INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

City of Akron
Summit County
166 South High Street
Akron, Ohio 44308

To the City Council:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Akron, Summit County, Ohio, (the City) as of and for the year ended December 31, 2012, and the related notes to the financial statements, which collectively comprise the City's basic financial statements and have issued our report thereon dated June 26, 2013, wherein we noted the City adopted Governmental Accounting Standards Board Statements No. 63 and 65. In addition, the City restated certain beginning fund balances and net position.

Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinions on the financial statements, but not to the extent necessary to opine on the effectiveness of the City's internal control. Accordingly, we have not opined on it.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the City's financial statements. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

Compliance and Other Matters

As part of reasonably assuring whether the City's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

A handwritten signature in black ink that reads "Dave Yost". The signature is written in a cursive style with a large, looping "D" and "Y".

Dave Yost • Auditor of State

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

City of Akron
Summit County
166 South High Street
Akron, Ohio 44308

To the City Council:

Report on Compliance for Each Major Federal Program

We have audited the compliance of the City of Akron, Summit County, Ohio, (the City) with the applicable requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133, Compliance Supplement* that could directly and materially affect each of the City's major federal programs for the year ended December 31, 2012. The *Summary of Audit Results* in the accompanying schedule of findings identifies the City's major federal programs.

Management's Responsibility

The City's Management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to opine on the City's compliance for each of the City's major federal programs based on our audit of the applicable compliance requirements referred to above. Our compliance audit followed auditing standards generally accepted in the United States of America; the standards for financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. These standards and OMB Circular A-133 require us to plan and perform the audit to reasonably assure whether noncompliance with the applicable compliance requirements referred to above that could directly and materially affect a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our compliance opinion on the City's major programs. However, our audit does not provide a legal determination of the City's compliance.

Opinion on Each Major Federal Program

In our opinion, the City complied, in all material respects with the compliance requirements referred to above that could directly and materially affect each of its major federal programs for the year ended December 31, 2012.

Other Matters

The results of our auditing procedures disclosed an instance of noncompliance which OMB Circular A-133 requires us to report, described in the accompanying schedule of findings as item 2012-001. This finding did not require us to modify our compliance opinion on each major federal program.

The City's response to our noncompliance finding is described in the accompanying schedule of findings. We did not audit the City's response and, accordingly, we express no opinion on it.

Report on Internal Control Over Compliance

The City's management is responsible for establishing and maintaining effective internal control over compliance with the applicable compliance requirements referred to above. In planning and performing our compliance audit, we considered the City's internal control over compliance with the applicable requirements that could directly and materially affect a major federal program, to determine our auditing procedures appropriate for opining on each major federal program's compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not to the extent needed to opine on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program's applicable compliance requirement. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with federal program's applicable compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we identified a certain deficiency in internal control over compliance that we consider to be a significant deficiency, described in the accompanying schedule of findings as item 2012-001.

The City's response to the internal control over compliance finding we identified is described in the accompanying schedule of findings. We did not audit the City's response and, accordingly, we express no opinion on it.

This report only describes the scope of our internal control compliance tests and the results of this testing based on OMB Circular A-133 requirements. Accordingly, this report is not suitable for any other purpose.

Report on Supplemental Schedule of Expenditures of Federal Awards

We have also audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Akron, Summit County, Ohio, (the City) as of and for the year ended December 31, 2012, and the related notes to the financial statements, which collectively comprise the City's basic financial statements. We issued our unmodified report thereon dated June 26, 2013. Our opinion also explained that the City adopted Governmental Accounting Standards Board Statements No. 63 and 65. In addition, the City restated certain beginning fund balances and net position. We conducted our audit to opine on the City's basic financial statements. We have not performed any procedures to the audited financial statements subsequent to June 26, 2013. The accompanying supplemental schedule of expenditures of federal awards presents additional analysis required by the U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations and is not a required part of the basic financial statements. The schedule is management's responsibility, and was derived from and relates directly to the underlying accounting and other records management used to prepare the basic financial statements. We subjected this schedule to the auditing procedures we applied to the basic financial statements.

We also applied certain additional procedures, including comparing and reconciling this schedule directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, in accordance with auditing standards generally accepted in the United States of America. In our opinion, this schedule is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Dave Yost
Auditor of State
Columbus, Ohio

July 30, 2013, except for the Supplemental Schedule of Expenditures of Federal Awards which is dated June 26, 2013.

CITY OF AKRON, OHIO

NOTES TO SUPPLEMENTAL SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS YEAR ENDED DECEMBER 31, 2012

1. BASIS OF PRESENTATION

The accompanying supplemental schedule of expenditures of federal awards includes the federal grant activity of the City of Akron, Ohio, and is presented on the cash basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

2. SUBRECIPIENTS

Of the federal expenditures presented in this schedule, the City of Akron, Ohio, provided federal awards to subrecipients as follows:

Program Title	Federal CFDA No.	Amount Provided to Subrecipients
CDBG- Entitlement and (HUD-Administered) Small Cities Cluster - Community Development Block Grant/Entitlement Grants	14.218	\$1,212,690
Neighborhood Stabilization Program - Federal Direct	14.218	462,000
Neighborhood Stabilization Program - Pass thru	14.228	401,600
Emergency Shelter Grants Program	14.231	411,092
HOME Investment Partnership Program	14.239	356,890
ARRA - Homelessness Prevention and Rapid Re-Housing Program - Federal Direct	14.257	713,452
ARRA - Homelessness Prevention and Rapid Re-Housing Program - Pass thru	14.257	43,786
Lead Hazard Reduction Demonstration Grant Program	14.905	2,189,811
Edward Byrne Memorial Formula Grant Program	16.738	56,826
ARRA - Grants to Units of Local Government	16.804	5,056
ARRA - Energy Efficiency and Conservation Block Grant Program	81.128	32,240
Total		<u>\$5,885,443</u>

3. LOANS OUTSTANDING

The City of Akron, Ohio, had the following loan balances outstanding at December 31, 2012, which had continuing compliance requirements.

Program Title	CFDA No.	Outstanding
Community Development Block Grants/Entitlement Grants	14.218	\$ 66,898
Empowerment Zone Program	14.244	918,891
HOME Investment Partnership Program	14.239	3,802,877

 REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS**

None

3. FINDINGS FOR FEDERAL AWARDS

1. Highway Planning and Construction Program Monthly Prevailing Wage/EEO Reporting

Finding Number	2012-001
CFDA Title and Number	Highway Planning and Construction – CFDA #20.205
Federal Award Number / Year	2012
Federal Agency	U.S. Department of Transportation
Pass-Through Agency	Ohio Department of Highway Safety

NONCOMPLIANCE AND SIGNIFICANT DEFICIENCY

The Ohio Department of Transportation (ODOT) Locally Administered Transportation Projects Manual of Procedures, Local Public Agencies (LPA) Construction Contract Administration Chapter states in part that the LPA is required to monitor the Contractor and Subcontractors to ensure prevailing wages are paid to all laborers and mechanics employed on the project.

It is the LPA's responsibility to spot check 30% of the payrolls submitted to ensure those employees working in crafts covered by the prevailing wage laws are being paid the correct wage and fringe benefits for the craft they are performing. These should be the prevailing wages supplied in the bidding documents. Additionally, apprentice ratios must be monitored to ensure that not more than the allowable number of apprentices for any given craft is being used by the Contractor.

The LPA will be required to submit the LPA Prevailing Wage / EEO Report monthly to the ODOT District Prevailing Wage / EEO Coordinator detailing prevailing wage and EEO monitoring efforts for the previous month for each active project.

Of the seven Federally-funded Highway Planning and Construction Program projects selected for testing, there was no evidence the required 30% spot check for compliance with the wage and fringe benefit rates in the bidding documents was conducted by the City for certified payrolls submitted by the contractors and/or subcontractors.

The City should develop internal controls and procedures to ensure the required 30% spot check of certified payrolls are being performed. The certified payrolls should clearly demonstrate the contractor's employees selected for testing against the bid documents, if there were any exceptions, follow-up action for any exceptions, and have the appropriate number of contractor's employees tested against the bid documents.

Official's Response: See corrective action plan.

DEPARTMENT OF FINANCE

502 Municipal Building / 166 South High Street / Akron, Ohio 44308
(330) 375-2316 FAX: (330) 375-2291

June 26, 2013

The Honorable Donald L. Plusquellic
and Members of City Council
The City of Akron, Ohio

Dear Mayor Plusquellic and Council Members:

I am pleased to submit the Comprehensive Annual Financial Report (CAFR) of the City of Akron for the year ended December 31, 2012. This report presents financial and operating information about the City's activities during 2012 that should be useful to citizens and taxpayers. The report, prepared by the Department of Finance, contains a comprehensive analysis of the City's financial position and activities for the year.

Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the City of Akron. To the best of our knowledge and belief, the enclosed data is accurate in all material respects; it is presented in a manner designed to fairly set forth the financial position and results of operations of the City as measured by the financial activity of our various funds; and all disclosures necessary to enable the reader to gain the maximum understanding of the City's financial activities have been included.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that has been established for this purpose. The cost of internal control should not exceed anticipated benefits; therefore, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements. The Audit and Budget Division prepared all of the financial statements and assisted the external independent accountants in their performance of the annual audit. The Treasurer's Office assisted in drafting the statistical section.

Generally accepted accounting principles (GAAP) require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to

complement the MD&A and should be read in conjunction with it. The City of Akron's MD&A can be found immediately following the Independent Auditor's Report.

As background for the reader of this report, the City of Akron is a charter city. The City is the fifth largest Ohio municipality in terms of population based on the 2010 Census population of 199,110. The City's land area is approximately 62 square miles and is located in the northeastern region of the state in the County of Summit.

The City is directed by a mayor and council form of government. Legislative authority is vested in a 13-member Council, three members of which are elected at-large and ten by wards. The Council determines the compensation of City officials and employees and enacts ordinances and resolutions relating to City services, tax levies, appropriation and borrowing of money, licensing and regulating businesses and trades, and other municipal purposes.

The Mayor is elected for a four-year term and has the responsibility as the City's chief executive and administrative officer. The Mayor may veto any legislation passed by Council. A veto may be overridden by a two-thirds vote of all members of Council. The Director of Finance is appointed by the Mayor and serves as the City's chief financial officer and chief accounting officer. The Director of Finance has comprehensive responsibility for the City's fiscal activities, including budget preparation and control, employee benefits, payroll and general accounting, investment and debt management, purchasing, local income tax administration, information processing, and financial reporting.

The City provides the full range of municipal services mandated by statute or charter, including police and fire protection, health, parks, recreation, street maintenance, planning, zoning, and other general government services. The City has management control of the following enterprise activities: water, sewer, oil and gas development, golf course, airport, and off-street parking.

Economic Conditions and Outlook

Major revenue sources for the City continue to be the City's income tax, property taxes, local fees, charges for services, and state-shared local government revenue. The City's cash income tax collections increased by approximately 4.6% in 2012. On a cash basis for 2012, property taxes in the general fund decreased by 13.3% and the state's local government revenue to the City decreased by approximately 30.0%. Income tax receipts from the 12 largest economic sectors in the City have increased by 3.36% since 2008 and, combined, account for over 80% of total tax collections. Receipts from the 12 fastest growing economic sectors have increased by 16.94%. No one sector makes up more than 20% of the total collected.

Despite economic concerns in 2012, the City of Akron remains in a stable financial state. Efforts to reduce expenses and operate more efficiently have allowed the City to function at a continuously high service level at lower costs. These efforts ensure the City will be in strong position for growth as the economy rebounds. The revenue collected from the four Joint Economic Development Districts (JEDDs) is an additional funding source to encourage and promote economic development and to secure a solid tax base.

Long-term Financial Policies

Unassigned fund balance in the general fund (3.8% of the general fund expenditures) is under the City's 5% threshold policy guidelines set by the Administration for budgetary and planning purposes. The Administration intends to review this policy in the near future to determine if this policy meets the City's current needs.

The City completes a five-year capital budget that is updated annually. In this document, the City attempts to forecast its capital requirements for the next five years.

Relevant Financial Policies

The City has a charter requirement that the 2% income tax (the City's largest revenue source) used specifically for City services, be allocated so that 73% of net revenue is used for operations and the balance is used for capital needs.

Major Initiatives

Defining the major initiatives for the City of Akron can be summed up into three parts: creating and retaining jobs, neighborhood growth and security and alliance with other governmental entities.

In 2012, the Akron Global Business Accelerator was named the Number One Business Incubator in Ohio by Business Courier, a weekly business publication serving Greater Cincinnati. The Accelerator generated \$440,000 in income tax last year and created 140 new jobs. Since 2008, the Accelerator has increased the City's tax base by \$1.5M and has created 500 jobs. During the year, the City of Akron entered into a Memorandum of Understanding with Israel's national water company, Mekorot, to establish a US presence for its WaTech subsidiary companies. WaTech companies will have dedicated office space in the Accelerator to focus on innovations in water system security, treatment and distribution as well as waste water collection and energy expansion. Companies from Slovenia also gained a US base in Akron in 2012, as The Center of Excellence for Polymer Materials and Technologies (CE PoliMaT) based in Ljubljana, Slovenia opened headquarters in the Accelerator. Summit Data Communications was purchased by Laird, Plc. for \$22M and graduated from the Accelerator to offices in the Orangerie Plaza downtown.

While the Akron Global Business Accelerator was fostering new companies, established companies in the City were also strengthening. The Goodyear Tire and Rubber Company completed construction of its new World and North American Headquarters in December of 2012 on Innovation Way. The new seven-floor, 639,000 square foot building will be home to about 3,000 employees. Rochling Automotive, a company that moved to the Massillon Road Industrial Park in 2011, doubled its manufacturing capacity in 2012. Rochling has made plans to add 60 new jobs to the 120 originally planned in 2011. Involta, a data processing company, purchased the old Brown Graves site and completed construction of a new state of the art \$20M data facility. With assistance from the City, Involta is considering further expansion. Finally, Pinnacle Recycling is proceeding with plans to redevelop the former Sears department store in the Rolling Acres redevelopment area. Pinnacle has filled approximately ninety-nine percent of the 152,000 square foot facility while increasing employment from 18 to 45 employees.

The City of Akron also continued to focus on neighborhood growth and security. In 2012, the City created the Neighborhood Assistance Department. The new department was formed to perform duties including handling housing complaints, nuisance grievances and zoning issues as well as promoting recreational activities and community policing programs. The Department's 311 Call Center partnered with the Police Department to establish a customer service request line to enhance a new policing system called DIVRT (Digital Imaging Video Response Team). Citizens or companies utilizing surveillance cameras were encouraged to register their equipment with the City via the 311 Call Center. By doing so, the Police department was able to use social media to post videos and apprehend suspects in two separate incidents in May. The Akron Police Department, Philadelphia Police Department and FBI were featured on NBC Nightly News for their work with DIVRT.

The City continued its efforts to bring a grocery store to the Highland Square neighborhood in 2012. The City applied for and received a section 108 loan guarantee through the Community Development Block Grant program run by the U.S. Department of Housing and Urban Development. The funds will be used to help Mustard Seed Market build a new two-story store in the area.

The City allied with other governmental entities to create the Summit Lake Family Opportunity Center in 2012. Working in collaboration with the Akron Metropolitan Housing Authority and Akron Public Schools, construction was started on the structure adjacent to the existing recreation center in the Summit Lake area. A \$4M grant was awarded to AMHA from the U.S. Department of Housing & Urban Development to fund capital improvements and equipment to build the early childhood, adult learning and job training center. To secure the funding, the City provided a 99 year ground lease to AMHA for the land and Akron Public Schools agreed to operate two kindergarten classrooms at the facility.

In 2012, the City announced the development of Akron Bio Investments Funds LLC, a \$1.75M fund set up to attract international and domestic companies specializing in orthopedics, wound healing and cardiovascular science. Initial investments were made to the fund by Medical Mutual, First Energy, Cascade Capital and NEOMED. All companies receiving investment from the fund must commit to maintain an Akron headquarters or a material presence in the Biomedical Corridor. In its first year of operation, the fund awarded three Product Development Grants for \$250,000 each and one Rapid Commercialization Loan for \$250,000.

Major collaborations with other governmental policing forces yielded significant reductions in violent crimes in Akron last year. Over three days in May, the City worked with SWAT teams from the Summit County Sheriff's Office, FBI and Metro SWAT to arrest over 30 suspected criminals on charges related to possession of crack, heroin and marijuana. Officers also seized guns and cash during their operations. With the inclusion of Federal agencies in these arrests, the potential punishments these criminals face are harsher and will serve as a deterrent to future crime in the City.

These are just a few of the initiatives that, when taken together, contribute to the strength and diversity of the City's economy.

Reporting Standards

The City's accounts are organized as funds. Each fund is a separate accounting entity with its own self-balancing set of accounts, assets, liabilities, and fund balance/equity. Following are the titles of these fund types with a brief description.

Governmental funds:

General Fund – The General Fund is the general operating fund of the City and is appropriated. It is used to account for all financial resources traditionally associated with government that are not required to be accounted for in another fund.

Special Revenue Funds – The Special Revenue Funds are used to account for revenues derived from specific taxes, grants, or other restricted revenue sources. City ordinances or federal or state statutes specify the uses and limitations of each Special Revenue Fund. During 2012, the City had 24 Special Revenue Funds.

Debt Service Funds – The Debt Service Funds are used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs. During 2012, the City had 10 Debt Service Funds.

Capital Projects Funds – The Capital Projects Funds are used to account for financial resources used for the acquisition or construction of major capital facilities other than those financed by proprietary funds. During 2012, the City had 6 Capital Projects Funds.

Permanent Funds – The Permanent Funds are used for the purpose of accounting for resources that are legally restricted to the extent that earnings, and not principal, may be used for purposes that support the reporting governments. The City does not have any Permanent Funds.

Proprietary funds:

Enterprise Funds – The Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises, in that the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The City has six Enterprise Funds.

Internal Service Funds – The Internal Service Funds are used to account for the financing of goods or services provided by one division or agency to other divisions or agencies of the government, generally on a cost-reimbursement basis. The City has eight Internal Service Funds.

Fiduciary funds:

Private Purpose Trust Funds – The Private Purpose Trust Funds are used to account for other trust arrangements which benefit individuals, private organizations, or other governments. During 2012, the City had three Private Purpose Trust Funds.

Agency Funds – The Agency Funds are used to account for assets held by the City as an agent for individuals, private organizations, and other governments. During 2012, the City had three Agency Funds.

Other Fiduciary Funds – The Other Fiduciary Funds include pension trust funds and investment trust funds. The City does not utilize any such Other Fiduciary Funds.

Basis of Accounting:

Except for budgetary purposes, the basis of accounting used by the City conforms to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental units and is consistent with Governmental Accounting Standards Board (GASB) Cod. Sec. 1600, “Basis of Accounting.” All governmental funds are accounted for using a current financial resources-current assets and current liabilities measurement focus. The modified accrual basis of accounting is utilized for governmental funds. Revenues are recognized when they are susceptible to accrual (both measurable and available). Expenditures are recognized when the related liability is incurred, except for interest on long-term debt which is recorded when due.

The measurement focus on the City’s proprietary and fiduciary funds is on the flow of total economic resources (all assets and liabilities). The accrual basis of accounting (revenues are recognized when earned and expenses when incurred) is utilized by the City in its proprietary funds.

