proprietary fund reporting focuses on changes in net assets, financial position and cash flows. Proprietary funds are classified as either enterprise or internal service. The City has no internal service funds.

<u>Enterprise Funds</u> - Enterprise funds may be used to account for any activity for which a fee is charged to external users for goods or services. The following is the City's enterprise fund:

<u>Waterworks</u> – Accounts for all operations of the City's water plant. Revenues include the sale of metered water, penalties, disconnecting fees, etc. Expenses are comprised of personnel and operating costs.

#### Fiduciary Funds

Fiduciary fund reporting focuses on net assets and changes in net assets. The fiduciary fund category is split into four classifications: agency funds, pension trust funds, investment trust funds and private-purpose trust funds. The Agency Fund is custodial in nature (assets equal liabilities) and does not involve measurement of results of operations. Trust funds are used to account for assets held under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the City's own programs. The City currently has one Private Purpose Trust fund (Kathryn Bond Trust). The Kathryn Bond Trust is to account for donations received and designated to the Kathryn Bond Trust fund. The City also has two Agency Funds (Sewer and Mayor's Court). The Sewer agency is to account for all revenues collected for the Metropolitan Sewer District (MSD) for provision of sewer service to the citizens of Wyoming and to record sewer service charges paid to MSD. The Mayor's Court agency is to account for funds that flow through the Mayor's Court Office.

# **Basis of Accounting**

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Proprietary and fiduciary funds also use the accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue and in the presentation of expenses versus expenditures.

## Revenues - Exchange and Non-exchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the City, available means expected to be received within thirty days of year-end.

Nonexchange transactions, in which the City receives value without directly giving equal value in return, include income taxes, property taxes, grants, entitlements and donations. On an accrual basis, revenue from income taxes is recognized in the period in which the income is earned. Revenue from property taxes is recognized in the year for which the taxes are levied. Revenue from grants, entitlements and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted; matching requirements, in which the City must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the City on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year-end: income tax, state-levied locally shared taxes (including gasoline tax), fines and forfeitures, interest, grants and fees.

#### Deferred Revenue

Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied.

Property taxes for which there is an enforceable legal claim as of the current year-end, but which were levied to finance future operations, have been recorded as deferred revenue. Special assessments not received within the available period and grants and entitlements received before the eligibility requirements are met are also recorded as deferred revenue.

On governmental fund financial statements, receivables that will not be collected within the available period have also been reported as deferred revenue.

#### Unearned Revenue

Unearned revenue represents amounts under the accrual basis of accounting for which asset recognition criteria have been met, but for which revenue recognition criteria have not been met because such amounts have not yet been earned.

## Expenses/Expenditures

On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

## **Equity in Pooled Cash and Investments**

To improve cash management the City's cash and investments are pooled. Monies for all funds, except cash and investments held in segregated accounts, are maintained in this pool. Individual fund integrity is maintained through City records. Each fund's interest in the pool is presented as "Equity in Pooled Cash and Investments" on the financial statements.

Investments are reported at fair value which is based on quoted market prices, with the exception of nonparticipating repurchase agreements, which are reported at cost. For investments in openend mutual funds, fair value is determined by the fund's share price.

During the year, the City has invested funds in the State Treasury Asset Reserve of Ohio (STAROhio). STAROhio is an investment pool managed by the State Treasurer's Office, which allows governments within the State to pool their funds for investment purposes. STAROhio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAROhio are valued at STAROhio's share price which is the price the investment could be sold for at year-end.

For purposes of the statement of cash flows the enterprise fund's portion of pooled cash and investments is considered a cash equivalent because enterprise funds can access their balance of the investment pool at any time without any prior notice or penalty.

Following the Ohio Revised Code, the City has, by resolution, specified the funds to receive an allocation of interest earnings. Interest revenues during 2011 amounted to \$33,316 in the General Fund, \$1,875 in Other Governmental Funds, \$239 in Kathryn Bond Private Purpose Trust, and \$6,527 in the Waterworks Fund.

# **Inventory**

On government-wide financial statements, inventories are presented at the lower of cost or market on a first-in, first-out basis and are expensed when used.

On fund financial statements, inventories of governmental funds are stated at cost while inventories of proprietary funds are stated at the lower of cost or market. For all funds, cost is determined on a first-in, first-out basis. Inventory in governmental funds consists of expendable supplies held for consumption. The cost of inventory items is recorded as an expenditure in the governmental fund types when purchased. Inventories of the proprietary funds are expensed when used.

## **Capital Assets**

General capital assets are those assets not specifically related to activities reported in the proprietary funds. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net assets but are not reported in the fund financial statements. Capital assets utilized by the proprietary funds are reported both in the business-type activities column of the government-wide statement of net assets and in the respective proprietary funds.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. The City's capitalization threshold is \$5,000. Donated capital assets are recorded at their fair market values as of the date received. The City's infrastructure consists of bridges, culverts, curbs, sidewalks, storm sewers, streets, and water and sewer lines. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not.

All reported capital assets are depreciated except for land (includes permanent easements) and construction in progress. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the City's historical records of necessary improvements and replacement. Depreciation is computed using the straight-line method over the following useful lives:

| <u>Description</u>         | Estimated Lives |
|----------------------------|-----------------|
| Buildings and Improvements | 25-50 years     |
| Equipment                  | 5-20 years      |
| Infrastructure             | 40-60 years     |

#### **Compensated Absences**

The City reports compensated absences in accordance with the provisions of GASB No. 16, "Accounting for Compensated Absences." Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the employer will compensate the employees for the benefits through paid time off or some other means.

Sick leave benefits are accrued as a liability using the vesting method. The entire compensated absence liability is reported on the government-wide financial statements.

