Audit Report Letters

June 30, 2011

Dave Yost • Auditor of State

Board of Education Newark City School District 85 East Main Street Newark, Ohio 43055

We have reviewed the *Independent Auditor's Report* of the Newark City School District, Licking County, prepared by Rea & Associates, Inc., for the audit period July 1, 2010 through June 30, 2011. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Newark City School District is responsible for compliance with these laws and regulations.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

December 20, 2011

To the Board of Education Newark City School District 85 E. Main St. Newark, Ohio 43055

We have audited the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the Newark City School District, Licking County, Ohio, (the District) as of and for the year ended June 30, 2011, which collectively comprise the District's basic financial statements and have issued our report thereon dated December 20, 2011, in which we noted the financial statement for the Par Excellence Academy, one of the District's discretely presented component units, was audited by another auditor. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

Management of the District is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Newark City School District Report on Internal Control over Financial Reporting and on Compliance And Other Matters Based on an Audit of Financial Statements Performed In Accordance with *Government Auditing Standards* Page 2

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of the District in a separate letter dated December 20, 2011.

This report is intended solely for the information and use of management, Board of Education, federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than those specified parties.

Kea & Associates, Inc.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

December 20, 2011

To the Board of Education Newark City School District 85 E. Main St. Newark, Ohio 43055

Compliance

We have audited the compliance of Newark City School District, Licking County, Ohio, (the District) with the types of compliance requirements described in the U. S. Office of Management and Budget (OMB) Circular A-133, *Compliance Supplement* that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2011. The District's major federal programs are identified in the summary of auditor's results section of the accompanying *Schedule of Findings and Questioned Costs*. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of District's management. Our responsibility is to express an opinion on the District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the District's compliance with those requirements.

In our opinion, the District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2011.

Internal Control over Compliance

The management of the District is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the District's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

Newark City School District Report on Compliance with Requirements That Could Have a Direct and Material Effect on Each Major Program and Internal Control over Compliance in Accordance with OMB Circular A-133 Page 2

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

Schedule of Expenditures of Federal Awards

We have audited the basic financial statements of the governmental activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of Newark City School District, Licking County, Ohio, as of and for the year ended June 30, 2011, and have issued our report thereon dated December 20, 2011, in which we noted the financial statements of Par Excellence Academy, one of the District's discretely presented component units, was audited by another auditor. Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

This report is intended solely for the information and use of management, Board of Education, federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than those specified parties.

NEWARK CITY SCHOOL DISTRICT LICKING COUNTY, OHIO

NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS FOR THE YEAR ENDED JUNE 30, 2011

Note A – Basis of Accounting

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal grant activity of Newark City School District (the District) and is presented on the cash basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of financial statements.

Note B - Child Nutrition Cluster

Federal money commingled with state subsidy reimbursements. It is assumed federal moneys are expended first.

<u>Note C – Food Donation Program</u>

Program regulations do not require the District to maintain separate inventory records for purchased food and food received from the U.S. Department of Agriculture. This non-monetary assistance and related expenditures are reported in this schedule at the value of the commodities received as assessed by the U.S. Department of Agriculture (entitlement value).

Note D - Transfers

The District generally must spend Federal assistance within 15 months of receipt (funds must be obligated by June 30 and spent by September 30). However, with Ohio Department of Education's (ODE) approval, a district can transfer unspent Federal assistance to the succeeding year, thus allowing the District a total of 27 months to spend the assistance. During fiscal year 2011, the ODE authorized the following transfers:

CFDA #	Grant Title	Grant Year	Transfe	ers Out	Transf	ers In
84.391 84 391	ARRA - IDEA Part B ARRA - IDEA Part B	2010 2011	\$	27	\$	27

The Board of Education Newark City School District 85 E. Main St. Newark, Ohio 43055 December 20, 2011

Independent Accountant's Report on Applying Agreed-Upon Procedure

Ohio Rev. Code Section 117.53 states "the auditor of state shall identify whether the school district or community school has adopted an anti-harassment policy in accordance with Section 3313.666 of the Revised Code. This determination shall be recorded in the audit report. The auditor of state shall not prescribe the content or operation of any anti-harassment policy adopted by a school district or community school."

Accordingly, we have performed the procedure enumerated below, which was agreed to by the Board, solely to assist the Board in evaluating whether Newark City School District (the District) has updated its anti-harassment policy in accordance with Ohio Rev. Code Section 3313.666. Management is responsible for complying with this requirement. This agreed-upon procedure engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of this procedure is solely the responsibility of the Board. Consequently; we make no representation regarding the sufficiency of the procedure described below either for the purpose for which this report has been requested or for any other purpose.

1. We noted the Board did not amend its anti-harassment policy to include violence within a dating relationship within its definition of harassment, intimidation or bullying. Ohio Rev. Code Section 3313.666 required the Board to amend its definition by September 28, 2010.

We were not engaged to and did not conduct an examination, the objective of which would be the expression of an opinion on compliance with the anti-harassment policy. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the Board of Education and is not intended to be and should not be used by anyone other than these specified parties.

Administrative Service Center 85 East Main Street Newark, Ohio 43055 (740) 345-9891 www.newarkcityschools.org

December 20, 2011

To the Citizens and Board of Education of the Newark City School District:

We are pleased to submit to you the thirteenth Comprehensive Annual Financial Report (CAFR) of the Newark City School District (the "District"). This CAFR, which includes an opinion from Rea and Associates Inc., conforms to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental entities. Responsibility for the accuracy of the data presented and the completeness and fairness of the presentation, including all disclosures, rest with the District's management. To the best of our knowledge and belief, this CAFR and the enclosed data are accurate in all material respects and are reported in a manner designed to present fairly the financial position and results of operations of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

State statute requires an annual audit by independent accountants. Rea and Associates Inc. conducted the audit. The audit has been conducted in accordance with generally accepted auditing standards, generally accepted government auditing standards, and include a review of internal controls and test of compliance with Federal and State laws and regulations. The Independent Auditor's Report is included in the CAFR.

This transmittal letter is designed to provide historical information about the District, as well as complement the required Management's Discussion and Analysis (discussed below). Unless noted otherwise, the financial data in this transmittal letter is presented on the modified accrual basis of accounting. GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). The District's MD&A, which focuses on the government-wide statements, can be found on page 15 of the financial section of this report.

PROFILE OF THE SCHOOL DISTRICT

The City of Newark, the county seat of Licking County, is located approximately 33 miles east of Columbus in the central part of the State. The District serves an area of approximately 19 square miles and approximately 47,573 residents.

In the spring of 1802, General William Schenk platted around the ancient mounds of Central Ohio a settlement named after his hometown of Newark, New Jersey. There were many salt licks in the area and by 1808 the area known as Licking County was founded. In 1809 the first school was started in the Courthouse on the north side of the Town Square. James Maxwell was the first schoolteacher in this floorless room. The first official body designated as the Newark City Board of Education was formed in 1848.

The Board of Education (the "Board") of the District is composed of five members elected at large by the citizens of the District. The Board serves as the taxing authority, contracting body, and policy initiator for the operation of the District. The Board is responsible for the annual operating budget and approves all expenditures of the District. The Board is a body politic and corporate, as defined by Section 3313.02 of the Ohio Revised Code, and has only those powers and authority conferred upon it by the Code.

During fiscal year 2011, the District had 6,035 students enrolled in eleven schools: Carson Elementary, Cherry Valley Elementary, Johnny Clem Elementary, Ben Franklin Elementary, Hillview Elementary, Legend Elementary, and McGuffey Elementary schools housing grades K through 5; Heritage Middle, Liberty Middle, and Wilson Middle housing grades 6 through 8; and Newark High School housing grades 9 through 12 with 1,492 students.

The District provides a full range of traditional and non-traditional educational programs, services and facilities. These include elementary and secondary curriculum at the general, college preparatory and vocational levels, a broad range of co-curricular and extracurricular activities, special education programs and facilities.

Newark Catholic High School, St. Francis, Blessed Sacrament, and the Montessori School are located within the School District Service Area. The District acts as fiscal agent for state funds provided by the State of Ohio to these institutions. Revenues and expenditures of these schools are reported as a governmental activity of the District.

Internal Controls

Management of the District is responsible for establishing and maintaining internal controls designed to ensure that the assets of the District are protected from loss, theft, or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with GAAP. The internal controls are designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived from its implementation; and (2) the valuation of costs and benefits requires estimates and judgments by management.

Budgetary Controls

The budgetary process is prescribed by provisions of the Ohio Revised Code and entails the preparation of budgetary documents within an established timetable. The major documents prepared are the certificate of estimated resources and the appropriations resolution, both of which are prepared on the budgetary basis of accounting. The certificate of estimated resources and the appropriations resolution that appropriations cannot exceed estimated resources, as certified. All funds, other than agency funds, are legally required to be budgeted and appropriated. The primary level of budgetary control required by Ohio Revised Code is at the fund level. The legal level of budgetary control imposed by the District (the highest level for which expenditures cannot legally exceed the appropriated amount) is established at the broad object level (first level) for the general fund and at the fund level for all other budgeted funds. Any budgetary modifications at these levels may only be made by resolution of the Board of Education. The District also maintains an encumbrance accounting system as one technique of accomplishing budgetary control. Encumbered amounts at year-end are carried forward to succeeding years and are not re-appropriated.

ECONOMIC CONDITION AND OUTLOOK

The District is located approximately 33 miles from the metropolitan City of Columbus providing a wealth of opportunity for cultural, social and economic resources for its residents. Central Ohio Technical College and The Ohio State University of Newark share facilities at the Newark campus. Denison University is located in the adjoining Village of Granville. These colleges provide excellent educational opportunities for the Newark community.

The City of Newark offers an excellent opportunity for business growth and expansion. The City stimulates the economy through a diverse group of employers, from the small family operated business to the major commercial/industrial and service corporations. The five largest employers in the District in terms of numbers of employees are: State Farm Insurance, Newark Board of Education, Licking County, Licking Memorial Hospital, and Anomatic Corporation.

Newark area businesses continue to manufacture and distribute a wide variety of products. Foremost among these products are plastics, insulation, prefabricated homes, prismatic reflectors, wiping cloths, quartz and specialty products, asphalt, automotive products, bricks, chemicals, electronic equipment, truck axles and transmissions, anodized aluminum products, wood veneer, dairy products, concrete products and many other industrial specialty items.

Although the District had been impacted by the national recession in fiscal years 2003 and 2004 regarding income tax, the District experienced a 5.3% increase in collections of income tax in fiscal year 2005, an increase of .5% in fiscal year 2006, an increase of 5.6% in fiscal year 2007, and an increase of 16.5% in fiscal year 2008. In fiscal year 2009, collections decreased 3.5% signaling the start of the current economic downturn of local businesses. In fiscal year 2010, collections continued to decline. In fiscal year 2011, collections declined by \$62,795 which may show signs of leveling off in the economy.

Long-Term Financial Planning

The District prepares a five-year financial forecast annually for use as a tool for long range planning. The five-year forecast contains projected local and state revenues, spending patterns within each area of the budget, and cash balances in the District's operating fund. The five-year forecast provides early warning signs of potential financial problems.

The District uses the five-year forecast to provide a basis for making financial decisions, including the construction of the annual budget, adjustments to staffing levels, collective bargaining, and the placement of tax levies on the ballot. Specific examples of recent decisions that have resulted in the improvements in the District's financial condition include the Board instituting \$5.1 million in cuts for fiscal year 2008 and the passage of the five year 7.5 mil emergency operating on May 5, 2009. The District successfully passed the renewal of the income tax in May 2007 for five years. This income tax was renewed again for another Five years in May 2011 therefore the Income tax will continue until December 2017. The next ballot issue will be the renewal or replacement of the 7.5 mil emergency levy which will expire in 2014

MAJOR INITIATIVES AND ACCOMPLISHMENTS

Accomplishments for 2010

Financial

The District received the Certificate of Excellence in Financial Reporting from the Government Finance Officers Association for the twelfth consecutive year.

The District received the Award for Outstanding Achievement in Popular Annual Financial Reporting from the Government Finance Officers Association for the eleventh consecutive year.

Instruction

The District achieved the status of Continuous Improvement on the state of Ohio's District Report Card.

Achievement Tests

State and federal law requires testing students in grades 3 - 8 and grade 10 in various subjects. During 2011 - 2012, the following tests will be administered:

3rd grade - reading and math

- 4th grade reading, and math
- 5th grade reading, math, and science
- 6^{th} grade reading and math
- 7th grade reading, and math
- 8th grade reading, math, and science
- 10th grade- reading, writing, math, science, and social studies

11th and 12th grade- students who have not passed one or more of the OGT assessments will have two opportunities a year (with an additional, optional opportunity each summer) to retake the tests in which they have not yet achieved proficiency. Passing the Ohio Graduation Test is a requirement for graduation from high school for students through the class of 2014.

The percentage of 11th grade students who have successfully passed the Ohio Graduation Tests is listed here:

Reading	91.8%
Writing	90.7%
Math	88.9%
Social Studies	89.2%
Science	81.2%

Initiatives for 2011

Financial

To receive the Certificate of Excellence in Financial Reporting from the GFOA for the District's 2011 CAFR.

To receive the Award for Outstanding Achievement in Popular Annual Financial Reporting from the GFOA for the 2011 Popular Annual Financial Report.

Instruction

- To maintain the District's Effective status and make progress towards becoming the first urban school district in Ohio to achieve Excellent status
- To improve, continuously, the District's Graduation Rate.
- To achieve Adequate Yearly Progress as measured by the District's report card by improving the scores of students with disabilities in reading
- To implement Year 1 of the Ohio Improvement Process
- To continue to implement and monitor the Response to Intervention (RtI) process.
- To purchase materials to support the implementation of the new national Common Core Academic Content Standards in English Language Arts and Math and the new Ohio Academic Content Standards in Science and Social Studies.
- To evaluate high school textbook and instructional materials adoptions and purchase instructional materials as necessary.

AWARDS AND ACKNOWLEDGEMENTS

GFOA Certificate of Achievement

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Newark City School District for its Comprehensive Annual Financial Report for the fiscal year ended June 30, 2010.

In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized Comprehensive Annual Financial Report, whose contents conform to program standards. Such reports must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe our current report continues to conform to the Certificate of Achievement Program requirements, and we are submitting it to GFOA for their review.

Acknowledgements

Preparation of this report could not have been accomplished without the support and efforts of the staff in the Treasurer's office and many other dedicated employees of the District. Further appreciation is extended to the Licking County Auditor's office and the Newark City Auditor's office for their valuable research of records.

Respectfully submitted,

ten

Jeffrey A. Anderra

The Board of Education Newark City School District 85 E. Main St. Newark, Ohio 43055

INDEPENDENT AUDITOR'S REPORT

We have audited the accompanying financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Newark City School District (the District), as of and for the year ended June 30, 2011, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of Par Excellence Academy; one of Newark City School District's discretely presented component units, which represent .27 percent, .41 percent and 1.38 percent, respectively, of the assets, net assets and revenues of the reporting entity. Par Excellence Academy financial statements were audited by another auditor whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Par Excellence Academy is based on the report of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the District, as of June 30, 2011, and the respective changes in financial position and cash flows, where applicable, thereof and the respective budgetary comparison for the general fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Newark City School District Independent Auditor's Report Page 2

In accordance with *Government Auditing Standards*, we have also issued our report dated December 20, 2011, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The Management's Discussion and Analysis on pages 15 through 24 are not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The combining and individual nonmajor fund statements and other schedules, listed in the table of contents as supplementary information, are presented for the purpose of additional analysis and are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

The accompanying introductory and statistical sections, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. This information has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

Kea & Associates, Inc.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

The management's discussion and analysis of the Newark City School District's (the "District") financial performance provides an overall review of the District's financial activities for the fiscal year ended June 30, 2011. The intent of this discussion and analysis is to look at the District's financial performance as a whole; notes to the basic financial statements and basic financial statements to enhance their understanding of the District's financial performance.