The City’s basis of accounting for budgetary purposes differs from GAAP in that revenues are recognized when received rather than when susceptible to accrual (measurable and available), and encumbrances are included as expenditures rather than as an allocation of fund balances.

Accounting policies are further explained in Note 1 to the basic financial statements.

Cash Management

Effective cash management is recognized as essential to good fiscal management. The primary objectives of the City’s investment activities are the preservation of capital and the protection of investment principal. The Treasurer’s Office within the Department of Finance invests all cash, following the City’s own investment ordinance, in various securities which consist of fixed-rate City bonds and notes, certificates of deposit, fully collateralized repurchase agreements, and U.S. government obligations. The City’s investment ordinance was modified in late 1986 to take

advantage of State of Ohio investment opportunities. However, the local investment policy continues to be conservative with the highest priority given to safeguarding assets. For 2012, investment interest income averaged a yield of 0.36% compared to a yield of 0.54% in 2011. The interest earnings are maximized by investing to projected payment dates on a competitive bid basis and by investing bank balances daily.

Risk Management

The City has been self-insured for liability coverage for non-auto-related incidents since 1985. This program was established in response to the dramatic rise in premiums in the mid-1980's and the increases in exclusions written into standard insurance policies. Additionally, the City is primarily self-insured for employee medical benefits, including major medical, dental, and vision care. This has proven to be the most cost-effective program for this type of coverage. The City also has in place reserve funds for workers' compensation and medical benefits. For other types of coverage, such as property insurance, airport liability, employee life, auto liability, and boiler and machinery coverage, the City has secured traditional insurance. The City is assisted in its insurance program by an independent consulting firm that writes no insurance but has expertise in the insurance industry. The City relies on the advice offered by the consultant in securing any insurance.

Pension

The City contributes to two state-administered retirement plans covering various groups of City employees. Police and firefighters participate in the statewide Ohio Police and Fire Pension Fund. Substantially, all other City employees participate in the statewide Ohio Public Employees Retirement System (OPERS). The City's total contributions to these plans were equal to 100% of the required employer contributions for the year. The financial statements of these state-mandated plans are not included in the City's financial reports as the plans are outside of our control and are independent of our financial resources or influence.

Independent Annual Audit

We appreciate the cooperation of State Auditor Dave Yost and his staff in completing the City's audit in a timely and highly professional manner.

Certificate of Achievement for Excellence in Financial Reporting

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Akron, Ohio, for its Comprehensive Annual Financial Report for the fiscal year ended December 31, 2011. The Certificate of Achievement is a prestigious national award, recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report, whose contents conform to program standards. Such a CAFR must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. The City of Akron, Ohio, has received Certificates of Achievement for the last 28 consecutive years (1984 through 2011). We believe our current report continues to conform to the Certificate of Achievement program requirements, and we are submitting it to GFOA.

Acknowledgments

The 2012 Comprehensive Annual Financial Report could not have been accomplished without the dedication of the professionals in the Audit and Budget Division of the Department of Finance. Special acknowledgment must go to the Audit and Budget staff for the many hours of quality service they have provided to the City in the formulation of this report. I further wish to thank you, Mayor, for continuing to provide to the department the necessary support and leadership required to enhance the City's overall fiscal position and its financial reporting practices. We trust that this timely, complete, and fully readable Comprehensive Annual Financial Report satisfies your needs and those of City Council for responsible financial planning and reporting.

Respectfully,

Diane L. Miller-Dawson
Director of Finance

DLMD/dmu

Certificate of Achievement for Excellence in Financial Reporting

Presented to

City of Akron
Ohio

For its Comprehensive Annual
Financial Report
for the Fiscal Year Ended
December 31, 2011

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

INDEPENDENT AUDITOR'S REPORT

City of Akron
Summit County
166 South High Street
Akron, Ohio 44308

To the City Council:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Akron, Summit County, Ohio, (the City) as of and for the year ended December 31, 2012 and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the City's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Akron, Summit County, Ohio, as of December 31, 2012, and the respective changes in financial position and where applicable, cash flows, thereof for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Notes 1N and 27 to the financial statements, during the year ended December 31, 2012, the City adopted the provisions of Governmental Accounting Standard No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position* and No. 65, *Items Previously Reported as Assets and Liabilities* and the City adjusted various beginning fund balances and net position at January 1, 2012 for a change to an accounting practice and the implementation of Governmental Accounting Standard No. 65. We did not modify our opinion regarding this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require this presentation to include *Management's discussion and analysis and required budgetary comparison schedules* listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any other assurance.

Supplementary and Other Information

Our audit was conducted to opine on the City's basic financial statements taken as a whole. The introductory section, the financial section's combining statements, individual fund statements and schedules, and the statistical section information present additional analysis and are not a required part of the basic financial statements.

The financial section's combining statements, individual fund statements and schedules are management's responsibility, and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected these statements and schedules to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

We did not subject the introductory section and statistical section information to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion or any other assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 26, 2013, on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

CITY OF AKRON, OHIO MANAGEMENT'S DISCUSSION AND ANALYSIS

Management's discussion and analysis of the City of Akron, Ohio financial performance provides an overview of Akron's financial activities for the fiscal year ended December 31, 2012. Please read it in conjunction with the transmittal letter on page 7 and the City's financial statements, which begin on page 38.

FINANCIAL OVERVIEW

- The assets and deferred outflows of the City of Akron, Ohio exceeded its liabilities and deferred inflows at December 31, 2012 by \$759,799,017 (net position). Of this amount \$55,496,219 is restricted for debt service.
- The City's total net position increased by \$6,937,902 during the current year. Governmental activities' total net position decreased by \$1,893,634 and the business-type activities' total net position increased by \$8,831,536.
- As of the close of the current fiscal year, the City of Akron's governmental funds reported combined ending fund balances of \$113,910,807, a decrease from the prior year which is attributed to the expenditures associated with federally funded grant programs along with previously issued bonds.
- At the end of the current fiscal year, unassigned fund balance for the general fund was \$5,102,134 or 3.8% of total general fund expenditures.
- The City of Akron's total debt outstanding decreased by \$22,997,355 (3.08%) during the current year. During 2012, the City issued \$8,540,000 in General Obligation Bonds for various purpose improvements and Income Tax Revenue Bonds of \$162,385,000 for Community Learning Centers and \$28,870,000 for various purpose improvements.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the City of Akron's basic financial statements. The City of Akron's basic financial statements are comprised of the following: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains required and other supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements. The government-wide financial statements are designed to provide readers with a broad overview of the City of Akron's finances in a manner similar to a private sector business.

The statement of net position presents information on all of the City of Akron's assets and deferred outflows and liabilities and deferred inflows, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of the financial position of the City of Akron.

The statement of activities presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City of Akron that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business type activities). The governmental activities of the City of Akron include general government, public service, public safety, community environment, public health and recreation and parks. The business-type activities of the City of Akron include water, sewer, oil and gas, golf, airport and off-street parking operations.

The government-wide financial statements can be found on pages 38 – 39 of this report.

Fund Financial Statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Akron, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City of Akron can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City of Akron maintains 41 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, the Community Learning Centers (CLC) Fund, the Income Tax Capital Improvement Fund and the Special Assessment Bond Payment Fund which are considered to be major funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The City of Akron adopts an annual appropriated budget for its General Fund, special revenue funds, some debt service, enterprise and internal service funds. The General Fund, Community Learning Centers Fund, and Income Tax Capital Improvement Fund budgetary schedules (non-GAAP budgetary basis) have been provided as Required Supplementary Information (RSI) to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 40-43 of this report.

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The focus of the City's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the City's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. During 2012, the City implemented GASB 63 – *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position* and also GASB 65 *Items Previously Reported as Assets and Liabilities*. The new standard establishes a basis to reclassify certain items that were previously reported as assets and liabilities and instead classify them as Deferred Inflows of Resources, Deferred Outflows of Resources, or as outflows or resources.

Fund balances are the differences between assets and liabilities in a governmental funds. 1) Nonspendable fund balance includes amounts that are not in spendable form, or amounts that are required to be maintained intact. 2) Restricted fund balance includes amounts that can be spent only for the specific purposes stipulated by external providers, such as grantors or bondholders, as well as amounts that are restricted through enabling legislation. 3) Committed fund balance includes amounts that can be used only for the specific purposes that are determined by a formal action of the government's highest level of decision making authority. 4) Assigned fund balance applies to amounts that are intended for specific purposes as expressed by the governing body or authorized official and applies to remaining resources in any governmental funds other than the General Fund. 5) Unassigned fund balances include all amounts not contained in other classifications for the General Fund, and deficit fund balances in any other governmental funds.

As of the end of the current fiscal year, the City's total governmental funds reported an ending fund balance of \$113,910,807 a decrease of \$5,994,079 in comparison with the prior year. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 3.8% of total General Fund expenditures, while total fund balance represents 4.9% of that same amount.

Proprietary Funds. The City of Akron maintains two different types of proprietary funds, enterprise and internal service funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City of Akron uses enterprise funds to account for its water, sewer, oil and gas, golf, airport, and off-street parking operations. Internal service funds are an accounting device used to accumulate and allocate costs internally among the City of Akron's various functions. The City of Akron uses internal service funds to account for its vehicle maintenance, medical self-insurance, workers' compensation self-insurance, other self-insurance costs, storeroom (providing City-

wide copy center, mailing operation and central storeroom), information technology (responsible for all data processing and computer operations of the City), telephone system (with outside cable plant consisting of underground and aerial wires and telephone cables), and engineering bureau (responsible for design and construction for City streets, sidewalks, sewer and water utilities, bridges, and City facilities). Because most of the internal services predominantly benefit governmental rather than business-type functions, they have been included within the governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Water, Sewer, and Off-Street Parking operations, which are considered to be major funds of the City of Akron. Conversely, the internal service funds are combined into a single aggregated presentation in the proprietary fund financial statements. Individual fund data for the nonmajor enterprise and the internal service funds is provided in the form of combining statements elsewhere in this report.

The basic proprietary fund financial statements can be found on pages 44 – 46 of this report.

Fiduciary Funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City of Akron’s own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on pages 47 – 48 of this report.

Notes to the Financial Statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 49-111 of this report.

Other Information. In addition to the basic financial statements and accompanying notes, this report also presents certain Required Supplementary Information (RSI) concerning the City of Akron’s General Fund, Community Learning Centers Fund and Income Tax Capital Improvement Fund budgetary comparison. Required Supplementary Information (RSI) can be found on pages 113-118 of this report.

The combining statements referred to earlier in connection with nonmajor governmental funds, enterprise funds and internal service funds are presented immediately following the Required Supplementary Information (RSI) and can be found on pages 120-185 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City of Akron, assets exceeded liabilities by \$759,799,017 at the close of the most recent fiscal year.

By far the largest portion of the City of Akron's net position reflects its net investment in capital assets (e.g., land, buildings, machinery, and equipment), less any related debt used to acquire those assets that is still outstanding. The City of Akron uses these capital assets to provide services to the citizens; consequently, these assets are not available for future spending. Although the City of Akron's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other resources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the City of Akron's net position (7.3%) is restricted for the payment of debt service. The City's overall net position increased by \$6,937,902 during the current year; the net position of the governmental activities decreased by \$1,893,634 and business-type activities increased by \$8,831,536.

Summary Statement of Net Position
as of December 31, 2011 and 2012
(in thousands)

Net position:						
Net investment in capital assets	336,791	342,182	382,353	381,737	719,144	723,919
Restricted	64,060	45,769	9,650	9,727	73,710	55,496
Unrestricted (deficit), as restated	(39,095)	(28,089)	(898)	8,473	(39,993)	(19,616)
Total net position	\$ 361,756	\$ 359,862	\$ 391,105	\$ 399,937	\$ 752,861	\$ 759,799

Governmental Activities. Changes in net position before transfers was a decrease in the amount of \$1,586,000.

For the governmental activities, the unrestricted deficit results from having insufficient assets set aside for long-term obligations such as compensated absences and OPEB liability. The City finances such obligations on a year-to-year basis as they come due and also has ongoing capital projects that are debt-financed.

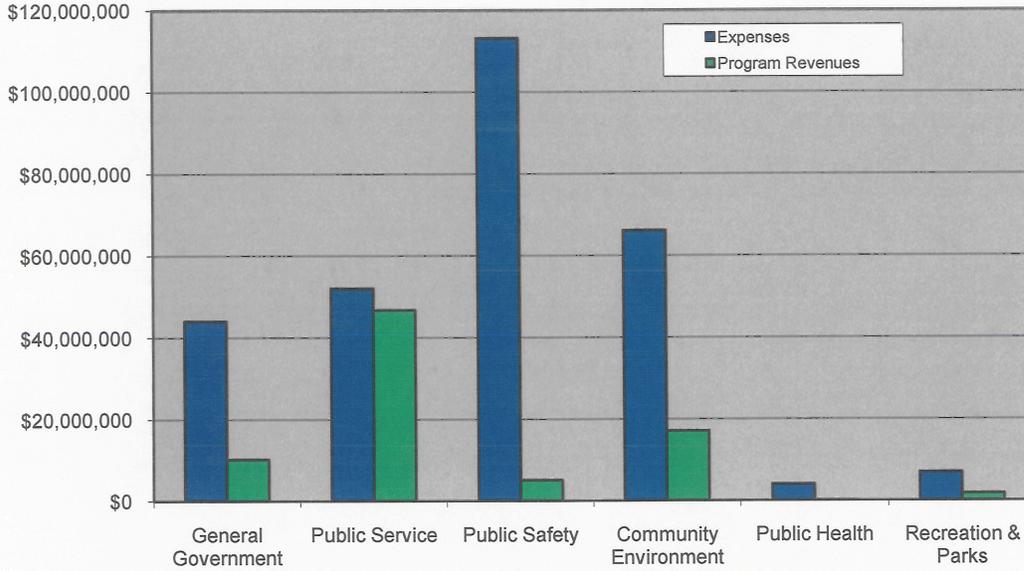

The following table shows total revenues for 2012 were \$335,764,000 which reflects a decrease from the prior year. Program revenue showed a decline as Charges for services and Capital grants and contributions decreased by \$6,023,000 and \$3,272,000, respectively. Expenses for 2012 were higher than 2011 by approximately \$24,809,000. Even as the City monitored spending, the expenditures for community environment show an increase relating to existing commitments and interest expense. Key events contributing to the changes are as follows:

- The increase in shared revenues is evidenced by the change in the state of the economy and is in conjunction with the Community Learning Center Projects.
- Unemployment shows a decrease to 7.6% which is a result of employees returning to the work force.
- The decrease in capital grants and contributions was basically offset by the increase in Operating grants and contributions.
- Miscellaneous revenues decrease is attributed to a single payment received in 2011 that was not an ongoing revenue stream.
- Significant efforts are still in place to keep expenditures in line with revenue.
- The notable increase in community environment expenditures is solely due to the Community Learning Center Projects that has significant long-term benefit to the community.

Expenses and Program Revenues - Governmental Activities

The above chart shows the revenue generated by the various programs of the City of Akron and the expenses relating to each program. As shown below, the primary source of revenue that funds these programs is reported in the financial statements as income taxes.

Revenues By Sources Governmental Activities

FINANCIAL ANALYSIS OF THE GOVERNMENTAL FUNDS

As noted earlier, the City of Akron uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The focus of the City of Akron's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City of Akron's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the City of Akron's governmental funds reported a combined ending fund balance of \$113,910,807, a decrease in comparison to the prior year. The unassigned fund balance at the end of the current year is a deficit of \$22,346,158. The remainder of fund balance is distributed to indicate that it is not available for new spending because it has already been dedicated. The City's major governmental funds are the General Fund, the Community Learning Centers (CLC) Fund, the Income Tax Capital Improvement Fund, and the Special Assessment Bond Payment Fund.

The General Fund is the chief operating fund of the City of Akron. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$5,102,134, while the total fund balance is \$6,605,787. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 3.8% of total General Fund expenditures, while total fund balance represents 4.9% of that same amount.

The fund balance of the City of Akron's General Fund decreased by \$2,538,404 during the current fiscal year. Key factors in this change are as follows:

- Revenues as a whole decreased by \$6,958,776 from the prior year. The decrease is attributed to several sources of revenues.
- Charges for services decrease is due to the first year elimination of interfund activity.
- Property taxes decreased as a function of the economic condition.
- Shared revenues decrease is attributed to the reduction in Local Government funding mandated by the State of Ohio.
- Expenditures are under careful review not to exceed available resources is evidenced by expenditures remaining under revenue by \$4,791,300.
- The practice of transferring monies from the General Fund, \$7,329,704, to subsidize various operations and provide the local match for grants is a method used annually by the City to provide resources to these funds.

The Community Learning Centers Fund has a total fund balance of \$83,197,134. The net decrease in fund balance the Community Learning Centers Fund from the prior year was \$21,057,858 which is attributed to the payment of expenditures for debt service and project specific costs.

The Income Tax Capital Improvement Fund has a total fund balance of \$3,648,287. Expenditures exceeded revenue by \$4,201,138 in 2012 attributing to the decrease in the fund balance. The Fund is responsible for debt service payments and relies heavily on the collection of income taxes.

The Special Assessment Bond Payment Fund has a total fund balance of \$2,346,321. The Fund is utilized for the accumulation of resources for, and the payment of, special assessment debt principal and interest and related costs.

Other Governmental Funds have a combined fund balance of \$18,113,278. The increase in the combined fund balance was \$21,243,337. This majority of the change is attributed to projects within the capital project funds. The City has been diligent in addressing several special revenue funds and the capital project funds as reflected in the net change in fund balance in the following: City Facilities Operating Fund and the Streets Fund.

GENERAL FUND BUDGETARY OVERVIEW

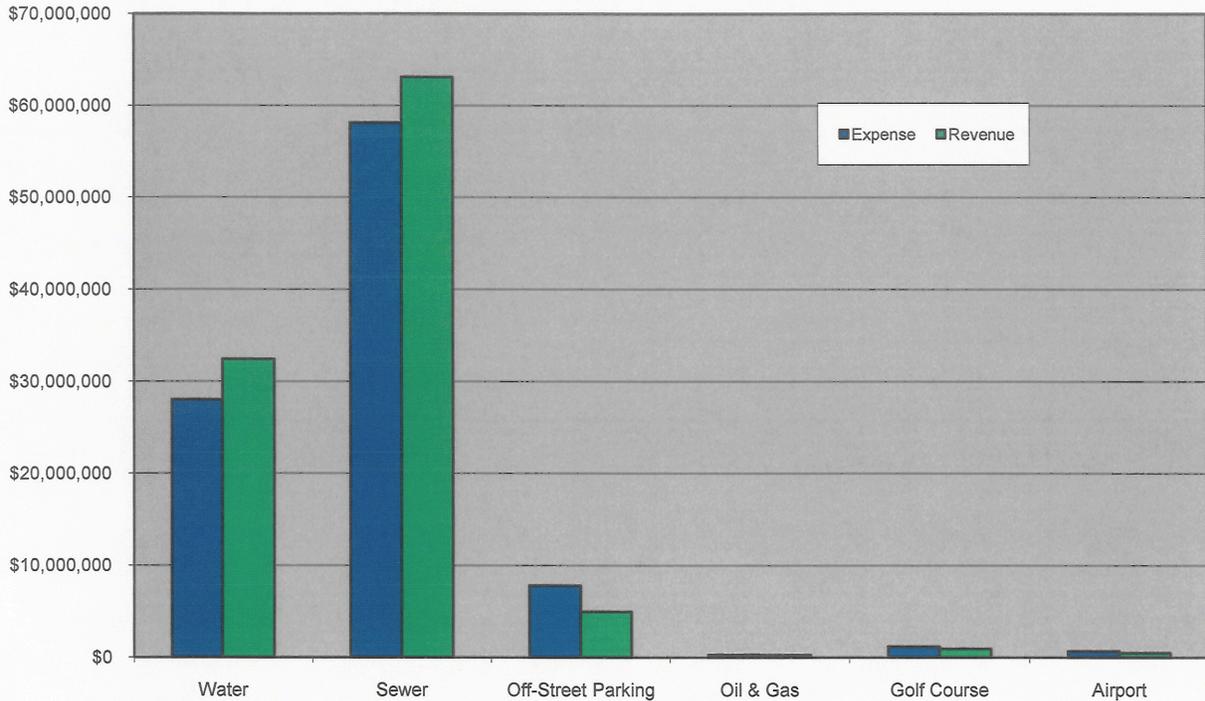

During the year, actual revenues and other sources were over original budgetary estimates by \$6,064,964 (4.4%). Income tax revenue, the major revenue source, was more than the budgeted amount by \$2,048,300. Local government revenues during 2012 were higher than budgeted amount by \$1,016,129 basically offsetting the decrease in service revenues. Miscellaneous revenue for 2012 was less than budgeted due to reclassifying various funds during 2011.

