HAMILTON COUNTY PARK DISTRICT

Yellow Book Report

December 31, 2011

Dave Yost • Auditor of State

Board of Park Commissioners Hamilton County Park District 10245 Winton Road Cincinnati, Ohio 45231

We have reviewed the *Independent Auditor's Report* of the Hamilton County Park District, Hamilton County, prepared by Plattenburg & Associates, Inc., for the audit period January 1, 2011 through December 31, 2011. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Hamilton County Park District is responsible for compliance with these laws and regulations.

Dave Yost Auditor of State

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Park Commissioners Hamilton County Park District

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Hamilton County Park District (the Park District), as of and for the year ended December 31, 2011, which collectively comprise the Park District's basic financial statements and have issued our report thereon dated June 12, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Park District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Park District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Park District's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. However, as described in the accompanying schedule of findings, we identified certain deficiencies in internal control over financial reporting that we consider to be material weaknesses.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiency described in the accompanying schedule of findings as Finding 2011-1 to be a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Park District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The Park District's response to the findings identified in our audit is described in the accompanying schedule of findings. We did not audit the Park District's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of management, the Auditor of State, and Board of Park Commissioners and is not intended to be and should not be used by anyone other than these specified parties.

Plattenburg & Associates, Inc. Plattenburg & Associates, Inc. June 12, 2012

HAMILTON COUNTY PARK DISTRICT SCHEDULE OF FINDINGS Year Ended December 31, 2011

Finding 2011-1 Material Weakness –Controls Related to Financial Reporting

The results of our audit procedures revealed the existence of a deficiency in the design and operation of the Park District's controls over financial reporting related to revenue recognition. The following condition was identified:

• Recognition of deferred revenue for amounts received outside the available period on the full accrual entity-wide financial statements resulting in the need for a prior period adjustment to beginning net assets to properly reflect amounts that should have previously been recorded as revenue rather than deferred revenue.

This condition more than likely resulted from a GAAP conversion system that was in the process of being revised and that had not yet addressed this issue. The effect of this issue is the existence of a reasonable possibility that a material misstatement of the Park District's financial statements will not be prevented, or detected and corrected on a timely basis.

Subsequent to the fiscal year end and prior to the issuance of the financial statements, the Park District corrected the misstatements. In addition, the deficiencies in the design of the Park District's controls over financial reporting related to revenue recognition have also been revised.

Recommendation

Consider additional review of the design of the Park District's controls over financial reporting to ensure that all potential problem areas have been considered.

Management Response/Corrective Action Plan

Park District management will perform a final review of the additional upgrades to the design of controls over financial reporting to ensure that all potential problem areas have been considered.

Summary of Prior Audit Findings

None noted.

10245 Winton Road
Cincinnati, Ohio 45231 (513) 521-7275 • GreatParks.org **Board of Park Commissioners:** Robert A. Goering - John T. Reis - Joseph C. Seta Jack Sutton, Executive Director

June 19, 2012

To the Citizens of Hamilton County and the Board of Park Commissioners:

We are pleased to submit the Comprehensive Annual Financial Report (CAFR) for the Hamilton County Park District (hereafter, also referred to as the "Park District"). This report conforms to Generally Accepted Accounting Principles (GAAP) in the United States of America in accordance with implementation of Government Accounting Standards Board (GASB) Statement No. 34 and provides full and complete disclosure of the financial position and operations of the Park District for the year ended December 31, 2011. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the Park District management. To the best of our knowledge, the following data is accurate in all material respects and is reported in a manner designed to fairly present the financial position of the entity as a whole and results of operations of the various funds of the Park District. All necessary financial disclosures have been included to enable the reader to gain an understanding of the Park District's financial activities.

GAAP requires that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of a Management Discussion and Analysis (MD&A). The Park District's MD&A can be found immediately following the report of the independent auditors.

Report Presentation

Financial statements of governmental organizations differ somewhat from the statements prepared for profit-oriented organizations in that governmental organizations prepare statements on a fund basis. In governmental accounting, the term "fund" is used to identify a separate accounting entity with its own assets, liabilities, revenues and expenditures or expenses, as appropriate.

The Park District has established various funds to segregate activities in order to comply with legal requirements, to better facilitate management control, and to satisfy the requirements of GAAP. The presentation of this report and the financial statements contained herein are in

MISSION STATEMENT

conformance with principles established by the Governmental Accounting Standards Board (GASB) and the American Institute of Certified Public Accountants (AICPA) through its various pronouncements.

Reporting Entity

The Hamilton County Park District was created in 1930 under authority of Chapter 1545 of the Ohio Revised Code for the purpose of protecting local natural resources and providing outdoor recreation. The Park District is governed by a three member Board of Park Commissioners, each of whom is appointed to three-year terms by the Probate Court Judge of Hamilton County and who serve without pay. The first Park Board took office on July 17, 1930.

The Board of Park Commissioners appoints an Executive Director who is also the Chief Executive Officer. The Executive Director is responsible for executing policy of the Park Board. Since 1930, the Park District has acquired and conserved over 16,564 acres of parkland and open space, including twenty-one parks and nature preserves.

The Mission of the Hamilton County Park District is "To preserve and protect natural resources and to provide outdoor recreation and education in order to enhance the quality of life for present and future generations."

Since its creation in 1930, the Park District has relied on a combination of funding derived from self-generated earned income sources and voter approved tax levies to fulfill its mission.

Currently, the major parks and nature preserves that the Park District owns or leases are:

| Armleder Park Campbell Lakes Preserve Embschoff Woods Farbach-Werner Nature Preserve Fernbank Park Francis RecreAcres Glenwood Gardens Kroger Hills Lake Isabella Little Miami Golf Center Miami Whitewater Forest Mitchell Memorial Forest Newberry Wildlife Sanctuary Oak Glen Nature Preserve Richardson Forest Preserve Sharon Woods Shawnee Lookout Triple Creek | 5057 Wooster Pike Cincinnati, OH 45226 10431 Campbell Rd. Woodland Mound

County Structure

The Park District's base for its real estate tax levy revenue (approximately \$18 million) is Hamilton County. The County of Hamilton was named for the former Secretary of Treasury, Alexander Hamilton, and was created by proclamation of Arthur St. Clair, Governor of the Northwest Territory, on January 2, 1790. The County was the second county formed in the State of Ohio, with Cincinnati as the County seat. The County is situated in the extreme southwestern corner of the State and covers an area of 413 square miles. The County encompasses 49 municipalities, villages and townships, of which Cincinnati is the largest. The County is the third largest in the State of Ohio in terms of population (802,374). Located on the Ohio River, the County forms the core of the "Cincinnati Metropolitan Area," which includes the counties of Hamilton, Warren, Clermont and Butler in Ohio, Dearborn and Ohio counties in Indiana and Kenton, Campbell, Gallatin, Grant, Pendleton and Boone across the river in Kentucky.

The County Auditor serves as both the chief financial officer for the County and the real property assessor for all political subdivisions within the County. The Auditor prepares the general tax list of the County, calculates the voted and unvoted tax rates for real estate and personal property and, once collected, distributes the tax receipts to the appropriate political subdivisions and agencies within the County. The collection and distribution of tax levy proceeds is the only service provided to the Park District.

