Single Audit

For the Fiscal Year Ended June 30, 2011

Board of Directors Ohio Achievement Charter Schools, Inc. DBA Millennium Community School 3500 Refugee Road Columbus, Ohio 43232

We have reviewed the *Independent Accountants' Report* of the Ohio Achievement Charter Schools, Inc. DBA Millennium Community School, Franklin County, prepared by Kennedy Cottrell Richards LLC, for the audit period July 1, 2010 through June 30, 2011. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Ohio Achievement Charter Schools, Inc. DBA Millennium Community School is responsible for compliance with these laws and regulations.

INDEPENDENT ACCOUNTANTS' REPORT

The Ohio Achievement Charter Schools, Inc. DBA Millennium Community School 3500 Refugee Road Columbus, Ohio 43232

To the Board of Directors:

We have audited the accompanying basic financial statements of the Ohio Achievement Charter Schools, Inc., DBA Franklin County, Ohio (the School), as of and for the year ended June 30, 2011, as listed in the table of contents. These financial statements are the responsibility of the School's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Ohio Achievement Charter Schools, Inc., as of June 30, 2011, and the changes in its financial position and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 19, 2011, on our consideration of the School's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require this presentation to include the Management's discussion and analysis, as listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any other assurance.

The Ohio Achievement Charter Schools, Inc. DBA Millennium Community School Independent Accountants' Report Page 2

We conducted our audit to opine on the financial statements that collectively comprise the School's basic financial statements taken as a whole. The Schedule of Receipts and Expenditures of Federal Awards provides additional information required by the U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and is not a required part of the basic financial statements. The Schedule of Receipts and Expenditures of Federal Awards is management's responsibility, and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. This schedule was subject to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, in accordance with auditing standards generally accepted in the United States of America. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Management's Discussion and Analysis For the Year Ended June 30, 2011 (Unaudited)

The discussion and analysis of the Ohio Achievement Charter Schools, Inc. (the School) financial performance provides an overall review of the financial activities for the fiscal year ended June 30, 2011. The intent of this discussion and analysis is to look at the School's financial performance as a whole. Readers should also review the basic financial statements and the notes to the basic financial statements to enhance their understanding of the School's financial performance.

The Management's Discussion and Analysis (MD&A) is an element of the reporting model adopted by the Governmental Accounting Standards Board (GASB) in their Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*, issued in June 1999. Certain comparative information between the current year and the prior year is required to be presented, and is presented in the MD&A.

Financial Highlights

Key financial highlights for the Ohio Achievement Charter Schools, Inc. during fiscal year 2011 are as follows:

- Total net assets of the School increased \$373,249 in fiscal year 2011. Ending net assets of the School were \$1,460,180 compared to \$1,086,931 at June 30, 2010.
- Total assets increased \$232,758 from the prior year and total liabilities decreased by \$140,491 during this same 12 month period.
- The School's operating loss for fiscal year 2011 was \$1,369,118 compared with an operating loss of \$1,094,765 reported for the prior year.
- Foundation revenues decreased \$353,580 and federal subsidies decreased \$320,185, while operating expenses decreased \$80,128 in comparison with the prior year.

Using this Financial Report

This financial report contains the basic financial statements of the School, as well as the Management's Discussion and Analysis and notes to the basic financial statements. The basic financial statements include a statement of net assets, statement of revenues, expenses and changes in net assets, and a statement of cash flows. As the School reports its operations using enterprise fund accounting, all financial transactions and accounts are reported as one activity, therefore the entity wide and the fund presentations information is the same.

Statement of Net Assets

The statement of net assets answers the question, "How did we do financially during the fiscal year?" This statement includes all assets and liabilities, both financial and capital, and short-term and long-term, using the accrual basis of accounting and the economic resources focus, which is similar to the accounting used by most private-sector companies. This basis of accounting takes into account all revenues and expenses during the year, regardless of when the cash is received or paid.

Management's Discussion and Analysis For the Year Ended June 30, 2011 (Unaudited)

This statement reports the School's net assets; however, in evaluating the overall position and financial viability of the School, non-financial information such as the condition of the School's property and potential changes in the laws governing charter schools in the State of Ohio will also need to be evaluated.

Table 1 provides a summary of the School's net assets for fiscal year 2011 compared to those reported for fiscal year 2010.

Table 1 Net Assets

	2011	2010
Assets:		
Current assets	\$ 1,387,098	\$ 1,110,386

Unrestricted	814,040	491,836
Total Net Assets	\$ 1,460,180	\$ 1,086,931

The total assets of the School increased by \$232,758, which represents a 13.34 percent increase, from total assets reported for fiscal year 2010. This increase in the result of increases in cash and cash equivalents (\$209,808) and intergovernmental receivables (\$96,904), offset by a \$43,954 decrease in capital assets, net of accumulated depreciation.

Total liabilities of the School decreased \$140,491 over those reported one year ago. The 21.1 percent decrease is primarily the result of decreases in accounts payable (\$21,651) and accrued wages and benefits payable (\$78,608).