Through restraint on spending, the budgeted draw on General Fund resources was a minimal \$88,022. The actual results were lower for final budgeted amount for revenues and other sources by \$6,342,879. The actual expenditures were under the final budget by \$10,227,574.

Key events contributing to the changes in the General Fund budget amounts are as follows:

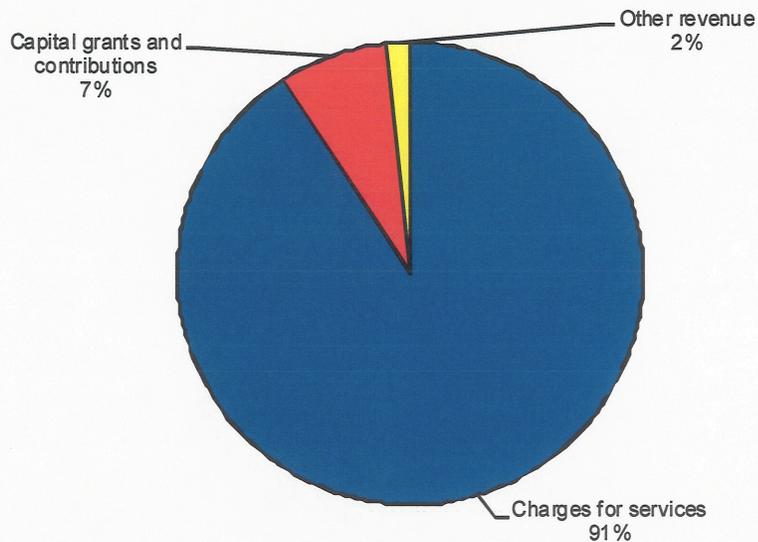

- The Police Department's budget was increased \$1,200,000 and the Fire Department's budget was increased \$600,000.
- The Department of Public Service final budget was adjusted to allow for the creation of the Department of Neighborhood Assistance.
- The City's expenditures include the payment of some of the deferred liabilities negotiated during more difficult economic times.

Expenses and Program Revenues - Business-type Activities

The above chart shows the revenue generated by the various business-type activities of the City of Akron and the expenses relating to each activity. As shown below, the majority of the revenue that funds these activities is reported in the financial statements as charges for services.

Revenues by Sources - Business-type Activities

FINANCIAL ANALYSIS OF THE PROPRIETARY FUNDS

Business-Type Activities. Business-type activities increased the City of Akron's net position by \$8,831,536 compared to an increase of \$4,860,967 in the prior year. Total program revenues increased by \$7,435,950 coupled with an increase in expenses of \$4,301,098 account for the change in net position.

Proprietary Funds. The City of Akron's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. The City's major enterprise funds are the Water, Sewer and Off-Street Parking.

Unrestricted net position of the Water Fund at the end of the year was \$3,315,080; for the Sewer Fund was \$7,720,298 and for the Off-Street Parking Fund was a deficit of \$835,006. The increase reported in net position for the Water and Sewer Funds were \$5,367,290 and \$5,655,896, respectively. The decrease reported in net position for Off-Street Parking was \$2,795,670.

The Water Department services the City and 12 surrounding communities which account for 83,550 customer accounts and 1,225 miles of water mains. All bonds of the Water Fund are paid from water enterprise revenues. A ten-year comparison of certain water enterprise data is shown in Schedule 15 of the Statistical Section. Water rates remained stable and results of operations yielded an increase in net position due to cost containment.

The Sewer Department services the City and 12 surrounding communities which account for 78,653 customer accounts and 1,372 miles of sewer lines. All bonds of the Sewer Fund are paid from sewer enterprise revenues. A ten-year comparison of certain sewer enterprise data is shown in Schedule 15 of the Statistical Section. Sewer rates remained virtually unchanged with only slight increases to a small population of non-resident customers and results of operations yielded an increase in net position due again to cost containment.

The Off-Street Parking Fund experienced a decrease in charges for services revenue coupled with a slight increase in operating expenses. The decrease in net position directly relates to a lower amount of capital contributions compared to prior year.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets. The City of Akron's investment in capital assets for its government and business-type activities as of December 31, 2012, amounts to \$1,477,987,840 (net of accumulated depreciation). This investment in capital assets includes land, construction in progress, buildings, improvements other than buildings, equipment, and infrastructure. The total increase in the City of Akron's investment in capital assets for the current fiscal year was \$27,013,056 (a 1.2% increase for governmental activities and a 3.1% increase for business-type activities).

	Capital Assets (net of accumulated depreciation) (in thousands)					
	Governmental Activities		Business-type Activities		Total	
	2011	2012	2011	2012	2011	2012
Land	\$156,826	\$157,418	\$26,688	\$26,951	\$183,514	\$184,369
Construction in progress	91,040	98,226	17,262	43,294	108,302	141,520

Equipment	17,486	14,295	6,117	5,155	23,603	19,450
Infrastructure	334,710	331,170	130,299	128,840	465,009	460,010
	<u>\$973,493</u>	<u>\$985,652</u>	<u>\$477,482</u>	<u>\$492,336</u>	<u>\$1,450,975</u>	<u>\$1,477,988</u>

The City of Akron displays additional information relating to the capital assets of the City that can be found in Note 1. G. and Note 7.

Major capital assets added during the current fiscal year included the following:

- Community Learning Centers Construction In Progress - \$24,473,294
- WPCS Step Feed Phase I - \$8,082,016
- Massillon Road Sewer - \$6,025,540
- Massillon Road Improvements - \$4,608,310
- CSO Rack 8 Sewer Separation - \$1,955,145
- Tallmadge Avenue Widening - \$1,414,958

Long-Term Debt. At the end of the current fiscal year, the City of Akron had total debt outstanding of \$724,590,000. All general obligation bonds are backed by the full faith and credit of the City. Special assessment bonds and notes are covered by special assessment collections and are backed by the full faith and credit of the City. The remainder of the City of Akron's debt represents bonds secured solely by specified revenue sources.

The City of Akron's total debt outstanding decreased by \$22,997,355 (3.08%) during the current fiscal year.

During the current fiscal year the City issued \$8,540,000 in General Obligation Bonds for various purpose improvements and \$28,870,000 in Income Tax Revenue Bonds to pay for various purpose improvements along with a \$162,385,000 issue for the Community Learning Centers. There were OWDA loans issued for the cost of improving the Waterworks System (\$1,880,853) and the Sanitary Sewer System (\$26,983,160).

The Ohio Revised Code provides that the outstanding general obligation bonds less self-supporting debt (e.g., income tax-backed projects) of the municipal corporation, whether or not approved by the electors, shall not exceed 10.5% of the assessed value of all property in the municipal corporation as listed and assessed for taxation. In addition, the unvoted net debt of municipal corporations cannot exceed 5.5% of total assessed value of property. The City of Akron's total debt limit (10.5%) is \$279,559,951 and the total unvoted net debt limit (5.5%) is \$146,436,165.

The City's general obligation bonds are rated "AA-" by Standard & Poor's Ratings Services, "AA-" by Fitch Ratings and "Aa3" by Moody's Investors Service, Inc. The insured Water and Sewer Revenue bonds were originally rated AAA from Fitch, AAA from Moody's and AAA from Standard & Poor's.

Additional information on the City of Akron's long-term debt can be found in Notes 10-12.

Economic Factors and Next Year's Budgets and Rates

- Akron's average annual unemployment rate at year-end was 7.6%, which is down from the prior year.
- The City of Akron budgeted income tax collections to increase by 2%, Local Government to decrease by approximately 23%, and Property Tax revenue to increase.

In the 2013 budget, the General Fund unencumbered fund balance is projecting a slight increase of \$3,576.

Fiscal Analysis

On September 30, 2011, the City was declared in Fiscal Caution by the Auditor of State. City management has prepared and provided an acceptable plan to the Auditor of State. The City is implementing changes and is on schedule addressing remaining items.

Request for Information

This financial report is designed to provide a general overview of the City of Akron's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or request for additional information should be addressed to the Director of Finance, Municipal Building, 166 South High Street, Room 502, Akron, Ohio 44308.

City of Akron, Ohio
 Reconciliation of the Balance Sheet to the Statement of Net Position - Governmental Funds
 December 31, 2012

Total fund balances for governmental funds (Exhibit 3)		\$ 113,910,807
Total net position reported for governmental activities in the statement of net position is different because:		
Investments in City of Akron issued bonds and notes are eliminated in the government-wide statement of net position.		(2,368,606)
Capital assets used in governmental activities (excluding internal service fund capital assets) are not financial resources and therefore are not reported in the funds.		983,503,017
Other long-term assets are not available to pay for current period expenditures and, therefore, are unavailable revenue in the funds.		
Grant revenues	6,451,607	
Income taxes	7,930,939	
JEDD revenues	741,078	
Property taxes	6,788,724	
Special assessments	13,000,000	
Shared revenues	<u>8,413,793</u>	
		43,326,141
Long-term accounts receivables are not available to pay for current period expenditures.		10,000,381
The assets and liabilities of the internal service funds are included in the governmental activities in the statement of net position.		(11,649,276)
Long-term liabilities including bonds payable and accrued interest payable are not due and payable in the current period and therefore are not reported in the funds.		
Accounts payable and other accrued liabilities	(29,799,498)	
Due to other governments	(1,396,000)	
Accrued interest payable	(2,658,697)	
Accrued vacation and leave	(46,365,603)	
Bonds, notes and loans payable	(579,615,376)	
Obligations under capital lease	(74,592,596)	
Unamortized bond premium	<u>(35,992,731)</u>	
		(770,420,501)
Unavailable grant revenue reflected as a receivable in the funds, therefore, eliminated entity wide.		(6,440,030)

City of Akron, Ohio
 Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances
 to the Statement of Activities - Governmental Funds
 For the Year Ended December 31, 2012

Net changes in fund balances - total governmental funds (Exhibit 4) \$ (5,994,079)

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets, which meet capitalization requirements, is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays (\$44,546,039) exceeded depreciation (\$32,024,954) in the current period. 12,521,085

The net effect of selling capital assets increased net position. 60,045

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. (15,253,531)

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums and deferred amount on refundings when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. The amount is the net effect of these differences in the treatment of long-term debt and related items.

Issuance of debt	(197,795,000)	
Payment of debt	29,088,580	
Payment to refunding agent	193,384,337	
Premium on debt	(25,882,530)	
Bond issuance expenditures	<u>2,304,239</u>	
		1,099,626

Some of the expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. 2,215,147

The change in net position of the internal service funds are included in the governmental activities in the statement of activities. 3,458,073

Change in net position of governmental activities (Exhibit 2) \$ (1,893,634)

The notes to the financial statements are an integral part of this statement.

The notes to the financial statements are an integral part of this statement.

City of Akron, Ohio

Notes to the Financial Statements

Year Ended December 31, 2012

1. Summary of Significant Accounting Policies

The City of Akron (the City) was incorporated in 1836 and is a home rule municipal corporation under the laws of the State of Ohio. The City operates under a Council-Mayor form of government and provides the following services as authorized by its Charter: public safety, public service, public health, recreation and development. The accompanying financial statements comply with the provisions of the Governmental Accounting Standards Board (GASB) Statement No. 14, *The Financial Reporting Entity*, Statement No. 39, *Determining Whether Certain Organizations Are Component Units*, and Statement No. 61, *The Financial Reporting Entity: Omnibus* in that the financial statements include those activities and functions for which the City is accountable. The City has no component units as defined by GASB 14 and 39. The City is associated with certain organizations which are defined as jointly governed organizations and related organizations. These organizations are presented in Notes 25 and 26 to the basic financial statements. These organizations are the Akron Metropolitan Area Transportation Study (AMATS), the Akron/Summit Convention and Visitors' Bureau and the Summit Medina Business Alliance (SMBA). The accounting policies and financial reporting practices of the City conform to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental units.

The following is a summary of the more significant policies followed during the preparation of the accompanying financial statements.

A. *Government-wide and fund financial statements*

GASB Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments* establishes requirements and a reporting model for the annual financial reports of state and local governments. The Statement was developed to make annual reports easier to understand and more useful to the people who use governmental financial information to make decisions. Financial information of the City is presented in the following format:

Basic Financial Statements:

1. *Government-wide financial statements* consist of a statement of net position and a statement of activities.

These statements report all of the assets, liabilities, revenues, expenses, and gains and losses of the City. Governmental activities are reported separately from business-type activities. Governmental activities are normally supported by taxes and intergovernmental revenues, whereas business-type activities are normally supported by fees and charges for services and are usually intended by management to be financially self-sustaining. Fiduciary funds of the City are not included in these government-wide financial statements.

Interfund receivables and payables, and bonds and notes issued by the City and held by the City as investments, within governmental and business-type activities have been eliminated in the government-wide statement of net assets. Related interest amounts are eliminated in the government-wide statement of activities.

1. Summary of Significant Accounting Policies (Continued)

These eliminations minimize the duplicating effect on assets and liabilities within the governmental and business-type activities total column.

Internal service net position, whether positive or negative, have been eliminated against the expenses and program revenues shown in the governmental activities statement of activities.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the City and for each function of the City's governmental activities.

Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenue includes (a) charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

2. *Fund financial statements* consist of a series of statements focusing on information about the City's major governmental and enterprise funds. Separate statements are presented for the governmental, proprietary, and fiduciary funds.

The City's major governmental funds are the General Fund, the Community Learning Centers (CLC) Fund, Income Tax Capital Improvement Fund and the Special Assessment Bond Payment Fund. Of the City's business-type activities, the Water, Sewer, and Off-Street Parking Funds are considered major funds.

The General Fund is the primary operating fund of the City. It is used to account for all financial resources except those required to be accounted for in other funds. Its revenues consist primarily of income and property taxes, JEDD revenues, shared revenues, charges for services, and licenses, fees, and fines.

General Fund expenditures represent costs of general government, public service (including sanitation and recycling collection), public safety (including police and fire), community environment, public health, and recreation and parks. General Fund resources are also transferred annually to support other services which are accounted for in other separate funds.

The Community Learning Centers (CLC) Fund is used to account for the daily activity relating to the CLC project. The primary sources of revenue are City income tax, shared revenue and bond proceeds.

The Income Tax Capital Improvement Fund, a special revenue fund, is used to account for the accumulation of income tax revenue and the payments of costs for items specifically designated as project costs and payment of debt service. The primary revenue source is income tax revenue and some debt proceeds.

The Special Assessment Bond Payment fund is used to account for the accumulation of resources for, and the payment of, special assessment debt principal and interest and related costs. Revenues consist primarily of special assessment collections.

1. Summary of Significant Accounting Policies (Continued)

The Water Enterprise Fund accounts for financial activity related to operating the City's water supply, treatment and distribution system. In addition to over 84,000 customers in the City, the Water Enterprise Fund also serves six other municipalities and parts of six adjacent townships. Revenues consist primarily of charges for services.

The Sewer Enterprise Fund accounts for the financial activity related to operating the City's wastewater collection and treatment system that serves the City and twelve other subdivisions. Revenues consist primarily of charges for services.

The Off-Street Parking Fund accounts for the financial activity related to operating the City's parking facilities located throughout the downtown area. Revenues consist almost exclusively of charges for services.

While not considered major funds, the City maintains Internal Service Funds used to account for the financing of goods or services provided by one department or division to another department or division of the City, generally on a cost-reimbursement basis. The three largest of these funds account for the motor equipment, engineering, and information technology services. In addition, the City also maintains Internal Service Funds to account for the financial activity relating to self-insurance. The three largest of these funds account for workers' compensation, medical, and judgment and claims self-insurance activity.

3. Notes to the financial statements provide information that is essential to a user's understanding of the basic financial statements.

Required Supplementary Information:

Required supplementary information such as Management's Discussion and Analysis and budgetary comparison schedules are also required by GASB Statement No. 34.

B. *Financial reporting presentation*

The accounts of the City are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance (equity), revenues, and expenditures (expenses). The fund types and classifications that the City reports are as follows:

GOVERNMENTAL FUNDS

1. **General Fund** – The General Fund is the general operating fund of the City and is appropriated. It is used to account for all financial resources except those required to be accounted for in another fund.
2. **Special Revenue Funds** – Special Revenue Funds are used to account for revenues derived from specific taxes, grants, or other restricted revenue sources. The uses and limitations of each Special Revenue Fund are specified by City ordinances or federal or state statutes.

1. Summary of Significant Accounting Policies (Continued)

3. **Debt Service Funds** – Debt Service Funds are used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs.
4. **Capital Projects Funds** - The Capital Projects Funds are used to account for financial resources used for the acquisition or construction of major capital projects (other than those financed by proprietary funds).
5. **Permanent Funds** – Permanent Funds are for the purpose of accounting for resources that are legally restricted to the extent that earnings, and not principal, may be used for purposes that support the reporting government’s programs. The City, however, does not utilize Permanent Funds at this time.

PROPRIETARY FUNDS

1. **Enterprise Funds** - The Enterprise Funds are used to account for the operations that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.
2. **Internal Service Funds** - The Internal Service Funds are used to account for the financing of goods or services provided by one department to other departments or to other governments on a cost-reimbursement basis.

FIDUCIARY FUNDS

1. **Private-Purpose Trust Funds** – Private-Purpose Trust Funds are used to account for other trust arrangements which benefit individuals, private organizations, or other governments. For accounting measurement purposes, the Private-Purpose Trust Funds are accounted for using the economic resources measurement focus (essentially the same manner as proprietary funds). The City utilizes three Private-Purpose Trust Funds. The Claire Merrix Trust was established in memory of a former City of Akron employee and is to fund tennis-related activities; the Holocaust Memorial Trust pays for annual holocaust services throughout the City; and the Police/Fire Beneficiary Trust was recently established to provide scholarships for dependents of those serving in the Police and Fire departments.
2. **Agency Funds** – Agency Funds are used to account for assets held by the City as an agent for individuals, private organizations, and other governments. For accounting measurement purposes, the Agency Funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The City has three Agency Funds, the first one is the Municipal Court Agency Fund and it is used to account for assets held by the Municipal Court Clerk for individuals, private organizations and other governments. The second one is the Police Property Monetary Evidence Fund and is used to account for funds held by the Police Department that will be returned to other agencies. The third one is the Unclaimed Monies Fund and it is used to account for funds held until a claim is made by the lawful owner.
3. **Other Fiduciary Funds** – Other Fiduciary Funds include pension trust funds and investment trust funds. The City does not utilize any such trust funds. Fiduciary Funds are not included in the government-wide statements.

