## NOTES TO THE FEDERAL AWARDS EXPENDITURE SCHEDULE FOR THE YEAR ENDED DECEMBER 31, 2011

#### **NOTE A - SIGNIFICANT ACCOUNTING POLICIES**

The accompanying Federal Awards Expenditures Schedule (the Schedule) reports the Greene County (the County's) federal award programs' disbursements. The Schedule has been prepared on the cash basis of accounting.

#### **NOTE B - SUB-RECIPIENTS**

The County passes certain federal awards received from Ohio Department of Job and Family Services, Ohio Department of Development, and Area 7 Workforce Investment Board to other governments or not-for-profit agencies (sub-recipients). As Note A describes, the County reports expenditures of Federal awards to sub-recipients when paid in cash.

As a sub-recipient, the County has certain compliance responsibilities, such as monitoring its sub-recipients to help assure they use these sub-awards as authorized by laws, regulations, and the provisions of contracts or grant agreements, and that sub-recipients achieve the award's performance goals.

#### **NOTE C - CHILD NUTRITION CLUSTER**

The County commingles cash receipts from the U.S. Department of Agriculture with similar State grants. When reporting expenditures on this Schedule, the County assumes it expends federal monies first.

#### NOTE D - COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) REVOLVING LOAN PROGRAMS

The County has a revolving loan fund (RLF) program to provide low-interest loans to businesses to create jobs for low to moderate income persons and also to lend money to eligible persons to rehabilitate homes. The federal Department of Housing and Urban Development (HUD) grants money for these loans to the County, passed through the Ohio Department of Development. Subsequent loans are subject to the same compliance requirements imposed by HUD as the initial loans.

These loans are collateralized by mortgages on the properties as evidenced by copies in each file.

Activity in the CDBG revolving loan fund during 2011 is as follows:

| Beginning loans receivable balance as of January 1, 2011                | \$114,445 |
|---|-----------|
| Loans made  | 113,475   |
| Loan principal repaid   | 6,981     |
| Ending loans receivable balance as of December 31, 2011                 | \$220,939 |
| Cash balance on hand in the revolving loan fund as of December 31, 2011 | \$140,741 |

The table above reports gross loans receivable. Of the loans receivable as of December 31, 2011, \$26,996 are more than 90 days past due.

#### **NOTE E - MATCHING REQUIREMENTS**

Certain Federal programs require the County to contribute non-Federal funds (matching funds) to support the Federally-funded programs. The County has met its matching requirements. The Schedule does not include the expenditure of non-Federal matching funds.

#### NOTES TO THE FEDERAL AWARDS EXPENDITURES SCHEDULE FOR THE YEAR ENDED DECEMBER 31, 2011 (Continued)

#### **NOTE F - TRANSFERS BETWEEN FEDERAL PROGRAMS**

During fiscal year 2011, the County made allowable transfers of \$148,650 from the Child Care Development Fund Cluster (CCDF) (93.575 / 93.596) to the Temporary Assistance for Needy Families (TANF) (93.558) program. The Schedule shows the County spent approximately \$152,262 on the CCDF program. The amount reported for the CCDF program on the Schedule excludes the amount transferred to the TANF program is included as TANF expenditures when disbursed. The following table shows the gross amount drawn for the CCDF program during fiscal year 2011 and the amount transferred to the TANF program.

| Child Care Development Fund Cluster                 | \$300,912 |

| Transfer to Temporary Assistance for Needy Families | (148,650) |
| Total Child Care Development Fund Cluster           | \$152,262 |

# INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Honorable County Commissioners Honorable County Auditor Honorable County Treasurer Greene County 69 Greene Street Xenia, Ohio 45385

#### To the County Commissioners:

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of Greene County, (the County) as of and for the year ended December 31, 2011, which collectively comprise the County's basic financial statements and have issued our report thereon dated June 22, 2012. Our report refers to other auditors. Our opinion also explained that the County adopted Governmental Accounting Standard No. 54 during the year and restated its governmental and proprietary fund balances and net assets. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' Government Auditing Standards. Other auditors audited the financial statements of Homecroft, Inc. and Greene Inc. (component units), as described in our report on the County's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that those auditors separately reported.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit, we considered the County's internal control over financial reporting as a basis for designing our audit procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of opining on the effectiveness of the County's internal control over financial reporting. Accordingly, we have not opined on the effectiveness of the County's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A material weakness is a deficiency, or combination of internal control deficiencies resulting in more than a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and timely corrected.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider material weaknesses, as defined above.

Financial Condition
Greene County
Independent Accountants' Report on Internal Control Over Financial Reporting and on
Compliance and Other Matters Required by *Government Auditing Standards*Page 2

#### **Compliance and Other Matters**

As part of reasonably assuring whether the County's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

We did note certain matters not requiring inclusion in this report that we reported to the County's management in a separate letter dated July 23, 2012.

We intend this report solely for the information and use of management, the Board of Commissioners, federal awarding agencies and pass-through entities, and others within the County. We intend it for no one other than these specified parties.

# INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

Honorable County Commissioners Honorable County Auditor Honorable County Treasurer Greene County 69 Greene Street Xenia, Ohio 45385

#### Compliance

We have audited the compliance of Greene County (the County) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133, Compliance Supplement that could directly and materially affect each of Greene County's major federal programs for the year ended December 31, 2011. The summary of auditor's results section of the accompanying schedule of findings and questioned costs identifies the County's major federal programs. The County's management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to each major federal program. Our responsibility is to opine on the County's compliance based on our audit.

Our compliance audit followed auditing standards generally accepted in the United States of America; the standards applicable to financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. These standards and OMB Circular A-133 require that we plan and perform the audit to reasonably assure whether noncompliance occurred with the compliance requirements referred to above that could directly and materially affect a major federal program. An audit includes examining, on a test basis, evidence about the County's compliance with these requirements and performing other procedures we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the County's compliance with these requirements.

As described in finding 2011-001 in the accompanying schedule of findings and questioned costs, the County did not comply with requirements regarding period of availability applicable to its Early Intervention Services (IDEA) Cluster major federal program. Compliance with this requirement is necessary, in our opinion, for the County to comply with requirements applicable to this program.

In our opinion, except for the noncompliance described in the preceding paragraph, Greene County complied, in all material respects, with the requirements referred to above that could directly and materially affect each of its major federal programs for the year ended December 31, 2011.

#### **Internal Control Over Compliance**

The County's management is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the Government's internal control over compliance with the requirements that could directly and materially affect a major federal program, to determine our auditing procedures for the purpose of expressing our opinion on compliance, and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of opining on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the County's internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over compliance that might be significant deficiencies or material weaknesses and therefore, we cannot assure we have identified all deficiencies, significant deficiencies, or material weaknesses. However, as discussed below, we identified a certain deficiency in internal control over compliance that we consider to be a material weakness.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program compliance requirement. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected. We consider the deficiency in internal control over compliance described in the accompanying schedule of findings and questioned cost as item 2011-001 to be a material weakness.

The County's response to the finding we identified is described in the accompanying Corrective Action Plan. We did not audit the County's response and, accordingly, we express no opinion on it.

We also noted other matters involving federal compliance or internal control over federal compliance not requiring inclusion in this report, that we reported to the County's management in a separate letter dated July 23, 2012.

#### **Federal Awards Expenditure Schedule**

We have also audited and issued our unqualified opinion on the financial statements of the governmental activities, the business-type activities, the discretely-presented component units, each major fund and the aggregate remaining fund information of Greene County (the County) as of and for the year ended December 31, 2011, and have issued our report thereon dated June 22, 2012. Our report refers to other auditors. Our opinion also explained that the County adopted Governmental Accounting Standard No. 54 during the year and restated governmental and proprietary fund balances and net assets. Our audit was performed to form opinions on the financial statements that collectively comprise the County's basic financial statements taken as a whole. We have not performed any procedures with respect to the audited financial statements subsequent to June 22, 2012. The accompanying federal awards expenditures schedule provides additional information required by the U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations and is not a required part of the basic financial statements. The schedule is management's responsibility, and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. This schedule was subject to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, in accordance with auditing standards generally accepted in the United States of America. In our opinion, this information is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

We intend this report solely for the information and use of the management, the Board of Commissioners, others within the entity, federal awarding agencies, and pass-through entities. It is not intended for anyone other than these specified parties.

#### QUESTIONED COST, NONCOMPLIANCE AND MATERIAL WEAKNESS

**34 CFR 80.23** states that where a funding period is specified, a grantee may charge to the award only costs resulting from obligations of the funding period unless carryover of unobligated balances is permitted, in which case the carryover balances may be charged for costs resulting from obligations of the subsequent funding period.

Ohio Department of Health Grants Administration Policy and Procedures Manual Section 400.3 states that an obligation occurs when funds are encumbered on a valid purchase order or requisition to cover the cost of purchasing an authorized item on or after the start date and up to the last day of the program period. Any funds not properly obligated by the sub-grantee within the program period will lapse and revert back to ODH. Obligations listed on the interim report (i.e., fourth quarter expenditure report) must be liquidated within forty-five (45) calendar days after the end of the program period. The closeout and liquidation deadlines may be extended by ODH, with a written request via GMIS. The request must be received 30 days prior to the designated deadline.

Letter dated June 2, 2010 from the ODH notified the County that the non-ARRA Help Me Grow (HMG) SFY09 Notice of Award (NOA) has been extended through June 30, 2011. The budget and program period was revised as follows: July 1, 2008 through June 30, 2011. Section J of the ARRA Help Met Grow (HMG) application noted that program and budget period of this application will be from July 1, 2010 through June 30, 2011

The county issued check 699913 on August 24, 2011 to the Greene County Combined Health District in the amount of \$50,121. Of this amount \$39,675 was charged to the SFY2009 Non-ARRA Part C funds and \$10,446 was charged to the SYF2011 ARRA Part C Funds. The last day of program period was June 30, 2011 and the grant was required to be liquidated by August 14, 2011. There was no indication that the County received a written extension from ODH; therefore, the expenditure was determined to be outside the period of availability.

# FINDING NUMBER 2011-001 (Continued)

The County should establish and implement procedures to verify all obligations are liquidated within the period of availability or an extension is obtained from the Ohio Department of Health. Failure to do so could result in unallowable expenditures, questioned cost and qualified opinion on grant compliance.

The expenditures listed above are considered questioned costs pursuant to OMB Circular A133 §\_\_\_\_.510 (a)(3).

| 2011-001          | As noted in the finding, a check was issued to the Greene County Combined Health District on August 24, 2011, eight days beyond the required liquidation period. In response to Finding 2011-001, staff at the Family and Children First Department met to review the finding, examine current procedures and identify steps to be taken to avoid a reoccurrence. All staff involved in the administration of the grant were instructed to review the GAPP Manual section related to closing a grant. In addition, the following changes were made in the procedures to be followed when closing a grant in the future:  1. By the last day of the grant period, the fiscal Support Technician will ensure that an encumbrance, dated no later than June 30, is in place for each unpaid obligation associated with the grant. The fiscal Support Technician will create a list of unpaid obligations. The Contract Manager will review the list for accuracy and completeness prior to filing the interim report.  2. Prior to filing the last interim report, the Contract Manager will review the obligations listed on the last interim report and will identify any obligations where there may difficulty processing payment before the liquidation period ends. If such obligations are identified, the Contract Manager will file a written request to the ODH, via GMIS, requesting an extension. The request must be sent to later than 30 days prior to the end of the liquidation period.  3. As the Fiscal Support Technician initiates the payment process (i.e., sends the request that the payment process (i.e., sends the request that the payment request was made and the amount paid.  4. For outstanding obligations (i.e., obligations that have not been processed to be paid by the Department), the Contract Manager will determine why the payment process has not been initiated. If the delay is a result of the vendor not supplying the information needed to process payment, the Contract Manager will notify the vendor that, unless the needed information is received by the close of business the following day, payment may not be rendered. A statement to this effect shall be included in all vendor contracts associated with the grant. If the delay is a result of department issues, the Contract Manager will ensure that the payment process is initiated by the close of business the following day. The Contract Manager will notify the Department Director for assistance if needed. Regardless of the reason for the delay, the Contract Manager will notify the Auditor's Office that a grant-related payment has been sent and ask that the payment be expedited in order to meet the guidelines associated with the liquidation period timelines.  6. In order to avoid delays due to the absence (e.g., sick leave, vacation, training etc.) of staff critical to this process, responsibilities shall be assumed as follows:  a. To the Citizens and Board of County Commissioners of Greene County:

I am pleased to present the Comprehensive Annual Financial Report (CAFR) of Greene County, Ohio for the year ended December 31, 2011. Under the guidance and leadership of all of the elected officials and the county administrator, Greene County was in sound financial position in 2011.

