INDEPENDENT ACCOUNTANTS' REPORT

Edon Northwest Local School District
Williams County
802 West Indiana Street
Edon, Ohio 43518-9627

To the Board of Education:

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Edon Northwest Local School District, Williams County, Ohio (the District), as of and for the year ended June 30, 2011, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinions.

Ohio Administrative Code § 117-2-03 (B) requires the District to prepare its annual financial report in accordance with accounting principles generally accepted in the United States of America. However, as discussed in Note 2.C., the accompanying financial statements and notes follow the cash accounting basis. This is a comprehensive accounting basis other than generally accepted accounting principles. The accompanying financial statements and notes omit assets, liabilities, fund equities, and disclosures that, while material, we cannot determine at this time.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective cash financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Edon Northwest Local School District, Williams County, Ohio, as of June 30, 2011, and the respective changes in cash financial position, thereof and the budgetary comparison for the General fund for the year then ended in conformity with the basis of accounting Note 2.C describes.

As described in Note 3 to the financial statements, for the year ended June 30, 2011, the District revised its financial presentation from reporting in accordance with accounting principles generally accepted in the United States of America to reporting on the cash basis of accounting. The District also implemented Governmental Accounting Standards Board (GASB) Statement No. 54, "Fund Balance Reporting and Governmental Fund Type Definitions".

In accordance with *Government Auditing Standards*, we have also issued our report dated February 14, 2012, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance, and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

We conducted our audit to opine on the District's financial statements taken as a whole. Management's Discussion and Analysis includes tables of net assets, changes in net assets, and governmental activities. The federal awards receipts and expenditure schedule (the Schedule) is required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. These tables and the Schedule provide additional information, but are not part of the basic financial statements. However these tables and the Schedule are management's responsibility, and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. These tables and the Schedule were subject to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, in accordance with auditing standards generally accepted in the United States of America. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole. Other than the aforementioned procedures applied to the tables, we applied no procedures to any other information in Management's Discussion and Analysis, and we express no opinion or any other assurance on it.

**MANAGEMENT DISCUSSION AND ANALYSIS
FOR FISCAL YEAR ENDED JUNE 30, 2011
UNAUDITED**

The discussion and analysis of the financial performance of Edon Northwest Local School District (the District) provides an overall review of the District's financial activities for the fiscal year ended June 30, 2011. The intent of this discussion and analysis is to look at the District's financial performance as a whole; readers should also review the basic financial statements and notes to enhance their understanding of the District's financial performance.

Financial Highlights

Key financial highlights for fiscal year 2011 are as follows:

Net assets increased \$152,026.

General revenues accounted for \$5,045,969, or 73 percent of all revenues. Program specific revenues in the form of operating grants and contributions accounted for \$1,831,169, or 27 percent of total revenues of \$6,877,138.

The District's major funds included the General fund and the Bond Retirement fund.

The General fund had \$5,245,488 in revenues and other financing sources and \$5,112,204 in expenditures and other financing uses. The General fund's balance increased \$133,284 from the prior fiscal year.

The Bond Retirement fund had \$366,331 in revenues and \$393,290 in expenditures. The Bond Retirement fund's balance decreased \$26,959 from the prior fiscal year. The revenue generated from the Bond Retirement fund is used to pay for the current portion of bonded debt.

Using the Basic Financial Statements

This annual report consists of a series of financial statements and notes to those statements. The statements are organized so the reader can understand the District as a financial whole, or as an entire operating entity.

The statement of net assets and the statement of activities provide information about the activities of the whole District, presenting both an aggregate view of the District's finances and a longer-term view of those finances.

Fund financial statements provide a greater level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the District's most significant funds, with all other non-major funds presented in total in a single column.

For the District, the General fund is by far the most significant fund. The General fund and the Bond Retirement fund are the only two major funds.

Reporting the District as a Whole

Statement of Net Assets and Statement of Activities

The statement of net assets and the statement of activities, both reported on the cash basis, reflect how the District performed financially during fiscal year 2011. These statements are reported on a cash basis of accounting which reflects receipts and disbursements when cash is received or disbursed.

These statements report the District's net assets and changes in those assets. This change in net assets is important because it tells the reader whether the financial position of the District, as a whole, has

WILLIAMS COUNTY**

increased or decreased from the prior fiscal year. Over time, these increases and/or decreases are one indicator of whether the financial position is improving or deteriorating. Causes for these changes may be the result of many factors, some financial, some not. Non-financial factors include the District's property tax base, current property tax laws in Ohio restricting revenue growth, facility conditions, required educational programs, and other factors.

In the cash basis statement of net assets and the statement of activities, the District discloses a single type of activity, its governmental activities, which includes all of the District's programs and services, are reported here including instruction, support services, non-instructional services, and extracurricular activities. These services are primarily funded by property tax revenues and from intergovernmental revenues, including federal and state grants and other shared revenues.

Reporting the District's Most Significant Funds

Fund Financial Statements

Fund financial statements provide detailed information about the District's major funds. While the District uses many funds to account for its financial transactions, the fund financial statements focus on the District's most significant funds. The District's major funds are the General fund and the Bond Retirement fund.

Governmental Funds - Most of the District's activities are reported in governmental funds, which focus on how monies flow into and out of those funds and the balances left at fiscal yearend for spending in future periods. These funds are reported using the cash basis of accounting. The governmental fund statements provide a detailed short-term view of the District's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or less financial resources that can be spent in the near future to finance educational programs.

Fiduciary Funds – Fiduciary funds are used to account for resources held for the benefit of parties outside the District. Fiduciary funds are not reflected on the government-wide financial statements because the resources from these funds are not available to support the District's programs. These funds use the cash basis of accounting.

The major program disbursements for governmental activities are for instruction, which accounts for 48 percent of all governmental disbursements. Other programs which support the instruction process, including pupils, instructional staff, and pupil transportation account for 17 percent of governmental disbursements. Maintenance of the District's facilities also represents a significant disbursement of 10 percent. The remaining 25 percent of the District's disbursements are related to the primary functions of

delivering education and providing facilities. These costs are funded almost entirely from property taxes and grants and entitlements.