1. Summary of Significant Accounting Policies (Continued)

C. *Measurement focus and basis of accounting*

Except for budgetary purposes, the basis of accounting used by the City conforms to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental units. The accounting and financial reporting treatment applied to a fund is determined by its measurement focus.

The government-wide, proprietary, and fiduciary fund financial statements are reported using the economic resources measurement focus and the full accrual basis of accounting, except Agency Funds because they are custodial in nature. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the City gives (or receives) value without directly receiving (or giving) equal value in exchange, include income taxes, property taxes, grants, shared revenue, and donations. On a full accrual basis, revenue from income taxes is recognized in the period in which the taxpayer's liability occurs and revenue from property taxes is recognized in the fiscal year for which the taxes are levied. On a full accrual basis, revenue in the form of shared revenue is recognized when the provider government recognizes its liability to the City. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when both measurable and available. Revenues are considered to be available when they are collected within the current period or soon enough thereafter to pay liabilities of the current period. The City generally considers all revenues reported in the governmental funds to be available if the revenues are collected within sixty days after year-end. Expenditures are generally recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt are reported as other financing sources.

In applying the susceptible-to-accrual concept under the modified accrual basis, the following revenue sources are deemed both measurable and available (i.e., collectible within the current year or within sixty days after year-end and available to pay obligations of the current period). These include income taxes, JEDD revenues, investment earnings, shared revenues, and a portion of special assessments. Reimbursements due for federally funded projects are accrued as revenue at the time the expenditures are made or, when received in advance, deferred until expenditures are made. Property taxes and the balance of special assessments, though measurable, are not available soon enough in the subsequent year to finance current period obligations. Therefore, property tax and the balance of special assessment receivables are recorded as deferred inflows until they become available. Other revenues, including licenses, fees and fines, and charges for services are recorded as revenue when received in cash because they are generally not measurable until actually received. The City applies restricted resources first when an expenditure is incurred for purposes for which both restricted and unrestricted net position are available.

Pursuant to GASB Statement No. 20, *Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities that use Proprietary Fund Accounting*, the City follows GASB guidance as applicable to its governmental and business-type activities, and

1. Summary of Significant Accounting Policies (Continued)

Financial Accounting Standards Board Statements and Interpretations, Accounting Principles Board Opinions, and Accounting Research Bulletins issued on or before November 30, 1989 that do not conflict with or contradict GASB Pronouncements. The City does not apply FASB Pronouncements subsequent to November 30, 1989 to its business-type activities and Enterprise Fund statements. The City applies all applicable and effective pronouncements issued by the GASB.

Proprietary Fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as rental revenue and connection fees, result from ancillary activities. Operating expenses are necessary costs incurred to provide the good or service that is the primary activity of the fund.

D. *Budgetary Procedures*

The City Council follows these procedures in establishing the budgetary data.

- (1) The Mayor submits to the City Council a proposed operating budget for the fiscal year commencing January 1. The operating budget includes proposed expenditures and the means of financing them.
- (2) Public hearings are conducted to obtain taxpayer comments.
- (3) According to state law, the budget must be enacted through passage of an ordinance by April 1.
- (4) The City Finance Director is authorized by City Council to transfer funds already appropriated within departments within any fund or category of expenditures; however, any revisions that alter the total appropriation of said department must be individually approved by the City Council. During 2012, supplemental appropriations were passed by City Council. The effects of these supplemental appropriations were not material in relation to the original appropriations.
- (5) Encumbrance accounting is employed in governmental funds. Encumbrances (e.g., purchase orders, contracts) outstanding at year-end are recorded as the equivalent of expenditures. Unencumbered appropriations lapse at year-end.

1. Summary of Significant Accounting Policies (Continued)

(6) The majority of all funds have a legally adopted annual budget. Those funds include:

General Fund	Safety Programs	Airport
Income Tax Collection	City Facilities Operating	Off-Street Parking
Emergency Medical Service	Various Purpose Funding	Motor Equipment
Special Assessment	Deposits	Medical Self-Insurance
Income Tax Capital Improvement	Community Learning Centers	Workers' Compensation Reserve
Street and Highway Maintenance	General Bond Payment Fund	Self-Insurance Settlement
Community Development	Streets	Storeroom
Community Environment Grants	Information Technology and Improvements	Telephone System
Akron Metro. Area Transportation Study	Parks and Recreation	Engineering Bureau
H.O.M.E. Program	Public Facilities and Improvements	Information Technology
Tax Equivalency	Public Parking	Holocaust Memorial Trust
E.D.A. Revolving Loans	Economic Development	Unclaimed Monies
Joint Economic Development Districts	Water	Police/Fire Beneficiary Trust
Akron Muni Court Information System	Sewer	Police Property Monetary Evidence
Public Health	Oil and Gas	
Police Grants	Golf Course	

(7) The City appropriates an annual budget for the Police Pension Employer's Liability Fund and the Fire Pension Employer's Liability Fund which are required due to their funding source. On a GAAP basis, the two funds are combined with the General Fund.

E. *Cash, Cash Equivalents, and Investments*

Cash balances of the individual funds are combined to form a pool of cash held by the City Treasurer and invested in authorized investments (see Note 2). Earnings from these investments are credited to the General Fund in accordance with the City Charter except where the terms of a grant or regulation specify otherwise. Certain cash balances are held on behalf of the City by outside agents (see Note 2). Earnings from these investments are credited to the General Fund and certain other funds pursuant to the City Charter and federal and state requirements.

Investments are stated at fair value. Changes in fair value are recorded as a component of investment earnings.

For purposes of the Statement of Cash Flows, equity in pooled cash and investments, as well as segregated investments with original maturities of three months or less at the time they are purchased by the City, are considered to be cash equivalents. Investments with maturities of more than three months are not considered to be cash equivalents.

F. *Inventories* – Inventories are valued at cost (first-in, first-out) and adjusted to annual physical counts which are then maintained on a perpetual basis until the end of the year.

1. **Summary of Significant Accounting Policies (Continued)**

G. **Capital Assets** – Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements to the extent the City’s capitalization threshold is met. The City defines capital assets as assets with an estimated useful life in excess of three years and an individual cost of more than \$5,000 for land; \$10,000 for equipment and vehicles; \$25,000 for land improvements, buildings, and improvements other than buildings; and \$100,000 for infrastructure. Assets are recorded at historical cost or estimated historical cost if historical cost is not available. Contributed capital assets are recorded at their estimated fair market value at the date contributed. Infrastructure acquired prior to December 31, 1980, is also reported as a component of the above-mentioned capital assets.

Capital assets in the proprietary funds are capitalized in the fund in which they are utilized. The valuation bases for proprietary fund capital assets are the same as those used for the governmental capital assets. Interest accrued during the construction of capital assets utilized by the proprietary funds is also capitalized.

Costs for maintenance and repairs are expensed when incurred. However, costs for repairs and upgradings that materially add to the value or life of an asset and meet the above criteria are capitalized.

The City depreciates capital assets on a straight-line basis, half-year convention, using the following estimated useful lives:

<u>Asset</u>	<u>Years</u>
Buildings, bridges, and storm sewers	50
Improvements, skywalks, and paving	40
Sewer and water mains	40
Sidewalks, curbs, electrical and lighting	30
Traffic control system and bridge repairs	25
Land improvements	20
Equipment	3-20
CLC Building Equity Interest	70

H. **Compensated Absences** – Vacation, paid leave, and compensatory time benefits are accrued as liabilities as the benefits are earned if the employees’ rights to receive compensation are attributable to services already rendered and it is probable that the City will compensate the employees for the benefits through paid time off or some other means. The City records a liability for accumulated, unused vacation, paid leave, and compensatory time when earned for all employees.

Sick leave benefits are accrued as a liability using the vesting method. An accrual for sick leave is made to the extent that it is probable that benefits will result in payments. The liability is an estimate based on the City’s past experience at making payments.

1. Summary of Significant Accounting Policies (Continued)

- I. **Fund Balances** – Fund balance is divided into five classifications based primarily on the extent to which the City is bound to observe constraints imposed upon the use of the resources in the governmental funds.

The classifications are as follows:

- (1) **Nonspendable** – Amounts that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash. It also includes the long-term amount of interfund loans.
- (2) **Restricted** – Amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation.
- (3) **Committed** – Amounts constrained to specific purposes imposed by a formal action (ordinance or resolution) of City Council, its highest level of decision making authority; to be reported as committed, amounts cannot be used for any other purposes unless the same highest level of action is taken to remove or change the constraint.
- (4) **Assigned** – Amounts the City intends to use for a specified purpose; intent can be expressed by the governing body or by the Director of Finance which has been designated this authority.
- (5) **Unassigned** – Amounts that are available for any new purpose: positive amounts are reported only in the general fund.

Council establishes fund balance commitments by passage of an ordinance or resolution. Assigned fund balance is established by City administration including the Director of Finance through the issuance of requisitions, purchase orders, contracts, and directives.

The city applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

Governmental funds of the City do not have specified fund balance targets. Recommended levels of committed and/or assigned fund balance will be determined on a case by case basis, based on the needs of each fund and as recommended by officials and approved by Council where necessary.

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to restrict that portion of the appropriation, is employed as an extension of formal budgetary integration in the governmental funds. Significant encumbrances as of December 31, 2012, total \$ 1,236,966 in the General fund, \$34,127 in the Community Learning Centers fund, \$808,830 in the Income Tax Capital Improvement fund, and \$2,126,938 in all other Governmental funds.

1. **Summary of Significant Accounting Policies (Continued)**

- J. ***Interfund Transactions*** – During the course of normal operations, the City records numerous transactions between funds including expenditures and transfers of resources to provide services, subsidize operations, and service debt. The City has the following types of transactions among funds:
- (1) Reciprocal interfund services provided and used – Purchases and sales of goods and services between funds for a price approximating their external exchange value.
 - (2) Nonreciprocal interfund transfers – Flows of assets between funds without equivalent flows of assets in return and without a requirement for repayment. This includes transfers to subsidize various funds.
 - (3) Nonreciprocal interfund reimbursements – Repayments from the funds responsible for particular expenditures or expenses to the funds that initially paid for them.

The City's interfund receivables and payables at December 31, 2012 are presented in Note 5. Interfund transfers are presented in Note 22.

- K. ***Post-retirement Benefits*** – In addition to the post-retirement benefits provided by the Ohio Police and Fire Pension Fund and the Ohio Public Employees Retirement System of Ohio, the City provides post-retirement health care and life insurance benefits, in accordance with union agreements and City Council ordinances, for retired employees (see note 9).
- L. ***Debt Issuance Costs, Premiums, Discounts, and Losses on Refundings*** – Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds. Losses on advance refundings are deferred and amortized over the life of the new debt, or the life of the advance refunded debt, whichever is shorter.
- M. ***Employment Related Liabilities*** – The City records a liability for employment related liabilities relating to deferred longevity payments and former employees of the Building Inspection Division and the Health Department (see note 14).

To improve governmental efficiency and economy, effective February 1, 2009, the City's Building Inspection and Plans and Permits Divisions consolidated with Summit County. In the best interest of the public health, safety and welfare and to improve governmental efficiency and economy, effective January 1, 2011, the City's Health Department consolidated with the Summit County Health District.

The former Building Inspection and Plans and Permits employees while employed by Summit County must retire under Ohio Public Employees Retirement System to be entitled to receive payment of the accumulated sick leave at the hourly rate the employee was receiving at the time of resignation from the City along with the retirement differential. The City has recorded a long-term liability of \$149,815.

1. Summary of Significant Accounting Policies (Continued)

The former Health Department employees while employed by Summit County must retire under Ohio Public Employees Retirement System to be entitled to receive payment of the accumulated sick leave at the hourly rate the employee was receiving at the time of resignation from the City along with the retirement differential. The City has recorded a long-term liability of \$1,519,671. Additionally, the former Health Department employees are entitled to staggered payouts for their accumulated vacation, paid leave, and compensatory time at the hourly rate the employee was receiving at the time of resignation from the City. The liability is the actual amount due to employees and the City recorded \$269,538 as a current liability for the amounts scheduled to be paid during 2013.

- N. ***New Accounting Standards*** – In November 2010, the GASB issued statement No. 60, *Accounting and Financial Reporting for Service Concession Arrangements*. This Statement improves financial reporting by addressing issues related to service concession arrangements (SCAs), which are a type of public-private or public-public partnership. As used in this Statement, an SCA is an arrangement between a transferor (a government) and an operator (governmental or nongovernmental entity) in which (1) the transferor conveys to an operator the right and related obligation to provide services through the use of infrastructure or another public asset (a “facility”) in exchange for significant consideration and (2) the operator collects and is compensated by fees from third parties. For the City, this statement is effective for periods beginning after December 15, 2011. The City’s financial statements have been prepared in conformance with this Standard.

In November 2010, the GASB issued statement No. 61, *The Financial Reporting Entity: Omnibus*. This Statement improves financial reporting for a governmental financial reporting entity. The Statement modifies certain requirements for inclusion of component units in the financial reporting entity. The Statement also amends the criteria for reporting component units as if they were part of the primary government (that is, blending) in certain circumstances. This Statement also clarifies the reporting equity interests in legally separate organizations. For the City, this statement is effective for periods beginning after June 12, 2012. The City’s financial statements have been prepared in conformance with this Standard.

In December 2010, the GASB issued statement No. 62 *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*. This Statement incorporates into the GASB’s authoritative literature certain accounting and financial reporting guidance that is included in various pronouncements issued on or before November 30, 1989, which does not conflict with or contradict GASB pronouncements. The City’s financial statements have been prepared in conformance with this Standard.

In June 2011, the GASB issued statement No. 63 *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*. This Statement improves financial reporting by standardizing the presentation of deferred outflows of resources and deferred inflows of resources and their effects on a government’s net position. The City’s financial statements have been prepared in conformance with this Standard.

In March 2012, the GASB issued statement No. 65 *Items Previously Reported as Assets and Liabilities*. This Statement improves financial reporting by clarifying the appropriate use of the financial statement elements deferred outflows of resources and deferred inflows of resources to ensure consistency in financial reporting. The City’s financial statements have been prepared in conformance with this Standard.

2. Pooled Cash and Investments

City ordinances require that all cash, with the exception of certain debt service cash and cash held by fiscal agents, be deposited with the City Treasurer. Each fund's portion of these funds is displayed on the statements of net assets or balance sheets as "pooled cash and investments." Earnings on these investments are allocated to the various funds based on City and state statutes, grant agreements and various bond agreement requirements. Investments are also held separately by the Special Revenue, Debt Service, Enterprise, and Internal Service Funds. City ordinances further authorize and direct the permitted types of deposits and investments.

Deposits:

City ordinances require that all deposits be secured by collateral securities pledged at market value in an amount equal to at least 100% of the deposit, less any amount covered by federal deposit insurance. Custodial credit risk is the risk that, in the event of a bank failure, the City will not be able to recover deposits or collateral securities that are in the possession of an outside party. All deposits are collateralized with eligible securities in amounts equal to at least 105% of the carrying value of the deposits. Such collateral, as permitted by Ohio Revised Code, is held in collateral pools at Federal Reserve Banks, or at member banks of the Federal Reserve System, in the name of the depository bank and pledged as a pool of collateral against all public deposits held by the depository. The City has no deposit policy for custodial credit risk beyond the requirements of State statute. Although the securities were held by the pledging institutions' trust department and all statutory requirements for the deposit of money have been followed, noncompliance with federal requirements could potentially subject the City to a successfully claim by the FDIC.

At December 31, 2012, the carrying amount of the City's deposits was \$21,690,324 and the bank balance was \$23,721,896. The difference in the carrying amount and bank balance was composed of outstanding checks and other normal reconciling items. Of the bank balance, \$1,643,586 was covered by federal depository insurance, and \$22,078,310 was uninsured but collateralized with unregistered securities held by the pledging financial institution's trust department in the City's name.

Total cash and investments are reported as follows:

Balance Sheet - Governmental Funds:

Pooled cash and investments	\$	43,313,697
Restricted cash and investments		55,618,829

Statement of Net Position - Proprietary Funds:

Enterprise Funds		
Pooled cash and investments		12,934,914
Restricted cash and investments		9,726,689
Internal Service Funds		
Pooled cash and investments		10,353,718

Statement of Net Position - Fiduciary Funds:

740,643

Total

\$ 132,688,490

Investments in City of Akron bonds and notes amounting to \$2,368,606 are eliminated in the government-wide statement of net position at December 31, 2012.

2. Pooled Cash and Investments (Continued)

Investments:

The City records all of its investments at fair value under the guidance set forth by Governmental Accounting Standards Board Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*.

Under the fair value method of recording investments, the City is required to report realized and unrealized gains and losses arising from market fluctuations as well as the sale and maturity of various investments above or below their beginning-of-the-year fair value or their purchase price, when purchased during the current fiscal year. Realized gains and losses, on investments that had been held in more than one fiscal year and sold in the current year, may have been recognized as an increase or decrease in the fair value of the investments reported in the prior year. The net effect of these realized and unrealized gains and losses (\$439,504 net unrealized loss in 2012) is reflected in the investment income on the operating statement of the appropriate fund.

The repurchase agreement investment maturity is less than one year.

Interest Rate Risk. The City does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rate risk.

Credit Risk. City ordinances authorize the treasurer to invest in obligations of the United States Treasury, agencies and instrumentalities and direct obligations of the State of Ohio, including any subdivisions of the state. As of December 31, 2012, the investments held by the bond trustees and STAROhio were rated AAAM by Standard & Poor's. All municipal bonds and notes are rated A2 or better by Moody's or A or better by Standard & Poor's.

The City invests funds in the State Treasury Asset Reserve of Ohio (STAROhio). STAROhio is an investment pool managed by the State Treasurer's office which allows governments within the state to pool their funds for investment purposes. STAROhio is not registered with the SEC as an investment company but does operate in a manner consistent with rule 2a7 of the Investment Company Act of 1940. Investments in STAROhio are valued at STAROhio's share price, which is the price the investment could be sold for on December 31, 2012.

Bond trustees holding the investments are not registered with the SEC as an investment company but do operate in a manner consistent with rule 2a7 of the Investment Company Act of 1940. Bond trustees and Community Learning Center trustees holding the investments are not registered with the SEC as an investment company but do operate in a manner consistent with rule 2a7 of the Investment Company Act of 1940.

Investments held by bond trustees, Community Learning Centers and STAROhio are not exposed to custodial credit risk because their existence is not evidenced by securities that exist in physical or book entry form.

At December 31, 2012, \$65,345,518 of cash and investments was restricted for the following purposes: \$114,698 was restricted for lease costs for Canal Park Stadium; \$4,119,783 was restricted for Off-Street Parking Deck COPs; \$3,971,134 was restricted for Akron District Energy COPs; \$16,595,258 was restricted solely for retirement of City obligations; and the balance of \$40,544,645 was held by the trustee for payment of debt service on the Community Learning Centers' Income Tax Revenue Bonds.

