LUCAS COUNTY, OHIO REPORTS ISSUED PURSUANT TO THE OMB CIRCULAR A-133 FOR THE YEAR ENDED DECEMBER 31, 2011

### Dave Yost • Auditor of State

Board of Commissioners Lucas County One Government Center, Suite 600 Toledo, Ohio 43604

We have reviewed the *Independent Auditors' Report* of Lucas County, prepared by Spilman, Hills & Heidebrink, Ltd, for the audit period January 1, 2011 through December 31, 2011. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. Lucas County is responsible for compliance with these laws and regulations.

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With Government Auditing Standards

The Lucas County Board of Commissioners Toledo, Ohio

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Lucas County, Ohio (the County) as of and for the year ended December 31, 2011, which collectively comprise the County's basic financial statements and have issued our report thereon dated May 25, 2012. Our report includes a reference to other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Other auditors audited the financial statements of the Toledo Mud Hens Baseball Club, Inc., Lott Industries, Inc., Preferred Properties, Inc., Toledo Arena Sports, Inc., Toledo-Lucas County Convention and Visitors Bureau and Lucas County Land Reutilization Corporation, as described in our report on the County's financial statements of the other auditors' testing on internal control over financial reporting or compliance and other matters that are reported on separately by those auditors. The financial statements of the Toledo-Lucas County Land Reutilization., Toledo-Lucas County Convention and Lucas County Land Reutilization Corporation and Visitors Bureau and Lucas County Long Mud Hens Baseball Club, Inc., Preferred Properties, Inc., Toledo-Lucas County Convention and Visitors. The financial statements of the Toledo Mud Hens Baseball Club, Inc., Preferred Properties, Inc., Toledo-Lucas County Convention and Visitors Bureau and Lucas County Land Reutilization Corporation and Visitors Bureau and Lucas County Land Reutilization Corporation were not audited in accordance with *Government Auditing Standards*.

#### **Internal Control Over Financial Reporting**

Management of the County is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the County's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. However, as described in the accompanying schedule of findings and questioned costs, we identified certain deficiencies in internal control over financial reporting that we consider to be material weaknesses and other deficiencies that we consider to be significant deficiencies.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct

misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiency 2011-01 described in the accompanying schedule of findings and questioned costs to be a material weakness.

A significant deficiency is a deficiency or a combination of deficiencies in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the 2011-02 deficiency described in the accompanying schedule of findings and questioned costs to be a significant deficiency.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We also noted certain matters that we reported to management of the County in a separate letter dated May 25, 2012.

The County's response to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. We did not audit the County's responses and, accordingly, we express no opinion on the responses.

This report is intended solely for the information and use of management, the Board of Commissioners, others within the entity, federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Independent Auditors' Report on Compliance With Requirements That Could Have a Direct and Material Effect on Each Major Program, on Internal Control Over Compliance, and the Schedule of Expenditures of Federal Awards in Accordance With OMB Circular A-133

The Lucas County Board of Commissioners Toledo, Ohio

#### Compliance

We have audited the compliance of Lucas County, Ohio (the County) with the types of compliance requirements described in the US Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that could have a direct and material effect on each of the County's major federal programs for the year ended December 31, 2011. The County's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the County's management. Our responsibility is to express an opinion on the County's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations.* Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the County's compliance with those requirements.

In our opinion, the County complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2011. However, the results of our auditing procedures disclosed instances of noncompliance with those requirements, which are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying schedule of findings and questioned costs as items 2011-3, 2011-4, 2011-5, 2011-6 and 2011-7.

#### **Internal Control Over Compliance**

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the County's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine

the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of the internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

#### Schedule of Expenditures of Federal Awards

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the County as of and for the year ended December 31, 2011, and have issued our report thereon dated May 25, 2012, which contained an unqualified opinion on those financial statements and which expressed reliance on other auditors. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for the purpose of additional analysis as required by OMB Circular A-133 and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The County's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. We did not audit the County's responses and, accordingly, we express no opinion on the responses.

This report is intended solely for the information and use of management, the Board of Commissioners, others within the entity, federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

#### LUCAS COUNTY, OHIO NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS FOR THE YEAR ENDED DECEMBER 31, 2011

#### NOTE 1 - BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal grant activity of Lucas County and is presented on the cash basis of accounting. The information in this schedule is presented in accordance with requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in the Schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements. Also certain information may not agree with other federal reports that the County submits to federal granting agencies because, among other reasons, the other federal award reports may be prepared for a different fiscal period or include cumulative data rather than data for the current year only.

#### NOTE 2 - SUBRECIPEINTS

Of the federal expenditures presented in the Schedule, the County provided federal awards to subrecipients as follows:

#### **Part II - Financial Statement Findings**

This section identifies the significant deficiencies, material weaknesses, fraud, illegal acts, violations of provisions of contracts and grant agreements, and abuse related to the financial statements for which *Government Auditing Standards* require reporting in a Circular A-133 audit.

#### 2011-01: Capital Assets

| Criteria or Specific Requirement: | The County should maintain a complete and accurate capital asset<br>subledger. This subledger should be updated as capital asset<br>transactions occur and should be reviewed for completeness and<br>propriety by an individual within the Auditor's office and by<br>individuals within the departments who carry capital assets.   |
|-----------------------------------|---|
| Condition:                        | The Auditor's office is responsible for maintaining a capital asset<br>subledger. The subledger is compiled based on information<br>submitted by the various departments of the County. The<br>respective departments do not always report information<br>accurately or timely to the Auditor's office. Once the information<br>is received, the Auditor's Office is charged with the responsibility<br>to properly reflect the capital assets in the subledger for financial<br>reporting. Inaccurate information could result in items not being<br>properly capitalized or assets not being properly disposed of<br>resulting in misstatement of expenses. Additionally, the County<br>recorded year-end transactions on a cash basis resulting in capital<br>assets not being listed in the subledger at the time acquired, but<br>in the next fiscal period when the payment was made. |
| Context:                          | The County did not maintain an accurate capital asset subledger<br>in 2010 which resulted in an understatement of prior year's net<br>assets of \$2,585,850. The 2010 balances of fund 5020 - Water<br>Supply System, fund 5030 - Wastewater Treatment, and Business-<br>Type Activities were restated in 2011 by \$804,639, \$792,114 and<br>\$1,596,753, respectively. The County also did not maintain an<br>accurate subledger in 2011 resulting in a current year<br>understatement of net assets of \$1,883,015. The remaining<br>difference of \$989,097 from 2010 and the entire 2011 amount<br>relate to governmental activities and are deemed to be<br>immaterial to the governmental activities financial statements as<br>a whole. They are included as waived audit adjustments on the<br>governmental activities waived schedule.  |
| Cause:                            | Management indicated that the errors were a result of the<br>Auditor's office having to rely on the various departments within<br>the County to report accurate information. Some of the<br>information was not verified and therefore duplicated.<br>Management also failed to account for year-end additions and<br>disposals on the accrual or modified accrual basis.   |

#### Part II - Financial Statement Findings (Continued)

| 2011-01: (Continued)  |   |
|---|---|
| Effect:   | The capital asset balances preliminarily reflected in the County's financial statements were inaccurate, requiring management to record year-end adjustments and restate beginning net assets.  |
| Recommendation:   | We recommend that the Auditor's office implement measures<br>including periodic analytics and disbursement monitoring to allow<br>for faster identification of capital assets activity to ensure proper<br>recording in accordance with generally accepted accounting<br>principles. We recommend that the Auditor's office continue to<br>work with departments to ensure that information reported is<br>accurate and timely, including considering the need for capital<br>asset training for various County departments. We also<br>recommend that the departments complete their review of<br>capital asset listings and provide capital asset addition and<br>disposal forms in a more timely manner.   |
| Views of Responsible Officials and<br>Planned Corrective Actions: | The Lucas County Auditor has implemented an action plan that<br>addresses the aforementioned. The plan includes a number of<br>facets, including training of non-auditor personnel in departments<br>reporting capital transactions. During May of 2012, the Auditor's<br>office held three training sessions attended by over 50 County<br>personnel that dealt specifically with the topic of recording capital<br>transactions. These sessions were informational, focused on the<br>County's capital asset policies and procedures, and also stressed<br>the need for accurate and timely reporting. Each session lasted<br>60-90 minutes, and the County plans a follow-up before the year-<br>end close. Training of non-auditor personnel will become a<br>normal part of the financial reporting process in Lucas County. |
|   | In order to assist with the accuracy of buildings located on its<br>capital asset ledger, the County has the Commissioner's office<br>signoff on the building inventory. Additionally, after the<br>Commissioner signoff takes place, a representative from the main<br>office that conducts business in the building will also signoff to<br>ensure the accuracy of the submitted report.  |
|   | Also, in order to encourage compliance to the year-end reporting deadline, the Auditor is also reporting any late year-end submissions from departments/agencies to the elected official who is the responsible for that department/agency.   |

#### Views of Responsible Officials and Planned Corrective Actions: (Continued)

Additionally, the Auditor's disbursement personnel are identifying potential capital transactions and passing them along to the accounting staff for further review. Transactions that appear to be capital in nature which have not been previously identified and reported to the accounting and financial reporting staff are being held until such time that the asset(s) have been properly and accurately reported to the Auditor. Moreover, departments/agencies/boards with employees that report inaccurate and/or incomplete capital transaction data and consequently pose a risk to the County's financials are being reported to the appropriate elected official for signoff and acknowledgement of the occurrence(s).

The auditor is also in the process of involving additional personnel in the financial reporting spectrum. This includes the official establishment of an audit committee, and also an employee dedicated solely to the internal audit function. The additional financial people associated with the audit process will provide financial perspective and scope to assist the current team in compiling the financial statements.

Finally, the Auditor also redeveloped the capital asset report in order to facilitate the audit process for the outside audit team. We are confident that all of the newly implemented measures, working with the current internal controls, will provide a seamless audit process for both the County and the outside audit team moving forward.

#### 2011-02: Compensated Absences

Criteria or specific requirement: The County should prepare a complete calculation of the compensated absences obligation at year-end based on relevant sick leave and overtime policies, legal limitations, and collective bargaining agreements. This calculation should be reviewed for completeness and propriety and be reconciled with payroll records of various departments as needed by a knowledgeable individual within the Auditor's Office.

#### Part II - Financial Statement Findings (Continued)

#### 2011-02: (Continued)

| Condition:      | The County utilizes a Peoplesoft generated report to determine the liability for future cash payments of accumulated sick time owed to employees upon termination, as well as overtime to be used as comp time. Per ORC 124.39, the limit for sick leave payouts upon retirement is 1/4 of accumulated time up to a maximum of 240 hours and ORC 124.18 limits comp time to 480 hours for law enforcement employees. However, exceptions can be made through either resolution or collective bargaining agreements. The current collective bargaining agreement allows for law enforcement employees to accumulate unlimited sick leave and receive payouts of 65% of the accumulated time upon retirement. The hours for accumulated comp time for these employees were also unlimited in 2011 per this agreement. The report generated by the County did not apply these exceptions and was not updated for comp time accumulated and not taken by these employees during 2011. |
|-----------------|---|
| Context:        | The estimated compensated absences liability for law enforcement employees was approximately \$4.4 million at December 31, 2011 which exceeded the recorded liability.  |
| Cause:          | The County applied the compensated absences requirements under<br>the Ohio Revised Code for all County employees without regard to<br>collective bargaining and resolution exceptions. The calculation also<br>did not have current comp time hours information for some County<br>employees.   |
| Effect:         | The compensated absences obligation reflected on the year-end calculation report was inaccurate as the County did not apply the exceptions for law enforcement employees as outlined in the collective bargaining agreements and was not updated for 2011 comp time activity for these employees.   |
| Recommendation: | We recommend the County identify all collective bargaining<br>agreements and resolutions amending compensated absences<br>benefits and ensure all reports are updated for current year activity<br>to reflect the effects of these amendments as a basis for recording<br>the liability.  |

#### Part III - Federal Award Findings and Questioned Costs Section

This section identifies the audit findings required to be reported by Circular A-133 section .510(a) (for example, significant deficiencies, material weaknesses, and material instances of noncompliance, including questioned costs), as well as any abuse findings involving federal awards that are material to a major program.

#### 2011-03: Mental Health and Recovery Services Board (MHRSB)

| Federal program information:      | Social Services Block Grant (Title XX, CFDA Number 93.667)  |
|-----------------------------------|---|
| Criteria or Specific Requirement: | Agencies who pass federal funds on to subrecipients are required to<br>monitor the subrecipient's use of Federal awards through reporting,<br>site visits, regular contact, or other means to provide reasonable<br>assurance that the subrecipient administers federal awards in<br>compliance with laws, regulations, and the provisions of contracts<br>or grant agreements and that performance goals are achieved. |

#### Part III - Federal Award Findings and Questioned Costs Section (Continued)

| 2011-03: (Continued)   |   |
|--|---|
| Condition:   | MHRSB did not perform on-site visits or formal monitoring of its<br>subrecipient's use of Title XX grants. Additional monitoring<br>activities were warranted because MHRSB's subrecipient was not<br>subject to a Single Audit as required by OMB Circular A-133 as their<br>federal expenditures did not exceed the \$500,000 threshold.  |
| Context:   | The subrecipient received \$484,127 from MHRSB that was passed through the Ohio Department of Mental Health.  |
| Cause:   | Subrecipient monitoring was not performed due to MHRSB being short staffed due to recent budget cuts.   |
| Effect:  | MHRSB is deemed to be out of compliance with the requirement to perform subrecipient monitoring.  |
| Questioned Costs:  | None  |
| Recommendation:  | We recommend that management of MHRSB implement<br>subrecipient monitoring procedures, including site visits, in order to<br>ensure the subrecipient is in compliance with laws, regulations, and<br>the provisions of the contracts or grant agreements. Site visits<br>should include review of both financial and programmatic records.  |
| View of Responsible Officials and<br>Planned Corrective Actions: | The MHRS Board will begin sub recipient monitoring procedure,<br>including site visits, in order to ensure the sub recipient is in<br>compliance with laws, regulations and the provisions of the<br>contracts or grants agreements. Site visits will include review of<br>both financial and programmatic records. The MHRS Board will<br>implement this sub recipient monitoring by September 30, 2012. |
| 2011-04: Mental Health and Recovery                              | v Services Board (MHRSB)  |
| Federal Program Information:                                     | Social Services Block Grant (Title XX, CFDA Number 93.667)  |
| Criteria or Specific Requirement:                                | OMB Circular A-133, Subpart D, subsection .400(d) states a pass-<br>through entity shall perform the following for the federal awards it<br>makes:  |
|  | (1) Identify federal awards made by informing each subrecipient of CFDA title and number, award name and number, award year, if the award is R&D, and name of federal agency. When some of this information is not available, the pass-through entity shall provide the best information available to describe the federal award.   |

#### Part III - Federal Award Findings and Questioned Costs Section (Continued)

#### **Criteria or Specific Requirement: (Continued)**

|  | (2) Advise subrecipients of requirements imposed on them by<br>Federal laws, regulations, and the provisions of contracts or grant<br>agreements as well as any supplemental requirements imposed by<br>the pass-through entity.   |
|--|--|
| Condition:   | An agreement with the subrecipient did not identify all the required federal information as noted in OMB Circular A-133, Subpart D, subsection .400(d).  |
| Context:   | The MHRSB entered into an agreement to provide Social Services<br>Block Grant funds to a subrecipient. Per review of this agreement,<br>the MHRSB did not formally inform the subrecipient of the federal<br>award information as required.  |
| Cause:   | The awarding documentation did not include the federal award information as required.  |
| Effect:  | The subrecipient of the MHRSB was not informed of the federal<br>award information. This could lead to the subrecipient<br>misreporting federal grant information on their schedule of<br>expenditures of federal awards. Federal award information should<br>be distinguished as to not confuse funding given to the<br>subrecipient with non federal sources.  |
| Questioned Costs:  | None.  |
| Recommendation:  | We recommend that the MHRSB provide the federal award<br>information as required by OMB Circular A-133. The MHRSB uses a<br>"boiler-plate" agreement for their non-Medicaid service<br>agreements; therefore we recommend that this information be<br>conveyed to the agencies in a separate notice of award letter.<br>Additionally, we recommend that revised notice of award letters be<br>sent as soon as possible to reflect any revisions due to changes in<br>federal, state, or local funding. |
| View of Responsible Officials and<br>Planned Corrective Actions: | The MHRS Board will convey to Rescue their State Fiscal Year (SFY) 2013 Title XX grant award amount as a separate notice of awards letter by July 13, 2012. If the Title XX grant award amount is changed by the Ohio Department of Mental Health during the SFY 2013 the MHRS Board will issue a revised notice of award letter to Rescue.  |

#### 2011-05: Board of Developmental Disabilities (BDD)

| Federal Program Information:                                     | Rehabilitation Services - Vocational Rehabilitation Grants - Pathways<br>(CFDA Number 84.126)  |
|--|--|
| Criteria or Specific Requirement:                                | Agencies who pass federal funds on to subrecipients are required to<br>monitor the subrecipient's use of Federal awards through reporting,<br>site visits, regular contact, or other means to provide reasonable<br>assurance that the subrecipient administers federal awards in<br>compliance with laws, regulations, and the provisions of contracts<br>or grant agreements and that performance goals are achieved.  |
| Condition:   | BDD monitors the grant through a BDD employee that assists the subrecipient on administering the Pathway Program. BDD, however, does not have a formal policy or reporting process for subrecipient monitoring. Additionally, monitoring activities were warranted because BDD's subrecipient was not subject to a single audit as required by OMB Circular A-133 as their federal expenditures did not exceed the \$500,000 threshold. The agency meets the characteristics of a subrecipient as defined in OMB Circular A-133, Subpart B, subsection .210. |
| Context:   | The subrecipient received approximately \$350,000 from BDD that was passed through Ohio State Rehabilitations Service Commission.  |
| Cause:   | Subrecipient monitoring was not performed due to BDD classifying<br>the subrecipient as a vendor relationship. The agency meets the<br>characteristics of a subrecipient as defined in OMB Circular A-133,<br>Subpart B, subsection .210.  |
| Effect:  | BDD is deemed to be out of compliance with the requirement to perform subrecipient monitoring.   |
| Questioned Costs:  | None.  |
| Recommendation:  | We recommend that the management of BDD implement<br>subrecipient monitoring procedures, including site visits in order to<br>ensure the subrecipient is in compliance with laws, regulations, and<br>the provisions of the contracts or grant agreements. Site visits<br>should include review of both financial and programmatic records.  |
| View of Responsible Officials and<br>Planned Corrective Actions: | The BDD will begin documenting subrecipient monitoring<br>procedures, including site visits, in order to ensure the subrecipient<br>is in compliance with laws, regulations and the provisions of the<br>contracts or grants agreements. Site visits will include review of<br>both financial and programmatic records. The BDD will implement<br>this subrecipient monitoring by September 30, 2012.  |