Governmental Activities

Table 3 indicates the total cost of services and the net cost of services for governmental activities. The statement of activities reflects the cost of program services and the charges for services and sales, grants, and contributions offsetting those services. The net cost of services identifies the cost of those services supported by tax revenues and unrestricted state entitlements.

The dependence upon tax revenues and unrestricted state entitlements for governmental activities is apparent. Over 62 percent of instruction activities are supported through taxes and other general revenues. For all governmental activities, support from general revenues is 73 percent. The remaining 27 percent is derived from tuition and fees, specific grants, and donations.

The District's Funds

The District's major governmental funds are the General fund and the Bond Retirement fund. Total governmental funds had revenues and other financing sources of \$6,941,026 and expenditures and other financing uses of \$6,789,000.

The General fund's balance increased by \$133,284 or 5.7 percent from 2010.

The Bond Retirement fund's balance decreased by \$26,959 or 4.3 percent from 2010.

General Fund Budgeting Highlights

The District's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General fund. During the course of fiscal year 2011, the District amended its General fund budget as needed.

Original and final budget revenues and other financing sources were the same. Final budget and actual revenues and other sources varied by 5.8 percent.

Original and final budgeted expenditures and other financing uses varied by less than one percent. Final expenditures and other financing uses were budgeted at \$5,746,907 while actual expenditures and other financing uses were \$5,146,359. The \$600,548 difference is primarily due to a conservative "worst case scenario" approach. The District over-appropriates in case significant, unexpected expenditures arise during the fiscal year.

Debt Administration

Debt

At June 30, 2011, the District had \$2,823,746 in school improvement general obligation bonds for building improvements to the former high school / middle school building and the new District school building. The bonds were issued for a twenty-three year period, with final maturity on December 1, 2024. The bonds are being retired through the Bond Retirement fund.

At June 30, 2011, the District's overall legal debt margin was \$3,984,405, with an un-voted debt margin of \$68,890.

For further information regarding the District's debt, see the notes to the basic financial statements.

Current Issues

The District is holding its own in the state of a declining economy and uncertainty in State funding. Edon Northwest Area is a small rural community of 3,200 people in Northwest Ohio. It has a number of small and medium businesses with agriculture having a contributing influence on the economy.

The District is currently operating in the second year of the state biennium budget. 34.3% of District revenue sources are from local funds, 55.3% is from state funds, and the remaining 10.4% percent is from federal funds. The total expenditure per pupil was calculated at \$8,850.

In November 2009, the District renewed a five-year, three mill permanent improvement levy. This levy provides a source of revenue to handle permanent improvements for the District. This frees General Fund revenue to be used for the operation of the District. However, future finances are not without challenges as our community changes and state funding is revised. A new state funding system, referred to as a Bridge Formula, has been approved and is in the process of being implemented. Under the new biennium budget, Tangible Personal Property Tax Reimbursements are being phased out over 2 years. Because of this phase out, the district will lose approximately \$335,000 in reimbursement payments over the next 2 years.

FOR THE FISCAL YEAR ENDED JUNE 30, 2011**

1. DESCRIPTION OF THE SCHOOL DISTRICT AND REPORTING ENTITY

Edon Northwest Local School District (the District) is a body politic and corporate established for the purpose of exercising the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. Edon Northwest Local School District is a local school district as defined by §3311.03 of the Ohio Revised Code. The District operates under an elected Board of Education (5 members) and is responsible for the provision of public education to residents of the District. The Board oversees the operations of the District's two instructional/support facilities staffed by 32 non-certified and 46 certified full-time teaching personnel who provide services to 655 students and other community members.

The Reporting Entity

A. Primary Government

The reporting entity is comprised of the primary government, component units, and other organizations that are included to insure that the financial statements of the District are not misleading. The primary government consists of all funds, departments, boards, and agencies that are not legally separate from the District. This includes general operations, food service, and student related activities of the District.

B. Component Units

Component units are legally separate organizations for which the District is financially accountable. The District is financially accountable for an organization if the District appoints a voting majority of the organization's governing board and (1) the District is able to significantly influence the programs or services performed or provided by the organization; or (2) the District is legally entitled to or can otherwise access the organization's resources; the District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the District in that the District approves the budget, the issuance of debt, or the levying of taxes. Component units also include legally separate, tax-exempt entities whose resources are for the direct benefit of the District, are accessible to the District, and are significant in amount to the District. The District does not have any component units.

C. Jointly Governed Organizations and Purchasing Pools

The District is associated with eight organizations, which are defined as jointly governed organizations and group purchasing pools. These organizations include the Northwest Ohio Computer Association, the Northern Buckeye Education Council, the Four County Career Center, the Northwestern Ohio Educational Research Council, Inc., the Northwest Ohio Special Education Regional Resource Center, the Northwest Ohio Regional Professional Development Center, the Northern Buckeye Education Council's Employee Insurance Benefits Program, and the Northern Buckeye Education Council Workers' Compensation Group Rating Plan. These organizations are presented in Notes 13 and 14 to the basic financial statements.

The District's management believes these financial statements present all activities for which the District is financially accountable.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

As discussed further in Note 2.C, these financial statements are presented on a cash basis of accounting. This basis of accounting differs from accounting principles generally accepted in the United States of America (GAAP). Generally accepted accounting principles include all relevant Governmental Accounting Standards Board (GASB) pronouncements, which have been applied to the extent they are applicable to the cash basis of accounting. Following are the more significant of the District's accounting policies.

A. Basis of Presentation

The District's basic financial statements consist of government-wide financial statements, including a statement of net assets, a statement of activities, and fund financial statements, which provide a more detailed level of financial information.

1. Government-Wide Financial Statements

The statement of net assets and the statement of activities display information about the District as a whole. These statements include the financial activities of the primary government, except for fiduciary funds.