2. Pooled Cash and Investments (Continued)

As of December 31, 2012 the City had the following investments.

<u>Investment Types</u>	<u>Fair Value</u>	<u>Investment Maturities (In Years)</u>		
		<u>Less Then 1</u>	<u>1-5</u>	<u>6-10</u>
Repurchase agreement	\$ 16,144,859	\$ 16,144,859	\$ -	\$ -
U.S. Treasuries or Agencies	24,082,300	24,082,300	-	-
STAROhio	10,009,266	10,009,266	-	-
Municipal Bonds	565,000	40,000	525,000	-
City of Akron Assessment Debt	2,368,606	1,388,459	957,479	22,668
Investments held by bond trustees:				
U.S. Treasuries or Agencies	8,748,095	8,748,095	-	-
Tax Exempt Ohio Municipals	1	1	-	-
Municipal Bonds and Notes	114,700	114,700	-	-
Cash Reserve	15,052,718	15,052,718	-	-
Investments held by Community Learning Center trustees:				
Municipal Bonds and Notes	<u>33,912,621</u>	<u>33,396,646</u>	<u>515,975</u>	<u>-</u>
Total	<u>\$ 110,998,166</u>	<u>\$ 108,977,044</u>	<u>\$ 1,998,454</u>	<u>\$ 22,668</u>

3. Receivables

Receivables, net of allowances for uncollectible reported in the Statement of Net Position, consist of the following at December 31, 2012:

	Taxes	Customer Charges, Special Assessments, and Others	Accrued Interest	Gross Receivables	Allowance for Uncol- lectibles	Net
Governmental Activities						
Assets:						
Governmental Funds:						
General Fund	\$ 34,892,734	\$ 12,434,583	\$ -	\$ 47,327,317	\$ (1,647,303)	\$ 45,680,014
Community Learning Centers	2,307,786	63,000,000	311,473	65,619,259	-	65,619,259
Income Tax Capital Improvement	4,621,662	14,745	-	4,636,407	-	4,636,407
Special Assessment Bond Payment	-	33,613,071	-	33,613,071	(4,932,541)	28,680,530
Other Governmental Funds	10,186,265	30,846,739	-	41,033,004	-	41,033,004
Total Governmental Funds	52,008,447	139,909,138	311,473	192,229,058	(6,579,844)	185,649,214
Internal Service Funds	-	143,993	-	143,993	-	143,993
Total Assets:	52,008,447	140,053,131	311,473	192,373,051	(6,579,844)	185,793,207
Business-type Activities:						
Enterprise Funds:						
Water	-	11,395,567	-	11,395,567	(6,782,175)	4,613,392
Sewer	-	16,386,490	-	16,386,490	(7,972,939)	8,413,551
Oil & Gas	-	23,224	-	23,224	-	23,224
Golf Course	-	50	-	50	-	50
Airport	-	19,434	-	19,434	-	19,434
Off-Street Parking	-	13,848	-	13,848	-	13,848
Total Enterprise Funds	-	27,838,613	-	27,838,613	(14,755,114)	13,083,499
Total Receivables	\$ 52,008,447	\$ 167,891,744	\$ 311,473	\$ 220,211,664	\$ (21,334,958)	\$ 198,876,706

Included in the amounts above are water and sewer unbilled charges for services of approximately \$4,117,000 and \$690,000, respectively.

Delinquent special assessment receivables amounted to \$4,932,541 at December 31, 2012 and were fully reserved for in the allowance for uncollectibles in the Special Assessment Bond Payment fund.

4. Due From/To Other Governments

Amounts due from other governments at December 31, 2012 consist of the following:

	Federal	State	Total
Governmental Funds:			
General Fund	\$ 11,247	\$ -	\$ 11,247
Other Governmental Funds	<u>6,195,201</u>	<u>1,309,012</u>	<u>7,504,213</u>
Total Governmental Funds	<u>\$ 6,206,448</u>	<u>\$ 1,309,012</u>	<u>\$ 7,515,460</u>
Enterprise Funds:			
Water	\$ -	\$ 235,064	\$ 235,064
Other Enterprise Funds	<u>107,691</u>	<u>-</u>	<u>107,691</u>
Total Enterprise Funds	<u>\$ 107,691</u>	<u>\$ 235,064</u>	<u>\$ 342,755</u>

Amounts due to other governments at December 31, 2012 consist of the following:

	Federal	State	County	Local	Total
Governmental Funds:					
General Fund	\$ -	\$ -	\$ 2,454,152	\$ -	\$ 2,454,152
Other Governmental Funds	<u>1,402,750</u>	<u>691,422</u>	<u>-</u>	<u>490,401</u>	<u>2,584,573</u>
Total Governmental Funds	<u>\$ 1,402,750</u>	<u>\$ 691,422</u>	<u>\$ 2,454,152</u>	<u>\$ 490,401</u>	<u>\$ 5,038,725</u>
Enterprise Funds:					
Water	\$ -	\$ -	\$ 48,803	\$ 10,677	\$ 59,480
Sewer	<u>-</u>	<u>-</u>	<u>24,500</u>	<u>-</u>	<u>24,500</u>
Total Enterprise Funds	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 73,303</u>	<u>\$ 10,677</u>	<u>\$ 83,980</u>

The federal amount is comprised of a section 108 loan from the U.S. Department of Housing and Urban Development (HUD).

The state amount is comprised of an Ohio Development Services Agency loan.

The county amount recorded in Governmental Funds relates to City reimbursements to Summit County for the debt service on debt issued by Summit County related directly to the cost of construction of additional jail space to house City inmates.

The county amount recorded in Business-type Activities relates to a master meter sewer agreement in the Mud Brook service area.

5. Due From/To Other Funds

Interfund receivable and payable balances at December 31, 2012 are due within one year consist of the following individual fund receivables and payables:

	Receivable	Payable
Governmental Funds:		
General Fund	\$ 4,269,426	\$ 497,971
Community Learning Centers	1,177,223	-
Income Tax Capital Improvement	1,968,819	1,408,594
Other Governmental Funds	<u>1,850,057</u>	<u>8,718,878</u>
	<u>\$ 9,265,525</u>	<u>\$ 10,625,443</u>
Proprietary Funds:		
Enterprise Funds:		
Water	\$ 379,668	\$ 83,620
Sewer	175,205	192,334
Off-Street Parking	-	390
Other Enterprise Funds	<u>-</u>	<u>5,536</u>
	<u>\$ 554,873</u>	<u>\$ 281,880</u>
Internal Service Funds	<u>\$ 1,418,662</u>	<u>\$ 331,737</u>
Total	<u>\$ 11,239,060</u>	<u>\$ 11,239,060</u>

6. Deposits

On December 15, 2003, the City of Akron entered into a cooperative agreement for Community Learning Centers (CLC) with the Board of Education of the Akron City School District (District). The cooperative agreement is the foundation for all the activity associated with the City's .25% income tax and the ownership relating to the CLCs. As of December 31, 2012, the District had \$21,507,347 of unspent City funds that are recorded as Deposits on the City's Statement of Net Position and are recorded on the District's financial statements as "due to City of Akron".

7. Capital Assets

Capital asset activity for the year ended December 31, 2012 was as follows:

	Balance January 1, 2012	Additions	Deletions	Balance December 31, 2012
Governmental Activities:				
Capital assets, not being depreciated:

7. Capital Assets (Continued)

Depreciation expense was charged during 2012 to functions of the government as follows:

Governmental Activities:

General government	\$ 1,952,380
Public service	7,623,746
Public safety	2,018,041
Community environment	4,280,320
Public health	290,466
Unallocated depreciation	15,559,132
Capital assets held by the government's internal service funds are charged to the various functions based on their usage of the assets	<u>300,869</u>
Total depreciation expense charged to governmental activities	<u>\$ 32,024,954</u>

Business-type Activities:

Water	\$ 4,944,220
Sewer	8,468,433
Off-Street Parking	2,408,299
Other Business-type activities	<u>290,083</u>
Total depreciation, depletion and amortization expense charged to business-type activities	<u>\$ 16,111,035</u>

Construction in progress and remaining capital commitments (including capitalized interest of \$1,032,252, of which \$702,213 was capitalized in 2012) are comprised of the following:

	Project Authorization	Expended to December 31, 2012	Committed
Governmental Activities:			
Governmental	\$ 70,018,681	\$ 64,573,625	\$ 5,445,056
Business-type Activities:			
Water	14,217,110	14,059,553	157,557
Sewer	27,290,431	26,636,286	654,145

	<u>\$ 112,443,026</u>	<u>\$ 106,171,548</u>	<u>\$ 6,271,478</u>

8. Accrued Vacation and Leave

GASB Statement No. 16, *Accounting for Compensated Absences*, requires a liability to be established for all compensated absences as earned by the employees. At the time of the employee’s separation, such compensated absences are paid to the employee from the fund to which the employee’s payroll is charged.

Vacation, paid leave, sick leave and compensatory time accumulated by employees whose wages are charged to governmental fund types have been recorded as liabilities in the governmental funds only if they have matured. The balance has been recorded on the statement of net position. Vacation, paid leave, sick leave and compensatory time accumulated by employees whose wages are charged to proprietary fund types are expensed when earned and recorded as liabilities in the government-wide statement of net position and in the proprietary fund statement of net position.

Sick leave is earned by substantially all employees. Unused sick leave is accumulated up to 960 hours per employee and vests upon reaching certain age and service requirements. The vested portion of accumulated sick leave and amounts earned through December 31, 2012 and expected to vest in the future has been accrued in the government-wide statement of net position for all City employees. Amounts related to the City’s proprietary fund operations are also accrued for in the proprietary fund statement of net position due to the nature of these funds.

The following governmental funds have typically been used in prior years to reduce or liquidate the liability for compensated absences:

- | | |
|--------------------------------|--------------------------------|
| General Fund | Street and Highway Maintenance |
| Income Tax Collection | Community Development |
| Emergency Medical Service | Police Grants |
| Special Assessment Fund | Safety Programs |
| Income Tax Capital Improvement | |

8. Accrued Vacation and Leave (Continued)

As of December 31, 2012, the accrued vacation, paid leave, sick leave, and compensatory time is recorded as a current liability (due within one year) in the Statement of Net Position as follows:

	Balance January 1, 2012	Additions	Deletions	Balance December 31, 2012
Governmental Activities:				
Governmental Funds:				
General Fund	\$ 7,226,722	\$ 8,841,859	\$ (7,226,722)	\$ 8,841,859
Income Tax Capital Improvement	47,819	67,993	(47,819)	67,993
Other Governmental Activities	2,495,814	2,387,068	(2,495,814)	2,387,068
Total Governmental Funds	9,770,355	11,296,920	(9,770,355)	11,296,920

	<u>\$ 42,417,527</u>	<u>\$ 17,075,396</u>	<u>\$ (17,971,030)</u>	<u>\$ 41,521,893</u>

9. Pension and Other Post-Retirement Benefit Plans

Police officers and firefighters participate in the statewide Ohio Police and Fire Pension Fund (Police and Fire), a cost-sharing, multi-employer defined-benefit public employee retirement system. Police and Fire offers three types of service retirement: normal, service commuted, and age/service commuted. In a normal retirement, a member is eligible at age 48 with 25 years of service with a monthly pension equal to 60% of the average of the three highest years of allowable earnings. The maximum pension of 72% of the average allowable earnings for the three highest years is paid after 33 years of service. Under the service commuted retirement, a member is eligible if they have at least 15 years of service, they have reached the age of 48 and 25 years has elapsed from the date of their full-time hire. Under the age/service commuted retirement, a member is eligible if they have 15 years of service and they have reached the age of 62. In the event of death, eligible survivors may qualify for a monthly benefit and a one-time \$1,000 lump sum benefit payment. Benefits are established by the Ohio Revised Code.

The City also participates in a cost-sharing multi-employer post-retirement health benefits plan, administered by Police and Fire, for these city employees. Substantially all other City employees participate in the statewide Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The traditional plan is a cost-sharing, multi-employer defined-benefit pension plan. The member-directed plan is a defined-contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20% per year). Under the member-directed plan, members accumulate retirement assets equal to the value of the member and vested employer contributions plus any investment earnings. The combined plan is a cost-sharing, multiple-employer defined-benefit pension plan that has elements of both a defined-benefit and a defined-contribution plan. Under the combined plan, employer contributions are invested by the retirement system to provide a formula retirement benefit similar to the traditional plan benefit. Member contributions, whose investment is self-directed by the member, accumulate retirement assets in a manner similar to the member-directed plan. The City also participates in a cost-sharing multi-employer post-retirement health benefits plan, administered by OPERS, for these city employees.

In addition to participating in the plans described above, the City provides its own post-retirement health and life insurance benefits plan which is administered as a single-employer benefit plan.

OPERS

OPERS provides retirement and death benefits, disability benefits, and annual cost-of-living adjustments to plan members and beneficiaries. Authority to establish and amend benefits is provided by state statute per Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report. Interested parties may obtain a copy by making a written request to: 277 East Town Street, Columbus, Ohio 43215-4642 or by calling (614) 222-5601 or 1-800-222-PERS (7377).

The Ohio Revised Code provides statutory authority for employee and employer contributions. The employees of local governments are required to contribute 10.0% of their covered payroll to OPERS. The 2012 and 2011 employer contribution rate for local government employer units was 14.00%, of covered payroll including 4% during calendar year 2012, which is used to fund post-retirement health care benefits for members of the Traditional Plan. The portion of employer contributions allocated to members in the Combined Plan was 6.05% during calendar year 2012. The City's total contributions to OPERS for pension benefits (excluding the amount relating to post-retirement health care benefits) for the years ended December 31, 2012, 2011, and 2010 were \$5,247,777, \$5,397,251, and \$5,178,025 respectively, which were equal to 100% of the required employer contributions for each year.

OPERS members are eligible to retire at any age with 30 years of service, at age 60 with at least 5 years of service or at age 55 with at least 25 years of service. Those retiring with less than 30 years of

9. Pension and Other Post-Retirement Benefit Plans (Continued)

service or less than age 65 receive reduced benefits. Under the Traditional Pension Plan, eligible employees are entitled to a monthly retirement benefit equal to 2.2% of the average of their three highest years of earnings multiplied by the first 30 years of service plus 2.5% of the average of their three highest years for each year in excess of 30. Under the Member-Directed Plan, eligible members are entitled to a monthly benefit dependent upon the performance of the OPERS investment options that the members selected. Under the Combined Plan, eligible members are entitled to a monthly benefit equal to 1.0% of the average of their three highest years of earnings multiplied by the number of years of service plus 1.25% of the average of their three highest years for each year in excess of 30. Additionally, under the Combined Plan, a benefit is provided based on the performance of the OPERS investment options the member selected. OPERS also provides death and disability benefits. Benefits are established by the Ohio Revised Code.

In addition to the pension benefits, OPERS provides post-retirement health care coverage to age and service retirees with 10 or more years of qualifying Ohio service credit with either the traditional or combined plans. Health care coverage for disability recipients and primary survivor recipients is also available. Members of the member-directed plan do not qualify for postretirement health care coverage. The health care coverage provided by the retirement system is considered to be an "other post-employment benefit" (OPEB) as described in GASB Statement No. 45. A portion of each employer's contribution to the traditional or combined plans is set aside for the funding of post-retirement health care based on authority granted by state statute. As noted above, the Ohio Revised Code provides statutory authority for employer contributions. During 2012, 2011 and 2010, \$2,099,110, \$2,158,901 and \$2,958,178, respectively, of the City's total contribution to OPERS were used for post-retirement benefits which were equal to 100% of the required employer contributions for each year.

In December, 2001, the Board adopted the Health Care "Choices" Plan. The Choices Plan will be offered to all persons newly hired in an OPERS-covered position after January 1, 2003, with no prior service credit accumulated toward health care coverage. Choices will incorporate a cafeteria approach, offering a broader range of health care options. The Plan uses a graded scale from ten to thirty years to calculate a monthly health care benefit. This is in contrast to the ten-year "cliff" eligibility standard for the present Plan.

The benefit recipients will be free to select the option that best meets their needs. Recipients will fund health care costs in excess of their monthly health care benefits. The Plan will also offer a spending account feature, enabling the benefit recipients to apply their allowances towards specific medical expenses, much like a Medical Spending Account.

Ohio Police and Fire Pension Fund

The Ohio Police and Fire Pension Fund provides retirement and death benefits, disability benefits, and annual cost-of-living adjustments to plan members and beneficiaries. Benefit provisions are established by the Ohio State Legislature and are codified in Chapter 742 of the Ohio Revised Code. The Police and Fire Pension Fund issues a publicly available financial report that includes financial information and required supplementary information for the plan. Interested parties may obtain a copy by making a written request to: Ohio Police and Fire Pension Fund, 140 East Town Street, Columbus, Ohio 43215-5164.

The Ohio Revised Code provides statutory authority for employee and employer contributions. Plan members are required to contribute 10% of their annual covered salary, while employers are required to contribute 19.5% and 24% respectively for police officers and firefighters. Required employer contributions to the Ohio Police and Fire Pension Fund are equal to the amounts actually paid by the City each year. The City's total contributed amounts for Police (excluding the amount relating to

9. Pension and Other Post-Retirement Benefit Plans (Continued)

post-retirement health care benefits) for the years ended December 31, 2012, 2011, and 2010 were \$3,478,503, \$3,380,960, and \$3,518,258, respectively, which were equal to 100% of the required employer contributions for each year. The City's total contributed amounts for Fire (excluding the amount relating to post-retirement health care benefits) for the years ended December 31, 2012, 2011, and 2010 were \$3,784,368, \$3,667,167, and \$3,707,534, respectively, which were equal to 100% of the required employer contributions for each year.

In addition to pension benefits, the Police and Fire plan provides post-retirement health care coverage for eligible persons who receive a monthly service, disability, or survivor benefit check. If eligible, the plan subsidizes a spouse, survivor (which includes a dependent parent receiving a statutory survivor benefit), child up to 28, or incapacitated child for medical and prescription drugs. The health care coverage provided by the retirement system is considered to be an "other post-employment benefit" (OPEB) as described in GASB Statement No. 45. Police and Fire provides access to post-retirement health care coverage for any person who receives or is eligible to receive a monthly service, disability, survivor benefit check or is a spouse or eligible dependent child of such person. The health care coverage provided by OP&F meets the definition of an Other Post Employment Benefit (OPEB) as described in GASB Statement 45. The Ohio Revised Code allows, but does not mandate OP&F to provide OPEB benefits. The authority for the OP&F Board of Trustees to provide health care coverage to eligible participants and to establish and amend benefits is codified in Chapter 742 of the Ohio Revised Code. The Ohio Revised Code provides for contribution requirements of the participating employers and of plan members to the Police and Fire (defined benefit pension plan). Participating employers are required to contribute to the pension plan at rates expressed as percentages of the payroll of active pension plan members; currently, 19.50% and 24.00% of covered payroll for police and fire employers, respectively. The Ohio Revised Code states that the employer contribution may not exceed 19.50% of covered payroll for police employer units and 24.00% of covered payroll for fire employer units. Active members do not make contributions to the OPEB Plan.