This report provides useful and timely information on the financial position of Greene County, as well as the result of operations for all of the various funds of Greene County for the fiscal year ended December 31, 2011. This report is prepared in accordance with Generally Accepted Accounting Principles (GAAP) for governments, and includes all disclosures required by GAAP in order to ensure the fair presentation of the County's financial condition.

This report is submitted annually to the Government Finance Officers Association (GFOA) for its review. Based upon its review, the GFOA awards the Certificate of Achievement for Excellence in Financial Reporting. Greene County has been awarded this certificate every year a CAFR has been submitted to the GFOA, beginning with the year ended December 31, 1986.

I would like to express my gratitude for all of the effort set forth by the elected officials, department heads and employees of Greene County. Without their efforts, completing the CAFR would not be possible. I especially wish to recognize the following people for their exceptional and dedicated work on this project:

Charles Kieninger, Fiscal Officer; Charles Fryman, Chief Deputy Auditor; Sheila Seiter, Payroll Administrator/Bookkeeping Supervisor; Linda Atley, assistant and staff; Steve Tomcisin, IT Director and staff; Robert Geyer, County Engineer and staff.

Sincerely.

David A. Graham Greene County Auditor

Doud A. Graham

Honorable Alan G. Anderson, Commissioner Honorable Richard G. Perales, Commissioner Honorable Marilyn J. Reid, Commissioner Citizens of Greene County,

This is Greene County's Comprehensive Annual Financial Report (CAFR) for the fiscal year ending December 31, 2011. The CAFR conforms to Generally Accepted Accounting Principles (GAAP) as applicable to governmental entities. This report provides the taxpayers of Greene County with comprehensive financial data in a format that enables them to gain a thorough understanding of the County's financial status. It assists County officials in management decisions and allows financial statement users and the general public to compare Greene County's financial position and its results of operations with those of similar governmental entities.

Responsibility for both the accuracy of the data, and the completeness and fairness of this report, including all disclosures, rests with the Greene County Auditor's Office. The enclosed data are accurate in all material respects and are reported in a manner that presents fairly the financial position and results of operations of the various funds and component units of Greene County. All disclosures necessary to enable the reader to gain an understanding of Greene County's activities have been included.

The County's day-to-day accounting records are maintained on a basis other than Generally Accepted Accounting Principles (GAAP). For financial reporting purposes, the accounting records for all Governmental Funds are converted to the modified accrual basis; whereby, revenues are recognized when measurable and available, and expenditures are recognized in the period in which the fund liability is incurred. Then, the accounting records of the Governmental Funds, along with those for the Enterprise and Fiduciary Funds, are converted to the full accrual basis; whereby, revenues are recognized when earned, and expenses are recognized in the period incurred. The full accrual information is presented on the Statement of Net Assets and the Statement of Activities. A further explanation of the three basis of accounting (non-GAAP, modified accrual and accrual) and a reconciliation of the non-GAAP basis to GAAP basis of accounting may be found in Notes A and J, respectively, of the Notes to the Financial Statements.

The County's day-to-day accounting system in the Auditor's office helps provide for the adequacy of internal accounting controls. The County's system of internal accounting controls is designed to provide reasonable, but not absolute, assurance regarding the safeguarding of assets against loss from unauthorized use or disposition and the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance is based on the assumption that the cost of internal accounting controls should not exceed the benefits expected to be derived.

The County Auditor's office utilizes a fully automated accounting system as well as automated systems of control for capital assets and payroll. These systems, coupled with the manual auditing of each voucher prior to payment by the Bookkeeping Department of the Auditor's Office, ensure that the financial information generated is both accurate and reliable.

Included in this report is an Auditor of State's unqualified opinion rendered on the County's basic financial statements for the year ending December 31, 2011. An annual, independent audit of the County's financial statements is part of the annual preparation of a CAFR. This annual, independent

audit will be continually reviewed and commented on, thereby strengthening the County's accounting and budgetary controls.

The purpose of this letter of transmittal is to provide an overview of the County and its operations. For detailed financial information and analysis, the Management Discussion and Analysis can be found on page 15 of the financial section of this report.

#### PROFILE OF THE GOVERNMENT

Greene County was formed by an action of the Ohio General Assembly in 1803 and was named for Revolutionary War Hero, General Nathaniel Greene. Greene County is the sixteenth largest county in Ohio with a total area of 421 square miles. The County is divided into twelve townships and has seven cities and six villages within its boundaries.

The County has only those powers, and powers incidental thereto, conferred upon it by Ohio statutes. A three-member Board of County Commissioners (The Board) is elected at large. The Board's three members are elected to four-year terms. The Board serves as the taxing authority, the contracting body, and the chief administrator of public services for the County. The Board adopts the annual operating budget and makes the annual appropriation measure for expenditure of all county monies. The Board appoints a County Administrator, who directs and supervises activities of those departments directly under the oversight of the Board. The administrator acts for the Commissioners' as the principal liaison to other county officials, boards and other political subdivisions.

The County Auditor is the fiscal officer for the County and the property tax assessor for all political subdivisions within the County. The Auditor conducts a complete reappraisal every six years, with a three-year update, of all real property within the County. As chief fiscal officer, no County contract may be made without the Auditor's certification that funds are available or will be available for payment of the contract. The Auditor is responsible for maintaining records of all financial matters and issuing warrants for payment on all liabilities incurred by the County. The Auditor, after balancing tax collections with the County Treasurer, distributes all tax revenue to the appropriate political subdivision according to the tax rates of each subdivision.

The County Treasurer is the custodian of all County funds and is responsible for the collection of all property tax monies. The Treasurer is also responsible for the investment of County funds as specified by Ohio law. The Treasurer must make daily reports to the County Auditor showing the County's receipts, expenditures, and cash balances. These records are balanced with those of the County Auditor.

Other elected officials serving four-year terms include the Prosecuting Attorney, Sheriff, Coroner, Engineer, Recorder, and Clerk of Courts. The Common Pleas Court Judges, the Domestic Relations Court Judge, the Probate Court Judge, and the Juvenile Court Judge are all elected to six-year terms. The County is served by the Second District Court of Appeals headquartered in Dayton, Ohio.

Included in the reporting entity are two legally separate entities classified as component units: Greene, Inc., and Homecroft, Inc. They are included in the reporting entity because of their close financial relationship with the County. See notes A and N of the Notes to the Financial Statements for more information.

#### **ECONOMIC CONDITION AND OUTLOOK**

The recession affecting the national and state economy has continued to impact Greene County. While there was some new construction in the County, the overall assessed value of the County fell by approximately \$150 million in 2011. The cause of this decrease was the state mandated triennial update. This decline is the result of real estate values dropping due to the national recession. There are signs of this trend reversing. When the economy rebounds, the County is in position to quickly benefit from economic growth by having retail and office space that is available to companies looking to expand or to new business ventures looking to get started.

While development in the western portion of the County continues to bring commercial and residential growth, the eastern portion of the County has maintained its agricultural roots. The County consists of nearly 244,000 acres of which 177,000 remain agricultural. This provides Greene County with diversity that cannot be seen in many counties in Ohio.

Greene County is rich in quality institutions of higher learning. Few counties in Ohio offer its citizens the educational opportunities that Greene County affords its citizens. Sinclair Community College, Clark State, Wright State University, Cedarville University, Central State University, Wilberforce University, Antioch College, the Greene County Career Center and Park College located on the grounds of Wright Patterson Air Force Base all provide the citizens with the opportunity to improve themselves through higher education. In addition, WPAFB is home to the Air Force Institute of Technology, the Air Forces' graduate school for engineering and management.

Wright-Patterson Air Force Base (WPAFB) is one of the largest, most diverse and organizationally complex Air Force installations in the world. Past, present and future are inextricably linked here, from the pioneering flights of the Wright brothers to the development of today's most advanced aircraft and aerial systems. Missions for the base's more than 60 units vary from acquisition and logistics management, to research and development, advanced education, flight operations, and a vast array of other activities. WPAFB is by far the largest employer in the County. WPAFB's demand for technical skills has helped support the colleges and universities in Greene County. WPAFB employs more than 27,000 military and civilian workers, but has also spurred local contractors working in high tech fields that help support development projects at the Air Force base.

Additional jobs will be coming to the area due to expansion at the base as the results of the most recent Base Realignment and Closure (BRAC) study. As a result of changes brought about by BRAC, WPAFB will receive an additional 1,200 military and civilian positions on the base. The additional units will support missions in the areas of aerospace medicine research, human performance and sensors research. Approximately \$332 million in construction and renovation will take place to prepare facilities for new missions. The WPAFB will become the home of Centers of Excellence for Human Performance and Sensors Research. Construction and transition activities at WPAFB will continue through 2012.

The State's economy continues to struggle, and Greene County has not been immune to these struggles however, the growth at WPAFB has helped minimize the negative impact of the deteriorating industrial base on the County's economy. The County's unemployment rate fell from 9.8% in 2010 to 8.4% in 2011.

Maintaining the County's small town roots, many local communities have festivals, such as the Sweet Corn Festival in Fairborn, the Community Festival in Xenia, Popcorn Festival in Beavercreek, Sugar Maple Festival in Bellbrook, Potato Festival in Spring Valley, Bean Festival in Jamestown, Old Clifton Days in Clifton and Cedarfest in Cedarville. Tourist attractions include the National Museum of the United State Air Force, the oldest and largest military aviation museum in the world and the National Afro-American Museum in Wilberforce. Construction continues on the County's system of bicycle paths which have become part of a larger network, not only connecting throughout the County, but also throughout the region. The Nutter Center at Wright State University offers the top names in music entertainment and NCAA Division I basketball. The County has several outdoor facilities such as John Bryan State Park in Yellow Springs, Sugarcreek Reserve in Bellbrook and the Clifton Gorge State Nature Preserve in Clifton.

Greene County continues to foster strong government-business relationships. Quality commercial, residential and educational opportunities will continue to attract individuals and businesses to Greene County in the future.

#### **RELEVANT FINANCIAL POLICIES**

The County maintains a budget stabilization reserve within its general fund of \$2 million, the maximum allowed under state statute. The County policy is to attempt to maintain a 10% carryover balance in the general fund, which provides sufficient resources until the property tax settlement is received.

In order to ensure the vehicle and computer needs of the County are funded on a continuing basis, the County sets aside money to replace all vehicles and computer equipment based on a schedule which takes into consideration the equipments age and condition.

#### **MAJOR INITIATIVES**

The County continues to position itself for future growth. In 2011, the County continued to closely monitor the expenditure side of the budget. This reduction in spending is necessitated by the ongoing decline in State and Federal support to the County. However, two major funding sources, property taxes and retail sales tax, stabilized and showed modest growth in 2011. This growth softened the effect of the reduce State and Federal support.

In 2012, the State of Ohio as a whole expects to see improved economic growth in 2011 which should stabilize funding from State sources and strengthen the retails sales tax revenue at the County level. Conservative spending policies have positioned the County to rebound quickly as the economy rebounds. For these reasons, the County is optimistic about future financial conditions.

#### **GFOA CERTIFICATE OF ACHIEVEMENT**

The GFOA awarded a Certificate of Achievement for Excellence in Financial Reporting to Greene County for its CAFR for the fiscal year ended December 31, 2010. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports. In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized CAFR, whose contents conform to program standards. Such CAFR must satisfy both GAAP and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. Greene County has received a Certificate of Achievement for the last twenty-five consecutive years (fiscal years ended 1986 - 2010). We believe our current report continues to conform to the Certificate of Achievement program requirements, and we are submitting it to GFOA.

#### **ACKNOWLEDGMENTS**

This report was made possible through the efforts of the County Engineer, Board of County Commissioners, other elected officials and department heads including the Sanitary Engineer and staff, the Data Processing Staff, the Geographic Information Systems staff, and especially the staff of the County Auditor's Office.

Sincerely,

David A. Graham Greene County Auditor

#### INDEPENDENT ACCOUNTANTS' REPORT

Honorable County Commissioners Honorable County Auditor Honorable County Treasurer Greene County 69 Greene Street Xenia, Ohio 45385

### To the County Commissioners:

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Greene County, Ohio (the County), as of and for the year ended December 31, 2011, which collectively comprise the County's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the County's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of Homecroft, Inc. and Greene, Inc., which represents all of the assets, net assets, and revenues of the aggregate discretely presented component units. Those financial statements were audited by other auditors whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for the County, is based on the report of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. The other auditors audited the financial statements of Homecroft, Inc. and Greene, Inc. in accordance with auditing standards generally accepted in the United States of America and not in accordance with *Government Auditing Standards*. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the report of other auditors provide a reasonable basis for our opinions.