The statement of net assets presents the cash balance of the governmental activities of the District at fiscal year end. The statement of activities compares disbursements with program receipts for each function or program of the District's governmental activities. Disbursements are reported by function. A function is a group of related activities designed to accomplish a major service or regulatory program for which the government is responsible. Program receipts include charges paid by the recipient of the program's goods or services, grants and contributions restricted to meeting the operational or capital requirements of a particular program, and receipts of interest earned on grants that are required to be used to support a particular program. General receipts are all receipts not classified as program receipts, with certain limited exceptions. The comparison of direct disbursements with program receipts identifies the extent to which each governmental function is self-financing on a basis or draws from the District's general receipts.

2. Fund Financial Statements

During the fiscal year, the District segregates transactions related to certain District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the District at this more detailed level. The focus of governmental fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by type.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

A fund is considered major if it is the primary operating fund of the District or meets the following criteria:

- a. Total assets, receipts, or disbursements of that individual governmental fund are at least 10 percent of the corresponding total for all funds of that category or type, and
- b. Total assets, receipts, or disbursements of that individual governmental fund are at least 5 percent of the corresponding total for all governmental funds combined.

B. Fund Accounting

The District uses funds to maintain its financial records during the fiscal year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The funds of the District are divided into two categories, governmental and fiduciary.

1. Governmental Funds:

The District classifies funds financed primarily from taxes, intergovernmental receipts (e.g., grants), and other non-exchange transactions as governmental funds. The General fund and the Bond Retirement fund are the District's major governmental funds:

General Fund - The General fund is used to account for all financial resources, except those required to be accounted for in another fund. The General fund is available to the District for any purpose provided it is expended or transferred according to the general laws of Ohio.

Bond Retirement Fund - The Bond Retirement fund is used to account for the accumulation of resources for, and the payment of long-term debt principal, interest, and related costs.

The other governmental funds of the District account for grants and other resources, and capital projects of the District whose uses are restricted to a particular purpose.

2. Fiduciary Funds

Fiduciary fund reporting focuses on net assets and changes in net assets. The fiduciary funds of the District consist of agency funds. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The District's Agency funds account for various student managed activities.

C. Basis of Accounting

Although the Ohio Administrative Code § 117-2-03(B) requires that the District's financial report to follow generally accepted accounting principles, the District chooses to prepare its financial statements and notes in accordance with the cash basis of accounting. This is a comprehensive basis of accounting other than generally accepted accounting principles.

WILLIAMS COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2011
(Continued)**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

The District's financial statements are prepared using the cash basis of accounting. Receipts are recorded in the District's financial records and reported in the financial statements when cash is received rather than when earned and disbursements are recorded when cash is paid rather than when a liability is incurred.

As a result of the use of this cash basis of accounting, certain assets and their related revenues (such as accounts receivable and revenue for billed or provided services not yet collected) and certain liabilities and their related expenses (such as accounts payable and expenses for goods or services received but not yet paid and accrued expenses and liabilities) are not recorded in these financial statements.

D. Budgetary Process

The budgetary process is prescribed by provision of the Ohio Revised Code and entails the preparation of budgetary documents within established timetable. All funds, except agency funds, are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the certificate of estimated resources and the appropriations resolution, all of which are prepared on the budgetary basis of accounting. The certificate of estimated resources establishes a limit on the amount the Board of Education may appropriate. The appropriations resolution is the Board's authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by the Board. The legal level of budgetary control selected by the Board is at the object level within the General fund and at the fund level for all other funds. Any budgetary modifications at this level may only be made by resolution of the Board of Education. Budgetary allocations below these levels are made by the District's Chief Fiscal Officer.

The certificate of estimated resources may be amended during the fiscal year if projected increases or decreases in revenue are identified by the Chief Fiscal Officer. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts on the certificate of estimated resources when the original appropriations were adopted. The amounts reported as the final budgeted amounts on the budgetary statements reflect the amounts on the amended certificate of estimated resources in effect at the time final appropriations were passed by the Board.

The appropriation resolution is subject to amendment throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriation resolution for that fund that covered the entire fiscal year, including amounts automatically carried forward from prior fiscal years.

The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the Board during the fiscal year.

The District is required to use the encumbrance method of accounting by virtue of Ohio law. Under this system, purchase orders, contracts and other commitments for the expenditure of funds are recorded in order to reserve the portion of the applicable appropriation. Expenditures plus encumbrances may not legally exceed appropriations.

WILLIAMS COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2011

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

At the close of each fiscal year, the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriations. The encumbered appropriation balance is carried forward to the succeeding fiscal year and need not be reappropriated.

E. Cash and Investments

To improve cash management, cash received by the District is pooled and invested. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through District records. Interest in the pool is presented as "equity in pooled cash and cash equivalents" on the financial statements.

For presentation on the financial statements, investments of the cash management pool and investments with original maturities of three months or less at the time they are purchased by the District are considered to be cash equivalents. Investments with an initial maturity of more than three months that are not purchased from the pool are reported as investments.

During fiscal year 2011, investments consisted of federal agency securities, a money market mutual fund, commercial paper, bankers acceptances, US treasury bills, and STAR Ohio. Investments are reported at cost, except for the money market mutual fund. The District's money market mutual fund is recorded at the amount reported by Robert W. Baird and Company at June 30, 2011.

The District has invested funds in the State Treasury Asset Reserve of Ohio (STAR Ohio) during fiscal year 2011. STAR Ohio is an investment pool managed by the State Treasurer's Office, which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAR Ohio are valued at STAR Ohio's share price, which is the price the investment could be sold for on June 30, 2011.

As authorized by Ohio statutes, the Board of Education has specified the funds to receive an allocation of interest earnings. Interest revenue credited to the General Fund during fiscal year 2011 amounted to \$14,046 and \$7,554, which were assigned from other District funds.

F. Inventory and Prepaid Items

The District reports disbursements for inventory and prepaid items when paid. These items are not reflected as assets in the accompanying financial statements.