Major Initiatives 2011

The Park District's golf courses hosted over 40 tournaments in 2011. Final work was completed on the golf course at Miami Whitewater Forest in preparation for its 50th Anniversary in 2012.

Construction was completed on the Dry Fork Creek Stream Bank and Stabilization project at Miami Whitewater Forest, which addressed stream bank erosion issues along Timberlake Drive.

Staff coordinated the design and construction of a new section of equestrian trail at Miami Whitewater Forest. The new trail replaced a section of existing trail that was in poor condition due to erosion.

In 2011, outdoor education programming continued to grow and thrive at the Park District. Naturalists presented 2,261 programs to 89,498 people. New programs offered by the University of the Great Outdoors (UGO) included Walk Club 5K and Survival Day Camp. At Adventure Outpost, an international group from Northern Ireland participated in overnight team building adventures; Summit Academy took part in four days of programming while their school underwent repairs due to flooding: and the first private group overnight canoe trip for Girl Scouts was given. Participation increased in 2011 for Parky's Farm Fun in the Sun and In-Reach programs.

The annual Easter Spectacular was a great success with a 41% increase in the number of guests, accommodated by additional seating. The adult soccer leagues, Honey Harvest programs and Children's Celebrations parties also increased participation in 2011. More than 100 people took part in the new Death, Darkness & Deserters program.

Glenwood Gardens hosted David Rogers' Big Bugs, a traveling exhibit displayed for 17 weeks that attracted nearly 33,000 visitors.

For a fourth year, the Park District presented the Kids Outdoor Adventure Expo with The Ohio River Way, Inc. A record 4,000 children and adults were in attendance.

Through the Park District's Deer Management Program, the donation of approximately 25,000 meals was made to local food pantries.

Six artificial Great Horned Owl nests showed activity in the spring with the fledging of four owlets, doubling 2010's total. The species continues to show signs of recovery from the West Nile Virus outbreak a few years ago.

Through the generosity of a grant from VIP, Inc., an Equicizer was purchased for the Riding Center. This is a mechanical horse the Special Riders Program and Special Olympics athletes can use to practice indoors.

One hundred and ninety volunteers joined the Park District's volunteer program in 2011, a 16% increase over 2010. Volunteers recorded 66,357 hours of service, equating to 32 full-time employees. Our corporate volunteer program benefited from Cincinnati region Target stores who installed a universally accessible playground at Francis RecreAcres. The square footage of the original playground was increased 13% and includes poured-in-place rubber safety surface.

Financial Information

The Park District's day-to-day accounting and budgetary records are maintained on a basis other than GAAP. For financial reporting purposes, the accounting records are converted to a modified accrual basis for all governmental funds and the accrual basis for entity-wide reporting. A further discussion of the two bases of accounting can be found in Note 1-D to the financial statements.

Budgetary appropriations for the operation of the Park District's divisions are established through the adoption of the annual Appropriation Resolution by the Board of Park Commissioners. Budgetary control is facilitated through the maintenance of an encumbrance system for purchase orders and through the use of the Park District's financial accounting software.

The Park District maintains budgetary control within the organizational unit and fund by not permitting expenditures and encumbrances to exceed appropriations. Various departments are subject to performance budget reviews. Funds appropriated may not be expended for purposes other than those designated in the Appropriation Resolution.

Items to be purchased costing under \$1,000 do not require a formal bid. Purchases over \$1,000 but under \$24,999.99 must have three quotes. Purchases exceeding \$24,999.99 must be legally bid under Ohio Revised Code Sections 307.86 through 307.92 or acquired through the State of Ohio purchasing program. Services of an accountant, architect, attorney, physician, professional engineer, construction project manager, consultant, surveyor or appraiser are not required to be bid out.

Internal Controls

In developing and revising the Park District's accounting and reporting control system, management's consideration is given to the adequacy of internal controls to provide reasonable, but not absolute, assurance regarding:

- safeguarding assets against loss from unauthorized use or disposition
- reliability of financial records for preparing financial statements and maintaining accountability for assets

The concept of a reasonable assurance recognizes that:

- the cost of a control should not exceed the benefits likely to be derived
- the evaluation of costs and benefits requires estimates and judgments by management

All internal control evaluations occur within the above framework. The Park District's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions. Initial responsibility for budgetary control rests with individual departments. The department managers receive a monthly report comparing budget with cash receipts and expenditures.

The Accounting Department conducts internal cash and inventory audits at all facilities within the Park District. They performed a total of 61 cash audits and 41 physical inventory audits during 2011. Bank reconciliations are completed by accounting personnel not authorized to sign checks.

Economic Outlook

The current economy is experiencing a very slow recovery from the national recession that began in 2008. Regionally, Hamilton County is making good strides toward recovery and saw growth in 2011. Hamilton County's unemployment rate fell slightly to 9.5% for 2011, tracking closely to the national average. New residential construction is expected to increase 25% in 2012 rising to approximately 5,000 units. Gross regional product (GRP) is expected to increase approximately 2.4% in 2012 according to the Northern Kentucky Chamber of Commerce's "2012 Regional Economic Outlook".

Long-term Financial Planning

The Park District annually updates its multi-year Operational Plan which forecasts budgeted and projected revenues and expenditures for the duration of the current levy (2017).

In addition, a 5-Year Capital Plan is updated to set guidelines for establishing project priorities. The Park District's plan is to finance capital additions and the related future operating costs without using debt.

Independent Audit

The independent audit was performed by Plattenburg Certified Public Accountants and has been contracted through the Ohio Auditor of State's Office to perform the audits of the Park District for 2011 through 2015. The unqualified opinion rendered by Plattenburg Certified Public Accountants on the Park District's basic financial statements, combining statements, and individual fund schedules, is included in the financial section of this Comprehensive Annual Financial Report.

Awards

For the sixteenth year in a row, Meadow Links and Golf Academy was recognized as one of the "Top 100 Ranges in America" for 2011 by Golf Range Magazine. This national award is based on the facility's continued effort to be a vital part of the community.

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Park District for its comprehensive annual financial report for the fiscal year ended December 31, 2010. This was the thirteenth year the Park District received this prestigious award. In order to be awarded a Certificate of Achievement, the Park District published an easy-to-read, efficiently-organized comprehensive annual financial report. This report satisfies both accounting principles generally accepted in the United States of America and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year. It is believed the current comprehensive annual financial report continues to meet the Certificate of Achievement Program requirements. It is being submitted to the GFOA to determine eligibility for another certificate.

Ohio Auditor of State, Dave Yost, awarded the "Making Your Tax Dollars Count Award" for excellence in financial reporting. This award recognizes the 2010 Comprehensive Annual Financial Report (CAFR) as demonstrating the Park District's commitment to careful spending, accurate fiscal reporting and efficiency.

Acknowledgements

This Comprehensive Annual Financial Report represents a continuing commitment by the Board of Park Commissioners and the management of the Park District to provide prudent financial information of Park District activities and to demonstrate stewardship of the funds granted to the Park District by the voters of Hamilton County.

We would like to thank and acknowledge support of the staff of the Park District, especially Thomas Lowe, Accountant, for their effort in developing this report. We thank Dusty Rhodes, Hamilton County Auditor, and his office for assistance in providing data for the Statistical Section and the staff of Plattenburg Certified Public Accountants, our auditors, for their assistance and review during this project.