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Greene County, Ohio, as of December 31, 2011, and the respective changes in financial position and where applicable, cash flows, thereof and the respective budgetary comparison for the General Fund, Department of Job and Family Services Fund, Board of Developmental Disabilities Fund, Motor Vehicle Road and Bridge Fund, and Children Services Board Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As described in Note R, during 2011, the County adopted the provisions of Governmental Accounting Standards Board (GASB) Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. Additionally, during fiscal year ended December 31, 2011, the County restated its governmental and proprietary fund balances and net assets due to fund reclassifications.

One First National Plaza, 130 W. Second St., Suite 2040, Dayton, Ohio 45402 Phone: 937-285-6677 or 800-443-9274 Fax: 937-285-6688 Honorable County Commissioners Honorable County Auditor Honorable County Treasurer Greene County Independent Accountants' Report Page 2

In accordance with *Government Auditing Standards*, we have also issued our report dated June 22, 2012, on our consideration of the County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require this presentation to include *Management's discussion and analysis* and *Schedules for infrastructure assets accounted for using the modified approach*, as listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any other assurance.

We conducted our audit to opine on the financial statements that collectively comprise the County's basic financial statements taken as a whole. The introductory section, the financial section's combining statements, individual fund statements and schedules, and the statistical section information provide additional analysis and are not a required part of the basic financial statements. The financial section's combining statements, individual fund statements and schedules are management's responsibility, and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. These statements and schedules were subject to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, in accordance with auditing standards generally accepted in the United States of America. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole. We did not subject the introductory section and statistical section information to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion or any other assurance on them.

As management of Greene County (the County), we offer readers of the County's financial statement this narrative overview and analysis of the financial activities of the County for the fiscal year ended December 31, 2011. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages 5 - 8 of this report.

#### Financial Highlights

- The assets of the County exceeded its liabilities at December 31, 2011, by \$342,713,285. Of this amount, \$51,862,249 may be used to meet the County's ongoing obligations to citizens and creditors.
- The net assets of the governmental activities increased 6.9% while the business type activities increased 4.1%
- The revenue of the governmental activities decreased \$1.6 million from the amounts reported in 2010. Of this, program revenues decreased \$3.2 million while general revenues increased \$1.6 million from amounts reported in the prior year. During this same period, governmental activities' expenses decreased \$5.8 million or -5.2%.
- In the business-type activities revenues increased \$1.7 million which was the result of a increase in program revenues of \$1.3 million and a increase in general revenues of \$.4 million. During this time expenses increased \$.3 million or 1.3%.
- As of December 31, 2011, the County's governmental funds reported combined ending fund balances of \$80.8 million, an increase of \$21.5 million in comparison with the prior year. Of the ending fund balance \$20.8 million is available for spending at the County's discretion.
- Operating revenues in the County's governmental fund financial statements decreased \$1.6 million from what they
  had been in the previous year, while operating expenditures decreased \$18.7 million or -14.9% of what had been
  expended in 2010.
- The County's outstanding debt decreased by \$1.9 million or -6.7% in governmental activities and decreased \$8.2 million or -4.1% in business-type activities during the current fiscal year.
- In the general fund the actual revenues came in 2.8% higher than they were budgeted and expenditures were 93.6% of the amounts budgeted.

#### Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements including budgetary statements for major funds, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

**Government-wide financial statements:** The government-wide financial statements are designed to provide readers with a broad overview of the County's finances, in a manner similar to a private-sector business.

The statement of net assets presents information on all of the County's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The statement of activities presents information showing how the County's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some transactions that will result in cash flows in future periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (governmental activities) from functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the County include legislative and executive, judicial, public safety, public works, health, human services, conservation and recreation, and community and economic development.

The government-wide financial statements include not only the County itself (known as the primary government), but also two separate nonprofit organizations that provide jobs and housing for developmentally disabled adults residing in the County. The County is financially accountable for these organizations. Financial information for these component units is reported separately from the financial information presented for the primary government itself. The government-wide

financial statements can be found on pages 23 - 24 of this report.

**Fund financial statements:** A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

<u>Governmental funds:</u> Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on current sources and uses of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental fund financial statements is more narrow than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The County maintains thirty-seven governmental funds. Information is presented separately in the Governmental Fund Balance Sheet and in the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances for the General Fund, Department of Job and Family Services, Board of Developmental Disabilities, Motor Vehicle Road and Bridge, and Children Services Board, all of which are considered to be major funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report.

The County adopts an annual appropriated budget for its funds. A budgetary comparison statement has been provided for the general fund and each major special revenue fund to demonstrate compliance with the budget.

The basic governmental fund financial statements can be found on pages 25 - 26 of this report.

<u>Proprietary funds</u>: The County maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The County uses enterprise funds to account for its water and sewer operations. Internal service funds are accounting devices used to accumulate and allocate costs internally among the County's various functions. The County uses an internal service fund to account for its self-insurance program. Because this service predominantly benefits governmental rather than business-type functions, it has been included within governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the water and sewer activities since both are considered to be major funds of the County. Because the internal service fund is the only remaining proprietary fund it is being presented as a separate fund even though it does not meet the criteria of a major fund established in Governmental Accounting Standards Board No. 34.

The basic proprietary fund financial statements can be found on pages 33 - 35 of this report.

<u>Fiduciary funds</u>: Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statement can be found on page 36 of this report.

**Notes to the basic financial statements:** The notes provide additional information that is essential to gain a full understanding of the data provided in the government-wide and fund financial statements. The notes to the basic financial statements can be found on pages 39 - 73 of this report.

**Other information:** In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information required by Governmental Accounting Standards Board Statement No. 34 relating to disclosure about infrastructure reported using the modified approach.

The combining statements referred to earlier in connection with non-major governmental funds are presented immediately following the required supplementary information on infrastructure. Combining and individual fund statements and schedules can be found on pages 81 - 96 of this report.

#### Government-wide Financial Analysis

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of the County, assets exceeded liabilities by \$342,713,285 as of December 31, 2011.

By far the largest portion of the County's net assets, 65.0%, reflects its investment in capital assets (e.g., land, buildings, equipment, infrastructure), less any related debt used to acquire those assets that are still outstanding. The County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the County's net assets are resources that are subject to external restriction on how they may be used. The remaining balance is unrestricted net assets and may be used to meet the government's ongoing obligations to citizens and creditors.

As of December 31, 2011, the County is able to report positive balances in all three categories of total net assets, both for the government as a whole, as well as for its separate governmental and business-type activities. The same situation held true for the prior fiscal year.

For governmental activities, total assets increased approximately \$7.4 million or 2.5%. This increase in assets was primarily due to a \$12.5 million increase in cash that resulted from the conservative management of spending during the year and the strengthening of revenue sources. Overall liabilities in governmental activities decreased \$6.6 million. Notes Payable decreased \$9.3 million as note principle due was paid down and rolled into long term debt. The rollover of this debt is reflected in the increase of \$7.2 million in Non Current Liabilities Due in More Than One Year.

For business-type activities, net assets increased \$4.9 million during 2011. Of this increase, \$1.8 million was the result of increased cash that resulted from increased water and sewer service rates. The majority of the remaining increase is from the paying down of the principle of long term debt.

Analysis of the County's Operations: The table on the next page provides a summary of the County's operations for 2011 and 2010. The County's financial position improved for both governmental and business-type activities. Due to the economic climate revenues were down in many of the governmental activities which resulted in the County reducing spending in these activities. Some of the more significant changes included:

- Charges for Services and Sales Taxes experienced the strongest growth of any governmental activity revenue streams during 2011. Economic activity and retail sales tax collections are improving as the local and national economies have continued to show improvement.
- Operating grants and contributions decreased \$4.2 million due in large part to reduced grant funding received by the County. Grant revenue is expected to continue to decline as funding from the American Recovery and Reinvestment Act (ARRA) ends and the State continues to reduce support historically provide to local governments.
- Overall governmental expenses decreased \$5.8 million in 2011. The largest area of decrease was in human services spending. This function was hit especially hard by reduced availability of ARRA funding and experienced a \$3.1 million reduction of expenses in that area alone.
- The business-type activities saw positive changes during 2011. Fees for services were up in both water and sewer charges for services as residential and commercial rates were increased. Spending in water and sewer activities increased, reflecting a growth in overall activity and new expenses related to a major debt restructuring.

**Financial Analysis of the Government's Funds.** As noted earlier, Greene County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

<u>Governmental Funds</u>: The focus of Greene County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, Greene County's governmental funds reported combined ending fund balances of \$80.8 million, an increase of \$21.5 million in comparison with the prior year. Of this, \$20.8 million constitutes unassigned fund balance, which is available for spending at the County's discretion. The remainder of the fund balance is reported separately to indicate that it is not available for new spending because it has been set aside for other purposes. These purposes include \$.3 million of trust fund principle, \$57 million of fund balance restricted for specific usages and \$2.6 million committed to specific usages.

The general fund is the chief operating fund of the County. As of December 31, 2011, the general fund reported \$21 million in unassigned fund balance and a \$23.3 million in total fund balance. This is an increase of \$5 million from amounts reported in the prior year. Within the general fund, the most significant changes were the increases to pooled cash and cash equivalents and unreserved fund balance both were the result of reductions in expenditures within the general fund.

Several changes occurred within the general fund revenues and expenditures during 2011. Revenues in 2011 were up \$1.8 million or 4.1%. The largest part of this increase occurred in tax revenue, primarily from increased sales tax collections. Expenditures decreased by \$1.4 million during 2011. Spread over the various spending categories, this reduction was due in large part by a continued effort by management to reduce overall spending by the County.

Within the other major governmental funds of the County, the following items of significance were noted:

- Department of Job and Family Services saw a decrease in intergovernmental revenues of \$1.5 million. This reduction in funding necessitated a corresponding decrease in expenditures of \$1.8 million. Both reductions can be attributed to reduced intergovernmental funding from State and Federal agencies. Further evidence of this reduction of State and Federal support can be found in the \$.5 million decrease in due from other governments. This reduction is an indicator future reductions in funding from State and Federal sources.
- Board of Developmental Disabilities saw its revenue continue at prior year levels in 2011. Modest increases in tax revenues and charges for services were offset by reduced State and Federal support. Pooled Cash and Cash Equivalents and Fund Balance increased approximately \$2 million despite flat revenues as a result of tightly controlled spending.
- The Motor Vehicle, Road and Bridge Fund had both its revenue and expenditures fall in 2011. As several construction project neared completion, intergovernmental revenue fell as did expenditures associated with the projects. The fund's cash balance decreased \$.5 million as a result of payments to reduce debt within the fund.
- The Children Services Board saw several significant changes. A reduction of intergovernmental revenue was the result of the ending of availability of ARRA funds from the Federal government. This reduction was more than offset by a \$1.7 million decrease in spending.

<u>Proprietary Funds</u>: The County's two proprietary funds are the water fund and the sewer fund, which comprise all of the County's business-type activities. During 2011, the water fund saw an increase in net assets of \$1.5 million while net assets in the sewer fund grew by \$3.4 million. In both funds, operating revenues were up \$5.2 million as increased service rates were introduced in 2011. In the Water fund, intergovernmental revenue fell as federally and state OWDA funded projects were completed.

General Fund Budgetary Highlights: The County made numerous revisions to the original appropriations approved by the County Commissioners. During the year, the appropriations for the general fund were decreased \$608,169. The County's budgeted revenue decreased by \$1,047,033 during the year. Even after this revision to the budget, actual revenue came in \$1.2 million, or 2.8% more than the final budgeted amount. Increases in taxes and licenses and permits exceeded shortages in intergovernmental revenue and investment income. The underspending of appropriations by 6.4% resulted in the overall general fund's financial position being \$4.8 million better than projected for the year on the budgetary basis. The County spent 93.6% of the amount appropriated in the general fund during 2011.

The County uses the modified approach to report roads and bridges which are reported as infrastructure in the governmental activities. The County manages its roads using two methods, the Financial Condition Rating which measures the condition of a road by comparing the estimated cost to repair the road to the estimated cost of replacing the road and the Physical Condition Rating which consider factors such as; time since the road had surface maintenance, surface condition (i.e., cracking) from visual observation, traffic volume, traffic type, and Financial Condition Rating. A committee meets and determines the Physical Condition Rating of each County road. Both measurements use a scale of one to five, with five being excellent. It is the County Engineer's policy to maintain 90% of the County roadways at a Physical Condition Rating of three or better. The most recent assessment found that 100% of the County roads have a Physical Condition Rating of three or better, as was the case in the previous two Physical Condition Ratings. For 2011, the County Engineer budgeted \$3,107,042 for maintaining the roads of the County at an acceptable level. Actual expenditures were \$3,118,428.