G. Capital Assets

Acquisitions of property, plant, and equipment are recorded as disbursements when paid. These items are not reflected as assets in the accompanying financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

H. Compensated Absences

In certain circumstances, such as upon leaving employment or retirement, employees are entitled to cash payments for unused leave. Unpaid leave is not reflected as a liability under the District's cash basis of accounting.

I. Employer Contributions to Cost-Sharing Pension Plans

The District recognizes the disbursement for employer contributions to cost-sharing pension plans when they are paid. As described in Notes 8 and 9, the employer contributions include portions for pension benefits and for postretirement health care benefits.

J. Long-Term Obligations

The District's cash basis financial statements do not report liabilities for bonds and other long-term obligations. Proceeds of debt are reported when cash is received and principal and interest payments are reported when paid. Since recording a capital asset when entering into a capital lease is not the result of a cash transaction, neither other financing source nor capital outlay expenditure is reported at inception. Lease payments are reported when paid.

K. Interfund Transactions

Exchange transactions between funds are reported as receipts in the seller funds and as disbursements in the purchaser funds. Subsidies from one fund to another without a requirement for repayment are reported as interfund transfers. The District reports advances-in and advances-out for interfund loans. These items are not reflected as assets and liabilities in the accompanying financial statements. Interfund transfers and advances are reported as other financing sources/uses in governmental funds. Repayment from funds responsible for particular cash disbursements to the funds that initially paid for them are not presented in the financial statements.

L. Net Assets

Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. Net assets restricted for other purposes include resources restricted for food service operations, music and athletic programs, and federal and state grants restricted to cash disbursement for specified purposes. The District's policy is to first apply restricted resources when a cash disbursement is incurred for purposes for which both restricted and unrestricted net assets are available. There were no amounts restricted by enabling legislation.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

M. Fund Balance

Fund Balance is divided into five classifications based primarily on the extent to which the District is bound to observe constraints imposed upon use of the resources in governmental funds. The classifications are as follows:

Nonspendable - The nonspendable classification includes amounts that cannot be spent because they are not in spendable form or legally or contractually required to be maintained intact. The "not in spendable form" includes items that are not expected to be converted to cash.

Restricted - Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or is imposed by law through constitutional provisions.

Committed - The committed classification includes amounts that can be used only for the specific purposes imposed by a formal action (resolution) of the Board of Education. The committed amounts cannot be used for any other purpose unless the Board of Education removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned - Amounts in the assigned classification are intended to be used by the District for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds, other than the General Fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the General Fund, assigned amounts represent intended uses established by the Board of Education.

Unassigned - Unassigned fund balance is the residual classification for the General Fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

The District first applies restricted resources when an expenditure is incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications can be used.

3. CHANGE IN BASIS OF ACCOUNTING AND RESTATEMENT OF FUND BALANCE/NET ASSETS

A. Change in Basis of Accounting

For 2011, the District ceased to report using generally accepted accounting principles and reported on the cash basis as described in Note 2C.

For fiscal year 2011, the District modified its financial statements to reflect the modifications outlined in GASB Statement No. 54, "Fund Balance Reporting and Governmental Fund Type Definitions". GASB Statement No. 54 provides fund balance classifications that can be more consistently applied and clarifies the existing governmental fund type definitions. The requirements of this statement classify fund balance as nonspendable, restricted, committed, assigned, and/or unassigned.

B. Restatement of Fund Balance/Net Assets

The restatement due to the change in the basis of accounting and the implementation of GASB Statement No. 54 had the following effect on fund balance of major and nonmajor funds of the District as they were previously reported.

4. BUDGETARY BASIS OF ACCOUNTING

The budgetary basis as provided by law is based upon accounting for certain transactions on the basis of cash receipts, disbursements, and encumbrances. The Statement of Receipts, Disbursements and Changes in Fund Balance –Budgetary Basis presented for the General fund is prepared on the budgetary basis to provide a meaningful comparison of actual results with the budget.

The following table summarizes the adjustments necessary to reconcile the cash basis statement to the budget basis statement for the General fund:

Net Change in Fund Balance	General Fund
Cash Basis (as Reported)	\$133,284
Outstanding Encumbrances	(53,546)
Perspective Difference:	
Activity of Fund Reclassified for Cash Reporting Purposes	(72)
Budgetary Basis	\$79,666

5. DEPOSITS AND INVESTMENTS

Monies held by the District are classified by State statute into three categories.

Active monies are public monies determined to be necessary to meet current demands upon the District Treasury. Active monies must be maintained either as cash in the District Treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Board has identified as not required for use within the current five-year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim monies are those monies, which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts, including passbook accounts.

Interim monies held by the District can be deposited or invested in the following securities:

1. United States Treasury bills, bonds, notes, or any other obligation or security issued by the United States Treasury, or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligation or security issued by any federal government agency or instrumentality including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and to be marked to market daily, and that the term of the agreement must not exceed thirty days;

5. DEPOSITS AND INVESTMENTS (Continued)

4. Bonds and other obligations of the State of Ohio or Ohio local governments;
5. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts;
6. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) and repurchase agreements secured by such obligations provided that investments in securities described in this division are made through eligible institutions;
7. The State Treasurer's investment pool (STAR Ohio); and
8. Commercial paper and bankers acceptances if trading requirements have been met.

Investments in stripped principal or interest obligations, reverse repurchase agreements, and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage, and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the District, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions.

At year end, the District had \$100 in undeposited cash on hand which is included as part of "Equity in Pooled Cash and Cash Equivalents."

Investments

As of June 30, 2011, the District had the following investments and maturities.

