

# **CITY OF DAYTON, OHIO**

## **Single Audit Reports**

**December 31, 2012**

# Dave Yost • Auditor of State

City Council  
City of Dayton  
101 West Third Street  
Dayton, Ohio 45401

We have reviewed the *Independent Auditor's Report* of the City of Dayton, Montgomery County, prepared by Plattenburg & Associates, Inc., for the audit period January 1, 2012 through December 31, 2012. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The City of Dayton is responsible for compliance with these laws and regulations.

A handwritten signature in black ink that reads "Dave Yost".

Dave Yost  
Auditor of State

Notes to the Schedule of Expenditures of Federal Awards and Schedule of Passenger Facility Charges  
For the Year Ended December 31, 2012

---

---

**NOTE A – BASIS OF PRESENTATION**

---

The accompanying schedule of federal awards and schedule of passenger facility charges are prepared using the cash basis of accounting in accordance with the format as set forth in the *Governmental Auditing Standards*, issued by the Comptroller General of the United States, OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and the *Passenger Facility Charge Audit Guide for Public Agencies*, issued by the Federal Aviation Administration.

**This page intentionally left blank.**

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Members of the City Commission  
City of Dayton, Ohio

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Dayton, Ohio (the City), as of and for the year ended December 31, 2012, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated July 31, 2013, wherein we noted the City adopted GASB Statement No. 65 as disclosed in Note 3. Our report also noted that we did not audit the financial statements of the discretely presented component unit, CityWide Development Corporation. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for CityWide Development Corporation, is based solely on the report of the other auditors.

**Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and questioned costs, we identified certain deficiencies in internal control that we consider to be material weaknesses.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiencies described in the accompanying schedule of findings and questioned costs to be material weaknesses – 2012-1, 2012-2 and 2012-3.

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and questioned costs as items 2012-2.

## **City of Dayton's Response to Findings**

The City's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The City's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

*Plattenburg & Associates, Inc.*

Dayton, Ohio  
July 31, 2013

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND  
ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133**

Members of the City Commission  
City of Dayton, Ohio

**Report on Compliance for Each Major Federal Program**

We have audited the City of Dayton, Ohio's (the City) compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the City's major federal programs for the year ended December 31, 2012. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

***Management's Responsibility***

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

***Auditor's Responsibility***

Our responsibility is to express an opinion on compliance for each of the City's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the City's compliance.

***Basis for Qualified Opinion on CFDA # 14.238 – Shelter Plus Care Grants and CFDA # 14.256 – Neighborhood Stabilization Program - ARRA***

As described in the accompanying schedule of findings and questioned costs, the City did not comply with requirements regarding the following:

<u>Finding #</u>	<u>CFDA #</u>	<u>Program (or Cluster) Name</u>	<u>Compliance Requirement</u>
2012-4	14.238	Shelter Plus Care Grants	Reporting
2012-5	14.256	Neighborhood Stabilization Program - ARRA	Activities Allowed or Unallowed

Compliance with such requirements is necessary, in our opinion, for the City to comply with the requirements applicable to that program.

***Qualified Opinion on CFDA # 14.238 – Shelter Plus Care Grants and CFDA # 14.256 – Neighborhood Stabilization Program - ARRA***

In our opinion, except for the noncompliance described in the Basis for Qualified Opinion paragraph, the City complied, in all material respects, with the types of compliance, requirements referred to above that could have a direct and material effect on CFDA # 14.238 – Shelter Plus Care Grants and CFDA # 14.256 – Neighborhood Stabilization Program - ARRA for the year ended December 31, 2012.

***Unmodified Opinion on Each of the Other Major Federal Programs***

In our opinion, the City complied, in all material respects, with the types of compliance, requirements referred to above that could have a direct and material effect on each of its other major federal programs identified in the summary of auditor's results section on the accompanying schedule of findings and questioned costs for the year ended December 31, 2012.

The City's response to the noncompliance findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The City's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

**Report on Internal Control Over Compliance**

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

Our consideration on internal control over compliance was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control over compliance that we consider to be material weakness.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as items 2012-4 and 2012-5 to be material weaknesses.

The City's response to the internal control over compliance findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The City's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

### **Report on Schedule of Expenditures of Federal Awards Required by OMB Circular A-133**

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City, as of and for the year ended December 31, 2012, and the related notes to the financial statements, which collectively comprise the City's basic financial statements. We issued our report thereon dated July 31, 2013, which contained unmodified opinions on those financial statements, wherein we noted the City adopted GASB Statement No. 65 as disclosed in Note 3. Also our report noted that other auditors audited the financial statements of the discretely presented component unit CityWide Development Corporation. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

## **Section II – Findings Related to the Financial Statements Required to be Reported in Accordance with GAGAS**

### **2012–1 Finding Type — Material Weakness – Recreation Center Receipts**

During the course of our audit of recreation center receipts, material weaknesses were identified that related to cash collection procedures. Although no material misstatements were noted, there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected on a timely basis.

The following were the result of improper operation of controls and related to:

- The recreation centers use a combination of cash registers and manual receipt books depending on the type of transaction due to the register system being unable to capture all activity. General admission receipts are tracked using an attendance form. The register system is not capable of printing a report at the end of the day showing how much money should have been collected to compare to the amount of cash collected for deposit. Failure to have a system that accurately calculates and accumulates the amount of cash collected could result in unrecorded transactions as well as material misstatements due to fraud or error.
- Deposits were not made from the recreation centers to the bank on a timely basis. Failure to deposit cash and checks to the bank could result in unrecorded transactions, lost deposits, and misstatements due to fraud or error.

The effect of the above issues presents a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected on a timely basis.

#### *Recommendation*

Consider reviewing and updating the design and operation of the City's controls over recreation center receipts, not only related to detail accounting records, but also identify other areas that could be improved as well.

#### *Management Response/Corrective Action Plan*

In 2010, the City approved the Department of Recreation and Youth Services' request to purchase a new automated system to reduce internal control deficiencies. In 2011, the contract was awarded to RecTrac, an industry leader in recreation programming and administrative software. At the beginning of the 2012 audit, the system was available to test. The RecTrac software upgrades were completed in October 2012, and tested in November and December of 2012. The system went live for the Division of Golf in January of 2013 and for the Division of Recreation and Youth Services in March of 2013.

With the new registration system, all transactions including daily drop-ins are entered into the system, automatically generating a sales receipt. The sales receipts are used as proof of purchase to further ensure that all transactions are entered into the system appropriately. At the end of each business day, Recreation and Youth Services staff is able to print a daily transaction and general ledger report to verify funds deposited by each recreation center. In May of 2013, the Department of Recreation and Youth Services' staff worked with the City's Internal Auditor to implement an internal policy to ensure all recreation center deposits are made in a timely manner in accordance with City policy.

It is our opinion that the new software system and other procedural controls are in place and operating as intended.

**2012-2 Finding Type — Material Weakness and Material Noncompliance – Certain Expenses Relating to Debt Management out of the City’s Debt Service Fund**

During the course of our audit, we noted the City charged certain expenses to the debt service fund that were unallowable. These expenses included 100% of CAFR preparation fees, accounting and consulting fees, accounting temporary fees and the salary and benefits of the Chief Deputy Finance Director. Ohio Revised Code 5705.10 provides that money paid into a fund shall be used only for the purpose for which such fund was established. Although some of these expenses are allowable, the City needs to document and allocate the portion allowable that relates to the debt service fund.

*Recommendation*

We recommend the City review the design and operation of the City’s controls over expenses charged to the debt service fund. Also, the City should follow ORC 5705.10. The City should document and allocate CAFR preparation fees, accounting and consulting fees, accounting temporary fees, and salary and benefits of the Chief Deputy Finance Director based on time and fees associated with the debt service fund.

*Management Response/Corrective Action Plan*

Once the City determined that certain expenditures were not 100% eligible in the Debt Service Fund, those expenses were reallocated to the General Fund for 2012. Beginning with FY2013, the City will no longer pay for the expenses identified through this audit process from the Debt Service Fund. We will move all expenses through July and any remaining budget for those planned expenses to the General Fund.

**2012-3 Finding Type – Material Weakness – Overtime Pay**

During our audit, we performed testing related to the City’s payment of overtime to mid-management positions (exempt employees). This testing was done in the City’s Housing Division. The City’s Personnel Policies and Procedures Manual sections 3.01 and 9.01 address payments of overtime to mid-management positions. The City’s formal written policy states the following key points:

- Overtime is not normally required for mid-management positions
- Exempt employees are required to work the hours necessary to meet the responsibilities of their position
- General mid-management personnel are not eligible for overtime pay under most circumstances
- Overtime (for exempt) may be approved by Department Directors
- Department Directors must sign an overtime form and a copy sent to payroll and the time should be approved in Kronos payroll system
- Request for exceptions to this policy must be directed to the City Manager for approval by submitting a memorandum of justification through the Human Resources Director

Our testing of overtime payments to mid-management showed the following results in summary:

- Overtime pay appeared to be a normal part of mid-management compensation
- Overtime pay to mid-management was not approved by Department Directors. In certain circumstances, it was approved by Division manager. Sometimes overtime was paid by Division Payroll Clerk without proper management approval.

- No signed overtime forms were submitted to payroll
- Kronos approval was not done at a sufficiently high level
- No memorandum of justification was provided to support overtime payments to mid-management positions
- Auditor selected two mid-management employees (with substantial overtime compensation) from other divisions to determine if the City's policies were followed. These other divisions did not appear to follow the City's written policies.
- Overtime was paid to mid-management when only forty hours were worked during a week (vacation or sick time was taken during the week which resulted in total paid hours exceeding 40)
- Our testing uncovered documentation that certain mid-managers appeared to be tracking overtime as part of Time Management (instead of being paid overtime). Based on our discussions with Human Resources, an hour for hour tracking is not allowed for most departments.

*Recommendation:*

We recommend that the City fully evaluate policies and procedures related to the payment of overtime to mid-management. The internal control and policies and procedures should be clear and consistent. The internal control should be designed to allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, errors (unintentional or intentional) on a timely basis.

*Management Response / Corrective Action Plan:*

The City's HR policies are periodically and are currently being reviewed and communicated to all departments by an internal committee to the City. The specific policies tested and referenced above were last reviewed in 2011. All departments are expected to comply with policies until communicated differently. Policies are available for all users in the City's HR intranet site. These policies will be reviewed in 2013 and adjusted accordingly to reflect the current needs and internal control processes for payroll.

**Section III – Federal Award Findings and Questioned Costs**

**Finding 2012-4 –CFDA # 14.238 – Shelter Plus Care Grants**

*Finding Type*

Material Weakness / Material Noncompliance –Reporting

*Criteria*

Recipients may be required to submit performance reports at least annually but not more frequently than quarterly. Performance reports generally contain, for each award, brief information of the following types:

1. A comparison of actual accomplishments with the goals and objectives established for the period.
2. Reasons why established goals were not met, if appropriate.
3. Other pertinent information including, when appropriate, analysis and explanation of cost overruns or high unit costs.

### *Condition*

The City failed to file a required performance report.

### *Questioned Costs*

None.

### *Context*

Grants are being used without all of the required performance reports being filed.

### *Cause and Effect*

The City's internal control over compliance with the requirements applicable to federal programs were not designed to prevent, or detect and correct, noncompliance with reporting compliance requirements. This resulted in a performance report not being filed as required.

### *Recommendation*

We recommend the City adhere to the design of internal control over compliance with the requirements applicable to federal programs with an emphasis on reporting requirements and associated controls.

### *Views of Responsible Officials and Planned Corrective Actions*

The City will implement specific actions and procedures to ensure internal control over compliance on HUD grants. Those actions will include the following:

1. Review roles, responsibilities and processes for HUD program management and realign staff and functions to increase the quality and frequency of internal monitoring; and
2. Planning and Community Development Staff management will meet quarterly with project managers to: get updates on project status, review and approve expenditures and reports, address issues or challenges in subrecipient performance as needed.
3. Update and/or document HUD grant administration policies and procedures as needed

The City will also ensure that any new staff added in the span of control for HUD management is well trained in applicable HUD grant requirements and City financial policies and procedures, which are used to process HUD transactions.

### **Finding 2012-5 –CFDA # 14.256 – Neighborhood Stabilization Program - ARRA**

#### *Finding Type*

Material Weakness / Material Noncompliance – Activities Allowed or Unallowed

### *Criteria*

For a cost to be allowable, it must (1) be for a purpose the specific award permits and (2) fall within A-87's (codified in 2 CFR Part 225) allowable cost guidelines. These two criteria are roughly analogous to classifying a cost by both program/function and object. This is, the grant award generally prescribes the allowable program/function while A-87 prescribes allowable object cost categories and restrictions that may apply to certain object codes of expenditures.

### *Condition*

The City failed to prevent unallowable costs for homes purchased during the year. Homes were purchased outside a targeted area. After year end, the City obtained an amendment from HUD to expand the targeted area.

### *Questioned Costs*

None. After year end, the City obtained an amendment from HUD to expand the targeted area.

### *Context*

Two expenditures were paid for properties purchased outside the NSP target area.

### *Cause and Effect*

The City's internal control over compliance with the requirements applicable to federal programs were not designed to prevent, or detect and correct, noncompliance with activities allowed or unallowed compliance requirements. This resulted in disbursements for properties purchased outside the NSP target area.

### *Recommendation*

We recommend the City adhere to the design of internal control over compliance with the requirements applicable to federal programs with an emphasis on activities allowed or unallowed requirements and associated controls.

### *Views of Responsible Officials and Planned Corrective Actions*

The City will implement specific actions and procedures to ensure internal control over compliance on HUD grants. Those actions will include the following:

1. Review roles, responsibilities and processes for HUD program management and realign staff and functions to increase the quality and frequency of internal monitoring; and
2. Planning and Community Development Staff management will meet quarterly with project managers to: get updates on project status, review and approve expenditures and reports, address issues or challenges in subrecipient performance as needed.
3. Update and/or document HUD grant administration policies and procedures as needed.

The City will also ensure that any new staff added in the span of control for HUD management is well trained in applicable HUD grant requirements and City financial policies and procedures, which are used to process HUD transactions.

**CITY OF DAYTON, OHIO  
SCHEDULE OF PRIOR AUDIT FINDINGS AND QUESTIONED COSTS  
DECEMBER 31, 2011**

**Summary of Prior Audit Findings and Questioned Costs:**

**2011-1 Finding Type – Material Weakness – Recreation Center Receipts**

During the course of our audit of recreation center receipts, material weaknesses were identified that related to cash collection procedures. Although no material misstatements were noted there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected on a timely basis.

*Status:* Reissued as 2012-1

July 31, 2013

To the Honorable Mayor, Members of the City Commission, the City Manager, and the Citizens of the City of Dayton, Ohio,

I am pleased to submit the Comprehensive Annual Financial Report (CAFR) of the City of Dayton, Ohio for the fiscal year ended December 31, 2012.

The City's Charter, Sections 44 and 78, prescribes the required accounting, audit and examination procedures for the City of Dayton. Plattenburg & Associates, Inc., Certified Public Accountants, studies the City's system of internal control, conducts such tests that are necessary under the circumstances and renders an opinion based upon the statements when taken in whole. The City has again received an unmodified opinion from the independent auditor indicating that the financial statements are presented fairly. The opinion letter is included in the Financial Section of this report.

State law requires that every general-purpose local government publish within six months of the close of each fiscal year a complete set of audited financial statements. The CAFR was prepared using Generally Accepted Accounting Principles (GAAP) as applied to governmental units and contains all disclosures necessary to enable the reader to understand the City's financial affairs. City management is responsible for providing accurate and complete data for a fair and comprehensive presentation of its financial position.

The City's accounting system provides reasonable, but not absolute, assurance regarding the safeguarding of assets against loss from unauthorized use or disposition and the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of internal control should not exceed the benefits likely to be derived, and that the evaluation of costs and benefits requires estimates and judgments by management.

This transmittal letter is designed to provide historical information about the City, as well as complement the required Management's Discussion and Analysis (MD&A). GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements. The City's MD&A, which focuses on the government-wide statements, can be found immediately following the report of the independent auditors.

### **PROFILE OF THE CITY OF DAYTON**

Dayton was founded on April 1, 1796 by a small group of settlers seven years before the admission of Ohio to the Union in 1803. The town was incorporated in 1805 and given its name after Jonathan Dayton, a captain in the American Revolutionary War and youngest signer of the U.S. Constitution. In 1797, Daniel C. Cooper laid out the Mad River Road, the first overland connection between Cincinnati and Dayton. This opened up the "Mad River Country" at Dayton and the upper Miami Valley to settlement.

The Dayton City Commission is comprised of the Mayor and four City Commissioners. They are elected at large on a non-partisan basis for four-year overlapping terms. All policy items are decided by the City Commission, which is empowered by the City Charter to pass ordinances and resolutions, adopt regulations and appoint the City Manager.

Dayton is a city in southwestern Ohio. It is the county seat and the largest city in Montgomery County. Dayton is a part of several other communities called the Greater Dayton Area which includes the communities of Vandalia, Trotwood, Kettering, Centerville, Beavercreek, Fairborn, West Carrollton, Huber Heights, Troy, and Miamisburg. As of the 2010 census estimate, the population of Dayton was 141,729. The census estimate for the Greater Dayton Area population is 542,237.

The City provides a full range of services that include water supply and treatment, sewer and storm water maintenance, wastewater treatment, airport services, fire and emergency medical services, police protection, convention center, building inspection, neighborhood support, recreation and parks, golf, street and bridge maintenance, waste collection, and a municipal court system.

The City has included in the CAFR all of the funds for which it is financially accountable. The City has one component unit: Citywide Development Corporation that is shown as a separate discrete component unit. The City is associated with eight jointly governed organizations. They include the Miami Valley Regional Planning Commission, the Miami Valley Fire/EMS Alliance, the Economic Development/Government Equity Program, the Montgomery County Family and Children First Council, the Hazardous Material Response Team, the Miami Valley Emergency Management Agency, the Butler Township-Dayton JEDD (Joint Economic Development District), and the Miami Township-Dayton JEDD.

The annual budget serves as the foundation for the City of Dayton's financial planning and control. The City Commission is required to adopt the original budget not before the second Monday in January and the final budget by no later than the close of the fiscal year. The budget is prepared by fund, function and department. Department heads may make certain appropriation transfers within a department (so long as they are within the same fund).

### **LOCAL ECONOMY**

The City of Dayton has a rich history with its citizens contributing controlled powered flight, the automobile self-starter, the cash register, and micro-encapsulation to the world. The City is working to reposition its economy to compete globally in the future with a diversified knowledge-based economy.

Driven by the recent achievements since the implementation of the City's 2007 revised economic development goals contained in CitiPlan, the 20/20 Vision and Focus 2010, the City continues to concentrate development efforts on the following industries to transform its economic base: Aerospace Research and Development, Information Technology, Human Sciences and Healthcare, and Advanced Materials and Manufacturing. Examples of the growth in these core areas are listed below.