INDEPENDENT AUDITOR'S REPORT

Board of Park Commissioners Hamilton County Park District

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Hamilton County Park District (the Park District) as of and for the year ended December 31, 2011, which collectively comprise the Park District's basic financial statements. These financial statements are the responsibility of the Park District's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Park District, as of December 31, 2011, and the respective changes in financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated June 12, 2012, on our consideration of the Park District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Park District's financial statements as a whole. The introductory section, combining and individual fund financial statements and schedules and statistical section, are presented for purposes of additional analysis and are not a required part of the financial statements. The combining and individual fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole. The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Plattenburg & Associates, Inc.

Plattenburg & Associates, Inc. June 12, 2012

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the Hamilton County Park District (Park District), we offer readers of the Park Districts' financial statements this narrative overview and analysis of the financial activities of the Park District for the fiscal year ended December 31, 2011. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages 1 to 7 of this report. The government wide financial statements are presented on the accrual basis of accounting. The fund financial statements are presented on the modified accrual basis of accounting which differs from those presented on a budgetary basis.

Financial Highlights

Key financial highlights for 2011 are as follows:

- The Park District's total net assets decreased \$1,546,973 for the year ended December 31, 2011.
- The assets of the Park District exceeded its liabilities at the close of fiscal year ending December 31, 2011 by \$127,078,290 (net assets). Of this amount, \$114,109,178 has been invested in capital assets.
- Governmental activities' net investment in capital assets decreased by \$1,597,315. Capital assets of the Park District are owned with no related debt.
- Revenues in Governmental Activities decreased \$5,220,890 in 2011.
- At December 31, 2011, Park District governmental funds reported combined ending fund balances of \$12,591,224 an increase of \$1,150,706 in comparison to the prior year. On a combined basis, \$694,803 is non-spendable, \$5,806,243 is considered restricted, and \$1,150,221 is considered assigned at December 31, 2011. The remaining unrestricted fund balance is \$4,939,957.

Using this Comprehensive Annual Financial Report (CAFR)

Overview of the Financial Statements

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the Hamilton County Park District as an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

This discussion and analysis is intended to serve as an introduction to the Park District's basic financial statements. The Park District's basic financial statements are comprised of the following components: 1) government-wide financial statements, 2) fund financial statements, 3) notes to the financial statements and 4) required supplementary information. This report also contains combining statements, individual fund schedules and statistical table information in addition to the basic financial statements themselves.

The government-wide financial statements - *the Statement of Net Assets and the Statement of Activities* - are designed to provide readers with a broad overview of the Park District's finances, in a manner similar to a private-sector business.

Statement of Net Assets and Statement of Activities

The Statement of Net Assets and the Statement of Activities report both long-term and short-term information about the Park District's overall financial status using the accrual basis of accounting, similar to the method of accounting used by private-sector companies.

- Statement of Net Assets. The Statement of Net Assets presents information on all of the Park District's assets and liabilities, with the difference between the two reported as net assets. This statement provides information about the nature and amounts of investments in resources (assets) and the obligations to Park District creditors (liabilities), and supplies the basis for evaluating the Park District's capital structure.
- Statement of Activities. The Statement of Activities provides information about all of the Park District's current-year revenues and expenses, and measures the success of the Park District's operations over the past year. Use of the accrual basis of accounting for financial reporting means all current year revenues and expenses are reported regardless of when cash is received or paid.

These two government-wide statements report the Park District's net assets and changes in those assets. The change in net assets is important because it tells the reader whether, for the Park District as a whole, the financial position has improved or diminished. In evaluating the overall position of the Park District, non-financial information, such as changes in the Park District's tax or employment base, the condition of Park District's capital assets and other factors, such as changing economic conditions, population and customer growth, and new or changed rules and regulations also need to be considered.

All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in the Statement of Activities for some items that will result in cash flows in future fiscal periods (e.g., uncollected taxes and earned, but unused vacation leave).

In the Statement of Net Assets and the Statement of Activities, the overall financial position of the Park District is presented in the following manner:

• Governmental Activities – The Park District's programs and services are reported here, including General Government, Public Safety, Operation and Maintenance, Naturalists, Visitor Services, and Facilities expenditures. These services are financed primarily by user fees, taxes and intergovernmental revenues, including state grants.

The Government wide financial statements can be found on pages 21-22 of this report.

Fund Financial Statements

Information about the Park District's major funds is presented in the Fund Financial Statements (see table of contents). Fund financial statements provide detailed information about the Park District's major funds - not the Park District as a whole. Some funds are required by State law. Other funds may be established by the Park District, with approval of Park Commissioners, to help control, manage and report money received for a particular purpose or to show that the Park District is meeting legal responsibilities for use of grants. The Park District's major funds are General, Capital Projects and Mitchell.

Governmental Funds

The Park District's services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the Park District's general government operations and the basic services it provides. Governmental fund information helps to determine whether there are more or less financial resources that can be spent in the near future on services provided to our patrons. The relationship (or differences) between governmental activities (reported in the Statement of Net Assets and the Statement of Activities) and governmental funds is reconciled in the financial statements.

The Park District as a Whole

Net Assets

Net Assets, the difference between assets and liabilities, may serve over time as a useful indicator of the Park District's financial position. The Park District's total assets exceeded total liabilities at December 31, 2011 by over \$127.1 million compared with \$128.6 million at the end of 2010. This was a \$1.5 million decrease in 2011.

Table 1

Summary of Net Assets at December 31, 2011 and 2010, Restated

| | Government | al Activities |
|----------------------------|-------------------|----------------|
| | 2011 | 2010 Restated |
| Current Assets | \$ 31,533,959 | \$ 34,315,498 |
| Capital Assets | 114,109,178 | 115,706,493 |
| Total Assets | 145,643,137 | 150,021,991 |
| Current Liabilities | 16,052,375 | 20,298,175 |
| Long-term Liabilities | 2,512,472 | 1,098,553 |
| Total Liabilities | 18,564,847 | 21,396,728 |
| Net Assets | | |
| Invested in Capital Assets | | |
| Net of Related Debt | 114,109,178 | 115,706,493 |
| Restricted | 6,278,275 | 7,758,248 |
| Un-Restricted | 6,690,837 | 5,160,522 |
| Total Net Assets | \$ 127,078,290 | \$ 128,625,263 |

By far, the largest portion of the Park District's net assets, \$114,109,178 (90%) in 2011 and \$115,706,493 (90%) in 2010, reflect investment in capital assets which includes property, equipment and infrastructure assets, net of accumulated depreciation, with no related debt. The Park District uses these assets to provide services to citizens, consequently these assets are not available for future spending. An additional portion of the Park District's net assets, \$6,278,275 (5%) in 2011and \$7,758,248 (6%) in 2010, represent resources that are subject to internal and external restrictions on how they may be used. The remaining balance represents unrestricted assets. This is made up of unrestricted net assets of government activities \$6,690,837 in 2011 and \$5,160,522 in 2010.