For governmental funds, the current portion of unpaid compensated absences is the amount that is due and payable. These amounts are recorded in the account "compensated absences payable" in the fund from which the employees who have accumulated leave are paid. The noncurrent portion of the liability is not reported. Compensated absences are reported in governmental funds only if they have matured. In proprietary funds, the entire amount of compensated absences is reported as a fund liability.

# **Accrued Liabilities and Long-Term Obligations**

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements, and all payables, accrued liabilities and long-term obligations payable from proprietary funds are reported on the proprietary fund financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, claims and judgments, compensated absences, and contractually required pension contributions that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year. Bonds, capital leases and long-term loans are recognized as a liability on the fund financial statements when due.

#### **Fund Balance**

In accordance with Governmental Accounting Standards Board Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, the City classifies its fund balance based on the purpose for which the resources were received and the level of constraint placed on the resources. The following categories are used:

Nonspendable – resources that are not in spendable form (inventory) or have legal or contractual requirements to maintain the balance intact.

Restricted – resources that have external purpose restraints imposed on them by providers, such as creditors, grantors, or other regulators.

Committed – resources that are constrained for specific purposes that are internally imposed by the government at its highest level of decision making authority, City Council.

Assigned – resources that are intended to be used for specific purposes as approved through the City's formal purchasing procedure by the Finance Director.

Unassigned – residual fund balance within the General Fund that is not restricted, committed, or assigned. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from incurred expenses for specific

purposes exceeding amounts which had been restricted, committed or assigned for said purposes.

The City applies restricted resources first when an expenditure is incurred for purposes which both restricted and unassigned fund balances are available. The City considers committed, assigned, and unassigned fund balances, respectively, to be spent when expenditures are incurred for purposes for which any of the unassigned fund balance classifications could be uses.

#### **Net Assets**

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. Net assets restricted for Other Purposes include mandatory fines for various court programs.

The City applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available. Of the City's \$537,430 in restricted net assets, none were restricted by enabling legislation.

## **Operating Revenues and Expenses**

The City, in its proprietary fund, distinguishes operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's enterprise fund are charges to customers for sales and services. Operating expenses for the enterprise fund includes the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

#### **Interfund Activity**

Transfers between governmental and business-type activities on the government-wide statements are reported in the same manner as general revenues.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

As a general rule, the effect of interfund (internal) activity has been eliminated from the government-wide statement of activities. The interfund services provided and used are not

eliminated through the process of consolidation.

#### **Self-Insurance**

The City provides health insurance benefits through a self-insured program. This program is accounted for in the General Fund. The liability for unpaid claims includes estimates of costs related to incurred but not reported (IBNR) claims if it is probable that an IBNR liability has been incurred at year-end and the IBNR amount can be reasonably estimated.

#### **Estimates**

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

#### **Restricted Assets**

Assets are reported as restricted assets when limitations on their use change the normal understanding of the availability of the asset. Such constraints are either imposed by creditors, contributors, grantors, laws of other government or imposed by enabling legislation.

# Note 3 – Equity in Pooled Cash and Investments

Cash resources of several individual funds are combined to form a pool of cash and investments. Each fund type's portion of this pool is displayed on the combined balance sheet as "Equity in Pooled Cash and Investments."

State statute requires the classification of monies held by the City into three categories:

<u>Active Monies</u> - Those monies required to be kept in a "cash" or "near cash" status for immediate use by the City. Such monies must by law be maintained either as cash in the City treasury, in depository accounts payable or withdrawable on demand.

<u>Inactive Monies</u> – Those monies not required for use within the current two year period of designated depositories. Ohio law permits inactive monies to be deposited or invested as certificates of deposit maturing not later than the end of the current period of designated depositories, or as savings or deposit accounts, including, but not limited to passbook accounts.

<u>Interim Monies</u> – Those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Ohio law permits interim monies to be invested or deposited in the following securities:

- (1) Bonds, notes, or other obligations of or guaranteed by the United States, or those for which the faith of the United States is pledged for the payment of principal and interest.
- (2) Bonds, notes, debentures, or other obligations or securities issued by any

federal governmental agency.

- (3) No-load money market mutual funds consisting exclusively of obligations described in (1) or (2) above and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions.
- (4) Interim deposits in the eligible institutions applying for interim monies to be evidenced by time certificates of deposit maturing not more than one year from date of deposit, or by savings or deposit accounts, including, but limited to, passbook accounts.
- (5) Bonds and other obligations of the State of Ohio.
- (6) The Ohio State Treasurer's investment pool (STAR Ohio).
- (7) Commercial paper and banker's acceptances which meet the requirements established by Ohio Revised Code, Sec. 135.142.
- (8) Under limited circumstances, corporate debt interests in either of the two highest rating classifications by at least two nationally recognized rating agencies.

Protection of the City's deposits is provided by the Federal Deposit Insurance Corporation, by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the treasurer by the financial institution or by a single collateral pool established by the financial institution to secure the repayment of all public moneys deposited with the institution.

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the City, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

## **Deposits**

Custodial credit risk is the risk that in the event of a bank failure, the City's deposits may not be returned to it. The City's policy for deposits is any balance not covered by depository insurance will be collateralized by the financial institutions with pledged securities. As of December 31, 2011, \$340,231 of the City's bank balance of \$1,369,923 was exposed to custodial risk because it was uninsured and collateralized with securities held by the pledging financial institution's trust department or agent, but not in the City's name.