#### 2011-06: Homeland Security Grant Program

| Federal Program Information:     | Homeland Security Grant Program passed through Ohio Emergency<br>Management Agency (CFDA Number 97.067)   |
|----------------------------------|---|
| Criteria or Specific Requirement | Equipment purchased through federal grants are to be subjected to<br>physical inventory at least once every two years as required by OMB<br>Circular A-110, Uniform Administrative Requirements for Grants<br>and Agreements With Institutions of Higher Education, Hospitals,<br>and Other Non-Profit Organizations, Subpart C, Subsection .34(f)(3),<br>Equipment and 2 CFR 215.34(f)(3). |
| Condition:                       | The County's Emergency Management Agency (EMA) Department<br>did not perform a physical inventory of the equipment purchased<br>with federal grant monies.  |
| Context:                         | The County's EMA has expended approximately \$1,500,000 on equipment through Homeland Security Grants.  |
| Cause:                           | The County's EMA did not complete a physical inventory of the equipment as equipment is purchased by the County's EMA then maintained at local law enforcement and public safety agencies.  |
| Effect:                          | The County's EMA is deemed to be out of compliance with the requirement to perform physical inventory every two years and, as a result, may not have a current listing of equipment being held and used that was purchased with federal funds.  |
| Questioned Costs:                | None.   |
| Recommendation:                  | We recommend management complete a physical inventory of<br>equipment purchased with federal grant monies and document the<br>results of the inventory. This can be completed through a<br>confirmation process, as needed. A current listing validated by a<br>physical inventory should be maintained.  |

|  | Commissioners. Additionally, Memorandums of Understanding and  |
|  | Asset Transfer Forms are utilized to document the intended use of  |
|  | the equipment as well as document the jurisdiction receipt and   |
|  | acceptance of the equipment. Lucas County EMA has been advised   |
|  | in its most recent Department of Homeland Security Inspector   |
|  | General audit that it will meet the requirements of OMB Circular A-  |
|  | 110, Subpart C, Subsection .34(f)(3) and 2 CFR 215.34(f)(3) if it  |
|  | develops a procedure in which recipient subdivisions and agency's  |

#### **2011-07:** Energy Efficiency and Conservation Block Grant

| Federal Program Information:      | Energy Efficiency and Conservation Block Grant passed through<br>Ohio Department of Development (CFDA Number 81.128)  |
|-----------------------------------|---|
| Criteria or Specific Requirement: | Contracts issued under federal grants are required to include<br>provisions as described in OMB Circular A-110, Uniform<br>Administrative Requirements for Grants and Agreements With<br>Institutions of Higher Education, Hospitals, and Other Non-Profit<br>Organizations, Subpart C, Subsection .48, Contract Provisions.  |
| Condition:                        | The County Facilities Department did not include the language in a contract as required under OMB Circular A-110, Subpart C, Subsection .48 (d); (d) All negotiated contracts (except those for less than the small purchase threshold) awarded by recipients shall include a provision to the effect that the recipient, the Federal awarding agency, the Comptroller General of the United States, or any of their duly authorized representatives, shall have access to any books, documents, papers and records of the contractor which are directly pertinent to a specific program for the purpose of making audits, examinations, excerpts and transcriptions. |
| Context:                          | Two contracts were put out for bid in the current fiscal year by the<br>County Facilities Department. One of the two was tested and<br>found to be missing required language.   |

#### Part III - Federal Award Findings and Questioned Costs Section (Continued)

| 2011-07: (Continued)   |   |
|--|---|
| Cause:   | The County Facilities Department did not include the language from OMB Circular A-110, Subpart C, Subsection .48 (d) due to an oversight in the contracts process.  |
| Effect:  | The County Facilities Department is deemed to be out of compliance with the procurement contract provisions under OMB Circular A-110.   |
| Questioned Costs:  | None.   |
| Recommendation:  | We recommend management institute procedures to ensure all contracts contain the necessary language as described in OMB Circular A-110, Subpart C, Subsection .48 and make the language standard for all County contracts.  |
| View of Responsible Officials and<br>Planned Corrective Actions: | The contracts issued through the County Facilities Department<br>currently contain all the required disclosures under OMB Circular A-<br>110 with the exception of Subpart C, Subsection .48 (d) which<br>addresses access to records by the Federal awarding agency,<br>Comptroller General of the United State or other duly authorized<br>representatives. We will institute procedures to ensure all contracts<br>contain the necessary language as required by federal regulations<br>and make the language standard for all County contracts. |

#### LUCAS COUNTY, OHIO SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS FOR THE YEAR ENDED DECEMBER 31, 2011

#### 2010-01 Child Support Enforcement

| Federal program information: Child Support Enforcement (CFDA Number 93.563) |   |  |
|---|---|--|
| Condition:  | A sample of cases reviewed did not provide information within 10 days of receipt of information or case for interstate cases, both initiating and responding.   |  |
| Recommendation:   | We recommend that management of Child Support Enforcement<br>Agency implement a better tracking process to ensure interstate<br>cases are addressed timely. If responsible staff are on vacation,<br>they should identify staff that can back them up and perform the<br>necessary steps.   |  |
| Current Status:   | New processes were implemented effective late 2010 and early<br>2011 which included giving interstate cases to two case managers<br>who were assigned to the establishment department. Cases have a<br>tracking system for those cases waiting for information to proceed,<br>cases referred to the legal department, and any case sent to their<br>audit department. Any case sent to the audit department is logged<br>in and the audit supervisor tracks the case for the audit requests.<br>All responding and initiating interstate case updates are sent via<br>SETS, with alerts notifying the case manager if the information has<br>not been sent or received within the timeframes. |  |

| Condition:                   | The quarterly reports required under Section 1512 of the Recovery Act included only two months' worth of grant activity.   |
| Recommendation:              | We recommend that management of Workforce Development<br>Agency either use a cut-off in the third month to report most of the<br>third month grant activity or determine if there is a means to<br>perform a faster close of the month to obtain the entire third<br>month activity for report purposes.         |
| Current Status:              | The reports required under Section 1512 of the Recovery Act were<br>submitted monthly for the first six months of fiscal 2011 and<br>submitted on a timely basis. For the remainder of fiscal 2011,<br>reports were submitted quarterly and included activity for all three<br>months and were submitted timely. |

### LUCAS COUNTY BOARD OF COMMISSIONERS AND CITIZENS OF LUCAS COUNTY

As Auditor of Lucas County, I am pleased to present the Comprehensive Annual Financial Report (CAFR) for the fiscal year ended December 31, 2011.

This report contains basic financial statements, management's discussion and analysis, supplemental financial statements, and other financial and statistical information which provide a complete and full disclosure of all financial aspects material to Lucas County. This CAFR conforms to accounting principles generally accepted in the United States of America (GAAP) as set forth by the Governmental Accounting Standards Board (GASB).

Responsibility for both the accuracy of the data presented and the completeness and fairness of the presentation, including all disclosures, lies with the management of the County, and in particular, the office of the Lucas County Auditor. In fulfilling this responsibility, the Lucas County Auditor's Office has prepared the accompanying financial statements, schedules, and tables. We believe this data fairly reflects the financial position of the County and the results of its operations.

This transmittal letter should be read in conjunction with the *Management's Discussion and Analysis*, which provides a narrative introduction, overview, and analysis of the basic financial statements.

#### THE COUNTY

Lucas County was formed by an Act of the Ohio General Assembly on June 20, 1835, in honor of then Governor of Ohio, Robert Lucas. Lucas County's elected three-member Board of County Commissioners functions as both the legislative and executive branch of the County. Each Commissioner serves a term of four years. In addition to the County Auditor, who serves as chief fiscal officer, there are seven elected administrative officials, each of which operates independently as set forth by Ohio law. These officials are: Clerk of Courts, Coroner, Engineer, Prosecutor, Recorder, Sheriff, and Treasurer. All of these officials serve four-year terms. The following judges are elected on a county-wide basis to oversee the County's judicial system: Common Pleas Court, Domestic Relations Court, Juvenile Court, Probate Court, and Court of Appeals. Judges are elected to six-year terms.

#### **REPORTING ENTITY AND SERVICES**

In conformity with GASB Statement No. 14, all governmental departments, agencies, institutions, commissions, public authorities, and other governmental organizations, for which the County has significant financial accountability, are included in this CAFR for financial reporting purposes. Financial accountability is determined by the County's ability to appoint a voting majority of the Board, or financial interdependence.

The County provides general governmental services to its citizens which include: public and health assistance, community related services, civil and criminal justice systems, road and bridge maintenance, sewer and waterline construction and maintenance, and other general legislative and administrative support services. The County also operates and maintains the water supply and wastewater treatment systems. A further discussion of the reporting entity and its services may be found in Note 2 of the Notes to the Basic Financial Statements.

#### ECONOMIC CONDITION AND OUTLOOK

Located in Northwest Ohio on the Lake Erie coast, Lucas County is situated in the center of a trade area comprised of 16 counties in Northwestern Ohio and Southeastern Michigan, with a population of nearly 1.4 million people. The County is in the Toledo Metropolitan Statistical Area (MSA) and lies in the central portion of a triangle formed by the cities of Chicago, Detroit, and Cleveland. Approximately three-eights of the population of the United States resides within 500 miles of Lucas County.

The County's economy, historically associated with the glass and automotive industries, has become increasingly diversified, especially in the area of solar and alternative energy. While the County remains the home of four of the nation's largest glass companies, DaimlerChrysler (Chrysler), General Motors Corporation, and Dana Holding Corporation also continue to be major private employers in the County. Additionally, two corporations headquartered in the County, Dana Holding and Owens-Corning, made the 2011 Fortune 500, while Owens-Illinois is also a Fortune 500 company that is located within the Toledo MSA.

Lucas County has a growing healthcare sector that includes the University of Toledo Medical Center, as well as two major private hospital employers: ProMedica (formerly ProMedica Health System), and Mercy Health Partners. ProMedica recently opened the ProMedica Wildwood Orthopedic and Spine Hospital in October 2011, which is the first specialty center of its kind in Northwest Ohio. Private service industries and governmental employers have traditionally provided more than three-fourths of the total employment in the Toledo MSA and approximately 70 percent of total payrolls in the County.

The County also maintains a significant oil refining presence in the Lucas County community of Oregon, Ohio. BP/Husky Oil Company opened a new quality assurance laboratory and continues to work on constructing the \$400 million Reformer III Project. The Toledo Refining Group, new owners of the former Sun Refining and Marketing Company, Inc. continue to operate and upgrade their facilities in Oregon, with considerable construction activity continuing through 2012.

Chrysler, the largest manufacturing employer in the County, is making a new \$500 million dollar investment in its Toledo Assembly plant to bring a new vehicle production line to this plant. This new investment in Toledo was predicated on the Toledo Assembly Plant improving its performance and successfully implementing Chrysler's World Class Manufacturing Program. This expansion is projected to result in the addition of a second shift of employees starting mid to late summer 2013. In conjunction with the expansion of Chrysler's Toledo Assembly Plant, the Toledo-Lucas County Port Authority is redeveloping what is known as "Jeep Parkway." The remediation and demolition of the former Jeep property will be completed during the summer of 2012 and will allow the Toledo-Lucas County Port Authority to construct a spec building that will serve the area's large market demand of Tier I Auto Suppliers for a location within close proximity of the \$500 million dollar investment by Chrysler in its Toledo Assembly Plant and the new vehicle production line.

In 2006, General Motors Corp. (GM) announced a \$332 million investment at the Toledo Powertrain Plant to build their new front-wheel drive, six-speed transmission. The production for this new line began in June of 2010. In May of 2011, General Motors Corp. made the commitment to invest an additional \$204 million at the Powertrain Plant for the addition of an 8-speed transmission production line that is scheduled to begin production in 2014. This new production line is expected to lead to 250 new jobs.

Meanwhile, the County's infrastructure continues to be upgraded. The Toledo Express Airport recently completed design work on a \$7.2 million improvement project for the cargo hub, including a new cross dock facility and airport access upgrades. These improvements have contributed to BX Solutions entering into an agreement in 2011 with the Toledo-Lucas County Port Authority for use of airport facilities that employ, during their peak season, 400 employees. With BX Solutions on site, significant interest now exists that will encourage additional business development that will generate additional employment.

In May of 2008, the Toledo-Lucas County Port Authority (Port Authority) acquired 181 acres of former industrial land on the east side of the Maumee River from the Chevron Corporation. This area is now known as the Ironville Dock, and its purpose is to provide additional inventory to site selection professionals. The land has several interesting transportation assets including the only Class I Rail on the Great Lakes East of the Mississippi River, access to a deepwater port, and the ability to move heavy loads via truck to the interstate system. In late 2009, the State of Ohio awarded the County \$5 million to enhance the transportation assets described above. The Port Authority also worked very closely with its operator, Midwest Terminals of Toledo,

at the General Cargo Facility to further develop its Lucas County operations. Midwest Terminals is in the process of finalizing their first agreement with an alternative energy company at this location. The alternative energy company is expected to be operating during the first quarter of 2013. This agreement will generate 100 temporary construction jobs and 30 fulltime positions. Meanwhile, the second phase of the Ironville Dock redevelopment is underway, consisting of dock wall modifications and other site related work. The completion of this work will provide opportunities to further utilize the facility to support the growth in shale oil and natural gas development that is taking place in southwest Ohio. This facility will be beneficial because the type of oil that is being captured can only be refined by a handful of refineries, many of which are near this Lucas County based facility. Ironville Dock will be one of the few places where the oil can be transported by rail and then sent to the refineries through a pipeline owned by the Port Authority.

Another recent major development is Penn National Gaming, Inc.'s August 12, 2010 groundbreaking of the \$250 million dollar "Hollywood Casino Toledo" on a remediated brownfield site in the City of Toledo, as authorized by an amendment to the Ohio Constitution (Article XV, Section 6) and approved by the voters on November 3, 2009. A Penn National affiliate has acquired the 44 acre site for the casino, and the company began construction on the 125,000 square foot facility that will feature up to 3,000 slot machines, 80 gaming tables and 20 poker tables, a parking garage with 2,500 parking spaces, as well as food and beverage outlets, and an entertainment lounge. The facility will be completed in the first half of 2012 with the grand opening scheduled to take place on May 29, 2012. Penn National estimated that 1,000 temporary jobs were created during construction of the facility, and approximately 1,100 permanent casino positions are to be filled. Under the provisions of the Constitutional amendment, a portion of the gross revenue generated by casinos will be distributed to all eighty-eight counties in Ohio in proportion to each county's annual population, as determined by the US Census Bureau.

#### MAJOR COUNTY INITIATIVES

Lucas County continues to provide a variety of services required to meet the needs of its citizens in the most cost-effective and efficient manner possible. We look forward to the following significant activities made possible by the citizens of Lucas County and its government:

- The Huntington Center (the Arena), a \$100 million multi-purpose arena in downtown Toledo, was completed in 2009 (\$5 million under budget) and stands as Lucas County's signature project. The Arena is financed with a combination of hotel/motel tax collections and net revenues from the Toledo Walleye, an ECHL hockey team. Located within one block of Fifth Third Field, the highly successful minor league ballpark after which the Arena project is modeled, the Arena held its public open house on October 3rd and 4th, 2009 and hosted over 10,000 citizens during the two day event. Since opening its doors in October, 2009, the Huntington Center has received widespread support and recognition, hosting over 315 events with 1,280,252 in attendance. In 2011, Venues Today, an industry publication, reported that the Huntington Center was ranked #1 in the Midwest and #8 in the world in arenas with a 5,000 to 10,000 seat capacity. Pollstar, another industry publication, has ranked the Huntington Center as #98 in the world in venues of any seating capacity.
- Lucas County has partnered with the Toledo Arena Sports, Inc. (TASI), an Ohio non-profit corporation, to secure a sports tenant for the Arena. TASI's ECHL hockey team is the Toledo Walleye, the main tenant in the Huntington Center Arena. In the Walleye's inaugural season of play, the support of the community was evident, as the Walleye sold over 2,100 season tickets, led the league in souvenir sales, and the total attendance of 226,575 eclipsed the city's all-time record in over 60 years of Toledo hockey history by nearly 50,000. TASI is treated as a component unit of the County pursuant to governmental accounting standards, and further information regarding TASI and its component unit status is located in Note 2 of the Notes to the Basic Financial Statements.