1. The Aerospace Hub designation continues to create an active base for the development of aerospace and advanced materials industries. Currently, the Aerospace Hub positions Dayton as a leading contender for designation as a FAA unmanned aerial systems (UAS) test site. This will generate growth in Dayton's burgeoning aerospace research and development sector by attracting more companies specializing in technology, advanced manufacturing, and innovation, such as the General Electric's Electrical Power Integrated Systems Research and Development Center (EPICENTER) project. Construction continues on the 115,000 square foot EPISCENTER at River Park Drive near the University of Dayton campus. The \$51 million research center is scheduled to be complete by the Spring 2013. The facility will house the headquarters and research labs for GE Aviation's Electric Power Systems Group.
2. The City and CityWide Development Corporation continue to work to attract innovative companies to Dayton's Tech Town technology business park. Tech Town's proximity to Wright Patterson Air Force Base allows the City to attract businesses that wish to locate near the Base. Tech Town has approximately 100,000 square feet of newly constructed office space, with 40,000 already leased and 60,000 available.
3. Datayard, an IT services company invested in a new downtown location. The \$2 million build-out will support their expansion from 15 employees to 40 by 2016.
4. PSA Airlines will modernize the facilities at its headquarters at Dayton International Airport. PSA will complete \$1.2 million in upgrades to the Dayton operations, including renovations and improvements to the crew-training facility. The company also plans to add 18 jobs in Dayton, with an average annual salary of \$60,000.
5. The healthcare industry continues to make significant investments in Dayton. As an integral part of our local economy, the hospitals employ more than 17,000 people.
  - Premier Health Partners finished an estimated nearly \$95 million in projects at various facilities. This includes relocating 900 employees to downtown Dayton and significant expansions and renovations on their core campus.

- CareSource, an Ohio nonprofit managed health care plan provider and significant employer in downtown Dayton—recently moved 225 Call Center employees into new office space at 40 West Second Street in Dayton.
  - Children’s Medical Center – completed the first phase of a \$1.9 million laboratory renovation, which finished in September 2012.
  - Grandview Hospital completed construction on a \$40 million, five-story addition that will house pre- and post-operative surgery areas. They also finished the installation of a new, more accessible main entrance in 2012.
6. Malt Products Corporation will expand its facility near Dayton's Northwest Industrial Park and build a state-of-the-art, 70,000-sq.-ft. malt extract plant, adding 30 or more jobs to its existing local workforce of 35. The company's \$26 million investment will double its domestic production capacity of sweeteners used in the baking industry.

**LONG-TERM FINANCIAL PLANNING**

Moody’s Investors Services confirmed Dayton’s general obligation bond credit rating at Aa2 and our non-tax revenue debt rating at Aa3. In addition, Standard and Poor’s announced that it retained Dayton’s AA- rating on general obligation bonds. Both announcements signal their confidence in Dayton’s financial management practices and long-term stability.

Based on the City of Dayton FOCUS 2010 Report, the City is to maintain financial stability by continuing its well documented reputation of sound financial management and leadership. The City will focus internal resources on process improvements and automation to increase revenue collections as well as explore expanded assessments for selected City services. This is an opportunity for growth that stands as a continuous benchmark against which all major initiatives are measured.

**RELEVANT FINANCIAL POLICIES**

The City’s long-standing policy is to maintain minimum reserve levels equal to six to ten weeks of operating expenses. The City Commission’s policy is to apply the General Fund balance only to the following limited purposes: one-time strategic investments yielding a significant number of jobs; one-time strategic investments in technology reducing operating costs; and weathering a recession or economic shock during a maximum 18-month period.

Consistent with City policy to maintain the General Fund reserve without increasing the City income tax rate, City management took action to increase General Fund revenues and reduce General Fund expenditures. Retaining the earnings tax rate at 2.25% means the City of Dayton has maintained the same earnings tax rate for at least 28 years.

**AWARDS AND ACKNOWLEDGEMENTS**

This was the 30th consecutive year that the Government Finance Officers Association of the United States and Canada (GFOA) has awarded the Certificate of Achievement for Excellence in Financial Reporting to the City of Dayton for its CAFR for the year ended December 31, 2011. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and organized CAFR, whose contents conform to program standards judged by the GFOA. This report must satisfy both GAAP and applicable legal requirements. A Certificate of Achievement is valid for a period of one year. We believe that our current CAFR continues to conform to the Certificate of Achievement program requirements, and the 2012 CAFR has been submitted to the GFOA for their review.

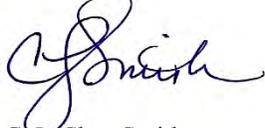

In 2012, the Finance Department began the process of becoming ISO 9001 certified. This certification specifies requirements for a quality management system where an organization:

- Demonstrates its ability to consistently provide products and services that meet customer needs and applicable statutory and regulatory requirements; and
- Enhances customer satisfaction through the effective application of its systems, including processes for continual improvement of those systems; and the assurance of conformity to customer and applicable statutory and regulatory requirements.

In September 2012, the Customer Contact Center and Treasury were the first sections of the Finance Department to complete the ISO 9001 process and training and receive certification. To date, other sections of Finance, including Financial Analysis have received the prestigious certification. The pursuit and attainment of this certification is a great testament to the Finance Department's commitment to provide accurate and excellent financial services for the City and its stakeholders.

I offer my sincere gratitude to the Finance Department, especially the Financial Analysis Team for their diligent work in completing the 2012 CAFR. I would also like to thank all other City departments, including the City Manager's Office and the Office of Management and Budget who work to ensure the City's financial health is sound, and to the those who contributed and assisted in the preparation of the report. Finally, I acknowledge and express my gratitude to the Mayor and City Commissioners for providing excellent leadership and support in the management of the City of Dayton's finances.

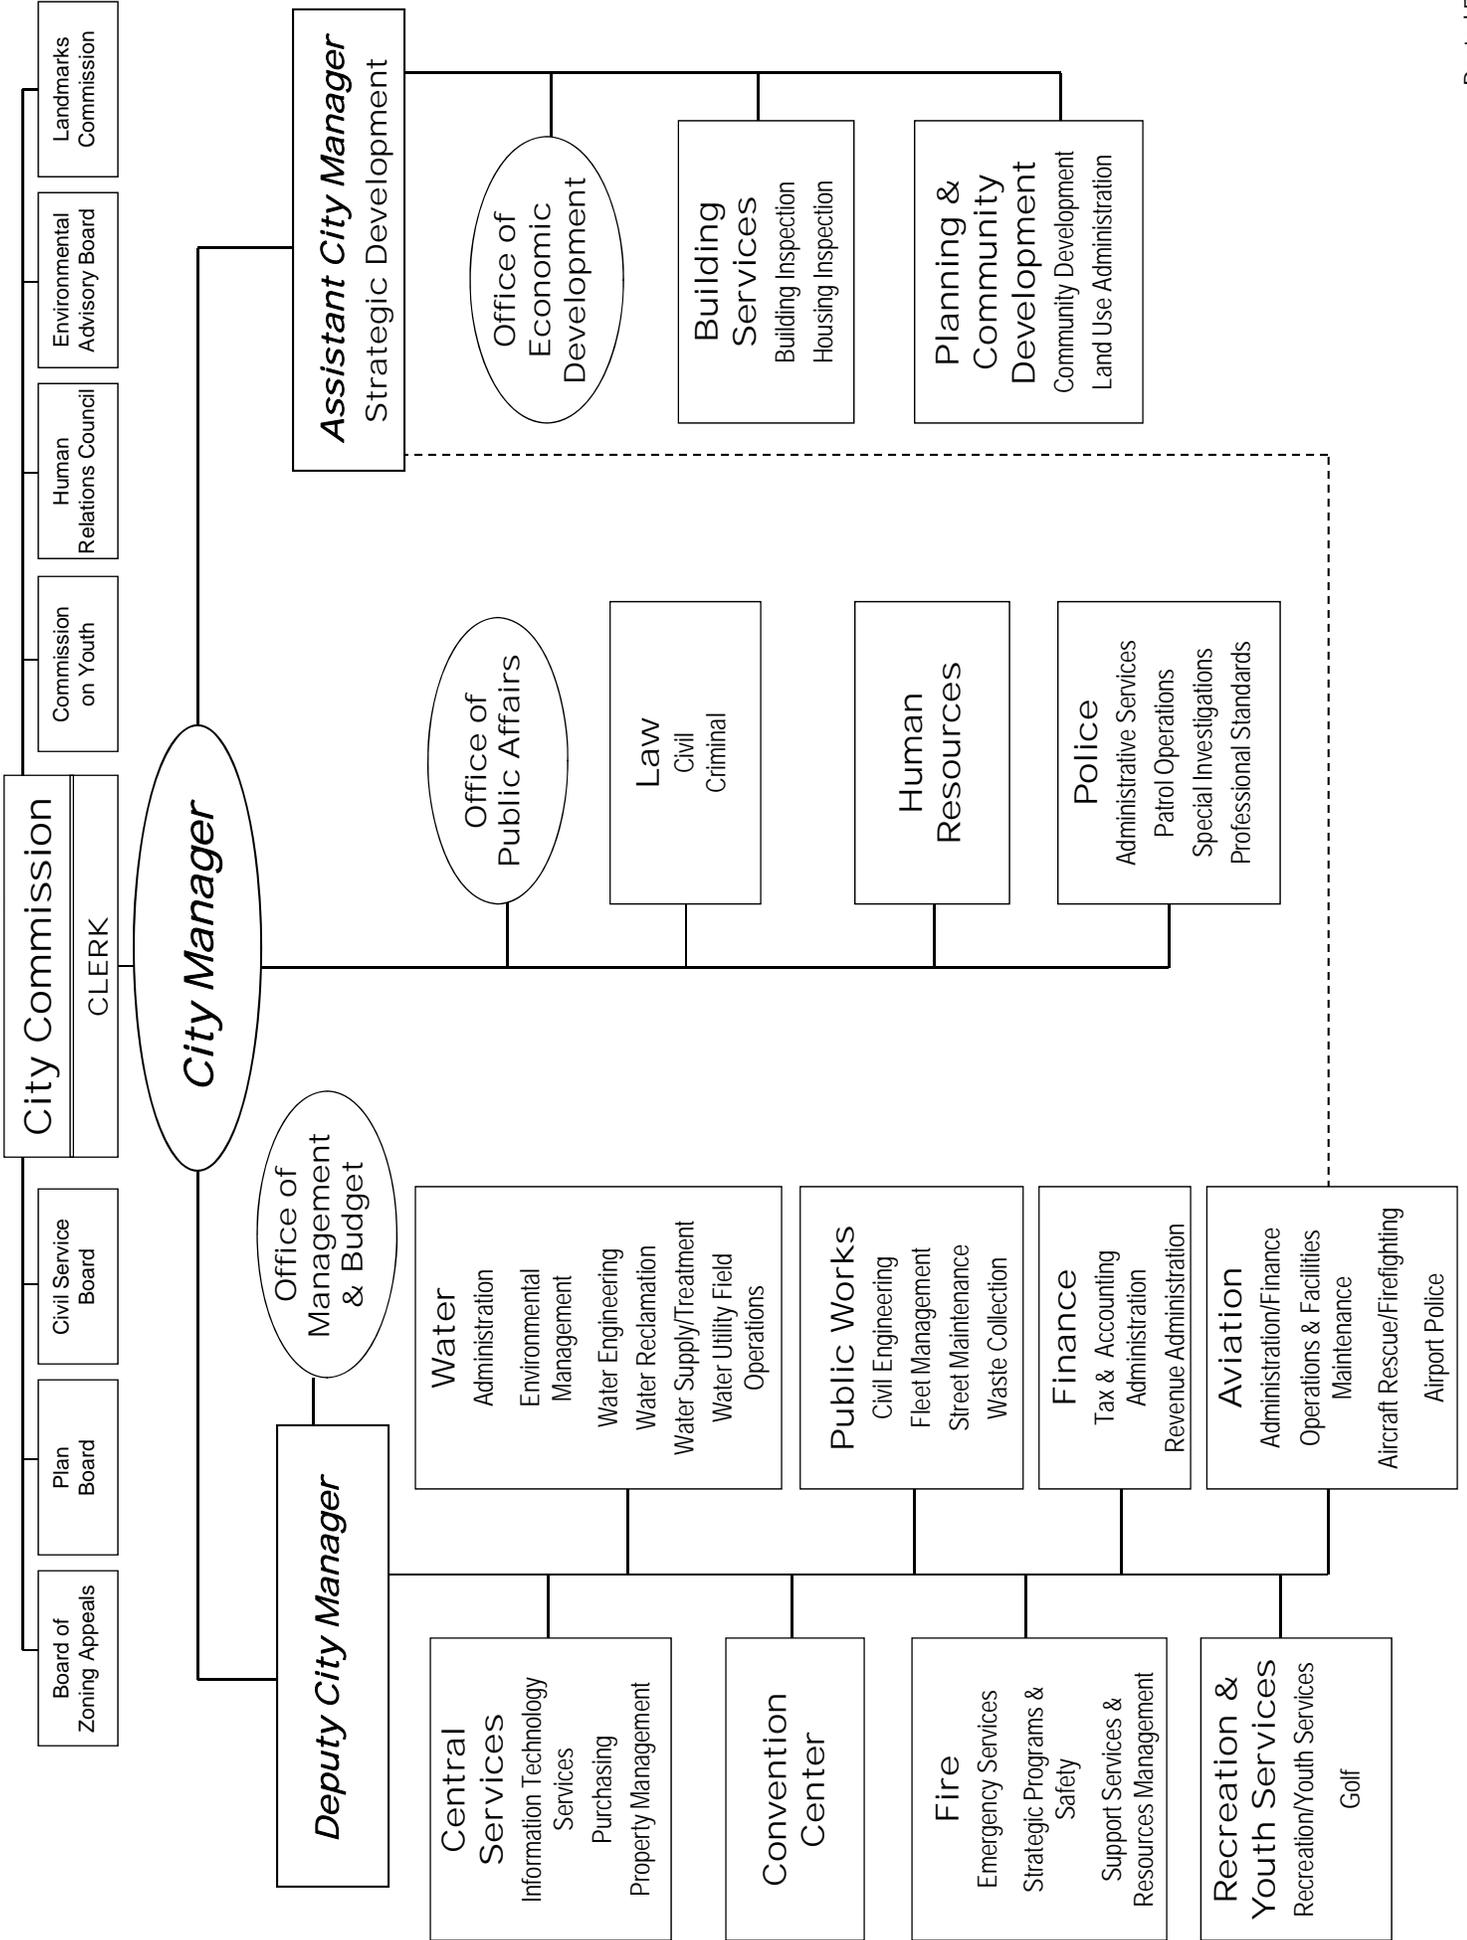

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'C. LaShea Smith', written in a cursive style.

C. LaShea Smith

# Certificate of Achievement for Excellence in Financial Reporting

Presented to

City of Dayton  
Ohio

For its Comprehensive Annual  
Financial Report  
for the Fiscal Year Ended  
December 31, 2011

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

City of Dayton, Ohio

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Dayton Ohio (the City) as of and for the year ended December 31, 2012, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of CityWide Development Corporation, which represents 100 percent of the assets, net position, and revenues of the discretely presented component unit. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for CityWide Development Corporation, is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### ***Opinions***

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City, as of December 31, 2012, and the respective changes in financial position, and cash flows where applicable, thereof and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### ***Emphasis of Matter***

As described in Note 3 to the financial statements, in 2012, the City adopted new accounting guidance, GASB Statement No. 65, *Items Previously Recognized as Assets and Liabilities*. Our opinion is not modified with respect to this matter.

### ***Other Matters***

#### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages F3 – F28 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### ***Supplementary and Other Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements and schedules and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and schedules are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

### ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated July 31, 2013, on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

## CITY OF DAYTON, OHIO

### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2012

The management's discussion and analysis of the City of Dayton's (the "City") financial performance provides an overall review of the City's financial activities for the fiscal year ended December 31, 2012. Readers should also review the basic financial statements and the notes to the basic financial statements to enhance their understanding of the City's financial performance.

#### Financial Highlights

Key financial highlights for 2012 are as follows:

- The City restated net position at December 31, 2011 as described in Note 3.B. The total net position of the City increased \$39,060,979 in 2012. Net position of governmental activities increased \$22,372,944 or 4.95% over 2011 and net position of business-type activities increased \$16,888,035 or 2.90% over 2011.
- The City had \$215,825,287 in revenues related to governmental activities. General revenues accounted for \$132,081,869 or 61.20% of total governmental activities revenue. Program specific revenues accounted for \$83,743,418 or 38.80% of total governmental activities revenue.
- The City had \$193,806,512 in expenses related to governmental activities; \$83,743,418 of these expenses was offset by program specific charges for services, grants or contributions. The remaining expenses of the governmental activities of \$110,063,094 were offset by general revenues (primarily property taxes, income taxes and unrestricted grants and entitlements) of \$132,081,869.
- The general fund had revenues of \$157,220,534 in 2012. The expenditures and other financing uses of the general fund totaled \$150,894,580 in 2012. The net increase in the fund balance for the general fund was \$6,325,954 or 11.50% over 2011.
- The housing and urban development major fund had \$23,401,322 in revenues and other financing sources and \$23,262,778 in expenditures in 2012. The fund balance in the housing and urban development fund was \$6,883,107, a 2.05% increase from 2011.
- The debt service major fund had \$42,270,270 in revenues and other financing sources and \$48,821,534 in expenditures and other financing uses in 2012. The fund balance in the debt service fund was \$32,621,021, a 16.72% decrease from 2011.
- The capital improvements major fund had \$30,753,191 in revenues and other financing sources and \$20,723,830 in expenditures and other financing uses in 2012. The fund balance for the capital improvements fund increased \$10,029,361 or 64.20 % over 2011.
- Net position for the business-type activities, which are made up of the Dayton International Airport, water, sewer, storm water and golf enterprise funds, increased in 2012 by \$16,688,035.
- The Dayton International Airport enterprise fund had \$29,739,306 in operating revenues and \$34,652,075 in operating expenses in 2012. The Dayton International Airport enterprise fund also had non-operating revenues of \$195,308, non-operating expenses of \$2,323,245 and capital contributions of \$10,076,952. The net position of the Dayton International Airport enterprise fund increased \$3,036,246 or 1.10% over 2011.
- The water enterprise fund had \$51,184,173 in operating revenues and \$44,602,557 in operating expenses in 2012. The water enterprise fund also had non-operating revenues of \$152,720, non-operating expenses of \$46,701 and capital contributions of \$150,903. The net position of the water enterprise fund increased \$6,838,538 or 4.06% over 2011.

## CITY OF DAYTON, OHIO

### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2012

- The sewer enterprise fund had \$33,140,294 in operating revenues and \$29,624,763 in operating expenses in 2012. The sewer enterprise fund also had non-operating revenues of \$169,595, non-operating expenses of \$420,772 and capital contributions of \$205,264. The net position of the sewer enterprise fund increased \$3,469,618 or 3.18% over 2011.
- In the general fund, the actual revenues and other financing sources came in \$877,592 higher than they were in the final budget and actual expenditures and other financing uses were \$4,058,650 less than the amount in the final budget. Budgeted revenues and other financing sources increased \$6,548,900 from the original to the final budget. Budgeted expenditures and other financing uses increased \$3,383,200 from the original to the final budget.

#### **Using this Comprehensive Annual Financial Report**

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the City as an entire financial operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The Statement of Net Position and Statement of Activities provide information about the activities of the whole City, presenting both an aggregate view of the City's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the City's most significant funds with all other nonmajor funds presented in total in one column.

#### **Reporting the City as a Whole**

##### *Statement of Net Position and the Statement of Activities*

While this document contains a large number of funds used by the City to provide programs and activities, this review examines the City's financial transactions and asks the question, "How did we do financially during 2012?" The statement of net position and the statement of activities answer this question. These statements include all assets, deferred outflows, liabilities, deferred inflows, revenues and expenses using the accrual basis of accounting similar to the accounting used by most private-sector companies. This basis of accounting will take into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the City's net position and changes in net position. This change is important because it tells the reader that the financial position of the City has either improved or diminished. The causes of this change may be the result of many factors, some financial, some not. Non-financial factors include the City's property tax base, current property tax laws in Ohio restricting revenue growth, facility conditions, required community programs and others.

In the statement of net position and the statement of activities, the City is divided into two distinct kinds of activities:

1. Governmental Activities - Most of the City's programs and services are reported including police, fire, street and highway maintenance, HUD program operations, community and economic development and general administration. These services are funded primarily by property and income taxes and intergovernmental revenues including federal and state grants and other shared revenues.
2. Business-Type Activities - These services are provided on a charge for goods or services basis to recover all or a significant portion of the expenses of the goods or services provided. The City's airport, water, sewer, storm water and golf operations are reported.