Ohio Revised Code Chapter 135, Uniform Depository Act, authorizes pledging of pooled securities in lieu of specific securities. Specifically, a designated public depository may pledge a single pool of eligible securities to secure repayment of all public monies deposited in the financial institution, provided that all times the total value of the securities so pledged is at least equal to 105% of the total amount of all public deposits secured by the pool, including the portion of such deposits covered by any federal deposit insurance.

#### **Investments**

As of December 31, 2011, the City had the following investments:

|  |             | Weighed Average  |
|--|-------------|------------------|
| Investment Type                        | Fair Value  | Maturity (Years) |
| Federal Home Loan Bank                 | \$1,541,100 | 1.38             |
| Federal Home Loan Bank - Discount Note | 114,995     | 0.22             |
| Fannie Mae                             | 1,105,822   | 1.63             |
| Freddie Mac                            | 865,927     | 1.01             |
| Freddie Mac - Discount Note            | 479,964     | 0.37             |
| Banker's Acceptance                    | 550,312     | 0.14             |
| STAROhio                               | 105,966     | 0.16             |
| Money Market Funds                     | 46,924      | 0.00             |
| Total Fair Value                       | \$4,811,010 |                  |
| Portfolio Weighted Average Maturity    |             | 1.06             |

Interest Rate Risk - In accordance with the investment policy, the City manages its exposure to declines in fair values by limiting the weighted average maturity of its investment portfolio to five years, unless matched to a specified obligation or debt of the City.

Credit Risk – It is the City's policy to limit its investments that are not obligations of the U.S. Government or obligations explicitly guaranteed by the U.S. Government to investments which have the highest credit quality rating issued by nationally recognized statistical rating organizations. The City's investments in Federal Home Loan Bank, Fannie Mae, and Freddie Mac were rated AAA by Standard and Poor's and Fitch ratings and Aaa by Moody's Investors Service. Investments in STAROhio were rated AAAm by Standard & Poors. Investment in Bankers Acceptance, Federal Home Loan Bank – Discount Note and Freddie Mac – Discount Note were rated A-1+ by Standard & Poors and P-1 by Moody's Investors Service. Investments in Money Market Funds were not rated.

Concentration of Credit Risk – The City's investment policy allows investments in Federal Government Securities or Instrumentalities. The City has invested 32% in Federal Home Loan Bank, 2% in Federal Home Loan Bank – Discount Note, 23% in Fannie Mae, 18% in Freddie Mac, 10% in Freddie Mac - Discount Note, 12% in Banker

Acceptance, 2% in STAROhio, and 1% in Money Market Funds.

Custodial Credit Risk is the risk that in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. All of the City's securities are either insured and registered in the name of the City or at least registered in the name of the City.

## Note 4 – Receivables

Receivables at year end, consisted primarily of municipal income taxes, property and other taxes, intergovernmental receivables arising from entitlements, shared revenues, accrued interest on investments, interfund and accounts receivable.

No allowances for doubtful accounts have been recorded because uncollectible amounts are expected to be insignificant.

## **Property Taxes**

Property taxes include amounts levied against all real, public utility, and tangible personal property located in the City. Property tax revenue received during 2011 for real and public utility property taxes represents collections of the 2010 taxes.

2011 real property taxes are levied after October 1, 2011, on the assessed value as of January 1, 2011, the lien date. Assessed values are established by State law at 35 percent of appraised market value. 2011 real property taxes are collected in and intended to finance 2012 operations.

Public utility tangible personal property currently is assessed at varying percentages of true value; public utility real property is assessed at 35 percent of true value. 2011 public utility property taxes became a lien December 31, 2010, are levied after October 1, 2011, and are collected in 2012 with real property taxes.

The tax on telephone and telecommunications property will be eliminated by calendar year 2011. The tax is phased out by reducing the assessment rate on the property each year. House Bill No. 66 was to hold governments harmless by replacing a portion of the revenue lost by the City due to the phasing out of the tax. In calendar years 2006-2012, the City will be fully reimbursed for the lost revenue. In calendar years 2013-2017, the reimbursements will be phased out.

The assessed values of real and tangible personal property upon which current year property tax receipts were based are as follows:

|                | Amount        |
|----------------|---------------|
| Real Property  | \$274,291,220 |
| Public Utility | 3,605,980     |
| Total          | \$277,897,200 |

Real property taxes are payable annually or semi-annually. The first payment is due January 20 with the remainder payable by June 20.

Tangible personal property taxes paid by multi-county taxpayers are due September 20. Single county taxpayers may pay annually or semi-annually. If paid annually, payment is due April 30; if paid semi-annually, the first payment is due April 30; with the remainder payable by September 20.

The County Treasurer collects property taxes on behalf of all taxing districts in the county, including the City. The County Auditor periodically remits to the City its portion of the taxes collected. Accrued property taxes receivable represent real and tangible personal property taxes, public utility taxes and outstanding delinquencies which are measurable as of year end for which there is an enforceable legal claim. Although total property tax collections for the next year are measurable, amounts to be received during the available period are not subject to reasonable estimation at year end, nor were they levied to finance current year operations. The receivable is therefore offset by deferred revenue.

#### **Income Taxes**

The City levies a tax of .8% on all salaries, wages, commissions and other compensation and on net profits earned within the City as well as on incomes of residents earned outside the City.

Employers within the City withhold income tax on employee compensation and remit at least quarterly. Corporations and other individual taxpayers pay estimated taxes quarterly and file an annual declaration.

#### **Note 5 - Risk Management**

The City is one of twenty members of a joint insurance pool, Miami Valley Risk Management Association, Inc. (MVRMA), with the cities of Englewood, Bellbrook and Centerville added in 2004. The pool has been operational since December 1, 1988, and was formed according to Section 2744.081 of the Ohio Revised Code. This joint venture covers all property, crime, liability, boiler and machinery, and public official liability up to the limits stated below. It is intended to provide broad-based coverage up to the various limits with increased emphasis on safety and loss prevention.