- In response to neighborhood decline and the loss of property values resulting from the foreclosure crisis, the Ohio Legislature granted urban counties the power to create land reutilization corporations ("LRC"). Modeled after successful efforts in Genesse County, Michigan, an Ohio LRC is a community improvement corporation with the power to efficiently acquire vacant and abandoned properties, with a dedicated funding stream that enables it to remove blight and return the land to productive use. On August 31, 2010, Lucas County became the second county in Ohio, after Cuyahoga County, to incorporate an LRC. The Lucas County Land Reutilization Corporation is funded in part through the receipt of a portion of the penalties and interest collected from delinquent property taxpayers in the County. In its first full year of operations, the LRC was on track to acquire more than 300 distressed parcels for redevelopment throughout Lucas County. The Lucas County LRC has a small staff, a 2011 operating budget of \$1.7 million, and is treated as a component unit of the County pursuant to governmental accounting standards. Further information regarding the component unit status of Lucas County's LRC is located in Note 2 of *Notes to the Basic Financial Statements*.
- The Source, Lucas County's "one-stop" employment center for businesses and job seekers, continued it success by posting 1,218 jobs for nearly 500 companies despite the region's ongoing economic struggles. These postings represented 5,578 open positions with wages averaging \$13.14 per hour. In addition, 46,209 people passed through the doors of the one-stop including 9,940 first time visitors.
- Recognizing how strongly the national foreclosure crisis has impacted the economy, the Commissioners continue foreclosure prevention efforts, bringing social service agencies, government officials, non-profit providers, and commercial bankers together to coordinate a foreclosure response. The Task Force has not only created a resource portfolio for homeowners facing foreclosure, but has worked with Lucas County Job and Family Services to target foreclosure prevention dollars toward struggling families. The Judges of the Common Pleas Court, in cooperation with the Commissioners, created a full-time foreclosure magistrate position to help homeowners work-out mortgage difficulties with their debtors before litigation.
- As a result of difficult economic conditions and cuts in intergovernmental subsidies, the Commissioners have worked with elected officials and department heads to develop a balanced budget while continuing to maintain necessary services. The Commissioners worked cooperatively with the collective bargaining units of its employees and negotiated 0% wage increases in light of these tough economic times. The Lucas County Commissioners have asked all general fund offices to aggressively reduce expenses for the 2011 budget. Moreover, further cost controls are continually considered as the county closely monitors its financial status in the face of a difficult economy.
- In an effort to promote regional cooperation and efficiency, the Lucas County Solid Waste Management District (LCSWMD) entered into an agreement to assume refuse and recycling responsibilities for the City of Toledo as of September, 2011. This partnership has effectively reduced the costs to the citizens of the City of Toledo for the refuse and recycling collection. Additionally, the LCSWMD is currently seeking proposals from private companies to develop, implement and operate a single stream material recovery facility in Lucas County. This facility will allow recyclables to be processed and marketed locally, thereby reducing costs and enabling economic development.

#### ACCOUNTING SYSTEM

The County's day-to-day accounting records are maintained on a basis other than GAAP. For financial reporting purposes, the accounting records for all Governmental Funds are converted to the modified accrual basis, whereby revenues are recognized when measurable and available within the business cycle (within 60 days after year end), and expenditures are recognized when the related fund liability is incurred. The accounting records for the Proprietary Funds and Government-Wide Financial Statement are converted to the accrual basis, whereby revenues are recognized when measurable and earned and expenses are recognized as incurred.

A further discussion of the three methods of accounting (non-GAAP, modified accrual, and accrual) and a reconciliation of budget basis to GAAP basis of accounting may be found in Notes 2 and 13, respectively, of the *Notes to the Basic Financial Statements*.

#### **BUDGETARY CONTROLS**

Under Ohio law, the Lucas County Board of Commissioners must adopt an appropriations budget by January 1 of each year, or adopt a temporary appropriation measure with final passage of a permanent budget by April 1. No expenditure can be made from any budgetary account without the Certificate of the County Auditor certifying that funds are available or in the process of collection. When a purchase order is issued or a contract is entered into by any County department or agency, the County Auditor encumbers the necessary funds to pay for the expenditure. Contracts or purchase orders are invalid under Ohio law if sufficient funds are not available to permit the County Auditor to certify the transaction. A further discussion of the budgetary accounting system and its controls may be found in Note 2 of the *Notes to the Basic Financial Statements*.

The County Auditor makes monthly financial reports available to the Board of Commissioners and to all departments and agencies, indicating the monthly and year-to-date expenditures, encumbrances, cash balances, as well as unencumbered balances by fund, department and account.

#### LONG-TERM FINANCIAL PLANNING AND THE DISTINGUISHED BUDGET PRESENTATION AWARD

Lucas County is committed to maintaining a strong fiscal environment. To achieve this end, it is the policy of the Board of County Commissioners to maintain a minimum of 12% of the general fund available revenue as an unappropriated cash reserve. This reserve is designated as a budget stabilization tool to assist in alleviating financial stress in the event of an economic downturn and to promote a favorable bond rating for the County. In 2011, the County's uninsured outstanding general obligation bonds were rated "Aa2" by Moody's Investors Service, and "AA-" by Standard & Poor's Rating Services. The County maintains significant leeway within the direct debt limitation for additional general obligation debt.

The Lucas County Office of Management and Budget prepares a five year budget and plan, for which it has received a Distinguished Budget Presentation Award from the Government Finance Officers Association (GFOA) for the last twelve years (2000—2011). The Distinguished Budget Presentation Award is valid for a period of one year. The County believes that the current budget presentation meets GFOA guidelines and continues to submit its budget to the GFOA to determine current eligibility for this award. The County's budget presentation is located online at <u>www.co.lucas.oh.us/omb</u>.

The County also prepares a capital improvements plan, a flexible document that is used to prioritize, rank, and determine the annual allocation of available capital improvement funds. Rankings may move up or down within the plan, based on changing needs assessments and additional project information. It is the policy of the Board of County Commissioners to allocate 8% of estimated general fund revenue for capital improvement projects annually, while also maintaining an 8% unappropriated capital improvement reserve for unanticipated capital needs.

#### **INTERNAL CONTROL**

The management of the County is responsible for establishing and maintaining internal control, designed to provide reasonable, but not absolute assurance that the assets of the County are protected from loss, theft, or misuse. Management also ensures that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The design of the internal control also recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal and state financial assistance, the County is responsible for ensuring not only that adequate internal controls are in place, but also that the County has complied with applicable laws and regulations related to those programs. This internal control is subject to periodic evaluation by management.

#### INDEPENDENT AUDIT

As part of the annual preparation of a CAFR, the County is subject to an annual independent audit of its basic financial statements. Based in part on observations of the independent auditors, the County routinely continues to strengthen the accounting, budgetary, and internal control of its financial and operational systems. Through the State of Ohio's bidding process, the firm of Spilman, Hills & Heidebrink, Ltd., located in the City of Toledo within Lucas County was awarded a five year audit contract, beginning in 2010. The unqualified opinion, of Spilman, Hills & Heidebrink, Ltd., with respect to the basic financial statements of the County as of, and for the year ended, December 31, 2011, is included on pages 10 and 11 of this report.

#### CERTIFICATE OF ACHIEVEMENT FOR EXCELLENCE IN FINANCIAL AND POPULAR REPORTING

The County prepared its first CAFR in 1984 in accordance with the program guidelines for the Certificate of Achievement for Excellence in Financial Reporting (the Certificate), awarded by the GFOA. Each annual report must also satisfy GAAP and disclose applicable legal compliance requirements. The County has been awarded the Certificate for 27 straight years, 1984—2010. The Certificate is valid for a period of one year. We believe that our current report continues to conform to the stringent guidelines and requirements of the program, and the County continues to submit a CAFR to the GFOA to determine its current eligibility.

The County also prepares a Popular Annual Financial Report (PAFR) in accordance with GFOA guidelines. The County has been awarded a GFOA certificate for its PAFR for 14 straight years, 1997—2010. The PAFR Certificate is valid for a period of one year, and the County believes that the current PAFR meets GFOA guidelines and is submitting it to the GFOA to determine current eligibility for this award.

Both of the above financial reports can be located on the County's Auditor's website at: <u>www.co.lucas.oh.us/auditor</u> under the "accounting and financial reporting" tab.

#### ACKNOWLEDGMENTS

This report is the result of the continued cooperation and combined services of the elected officials and management of Lucas County. I would specifically like to thank Bridgette Kabat, Lucas County's Chief of Staff, for insight into the *Economic Outlook* and *County Initiatives* portion of this transmittal. Finally, I would like to express special appreciation for members of my staff who have exercised exceptional proficiency and dedication instrumental in the arduous task of issuing a publication of this magnitude and significance:

# Certificate of Achievement for Excellence in Financial Reporting

Presented to

# Lucas County Ohio

For its Comprehensive Annual **Financial Report** for the Fiscal Year Ended December 31, 2010

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

Linte C. Sandon President

**Executive Director** 

#### Independent Auditors' Report

Lucas County Board of Commissioners Toledo, Ohio

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Lucas County, Ohio (the County), as of and for the year ended December 31, 2011, which collectively comprise the County's basic financial statements, as listed in the table of contents. These financial statements are the responsibility of the County's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Toledo Mud Hens Baseball Club, Inc., Lott Industries, Inc., Preferred Properties, Inc. and Affiliates, Toledo Arena Sports, Inc., Toledo-Lucas County Convention and Visitors Bureau, and Lucas County Land Reutilization Corporation, which represent 100% of the assets and net assets and revenues of the aggregate discretely presented component units. Those financial statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for the aggregate discretely presented component units, is based on the reports of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The financial statements of the discretely presented component units audited by other auditors were not audited in accordance with *Government Auditing Standards*. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the report of the other auditors provide a reasonable basis for our opinions.

In our opinion, based on our audit and the reports of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Lucas County, Ohio, as of December 31, 2011, and the respective changes in financial position and, where applicable, cash flows thereof for the respective budgetary comparison for the General, Mental Health and Recovery, Board of Developmental Disabilities, and Children Services Board Funds for the year then ended in conformity with accounting principles generally accepted in the United States of America. As described in Note 3, the County implemented Governmental Accounting Standards Board Statement No. 54, "Fund Balance Reporting and Governmental Fund Type Definitions" and restated the December 31, 2010 fund balances of the Governmental Funds due to a change in fund structure. In addition, the County reclassified a long-term liability related to a storm water utility project from the business-type activities to the governmental activities to be consistent with the source of repayment. Due to this reclassification, the December 31, 2010 net assets of the governmental activities and business-type activities were restated. Also, as described in Note 3, the County restated the December 31, 2010 fund balances of the business-type activities.

In accordance with *Government Auditing Standards*, we have also issued our report dated May 25, 2012, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

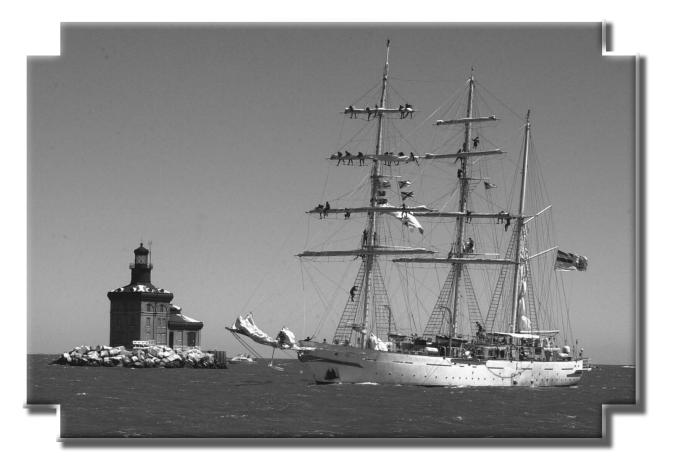

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 13 through 22 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's financial statements as a whole. The introductory section, individual general fund and major special revenue budgetary statements, combining and individual nonmajor fund financial statements, and statistical section are presented for purposes of additional analysis and are not a required part of the financial statements. The individual general fund and major special revenue budgetary statements, combining and individual nonmajor fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole. The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2011

The management's discussion and analysis of the financial performance of Lucas County, Ohio (the "County") provides an overall review of the County's financial activities for the year ended December 31, 2011. The intent of this discussion and analysis is to look at the County's financial performance as a whole. Readers should also review the transmittal letter and the basic financial statements to enhance their understanding of the County's financial performance.

#### **Financial Highlights**

Key financial highlights for 2011 are as follows:

- The assets of the County exceeded its liabilities at the close of the year ended December 31, 2011, by \$500,052,474 (net assets). Of this amount, \$88,741,716 may be used to meet the County's ongoing obligations to citizens and creditors.
- The County's total net assets increased by \$7,629,164, or 1.55%, from December 31, 2010 (as restated).
- At the end of the current fiscal year, the County's governmental funds reported a combined ending fund balance of \$141,160,667, an increase of \$3,037,749 from the prior year. Of this amount, \$19,831,597 is available for spending on behalf of its citizens.
- At the end of the current year, the unassigned fund balance for the General Fund was \$26,997,468. This amount represents 26.68% of total general fund expenditures in 2011.
- The County's total long-term liabilities (including bonds and loans) decreased by \$9,823,102 primarily due to scheduled principal payments on outstanding debt.

#### **Overview of the Financial Statements**

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand Lucas County as a financial whole or as an entire operating entity. The statements also provide an increasingly detailed look at specific financial conditions.

The County's basic financial statements are comprised of three components: 1) County-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. In addition to the basic financial statements, this report also contains statistical information that may assist in evaluating the County's demographics and potential economic activity.

Component units, legally separate organizations for which the County is financially accountable, are discretely presented for the Toledo Mud Hens Baseball Club, Inc., Lott Industries, Inc., Lucas County Land Reutilization Corporation, Preferred Properties, Inc. and Affiliates, Toledo Arena Sports, Inc., and the Toledo-Lucas County Convention and Visitors Bureau. Separate statements are prepared for each of these component units. To obtain copies of their statements, refer to pages 52 and 53 of this document.

#### County - wide Financial Statements

The County-wide financial statements are designed to provide readers with a broad overview of the County's finances in a manner similar to a private-sector business.

### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2011

#### Statement of Net Assets and the Statement of Activities

The statement of net assets presents information on all of the County's assets and liabilities, with the difference between the two reported as net assets. The statement of activities presents information showing how the County's net assets changed during the current year. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by the private sector companies. This basis of accounting will take into account all of the current year's revenues and expenses regardless of when the cash is received or paid. These two statements report the County's net assets and the change in those assets. The change in net assets is important because it tells the reader whether, for the County as a whole, the financial position of the County has improved or diminished. However, in evaluating the overall position of the County, non-financial information such as changes in the County's tax base and the condition of County capital assets will also need to be evaluated.

In the statement of net assets and the statement of activities, the County is divided into three kinds of activities:

- Governmental Activities Most of the County's services are reported in this category including public safety, social services programs, administration, and all departments with the exception of the Water and Sewer Funds and Wastewater Treatment.
- Business-Type Activities These services have a charge based upon the amount of usage. The County charges fees to recoup the cost of the entire operation of our Water and Sewer and Wastewater Treatment Plants, as well as all capital expenses associated with these facilities.
- Component Units The County includes financial data of the Toledo Mud Hens Baseball Club, Inc., Lott Industries, Inc., Lucas County Land Reutilization Corporation, Preferred Properties, Inc. and Affiliates, Toledo Arena Sports, Inc., and the Toledo-Lucas County Convention and Visitor's Bureau. The component units are separate and may buy, sell, lease, and mortgage property in their own name and can sue or be sued in their own name. More information on the component units, including contact information on how to obtain access to their individual financial statements, can be found in Note 2 to the Basic Financial Statements.

The County-wide Financial Statements can be found on pages 23 - 25 of this report.

#### **Fund Financial Statements**

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objects. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds. Fund financial statements provide detailed information about the County's major funds. Based on restriction on the use of monies, the County has established many funds which account for the multitude of services provided to County residents. However, these fund financial statements focus on the County's most significant funds. In the case of Lucas County, the major funds are the General Fund, Children Services Board Fund, Board of Developmental Disabilities Fund, Mental Health and Recovery Fund, Capital Improvements Fund, Debt Service Fund, Water Supply System Fund, Sewer System Fund, and Wastewater Treatment Fund.

Governmental Funds: Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on current sources and uses of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating government's near-term financing requirements.

### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2011

Because the focus of governmental funds is narrower than the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the County's near-term financial decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The County maintains several individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental statement of revenues, expenditures, and changes in fund balances for the major funds, which were identified earlier. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report. The governmental fund financial statements can be found on pages 26 - 32 of this report.

The County adopts an annual appropriated budget for all funds requiring a legally adopted budget. In the basic financial statements, budgetary comparison statements have been provided for the General Fund and the major special revenue funds. The budgetary comparison statements can be found on pages 33 - 36 of this report.

*Proprietary Funds:* The County maintains two different types of proprietary funds: enterprise funds and internal service funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The County uses enterprise funds to account for its water supply and sewer and wastewater treatment operations. Internal service funds are an accounting device used to accumulate and allocate costs internally among the County's various functions. The County uses internal service funds to account for its self-insurance programs, vehicle maintenance, telecommunications, central supplies, and worker's compensation programs. Because these services predominantly benefit governmental rather than business-type functions, they have primarily been included with governmental activities in the County-wide financial statements. The proprietary fund financial statements can be found on pages 38 - 45 of this report.

*Fiduciary Funds*: Fiduciary funds are used to account for resources held for the benefit of parties outside of the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's own programs. The County's fiduciary funds are agency funds. The fiduciary fund financial statement can be found on page 46 of this report.

*Component Units*: The County has six discretely presented component units as described in Note 2 to the financial statements. Combining statements of the component unit information can be found on pages 47 - 49 of this report.

*Notes to the Basic Financial Statements*: The notes provide additional information that is essential to a full understanding of the data provided in the County-wide and fund financial statements. The notes to the basic financial statements can be found on pages 51 - 101 of this report.

*Other Information*: In addition to the basic financial statements and accompanying notes, this report also presents combining and individual fund statements and schedules which can be found on pages 103 - 218 of this report.

### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2011

#### **County-wide Financial Analysis**

As noted earlier, net assets may serve over time as a useful indicator of a County's financial position. The County restated net assets at December 31, 2010 as described in Note 3.C to the basic financial statements. The County's assets exceeded liabilities by \$500,052,474 (\$398,445,156 in governmental activities and \$101,607,318 in business type activities) as of December 31, 2011. This is an increase of \$3,829,242, or 0.97% for governmental activities and an increase of \$3,799,922, or 3.89%, for business-type activities. By far, the largest portion of the County's net assets (53.32%) reflects its investment in capital assets, which includes land, buildings, machinery and equipment, and infrastructure, less any related debt used to acquire those assets that is still outstanding. The County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The table below provides a summary of the County's net assets at December 31, 2011 and 2010:

|                                    | Net Assets |              |    |               |    |                          |            |                          |      |             |    |             |

An additional portion of the County's net assets (28.93%) represents resources that are subject to restrictions on how they can be used. The remaining balance of unrestricted assets of \$88,741,716, or 17.75%, may be used to meet the County's ongoing obligations to citizens and creditors.