## CITY OF DAYTON, OHIO

### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2012

#### **Reporting the City's Most Significant Funds**

##### ***Fund Financial Statements***

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Fund financial reports provide detailed information about the City's major funds. The City uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the City's most significant funds. The analysis of the City's major governmental and proprietary funds begins on page F 11 of this report.

##### ***Governmental Funds***

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of the governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, the readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains a multitude of individual governmental funds. The City has segregated these funds into major and nonmajor funds. The City's major governmental funds are the general fund, housing and urban development fund, debt service fund and capital improvements fund. Information for major funds is presented separately in the governmental fund balance sheet and in the governmental statement of revenues, expenditures, and changes in fund balances. Data from the other governmental funds are combined into a single, aggregated presentation. The basic governmental fund financial statements can be found on pages F 34 - F 41 of this report and further detail on the City's major and nonmajor governmental funds can be found in Note 2 of this report.

##### ***Proprietary Funds***

The City maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its airport, water, sewer, storm water and golf operations. The City reports the airport fund, water fund and sewer fund as major enterprise funds. These major funds are presented separately in the proprietary fund financial statements. The storm water fund and the golf fund are considered nonmajor funds and are combined into a single, aggregated presentation in the proprietary fund financial statements. Internal service funds are an accounting device used to accumulate and allocate costs internally among the City's various functions. The basic proprietary fund financial statements can be found on pages F 42 - F 51 of this report.

**CITY OF DAYTON, OHIO**

MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED DECEMBER 31, 2012

***Fiduciary Funds***

Fiduciary funds are used to account for resources held for the benefit of parties outside the City. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. Agency funds are the City's only fiduciary fund type. The basic fiduciary fund financial statement can be found on page F 52 of this report.

***Notes to the Basic Financial Statements***

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. These notes to the basic financial statements can be found on pages F 53 - F 109 of this report.

**Government-Wide Financial Analysis**

The table below provides a summary of the City's net position at December 31, 2012 compared to December 31, 2011 as restated.

**CITY OF DAYTON, OHIO**

**MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED DECEMBER 31, 2012**

Over time, net position can serve as a useful indicator of a government's financial position. At December 31, 2012, the City's assets and deferred outflows exceeded liabilities and deferred inflows by \$1,066,193,337. At year-end, net positions were \$474,326,996 and \$591,866,341 for the governmental activities and the business-type activities, respectively.

Capital assets reported on the government-wide statements represent the largest portion of the City's assets and deferred outflows. At year-end, capital assets represented 64.12% of total assets and deferred outflows. Capital assets include land, right of ways, construction in progress (CIP), improvements other than buildings, buildings and improvements, equipment, software, vehicles and infrastructure. The City's net investment in capital assets at December 31, 2012, was \$340,108,111 and \$401,528,337 in the governmental activities and business-type activities, respectively. These capital assets are used to provide services to citizens and are not available for future spending. Although the City's investment in capital assets is reported net of related debt, it should be noted that the resources to repay the debt must be provided from other sources, since capital assets may not be used to liquidate these liabilities.

As of December 31, 2012, the City is able to report positive balances in all three categories of net position, both for the government as a whole, as well as for its separate governmental and business-type activities.

A portion of the City's net position, \$75,889,027, represents resources that are subject to external restriction on how they may be used. In the governmental activities, the remaining balance of unrestricted net position of \$58,329,858 may be used to meet the government's ongoing obligations to citizens and creditors.

The table on the next page shows the changes in net position for 2012 and 2011.

**CITY OF DAYTON, OHIO**

**MANAGEMENT’S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED DECEMBER 31, 2012**

**Governmental Activities**

Governmental activities net position increased \$22,372,944 in 2012. This increase of 4.95% is due to the City’s continuing efforts to reduce costs and increase operational efficiency.

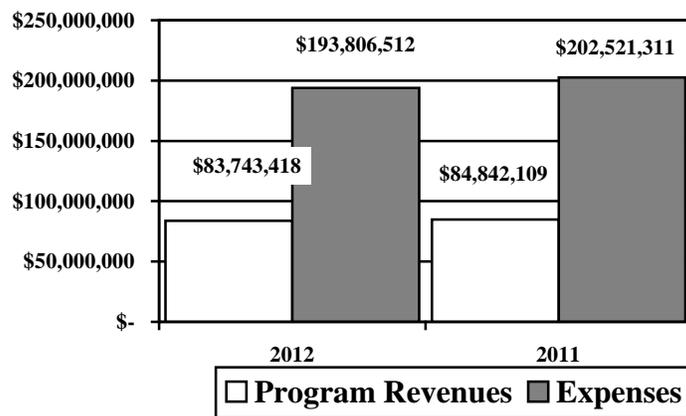

Public safety and justice, which primarily supports the operations of the police and fire departments accounted for \$93,120,303 of the total expenses of the City. These expenses were partially funded by \$23,624,400 in direct charges to users of the services. Leadership and quality of life expenses totaled \$35,672,811. Leadership and quality of life expenses were partially funded by \$5,001,134 in direct charges to users of the services.

The state and federal government contributed to the City a total of \$34,438,364 in operating grants and contributions and \$12,626,114 in capital grants and contributions. These revenues are restricted to a particular program or purpose. Of the total operating grants and contributions, \$7,408,532 subsidized leadership and quality of life and \$18,275,169 subsidized community development and neighborhoods. The total capital grants and contributions, \$12,626,114 subsidized leadership and quality of life programs.

General revenues totaled \$132,081,869, and amounted to 61.20% of total governmental revenues. These revenues primarily consist of property and income tax revenue of \$110,391,977. The other primary source of general revenues is grants and entitlements not restricted to specific programs, including local government and local government revenue assistance, making up \$14,833,540.

The statement of activities on pages F32 – F33 shows the cost of program services and the charges for services and grants offsetting those services. The following table shows, for governmental activities, the total cost of services and the net cost of services. That is, it identifies the cost of these services supported by tax revenue and unrestricted State grants and entitlements. As can be seen in the graph below, the City is highly dependent upon property and income taxes as well as unrestricted grants and entitlements to support its governmental activities.

**Governmental Activities – Program Revenues vs. Total Expenses**

**CITY OF DAYTON, OHIO**

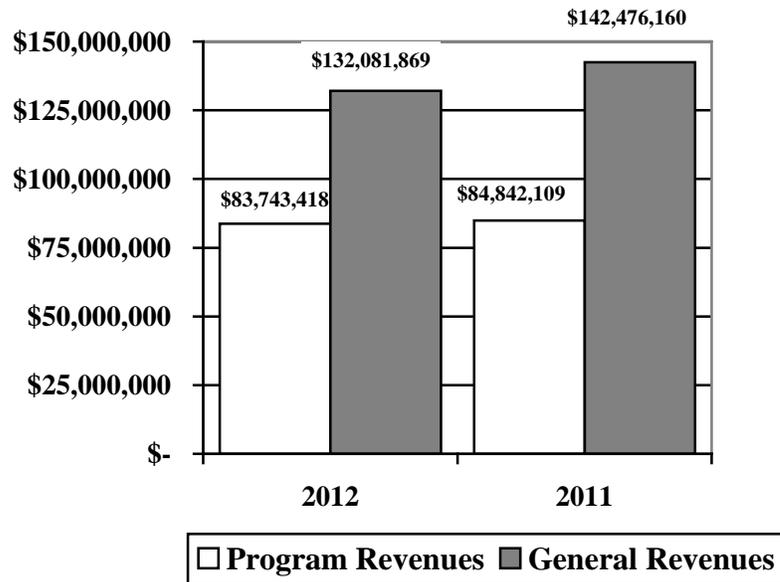

**MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED DECEMBER 31, 2012**

**Governmental Activities**

	Total Cost of Services <u>2012</u>	Net Cost of Services <u>2012</u>	Total Cost of Services <u>2011</u>	Net Cost of Services <u>2011</u>
Program Expenses:				
Downtown	\$ 3,894,895	\$ 3,363,823	\$ 2,922,503	\$ 2,249,679
Youth, education and human services	1,058,361	(1,385,742)	2,395,344	(113,726)
Community development and neighborhoods	31,880,468	11,057,857	32,086,879	8,501,248
Economic development	9,492,689	4,679,283	10,105,180	6,890,215
Leadership and quality of life	35,672,811	10,637,031	40,275,561	14,385,527
Corporate responsibility	15,225,815	12,334,535	15,884,692	12,308,844
Public safety and justice	93,120,303	65,915,137	94,294,723	68,900,986
Bond issuance costs	693,878	693,878	-	-
Interest and fiscal charges	<u>2,767,292</u>	<u>2,767,292</u>	<u>4,556,429</u>	<u>4,556,429</u>
Total Expenses	<u>\$ 193,806,512</u>	<u>\$ 110,063,094</u>	<u>\$ 202,521,311</u>	<u>\$ 117,679,202</u>

The dependence upon general revenues for governmental activities is apparent, with 56.79% of expenses supported through taxes and other general revenues. Total governmental expenses were \$193,806,512, program revenues were \$83,743,418 and general revenues were \$132,081,869.

**Governmental Activities – General and Program Revenues**

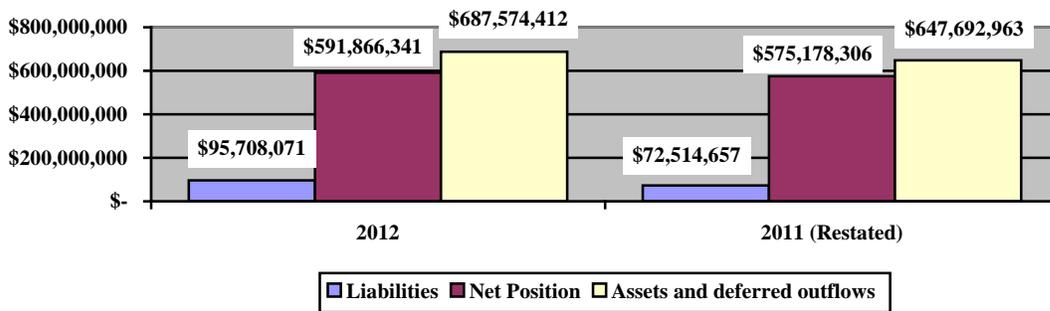

**CITY OF DAYTON, OHIO**

MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED DECEMBER 31, 2012

**Business-Type Activities**

Business-type activities include the Dayton International Airport, water, sewer, storm water and golf enterprise funds. Overall, the net position of the business-type activities increased \$16,688,035 in 2012. This increase of 2.90% is due to the City's continuing efforts to reduce costs and increase operational efficiency. These programs had program revenues of \$124,268,917, general revenues of \$11,315,119 and expenses of \$118,541,832 for 2012. The graph below shows the business-type activities assets, deferred outflows, liabilities, deferred inflows and net position at year-end. See pages F 6 and F 8.

**Net Position in Business - Type Activities**

**Financial Analysis of the Government's Funds**

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental Funds**

The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unreserved fund balance may serve as a useful measure of the City's net resources available for spending at year-end.

The City's governmental funds (as presented on the balance sheet on page F 34-F 35) reported a combined fund balance of \$136,543,529 which is \$9,683,780 higher than last year's total of \$126,859,749. The table below indicates the fund balances and the total change in fund balances as of December 31, 2012 for all major and nonmajor governmental funds.

	Fund Balances 12/31/12	Fund Balances 12/31/11	Increase/ (Decrease)
Major Funds:			
General	\$ 61,339,399	\$ 55,013,445	\$ 6,325,954
Housing and urban development	6,883,107	6,744,563	138,544
Debt service	32,621,021	39,172,285	(6,551,264)
Capital improvement	25,651,378	15,622,017	10,029,361
Other nonmajor governmental funds	10,048,624	10,307,439	(258,815)
<b>Total</b>	<b>\$ 136,543,529</b>	<b>\$ 126,859,749</b>	<b>\$ 9,683,780</b>

**CITY OF DAYTON, OHIO**

MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED DECEMBER 31, 2012

***General Fund***

The City's general fund balance increased \$6,325,954. See the table on the previous page. This increase was due to a small increase in assets offset by a significant decrease in liabilities.

	<u>2012</u> <u>Amount</u>	<u>2011</u> <u>Amount</u>	<u>Percentage</u> <u>Change</u>
<b><u>Revenues</u></b>			
Income, property and other taxes	\$ 116,542,422	\$ 121,505,676	(4.08) %
Charges for services	26,036,689	26,012,836	0.09 %
Licenses and permits	1,597,652	1,542,378	3.58 %
Fines and forfeitures	5,079,968	1,990,211	155.25 %
Investment income	1,930,178	1,623,869	18.86 %
Special assessments	124,794	139,689	(10.66) %
Intergovernmental	2,318,490	4,879,049	(52.48) %
Other	<u>3,590,341</u>	<u>1,187,561</u>	202.33 %
Total	<u>\$ 157,220,534</u>	<u>\$ 158,881,269</u>	(1.05) %

The City continues to implement cost savings measures to help the general fund remain stable, as revenues remained relatively unchanged with a decrease of only 1.05%. The above table assists in illustrating the revenues of the general fund. Overall revenues of the general fund decreased \$1,660,735. The most significant increases were in the areas of fines and forfeitures, investment income and other revenue. Tax revenue decreased \$4,963,254 or 4.08% because of the State of Ohio's decrease in state shared taxes. The decrease in intergovernmental revenue was a result of the decrease in grants the City received for economic development. The increase in fines and forfeitures revenue is the result of an increase in fines collected for a new tow ordinance and more citations were issued and paid. Investment income increased \$306,309 or 18.86% due to an increase in the fair market value of federal agency securities combined with an increase in the size of the portfolio, which generates additional interest earnings. The increase in other revenue is the result of higher cable franchise fees and higher auction sales. See the following charts on the next page.

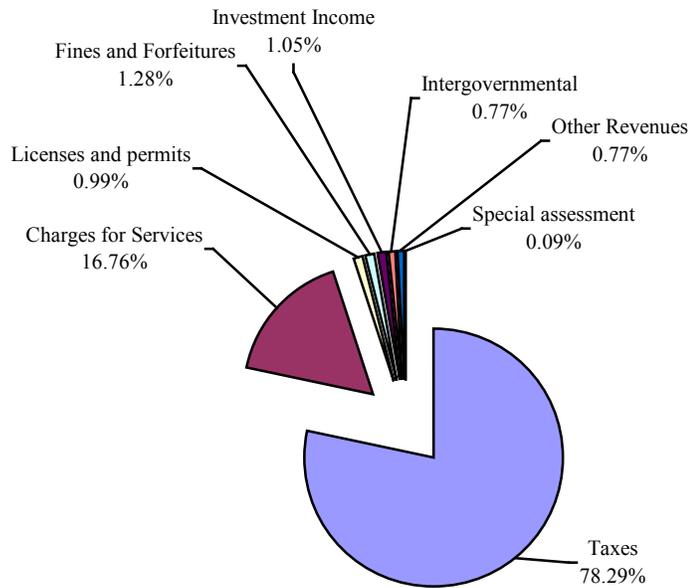

**CITY OF DAYTON, OHIO**

FOR THE YEAR ENDED DECEMBER 31, 2012**

**General Fund Revenues – 2012**

**General Fund Revenues –2011**

**CITY OF DAYTON, OHIO**

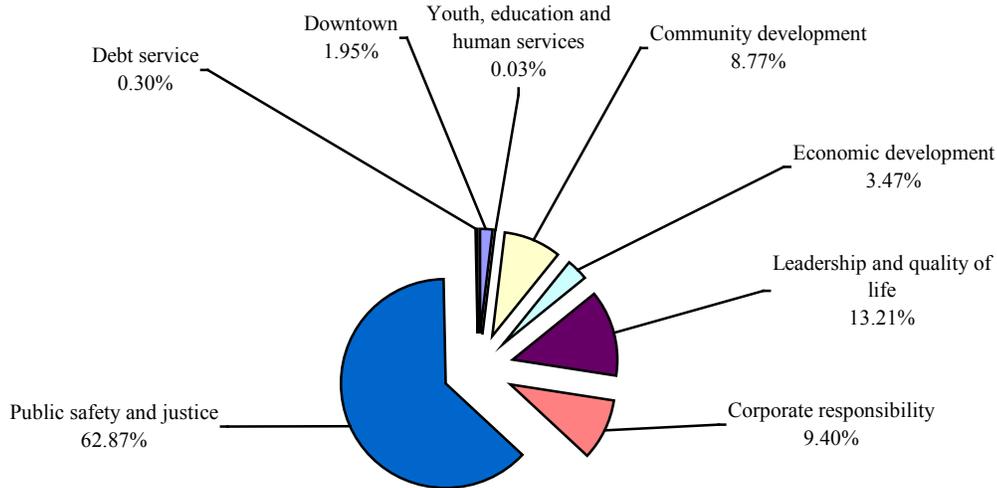

**MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED DECEMBER 31, 2012**

The table that follows assists in illustrating the expenditures of the general fund.

	<u>2012 Amount</u>	<u>2011 Amount</u>	<u>Percentage Change</u>
<b><u>Expenditures</u></b>			
Downtown	\$ 2,781,643	\$ 3,242,269	(14.21) %
Youth, education and human services	43,914	41,812	5.03 %
Community development and neighborhoods	12,520,883	12,820,872	(2.34) %
Economic development	4,954,457	4,786,614	3.51 %
Leadership and quality of life	18,857,810	19,971,842	(5.58) %
Corporate responsibility	13,422,815	14,286,202	(6.04) %
Public safety and justice	89,726,024	88,821,671	1.02 %
Debt service	<u>425,618</u>	<u>145,465</u>	192.59 %
Total	<u>\$ 142,733,164</u>	<u>\$ 144,116,747</u>	(0.96) %

Overall expenditures of the general fund decreased \$1,383,583 or .96%. The largest expenditure of the City, public safety and justice, increased \$904,353 or 1.02%. The City reduced general fund expenditures by reducing personnel costs through a variety of ways including wage freezes, cost savings days, and not filling open positions. The decrease in downtown, leadership and quality of life and corporate responsibility is due to the reduction in personnel costs. See the charts below and on the following page.

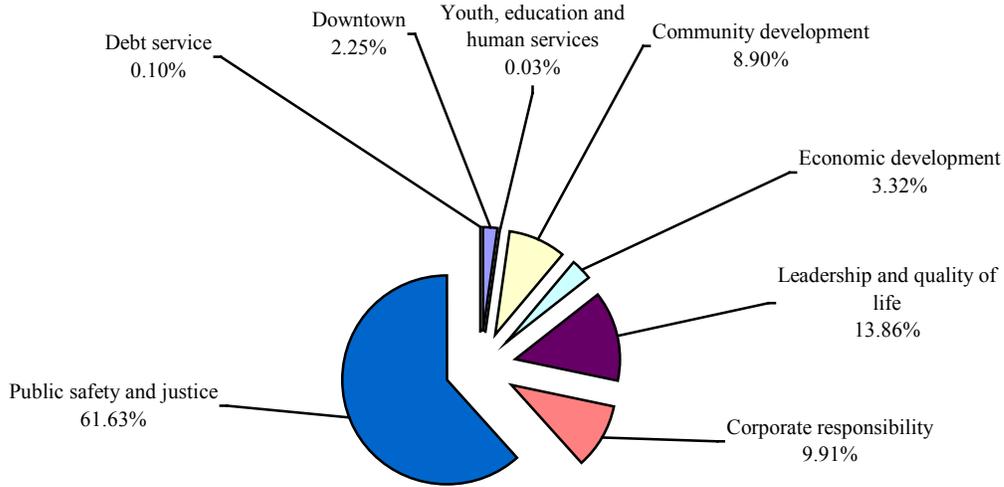

**General Fund Expenditures – 2012**

**CITY OF DAYTON, OHIO**

**MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED DECEMBER 31, 2012**

**General Fund Expenditures – 2011**

***Housing and Urban Development (HUD)***

The City's housing and urban development fund balance increased \$138,544. See page F11. The following tables illustrate the revenues and expenses of the housing and urban development fund. The decrease in intergovernmental revenues was due to less grant income collected for work that was done by the City. The decrease in community development and neighborhoods expenditures was due to the City spending less through the Community Development Block Grant program.