The County manages its bridges using a General Appraisal Rating, which was developed by the Federal Highway Administration. The system uses a numerical ranking of zero to nine, with nine being excellent, to evaluate all County bridges. It is the policy of the Greene County Engineer to maintain a bridge system in the County where 95% of the structures have a General Appraisal rating of five or more. The most recent assessment found that 97% of the County bridges have a General Appraisal Rating of five or better. Several of those bridges rated below five are covered bridges, which are registered historical landmarks and therefore cannot be removed or improved to increase the bridge rating. For 2011, the County Engineer budgeted \$40,000 for maintaining the bridges of the County at an acceptable level. Actual expenditures were \$36,816

During the year, the County's land and infrastructure remained relatively unchanged. Business-type Activities saw capital assets decrease \$4.5 million. Due to reduced capital asset spending throughout 2011, current year depreciation expense exceeded the total new purchases of capital assets, which resulted in the reduction of book value of capital assets in business-type activities. Governmental capital assets decreased \$.4 million, with current year additions barely lagging behind the current year depreciation expense.

For more information regarding the County's capital assets, see footnote D of the Notes to the Basic Financial Statements.

During 2011, the County issued \$8 million of general obligation bonds that refinanced on a long term basis outstanding bond anticipation notes. In Business-type activities, the County issued no new long term debt. The primary focus of all debt related financial activity was the overall reduction in total debt outstanding, which decreased \$10.1 million in 2011.

On November 6, 2003, Moody Investors Services upgraded the County's long-term general obligations debt from A1 to Aa3, Moody Investor Services has reaffirmed this rating in subsequent issues. For more information regarding the County's debt, see footnote E and F of the Notes to the Basic Financial Statements.

#### **Economic Factors and Next Year's Budgets and Rates**

The County's budgeted revenues for the general fund in 2012 are consistent with those appearing in the final budget for 2011. The Board of County Commissioners will review the County's financial position throughout 2012 to determine if the final appropriations for the year need to be adjusted.

As a result of the current economic climate most revenues are expected to remain flat in 2011. However, there are signs of strengthening in the collection of retail sales tax. The County has taken steps to control expenditures in 2012 in an effort to avoid further cuts. There has been no discussion of any tax increases and with state cuts on the horizon further reductions in grants which are used to provide services are expected.

The County's business-type activities are projected to operate slightly above that realized in 2011 due to gradually improving economic conditions within the County. As new construction has slowed, no significant changes in the customer base are expected allowing operating expenditures to remain relatively stable.

Internal service funds are used by the County to charge the costs of providing health care insurance to County employees. The assets and liabilities of the Amounts reported for governmental activities in the Statement of Net Assets are different because:

The difference in net assets between full accrual accounting and modified accrual accounting due to differing revenue recognition criteria between the two methods...................... Accrued interest on bonds are not due and payable in the current period and, therefore, are not reported as a fund liability..................

### GREENE COUNTY, OHIO NOTES TO THE BASIC FINANCIAL STATEMENTS DECEMBER 31, 2011

#### NOTE A -- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Financial Reporting Entity:** Greene County is a political subdivision of the State of Ohio formed by an action of the Ohio General Assembly in 1803. The Board of County Commissioners consists of three members and is the legal and executive body of the County. The County Auditor is the chief fiscal officer. In addition, there are seven other elected administrative officials, each of whom is independent as set forth in Ohio law. These officials are Clerk of Courts, Coroner, Engineer, Prosecuting Attorney, Recorder, Sheriff, and Treasurer. There are also two Common Pleas Court Judges, one Domestic Relations Court Judge, one Juvenile Court Judge, and one Probate Court Judge.

The County's basic financial statements include accounts of all officials and activities described above and all other County operations. The County's major operations include human and social services, certain health care and community assistance services, a civil and criminal justice system, road and bridge maintenance and general administrative services. In addition, the County operates a water and sewer system.

**Discretely Presented Component Units:** As required by generally accepted accounting principles (GAAP), the financial statements of the reporting entity include those of Greene County, the primary government, and its component units. The County complies with the provisions of Governmental Accounting Standards Board (GASB) Statement No. 14 and 39, in defining the reporting entity. Based on these criteria, two entities were determined to be discretely presented component units. Information regarding their fiscal dependence on the County can be found in Note N. The component units are presented in a separate column on the County's government wide financial statements to emphasize that they are legally separate from the County. They are listed below:

Homecroft, Inc.: Homecroft, Inc. (Homecroft) is a nonprofit organization that provides affordable housing in Greene County for occupancy by persons with developmental disabilities. The Greene County Board of Developmental Disabilities provides Homecroft with operating grants. Based on the significant services and resources provided by the County to Homecroft and Homecroft's sole purpose to provide housing assistance to developmentally disabled adults of Greene County, it is the County's position that exclusion could result in misleading financial data. Therefore, Homecroft is included as a discretely presented component unit of the County. Homecroft has a fiscal year ending December 31. Homecroft is fiscally dependent on Greene County.

Greene, Inc.: Greene, Inc. is a nonprofit corporation organized for the purpose of providing employment for the developmentally disabled residents of Greene County. Employment opportunities are created by contracting work from area businesses and performing the work for these contracts on Greene, Inc.'s premises and other locations. The Greene County Board of Developmental Disabilities provides staff salaries, transportation and certain equipment to Greene, Inc. Based on the significant services and resources provided by the County to Greene, Inc. and Greene, Inc. sole purpose of providing assistance to developmentally disabled adults of Greene County, it is the County's position that exclusion could result in misleading financial data. Therefore, Greene Inc. is included as a discretely presented component unit of Greene County. Greene, Inc. has a fiscal year ending December 31. Greene, Inc. is fiscally dependent on Greene County.

Copies of all component units' complete, separately audited financial statements are on file at: The Greene County Auditor's Office, 69 Greene St., Xenia, Ohio, 45385.

**Related Organizations:** Greene County officials are responsible for appointing the members of the boards of other organizations, but the County's accountability for these organizations does not extend beyond making the appointments of the following organizations:

**Greene County Park District** - The three Park Commissioners are appointed by the Probate Judge. During 2011, the County did not contribute any money to the Park District.

**Greene County Public Library Board** - The seven trustees are appointed by County officials. Three trustees are appointed by judges of the Court of Common Pleas, and four trustees are appointed by the County Commissioners. The County did not contribute any money to the Library in 2011.

**Greene County Transit Board** - The seven board members are appointed by the County Commissioners. The County contracted with the Transit Board to provide transportation services for eligible individuals. In 2011, the County paid the Transit Board \$1,796,660 for services provided under this contract.

**Metropolitan Housing Authority** - Three of the five board members are appointed by County officials. The Probate Court, Common Pleas Court, and Board of County Commissioners appoint one board member each. The County provided the Housing Authority with \$3,790 in 2011. This amount represented rent payments made on behalf of qualifying individuals.

**Greene County Regional Airport Authority (Authority):** The County Commissioners appoint all 7 members of the Authority's Board. In addition, the County provided \$118,261 in operating grants to the Authority to assist in its operations.

The County Commissioners do not appoint any members to the boards of the Greene County Agricultural Society or Greene Memorial Hospital. However, the County is related financially with each entity in that the County may act as guarantor of debt issued by both organizations.

Basis of Presentation - Government-wide Financial Statements The government-wide financial statements, the statement of net assets and the statement of activities, report information on all of the non-fiduciary activities of the primary government and its component units. Governmental activities, which are normally supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from its component units for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) operating or capital grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not included among program revenues are reported instead as general revenues.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. The exceptions to this general rule are charges between the government's water and sewer functions and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions.

Basis of Presentation - Fund Financial Statements The County segregates transactions related to certain functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Separate statements are presented for governmental, proprietary and fiduciary activities. These statements present each major fund as a separate column on the fund financial statements and all non-major funds are aggregated and presented in a single column.

Governmental funds are those funds through which most governmental functions typically are financed. The measurement focus of governmental funds is on the sources, uses and balance of current financial resources. The County has presented the following major governmental funds:

General - This is the primary operating fund of the County. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. The general fund balance is available to the County for any purpose provided it is expended or transferred according to the general laws of Ohio.

Department of Job and Family Services - This fund accounts for a number of state and federal grants as well as County monies used to provide public assistance to general relief recipients and to pay their providers of medical assistance and certain public social services.

Board of Developmental Disabilities - This fund is used to account for federal and state grants and a property tax levy in order to provide care and services to individuals who are developmentally disabled.

Motor Vehicle Road and Bridge - This fund accounts for monies received by the County for state gasoline tax, vehicle registration fees and a property tax levy used for County road and bridge maintenance, construction and improvements.

Children Services Board - This fund accounts for state and federal grants and a property tax levy used for programs that benefit disadvantaged youth in the County.

Proprietary funds are used to account for those County activities that are similar to those often found in the private sector. The measurement focus is upon determination of net income, financial position, and changes in financial position. The County has presented the following major proprietary funds:

Water - This fund is used to account for revenues and expenses related to water services provided to residents of the County not already served by other local water operations.

Sewer - This fund is used to account for revenues and expenses related to sewer services provided to residents of the County not already served by other local waste water operations.

Additionally, the government reports the following fund types:

Internal service fund - The County's internal service fund accounts for the self-funded health insurance for County employees' and agencies of the County on a cost reimbursement basis.

Agency funds - These funds are custodial in nature (assets equal liabilities) and do not involve measurement or results of operations. These funds include: payroll, undivided tax, political subdivision and other agency funds. These funds include monies held by the County which are due to other individuals, agencies or governments.

The accompanying financial statements of the County are prepared in conformity with GAAP for local government units as prescribed in statements and interpretations issued by GASB and other recognized authoritative sources.

Measurement Focus and Basis of Accounting: The government-wide financial statements, component unit financial statements, and fund financial statements for proprietary and fiduciary funds are reported using the economic resources measurement focus and the accrual basis of accounting. The economic resources measurement focus means all assets and liabilities (whether current or non-current) are included on the balance sheet and the operating statements present increases (revenues) and decreases (expenses) in total net assets. Under the accrual basis of accounting, revenues are recognized when earned, if measurable, and expenses are recognized as incurred, regardless of the timing of related cash flows. In accordance with GASB Statement No. 20, "Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities that Use Proprietary Fund Accounting," the County and its component units apply all GASB pronouncements and all Financial Accounting Standards Board (FASB) Statements and Interpretations, Accounting Principles Board Opinions, and Accounting Research Bulletins issued on or before November 30, 1989, unless they conflict with GASB pronouncements. Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The County has elected not to follow subsequent private-sector guidance. Fund financial statements for agency funds are reported using the accrual basis of accounting, but unlike other funds, use no measurement focus.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose the County considers revenues to be available if they are collected within sixty (60) days of the end of the current fiscal period. Revenues accrued at the end of the year include charges for services, licenses and permits, fines and forfeitures, intergovernmental revenues, investment earnings, property taxes, sales taxes and special assessments. All other revenue items are considered to be measurable and available only when cash is received by the government. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgements, are recorded only when payment is due.

Proprietary funds separate all activity into two categories: operating and non-operating revenues and expenses. Operating revenues and expenses result from providing services and producing and delivering goods. Non-operating revenues and expenses entails all other activity not included in operating revenues and expenses. Non-operating revenues and expenses include capital and noncapital financing activities and investing activities.

**Budgetary Accounting and Control:** Under Ohio Law, the Board of County Commissioners must adopt an appropriation budget by January 1 of a given year, or adopt a temporary appropriation measure with final passage of a permanent budget by April 1, for all funds except Fiduciary Fund types. Each County department prepares an original budget that is approved by the Board of County Commissioners. All modifications to the original budget must be requested by departmental management and approved by the Board of County Commissioners throughout the year. The original budget and all budgetary amendments and supplemental appropriations necessary during 2011 are included in the final budget amounts presented in the budget to actual comparisons.

The County maintains budgetary control within an organizational unit and fund by not allowing expenditures and encumbrances to exceed appropriations at the object level (legal level of control). Unencumbered and unexpended appropriations lapse at year end. Encumbrances outstanding at year end are carried forward to the following year. The prior year appropriations corresponding to these encumbrances are also carried forward as part of the budgetary authority for the next year and are included in the budget amounts shown in the budget to actual comparisons.

The County's budgetary process accounts for certain transactions on a basis other than GAAP. The major differences between the budget basis and the GAAP basis are:

- Revenues are recorded when received in cash (budget) as opposed to when susceptible to accrual (GAAP).
- Expenditures are recorded when paid in cash (budget) as opposed to when the liability is incurred (GAAP).
- Outstanding encumbrances at year end are treated as expenditures on the budgetary basis of accounting and are reported as a component of fund balance on governmental fund level statements.