The major variance from 2010 in the above schedule is in the long-term liabilities. This variance is the result of the principal payments made on the long-term bonds that are included in long-term liabilities.

As of December 31, 2011, the County is able to report positive net asset balances in both the governmental and business-type activities of \$398,445,156 and \$101,607,318, respectively. The table on page 17 provides a summary of the changes in net assets for the years ended December 31, 2011 and 2010.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2011

#### **Governmental Activities**

Health accounts for \$140,443,284 of the \$442,839,577 total expenses for governmental activities, or 31.71% of total expenses. The increase of \$5,649,570, or 4.19%, from the prior year was due to an increase in programs and services implemented by the County. The next largest program is Human Services, accounting for \$89,825,983, which represents 20.28% of total governmental expenses. This is a decrease of 11.99% from the prior year and includes a decrease in expenses related to both the Job and Family Services Fund and the Children Services Board Fund. The primary cause of the decrease stems from reduced intergovernmental funding in 2011 which resulted in cost cutting measures being implemented to offset the reduced funding. Expenses were closely monitored as services were reduced in 2011.

Tax revenue accounts for \$168,959,708 of the \$446,782,998 total revenues for governmental activities, or 37.82% of total revenues. Tax revenue increased \$4,065,959, or 2.47%, from the prior year partially due to an increase in sales tax revenues.

Operating grants and contributions were the largest component of program revenue accounting for \$194,805,926, or 43.60% of total governmental revenue. Operating grants and contributions decreased \$27,478,133, or 12.36%, due to a decrease in grant funding received for Health and Human Services programs. On the modified accrual basis of accounting, the major recipients of intergovernmental revenue were the Mental Health Recovery Board Fund receiving \$51,654,277, the Job and Family Services Fund receiving \$33,352,837, the Board of Developmental Disabilities Fund receiving \$25,283,711, the Children Services Board Fund receiving \$23,145,769, the Motor Vehicle and Gas Tax Fund receiving \$13,203,242, the Community MR/RES Services Fund receiving \$9,200,000, the Workforce Development Fund receiving \$4,596,312, the Child Support Enforcement Agency Fund receiving \$9,458,203 and the Community Development Grant Fund receiving \$9,742,253. The total operating grants related to these funds/departments were \$179,636,604, or 92.21%, of total operating grants and contributions.

The County's direct charges to users of governmental services made up \$35,932,576, or 8.04%, of total governmental revenue. These charges are for fees for real estate transfers, fees associated with the collection of property taxes, fines and forfeitures related to judicial activity, rent, and licenses and permits associated with building inspections. The revenue from these charges decreased \$4,577,295, or 11.30%, from 2010 due to decreases in public safety and public works revenues.

#### **Business-type Activities**

The net assets for the business-type activities for the County increased by \$3,799,922 from the prior year primarily due to increased operating and capital grant revenues that offset an increase in overall expenses. During 2011, total revenues increased 31.35% while total expenses increased only 15.44%. Major revenue sources were charges for service of \$15,318,911, operating grants of \$4,984,122 and capital grants of \$3,560,282. Charges for services revenue increased 40.60% primarily due to an increase in revenues generated by the Sanitary Engineer Fund. During 2011, the County has classified certain intergovernmental revenues as operating grants and capital grants that were reported as other revenue in the prior year.

#### Financial Analysis of the County's Funds

The County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2011

#### **Governmental Funds**

The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, unassigned fund balance may serve as a useful measure of the County's net resources available for spending at the end of the fiscal years.

At December 31, 2010, the County reclassified fund balances for the implementation of GASB Statement No. 54, "Fund Balance Reporting and Governmental Fund Type Definitions". The General Fund is the chief operating fund of the County. At the end of the current fiscal year, the unassigned fund balance of the General Fund was \$26,997,468 while total fund balance reached \$34,502,827, an increase of 7.09%. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 26.68% to total 2011 General Fund expenditures, while total fund balance represents 34.10% of that same amount. The fund balance of the County's General Fund increased by \$2,284,747 from the prior fiscal year as the County continued to take measures to control its costs during a difficult economic period.

Key factors contributing to the increase in the General Fund follows:

- Total revenues decreased \$4,679,452 compared to 2010. In detail, the major increase of \$3,961,308 occurred in sales taxes. Sales taxes increased as the economic conditions plaguing the County and the State of Ohio improved from 2010. Property tax revenues decreased \$179,165 due to the lower collections resulting from a depressed real estate market. Other significant revenue items such as investment income, intergovernmental, and charges for services all decreased compared to the prior year. Intergovernmental revenues decreased \$4,582,915 from 2010.
- Expenditures decreased \$7,061,991 as the County implemented cost cutting measures in an effort to help offset decreased revenues. The primary areas of decrease were in judicial operations (\$2,917,471) and public safety operations (\$3,144,412). All other expenditure line items remained comparable to the prior year.
- Transfers out to other funds decreased \$578,276 from 2010 to 2011.

The Debt Service Fund has a fund balance of \$7,262,444. The Debt Service Fund balance decreased by \$1,152,151 from a balance of \$8,414,595 at December 31, 2010, primarily due to the repayment of short-term construction notes previously reported as a fund liability of the Capital Improvement Fund. During 2011, the County obtained long-term financing of the notes. In addition, the Debt Service Fund reported a decrease in other revenues of \$6,062,754 due to fewer refunds and reimbursements.

The Capital Improvements Fund has a fund deficit of (\$6,337,136). This fund deficit is partially due to the reporting of \$23,955,000 in construction notes payable as a fund liability. The Capital Improvements Fund deficit improved by \$6,875,863 from (\$13,212,999) to (\$6,337,136) during 2011 as the County repaid \$3,760,000 in short-term construction notes previously reported as a fund liability by obtaining long-term financing of the notes. Expenditures in the Capital Improvements Fund decreased \$7,424,846 as the County completed major construction projects in 2010. Revenues of the Capital Improvements Fund decreased \$4,728,074 primarily due to refunds and reimbursements related to construction projects which are reported in other revenue.

The other major governmental funds of the County are the Children Services Board Fund, the Board of Developmental Disabilities Fund and Mental Health and Recovery Fund.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2011

The fund balance of the Children Services Board Fund decreased \$4,023,147 to \$13,411,696. Property tax revenues decreased by 0.74% and intergovernmental revenues decreased by 9.81%. The Children Services Board Fund received less State and Federal funding in 2011 versus 2010. Expenditures increased slightly by \$339,059, or 0.79%. For 2011, total expenditures exceeded total revenues by \$4,023,147. This was an increase over 2010 when total expenditures exceeded total revenues by \$1,093,932.

The fund balance of the Board of Developmental Disabilities Fund decreased \$4,526,011 to \$26,110,944. Property tax revenues decreased by 1.24% and intergovernmental revenues decreased by 13.47%. Expenditures were reduced by \$1,137,965, or 1.85% as cost cutting measures were implemented to help offset the decrease in revenues. For 2011, total expenditures exceeded total revenues, before transfers, by \$526,011. For 2010, total revenues exceeded total expenditures by \$2,702,284. Additionally, the Board of Developmental Disabilities Fund transferred \$4,000,000 to other Community MR/RES Services nonmajor governmental fund during 2011.

The fund balance of the Mental Health and Recovery Fund decreased \$734,760 to \$8,956,852. Property tax revenues decreased by 1.03% and intergovernmental revenues decreased by 1.08%. Expenditures were increased by \$3,139,738, or 5.28%, as all programs and services were used to their fullest extent. For 2011, total expenditures exceeded total revenues by \$734,760. For 2010, total revenues exceeded total expenditures by \$3,075,674.

#### Enterprise Funds

The County's enterprise funds provide the same type of information found in the government-wide financial statements, but in more detail.

Net assets of the Water Supply System Fund at the end of the year amounted to \$38,864,265, the Wastewater Treatment Fund amounted to \$17,820,989, and the Sewer System Fund amounted to \$38,107,970. The total change in net assets for these funds included a decrease of \$295,282, an increase of \$2,023,132, and an increase of \$404,643, respectively.

Operating revenues of the Water Supply System Fund, Wastewater Treatment Fund and Sewer System Fund decreased \$148,967, \$1,983,327 and \$418,357, respectively. Operating expenses of the Water Supply System Fund decreased \$347,851, the Wastewater Treatment Fund increased \$563,101 and Sewer System Fund increased \$648,775. For 2011, the operating loss of the Water Supply System Fund was \$1,285,647 which represents a decreased of \$198,884 from the operating loss of \$1,484,531 reported for 2010. For 2011, the operating income of the Wastewater Treatment Fund was \$1,346,172 which represents a decrease of \$2,546,428 from the operating income of \$3,892,600 reported for 2010. For 2011, the operating loss of the Sewer System Fund was \$1,266,216 which represents an increase of \$1,067,132 over the operating loss of \$199,084 reported for 2010.

#### General Fund Budgetary Highlights

Final budgeted revenues did not change from the original budget amounts. Actual revenues were \$112,712 less than estimated in the final budget. The County received \$2,130,276, \$367,050 and \$950,246 less in intergovernmental revenue, charges for services and investment income, respectively, than in the final budget. These decreases were partially offset by better than expected sales tax revenues of \$3,498,886.

Final budgeted expenditures were \$104,339,556, or 3.11%, lower than original budgeted expenditures. Actual expenditures were \$2,051,001 less than estimated in the final budget. Judicial functions reported the largest positive variance with the final budget of \$1,209,469 followed by legislative and executive operations which reported a positive variance of \$633,991. The actual expenditures for all other functions remained comparable to the final budgeted amounts.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2011

In the original budget, the County expected to transfer out \$18,440,192 to other funds. This amount was increased to \$22,151,494 in the final budget. There was also an advance to other funds in the amount of \$235,218. Actual transfers out for 2011 were \$21,501,494 which resulted in a positive variance of \$650,000 from the final budget.

#### Capital Assets and Debt Administration

*Capital assets:* The County's capital assets for its governmental and business type activities as of December 31, 2011, amounts to \$425,291,283 (net of accumulated depreciation). The amount of net assets, invested in capital assets, net of related debt to acquire the assets was \$266,630,671 at December 31, 2011. Capital assets include land, buildings structures and improvements, furniture, fixtures equipment, and infrastructure. The total decrease in the County's capital assets for the current fiscal year was 0.58% (a 0.98% decrease for governmental activities and a 0.60% increase for business-type activities.)

During 2011, for governmental activities, the County expended approximately \$10.9 million on construction projects that are currently in progress at year end. These projects include primarily infrastructure projects. The County completed projects of approximately \$9.2 million.

Additional information on the County's capital assets can be found in Note 8.

*Long-term debt*: At the end of the current fiscal year, the County had total bonded debt outstanding of \$107,921,100. Of this total, \$83,950,000 are general obligation bonds backed by the full faith and credit of the County, \$14,796,000 are special assessment bonds for which the County is liable in the event of default by the property owners subject to the assessment, \$8,480,000 are non-tax revenue bonds and \$695,100 are revenue bonds. Repayment of revenue bonds is secured by the revenue generated by the project. The County also had outstanding Ohio Water Development Authority (OWDA) loans of \$22,196,895 and Ohio Public Works Commission (OPWC) loans of \$3,448,836.

In addition to the long-term debt above, the County has \$25,200,000 in short-term construction notes outstanding. These notes bear interest rates of 1.000% - 1.375% and mature on July 19, 2012.

The County maintained 'AA-' and 'Aa2' ratings from both Standard and Poor's and Moody's respectively, for general obligation debt. The ratings for the baseball stadium bonds were maintained at 'A+' and 'Aa3' by Standard & Poor's and Moody's, respectively.

The County's total bonded debt decreased \$6,443,700 during the fiscal year. State statutes limit the amount of unvoted general obligation debt the County may issue to one percent of its total assessed valuation. The current unvoted legal debt margin for Lucas County is \$66.334 million. Additional information on the County's long-term debt can be found in Note 10, information on the short-term notes can be found in Note 9, and information on the legal debt margin is located in Table 14 of the statistical section.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2011

#### Economic Factors and Next Year's Budgets and Rates

The unemployment rate for the County is currently 9.7%, which is a decrease from the rate of 11.3% one year ago. The state average unemployment rate is 8.6%, and the national average is 8.9%.

Inflationary trends in the region compare favorably to national indices. These factors were considered in preparing the County's budget for the 2012 fiscal year.

At the end of the current fiscal year, unassigned fund balance in the General Fund, on the modified accrual basis of accounting, was \$26,997,468. The County reduced departmental requests for funding and prepared its 2012 budget without appropriating unreserved fund balance, and without an increase in taxes or an increase in rates charged by the enterprise funds.

# Lucas County Children Services

Lucas County Children Services is the county agency responsible for protecting children from abuse and neglect, and for providing foster care and adoptive services for children who are unable to live safely at home. We work with families to try to help them provide safe, secure and nurturing homes for their children. In 2011, LCCS received 4,148 reports of suspected abuse or neglect involving 6,046 children; we substantiated that 587 children were victims. In 2011, we also found adoptive homes for 99 children. LCCS remains committed to protecting children and promoting families.

Caseworkers Sheila Metternick, Nancy Gosselin, Sylvia Johnson and Renee Lewis listen as LCCS Executive Director Dean Sparks speaks during the agency's annual memorial to children lost to abuse, neglect and street violence.

Community leaders gathered at the Main Branch library for a "Wear Blue to Work Day" photo that appeared on the cover of the April 8, 2012 edition of the Toledo Free Press.

Stephanie Hinamon, Community Relations Manager for Barnes & Noble, presents LCCS Executive Director Dean Sparks with some of the 1,400-plus books that B&N customers donated to the agency's 2011 Holiday Gift Drive.

Caseworkers Linda Baker (left) and Susan Mills (right) are joined by Linda's grandson Brian Blunk, to walk in a local parade.

# The Clipper Schooner Lynx

The Clipper Schooner Lynx, a 122-foot square top sail schooner, sails into Toledo to dock next to the museum ship James M. Schoonmaker/Willis B. Boyer as part of the 2011 Red, White, and Kaboom festivities.

The Clipper Schooner Lynx, a tall ship built to recreate a ship from the War of 1812, is an interpretation of an actual privateer named Lynx built by Thomas Kemp in 1812 in Fell's Point, Md. The original Lynx was among the first ships to defend American freedom by evading the British naval fleet then blockading American ports and serving in the important privateering efforts.

The Andersons, Toledo Edwin Drive Elevator Dock, serves the Maumee River waterway. The facility specializes in the shipment of grain. Grain elevators, in addition to grain storage, and two surface railway tracks which connect to the Norfolk Southern railway, are available at the location.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2011

#### NOTE 1 - DESCRIPTION OF THE COUNTY

Lucas County, Ohio (the "County") is a political subdivision of the State of Ohio. The County was formed by an act of the Ohio General Assembly in 1835. The three-member Board of County Commissioners is the legislative and executive body of the County. The County Auditor is the chief fiscal officer. In addition, there are seven other elected administrative officials, each of whom is independent as set forth by Ohio law. These officials are: Clerk of Courts, Coroner, Engineer, Prosecutor, Recorder, Sheriff, and Treasurer. There are also ten Common Pleas Court Judges, two Domestic Relations Court Judges, two Juvenile Court Judges, one Probate Court Judge and five Court of Appeals Judges elected on a Countywide basis to oversee the County's judicial system.

#### **NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The basic financial statements of the County have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The County also applies Financial Accounting Standards Board (FASB) guidance issued on or before November 30, 1989, to its governmental activities and its proprietary funds provided it does not conflict with or contradict GASB pronouncements. The County has the option to also apply FASB guidance issued after November 30, 1989 to its business-type activities and enterprise funds, subject to this same limitation. The County has elected not to apply this FASB guidance.

The most significant of the County's accounting policies are described below.

#### A. Reporting Entity

A reporting entity is composed of the primary government, component units, and other organizations that are included to ensure the financial statements are not misleading. The primary government of the County consists of all funds, departments, boards, and agencies that are not legally separate from the County. For Lucas County, this includes the Board of Developmental Disabilities, the Job and Family Services Department, and all departments and activities that are operated directly by the elected County officials.

Component units are legally separate organizations for which the County is financially accountable. The County is financially accountable for an organization if the County appoints a voting majority of the organization's governing board and (1) the County is able to significantly influence the programs or services performed or provided by the organization; or (2) the County is legally entitled to or can otherwise access the organization's resources; or (3) the County is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or (4) the County is obligated for the debt of the organization. Component units may also include organizations for which the County approves the budget, the issuance of debt, or the levying of taxes or whose relationship with the County is such that to exclude their activity would be misleading. Based on the criteria described, the County has six discretely presented component units.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2011

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

In determining its reporting entity and component units, the County considered all potential component units, including the Lucas County Board of Health, Metropolitan Park District, Lucas County Soil and Water Conservation District, Lucas County Port Authority, Lucas County Improvement Corporation, Toledo Zoological Society, Toledo Area Sanitary District, Toledo Lucas County Public Library and Lucas County Board of Education and concluded that such were neither component units nor related organizations of the County and that it would not be misleading to exclude their activities from the County's reporting entity.

Based on the foregoing criteria, the financial activities of the following entities have been reflected in the accompanying financial statements as:

#### DISCRETELY PRESENTED COMPONENT UNITS

#### Toledo Mud Hens Baseball Club, Inc. (the "Mud Hens")

The Mud Hens were organized to own, manage, and operate a professional baseball club. Upon dissolution, any remaining net assets become property of the Board of County Commissioners and new appointments to the board of directors require concurrence of the Commissioners. The County receives rent from the Mud Hens to retire non-tax revenue bonds issued to finance the construction of the baseball stadium. The Mud Hens are reported on a fiscal year ending October 31. Complete financial statements for the component unit can be obtained from its administrative office at Fifth Third Field, 406 Washington St., Toledo, OH 43604.