The total net assets reported for fiscal year 2011 increased by \$373,249 to \$1,460,180. The following demonstrates the details of this increase.

Net Assets, end of year	\$ 1,460,180	\$ 1,086,931

Total revenue decreased \$663,036 for fiscal year 2011 compared with the prior fiscal year primarily due to the decreases in State Foundation and Federal subsidies revenue associated with lower student enrollment and decreased funding from stimulus monies.

Total Expenses reported for fiscal year 2011 were \$84,183 lower than expenses reported for fiscal year 2010 primarily due to decreased funding from stimulus monies.

Management's Discussion and Analysis For the Year Ended June 30, 2011 (Unaudited)

Capital Assets

At the end of fiscal year 2011, the School had \$598,262 invested in buildings, leasehold improvements, and furniture, fixtures and equipment, a decrease of \$43,954 in comparison with the prior fiscal year. This decrease represents the amount by which, current year depreciation, totaling \$62,960 exceeded current year additions, totaling \$19,006. See Note 5 of the basic financial statements for additional details.

Debt

At June 30, 2011, the School had a \$13,847 obligation for capital leases outstanding. The School entered into capitalized leases for the acquisition of equipment in prior fiscal years. These capital leases have been recorded as capital assets at the present value of the minimum lease payments as of the inception date. As a result, the School paid \$42,491 in principal and interest for the fiscal year ended June 30, 2011. A month-to-month lease for the land associated with the Bostwick building commenced on October 1, 2008. Total rent expense for fiscal year 2011 was \$36,000. See Notes 12 and 13 of the basic financial statements for additional details.

Contacting the School

This financial report is designed to provide a general overview of the finances of the Ohio Achievement Charter Schools, Inc. and to show the School's accountability for the monies it receives to all vested and interested parties, as well as meeting the annual reporting requirements of the State of Ohio. Any questions about the information contained within this report or requests for additional financial information should be directed to the Treasurer of the Ohio Achievement Charter Schools, Inc., 6500 Poe Avenue, Suite 350, Dayton, Ohio 45414.

Notes to the Basic Financial Statements For The Fiscal Year Ended June 30, 2011

1. Description of the School and Reporting Entity:

The Ohio Achievement Charter Schools, Inc. (the School), is a nonprofit corporation established pursuant to Ohio Revised Code Chapters 3314 and 1702 to address the needs of students in kindergarten through eighth grade. The School, which is part of the State's education program, is independent of any school district and is non sectarian in its programs, admission policies, employment practices, and all other operations. The School may sue and be sued, acquire facilities as needed, and contract for any services necessary for the operation of the School.

The School was approved for operation under a contract with the Ohio State Board of Education (the Sponsor). The sponsorship contract was subsequently transferred to the Educational Resource Consultants of Ohio (ERCO) when the Ohio State Board of Education was no longer eligible to sponsor community schools. The Sponsor is responsible for evaluating the performance of the School and has the authority to deny renewal of the contract at its expiration or terminate the contract prior to its expiration.

The School operates under the direction of a five-member Board of Trustees (the Board). The Board is responsible for carrying out the provisions of the contract, which include, but are not limited to, state-mandated provisions regarding student population, curriculum, academic goals, performance standards, admission standards, and qualifications of teachers. The Board controls the School's instructional/support facility staffed by 17 non-certified and 50 certificated full time teaching personnel who provide services to 655 students.

2. Summary of Significant Accounting Policies:

The financial statements of the School have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to governmental nonprofit organizations. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The School also applies Financial Accounting Standards Board (FASB) statements and interpretations issued on or before November 30, 1989, provided they do not conflict with or contradict GASB pronouncements. The School has elected not to apply FASB statements and interpretations issued after November 30, 1989. The more significant of the School's accounting policies are described below.

A. Basis of Presentation

Enterprise accounting is used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges or where it has been decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

Notes to the Basic Financial Statements For The Fiscal Year Ended June 30, 2011

2. Summary of Significant Accounting Policies (Continued):

B. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. Enterprise accounting uses a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities are included on the statement of net assets. The difference between total assets and liabilities are defined as net assets. The statement of revenues, expenses and changes in fund net assets present increases (i.e., revenues) and decreases (i.e., expenses) in net total assets.

Basis of accounting refers to when revenues and expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made.

The accrual basis of accounting is utilized for reporting purposes. Revenues are recognized when they are earned, and expenses are recognized when they are incurred.

C. <u>Budgetary Process</u>

Unlike other public schools located in the state of Ohio, community schools are not required to follow budgetary provisions set forth in Ohio Rev. Code Section 5705, unless specifically provided in the Schools contract with its Sponsor. The contract between the School and its Sponsor does not prescribe an annual budgetary process for the School.

D. Cash and Cash Equivalents

All monies received by the School are pooled and deposited in a central bank account. All monies of the School are maintained in this account or temporarily used to purchase short term investments.

During the fiscal year, investments were limited to STAR Ohio and repurchase agreements. STAR Ohio is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAR Ohio are valued at STAR Ohio's share price which is the price the investment could be sold for on June 30, 2011. Repurchase agreements are valued at cost.