MVRMA is a corporation governed by a twenty member board of trustees, consisting of a representative appointed by each of the member cities. The board of trustees elects the officers of the corporation, with each trustee having a single vote. The board is responsible for its own financial matters and the corporation maintains its own book of accounts. Budget and financing of MVRMA is subject to the approval of the board.

Excess insurance coverage will cover additional claims up to the limits listed below:

General Liability: \$10,000,000/occurrence Automobile Liability: \$10,000,000/occurrence

MVRMA self-insured \$500,000/occurrence. MVRMA obtained

reinsurance from Government Entities Mutual Inc. (GEM) for \$1.5 million excess \$500,000, and from General Reinsurance Corporation for \$8 million excess \$2 million.

Police Professional Liability: \$10,000,000/occurrence

MVRMA self-insured \$500,000/occurrence. MVRMA obtained reinsurance from Government Entities Mutual Inc. (GEM) for \$1.5 million excess \$500,000, and from General Reinsurance Corporation for \$8 million excess \$2 million.

Employment Practices Liability and Public Officials Liability Including Employee Benefits Liability

MVRMA self-insured \$500,000/occurrence. MVRMA obtained reinsurance from Government Entities Mutual Inc. (GEM) for \$1.5 million excess \$500,000, and from General Reinsurance Corporation for \$8 million excess \$2 million - Annual aggregate \$10 million per member

Property (effective 7/1/11-7/1/12):

specific

Member Deductible/Occurrence - \$2,500

The Financial Audit for 2011 has not been completed yet. Figures from the audited 2010 Financial Audit are as follows:

| Current Assets        | \$ 9,621,93 | 8 |
|-----------------------|-------------|---|
| Total Assets          | \$18,829,05 | 6 |
| Current Liabilities   | \$ 7,314,10 | 1 |
| Long-Term Liabilities | \$          | 0 |
| Net Assets            | \$11.514.95 | 5 |

MVRMA estimates that member cities are paying approximately 35% less for coverage through MVRMA than would be paid under a commercial insurance program.

There has been no material change in this coverage from the prior year. Settled claims have not exceeded this commercial coverage in any of the past three years.

#### **Self-Insurance**

The City has a self-insured group health insurance program for employees and their eligible dependents. This program is accounted for in the General Fund. The claims liability of \$31,570 reported in the fund at year end based on the requirements of GASB Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. Changes in the fund's claims liability amounts were as follows:

|             |                  | Current          |                 |            |
|-------------|------------------|------------------|-----------------|------------|
|             | Beginning of     | Claims and       |                 | Balance at |
|             | Fiscal Year      | Changes in       | Claims          | Fiscal     |
| Fiscal Year | <u>Liability</u> | <u>Estimates</u> | <u>Payments</u> | Year-End   |
| 2011        | \$96,119         | \$719,652        | (\$784,201)     | \$31,570   |
| 2010        | 102,439          | 750,632          | (756,952)       | 96,119     |

All claims are due and payable as of year end.

Depreciation expense was charged to governmental functions as follows:

| General Government         | \$84,949  |
|----------------------------|-----------|
| Public Safety              | 174,803   |
| Leisure Time               | 152,149   |
| Community Development      | 117,548   |
| Transportation             | 237,579   |
| Total Depreciation Expense | \$767,028 |

## **Note 7 – Compensated Absences**

In accordance with GASB Statement 16, the City accrues certain portions of unpaid sick leave and vacation pay as payment becomes probable. Each full-time, permanent employee is credited with 10 hours of sick leave per calendar month of service, to a maximum of 120 hours per year. Sick leave credit may be accumulated to a maximum of 2,500 hours for police department employees and 2,225 hours for all other employees. Upon retirement, employees are paid for a maximum of two-thirds of unused accumulated sick leave, provided however, that no more than 1,072 hours may be paid regardless of the accumulated amount.

All full-time employees earn vacation at varying rates based upon length of service. An employee's vacation must be used during the period in which it is earned unless the City Manager allows the balance to be carried over to the following year. Upon separation from the City, the employee (or his/her estate) is paid for his/her accumulated unused vacation leave balance. As of December 31, 2011, the liability for unpaid compensation absences was \$674,641. \$26,318 is reported in the Enterprise fund.

#### Note 8 – Long-Term Debt

A schedule of changes in bonds and other long-term obligations of the City during the current year follows:

|  | Issue   | Maturity | Interest    | Beginning    |           |             | Ending       | Due Within |
|--|---------|----------|-------------|--------------|-----------|-------------|--------------|------------|

| Compensated Absences                            |         |         | _            | 19,704      | 7,911   | (1,297)     | 26,318      | 2,309     |
| Total Business-Type Activities                  |         |         | =            | \$6,255,710 | \$7,911 | (\$435,019) | \$5,828,602 | \$442,307 |

The City's bonds and notes will be paid from the Public Facility Note Retirement Fund, Property Acquisition Note Retirement Fund, Capital Improvement Fund and Waterworks Fund. The Police Pension Liability will be paid from the General Fund. Compensated Absences will be paid from the fund from which the person is paid. Historically, this is the General Fund or a Special Revenue Fund.