Changes in Net Assets

Table 2 provides a comparative summary of the Park District's revenue and expenses along with the changes in Net Assets for the years 2011 and 2010. The Park District's total revenue decreased 14% in 2011 to \$31,939,175. Just over one-half (54%) of the Park District's revenue came from charges to users of Park District facilities, grants, and other miscellaneous revenue. Additionally, 46% of revenue came from taxes.

| Change in Net assets | | (1,546,973) | 3,969,639 |
| Net Assets, January 1 | | 128,625,263 | 124,655,624 |
| Net Assets, December 31 | \$ | 127,078,290 | \$ 128,625,263 |

Governmental Activities

Total governmental revenue decreased by \$5,220,890. The significant items that contributed to this net decrease were a decrease in charges for service of \$1,383,646, the investment earnings which decreased by \$805,196, and grants which decreased by \$2,692,329. Charges for service decreased significantly because of the record rainfalls which decreased participation in Park District events. Grants revenue varies greatly from year to year depending on what grants the Park District qualifies for.

Total governmental expenses increased by \$295,722. This increase was primarily due to the inflationary price increases.

With total governmental expenses exceeding revenues, the Change in Net Assets for 2011 was a decrease of \$1,546,973. Governmental net assets at December 31, 2011, on the accrual basis, were \$127,078,290 (Table 2).

The Park District's Funds

The Park District has three major governmental funds: General, Capital Projects and Mitchell.

General Fund

The Fund balance at December 31, 2011 was \$6,329,252 which was an increase in fund balance of \$1,912,616 from 2010. This is mainly due to a decrease of expenditures by \$4,936,411 in visitor services, and a decrease of expenditures in public safety by \$133,326 which more than offset the significant weather related decreases in revenues.

Capital Projects Fund

Capital projects outlays totaled over \$3.4 million, financed by a \$3 million transfer from the General Fund and the opening fund balance. There was no debt incurred to finance Park District improvements.

Mitchell Fund

In 2011, the fair value of the investment portfolio decreased by \$283,938. Operations and maintenance costs of Mitchell Memorial Forest was \$135,719 in 2011.

General Fund Budgetary Highlights

The Park District's annual budget, the starting point for its financial planning and control, is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant budgeted fund is the General Fund.

The Board of Park Commissioners typically adopts the annual operating budget for the Park District in November of the preceding budget year. All disbursements and transfers of cash between funds require appropriation by the Park District Commissioners. The adopted budget may be amended by the Park District Commissioners. All budgeted amendments and supplemental appropriations made during 2011 are included in the revised budgeted amounts presented in the budget to show comparisons. This information is presented beginning on page 58.

Differences between the Park District's original budgeted revenue and final budgeted revenue were minimal. Differences from original and final budgeted expenses were due mainly to capital outlay additions in Operations and Visitors Services.

Capital Assets

At December 31, 2011, the Park District had invested \$114,109,178 (net of accumulated depreciation) in total assets compared to \$115,706,493 in 2010. This represents a decrease of 1% in total assets.

Table 3 provides a comparable summary of the Park District's capital assets, net of accumulated depreciation for fiscal years 2011 and 2010. For more detailed information, see capital asset activity information in notes 1 and 7 to the basic financial statements.

Major capital additions during the year were:

| Armleder Trail Connection to Lunken | \$678,614 |
|-------------------------------------|-----------|
| Armleder Connector Bridge | \$402,522 |
| Dry Fork Creek Restoration | \$298,956 |
| Little Miami Trail Access Road | \$263,718 |
| Woodland Mound Sanitary Sewer | \$215,081 |
| Francis Playground | \$156,117 |

Table 3 Capital Assets Year End - Net of Accumulated Depreciation

| | Governmental Activities | | | | | |

| Vehicles | 393,098 | | 447,449 | | | |
| Total | \$ 114,109,178 | \$ | 115,706,493 | | | |

Long-Term Debt

The Park District had no long term debt in 2011 and 2010. The legal debt limitation at December 31, 2011 was \$196,200,000 and \$198,957,000 in 2010. The Parks District's plan is to finance capital additions and the related future operating costs generally without using debt, but may use financing and leases as appropriate. The Computation of Legal Debt Margin table can be found in the statistical section of this CAFR.

Economic Factors and Next Year's Budget

The Park District is a special purpose government operating under the authority of Chapter 1545 of the Ohio Revised Code, providing park and recreation opportunities to the citizens of Hamilton County, as well as adjoining counties, Northern Kentucky and Southeastern Indiana.

Fifty-four percent (54%) of the U.S. population is within one hour's flight time and the Metropolitan Area is within 600 miles of 53% of the nation's purchasing power and 54% of the nation's manufacturing establishments.

The corporate headquarters of numerous companies are located in Hamilton County. Cincinnati is the home to several Fortune 500 corporations, including Procter & Gamble, the Kroger Company, Macy's Department Stores, and Fifth Third Bancorp. Another 370 Fortune 500 companies have operations in the metropolitan area.

The Hamilton County metropolitan area is a growing center for international business, with over 1,000 companies engaged in international trade. Metropolitan area companies generate sales of approximately \$6.7 billion to customers outside the U.S. each year. Major export products include jet engines, plastics, machinery, computer software, paper and consumer goods. Directly imported products amount to over \$2 billion annually. Over 300 Greater Cincinnati companies are also owned by foreign companies from Japan, England, Western Europe and Canada. Foreign trade zone status is also available in Greater Cincinnati to assist firms engaged in international trade to lower import duty and tax expenses.

The County is also the location of major Federal government installations, including a regional postal service center, a regional Internal Revenue Service center, an environmental research center, an occupational health and safety research center and the Sixth Circuit Court of Appeals.

The County's primary sporting venues include Paul Brown Stadium seating 65,600, Great American Ballpark, with a seating capacity of 42,300; the US Bank Arena, which can accommodate 17,000; Cincinnati Gardens which seats 10,800; the Fifth Third Arena at the University of Cincinnati with a capacity of 13,176; and the Cintas Center at Xavier University with seating for 10,250.

For further information regarding Hamilton County, please see the Statistical Section.

During the period of the Park District's current tax levy, state legislation was enacted in 2006 that will reduce the proceeds to the Park District from tangible personal property taxes on general business, telephone and telecommunications companies, and railroad. The tax will be phased out by reducing the assessment on the property each year. The Park District will be reimbursed by the state based on parameters included in House Bill No. 153.

Requests for Information

This financial report is designed to provide our citizens, taxpayers, patrons, and creditors with a general overview of the Park District's finances and to show the Park District's accountability for the funds it receives. If you have any questions about this report or need additional financial information, contact the Chief Financial Officer, Hamilton County Park District, 10245 Winton Road, Cincinnati, OH 45231 or call (513) 521-7275.

Note 1. Summary of Significant Accounting Policies

A. Reporting Entity

As required by generally accepted accounting principles (GAAP) in the United States of America, these financial statements present all funds for which the Park District is financially accountable. The Park District is considered a related organization to Hamilton County, Ohio. This decision is based on the fact that the Board of Commissioners are appointed by the Probate Court Judge of Hamilton County, but Hamilton County cannot impose its will on the Park District in any manner, nor does there exist any financial benefit or burden relationship between the Park District and Hamilton County.

The accompanying financial statements of the Park District are prepared in conformity with GAAP, prescribed in statements and interpretations issued by Governmental Accounting Standards Board (GASB).

B. Basic Financial Statements – Government Wide Statements

The Statement of Net Assets and the Statement of Activities display information about the Park District as a whole. These statements include the financial activities of the overall government.