For purposes of the statement of cash flows and for presentation on the balance sheet, investments with a maturity of three months or less at the time they are purchased are considered to be cash equivalents.

Notes to the Basic Financial Statements For The Fiscal Year Ended June 30, 2011

2. Summary of Significant Accounting Policies (Continued):

E. Capital Assets

Capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the fiscal year. Donated capital assets are recorded at their fair market values as of the date received. The School does not possess any infrastructure. The School maintains a capitalization threshold of \$500. Improvements are capitalized. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized.

All reported capital assets are depreciated. Improvements to capital assets are depreciated over the remaining useful life of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

<u>Description</u>	Estimate Life
Buildings	50 years
Building Improvements	20 years
Furniture, Fixtures, and Equipment	10 years
Computer Equipment	5 years

F. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from these estimates.

G. Intergovernmental Revenues

The School is a participant in the State Foundation Program. The foundation funding is recognized as operating revenues in the accounting period in which they are earned, essentially the same as the fiscal year received. Federal and state grants and entitlements are recognized as non-operating revenues in the accounting period in which all eligibility requirements of the grants have been met.

During the fiscal year, intergovernmental revenues associated with the Foundation Program totaled \$3,919,652 and revenues associated with education grants from the state and federal governments totaled \$1,721,927.

Notes to the Basic Financial Statements For The Fiscal Year Ended June 30, 2011

2. Summary of Significant Accounting Policies (Continued):

H. Operating and Non-Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly by the School's primary mission. For the School, operating revenues include revenues paid through the State Foundation Program. Operating expenses are necessary costs incurred to support the School's primary mission, including salaries, benefits, purchased services, materials and supplies and depreciation.

Non-operating revenues and expenses are those that are not generated directly by the School's primary mission. Various federal and state grants, interest earnings, if any, and other miscellaneous revenues comprise the non-operating revenues of the School. Interest and fiscal charges on outstanding obligations, as well as gain or loss on capital asset disposals, if any, comprise the non-operating expenses.

I. Accrued Liabilities Payable

The School has recognized certain liabilities on its statement of net assets relating to expenses, which are due but unpaid as of fiscal year-end, including:

<u>Wages payable</u> – salary payments made after year-end to instructional and support staff for services rendered prior to the end of June, but whose payroll continues into the summer months based on the fiscal year 2011 contract.

<u>Intergovernmental payable</u> – payment for the employer's share of the retirement contribution, Medicare and Workers' Compensation associated with services rendered during fiscal year 2011 that were paid in the subsequent fiscal year.

J. Unearned Revenue

If the School receives restricted funds that were not spent by the end of the fiscal year, the amount received is classified as unearned revenue and is carried over to the next fiscal year and repaid if not spent.

K. Federal Tax Exemption Status

The School is a non-profit organization that has been determined by the Internal Revenue Service to be exempt from federal income taxes as a tax-exempt organization under Section 501 (c)(3) of the Internal Revenue Code.

L. Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt, consists of capital assets, net of accumulated depreciation, less any outstanding capital related debt. Net assets are reported as restricted when there are limitations imposed on their use through external restrictions imposed by creditors, grantors or laws or regulations of other governments. Restricted net assets of the School at year-end represent unspent federal and state grant resources for specific instructional programs.

Notes to the Basic Financial Statements For The Fiscal Year Ended June 30, 2011

2. Summary of Significant Accounting Policies (Continued):

The School applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

3. Deposits and Investments:

Deposits: The carrying value of the School's deposits totaled \$741, and the bank balance totaled \$63,725. The School's entire bank balance was covered by federal depository insurance.

Investments of the School as of June 30, 2011 were as follows:

Investments	Fair Value			
Repurchase Agreement	\$ 1,011,520			
STAR Ohio	48,849			
Total Investments	\$ 1,060,369			

Interest Rate Risk – The School's investment policy does not limit investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk – The investments in STAR Ohio are rated AAAm by Standard & Poor's. The repurchase agreement is specifically pledged by a single security. The School places no limit on the amount that may be invested in any one issuer.

4. <u>Intergovernmental Receivables</u>:

All intergovernmental receivables are considered collectible in full due to the stable condition of State programs. Receivables at June 30, 2011 primarily consisted of federal grants.

Notes to the Basic Financial Statements For The Fiscal Year Ended June 30, 2011

5. Capital Assets:

Capital asset activity for the fiscal year ended June 30, 2011 was as follows:

	Beginning						Ending		
Capital Assets:]	Balance		Additions		Deletions		Balance

Net Capital Assets	\$	642,216	\$	(43,954)	\$	-	\$	598,262	

6. Risk Management:

A. Property and Liability

The School is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees, and natural disasters. For the year ended June 30, 2011, the School contracted with Ohio Casualty Insurance for its insurance coverage as follows:

General Liability (per occurrence)	\$1,000,000
General Liability (aggregate)	\$2,000,000
School Leader Errors and Omissions Liability (per occurrence)	\$1,000,000
School Leader Errors and Omissions Liability (aggregate)	\$1,000,000
Employee Benefits Liability (per employee)	\$1,000,000
Employee Benefits Liability (aggregate)	\$3,000,000
Blanket Employee Dishonesty	\$50,000

There was no significant reduction in coverage from the prior-year. Settlement amounts have not exceeded coverage amounts in each of the past three years.