Financial Highlights

Key financial highlights for 2011 are as follows:

- The District's net assets of governmental activities increased \$3,682,124 which represents a 3.49% increase from 2010.
- General revenues accounted for \$58,277,723 in revenue or 77.05% of all revenues. Program specific revenues in the form of charges for services and sales, grants and contributions accounted for \$17,362,141 or 22.95% of total revenues of \$75,639,864.
- The District had \$71,957,740 in expenses related to governmental activities; only \$17,362,141 of these expenses was offset by program specific charges for services, grants or contributions. General revenues supporting governmental activities (primarily taxes and unrestricted grants and entitlements) of \$58,277,723 were adequate to provide for these programs.
- The District's major governmental funds include the general fund and classroom facilities fund. The general fund had \$54,985,005 in revenues and other financing sources and \$55,562,035 in expenditures and other financing uses. During fiscal 2011, the general fund's fund balance decreased \$577,030 from a restated balance of \$11,523,652 to \$10,946,622.
- The classroom facilities fund had \$27,627,891 in revenues and \$24,186,107 in expenditures. During fiscal year 2011, the classroom facilities fund balance increased by \$3,441,784 from \$14,963,256 to \$18,405,040.

Using the Comprehensive Annual Financial Report (CAFR)

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The statement of net assets and statement of activities provide information about the activities of the whole District, presenting both an aggregate view of the District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the District's most significant funds with all other nonmajor funds presented in total in one column. In the case of the District, the major funds are the general fund and the classroom facilities fund.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

Reporting the District as a Whole

Statement of Net Assets and the Statement of Activities

While this document contains the large number of funds used by the District to provide programs and activities, the view of the District as a whole looks at all financial transactions and asks the question, "How did we do financially during 2011?" The statement of net assets and statement of activities answer this question. These statements include all assets, liabilities, revenues and expenses using the accrual basis of accounting similar to the accounting used by most private-sector companies. The accrual basis of accounting will take into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the District's net assets and changes in those assets. This change in net assets is important because it tells the reader that, for the District as a whole, the financial position of the District has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. Non-financial factors include the District's property tax base, current property tax laws in Ohio restricting revenue growth, facility conditions, required educational programs and other factors.

In the statement of net assets and statement of activities, the governmental activities include the District's programs and services, including instruction, support services, operation and maintenance, pupil transportation, extracurricular activities, operation of non-instructional services, and food service operations. The statement of net assets and statement of activities can be found on pages 27-29, of this report.

Reporting the District's Most Significant Funds

Fund Financial Statements

The analysis of the District's major governmental funds begins on page 21. Fund financial reports provide detailed information about the District's major funds. The District uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the District's most significant funds. The District's major funds are the general fund and classroom facilities fund.

Governmental Funds

Most of the District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future periods. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund financial statements provide a detailed short-term view of the District's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental activities (reported in the statement of net assets and statement of activities) and governmental funds is reconciled in the basic financial statements. The basic governmental fund financial statements can be found on pages 30-33 and the budgetary statement for the general fund can be found on page 34.

Proprietary Funds

The District maintains only one type of proprietary fund. The internal service fund is an accounting device used to accumulate and allocate costs internally among the District's various functions. The District has an internal service fund to account for a self-insurance program which provides dental benefits to employees. The basic proprietary fund financial statements can be found on pages 35-37 of this report.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

Fiduciary Funds

The District is the trustee, or fiduciary, for its scholarship programs. This activity is presented as a private-purpose trust fund. The District also acts in a trustee capacity as an agent for individuals. These activities are reported in an agency fund. All of the District's fiduciary activities are reported in separate statements of fiduciary net assets and changes in fiduciary net assets on pages 38 and 39. These activities are excluded from the District's other financial statements because the assets cannot be utilized by the District to finance its operations.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. These notes to the basic financial statements can be found on pages 41-84 of this report.

The District as a Whole

Recall that the statement of net assets provides the perspective of the District as a whole. A comparative analysis for government-wide financial statements using the full accrual basis of accounting is presented below.

Governmental Activities

	Governmen	ai Acuvines		
	2011	2010		
<u>Assets</u>				
Current assets	\$ 97,957,041	\$ 117,140,466		
Capital assets, net	115,683,375	89,826,897		
Total assets	213,640,416	206,967,363		
<u>Liabilities</u>				
Current liabilities	34,981,204	30,035,223		
Long-term liabilities	69,473,721	71,428,773		
Total liabilities	104,454,925	101,463,996		
<u>Net Assets</u>				
Invested in capital				
assets, net of related debt	58,627,357	33,251,985		
Restricted	43,863,448	67,827,213		
Unrestricted	6,694,686	4,424,169		
Total net assets	\$ 109,185,491	\$ 105,503,367		

Over time, net assets can serve as a useful indicator of a government's financial position. At June 30, 2011, the District's assets exceeded liabilities by \$109,185,491.

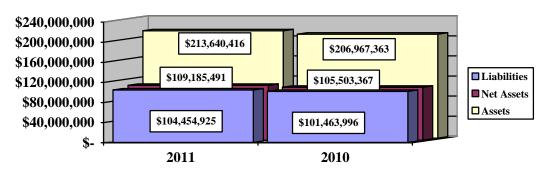

Total capital assets, net increased as the District continued the construction and renovation of various buildings. These projects are being financed through the Ohio School Facilities Commission (OSFC). This construction and addition of capital assets also resulted in an increase of net assets invested in capital assets, net of related debt. Restricted net assets decreased primarily in the area of net assets restricted for capital projects. This amount decreases each year as the District receives and spends funding from the OSFC for the various construction projects.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

At year-end, capital assets represented 54.15% of total assets. Capital assets include land, land improvements, buildings and improvements, construction in progress, furniture and equipment and vehicles. Capital assets, net of related debt to acquire the assets at June 30, 2011, were \$58,627,357. These capital assets are used to provide services to the students and are not available for future spending. Although the District's investment in capital assets is reported net of related debt, it should be noted that the resources to repay the debt must be provided from other sources, since capital assets may not be used to liquidate these liabilities.

A portion of the District's net assets, \$43,863,448, represents resources that are subject to external restriction on how they may be used. The remaining balance of unrestricted net assets was \$6,694,686.

The table below illustrates the District's assets, liabilities and net assets at June 30, 2011 and 2010.

Governmental Activities

The table below shows the changes in net assets for governmental activities for fiscal year 2011 compared to fiscal year 2010. The 2010 balance of operating grants and contributions and general revenues – grants and entitlements have been restated to conform to 2011 presentation of PAthway to Student Success (PASS) funding from the State of Ohio which is reported as an operating grant and contribution rather than as general revenue.

	Governmental Activities		
	2011	Restated 2010	
Revenues			
Program revenues:			
Charges for services and sales	\$ 1,957,055	\$ 1,994,375	
Operating grants and contributions	15,262,296	13,425,703	
Capital grants and contributions	142,790	530,000	
General revenues:			
Property taxes	22,624,172	25,779,690	
School district income taxes	7,774,670	7,674,450	
Revenue in lieu of taxes	7,884	-	
Grants and entitlements	26,576,387	26,714,548	
Gain on sale of capital assets	818,010	76,724	
Investment earnings	93,035	215,269	
Other	383,565	434,997	
Total revenues	75,639,864	76,845,756	

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

	Governmental Activities		
	2011	2010	
<u>Expenses</u>			
Program expenses:			
Instruction:			
Regular	\$ 32,542,970	\$ 28,912,330	
Special	8,121,944	8,652,532	
Vocational	446,067	476,722	
Other	646,105	538,181	
Support services:			
Pupil	3,448,955	3,141,826	
Instructional staff	4,353,286	4,521,869	
Board of Education	241,079	209,247	
Administration	3,618,373	3,512,967	
Fiscal	1,174,507	1,145,723	
Business	671,255	669,134	
Operations and maintenance	6,625,701	5,783,283	
Pupil transportation	2,381,970	2,354,922	
Central	827,465	847,739	
Operation of non-instructional services:			
Other non-instructional services	700,135	593,413	
Food service operations	2,242,916	2,247,871	
Extracurricular activities	969,125	960,411	
Interest and fiscal charges	2,945,887	2,997,107	
Total expenses	71,957,740	67,565,277	
Changes in net assets	3,682,124	9,280,479	
Net assets at beginning of year	105,503,367	96,222,888	
Net assets at end of year	\$ 109,185,491	\$ 105,503,367	

Governmental Activities

Net assets of the District's governmental activities increased \$3,682,124. Total governmental expenses of \$71,957,740 were offset by program revenues of \$17,362,141, and general revenues of \$58,277,723. Program revenues supported 24.13% of the total governmental expenses.

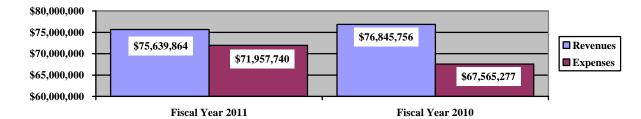

The primary sources of revenue for governmental activities are derived from property taxes, school district income taxes, and grants and entitlements. These three sources of revenue total \$56,975,229 and represent 75.32% of total governmental revenue. Property tax revenues decreased \$3,155,518, or 12.24%, due to fluctuations in the amount of tax collected and available for advance at fiscal year- end by the Licking County Auditor. Tax advances available are recorded as revenue under GAAP. The amounts of tax advances available at June 30, 2011, 2010, and 2009 was \$2,024,020, \$4,103,080 and \$1,201,300, respectively. The amount of tax advance available at year end can vary depending upon when the Licking County Auditor distributes tax bills.

Operating grant program revenues increased primarily due to Ed Jobs grant funding from the federal government. On the government-wide statement of activities, the District recorded revenue of \$1,177,479 related to this funding. The revenue related to this grant is specific to fiscal year 2011. The District also reported the gain on the sale of a building and other capital assets which increased revenues.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

The graph below presents the governmental activities revenues and expenses for fiscal years 2011 and 2010.

Governmental Activities - Revenues and Expenses

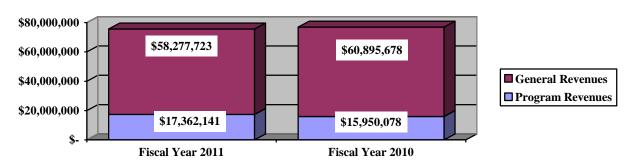

The statement of activities shows the cost of program services and the charges for services and grants offsetting those services. The following table shows, for governmental activities, the total cost of services and the net cost of services for 2011 compared to 2010. That is, it identifies the cost of these services supported by tax revenue and unrestricted State grants and entitlements. The 2010 net cost of services for special instruction has been restated to conform to 2011 presentation of PASS funding from the State of Ohio which is reported as an operating grant and contribution offsetting special instruction.

		Governmental	Activities	
	Total Cost of Services 2011	Net Cost of Services 2011	Total Cost of Services 2010	Restated Net Cost of Services 2010
Program expenses:				
Instruction:				
Regular	\$ 32,542,970	\$ 28,057,901	\$ 28,912,330	\$ 26,061,258
Special	8,121,944	2,705,383	8,652,532	3,289,927
Vocational	446,067	379,091	476,722	410,244
Other	646,105	70,142	538,181	128,144
Support services:

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

The dependence upon tax and other general revenues for governmental activities is apparent, 74.75% of instruction activities, totaling \$31,212,517, are supported through taxes and other general revenues. For all governmental activities, general revenue support is 75.87%.

The graph below presents the District's general and program revenues for fiscal years 2011 and 2010. The 2010 program revenues and general revenues have been restated to conform to 2011 presentation of PASS funding from the State of Ohio which is reported as program revenue rather than as general revenue.

Governmental Activities - General and Program Revenues

The District's Funds

The District's governmental funds (as presented on the balance sheet on page 30) reported a combined fund balance of \$42,297,038, which is higher than last year's total of \$40,683,453. The District restated fund balances at June 30, 2010 as described in Note 3.B. The schedule below indicates the fund balance and the total change in fund balance as of June 30, 2011 and 2010.

	Fund Balance June 30, 2011	Restated Fund Balance June 30, 2010	Increase (decrease)
General	\$ 10,946,622	\$ 11,523,652	\$ (577,030)
Classroom Facilities Other Governmental	18,405,040 12,945,376	14,963,256 14,196,545	3,441,784 (1,251,169)
Total	\$ 42,297,038	\$ 40,683,453	\$ 1,613,585

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

General Fund

The District's general fund balance decreased \$577,030.

		Restated	
	2011	2010	Percentage
	Amount	Amount	Change
<u>Revenues</u>			
Taxes	\$ 24,752,042	\$ 26,141,751	(5.32) %
Tuition	655,273	643,778	1.79 %
Earnings on investments	45,461	176,533	(74.25) %
Intergovernmental	28,412,646	28,340,444	0.25 %
Other revenues	1,085,164	1,082,589	0.24 %
Total	<u>\$ 54,950,586</u>	\$ 56,385,095	(2.54) %
<u>Expenditures</u>			
Instruction	\$ 35,752,399	\$ 32,725,973	9.25 %
Support services	18,978,168	17,958,168	5.68 %
Operation of non-instructional services	50,570	60,788	(16.81) %
Extracurricular activities	701,923	658,564	6.58 %
Total	\$ 55,483,060	\$ 51,403,493	7.94 %

The decrease in earnings on investments was due to decreases in investable balances. Taxes decreased as a result of fluctuations in the amount collected and available as advance at fiscal year-end from the Licking County Auditor. In 2010 the amount available for advance from the Licking County Auditor was approximately \$3.1 million while in 2011 this amount was approximately \$1.6 million. The amount available as an advance can vary depending on when the tax bills are sent. Overall, all other revenues remained consistent with the previous year. The increase in instruction expenditures is primarily due to a one-time charge for retirement incentive payments to employees who notified the District of their intent to retire by June 30, 2011. Expenditures are being controlled primarily through staff reductions.

Classroom Facilities Fund

The classroom facilities fund had \$27,627,891 in revenues and \$24,186,107 in expenditures. During fiscal year 2011, the classroom facilities fund balance increased by \$3,441,784 from \$14,963,256 to \$18,405,040. The increase in fund balance was a result of funding from the Ohio School Facilities Commission (OSFC) related to the construction project.

General Fund Budgeting Highlights

The District's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant budgeted fund is the general fund.

During the course of fiscal year 2011, the original and final budgeted revenues and other financing sources were \$55,130,897. Actual revenues and other financing sources for fiscal year 2011 were \$57,464,125. Actual revenues and other financing sources were \$2,333,228 higher than final budgeted revenues. The variances in budgeted revenues were primarily caused by changes in estimates for taxes and intergovernmental revenues.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

General fund original appropriations (appropriated expenditures plus other financing uses) of \$56,163,785 were increased to \$57,243,785 in the final budget. The actual budget basis expenditures and other financing uses for fiscal year 2011 totaled \$56,061,718, which was \$1,182,067 lower than the final budget appropriations. The variances in budgeted expenditures were primarily caused by changes in estimates for other financing uses.

Capital Assets and Debt Administration

Capital Assets

At the end of fiscal 2011, the District had \$115,683,375 invested in land, land improvements, buildings and improvements, construction in progress, furniture and equipment, and vehicles. This entire amount is reported in governmental activities.