	<u>2012</u> <u>Amount</u>	<u>2011</u> <u>Amount</u>	<u>Percentage</u> <u>Change</u>
<b><u>Revenues</u></b>			
Charges for services	\$ 189,410	\$ 85,956	120.36 %
Intergovernmental	23,112,740	24,871,466	(7.07) %
Special assessments	40,848	50,007	(18.32) %
Other	<u>26,079</u>	<u>13,573</u>	92.14 %
Total	<u>\$ 23,369,077</u>	<u>\$ 25,021,002</u>	(6.60) %

**CITY OF DAYTON, OHIO**

MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED DECEMBER 31, 2012

	<u>2012</u>	<u>2011</u>	<u>Percentage</u>

Capital outlay	-	120,205	(100.00) %
Total	<u>\$ 23,262,778</u>	<u>\$ 24,089,761</u>	(3.43) %

***Debt Service***

The City's debt service fund balance decreased \$6,551,264. See page F 11. This was the result of a refunding to the bond escrow agent for the 2007 Main Street Parking Garage Bonds and a decrease in transfers into the fund. There was also a decrease in loans receivable and special assessments receivable. The deferred inflows of resources for property taxes increased due to the change in the tax rate distribution from 5.0 mills to 5.2 mills. The following tables illustrate the revenues and expenses of the debt service fund.

	<u>2012</u>	<u>2011</u>	<u>Percentage</u>
	<u>Amount</u>	<u>Amount</u>	<u>Change</u>
<b><u>Revenues</u></b>			
Taxes	\$ 6,161,608	\$ 6,595,327	(6.58) %
Intergovernmental	2,521,714	2,508,986	0.51 %
Special assessments	119,543	130,931	(8.70) %
Other	255,049	299,729	(14.91) %
Total	<u>\$ 9,057,914</u>	<u>\$ 9,534,973</u>	(5.00) %

	<u>2012</u>	<u>2011</u>	<u>Percentage</u>
	<u>Amount</u>	<u>Amount</u>	<u>Change</u>
<b><u>Expenditures</u></b>			
Downtown	\$ 560,000	\$ 560,000	- %
Leadership and quality of life	93,141	-	100.00 %
Corporate responsibility	30,988	21,069	47.08 %
Bond issuance costs	693,878	-	100.00 %
Principal retirement	9,512,176	9,286,702	2.43 %
Interest and fiscal charges	2,566,400	4,307,417	(40.42) %
Total	<u>\$ 13,456,583</u>	<u>\$ 14,175,188</u>	(5.07) %

The increase in principal retirement and bond issuance costs was due to the City's refunding of the 2004 Long Term General Obligation Bonds and the 2007 Main Street Parking Garage Bonds and the issuance of additional bonds in 2012 and 2011, which resulted in an increase in principal retirement expenditures. The decrease in interest and fiscal charges was due to the refunding of the bonds.

**CITY OF DAYTON, OHIO**

MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED DECEMBER 31, 2012

***Capital Improvements***

The City's capital improvement fund increased by \$10,029,361 or 64.20%. See page F 11. The tables on the following page illustrate the revenues and expenses of the capital improvement fund. Revenues decreased \$6,118,363 or 29.72%. The increase in other revenue was \$212,801 due to an increase in payments in lieu of taxes revenue. Charges for services increased due to an increase in billings for sidewalk and curb repair. Intergovernmental revenue decreased in 2012 due to less grant funding than in 2011 from the American Recovery and Reinvestment Act (ARRA). Expenditures decreased \$199,412 or 0.95%. This decrease is the result of the City completing projects during 2011, including the recreation complex, the Stewart Street Bridge Replacement, and a new street maintenance facility.

	<u>2012</u>	<u>2011</u>	<u>Percentage</u>
	<u>Amount</u>	<u>Amount</u>	<u>Change</u>

**2012 Budgeting Highlights – General Fund**

The City's budgeting process is prescribed by the Ohio Revised Code (ORC) and the City of Dayton Charter. Essentially, the budget is a representation of the City's various adopted appropriations. The annual expenditure budget is limited by the amount of anticipated revenues and available cash balances certified by the Budget Commission in accordance with the Ohio Revised Code. Given that the City's plans or priorities may change during the year or economic conditions may improve or deteriorate, revisions to the original budget are customary and necessary. For instance, if budgeted revenues are adjusted during the course of the year due to actual activity, then the certificate of available resources and the appropriation should also be adjusted to ensure expenditures do not exceed available resources. In addition, if funding priorities change during the fiscal year, resources may be reallocated from one activity to another, necessitating a corresponding change in budget.

## CITY OF DAYTON, OHIO

### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2012

Budgetary information is presented for the general fund on page F 41. With respect to changes to the general fund, the final budget reflects projected revenues that were \$6.5 million more than the original budget due to well performing revenues. Consequently, actual revenues had a favorable variance of \$7.4 million or 4.9% over the original budget and \$878,000 or 0.6% more than the final budget. General fund revenues performed better in almost every category relative to the original forecast developed six months prior to the start of the year. Given the weak recovery after the Great Recession and the significant state revenue-sharing reductions, the forecasts erred on the conservative side. The final estimate exceeded actual revenues in a few categories, but only by slim margins.

Five revenue categories realized variances in excess of 10% compared to the original budget, one of which showed a positive variance to both the original and the final budget. The largest variance of \$2.4 million, or twice the original budget, was in the category of fines and forfeitures. More aggressive collection of past due Public Safety Photo Enforcement citations elevated this revenue source in 2012. Actual intergovernmental revenue was \$378,000 or 29% over original budget as a result of higher reimbursements for homestead and other property tax exemptions along with the new revenue source, casino tax revenue. Casino tax revenue exceeded the estimate by 41 percent. Casino tax revenue is the result of a 2009 state constitutional amendment that permitted four casinos in Ohio and three were operational for part of 2012. Fifty-one percent (51%) of the casino taxes generated are distributed to the county governments in Ohio and if the largest city in the county has a population greater than 80,000, it (Dayton included) receives half of the county's distribution.

Special assessments at \$124,800 were \$15,200 or 10.9% under the original budget. Investment income was \$183,400 or 12% over the original budget given a slight increase in the maturity of investments in the portfolio. The category of other revenue was \$674,800 over the original budget and \$275,100 over the final budget as a result of higher auction sales and cable franchise fees.

Actual expenditures in 2012 were \$7.1 million or 4.5% under the original budget and \$3.9 million or 2.6% under the final budget. Two of the eight programmatic areas realized variances in excess of 10%. Economic development came in under the original and final budgets by 38% and 13%, respectively. The original budget included potential gap financing incentives that did not materialize during 2012, but will be available in 2013 for encouraging job creation and investment in the city. Finally, the "other expenditure" category realized a \$622,000 or 42% favorable variance to the original budget and a 16% favorable variance to the final budget. The variance is a function of allowing some flexibility in contingency funds during the year.

Actual operating transfers out were \$6.4 million over the original budget and \$132,100 under the final budget. A higher level of transfers were incorporated into the final budget given the strong performance of revenues coupled with lower than budgeted spending levels, which resulted in an excess of revenues over expenditures and other financing uses of \$1.5 million on a budgetary basis.

#### ***Proprietary Funds***

The City's proprietary funds provide the same type of information found in the government-wide financial statements for business-type activities, except in more detail. The City's business-type funds (as presented on the statement of net position on pages F 42 - F 45) reported a combined net position of \$590,778,857, which is \$15,317,331 above last year's restated total of \$575,461,526.

**CITY OF DAYTON, OHIO**

MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED DECEMBER 31, 2012

The following table indicates the net position and the total change in net position as of December 31, 2012 for all major and nonmajor business-type funds.

	<u>Net Position</u> <u>12/31/12</u>	<u>Restated</u> <u>Net Position</u> <u>12/31/11</u>	<u>Increase</u>
Major Funds:			
Dayton International Airport	\$ 278,371,915	\$ 275,335,669	\$ 3,036,246
Water	175,244,711	168,406,173	6,838,538
Sewer	112,679,900	109,210,282	3,469,618
Other Business-type activities	<u>24,482,331</u>	<u>22,509,402</u>	<u>1,972,929</u>
Total	<u>\$ 590,778,857</u>	<u>\$ 575,461,526</u>	<u>\$ 15,317,331</u>

***Dayton International Airport (DIA)***

The City's Dayton International Airport net position increased \$3,036,246 or 1.10%. See the table above. The increase is due to a decrease in accrued liabilities, including accounts payable, contracts payable and retainage payable.

The following tables illustrate the revenues and expenses of the Dayton International Airport fund.

	<u>2012</u> <u>Amount</u>	<u>2011</u> <u>Amount</u>	<u>Percentage</u> <u>Change</u>
<b><u>Operating Revenues</u></b>			
Charges for services	\$ 24,508,791	\$ 23,644,457	3.66 %
Other	<u>5,230,515</u>	<u>6,929,728</u>	(24.52) %
Total	<u>\$ 29,739,306</u>	<u>\$ 30,574,185</u>	(2.73) %

Operating revenues of the DIA fund decreased \$834,879 or 2.73%. This decrease is mainly the result of increased revenues for charges for services offset by a larger decrease in other revenues.

	<u>2012</u> <u>Amount</u>	<u>2011</u> <u>Amount</u>	<u>Percentage</u> <u>Change</u>
<b><u>Operating Expenses</u></b>			
Personal services	\$ 8,665,058	\$ 8,284,910	4.59 %
Benefit payments	3,399,336	3,217,323	5.66 %
Contractual services	6,027,381	3,902,174	54.46 %
Materials and supplies	1,302,386	1,074,070	21.26 %
Utilities	1,801,872	2,293,065	(21.42) %
Depreciation	10,998,332	9,591,322	14.67 %
Other	<u>2,457,710</u>	<u>1,554,566</u>	58.10 %
Total	<u>\$ 34,652,075</u>	<u>\$ 29,917,430</u>	15.83 %

Operating expenses increased \$4,734,645 or 15.83%. This increase is due to an increase in contractual services, which increased \$2,125,207 or 54.46% due to additional expenses for management contract services for terminal renovations. Materials and supplies increased due to increased fuel supply costs and depreciation increased due to the capitalization of improvement work at the terminal.

**CITY OF DAYTON, OHIO**

MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED DECEMBER 31, 2012

	<u>2012</u> <u>Amount</u>	<u>2011</u> <u>Amount</u>	<u>Percentage</u> <u>Change</u>
<b><u>Nonoperating Revenues (Expenses)</u></b>			
Interest revenue	\$ 164,182	\$ 88,526	85.46 %
Interest expense and fiscal charges	(2,303,368)	(2,458,252)	(6.30) %
Increase in fair market value of investments	31,126	66,353	(53.09) %
Capital contributions	10,076,952	13,579,061	(25.79) %
Loss on sale of capital assets	<u>(19,877)</u>	<u>-</u>	100.00 %
Total	<u>\$ 7,949,015</u>	<u>\$ 11,275,688</u>	(29.50) %

Other operating revenues and expenses decreased \$3,326,673 or 29.50% due to a decrease in capital contributions from grants as the DIA finished a number of construction contracts. Interest revenue increased due to a larger cash balance; and interest expense decreased as the DIA did not issue any new debt.

***Water***

The City's water fund net position increased by \$6,838,538 or 4.06%. See the table on the previous page. This increase is due to a significant increase in water collection fees and a decrease in accounts payable and contracts payable.

	<u>2012</u> <u>Amount</u>	<u>2011</u> <u>Amount</u>	<u>Percentage</u> <u>Change</u>
<b><u>Operating Revenues</u></b>			
Charges for services	\$ 45,700,719	\$ 43,529,551	4.99 %
Other	<u>5,483,454</u>	<u>4,721,130</u>	16.15 %
Total	<u>\$ 51,184,173</u>	<u>\$ 48,250,681</u>	6.08 %

Operating revenues increased \$2,933,492 or 6.08%. This increase is the result of a 3.8% rate increase.

	<u>2012</u> <u>Amount</u>	<u>2011</u> <u>Amount</u>	<u>Percentage</u> <u>Change</u>
<b><u>Operating Expenses</u></b>			
Personal services	\$ 14,604,696	\$ 15,392,602	(5.12) %
Benefit payments	6,114,158	6,064,068	0.83 %
Contractual services	5,622,205	6,521,216	(13.79) %
Materials and supplies	4,497,169	4,459,169	0.85 %
Utilities	5,283,275	6,083,111	(13.15) %
Depreciation	5,942,584	5,869,087	1.25 %
Other	<u>2,538,470</u>	<u>2,878,553</u>	(11.81) %
Total	<u>\$ 44,602,557</u>	<u>\$ 47,267,806</u>	(5.64) %

Operating expenses decreased \$2,665,249 or 5.64%. The largest decreases were in contractual services and utilities due to a decrease in management contracts and utility costs.

**CITY OF DAYTON, OHIO**

MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED DECEMBER 31, 2012

	<u>2012</u> <u>Amount</u>	<u>2011</u> <u>Amount</u>	<u>Percentage</u> <u>Change</u>
<b><u>Nonoperating Revenues (Expenses)</u></b>			
Interest revenue	\$ 126,926	\$ 38,043	233.64 %
Interest expense and fiscal charges	(46,701)	-	100.00 %
Increase in fair market value of investments	25,794	43,974	(41.34) %
Capital contributions	<u>150,903</u>	<u>147,538</u>	2.28 %
Total	<u>\$ 256,922</u>	<u>\$ 229,555</u>	11.92 %

Nonoperating revenue and expenses increased \$27,367 or 11.92%. The investment portfolio, as a whole, performed well in 2012, contributing to a significant increase in interest revenue offset by interest and fiscal charges related to the 2012 bond issuance.

***Sewer***

The City's sewer fund net position increased \$3,469,618 or 3.18% during 2012. See page F 19. This increase is due to a significant increase in sewer collection fees and a decrease in accounts payable and contracts payable.

	<u>2012</u> <u>Amount</u>	<u>2011</u> <u>Amount</u>	<u>Percentage</u> <u>Change</u>
<b><u>Operating Revenues</u></b>			
Charges for services	\$ 33,115,458	\$ 30,119,740	9.95 %
Other	<u>24,836</u>	<u>1,850,713</u>	(98.66) %
Total	<u>\$ 33,140,294</u>	<u>\$ 31,970,453</u>	3.66 %

Operating revenues increased \$1,169,841 or 3.66% due mainly to an increase in the collection of sewer fees. Other operating revenues decreased due to a change in account coding.

	<u>2012</u> <u>Amount</u>	<u>2011</u> <u>Amount</u>	<u>Percentage</u> <u>Change</u>
<b><u>Operating Expenses</u></b>			
Personal services	\$ 6,691,367	\$ 6,746,458	(0.82) %
Benefit payments	2,710,810	2,638,344	2.75 %
Contractual services	6,596,921	8,804,407	(25.07) %
Materials and supplies	1,918,461	1,782,383	7.63 %
Utilities	2,848,675	3,315,148	(14.07) %
Depreciation	7,146,411	7,747,744	(7.76) %
Other	<u>1,712,118</u>	<u>833,127</u>	105.51 %
Total	<u>\$ 29,624,763</u>	<u>\$ 31,867,611</u>	(7.04) %

Operating expenses decreased \$2,242,848 or 7.04% due mainly to a decrease in contractual services for sludge disposal, utilities for electrical costs and contractual service expenditures for professional services.

**CITY OF DAYTON, OHIO**

MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED DECEMBER 31, 2012

	<u>2012</u>	<u>2011</u>	<u>Percentage</u>
	<u>Amount</u>	<u>Amount</u>	<u>Change</u>
<b><u>Nonoperating revenues (expenses)</u></b>			
Interest revenue	\$ 132,868	\$ -	100.00 %
Increase in fair market value of investments	36,727	-	100.00 %
Interest expense and fiscal charges	(407,719)	(394,690)	(3.30) %
Loss on sale of capital assets	(13,053)	-	(100.00) %
Capital contributions	<u>205,264</u>	<u>337,911</u>	(39.26) %
Total	<u>\$ (45,913)</u>	<u>\$ (56,779)</u>	19.14 %

The sewer fund received fewer capital contributions in 2012 as compared to 2011. The investment portfolio, as a whole, performed well in 2012, contributing to a significant increase in interest revenue offset by interest and fiscal charges related to the 2012 bond issuance.

**Capital Assets and Debt Administration**

*Capital Assets*

At December 31, 2012, the City had \$874,368,660 (net of accumulated depreciation) invested in land, right of ways, buildings and improvements, improvements other than buildings, equipment, software, vehicles, infrastructure and construction in progress (CIP). Of this total, \$389,020,000 was reported in governmental activities and \$485,348,660 was reported in business-type activities. See Note 11 in the basic financial statements for additional capital asset disclosure.

The following table shows December 31, 2012 balances compared to December 31, 2011:

**Capital Assets at December 31  
(Net of Depreciation)**

	Governmental Activities 2012	Governmental Activities 2011	Business-Type Activities 2012	Business-Type Activities 2011	Total 2012	Total 2011

**CITY OF DAYTON, OHIO**

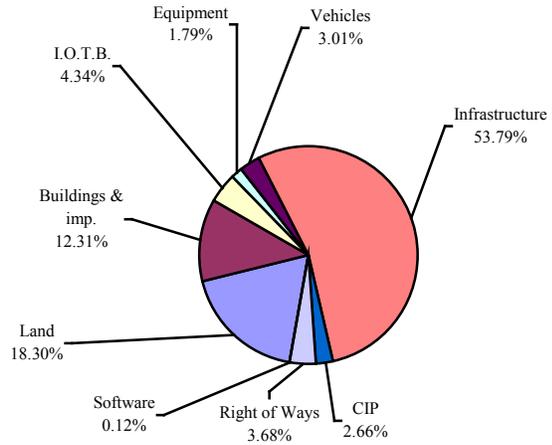

**MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED DECEMBER 31, 2012**

The following graphs show the breakdown of governmental capital assets by category for 2012 and 2011.

**Capital Assets - Governmental Activities 2012**

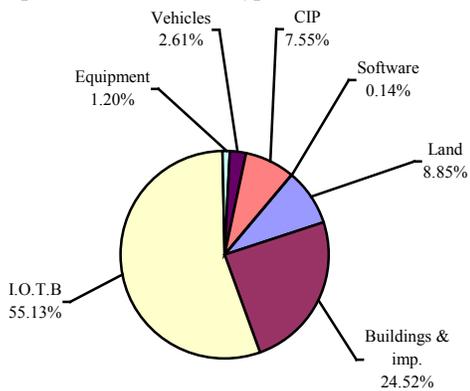

**Capital Assets - Governmental Activities 2011**

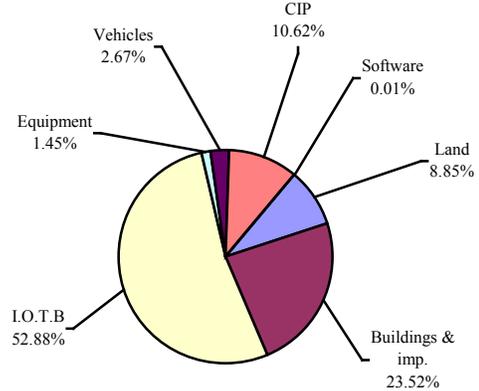

The City's largest governmental capital asset category is infrastructure which includes roads, bridges, culverts, sidewalks, curbs, annexed roadways, street lighting, and traffic signals. These items are immovable and of value only to the City; however, the annual cost of purchasing these items is quite significant. The net book value of the City's infrastructure (cost less accumulated depreciation) represents approximately 54.51% of the City's total governmental capital assets.