The government-wide statement of activities presents a comparison for each function or program of the Park District's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include 1) charges to customers who purchase, use or directly benefit from goods, services or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operation or capital requirements of a particular function or activity. Taxes, intergovernmental revenues and other items not properly included among program revenues are reported as general revenues. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the Park District.

The Statement of Net Assets reports all financial and capital resources using the economic resources measurement focus and the accrual basis of accounting. The Park District presents the statement in a format that displays *assets less liabilities equal net assets*. *Net Assets* is displayed in three components:

- The *Invested in Capital Assets, Net of Related Debt* component consists of capital assets, net of accumulated depreciation.
- The *Restricted Net Assets* component represents net assets with constraints placed on their use that are either 1) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or 2) imposed by law through constitutional provisions or enabling legislation.
- The *Unrestricted Net Assets* component consists of net assets that do not meet the definition of the preceding two components.

Note 1. Summary of Significant Accounting Policies (continued)

C. Basic Financial Statements – Fund Financial Statements

The Park District uses funds to maintain its financial records during the fiscal year. Fund accounting is designed to demonstrate legal compliance and to aid management by segregating transactions related to certain Park District functions or activities. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The various funds of the Park District are categorized as governmental funds. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column.

The following are the Park District's major governmental funds:

1. Governmental Funds

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income.

- **a. General Fund** is the general operating fund of the Park District. It is used to account for all financial resources except those required to be accounted for in another fund.
- **b.** Capital Projects Fund is used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by business-type/proprietary funds).
- c. Mitchell Trust Fund is used to account for the initial bequest from William Morris Mitchell and the subsequent accumulation of income, expenditures for contiguous land, construction, maintenance and operations of the Mitchell Memorial Forest.

D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting arise in the actual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures.

<u>Revenues – Exchange and Non-exhange Transactions</u>

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a

modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the Park District, available means expected to be received within sixty days of fiscal year end. Non-exchange transactions, in which the Park District receives value without directly giving equal value in return, included property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the Park District must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the Park District on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year end: grants and interest.

Unearned Revenue

Unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied.

Property taxes for which there is an enforceable legal claim as of December 31, 2011, but which were levied to finance fiscal year 2012 operations, have been recorded as unearned revenue. Grants and entitlements received before the eligibility requirements are met are also recorded as unearned revenue.

On governmental fund financial statements, receivables that will not be collected within the available period have also been reported as unearned revenue.

Expenditures\Expenses

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in the governmental funds. On the accrual basis of accounting, expenses are recognized at the time they are incurred.

E. Pooled Cash and Cash Equivalents

The Park District maintains a cash and investment pool used by all funds. Each fund type's portion of this pool is displayed on the combined balance sheet as "Cash and Cash Equivalents". Investments with original maturities of three months or less are considered to be cash equivalents. Cash equivalents are recorded at cost, which approximates market value. Interest earned from investments purchased with pooled cash is allocated to the funds, based on amounts in the pool, unless otherwise restricted by statute.

F. Investments

Investments are reported at fair value. Investments consist of securities owned by the Park District that are traded on a national exchange and valued at quoted market prices.

G. Inventories

Inventory is valued at the lower of cost or market, using first-in, first-out (FIFO) method. The costs of inventory items are recognized as expenditures in the General Fund when sold or consumed.

H. Capital Assets

Governmental-type capital assets include land, buildings, furniture and fixtures, machinery and equipment, vehicles, and infrastructure owned by the Park District. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net assets but are not reported in the fund financial statements. Capital Assets are stated at historical or estimated historical cost. Donated assets are stated at estimated market value at the time of donation. All capital assets in excess of \$1,000 are capitalized. See Note 7 for accumulated depreciation by class.

Depreciation for governmental-type capital assets is provided using the straight-line method over the estimated life of the assets. Depreciation lives used for property items within each property classification are as follows:

| Buildings | 30 years | Parking | 10 years |
|---------------------|----------|-------------|----------|
| Machinery/Equipment | 7 years | Trails | 20 years |
| Vehicles | 5 years | Sewers | 20 years |
| Furniture/Fixtures | 7 years | Dams | 30 years |
| Water Supply | 20 years | Bridges | 30 years |
| Roads/Pavement | 20 years | Playgrounds | 15 years |

Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not.

I. Compensated Absences

The Park District records accumulated unpaid sick leave, vacation, holiday and compensatory time benefits as compensated absences payable when earned by the employee.

Vacation - Full and part-time employees will be eligible for accrued vacation leave after their first pay period with approval from their supervisor. Seasonal employees who are promoted to a full or part-time position will begin their accruals the pay period in which the promotion is effective. Accrual of vacation time is as follows:

| | Vacation Hours Earned | Total Earned |
|------------------|-----------------------|--------------|
| Years of Service | Per 80 Hours Worked | Per Year |
| 0 to 7 years | 3.1 hours/80 hrs/pay | 10 days/year |
| 8 to 14 years | 4.6 hours/80 hrs/pay | 15 days/year |
| 15 to 24 years | 6.2 hours/80 hrs/pay | 20 days/year |
| 25 plus years | 7.7 hours/80 hrs/pay | 25 days/year |

At the beginning of the 8th, 15th and 25th year, employees will progress to the next accrual level.

Vacation pay for eligible employees is based on current rate of pay. Overtime hours are not counted in computing vacation time. Any employee who works less than 2,080 hours per year, will have vacation time determined by the percentage of the total hours they work. No vacation time is earned while an employee is on an unpaid leave of absence or an unpaid military leave.

Vacation time may be accumulated to a maximum of that earned in three years. At the time of an employee's termination, the employee is entitled to compensation at their current rate of pay for any earned but unused vacation leave up to a maximum of three years.

Sick Leave – Sick leave accumulates at the rate of 4.6 hours for every 80 hours worked with a maximum of 15 days per year. There is no maximum accumulation. It is to be used as needed and approved. Upon retirement, an employee with 10 or more years of active service may receive a one-time payment. This payment is calculated as one hour's pay for every two hours of accrued leave, up to a maximum of 720 hours. At December 31, 2011, the Park District recorded a liability for sick leave totaling \$710,429 in accordance with GASB Statement No. 16, whereby sick leave is expensed and accrued only for probable retirees.

Compensatory Time - Depending on the employee's position, comp time may be earned at regular or time-and-a-half rate. The maximum accumulation for non-exempt employees is 240 hours of comp time and comp time earned in excess of the maximum is paid to the employee. Exempt employees are required to take current year comp time by April of the following year.

Long-term obligations for vested sick leave, vacation and comp time and any claims or judgments are shown in the Statement of Net Assets. Unpaid vacation, sick leave and comp time, are computed as prescribed in GASB Statement No. 16. A full accrual for future amounts due is presented as compensated absences in government wide statements. See Note 9.

J. Inter-Fund Transactions

During the normal course of operation, the Park District has certain transactions between funds. Charges from the General Fund to Other Funds for administration, maintenance, utilities and other costs are identified as Charges for Services (Revenue) by the General Fund and Expenditures in the Other Funds. All other inter-fund transactions are reported as transfers.

K. Fund Balance

In accordance with Governmental Accounting Standards Board Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, the Park District classifies its fund balance based on the purpose for which the resources were received and the level of constraint placed on the resources. The following categories are used:

Nonspendable – resources that are not spendable from (inventory) or have legal or contractual requirements to maintain the balance intact.