Police and Fire maintains funds for health care in two separate accounts. One for health care benefits under an IRS Code Section 115 trust and one for Medicare Part B reimbursements administrated as an Internal Revenue Code 401(h) account, both of which are within the defined benefit pension plan, under the authority granted by the Ohio Revised Code to the Police and Fire Board of Trustees. The Board of Trustees is authorized to allocate a portion of the total employer contributions made into the pension plan to the Section 115 trust and the Section 401(h) account as the employer contribution for retiree health care benefits. For the year ended December 31, 2012, the employer contribution allocated to the health care plan was 6.75% of covered payroll. The amount of employer contributions allocated to the health care plan each year is subject to the Trustees' primary responsibility to ensure that pension benefits are adequately funded and is limited by the provisions of Sections 115 and 401(h). The Police and Fire Board of Trustees also is authorized to establish requirements for contributions to the health care plan by retirees and their eligible dependents, or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected. The City's contributions for Police, which can be determined by multiplying actual employer contributions by .346, for 2012, 2011, and 2010 used to pay post-retirement health care were \$1,841,560, \$1,789,920 and \$1,862,607, respectively, which were equal to 100% of the required employer contributions for each year. The City's contributions for Fire, which can be determined by multiplying actual employer contributions by .281, for 2012, 2011, and 2010 used to pay post-retirement health care were \$1,480,840, \$1,434,978 and \$1,450,774, respectively, which were equal to 100% of the required employer contributions for each year.

9. Pension and Other Post-Retirement Benefit Plans (Continued)

Other Post-retirement Benefits (OPEB)

In addition to the post-retirement benefits provided by the Ohio Police and Fire Pension Fund and the Ohio Public Employees Retirement System of Ohio, the City provides post-retirement health care and life insurance benefits, in accordance with union agreements and City Council ordinances, for retired employees. The post-retirement healthcare coverage is a single self-insured plan, administered through Medical Mutual, which provides medical, prescription drugs, dental, and vision benefits. The major medical portion of the coverage, which includes prescription drugs, ends at age 65. All other benefits continue for the lifetime of the participant. The life insurance amounts are dependent on age at retirement and the retiree's collective bargaining unit. All life insurance amounts are reduced by 50% after the first year of retirement. Dependents are not eligible for life insurance during retirement. The life insurance is fully insured. Substantially all of the City's employees may become eligible for those benefits if they reach normal retirement age while working for the City. Currently, 2,156 retirees meet those eligibility requirements. The City pays 100% of the cost of health care and life insurance benefits. These benefits are financed on a pay-as-you go basis; as such, the cost of retiree health care and life insurance benefits is recognized as expenditure/expense as claims are incurred. For the years ended 2012, 2011 and 2010 those costs were \$4,512,097, \$4,182,621 and \$4,784,987 respectively. Eligibility for OPEB benefits is receiving a pension benefit from OPERS, Police and Fire, or disability retirement. Former employees who are term-vested for pension benefits are not eligible.

Pursuant to GASB issued Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pension Benefits*, the City has recorded liabilities of \$28,619,198, and \$3,324,437 in the government-wide statement of net position, as liabilities due in more than one year for Governmental Activities and Business-type Activities, respectively.

Calculations are based on the OPEB benefits provided under the terms of the plan. The calculations are based on the substantive plan in effect at the time of the valuation and the plan provisions related to participant cost sharing. Actuarial valuations for OPEB plans involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continual revision as results are compared to the past expectations and new estimates are made about the future. The actuarial calculations of the OPEB plan reflect a long-term perspective.

9. Pension and Other Post-Retirement Benefit Plans (Continued)

The following exhibits provide summaries of the annual required contributions, funded status, expense, and net OPEB obligation (year-end accrued liability).

<u>Year Ended</u>	<u>Annual Required Contributions</u>	<u>Actual Contributions</u>	<u>Percentage Contributed</u>
12/31/2010	\$9,679,000	\$3,930,000	40.6
12/31/2011	11,686,000	4,335,000	37.1
12/31/2012	11,473,000	4,772,000	41.6

<u>Year Ended</u>	<u>Annual OPEB Cost</u>	<u>Percentage OPEB Cost Contributed</u>	<u>Net OPEB Obligation</u>
12/31/2010	\$9,825,000	40.0	\$18,210,000
12/31/2011	11,553,000	37.5	25,428,000
12/31/2012	11,288,000	42.3	31,944,000

<u>Year Ended</u>	<u>Actuarial Accrued Liability</u>	<u>Unfunded Actuarial Accrued Liability</u>	<u>Covered Payroll</u>	<u>Percentage of Covered Payroll</u>
12/31/2010	\$149,961,000	\$149,961,000	\$114,340,000	131.2
12/31/2011	179,994,000	179,994,000	88,115,000	204.3
12/31/2012	178,939,000	178,939,000	83,935,000	213.2

OPEB are advanced-funded using the entry-age normal actuarial cost method with a level percentage of pay. The difference between assumed and actual experience (actuarial gains and losses) becomes part of unfunded actuarial accrued liability. The Unfunded Actuarial Accrued Liability is then amortized as a level percentage of pay over 30 years of open group payroll. For actuarial valuation purposes, an inflation rate of 2.50% from 2011 to 2012 is assumed, a discount rate of 3.5% is assumed, along with a projected payroll growth rate of 2%. Other significant actuarial assumptions include a health care cost rate for medical and prescription drugs of 8.5% in 2012, with the rate decreasing by one-half percentage per year an ultimate of 5.0% in 2019 and after. In subsequent years after 2019 health care cost rates are assumed to remain at 5.0%. Health care costs for dental and vision were assumed to be 6.0% in 2012, decreasing every 2 years by one-half percentage point for an ultimate of 5.0% in 2015. In subsequent years after 2015 health care cost rates for dental and vision are assumed to remain at 5.0%.

9. Pension and Other Post-Retirement Benefit Plans (Continued)

The following chart shows the determination of the 2012 annual required contribution (ARC) and accrual.

Cost Element	Amount
Unfunded actuarial accrued liability at 12/31/12	\$ 178,939,000
<u>Annual Required Contribution (ARC)</u>	
Normal cost (including interest to the end of the year)	4,092,000
Amortization of the unfunded actuarial accrued liability over 30 years using level % of payroll	<u>7,381,000</u>
Annual Required Contribution	11,473,000
<u>Annual OPEB Cost (Expense)</u>	
ARC	11,473,000
Interest on beginning of year CAFR accrual	890,000
Amortization of beginning of year CAFR accrual	<u>(1,075,000)</u>
Fiscal year 2012 OPEB cost	11,288,000
<u>End of Year CAFR Accrual (Net OPEB Obligation)</u>	
Beginning of year CAFR Accrual	25,428,000
Annual OPEB cost	11,288,000
Employer contribution (benefit payments and expense)	<u>(4,772,000)</u>
End of year CAFR accrual	<u><u>\$ 31,944,000</u></u>

10. Notes Payable

The following is a summary of note transactions for the year ended December 31, 2012 reflected in governmental activities in the government-wide financial statements:

	<u>Governmental Activities</u> Special Assessment	<u>Governmental Activities</u> Capital Projects	<u>Governmental Activities</u> General Health	<u>Governmental Activities</u> Total
Notes Payable at January 1, 2012	\$ 10,618,700	\$ 39,650,000	\$ 13,000,000	\$ 63,268,700
New notes issued	11,280,000	10,115,000	11,000,000	32,395,000
Notes retired	<u>(10,102,700)</u>	<u>(39,650,000)</u>	<u>(13,000,000)</u>	<u>(62,752,700)</u>
Notes Payable at December 31, 2012	<u>\$ 11,796,000</u>	<u>\$ 10,115,000</u>	<u>\$ 11,000,000</u>	<u>\$ 32,911,000</u>

The following is a summary of the City's future debt service requirements for notes payable as of December 31, 2012 (in thousands):

Fiscal Year Ending December 31	<u>Governmental Activities</u>				Total
	<u>Special Assessment Notes</u>		<u>General Obligation Notes</u>		
	Principal	Interest	Principal	Interest	
2013	<u>\$ 11,796</u>	<u>\$ 153</u>	<u>\$ 21,115</u>	<u>\$ 265</u>	<u>\$ 33,329</u>

The following notes are backed by the full faith and credit of the City and generally mature within one to five years. The notes generally are issued in anticipation of long-term bond financing and are refinanced, if necessary, until such bonds are issued.

Bonds and notes issued by the City of Akron and held by the City as investments at December 31, 2012 amounting to \$2,368,606 (Note 2) are eliminated in the government-wide statement of net position.

10. Notes Payable (Continued)

Special assessment notes are issued to finance the property owners' share of improvements. Upon completion of a project, owners may pay the assessments in full. Bonds are issued in the amount of any unpaid assessments and are repaid largely from levies on the property owners for principal and interest collected by the County Fiscal Officer on behalf of the City.

The weighted average interest rates on special assessment notes and general obligation notes at December 31, 2012 were 1.42% and 1.26% respectively.

Notes payables as of December 31, 2012, are comprised of the following individual issues:

Issued	Rate %	Issue	Final Maturity	Amount
Special Assessment Notes:				
<u>Governmental Activities:</u>				
Paving Notes:				
March 14, 2008	4.00	3-08	March 14, 2013	\$ 399,700

11. Long-Term Debt (Continued)

All bonds and notes are backed by the full faith and credit of the City except revenue bonds. Water Mortgage Revenue Bonds are collateralized by the capital assets of the Water System that had net carrying values of approximately \$143,755,183 at December 31, 2012. It is the City's policy to pay debt service of the Enterprise and Internal Service Funds from the receipts of those funds. Accordingly, such debt is reported in those funds. Any deficiency is paid from the City's General Fund. Revenue bonds and OWDA loans are retired entirely from the excess of operating revenues over operating expenses of the applicable enterprise activity. Therefore, the City is under no obligation to repay these long-term obligations from the City's General Fund.

The Sanitary Sewer System Improvement and Refunding Revenue Bond dated April 1, 1998, the Waterworks System Mortgage Revenue Improvement and Refunding Bonds dated July 1, 2003 and the Waterworks System Mortgage Revenue Improvement Bond dated August 10, 2006 require deposits to a Debt Service Fund based on a calculation of net operating revenues. The Sewer System Revenue Bond Indenture Agreement dated April 1, 1998 requires that a Debt Service Reserve Fund be created and maintained at a minimum of \$1,217,081. The balances in the Debt Service Reserve Fund and the Debt Service Fund at December 31, 2012 were as follows:

	Sewer System 1998 Issue	Waterworks System 2003 Issue	Waterworks System 2006 Issue
Minimum balance of debt service reserve fund	\$1,217,081	-	-
Actual balance of debt service reserve fund	<u>4,449,271</u>	<u>1,875,368</u>	<u>532,552</u>
Excess	<u><u>\$3,232,190</u></u>	<u><u>\$1,875,368</u></u>	<u><u>\$532,552</u></u>

The debt service and debt service reserve funds for Mortgage Revenue Bond issues are included in the applicable enterprise fund for reporting purposes.

The Ohio Revised Code provides that the net debt of a municipal corporation, whether or not approved by the electors, shall not exceed 10.5% of the assessed value of all property in the municipal corporation as listed and assessed for taxation. In addition, the unvoted net debt of municipal corporations cannot exceed 5.5% of the total assessed value of property. At December 31, 2012, the City's total net debt amounted to 4.73% of the total assessed value of all property within the City and unvoted net debt amounted to 4.73% of the total assessed value of all property within the City.

11. Long-Term Debt (Continued)

On June 27, 2012, the City issued \$162,385,000 in Community Learning Center Income Tax Revenue Bonds, Series 2012A and 2012B maturing December 1, 2014 through December 1, 2033 with interest rates ranging from 3% to 5%. Out of net proceeds of \$184,328,303, including a premium of \$23,325,576 and an underwriter's discount of \$1,382,273 (after payment of \$230,473 in insurance and other issuance costs), \$184,097,830 was used to provide cash to provide for debt service payments on the CLC Income Tax Revenue Bonds, Series 2004.

As a result, the CLC Income Tax Revenue Bonds, Series 2004 are considered to be defeased and the liability for those bonds has been removed from the financial statements. The City advance refunded these bonds to reduce its total debt service payments by approximately \$15,372,420 and incurred an economic gain (difference between the present value of debt service payments on the old and new debt) of approximately \$12,150,506.

On November 14th, 2012, the City issued \$28,870,000 in Various Purpose Income Tax Revenue Bonds, Series 2012 maturing December 1, 2013 through December 1, 2032 with interest rates ranging from 3% to 4%. Out of net proceeds of \$30,092,555, including a premium of \$1,628,443, an underwriter's discount of \$187,636 and original issue discount of \$218,252 (after payment of \$110,845 in insurance and other issuance costs), \$29,981,710 was used to provide cash to provide for debt service payments on the Various Purpose Income Tax Revenue Bonds, Series 2012.

On November 29, 2012, the City issued \$8,540,000 in general obligation bonds Various Purpose Refunding Bonds, Series 2012 maturing December 1, 2013 through December 1, 2024 with interest rates ranging from 2% to 4%. Out of the net proceeds of \$9,357,939, including a premium of \$860,639, and an underwriter's discount of \$42,700 (after payment of \$71,432 in insurance and other issuance costs), \$9,286,507 was used to provide cash to provide for debt service payments on the General Obligation Various Purpose Bonds, Series 2003.

As a result the above Series 2003 Bonds are considered to be defeased and the liability for these bonds has been removed from the financial statements. The City advanced refunded these bonds to reduce its total debt service payments by approximately \$611,400, and incurred an economic gain (difference between the present values of the debt service payments on the old and new debt) of approximately \$656,872.

11. Long-Term Debt (Continued)

The City has defeased certain debt issues by placing investments in U.S. Government obligations in irrevocable escrow accounts. Such accounts will be used, together with interest earned thereon, to provide for the payment of all principal and interest on the defeased bonds on their scheduled due dates. Accordingly, the escrow accounts and the defeased bonds summarized below are not included in the accompanying financial statements at December 31, 2012:

Issue	Defeasance Date	Original Amount		Principal Outstanding at 12/31/12
		Defeased	Escrowed	
Various Purpose Improvement Bonds, Series 1992	2001	\$10,785,000	\$11,869,971	\$615,000
Street Improvement Bonds, Series 1992	2001	1,940,000	2,135,164	50,000

11. Long-Term Debt (Continued)

During 2004, the City entered into an agreement with various parties to unconditionally guarantee the principal and interest payments on behalf of The Goodyear Tire & Rubber Company for the Development Finance Authority of Summit County Bonds, Series 2005B. As of December 31, 2012, the principal amount outstanding was \$1,410,000. The City believes that Goodyear Tire & Rubber Company is current on all required debt service payments and will continue to pay all debt service when due throughout the remaining term of the bonds; therefore, no provision for such guarantee has been recorded in the financial statements as of December 31, 2012.

During 2007, the City entered into an agreement with various parties to unconditionally guarantee the principal and interest payments on behalf of Akron Community Service Center and Urban League, Inc. for Development Finance Authority of Summit County Bonds, Series 2007. As of December 31, 2012, the principal amount outstanding was \$2,210,000. The City believes that the Akron Community Service Center and Urban League, Inc. is current on all required debt service payments and will continue to pay all debt service when due throughout the remaining term of the loan; therefore, no provision for such guarantee has been recorded in the financial statements as of December 31, 2012.

During 2008, the City entered into an agreement with various parties to unconditionally guarantee the principal and interest payments on behalf of MemPro Ceramics Corporation for the loan issued by The Huntington National Bank. As of December 31, 2012, the principal amount outstanding was \$145,833. During 2012 the City was required to make principal and interest payment on behalf of MemPro Ceramics Corporation. The City paid approximately \$56,610 in principal and interest that was due to The Huntington National Bank for principal and interest payments. MemPro Ceramics Corporation scheduled 2013 principal and interest payments are \$50,000 and \$6,620, respectively. The City believes that the amounts are immaterial; therefore, no provision for such guarantee has been recorded in the financial statements as of December 31, 2012.

During 2010, the City entered into an agreement with various parties to unconditionally guarantee the principal and interest payments on behalf of the International Soap Box Derby, Inc. for the loan issued by FirstMerit Bank. As of December 31, 2012, the principal amount outstanding was \$488,485. The City believes that the International Soap Box Derby Inc. is current on all required debt service payments and will continue to pay all debt service when due throughout the remaining term of the loan; therefore, no provision for such guarantee has been recorded in the financial statements as of December 31, 2012.

As of April 12, 2011, the City was obligated to provide half of the funds for any shortfall in payments for \$17.2 million in Taxable Bonds issued by the Development Finance Authority of Summit County (formerly the Summit County Port Authority) to fund acquisitions by IRG Rubber City LLC of certain properties for the Goodyear Headquarters Project.

This obligation was rescinded on April 13, 2011, when the City entered into a Cooperative Agreement with the Development Finance Authority of Summit County, County of Summit, Director of Development of the State of Ohio, Huntington National Bank, IRG LLC, AGNL Blimp LLC and the Goodyear Tire and Rubber Company for the Goodyear Headquarters Project. The agreement calls for the City to repay a \$5 million State 166/City Revenue Loan Note with payments beginning in June of 2016. The City also is obligated to transfer net Tax Increment Financing Service Payments to pay for portions of \$15 million in other State 166 Loans issued for the project.

11. Long-Term Debt (Continued)

During 2012, the City entered into an amendment and restatement of cooperative agreement among various parties to unconditionally guarantee the principal and interest payments of the Development Finance Authority of Summit County Revenue Bonds (Akron Civic Theatre Project), issued by the Development Finance Authority of Summit County. As of December 31, 2012, the principal amount outstanding was \$15,060,000. The City believes that the Development Finance Authority of Summit County is current on all required debt service payments and will continue to pay all debt service when due throughout the remaining term of the bonds; therefore, no provision for such guarantee has been recorded in the financial statements as of December 31, 2012.

During 2012, the City entered into a cooperative agreement with the Development Finance Authority of Summit County, Akron Baseball, LLC, and The Bank of New York Mellon Trust Company, N.A. to facilitate financing. The Development Finance Authority of Summit Development Revenue Bonds, Series 2012 were issued for \$3.6 million. The obligation of the City to make appropriation payments are subject to the annual appropriations made by City Council. The City has recorded a liability of \$208,625 for the principal and interest payments scheduled to be paid during 2013 in the accompanying financial statements. The principal balance outstanding as of December 31, 2012 is \$3.6 million.

The obligations of the City under this agreement, including its obligation to make payments during any fiscal year of the City in which this agreement is in effect, shall not constitute a general obligation or indebtedness of the City within the meaning of the constitution and laws of the State of Ohio. The agreement does not pledge any taxes or other moneys to the amounts payable by the City. Nothing constitutes a pledge by the City or an obligation by the City, of any taxes or other moneys to the payment of any amount payable by the City under this agreement; therefore, no provision for such liability has been recorded in the financial statements as of December 31, 2012.

From time to time, the City has issued industrial revenue bonds to provide financial assistance to private sector entities for the acquisition and construction of industrial and commercial facilities deemed to be in the public interest. The bonds are secured by the property financed and are payable solely from payments received by the bond trustees on the underlying mortgage loans. Upon repayment of the bonds, ownership of the acquired facilities transfers to the private-sector entity served by the bond issuance. The bonds do not constitute a debt or pledge of the faith and credit of the City and, accordingly, have not been reported in the accompanying financial statements. As of December 31, 2012, there was one industrial revenue bond outstanding. The aggregate principal amount payable for the issue was \$565,000.