The following graphs show the breakdown of business-type capital assets by category for 2012 and 2011.

**Capital Assets - Business-Type Activities 2012**

**Capital Assets - Business-Type Activities 2011**

The City's largest business-type capital asset category is improvements other than buildings (I.O.T.B) which primarily includes runways for the airport, water lines, sewer lines and storm water catch basins. These items play a vital role in the income producing ability of the business-type activities. The net book value of the City's I.O.T.B (cost less accumulated depreciation) represents approximately 55.13% of the City's total business-type capital assets.

**CITY OF DAYTON, OHIO**

MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED DECEMBER 31, 2012

***Debt Administration***

The City had the following long-term obligations outstanding at December 31, 2012 and 2011:

	Governmental Activities <u>2012</u>	Governmental Activities <u>2011</u>
General obligation bonds	\$ 44,993,429	\$ 46,884,969
Revenue bonds	32,235,000	38,780,000
Special assessment bonds	<u>63,100</u>	<u>136,900</u>
Total bonds	<u>77,291,529</u>	<u>85,801,869</u>
OPWC loans	128,782	152,317
Ohio Department of Development Loan	<u>2,860,000</u>	<u>2,860,000</u>
Total loans	<u>2,988,782</u>	<u>3,012,317</u>
Total long-term obligations	<u><u>\$ 80,280,311</u></u>	<u><u>\$ 88,814,186</u></u>
	Business-type Activities <u>2012</u>	Business-type Activities <u>2011</u>
General obligation bonds	\$ 41,031,571	\$ 10,860,031
Revenue bonds	<u>33,380,000</u>	<u>34,625,000</u>
Total bonds	<u>74,411,571</u>	<u>45,485,031</u>
OWDA loans	9,175,000	9,888,914
OPWC loans	<u>400,000</u>	<u>450,000</u>
Total loans	<u>9,575,000</u>	<u>10,338,914</u>
Total long-term obligations	<u><u>\$ 83,986,571</u></u>	<u><u>\$ 55,823,945</u></u>

See Note 13 in the basic financial statements for additional disclosures and detail regarding the City's debt activity.

**CITY OF DAYTON, OHIO**

**MANAGEMENT’S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED DECEMBER 31, 2012**

A comparison of the long-term obligations by category is depicted in the chart below.

***Economic Factors and the 2013 Budget***

Looking to 2013 invokes a sense of both optimism and concern. Projections for the national economy for 2013 show continued slow growth as the economy absorbs the impacts of spending cuts (i.e., sequestration) and tax increases from the fiscal cliff agreement. This will likely impact the first three quarters of 2013 to a greater extent with some improvement in the latter part of 2013 and even more so in 2014.

**Employment and the Income Tax**

After enduring ten consecutive years of employment declines, the Dayton regional economy hit bottom in 2010 at a work force level of 370,000 jobs. Since then, the region’s employment base has increased by 8,000 new jobs or 2.2%. This is slightly less than 2.6% rate of growth for the state of Ohio and the 2.9% rate of growth for the nation. Although on an upswing, the region suffered a devastating loss of 61,000 jobs from its peak in 2000 through 2012, with the highly-paid manufacturing sector incurring 38,700 or well over half of those losses.

The City’s largest single revenue source—the income tax—also reached its nadir in 2010 and has experienced two consecutive years of growth, up 1.6% and 1.9% in 2011 and 2012, respectively. The components of the income tax also shed light on the condition of the Dayton economy. Specifically, growth in 2011 was solely attributable to the tax on business profits, which climbed 19%, while the tax on wages earned in the city, or withholding, fell 0.7%. For any economic recovery to gain real traction, wage and job growth is needed. This was realized in 2012 when withholding posted its first increase since 2006, rising 3.3%.

**Property Values and the Property Tax**

For decades, the U.S. housing market enjoyed an unbroken succession of annual increases in average home values. Consequently, when prices began to accelerate rapidly in 2001, many would-be homeowners and investors had a false sense of security. In retrospect, the housing market was experiencing a classic real estate bubble that came to an abrupt end in 2006. It would soon become the longest recession on record and home prices would suffer their biggest decline.

## CITY OF DAYTON, OHIO

### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2012

The Dayton real estate market was no exception. Although we did not participate to the same extent in the dramatic home value appreciation that many metro areas realized; unfortunately, we were not immune to their subsequent plunge. Case in point, total city real property valuations are down almost 19% from their peak in 2006 and are currently at their lowest levels in ten years. Moreover, 21% of properties in Dayton are vacant, according to the 2010 Census with many of these properties completely abandoned during the foreclosure process. This has left the City organization with over 5,000 vacant properties that must be mowed regularly during the spring and summer months.

In 2011, the Montgomery County Auditor conducted the triennial update of property values. This statistical adjustment to values incorporated market activity over the preceding three-year period. For the city of Dayton, real property values fell almost 12% followed by a 2.9% reduction in 2013 due to properties being reclassified as exempt along with property owners seeking reductions in value from the Board of Revisions.

At the same time that values have fallen, delinquencies have also been on the rise. In 2009, 11.6% of the current levy was delinquent. By 2013, that number had increased to 14.7%. Additionally, reimbursements from the repeal of the tangible personal property tax and the public utility tax by the State have been eliminated for all current year expense levies, for Dayton that means the general fund. And finally, in both 2012 and 2013, a decision was made to shift 0.2 mills each year for a total of 0.4 mills from the general fund to the bond retirement fund to help offset the loss of revenue due to the recent decline in values.

#### **State Revenue Sharing and the Local Government Fund**

When faced with a reported \$8 billion deficit in their 2012/2013 biennial budget, the governor and legislature chose to dramatically cut long-standing revenue-sharing programs with local governments. These reductions included eliminating the reimbursements associated with the repeal of the tangible personal property tax (discussed above), which occurred in 2005 as part of tax reform. Because the state had repealed a local tax and replaced it with a state tax (i.e., commercial activity tax), lawmakers agreed to reimburse local governments, in declining amounts, through 2017. Moreover, the state also suspended the public utility reimbursement to the general fund, which came as a result of public utility deregulation. In the state 2012/2013 budget, these reimbursements were unilaterally rescinded for all current expense levies, which instantaneously wiped out \$1.6 million from the general fund.

In addition to the cuts to tangible personal property and public utility reimbursements, the state also slashed the local government fund by 50% over two state fiscal years and has completely eliminated the local share of dealers in intangible taxes. And to further compound the situation, the legislature also passed legislation to eliminate the estate tax effective 2013. In 2012, the City received \$1.2 million in estate tax proceeds.

**CITY OF DAYTON, OHIO**

MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED DECEMBER 31, 2012

The following table shows the cuts to the general fund for the period 2011 to 2013. These reductions were incorporated into the 2012 and 2013 budgets by means of fewer filled positions, controlling wage and healthcare costs and a reduced level of General Fund investments. Compared to 2011 certified estimates, the City will lose \$9.1 million in state-shared revenues in 2013.

<b>2013 State Budget Cut Impacts</b>					
	<b>2011 Certified Estimates (except for Estate Tax)</b>	<b>CY2011</b>	<b>CY2012</b>	<b>CY2013 Estimate</b>	<b>Revenue lost from 2011 Certified Estimates to 2013</b>
Local Government Fund	<b>13,233,000</b>	12,955,400	8,975,900	<b>6,898,100</b>	<b>(6,334,900)</b>
TPPT Reimbursements	<b>1,427,000</b>	217,600	0	<b>0</b>	<b>(1,427,000)</b>
Public Utility Reimbursements	<b>161,000</b>	131,000	0	<b>0</b>	<b>(161,000)</b>
Estate Tax	<b>1,202,000</b>	882,300	1,202,000	<b>0</b>	<b>(1,202,000)</b>
<b>Total</b>	<b>\$ 16,023,000</b>	\$ 14,186,300	\$ 10,177,900	<b>\$ 6,898,100</b>	<b>\$ (9,124,900)</b>

- Local Government Fund, which includes Dealers in Intangibles, was cut by 25% in SFY2012 and an additional 25% in SFY2013.
- A one-time LGF funding supplement of \$49.27 million was added to the state budget in SFY2012, which equates to about \$400,000 in both CY2011 and CY2012.
- Reimbursements from the CAT tax, from the 2004 repeal of the tangible personal property tax (see Tax Reform in Ohio), are repealed for the General Fund (current expense) effective SFY2012, but remain in effect for the Bond Retirement Fund through 2017.
- Reimbursements from public utility deregulation are repealed for the General Fund (current expense) effective SFY2012, but remain in effect for the Bond Retirement Fund through 2016.
- The estate tax was repealed for all individuals dying after Jan. 1, 2013. Before the repeal, 80% of the estate tax was distributed to local governments. Some revenue is expected in 2013 from estates prior to the effective date.  
The estate tax loss is derived from the last full year of receipts in 2012.
- TPPT and PU Reimbursements were in the process of a phase-out and would have been \$908,000 and \$107,500, respectively if there had been no changes to the state budget.

**Casino Tax Revenue**

On November 3, 2009, Ohio voters passed Issue 3 that amended the Ohio constitution permitting four casinos in Cincinnati, Columbus, Cleveland and Toledo. The amendment provided for a 33% tax on gross casino revenues, 90% of which is to be distributed to county governments (51%), school districts (34%), and the host city (5%). If the most populated city located in a county had a population over 80,000, then that city (Dayton included) would receive 50% of the county's distribution.

For 2012, the City received \$703,000 and in 2013 the City's estimate is \$3.4 million. Recent approval of racinos (horse-racing and video lottery gambling) by the Governor has the potential to further reduce gross casino revenues in the future. Penn National Gaming is scheduled to open a racino in Dayton at a former GM factory site. Plans and site development are underway with an expected grand opening in mid-2014.

**Other Sources**

Given the reductions in state-shared revenues, together with the drop in property taxes, it was necessary to balance the 2013 budget with \$1.5 million of the cash reserve. The 2013 revenue budget is \$868,000 or 0.6% less than 2012 actual revenues.

## **CITY OF DAYTON, OHIO**

### **MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2012**

#### **Cost Containment and Workforce Reductions**

After more than a decade of workforce reductions resulting in 700 or 40% fewer filled positions, 2012 marked the first year for stable employment levels. This is not to suggest that cost containment is not still a reality for the City of Dayton. But what it does mean is that recruit classes for Police and Fire have been reinstated (after settling a law suit with the Department of Justice) and mission critical positions are being filled. Wage increases have been modest in 2012 and 2013 while higher employee contributions to health insurance and converting to a self-insured plan have helped rein in costs.

#### **Next Year's Budget and Rates**

The unencumbered general fund balance on a budgetary basis is expected to remain within the minimum policy parameter level of six weeks of operating reserves.

#### **Contacting the City's Financial Management**

This financial report is designed to provide our citizens, taxpayers, and investors and creditors with a general overview of the City's finances and to show the City's accountability for the money it receives. If you have questions about this report or need additional financial information contact LaShea Smith, Finance Director, City of Dayton, 101 West Third Street, P.O. Box 22, Dayton, OH 45401-0022, or visit our website at [www.cityofdayton.org](http://www.cityofdayton.org).

RECONCILIATION OF TOTAL GOVERNMENTAL FUND BALANCES TO  
NET POSITION OF GOVERNMENTAL ACTIVITIES  
DECEMBER 31, 2012

<b>Total governmental fund balances</b>		\$ 136,543,529
<i>Amounts reported for governmental activities on the statement of net position are different than the net position because:</i>		
1. Capital assets used in governmental activities (excluding internal service funds capital assets) are not financial resources and therefore are not reported in the funds.		388,007,107
2. Other long-term assets are not available to pay for current-period expenditures and therefore are deferred in the funds.		
Property and other local taxes receivable	\$ 10,324,753	
Payments in lieu of taxes receivable	653,787	
Municipal income taxes receivable	5,834,135	
Accounts receivable	4,267,344	
Special assessments receivable	1,042,321	
Accrued interest receivable	125,372	
Due from other governments	9,206,471	
Total		31,454,183
3. Internal service funds are used by management to charge the costs of fleet management fire fleet management, stores and reproduction, workers' compensation, and plumbing to individual funds. The assets and liabilities of the internal service funds are included in governmental activities on the statement of net position. The net position of the internal service funds, including internal balances of \$1,370,704 are:		11,688,158
4. In the statement of net position interest is accrued on bonds, whereas in governmental funds, interest is accrued when due.		(217,665)
5. Unamortized deferred amounts on refundings are not recognized in the governmental funds.		1,943,071
6. Unamortized premiums on bond issuances are not recognized in the governmental funds.		(5,844,466)
7. Long-term liabilities, including bonds and compensated absences are not due and payable in the current period and therefore are not reported in the funds (exclusive of internal service fund liabilities).		
Special assessment bonds	(63,100)	
General obligation bonds	(44,993,429)	
Revenue bonds	(32,235,000)	
Compensated absences	(8,966,610)	
OPWC loan	(128,782)	
ODOD Loan	(2,860,000)	
		(89,246,921)
<b>Net position of governmental activities</b>		<b>\$ 474,326,996</b>

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES  
IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES  
FOR THE YEAR ENDED DECEMBER 31, 2012

<b>Net change in fund balances - total governmental funds</b>		\$ 9,683,780
<i>Amounts reported for governmental activities in the statement of activities are different because:</i>		
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets are allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays (\$21,668,262) exceeded depreciation expense (\$13,032,213) in the current period (exclusive of internal service fund activity).		8,636,049
The net effect of various miscellaneous transactions involving capital assets (i.e. sales, disposals, trade-ins, and donations) is to decrease net assets.		(41,605)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.		
Municipal income taxes	\$ (114,243)	
Property and other local taxes	(3,534,861)	
Payments in lieu of taxes	202,559	
Charges for services	(1,146,291)	
Intergovernmental	1,973,984	
Special assessments	1,199	
Investment income	2,061	
Total	(2,615,592)	(2,615,592)
Repayments of bond, loan and capital lease principal are expenditures in the governmental funds, but the repayments reduce long-term liabilities on the statement of net position.		
Bond principal payments	9,895,340	
Loan principal payments	23,535	
Total	9,918,875	9,918,875
Issuance of bonds are recorded as an other financing source in the funds; however, in the statement of activities, they are not reported as revenues as they increase liabilities on the statement of net position.		(35,555,000)
Payment to refunded bond escrow agent for the retirement of bonds is an other use in the governmental funds but the payment reduces long-term liabilities on the statement of net assets. Deferred charges related to bond refundings are amortized over the life of the issuance in the statement of activities.		
The following refunding transactions occurred during the year:		
Bonds refunded	34,170,000	
Deferred charges on refundings	1,194,951	
Total	35,364,951	35,364,951
Premiums on bonds are amortized over the life of the issuance in the statement of activities.		(5,435,222)
In the statement of activities, interest expense is recognized as the interest accrues, regardless of when it is due. The additional interest reported in the statement of activities is due to the following:		
Decrease in accrued interest payable	35,193	
Amortization of bond premiums and discounts	99,397	
Amortization of deferred charges on refundings	(116,739)	
Total	17,851	17,851
Some expenses reported in the statement of activities, such as compensated absences, do not require the use of current financial resources and therefore are not reported as expenditures in the governmental funds.		(303,344)
Internal service funds used by management to charge the costs of fleet management, fire fleet management, stores and reproduction, workers' compensation, and plumbing to individual funds are not reported in the entity-wide statement of activities. Governmental fund expenditures and the related internal service funds revenues are eliminated. The net revenue (expense) of the internal service funds, including internal balances of \$1,370,704, is allocated among governmental activities.		2,702,201
<b>Change in net position of governmental activities</b>		<b>\$ 22,372,944</b>

## CITY OF DAYTON, OHIO

### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2012

#### NOTE 1 - DESCRIPTION OF THE CITY

The City of Dayton (the "City") is located in Montgomery County in southwestern Ohio approximately seventy-six miles west of Columbus and fifty-four miles north of Cincinnati. The City charter was approved in 1913 and the City became the first large community in the United States to adopt the Commission-Manager Plan form of government. Subsequent amendments to the charter have been made. Legislative power is vested in a five-member commission, one of the members being the Mayor. The City Manager is the chief executive officer and the head of the administrative agencies of the City. The City Manager appoints all department heads, except the Secretary of the Civil Service Board and the Director of the Human Relations Council, who are appointed by the City Commission.

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements (BFS) of the City have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to local governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial principles.

##### A. Reporting Entity

A reporting entity is comprised of the primary government, component units and other organizations that are included to ensure that the financial statements of the City are not misleading. The primary government consists of all funds, departments and agencies that are not legally separate from the City. For the City, this includes providing water supply and treatment, sewer and storm water maintenance, wastewater treatment, airport services, fire and emergency medical services, police protection, a convention center, building inspection, neighborhood support, recreation and parks, golf, street and bridge maintenance, waste collection and a municipal court.

Component units are legally separate organizations for which the City is financially accountable. The City is financially accountable for an organization if the City appoints a voting majority of the organization's Governing Board and (1) the City is able to significantly influence the programs or services performed or provided by the organization; or (2) the City is legally entitled to or can otherwise access the organization's resources; or (3) the City is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or (4) the City is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the City in that the City approves their budget, the issuance of their debt or the levying of their taxes for the organization.

Based on the foregoing criteria, the financial activities of the following potential component units have been reflected in the accompanying BFS as follows:

**CITY OF DAYTON, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2012

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)**

*DISCRETELY PRESENTED COMPONENT UNIT*

The City has included one discretely presented component unit, the City-Wide Development Corporation (CWDC), as part of this report. CWDC was established in 1972 as a private, non-profit development organization which supports the City in a number of ways - primarily as its development financing arm. CWDC's relationship with the City is established via its stated mission: fostering economic development through creating and retaining jobs for City residents, providing administrative support to assist in neighborhood development, increasing tax revenues, and improving the Dayton area economy. Because the City appoints all members of CWDC's Board of Trustees and is empowered to remove them at will, CWDC is a component unit of the City. CWDC issues separately audited financial statements with a December 31 year end. Its most recently audited financial statements may be obtained from Citywide Development Corporation, 8 North Main Street, Dayton, Ohio 45402-1916. Further disclosures for the discretely presented component unit can be found in Note 21.

*JOINTLY GOVERNED ORGANIZATIONS*

*Miami Valley Regional Planning Commission* - The Miami Valley Regional Planning Commission (the Commission) is a jointly governed organization between Preble, Clark, Clinton, Darke, Greene, Miami and Montgomery Counties, the City of Dayton, City of Riverside, City of New Carlisle and the City of Huber Heights. The Commission prepares plans, including studies, maps, recommendations, and reports concerning the physical, environmental, social, economic, and governmental characteristics, functions, and services of the region. These reports show recommendations for systems of transportation, highways, parks and recreational facilities, water supply, sewage disposal, garbage disposal, civic centers and other public improvements and land uses which affect the development of the region. The degree of control exercised by any participating government is limited to its representation on the Board. Members of the Board are as follows: the officers of the Commission (elected by member representatives), the immediate past Chair of the Commission, the Commission member representing the City of Dayton, the Commission member representing each of the respective member counties, the representatives selected by each county caucus, a nongovernmental member and two at-large representatives. Payments to the Commission are made from the general fund. The City contributed \$76,442 for the operation of the Commission during 2012. Financial information can be obtained from Brian Martin, Executive Director, at 1 South Main Street, Suite 260, Dayton, Ohio 45402.