The actual results of operations compared to the original and revised appropriation as approved by the Board of County Commissioners for the General Fund and all major Special Revenue Funds by expenditure function and revenue sources are presented in the Statement of Revenues, Expenditures and Changes in Fund Balances-Budget and Actual.

Pooled Cash and Cash Equivalents and Related Investments: Cash resources of the individual funds are combined to form a pool of cash and investments which is managed by the County Treasurer. Individual fund integrity is maintained through the County's records. Each fund's interest in the pool is presented as "Pooled Cash and Cash Equivalents" on the combined balance sheet. Investments in the pooled cash and cash equivalents consists of federal agency instruments, STAR Ohio, money market funds, a Greene County issued bond and repurchase agreements. Except for nonparticipating investment contracts, investments are recorded at fair value which is based on quoted market prices. Nonparticipating investment contracts, such as repurchase agreements and nonnegotiable certificates of deposit, are reported at cost. Interest earned on investments is accrued as earned and distributed to funds eligible to receive interest by the ORC utilizing a formula based on the average balance of cash and cash equivalents of all funds. For purposes of the statement of cash flows, the proprietary fund considers all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased to be cash equivalents.

The County has invested funds in the State Treasury Asset Reserve of Ohio (STAR Ohio) during 2011. STAR Ohio is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1904. Investments in STAR Ohio are valued at STAR Ohio's share price which is the price the investment could be sold for on December 31, 2011.

All component units define cash and cash equivalents as cash on hand and deposits with original maturities of three months or less.

**Inventory:** Inventory of Supplies is reported for the water and sewer activities in the financial statements for proprietary funds and in the business-type activities column of the government-wide financial statements. Inventory is valued at cost using the first-in-first-out method and is recorded as an expense when consumed.

**Restricted Assets:** Restricted assets occur only in the water and sewer funds. They consist of funds reserved for the debt service requirements on water and sewer bond issues, the redemption of matured bond coupons and funds reserved for the purpose of future construction.

**Investments:** Greene, Inc., a discretely presented component unit of Greene County, records its investments in U.S. Government Securities, annuities, mutual funds, certificates of deposit, money market and federal agency instruments at fair market value.

Capital Assets: Capital assets, which include property, plant, equipment, and infrastructure assets, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements and in the fund financial statements for proprietary funds. Capital assets are defined by the County as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Assets are recorded at historical cost or estimated historical cost if historical cost is not available. Donated capital assets are recorded at estimated fair market value at the date of donation. Cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are not capitalized. The County depreciates assets on a straight line basis using the following estimated useful lives:

Estimated Hasful Life

| Asset                                  | Estimated Oseiui Liie |
|--|-----------------------|
| Equipment, furniture and fixtures      | 5 to 50 years         |
| Buildings, structures and improvements | 30 to 50 years        |
| Improvements other than buildings      | 30 to 50 years        |

A a a a t

Infrastructure assets are reported as part of Capital Assets Not Being Depreciated in the governmental activities column. Infrastructure reported in the governmental activities column consists of County roads and bridges. These assets are presented using the modified approach and, therefore, are not depreciated. In addition, expenditures made by the County to preserve existing roads or bridges are expensed rather than capitalized. Only expenditures for additions or improvement are capitalized. Additional disclosures about the condition assessments and maintenance cost regarding the County's roads and bridges appear in the Required Supplementary Information. Infrastructure in the business-type activities column is classified as improvements other than buildings and consists of water and sewer lines.

Capital Assets and Depreciation - Component Units: The component units record capital assets at cost. The assets are depreciated on the straight-line method using 5 to 30 years estimated useful lives. Upon retirement, an asset's cost and related depreciation are removed from the books. Repairs and maintenance are expensed when incurred.

**Capitalization of Interest:** The County's policy is to capitalize net interest cost on Enterprise Fund construction projects until substantial completion of the project. For 2011, no such interest costs were capitalized on construction projects for Enterprise Funds.

Accrued Wages and Benefits and Long-Term Liabilities: In general, governmental fund payables and accrued liabilities are reported as obligations of the funds regardless of whether they will be liquidated with current resources. However, claims and judgments, compensated absences, special termination benefits and contractually required pension obligations are reported in the governmental fund financial statements only to the extent they are due and payable at year end. Also, bonds and long-term loans are not recognized as a liability in the governmental fund financial statements until payment is due.

Long-term debt and other obligations financed by proprietary funds are reported as liabilities in the appropriate proprietary fund. Also, all such obligations are reported in the entity-wide statements.

**Deferred Revenue:** Deferred Revenue consists of unearned revenue and unavailable revenue. Unearned revenue is reported as Deferred Revenue to the extent that the earnings process has not been completed. Unearned revenue is found using both the accrual and the modified accrual basis of accounting. In the government-wide statement of net assets and in the enterprise funds, unrecognized revenue is termed unearned revenue.

Unavailable revenue occurs when revenue has been earned, but the revenue is not available to finance expenditures of the current fiscal year. This type of Deferred Revenue is unique to governmental funds which use the modified accrual basis of accounting. On the Balance Sheet for Governmental Funds, \$5,581,464 of the Deferred Revenue reported is comprised of unavailable revenue.

Special Assessments: The County applies the provisions of GASB Statements No. 6 and 33 in accounting for and reporting special assessments and related transactions. The County's Special Assessment Bonds are secured by liens on assessed properties and are also backed by the full faith and credit of the County as additional security. Accordingly, they are accounted for and reported in the government-wide financial statements as Matured Special Assessment with Governmental Commitment Bonds and Current and Noncurrent Liabilities in the appropriate column for governmental and business-type activities based on the purpose of the assessment. The accumulation of resources for, and the payment of, principal and interest on these bonds are accounted for and reported in the Debt Service Funds for governmental activities and in the water and sewer funds, as appropriate. Capital improvements financed by special assessments are accounted for and reported in the governmental or business-type activities column based on the purpose of the assessments. In government-wide financial statements, special assessments revenues are accounted for and reported in the fund that best reflects the nature of the transactions and are treated like user fees. In business-type activity financial statements, special assessments revenues are accrued and recognized in full upon completion of the construction project. The amount of delinquent special assessments receivable as of December 31, 2011 is \$137,069.

Grants and Other Intergovernmental Revenues: The County applies GASB Statement No. 33, "Accounting and Financial Reporting for Nonexchange Transactions," in accounting for and reporting intergovernmental revenue transactions. The governmental fund financial statements report these revenues when entitlement to the money has occurred and all grant requirements have been met, if received during the availability period. In the entity wide and proprietary fund financial statements these revenues are recognized when entitlement to the money has occurred and grant requirements have been met, regardless of the timing of the revenues.

Sales Tax: The Board of Greene County Commissioners, under the authority of the ORC, levied a 1% sales tax. This tax is collected by the State of Ohio, then remitted to the County on a monthly basis. Sales tax revenue is accounted for in the General Fund and provides financing for current operating expenses and supports several county programs and activities. Revenues from this tax are recognized using the modified accrual basis of accounting in the governmental fund financial statements and on the accrual basis in the government-wide financial statements in the governmental activities column

**Interest Income:** Per the ORC, the County has specified the funds to receive an allocation of interest earnings. In 2011, interest revenue credited to the General Fund amounted to \$2,118,351, including \$1,834,007 assigned from other County funds. Interest revenue credited to the Motor Vehicle, Road & Bridge fund amounted to \$64,368. Other non-major governmental funds earned \$149,686 in investment earnings.

Compensated Absences: Effective January 1, 1994, the County adopted GASB Statement No. 16, "Accounting for Compensated Absences." For Governmental Fund Financial Statements, the portion of the liability which is currently due and payable is recorded as a liability in the appropriate fund. Proprietary Fund Financial Statements and the Government-wide Financial Statements record unused vacation, and sick leave and compensation as expenses and liabilities when earned by employees. Compensated absences will be paid from the fund from which the employee is paid.

**Self Insurance:** As of September 1, 1994, the County is self-insured for employee health care benefits. See Note O for additional information.

**Encumbrances:** Encumbrance accounting is utilized by County funds in the normal course of operations for purchase orders and contract-related expenditures. An encumbrance is a reserve on the available spending authority due to a commitment for a future expenditure and does not represent a liability. Encumbrances outstanding at year-end appear as a component to the fund balance of each governmental fund in the governmental fund financial statements. These encumbrances are carried forward to the nextfiscal year. If the actual expenditures are less than the amount encumbered, the excess reserve is closed to the fund balance.

**Fund Balance:** Fund balance is divided into four classifications based primarily on the extent of which the County is bound to observe constraints imposed upon the use of the resources in the government funds. The classifications are as follows:

<u>Nonspendable</u> - The nonspendable fund balance classification includes amounts that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact. The nonspendable fund balance includes interfund loans and the principle of trust funds.

<u>Restricted</u> - The restricted fund balance classification includes amounts that have constraints place on the use of resources that are either externally imposed by creditors such as through debt covenants, grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation (County resolutions).

Enabling legislation authorizes the County to assess, levy, charge or otherwise mandate payment of resources (from external resource providers) and includes a legally enforceable requirement that those resources be used only for the specific purposes stipulated in the legislation. Legal enforceability means that the County can be compelled by an external party, such as citizens, public interest groups, or the judiciary to use resources created by enabling legislation only for the purposes specified by the legislation.

<u>Committed</u> - The committed fund balance classification includes amounts that can be used only for specific purposes imposed by formal action (resolution) of the County Commissioners. Those committed amounts cannot be used for any other purpose unless the Commissioners amend and approve another resolution. In contrast to fund balance that is restricted by enabling legislation, committed fund balance classification may be redeployed for other purposes with appropriate due process. Constraints imposed on the use of committed amounts are imposed by the County Commissioners or Board, separate from the authorization to raise the underlying revenue; therefore, compliance with these constraints are not considered to be legally enforceable. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for the use in satisfying those contractual requirements.

<u>Unassigned</u> - The unassigned fund balance classification is intended for the General fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned fund balance classification is used only to report a deficit balance resulting from overspending for specific purposes of which amount had been restricted or committed.

The County applies restricted resources first when expenditures are incurred for the purposes for which either restricted or unrestricted (committed and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first, followed by unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classification could be used.

**Net Assets:** Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvements of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the County or through external restrictions imposed by creditors, grantors, laws or regulations of other governments.

Net assets restricted for other purposes primarily include funds for tax assessment and collection, construction and maintenance of the County's road and bridge infrastructure, services for the developmentally disabled and funding the Children's Services Board and Department of Job and Family Services.

The County applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net assets are available. The County's sewer and water enterprise funds have restricted net assets relative to those resources necessary to comply with various covenants of bond financing agreements.

#### NOTE B -- CASH AND CASH EQUIVALENTS, INVESTMENTS AND DEPOSITS

Monies held by the County are classified by state statute into two categories. Active monies means an amount of public monies determined to be necessary to meet current demand upon the County treasury. Active monies must be maintained either as cash in the County treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts. Monies held by the County that are not considered active are classified as inactive. Inactive monies are invested in authorized securities in accordance with the Greene County Investment Policy.

#### **Deposits**

Deposits include amounts held in demand accounts and savings accounts. At year-end, the carrying amount of the County's deposits was \$18,681,718, which includes \$20,000 in undeposited cash on hand which is included as part of "Equity in Pooled Cash and Cash Equivalents". The bank balances totaled \$20,350,820.

Custodial credit risk is the risk that, in the event of a bank failure, the government's deposits may not be returned. Protection of the County's deposits may be provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the County Treasurer by the financial institution or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution. Of the bank balances totaling \$20,350,820, \$2,577,470 was insured by FDIC. The remaining balance of \$17,773,350 was collateralized with securities held in single financial institution collateral pools in the name of the respective depository bank and pledged as a pool of collateral against all the public moneys it holds that are not FDIC insured. All county demand deposits were either insured or collateralized, in accordance with state law and the County's investment policy.

#### Investments

Monies held by the County which are not considered active are classified as inactive. Inactive monies may be deposited or invested in the following securities under both the County's policy and the ORC:

- 1. United States Treasury notes, bills, bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal or interest by the United States;
- Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
- 3. Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least 2% and be marked to market daily, and that the term of the agreement must not exceed thirty days;
- 4. Bonds and other obligations of the State of Ohio or its political subdivisions, provided that such political subdivisions are located wholly or partly within the County;
- 5. Time certificates of deposit or savings or deposit accounts, including, but not limited to, passbook accounts;
- 6. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
- 7. The State Treasurer's investment pool (STAR Ohio);
- 8. Securities lending agreements in which the County lends securities and the eligible institution agrees to exchange either securities described in division (1) or (2) or cash or both securities and cash, equal value for equal value;
- 9. High grade commercial paper in an amount not to exceed 5% of the County's total average portfolio;
- Bankers' acceptances for a period not to exceed 270 days and in an amount not to exceed ten percent of County's total average portfolio.