B. Workers' Compensation

The School pays the State Worker's Compensation System a premium for employee injury coverage. The premium is calculated by multiplying the monthly total gross payroll by a factor that is determined by the State.

Notes to the Basic Financial Statements For The Fiscal Year Ended June 30, 2011

7. Defined Benefit Pension Plans:

A. School Employees Retirement System

<u>Plan Description</u> - The School contributes to the School Employees Retirement System of Ohio (SERS), a cost-sharing multiple employer defined benefit pension plan. SERS provides retirement and disability, and survivor benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by state statute per Chapter 3309 of the Ohio Revised Code. The School Employees Retirement System issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report can be obtained on SERS' website at www.ohsers.org under Employer/Audit Resources.

<u>Funding Policy</u> - Plan members are required to contribute 10% of their annual covered salary and the School is required to contribute 14% of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended, up to statutory maximum amounts, by the SERS' Retirement Board. The Retirement Board acting with the advice of the actuary, allocates the employer contribution rate among four of the funds (Pension Trust Fund, Death Benefit Fund, Medicare B Fund, and Health Care Fund) of the System. For fiscal year ending June 30, 2011, the allocation to pension and death benefits is 11.8%. The remaining 2.19% of the 14% employer contribution rate is allocated to the Health Care and Medicare B Funds. The School's contributions for pension obligations to SERS for the fiscal years ended June 30, 2011, 2010, and 2009, were \$80,082, \$81,420, and \$44,495, respectively. 91 percent has been contributed for fiscal year 2011 and 100 percent for fiscal years 2010 and 2009. The School's unpaid contribution has been recorded as a liability.

B. State Teachers Retirement System

<u>Plan Description</u> - The School contributes to the State Teachers Retirement System of Ohio (STRS Ohio), a cost-sharing, multiple-employer public employee retirement system. STRS Ohio is a statewide retirement plan for licensed teachers and other faculty members employed in the public schools of Ohio or any school, college, university, institution or other agency controlled, managed and supported, in whole or in part, by the state or any political subdivision thereof. STRS Ohio issues a stand-alone financial report that may be obtained by writing to STRS Ohio, 275 E. Broad St., Columbus, OH 43215-3771, by calling toll-free 1-888-227-7877 or by visiting the STRS Ohio Web site at www.strsoh.org.

<u>Plan Options</u> – New members have a choice of three retirement plan options. In addition to the Defined Benefit (DB) Plan, new members are offered a Defined Contribution (DC) Plan and a Combined Plan. The DC plan allows members to allocate all their member contributions and employer contributions equal to 10.5% of earned compensation among various investment choices. The Combined Plan offers features of the DC Plan and the DB Plan. In the Combined Plan, member contributions are allocated to investment choices by the member, and employer contributions are used to fund a defined benefit payment at a reduced level from the regular DB Plan. Contributions into the DC Plan and the Combined Plan are credited to member accounts as employers submit their payroll information to STRS Ohio, generally on a biweekly basis. DC and Combined Plan members will transfer to the DB Plan during their fifth year of membership unless they permanently select the DC or Combined Plan.

7. Defined Benefit Pension Plans (Continued):

DB Plan Benefits - Plan benefits are established under Chapter 3307 of the Revised Code. Any member may retire who has (i) five years of service credit and attained age 60; (ii) 25 years of service credit and attained age 55; or (iii) 30 years of service credit regardless of age. The annual retirement allowance, payable for life, is the greater of the "formula benefit" or the "moneypurchase benefit" calculation. Under the "formula benefit", the retirement allowance is based on years of credited service and final average salary, which is the average of the member's three highest salary years. The annual allowance is calculated by using a base percentage of 2.2% multiplied by the total number of years of service credit (including Ohio-valued purchased credit) times the final average salary. The 31st year of earned Ohio service credit is calculated at 2.5%. An additional one-tenth of a percent is added to the calculation for every year of earned Ohio service over 31 years (2.6% for 32 years, 2.7% for 33 years and so on) until 100% of final average salary is reached. For members with 35 or more years of Ohio contributing service, the first 30 years will be calculated at 2.5% instead of 2.2%. Under the "money-purchase benefit" calculation, a member's lifetime contributions plus interest at specified rates are matched by an equal amount from other STRS Ohio funds. This total is then divided by an actuarially determined annuity factor to determine the maximum annual retirement allowance.