The following table shows fiscal 2011 balances compared to 2010:

	Capital Assets at June 30 (Net of Depreciation)				
	Governmenta	al Activities			
	2011	2010			
Land	\$ 1,672,643	\$ 1,705,643			
Land improvements	148,742	71,708			
Building and improvements	54,649,612	3,905,946			
Furniture and equipment	921,553	940,765			
Vehicles	1,339,398	1,274,370			
Construction in progress	56,951,427	81,928,465			
Total	\$ 115,683,375	\$89,826,897			

Total additions to capital assets for 2011 were \$26,958,078 and total disposals were \$68,089 (net of accumulated depreciation). Depreciation recorded for the fiscal year totaled \$1,033,511.

The overall increase in capital assets of \$25,856,478 is primarily due to the District's construction of new buildings and renovations of existing buildings using the school improvement bonds issued during a previous fiscal year and OSFC grant revenues.

See Note 10 to the basic financial statements for further details on the District's capital assets.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

Debt Administration

At June 30, 2011, the District had \$66,009,206 in general obligation bonds. Of this total, \$2,004,206 is due within one year and \$64,005,000 is due in greater than one year.

The following table summarizes the bonds outstanding at June 30, 2011 and 2010.

	Governmental Activities 2011	Governmental Activities 2010
General obligation bonds:		
Library improvement	\$ 4,879,206	\$ 5,143,845
School improvement	61,130,000	62,785,000
Total	\$ 66,009,206	\$ 67,928,845

Outstanding Debt, at Year End

See Note 11 to the basic financial statements for further detail on the District's long-term obligations.

Economic Conditions and Outlook

As the preceding information shows, the District relies heavily upon grants and entitlements, property taxes and school district income taxes. The current tax revenue, along with the District's cash balance, is projected (based on the October 2011 five year forecast that can be found on the Ohio Department of Education's website) to provide the District with the necessary funds to meet its operating expenses through fiscal year 2015. The District cash balance is expected to be depleted by the end of fiscal year 2016. The future financial stability is not without challenges.

The first issue facing the District is the instability of the local economy. The second issue is the uncertainty of the state budget allocations. The third issue is the uncertainty of the Federal Grant programs. Fiscal year 2012 enrollment is expected to increase slightly over the fiscal 2011 level.

In conclusion, the District must begin reviewing all programs "Cost versus Benefit". We must think outside of our normal paradigms. We can no longer continue to operate ".... Well that is how we have always done it." The District's income tax renewal levy was successful in May 2011 for an additional five years. The tax payers passed a 7.5 mil additional operating levy on the May 5, 2009 ballot. (This will be up for renewal in calendar year 2013.) The District will continue to look at ways to increase revenues or contain expenditures. No additional cuts are planned at this time.

Contacting the District's Financial Management

This financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact Mr. Jeffery A. Anderson, Treasurer at Newark City School District, 85 East Main Street, Newark, Ohio 43055.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE FISCAL YEAR ENDED JUNE 30, 2011

Net change in fund balances - total governmental funds		\$ 1,619,093
Amounts reported for governmental activities in the statement of activities are different because:		
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the costs of those assets are allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeds depreciation expense in the current period. Capital asset additions \$ Current year depreciation Total	26,958,078 (1,033,511)	25,924,567
The net effect of various miscellaneous transactions involving capital assets (i.e., sales, disposals, trade-ins, and donations) is to decrease net assets.		(68,089)
Governmental funds report expenditures for inventory when purchased. However, in the statement of activities, they are reported as an expense when consumed.		(5,508)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.		
Delinquent property tax revenue Income tax revenue Property tax revenue Transportation revenue Earnings on investments Classroom materials and fees revenue Other local revenue	334,901 312,804 797 (1,589) (505) (4,918) (13,749)	
Intergovernmental revenue	(26,867,483)	(26,239,742)
Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities on the statement of net assets.		1,980,000
In the statement of activities, interest is accrued on outstanding bonds, whereas in governmental funds, an interest expenditure is reported when due. The following items resulted in additional interest being reported on the statement of activities:		
Decrease in accrued interest payable Accreted interest on capital appreciation bonds Amortization of bond issuance costs Amortization of bond premiums Amortization of deferred charges	5,175 (60,361) (15,944) 47,621 (11,781)	(25.200)
Total Some expenses reported in the statement of activities, such as compensated absences, do not require the use of current financial resources and therefore		(35,290)
are not reported as expenditures in the governmental funds. An internal service fund used by management to charge the costs of insurance to individual funds is not reported in the statement of activities. Governmental fund expenditures and the related internal service fund revenues are eliminated The net revenues of the internal service fund is elimented		533,053
The net revenue (expense) of the internal service fund is allocated among the governmental activities.	-	(25,960)
Change in net assets of governmental activities	-	\$ 3,682,124

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

NOTE 1 - DESCRIPTION OF THE SCHOOL DISTRICT

The Newark City School District (the "District") is a body politic and corporate established for the purpose of exercising the rights and privileges conveyed to it by the constitution and laws of the State of Ohio.

The District operates under a locally elected five-member Board form of government and provides educational services as mandated by State and/or federal agencies. The Board controls the District's twenty-six instructional/support facilities (eleven buildings at a campus-style high school), one administrative building and one transportation/maintenance/warehouse building compound all staffed by 259 non-certified employees, 431 certified employees and 29 administrators, to provide services to approximately 6,035 students in grades K through 12.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements of the District have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The District also applies Financial Accounting Standards Board (FASB) guidance issued on or before November 30, 1989, to its governmental activities provided it does not conflict with or contradict GASB pronouncements. The FASB has codified its standards and the standards issued prior to November 30, 1989 are included in the codification. The District's significant accounting policies are described below.

A. Reporting Entity

The reporting entity has been defined in accordance with GASB Statement No. 14, "<u>The Financial Reporting Entity</u>" as amended by GASB Statement No. 39, "<u>Determining Whether Certain Organizations Are Component Units</u>". The reporting entity is composed of the primary government and component units. The primary government consists of all funds, departments, boards and agencies that are not legally separate from the District. For the District, this includes general operations, food service, and student related activities of the District.

Component units are legally separate organizations for which the District is financially accountable. The District is financially accountable for an organization if the District appoints a voting majority of the organization's governing board and (1) the District is able to significantly influence the programs or services performed or provided by the organization; or (2) the District is legally entitled to or can otherwise access the organization's resources; or (3) the District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or (4) the District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the District in that the District approves the budget, the issuance of debt or the levying of taxes. Certain organizations are also included as component units if the nature and significance of the relationship between the primary government and the organization is such that exclusion by the primary government would render the primary governments financial statements incomplete or misleading. Based upon the application of these criteria, the District has two component units.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

DISCRETELY PRESENTED COMPONENT UNITS

Newark Digital Academy (NDA)

The NDA is a legally separate, non-profit corporation established pursuant to Ohio Revised Code Chapters 3314 and 3314.03. The NDA is a conversion school that addresses the needs of students who desire a program of online instruction in an independent environment that does not include the most ancillary components of a more traditional education. The NDA is governed by a Board of Trustees. The NDA Board of Trustees may adopt budgets, hire and fire employees and receive funding from the Ohio Department of Education. Based on the significant services provided by the District to NDA, NDA's purpose of servicing the students within the District, and the relationship between the Board of Education of the District and the Board of Directors of NDA, the NDA is reflected as a component unit of the District. Separately issued financial statements can be obtained from the Treasurer of the NDA at 255 Wood Ave., Newark, Ohio 43055.

Par Excellence Academy (Par Ex)

The Par Ex is a legally separate, non-profit corporation established pursuant to Ohio Revised Code Chapters 3314 and 3314.03. The Par Ex is a conversion school that addresses the needs of students in grades Kindergarten through Third who show a strong interest or talent for the visual arts. The Par Ex is governed by a Board of Trustees. The Board of Trustees may adopt budgets, hire and fire employees and receive funding from the Ohio Department of Education. Based on the significant services provided by the District to Par Ex, Par Ex's purpose of servicing the students within the District and the relationship between the Board of Education of the District and the Board of Trustees of Par Ex, the Par Ex is reflected as a component unit of the District. Separately issued financial statements can be obtained from the Treasurer of Par Ex at 96 Maholm Street, Newark, Ohio 43055.

Information in the following notes to the basic financial statements is applicable to the primary government. Information relative to the NDA and Par Ex component units can be found in Notes 21 and 22, respectively, to these basic financial statements.

The following organizations are described due to their relationship to the District:

JOINTLY GOVERNED ORGANIZATIONS

Licking Area Computer Association (LACA)

LACA is the computer service organization or Data Acquisition Site (DAS) used by the District. LACA is an association of public school districts in a geographic area determined by the Ohio Department of Education. The Licking County Educational Service Center acts as the fiscal agent for the association. The purpose of the association is to develop and employ a computer system efficiently and effectively for the needs of the member Boards of Education. All Districts in the association are required to pay fees, charges and assessments as charged. A Board made up of superintendents from all of the participating districts governs LACA. An elected Executive Board consisting of five members of the Governing Board is the managerial body of the association and meets on a monthly basis. The District does not maintain an ongoing financial interest or an ongoing financial responsibility. Payments in the amount of \$333,142 were made to LACA during the current fiscal year.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Licking County Career and Technology Educational Center (C-TEC)

The C-TEC is a distinct political subdivision of the State of Ohio, which provides vocational education for students. The C-TEC is operated under the direction of a Board consisting of three representatives from the Licking County Educational Service Center, two representatives from Newark City Schools, one representative from the Heath City Schools, and one representative from the Granville Exempted Village Schools elected boards. The C-TEC possesses its own budgeting and taxing authority. Financial information can be obtained from Cory Thompson, who serves as the Chief Fiscal Officer, at 150 Price Road, Newark, Ohio 43055.

PUBLIC ENTITY RISK POOL

Workers' Compensation Group Rating Program

The District participates in the Sheakley UniServe Workers' Compensation Group Rating Program (GRP). The GRP is administered by Sheakley UniServe, Inc. The intent of the GRP is to achieve the benefit of a reduced premium for the District by virtue of its grouping and representation with other participants in the GRP. The District pays a fee to the GRP to cover the costs of administering the program.

RELATED ORGANIZATIONS

Newark Public Library (the "Library")

The Library is a distinct political subdivision of the State of Ohio created under Chapter 3375 of the Ohio Revised Code. A Board of Trustees appointed by the District's Board of Education governs the Library. The Board of Trustees possesses its own contracting and budgeting authority, hires and fires personnel and does not depend on the District for operational subsidies. Although the District serves as the taxing authority and may issue tax-related debt on behalf of the Library, its role is limited to a ministerial function. The District has issued bonds on behalf of the Library (see Note 11). The determination to request approval of a tax, the rate, and the purpose are discretionary decisions made solely by the Board of Trustees. The Library is not considered part of the District, and its operations are not included within the accompanying basic financial statements.

B. Fund Accounting

The District uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self balancing set of accounts. There are three categories of funds: governmental, proprietary and fiduciary.

GOVERNMENTAL FUNDS

Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

The difference between governmental fund assets and liabilities is reported as fund balance. The following are the District's major governmental funds:

<u>General fund</u> - The general fund is used to account for and report all financial resources not accounted for and reported in another fund. The general fund balance is available for any purpose provided it is expended or transferred according to the general laws of Ohio.

<u>Classroom Facilities</u> - This fund is used to account for monies received and expended in connection with contracts entered into by the District and the Ohio Department of Education for the building and equipping of classroom facilities. The financial resources in this fund are restricted to expenditures for capital outlays including the acquisition or construction of capital facilities and other capital assets

Other governmental funds of the District are used to account for (a) financial resources that are restricted, committed, or assigned to expenditures for capital outlays including the acquisition or construction of capital facilities and other capital assets, (b) specific revenue sources that are restricted or committed to an expenditure for specified purposes other than debt service or capital projects and (c) financial resources that are restricted, committed, or assigned to expenditure for principal and interest.

PROPRIETARY FUNDS

Proprietary funds are used to account for the District's ongoing activities which are similar to those often found in the private sector. The District has no enterprise funds. The following is a description of the District's internal service fund:

<u>Internal service fund</u> - The internal service fund is used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the District, or to other governments, on a cost-reimbursement basis. The internal service fund of the District accounts for a self-insurance program which provides dental benefits to employees.

FIDUCIARY FUNDS

Fiduciary fund reporting focuses on net assets and changes in net assets. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds and agency funds. Trust funds are used to account for assets held by the District under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the District's own programs. The District's only trust fund is a private-purpose trust which accounts for scholarship programs for students. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The District's agency fund accounts for student activities.

C. Basis of Presentation and Measurement Focus

<u>Government-wide Financial Statements</u> - The statement of net assets and the statement of activities display information about the District as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. Internal service fund activity is eliminated to avoid "doubling up" revenues and expenses. Interfund services provided and used are not eliminated in the process of consolidation.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

The government-wide statement of activities presents a comparison between direct expenses and program revenues for each function or program of the governmental activities of the District. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include amounts paid by the recipient of goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues not classified as program revenues are presented as general revenues of the District.

The government-wide financial statements are prepared using the economic resources measurement focus. All assets and all liabilities associated with the operation of the District are included on the statement of net assets.

Fund Financial Statements - Fund financial statements report detailed information about the District. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column, and all nonmajor funds are aggregated into one column. The internal service fund is presented in a single column on the face of the proprietary fund statements. Fiduciary funds are reported by fund type.

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Like the government-wide statements, the internal service fund is accounted for on a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of this fund are included on the statement of fund net assets. The statement of changes in fund net assets presents increases (i.e., revenues) and decreases (i.e., expenses) in net total assets. The statement of cash flows provides information about how the District finances and meets the cash flow needs of its proprietary activity.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operation. The principal operating revenues of the District's dental self-insurance internal service fund are charges for services (premiums). Operating expenses for the internal service fund include claims and administrative expenses. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

The private-purpose trust fund is reported using the economic resources measurement focus. Agency funds do not report a measurement focus as they do not report operations.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Proprietary and fiduciary funds also use the accrual basis of accounting.

<u>Revenues - Exchange and Nonexchange Transactions</u> - Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District, available means expected to be received within thirty-one days of fiscal year end.

Nonexchange transactions, in which the District receives value without directly giving equal value in return, includes property taxes, income taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied (See Note 6). Revenue from income taxes is recognized in the fiscal year in which the underlying exchange transaction occurred (See Note 8). Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the District must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the District on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year end: property taxes available as an advance, income taxes, interest, tuition, grants, student fees and rentals.

<u>Unearned Revenue and Deferred Revenue</u> - Unearned revenue and deferred revenue arise when assets are recognized before revenue recognition criteria have been satisfied.

Property taxes for which there is an enforceable legal claim as of June 30, 2011, but which were levied to finance fiscal year 2012 operations, and other revenues received in advance of the fiscal year for which they are intended to finance, have been recorded as unearned revenue. Grants and entitlements received before the eligibility requirements are met and delinquent property taxes due at June 30, 2011 are recorded as deferred revenue on the fund financial statements.

On governmental fund financial statements, receivables that will not be collected within the available period have been reported as deferred revenue on the governmental fund financial statements.

<u>Expenses/Expenditures</u> - On the accrual basis of accounting, expenses are recognized at the time they are incurred. The entitlement value of donated commodities received during the year is reported in the statement of revenues, expenditures and changes in fund balances as an expenditure with a like amount reported as intergovernmental revenue.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

E. Budgets

The budgetary process is prescribed by provisions of the Ohio Revised Code and entails the preparation of budgetary documents within an established timetable. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriation resolution, all of which are prepared on the budgetary basis of accounting. The certificate of estimated resources and the appropriations resolution are subject to amendment throughout the year with the legal restriction that appropriations cannot exceed estimated resources, as certified. All funds, other than agency funds, are legally required to be budgeted and appropriated. The legal level of budgetary control has been established at the fund level for all funds. Any budgetary modifications at the legal level of budgetary control may only be made by resolution of the Board of Education.