Restricted – Resources that have external purpose restraints imposed on them by providers, such as creditors, grantors, or other regulators.

Committed – resources that are constrained for specific purposes that are internally imposed by the government at its highest level of decision making authority, the Board of Park Commissioners.

Assigned – resources that re intended to be used for specific purposes as approved through the Park District's formal purchasing procedure by the Park District management.

Unassigned – residual fund balance within the General Fund that is not restricted, committed, or assigned. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from incurred expenses for specific purposes exceeding amounts which had been restricted, committed or assigned for said purposes.

The Park District applies restricted resources first when an expense is incurred for purposes which both restricted and unrestricted net assets are available. The Park District considers committed, assigned, and unassigned fund balances, respectively, to be spent when expenditures are incurred for purposes for which any of the unrestricted fund balance classifications could be used.

L. Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the Board of Park Commissioners or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

The Park District applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available. Of the Park District's restricted net assets, none was restricted by enabling legislation.

M. Estimates

The preparation of the financial statements in conformity with the generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Note 2. Deposits, Investments and Investment Return

Deposits

Custodial credit risk is the risk that in the event of a bank failure, government's deposits may not be returned to it. The Park District deposit policy for custodial risk requires compliance with the provisions of state law.

State law requires collateralization of all deposits with federal depository insurance; bonds and other obligations of the U.S. Treasury, U.S. agencies or instrumentalities or the state of Ohio; bonds of any city, county, school district or special road district of the state of Ohio; bonds of any state; or a surety bond having an aggregate value at least equal to the amount of the deposits.

At December 31, 2011, \$7,542,619 of the Park District's bank balances were exposed to custodial credit risk as these deposits were uninsured and collateral held was in other than the Park District's name.

Investments

The Park District may legally invest in direct obligations of, and other obligations guaranteed as to principal by, the U.S. Treasury and U.S. agencies and instrumentalities. The Park District may not purchase corporate bonds, stocks or notes. Donations of these items may be held until such time as the Board of Park Commissioners deems it advisable to sell such items.

At December 31, 2011, the Park District had the following investments:

Corporate Stocks

\$ 4,146,555

Interest Rate Risk As a means of limiting its exposure to fair value losses arising from rising interest rates, the Park District investment policy limits all maturities to a maximum of two years.

Credit Risk Credit risk is the risk that the issuer or other counterparty to an investment will not fulfill its obligation. It is the Park District's policy to limit its investments to those permitted by state law, donated corporate stock or corporate bonds. Purchases of corporate stock, corporate bonds, or obligations of political subdivisions other than the State of Ohio are prohibited.

Custodial Credit Risk For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the Park District will not be able to recover the value of its investment or collateral securities that are in possession of an outside party. All investments in corporate stock are held in the Park District's name. The Park District's investment policy does not address custodial credit risk.

Concentration of Credit Risk The Park District limits investments with one issuer to no more than 50% of the investment portfolio except as follows:

- (a) Donated corporate stock, no limit.
- (b) External Investment Pool, (STAR OHIO) secured by U.S. Treasury obligations, \$10 million limit.
- (c) Fifth Third Bank. Balances totally collateralized with U.S. Treasury Securities, \$10 million limit.

At December 31, 2011 the investment portfolio included the following concentrations of common stock that exceeded 5% of the total investment portfolio

| Company | Market value at December 31, 2011 |
|------------------------|-----------------------------------|
| Procter & Gamble | \$ 2,160,070 |
| Eaton Corp | 296,004 |
| Exxon Mobil | 282,081 |
| Bristol Myers | 281,920 |
| PNC Financial Services | 276,816 |
| AT&T Inc | 255,135 |
| Halliburton Company | 220,864 |

Summary of Carrying Values

The carrying values of deposits and investments shown above are included in the balance sheets as follows:

| Carrying value | | |
|--|----|------------|
| Cash Deposits | \$ | 8,991,165 |
| Corporate Stocks | - | 4,146,555 |
| | \$ | 13,137,720 |
| Included in the following statement of net assets captions | | |
| Cash equivalents | \$ | 8,991,165 |
| Investments | | 4,146,555 |
| | \$ | 13,137,720 |

Investment Income (Loss)

Investment Income (Loss) for the year ended December 31, 2011 consisted of:

| Interest and dividend income | \$ | 142,203 |
|---|----|-----------|
| Net decrease in fair value of investments | - | (232,339) |
| | \$ | (91,136) |

Note 3. Property Taxes

Property taxes include amounts levied against real, public utility, and tangible personal property. Property tax revenue received during 2011 for real and public utility property taxes represents collections of the 2010 taxes. Property tax payments received during 2011 for tangible personal property (other than public utility property) are for 2011 taxes.

2011 real property taxes are levied after October 1, 2011, on the assessed value as of January 1, 2011, the lien date. Assessed values are established by State law at 35 percent of appraised market value. 2011 real property taxes are collected in and intended to finance 2012 operations.

34

Public utility tangible personal property currently is assessed at varying percentages of true value; public utility real property is assessed at 35 percent of true value. 2011 public utility property taxes became a lien December 31, 2010, are levied after October 1, 2011, and are collected in 2012 with real property taxes.

The tax on telephone and telecommunications property will be eliminated by calendar year 2011. The tax is phased out by reducing the assessment rate on the property each year. House Bill No. 66 was to compensate governments by replacing a portion of the revenue lost by the Park District due to the phasing out of the tax.

The assessed values of real and tangible personal property upon which current year property tax receipts were based are as follows: (Amounts in 000's)

| Real Property –2010 Valuation | |
|---|----------------------|
| Residential/Agricultural | \$ 14,212,051 |
| Commercial/Industrial/Public Utilities | 5,071,717 |
| Tangible Personal Property – 2010 Valuation | |
| Public Utilities | 683,435 |
| | |
| Total Valuation | \$ <u>19,967,203</u> |

Real property taxes are payable annually or semi-annually. The first payment is due January 20 with the remainder payable by June 20.

Tangible personal property taxes paid by multi-county taxpayers are due September 20. Single county taxpayers may pay annually or semi-annually. If paid annually, payment is due April 30; if paid semi-annually, the first payment is due April 30; with the remainder payable by September 20.

The County Treasurer collects property taxes on behalf of all taxing districts in the county, including the Park District. The County Auditor periodically remits to the Park District its portion of the taxes collected. Accrued property taxes receivable represent real and tangible personal property taxes, public utility taxes and outstanding delinquencies which are measurable as of year end for which there is an enforceable legal claim. Although total property tax collections for the next year are measurable, amounts to be received during the available period are not subject to reasonable estimation at year end, nor were they levied to finance current year operations. The receivable is therefore offset by deferred revenue.

The Park District property tax is generated from two sources. The first is an unvoted .03 mil levy granted annually the Hamilton County Commissioners. The second is a replacement levy of 1.0 mill which is scheduled to expire in 2017.

Note 4. Leases

Operating Leases

The Park District leases various park properties, land, and water, over varying periods. None of the agreements contain unusual renewal or purchase options. The Park District is responsible for

preservation and maintenance of the properties. Future minimum rental payments under operating leases are \$2 per year for 2009 to 2026.