<u>DC Plan Benefits</u> – Benefits are established under Sections 3307.80 to 3307.89 of the Revised Code. For members who select the DC Plan, all member contributions and employer contributions at a rate of 10.5% are placed in an investment account. The member determines how to allocate the member and employer money among various investment choices. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump-sum withdrawal. Employer contributions into members' accounts are vested after the first anniversary of the first day of paid service. Members in the DC Plan who become disabled are entitled only to their account balance. If a member dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

<u>Combined Plan Benefits</u> – Member contributions are allocated by the member, and employer contributions are used to fund a defined benefit payment. A member's defined benefit is determined by multiplying 1% of the member's final average salary by the member's years of service credit. The defined benefit portion of the Combined Plan payment is payable to a member on or after age 60. The defined contribution portion of the account may be taken as a lump sum or converted to a lifetime monthly annuity at age 50.

A retiree of STRS Ohio or another Ohio public retirement system is eligible for reemployment as a teacher following the elapse of two months from the date of retirement. Contributions are made by the reemployed member and employer during the reemployment. Upon termination of reemployment or age 65, whichever comes later, the retiree is eligible for an annuity benefit or equivalent lump-sum payment in addition to the original retirement allowance. A reemployed retiree may alternatively receive a refund of only member contributions with interest before age 65, once employment is terminated.

Benefits are increased annually by 3% of the original base amount for DB Plan participants.

7. Defined Benefit Pension Plans (Continued):

The DB and Combined Plans offer access to health care coverage to eligible retirees who participated in the plans and their eligible dependents. Coverage under the current program includes hospitalization, physicians' fees, prescription drugs and partial reimbursement of monthly Medicare Part B premiums. By Ohio law, health care benefits are not guaranteed.

A DB or Combined Plan member with five or more years' credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of members who die before retirement may qualify for survivor benefits. A death benefit of \$1,000 is payable to the beneficiary of each deceased retired member who participated in the DB Plan. Death benefit coverage up to \$2,000 can be purchased by participants in the DB, DC or Combined Plans. Various other benefits are available to members' beneficiaries.

Chapter 3307 of the Revised Code provides statutory authority for member and employer contributions. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10% for members and 14% for employers. Contribution requirements and the contributions actually made for the fiscal year ended June 30, 2011, were 10% of covered payroll for members and 14% for employers.

The School's required contributions for pension obligations for the fiscal years ended June 30, 2011, 2010, and 2009 were \$199,890, \$155,829, and \$170,349, respectively; 78 percent has been contributed for fiscal year 2011 and 100 percent for fiscal years 2010 and 2009. The School's unpaid contribution for fiscal year 2011 has been recorded as a liability.

C. Social Security

Effective July 1, 1991, all employees not otherwise covered by the School Employees Retirement System or the State Teachers Retirement System have an option to choose Social Security or the School Employees Retirement System /State Teachers Retirement System. At fiscal year-end, all members of the Board of Education have elected Social Security. The Board's liability is 6.2% of wages paid.

8. <u>Post-employment Benefits:</u>

a. School Employees Retirement System

<u>Postemployment Benefits</u> – In addition to a cost-sharing multiple-employer defined benefit pension plan the School Employees Retirement System of Ohio (SERS) administers two cost-sharing, multiple employer postemployment benefit plans.

Medicare Part B Plan – The Medicare B plan reimburses Medicare Part B premiums paid by eligible retirees and beneficiaries as set forth in Ohio Revised Code (ORC) 3309.69. Qualified benefit recipients who pay Medicare Part B premiums may apply for and receive a monthly reimbursement from SERS. The reimbursement amount is limited by statute to the lesser of the January 1, 1999 Medicare Part B premium or the current premium. The Medicare Part B monthly premium for calendar year 2011 was \$96.40 for most participants, but could be as high as \$369.10 per month depending on their income. SERS' reimbursement to retirees was \$45.50.

Notes to the Basic Financial Statements For The Fiscal Year Ended June 30, 2011

8. Post-employment Benefits(Continued):

The Retirement Board, acting with the advice of the actuary, allocates a portion of the current employer contribution rate to the Medicare B Fund. For fiscal year 2011, the actuarially required allocation is .76%. The School's contributions for the years ended June 30, 2011, 2010 and 2009 were \$5,153, \$4,842, and \$3,671, respectively, 91 percent has been contributed for fiscal year 2011 and 100 percent for fiscal years 2010 and 2009. The School's unpaid contribution has been recorded as a liability.

<u>Health Care Plan</u> – ORC 3309.375 and 3309.69 permit SERS to offer health care benefits to eligible retirees and beneficiaries. SERS' Retirement Board reserves the right to change or discontinue any health plan or program. SERS offers several types of health plans from various vendors, including HMOs, PPOs, Medicare Advantage and traditional indemnity plans. A prescription drug program is also available to those who elect health coverage. SERS employs two third-party administrators and a pharmacy benefit manager to manage the self-insurance and prescription drug plans, respectively.

The ORC provides the statutory authority to fund SERS' postemployment benefits through employer contributions. Active members do not make contributions to the postemployment benefit plans.