<u>Investment Type</u>	<u>Balance at Fair Value</u>	<u>Less Than One Year</u>	<u>13 to 24 Months</u>	<u>25 to 36 Months</u>
Federal Home Loan Bank (FHLB) Notes	\$830,000		\$830,000	
Federal Home Loan Mortgage Corporation (FHLMC) Discount Notes	199,618	\$199,618		
Federal National Mortgage Association (FNMA) Notes	314,304		314,304	
Federal Home Loan Mortgage Corporation (FHLMC) Notes	1,689,086		1,189,745	\$499,341
US Treasury Bill	124,802	124,802		
Total Investments	<u><u>\$3,157,810</u></u>	<u><u>\$324,420</u></u>	<u><u>\$2,334,049</u></u>	<u><u>\$499,341</u></u>

Interest Rate Risk - The District has no investment policy that addresses interest rate risk. State statute requires that an investment mature within five years from the date of purchase, unless matched to a specific obligation or debt of the District, and that an investment must be purchased with the expectation that it will be held to maturity. State statute limits investments in commercial paper to a maximum maturity of 180 days from the date of purchase. Repurchase agreements are limited to 30 days and the market value of the securities must exceed the principal value of the agreement by at least 2 percent and be marked to market daily.

5. DEPOSITS AND INVESTMENTS (Continued)

Credit Risk – The following investments carry the highest ratings by Moody’s and Standard and Poor’s:

Investment Type	Moody’s	Standard & Poor’s
Federal Home Loan Bank (FHLB) Notes	Aaa	AAA
Federal Home Loan Mortgage Corporation (FHLMC) Discount Notes	Aaa	AAA
Federal National Mortgage Association (FNMA) Notes	Aaa	AAA
Federal Home Loan Mortgage Corporation (FHLMA) Notes	Aaa	AAA
First American Treasury Obligations Money Market Fund	Aaa	AAAm
STAR Ohio		AAAm

Ohio law requires that STAR Ohio maintain the highest rating provided by at least one nationally recognized standard rating service and that the money market mutual fund be rated in the highest category at the time of purchase by at least one nationally recognized standard rating service. The District has no investment policy that would further limit its investment choices.

Custodial Credit Risk - For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The FHLB notes, FHLMC discount notes, FNMA notes, and FHLMC notes are exposed to custodial credit risk in that they are uninsured, unregistered, and held by the counterparty’s trust department or agent but not in the District’s name. The District has no investment policy dealing with investment custodial risk beyond the requirement in state statute that prohibits payment for investments prior to the delivery of the securities representing such investments to the Treasurer or qualified trustee.

Concentration of Credit Risk - The District places no limit on the amount it may invest in any one issuer, however state statute limits investments in commercial paper and bankers’ acceptances to 25 percent of the interim monies available for investment at any one time. The District’s investment in FHLB notes, FHLMC discount notes, FNMA notes, and FHLMC notes represent 26 percent, 6 percent, 10 percent, and 54 percent, respectively of the District’s total investments.

6. PROPERTY TAXES

House Bill No. 66 was signed into law on June 30, 2005. House Bill No. 66 phases out the tax on tangible personal property of general businesses, telephone and telecommunications companies, and railroads. The tax on general business and railroad property was eliminated in calendar year 2009, and tax on telephone and telecommunications property will be eliminated by calendar year 2011. The tax is phased out by reducing the assessment rate on the property each year. The bill replaces the revenue lost by the District due to the phasing out of the tax. In calendar years through 2010, the District will be fully reimbursed for the lost revenue. In calendar years 2011-2017, the reimbursements will be phased out.

Property taxes are levied and assessed on a calendar year basis, while the District’s fiscal year runs from July through June. First-half tax distributions are received by the District in the second half of the fiscal year. Second-half tax distributions are received in the first half of the following fiscal year.

6. PROPERTY TAXES (Continued)

Property taxes include amounts levied against all real, public utility, and tangible personal (used in business) property located in the District. Real and public utility property tax revenues received in calendar year 2011 represent the collection of calendar year 2010 taxes. Real property taxes for 2011 were levied after April 1, 2010, on the assessed values as of January 1, 2010, the lien date. Assessed values for real property taxes are established by State statute at 35 percent of appraised market value. Real property taxes are payable annually or semiannually. If paid annually, payment is due December 31; if paid semiannually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established.

Public utility real and tangible personal property taxes for 2011 were levied after April 1, 2010, on the assessed values as of December 31, 2009, the lien date. Public utility real property is assessed at 35 percent of true value; tangible personal property is currently assessed at varying percentages of true value. Public utility property taxes are payable on the same dates as real property taxes described previously.

Tangible personal property tax revenues received in calendar year 2011 (other than public utility property) represent the collection of calendar year 2011 taxes. Tangible personal property taxes for 2011 were levied after April 1, 2010, on the value as of December 31, 2009. Tangible personal property is currently assessed at 25 percent of true value. Amounts paid by multi-county taxpayers are due September 20. Single county taxpayers may pay annually or semiannually. If paid annually, payment is due April 30; if paid semiannually, the first payment is due April 30, with the remainder payable by September 20.

The District receives property taxes from Williams County. The County Auditor periodically advances to the District its portion of the taxes collected. Second-half real property tax payments collected by the county by June 30, 2011, are available to finance fiscal year 2011 operations. The amount available to be advanced can vary based on the date the tax bills are sent.

7. RISK MANAGEMENT

A. Employee Insurance Benefits Program

The District participates in the Northern Buckeye Education Council Employee Insurance Benefits Program (the Program), a public entity shared risk pool consisting of districts within Defiance, Fulton, Henry, and Williams counties and other eligible governmental entities. The District pays monthly premiums to the Northern Buckeye Education Council for the benefits offered to its employees, which includes health, dental, and life insurance plans. The Northern Buckeye Education Council is responsible for the management and operations of the program. The agreement for the Program provides for additional assessments to participants if the premiums are insufficient to pay the program costs for the fiscal year. Upon withdrawal from the Program, a participant is responsible for any claims not processed and paid and any related administrative costs.

B. Workers' Compensation Group Program

The District participates in the Northern Buckeye Education Council Workers' Compensation Group Rating Plan (the Plan), an insurance purchasing pool (Note 14). The Plan is intended to reduce premiums for the participants. The workers' compensation experience of the participating districts is calculated as one experience and a common premium rate is applied to all districts in the Plan. Each participant pays its workers' compensation premium to the State based on the rate for the Plan rather than its individual rate.