<u>*Tax Budget*</u>: Prior to January 15, the Superintendent and Treasurer submit to the Board of Education a proposed operating budget for the fiscal year commencing the following July 1. The budget includes proposed expenditures and the means of financing for all funds. Public hearings are publicized and conducted to obtain taxpayers' comments. The purpose of this budget document is to reflect the need for existing (or increased) tax rates. By no later than January 20, the Board-adopted budget is filed with the Licking County Budget Commission for rate determination. The Licking County Budget Commissioners waived this requirement for fiscal year 2011.

Estimated Resources: By April 1, the Board of Education accepts, by formal resolution, the tax rates as determined by the Budget Commission and receives the Commission's certificate of estimated resources, which states the projected revenue of each fund. Prior to July 1, the District must revise its budget so that total contemplated expenditures from any fund during the ensuing year will not exceed the amount stated in the certificate of estimated resources. The revised budget then serves as the basis for the appropriation measure. On or about July 1, the certificate is amended to include any unencumbered cash balances from the preceding year. The certificate may be further amended during the year if projected increases or decreases in revenue are identified by the District Treasurer. The amounts reported in the budgetary statement reflect the amounts in the original and final amended certificate of estimated resources issued during the fiscal year.

<u>Appropriations</u>: Upon receipt from the County Auditor of an amended certificate of estimated resources based on final assessed values and tax rates or a certificate saying a new amended certificate is not necessary, the annual appropriation resolution is enacted by the Board of Education. Prior to the passage of the annual appropriation measure, the Board may pass a temporary appropriation measure to meet the ordinary expenses of the District. The appropriation resolution, by fund, must be within the estimated resources as certified by the County Budget Commission and the total of expenditures may not exceed the appropriation totals at the legal level of control. Any revisions that alter the legal level of budgetary control must be approved by the Board of Education.

The Board may pass supplemental fund appropriations so long as the total appropriations by fund do not exceed the amounts set forth in the most recent certificate of estimated resources. During the year, all supplemental appropriations were legally enacted.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

The appropriation resolution is subject to amendment by the Board throughout the year with the restriction that appropriations may not exceed estimated revenues. In the budgetary statement, the amounts reported as the original budgeted amounts represent the first appropriations passed by the Board during the fiscal year including amounts represent the final appropriations passed by the Board during the final budgeted amounts represent the final appropriations passed by the Board during the fiscal year; including all amendments.

F. Cash and Investments

To improve cash management, cash received by the District is pooled in a central bank account. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through the District's records. Each fund's interest in the pool is presented as "equity in pooled cash and cash equivalents" on the basic financial statements.

During fiscal year 2011, investments were limited to nonnegotiable certificates of deposit and U.S government money market mutual funds. Investments in nonnegotiable certificates of deposit are reported at cost while investments in U.S. government money market mutual funds are reported at fair value.

Under existing Ohio statutes all investment earnings are assigned to the general fund unless statutorily required to be credited to a specific fund or the Board of Education has, by resolution, specified the funds to receive an allocation of interest earnings. Interest revenue credited to the general fund during fiscal year 2011 amounted to \$45,461, which includes \$17,282 assigned from other District funds.

For presentation on the basic financial statements and for the purposes of the statement of cash flows, investments of the cash management pool and investments with original maturities of three months or less at the time they are purchased by the District are considered to be cash equivalents. Investments with an initial maturity of more than three months are reported as investments.

An analysis of the District's investment account at year end is provided in Note 4.

G. Inventory

On government-wide and fund financial statements, purchased inventories are presented at the lower of cost or market and donated commodities are presented at their entitlement value. Inventories are recorded on a first-in, first-out basis and are expensed when received. Inventories are accounted for using the purchase method on the fund statements and using the consumption method on the government-wide statements.

On the fund financial statements, reported material and supplies inventory is equally offset by nonspendable fund balance in the governmental funds which indicates that it does not constitute available spendable resources even though it is a component of net current assets.

Inventory consists of expendable supplies held for consumption, donated food and purchased food.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

H. Capital Assets

General capital assets are those assets not specifically related to activities reported in the proprietary fund. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net assets, but are not reported in the fund financial statements.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their fair market values as of the date received. The District maintains a capitalization threshold of \$5,000. The District does not possess any infrastructure. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not.

All reported capital assets except land and construction-in-progress are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets.

Depreciation is computed using the straight-line method over the following useful lives:

	Governmental
	Activities
Description	Estimated Lives
Land improvements	20 years
Buildings and improvements	25 - 50 years
Furniture and equipment	5 - 20 years
Vehicles	6 - 10 years

I. Interfund Balances

On fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "interfund receivables/payables". These amounts are eliminated in the governmental activities column on the statement of net assets.

J. Compensated Absences

The District reports compensated absences in accordance with the provisions of GASB No. 16, "<u>Accounting for Compensated Absences</u>". Vacation benefits are accrued as a liability as the benefits are earned if the employee's rights to receive compensation are attributable to services already rendered and it is probable that the District will compensate the employees for the benefits through paid time off or some other means. Sick leave benefits are accrued as a liability using the termination payment method. An accrual for earned sick leave is made to the extent it is probable that benefits will result in termination payments. The liability is an estimate based on the District's past experience of making termination payments.

The entire compensated absence liability is reported on the government-wide financial statements.

For governmental fund financial statements, compensated absences are recognized as liabilities and expenditures as payments come due each period upon the occurrence of employee resignations and retirements.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

K. Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements, and all payables, accrued liabilities and long-term obligations payable from the internal service fund are reported on the proprietary fund financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, compensated absences that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year. Bonds are recognized as a liability on the fund financial statements when due.

L. Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the District is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

<u>Nonspendable</u> - The nonspendable fund balance classification includes amounts that cannot be spent because they are not in spendable form or legally required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash.

<u>*Restricted*</u> - Fund balance is reported as restricted when constraints are placed on the use of resources that are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.

<u>Committed</u> - The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by a formal action (resolution) of the District Board of Education (the highest level of decision making authority). Those committed amounts cannot be used for any other purpose unless the District Board of Education removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

<u>Assigned</u> - Amounts in the assigned fund balance classification are intended to be used by the District for specific purposes but do not meet the criteria to be classified as restricted nor committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the general fund, assigned amounts represent intended uses established by policies of the District Board of Education, which includes giving the Treasurer the authority to constrain monies for intended purposes.

<u>Unassigned</u> - Unassigned fund balance is the residual classification for the general fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is only used to report a deficit fund balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

The District applies restricted resources first when expenditures are incurred for purposes for which restricted and unrestricted (committed, assigned, and unassigned) fund balance is available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

M. Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net assets invested in capital assets, net of related debt does not include the Library bonds since the District does not report the related capital assets. In addition, items related to the Library bonds such as, unamortized premiums of \$217,525 and unamortized deferred charges on the refunding of \$136,466 are also not included. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

The District applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

N. Prepayments

Certain payments to vendors reflect the costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. These items are reported as assets on the financial statements using the consumption method. A current asset for the prepaid amounts is recorded at the time of the purchase and the expenditure/expense is reported in the year in which services are consumed.

On the fund financial statements, reported prepayments is equally offset by nonspendable fund balance in the governmental funds which indicates that it does not constitute available spendable resources even though it is a component of net current assets.

O. Estimates

The preparation of the basic financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the basic financial statements and accompanying notes. Actual results may differ from those estimates.

P. Interfund Activity

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in the proprietary fund. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the basic financial statements.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Interfund activities between governmental funds are eliminated for reporting in the statement of activities.

Q. Unamortized Issuance Costs/Bond Premium and Discount/Accounting Gain or Loss

On government-wide financial statements, issuance costs are deferred and amortized over the term of the bonds using the straight-line method. Unamortized issuance costs are recorded as a separate line item on the statement of net assets.

Bond premiums and discounts are deferred and amortized over the term of the bonds using the straightline method, which approximates the effective interest method. Bond premiums are presented as an addition to the face amount of the bonds. Bond discounts are presented as an reductions to the face amount of the bonds.

For advance refundings resulting in the defeasance of debt, the difference between the reacquisition price and the net carrying amount of the old debt is deferred and amortized as a component of interest expense. This accounting gain or loss is amortized over the remaining life of the old debt or the life of the new debt, whichever is shorter, and is presented as an addition to or reduction of the face amount of the new debt.

On the governmental fund financial statements, issuance costs and bond premiums are recognized in the current period. A reconciliation between the bonds face value and the amount reported on the statement of net assets is presented in Note 11.

R. Nonpublic Schools

Within the boundaries of the District, Saint Francis Elementary, Blessed Sacrament Elementary and Newark Catholic High School are operated through the Columbus Catholic Diocese; and Montessori and Kairos Academy are operated as private schools. State Legislation provides funding to these parochial and private schools. The District receives the money and then disburses the money as directed by the parochial and private schools. These transactions are reported in a nonmajor governmental fund of the District.

S. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the Board of Education and that are either unusual in nature or infrequent in occurrence. Neither type of transaction occurred during fiscal year 2011.

T. Budget Stabilization Arrangement

The District has established a budget stabilization reserve in accordance with authority established by State law. Additions to the budget stabilization reserve can only be made by formal resolution of the Board of Education. Expenditures out of the budget stabilization reserve can only be made to offset future budget deficits. At June 30, 2011, the balance in the budget stabilization reserve was \$934,406. This amount is included in unassigned fund balance of the general fund and in unrestricted net assets on the statement of net assets.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

NOTE 3 - ACCOUNTING PRINCIPLES AND COMPLIANCE

A. Change in Accounting Principles

For fiscal year 2011, the District has implemented GASB Statement No. 54, "<u>Fund Balance Reporting</u> and Governmental Fund Type Definitions", and GASB Statement No. 59, "<u>Financial Instruments</u> <u>Omnibus</u>".

GASB Statement No. 54 establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds. GASB Statement No. 54 also clarifies the definitions of governmental fund types.

GASB Statement No. 59 updates and improves guidance for financial reporting and disclosure requirements of certain financial instruments and external investment pools. The implementation of GASB Statement No. 59 did not have an effect on the financial statements of the District.

B. Fund Reclassifications

Fund reclassifications are required in order to report funds in accordance with GASB Statement No 54. These fund reclassifications had the following effect on the District's governmental fund balances as previously reported:

	 General	Classroom Facilities		G	Nonmajor overnmental	G	Total overnmental
Fund balance as previously reported	\$ 11,328,936	\$	14,963,256	\$	14,391,261	\$	40,683,453
Fund reclassifications:							
Public school support fund	76,012		-		(76,012)		-
Student activity trusts	103,176		-		(103,176)		-
Staff trusts	 15,528		-		(15,528)		-
Total fund reclassifications	 194,716	_	-	_	(194,716)		-
Restated fund balance at July 1, 2010	\$ 11,523,652	\$	14,963,256	\$	14,196,545	\$	40,683,453

The fund reclassifications did not have an effect on net assets as previously reported.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

NOTE 3 - ACCOUNTING PRINCIPLES AND COMPLIANCE

C. Budgetary Prior Period Adjustment

In prior years certain funds that are legally budgeted in separate special revenue funds were considered part of the general fund on a budgetary basis. The District has elected to report only the legally budgeted general fund in the budgetary statement; therefore, a restatement to the beginning budgetary balance is required. The restatement of the general fund's budgetary-basis fund balance at June 30, 2010 is as follows:

Budgetary Basis

	G	General Fund		
Fund balance at June 30, 2010 Funds budgeted elsewhere	\$	9,388,576 (23,036)		
Restated fund balance at July 1, 2010	\$	9,365,540		

D. Deficit Fund Balances

Fund balances at June 30, 2011 included the following individual fund deficits:

Nonmajor funds	Deficit
Management Information Systems	\$ 2,450
Miscellaneous State Grants	755
Title VI-B	145,737
Education Stabilization	67,592
Stimulus Title II-D	2,530
Title I	162,766
EHA Preschool Grant	1,003
Reducing Class Size	49,233
Miscellaneous Federal Grants	13,652
Total	\$ 445,718

The general fund is liable for any deficits in these funds and provides transfers when cash is required, not when accruals occur. The deficit fund balances resulted from adjustments for accrued liabilities. The deficit balance in the Education Stabilization fund will require resources from the general fund in fiscal year 2012 to pay certain liabilities accrued in the fund at year-end.

NOTE 4 - DEPOSITS AND INVESTMENTS

State statutes classify monies held by the District into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the District treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

NOTE 4 - DEPOSITS AND INVESTMENTS - (Continued)

Inactive deposits are public deposits that the Board of Education has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use, but which will be needed before the end of the current period of designation of depositories.

Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts including passbook accounts.

Interim monies may be deposited or invested in the following securities:

- 1. United States Treasury Notes, Bills, Bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States;
- 2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
- 3. Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
- 4. Bonds and other obligations of the State of Ohio;
- No-load money market mutual funds consisting exclusively of obligations described in items (1) and (2) above and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
- 6. The State Treasurer's investment pool (State Treasurer's Asset Reserve of Ohio);
- 7. Certain banker's acceptance and commercial paper notes for a period not to exceed one hundred eighty days from the purchase date in an amount not to exceed twenty-five percent of the interim monies available for investment at any one time; and,
- 8. Under limited circumstances, corporate debt interests rated in either of the two highest classifications by at least two nationally recognized rating agencies.

Protection of the District's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the Treasurer by the financial institution or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

NOTE 4 - DEPOSITS AND INVESTMENTS - (Continued)

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the District, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the Treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

A. Cash on Hand

At fiscal year end, the District had \$5,908 in undeposited cash on hand which is included on the financial statements of the District as part of "equity in pooled cash and cash equivalents".

B. Deposits with Financial Institutions

At June 30, 2011, the carrying amount of all District deposits was \$49,127,669. Based on the criteria described in GASB Statement No. 40, "<u>Deposits and Investment Risk Disclosures</u>", as of June 30, 2011, \$40,036,277 of the District's bank balance of \$50,968,714 was exposed to custodial risk as discussed below, while \$10,932,437 was covered by the FDIC.

Custodial credit risk is the risk that, in the event of bank failure, the District's deposits may not be returned. All deposits are collateralized with eligible securities in amounts equal to at least 105% of the carrying value of the deposits. Such collateral, as permitted by the Ohio Revised Code, is held in single financial institution collateral pools at Federal Reserve Banks, or at member banks of the federal reserve system, in the name of the respective depository bank and pledged as a pool of collateral against all of the public deposits it holds or as specific collateral held at the Federal Reserve Bank in the name of the District. The District has no deposit policy for custodial credit risk beyond the requirements of State statute. Although the securities were held by the pledging institutions' trust department and all statutory requirements for the deposit of money had been followed, noncompliance with federal requirements could potentially subject the District to a successful claim by the FDIC.

C. Investments

As of June 30, 2011, the District had the following investments and maturities:

			 vestment Maturity
			 nonths or
Investment type	Fa	air Value	 less
U.S. government money market mutual funds	\$	280,318	\$ 280,318

The weighted average length to maturity of investments is one day.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

NOTE 4 - DEPOSITS AND INVESTMENTS - (Continued)

Interest Rate Risk: As a means of limiting its exposure to fair value losses arising from rising interest rates and according to State law, the District's investment policy limits investment portfolio maturities to three years or less.