Principal and interest requirements to retire the City's general obligation debt and notes outstanding at year end are as follows:

| Year Ending |              |             |              |
|-------------|--------------|-------------|--------------|
| December 31 | Principal    | Interest    | Total        |
|             |              |             |              |
| 2012        | \$1,079,543  | \$688,093   | \$1,767,636  |
| 2013        | 1,098,161    | 654,233     | 1,752,394    |
| 2014        | 1,141,584    | 618,827     | 1,760,411    |
| 2015        | 1,155,264    | 578,441     | 1,733,705    |
| 2016        | 1,189,205    | 534,351     | 1,723,556    |
| 2017-2021   | 6,271,850    | 1,930,392   | 8,202,242    |
| 2022-2026   | 4,505,000    | 796,732     | 5,301,732    |
| 2027-2029   | 1,245,000    | 113,060     | 1,358,060    |
|             |              |             |              |
| Total       | \$17,685,607 | \$5,914,129 | \$23,599,736 |

Principal and interest requirements to retire the City's Police Pension Liability outstanding at year end are as follows:

| Year Ending |           |          |           |
|-------------|-----------|----------|-----------|
| December 31 | Principal | Interest | Total     |

| 2032-2035   | 35,744    | 3,071    | 38,815    |
|             |           |          |           |
| Total       | \$165,788 | \$97,743 | \$263,531 |

## **Note 9 – Pension Plans**

## **Ohio Public Employees Retirement System**

Ohio Public Employees Retirement System (OPERS) administers three separate pension plans, a Traditional Pension Plan (TP), a Member-Directed Plan (MD) and a Combined Plan (CO). The TP Plan is a cost-sharing multiple-employer defined benefit pension plan. The MD Plan is a defined contribution plan in which member invests both member and employer contributions (employer contributions vest over five years at 20% per year). Under the MD Plan members accumulate retirement assets equal to the value of member and (vested) employer contributions plus any investment earnings. The CO Plan is a cost sharing, multiple-employer defined benefit pension plan. Under the CO Plan, OPERS invests employer contributions to provide a formula retirement benefit similar in nature to the TP Plan benefit. Member contributions, the investment of which is self-directed by the members, accumulate retirement assets in a manner similar to the MD Plan.

OPERS provides retirement, disability, survivor and death benefits and annual cost of living adjustments to members of the TP and CO Plans. Members of the MD Plan do not qualify for the ancillary benefits. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report. Interested parties may obtain a copy by writing to the OPERS, 277 East Town Street, Columbus, Ohio 43215-4642 or by calling 614-222-5601 or 800-222-7377, or by visiting the OPERS website at <a href="https://www.opers.org">www.opers.org</a>.

The Ohio Revised Code provides statutory authority for member and employer contributions. Plan members and employer contributions rates were consistent across all three plans. Plan members are required to contribute 10% of their annual covered salary to fund pension obligations. The employer pension contribution rate for the City is 14% of covered payroll. The contribution rates are determined actuarially. The City's required contributions to OPERS for the years ended December 31, 2011, 2010 and 2009 were \$363,782, \$372,941, and \$377,375 respectively. The full amount has been contributed for 2010 and 2009, and 92 percent has been contributed for 2011.

#### **Ohio Police and Fire Pension Fund**

The City contributes to the Ohio Police and Fire Pension Fund (OP&F), a cost-sharing multiple employer defined benefit pension plan. OP&F provides retirement and disability pension benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by the Ohio State Legislature and are codified in Chapter 742 of the Ohio Revised Code. OP&F issues a publicly available financial report that includes financial information and required supplementary information. That report may be obtained by writing to OP&F, 140 East Town Street, Columbus, Ohio 43215-5164, or by visiting the OP&F website at <a href="https://www.op-f.org">www.op-f.org</a>.

Plan members are required to contribute 10.0% of their annual covered salary, while employers (the City) are required to contribute 19.5% for police officers and 24.0% for firefighters. The City's contributions to OP&F for the years ending December 31, 2011, 2010 and 2009 were \$274,972 (police) and \$22,148 (fire), \$271,104 (police) and \$21,714 (fire), and \$259,995 (police) and \$22,004 (fire), respectively. The 72% (police) and 73% (fire) has been contributed for 2011 and the full amount has been contributed for 2010 and 2009.

## **Note 10 – Post Employment Benefits**

#### **Ohio Public Employees Retirement System**

#### Plan Description

Ohio Public Employees Retirement System (OPERS) administers three separate pension plans: The Traditional Pension Plan – a cost sharing, multiple-employer defined benefit pension plan; the Member-Directed Plan – a defined contribution plan; and the Combined Plan – a cost sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS maintains a cost-sharing multiple employer defined benefit post-employment healthcare plan, which includes a medical plan, prescription drug program and Medicare Part B premium reimbursement, to qualifying members of both the Traditional Pension and the Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits, including post-employment health care coverage.

In order to qualify for post-employment health card coverage, age-and-service retirees under the Traditional Pension and Combined Plans must have 10 or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The health care coverage provided by OPERS meets the definition of an Other Post Employment Benefit (OPEB) as described in GASB Statement 45.

The Ohio Revised Code permits, but does not mandate, OPERS to provide OPEB benefits to its eligible members and beneficiaries. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code.

OPERS issues a stand-alone financial report. Interested parties may obtain a copy by writing OPERS, 277 East Town Street, Columbus, OH 43215-4642, or by calling 614-222-5601 or 800-222-7377, or by visiting the OPERS website at <a href="https://www.opers.org">www.opers.org</a>.

# **Funding Policy**

The Ohio Revised Code provides the statutory authority requiring public employers to fund post retirement health care through their contributions to OPERS. A portion of each employer's contribution to OPERS is set aside for the funding of post retirement health care benefits.

Employer contribution rates are expressed as a percentage of the covered payroll of active members. In 2011, the City contributed at 14% of covered payroll. The Ohio Revised Code currently limits the employer contribution to a rate not to exceed 14% of covered payroll. Active members do not make contributions to the OPEB Plan.