#### Lott Industries, Inc.

Lott Industries, Inc. is a nonprofit organization affiliated with the Lucas County Board of Developmental Disabilities (LCBDD), a special revenue fund of the County. It provides employment for individuals with developmental disabilities by obtaining work competitively from the private and public sectors. A majority of the board of Lott Industries, Inc. is appointed by the LCBDD. The LCBDD pays the salaries of the administrative staff and other administrative expenses, which is a financial obligation of the County and approximated \$9 million in 2011. Lott Industries, Inc. exists solely to provide service to the LCBDD. Complete financial statements for the component unit can be obtained from its administrative office at 3350 Hill Avenue, Toledo, Ohio 43607.

#### Toledo-Lucas County Convention And Visitors Bureau, Inc. ("TLCCVB")

The Toledo-Lucas County Convention and Visitors' Bureau (TLCCVB) operates the Seagate Centre, a convention and convocation center in the City of Toledo, and the Huntington Center, the County's multipurpose arena. The primary purpose of the TLCCVB is to encourage and promote the utilization of convention, restaurant, hotel, motel, and entertainment facilities in the County. The TLCCVB has been determined to be a discrete component unit of the County of Lucas as the County appoints the TLCCVB's Board of Trustees and the County is financially accountable for, and provides significant subsidies to, the TLCCVB and its component unit, the Destination Toledo Convention and Visitors Bureau annually. TLCCVB fiscal year end runs from the 1st of January to December 31st. Complete financial statements for the component unit can be obtained from its administrative office at 401 Jefferson Avenue, Toledo, Ohio 43604.

#### Lucas County Land Reutilization Corporation ("LCLRC")

The LCLRC is a community improvement corporation designed to strengthen neighborhoods in the County by returning vacant and abandoned properties back to the tax rolls through strategic real estate acquisitions and community partnerships in the redevelopment of Lucas County properties. Pursuant to provisions in the Ohio Revised Code, the LCLRC is a legally separate organization that receives funding through the collection of delinquent taxes. The appointing members of the LCLRC Board are, by State statute, County officeholders (namely the County Treasurer and two County Commissioners); therefore, the County appoints a voting majority of the LCLRC Board. In addition, the County is able to impose its will on the LCLRC. Complete financial statements of the LCLRC can be obtained from its administrative office at One Government Center, #500, Toledo, OH 43604.

#### Toledo Arena Sports, Inc. ("TASI")

The TASI is a nonprofit corporation organized to own, manage, and operate sports teams and thereby promote, encourage and stimulate an interest in sports teams as recreational activities for the residents of Lucas County, Ohio. New appointments to the board of directors require concurrence of the Commissioners. The County receives rent from TASI in order to retire debt issued to finance the construction of the Lucas County Arena.

Due to the nature and significance of TASI's relationship with the County, it would be misleading to exclude TASI from the County's financial reporting entity and as such, TASI warrants inclusion in the County's financial statements as a discretely presented component unit. The TASI fiscal year end runs from the 1<sup>st</sup> of September to August 31<sup>st</sup>. Complete financial statements for the component unit can be obtained from its administrative office at 406 Washington Street, Toledo, Ohio 43604.

#### Preferred Properties, Inc. and Affiliates ("Preferred Properties")

Preferred Properties is a not-for-profit corporation organized to provide affordable and accessible housing to persons with disabilities. One third of the board of the Preferred Properties is appointed by the LCBDD. Funds for the purchase of housing are received from the LCBDD, which come from board funds and pass through of funds from Community Assistance Projects administered by the Ohio Department of Developmental Disabilities. Based upon the significant services and resources provided by the County to Preferred Properties and due to the material significance and general nature of the County's relationship with Preferred Properties, it would be misleading to exclude Preferred Properties from the County's financial reporting entity and as such, Preferred Properties warrants inclusion in the County's financial statements as a discretely presented component unit. Preferred Properties is reported on a fiscal year ending June 30. Complete financial statements for the component unit can be obtained from its administrative office at 5555 Airport Highway, Toledo, Ohio 43615.

#### POTENTIAL COMPONENT UNITS REPORTED AS AGENCY FUNDS

The County Treasurer, as the custodian of public funds, invests all public monies held on deposit in the County treasury. In the case of the separate agencies, boards and commissions listed below, the County serves as fiscal agent, but is not financially accountable for their operations. Accordingly, the following entities are presented as agency funds within the financial statements since the County acts as fiscal agent and holds monies on their behalf at year-end:

Lucas County Board of Health Lucas County Family and Children First Council Lucas County Soil and Water Conservation District The Olander Park District Lucas County Local Emergency Planning Commission

#### JOINTLY GOVERNED AND RELATED ORGANIZATIONS

#### Corrections Commission of Northwest Ohio ("CCNO")

CCNO is a jointly governed organization among Defiance, Fulton, Henry, Lucas, and Williams Counties and the City of Toledo. The CCNO was established to provide jail space for convicted criminals in the five counties and the City of Toledo and to provide a correctional center for the inmates. The CCNO was created in 1986 and occupancy started in 1991. The commission team consists of eighteen members; one judge, one chief law enforcement officer, and one county commissioner or administrative official from each entity. The commission team exercises total control over the operation of the CCNO including budgeting, contracting, and designating management.

Each entity is responsible for a portion of the capital and operating budget as follows:

| City of Toledo  | 37.62%  |
|-----------------|---------|
| Lucas County    | 31.04%  |
| Defiance County | 9.40%   |
| Fulton County   | 8.15%   |
| Williams County | 8.15%   |
| Henry County    | 5.64%   |
| Totals          | 100.00% |

In 2011, the County contributed \$4,510,191 for the CCNO's operations, which represents 31.04% of total contributions. All debt for the construction of the jail was incurred by the participating governmental agencies, and is not a liability of the Corrections Commission of Northwest Ohio. Lucas County has no bonds outstanding at year end for construction of the regional jail. Information can be obtained from Tonya Justus, Fiscal Manager, Corrections Commission of Northwest Ohio, 03151 County Road 24.25 RT. 1, Box 100-A, Stryker, Ohio 43557.

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

#### B. Basis of Presentation

The County's basic financial statements consist of government-wide statements, including a statement of net assets and a statement of activities, and fund financial statements, which provide a more detailed level of financial information.

**Government-wide Financial Statements -** The statement of net assets and the statement of activities display information about the County as a whole. The activities of the internal service funds are eliminated to avoid "doubling up" revenues and expenses. These statements include the financial activities of the primary government except for fiduciary funds.

The statement of net assets presents the financial condition of the County at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the County's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues not classified as program revenues are presented as general revenues of the County, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each function is self-financing or draws from the general revenues of the County.

As a general rule the effect of interfund activity has been eliminated from the governmentwide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the County's water and sewer function and various other functions of the County. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

**Fund Financial Statements** - During the year, the County segregates transactions related to certain County functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the County at a more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. The internal service funds are combined and presented in a single column on the face of the proprietary fund statements. Fiduciary funds are reported by type.

#### C. Fund Accounting

The County uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self balancing set of accounts. There are three categories of funds: governmental, proprietary and fiduciary.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2011

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

**Governmental Funds** - Governmental funds are those through which most governmental functions of the County are financed. Governmental fund reporting focuses on the sources, use and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used.

Current liabilities are assigned to the fund from which they will be paid. The difference between governmental funds assets and liabilities is reported as fund balance.

The following are the County's major governmental funds:

<u>General Fund</u> - The general fund is used to account for and report all financial resources not accounted for and reported in another fund. The general fund balance is available for any purpose provided it is expended or transferred according to the general laws of Ohio.

<u>Children Services Board Fund</u> - This fund accounts for a County-wide property tax levy, state grants and reimbursements used for County child care programs.

<u>Board of Developmental Disabilities Fund</u> - This fund accounts for a County-wide property tax levy, state grants and reimbursements used for care and services for developmentally disabled individuals.

<u>Mental Health and Recovery Fund</u> - This fund accounts for a County-wide property tax levy, state grants and reimbursements used for mental health programs and alcohol and drug recovery programs.

<u>Capital Improvements Fund</u> - This fund accounts for renovation and construction of County owned buildings and facilities, and construction of special assessment projects.

<u>Debt Service Fund</u> - This fund accounts for revenues received and used to pay principal and interest on general long-term debt.

**Proprietary Funds** - The County's proprietary funds consist of enterprise funds and internal service funds. Proprietary fund reporting focuses on the determination of operating income, changes in net assets, financial position and cash flows. These funds are used to account for operations that provide services which are financed primarily by user charges or activities where periodic measurement of income is appropriate for capital maintenance, public policy, management control or other purposes. The County reports the following major enterprise funds:

<u>Water Supply System Fund</u> - This fund accounts for the distribution of treated water to individuals and commercial users of Lucas County.

<u>Sewer System Fund</u> - This fund accounts for sanitary sewer services provided to individuals and commercial users in Lucas County and portions of Wood County.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2011

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

<u>Wastewater Treatment Fund</u> - This fund accounts for wastewater treatment services provided to the Sanitary Engineer, cities of Maumee and Sylvania, Village of Waterville, Sylvania Township and other portions of Lucas County and portions of Wood County.

Other enterprise funds of the County are used to account for (1) sanitary engineer operations related to the administrative costs of operating the water supply system, wastewater treatment system, and sewer system, (2) administration of solid waste disposal county-wide, and (3) operation of parking facilities. These funds are nonmajor funds whose activity has been aggregated and presented in a single column in the financial statements.

Additionally, the County reports internal service funds which account for the goods or services provided by certain County departments to other County funds, departments and other governmental units, on a cost reimbursement basis. The County's internal service funds include activities related to the following operations: imaging lab, central supplies, vehicle maintenance, telecommunications, self-funded health insurance program, centralized drug testing, risk retention insurance program, self-funded workers' compensation program, self-funded prescription drugs program, and a self-funded dental insurance program.

*Fiduciary Funds* - Fiduciary fund reporting focuses on net assets and changes in net assets. The fiduciary fund category is split into four classifications: pension and other employee benefit trust funds, investment trust funds, private-purpose trust funds and agency funds. The County only maintains agency funds. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The County's agency funds are primarily established to account for the collection of various taxes, as well as other intergovernmental resources that will be distributed to other taxing districts located within the County. The County's agency funds also include activity for outside entities for which the County acts as fiscal agent.

#### D. Measurement Focus

**Government-wide Financial Statements** - The government-wide financial statements are prepared using the economic resources measurement focus. All assets and liabilities associated with the operation of the County are included on the statement of net assets.

**Fund Financial Statements** - All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include reconciliations with brief explanations that better identify the relationship between the government-wide statements and the statements for governmental funds.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2011

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Like the government-wide statements, the proprietary funds are accounted for on a flow of economic resources measurement focus. All assets and liabilities associated with the operation of these funds are included on the statement of net assets. The statement of changes in net assets presents increases (i.e., revenues) and decreases (i.e., expenses) in net total assets. The statement of cash flows provides information about how the County finances and meets the cash flow needs of its enterprise and internal service funds activities.

Agency funds do not report a measurement focus as they do not report operations.

#### E. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Proprietary and fiduciary funds also use the accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of unearned revenue, and in the presentation of expenses versus expenditures.

**Revenues - Exchange and Non-Exchange Transactions -** Revenues resulting from exchange transactions, in which each party gives and receives essentially equal value are recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the County, available means expected to be received within sixty days of fiscal year-end.

Non-exchange transactions, in which the County receives value without directly giving equal value in return, include sales taxes, property taxes, grants, entitlement and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied (see Note 6). Revenues from sales taxes are recognized in the period in which the taxable sale takes place (see Note 7). Revenue from grants, entitlement and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the County must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the County on a reimbursement basis.

On the modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized. Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year-end: delinquent taxes, sales tax, grants, interest, fees and charges for services.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2011

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

**Unearned and Deferred Revenue** - These revenues arise when assets are recognized before revenue recognition criteria have been satisfied.

Property taxes for which there is an enforceable legal claim as of December 31, 2011, but which were levied to finance fiscal year 2012 operations, have been recorded as unearned revenue. Grants and entitlements received before the eligibility requirements are met and long-term special assessments are recorded as unearned revenue. On governmental fund financial statements, delinquent taxes due at December 31, 2011 and receivables that will not be collected within the available period have been reported as deferred revenue.

**Allowance for Uncollectibles** - Real property and other taxes receivable are reported net of allowance for uncollectibles. The amounts of the allowance for the County's funds are as follows:

|   | General          | Mental<br>Health and<br>Recovery |                        | Children<br>Services<br>Board |    | Board of<br>Developmental<br>Disabilities |    | Nonmajor<br>Governmental  |  |
|---|------------------|----------------------------------|------------------------|-------------------------------|----|---|----|---------------------------|--|
| Gross taxes receivable<br>Less: allowance for | \$<br>13,899,789 | \$                               | 10,409,296             | \$<br>16,100,566              | \$ | 30,009,091                                | \$ | 21,951,848                |  |
| doubtful accounts<br>Net taxes receivable     | \$<br>(716,924)  | \$                               | (536,938)<br>9,872,358 | \$<br>(843,428)<br>15,257,138 | \$ | (1,639,619)<br>28,369,472                 | \$ | (1,132,465)<br>20,819,383 |  |

**Expenses/Expenditures -** On the accrual basis of accounting, expenses are recognized at the time they are incurred. The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in the governmental funds.

#### F. Budgetary Process

Under Ohio law, the Board of County Commissioners must adopt an appropriations budget by January 1st of a given year, or adopt a temporary appropriation measure with final passage of a permanent budget by April 1st for all funds, except agency funds. Budgets are legally required for each organizational unit by object (personal services, materials and supplies, charges for services, and capital outlays and equipment).

The major documents prepared are the tax budget, the certificate of estimated resources and the appropriation resolution, which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amount that the County Commissioners may appropriate. The appropriation resolution is the County Commissioners' authorization to spend resources and sets annual limits on expenditures plus encumbrances at a level of control selected by the Commissioners.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2011

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified by the County Auditor. The amounts reported as the original budgeted amounts in the budgetary statements reflect the amounts in the certificate when the original appropriations were adopted. The amounts reported as the final budgeted amounts in the budgetary statements reflect the amounts in the final amended certificate that was in effect at the time the final appropriations were passed by the County Commissioners.

The appropriation resolution is subject to amendment by the Commissioners throughout the year with the restriction that appropriations may not exceed estimated revenues by fund. The amounts reported as the original budgeted amounts reflect the first appropriation for that fund that covered the entire fiscal year, including amounts automatically carried over from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the Commissioners during the year.

Each County department prepares a budget that is approved by the Board of County Commissioners. Modifications to the original budget within expenditure objects can be made by the budget manager in the Auditor's Office. The County maintains budgetary control within an organizational unit and fund by not permitting expenditures and encumbrances to exceed appropriations at the object level (the legal level of control). Unencumbered and unexpended appropriations lapse at year-end. Encumbered and unpaid appropriations (reserved for encumbrances) are carried forward to the next year as authority for expenditures.

#### G. Cash Equivalents and Investments

To improve cash management, cash received by the County is pooled. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through the County's records. Each fund's interest in the pool is presented as "Equity in Pooled Cash and Investments" on the financial statements.

During 2011, investments were limited to nonnegotiable certificates of deposit, Federal Farm Credit Bank (FFCB) securities, Federal Home Loan Bank (FHLB) securities, Federal Home Loan Mortgage Corporation (FHLMC) securities, Federal National Mortgage Association (FNMA) securities, foreign government bonds, Port Authority bonds and State Treasury Asset Reserve of Ohio (STAR Ohio). Except for nonparticipating investment contracts, investments are reported at fair value, which is based on quoted market prices. Nonparticipating investment contracts, such as nonnegotiable certificates of deposit, are reported at cost.

STAR Ohio is an investment pool managed by the State Treasurer's Office, which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAR Ohio are valued at STAR Ohio's shares price, which is the price the investment could be sold for on December 31, 2011.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2011

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Under existing Ohio statutes all investment earnings are assigned to the general fund unless statutorily required to be credited to a specific fund. Interest revenue credited to the general fund during fiscal year 2011 amounted to \$3,062,308.

For purposes of the statement of cash flows, investments with an original maturity of three months or less and investments of the cash management pool are considered to be cash equivalents.

#### H. Inventories of Materials and Supplies

Inventory is valued at cost using the first-in, first-out method. Inventory is recorded as an expenditure/expense when consumed.

#### I. Capital Assets

Capital assets, including property, plant, equipment, intangible assets and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of two vears. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. In the case of the initial capitalization of infrastructure assets (i.e., those reported by governmental activities) the County chose to include all such items regardless of their acquisition date. The County's intangible assets include right of way and internally generated computer software.

Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized, as projects are constructed. Interest incurred during the construction phase of proprietary capital assets is included as part of the capitalized value of the assets constructed. All reported capital assets, except land, right of way and construction in progress, are depreciated using the straight line method over the following estimated useful lives, and these estimated useful lives may be periodically reviewed:

#### Description

| Description                               | Estimated Useful Lives |
|---|------------------------|
| Furniture, fixtures and equipment         | 5 - 20 years           |
| Computer Software                         | 5 years                |
| Buildings, structures, improvements       | 20 - 40 years          |
| Land improvements (water and sewer lines) | 40 years               |
| Infrastructure                            | 20 - 40 years          |

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2011

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

#### J. Grants and Other Intergovernmental Revenues

Local Government Fund revenues are recorded as receivables and revenues when measurable and available. Assistance awards made on the basis of entitlement are recorded as intergovernmental receivables and revenues when entitlement occurs. Federal and State reimbursement type grants for the acquisition or construction of capital assets are recorded as receivables and capital contributions revenue when the related expenses are incurred. All other Federal and State reimbursement type grants are recorded as receivables and revenues when the related expenses are incurred.