Credit Risk: The District's investments in U.S. government money market mutual funds were rated AAAm by Standard & Poor's. The District's investment policy does not specifically address credit risk beyond the adherence to all relevant sections of the Ohio Revised Code.

Custodial Credit Risk: For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The District has no investment policy dealing with investment custodial risk beyond the requirement in State statute that prohibits payment for investments prior to the delivery of the securities representing such investments to the Treasurer or qualified trustee.

Concentration of Credit Risk: The District's investment policy places specific limits on the percentage of the District's portfolio that may be invested in any one issuer.

The following table includes the percentage of each investment type held by the District at June 30, 2011:

Investment type	<u>Fa</u>	air Value	<u>% of Total</u>		
U.S. government money market mutual funds	\$	280,318	100.00		

D. Reconciliation of Cash and Investments to the Statement of Net Assets

The following is a reconciliation of cash and investments as reported in the note above to cash and investments as reported on the statement of net assets as of June 30, 2011:

Cash and investments per note	
Carrying amount of deposits	\$ 49,127,669
Investments	280,318
Cash on hand	 5,908
Total	\$ 49,413,895
Cash and investments per statement of net assets	
Governmental activities	\$ 49,313,178
Private-purpose trust funds	49,415
Agency fund	 51,302
Total	\$ 49,413,895

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

NOTE 5 - INTERFUND TRANSACTIONS

A. Interfund balances at June 30, 2011, as reported on the fund statements consist of the following individual interfund loans receivable and payable:

Receivable fund	Payable funds	Amount
General	Nonmajor governmental funds	\$ 590,423

The primary purpose of the interfund balances is to cover costs in specific funds where revenues were not received by June 30. These interfund balances will be repaid once the anticipated revenues are received. All interfund balances are expected to be repaid within one year. Interfund balances between governmental funds are eliminated on the government-wide financial statements.

B. Interfund transfers for the year ended June 30, 2011, consisted of the following, as reported on the fund financial statements:

Transfers From:	Transfers To:	А	mount
General	Nonmajor governmental funds	\$	78,975

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, and (2) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations. All transfers were made in compliance with Ohio Revised Code Sections 5705.14, 5705.15 and 5705.16. Interfund transfers between governmental funds are eliminated for reporting in the statement of activities.

NOTE 6 - PROPERTY TAXES

Property taxes are levied and assessed on a calendar year basis while the District fiscal year runs from July through June. First half tax collections are received by the District in the second half of the fiscal year. Second half tax distributions occur in the first half of the following fiscal year.

Property taxes include amounts levied against all real property and public utility property. Real property tax revenues received in calendar year 2011 represent the collection of calendar year 2010 taxes. Real property taxes received in calendar year 2011 were levied after April 1, 2010, on the assessed values as of January 1, 2010, the lien date. Assessed values for real property taxes are established by State statute at 35 percent of appraised market value. Real property taxes are payable annually or semiannually. If paid annually, payment is due December 31; if paid semiannually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established. Public utility property tax revenues received in calendar year 2011 represent the collection of calendar year 2010 taxes. Public utility real and tangible personal property taxes received in calendar year 2011 terms at the real property taxes. Public utility real property is assessed at 35 percent of true value; public utility tangible personal property is currently assessed at varying percentages of true value.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

NOTE 6 - PROPERTY TAXES - (Continued)

The District receives property taxes from Licking County. The County Auditor periodically advances to the District its portion of the taxes collected. Second-half real property tax payments collected by the County by June 30, 2011, are available to finance fiscal year 2011 operations. The amount available as an advance at June 30, 2011 was \$1,564,152 in the general fund, \$346,776 in the debt service fund (a nonmajor governmental fund) and \$113,092 in the permanent improvement fund (a nonmajor governmental fund). This amount is recorded as revenue. The amount available for advance at June 30, 2010 was \$3,179,450 in the general fund, \$707,880 in the debt service fund (a nonmajor governmental fund) and \$215,750 in the permanent improvement fund (a nonmajor governmental fund). The amount of second-half real property taxes available for advance at fiscal year-end can vary based on the date the tax bills are sent.

Accrued property taxes receivable includes real property, public utility property and delinquent tangible personal property taxes which are measurable as of June 30, 2011 and for which there is an enforceable legal claim. Although total property tax collections for the next fiscal year are measurable, only the amount of real property taxes available as an advance at June 30 was levied to finance current fiscal year operations and is reported as revenue at fiscal year end. The portion of the receivable not levied to finance current fiscal year operations is offset by a credit to unearned revenue.

On the accrual basis of accounting, collectible delinquent property taxes have been recorded as a receivable and revenue, while on a modified accrual basis of accounting the revenue has been deferred.

The assessed values upon which the fiscal year 2011 taxes were collected are:

	2010 Second Half Collections			Н	2011 Fir alf Collec	
		Amount	Percent	An	nount	Percent
Agricultural/residential and other real estate Public utility personal	\$	771,814,860 27,196,780	96.60 <u>3.40</u>		,335,070 ,847,810	96.53 3.47
Total	\$	799,011,640	100.00	\$ 802	,182,880	100.00
Tax rate per \$1,000 of assessed valuation	\$	44.05		\$	43.90	

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

NOTE 7 - RECEIVABLES

Receivables at June 30, 2011 consisted of property taxes, income taxes, accounts (billings for user charged services and student fees), payment in lieu of taxes, intergovernmental grants and entitlements and accrued interest. All receivables are considered collectible in full due to the ability to foreclose for the nonpayment of taxes, the stable condition of state programs and the current year guarantee of federal funds.

A summary of the principal items of receivables reported on the statement of net assets follows:

Governmental activities:	
Property taxes	\$ 27,521,890
School district income tax	3,449,115
Payment in lieu of taxes	7,998
Accounts	10,910
Intergovernmental	17,287,624
Accrued interest	 2,501
Total	\$ 48,280,038

Receivables have been disaggregated on the face of the financial statements. All receivables, except for \$15,391,767 of intergovernmental grants due from the Ohio Schools Facilities Commission (OSFC), are expected to be collected in the subsequent year. The OSFC grant amount will be collected over the life of the construction project.

NOTE 8 - INCOME TAXES

The District levies a voted tax of one percent for general operation on the income of residents and of estates. The tax was effective on January 1, 1998, and was renewed for another five years in 2011. Employers of the residents are required to withhold income tax on compensation and remit the tax to the State. Taxpayers are required to file an annual return. The State makes quarterly distributions to the District after withholding amounts for administrative fees and estimated refunds. Income tax revenue is credited to the general fund and totaled \$7,461,866 on the governmental fund financial statements during fiscal year 2011.

NOTE 9 - OTHER COMMITMENTS

The District utilizes encumbrance accounting as part of its budgetary controls. Encumbrances outstanding at year end may be reported as part of restricted, committed, or assigned classifications of fund balance. At year end, the District's commitments for encumbrances in the governmental funds were as follows:

	Year-End			
Fund	Er	ncumbrances		
General fund	\$	1,885,773		
Classroom facilities		24,146,328		
Other governmental		3,706,236		
Total	\$	29,738,337		

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

Total depreciation expense	\$ 1,033,511

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

NOTE 10 - CAPITAL ASSETS – (Continued)

During fiscal year 2011, the District sold the Miller Elementary school for \$850,000 to Mount Vernon Nazarene University. At the time of the sale, the net book value of the capital assets sold related to the Miller Elementary Building (including land, land improvements, building and building improvements) was \$67,406. The gain on the sale of the property was \$782,594. In addition, the District sold other capital assets, including vehicles and furniture and equipment, during the fiscal year. During fiscal year 2011, the District recognized total gains on the sale of capital assets of \$818,010.

NOTE 11 - LONG-TERM OBLIGATIONS

A. The District's long-term obligations during the year consist of the following:

	Interest Rate	Balance Outstanding June 30, 2010	Additions	Reductions	Balance Outstanding June 30, 2011	Amounts Due in One Year
Governmental activities: <u>General Obligation Bonds:</u> Library refunding bonds-series 2006

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

NOTE 11 - LONG-TERM OBLIGATIONS - (Continued)

Library Refunding Bond Series 2006: On January 5, 2006, the District, on behalf of the public library, refunded the callable portion of the library improvement bonds. Bond proceeds were received in the debt service fund and disbursed to the bond escrow account to retire a portion of the Series 1998 bonds. This refunding issue is comprised of both current interest bonds, par value \$5,330,000, and capital appreciation bonds, par value \$84,998. The interest rates on the current interest bonds range from 3.50% to 5.0%. The capital appreciation bonds mature on December 1, 2011, and have a stated interest rate of 23.34%, and mature at a redemption price equal to 100% of the principal plus accrued interest at the redemption date. The accreted value at maturity for the capital appreciation bonds is \$330,000. A total of \$209,208 in accreted interest has also been included in the statement of net assets.

The reacquisition price exceeded the net carrying amount of the old debt by \$202,282. This amount is being netted against the new debt and amortized over the remaining life of the refunded debt, which is equal to the life of the new debt issued.

Interest payments on the current interest bonds are due on June 1 and December 1 each year. The final maturity stated in the issue is December 1, 2022.

<u>School Improvement Bond Series 2005</u>: The District issued \$50 million of general obligation bonds on February 22, 2005. The bonds will be retired from the debt service fund with revenue generated from a 5.9 mill tax levy. This issue is comprised of current interest bonds with interest rates ranging from 3% to 4.375%. The school improvement bonds were issued for the purpose of constructing, renovating, remodeling, furnishing, equipping and otherwise improving school facilities and clearing and improving their sites. As of June 30, 2011, the District had \$4,699,162 of unspent bond proceeds remaining on the bond issue.

Interest payments on the current interest bonds are due on June 1 and December 1 each year. The final maturity stated in the issue is December 1, 2033.

<u>School Improvement Bond Series 2005A</u>: The District issued \$20 million of general obligation bonds on December 13, 2005. The bonds will be retired from the debt service fund with revenue generated from a 5.9 mill tax levy. This issue is comprised of current interest bonds with interest rates ranging from 3.5% to 4.5%. The school improvement bonds were issued for the purpose of constructing, renovating, remodeling, furnishing, equipping and otherwise improving school facilities and clearing and improving their sites.

Interest payments on the current interest bonds are due on June 1 and December 1 each year. The final maturity stated in the issue is December 1, 2034.

<u>Compensated Absences:</u> Compensated absences will be paid from the fund from which the employees' salaries are paid. Compensated absences will primarily be paid from the general fund.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

NOTE 11 - LONG-TERM OBLIGATIONS - (Continued)

B. Principal and interest requirements to retire the long-term obligations outstanding at June 30, 2011, are as follows:

Fiscal	Library Bonds School Improvement Bonds				ls

Total	<u>\$ 84,998</u>	\$ 245,002	\$ 330,000					

C. Legal Debt Margin

The Ohio Revised Code provides that voted net general obligation debt of the District shall never exceed 9% of the total assessed valuation of the District. The code further provides that unvoted indebtedness shall not exceed 1/10 of 1% of the property valuation of the District. The code additionally states that unvoted indebtedness related to energy conservation debt shall not exceed 9/10 of 1% of the property valuation of the District. The assessed valuation used in determining the District's legal debt margin has been modified by House Bill 530 which became effective March 30, 2006. In accordance with House Bill 530, the assessed valuation used in the District's legal debt margin calculation excluded tangible personal property used in business, telephone or telegraph property, interexchange telecommunications company property, and personal property owned or leased by a railroad company and used in railroad operations. The effects of these debt limitations at June 30, 2011, are a voted debt margin of \$9,856,525 (including available funds of \$3,460,064) and an unvoted debt margin of \$802,183.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

NOTE 12 - OTHER EMPLOYEE BENEFITS

A. Compensated Absences

The criteria for determining vacation and sick leave benefits are derived from negotiated agreements and State laws. Classified employees earn ten to twenty-two days of vacation per year, depending upon length of service. Accumulated unused vacation time is paid to classified employees upon termination of employment. Teachers do not earn vacation time.

Each employee earns sick leave at the rate of one and one-fourth days per month. Upon retirement, payment is made for twenty-five percent of the total sick leave accumulation, up to a maximum accumulation of seventy days for certificated employees and seventy-five days for classified employees. An employee receiving such payment must meet the retirement provisions set by the State Teachers Retirement System of Ohio and School Employees Retirement System.

B. Insurance Benefits

The District provides life insurance and accidental death and dismemberment insurance in the amount of \$50,000 to certified employees. For classified employees, group term life insurance is provided in the amount of \$50,000 for employees under contract for thirty-five hours or more per week, \$20,000 for classified employees under contract for twenty to thirty-four hours per week, and \$10,000 for employees working less than twenty hours per week.

C. Retirement Incentive

During fiscal year 2011, the District offered a retirement incentive plan (the "Plan") whereby certified employees retiring under the Plan receive a \$40,000 incentive payment in addition to their regular severance payment and classified employees receive an incentive payment equal to the lesser of \$20,000 or their annual salary in addition to their regular severance payment. The employees must have notified the District of their retirement by June 30, 2011. A total of 16 classified and 41 certified employees took advantage of the Plan.

The District's liability under the Plan at June 30, 2011 totaled \$2,698,350. This liability includes \$692,583 in regular severance payments which is reported as a component of "compensated absences payable" on the financial statements, \$1,915,099 in incentive payments and \$90,668 in Educators Preferred Corporation (EPC) and Met Life fees which are both combined and reported as "retirement incentive payable" on the financial statements. The District made a payment to EPC subsequent to fiscal year end in the amount of \$2,698,350 to fulfill its obligation for the Plan. EPC is responsible for administering payments to the employees.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

NOTE 13 - RISK MANAGEMENT

A. Property and Liability

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees and natural disasters. During fiscal year 2011, the District maintained comprehensive insurance coverage for liability, real property, building contents and vehicles. The District obtains insurance coverage through the Ohio Casualty (Joseph James and Associates). Vehicle policies include liability coverage for bodily injury and property damage. The following is a description of the District's insurance coverage:

Building and Contents - Replacement Cost	\$ 107,410,000
General Liability:	
Per occurrence/with umbrella	5,000,000

Settled claims have not exceeded this commercial coverage in any of the past three years. Building and contents coverage decreased from \$155,376,830 in fiscal year 2010 to \$107,410,000 in fiscal year 2011 as the District has fewer buildings to cover and better sprinkler and safety systems in place.

B. Group Health and Dental Insurance

Health, life, dental and other group insurance is offered to employees as a fringe benefit. The District provides medical and life coverage for its employees on a fully insured basis and dental insurance on a self-insurance basis. Employer and employee contributions to premium are determined by negotiated agreements with employee labor unions. Classified, certified, administrative and exempt employees receive health insurance that is 80% Board-paid and 20% employee paid and dental insurance that is 75% Board-paid and 25% employee paid. All life insurance is 100% Board-paid for all full-time staff.

Post employment health care is provided to plan participants or their beneficiaries through the respective retirement systems discussed in Note 15. As such, no funding provisions are required by the District.