The Health Care Fund was established under, and is administered in accordance with Internal Revenue Code 105(e). Each year after the allocation for statutorily required benefits, the Retirement Board allocates the remainder of the employer 14% contribution to the Health Care Fund. For the year ended June 30, 2011, the health care allocation is 1.43%. An additional health care surcharge on employers is collected for employees earning less than an actuarially determined minimum compensation amount, pro-rated according to service credit earned. State law provides that no employer shall pay a health care surcharge greater than 2% of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5% of the total statewide SERS-covered payroll for the health care surcharge. For fiscal year 2011, the minimum compensation level was established at \$35,800. The surcharge, added to the unallocated portion of the 14% employer contribution rate is the total amount assigned to the Health Care Fund. The School's contributions assigned to health care, including the surcharge, for the years ended June 30, 2011, 2010, and 2009 were \$23,617, \$15,673, and \$36,806, respectively. 91 percent has been contributed for fiscal year 2011 and 100 percent for fiscal years 2010 and 2009. The School's unpaid contribution has been recorded as a liability.

The SERS Retirement Board establishes the rules for the premiums paid by the retirees for health care coverage for themselves and their dependents or for their surviving beneficiaries. Premiums vary depending on the plan selected, qualified years of service, Medicare eligibility, and retirement status. The financial reports of SERS' Health Care and Medicare B plans are included in its *Comprehensive Annual Financial Report*. The report can be obtained by contacting SERS, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3746 or by calling toll free (800) 878-5853. It is also posted on SERS' website at www.ohsers.org under Employers/Audit Resources.

8. <u>Post-employment Benefits(Continued):</u>

b. State Teachers Retirement System

<u>Plan Description</u> - The School contributes to the cost-sharing, multiple employer postemployment benefit Health Plan (the "Plan") administered by the State Teachers Retirement System of Ohio (STRS Ohio) for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS Ohio. Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare Part B premiums. The Plan is included in the report of STRS Ohio which may be obtained by writing 275 E. Broad St., Columbus, OH 43215-3371, by calling 1-888-227-7877, or by visiting the STRS Ohio web site at www.strsoh.org.

<u>Funding Policy</u> – Ohio law authorizes STRS Ohio to offer the Plan and gives the Retirement Board authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. Active employee members do not contribute to the Plan. All benefit recipients pay a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions. For 2011, STRS Ohio allocated employer contributions equal to 1% of covered payroll to post-employment health care. The School's contributions for health care for the fiscal years ended June 30, 2011, 2010, and 2009 were \$15,376, \$11,987, and \$13,104, respectively; 78 percent has been contributed for fiscal year 2011 and 100 percent for fiscal years 2010 and 2009. The School's unpaid contribution has been recorded as a liability.

9. Restricted Net Assets:

At June 30, 2011 the School reported restricted net assets totaling \$61,725. This balance represents the unspent portion of federal specific educational program grants.

10. Contingencies:

A. Grants

Amounts received from grantor agencies are subject to audit and adjustment by the grantor. Any disallowed costs may require refunding to the grantor. Amounts, which may be disallowed, if any, are not presently determinable. However, in the opinion of the School, any such disallowed claims will not have a material adverse effect on the financial position of the School at fiscal year-end.

B. State funding

The Ohio Department of Education conducts reviews of enrollment data and FTE calculations made by the schools. These reviews are conducted to ensure the schools are reporting accurate student enrollment data to the State, upon which state foundation funding is calculated. The results of this review could result in state funding being adjusted. This information was not available as of the date of this report. The School does not anticipate any material adjustments to state funding for fiscal year 2011 as a result of such review.

11. Contracted Fiscal Services:

The School is a party to a fiscal services agreement with Mangen & Associates (M&A) School Resource Center, which is an education finance consulting company. The current Agreement's term approved on August 25, 2010, is for three years beginning July 1, 2010, and ending on June 30, 2013. The Agreement may be terminated by either party, with or without cause, by giving the other party ninety days written notice to terminate. The Agreement provides that M&A School Resource Center will perform the following functions for the School:

- 1. Financial Management Services
- 2. Treasurer Services
- 3. Payroll / Payables Services
- 4. CCIP Budget / Federal Programs Monitoring
- 5. EMIS / DASL / SOES Services

The total fee paid for these services during fiscal year 2011 was \$209,865.

12. Capital Leases:

The School entered into capitalized leases for the acquisition of equipment in prior fiscal years. The leases meet the criteria of a capital lease as defined by Statement of Financial Accounting Standards No. 13 "Accounting for Leases", which defines a capital lease generally as one which transfers benefit and risk of ownership to the lessee. These capital leases have been recorded as capital assets at the present value of the minimum lease payments as of the inception date. The capital leases are recorded as furniture and equipment of \$70,470 (\$35,235 accumulated depreciation). The School paid \$42,491 in principal and interest for the fiscal year ended June 30, 2011.