#### K. Interfund Transactions

During the normal course of operations, the County has numerous transactions between funds. These transactions include charges for services provided by certain internal service funds to other funds and transfers. Transfers represent transfers of resources from a fund receiving revenue to a fund through which those resources will be expended and are recorded as other financing sources (uses) in governmental fund types and as transfers in proprietary funds.

The internal service funds record charges for services to all County funds, departments and other governmental units as operating revenue. Both governmental and proprietary funds record these payments to the internal service funds as operating expenditures/expenses.

The County uses internal service funds to account for self-funded insurance programs, risk retention insurance, central supplies, vehicle maintenance, telecommunications, and centralized drug testing and imaging.

#### L. Compensated Absences

In conformity with GASB Statement No. 16, "Accounting for Compensated Absences", a liability for vacation leave, sick leave, and compensatory time is accrued if; a) the employee's rights to payment are attributable to services already rendered; and b) it is probable that the employer will compensate the employees for the benefits through paid time off or other means, such as cash payment at termination or retirement. A liability for sick leave is based on the sick leave accumulated at the balance sheet date by those employees who are currently eligible to receive termination payments, as well as those employees expected to become eligible in the future in accordance with GASB Statement No. 16. Sick leave benefits are accrued using the "vesting" method in accordance with GASB Statement No. 16.

Ohio law requires that vacation time not be accumulated for more than three years. Normally, all vacation time is to be taken in the year available. Unused vacation is payable upon termination of employment. Unused sick time may be accumulated until retirement. Employees with a minimum of ten years of service are paid one third of accumulated sick time upon retirement with a maximum of 40 days. In general, employees are eligible to be paid for unused compensatory time upon termination of employment. All sick, vacation and compensatory payments are made at employees' current wage rates.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2011

# NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

The County records accumulated unpaid vacation, overtime pay, and vested sick time benefits as accrued compensated absences payable when earned by employees. The entire compensated absences liability is reported on the governmental-wide financial statements.

#### M. Self-Funded Insurance

The County is self-funded for health, dental and prescription drug benefits. The programs are administered by third party administrators that provide claims review and processing services. Each County fund is charged a proportionate share of the cost for covered employees. Payment of these benefits is accounted for in an internal service fund. The County records a liability for incurred but unreported claims at year end based upon an actuarial estimate provided by Timothy P. Berghoff, LLC.

The County also maintains a Self-Funded Workers' Compensation Fund and a Risk Retention Fund to manage liability insurance County-wide. There have been no significant reductions in coverage from the prior year and settled claims have not exceeded commercial coverage in any of the last three years.

The County's Self-Funded Workers' Compensation Fund (an internal service fund) accounts for and finances its uninsured risks of loss for workers' compensation claims. Under this program, the Self-Funded Workers' Compensation Fund provides coverage for up to a maximum of \$300,000 for each workers' compensation claim. The County will pay premiums to the State of Ohio Bureau of Workers' Compensation for claims in excess of coverage provided by the fund. In addition, the fund will pay assessments to the Bureau of Workers' Compensation for claims.

All funds of the County participate in the program and make payments to the Self-Funded Workers' Compensation Fund based on their program usage to cover actuarial estimates of the amounts needed to pay current-year claims. The future retrospective premium liability of \$6,835,602 reported in the fund at December 31, 2011 is based on the requirements of GASB Statement 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements, and the amount of the loss can be reasonably estimated. This liability includes an amount for future retrospective premium payments which approximate the claims liability.

Because actual claims liabilities depend on such complex factors as inflation, changes in legal doctrines, and damage awards, the process used in computing claims liability does not necessarily result in an exact amount. Liabilities for losses to be settled by fixed or reasonably determinable payments over a long period of time are reported at their present value using an expected future investment yield assumption of 5.0%.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2011

# NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

#### N. Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the County is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

<u>Nonspendable</u> - The nonspendable fund balance classification includes amounts that cannot be spent because they are not in spendable form or legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash. It also includes the long-term amount of loans receivable, unclaimed monies and year-end balances of materials and supplies inventories and prepaid assets.

<u>Restricted</u> - Fund balance is reported as restricted when constraints are placed on the use of resources that are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.

<u>Committed</u> - The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by a formal action (resolution) of the Board of Commissioners (the highest level of decision making authority). Those committed amounts cannot be used for any other purpose unless the Board of Commissioners removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

<u>Assigned</u> - Amounts in the assigned fund balance classification are intended to be used by the County for specific purposes but do not meet the criteria to be classified as restricted nor committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the general fund, assigned amounts represent intended uses established by policies of the Board of Commissioners.

<u>Unassigned</u> - Unassigned fund balance is the residual classification for the general fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is only used to report a deficit fund balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

The County applies restricted resources first when expenditures are incurred for purposes for which restricted and unrestricted (committed, assigned, and unassigned) fund balance is available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

# NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

#### O. Prepaid Items

Payments made to vendors for services that benefit future periods are recorded as prepaid items in both government-wide and fund financial statements. A current asset for the prepaid amount is recorded at the time of purchase, and the expenditure is reported in the year in which services are consumed.

#### P. Operating Revenues and Expenses

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Water Supply System Fund, the Wastewater Treatment Fund, and the Sewer System Fund, and of the County's internal service funds are charges to customers for sales and services. The County also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

#### Q. Interfund Balances

On fund financial statements, receivables and payables resulting from the routine lag between the dates interfund goods and services are provided or reimbursable expenditures occur are classified as "due to/from other funds". Activity between funds that is representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "interfund receivable/interfund payable". These amounts are eliminated in the governmental and business-type activities columns of the statement of net assets, except for any net residual amounts due between governmental and business-type activities, which are presented as a component of the internal balance reported on the statement of net assets.

#### R. Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

The County applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

#### S. Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities and long-term obligations are reported in the governmentwide financial statements, and all payables, accrued liabilities and long-term obligations payable from proprietary funds are reported on the proprietary fund financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, claims and judgments that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year. Compensated absences that will be paid from governmental funds are reported as a liability in the fund s are reported as a liability in the fund financial statements only for amounts due to employees who have separated at year end. Bonds, capital leases and long-term loans are recognized as a liability on the governmental fund financial statements when due.

#### T. Unamortized Issuance Costs/Bond Premium and Discount/Accounting Gain or Loss

On government-wide financial statements, issuance costs are deferred and amortized over the term of the bonds using the straight line method. Unamortized issuance costs are recorded separately on the statement of net assets.

Bond premiums and discounts are deferred and amortized over the term of the bonds using the straight line method, which approximates the effective interest method. Bond premiums are presented as an addition to the face amount of the bonds and bond discounts are presented as a reduction to the face amount of the bonds.

For advance refundings resulting in the defeasance of debt reported in the government-wide financial statements and enterprise funds, the difference between the reacquisition price and the net carrying amount of the old debt is deferred and amortized as a component of interest expense. This accounting gain or loss is amortized over the remaining life of the old debt or the life of the new debt, whichever is shorter, and is presented as an addition to or reduction from the face amount of the new debt.

On the governmental fund financial statements, issuance costs and bond premiums and discounts are recognized in the current period. The reconciliation between the bonds face value and the amount reported on the statement of net assets is presented in Note 10.

#### U. Contributions of Capital

Contributions of capital in proprietary fund financial statements and for the governmental activities arise from contributions of capital assets or from grants or outside contributions of resources restricted to capital acquisition and construction. Capital contributions are reported as revenue in the proprietary fund financial statements and on the statement of activities.

# NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

#### V. Estimates

The preparation of the basic financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

#### NOTE 3 - ACCOUNTABILITY AND COMPLIANCE

#### A. Change in Accounting Principles

For fiscal year 2011, the County has implemented GASB Statement No. 54, "Fund Balance Reporting and Governmental Fund Type Definitions", and GASB Statement No. 59, "Financial Instruments Omnibus".

GASB Statement No. 54 establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds. GASB Statement No. 54 also clarifies the definitions of governmental fund types.

GASB Statement No. 59 updates and improves guidance for financial reporting and disclosure requirements of certain financial instruments and external investment pools. The implementation of GASB Statement No. 59 did not have an effect on the financial statements of the County.

# B. Fund Reclassifications

Fund reclassifications are required in order to report funds in accordance with GASB Statement No 54. These fund reclassifications had the following effect on the County's governmental fund balances as previously reported:

|  | <br>General      | G  | Major Nonmajor<br>Governmental Government |    | ,                 | Total<br>I Governme |             |

The fund reclassifications did not have an effect on net assets as previously reported.

## NOTE 3 - ACCOUNTABILITY AND COMPLIANCE - (Continued)

#### C. Prior Period Adjustment and Reclassification of OWDA Loan

The County has recorded a prior period adjustment to properly report the balance of construction in progress, land improvements and related accumulated depreciation in the Water Supply System and Wastewater Treatment enterprise funds. The total prior period adjustment related to the incorrect recording of capital asset transactions was \$1,596,752 and the adjustments resulted in an increase in the change in net assets of \$920,576 in the County's 2010 statement of activities.

The County began reporting stormwater utility operations in a governmental fund rather than in an enterprise fund as the stormwater utility now receives special assessments to fund its projects. As such, the OWDA loan payable at December 31, 2010 associated with stormwater utility projects must be reclassified to governmental activities from business-type activities and the Stormwater Utility nonmajor enterprise fund.

The prior period adjustment to properly state capital asset balances and the reclassification of the OWDA loan had the following effect on the net assets of the governmental activities, enterprise funds and business-type activities as follows:

|   | G  | Governmental<br>Activities | W  | /ater Supply<br>System | ١  | erprise Funds<br>Wastewater<br>Treatment | Nonmajor<br>Enterprise | В  | usiness-type<br>Activities |

# NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2011

# NOTE 3 - ACCOUNTABILITY AND COMPLIANCE - (Continued)

These funds complied with Ohio state law, which does not permit a cash basis deficit at yearend. The General Fund is liable for any deficits in these funds and provides transfers when cash is required, not when accruals occur. The deficit fund balances in the Capital Improvements Fund is due to the recording of short-term notes payable as a fund liability rather than as an "other financing source" in accordance with GAAP. The deficit fund balances and net assets in the remaining funds primarily resulted from adjustments for accrued liabilities at year-end.

# NOTE 4 - POOLED CASH, CASH EQUIVALENTS AND INVESTMENTS

State statutes classify monies held by the County into two categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the County treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the County Treasurer has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts. Inactive monies may be deposited or invested in the following securities:

- 1. United States Treasury Notes, Bills, Bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal or interest by the United States;
- Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
- Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
- 4. Bonds and other obligations of the State of Ohio or its political subdivisions provided that such political subdivisions are located wholly or partly within the County;
- Time certificates of deposit or savings or deposit accounts, including, but not limited to, passbook accounts, in any eligible institution mentioned in section 135.32 of the Revised Code;

# NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2011

# NOTE 4 - POOLED CASH, CASH EQUIVALENTS AND INVESTMENTS - (Continued)

- No-load money market mutual funds consisting exclusively of obligations described in items (1) and (2) above and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
- 7. The State Treasurer's Asset Reserve of Ohio Investment Pool (STAR Ohio);
- 8. Securities lending agreements in which the County lends securities and the eligible institution agrees to exchange either securities described in division (1) or (2) or cash or both securities and cash, equal value for equal value;
- 9. High grade commercial paper in an amount not to exceed five percent of the County's total average portfolio; and
- 10. Bankers acceptances for a period not to exceed 270 days and in an amount not to exceed ten percent of the County's total average portfolio.

Protection of County's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the Treasurer by the financial institution or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution.

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the County, and must be purchased with the expectation that it will be held to maturity.

Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the Treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian. Also, investments in foreign nations that are diplomatically recognized by the United States are limited to 1% of the total average portfolio.

# A. Cash on Hand

At year-end, the County had \$5,750 in undeposited cash on hand and \$1,375 in undeposited cash in segregated accounts held outside of the County's internal investment pool. This amount is included on the financial statements of the County as part of "Equity in Pooled Cash and Investments".

# B. Cash in Segregated Accounts

At year-end, the County had \$7,227,387 cash and cash equivalents deposited separate from the County's internal investment pool. This amount is included in the amount of "Deposits with Financial Institutions" below.

# NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2011

# NOTE 4 - POOLED CASH, CASH EQUIVALENTS AND INVESTMENTS - (Continued)

# C. Deposits with Financial Institutions

At December 31, 2011, the carrying amount of all County deposits was \$19,298,107. Based on the criteria described in GASB Statement No. 40, <u>"Deposits and Investment Risk Disclosures</u>", as of December 31, 2011, \$18,244,344 of the County's bank balance of \$22,732,132 was exposed to custodial risk as discussed below, while \$4,487,788 was covered by the FDIC.

Custodial credit risk is the risk that, in the event of bank failure, the County's deposits may not be returned. All deposits are collateralized with eligible securities in amounts equal to at least 105% of the carrying value of the deposits. Such collateral, as permitted by the Ohio Revised Code, is held in single financial institution collateral pools at Federal Reserve Banks, or at member banks of the federal reserve system, in the name of the respective depository bank and pledged as a pool of collateral against all of the public deposits it holds or as specific collateral held at the Federal Reserve Bank in the name of the County. The County's investment policy minimizes custodial credit risk for deposits by maintaining adequate collateralization of certificates of deposit. The County's policy on deposits requires that they be insured by FDIC or collateralized by the financial institution.

Although the securities were held by the pledging institutions' trust department and all statutory requirements for the deposit of money had been followed, noncompliance with federal requirements could potentially subject the County to a successful claim by the FDIC.

# D. Investments

As of December 31, 2011, the County had the following investments and maturities:

|                          |                   | _  | Investment Maturities |    |            |    |            |    |             |

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2011

# NOTE 4 - POOLED CASH, CASH EQUIVALENTS AND INVESTMENTS - (Continued)

Interest Rate Risk: Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Investments with interest rates that are fixed for longer periods are likely to be subject to more variability in their fair values as a result of future changes in interest rates. The County's investment policy minimizes interest rate risk by diversifying assets and maturity dates while maintaining adequate liquidity to meet current obligations without a sale of securities.

*Credit Risk:* Credit risk is the risk that an issuer or other counter party to an investment will not fulfill its obligations. Credit quality information - as commonly expressed in terms of the credit ratings issued by the nationally recognized statistical rating organizations (NRSRO's) such as Moody's Investors Service, Standard & Poor's, or Fitch Ratings, provides a current depiction of potential variable cash flows and credit risk. The County's investment policy allows for investments in federal agency securities, along with Banker's Acceptances and Commercial Paper, that are rated AA + by two rating agencies, provided they do not exceed more than 5% of the portfolio. The County's investments in federal agency securities were all rated AA+ by Standard & Poor's and Aaa by Moody's. Standard & Poor's has assigned STAR Ohio an AAAm money market rating. The foreign government bonds are rated AA- by Standard & Poor's and A1 by Moody's. The Port Authority Bonds are unrated.

*Foreign Currency Risk:* Lucas County does have a formal policy regarding foreign government investment, limiting this investment to one percent of the total average portfolio. Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment or deposit. At December 31, 2011, the County had exposure of approximately \$1,500,000 to foreign currency risk (Israeli currency - shekel).

*Custodial Credit Risk:* For an investment, custodial credit risk is the risk that, in the event of the failure of the counter party, the County will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. All of the County's investments are insured or registered, or the securities are held by the County or its agent in the County's name. The County's investment policy minimizes credit risk and custodial credit risk by (1) diversifying assets by issuer and (2) ensuring that required, minimum credit quality ratings exist prior to the purchase of commercial paper and bankers acceptances. At December 31, 2011, the County was not subject to custodial credit risk on investments.

*Concentration of Credit Risk:* The County places no limit on the amount that may be invested in any one issuer. As of December 31, 2011, the County had the following investments:

Transfers are used to 1) move revenues from the fund required by statute or budget to collect them to the fund required by statute or budget to expend them, 2) move receipts restricted to debt service from the funds collecting the receipts to the Debt Service Fund as debt service payments become due, and 3) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds.

The transfer from the Board of Development Disabilities Fund to the Community MR/RES Services Fund (a nonmajor governmental fund) was to move resources in accordance with Ohio Revised Code Section 5705.14(H)(1).

The transfer from the Coroner Laboratory Fund (a nonmajor governmental fund) to the Toxicology Lab Fund (a nonmajor governmental fund) was to move resources to support the operations of the toxicology lab whose operations are directly related to those of the coroner laboratory.

Interfund transfers between governmental funds are eliminated for reporting on the government-wide financial statements. Residual transfers between governmental activities and business-type activities are reported on the statement of activities.

# NOTE 5 - INTERFUND TRANSACTIONS - (Continued)

**B.** Interfund loans receivable/payable consisted of the following at December 31, 2011, as reported on the fund financial statements:

| Interfund Loans Receivable | Interfund Loans Payable | A  | Amount  |
|----------------------------|-------------------------|----|---------|
| General                    | Nonmajor Governmental   | \$ | 235,218 |

During 2011, the County began reporting stormwater utility operations in a governmental fund rather than in an enterprise fund due to the special assessments received for the project. The Stormwater Utility Fund (a nonmajor governmental fund) received an advance from the General Fund during 2011. The advance was not repaid by December 31, 2011 and is reported as an interfund loan payable in the Stormwater Utility Fund (a nonmajor governmental fund) and an interfund loan receivable in the General Fund. The interfund loan is expected to be repaid in the subsequent year. Interfund loans receivable/payable between governmental funds are eliminated for reporting on the statement of net assets.

**C.** Amounts "due to other funds" and "due from other funds" consisted of the following at December 31, 2011, as reported on the fund financial statements:

| Due To Other Funds          | Due From Other Funds   | nds Am |         |
|-----------------------------|------------------------|--------|---------|
| General                     | Internal Service Funds | \$     | 47,326  |
| Mental Health and Recovery  | Internal Service Funds |        | 802     |
| Children Services Board     | Internal Service Funds |        | 11,620  |
| Nonmajor Governmental Funds | Internal Service Funds |        | 40,145  |

Due to/due from balances resulted from the routine lag between the dates interfund goods and services are provided or reimbursable expenditures occur, transactions are recorded in accounting system and payments between funds are made.