All funds of the District participate in the program and make payments to the Risk Management Fund based on actuarial estimates of the amounts needed to pay claims and actual amounts needed to pay fixed costs (premiums for stop-loss coverage and medical conversion and administrative fees and services). The claims liability of \$16,900 reported in the basic financial statements at June 30, 2011, is based on an estimate provided by the third party administrator and the requirements of GASB Statement No. 10, "Accounting and Financial Reporting for Risk Financing and Related Insurance Issues", as amended by GASB Statement No. 30, "Risk Financing Omnibus", which requires that a liability for unpaid claims costs, including estimates of costs relating to incurred but not reported claims, be accrued at the estimated ultimate cost of settling the claim. Claims activities for the current and prior year are as follows:

Fiscal	Beginning	Current	Claims	Ending
Year	Balance	Year Claims	Payments	<u>Balance</u>
2011	\$ 24,100	\$ 415,094	\$ (422,294)	\$ 16,900
2010	21,104	\$ 453,920	\$ (450,924)	24,100

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

NOTE 13 - RISK MANAGEMENT - (Continued)

C. Workers' Compensation Rating Program

For fiscal year 2011, the District participated in the Sheakley UniServe Workers' Compensation Group Rating Program (GRP), an insurance purchasing pool. The intent of the GRP is to achieve the benefit of a reduced premium for the District by virtue of its grouping and representation with other participants in the GRP. The workers' compensation experience of the participating school districts is tiered into groups based upon past workers' compensation experience. Within each tiered group, a common premium rate is applied to all school districts within that group. Each participant pays its workers' compensation premium to the state based on the rate for the GRP rather than its individual rate. Total savings are then calculated and each participant's individual performance is compared to the overall savings percentage of their tiered group. Participation in the GRP is limited to school districts that can meet the GRP's selection criteria. The firm of Sheakley UniServe provides administrative, cost control and actuarial services to the GRP.

NOTE 14 - PENSION PLANS

A. School Employees Retirement System

Plan Description - The District contributes to the School Employees Retirement System (SERS), a cost-sharing, multiple-employer defined benefit pension plan. SERS provides retirement, disability, survivor benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the School Employees Retirement System, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3746. It is also posted on the SERS' Ohio website, <u>www.ohsers.org</u>, under "*Media/Financial Reports*".

Funding Policy - Plan members are required to contribute 10 percent of their annual covered salary and the District is required to contribute at an actuarially determined rate. The current District rate is 14 percent of annual covered payroll. A portion of the District's contribution is used to fund pension obligations with the remainder being used to fund health care benefits. For fiscal year 2011, 11.77 percent and 0.04 percent of annual covered salary was the portion used to fund pension obligations and death benefits, respectively. The contribution requirements of plan members and employers are established and may be amended by the SERS' Retirement Board up to a statutory maximum amount of 10 percent for plan members and 14 percent for employers. Chapter 3309 of the Ohio Revised Code provides statutory authority for member and employer contributions. The District's required contributions for pension obligations and death benefits to SERS for the fiscal years ended June 30, 2011, 2010 and 2009 were \$898,391, \$939,437 and \$665,932, respectively; 54.36 percent has been contributed for fiscal year 2011 and 100 percent for fiscal years 2010 and 2009.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

NOTE 14 - PENSION PLANS - (Continued)

B. State Teachers Retirement System of Ohio

Plan Description - The District participates in the State Teachers Retirement System of Ohio (STRS Ohio), a cost-sharing, multiple-employer public employee retirement plan. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a stand-alone financial report that may be obtained by writing to STRS Ohio, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS Ohio website at www.strsoh.org, under "Publications".

New members have a choice of three retirement plans, a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. The DB plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on a member's lifetime contributions and earned interest matched by STRS Ohio funds divided by an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5 percent of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal. The Combined Plan offers features of both the DC Plan and the DB Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The DB portion of the Combined Plan payment is payable to a member on or after age 60; the DC portion of the account may be taken as a lump sum or converted to a lifetime monthly annuity at age 50. Benefits are established by Chapter 3307 of the Ohio Revised Code.

A DB or Combined Plan member with five or more years credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy - For fiscal year 2011, plan members were required to contribute 10 percent of their annual covered salaries. The District was required to contribute 14 percent; 13 percent was the portion used to fund pension obligations. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions.

The District's required contributions for pension obligations to STRS Ohio for the fiscal years ended June 30, 2011, 2010 and 2009 were \$3,649,020, \$3,610,550 and \$3,676,216, respectively; 83.51 percent has been contributed for fiscal year 2011 and 100 percent for fiscal years 2010 and 2009. Contributions to the DC and Combined Plans for fiscal year 2011 were \$130,980 made by the District and \$93,557 made by the plan members.

C. Social Security System

Effective July 1, 1991, all employees not otherwise covered by the SERS/STRS Ohio have an option to choose Social Security or the SERS/STRS Ohio. As of June 30, 2011, certain members of the Board of Education have elected Social Security. The District's liability is 6.2 percent of wages paid.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

NOTE 15 - POSTEMPLOYMENT BENEFITS

A. School Employees Retirement System

Plan Description - The District participates in two cost-sharing, multiple employer postemployment benefit plans administered by the School Employees Retirement System (SERS) for non-certificated retirees and their beneficiaries, a Health Care Plan and a Medicare Part B Plan. The Health Care Plan includes hospitalization and physicians' fees through several types of plans including HMO's, PPO's, Medicare Advantage, and traditional indemnity plans. A prescription drug program is also available to those who elect health coverage. SERS employs two third-party administrators and a pharmacy benefit manager to manage the self-insurance and prescription drug plans, respectively. The Medicare Part B Plan reimburses Medicare Part B premiums paid by eligible retirees and beneficiaries as set forth in Chapter 3309.69 of the Ohio Revised Code. Qualified benefit recipients who pay Medicare Part B premiums may apply for and receive a monthly reimbursement from SERS. The reimbursement amount is limited by statute to the lesser of the January 1, 1999 Medicare Part B premium or the current premium. The Medicare Part B premium for calendar year 2011 was \$96.40 and SERS' reimbursement to retirees was \$45.50. Benefit provisions and the obligations to contribute are established by the System based on authority granted by State statute. The financial reports of both Plans are included in the SERS Comprehensive Annual Financial Report which is available by contacting SERS at 300 East Broad St., Suite 100, Columbus, Ohio 43215-3746. It is also posted on the SERS' Ohio website, www.ohsers.org, under "Media/Financial Reports".

Funding Policy - State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required benefits, the Retirement Board allocates the remainder of the employer contribution of 14 percent of covered payroll to the Health Care Fund. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 105(e). For 2011, 1.43 percent of covered payroll was allocated to health care. An additional health care surcharge on employers is collected for employees earning less than an actuarially determined minimum compensation amount, pro-rated according to service credit earned. Statutes provide that no employer shall pay a health care surcharge greater than 2.0 percent of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5 percent of the statewide SERS-covered payroll for the health care surcharge. For fiscal year 2011, the actuarially determined amount was \$35,800.

Active members do not contribute to the postemployment benefit plans. The Retirement Board establishes the rules for the premiums paid by the retirees for health care coverage for themselves and their dependents or for their surviving beneficiaries. Premiums vary depending on the plan selected, qualified years of service, Medicare eligibility and retirement status.

The District's contributions for health care (including surcharge) for the fiscal years ended June 30, 2011, 2010 and 2009 were \$255,642, \$181,125 and \$455,051, respectively; 54.36 percent has been contributed for fiscal year 2011 and 100 percent for fiscal years 2010 and 2009.

The Retirement Board, acting with advice of the actuary, allocates a portion of the employer contribution to the Medicare B Fund. For fiscal year 2011, this actuarially required allocation was 0.76 percent of covered payroll. The District's contributions for Medicare Part B for the fiscal years ended June 30, 2011, 2010, and 2009 were \$57,813, \$55,866 and \$54,945, respectively; 54.36 percent has been contributed for fiscal year 2011 and 100 percent for fiscal years 2010 and 2009.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

NOTE 15 - POSTEMPLOYMENT BENEFITS - (Continued)

B. State Teachers Retirement System of Ohio

Plan Description - The District contributes to the cost sharing, multiple employer defined benefit Health Plan (the "Plan") administered by the State Teachers Retirement System of Ohio (STRS Ohio) for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS Ohio. Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare Part B premiums. The Plan is included in the report of STRS Ohio which may be obtained by visiting www.strsoh.org, under "Publications" or by calling (888) 227-7877.

Funding Policy - Ohio law authorizes STRS Ohio to offer the Plan and gives the Retirement Board authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. Active employee members do not contribute to the Plan. All benefit recipients pay a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions. For 2011, STRS Ohio allocated employer contributions equal to 1 percent of covered payroll to the Health Care Stabilization Fund. The District's contributions for health care for the fiscal years ended June 30, 2011, 2010 and 2009 were \$280,694, \$277,735 and \$282,786, respectively; 83.51 percent has been contributed for fiscal year 2011 and 100 percent for fiscal years 2010 and 2009.

NOTE 16 - CONTINGENCIES

A. Grants

The District receives significant financial assistance from numerous federal, State and local agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the District. However, in the opinion of management, any such disallowed claims will not have a material effect on the financial position of the District.

B. Litigation

The District is involved in no material litigation as either plaintiff or defendant.

NOTE 17 - SET-ASIDES

The District is required by State statute to annually set-aside in the general fund an amount based on a statutory formula for the purchase of textbooks and other instructional materials and an equal amount for the acquisition and construction of capital improvements. Amounts not spent by the end of the fiscal year or offset by similarly restricted resources received during the year must be held in cash at fiscal year-end. These amounts must be carried forward to be used for the same purposes in future years.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

NOTE 17 - SET-ASIDES - (Continued)

The following cash basis information describes the change in the fiscal year-end set-aside amounts for textbooks and capital improvements. Disclosure of this information is required by State statute.

				Capital
	Textbooks		Improveme	
Set-aside balance June 30, 2010	\$	-	\$	-
Current year set-aside requirement		892,987		892,987
Contributions in excess of the current fiscal year set-aside requirement		-		-
Current year qualifying expenditures		(889,816)		-
Excess qualified expenditures from prior years		(52,974)		-
Current year offsets		-		(892,987)
Waiver granted by ODE		-		-
Prior year offset from bond proceeds				
Total	\$	(49,803)	\$	_
Balance carried forward to fiscal year 2012	\$		\$	
Set-aside balance June 30, 2011	\$		\$	

The District had current year qualifying disbursements and excess qualified expenditures from prior years to reduce the textbook set-aside amount below zero. Effective July 1, 2011, the textbook set-aside is no longer required and has been removed from existing law. This negative balance is therefore not being presented as being carried forward to the future fiscal year.

The District had offsets during the fiscal year that reduced the set-aside amount to zero for the capital improvements set-aside. During fiscal year 2005 and 2006, the District issued \$50,000,000 and \$20,000,000, respectively, in capital related school improvement bonds. These proceeds may be used to reduce capital acquisition below zero for future years. The amount presented for Prior Year Offset from Bond Proceeds is limited to an amount needed to reduce the reserve for capital improvement to zero. The District is responsible for tracking the amount of the bond proceeds that may be used as an offset in future periods, which was \$70,000,000 at June 30, 2011.

NOTE 18 - BUDGETARY BASIS OF ACCOUNTING

While reporting financial position, results of operations, and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts and disbursements.

The statement of revenue, expenditures and changes in fund balance - budget and actual (non-GAAP budgetary basis) presented for the general fund is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

NOTE 18 - BUDGETARY BASIS OF ACCOUNTING - (Continued)

The major differences between the budget basis and the GAAP basis are that:

- (a) Revenues and other financing sources are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis);
- (b) Expenditures and other financing uses are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis);
- (c) In order to determine compliance with Ohio law, and to reserve that portion of the applicable appropriation, total outstanding encumbrances (budget basis) are recorded as the equivalent of an expenditure, as opposed to assigned or committed fund balance for that portion of outstanding encumbrances not already recognized as an account payable (GAAP basis);
- (d) Advances-in and advances-out are operating transactions (budget basis) as opposed to balance sheet transactions (GAAP basis); and,
- (e) Some funds are included in the general fund (GAAP basis), but have separate legally adopted budgets (budget basis).

The adjustments necessary to convert the results of operations for the year on the budget basis to the GAAP basis for the general fund is as follows:

Net Change in Fund Balance

	General fund
Budget basis	\$ 549,276
Net adjustment for revenue accruals	(1,358,404)
Net adjustment for expenditure accruals	(2,208,122)
Net adjustment for other sources/uses	391,987
Funds budgeted elsewhere	13,054
Adjustment for encumbrances	2,035,179
GAAP basis	<u>\$ (577,030)</u>

Certain funds that are legally budgeted in separate special revenue funds are considered part of the general fund on a GAAP basis. These include the public school support fund, the student activity trusts fund, the staff trusts fund, the rotary-special services fund, and the rotary fund.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

NOTE 19 - CONTRACTUAL COMMITMENTS

As of June 30, 2011, the District has commitments with the following companies for the construction project.

	Contract	Amount Paid as of		Amount Remaining
	 Amount		ine 30, 2011	 on Contract
H&A Mechanical, Inc.	\$ 1,117,514	\$	1,046,545	\$ 70,969
Simplix Grinnell	191,751		90,861	100,890
Converse Electric	564,935		381,940	182,995
MG Abbott, Inc.	787,233		723,121	64,112
Cardinal Environmental	190,082		174,102	15,980
Lang Masonry Contractors	3,403,420		2,170,108	1,233,312
Vaughn Industries	725,300		109,627	615,673
City Electric	896,364		211,554	684,810
Guenther Mechanical, Inc.	1,733,327		828,283	905,044
Wingler Construction	165,055		-	165,055
Dave Williams and Associates	43,515		-	43,515
Clara Brown Interiors, Inc.	145,788		-	145,788
Claggett & Sons, Inc.	7,374,187		3,281,827	4,092,360
Claypool Electric, Inc.	5,434,611		2,144,222	3,290,389
Educational Furniture	4,902		-	4,902
Farnham Equipment, Co.	1,359,900		595,479	764,421
Gutridge Plumbing, Inc.	8,892,299		5,057,047	3,835,252
K&W Roofing	123,758		-	123,758
LEPI Enterprises, Inc.	334,673		92,675	241,998
The Shelly Company	188,277		-	188,277
Lifelock	37,950		-	37,950
Tom Sexton Associates	370,476		-	370,476
Robertson Construction	 18,288,913		10,949,795	 7,339,118
Total	\$ 52,374,230	\$	27,857,186	\$ 24,517,044

These contractual commitments relate to the OSFC project undertaken by the District. In addition to the amounts paid above, the District has recorded contracts payable and retainage payable in the amounts of \$2,630,609 and \$280,318, respectively, for costs incurred prior to fiscal year end on the OSFC project. Costs incurred by fiscal year end (including contracts and retainage payable) have been recorded as construction-in-progress in the District's capital assets (See Note 10).

NOTE 20 - SIGNIFICANT SUBSEQUENT EVENT

On September 2, 2011, the District sold the Maholm Elementary building (96 Maholm Street, Newark, Ohio) to Par Excellence Academy (a component unit). The purchase price for the building was \$150,000. The District received a \$15,000 down payment on the building on June 28, 2011 and received the remaining \$135,000 on September 2, 2011. The down payment received is offset by unearned revenue at June 30, 2011.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

NOTE 21 - NEWARK DIGITAL ACADEMY

The Newark Digital NDA (NDA) is a nonprofit corporation established pursuant to Ohio Revised Code Chapters 1702 and 3314. NDA is an approved tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code. Management is not aware of any course of action or series of events that have occurred that might adversely affect NDA's tax exempt status. NDA's objective is to deliver a comprehensive educational program of high quality, tied to state and national standards, which can be delivered to students in the K-12 population entirely through distance learning technologies. The students may include, but will not be limited to, home schoolers, children with special physical and mental needs, students removed from the regular classroom for discipline concerns, students who need an alternative to the traditional classroom for various reasons, including religious reasons, transient students, and students with the Newark City School District, (sponsor of the NDA), that desire a specific course not currently offered but is available through online instruction.