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. All County investments are in an internal investment pool. As of December 31, 2011, the County had the following investments:

|  | Carrying          | Investment Maturities |                     |                       |                   |  |  |

Interest rate risk: The County Investment Policy and state statute requires that investments mature within five years from the date of purchase, unless matched to a specific obligation or debt of the County. State statute limits investment in commercial paper to a maximum maturity of 180 days from the date of purchase. Repurchase agreements are limited to 30 days and the market value of the securities must exceed the principal value of the agreement by at least 2% and be marked to market daily.

<u>Credit risk:</u> The Federal National Mortgage Association Notes, Federal Home Loan Mortgage Corporation Notes, Federal Farm Credit Bank Notes and Federal Home Loan Bank Notes carry a rating of AA+ by Standard and Poor's and Aaa by Moody's Ratings. Ohio law requires that STAROhio maintain the highest rating provided by at least one nationally recognized standard rating service and that the money market mutual fund be rated in the highest category at the time of purchase by at least one nationally recognized standard rating service. Standard and Poor's rating for STAROhio was AAAm. Investments in commercial paper are limited to notes rated at the time of purchase to the highest classification established by two nationally recognized standard rating services.

Custodial credit risk: For an investment, custodial risk is the risk that, in the event of the failure of the counterparty, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Federal National Mortgage Association Notes, Federal Home Loan Mortgage Corporation Notes, Federal Farm Credit Bank Notes and Federal Home Loan Bank Notes are exposed to custodial credit risk in that they are uninsured, unregistered, and held by the counterparty's trust department or agent but not in the County's name. In order to mitigate this risk, the County's investment policy requires investments be purchased only through an approved broker/dealer or institution. Further, payment for investments is made only upon delivery of the securities representing the investments to the Treasurer or qualified trustee or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

Concentration of credit risk: The County's investment policy provides for diversification to avoid undue concentration in securities of one type of securities of one financial institution. This restriction does not apply to obligations guaranteed by the U.S. government. The County places no limit on the amount it may invest in any one issuer, however state statute limits investments in commercial paper and banker's acceptances to 25% of the interim monies available for investment at any one time.

#### **DISCRETELY PRESENTED COMPONENT UNITS:**

<u>Deposits</u>: All monies are deposited into banks or investment companies designated by each component unit's governing board. Funds not needed for immediate expenditure may be deposited in interest bearing or non-interest bearing accounts, or U.S. government obligations. Security shall be furnished for all deposits, whether interest bearing or non-interest bearing, except that no such security is required for U.S. government obligations.

Custodial risk is the risk that, in the event of bank failure, the deposits of the component unit might not be recovered. At December 31, 2011, discretely presented component units held demand deposits with a carrying value of \$3,426,436. The bank balances totaled \$2,960,019, all of which was insured by FDIC.

<u>Investments:</u> At of December 31, 2011, Greene, Inc. was the only component unit to have investments, they were as follows:

| Investment Type | Fair Value   | % of<br>Investments | Maturity         | Rating<br>Standard and Poor's / Moody's |
|-----------------|--------------|---------------------|------------------|---|
| U.S. Agencies   | \$ 1,246,310 | 52.50%              | 9.14 Years       | A-1 / P-1                               |
| Money Market    | 720,379      | 30.34%              | Less than 1 year | A-1 / P-1                               |
| Mutual Funds    | 407,452      | 17.16%              | Less than 1 year | A-1 / P-1                               |
| Total           | \$ 2,374,141 | 100.00%             |                  |   |

<u>Interest rate risk:</u> Greene Inc.'s investment policy provides that it shall attempt to match the term to maturity of its investments with anticipated cash flow requirements.

Credit risk: The component units do not place a limit on the amount that may be invested in any one issuer.

<u>Custodial Credit Risk:</u> For an investment, custodial risk is the risk that, in the event of the failure of the counterparty, the component unit will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. In order to mitigate this risk, the component units purchase their investments only through an approved broker/dealer or institution.

Concentration of credit risk: The component units have no policy regarding diversification of the investments, but rely on its Finance Committee to monitor investments.

### **NOTE C -- INTERFUND TRANSACTIONS:**

During the normal course of operations the County has numerous transactions between funds. Transfers represent movement of resources from a fund receiving revenue to a fund through which those resources will be expended and are recorded as other financing sources (uses) in Governmental funds and as transfers in Proprietary Funds. Interfund transactions that would be treated as revenues and expenditures/expenses if they involved organizations external to the County are treated similarly when involving other funds of the County.

Activity between funds that is referred to as "due to/from other funds" represents transactions when one fund incurs expenditures/expenses for the benefit of another fund and expects repayment of funds from the beneficiary fund. Interfund receivables or payables represent the current portion of a loan made by one fund to another fund. Advances to/from other funds are the non-current portion of interfund loans. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

Interfund receivables and payables balances on the fund financial statements as of December 31, 2011 follow:

|   | D<br>Oti | Due To<br>Other Funds |    |                     |

### **NOTE E -- BOND ANTICIPATION NOTES**

Bond anticipation notes in governmental funds were used to construct buildings, to purchase new equipment and to provide money for the Greene Town Center project. The County and other political subdivisions are financing the infrastructure improvements through a tax incentive program. As of December 31, 2011, there are no bond anticipation notes outstanding in business type funds. All notes in governmental funds are due within one year. These notes will be paid off as cash flows warrant or when long term bonds are issued at the completion of the project. Bond anticipation note activity for the year ended December 31, 2011, follows:

### NOTE F -- LONG TERM DEBT AND OTHER OBLIGATIONS

**General Obligation Bonds:** The County issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation proprietary bonds are retired from the related Enterprise Fund. General obligation bonds are secured by the County's ability to levy a voted or unvoted property tax within limitations of Ohio law. General obligation bonds are direct obligations and pledge the full faith and credit of the County. General obligation bonds have been issued for both governmental and business-type activities. The original amount of general obligation bonds issued in prior years is \$56,650,000, with \$31,928,427 issued for governmental activities and \$24,721,573 issued for business-type activities. During 2011, \$8,000,000 of these bonds were issued for governmental activities and no such bonds were issued for business-type activities.

On September 20, 2011, the County Issued \$7,800,000 in Infrastructure Improvement Limited Tax General Obligation Bonds with interest rates ranging from 2.0% to 3.7%. The purpose of this issue was to finance infrastructure related to the Greene Town Center and to pay certain costs of issuance of the bonds.

On September 20, 2011, the County Issued \$200,000 in Roof Replacement General Obligation Bonds with interest rates ranging from 1.25% to 1.8%. The purpose of this issue was to finance the repair of the courthouse roof and to pay certain costs of issuance of the bonds.

**Special Assessment Bonds:** The County issues special assessment bonds to provide funds for the construction of land improvements. Special assessment bonds are secured by an unvoted property tax levy (special assessment), which constitutes a lien on assessed properties. The bonds are also backed by the full faith and credit of the County as additional security. Special assessment bonds have been issued for both governmental and business-type activities. The original amount of special assessment bonds issued in prior years is \$8,110,000, with \$390,000 issued for governmental activities and \$7,720,000 issued for business-type activities. During 2011, no such bonds were issued for governmental activities or for business-type activities. These bonds will be repaid from amounts levied against the property owners benefitted by the related construction. In the event that a deficiency exists because of unpaid or delinquent special assessments at the time a debt service payment is due, the government must provide resources to cover the deficiency until other resources are received. Special assessment bonds currently outstanding are as follows:

Accrued Wages & Benefits and Compensated Absences: Upon retirement after a minimum of ten (10) years service, employees are paid between twenty-five percent (25%) and fifty percent (50%) of their accrued sick leave up to a maximum of 60 days depending on the employees' length of service. Vacation time is vested for employees after a minimum of one (1) year of service. Unused vacation may be accumulated up to three (3) years according to Ohio law. All sick leave and vacation compensation is made at the employee's current wage rate. Also included in this liability is the portion of contractually required pension contributions not paid with current expendable available financial resources. Compensated absences will be paid from the fund from which the employee is paid. This would include all major funds as well as a significant number of non-major special revenue funds presented for the County.

At December 31, 2011, liabilities totaling \$8,470,317 for Governmental activities and \$712,530 for Business-type activities for total unpaid vacation leave, sick leave, and required employer pension contributions were recorded. For Governmental activities, a liability for accrued pension obligation of \$2,367,620 was recorded as accrued wages and benefits with the remaining \$6,102,697 recorded as a noncurrent liability, with \$602,947 being due with one year and the balance of \$5,499,750 being due in more than one year. For Business-type activities, a liability for accrued pension obligation of \$164,356 was recorded as accrued wages and benefits with the remaining \$548,174 recorded as a noncurrent liability, with \$54,525 being due with one year and the balance of \$493,649 being due in more than one year. The total liability as of December 31, 2011, stated as both a dollar amount and in hours, follows:

**Lease Obligations:** The County has entered into several agreements to lease equipment and other assets. When such agreements are, in substance, purchases they are classified as capital lease obligations in the financial statements. Leases that are not de facto purchases are classified as operating leases. As of December 31, 2011, the County did not

have any capital leases. The County had 13 operating leases as of December 31, 2011, 12 of which were payable from governmental activities and one which was payable from business-type activities. The operating lease agreements range in length from one year to twenty-four years. Operating lease payments are recorded as an expense in the period they are paid. Assets leased under these operating leases range from copiers and computer equipment to vehicles. The cost for operating leases for 2011 was \$739,933 for governmental activities and \$2,688 for business-type activities. The County's future minimum lease payments under operating leases as of December 31, 2011, are as follows:

Legal Debt Limit: The County is subject to a legal debt margin. Based upon the County valuation, the direct debt limit is \$93,011,543. With total exempt debt of \$128,582,573, the County has an unvoted legal debt margin of \$66,254,116.

**Defeased Debt:** The following is a summary of outstanding defeased debt at December 31, 2011. Through the process of advance refunding, this debt has been defeased in substance, and fully funded, in escrow, through the purchase of United States Treasury Obligations, pursuant to Escrow Deposit Agreements. The investments have amounts and maturities to generate cash flow sufficient to meet the principal and interest payments due over the remaining life of the bonds. All monies and investments in the Escrow Funds are irrevocably pledged to the payment of principal and interest on the defeased bonds for their remaining life. Accordingly, the Escrow Accounts, and corresponding debt, are not included in the financial statements.

**Conduit Debt Obligations - Industrial Development Bonds:** The County is a party to issuance of industrial development bonds pursuant to Ohio law. However, these bonds are not an obligation of the County and neither the general revenue nor faith and credit of the County are pledged for the repayment. Therefore, they are not included in the basic financial statements.

As of December 31, 2011, there were 25 series of industrial development bonds outstanding. The aggregate principal amount payable as of December 31, 2011 for the 10 series issued after July 1, 1995, was \$57,455,000. These 10 issues had an original issue amount of \$80,105,000. The aggregate principal amount payable for the 15 series issued prior to July 1, 1995, could not be determined; however, their original issue amount totaled \$27.1 million.

Conduit Debt Obligations - Lease - Purchase Agreement: In 2004, the County was a party to the issuance of a lease purchase agreement for equipment acquired by Greene Memorial Hospital, Inc. However, this lease is not a general obligation of the County and neither the general revenue nor faith and credit of the County are pledged for the repayment. Therefore, it is not included in the general purpose financial statements. The original lease amount was \$12,000,000 with \$2,042,377 outstanding as of December 31, 2011.

### **DISCRETELY PRESENTED COMPONENT UNITS:**

<u>Homecroft, Inc.</u>: The long-term debt of Homecroft consists of mortgages on the properties occupied by program participants. The interest rates on these mortgages range from 2.85% to 6.42%. The due dates of the final installments of the mortgages range from November 2016 to December 2024. A summary of Homecroft, Inc.'s future long-term debt funding requirements as of December 31, 2011 follows:

<u>Greene Inc.</u>: Greene Inc. has issued bonds to finance the construction of a new facility used by Greene Inc. The original amount of these bonds was \$6,195,000 with interest rates ranging from 5.5% to 7.5%. In addition, Greene Inc., has entered into a capital lease for two trucks. The lease for the trucks meet the criteria of capital lease as defined by statement of Financial Accounting Standards No. 13 "Accounting for Leases:, which defines a capital lease generally as one that transfers benefits and risks of ownership to the lessee. The change in Greene Inc. long-term obligations during the year consist of the following:

### **NOTE G -- PENSION OBLIGATIONS**

The County participates in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The Traditional Pension Plan is a cost-sharing, multiple-employer defined benefit pension plan. The Member-Directed Plan is a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20% per year). Under the Member-Directed Plan, members accumulate retirement assets equal to the value of the member and vested employer contributions plus any investment earnings. The Combined Plan is a cost-sharing, multiple-employer defined benefit pension plan. Under the Combined Plan, OPERS invests employer contributions to provide a formula retirement benefit similar in nature to, but less than, the Traditional Pension Plan benefit. Member contributions, the investment of which is self-directed by the member, accumulate retirement assets in a manner similar to the Member-Directed Plan.