Note 5. Retirement Plans

A. Ohio Public Employers Retirement System

Ohio Public Employees Retirement System (OPERS) administers three separate pension plans, a Traditional Pension Plan (TP), a Member-Directed Plan (MD) and a Combined Plan (CO). The TP Plan is a cost-sharing multiple employer defined benefit pension plan. The MD Plan is a defined contribution plan in which member invests both member and employer contributions (employer contributions vest over five years at 20% per year). Under the MD Plan members accumulate retirement assets equal to the value of member and (vested) employer contributions plus any investment earnings. The CO Plan is a cost sharing, multiple-employer defined benefit pension plan. Under the CO Plan, OPERS invests employer contributions to provide a formula retirement benefit similar in nature to the TP Plan benefit. Member contributions, the investment of which is self-directed by the members, accumulate retirement assets in a manner similar to the MD Plan.

OPERS provides retirement, disability, survivor and death benefits and annual cost of living adjustments to members of the TP and CO Plans. Members of the MD Plan do not qualify for the ancillary benefits. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report. Interested parties may obtain a copy by writing to the OPERS, 277 East Town Street, Columbus, Ohio 43215-4642 or by calling 614-222-5601 or 800-222-7377, or by visiting the OPERS website at www.opers.org. The Ohio Revised Code provides statutory authority for member and employer contributions. Plan members and employer contributions rates were consistent across all three plans. Plan members are required to contribute 10% of their annual covered salary to fund pension obligations. The employer pension contribution rate for park facilities employees is 14% of covered payroll and for park district law enforcement employees the employer contribution rate 18.10% of covered payroll. The contribution rates are determined actuarially. The Park District's required contributions to OPERS for the years ended December 31, 2011, 2010 and 2009 were as follows:

| For the Year Ended December 31 | Employer's Contribution for Regular <u>Employees</u> | Employer's Contribution for Law Enforcement <u>Employees</u> |
|-----------------------------------|--|--|
| 2011 | \$ 1,793,035 | \$ 366,166 |
| 2010 | 1,780,370 | 449,125 |
| 2009 | 1,877,450 | 363,371 |

The full amount has been contributed for 2009 and 2010 and 2011.

B. Post Employment Benefits

Ohio Public Employees Retirement System

Plan Description

OPERS maintains a cost-sharing multiple employer defined benefit post-employment healthcare plan, which includes a medical plan, prescription drug program and Medicare Part B premium reimbursement, to qualifying members of both the Traditional Pension and the Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits, including postemployment health care coverage.

In order to qualify for post-employment health care coverage, age-and-service retirees under the Traditional Pension and Combined Plans must have 10 or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The health care coverage provided by OPERS meets the definition of an Other Post Employment Benefit (OPEB) as described in GASB Statement 45.

The Ohio Revised Code permits, but does not mandate, OPERS to provide OPEB benefits to its eligible members and beneficiaries. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code.

OPERS issues a stand-alone financial report. Interested parties may obtain a copy by writing OPERS, 277 East Town Street, Columbus, OH 43215-4642, or by calling 614222-5601 or 800-222-7377, or by visiting the OPERS website at <u>www.opers.org</u>.

Funding Policy

The Ohio Revised Code provides the statutory authority requiring public employers to fund post retirement health care through their contributions to OPERS. A portion of each employer's contribution to OPERS is set aside for the funding of post retirement health care benefits.

Employer contribution rates are expressed as a percentage of the covered payroll of active members. In 2011, the Park District contributed at 14% of covered payroll for park facilities employees and 18.10% of covered payroll for park district law enforcement employees. These are the maximum employer contribution rates permitted by the Ohio Revised Code. Active members do not make contributions to the OPEB Plan.

OPERS' Post Employment Health Care Plan was established under, and is administered in accordance with, Internal Revenue Code 401(h). Each year, the OPERS Retirement Board determined the portion of the employer contribution rate that will be set aside for funding of post employment health care benefits. The portion of employer contributions allocated to the health care for members in the Traditional Plan was 4.0% during calendar year 2011. The portion of employer contributions allocated to health care for members in the Combined Plan was 6.05% during calendar year 2011. The OPERS Retirement Board is also authorized to establish rules for the payment of a portion of the health care coverage by the retiree or their

surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected.

Information from Park District's Records

The rates stated in Funding Policy, above, are the contractually required contributions rates for OPERS. The Park District's actual contributions for the current year, which were used to fund postemployment benefits were as follows:

| | 2011 | | | 2010 | 2009 |
|---------------------------|------|-----------|----|-----------|------------|
| Regular Employees | \$ | 896,518 | \$ | 979,204 | \$ 615,994 |
| Law Enforcement Employees | - | 143,434 | | 180,683 | 120,521 |
| | \$ | 1,039,952 | \$ | 1,159,887 | \$ 736,515 |

The full amount has been contributed for 2009, 2010 and 2011,

OPERS Retirement Board Implements its Health Care Preservation Plan

The Health Care Preservation Plan (HCPP) adopted by the OPERS Board of Trustees on September 9, 2004 was effective January 1, 2007. Member and employer contribution rates increased on January 1 of each year 2006 to 2008, which allowed additional funds to be allocated to the health care plan.

Note 6. Commitments

The Park District has contractual commitments to various vendors for future supplies and services for the Park District. Determinable amounts are recorded as encumbrances at December 31, 2011, as follows:

| Park Operations | \$ 694,492 |
|--------------------|-------------|
| Park Improvements | 329,244 |
| Operating Supplies | 92,039 |
| | \$1,115,775 |

Note 7. Capital Assets

A. Governmental Activities - changes in capital assets during the year ended December 31, 2011 follows:

| | I | Balance | | | | | Dolonoo | | Less | Not Dool- |
|----------------------|--------|----------------|-----------------|----|-----------|----|-----------------|----|--------------|-------------------|
| | 19 | inuary 1, 2011 | | | | | Balance | | ccumulated | Net Book |

| | \$ | 62,992,076 | \$ 4,715,936 | \$ | 1,522,857 | \$ | 66,185,155 |

Note 8. Risk Management

The Park District is exposed to various risks of loss related to torts - theft of, damage to and destruction of assets, errors and omissions, injuries to employees and natural disasters. These risks are covered by commercial insurance purchased from independent third parties. Settled claims from these risks have not exceeded commercial insurance coverage for the past three years, nor has there been a significant reduction in insurance coverage in the same period.

The Park District pays into the State of Ohio Bureau of Workers Compensation System at a retrospective rate based on gross salaries less any employee contributions to a 457 plan. Workers claims are submitted to the State of Ohio for authorization and payment to the injured employee. The State of Ohio establishes employer payments, employee payments, and adequate reserves.

Note 9. Compensated Absences/Long Term Liabilities

Long term liability activity for the year ended December 31, 2011 was:

| Commenceded | Balance January 1, 2011 | Additions | Reductions | Balance <u>December</u> <u>31, 2011</u> | Current Portion | Long-term Portion |
|-------------------------|-------------------------------|-------------|-------------|---|--------------------|----------------------|
| Compensated Absences | \$1,856,315 | \$2,259,045 | \$1,176,117 | \$2,939,243 | \$ 426,771 | \$2,512,472 |
| Total | \$1,856,315 | \$2,259,045 | \$1,176,117 | \$2,939,243 | \$426,771 | \$2,512,472 |

Compensated absences will be paid from the fund in which employees' salaries are paid which in prior years has typically been the General Fund.