Fiscal Year		Capital Lease	
2012	\$	14,171	
Total		14,171

13. Other Leases:

Obermiller LLC

During fiscal year 2000, the School entered into a lease agreement with Obermiller, LLC for approximately six acres of property and the building located at 1850 Bostwick Road, Columbus, Ohio 43227. The initial term of the lease commenced on May 1, 2000 and ended on June 30, 2006. An additional two year lease commenced July 1, 2006 and ended on June 30, 2008. A month-to-month lease commenced October 1, 2008. Total rent expense for fiscal year 2011 was \$36,000.

Millennium Charter School Development

During fiscal year 2009, the School entered into a lease agreement with Millennium Charter School Development for property and the building located at 3500 Refugee Road, Columbus, Ohio 43232. The initial term of the lease commenced April 20, 2009. The term of the lease is 20 years autorenewing every 12 months. 6 months written notice is needed to not renew the lease. Total rent for fiscal 2011 was \$789,796.

14. Sponsor:

The School contracted with Educational Resource Consultants of Ohio (ERCO) on April 24, 2006 to provide sponsorship services through June 30, 2011. The School pays ERCO 1.75% of monthly foundation payments. The total fees paid under this contract for fiscal year 2011 totaled \$68,722. The sponsor provides oversight, monitoring, treasury and technical assistance for the School.

Notes to the Schedule of Receipts and Expenditures of Federal Awards June 30, 2011

NOTE A - SIGNIFICANT ACCOUNTING POLICIES

The accompanying Schedule of Receipts and Expenditures of Federal Awards (the Schedule) summarizes activity of the School's federal award programs. The schedule has been prepared on the cash basis of accounting.

NOTE B - MATCHING REQUIREMENTS

Certain Federal programs require that the School contribute non-Federal funds (matching funds) to support the federally-funded programs. The School has complied with the matching requirements. The expenditure of non-Federal matching funds is not included on the Schedule.

NOTE C - CHILD NUTRITION CLUSTER

Cash receipts from the U.S. Department of Agriculture are commingled with State grants. It is assumed federal monies are expended first.

INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

The Ohio Achievement Charter Schools, Inc. DBA Millennium Community School 3500 Refugee Road Columbus, Ohio 43232

To the Board of Directors:

We have audited the basic financial statements of the Ohio Achievement Charter Schools, Inc., Franklin County, Ohio (the School), as of and for the year ended June 30, 2011, and have issued our report thereon dated December 19, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the School's internal control over financial reporting as a basis for designing our audit procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of opining on the effectiveness of the School's internal control over financial reporting. Accordingly, we have not opined on the effectiveness of the School's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A material weakness is a deficiency, or combination of internal control deficiencies resulting in more than a reasonable possibility that a material misstatement of the School's financial statements will not be prevented, or detected and timely corrected.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider material weaknesses, as defined above.

Compliance and Other Matters

As part of reasonably assuring whether the School's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

The Ohio Achievement Charter Schools, Inc. DBA Millennium Community School 3500 Refugee Road Columbus, Ohio 43232

To the Board of Directors:

Compliance

We have audited the compliance of Ohio Achievement Charter Schools, Inc., Franklin County, Ohio (the School), with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133, Compliance Supplement* that could directly and materially affect each of School's major federal programs for the year ended June 30, 2011. The summary of auditor's results section of the accompanying schedule of findings identifies the School's major federal programs. The School's management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to each major federal program. Our responsibility is to express an opinion on the School's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to reasonably assure whether noncompliance occurred with the compliance requirements referred to above that could directly and materially affect a major federal program. An audit includes examining, on a test basis, evidence about the School's compliance with those requirements and performing other procedures we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the School's compliance with those requirements.

In our opinion, the Ohio Achievement Charter Schools, Inc., complied, in all material respects, with the requirements referred to above that could directly and materially affect each of its major federal programs for the year ended June 30, 2011. However, the results of our auditing procedures disclosed an instance of noncompliance with those requirements that, while not affecting our opinion on compliance, OMB Circular A-133 requires us to report. The accompanying schedule of findings lists this instance as Finding 2011-01.

Internal Control Over Compliance

The School's management is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the School's internal control over compliance with the requirements that could directly and materially affect a major federal program, to determine our auditing procedures for the purpose of expressing our opinion on compliance, and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of opining on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the School's internal control over compliance.

The Ohio Achievement Charter Schools, Inc.
DBA Millennium Community School
Independent Accountants' Report on Compliance with
Requirements applicable to each Major Federal Program and
Internal Control over Compliance in Accordance with OMB Circular A-133

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over compliance that might be significant deficiencies or material weaknesses and therefore, we cannot assure we have identified all deficiencies, significant deficiencies, or material weaknesses. However, as discussed below, we identified a certain deficiency in internal control over compliance that we consider to be a material weakness.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program compliance requirement. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected. We consider the deficiency in internal control over compliance described in the accompanying schedule of findings as items 2011-01 to be a material weakness.

The School's response to the finding we identified is described in the accompanying schedule of findings. We did not audit the School's response and, accordingly, we express no opinion on it.

We also noted certain matters not requiring inclusion in this report that we reported to the School's management in a separate letter dated December 19, 2011.