OPERS' Post Employment Health Care Plan was established under, and is administered in accordance with, Internal Revenue Code 401(h). Each year, the OPERS Retirement Board determined the portion of the employer contribution rate that will be set aside for funding of post employment health care benefits. The portion of employer contributions allocated to the health care for members in the Traditional Plan was 4.0% during calendar year 2011. The portion of employer contributions allocated to health care for members in the Combined Plan was 6.05% during calendar year 2011. The OPERS Retirement Board is also authorized to establish rules for the payment of a portion of the health care coverage by the retiree or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected.

# Information from City's Records

The rates stated in Funding Policy, above, are the contractually required contribution rates for OPERS. The City's actual contributions for the current year, which were used to fund postemployment benefits, were \$103,933 for 2011; \$23,297 for the period January 1 through February 28, 2010, and \$112,003 for the period of March 1 through December 31, 2010; and \$49,026 for the period of January 1 through March 31, 2009, and \$109,746 for the period of April 1 through December 31, 2009. The full amount has been contributed for 2010 and 2009, and 92 percent has been contributed for 2011.

### OPERS Retirement Board Implements its Health Care Preservation Plan

The Health Care Preservation Plan (HCPP) adopted by the OPERS Board of Trustees on September 9, 2004, was effective January 1, 2007. Member and employer contribution rates increased on January 1 of each year 2006 to 2008, which allowed additional funds to be allocated to the health care plan.

### **Ohio Police and Fire Pension Fund**

### Plan Description

The City contributes to the Ohio Police and Fire Pension Fund (OP&F) sponsored healthcare program, a cost-sharing, multiple-employer defined post-employment healthcare plan administered by OP&F. OP&F provides healthcare benefits including coverage for medical, prescription drugs, dental, vision, Medicare Part B Premium and long term care to retirees, qualifying benefit recipients and their eligible dependents.

OP&F provides access to post-retirement healthcare coverage for any person who receives or is eligible to receive a monthly service, disability, or survivor benefit check or is a spouse or eligible dependent child of such person. The healthcare coverage provided by OP&F meets the definition of an Other Post Employment Benefit (OPEB) as described in GASB Statement 45.

The Ohio Revised Code allows, but does not mandate, OP&F to provide OPEB benefits. Authority for the OP&F Board of Trustees to provide healthcare coverage to eligible participants and to establish and amend benefits is codified in Chapter 742 of the Ohio Revised Code.

OP&F issues a publicly available financial report that includes financial information and required supplementary information for the Plan. That report may be obtained by writing to OP&F, 140 East Town Street, Columbus, Ohio 43215-5164, or by visiting the OP&F website at <a href="https://www.op-f.org">www.op-f.org</a>.

### Funding Policy

The Ohio Revised Code provides for contribution requirements of the participating employers and of plan members to the OP&F (defined benefit pension plan). Participating employers are required to contribute to the pension plan at rates expressed as percentages of the payroll of active pension plan members, currently, 19.5% and 24.0% of covered payroll for police and fire employers, respectively. The Ohio Revised Code states that the employer contribution may not exceed 19.5% of the covered payroll for police employer units and 24.0% of covered payroll for fire employer units. Active members do not make contributions to the OPEB Plan.

OP&F maintains funds for health care in two separate accounts. One for health care benefits under IRS Code Section 115 trust and one for Medicare Part B reimbursements administrated as an Internal Revenue Code 401(h) account, both of which are within the defined benefit pension plan, under the authority granted by the Ohio Revised Code to the OP&F Board of Trustees.

The Board of Trustees is authorized to allocate a portion of the total employer contributions made into the pension plan to the Section 115 trust and Section 401(h) account as the employer contribution for retiree healthcare benefits. For the year ended December 31, 2011, the employer contribution allocated to the health care plan was 6.75% of covered payroll. The amount of employer contributions allocated to the healthcare plan each year is subject to the Trustees' primary responsibility to ensure that pension benefits are adequately funded and is limited by the provisions of Sections 115 and 401(h).

The OP&F Board of Trustees also is authorized to establish requirements for contributions to the healthcare plan by retirees and their eligible dependents, or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected.

### <u>Information from City's Records</u>

The City's contributions to OP&F for the year ending December 31, 2011 were \$95,140 (police) and \$6,224 (fire); for the year ending December 31, 2010 were \$93,802 (police) and \$6,102 (fire); and for the year ending December 31, 2009 were \$89,958 (police) and \$6,183 (fire); respectively, and were allocated to the healthcare plan. The actual contributions for 2009 and 2010 were 100% and 72% (police) and 73% (fire) has been contributed for 2011.

### **Note 11 – Interfund Balances**

Individual fund interfund receivable, interfund payable, transfers in and transfers out balances at fiscal year-end are as follows:

|                                   | Interfund  |           | Transfers   |             |
|-----------------------------------|------------|-----------|-------------|-------------|
|                                   | Receivable | Payable   | <u>In</u>   | Out         |
| General Fund                      | \$0        | \$0       | \$14,006    | \$1,153,319 |
| Capital Improvement Fund          | 0          | 406,713   | 1,033,482   | 0           |
| <b>Equipment Replacement Fund</b> | 879,213    | 0         | 0           | 0           |
| Waterworks Fund                   | 0          | 472,500   | 0           | 0           |
| Other Governmental Funds          | 0          | 0         | 119,837     | 14,006      |
| Total All Funds                   | \$879,213  | \$879,213 | \$1,167,325 | \$1,167,325 |

\$14,006 was transferred out of the FEMA Grant Fund into the General Fund to reimburse the General Fund and eliminate the FEMA Grant Fund.