*Miami Valley Fire/EMS Alliance* - The Miami Valley Fire/EMS Alliance (the Alliance) is a jointly governed organization between municipal corporations and townships in Montgomery, Greene and Warren Counties. The purpose of the Alliance is to foster cooperation among the political subdivisions by promoting programs and recommending matters which will result in more efficient methods of delivering fire and emergency medical services in the region. The Board of the Alliance is made up of a representative appointed by the City of Dayton, a representative appointed by the members who are provided Fire/EMS Services by volunteers, two representatives appointed by the members who are provided Fire/EMS Services by a combination of full time employees and volunteers and a representative appointed by the members who are provided Fire/EMS Services by full time employees. Payments to the Alliance are made from the general fund. The City contributed \$33,966 for the operation of the Alliance during 2012. Financial information can be obtained from Jackie Leland, Director, at 444 W. Third Street, Suite 20-231, Dayton, Ohio 45402.

**CITY OF DAYTON, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2012

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)**

*Miami Township-Dayton Joint Economic Development District* - In an effort to promote regional growth and economic development, the City has entered into a contract with Miami Township to create a Joint Economic Development District (JEDD). The City entered into a separate contract with Miami Township in July, 2005. In accordance with State law, the Districts Board of Trustees levied a 1.75% income tax effective January 1, 2008. The proceeds of that tax are allocated, in accordance with the contract, primarily to the Township. In consideration for its receipt of a share of the District's income taxes, the City will receive 50% of the property tax revenue from parcels located within the District. The Township will utilize these JEDD revenues, in part, to construct infrastructure and improvement near the Dayton-Wright Brothers Airport. The City received \$185,849 in revenues through the JEDD in 2012.

*Butler Township-Dayton Joint Economic Development District* - In an effort to promote regional growth and economic development, the City has entered into a contract with Butler Township to create a Joint Economic Development District (JEDD). The City entered into a separate contract with Butler Township in July, 2006. In accordance with State Law, the Districts Board of Trustees levied a 1.75% income tax effective in 2008. The proceeds of that tax are allocated, in accordance with the contract, to the Township. In consideration for its receipt of a share of the District's income taxes, the City will receive 50% of the property tax revenue from parcels located within the District. The District will utilize these JEDD revenues to facilitate economic development to create or preserve jobs and employment opportunities and to improve economic welfare. The City received \$24,518 in revenues through the JEDD in 2012.

*Economic Development/Government Equity Program* - The Economic Development/Government Equity Program (ED/GE) was established pursuant to Ohio Revised Code Chapter 307 for the purpose of developing and promoting plans and programs designed to assure that County resources are efficiently used, economic growth is properly balanced, and that County economic development is coordinated with that of the State of Ohio and other local governments. Members include villages, township, and cities within Montgomery County, and Montgomery County itself. Cooperation and coordination between the members is intended to promote economic health and improve the economic opportunities of the people in Montgomery County by assisting in the establishment or expansion within the County of industrial, commercial or research facilities and by creating and preserving job and employment opportunities for the people of the County. The ED/GE Advisory Committee, made up of alternating member entities representatives, decides which proposed projects will be granted each year. Sales tax revenues, set aside by Montgomery County, are used to fund the projects. Members annually contribute to or receive benefits based on an elaborate zero-based formula designed to distribute growth in contributing communities to those communities experiencing less economic growth. Any member in default of paying its contributions will be liable for the amount of the contribution, any interest accrued, and penalties. During this time, the member will not be entitled to any allocations from ED/GE. Payments to ED/GE are made from the general fund.

The City did not contribute to the operation of ED/GE during 2012. Financial information can be obtained from Linda Gum, Administrative Assistant, at 451 West Third Street, Dayton, Ohio 45402.

## CITY OF DAYTON, OHIO

### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2012

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Montgomery County Family and Children First Council - The City participates in the Montgomery County Family and Children First Council. The Council coordinates and integrates those services within Montgomery County which are available for families and children and establishes a comprehensive, coordinated, multi-disciplinary, interagency system for the delivery of such services in order to more effectively meet the needs of families and children. The Council is governed by a board of nineteen trustees, one of which is the Mayor of the City of Dayton. The City did not contribute to the operation of the Council during 2012. Financial information can be obtained from Tom Kelley, Executive Director, at 451 West Third Street, P.O. Box 972, Dayton, Ohio 45422-3100.

Hazardous Material Response Team - The City is a member of a Hazardous Material Response Team ("HAZMAT") which is a jointly governed organization with other local governments. The organization was created to provide hazardous material response protection and mutual assistance in the event of a hazardous material incident.

The HAZMAT Advisory Board oversees the operation of HAZMAT and consists of representatives from sixteen organizations. The City's ability to affect operations is limited to its representation on the Board.

The Board established hazardous materials incident response guidelines to provide for response procedures in the event of an incident. In the event of a hazardous material incident within any local government that is a member of this organization, the other members will respond to render assistance. The funding for the operation of the response team is through contributions from each entity. In addition, the persons or company responsible for any hazardous materials emergency is required by State law to reimburse the team any costs associated with clean up. There is no explicit and measurable equity interest in HAZMAT. During 2012, the City contributed \$20,314 to HAZMAT. Financial information can be obtained from Danny Bristow, Executive Director at 444 West Third Street, Suite 20-231, Dayton, Ohio 45402.

Miami Valley Emergency Management Agency - The Miami Valley Emergency Management Agency (the Agency) is a jointly governed organization between various political subdivisions in Montgomery and Greene Counties. The purpose of the Agency is to help provide emergency management preparedness which includes training and incident mitigation. The fourteen members Board of the Agency is made up of a representative appointed by the City of Dayton.

The funding for the operation of the Agency is through contributions from each participating entity. Payments to the Agency are made from the general fund. The City contributed \$28,305 for the operation of the Agency during 2012. Financial information can be obtained from Jeff Jordan, Executive Director, 117 South Main Street, Suite 721, Dayton, Ohio 45422.

#### **B. Basis of Presentation**

The City's basic financial statements consist of government-wide statements, including a statement of net position and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

**Government-wide Financial Statements** - The statement of net position and the statement of activities display information about the City as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The activities of the internal service funds are eliminated to avoid "doubling up" revenues and expenses. The statements distinguish between those activities of the City that are governmental and those that are considered business-type activities.

## CITY OF DAYTON, OHIO

### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2012

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

The statement of net position presents the financial condition of the governmental and business-type activities of the City at year end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the City's governmental activities and for the business-type activities of the City. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the City, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the City.

**Fund Financial Statements** - During the year, the City segregates transactions related to certain City functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the City at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. The internal service funds are presented in a single column on the face of the proprietary fund statements. Fiduciary funds are reported by type.

#### C. Fund Accounting

The City uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self balancing set of accounts. There are three categories of funds: governmental, proprietary and fiduciary.

1. **Governmental Funds** - Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities and deferred inflows of resources is reported as fund balance. The following are the City's major governmental funds:

General fund - The general fund accounts for all financial resources except those required to be accounted for in another fund.

Housing and urban development (HUD) fund - To account for grant and other program income generated from grant proceeds for various programs administered by the U.S. Department of Housing and Urban Development.

Debt service fund - To account for various revenues collected for payment of general obligation debt principal, interest and related costs.

Capital improvement fund - To account for resources used to purchase equipment and construct capital assets.

Other governmental funds of the City are used to account for grants and other resources whose use is restricted to a particular purpose. These funds are nonmajor funds whose activity has been aggregated and presented in a single column in the BFS.

**CITY OF DAYTON, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2012

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)**

2. **Proprietary Funds** - Proprietary fund reporting focuses on changes in net position, financial position and cash flows. Proprietary funds are classified as either enterprise or internal service.

a. **Enterprise Funds** - The enterprise funds may be used to account for any activity for which a fee is charged to external users for goods or services. The following are the City's major enterprise funds:

Dayton International Airport - To account for the provision of air traffic, primarily commercial, including air freight. Revenues are derived from landing fees, concessionaire fees, and space rentals. The Dayton-Wright Brothers Airport is included in this fund.

Water - To account for the provision of water service and water pollution control activities of the City. The Department also provides water services to several areas outside the City. Revenue is generated by charges for services including those to other departments of the City. The water supply is maintained through the development of well fields, storage facilities and pumping.

Sewer - To account for the provision of sanitary sewer service to the residential, commercial, and industrial consumers of the City and various communities within the Dayton Metropolitan area. The charges for services are based on the City's needs for the cost of service and expenses of improvements to expand the capacity to meet the Environmental Protection Agency (EPA) standards.

Other enterprise funds of the City are used to account for the provision of storm sewers to the residents of the City and to account for the operations of the City's six golf courses. These funds are nonmajor funds whose activity has been aggregated and presented in a single column in the BFS.

b. **Internal Service Funds** - The internal service funds account for the financing of services provided by one department or agency to other departments or agencies of the City on a cost-reimbursement basis. The City's internal service funds include programs for fleet maintenance, fire fleet maintenance, plumbing services, workers' compensation, health insurance and stores and reproduction services.

3. **Fiduciary Funds** - Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds and agency funds. Trust funds are used to account for assets held by the City under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the City's own programs. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The City's only fiduciary funds are agency funds which are used to account for items such as building permit surcharge, prisoner's personal accounts, performance bonds, and as other situations where the City's role is purely custodial, such as the receipt, temporary investment, and remittance of fiduciary resources to individuals, private organizations, and other governments.

## CITY OF DAYTON, OHIO

### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2012

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

##### **D. Measurement Focus**

***Government-wide Financial Statements*** - The government-wide and proprietary fund financial statements are prepared using the economic resources measurement focus. All assets and deferred outflows and all liabilities and deferred inflows associated with the operation of the City are included on the statement of net position.

***Fund Financial Statements*** - All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities and deferred inflows generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include reconciliations with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Like the government-wide statements, all proprietary funds are accounted for on a flow of economic resources measurement focus. All assets and deferred outflows and all liabilities and deferred inflows associated with the operation of these funds are included on the statement of net position. The statement of changes in fund net position presents increases (i.e., revenues) and decreases (i.e., expenses) in total net position. The statement of cash flows provides information about how the City finances and meets the cash flow needs of its proprietary activities.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the City, these revenues are charges for services for the airport, water, sewer, storm water and golf enterprise funds and charges for services to other departments for goods and services provided by the internal service funds for fleet management, fire fleet management, stores and reproduction services, health insurance, a Workers' Compensation program and plumbing shop services. Operating expenses are necessary costs incurred to provide the goods or services that are the primary activity of the fund.

Agency funds do not report a measurement focus as they do not report operations.

##### **E. Basis of Accounting**

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Proprietary and agency funds also use the accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred inflows and in the presentation of expenses versus expenditures.

## CITY OF DAYTON, OHIO

### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2012

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

**Revenues - Exchange and Nonexchange Transactions** - Revenues resulting from exchange transactions, in which each party gives and receives essentially equal value, are recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the City, available means expected to be received within sixty days of year end.

Nonexchange transactions, in which the City receives value without directly giving equal value in return, include income taxes, property taxes, grants, entitlements and donations. On an accrual basis, revenue from income taxes is recognized in the period in which the income is earned (See Note 7). Revenue from property taxes is recognized in the year for which the taxes are levied (See Note 6). Revenue from grants, entitlements and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the City must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the City on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year end: income tax, State-levied locally shared taxes (including gasoline tax, local government funds and permissive tax), fines and forfeitures, interest, grants, fees and rentals.

**Deferred Inflows of Resources and Deferred Outflows of Resources** - A deferred inflow of resources is an acquisition of net position by the City that is applicable to a future reporting period. A deferred outflow of resources is a consumption of net position by the City that is applicable to a future reporting period.

Property taxes for which there is an enforceable legal claim as of December 31, 2012, but which were levied to finance year 2013 operations, and other revenues received in advance of the year for which they were intended to finance, have been recorded as deferred inflows. Income taxes, payment in lieu of taxes and grants not received within the available period, grants and entitlements received before the eligibility requirements are met, and delinquent property taxes due at December 31, 2012, are recorded as deferred inflows on the governmental fund financial statements.

**Expenses/Expenditures** - On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

## CITY OF DAYTON, OHIO

### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2012

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

##### F. Budgetary Process

The budgetary process is prescribed by provisions of the Ohio Revised Code and entails the preparation of budgetary documents within an established timetable. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriation ordinance, all of which are prepared on the budgetary basis of accounting. The certificate of estimated resources and the appropriations ordinance are subject to amendment throughout the year with the legal restriction that appropriations cannot exceed estimated resources, as certified.

All funds, except agency funds, are legally required to be budgeted. The Capital Improvement fund and the HUD Programs fund, pursuant to the City's charter, are not required to be budgeted annually. These funds' appropriations, after their initial appropriations by Council at the time capital monies/grants are received (bond proceeds, etc.), remain intact until they are expended or modified by Council. Such monies are appropriated on a project level with specific identification of each project being budgeted.

The City prepares its budget on a non-GAAP budgetary basis which is the modified accrual basis with certain exceptions. The legal level of budgetary control is at the department level. Budgetary modifications at this level may only be made by resolution of the City Commission.

*Estimated Resources* - The County Budget Commission determines if the budget substantiates a need to levy all or part of previously authorized taxes and reviews estimated revenue. The Budget Commission certifies its actions to the City by October 1. As part of this certification, the City receives the official certificate of estimated resources, which states the projected revenues of each fund. Prior to December 31, the City must revise its budget so that the total contemplated expenditures from any fund during the ensuing year will not exceed the amount available as stated in the certificate of estimated resources. The revised budget then serves as the basis for the annual appropriation ordinance. On or about January 1, the certificate of estimated resources is amended to include unencumbered fund balances at December 31 of the preceding year. The certificate may be further amended during the year if the fiscal officer determines, and the Budget Commission agrees, that an estimate needs to be either increased or decreased. The amounts reported on the budgetary statements reflect the amounts in the final amended official certificate of estimated resources issued during 2012.

*Appropriations* - A temporary appropriation measure to control expenditures may be passed on or about January 1 of each year for the period from January 1 to March 31. The annual appropriation ordinance must be passed by April 1 of each year for the period January 1 to December 31. The appropriation ordinance fixes spending authority at the fund and department level. The appropriation ordinance may be amended during the year as new information becomes available, provided that total fund appropriations do not exceed current estimated resources, as certified. The allocation of appropriations between line items within a department may be modified with approval of the City Manager. All other modifications may only be made by ordinance of City Commission. During the year, several supplemental appropriation measures were passed, however none of them were significant. The budget figures which appear in the statements of budgetary comparisons represent the final appropriation amounts, including all amendments and modifications.

## CITY OF DAYTON, OHIO

### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2012

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Encumbrances - As part of formal budgetary control, purchase orders, contracts and other commitments for the expenditure of monies are recorded as the equivalent of expenditures on the non-GAAP budgetary basis in order to reserve that portion of the applicable appropriation and to determine and maintain legal compliance. The Ohio Revised Code prohibits expenditures plus encumbrances from exceeding appropriations. On the GAAP basis, encumbrances outstanding at year end are reported as assignments of fund balances for subsequent-year expenditures for governmental funds.

Lapsing of Appropriations - At the close of each year, the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriations. The encumbered appropriation balance is carried forward to the succeeding calendar year.

#### G. Cash and Cash Equivalents

Cash balances of the City's funds, except cash and cash equivalents and investments held by fiscal agents, are pooled and invested in order to provide improved cash management. Each fund's interest in the pool is presented as "equity in pooled cash and investments" on the statement of net position.

During 2012, investments were limited to federal agency securities, U.S. Treasury notes, City owned debt, U.S. Government money market mutual funds and the State Treasury Asset Reserve of Ohio (STAR Ohio). Except for non-participating investment contracts, investments are stated at fair value which is based on quoted market prices. For U.S. Government money market mutual funds, fair value is determined by the fund's share price at December 31, 2012. Non-participating investment contracts, such as non-negotiable certificates of deposit, are reported at cost.

STAR Ohio is an investment pool managed by the State Treasurer's office which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAR Ohio are valued at STAR Ohio's shares price which is the price the investment could be sold for on December 31, 2012.

For purposes of the statement of cash flows and for presentation on the financial statements, the City's cash management pool and investments with original maturities of three months or less are considered to be cash and cash equivalents. Investments not part of the cash management pool, with an initial maturity of more than three months, are reported as investments.

The City utilizes a financial institution to service bonded debt as principal and interest payments become due. The balance in these accounts along with reserves held for replacement and improvement for enterprise funds, money held by the municipal court, money held by the Dayton Foundation and money in the executive savings plan are shown as "cash and cash equivalents with fiscal agents" and "investments with fiscal agents".

Interest income is distributed to the funds according to City Ordinance and statutory requirements. Interest revenue earned during 2012 was \$1,848,083 in the general fund, which includes \$1,473,003 assigned from other City funds.

**CITY OF DAYTON, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2012

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)**

**H. Inventory of Supplies**

Inventories are presented at the lower of cost or market on a first-in, first-out basis and are expensed when used.

**I. Restricted Assets**

Restricted assets are those which are legally restricted in their use by bond indentures, or other legal instruments. Restricted assets in the enterprise funds include “equity in pooled cash and cash equivalents” and “cash with fiscal and escrow agents”. The “equity in pooled cash and cash equivalents” represent utility deposits held by the City. The “cash with fiscal and escrow agents” are the proceeds from revenue bond issues that are required by the bond indenture to be held by a financial services corporation.

**J. Capital Assets**

General capital assets are those assets not specifically related to activities reported in the proprietary funds. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net position, but are not reported in the governmental fund financial statements. Capital assets utilized by the proprietary funds are reported both in the business-type activities column of the government-wide statement of net position and in the respective funds.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their fair market values as of the date received. The City maintains a capitalization threshold of \$5,000. The City’s infrastructure consists of bridges, curbs, lighting, sidewalks, and roads. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset’s life are not. Interest incurred during the construction of capital assets is capitalized in the proprietary funds.

All reported capital assets are depreciated except for land, right of ways and construction in progress. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the City’s historical records of necessary improvements and replacement. Depreciation is computed using the straight-line method over the following useful lives:

<u>Description</u>	<u>Governmental Activities Estimated Lives</u>	<u>Business-Type Activities Estimated Lives</u>
Improvements other than buildings	10 - 25 years	10 - 25 years
Buildings and improvements	30 - 50 years	30 - 50 years
Equipment	3 - 15 years	3 - 15 years
Vehicles	3 - 25 years	3 - 25 years
Software	5 - 10 years	5 - 10 years
Infrastructure	20 - 50 years	20 - 50 years

**CITY OF DAYTON, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2012**

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)**

**K. Interfund Balances**

On fund financial statements, receivables and payables resulting from short-term interfund loans are classified as “interfund loans receivable/payable”. On fund financial statements, long-term interfund loans are classified as “advances to/from other funds” on the balance sheet. All other outstanding balances outstanding between funds are reported as “due to/from other funds”. These amounts are eliminated in the governmental and business-type activities columns of the statement of net position, except for any net residual amounts due between governmental and business-type activities, which are presented as internal balances. Advances made from the City to its discretely presented component unit are reported on both the government-wide and fund financial statements as “advances to component unit”.

**L. Prepayments**

Payments made to vendors for services that will benefit periods beyond December 31, 2012, are recorded as prepaid items using the consumption method by recording a current asset for the prepaid amount at the time of the purchase and the expenditure/expense in the year in which services are consumed.

**M. Compensated Absences**

The City follows the provisions of Governmental Accounting Standards Board Statement No. 16 “Accounting for Compensated Absences”. Vacation and compensatory time benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the City will compensate the employees for the benefits through paid time off or some other means. The City records a liability for accumulated unused vacation time and compensatory time when earned for all employees with more than one year of service.