OPERS provides retirement, disability and survivor and death benefits and annual cost-of living adjustments to members of the Traditional Pension and Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits. Authority to establish and amend benefits is provided by Chapter 145 of the ORC. OPERS issues a stand-alone financial report. Interested parties may obtain a copy by visiting <a href="https://www.opers.org/investments/cafr.shtml">https://www.opers.org/investments/cafr.shtml</a>, writing OPERS, 277 East Town Street, Columbus, OH 43215-4642 or by calling 614-222-5601 or 800-222-7377.

The ORC provides statutory authority for member and employer contributions. For 2011, member and employer contribution rates were consistent across all three plans. While members in the state and local divisions may participate in all three plans, law enforcement and public safety divisions exist only within the Traditional Pension Plan. The 2011 member contribution rates were 10% for members in state and local classifications. Public safety and law enforcement members contributed 11.0% and 11.6%, respectively. The 2011 employer contribution rate for state and local government employer units was 14% of covered payroll. The law enforcement and public safety division employer contribution rate was 18.10% of covered payroll.

The County's contributions for pension obligations to the traditional, combined and member directed plans for the years ended December 31, 2011, 2010, and 2009 were \$4,836,041, \$5,060,035, and \$4,286,236; 88.2% has been contributed for 2011 and 100 percent for 2010 and 2009.

**POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS:** OPERS administers three separate pension plans. The Traditional Pension Plan is a cost-sharing, multiple-employer defined benefit pension plan. The Member-Directed Plan is a defined contribution plan. The Combined Plan is a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit plan and defined contribution plan.

OPERS maintains a cost-sharing multiple employer defined benefit post-employment health care plan. Which includes a medical plan, prescription drug program and Medicare Part B premium reimbursement, to qualifying members of both the Traditional Pension and the Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits, including post-employment health care coverage. In order to qualify for post-employment health care coverage, age-and-service retirees under the Traditional Plan and Combined Plans must have 10 or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The health care coverage provided by OPERS meets the definition of an Other Post Employment Benefit (OPEB) as described in GASB Statement 45.

The ORC permits, but does not mandate, OPERS to provide OPEB benefits to its eligible members and beneficiaries. Authority to establish and amend benefits is provided by Chapter 145 of the ORC. OPERS issues a stand-alone financial report. Interested parties may obtain a copy by visiting <a href="https://www.opers.org/investments/cafr.shtml">https://www.opers.org/investments/cafr.shtml</a>, by writing OPERS, 277 East Town Street, Columbus, OH 43215-4642 or by calling 614-222-5601 or 800-222-7377.

The ORC provides the statutory authority requiring public employers to fund post retirement health care through their contributions to OPERS. A portion of each employer's contribution to OPERS is set aside for the funding of post retirement health care benefits.

Employer contribution rates are expressed as a percentage of the covered payroll of active members. In 2011, state and local employers contributed at a rate of 14% of covered payroll, and public safety and law enforcement employers contributed at 18.10%. These are the maximum employer contribution rates permitted by ORC Active members do not make contributions to the OPEB plan

OPERS' Post Employment Health Care Plan was established under, and is administered in accordance with, Internal Revenue Code 401(h). Each year, the OPERS Board of Trustees determines the portion of the employer contribution rate that will be set aside for funding of post employment health care benefits. The portion of employer contributions allocated to health care for members in the Traditional Plan was 4.0% during calendar year 2011. The portion of employer contributions allocated to health care for members in the Combined Plan was 6.05% during calendar year 2011. The portion of employer contributions allocated to health care for the calendar year beginning January 1, 2012 remained the same, but is subject to change based on Board action. Employers will be notified if the portion allocated to health care changes during calendar year 2012. The OPERS Board of Trustees is also authorized to establish rules for the retiree, or their surviving beneficiaries, to pay a portion of the health care benefits provided. Payment amounts vary depending on the number of covered dependents and the coverage selected.

The County's contributions allocated to fund post-employment health care benefits for the years ended December 31, 2011, 2010, and 2009 were \$1,841,125, \$2,182,944, and \$2,986,306 respectively; 88.2% has been contributed for 2011 and 100 percent for 2010 and 2009.

The Health Care Preservation Plan (HCPP) adopted by the OPERS Board of Trustees on September 9, 2004, was effective January 1, 2007. Member and employer contribution rates for state and local employers increased as of January 1 of each year from 2006 to 2008. Rates for law and public safety employers increased over a six year period beginning on January 1, 2006, with a final rate increase on January 1, 2011. These rate increases allowed additional funds to be allocated to the health care plan.

### **NOTE H - DEFICIT FUND BALANCES**

At December 31, 2011, the following funds had a fund balance deficit:

| Fund                         | <u></u> | Deficit   |
|------------------------------|---------|-----------|
| Building & Road Construction | \$      | (125,873) |
| County Home                  |         | (30,872)  |

All of the deficits are the result of the application of generally accepted accounting principles. The deficit fund balances are the result of the timing of grant receipts. These deficits will be eliminated in future years as grant funds are requested or will be eliminated through a transfer from the General Fund.

### **NOTE I -- PROPERTY TAX REVENUES**

Property taxes include amounts levied against real, public utility and tangible personal (business) property. The assessed value, by property classification, upon which taxes were levied in 2010 and collectable in 2011 are as follows:

|                            | Assessed<br>Values |
|----------------------------|--------------------|
| Real Property              | \$ 3,828,150,510   |
| Tangible Personal Property | 3,639,580          |
| Public Utility Personal    | 98,442,280         |
| Total Assessed Value       | \$ 3,930,232,370   |

Ohio law prohibits taxation of property from all taxing authorities in excess of 10 mills of assessed value without a vote of the people. Presently, the County levies 2.50 mills of the 10 mill limit for the General Fund. In addition to the 2.50 mills, 8.75 mills have been levied for voted millage. A summary of voted millage for tax year 2010 collected in 2011 follows:

<sup>(</sup>a) dollars per \$1,000 of assessed valuation

(b) Ohio law provides for a reduction of certain voted levies to offset inflation in the reappraisal value of real property. The voted levies are subject to, and reflect, this credit.

For taxes collected in 2011, real property taxes were levied in October 2010 on the assessed values as of January 1, 2010, the lien date. In accordance with the State of Ohio constitution, assessed values are established by the County Auditor at 35% of appraised market value. A revaluation of real property is required to be completed no less than every six years, with a statistical update every third year. In 2011, a triennial update was completed which will impact 2012 revenues. Real estate taxes were due and payable in February and July.

Through an act of the state legislature, tangible personal property tax has been eliminated. The state phased out this tax over four years starting with 2006.

The County Auditor remits the taxes collected to all taxing districts with periodic settlements of real and public utility property taxes in February and August. The County accrues billed but uncollected property taxes as receivables at their estimated net realizable value. The delinquent taxes outstanding expected to be available to finance 2011 operations (collected within 60 days after the fiscal year end) were recorded as 2011 revenue, with the remaining taxes receivable being offset by deferred revenue in the governmental funds financial statements.

Transfers are used to move money from one fund of the County to another fund of the County. Transfers originating from the general fund are made to subsidize programs of the County which are accounted for in other funds through budget authorizations or are required by statute; or to distribute interest to funds which have earned interest, but under state statute are not authorized to receive interest. Other transfers made include moving monies for capital projects, debt

service requirements, returning the unused portion of a transfer once a project is completed, and moving monies that are unclaimed from the Private Purpose Trust Fund once the prescribed time period has lapsed.

Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed.

### **NOTE L - CONSTRUCTION COMMITMENTS**

The County has active construction projects as of December 31, 2011. The projects relate to construction of water and sewer facilities. At year end the County's commitments with contractors are as follows:

### **NOTE M -- CONTINGENCIES**

The County is a defendant in a number of claims and lawsuits which may be classified as routine litigation in which minimal nonmaterial damages are being sought. In addition, the County is a defendant in numerous other claims and lawsuits ranging from tort liability to civil rights litigation in which the County believes the amounts claimed are overstated and not fair estimates of any potential ultimate settlements. Amounts paid by the County in 2011 for litigation settled were not material.

The County participates in a number of Federal and State assisted grant programs. The major programs are through the Ohio Department of Job and Family Services, the Ohio Department of Transportation and Area 7 Workforce Investment Board. These programs are subject to financial and compliance audits by grantors or their representatives. Accordingly, the County's compliance with applicable grant requirements will be established at some future date. The County believes that disallowed claims, if any, will not have a material adverse effect on the County's financial position.

### **NOTE N -- RELATED PARTY TRANSACTIONS**

<u>Homecroft, Inc.:</u> During 2011, the County furnished Homecroft with office space and equipment and also donated salaries and the related benefits. Homecroft reported \$260,926 of donated salaries and benefits as both an income and an expense on its Statement of Activities. The County provided Homecroft with financial assistance totaling \$202,749 which was used to offset some of Homecroft's operating expenses.

Homecroft received Community Capital Assistance funds for housing distributed by the Greene County Board of Developmental Disabilities which in turn received the funds from the Ohio Department of Developmental Disabilities. The grant is used to purchase single family dwellings for the occupancy of the disabled. The grant is to be forgiven over a fifteen year period. Homecroft received no new grant funding of this type in 2011. In total \$625,803 has been deferred to later years as of December 31, 2011.

<u>Greene, Inc.</u>: During 2011, the County furnished Greene Inc. with staffing, office space, some equipment and paid the expenses relating to upkeep of the facilities. Greene Inc. reported \$1,209,432 of contributed salary and benefits as an In Kind Contribution and an In Kind Service on its Statement of Activities. In 2011, the County paid Greene, Inc. \$754,681, for services provided to the County.

### **NOTE O -- RISK MANAGEMENT**

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and injuries to employees. In 1986, the County joined the Public Entities Pool of Ohio (PEP) a local government risk-sharing pool. The pool consists of 227 local governments who pool risk for property, liability and public official liability.

The County pays an annual premium to PEP for this coverage. The agreement provides that PEP will be self-sustaining through member premiums and excess insurance. The deductibles per occurrence for all types of coverage are as follows:

| Type of Coverage    | Deductible |       |  |
|---------------------|------------|-------|--|
| General Liability   | \$         | 5,000 |  |
| Police Professional |            | 5,000 |  |
| Public Official     |            | 2,500 |  |

PEP retains general liability insurance with no aggregate, police professional and public official's liability risks up to \$2 million in aggregate per year and automobile liability risks up to \$1 million in aggregate per year. Claims exceeding \$2 million are reinsured with no aggregate limitations per year. Settled claims have not exceeded this coverage in any of the last three years.

The County is also exposed to a risk of loss related to employee health care costs. On September 1, 1994, the County became self-insured for employee health care benefits. The program is administered by United Health Care, Inc., in Minneapolis, Minnesota, which provides claims review, processing services and maintains its own provider network. The self-insurance program is accounted for in the Internal Service Fund. The County has recorded a liability for incurred but unreported claims at year end based on an actuarial estimate by United Health Care, Inc. The County has purchased stoploss insurance coverage of \$100,000 per insured individual to limit the County's liability. A summary of the liability for unpaid health care claims over the past five years follows:

| Year | January 1<br>Liability | Current<br>Accruals | Current<br>Payments | December 31<br>Liability |

### NOTE P -- JOINT VENTURE

The County is a participant in the Eastern Miami Valley Alcohol, Drug Addiction and Mental Health Service Board (Board), a joint venture with Clark and Madison Counties. The purpose of the Board is to provide aid, support and education for alcohol and drug dependent citizens as well as those who are mentally disabled. The Board started providing these services on July 1, 1995. The Board is governed by an eighteen member board of directors, with Greene County, Clark County, the Ohio Department of Mental Health, and the Ohio Alcohol and Drug Addiction Services Board each appointing four members and Madison County appointing two members. The Clark County Auditor serves as fiscal agent for the Board.

Greene County has an ongoing financial responsibility to the Board. This responsibility arises from the fact that the Board's existence depends on the continued funding by the County from the property tax levy. A copy of the Board's separate financial statements may be obtained by contacting the Greene County Auditor's Office, 69 Greene St., Xenia, Ohio, 45385.