Interfund balances/transfers are used to move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and unrestricted revenues collected in the fund to finance various programs accounted for in other funds in accordance with budgetary authorizations; to segregate money for anticipated capital projects; to provide additional resources for current operations or debt service; and to return money to the fund from which it was originally provided once a project is completed.

### Note 12 – Construction and Other Commitments

The City had the following outstanding commitments at year end:

| Projects Projects                                      | Amount             |
|--|--------------------|
| 500 Wyoming Parking Lot<br>Emergency Generator Project | \$224,870<br>3,187 |
| Total  | \$228,057          |

### Note 13 – Fund Balances

Fund balance is classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the City is bound to observe constraints imposed upon the use of the resources in the government funds. The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented below:

This space intentionally left blank

| Fund Balances                 | General     | Capital<br>Improvement | Equipment<br>Replacement | Other<br>Governmental<br>Funds | Total       |
|-------------------------------|-------------|------------------------|--------------------------|--------------------------------|-------------|
| Nons pendable:                |             |                        |                          |                                |             |
| Inventory                     | \$0         | \$0                    | \$0                      | \$41,328                       | \$41,328    |
| Total Nonspendable            | 0           | 0                      | 0                        | 41,328                         | 41,328      |

### Note 14 – Change in Accounting Principles and Restatement of Fund Balance

### **Change in Accounting Principles**

For fiscal year 2011, the City has implemented Governmental Accounting Standards Board (GASB) Statement No. 54, "Fund Balance Reporting and Governmental Fund Type Definitions." GASB 54 shifts the focus of fund balance reporting from the availability of fund resources for budgeting to the extent to which the City is bound to honor constraints on the specific purposes for which amounts in funds can be spent.

### **Restatement of Fund Balance**

The implementation of GASB 54 had the following effects on fund balance of the following major and non-major (other governmental) funds of the City as they were previously reported.

|   | General<br>Fund        | Recreation<br>Fund     |
|---|------------------------|------------------------|
| Fund Balance, December 31, 2010<br>Change in Fund Structure | \$2,221,217<br>174,364 | \$174,364<br>(174,364) |
| Fund Balance, December 31, 2010 - Restated                  | \$2,395,581            | \$0                    |

See accompanying notes to the required supplementary information.

### Note 1 – Budgetary Process

All funds, except agency funds, are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriations resolution, all of which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amount Council may appropriate. The appropriations resolution is Council's authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by Council. The legal level of control has been established by Council at the object level for all funds.

The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified by the Fiscal Officer. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts on the certificate of estimated resources when the original appropriations were adopted. The amounts reported as the final budgeted amounts on the budgetary statements reflect the amounts on the final amended certificate of estimated resources issued during the year.

The appropriation resolution is subject to amendment throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriation resolution for that fund that covered the entire year, including amounts automatically carried forward from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by Council during the year.

While the City is reporting financial position, results of operations and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The Schedule of Revenues, Expenditures and Changes in Fund Balances – Budget and Actual (Non-GAAP Basis) presented for the general fund is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and GAAP basis are as follows:

- 1. Revenues are recorded when received in cash (budget) as opposed to when susceptible to accrual (GAAP).
- 2. Expenditures are recorded when paid in cash (budget) as opposed to when the liability is incurred (GAAP).
- 3. Encumbrances are treated as expenditures (budget) rather than as an assignment of fund balance (GAAP).
- 4. Some funds are reported as part of the general fund (GAAP basis as opposed to the general fund being reported alone (budget basis).

The following table summarizes the adjustments necessary to reconcile the GAAP basis statements to the budgetary basis statements for the general fund.

### **Net Change in Fund Balance**

|                          | General     |
|--------------------------|-------------|
| GAAP Basis               | \$20,168    |
| Revenue Accruals         | (117,858)   |
| Expenditure Accruals     | (239,796)   |
| Transfers In             | 170,000     |
| Transfers (Out)          | (1,050,000) |
| Encumbrances             | (289,621)   |
| Funds Budgeted Elsewhere | 1,163,866   |
| Budget Basis             | (\$343,241) |

### Note 2 – Change in Accounting Principles and Restatement of Budgetary Fund Balance

### **Change in Accounting Principles**

For fiscal year 2011, the City has implemented Governmental Accounting Standards Board (GASB) Statement No. 54, "Fund Balance Reporting and Governmental Fund Type Definitions." GASB 54 shifts the focus of fund balance reporting from the availability of fund resources for budgeting to the extent to which the City is bound to honor constraints on the specific purposes for which amounts in funds can be spent.

### **Restatement of Budgetary Fund Balance**

The implementation of GASB 54 had the following effects on the budgetary fund balance of the following major and non-major (other governmental) funds of the City as they were previously reported.

|  | General     | Funds previously included in |
|--|-------------|------------------------------|
|  | Fund        | General Fund                 |
| Budgetary Fund Balance, December 31, 2010            | \$2,018,804 | \$0                          |
| Change in Budgetary Fund Structure                   | (671,730)   | 671,730                      |
| Budgetary Fund Balance, December 31, 2010 - Restated | \$1,347,074 | \$671,730                    |

# Combining Statements And Individual Fund Schedules

### **MAJOR GOVERNMENTAL FUNDS**

**Capital Improvement -** To account for various capital projects financed by governmental funds. The Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balance are included in the Basic Financial Statements. The Schedule of Revenues, Expenditures and Changes in Fund Balance Budget and Actual (Non-GAAP Budgetary Basis) follows this page.

**Equipment Replacement -** To account for the acquisition and replacement of equipment. This fund does not generate any revenue and is financed by transfers from other funds. The Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balance are included in the Basic Financial Statements. The Schedule of Revenues, Expenditures and Changes in Fund Balance Budget and Actual (Non-GAAP Budgetary Basis) follows this page.