Sick leave benefits are accrued using the termination method. An accrual for earned sick leave is made to the extent that it is probable that benefits will result in termination payments. The liability is an estimate based on the City's past experience of making termination payments.

The total liability for vacation and sick leave payments has been calculated using pay rates in effect at the balance sheet date, and reduced to the maximum payment allowed by labor contract and/or statute, plus applicable additional salary related payments. City employees are granted vacation and sick leave in varying amounts. In the event of termination, an employee is reimbursed for accumulated vacation and sick leave at various rates.

The entire compensated absence liability is reported on the government-wide financial statements.

On governmental fund financial statements, compensated absences are recognized as liabilities and expenditures to the extent payments come due each period upon the occurrence of employee resignations and retirements. These amounts are recorded in the account “compensated absences payable” in the fund from which the employees who have accumulated leave are paid. The noncurrent portion of the liability is not reported. For proprietary funds, the entire amount of compensated absences is reported as a fund liability.

## CITY OF DAYTON, OHIO

### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2012

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

##### **N. Accrued Liabilities and Long-Term Obligations**

All payables, accrued liabilities and long-term obligations payable from governmental funds are reported in the government-wide financial statements and all payables, accrued liabilities and long-term obligations payable from proprietary funds are reported on the proprietary fund financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, claims and judgments and compensated absences that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year. Bonds, capital leases and long-term loans are recognized as a liability on the fund financial statements when due.

##### **O. Bond Premium and Discount/Accounting Gain or Loss**

Bond premiums and discounts are deferred and amortized over the term of the bonds using the straight line method, which approximates the effective interest method. Bond premiums are presented as an addition to the face amount of the bonds. Bond discounts are presented as a reduction to the face amount of the bonds.

For advance refundings resulting in the defeasance of debt reported in the government-wide financial statements and in the proprietary funds, the difference between the reacquisition price and the net carrying amount of the old debt is deferred and amortized as a component of interest expense. This accounting gain or loss is amortized over the remaining life of the old debt or the life of the new debt, whichever is shorter, and is presented as a deferred inflow or deferred outflow of resources

On the governmental fund financial statements, bond premiums and discounts are recognized in the current period. The reconciliation between the bonds face value and the amount reported on the statement of net position is presented in Note 13.

##### **P. Interfund Activity**

Transfers between governmental and business-type activities on the government-wide statements are reported in the same manner as general revenues.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the basic financial statements.

##### **Q. Fund Balance**

Fund balance is divided into five classifications based primarily on the extent to which the City is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

**CITY OF DAYTON, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2012

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)**

Nonspendable - The nonspendable fund balance classification includes amounts that cannot be spent because they are not in spendable form or legally required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash. It also includes the long-term amount of loans receivable in the general fund.

Restricted - Fund balance is reported as restricted when constraints are placed on the use of resources that are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.

Committed - The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by a formal action (ordinance) of City Commission (the highest level of decision making authority). Those committed amounts cannot be used for any other purpose unless City Commission removes or changes the specified use by taking the same type of action (ordinance) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned - Amounts in the assigned fund balance classification are intended to be used by the City for specific purposes, but do not meet the criteria to be classified as restricted nor committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the general fund, assigned amounts represent intended uses established by policies of City Commission, which includes giving the Finance Director the authority to constrain monies for intended purposes.

Unassigned - Unassigned fund balance is the residual classification for the general fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is only used to report a deficit fund balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

The City applies restricted resources first when expenditures are incurred for purposes for which restricted and unrestricted (committed, assigned, and unassigned) fund balance is available. Similarly, within unrestricted fund balance, committed amounts are reduced first, followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

**R. Estimates**

The preparation of the BFS in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the BFS and accompanying notes. Actual results may differ from those estimates.

**S. Contributions of Capital**

Contributions of capital in proprietary fund financial statements arise from outside contributions of capital assets, tap-in fees to the extent they exceed the cost of the connection to the system, or from grants or outside contributions of resources restricted to capital acquisition and construction. Capital contributions are reported as revenue in the proprietary fund financial statements.

## CITY OF DAYTON, OHIO

### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2012

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

##### T. Net Position

Net position represents the difference between assets and deferred outflows and liabilities and deferred inflows. Net investment in capital assets, consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. The City did not have any net position restricted by enabling legislation.

The City applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

#### NOTE 3 - ACCOUNTABILITY AND COMPLIANCE

##### A. Change in Accounting Principles

For 2012, the City has implemented GASB Statement No. 60, "Accounting and Financial Reporting for Service Concession Arrangements", GASB Statement No. 62, "Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA pronouncements", GASB Statement No. 63, "Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position", and GASB Statement No. 65, "Items Previously Reported as Assets and Liabilities".

GASB Statement No. 60 addresses issues related to service concession arrangements (SCAs), which are a type of public-private or public-public partnership. An SCA is an arrangement between a transferor (a government) and an operator (governmental or nongovernmental entity) in which (1) the transferor conveys to an operator the right and related obligation to provide services through the use of infrastructure or another public asset (a "facility") in exchange for significant consideration and (2) the operator collects and is compensated by fees from third parties. The implementation of GASB Statement No. 60 did not have an effect on the financial statements of the City.

GASB Statement No. 62 codifies accounting and financial reporting guidance contained in pre-November 30, 1989 FASB and AICPA pronouncements in an effort to codify all sources of GAAP for State and local governments so that they derive from a single source. The implementation of GASB Statement No. 62 did not have an effect on the financial statements of the City.

GASB Statement No. 63 provides financial and reporting guidance for *deferred outflows of resources* and *deferred inflows of resources* which are financial statement elements that are distinct from assets and liabilities. GASB Statement No. 63 standardizes the presentation of deferred outflows or resources and deferred inflows of resources and their effects on a government's *net position*. The implementation of GASB Statement No. 63 has changed the presentation of the City's financial statements to incorporate the concepts of net position, deferred outflows of resources and deferred inflows of resources.

**CITY OF DAYTON, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2012

**NOTE 3 - ACCOUNTABILITY AND COMPLIANCE - (Continued)**

GASB Statement No. 65 establishes accounting and financial reporting standards that reclassify, as *deferred outflows of resources* or *deferred inflows of resources*, certain items that were previously reported as assets and liabilities and recognizes, as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities. GASB Statement No. 65 also provides other financial reporting guidance related to the impact of the financial statement elements *deferred outflows of resources* and *deferred inflows of resources*, such as changes in the determination of the major fund calculations and limiting the use of the term *deferred* in financial statement presentations. The implementation of GASB Statement No. 65 had an effect on the financial statements of the City. See Note 3.B. below for the prior period adjustment.

**B. Prior Period Adjustment**

Governmental and business-type net assets will be restated for the implementation of GASB Statement No. 65. The adjustment had the following effect on net position of the governmental and business-type activities as previously reported:

	Governmental Activities	Business-type Activities	Dayton International Airport
Net assets as previously reported	\$ 453,396,108	\$ 576,698,513	\$ 276,855,876
Removal of unamortized bond issuance costs	(1,442,056)	(1,520,207)	(1,520,207)
Net position at January 1, 2012	\$ 451,954,052	\$ 575,178,306	\$ 275,335,669

**NOTE 4 - DEPOSITS AND INVESTMENTS**

State Statutes classify monies held by the City into three categories:

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the City Treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits not required for use within the current five year period of designation of depositories as defined by the City's investment policy. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits in interim monies. Interim monies are those monies which are not needed for immediate use, but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts including passbook accounts.

Interim monies may be deposited or invested in the following securities:

1. United States Treasury Notes, Bills, Bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal or interest by the United States;

**CITY OF DAYTON, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2012

**NOTE 4 - DEPOSITS AND INVESTMENTS - (Continued)**

2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio;
5. No-load money market mutual funds consisting exclusively of obligations described in items (1) or (2) above and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions; and,
6. The State Treasurer's investment pool (STAR Ohio).

The City may also invest any monies not required to be used for a period of six months or more in the following:

1. Bonds and other obligations guaranteed by the United States;
2. Discount notes of the Federal National Mortgage Association;
3. Bonds of the State of Ohio; and,
4. Bonds of any municipal corporation, village, county, township, or other political subdivision of Ohio, as to which there is no default of principal, interest or coupons.

Protection of the City's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the treasurer by the financial institution or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution.

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the City, and must be purchased with the expectation that it will be held to maturity.

Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the Finance Director or qualified trustee or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

**A. Cash on Hand**

At year-end, the City had \$12,875 in undeposited cash on hand which is included on the financial statements of the City as part of "equity in pooled cash and cash equivalents".

**CITY OF DAYTON, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2012

**NOTE 4 - DEPOSITS AND INVESTMENTS - (Continued)**

**B. Deposits with Financial Institutions**

At December 31, 2012, the carrying amount of all City deposits was \$4,455,824. As of December 31, 2012, \$9,673,086 of the City's bank balance of \$11,484,100 was exposed to custodial risk as discussed below, while \$1,811,014 was covered by the FDIC.

Custodial credit risk is the risk that, in the event of bank failure, the City will not be able to recover deposits or collateral securities that are in the possession of an outside party. As permitted by Ohio Revised Code, the City's deposits are collateralized by a pool of eligible securities deposited with Federal Reserve Banks, or at member banks of the Federal Reserve System, in the name of the depository bank and pledged as a pool of collateral against all public deposits held by the depository. The City has no deposit policy for custodial credit risk beyond the requirements of State statute. Although the securities were held by the pledging institutions' trust department and all statutory requirements for the deposit of money had been followed, noncompliance with federal requirements could potentially subject the City to a successful claim by the FDIC. The City has no deposit policy for custodial credit risk beyond the requirements of State statute. Although the securities were held by the pledging institutions' trust department and all statutory requirements for the deposit of money had been followed, noncompliance with federal requirements could potentially subject the City to a successful claim by the FDIC.

**C. Investments**

As of December 31, 2012, the City had the following investments and maturities:

Investment type	Fair Value	Investment Maturities				
		6 months or less	7 to 12 months	13 to 18 months	19 to 24 months	Greater than 24 months
FAMCA	\$ 7,004,340	\$ 7,004,340	\$ -	\$ -	\$ -	\$ -
FFCB	53,914,905	-	-	-	9,990,500	43,924,405
FHLB	27,194,920	10,024,900	4,135,710	-	-	13,034,310
FHLMC	44,538,714	-	-	-	8,024,030	36,514,684
FNMA	78,181,900	7,043,680	-	-	-	71,138,220
UST	17,121,300	6,018,750	6,101,400	-	5,001,150	-
City Owned Debt	2,013,100	-	-	-	-	2,013,100
Executive Severance						
Money Market	689,911	689,911	-	-	-	-
U.S. Government						
Money Market	3,348,384	3,348,384	-	-	-	-
STAR Ohio	47,060,224	47,060,224	-	-	-	-
Total	\$ 281,067,698	\$ 81,190,189	\$ 10,237,110	\$ -	\$ 23,015,680	\$ 166,624,719

The weighted average maturity of investments is 1.88 years.

*Interest Rate Risk:* The Ohio Revised Code generally limits security purchases to those that mature within five years of the settlement date. Interest rate risk arises because potential purchasers of debt securities will not agree to pay face value for those securities if interest rates subsequently increase. The City's investment policy addresses interest rate risk by requiring the consideration of market conditions and cash flow requirements in determining the term of an investment.

**CITY OF DAYTON, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2012

**NOTE 4 - DEPOSITS AND INVESTMENTS - (Continued)**

*Custodial Credit Risk:* For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. The federal agency securities are exposed to custodial credit risk in that they are uninsured, unregistered and held by the counterparty's trust department or agent, but not in the City's name. The City has no investment policy dealing with investment custodial risk beyond the requirement in Ohio law that prohibits payments for investments prior to the delivery of the securities representing such investments to the Finance Director or qualified trustee.

*Credit Risk:* STAR Ohio carries a rating of AAAM by Standard & Poor's. Ohio law requires that STAR Ohio maintain the highest rating provided by at least one nationally recognized standard service rating. The City's investment policy limits its investments in federal agency securities to ratings of A or better by Standard & Poor's and Moody's Investor Services. The City's investments in federal agency securities and its investments in U.S. Government money market funds (JPMorgan US Government money market and JP Morgan Prime money market) were rated AA+ and Aaa by Standard & Poor's and Moody's Investor Services, respectively.

*Concentration of Credit Risk:* The City's investment policy addresses concentration of credit risk by requiring investments to be diversified to reduce the risk of loss resulting from over concentration of assets in a specific issue or specific class of securities.

The following table includes the percentage of each investment type held by the City at December 31, 2012:

<u>Investment type</u>	<u>Fair Value</u>	<u>% of Total</u>
FAMCA	\$ 7,004,340	2.48
FFCB	53,914,905	19.18
FHLB	27,194,920	9.68
FHLMC	44,538,714	15.85
FNMA	78,181,900	27.82
UST	17,121,300	6.09
City Owned Debt	2,013,100	0.72
Executive Severance Money Market	689,911	0.25
U.S. Government Money Market	3,348,384	1.19
STAR Ohio	<u>47,060,224</u>	<u>16.74</u>
Total	<u>\$ 281,067,698</u>	<u>100.00</u>

**CITY OF DAYTON, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2012

**NOTE 4 - DEPOSITS AND INVESTMENTS - (Continued)**

**D. Reconciliation of Cash and Investments to the Statement of Net Position**

The following is a reconciliation of cash and investments as reported in the note above to cash and investments as reported on the statement of net position as of December 31, 2012:

<u>Cash and investments per note</u>	
Carrying amount of deposits	\$ 4,455,824
Investments	281,067,698
Cash on hand	<u>12,875</u>
Total	<u>\$ 285,536,397</u>
 <u>Cash and investments per statement of net position</u>	
Governmental activities	\$ 101,858,543
Business type activities	177,133,977
Agency funds	<u>6,543,877</u>
Total	<u>\$ 285,536,397</u>

**NOTE 5 - INTERFUND TRANSACTIONS**

A. Due from/to other funds consisted of the following at December 31, 2012, as reported on the fund statements:

<u>Due to</u>	<u>Due from</u>					<u>Due from</u>
	<u>General</u>	<u>Nonmajor</u>	<u>Dayton</u>		<u>Internal</u>	
	<u>Governmental</u>	<u>Airport</u>	<u>Water</u>	<u>Service</u>		
General	\$ -	\$ -	\$ 827	\$ 1,773	\$ 87,978	\$ 90,578
Capital Improvement	193	-	-	-	-	193
HUD	2,603	-	-	-	743	3,346
Nonmajor governmental	319	-	-	-	22,711	23,030
Dayton International Airport	6	-	-	-	1,806	1,812
Water	2,122	51,327	-	-	6,622	60,071
Sewer	75	6,433	-	3,051,525	2,776	3,060,809
Nonmajor Enterprise	1	-	-	612,902	6,324	619,227
Internal Service	<u>7</u>	<u>-</u>	<u>-</u>	<u>15</u>	<u>1,429</u>	<u>1,451</u>
Due to total	<u>\$ 5,326</u>	<u>\$ 57,760</u>	<u>\$ 827</u>	<u>\$ 3,666,215</u>	<u>\$ 130,389</u>	<u>\$ 3,860,517</u>

These balances resulted from the time lag between the dates that (1) interfund goods and services are provided, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

Amounts due to/from other funds between governmental funds are eliminated on the government-wide financial statements. Amounts due to/from other funds between governmental activities and business-type activities are reported as an internal balance on the statement of net position.

**CITY OF DAYTON, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2012

**NOTE 5 - INTERFUND TRANSACTIONS - (Continued)**

- B.** Due to component unit and due from primary government consisted of the following at December 31, 2012, as reported on the fund statements:

<u>Due from/Due to</u>	<u>Capital</u>			<u>Nonmajor</u>		<u>Total</u>
	<u>General</u>	<u>improvements</u>	<u>HUD</u>	<u>governmental</u>	<u>Water</u>	
Component unit	<u>\$ 2,540,000</u>	<u>\$ 963,065</u>	<u>\$ 7,733,600</u>	<u>\$ 400,000</u>	<u>\$ 1,361,740</u>	<u>\$ 12,998,405</u>

The City does not anticipate repayment of the advances to component unit within the next year.

- C.** Interfund transfers for the year ended December 31, 2012, consisted of the following, as reported on the fund statements:

<u>Transfer from</u>	<u>Transfer to</u>		
	<u>Debt Service</u>	<u>Capital Improvements</u>	<u>HUD</u>
General	\$ 667,999	\$ 7,359,900	\$ 32,245
Capital improvement	7,102	-	-
Other enterprise	354,169	-	-
Internal service	<u>117,864</u>	<u>-</u>	<u>-</u>
Total	<u>\$ 1,147,134</u>	<u>\$ 7,359,900</u>	<u>\$ 32,245</u>

	<u>Nonmajor</u>	<u>Internal</u>	<u>Total</u>
	<u>Governmental</u>	<u>service</u>	
General	\$ 51,272	\$ 50,000	\$ 8,161,416
Capital improvement	-	-	7,102
Other enterprise	-	-	354,169
Internal service	<u>-</u>	<u>-</u>	<u>117,864</u>
Total	<u>\$ 51,272</u>	<u>\$ 50,000</u>	<u>\$ 8,640,551</u>

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and (3) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations. The transfer of \$7,102 from the capital improvement fund to the debt service fund was to close-out a subfund for a finished capital project. The transfers of \$354,169 from the other enterprise funds and \$117,864 from the internal service fund were for debt service payments.

Transfers between governmental funds are eliminated on the government-wide financial statements. Transfers between governmental activities and business-type activities are reported as transfers on the statement of activities.

**CITY OF DAYTON, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2012

**NOTE 5 - INTERFUND TRANSACTIONS - (Continued)**

D. Advances to/from other funds for the year ended December 31, 2012, consisted of the following, as reported on the fund statements:

<u>Receivable fund</u>	<u>Payable fund</u>	<u>Amount</u>
General	HUD	\$ 300,000
Debt service	Nonmajor enterprise	1,152,436
General	Internal service	400,000
Internal service	General	<u>352,283</u>
Total		<u>\$ 2,204,719</u>

Advances from the debt service fund to the golf fund (a nonmajor enterprise fund) are for debt service payments relating to the Series 2001 Golf Renovation General Obligation Bonds. The golf fund did not have the revenue to support complete repayment of the bonds. An agreement was made which allowed the debt service fund to pay a portion of the golf fund debt each year and the golf fund agreed to make payments of \$281,505 each year for twenty years, eight years longer than the original issue date. Repayment on the loan will begin in 2013 with the complete loan being retired in 2019.

Advances from the worker's compensation internal service fund to the general fund are for manuscript debt issued during 2011. A portion of this loan will be repaid annually, with the complete loan being retired in 2017.

Advances between governmental funds and business-type activities are reported as an internal balance on the statement of net position.

**NOTE 6 - PROPERTY TAXES**

Property taxes include amounts levied against all real and public utility property located in the City. Taxes collected from real property taxes (other than public utility) in one calendar year are levied in the preceding calendar year on the assessed value as of January 1 of that preceding year, the lien date. Assessed values are established by the County Auditor at 35 percent of appraised market value. All property is required to be revaluated every six years. Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits later payment dates to be established. For Montgomery County, the first half payment is due the middle of February and the second half payment is due the middle of July.

Public utility real and tangible personal property taxes collected in one calendar year are levied in the preceding calendar year on assessed values determined as of December 31 of the second year preceding the tax collection year, the lien date. Public utility tangible personal property is assessed at varying percentages of true value; public utility real property is assessed at 35 percent of true value. 2012 public utility property taxes became a lien December 31, 2011, are levied after October 1, 2012, and are collected in 2013 with real property taxes. Public utility property taxes are payable on the same dates as real property taxes described previously.