12. Obligations Under Capitalized Leases and Certificates of Participation (COPs)

In November, 1996, \$28.9 million Series 1996 Convertible Capital Appreciation Certificates of Participation (COPs) were issued by a bank to finance the costs of the construction of a professional baseball stadium (meeting class "AA" standards) within the City. In connection with the issuance of the Series 1996 COPs, the City entered into a capital lease agreement (as lessee) for the baseball stadium. The City will make lease payments during successive annual renewal periods through November 25, 2016, providing City Council appropriates funds each year for that purpose. If the lease is paid through November 25, 2016, the City will acquire title to the baseball stadium. The lease agreement also includes a purchase option during the years 2002 through 2016.

12. Obligations Under Capitalized Leases and Certificates of Participation (COPs) (Continued)

Unspent funds of approximately \$114,698 provided from the COPs are recorded as restricted assets in the governmental activities in the accompanying government-wide statement of net position as of December 31, 2012. In the unlikely event the lease is terminated, the restricted funds are available for payment of the certificates.

The City has defeased certain certificate issues by placing investments in U.S. Government Obligations in irrevocable escrow accounts. Such accounts will be used, together with interest earned thereon, to provide for the payment of all principal and interest on the defeased certificates on their scheduled due dates. Accordingly, the escrow accounts and the defeased certificates summarized below are not included in the accompanying financial statements at December 31, 2012:

Issue	Defeasance Date	Original Amount		Principal Outstanding at 12/31/12
		Defeased	Escrowed	
Certificates of Participation, Series 1996	2005	\$31,515,000	\$33,661,685	\$13,375,000

On November 3, 2010, the City issued \$13.2 million Series 2010 Convertible Certificates of Participation (COPs) for the Akron Energy Systems Project. Total future payments as of December 31, 2012 are as follows:

Year	Governmental Activities	
	Principal	Interest
2013	\$ 455,000	\$ 595,363
2014	465,000	582,850
2015	480,000	570,063
2016	495,000	556,863
2017	505,000	543,250
2018-2022	2,935,000	2,310,750
2023-2027	3,755,000	1,498,750
2028-2032	3,670,000	418,500
	<u>\$ 12,760,000</u>	<u>\$ 7,076,389</u>

The City also has two other capital leases, one for the redesign of the City’s sanitation trash collection system and one for equipment. The cost of the sanitation redesign equipment is \$9,050,203 and is included in the City’s capital assets in the Statement of Net Position – Governmental Activities.

The cost of the equipment purchase is \$1,952,230 and is included in the City’s capital assets in the Statement of Net Position – Governmental Activities and in the Water and Golf Course Funds.

12. Obligations Under Capitalized Leases and Certificates of Participation (COPs) (Continued)

The following is a summary of the capital lease transactions for the year ended December 31, 2012:

	Governmental Activities				Enterprise
	COPS Stadium	COPS Parking	Sanitation Redesign	Equipment	Equipment
Capital Lease at January 1, 2012	\$ 16,585,000	\$ 39,385,000	\$ 5,081,367	\$ 1,263,411	\$ 453,909
Adjustments	-	-	(61,551)	-	-
Retirements	(3,005,000)	(2,595,000)	(862,067)	(185,812)	(66,757)
Capital Lease at December 31, 2012	<u>\$ 13,580,000</u>	<u>\$ 36,790,000</u>	<u>\$ 4,157,749</u>	<u>\$ 1,077,599</u>	<u>\$ 387,152</u>

Future lease payments are as follows as of December 31, 2012:

Year	Governmental Activities				Enterprise
	COPS Stadium	COPS Parking	Sanitation Redesign	Equipment	Equipment
2013	\$ 3,829,000	4,215,263	\$ 1,152,972	\$ 248,797	\$ 89,386
2014	3,831,500	4,179,063	1,152,972	248,797	89,386
2015	3,831,000	4,145,438	1,152,972	248,797	89,386
2016	3,827,250	4,108,038	1,152,972	248,797	89,386

2018-2022	-	16,459,008	-	-	-
2023-2027	-	9,366,275	-	-	-
2028-2032	-	1,466,469	-	-	-
Total lease payments	15,318,750	48,341,992	4,611,888	1,243,985	446,930
Less amount representing interest	1,738,750	11,551,992	454,139	166,386	59,778
Present value of lease payments	<u>\$ 13,580,000</u>	<u>\$ 36,790,000</u>	<u>\$ 4,157,749</u>	<u>\$ 1,077,599</u>	<u>\$ 387,152</u>
Net book value of leased assets	* <u>\$ 20,014,894</u>	<u>\$ 62,156,056</u>	<u>\$ 3,167,571</u>	<u>\$ 990,214</u>	<u>\$ 375,438</u>

*Amount represents the entire net book value of the capital lease recorded in the statement of net position.

The City entered into a capital lease agreement on September 27, 2012 for the purchase of various service equipment. The term is six years at a rate of 2.10% for \$7,154,080. The lease proceeds were deposited into an account on the City's behalf during 2012 and City is reporting an Other Financing Source along with the liability. The equipment will be purchased during 2013 and recorded on the financial statements.

Additionally, the City entered into two capital leases agreements on December 28, 2012, both in the amount of \$536,585 for street sweepers. The agreements are for 4 years at a rate of 2.25% and 5 years at a rate of 2.35% respectively. The lease proceeds were deposited into an account on the City's behalf during 2012 and the City is reporting an Other Financing Source along with the liability. The equipment will be purchased during 2013 and will be recorded on the financial statements.

13. Self-Insurance Funds

The City is exposed to various risks of loss including employee health-care costs and accidents, torts and legal judgments, and damage or destruction of assets. The City purchases fire and extended coverage insurance on all buildings and contents up to \$175,000,000 per occurrence, with a variety of deductibles beginning at \$250,000. Coverage is purchased on 1,041 vehicles for combined single-limit liability of \$1,000,000. There has been no significant reduction in coverage from the prior year, and settled claims have not exceeded the City's insurance coverage in any of the past three years.

The City has a Medical Self-Insurance Fund. The purpose of this fund is to pay medical claims for City employees and their covered dependents and minimize the total cost of medical benefits of the City. The plan is internally managed and accounted for as an Internal Service Fund. This Internal Service Fund has been in existence since 1987.

The City has an Internal Service Fund entitled "Workers' Compensation Reserve Fund" to account for self-insured workers' compensation claims. Workers' compensation is administered by the State of Ohio under a retrospective rating plan. The City reimburses the Ohio Bureau of Workers' Compensation for injured workers' claims subject to a maximum annual claim limit of \$300,000 for each worker's compensation claim. All funds of the City participate in the program and make payments to the Internal Service Fund based on the experience premium that would normally be charged by the Ohio Bureau of Workers' Compensation. Future claims liabilities are actuarially determined.

The City has a Self-Insurance Settlement Fund. The purpose of this fund is to pay judgments and claims. Claims are accrued based upon estimates, past experience, and current claims outstanding. Actual claims experience may differ from the estimate.

The claims liabilities of \$3,019,840, \$5,660,005 and \$278,441 reported in the Medical, Workers' Compensation, and Self-Insurance Settlement funds, respectively, at December 31, 2012, are in accordance with the requirements of GASB Statement No. 10, *Accounting and Financial Reporting for Risk Financing and Related Insurance Issues*, and GASB Statement No. 30, *Accounting and Financial Reporting for Risk Financing and Related Insurance Issues*. These GASB statements require that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. The liabilities recorded include the estimated incremental expenses to be incurred to settle the claims, including legal fees. Claims liabilities are based on evaluations of individual claims and a review of experience with respect to the probable number and nature of claims arising from losses that have been incurred but have not yet been reported. The claims liabilities represent the estimated ultimate cost of settling the claims, including the effects of inflation and other societal and economic factors. Estimated future recoveries on settled and unsettled claims, such as subrogations, if any, are evaluated in terms of their estimated realizable value and deducted from the liability for unpaid claims. Any adjustments resulting from the actual settlement of the claims are reflected in the financial statements at the time the adjustments are determined.

13. Self-Insurance Funds (Continued)

Changes in the funds' claims liabilities (both current and long-term) amounts in fiscal 2011 and 2012 were:

	Beginning of Year Liability	Claim Adjustments	Current Period Claims	Claim Payments	Balance at End of Year
<u>Medical Self-Insurance Fund</u>					
2011	\$ 2,172,457	\$ -	\$ 23,532,132	\$ (23,808,000)	\$ 1,896,589
2012	1,896,589	-	27,235,419	(26,112,168)	3,019,840
<u>Workers' Compensation Reserve Fund</u>					
2011	6,606,823	-	819,338	(1,487,512)	5,938,649
2012	5,938,649	-	854,981	(1,133,625)	5,660,005
<u>Self-Insurance Settlement Fund</u>					
2011	437,444	(354,032)	358,904	-	442,316
2012	442,316	(597,262)	433,387	-	278,441

14. Long-term Liabilities

The City reports the following amounts relating to the government's long-term liabilities for the year ended December 31, 2012:

	Balance January 1, 2012	Additions	Deletions	Balance December 31, 2012
Governmental Activities:				
Governmental Funds:				
Due to other governments	\$ 3,861,444	\$ -	\$ (649,477)	\$ 3,211,967

Pollution Remediation (Note 20)	42,050	-	(15,050)	27,000
OPEB liability (Note 9)	87,898	306	-	88,204
Total Enterprise Funds/ Business-type Activities	7,535,545	2,956,551	(2,682,384)	7,809,712
Total	\$ 78,987,390	\$ 23,590,933	\$ (19,497,472)	\$ 83,080,851

The above liabilities are liquidated by the various operating funds in which the liabilities exist. See Note 4 for detailed explanations for the amounts recorded as due to other governments.

15. Compliance and Accountability

The following funds have fund balance deficits or net position deficits at December 31, 2012:

Special Revenue Funds:

Income Tax Collection	\$ 253,039
Emergency Medical Service	2,987,027
Special Assessment	8,605,579
Community Development	1,695,974
Police Grants	301,077
City Facilities Operating	1,331,720

Capital Project Funds:

Streets	12,273,876
---------	------------

Internal Service Funds:

Medical Self-Insurance	7,260,348
Workers' Compensation Reserve	3,533,240
Self-Insurance Settlement	262,232
Engineering Bureau	1,618,438
Information Technology	\$ 2,634,730

The Special Revenue Funds that have deficit fund balances at year-end have incurred expenditures that have not yet received the revenue under federal or state grant agreements or as a reimbursement from other funds. The Emergency Medical Service will receive subsidy from the General Fund. On a cash basis, the Special Assessment Fund has a positive balance and is awaiting receipt of assessments from property owners to retire the S.A. notes. The Police Grants funds requested grant draws are based on actual cash basis expenditures. The City Facilities Operating Fund has significantly decreased the deficit during prior years and will review the remaining deficit.

The Capital Project Funds that have deficit fund balances at year-end have incurred expenditures that have not yet been reimbursed. The Streets Fund has outstanding G.O. Notes that will be repaid from future collections. The City carries out programs in its capital budget for which pooled cash is spent up front.

The Internal Service Funds, that have deficit net position balances at year-end, have incurred expenses above charges for services. User charges will be assessed to eliminate the deficits. In 2012, the City issued bond anticipation notes for the Medical Self-Insurance fund. The debt will be repaid through user charges. The City's policy is to transfer funds from the pertinent division's operating budget for actual claim settlements to reimburse the Workers' Compensation and Self-Insurance Settlement Fund. The Engineering Bureau will review its applied overhead rate charged to projects to address the deficits. Information Technology will review staffing levels and also the applied overhead rates charged to formulate a plan.

16. Income Taxes

The City levies a tax at the rate of 2.25% on substantially all income earned within the City. In addition, residents of the City are required to pay City income tax on income earned outside the City. However, a credit is allowed for income taxes paid to other municipalities.

On May 6, 2003, Akron voters increased the City's income tax rate from 2% to 2.25% which took effect January 1, 2004. However, the additional .25% increase is designated exclusively for funding the Akron Public Schools' local share in obtaining State of Ohio grants for the construction and renovation of community learning centers in Akron. Therefore, the additional .25% will not be distributed according to City Charter into both operation and capital improvement funds, as described below.

The proceeds of income taxes, after payment of the expenditures incurred from collection thereof, are allocated by the City Charter as follows: 27% to capital expenditures and 73% to the General Fund. The portion allocated to capital expenditures may be utilized for payment of debt service or capital expenditures of any City fund.

Employers within the City are required to withhold income tax on employee compensation and remit this tax to the City at least quarterly. Corporations and other individual taxpayers are required to file a declaration annually and pay their estimated tax quarterly.

17. Property Taxes

Property taxes include amounts levied against all real and public utility property located in the City. The Property taxes collected are allocated to the various funds based upon voter authorization.

Real property taxes are levied each October on the assessed value listed as of the prior January 1. Assessed values are established by the County Fiscal Officer at 35% of appraised market value. By law, a revaluation of all property based on current individual appraisals is required to be completed no less than every six years. The last revaluation was completed in tax year 2008 for collection in 2009. The next sexennial revaluation will be completed in 2014 for collection in 2015. In addition, the County Fiscal Officer is required to adjust (but without individual appraisal of properties except in the sexennial reappraisal) taxable real property values triennially to reflect true values.

Real estate and public utility taxes attach an enforceable lien on property as of December 31 in the year levied. Payments are scheduled in two installments in mid-February and mid-July of the succeeding year and are considered delinquent if unpaid as of December 31 of that year.

To compensate for foregone revenue from tangible personal property tax, the state will make distributions to taxing subdivisions from revenue generated by a newly enacted commercial activity tax. Generally, these distributions are expected to fully compensate taxing subdivisions for such tax losses with gradual reductions in the reimbursement from 2011 through 2017.

17. Property Taxes (Continued)

The assessed value upon which the 2012 property tax was based aggregated \$2,672,112,000. The assessed value for 2012 (upon which the 2013 property tax will be based) is approximately \$2,662,476,000.

Under the current allocation method, the City's share was 1.030% (10.30 mills) of assessed value in 2012 for collection in 2013. The City's Charter limits the maximum total tax rate that could be levied without a vote of the electors to 1.05% (10.5 mills).

The Fiscal Officer collects property taxes on behalf of all taxing districts in the County including the City of Akron and periodically remits to the City its portion of the taxes collected. Current real property tax collections for the year ended December 31, 2012, including delinquencies from prior years, were 89% of the current year tax levy. On a full accrual basis, collectible delinquent property taxes have been recorded as revenue, while the remainder of the tax receivable is deferred.

18. JEDD Revenues

In an effort to promote regional growth and economic development, the City has entered into contracts with four surrounding townships and a bordering municipality to create Joint Economic Development Districts (JEDDs). The City entered into separate contracts with Copley, Coventry, and Springfield Townships to create JEDDs in 1994. Voters in each township approved the respective JEDD contracts in the November 1994 election, which became effective January 1, 1995. In accordance with state law, each of the Districts' Board of Trustees levied a 2% income tax effective January 1, 1995. In accordance with the City of Akron's income tax increase, as of January 1, 2005, Copley, Coventry and Springfield's income tax rate increased to 2.25%. The proceeds of that tax are allocated, in accordance with the contract, primarily to the City. The City has utilized these JEDD revenues, in part, to construct water and sewer lines so that the JEDDs have access to the City's water and sewer system and to encourage and promote economic development.

In 1998 the City entered into a JEDD contract with Bath Township (Bath) and the City of Fairlawn (Fairlawn). This contract was approved by voters in November 1998 and became effective on January 1, 1999. As in the other JEDDs, a 2% income tax has been levied by the District. In accordance with the City of Akron's income tax increase, as of January 1, 2006, Bath's income tax rate increased to 2.25%. As stated in the contract, the net JEDD revenues are allocated to the City and Fairlawn, with the City providing water and sewer services.

19. Pledged Revenues

Pursuant to GASB No. 48, *Accounting and Financial Reporting for Sales and Pledges of Receivables and Intra-Entity Transfers of Assets and Future Revenues*, the City holds different types of pledged revenue. Pledged revenues of the City are broken down into water system revenues, sewer system revenues, JEDD revenues, non-tax revenues, income tax revenues, and CLC income tax revenues.

Water System Revenues

The City has pledged future water customer revenues, net of specified operating expenses to repay \$79 million in water system revenue bonds, Ohio Public Works Commission loans and Ohio Water Development Authority loans issued at various dates ranging from November 12, 1999 through November 7, 2012. Proceeds from the bonds and loans provided financing for various water projects. The bonds and loans are payable solely from water customer net revenues and have varying final maturity dates ranging from January 1, 2014 through March 1, 2034. The total principal and interest remaining to be paid on the bonds and loans as of December 31, 2012 is \$59,298,619. Principal and interest paid for 2012 and total customer net revenues were \$6,175,549 and \$11,766,938 respectively.

Issued	Amount of Issue	Purpose of Issue	Final Maturity	Debt Service	Future Debt Service
07/01/03	\$ 28,045,000	Various Water Projects	03/01/14	\$ 2,578,850	\$ 5,185,150

19. Pledged Revenues (Continued)

Sewer System Revenues

The City has pledged future sewer customer revenues, net of specified operating expenses to repay \$136.3 million in sewer system revenue bonds and Ohio Water Development Authority loans issued at various dates ranging from March 30, 1995 through September 9, 2012. Proceeds from the bonds and loans provided financing for various sewer projects. The bonds and loans are payable solely from sewer customer net revenues and have varying maturity dates ranging from December 1, 2013 through January 1, 2032. The total principal and interest remaining to be paid on the bonds as of December 31, 2012 is \$77,051,528. Principal and interest paid for 2012 and total customer net revenues were \$10,999,112 and \$9,658,197 respectively.

19. Pledged Revenues (Continued)

JEDD Revenues

The City has pledged future JEDD revenues to repay JEDD revenue bonds originally issued in 2000 and 2002 for \$53.2 million. These bonds were refinanced in December of 2011 with a \$27.2 million refunding bond issue. Proceeds from the original bonds issued provided financing for various water and sewer projects. The bonds are payable solely from JEDD revenues and have a final maturity date of December 1, 2022. The total principal and interest remaining to be paid on the bonds as of December 31, 2012 is \$33,685,000. Principal and interest paid for 2012 and total JEDD revenues were \$1,085,415 and \$20,811,613 respectively.

Issued	Amount of Issue	Purpose of Issue	Final Maturity	Debt Service	Future Debt Service
12/21/11	\$ 27,165,000	Various Water/Sewer Projects	12/01/22	\$ 1,085,415	\$ 33,685,000

Non-Tax Revenues

The City has pledged future non-tax revenues, to repay \$53.7 million in non-tax revenue bonds issued December 15, 2006 through December 15, 2011. In December of 2011 bonds were issued to refund the bonds originally issued in 1997. Proceeds from the bonds provided financing for various economic development and renovation projects. The bonds are payable from non-tax revenue including fees of licenses, fines and interest earnings. The maturity dates range from December 1, 2018 through December 1, 2028. The total principal and interest remaining to be paid on the bonds as of December 31, 2012 is \$74,089,477. Principal and interest paid for 2012 and total non-tax revenues were \$3,432,152 and \$107,340,398 respectively.