Participation in the Plan is limited to educational entities that can meet the Plan's selection criteria. Each participant must apply annually. The Plan provides the participants with a centralized program for the processing, analysis and management of workers' compensation claims and a risk management program to assist in developing safer work environments. Each participant must pay its premiums, enrollment or other fees, and perform its obligations in accordance with the terms of the agreement.

C. Comprehensive

The District maintains comprehensive insurance coverage with private carriers for liability, real property, building contents, and vehicles. Vehicle policies include liability coverage for bodily injury and property damage. In addition, real property contents are 90 percent coinsured. Settled claims have not exceeded the amount of commercial coverage in any of the past three years, and there has been no significant reduction in the amount of insurance coverage's from last year.

8. DEFINED PENSION BENEFIT PLANS

A. School Employee Retirement System

Plan Description - The District contributes to the School Employees Retirement System (SERS), a cost-sharing multiple employer pension plan. SERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report can be obtained by visiting the SERS website at www.ohsers.org, under Forms and Publications.

8. DEFINED PENSION BENEFIT PLANS (Continued)

Funding Policy - Plan members are required to contribute 10 percent of their annual covered salary and the District is required to contribute 14 percent of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended up to statutory maximum amounts by the SERS Retirement Board. The Retirement Board acting with the advice of the actuary, allocates the employer contribution rate among four of the funds (Pension Trust Fund, Death Benefit Fund, Medicare B Fund, and Health Care Fund) of the System. For fiscal year ending June 30, 2011, the allocation to pension and death benefits is 11.81 percent. The remaining 2.19 percent of the 14 percent employer contribution rate is allocated to the Health Care and Medicare B Funds. The District's required contribution to SERS for the years ended June 30, 2011, 2010 and 2009 were \$129,977, \$128,330 and \$86,063 respectively; 63 percent has been contributed for fiscal year 2011 and 100 percent for fiscal years 2010 and 2009.

B. State Teachers Retirement System

Plan Description - The District participates in the State Teachers Retirement System of Ohio (STRS Ohio), a cost-sharing, multiple employer public employee retirement plan. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a stand-alone financial report that may be obtained writing to STRS Ohio, 275 East Broad Street, Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS Ohio Web site at www.strsoh.org.

New members have a choice of three retirement plans, a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. The DB plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on a member's lifetime contributions and earned interest matched by STRS Ohio funds divided by an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5 percent of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal. The Combined Plan offers features of both the DC Plan and the DB Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The DB portion of the Combined Plan payment is payable to a member on or after age 60; the DC portion of the account may be taken as a lump sum or converted to a lifetime monthly annuity at age 50. Benefits are established by Chapter 3307 of the Ohio Revised Code.

A DB or Combined Plan member with five or more years credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy - For the fiscal year ended June 30, 2011, plan members were required to contribute 10 percent of their annual covered salaries. The District was required to contribute 14 percent; 13 percent was the portion used to fund pension obligations. For fiscal year 2011, the portion used to fund pension obligations was 13 percent. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions.

As of June 30, 2011, two members of the Board of Education have elected Social Security. The contribution rate is 5.2 percent of wages.

9. POSTEMPLOYMENT BENEFITS

A. School Employee Retirement System

Postemployment Benefits – In addition to a cost-sharing multiple-employer defined benefit pension plan the School Employees Retirement System of Ohio (SERS) administers two postemployment benefit plans.

Medicare Part B Plan – The Medicare Part B plan reimburses Medicare Part B premiums paid by eligible retirees and beneficiaries as set forth in Ohio Revised Code (ORC) 3309.69. Qualified benefit recipients who pay Medicare Part B premiums may apply for and receive a monthly reimbursement from SERS. The reimbursement amount is limited by statute to the lesser of the January 1, 1999 Medicare Part B premium or the current premium. The Medicare Part B monthly premium for calendar year 2011 was \$96.40 for most participants, but could be as high as \$369.10 per month depending on their income. SERS' reimbursement to retirees was \$45.50.

The Retirement Board, acting with advice of the actuary, allocates a portion of the employer contribution to the Medicare B Fund. For 2011, this actuarially required allocation was 0.76 percent of covered payroll. The District's contributions for Medicare Part B for the fiscal years ended June 30, 2011, 2010 and 2009 was \$8,364, \$7,632 and \$7,101, respectively; 63 percent has been contributed for fiscal year 2011 and 100 percent for fiscal years 2010 and 2009

Health Care Plan – ORC 3309.375 and 3309.69 permit SERS to offer health care benefits to eligible retirees and beneficiaries. SERS' Retirement Board reserves the right to change or discontinue any health plan or program. SERS offers several types of health plans from various vendors, including HMOs, PPOs, Medicare Advantage and traditional indemnity plans. A prescription drug program is also available to those who elect health coverage. SERS employs two third-party administrators and a pharmacy benefit manager to manage the self-insurance and prescription drug plans, respectively.

The ORC provides the statutory authority to fund SERS' postemployment benefits through employer contributions. Active members do not make contributions to the postemployment benefit plans.

9. POSTEMPLOYMENT BENEFITS (Continued)

The Health Care Fund was established under, and is administered in accordance with Internal Revenue Code § 105(e). Each year after the allocation for statutorily required benefits, the Retirement Board allocates the remainder of the employer 14% contribution to the Health Care Fund. For the year ended June 30, 2011, the health care allocation is 1.43%. An additional health care surcharge on employers is collected for employees earning less than an actuarially determined minimum compensation amount, pro-rated according to service credit earned. State law provides that no employer shall pay a health care surcharge greater than 2% of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5% of the total statewide SERS-covered payroll for the health care surcharge. For fiscal year 2011, the minimum compensation level was established at \$35,800. The surcharge, added to the unallocated portion of the 14% employer contribution rate is the total amount assigned to the Health Care Fund. The District's contributions assigned health care for the years ended June 30, 2011, 2010, and 2009 were \$30,148, \$16,340, and \$52,888, respectively; 33 percent has been contributed for fiscal year 2011 and 100 percent for fiscal years 2010 and 2009.