Note 10. Fund Balance

Fund balance is classified as nonspendable, restricted, committed, assigned, and/or unassigned based primarily on the extent to which the Park District is bound to observe constraints imposed upon the use of the resources in the governmental funds. The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented below:

| | | | Com | ital Decisato | | | 6- | Other_ | |
|---|----------|------------|------------|---------------|-----|----------------|----|-------------------|-----------------|

| Total | \$ | 694,492 | \$ | 455,729 | \$ | | \$ | 5 2 | \$ 1,150,221 |

Note 11. Restatement of Fund Balance

The Park District reclassified its Enterprise Fund into the General Fund as indicated below. The Park District's Management reclassified the Enterprise Fund as user fees were not providing adequate resources to replace capital assets, thus, resulting in large interfund payable balances. Management determined that the use of an enterprise fund was not required since fund activities were not financed with debt secured solely by a pledge of net revenues from fees and charges of the activity; an enterprise fund was not legally required, and the charges for the activities were not designed to recover costs of operation. Therefore, all fee related activity has been reported in the General Fund for the year ended December 31, 2011.

| | General Fund | Pı | Capital ojects Fund | Enterprise Fund |

Note 12 - Contingent Liabilities

A. Grants

The District receives financial assistance from federal, state and local agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. Management estimates that such disallowed claims, if any, would not materially affect the financial statements of the Park District.

B. Litigation

From time to time the Park District is a party to various claims and litigation. Management estimates that any potential claims against the District would not materially affect the financial statements of the District. (This page is intentionally left blank)

Budgetary Process

<u>Budget</u> - A budget of estimated cash receipts and disbursements is submitted to the County Auditor, who serves as Secretary of the County Budget Commission, by July 20 of each year for the period of January 1 to December 31 of the following year.

<u>Estimated Resources</u> - The County Budget Commission certifies its actions to the Park District by September 1. As part of this certification, the Park District receives the official certificate of estimated resources which states the projected receipts of each fund. On or about January 1, this certificate is amended to include any unencumbered balances from the preceding year. Prior to December 31, the Park District must revise its budget so that the total budgeted expenditures from a fund during the ensuing fiscal year will not exceed the amount stated in the Certificate of Estimated Resources. The revised budget then serves as the basis for the annual appropriation measure. Budget receipts, as shown on the accompanying financial statements, do not include January 1, 2011 unencumbered fund balances. However, those fund balances are available for appropriations.

<u>Appropriations</u> - A temporary appropriation measure to control cash disbursements may be passed on or about January 1 of each year for the period January 1 to March 31. An annual appropriation measure must be passed by April 1 of each year for the period January 1 to December 31. The appropriation measure may be amended or supplemented during the year as new information becomes available. Appropriations may not exceed estimated resources, as certified.

<u>Encumbrances</u> - The Park District is required to use the encumbrance method of accounting by mandate of Ohio law. Under this system, purchase orders, contracts and other commitments for the expenditure of funds are recorded on the Non-GAAP budgetary basis in order to reserve that portion of the applicable appropriation and to determine and maintain legal compliance.

At the close of each fiscal year, the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriations. The encumbered appropriation balance is carried forward to the succeeding fiscal year and need not be reappropriated.

The Park District is organized into six Divisions that report to an Executive Director, who in turn reports to a Board of Park Commissioners. Under these Divisions are various Departments. All governmental and proprietary fund types of the Park District have legally adopted budgets at the personal service and other object level within each department for estimated resources and appropriations. The transfer of appropriations within the two respective object levels in each department does not require approval of the Board of Park Commissioners. Revisions to estimated resources or budgeted appropriations must be approved by the Board of Park Commissioners and submitted to the Hamilton County auditor. Division directors are responsible for operating within the approved budget, as periodically amended. Please refer to page 9 of this report for an Organizational Chart.

Budgetary Process (continued)

Listed below is a reconciliation of the results of operations for the year ended December 31, 2011 from modified accrual (GAAP) basis to the Non-GAAP budgetary basis.

GENERAL FUND

The General Fund is the general operating fund of the Park District. It is used to account for resources traditionally associated with governments which are not required to be accounted for in another fund.

| | | Original Budget | Revised Budget | Actual | Variance Between Actual and Revised Budget |
|------------------------------------|----|--------------------|-------------------|------------------|---|
| Revenues | / | | | | |

SPECIAL REVENUE FUNDS

Special Revenue Funds are used to account for specific governmental revenues (other than major capital projects) requiring separate accounting because of legal or regulatory provisions or administrative action and expenditures for a specified purpose.

LAW ENFORCEMENT FUND – To account for money that is contraband or is derived from the sale of contraband. Ten percent is to be used for community prevention programs and 90% for discretionary law enforcement projects.

LAW ENFORCEMENT AND EDUCATION FUND – To account for fines related to driving under the influence (DUI) of drugs or alcohol. This fund may be spent on any DUI related enforcement or education programs.

DRUG AND LAW ENFORCEMENT FUND – To account for drug fines remitted by the Courts. The fund may be used for efforts that pertain to drug offenses.

EVERGREEN FUND - To account for donations identified by the donor to be used for a specific purpose and to account for the following separate funds which are combined for reporting purposes:

Estate of Betty Martin Estate of Virginia Miller Mildred Foman Trust Newberry Wildlife Sanctuary Fund Estate of Margaret Embshoff Others

BURCHENAL FUND - Established to account for funds donated to provide trails, gardens and appropriate memorial and other capital improvements on the Burchenal Tract at Glenwood Gardens, Woodlawn, Ohio.

STATISTICAL SECTION

STATISTICAL SECTION

The statistical section provides selected financial, economic and demographic information which may be used to indicate trends for comparative fiscal periods.

Statistical Section

This part of the Hamilton County Park District's Comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures and required supplementary information says about hte Park District's overall financial health.

Contents

Financial Trends

These schedules contain trend information to help the reader understand how the Park District's financial performance and well-being have changed over time

Debit Capacity

The Park District has no outstanding long-term debt.

Revenue Capacity

These schedules contain information to help the reader assess the Park District's most significant local revenue source, the property tax.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the Park District's financial activities take place.

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the Park District's financial report relates to the services the Park District provides and the activities it performs.

Other Information

Other information contained in this report is the Insurance Coverage Schedule, and a list of Park Facilities.

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

Source: Hamilton County Auditor's Office, Budget Commission, Tax Duplicate

Note: Property in Hamilton County is reassessed every six years. In Ohio, taxable assessed value is 35% of appraised market value. Estimated actual value is calculated by dividing assessed value by that percent. Tax rates are per \$1,000 of assessed valuation. According to Ohio law, tax exempt property is classified separately and is not included in residential, commercial or industrial properties until it is no longer exempt and its use is determined at a later date.

Excludes tax-exempt property,

Beginning in tax year 2006, values for telecommunication companies were reclassified from the Public Utility property class to the General Tangible Personal property class.

Beginning in tax year 2002, percentages for valuing estimated actual value of Tangible Personal properties vary by class and type.

| Public | Utility | Tot | al |
|-------------------|---------------------------|------------------|---------------------------|
| Assessed Value | Estimated Actual Value | Assessed Value | Estimated Actual Value |