### NONMAJOR GOVERNMENTAL FUNDS

### **Special Revenue Funds**

Special Revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes other than debt service or capital projects. The term *proceeds of specific revenue sources* establishes that one or more specific restricted or committed revenues should be the foundation for a special revenue fund.

### **Debt Service Funds**

The debt service fund is used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest. Debt service funds should be used to report resources if legally mandated (i.e. debt payable from property taxes). Financial resources that are being accumulated for principal and interest maturing in future years also should be reported in debt service funds. The City has two Debt Service Funds for fiscal year 2011, the Public Facility Note Retirement Fund and the Property Acquisition Note Retirement Fund.

### NONMAJOR SPECIAL REVENUE FUNDS

### **Fund Descriptions**

**Street Construction** - Required by the Ohio Revised Code to account for that portion of the state gasoline tax and motor vehicle registration fees designated for maintenance of streets within the City.

**State Highway** - Required by the Ohio Revised Code to account for that portion of the state gasoline and motor vehicle registration fees designated for maintenance of state highways (Springfield Pike) within the City. 7.5 percent of state gasoline and auto license taxes are allocated to this fund.

**Criminal Activity Forfeitures** - Established in 1988 to enable the City to retain proceeds from the sale of contraband obtained by the Police Department through property seizure. Under State law, disbursements may be made from the fund only to pay the costs of investigations, technical training, matching funds for federal grants or other appropriate law enforcement purposes.

**Drug Offenders -** To account for monies acquired through mandatory fines imposed on felony drug traffic offenders and forfeited bail monies.

**DUI Enforcement** - Established in 1991 to receive fines imposed upon DUI offenders. Under state law, disbursements may be made from this fund for law enforcement purposes related to informing the public of laws governing the operation of a motor vehicle while under the influence of alcohol, and other information relating to the operation of a motor vehicle and the consumption of alcoholic beverages.

**Mayor's Court Computer** - To account for monies received from court fines. Monies generated under this fund shall be used for computer related expenses of the Court.

**FEMA Firefighter Grant** - To account for monies received from the proceeds of the City's FEMA Firefighter grant. Monies from this grant will be used for firefighting expenses (training, etc.).

**Law Enforcement** - To account for monies received from the proceeds of the City's law enforcement activities, which participate with federal agencies in the arrest, and seizure of assets.

**FEMA Grant** - To account for monies received through the Federal Emergency Management Agency.

#### OTHER GENERAL FUNDS

With the implementation of GASB Statement No. 54, certain funds that the City prepares legally adopted budgets for no longer meet the definition to be reported as Special Revenue funds and have been included with the General Fund in the governmental fund financial statements. The City has only presented the budget schedules for these funds.

#### **Fund Descriptions**

**Recreation Fund** – To account for the City's operation of recreation programs. Revenues are derived from recreation fees, memberships, admissions, etc. Expenditures include personnel as well as operating expenses.

**Green Areas Trust Fund** – To account for the care, maintenance, and administration of the green areas, woods, bird sanctuaries, and walking trails in the City of Wyoming.

**Retirement Reserve Fund** – To reserve funds for the accrued liability associated with retirement benefits primarily unused accumulated sick leave.

**Health/Life Insurance Fund** – To account for payment of claims and premiums and the general administration of the health and life coverage provided to City employees.

#### **NONMAJOR FUNDS**

<u>Fiduciary Funds</u>: Fiduciary fund types are used to account for assets held by the City in a trustee capacity or as an agent for individuals, private organizations, other governmental units and/or other funds.

#### **Fund Descriptions**

**Agency Fund - Sewer** - To account for all revenues collected for the Metropolitan Sewer District (MSD) for provision of sewer service to the citizens of Wyoming and to record sewer service charges paid to MSD.

**Agency Fund - Mayor's Court** - To account for funds that flow through the Mayor's Court Office.

## STATISTICAL SECTION

#### STATISTICAL SECTION

This part of the City's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

#### **Contents**

**Financial Trends** - These schedules contain trend information to help the reader understand how the City's financial position has changed over time.

**Revenue Capacity** - These schedules contain information to help the reader understand and assess the City's most significant local revenue source, the income tax.

**Debt Capacity** - These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.

**Economic and Demographic Information** - These schedules offer economic and demographic indicators to help the reader understand the environment within which the City's financial activities take place and to provide information that facilitates comparisons of financial information over time and among governments.

**Operating Information** - These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.

**Sources -** Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year. The City implemented GASB Statement 34 in fiscal year 2003; schedules presenting government-wide information include information beginning in that fiscal year.

(1) - Both Tangible Personal Property and Public Utility Personal Property are expected to further decrease over the next three years due to a change made by the State of Ohio in its tax structure. Currently the State is reimbursing the City for these lost revenues and plans to reimburse 100% of these losses through 2010 at which time the reimbursement is expected to be reduced until 2017.

Note: The assessed value of real property (including public utility real property) is 35 percent of estimated true value. Personal property tax is assessed on all tangible personal property used in business in Ohio. The assessed value of public utility personal property ranges from 25 percent of true value for railroad property to 88 percent for electric transmission and distribution property. General business tangible personal property is assessed at 25 percent for everything except inventories, which are assessed at 23 percent. Property is assessed annually.

The tangible personal property values associated with each year are the values that, when multiplied by the applicable rates, generated the property tax revenue to be received in that year. For real property, the amounts generated by multiplying the assessed values by the applicable rates would be reduced by the 10 percent, 2 1/2 percent and homestead exemptions before being billed.