NDA was created on February 11, 2003 by entering into a five year contract with the Newark City School District (the Sponsor) through fiscal year 2008. On May 13, 2008, the NDA entered into a new five year contract through fiscal year 2013. The Sponsor is responsible for evaluating the performance of the NDA and has the authority to deny renewal of the contract at its expiration.

NDA has entered into a purchased services agreement contract with the Tri-Rivers Educational Computer Association (TRECA) for providing the planning, design, instructional, administrative and technical consulting services during the fiscal year.

NDA has also entered into a purchased services agreement contract with the Jefferson County Educational Service Center (ESC) for participation in the Jefferson County ESC Virtual Learning Academy (VLA).

NDA operates under the direction of a five-member Board of Directors. The Board of Directors is responsible for carrying out provisions of the contract which, include, but are not limited to, state-mandated provisions regarding student population, curriculum, academic goals, performance standards, admission standards, and qualifications of teachers.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of NDA have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. NDA also applies Financial Accounting Standards Board (FASB) guidance issued on or before November 30, 1989, provided the guidance does not conflict with or contradict GASB pronouncements. NDA has elected not to apply FASB guidance issued after November 30, 1989. The FASB has codified its standards and the standards issued prior to November 30, 1989 which are included in the codification. Following are the more significant of the NDA's accounting policies.

Basis of Presentation - The NDA's basic financial statements consist of a statement of net assets, a statement of revenues, expenses, and changes in net assets; and a statement of cash flows.

NDA uses a single enterprise presentation for its financial records. Enterprise reporting focuses on the determination of operating income, changes in net assets, financial position, and cash flows.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

NOTE 21 - NEWARK DIGITAL ACADEMY - (Continued)

Measurement Focus and Basis of Accounting - The enterprise activity is accounted for using a flow of economic resources measurement focus. All assets and liabilities associated with the operation of NDA are included on the statement of net assets. The statement of revenues, expenses, and changes in net assets presents increases (e.g. revenues) and decreases (e.g. expenses) in total net assets. The statement of cash flows reflects how NDA's finances meet its cash flow needs.

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. NDA's financial statements are prepared using the accrual basis of accounting. Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. Revenues resulting from non-exchange transactions, in which NDA receives value without directly giving equal value in return, such as grants and entitlements, are recognized in the period in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the period when the resources are required to be used or the period when use is first permitted, matching requirements, in which NDA must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to NDA on a reimbursement basis. Expenses are recognized at the time they are incurred.

Budgetary Process - Unlike other public schools located in the State of Ohio, community schools are not required to follow the budgetary provisions set forth in Ohio Revised Code Chapter 5705, unless specifically provided by the NDA's contract with its Sponsor. The contract between NDA and its Sponsor prescribes an annual budget requirement as part of preparing a five year forecast, which is updated on an annual basis.

Cash and Cash Equivalents - Cash received by NDA is reflected as "cash and cash equivalents" on the statement of net assets. NDA had no investments during the fiscal year ended June 30, 2011.

Capital Assets - All capital assets are capitalized at cost and updated for additions and reductions during the year. Donated capital assets are recorded at their fair market values as of the date received. The NDA maintains a capitalization threshold of one thousand dollars. The NDA does not possess any infrastructure.

All reported capital assets, except for land and construction in progress, are depreciated. Depreciation is computed using the straight-line method. Buildings are depreciated over forty years, furniture is depreciated over twenty years, and computers are depreciated over six years.

Intergovernmental Revenue - The NDA currently participates in the State Foundation Program, the EMIS grant, the Data Communication grant, the Data Connectivity grant, the Education Jobs grant, the IDEA Part B grant, Education Stabilization grant, the Stimulus Title II-D grant, the Title I grant, the Drug Free School grant, and the Title II-A grant. Revenue from the State Foundation Program is recognized as operating revenue in the accounting period in which all eligibility requirements have been met. Amounts awarded under State Foundation Program for the 2011 school year excluding State and Federal grants totaled \$1,602,800.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

NOTE 21 - NEWARK DIGITAL ACADEMY - (Continued)

Revenues received from the remaining programs are recognized as non-operating revenues in the accompanying financial statements. Grants and entitlements are recognized as non-operating revenues in the accounting period in which all eligibility requirements have been met. Eligibility includes timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the NDA must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the NDA on a reimbursement basis. State and Federal grants revenue for the fiscal year 2011 received was \$381,211.

Prepaid Items - Payments made to vendors for services that will benefit periods beyond June 30, 2011 are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of purchase and an expenditure/expense is reported in the year which services are consumed. The NDA has no prepaid assets at June 30, 2011.

Net Assets - Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, consists of capital assets, net of accumulated depreciation. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation or through external restrictions imposed by creditors, grantors or laws, or regulations of other governments. Amounts restricted include amounts restricted for State and Federally funded programs.

The NDA applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

Operating Revenues and Expenses - Operating revenues are those revenues that are generated directly from the primary activity of the NDA. Operating expenses are necessary costs incurred to provide goods or services that are the primary activity of the NDA. All revenues and expenditures not meeting this definition are reported as non-operating.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported on the financial statements and accompanying notes. Actual results may differ from those estimates.

CHANGES IN ACCOUNTING POLICIES

For fiscal year 2011, the NDA has implemented GASB Statement No. 59, "<u>Financial Instruments</u> <u>Omnibus</u>". GASB Statement No. 59 updates and improves guidance for financial reporting and disclosure requirements of certain financial instruments and external investment pools. The implementation of GASB Statement No. 59 did not have an effect on the financial statements of the NDA.

DEPOSITS

At June 30, 2011, the carrying amount of all NDA deposits was \$1,217,453. Based on the criteria described in GASB Statement No. 40, "<u>Deposits and Investment Risk Disclosures</u>", as of June 30, 2011, \$1,050,517 of the NDA's bank balance of \$1,300,517 was exposed to custodial risk as discussed below, while \$250,000 was covered by the Federal Deposit Insurance Corporation (FDIC).

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

NOTE 21 - NEWARK DIGITAL ACADEMY - (Continued)

Custodial credit risk is the risk that, in the event of bank failure, the NDA's deposits may not be returned. All deposits are collateralized with eligible securities in amounts equal to at least 105% of the carrying value of the deposits. Such collateral, as permitted by the Ohio Revised Code, is held in single financial institution collateral pools at Federal Reserve Banks, or at member banks of the federal reserve system, in the name of the respective depository bank and pledged as a pool of collateral against all of the public deposits it holds or as specific collateral held at the Federal Reserve Bank in the name of the NDA. The NDA has no deposit policy for custodial credit risk beyond the requirement of State statute. Although the securities were held by the pledging institutions' trust department and all statutory requirements for the deposit of money had been followed, noncompliance with federal requirements could potentially subject the NDA to a successful claim by the FDIC.

CAPITAL ASSETS

Capital asset activity for the fiscal year ended June 30, 2011, was as follows:

	Balance			Balance
	06/30/10	Additions	Reductions	06/30/11
Capital assets, not being depreciated:				
Land	\$ 6,630	\$ -	\$ -	\$ 6,630

Total accumulated depreciation	(107,340)	(17,689)		(125,029)
Capital assets, net	\$ 109,060	\$ 41,007	\$	\$ 150,067

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

NOTE 21 - NEWARK DIGITAL ACADEMY - (Continued)

SERVICE AGREEMENTS

TRECA – For fiscal year 2011, NDA utilized TRECA for the services of the part-time technician. The NDA's online curriculum was provided by the Jefferson County Educational Service Center (see below). During fiscal year 2011, NDA paid TRECA \$19,601 under this contract.

Jefferson County Educational Service Center - NDA entered into a one-year contract for fiscal year 2011 with the Jefferson County Educational Service Center (ESC) for participation in the Jefferson County ESC Virtual Learning Academy (VLA).

The VLA is an internet-based educational delivery system designed for grades 2-12, providing alternative educational options for credit deficiencies, alternative programs, students being schooled at home and summer school programs.

Under the contract, the following terms were agreed upon:

The VLA shall provide NDA with the following services: development and maintenance of NDA's VLA database, technology professional development, daily on-line VLA technical support, marketing consultation, treasurer's office/EMIS support, and intervention support.

The student VLA license fees will be the responsibility of NDA at a rate of \$185 per student. Additional fees will be charged for students enrolled in specialized courses. Discounted rates will be charged to summer school students.

For fiscal year 2011, \$454,489 was paid by NDA under this contract.

RISK MANAGEMENT

The NDA is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Coverage was provided by Indiana Insurance.

During fiscal year 2011, the NDA contracted through Philadelphia Insurance for the following coverage amounts:

Per Occurrence	\$1,000,000
Annual Aggregate	\$2,000,000

Settled claims have not exceeded this commercial coverage in any of the past three years. The only significant reduction in insurance coverage was the annual aggregate decreased from \$3,000,000 at June 30, 2010 to \$2,000,000 at June 30, 2011.

NDA also carries Public Official Bonds through Travelers Casualty and Surety Company of America for the Treasurer, Executive Director and Board President.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

NOTE 21 - NEWARK DIGITAL ACADEMY - (Continued)

CONTINGINCIES

Grants - The NDA received financial assistance from federal and state agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies.

Any disallowed claims resulting from such audits could become a liability of the NDA. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the NDA at June 30, 2011.

Litigation - The NDA is not involved in any litigation that, in the opinion of management, would have a material effect on the financial statements.

State Foundation Funding - The Ohio Department of Education conducts reviews of enrollment data and full-time equivalency (FTE) calculations made by community schools. These reviews are conducted to ensure the schools are reporting accurate student enrollment data to the state, upon which State foundation funding is calculated. The conclusion of this review resulted in a State Foundation payable of \$54,494 at June 30, 2011. This amount will be withheld from foundation settlements in fiscal years 2012 and 2013.

NOTE 22 - PAR EXCELLENCE ACADEMY

The Par Excellence Academy, Licking County, Ohio (the "Academy") is a nonprofit corporation established pursuant to Ohio Revised Code Chapters 3314 and 1702, to maintain and provide an Academy exclusively for any educational, literary, scientific and related teaching service, that qualifies as an exempt organization under Section 501(c)(3) of the Internal Revenue Code. Management is not aware of any course of action or series of events that have occurred that might adversely affect the Academy's tax exempt status. The Academy's objective is to deliver a unique opportunity for students who show a strong interest or talent in the visual arts which can be delivered to students in grades Kindergarten through 3rd grade. It is to be operated in cooperation with the public schools to provide an appreciation of the visual arts through studies of its history, theory and design. The Academy, which is part of the State's education program, is nonsectarian in its programs, admissions policies, employment practices, and all other operations. The Academy may acquire facilities as needed and contract for any services necessary for the operation of the school.

The Academy was approved for operation under a contract with the Newark City School District (the "Sponsor") for a period of one academic year for the period of July 1, 2010 through June 30, 2011. This contract was extended for three more academic years for the period July 1, 2011 through June 30, 2014. The Sponsor is responsible for evaluating the performance of the Academy and has the authority to deny renewal of the contract at its expiration or terminate the contract prior to its expiration. The Academy is considered a component unit of the Newark City School District for reporting purposes, in accordance with Governmental Accounting Standards Board (GASB) Statement No. 14, as amended by GASB Statement No. 39.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

NOTE 22 - PAR EXCELLENCE ACADEMY - (Continued)

The Academy operates under the direction of a self-appointed nine-member Board of Trustees. The Board is responsible for carrying out the provisions of the contract, which include, but are not limited to, Statemandated provisions regarding student population, curriculum, academic goals, performance standards, admission standards and qualifications of teachers. The Board controls the Academy's one instructional/support facility staffed by 9 non-certified staff members and 12 certificated full time teaching personnel who provide services to 135 students.

The basic financial statements (BFS) of the Academy have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The Academy also applies Financial Accounting Standards Board (FASB) guidance issued prior to November 30, 1989, provided this guidance does not conflict with or contradict GASB pronouncements. The Academy has the option to also apply FASB guidance issued after November 30, 1989, subject to this same limitation. The Academy has elected not to apply this FASB guidance. The Academy's significant accounting policies are described below.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation - The Academy uses enterprise accounting to report on its financial activities. Enterprise accounting focuses on the determination of operating income, changes in net assets, financial position and cash flows. Enterprise accounting may be used to account for any activity for which a fee is charged to external users for goods and services.

Operating revenues are those revenues that are generated directly from the primary activity of the Academy. Operating expenses are necessary costs incurred to provide the service that is the primary activity of the Academy. All revenues and expenses not meeting this definition are reported as non-operating.

Measurement Focus and Basis of Accounting - Enterprise accounting uses a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities are included on the statement of net assets. Operating statements present increases (i.e., revenues) and decreases (i.e., expenses) in net total assets. Basis of accounting refers to when revenues and expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made. The accrual basis of accounting is utilized for reporting purposes. Revenues are recognized when they are earned and expenses are recognized when they are incurred.

Budgetary Process - Unlike other public schools located in the State of Ohio, community schools are not required to follow budgetary provisions set forth in Ohio Revised Code Section 5705, except House Bill 364, which took effect April 8, 2003, added Ohio Rev. Code Section 3314.03 (11) (d), which states that community schools must comply with Ohio Rev. Code Section 5705.391. This requires each community school to submit to the Ohio Department of Education (ODE) a five year forecast no later than October 31 of each year.

Cash - All monies received by the Academy are deposited in a demand deposit account.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

NOTE 22 - PAR EXCELLENCE ACADEMY - (Continued)

Net Assets - Net assets represent the difference between assets and liabilities. Net assets are reported as restricted when there are limitations imposed on their use through external restrictions imposed by creditors, grantors or laws or regulations of other governments. Amounts restricted for other purposes includes amounts restricted for school support and other local sources.

The Academy applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

Intergovernmental Revenue - The Academy currently participates in the State Foundation Program, the EMIS grant, the K12 Connectivity grant, the IDEA B grant, the Education Stabilization grant, the Title IID grant, the Nutrition Education and Training Program grant, the Title I grant, the Drug Free School grant, and the Title IIA grant. Revenue from the State Foundation Program is recognized as operating revenue in the accounting period in which all eligibility requirements have been met. Amounts awarded under State Foundation Program for the 2011 school year excluding federal and State grants totaled \$816,542.

Revenues received from the remaining programs are recognized as non-operating revenues in the accompanying financial statements. Grants and entitlements are recognized as non-operating revenues in the accounting period in which all eligibility requirements have been met. Eligibility includes timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the Academy must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the Academy on a reimbursement basis. State and federal grants revenue for the fiscal year 2011 received was \$249,959. In addition, the Academy received \$3,500 in local contributions and donations during fiscal year 2011.

Estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Compensated Absences - In accordance with the provisions of GASB Statement No. 16, "<u>Accounting for</u> <u>Compensated Absences</u>", a liability for vacation leave is accrued if a) the employees' rights to payment are attributable to services already rendered; and b) it is probable that the employeer will compensate the employees for the benefits through paid time off or other means, such as cash payment at termination or retirement. An accrual for earned sick leave is made to the extent that it is probable that the benefits will result in termination (severance) payments. The Academy does not have a policy regarding the payment of unused sick leave for termination (severance) benefits; therefore, a liability is not accrued for unused sick leave at fiscal year-end. The District does have a policy that allows employees to carry over or be compensated for unused vacation leave at fiscal year-end; therefore a liability has been recorded for unused vacation leave at fiscal year-end.

Capital Assets and Depreciation - All capital assets are capitalized at cost and updated for additions and reductions during the year. Donated capital assets are recorded at their fair market value on the date donated. The Academy maintains a capitalization threshold of \$50. The Academy does not have any infrastructure. Improvements are capitalized. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized.