### NOTE Q -- JOINTLY GOVERNED ORGANIZATIONS

Fairways Regional Council of Governments: The County is a participant in the Fairways Regional Council of Governments (the Council), a jointly governed organization with Champaign and Madison Counties. The purpose of the Council is to provide supported living services and family support services for mentally retarded and disabled individuals and their families. The Council started providing these services in September 1998 and is established under section 167 of the Ohio Revised Code. The Council is governed by a three member board of directors, consisting of the superintendents of the participating Counties Developmental Disability Boards. Greene County has no ongoing financial responsibility to the Council. During 2011, Greene County made \$87,691 in grants to the Council. Financial information can be obtained by writing to the Greene County Developmental Disability Board, 245 Valley Road, Xenia, Ohio 45385.

Montgomery Greene County Local Emergency Response Council (MGCLERC): The MGCLERC is the Local Emergency Planning Committee (LEPC) for Montgomery and Greene Counties. The LEPC is a jointly governed organization formed for the purpose of implementing chemical emergency response and preparedness plans. The LEPC is appointed by the State Emergency Response Commission. The State appoints the LEPC from a listing of agreed upon individuals approved by the Montgomery and Greene County Commissioners. Due to regulations set forth by the Ohio Revised Code, the LEPC shall consist of such numbers of members as the State considers appropriate but shall include representatives from each of the following groups: elected state and local officials, law enforcement personnel, emergency management personnel, firefighting personnel, first aid personnel, health personnel, local environmental personnel, hospital personnel, transportation personnel, broadcast and print media personnel, community groups, and owners and operators of facilities subject to this chapter. All revenues are generated from State and Federal funding. Montgomery County is acting as fiscal agent for the LEPC. The County did not pay any monies to the LEPC during 2011, and has no ongoing financial responsibility to the Council. Financial information can be obtained by writing to the Montgomery County Auditor's Office, 451 West Third Street, Dayton, Ohio, 45422-1027.

### **NOTE R - CHANGE IN ACCOUNTING PRINCIPLE**

**Changes in Accounting Principles:** In 2011, the County implemented GASB Statement No. 53, "Accounting and Financial Reporting for Derivative Instruments" and Statement No. 54, "Fund Balance Reporting and Governmental Fun Type Definitions".

GASB Statement No. 53 addresses the recognition, measurement and disclosure of information regarding derivative instruments entered into by state and local governments. It requires governments to measure derivative instruments, with the exception of synthetic guaranteed investment contracts that are fully benefit responsive, at fair value in their economic resources measurement focus financial statements. The implementation of this statement did not result in any change in the County's financial statements.

GASB Statement No. 54 enhances the usefulness of fund balance information by providing clearer fund balance classifications that can be more consistently applied and by clarifying the existing governmental fund type definitions. This

statement establishes fund balance classifications that compromise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use fo the resources reported in governmental funds. The implementation of this statement resulted in the reclassification and restatement of the County's financial statements.

### GREENE COUNTY, OHIO REQUIRED SUPPLEMENTARY INFORMATION CONDITION ASSESSMENTS OF THE COUNTY'S INFRASTRUCTURE REPORTED USING THE MODIFIED APPROACH AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2011

The County reports its roads and bridges infrastructure assets using the modified approach (see Note A to the Financial Statements for a description of the modified approach). The following disclosures pertain to the condition assessment and budgeted versus actual expenditures for the preservation of these assets.

### **County Roads**

The condition of road pavement is measured using a Physical Condition Rating system, which assigns a numerical ranking to each road based on the following criteria: date of last surface maintenance; pavement surface condition; traffic volume; traffic type; and the Financial Condition Ranking. The Financial Condition Ranking is a numerical ranking of one to five calculated by dividing the estimated repair cost by the replacement cost of the road and using the percentage to determine the condition ranking of the road. The following schedule is used to determine the Financial Condition Ranking:

| Numeric Ranking | <b>Condition Ranking</b> | Criteria  |
|-----------------|--------------------------|---|
| 1               | Critical                 | Repair cost exceeds 80% of the replacement cost |
| 2               | Poor                     | Repair cost exceeds 45% of the replacement cost |
| 3               | Fair                     | Repair cost exceeds 25% of the replacement cost |
| 4               | Good                     | Repair cost exceeds 15% of the replacement cost |
| 5               | Excellent                | Repair cost exceeds 7% of the replacement cost  |

The Financial Condition Ranking is only one of the issues considered in determining the Physical Condition Rating. The Physical Condition Rating is determined by a committee of experts from the County Engineer's Office based on the criteria discussed above. The Physical Condition Rating is also a numerical ranking of one to five with the following characteristics:

| Numeric Ranking | <b>Condition Ranking</b> | Condition Description                      |
|-----------------|--------------------------|--|
| 1               | Critical                 | Condition is dangerous, unsafe or unusable |
| 2               | Poor                     | Condition is inadequate or substandard     |
| 3               | Fair                     | Condition is average, not good or poor     |
| 4               | Good                     | Condition is safe and suitable for purpose |
| 5               | Excellent                | Condition is new or requires no repair     |

It is the policy of the County Engineer that 90% of County roads are to be maintained in a condition of fair or better using the Physical Condition Rating and that a condition assessment using the Physical Condition Rating for County roads is performed annually. An assessment of County roads using the Financial Condition Ranking is to be performed at least once every three years. The following summarizes the Physical Condition Rating of County roads as of December 31, 2011, 2010 and 2009:

|                         | 20         | 11                 | 2             | 2010               | 2009          |                    |  |

## GREENE COUNTY, OHIO REQUIRED SUPPLEMENTARY INFORMATION CONDITION ASSESSMENTS OF THE COUNTY'S INFRASTRUCTURE REPORTED USING THE MODIFIED APPROACH AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2011 (Continued)

The following is a comparison of the County's Budgeted and Actual expenditures for preservation of existing roadways:

| Year | Budgeted<br>Expenditures | Actual<br>Expenditures | Difference |
|------|--------------------------|------------------------|------------|
| 2007 | 3,298,152                | 3,023,086              | 275,066    |
| 2008 | 3,017,035                | 3,111,703              | (94,668)   |
| 2009 | 3,183,432                | 3,241,220              | (57,788)   |
| 2010 | 2,856,415                | 2,924,878              | (68,463)   |
| 2011 | 3,107,042                | 3,118,428              | (11,386)   |

### **County Bridges**

The condition of the County's bridges is determined using a General Appraisal Rating which is a condition coding system developed by the Federal Highway Administration. The General Appraisal Rating consists of various ratings of the individual elements of the structure and an overall ranking of between zero and nine is assigned. The ranking is as follows:

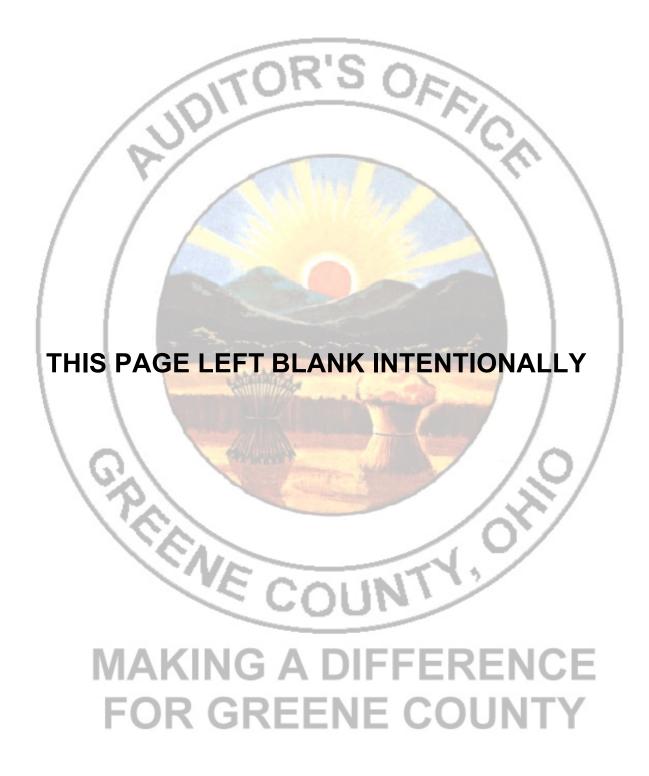

| Numerical Ranking | Condition Ranking |
|-------------------|-------------------|
| 7 to 9            | Good              |
| 5 to 6            | Fair              |
| 3 to 4            | Poor              |
| 0 to 2            | Critical          |

It is the policy of the County Engineer to maintain 95% of the County bridges at a level of fair or better. In accordance with the Ohio Revised Code, each bridge is inspected annually. The following is a summary of the condition assessment performed as of December 31, 2011, 2010 and 2001:

| Condition<br>Assessment Fair or Better Less than Fair | 20                   | 11              | 20                   | 10              | 2009                 |                 |  |
|---|----------------------|-----------------|----------------------|-----------------|----------------------|-----------------|--|
|   | Number of<br>Bridges | % of<br>Bridges | Number of<br>Bridges | % of<br>Bridges | Number of<br>Bridges | % of<br>Bridges |  |
| Fair or Better  | 274                  | 97%             | 275                  | 97%             | 275                  | 97%             |  |
| Less than Fair  | 9                    | 3%              | 9                    | 3%              | 9                    | 3%              |  |

Four of the nine bridges with a condition assessment of less than fair are covered wood bridges. Due to their historic significance these bridges cannot be replaced and it is not feasible to upgrade these bridges to meet today's standards. The following is a comparison of the County's Budgeted and Actual expenditures for preservation of existing bridges:

| Year | Budgeted | Actual | Difference |
|------|----------|--------|------------|
| 2007 | 45,000   | 24,035 | 20,965     |
| 2008 | 40,000   | 25,618 | 14,382     |
| 2009 | 40,000   | 3,460  | 36,540     |
| 2010 | 40,000   | 27,362 | 12,638     |
| 2011 | 40,000   | 36,816 | 3,184      |

# COMBINING FINANCIAL STATEMENTS AND SCHEDULES

### GREENE COUNTY, OHIO NON-MAJOR FUNDS

The following are the County's non-major funds, for the year ending December 31, 2011:

### **SPECIAL REVENUE FUNDS**

The Special Revenue funds account for the proceeds of specific revenue sources (other than major capital projects) that are legally restricted to expenditure for specified purposes. Some of the more significant non-major special revenue funds include:

<u>Real Estate Assessment</u> - To account for revenues and expenditures related to the valuation of real estate properties for tax purposes. Revenues are derived from fees collected as a part of property tax settlement.

<u>Community Mental Health</u> - To account for revenues received from a County-wide property tax levy and to provide resources for mental health programs. Greene County participates in a program with Clark and Madison Counties and provides monies to this joint effort.

<u>Community Development Block Grant</u> - This is a State and Federal Program to provide assistance to blighted community areas within the County and to assist with economic development projects in the county.

<u>Child Support Enforcement Agency</u> - This is a State mandated program to account for operating fees, reimbursements and related expenditures to maintain and enforce the County's child support program.

<u>County Home</u> - To account for a facility to provide personal care for the elderly, disabled and handicapped individuals with limited financial resources.

<u>Hospital Levy</u> - To account for a County-wide property tax levy which provides Greene Memorial Hospital, a non-profit organization, with resources to provide health care services.

Environmental Services - This is used to account for the County's yard waste collection and recycling programs.

<u>Juvenile Court Grants</u> - To account for revenue and expenditures to operate a juvenile detention center.

<u>Equipment Acquisition</u> - Accounts for the accumulation of resources and expenditures of funds for capital expenditures by various Governmental Funds of the County.

<u>Common Pleas Grants</u> - Accounts for grant and other revenue sources that are restricted for use by the Common Pleas Courts.

<u>Council on Aging</u> - Accounts for a County-wide property tax levy which provides the Senior Council on Aging, a non-profit organization with resources to provide services and activities to the elderly in Greene County.

Additional Special Revenue Funds presented in this report include:

Dog and Kennel Spring Lakes Park Adult Day Care Home Arrest Indigent Guardianship D.A.R.E. Donations Inmate Fees - Medical Emergency Management Grants Drug Law Enforcement

(R) - Real property is reappraised every six years (T) - State mandated update of the current market value in the third year following each reappraisal

The assessed value of real property (including public utility real property) is 35 percent of estimated true value. Personal property tax is assessed on all tangible personal property used in business in Ohio. The assessed value of public utility personal property ranges from 25 percent of true value for railroad property to 88 percent for electric transmission and distribution property. The general business tangible personal property tax was phased out in 2006. The value derived from the listing percentage multiplied by the applicable rates, generated the property tax revenue billed in that year. For real property, the amounts generated by multiplying the assessed values by the applicable rates would be reduced by the 10%, 2 1/2% and homestead exemptions before being billed. Beginning in the 2006 collection year, the 10% rollback for commercial/industrial property has been eliminated.