Issued	Amount of Issue	Purpose of Issue	Final Maturity	Debt Service	Future Debt Service
12/15/06	\$ 19,500,000	Various Econ. Dev. Proj.	12/01/26	\$ 1,540,765	\$ 23,623,181

19. Pledged Revenues (Continued)

Income Tax Revenues

The City has pledged future income tax revenues, to repay \$56.4 million in income tax revenue bonds and bond anticipation notes issued at various dates ranging from December 15, 2011 through November 14, 2012. The 2011 issue refunded an issue from 1999. Proceeds from the bonds provided financing for various liabilities, equipment, facilities, and improvements. The bonds are payable solely from income tax revenues and have varying maturity dates ranging from March 14, 2013 through December 1, 2032. The total principal and interest remaining to be paid on the bonds as of December 31, 2012 is \$69,700,926. Principal and interest paid for 2012 and total income tax revenues were \$155,003 and \$113,025,937 respectively.

Issued	Amount of Issue	Purpose of Issue	Final Maturity	Debt Service	Future Debt Service
12/15/11	\$ 6,405,000	Pension Accrued Liability	12/01/23	\$ 155,003	\$ 7,533,650
03/14/12	11,000,000	Health Benefit BAN	03/14/13	-	11,151,250

11/14/12	<u>28,870,000</u>	Var Purpose IT Rev Bonds	12/01/32	<u>-</u>	<u>40,787,232</u>
	<u>\$ 56,390,000</u>			<u>\$ 155,003</u>	<u>\$ 69,700,926</u>

CLC Income Tax Revenues

The City's income tax rate includes .25% Community Learning Center (CLC) income tax revenue. This is designated exclusively for funding the Akron Public Schools' local share in obtaining State of Ohio grants for the construction and renovation of community learning centers (CLC) in Akron. The City has issued bonds totaling \$257.4 million with final maturities in 2014, 2015 and 2033. The Akron Public Schools' annual contribution towards this debt is \$3,000,000. The City has committed each year, from the supplemental income tax revenue, amounts sufficient to cover the City's portion of the principal and interest requirements. Total principal and interest remaining on bonds are \$354,284,434. For 2012 total principal and interest paid by the City was \$11,282,196 and total income tax revenues were \$18,064,499.

Issued	Amount of Issue	Purpose of Issue	Final Maturity	Debt Service*	Future Debt Service
01/01/04	\$ 50,000,000	Community Learning Centers	12/01/14	\$ 5,494,875	\$ 5,848,500

* Net of \$3,000,000 annual contribution from Akron City School District.

20. Pollution Remediation

GASB Statement No. 49, *Accounting and Financial Reporting for Pollution Remediation Cost* addresses reporting standards for pollution remediation obligations. The City is aware of seven sites that meet the requirements for disclosure. The first site is a vacant, undeveloped piece of land known as the Middlebury Property which includes Middlebury East and Middlebury Grocery. The City of Akron legally obligated itself by voluntarily commencing cleanup activities and has obtained a \$750,000 grant to assist in the remediation clean-up. The projected cost to remediate Middlebury East was estimated at approximately \$1,200,000. The estimated expenses of \$200,000 for 2013 include \$70,566 reimbursable expense under the Clean Ohio grant award. The non-reimbursable amount of \$149,434 (\$129,434 in 2013 and \$20,000 in 2014) is reflected in the Statement of Net Position as of December 31, 2012. As for Middlebury Grocery, the expenses are estimated at \$10,000 for the next 10 years to facilitate the Operation and Maintenance Plan. This amount is minimal and is not included in the Statement of Net Position as of December 31, 2012.

The second site is known as the Westside Depot property where the City of Akron was compelled to take remediation action. This site used to house an underground storage tank (UST) system. During an upgrade to this system in 1991, there was evidence of residual petroleum hydrocarbons under the tank and the associated dispensing equipment. This site also had been the location of a previous UST system that may have consisted of a diesel tank, gasoline tank, and kerosene tank. The projected completion date expanded into 2014 with the estimated cost of \$74,050. The amount estimated for 2013 is \$47,050 and the remaining \$27,000 is anticipated to be finished in 2014. These amounts are recorded as a liability in the Airport Fund as of December 31, 2012.

The third site is for remediation work in the Landmark Building. The remediation work included asbestos abatement, general waste removal and soil remediation activities. The total project cost was estimated to be just under \$2,000,000. The City has received funding from the Ohio Development Services Agency to assist with this project. On May 1, 2012, the City received a Covenant Not to Sue order for the No Further Action Letter filing regarding this property. At this time there are no costs anticipated to be spent on the Operation and Maintenance Plan with the Ohio EPA in 2013 and 2014. Therefore no liability has been recorded as of December 31, 2012.

The fourth site is referred to as the Imperial Electric/XXth Century property. The City will conduct demolition and remediation activities at this site estimated at approximately \$1,600,000. The City was awarded Clean Ohio Revitalization Funds to assist in the remediation of the property. The project completion date was extended to 2013 and the estimated cost of \$488,843 is recorded as a liability as of December 31, 2012.

The fifth site is referred to as Building 116 and is located at 200 South Martha Avenue. The City has been awarded Clean Ohio Revitalization Funds to assist in the remediation of the property. The estimated total project cost was \$1,500,000 with a remaining balance of \$18,505 expected to be spent in 2013. This remediation project will be completed in 2013 and the remaining project cost is immaterial; therefore, no liability has been recorded.

The sixth site is referred to as the Seiberling Street Landfill Road Project. It is funded 100% by grants from Ohio Department of Transportation (ODOT), Ohio Public Works Commission (OPWC) and Ohio Development Services Agency (ODSA). The 2013 estimated project cost is approximately \$2,200,000 with completion in 2013. Since this project is funded 100%, there will be no recorded liability as of December 31, 2012.

20. Pollution Remediation (Continued)

The last site is referred to as the Goodyear Powerhouse Building. This property operated as a coal-fired power plant to support the electrical needs of the Goodyear facility in the past. The estimated project cost remaining is \$780,000 with \$775,159 reimbursable from an award with the Clean Ohio grant funds. The remediation is expected to be completed in 2013. The non reimbursable expense is immaterial and no liability has been recorded.

21. Deferred Inflows/Outflows of Resources

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/expenditure) until then. The City has deferred charges on the issuance of bonds reported in the government-wide and proprietary fund statements of net position. A deferred charge results from the difference in the carrying value of the debt and its par amount. This amount is deferred and amortized over the life of the debt.

In addition to liabilities, the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The City has nonexchange revenue transactions where a receivable has been recorded (such as when property taxes were levied), but the resources cannot be used until a future period. These items have been reported as deferred inflow on the government-wide Statement of Net Position.

On the government wide Statement of Net Position, the City has recorded certain deferred items that will not be expensed in the current period. Unavailable revenues have been reported as deferred outflows of resources in the following amounts:

	<u>Business Type Activities</u>		<u>Total Enterprise Funds</u>
	<u>Water</u>	<u>Sewer</u>	
Deferred Loss on Early Retirement	\$ 171,481	\$ 405,908	\$ 577,389
Unamortized Bond Discount	260,821	-	260,821
	<u>\$ 432,302</u>	<u>\$ 405,908</u>	<u>\$ 838,210</u>

21. Deferred Inflows/Outflows of Resources (Continued)

On the modified accrual basis of accounting, the City has recorded certain receivables where the related revenue is unavailable. Unavailable revenues have been reported as deferred inflows of resources on the governmental fund balance sheet for the following:

	Governmental Funds					Total Governmental Funds
	General Fund	Community Learning Centers	Income Tax Capital Improvement	Special Assessment Bond Payment	Other Governmental Funds	
Income Taxes	\$ 5,101,756	\$ -	\$ 1,886,951	\$ -	\$ 741,078	\$ 7,729,785
Grants	11,247	-	-	-	6,440,361	6,451,608
Shared Revenues	5,636,320	63,942,232	-	-	2,777,473	72,356,025
Property Taxes	22,397,129	-	-	26,680,530	10,186,265	59,263,924
	<u>\$ 33,146,452</u>	<u>\$ 63,942,232</u>	<u>\$ 1,886,951</u>	<u>\$ 26,680,530</u>	<u>\$ 20,145,177</u>	<u>\$ 145,801,342</u>

	Business Type Activities		
	Water	Sewer	Total Enterprise Funds
Unamortized Bond Premium	<u>\$ 1,481,038</u>	<u>\$ 530,366</u>	<u>\$ 2,011,404</u>

22. Transfers and Advances

For the year ended December 31, 2012 transfers presented in conformity with generally accepted accounting principles (GAAP) are listed in the following table. Interfund transfers are made to cover expenditures/expenses in various funds or to consolidate inactive funds.

	Transfers In				Total
	Transfers Out	Other Governmental Funds	Other Enterprise Funds	Internal Service Funds	
Governmental Funds:					
General Fund	\$ 7,329,704	\$ 6,956,704	\$ 308,000	\$ 65,000	\$ 7,329,704
Income Tax Capital Improvement	85,000	85,000	-	-	85,000
	<u>\$ 7,414,704</u>	<u>\$ 7,041,704</u>	<u>\$ 308,000</u>	<u>\$ 65,000</u>	<u>\$ 7,414,704</u>

The table below presents the amounts the City has advanced to various funds during 2012.

	Advanced To		
	Advanced From	Other Governmental Funds	Total
Governmental Funds:			
General Fund	\$ 50,000	\$ 50,000	\$ 50,000
Income Tax Capital Improvement	400,000	400,000	400,000
	<u>\$ 450,000</u>	<u>\$ 450,000</u>	<u>\$ 450,000</u>

23. Contingencies

(1) Litigation

The City is a defendant in a number of lawsuits pertaining to matters that are incidental to performing routine governmental functions. The City Law Director is of the opinion that ultimate settlement of all outstanding litigation and claims will not result in a material adverse effect on the City's financial position.

(2) Federal and State Grants

The City has received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies or their designees. Such audits could lead to a request for reimbursement to the grantor agencies for expenditures disallowed under the terms of the grants. The City believes that such disallowances, if any, would not have a material adverse effect on the City's financial position.

24. Closure and Post-Closure Care Costs

Pursuant to a ruling by the Ohio EPA, the Hardy Road Landfill officially closed on June 30, 2002. The City has begun diverting its waste to Waste Management's American Landfill located in Stark County. As part of a 1998 agreement, the City agreed to use landfill facilities controlled by Akron Regional Landfill, Inc., (a subsidiary of Waste Management) for disposal of ninety percent of the refuse collected by the City's sanitation division.

On October 4, 2004, the City entered into an Agreement with the Summit/Akron Solid Waste Management Authority (Authority) implementing a \$1.20 per ton increase in the waste management generation fee by the Authority to help fund the closure and post-closure operations of the landfill.

25. Jointly Governed Organizations

Reported as a non-major special revenue fund in the City's CAFR, the Akron Metropolitan Area Transportation Study (AMATS) is an association of various local political subdivisions in the Akron area whose purpose is to develop and implement a comprehensive and continuing transportation plan for Summit, Portage and parts of Wayne County. The operations of AMATS are financed primarily by federal and state grants and local matching contributions. AMATS is staffed by employees of the City of Akron Department of Planning and Urban Development, and support functions are performed by various departments of the City. The City also makes all disbursements on behalf of AMATS and is reimbursed by the AMATS local share and grant funds. Most of AMATS' grant funds are deposited in a trust fund with Summit County (not included in the City's books), while some funds are deposited directly with the City of Akron.

The Akron/Summit Convention and Visitors' Bureau (Convention Center) was constructed by the City of Akron along with the County of Summit and the University of Akron, with the City paying approximately 26% of the construction costs. The Convention Center contains meeting rooms, an exhibit hall, and a large ballroom-banquet facility to accommodate a wide range of seminars, trade shows, and major community events.

26. Related Organization

The City of Akron, in conjunction with Summit County, University of Akron, Medina County, and Greater Akron Chamber of Commerce, agreed to form the Summit Medina Business Alliance (SMBA). SMBA is a not-for-profit corporation which supports economic development of the region. The organization entered into an agreement with the Kent Regional Business Alliance to carry out activities in cooperation with the Ohio Development Services Agency and the Small Business Administration. The Mayor of the City of Akron appoints three of the five voting members of the board of trustees of the Summit Medina Business Alliance. The SMBA does not pose a financial burden on the City of Akron since it receives revenues from the City and other governments in the area. During 2012, the City paid SMBA \$75,000 for operating expenses.

27. Restatement of Beginning Balances

Effective January 1, 2012, the City recorded an adjustment to beginning balances for the implementation of GASB Statement No. 65, *Items Previously Recognized as Assets and Liabilities* and to record a change to an accounting practice. The objective of this statement is to establish standards that reclassify certain items that were previously reported as assets and liabilities and instead classify them as deferred inflows of resources, deferred outflows of resources, or as outflows or resources. The impact is reflected in the Statement of Net Position in the Governmental Activities. The change in accounting practice resulted in a change in beginning balances as reported in the financial statements for governmental funds. The following balances were restated:

	Balance as of January 1, 2012	Restatement	January 1, 2012 as Restated
Statement of Net Position			
Governmental Activities	<u>\$369,196,779</u>	<u>(\$7,441,212)</u>	<u>\$361,755,567</u>
Governmental Funds:			
Community Learning Centers	\$81,330,401	\$22,924,591	\$104,254,992
CLC Bond Payment	22,940,596	(22,940,596)	-
Income Tax Bond Payment	-	16,005	16,005
Other Governmental Funds	<u>15,633,889</u>	<u>-</u>	<u>15,633,889</u>
Total	<u>\$119,904,886</u>	<u>\$ -</u>	<u>\$119,904,886</u>

28. Fund Balance

Fund balance is classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the City is bound to observe constraints imposed upon the use of the resources in the government funds. The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented below:

	General Fund	Community Learning Centers	Income Tax Capital Improvement	Special Assessment Bond Payment	Other Governmental Funds	Total Governmental Funds
Fund balances:						
Nonspendable:						
Non-financial assets held for resale	\$ -	\$ -	\$ -	\$ -	\$ 3,085,645	\$ 3,085,645

29. Fiscal Analysis

On September 30, 2011, the City was declared in Fiscal Caution by the Auditor of State. City management has prepared and provided an acceptable plan to the Auditor of State. The City is implementing changes and is on schedule addressing remaining items.

30. Subsequent Events

On February 11, 2013, City Council passed ordinance 36-2013 authorizing the issuance of Health Benefit Claims Notes in the maximum principal amount of \$10,000,000 to pay the costs of maintaining the self-insurance program for employee health care benefits.

On June 3, 2013, City Council passed ordinance 165-2013 authorizing the issuance and sale of notes of the City in the maximum principal amount of \$5,000,000 to assist in financing a portion of the costs of a "project" as defined in Section 165.01 of the Ohio Revised Code, for the purpose of creating or preserving jobs and employment opportunities and improving the economic welfare of the people of the City and of the State of Ohio.

On June 17, 2013, City Council passed ordinance 187-2013 authorizing the issuance and sale of bonds in the maximum principal amount of \$8,000,000, for the purpose of refunding certain maturities of general obligation bonds of the City issued in 2010.

On June 17, 2013, City Council passed ordinance 188-2013 authorizing the issuance and sale of bonds in the maximum principal amount of \$27,000,000, for the purpose of refunding certain maturities of general obligation bonds of the City issued in 2010.

On June 17, 2013, City Council passed ordinance 189-2013 authorizing the issuance and sale of bonds in the maximum principal amount of \$40,000,000, for the purpose of refunding certain maturities of general obligation bonds of the City issued in 2005.

City of Akron, Ohio

Notes to the Budgetary Comparison Schedule

General Fund, Community Learning Centers Fund and Income Tax Capital Improvement Fund

For the Year Ended December 31, 2012

Budgetary Data

The City's budgetary process is based upon accounting for certain transactions on a basis other than on generally accepted accounting principles (GAAP). The actual results of operations are presented in the Budgetary Comparison Schedule in accordance with the City's budgetary process (budget basis) to provide a meaningful comparison of actual results with the budget. The legal level of budgetary control is by category for each department within each fund. The categories are wages/benefits, other, and capital outlay.

The major differences between budget basis and GAAP basis in the General Fund, the Community Learning Centers Fund, and Income Tax Capital Improvement Fund are:

1. Revenues are recorded when received in cash (budget) as opposed to susceptible to accrual (GAAP).
2. Expenditures are recorded when paid in cash (budget) as opposed to when the liability is incurred (GAAP).
3. Encumbrances are recorded as the equivalent of expenditures (budget) as opposed to allocation of fund balances (GAAP).

Recognition of certain revenues may be reclassified between funds to facilitate matching with the related expenditures.

	General	Community Learning Centers	Income Tax Capital Improvement
Excess (Deficiency) of revenues and other financing sources over expenditures and other financing uses (budgetary basis)	\$ (88,022)	\$ 4,258,004	\$ (3,686,759)
Adjustments:			
To adjust revenues for accruals	(5,409,961)	37,367,471	(1,220,411)
To adjust expenditures for accruals	1,722,613	(62,717,460)	962,326
To adjust for encumbrances	1,236,966	34,127	808,830
Net change in fund balance (GAAP basis)	\$ (2,538,404)	\$ (21,057,858)	\$ (3,136,014)

Supplementary Information

**SUPPLEMENTARY
INFORMATION**

NON-MAJOR GOVERNMENTAL FUNDS

Special Revenue Funds - are used to account for types of resources for which specific uses are mandated by City ordinances or federal and state statutes. The title of the fund is descriptive of the activities accounted for therein. The non-major Special Revenue Funds are:

To Account for Special Purposes:

Income Tax Collection	Canal Park Stadium COPs
Emergency Medical Service	Downtown District Heating COPs
Special Assessment	Off-Street Parking COPs
Street and Highway Maintenance	Public Health
Tax Equivalency	Safety Programs
E.D.A. Revolving Loans	City Facilities Operating
Joint Economic Development Districts	Various Purpose Funding
Akron Muni. Court Information System	Deposits

Federal and/or State Statutes
to Account for Grants and Subsidies:

Community Development	H.O.M.E. Program
Community Environment Grants	Police Grants
Akron Metro. Area Transportation Study	Health Grants

NON-MAJOR GOVERNMENTAL FUNDS (Continued)

Debt Service Funds - are used to account for the accumulation of financial resources for, and the payment of, general long-term debt principal, interest and related costs. The non-major Debt Service Funds are as follows:

General Bond Payment	Pension Obligation Refunding
Debt Service Bond Payment	JEDD Bond Payment
Main Place Bond Payment	Income Tax Bond Payment
Downtown Hotel Bond Payment	Taxable Revenue Bond Payment
Non-Tax Revenue Bond Payment	

Capital Project Funds - are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by Proprietary Funds). The non-major Capital Projects Funds are as follows:

To Account for Grant Revenue and Other Funding Sources:

Streets	Public Facilities and Improvements
Information Technology and Improvements	Public Parking
Parks and Recreation	Economic Development

NON-MAJOR ENTERPRISE FUNDS

Enterprise Funds - are used to account for operations that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The non-major Enterprise Funds are as follows:

- Oil and Gas
- Golf Course
- Airport

INTERNAL SERVICE FUNDS

Internal Service Funds - are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the City, or to other governmental units, on a cost-reimbursement basis. The title of the funds indicate the type of service provided. The Internal Service Funds are:

- Motor Equipment
- Medical Self-Insurance
- Workers' Compensation Reserve
- Self-Insurance Settlement
- Storeroom
- Telephone System
- Engineering Bureau
- Information Technology