The SERS Retirement Board establishes the rules for the premiums paid by the retirees for health care coverage for themselves and their dependents or for their surviving beneficiaries. Premiums vary depending on the plan selected, qualified years of service, Medicare eligibility, and retirement status.

The financial reports of SERS' Health Care and Medicare B plans are included in its Comprehensive Annual Financial Report. The report can be obtained on SERS' website at www.ohsers.org under Employers/Audit Resources.

B. State Teachers Retirement System

Plan Description – The District contributes to the cost sharing multiple employer defined benefit Health Plan administered by the State Teachers Retirement System of Ohio (STRS Ohio) for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS Ohio. Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare Part B premiums. The Plan is included in the report of STRS Ohio which may be obtained by visiting www.strsoh.org or by calling (888) 227-7877.

Funding Policy – Ohio law authorizes STRS Ohio to offer the Plan and gives the Retirement Board authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. Active employee members do not contribute to the Plan. All benefit recipients pay a monthly premium.

Under Ohio law, funding for post-employment health care may be deducted from employer contributions. For 2011, STRS Ohio allocated employer contributions equal to 1 percent of covered payroll to the Health Care Stabilization Fund. The District's contributions for health care for the fiscal years ended June 30, 2011, 2010, and 2009 were \$24,663, \$25,665, and \$25,509 respectively; 84 percent has been contributed for fiscal year 2011 and 100 percent for fiscal years 2010 and 2009.

Employees earn vacation at rates specified under State of Ohio law and based on credited service. Eleven employees with one or more years of service are entitled to vacation ranging from 10 to 20 days. Certain employees are permitted to carry over vacation leave earned in the current year into the next year.

All employees are entitled to a sick leave credit equal to one and one-quarter days for each month of service (earned on a pro rata basis for less than full-time employees). This sick leave will either be absorbed by time off due to illness or injury or, within certain limitations, be paid to the employee upon retirement. 14. GROUP PURCHASING POOLS

A. NBEC Employee Insurance Benefits Program

Northern Buckeye Education Council Employee Insurance Benefits Program (the Pool) is a public entity shared risk pool consisting of educational entities located in Defiance, Fulton, Henry, and Williams counties. The Pool is governed by the Northern Buckeye Education Council and its participating members. Total disbursements made by the District to NBEC for employee insurance benefits during fiscal year ending June 30, 2011 were \$498,612. Financial information can be obtained from Northern Buckeye Education Council, Robin Pfund, who serves as Treasurer, at 209 Nolan Parkway, Archbold, Ohio 43502.

B. NBEC Workers' Compensation Group Rating Plan

The District participates in a group-rating plan for workers' compensation as established under Section 4123.29 of the Ohio Revised Code. The Northern Buckeye Education Council Workers' Compensation Group Rating Plan (WCGRP) was established through the Northern Buckeye Education Council (NBEC) as an insurance purchasing pool. The WCGRP is governed by the Northern Buckeye Education Council and the participating members of the WCGRP. The Executive Director of the NBEC coordinates the management and administration of the program. During fiscal year ending June 30, 2011, the District paid an enrollment fee of \$676 to the WCGRP to cover the costs of administering the program.

15. CONTINGENCIES

A. Grants

The District received financial assistance from federal and state agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies.

Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the District at June 30, 2011.

B. Litigation

There are currently no matters in litigation with the District as defendant.

16. INTERFUND TRANSACTIONS

During the year ended June 30, 2011, the General fund transferred \$44,597 to the IDEA-B Fund which is a Non-Major Governmental fund. The transfer was made to subsidize the fund due to special education expenditures exceeding grant funding.

The General fund advanced \$19,291 to the Race to the Top Non-Major Governmental fund to cover costs until the anticipated grant revenues are received which is expected in 2012.

INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

Edon Northwest Local School District
Williams County
802 West Indiana Street
Edon, Ohio 43518-9627

To the Board of Education:

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Edon Northwest Local School District, Williams County, Ohio (the District), as of and for the year ended June 30, 2011, which collectively comprise the District's basic financial statements and have issued our report thereon dated February 14, 2012, wherein we noted the District changed its accounting basis from accounting principles generally accepted in the United States of America to the cash basis and adopted GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting as a basis for designing our audit procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of opining on the effectiveness of the District's internal control over financial reporting. Accordingly, we have not opined on the effectiveness of the District's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in more than a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and timely corrected.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider material weaknesses, as defined above.

Compliance and Other Matters

As part of reasonably assuring whether the District's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed an instance of noncompliance we must report under *Government Auditing Standards* which is described in the accompanying schedule of findings as item 2011-001.

We also noted certain matters not requiring inclusion in this report that we reported to the District's management in a separate letter dated February 14, 2012.

The District's response to the finding identified in our audit is described in the accompanying schedule of findings. We did not audit the District's response and, accordingly, we express no opinion on it.

We intend this report solely for the information and use of management, the audit committee, Board of Education, federal awarding agencies and pass-through entities, and others within the District. We intend it for no one other than these specified parties.

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

Edon Northwest Local School District
Williams County
802 West Indiana Street
Edon, Ohio 43518-9627

To the Board of Education:

Compliance

We have audited the compliance of Edon Northwest Local School District, Williams County, Ohio (the District), with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133, Compliance Supplement* that could directly and materially affect each of the District's major federal programs for the year ended June 30, 2011. The *summary of auditor's results* section of the accompanying schedule of findings identifies the District's major federal programs. The District's management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to each major federal program. Our responsibility is to express an opinion on the District's compliance based on our audit.

Our compliance audit followed auditing standards generally accepted in the United States of America; the standards applicable to financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. These standards and OMB Circular A-133 require that we plan and perform the audit to reasonably assure whether noncompliance occurred with the compliance requirements referred to above that could directly and materially affect a major federal program. An audit includes examining, on a test basis, evidence about the District's compliance with these requirements and performing other procedures we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the District's compliance with these requirements.