Amounts due to/from other funds between governmental funds are eliminated on the government-wide financial statements. Amounts due to/from other funds between governmental activities and business-type activities are reported as a component of the internal balance reported on the statement of net assets.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2011

#### NOTE 6 - PROPERTY TAXES

- --

Property taxes include amounts levied against all real and public utility property located in the County. Taxes collected from real property taxes (other than public utility) in one calendar year are levied in the preceding calendar year on the assessed value as of January 1 of that preceding year, the lien date. Assessed values are established by the County Auditor at 35 percent of appraised market value. All property is required to be revaluated every six years. Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits later payment dates to be established.

Public utility real taxes are collected in one calendar year and levied in the preceding calendar year on assessed values determined as of December 31 of the second year proceeding the tax collection year, the lien date. Public utility tangible personal property is assessed at varying percentages of true value; public utility real property is assessed at 35 percent of true value. 2011 public utility property taxes became a lien December 31, 2010, are levied after October 1, 2011, and are collected in 2012 with real property taxes. Public utility property taxes are payable on the same dates as real property taxes described previously. Whereas collectible delinquent property taxes have been recorded as a receivable on a full accrual basis, it is classified as deferred revenue on a modified accrual basis.

State law eliminated the current assessment of tangible personal property after 2010. Therefore, tangible personal property tax revenues received in calendar year 2011 and beyond (other than public utility property) represent delinquent collections. The County continues to collect and distribute delinquent personal property tax to political subdivisions throughout the County.

Provisions of House Bill No. 66 (HB 66) signed into law on June 30, 2005 required "reimbursement" payments through 2017 for the phase out of the tangible personal property tax. The phase-out payments associated with HB 66 were accelerated by the State through its biennial budget, passed June 30, 2011. Effects on Lucas County will include the elimination of most levy funded reimbursements after 2012. However, reimbursements will continue in a reduced form and extend through 2030 for the following County levies and agencies: Board of Developmental Disabilities, Board of Mental Health, Children Services Board, and the Senior Services levy.

The full tax rate for all County operations for the year ended December 31, 2011 was \$14.07 per \$1,000 of assessed value. The assessed values of real and tangible personal property upon which 2011 property tax receipts were based are as follows:

| Real Property                 |                  |
|-------------------------------|------------------|
| Residential/Agricultural      | \$ 5,726,573,490 |

Ohio law prohibits taxation of property from all taxing authorities in excess of 10.00 mills of assessed value without a vote of the people. Presently, the County levies 2.00 mills within the 10.00 mill limit for the General Fund. An additional 12.07 mils have been levied for voted millage. A summary of the voted and unvoted millage collected in 2011 is as follows:

(b) Ohio law provides for a reduction of certain voted levies to offset inflation in the value of real property. Levy rates are subject to change.

# NOTE 7 - PERMISSIVE SALES AND USE TAX

In 1970, the County Commissioners, by resolution, imposed a .5% tax on all retail sales, including motor vehicles, made in the County. In 1982, the County commissioners increased the sales tax by .5% to 1%. In November 1993, Lucas County voters approved a permanent increase of .25% to 1.25% in the sales tax.

Vendor collections of the tax are paid to the State Treasurer by the twenty-third day of the month following collection. The State Tax Commissioner certifies to the State Office of Budget and Management (OBM) the amount of the tax to be returned to the County. The Tax Commissioner's certification must be made within forty-five (45) days after the end of each month. The OBM then has five (5) days in which to draw the warrant payable to the County.

Proceeds of the tax are credited entirely to the General Fund. Amounts that have been collected by the State and are to be received within 60 days of year end are accrued as revenue, as measurable and available. Sales tax revenue reported in the General Fund for 2011 amounted to \$72,035,424.

#### **NOTE 8 - CAPITAL ASSETS**

#### A. Governmental Activities

During 2011, the County has reclassified certain amounts out of the buildings, structures and improvements asset class and into the land asset class to properly report the capital assets in the correct category. The reclassification had no effect on the total balance of governmental activities capital assets, net at December 31, 2010. Capital asset activity for year ended December 31, 2011 follows:

All notes are backed by the full faith and credit of the County and mature within one year from the date of issuance. The various purpose improvements and arena improvement notes were issued in anticipation of long-term bonded financing and will be classified as long-term obligations once they are refinanced on a long-term basis.

*Taxable Arena Improvement Notes, Series 2011:* \$9,800,000 of outstanding taxable arena improvement notes payable are reported in the Capital Improvements Fund. These notes are liabilities of the fund which received the proceeds.

*Various Purpose Improvements Notes, Series 2011:* \$14,155,000 of outstanding various purpose improvements notes payable are reported in the Capital Improvements Fund. These notes are liabilities of the fund which received the proceeds.

*Various Purpose Improvements Notes, Series 2011:* \$200,000 of outstanding various purpose improvements notes payable are reported in the Sewer System Fund. These notes are liabilities of the fund which received the proceeds.

*Various Purpose Improvements Notes, Series 2011:* \$1,045,000 of outstanding various purpose improvements notes payable are reported in the Water Supply System Fund. These notes are liabilities of the fund which received the proceeds.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2011

# NOTE 10 - LONG-TERM DEBT AND OTHER OBLIGATIONS

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. The beginning balance of the long-term obligations has been restated to move an OWDA loan with an outstanding balance of \$447,217 at December 31, 2010 from business-type activities to governmental activities as the County began reporting stormwater utility operations in a governmental fund during 2011 (see Note 3.C).

#### General Obligation Bonds

General obligation bonds are secured by the County's ability to levy a voted or unvoted property tax within limitations of Ohio Law. All long-term debt issued for governmental purposes of the County and special assessment bonds are retired from the Debt Service Fund.

In 2007, the County defeased certain general obligation bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the County's financial statements. At December 31, 2011, \$10,310,000 of bonds outstanding are considered defeased.

On September 15, 2003, the County issued \$7,250,000 of various purpose improvement bonds (Series 2003 Court of Appeals Bonds) of which \$6,260,000 was issued for the purpose of constructing, furnishing, equipping, improving the site of, and otherwise improving the Court of Appeals building (the court of Appeals building Improvement) and \$990,000 was issued for sanitary and water line improvements. The County is obligated to pay this bond using legally available resources including tax revenue through December 2023.

On September 30, 2011, the County issued \$4,395,000 of Series 2011 Court of Appeals Refunding Bond for the purpose of currently refunding the outstanding balance of the Series 2003 Court of Appeals Bonds described above. The County deposited bond proceeds and other local monies in the amount of \$4,422,869 with an escrow agent to refund the bonds. The Series 2011 Court of Appeals refunding bonds bear annual interest ranging from 2.25-4.00% and mature December 1, 2023. Proceeds of the refunding bonds are reported in the Debt Service fund with principal payments due December 1 of each year and interest payments due June 1 and December 1 of each year.

As a result of this refunding, the Series 2003 Court of Appeals bonds are considered defeased and the liability for those bonds have been removed from the County's basic financial statements. The current refunding reduces debt service payments over the next 13 years by \$686,457 resulting in an economic gain (difference between the present value of the old and new debt service payments) of \$221,847.

#### Special Assessment Bonds with Governmental Commitment

Special assessment bonds are secured by an unvoted property tax levy; however, each bond resolution provides for principal and interest to also be paid from special assessments levied for the projects financed by those bonds and consequently those bonds are treated as "self-supporting."

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2011

#### NOTE 10 - LONG-TERM DEBT AND OTHER OBLIGATIONS - (Continued)

#### Non-tax Revenue Bonds

The County has pledged future non-tax revenues, net of specified operating expenses, to repay the Series 2010 Taxable Economic Development Revenue Refunding Bonds. Proceeds of the refunding bonds were used to currently refund the 2001 Taxable Economic Development Revenue Bonds which were used to construct a new baseball stadium which the County owns and leases to the Toledo Mud Hens Baseball Club, Inc. The Series 2010 Taxable Economic Development Revenue Refunding Bonds are payable solely from non-tax revenues and are payable through October 2016. Principal and interest payments made in 2011 on the Series 2010 non-tax revenue bonds were 1,845,184. The total principal and interest remaining to be paid on the Series 2010 non-tax revenue bonds is \$9,280,875.

#### Revenue Bonds

The County has pledged future revenues, net of specified operating expenses, to repay \$725,700 in Series 2006 revenue bonds. Revenue bonds do not represent a general obligation debt or a pledge of the full faith and credit or taxing power of the County. Proceeds of the bonds were used to construct a portion of sanitary sewer number 772 in Jerusalem Township. The Series 2006 sewer construction bonds are payable from S.S.772 revenues and are payable through 2046. The 2011 principal and interest payments on the bonds required 100.0% percent of net revenues. The total principal and interest remaining to be paid on the Series 2006 revenue bonds is \$1,393,948. Principal and interest paid for the current year and total net revenues were \$39,849 and \$40,395, respectively.

#### Ohio Public Works Commission (OPWC) Loans

The County has issued OPWC loans to finance various road improvements (governmental activities) and various wastewater and sewer system improvements (business-type activities). The OPWC loans are interest free loans. Debt service payments on governmental activities OPWC loans are made from the Motor Vehicle and Gas Tax fund (a nonmajor governmental fund) and debt service payments from business-type activities OWPC loans are made from the Wastewater Treatment Fund and Sewer System Fund.

#### Ohio Water Development (OWDA) Loans

The County has issued OWDA loans to finance various construction and improvement projects related to the governmental and business-type activities. The OWDA loans bear interest rates ranging from 4.2% to 7.67%. Debt service payments on OWDA loans are made from the following enterprise funds: Water Supply System Fund, Wastewater Treatment Fund, Sewer System Fund, Sanitary Engineer Fund (a nonmajor enterprise fund) and Solid Waste Fund (a nonmajor enterprise fund). Debt service payments on an OWDA loan are also made from the Stormwater Utility Fund (a nonmajor governmental fund).

#### Component Units

The County's component units have the following long-term obligations due at December 31, 2011:

The Toledo Mud Hens have a long-term deferred compensation liability of \$164,156, with the entire amount considered due in more than one year.

Preferred Properties, Inc. and Affiliates have long-term mortgage and notes payable of \$147,634. Of this total, \$27,619 is due in one year with the remainder due in more than one year.

Toledo Arena Sports, Inc. has a \$1,362 long-term liability for an equity interest in the net loss of EHCL Properties, LLC in excess of net investment. This amount has been reported as due in more than one year.

Toledo-Lucas County Convention and Visitors Bureau has long-term notes payable of \$1,293,802. Of this total, \$218,921 is due in one year with the remainder due in more than one year.

# NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2011

# NOTE 10 - LONG-TERM DEBT AND OTHER OBLIGATIONS - (Continued)

# Conduit Debt Obligations

From time to time, the County has issued Industrial Revenue Bonds, Hospital Facilities Bonds and Commercial Housing Revenue Bonds to provide financial assistance to private, profit and non-profit sector entities for the acquisition and construction of industrial, hospital and commercial facilities deemed to be in the public interest. The bonds are secured by the property financed and are payable solely from payments received from the private sector entities served. Upon repayment of the bonds, ownership of the acquired facilities transfers to the private-sector entity served by the bond issuance. Neither the County, the State of Ohio, nor any political subdivision thereof is obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements.

As of December 31, 2011, there were 27 conduit obligations outstanding. The aggregate principal amount payable for all conduit obligations totaled \$771,800,000, including \$723,295,000 for hospital, \$23,675,000 for industrial development, economic, and school facilities, and \$24,830,000 for housing.

# NOTE 11 - PENSION PLAN

#### Ohio Public Employees Retirement System

Plan Description - The County participates in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The Traditional Pension Plan is a cost-sharing, multiple-employer defined benefit pension plan. The Member-Directed Plan is a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20% per year). Under the Member-Directed Plan, members accumulate retirement assets equal to the value of the member and vested employer contributions plus any investment earnings. The Combined Plan is a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and a defined contribution plan. Under the Combined Plan, employer contributions are invested by the retirement system to provide a formula retirement benefit similar to the Traditional Pension Plan benefit. Member contributions, from which the investments are self-directed by the member, accumulate retirement assets in a manner similar to the Member-Directed Plan. While members in the State and local divisions may participate in all three plans, law enforcement (generally sheriffs, deputy sheriffs and township police) and public safety divisions participate only in the Traditional Pension Plan.

OPERS provides retirement, disability, survivor and death benefits and annual cost of living adjustments to members of the Traditional Pension and the Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report which may be obtained by visiting <u>https://www.opers.org/investments/cafr.shtml</u>, writing to OPERS, Attention: Finance Director, 277 E. Town St., Columbus, OH 43215-4642 or by calling (614) 222-5601 or (800) 222-7377.

## NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2011

# NOTE 11 - PENSION PLAN – (Continued)

Funding Policy - The Ohio Revised Code provides statutory authority for member and employer contributions. For 2011, member and employer contribution rates were consistent across all three plans. While members in the State and local divisions may participate in all three plans, law enforcement and public safety divisions exist only within the Traditional Plan. The 2011 member contribution rates were 10.00% for members in State and local classifications. Public safety and law enforcement members contributed 11.00% and 11.60%, respectively. The County's contribution rate for 2011 was 14.00%, except for those plan members in law enforcement or public safety, for whom the County's contribution was 18.10% of covered payroll.

The County's contribution rate for pension benefits for members in the Traditional Plan for 2011 was 10.00%. The County's contribution rate for pension benefits for members in the Combined Plan for 2011 was 7.95%. For those plan members in law enforcement and public safety pension contributions were 14.10%. The County's required contributions to the Traditional Pension and Combined Plans for the years ended December 31, 2011, 2010, and 2009 were \$21.9 million, \$22.2 million, and \$23.4 million, respectively; 89.01% has been contributed for 2011 and 100% has been contributed for 2010 and 2009. Contributions to the Member-Directed Plan for 2011 were \$361,785 made by the County and \$258,419 made by the plan members.

# NOTE 12 - POSTRETIREMENT BENEFIT PLANS

# **Ohio Public Employees Retirement**

Plan Description - OPERS maintains a cost-sharing multiple employer defined benefit postemployment health care plan, which includes a medical plan, prescription drug program and Medicare Part B premium reimbursement, to qualifying members of both the Traditional Pension and the Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits, including post-employment health care coverage.

To qualify for postemployment health care coverage, age-and-service retirees under the Traditional Pension and Combined Plans must have ten years or more of qualifying Ohio service credit. The Ohio Revised Code permits, but does not mandate, OPERS to provide OPEB benefits to its eligible members and beneficiaries. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code.

Disclosures for the health care plan are presented separately in the OPERS financial report which may be obtained by visiting <u>https://www.opers.org/investments/cafr.shtml</u>, writing to OPERS, Attention: Finance Director, 277 E. Town St., Columbus, OH 43215-4642 or by calling (614) 222-5601 or (800) 222-7377.

Funding Policy - The postemployment health care plan was established under, and is administered in accordance with, Internal Revenue Code Section 401(h). State statute requires that public employers fund postemployment health care through contributions to OPERS. A portion of each employer's contribution to the Traditional or Combined Plans is set aside for the funding of postemployment health care.

# NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2011

# NOTE 12 - POSTRETIREMENT BENEFIT PLANS – (Continued)

Employer contribution rates are expressed as a percentage of the covered payroll of active employees. In 2011, local government employers contributed 14.00% of covered payroll (18.10% for public safety and law enforcement). Each year the OPERS Retirement Board determines the portion of the employer contribution rate that will be set aside for the funding of the postemployment health care benefits. The portion of employer contributions allocated to fund postemployment health care for members in the Traditional Plan for 2011 was 4.00%. The portion of employer contributions allocated to fund post-employment healthcare for members in the Combined Plan for 2011 was 6.05%.

The OPERS Retirement Board is also authorized to establish rules for the payment of a portion of the health care benefits provided, by the retiree or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected. Active members do not make contributions to the post employment health care plan.

The County's contributions allocated to fund postemployment health care benefits for the years ended December 31, 2011, 2010, and 2009 were \$6.1 million, \$7.8 million, and \$9.6 million, respectively; 89.01% has been contributed for 2011 and 100% has been contributed for 2010 and 2009.

The Health Care Preservation Plan (HCPP) adopted by the OPERS Board of Trustees on September 9, 2004, was effective January 1, 2007. Member and employer contribution rates for state and local employers increased on January 1 of each year from 2006 to 2008. Rates for law and public safety employers increased over a six year period beginning on January 1, 2006, with a final rate increase on January 1, 2011. These rate increases allowed additional funds to be allocated to the health care plan.

# NOTE 13 - BUDGETARY BASIS OF ACCOUNTING

While reporting financial position, results of operations, and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on the basis of cash receipts and disbursements.

The statement of revenues, expenditures and changes in fund balance - budget and actual (non-GAAP budgetary basis) presented for the general fund and major special revenues funds are presented on the budgetary basis to provide a meaningful comparison of actual results with the budget.

The major differences between the budget basis and the GAAP basis are that:

- (a) Revenues and other financing sources are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis);
- (b) Expenditures and other financing uses are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis);

# NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2011

# NOTE 13 - BUDGETARY BASIS OF ACCOUNTING - (Continued)

- (c) In order to determine compliance with Ohio law, and to reserve that portion of the applicable appropriation, total outstanding encumbrances (budget basis) are recorded as the equivalent of an expenditure, as opposed to assigned or committed fund balance for that portion of outstanding encumbrances not already recognized as an account payable (GAAP basis);
- (d) Advances-in and advances-out are operating transactions (budget basis) as opposed to balance sheet transactions (GAAP basis);
- (e) Investments are reported at fair value (GAAP basis) rather than cost (budget basis); and,
- (f) Some funds are included in the general fund (GAAP basis), but have separate legally adopted budgets (budget basis).