All capital assets are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method. Equipment is depreciated over five years.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

NOTE 22 - PAR EXCELLENCE ACADEMY - (Continued)

CHANGE IN ACCOUNTING PRINCIPLES

For fiscal year 2011, the Academy has implemented GASB Statement No. 59, "<u>Financial Instruments</u> <u>Omnibus</u>". GASB Statement No. 59 updates and improves guidance for financial reporting and disclosure requirements of certain financial instruments and external investment pools. The implementation of GASB Statement No. 59 did not have an effect on the financial statements of the Academy.

DEPOSITS

At June 30, 2011, the carrying amount of the Academy's deposits was \$444,639 and the bank balance was \$452,519. In addition, the Academy had \$300 in cash on hand. The entire bank balance was covered by the Federal Deposit Insurance Corporation (FDIC).

RECEIVABLES

Receivables at June 30, 2011 consisted accounts (billings for user charged services and student fees) and intergovernmental grants. A summary of the principal items of receivables reported on the statement of net assets follows:

Accounts	\$ 15
Intergovernmental	 78,460
Total	\$ 78,475

Receivables have been disaggregated on the face of the basic financial statements. All receivables are expected to be collected in the subsequent year.

CAPITAL ASSETS

Capital asset activity for the fiscal year ended June 30, 2011, was as follows:

	Balance June 30, 2010	Additions	<u>Disposals</u>	Balance June 30, 2011		
Furniture and equipment Less: accumulated depreciation	\$ 116,255 (68,621)	\$ 10,005 (22,100)	\$ - 	\$ 126,260 (90,721)		
Capital assets, net	\$ 47,634	\$ (12,095)	<u>\$</u>	\$ 35,539		

COMPENSATED ABSENCES

Employees accumulate sick leave at a rate of 5 days per year. Unused sick leave may accumulate up to 30 days. Some employees accumulate vacation leave at a rate of up to 14 days per year. Unused vacation leave may accumulate up to a maximum of 20 days. A liability for unused vacation leave at June 30 is recorded on the statement of net assets.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

NOTE 22 - PAR EXCELLENCE ACADEMY - (Continued)

LONG-TERM OBLIGATIONS

The Academy's long-term obligations during fiscal year 2011 were as follows:

	Balance June 30, 2010		Additions		Reductions		Balance June 30, 2011		Due Within One Year	
Compensated absences	\$	19,426	\$	3,544	<u>\$</u> ((16,396)	\$	6,574	<u></u>	6,574
Total long-term liabilities	\$	19,426	\$	3,544	\$	(16,396)	\$	6,574	\$	6,574

RISK MANAGEMENT

Property and Liability - The Academy is exposed to various risks of loss related to torts; theft of damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Academy maintains insurance coverage for rental/theft, general liability, contents liability.

The Academy has coverage for employee dishonesty, forgery and alteration coverage and computer equipment.

The Academy owns no real estate, but leases facilities located at 96 Maholm Street, Newark, Ohio 43055.

Settled claims have not exceeded commercial coverage in the past three years. There was no significant reduction from the prior year.

Workers' Compensation - The Academy pays the State Workers' Compensation System a premium for employee injury coverage. The premium is calculated by multiplying the monthly gross total payroll by a factor that is calculated by the State.

CONTINGENCIES

Grants - The Academy received financial assistance from a State agency in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the Academy at June 30, 2011.

State Foundation Funding - The Ohio Department of Education (ODE) conducts reviews of enrollment data and full-time equivalency (FTE) calculations made by the schools. These reviews are conducted to ensure the schools are reporting accurate student enrollment data to the State, upon which State foundation funding is calculated. The Academy was reviewed during fiscal year 2011. The Academy anticipates no adjustments to State funding for fiscal year 2012, as a result of the reviews which have yet to be completed.

Litigation - The Academy is not involved in any litigation that, in the opinion of management, would have a material effect on the financial statements.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2011

NOTE 22 - PAR EXCELLENCE ACADEMY - (Continued)

SERVICE AGREEMENT

The Academy entered into a one-year contract on July 20, 2010 with Licking Area Computer Association (LACA) for certain computer, data processing and application services for the fiscal year ended June 30, 2011. Under this contract, the following terms were agreed upon:

- 1. LACA shall provide fiscal administration services, including access to financial software through OECN, electronic filing of data, user training, software upgrades, disaster recovery, EMIS compliance procedures and providing staff and resources to support the business process.
- 2. LACA shall provide student administration systems, including access to the Student Information System (SIS), data archival and retrieval support, help desk support, and preprinted forms need for grade cards, schedule cards, grade scans and transcripts.
- 3. LACA shall provide EMIS system and services, including access to State EMIS software, interface to SIS and OECN financial software, creation and use of custom user defined reports, and district report card assistance.
- 4. LACA shall provide library services, including access to INFOhio Library Automation software, INFOhio electronic resource support, and INFOhio compliance procedures.
- 5. LACA shall provide video distance learning services, including coordinating, developing and delivering local professional development activities, daily management and troubleshooting of video network, technical training, and troubleshooting and coordination of specific video related hardware.
- 6. The fees for the services provided are based on a base fee plus a fee per student which vary per type of service. The total fee is \$64.24 per student.

For fiscal year 2011, \$4,918 was paid to LACA for services related to the service agreement. To obtain LACA's audited June 30, 2011 financial statements, please contact Mr. Cory Thompson, Treasurer/CFO, 150 Price Road, Newark, Ohio 43055.

OPERATING LEASES - LESSEE DISCLOSURE

On May 13, 2008, the Academy entered into an operating lease with the Sponsor for the use of the former Maholm Elementry School. The lease began on August 1, 2008 and will continue through July 31, 2011 with annual rent payments of \$18,000, payable in monthly installments of \$1,500.

SIGNIFICANT SUBSEQUENT EVENT

On September 2, 2011, the Academy purchased the Maholm Elementary building (96 Maholm Street, Newark, Ohio) that it had previously leased. The purchase price for the building was \$150,000. The Academy made a \$15,000 down payment on the building on June 28, 2011 which has been recorded as "deposit on building" on the financial statements. To finance the building purchase, the Academy entered into a loan agreement with Park National Bank in the amount of \$137,000. The loan bears an interest rate of 5.75 percent and matures September 2, 2016.

COMBINING STATEMENTS AND INDIVIDUAL FUND SCHEDULES

SUPPLEMENTAL INFORMATION

MAJOR FUNDS

General Fund

The general fund is used to account for resources traditionally associated with a school district which are not required legally or by sound financial management to be accounted for in another fund. These activities include, but are not limited to, general instruction, pupil services, operation and maintenance of facilities, student transportation, and administration

Since the legal level of budgetary control is not greater than that presented in the basic financial statements, no additional financial statements are presented for the general fund.

OTHER MAJOR FUNDS

Classroom Facilities

To account for the acquisition, construction, or improvement of District facilities related to the Ohio School Facilities Commission project.

FUND DESCRIPTIONS

Nonmajor Special Revenue Funds

The special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The title of each special revenue fund is descriptive of the activities accounted for therein. The nonmajor special revenue funds are:

Miscellaneous Grants

To account for a number of small local grants that are restricted for specific expenditures.

District Managed Student Activity

To account for those student activity programs which have student participation in the activity, but do not have student management of the programs. This fund includes athletic programs as well as band, cheerleaders, drama clubs, and other similar types of activities.

Auxiliary Services

To account for State funds which provide services and materials to students attending non-public schools within the boundaries of the District as provided by State law.

Management Information Systems

To account for State funds provided to assist the District in implementing a staff, student, and financial reporting system as mandated by the Omnibus Education Reform Act of 1989.

Public School Preschool

To account for State funds provided to the District for paying the cost of preschool programs for three and four year olds.

Entry Year Programs

To account for State funds which provide entry-year programs pursuant to Ohio Revised Code Section 3317.024(T)

Data Communications

To account for revenues received from the State to be used to install and provide support costs for data communication links to connect any school to the local A-site.

SchoolNet Professional Development

To account for revenues received to provide professional development programs related to technology

FUND DESCRIPTIONS

Nonmajor Special Revenue Funds (Continued)

Alternative Schools

To account for alternative educational programs for existing and new at-risk and delinquent youth. Programs shall be focused on youth in one or more of the following categories: those who have been expelled or suspended, those who have dropped out of school or who are at risk of dropping out of school, those who are habitually truant or disruptive, or those on probation or on parole from a Department of Youth Services' facility.

Miscellaneous State Grants

To account for monies received from State agencies which are not classified elsewhere.

Title VI-B

To account for Federal funds for the provision of full educational opportunities to handicapped children at the preschool, elementary and secondary levels; assist in the training of teachers, supervisors and other specialists in providing educational services to the handicapped.

Education Stabilization

To account for Federal stimulus funds received through State foundation for the purpose of stabilizing the District's budgets.

Stimulus Title II D

To account for Federal stimulus funds that provides the District with funding for classroom technology resources and professional development on technology integration.

<u>Title I</u>

To account for Federal funds for services provided to meet special educational needs of educationally deprived children

Drug Free Schools Program

To account for Federal funds for the establishment, operation and improvement of drug abuse prevention programs, early intervention, rehabilitation referral and education in schools.

EHA Preschool Grant

To account for Federal funds used for the improvement and expansion of services for handicapped children ages three through five years.

Reducing Class Size

To account for a Federal grant aimed at reducing class sizes through out the District.

FUND DESCRIPTIONS

Nonmajor Special Revenue Funds (Continued)

Miscellaneous Federal Grants

To account for Federal revenues received through State agencies from the Federal government or directly from the Federal government which are not classified elsewhere.

Food Service

To account for all revenues and expenditures related to the provision of food services, including breakfast and lunch, for the District students and staff.

Education Jobs

This fund accounts for federal monies whose purpose is to create education jobs for the 2010-2011 school year. Jobs funded under this program include those that provide educational and related services for early childhood, elementary, and secondary education.

Classroom Facilities Maintenance

To account for revenues earmarked for the maintenance of facilities.

The following funds are included in the general fund (GAAP basis), but have separate legally adopted budgets (budget basis). These funds are not included in the combining statements for the nonmajor special revenue funds since they are reported in the general fund (GAAP basis); however, the budgetary schedules for these funds are presented in this section.

School Activity Trusts

To account for trust agreements in which the principal and income are used to support District programs

Staff Trusts

To account for revenues and expenditures related to vending and donations from employees to support District programs

Rotary Fund - Special Services

To account for operations made in connection with goods and services provided by the District

Rotary Fund

To account for operations that provide goods or services to other governmental units on a cost-reimbusement basis

Public School Support

To account for specific local revenue sources (other than taxes) generated by individual school buildings (i.e. sales of pictures, profits from vending machines, etc.). Expenditures include field trips, materials, equipment and other items to supplement cocurricular and extra-curricular programs.

FUND DESCRIPTION

Nonmajor Debt Service Fund

A fund used to account for and report financial resources that are restricted, committed, or assigned to expenditure for payment of general obligation bond principal and interest and certain long-term obligations from governmental resources when the government is obligated in some manner for payment. It is also used to account for the accumulation of resources and payment of general obligation bonds and library bonds payable, as required by Ohio Law.

FUND DESCRIPTIONS

Nonmajor Capital Projects Funds

Capital project funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition and construction of capital facilities and other capital assets. The nonmajor capital projects funds are:

Permanent Improvement

To account for the acquisition, construction, or improvement of capital facilities other than those financed by proprietary and trust funds.

Building Fund

This fund is used to account for monies received and expended in connection with the renovation and construction of District buildings.

FUND DESCRIPTION

Internal Service Fund

A fund category used to account for the financing of goods or services provided by one department or agency of the District to other departments or agencies on a cost-reimbursement basis. Charges are intended only to recoup the total cost of such services.

Employee Benefits Self-Insurance

This fund is provided to account for monies received from other funds as payment for providing dental benefits. The Self-Insured Dental fund may make payments for services provided to employees, for reimbursement to employees who have paid providers, to third party administrators for claims payment or administration, for stop-loss coverage, or for any other reinsurance or other similar purposes.

FUND DESCRIPTIONS

FIDUCIARY FUNDS

Fiduciary fund reporting focuses on net assets and changes in net assets. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds and agency funds. Private-purpose trust funds are used to account for assets held by the School District under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the School District's own programs. Agency funds are purely custodial (assets equal liabilities) and thus do not involve the measurement of results of operations. The District has no pension or investment trust funds.

PRIVATE-PURPOSE TRUST FUNDS

Special Trusts Fund

To account for monies to be set aside for college scholarships for students enrolled in the School District. The income from such a fund may be expended, but the principal must remain intact.

Endowment Fund

To account for monies endowed for college scholarships for students enrolled in the School District. The income from such a fund may be expended, but the principal must remain intact.

AGENCY FUND

Student Managed Activities Fund

To account for those student activity programs which have student participation in the activity and have students involved in the management of the program.

STATISTICAL SECTION

This part of the Newark City School District's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the District's overall financial health.

Contents	Page
Financial Trends These schedules contain trend information to help the reader understand how the District's financial performance and well- being have changed over time.	126-139
Revenue Capacity These schedules contain information to help the reader assess the District's most significant local revenue source, the property tax.	140-145
Debt Capacity These schedules present information to help the reader assess the affordability of the District's current levels of outstanding debt and the District's ability to issue additional debt in the future.	146-149
Demographic and Economic Information These schedules offer demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place.	150-151
Operating Information These schedules contain service and infrastructure data to help the reader understand how the information in the District's financial report relates to the services the District provides and the activities it performs.	152-161

Sources: Sources are noted on the individual schedules. The District implemented GASB Statement 34 in 2002; schedules presenting government-wide information include information beginning in that year.

(a) The assessed value of real property is fixed at 35% of true value and is determined pursuant to the State Tax Commissioner.

(b) Tangible personal property and public utility tangible property are assessed at varying percentages of true value. As categories of tangible personal property have not been separated for this table, the maximum assessed rate of 25% of true value is assumed. Tangible personal property is being phased out, and was reduced to zero for fiscal year 2009, collection year 2010.

(c) Assumes public utilities are assessed at true value which is 35%.

DIRECT AND OVERLAPPING GOVERNMENTAL ACTIVITIES DEBT AS OF JUNE 30, 2011

Governmental Unit		t General Tax pported Debt	Estimated Percentage Applicable	Estimated Share of rlapping Debt
Newark City School District	\$	66,009,206	100.00%	\$ 66,009,206
Overlapping debt:				
City of Newark		26,869,663	92.84%	24,945,795
Licking County		7,805,000	21.62%	1,687,441
Licking County Joint Vocational School		29,889,991	20.94%	6,258,964
Total overlapping debt		64,564,654		 32,892,200
Total direct and overlapping debt	\$	130,573,860		\$ 98,901,406

Note: The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of the District's taxable assessed value that is within the subdivision's boundaries and dividing it by the District's total taxable assessed value. Net general tax supported debt includes accreted interest on capital appreciation bonds but excludes unamortized bond premiums, discounts and deferred losses on refundings.

Source: Licking County Auditor and School District financial records

(1) Total debt applicable to limit excludes accreted interest on capital appreciation bonds.

Note: Ohio Bond Law sets a limit of 9% for voted debt and 1/10 of 1% for unvoted debt. House Bill 530 became effective on March 30, 2006, which excluded tangible personal property used in business, telephone or telegraph property, interexchange telecommunications company property, and personal property owned or leased by a railroad company and used in railroad operations.

(a): On September 9, 2004, the District was determined to be a "special needs" district, meaning the District was permitted to exceed the voted debt limitation.

Voted Debt Margins are determined without reference to applicable monies in the District's debt service fund.