We intend this report solely for the information and use of the audit committee, management, *Board of Directors*, the Community School's sponsor, others within the entity federal awarding agencies, and pass-through entities. It is not intended for anyone other than these specified parties.

Noncompliance and Material Weakness - Eligibility Determination and Verification

7 CFR 245.6 provides that each child receiving free and reduced lunches must annually submit an application to the School. The School must then certify a child's family income and family size and place him/her within income eligibility standards issued by the Office of Food Nutrition Services. The application must be approved and maintained on file.

7 CFR 245 6a requires that by December 15th of each school year a participating school (school food authority-SFA) must verify the information presented on a sample of the applications that it has approved for free and reduced price meals. The verification sample size is based on the number of approved applications on file on October 31st. SFAs may select the sample by either of two methods specified in the section. Further, the SFA must follow-up on children determined ineligible for free and reduced price meals and change the category of such children determined ineligible.

7 CFR 245.6a, c states that the school verifying applications shall maintain on file for review a description of the verification to be accomplished. The description shall include:

- (1) A summary of the verification efforts including the techniques to be used;
- (2) the total number of applications on file by October 31;
- (3) the percentage or number of applications verified;
- (4) all verified applications must be readily retrievable by the school and include all documents submitted by the household in an effort to confirm eligibility, reproductions of those documents, or annotations made by the determining official which indicate which documents were submitted by the household and the date of submission;
- (5) documentation of any changes in eligibility and the reasons for the changes; and
- (6) all relevant correspondences between the household selected for verification and the school food authority/school.

SCHEDULE OF FINDINGS OMB CIRCULAR A-133 § .505 June 30, 2011

Furthermore, the Ohio Department of Education's Verification Manual states;

- Prior to household notification, someone other than the person who made the initial application determination must check the accuracy (Confirmation Review) of all of the household applications selected for verification. This person is known as the "Confirming Official".
- If a household fails to respond, LEAs must make at least one attempt to obtain verification information from the household through mail, telephone, email, or through personal contact. A third party may assist the LEA with this follow up activity. LEAs MUST document the follow up attempt to the household.

At the beginning of each school year, each student that participates in the free and reduced lunch program, which does not have his/her eligibility determined through the direct certification process, is required to submit a free/reduced application. The School's Food Service Coordinator, reviews the application, determines the level of eligibility (free, reduced, or does not qualify), and then approves the application. The Food Service Coordinator is also responsible for performing the verification of the application. The school does not perform a secondary review of either procedure.

The School's current policies and procedures are insufficient to ensure that proper eligibility determinations are being made and that the verification process is taking place properly. This was evidenced by:

- 1) There was no evidence that the Food Service Coordinator reviewed or approved six of the 47 applications we tested: and
- 2) The documentation provided for the applications that the School selected for verification did not agree to the information the School reported to the ODE;
- 3) There was no documentation to support that the School made a follow-up attempt on the applications that were reported on verification as "fails to respond"; and
- 4) There was no evidence of a secondary review by the School of the eligibility determinations or the verification process.

For the Title I program, the School elected to measure its poverty level and identify eligible school attendance areas by the number of children eligible for free and reduced priced lunches under the Richard B. Russell National School Lunch Act. Thus, this finding also impacts the School's eligibility determination for the Title I program.

We recommend the School establish policies and procedures regarding eligibility determination and verification. Those policies and procedures at a minimum should incorporate the requirements of the above noted CFR sections.

Officials Response and Corrective Actions

The School's corrective action plan includes the development and implementation of procedures designed to incorporate the eligibility determination and verification as outlined in CFR 245.6.

Independent Accountants' Report on Applying Agreed-Upon Procedure

The Ohio Achievement Charter Schools, Inc. DBA Millennium Community School 3500 Refugee Road Columbus, Ohio 43232

To the Board of Directors:

Ohio Rev. Code Section 117.53 states "the auditor of state shall identify whether the school district or community school has adopted an anti-harassment policy in accordance with Section 3313.666 of the Revised Code. This determination shall be recorded in the audit report. The auditor of state shall not prescribe the content or operation of any anti-harassment policy adopted by a school district or community school."

Accordingly, we have performed the procedure enumerated below, which was agreed to by the Board, solely to assist the Board in evaluating whether Ohio Achievement Charter Schools, Inc., Franklin County, Ohio, (the School) has updated its anti-harassment policy in accordance with Ohio Rev. Code Section 3313.666. Management is responsible for complying with this requirement. This agreed-upon procedure engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of this procedure is solely the responsibility of the Board. Consequently; we make no representation regarding the sufficiency of the procedure described below either for the purpose for which this report has been requested or for any other purpose.

1. We noted the Board did not amend its anti-harassment policy to include violence within a dating relationship within its definition of harassment, intimidation or bullying.

Ohio Rev. Code Section 3313.666 required the School to amend its definition by September 28, 2010.

We were not engaged to and did not conduct an examination, the objective of which would be the expression of an opinion on compliance with the anti-harassment policy. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the Board and School's sponsor, and is not intended to be and should not be used by anyone other than these specified parties.