In our opinion, the Edon Northwest Local School District, Williams County, Ohio complied, in all material respects, with the requirements referred to above that could directly and materially affect each of its major federal programs for the year ended June 30, 2011. However, the results of our auditing procedures disclosed an instance of noncompliance with these requirements that, while not affecting our opinion on compliance, OMB Circular A-133 requires us to report. The accompanying schedule of findings lists this instance as Finding 2011-002.

Internal Control Over Compliance

The District's management is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the District's internal control over compliance with requirements that could directly and materially affect a major federal program, to determine our auditing procedures for the purpose of opining on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of opining on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the District's internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over compliance that might be significant deficiencies or material weaknesses and therefore, we cannot assure we have identified all deficiencies, significant deficiencies, or material weaknesses. However, as discussed below, we identified a certain deficiency in internal control over compliance that we consider to be a material weakness.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program compliance requirement. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected. We consider the deficiency in internal control over compliance described in the accompanying schedule of findings as item 2011-002 to be a material weakness.

We noted another matter involving federal compliance not requiring inclusion in this report, that we reported to the District's management in a separate letter dated February 14, 2012.

We intend this report solely for the information and use of the audit committee, management, Board of Education, others within the District, federal awarding agencies, and pass-through entities. It is not intended for anyone other than these specified parties.

 REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS**

FINDING NUMBER 2011-001

Noncompliance Citation

Ohio Revised Code, § 117.38, provides that each public office shall file a financial report for each fiscal year. The Auditor of State may prescribe forms by rule or may issue guidelines, or both, for such reports. If the Auditor of State has not prescribed a rule regarding the form for the report, the public office shall submit its report on the form utilized by the public office.

Ohio Administrative Code § 117-2-03 (B), which further clarifies the requirements of Ohio Revised Code § 117.38, requires the District to file annual financial reports which are prepared using generally accepted accounting principles (GAAP).

For 2011, the District prepared financial statements that, although formatted similar to financial statements prescribed by Governmental Accounting Standards Board Statement No. 34, report on the cash basis of accounting. This presentation differs from accounting principles generally accepted in the United States of America (GAAP). There would be variances on the financial statements between the District’s accounting practice and GAAP that, while presumably material, cannot be reasonably determined at this time. The District can be fined and various other administrative remedies may be taken against the District.

We recommend the District take the necessary steps to ensure the financial report is prepared in accordance with generally accepted accounting principles.

Officials’ Response:

Management believes reporting on a basis of accounting other than generally accepted accounting principles (GAAP) is more cost efficient.

ARRA - SPECIAL EDUCATION GRANTS TO STATES– ARRA - REPORTING

American Recovery and Reinvestment Act of 2009 (ARRA), Section 1512 (b) and (c) require any entity that receives certain Recovery funds directly from the Federal government (including recovery funds received through grant, loan or contract other than an individual) to submit a report to the Federal Agency not later than 10 days after the end of each calendar quarter in which the Federal Recovery funds were received. **Section 1512 (c) (4)** requires detailed information on any subcontracts or subgrants awarded by the recipient to include the data elements required to comply with the Federal Funding Accountability and Transparency Act of 2006 (Public Law 109-282), allowing aggregate reporting on awards below \$25,000 or to individuals. Further, **Office of Management and Budget Memo M-09-21 dated June 22, 2009** states that prime recipients may choose to delegate certain reporting requirements to sub-recipients. This memo also states three additional data elements associated with any vendors receiving funds from the prime recipient for any payments greater than \$25,000 must be reported.

The **Ohio Department of Education’s American Recovery and Reinvestment Act Reporting Guidance** states the Ohio Department of Education (ODE), as a prime recipient of ARRA funding, is required to report quarterly to the federal government data on ARRA programs. ODE distributes ARRA funds to local education agencies (LEAs) as sub recipients and must collect quarterly data from LEAs to meet the reporting requirements associated with ARRA funding. Among the items to be reported, the vendor name and zip code are required for each vendor that received a single payment, from a single ARRA grant, in excess of \$25,000. If the vendor received multiple payments less than \$25,000, even when the total of the payments exceeds \$25,000, the vendor information should *not* be reported.

During 2011, the District issued a check exceeding \$25,000 from the ARRA - Special Education Grants to States fund to one individual vendor. This check was issued for the purchase of speech impairment services in the amount of \$44,596. This purchase was not reported to ODE on the 1512 ARRA Subrecipient Vendor report. The District should report all vendors receiving single payments of \$25,000 on the ODE 1512 ARRA Subrecipient Vendor report. Noncompliance with 1512 reporting requirements could result in temporary suspension or permanent loss of Federal Recovery funding.

We recommend the Treasurer report all vendors receiving single payments over \$25,000 to ODE on the 1512 ARRA Subrecipient Vendor report.

INDEPENDENT ACCOUNTANTS' REPORT ON APPLYING AGREED-UPON PROCEDURE

Edon Northwest Local School District
Williams County
802 West Indiana Street
Edon, Ohio 43518-9627

To the Board of Education:

Ohio Rev. Code Section 117.53 states "the auditor of state shall identify whether the school district or community school has adopted an anti-harassment policy in accordance with Section 3313.666 of the Revised Code. This determination shall be recorded in the audit report. The auditor of state shall not prescribe the content or operation of any anti-harassment policy adopted by a school district or community school."

Accordingly, we have performed the procedure enumerated below, which was agreed to by the Board, solely to assist the Board in evaluating whether the Edon Northwest Local School District (the District) has updated its anti-harassment policy in accordance with Ohio Rev. Code Section 3313.666. Management is responsible for complying with this requirement. This agreed-upon procedure engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of this procedure is solely the responsibility of the Board. Consequently; we make no representation regarding the sufficiency of the procedure described below either for the purpose for which this report has been requested or for any other purpose.

We noted the Board amended its anti-harassment policy at its meeting on July 13, 2010 to include violence within a dating relationship within its definition of harassment, intimidation or bullying.

We were not engaged to and did not conduct an examination, the objective of which would be the expression of an opinion on compliance with the anti-harassment policy. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the Board of Education and is not intended to be and should not be used by anyone other than these specified parties.