The following table summarizes the adjustments necessary to reconcile the GAAP basis statements (as reported in the fund financial statements) to the budgetary basis statements for all governmental funds for which a budgetary basis statement is presented:

# Net Change in Fund Balance

Certain funds that are legally budgeted in separate special revenue funds are considered part of the general fund on a GAAP basis. These include the Local Development Fund and the following sub-funds of the Other Special Revenue Fund: Payroll Reserve Fund, Sick Reserve Fund, Vacation Reserve Fund, and the Comp Time Reserve Fund.

# **NOTE 14 - FUND BALANCE**

Fund balance is classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the County is bound to observe constraints imposed upon the use of resources in the governmental funds. The constraints placed on the fund balances for the governmental funds follows:

# **NOTE 15 - OTHER COMMITMENTS**

The County utilizes encumbrance accounting as part of its budgetary controls. Encumbrances outstanding at year end may be reported as part of restricted, committed, or assigned classifications of fund balance. At year end, the County's commitments for encumbrances in the governmental funds were as follows:

|                                     |           | Year-End          |

#### **NOTE 16 - CONTINGENCIES**

The County owns and operated a landfill site located in the western portion of the County. The site accepted solid waste from a number of private and industrial waste haulers from 1954 to its closure in 1976. A solid waste transfer station was operated from May, 1980 through July, 1991. This site is now closed and the County no longer operates a landfill. State and federal laws require the County to clean up, monitor and maintain the site.

The County engaged a consultant to complete a study regarding the cleanup, monitoring and maintenance of the site. This study will be subject to review by the Ohio Environmental Protection Agency. The study estimates that \$7,000,000 will be required to clean up, monitor and maintain the site, of which approximately \$150,000 of the costs are to be incurred in the next year. The current liability of \$150,000 is included in the long-term liability due within a year with the remaining \$6,850,000 recorded as a long-term liability due in more than one year. Actual cost may be higher due to inflation, changes in technology, or changes in regulations. Funding is expected to be obtained from the issuance of General Obligation notes or bonds, and from the State Infrastructure Bond Fund. Other potential sources of revenue include indemnification by generators for response costs incurred.

The County is a defendant in a number of other claims and lawsuits which may be classified as routine litigation. In addition, the County is a defendant in numerous other claims and lawsuits ranging from tort liability to civil rights litigation. Management believes that any settlement related to these claims and lawsuits will not have a material adverse effect on the financial position of the County.

The County participates in a number of Federal and State assisted grant programs. These programs are subject to financial and compliance audits by grantors or their representatives. The ultimate obligations that may arise from cost disallowances or non-compliance with program requirements cannot be estimated.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2011

#### NOTE 18 - RISK MANAGEMENT

**Self-Funded Insurance**: The County is self-funded for health, dental and prescription drug benefits. The programs are administered by a third party, which provides claims review and processing services. Each County fund is charged for its proportionate share of the cost for covered employees. Payment of these benefits is accounted for in internal service funds. The County records a liability for incurred but unreported claims at year end based upon an actuarial estimate provided by Benefits Comprehensive, Inc. The County also maintains a Self-Funded Workers' Compensation fund and a Risk Retention fund to manage liability insurance County-wide. Settled claims have not materially exceeded coverage in any of the last three years and there was no significant reduction in coverage from the prior year.

The claims liability of \$9,881,936 reported in the internal service funds at December 31, 2011, is based on the requirements of GASB Statement No. 10 which requires that a liability for unpaid claims costs, including estimates of costs relating to incurred, but not reported claims, be reported (see table below). Changes in the funds' claims liability amounts for 2011 and 2010 were:

|      | Balance at Current<br>Beginning Year<br>of Year Claims |               | Pro<br>for<br>Cor | hange in<br>ovision for<br>Workers'<br>npensation<br>Claims | Claim<br>Payments | Balance<br>at End of<br>Year |            |  |

| 2010 | \$ 11,409,319  | \$ 39,894,824 | \$                | 352,376   | \$ (41,448,900)   | \$                           | 10,207,619 |  |

The County estimates that \$5,465,321 of the claims payable liability at December 31, 2011 will be paid within one year with the remaining balance, \$4,416,615, due in more than one year.

#### NOTE 19 - OPERATING LEASES

The County is lessee in various operating leases. The County is required to make the following future lease payments under the operating lease agreements: \$110,374 in 2012, \$103,415 in 2013, \$62,698 in 2014, \$30,149 in 2015, \$14,148 in 2016 and \$3,537 in 2017. The total future payments through 2017 are \$324,321.

# NOTE 20 – SIGNIFICANT SUBSEQUENT EVENT

In June 2011, the GASB issued Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position.* The provisions of GASB 63 are effective for financial statements for periods beginning after December 15, 2011. The objective of this Statement is to provide guidance for reporting deferred outflows of resources, deferred inflows of resources, and net position in a statement of financial position and related disclosures.

The County will implement GASB No. 63 in 2012. Management has not yet determined the impact that this new GASB pronouncement will have on the County's financial statements.

# The James M. Schoonmaker/Willis B. Boyer

Bunting and flags hang from the rear of the pilot house on the museum ship James M. Schoonmaker/Willis B. Boyer, Toledo. The ship was rechristened the Schoonmaker in 2011 as part of the Red, White, and Kaboom festivities.

S. S. Willis B. Boyer (formerly the Col. James M. Schoonmaker) was built in 1911 and retired in 1980 after 69 years of service. It is a lake freighter which served as a commercial vessel on the Great Lakes for much of the 20th Century, and is currently undergoing renovation as a museum ship in Toledo, Ohio. She broke many cargo records for iron ore, grain and coal in her first year.

## Nonmajor Governmental Funds – Fund Descriptions

Special revenue funds are used to account for the proceeds of specific revenue sources (other than for major capital projects or expendable trusts) that are legally restricted to expenditures for specific purposes. Following is a description of the County's nonmajor special revenue funds:

<u>Job</u> and <u>Family</u> <u>Services</u> <u>Fund</u>: To account for various federal and state grants and reimbursements as well as transfers from the General Fund used for human service programs.

<u>Real</u> <u>Estate</u> <u>Assessment</u> <u>Fund</u>: To account for state mandated county-wide real estate reappraisals that are funded by charges to the County's political subdivisions.

<u>Motor Vehicle and Gas Tax Fund:</u> To account for revenues derived from the sale of motor vehicle licenses, and gasoline taxes. Expenditures are restricted by state law to county road and bridge repair/improvement programs.

Emergency Medical Services Fund: To account for emergency medical care financed by a county-wide sales tax.

<u>Emergency</u> <u>Telephone</u> <u>Service</u> <u>Fund:</u> To account for a property tax levy used for emergency telephone assistance.

<u>Child</u> <u>Support</u> <u>Enforcement</u> <u>Fund</u>: To account for poundage fees on child support payments and other local, state, and federal revenues used to administer the County Child Support Enforcement Agency.

Zoo Operating Fund: To account for a property tax levy. Monies are distributed to the Toledo Zoological Society.

<u>Law Library Resources Fund:</u> This accounts for the advancement of legal knowledge and better and more convenient discharge of professional duties. Major funding comes from court fines and penalties.

Senior Services Fund: To account for a property tax levy used for senior services.

Workforce Development Fund: To account for revenues and expenditures associated with the Workforce Investment Act of 1998.

<u>Community Development Grant Fund</u>: To account for grant revenues used for community development.

<u>Stormwater</u> <u>Utility</u> <u>Fund</u>: To account for stormwater utility operations. These operation were previously reported in a enterprise fund prior to 2011.

<u>Disaster Services Emergency Management Agency (EMA) Fund:</u> To account for state monies and local revenues used to operate the County emergency program.

<u>Dog</u> and <u>Kennel</u> <u>Fund</u>: To account for the dog warden's operation that is financed by sales of dog tags and kennel permits, and fine collections.

Hotel Lodging Tax Fund: To account for monies collected and distributed related to the "County Bed Tax".

Domestic Violence Prevention Fund: To account for monies collected for marriage licenses.

## Nonmajor Governmental Funds – Fund Descriptions (Continued)

<u>Indigent</u> <u>Guardianship</u> <u>Fund:</u> To account for court fees charged according to Section 2101.16(B) of the Ohio Revised Code. These monies are used for attorney fees, evaluations, and investigation expenditures related to indigent individuals.

Domestic Relations Court Special Fund: To account for monies collected for special projects.

Coroner Laboratory Fund: To account for revenues received and expenses associated with the laboratory.

Toxicology Lab Fund: To account for revenues received and expenses associated with the laboratory.

<u>Motor Vehicle Enforcement</u> and <u>Education</u> <u>Fund:</u> To account for elimination and prevention of motor accident through inspections, rules and regulations for operation.

<u>Indigent</u> <u>Drivers</u> <u>Alcohol</u> <u>Treatment</u> <u>Fund</u>: These are court fines from conviction from operating a motor vehicle under the influence. Such monies are used for treatment of offenders charged with OVI who would otherwise not be able to afford such services.

Sheriff Policing Fund: To account for contract fees collected for services which include patrols and dispatching.

Concealed Handgun Fund: To account for fees collected and expenses for the concealed handgun program.

Countywide Communication System Fund: To account for the operation of the county's enhanced 911 system.

<u>DETAC</u> <u>Fund:</u> To account for all fees collected for delinquent real estate taxes, personal property taxes, and manufactured home taxes for the purpose of collecting delinquent real estate taxes.

<u>Tax Certificate Administration Fund:</u> To account for all monies collected by the treasurer for subsequent transfer of tax certificates or issuing a duplicate.

T.I.P.P. Fund: To account for revenues and expenses associated with the tax installment payment plan.

<u>Community MR/RES</u> <u>Services</u> <u>Fund:</u> To account for grant revenue of ODMH and HUD and all related expenses for providing rental housing to qualified clients.

<u>Imagination</u> <u>Station</u> <u>Fund:</u> To account for property taxes collected for the purpose of encouraging and promoting the sciences and natural history, as provided for in 307.761 of the Ohio Revised Code.

Building Regulation Fund: To account for fee revenues for permits and inspections.

<u>Certificate of Title Administration Fund:</u> To account for fees collected by the Clerk of Courts. These monies are used for costs associated with the processing of titles.

<u>Recorder Equipment Fund:</u> This sets aside funding for the maintenance, repairs and future replacement of the recorder's equipment.

<u>Juvenile</u> <u>Treatment</u> <u>Center</u> <u>Fund</u>: To account for state monies used for the treatment and rehabilitation of juvenile offenders.

## Nonmajor Governmental Funds – Fund Descriptions (Continued)

<u>Juvenile Felony Delinquency Care Fund:</u> To account for the purchase of a range of community based options to meet the needs of each juvenile offender or youth at risk of offending. Major funding comes in through grants.

<u>Juvenile</u> <u>Court</u> <u>Indigent</u> <u>Drivers</u> <u>Fund</u>: This is used to pay for the cost of alcohol and drug addiction treatment when the individual convicted is a juvenile traffic offender. Funding is from the indigent alcohol treatment fund.

<u>Felony Diversion Program Fund:</u> To account for the cost of avoiding a criminal conviction, facilitate rehabilitation, payment of restitution to victims and in some cases treatment, for first time criminal offenders.

Correction Treatment Facility Fund: To account for state monies used for the operating treatment facility.

Common Pleas Civil Mediation Fund: To account for fee revenues and expenditures for mediation services.

<u>Administration of Justice Fund:</u> This accounts for monies used by the prosecutor and sheriff in the performance of their duties and in the furtherance of justice.

<u>Probation</u> <u>Service</u> <u>Fund</u>: To account for the cost of helping reintegrate an offender into the community as a responsible law abiding individual.

<u>Foreclosure</u> <u>Magistrate</u> <u>Program</u> <u>Fund:</u> To account for all the court costs associated with foreclosure and its prevention.

<u>Other Special Revenue Fund</u> – To account for the receipt of local, state, and federal funds as well as miscellaneous other sources by County departments that alone are not significant enough to require the establishment of their own fund.

Economic Development Fund: To account for revenues and expenditures associated with county development.

<u>Zoo</u> <u>Capital Improvements</u> <u>Fund:</u> To account for the pass through of a property tax levy used for renovation and construction of buildings, facilities and infrastructure for the Toledo Zoo (a separate organization from the County).

The following funds are included in the general fund (GAAP basis), but have separate legally adopted budgets (budget basis). These funds are not included in the combining statements for the nonmajor governmental funds since they are reported in the general fund (GAAP basis); however, the budgetary schedules for these funds are presented in this section.

Local Development Fund: To account for revenues and expenditures associated with local development.

The following sub-funds of the Other Special Revenue Fund have been included in the general fund on a GAAP basis but have been budgeted as part of the Other Special Revenue Fund in the budgetary schedule:

Payroll Reserve Fund: To establish a reserve for payroll fluctuations.

Sick Reserve Fund: To establish a reserve for payment of sick leave benefits.

Vacation Reserve Fund: To establish a reserve for payment of vacation benefits.

<u>Comp Time Reserve Fund</u>: To establish a reserve for payment of comp time benefits.

# Nonmajor Enterprise Funds – Fund Descriptions

Enterprise funds are established to account for operations that are financed and operated in a manner similar to private business enterprises where the intent is that the costs (expenses, including depreciation) of providing goods or services to the general public be financed or recovered primarily through user charges.

The County operates the following Nonmajor Enterprise Funds:

<u>Sanitary Engineer Fund:</u> To account for the administrative costs of operating water supply system, wastewater treatment system, and sewer system.

<u>Stormwater Utility Fund:</u> To account for the administrative costs of storm water utility system. The County began accounting for these transactions in a governmental fund in 2011. This fund has been discontinued at December 31, 2011.

Solid Waste Fund: To account for the administrative costs of county-wide solid waste disposal.

Parking Facilities Fund: To account for the operation of the parking facilities.

# Internal Service Funds – Fund Descriptions

Internal service funds account for the financing of goods or services provided by one department to other departments of the government unit, or to other governmental units and agencies on a cost reimbursement basis. The following are the internal service funds which Lucas County operates:

<u>Imaging Lab Fund:</u> To account for salaries, fringe benefits, and various operating costs associated with the conversion of old paper files to more permanent digital files. Users are billed for costs incurred.

<u>Central</u> <u>Supplies</u> <u>Fund</u>: To account for supplies, mailing and copying services provided to County departments and other governmental units. Users are billed for costs incurred.

<u>Vehicle</u> <u>Maintenance</u> <u>Fund:</u> To account for vehicle maintenance services provided to various County departments and other governmental units. Users are billed for costs incurred.

<u>Telecommunications</u> <u>Fund:</u> To account for interdepartmental charges for the use of the telephone system. Users are billed for costs incurred.

<u>Self-Funded</u> <u>Health</u> <u>Insurance</u> <u>Fund:</u> To account for claims and administration of the health insurance program for covered County employees and eligible dependents. County departments are billed according to the employee's coverage selection.

<u>Self-Funded</u> <u>Dental</u> <u>Insurance</u> <u>Fund:</u> To account for claims and administration of the dental insurance program for covered County employees and eligible dependents. County departments are billed according to the employee's coverage selection.

<u>Risk</u> <u>Retention</u> <u>Insurance</u> <u>Fund:</u> To account for the claims and administration of liability insurance for County departments. The departments are billed based on the cost of the insurance policies.

1 General and Tangible Personal Property taxes included rollbacks, homestead, and other revenues from the State of Ohio prior to 2007. These have been reclassified as intergovernmental revenues beginning in 2007.

# 9-1-1 and Countywide Public Safety Communications

The 9-1-1 and Countywide Public Safety Communications System Levy provides Lucas County residents with an easily remembered emergency telephone system, seven public safety answering points and an interoperable public safety radio system. Both systems are designed to provide fast and efficient delivery of emergency police, fire and EMS services to save lives and minimize property loss. The 9-1-1 portion of the levy funds the telephone system, dispatch system, computer equipment, technical support personnel for the PSAPs and countywide mobile data system used by police, fire and EMS vehicles. The interoperable radio system portion funds a small technical staff and maintenance for the radio system infrastructure hardware and software.

Á -231-

The radio system allows all police, fire and EMS agencies in Lucas County to talk to each other and many of the mutual aid partners in adjacent counties.

Public safety personnel responded to 398,103 incidents generated through the 9-1-1 system in 2011.

## The Toledo Zoo

After nearly 8,000 entries in the Zoo's naming contest, the name "Lucas" won by more than 3,000 votes as the name for the African elephant calf born in 2011. This name honors Lucas County voters' longtime support of the Zoo.

In appreciation of Lucas County voters' longtime support, the Zoo offers Lucas County residents free admission on Mondays (10 a.m. to 12 p.m.), on two three-day holiday weekends (Martin Luther King weekend and President's Day weekend) and on December 24 (from 10 a.m. until the Zoo closes at 2 p.m.). On remaining days, Lucas County residents receive \$2 off regular admission rates. Zoo field trips are also free to Lucas County schools, as are visits (with live animals and biofacts) to Lucas County schools, hospitals, libraries and nursing homes.

Every \$1 in taxes that the Zoo receives returns more than \$6 to the local economy; the Zoo's economic impact on the region, including Lucas County, was more than \$38 million in 2010. In 2011, 62,915 Lucas County residents visited the Zoo free, and 374 Zoo Education programs reached a total of 16,742 Lucas County residents. The Zoo's overall attendance for 2011 was 864,386 visitors.

Penn National Gaming, Inc. will hold a grand opening on May 29, 2012 for its \$250 million dollar "Hollywood Casino Toledo". The new facility boasts up to 3,000 slot machines, 80 gaming tables and 20 poker tables, a parking garage with 2,500 parking spaces, food and beverage outlets, and an entertainment lounge on its 44 acre site. Penn National estimated that 1,000 temporary jobs were created during construction of the facility, and approximately 1,100 permanent casino positions. Under the provisions of the Constitutional amendment, a portion of gross revenue generated by casinos is distributed to all eighty-eight counties in Ohio in proportion to each county's population at the time of the distribution.