## CITY OF DAYTON, OHIO

### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2012

#### NOTE 6 - PROPERTY TAXES - (Continued)

The County Treasurer collects property taxes on behalf of all taxing districts in the County, including the City of Dayton. The County Auditor periodically remits to the City its portion of the taxes collected. Property taxes receivable represents real property taxes, public utility taxes, delinquent tangible personal property taxes and other outstanding delinquencies which are measurable as of December 31, 2012 and for which there is an enforceable legal claim. In the governmental funds, the current portion receivable has been offset by deferred inflows of resources since the current taxes were not levied to finance 2012 operations and the collection of delinquent taxes has been offset by deferred inflows of resources since the collection of the taxes during the available period is not subject to reasonable estimation. On a full accrual basis, collectible delinquent property taxes have been recorded as a receivable and revenue while on a modified accrual basis the revenue is a deferred inflow of resources.

The full tax rate for all City operations for the year ended December 31, 2012 was \$10 per \$1,000 of assessed value. The assessed values of real and public utility property for tax year 2012 are as follows:

<u>Real property</u>	
Residential/agricultural	\$1,019,621,430
Commercial/industrial	421,389,400
<u>Public utility</u>	
Real	1,496,630
Personal	<u>84,535,830</u>
Total assessed value	<u><u>\$1,527,043,290</u></u>

#### NOTE 7 - INCOME TAX

On March 27, 1984, the City Commission levied a municipal income tax of 1.75% on substantially all income earned within the City. In addition, on March 14, 2006, the City renewed their additional .50% levy through December 31, 2014. The City income tax also applies to the net income of businesses located or doing business within the City. The residents of the City are required to pay income tax on income earned outside of the City; however, the City allows a credit for income taxes paid to another municipality up to 100% of the City's current tax rate.

Employers within the City are required to withhold income tax on employee compensation and remit the tax to the City of Dayton at least quarterly. Corporations and other individual taxpayers are required to pay their estimated tax quarterly and file a declaration annually. The City of Dayton administers the collection of income taxes and the assessment of interest and penalties. Income tax proceeds are to be used to pay the cost of administering the tax and are recorded in the general fund. Income tax revenue for 2012, as reported in the governmental fund financial statements on the modified accrual basis of accounting, was \$100,450,896.

## CITY OF DAYTON, OHIO

### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2012

#### NOTE 8 - TAX INCREMENT FINANCING DISTRICT (TIF)

The City, pursuant to the Ohio Revised Code and City ordinances, has established four TIFs. A TIF represents a geographic area wherein property values created after the commencement date of the TIF are exempt, in whole or in part, from property taxes. Owners of such property, however, must pay amounts equal to the property taxes, known as “payments in lieu of taxes (PILOT)”, as though the TIF had not been established. These “PILOTS” are then dedicated to the payments for various public improvements within or adjacent to the TIF area. Property values existing before the commencement date of a TIF continue to be subjected to property taxes.

PILOT revenue was \$873,495 in 2012 as reported in the fund financial statements. The TIF has a longevity of the shorter period of 30 years or until the public improvements are paid for. The property tax exemption then ceases; PILOT’s cease and property taxes then apply to the increased property values.

#### NOTE 9 - RECEIVABLES

Receivables at December 31, 2012, consisted of taxes, accounts (billings for user charged services), special assessments, accrued interest, loans and intergovernmental receivables arising from grants, entitlements, and shared revenue. All intergovernmental receivables have been classified as “due from other governments” on the basic financial statements. Receivables have been recorded to the extent that they are both measurable and available at December 31, 2012, as well as intended to finance 2012 operations.

A summary of the principal items of receivables reported on the statement of net position follows:

##### **Governmental activities:**

Property and other local taxes	\$ 19,831,198
Municipal income taxes	14,834,504
Accounts	6,843,077
Payments in lieu of taxes	1,949,913
Special assessments	1,042,321
Accrued interest	192,016
Loans	34,596,524
Due from other governments	21,598,615

##### **Business-type activities:**

Accounts	17,826,867
Special assessments	2,271,042
Accrued interest	180,685
Due from other governments	1,578,193

Receivables have been disaggregated on the face of the basic financial statements. Amounts reported as “due from other governments” in the governmental activities include local government and local government revenue assistance from the State of Ohio, motor vehicle license and gasoline taxes, homestead and rollback, grants and estate taxes. The amounts reported as “due from other governments” in the business-type activities include various State and federal grants whose eligibility requirements have been met by year end. The only receivables not expected to be collected within the subsequent year are the special assessments and the loans. The special assessments are collected over the term of the assessment and the loans receivable which will be collected annually through 2040 (See Note 10).

**CITY OF DAYTON, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2012**

**NOTE 10 - LOANS RECEIVABLE**

**A. Riverfront Area Redevelopment Enterprises, Inc.**

During 1999, the City issued taxable economic development revenue bonds payable from nontax revenues of the City, in the amount of \$12,190,000 (See Note 13.A.) and loaned \$11,200,000 of the proceeds to Riverfront Area Redevelopment Enterprises, Inc. (the "Stadium Owner") to assist in financing the costs of constructing a baseball stadium. In consideration of the repayment of the loan, the Stadium Owner shall make loan payments in the amount of \$560,000 on April 1 of each year for twenty years, commencing April 1, 2000. All loan payments received will be credited against the outstanding principal amount of the loan, there being no interest payable on the loan.

The obligations of the stadium owner to make a loan payment on any loan payment date shall be forgiven if neither the stadium owner nor the team owner has materially breached, violated, or failed to fully perform any provision contained in the ground lease, the stadium lease, or the plaza lease (See Note 12) and the team owner has committed to play all club home games at the stadium during the then current calendar year. At December 31, 2012, the amount owed to the City was \$3,920,000.

**B. Dayton-Montgomery County Port Authority**

During 2008, the City issued \$32,000,000 in economic development revenue bonds payable from nontax revenues of the City. The City loaned \$20,100,000 of the proceeds to the Dayton-Montgomery County Port Authority (the "Port Authority") to assist in financing the costs of constructing a parking facility to be used by CareSource, a nonprofit corporation. The Port Authority will make loan payments semiannually on July 1 and December 1 at a 4.67% interest rate. The final loan payment is due December 1, 2028. At December 31, 2012, the amount owed to the City was \$17,965,000.

**C. City-Wide Community Urban Redevelopment Corporation**

On January 6, 2010, the City loaned the City-Wide Community Urban Redevelopment Corporation \$6,335,904 to assist in the construction of a new recreation complex. At the end of seven years, the loan may be forgiven in exchange for the City gaining ownership of the recreation complex. This loan has an interest rate of 3.95% per year with principal payments beginning January 1, 2021. The final loan payment is due December 1, 2039. At December 31, 2012, the amount owed to the City was \$6,335,904.

**D. Dayton TechTown Investment Fund, LLC.**

On June 28, 2010, the City loaned \$7,375,620 to Dayton TechTown Investment Fund, LLC. for the continued development of a technology park. The loan has a 2.0% interest rate with required principal payments beginning June 27, 2017. The City received a \$250,000 principal payment during 2012. The final loan payment is due June 27, 2040. At December 31, 2012, the amount owed to the City was \$6,375,620.

THIS SPACE INTENTIONALLY LEFT BLANK

**CITY OF DAYTON, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2012

**NOTE 12 - OPERATING LEASE - LESSEE AND LESSOR DISCLOSURE**

- A.** The City is the lessor of land and space at the Dayton International Airport (the “Airport”) under noncancellable leases. The leases are between the Dayton International Airport and various vendors that use the Airport for their operations. The cost of the leased area, the carrying value and the annual depreciation expense cannot be accurately determined as they represent varying percentages of the overall land and building assets of the Airport. The leases have varying terms from three to sixty-five years. The future minimum lease payments as of December 31, 2012, are as follows:

<u>Year Ending December 31,</u>	<u>Minimum Lease Payments</u>
2013	\$ 1,518,228
2014	1,514,174
2015	1,794,017
2016	1,856,057
2017	1,851,644
2018 - 2022	6,189,427
2023 - 2027	3,998,476
2028 - 2032	2,143,942
2033 - 2037	1,782,797
2038 - 2042	815,704
2043 - 2047	970,228
2048 - 2052	615,755
2053	<u>103,632</u>
Totals	<u>\$ 25,154,081</u>

- B.** The City is also the lessor of land and space to the Riverfront Area Redevelopment Enterprises, Inc. The ground lease is \$9,000 per year and the plaza lease is \$1,000 per year, both payable in annual installments before or on April 1 each year for the next 20 years. Both of these payments must be made each year for the \$560,000 loan payment to be forgiven each year (See Note 10). The City does possess capital assets relating to this lease agreement as the liability for the construction (baseball revenue bonds payable) are offset by a receivable from the Riverfront Area Redevelopment Enterprises, Inc.; therefore, disclosure of the cost, carrying value and depreciation expense is not required.

The future minimum lease payments as of December 31, 2012, are as follows:

<u>Year Ending December 31,</u>	<u>Minimum Lease Payments</u>
2013	\$ 10,000
2014	10,000
2015	10,000
2016	10,000
2017	10,000
2018 - 2019	<u>20,000</u>
Totals	<u>\$ 70,000</u>

**CITY OF DAYTON, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2012

**NOTE 12 - OPERATING LEASE - LESSEE AND LESSOR DISCLOSURE - (Continued)**

C. The City is the lessee of Recplex facility. The lease is between City-Wide Community Urban Redevelopment Corporation and the City of Dayton (See Note 10). The City is responsible for the operation and maintenance of the facility. This lease agreement expires on December 31, 2039 or upon written agreement by the City-Wide Community Urban Redevelopment Corporation and the City. The future minimum lease payments as of December 31, 2012 are as follows:

<u>Year Ending December 31,</u>	<u>Minimum Lease Payments</u>
2013	\$ 334,374
2014	344,406

General obligation bonds were used to construct street improvements and government construction projects. All general obligation bonds will be paid through the debt service fund from property tax revenues and other revenue sources of the City.

On October 25, 2007, the City issued \$19,745,000 in general obligation bonds to advance refund \$10,035,000 of outstanding general obligation bonds. The remaining issuance of \$9,540,000 was used for capital improvements. The \$10,035,000 issuance proceeds were used to purchase securities which were placed in an irrevocable trust to provide resources for all future debt service payments on refunded debt. This refunded debt is considered defeased (in-substance) and accordingly, has been removed from the statement of net position.

The refunding issue is comprised of current interest bonds, par value \$19,745,000. The interest rates on the current interest bonds range from 4.0% to 5.0%. Interest payments of the current interest bonds are due on June 1 and December 1 of each year. The final maturity date stated on the issue is December 1, 2027.

On July 28, 2009, the City issued general obligation bonds (Series 2009 various purpose and refunding bonds) in the amount of \$27,255,000 for the following purposes: \$771,889 to advance refund the callable portion of the Series 2001 golf renovation general obligation bonds, \$5,023,111 to advance refund the callable portion of the Series 2001 capital facilities general obligation bonds, \$8,730,000 to advance refund the callable portion of the Series 1998 capital facilities general obligation bonds and \$12,730,000 for capital improvements. This refunded debt is considered defeased (in-substance) and accordingly, has been removed from the statement of net position. The balance of the refunded Series 2001 golf renovation general obligation bonds at December 31, 2012, is \$399,598. The balance of the refunded Series 2001 capital facilities general obligation bonds at December 31, 2012, is \$2,600,402. The balance of the refunded Series 1998 capital facilities general obligation bonds at December 31, 2012, is \$6,780,000.

**CITY OF DAYTON, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2012

**NOTE 13 - LONG-TERM OBLIGATIONS - (Continued)**

The refunding issue for governmental activities is comprised of current interest bonds, par value \$26,483,111. The interest rates on the current interest bonds range from 2.50% - 5.00%. Interest payments on the current interest bonds are due on June 1 and December 1 of each year. The final maturity stated in the issue is December 1, 2029.

The reacquisition price exceeded the net carrying amount of the old debt by \$639,021. This amount is being netted against the new debt and amortized over the remaining life of the refunded debt, which is equal to the life of the new debt issued.

On October 11, 2012, the City issued \$42,285,000 in various purpose bonds (Series 2012 various purpose bonds). Of this issue, \$15,300,000 is reported as a liability in the water fund, \$15,600,000 is reported as a liability of the sewer fund and the remaining \$11,385,000 is a liability of the governmental activities. \$2,460,000 was used to advance refund the callable portion of the Series 2004 capital facilities bonds. This refunded debt is considered defeased (in-substance) and accordingly, has been removed from the statement of net position.

The reacquisition price exceeded the net carrying amount of the old debt by \$519,666. This amount is being netted against the new debt and amortized over the remaining life of the refunded debt, which is equal to the life of the new debt issued. This advance refunding was undertaken to reduce the combined total debt service payments over the next 20 years by \$694,471 and resulted in an economic gain of \$485,705.

The City has pledged future nontax revenues in the City's general fund to repay \$12,190,000 in Series 1999 economic development revenue bonds. The proceeds were used for the Dayton baseball stadium project. On December 30, 2009, the City issued revenue bonds (Series 2009 baseball revenue refunding bonds) to advance refund the callable portion of the Series 1999 baseball revenue bonds. This refunded debt is considered defeased (in-substance) and accordingly, has been removed from the statement of net position. The reacquisition price exceeded the net carrying amount of the old debt by \$180,965. This amount is being netted against the new debt and amortized over the remaining life of the refunded debt, which is equal to the life of the new debt issued. The balance of the refunded Series 1999 baseball revenue bonds at December 31, 2012 is \$6,095,000. The Series 1999 revenue bonds are payable solely from nontax revenues in the City's general fund and are payable through 2019. The most significant amounts of nontax revenues in the City's general fund which are pledged for these purposes are derived from charges for services, investment earnings, fines and forfeitures and license and permit fees. Annual principal and interest payments on the revenue bonds are expected to require less than 2.40 percent of general fund nontax revenues. The total principal and interest remaining to be paid on the Series 2009 baseball revenue refunding bonds is \$6,465,752. Principal and interest paid for the current year on the Series 1999 baseball revenue bonds was \$735,000 and \$184,761. General fund nontax revenues for the current year were \$38,359,622.

## CITY OF DAYTON, OHIO

### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2012

#### NOTE 13 - LONG-TERM OBLIGATIONS - (Continued)

The City has pledged future nontax revenues in the City's general fund to repay \$32,000,000 in Series 2008 economic development revenue bonds. The proceeds were used for the construction of parking facilities and a loan to the Dayton-Montgomery County Port Authority related to the construction of the parking facility. On November 14, 2012, the City issued revenue bonds (Series 2012 economic development refunding bonds) to advance refund the Series 2008 economic development bonds. This refunded debt is considered defeased (in-substance) and accordingly, has been removed from the statement of net position. The Series 2012 revenue bonds are payable solely from nontax revenues in the general fund and are payable through 2028. The most significant amounts of nontax revenues in the City's general fund which are pledged for these purposes are derived from charges for services, investment earnings, fines and forfeitures and license permit fees. Annual principal and interest payments on the revenue bonds are expected to require less than 6.28 percent of general fund nontax revenues. The City has designated, through authorizing legislation, nontax revenues from the loan payments made by the Port Authority and income and profit related to the parking facility to be used for the debt repayment. The total principal and interest remaining to be paid on the Series 2012 revenue bonds is \$32,496,169. Principal and interest paid for the current year prior to the refunding was \$1,120,000 and \$1,288,649. General fund nontax revenues for the current year were \$38,359,622.

The reacquisition price exceeded the net carrying amount of the old debt by \$675,285. This amount is being netted against the new debt and amortized over the remaining life of the refunded debt, which is equal to the life of the new debt issued. This advance refunding was undertaken to reduce the combined total debt service payments over the next 16 years by \$5,889,614 and resulted in an economic gain of \$3,625,526.

The City has pledged future nontax revenues in the City's general fund to repay \$2,500,000 in Series 2010 economic development revenue bonds. The proceeds were used to assist in financing the costs of the demolition, site remediation and construction of public and private infrastructure improvements located in the Tech Town commercial park. The Series 2010 revenue bonds are payable solely from nontax revenues in the general fund and are payable through 2031. The most significant amounts of nontax revenues in the City's general fund which are pledged for these purposes are derived from charges for services, investment earnings, fines and forfeitures and license permit fees. Annual principal and interest payments on the revenue bonds are expected to require less than .45 percent of general fund nontax revenues. The total principal and interest remaining to be paid on the Series 2010 revenue bonds is \$3,314,155. Principal and interest paid for the current year was \$90,000 and \$82,679. General fund nontax revenues for the current year were \$38,359,622.

Special assessment bond issues represent assessments for sidewalk, curb and gutter reconstruction, and lighting. They are payable from tax assessments against the property owner whose benefits from the improvements exceed that of the general public. The special assessment bond issues are backed by the full faith and credit of the City. In the event that an assessed property owner fails to make payments, the City will be required to pay the related debt. These bonds will be paid from the debt service fund.

The Ohio Public Works Commission loan was issued for the East Fifth Street rehabilitation project. The loan was issued at a 3.0% interest rate and a maturity date of July 1, 2017. The loan will be paid from the capital improvement fund.

The Ohio Department of Development loan was issued for development of the Tech-Town project. The loan was issued at a 0% interest rate for the first sixty months and 3% for the remainder of the loan. There are no principal payments due on the loan for the first sixty months. The maturity date is April 1, 2025.

**CITY OF DAYTON, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2012**

**NOTE 13 - LONG-TERM OBLIGATIONS - (Continued)**

Compensated absences will be paid from the fund from which the employees' salaries are paid which for the City is primarily the general fund, Street fund (a nonmajor governmental fund) and the HUD Programs fund.

The judgments payable liability will be paid from the general fund. The claims payable liability will be paid from the Worker's Compensation Internal Service fund and the Health Insurance Internal Service fund.

The City's Monument Ave. Gateway Project requires pollution remediation related to the Ohio Voluntary Action Program (ORC 3746). The City performed an environmental investigation on the site and determined that remediation obligations of \$1,339,115 were required. The City received a grant award from the Clean Ohio Revitalization fund in the amount of \$1,004,430. The City's total pollution remediation obligation for this site is \$350,000 which was completed as of December 31, 2012.

The Ohio Revised Code provides that the net debt of a municipal corporation, whether or not approved by the electors, shall not exceed 10.5% of the total value of all property in the municipal corporation as listed and assessed for taxation. In addition, the unvoted net debt of municipal corporations cannot exceed 5.5% of the total taxation value of property. The assessed valuation used in determining the City's legal debt margin has been modified by House Bill 530 which became effective March 30, 2006. In accordance with House Bill 530, the assessed valuation used in calculating the City's legal debt margin calculation excludes tangible personal property used in business, telephone or telegraph property, interexchange telecommunications company property, and personal property owned or leased by a railroad company and used in railroad operations. The statutory limitations on debt are measured by a direct ratio of net debt to tax valuation and expressed in terms of a percentage. At December 31, 2012, the City's total debt margin was \$136,153,663 and the unvoted debt margin was \$59,801,499.

Enterprise fund general obligation bonds were used for golf renovations and construction of a parking facility at the Dayton International Airport. The bonds will be paid from the golf nonmajor enterprise fund and the Dayton International Airport, respectively.

On July 28, 2009, the City issued taxable general obligation bonds (Series 2009 Dayton International Airport parking garage bonds) for the acquisition, construction, furnishing and equipping of airport improvements, including parking facilities. The issue is comprised of current interest bonds, par value \$10,820,000. The interest rates on the current interest bonds range from 1.75 - 6.50%. Interest payments on the current interest bonds are due on June 1 and December 1 of each year. The final maturity stated in the issue is December 1, 2029.

**CITY OF DAYTON, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2012

**NOTE 13 - LONG-TERM OBLIGATIONS - (Continued)**

The refunding of the Series 2001 golf renovation general obligations as described in Note 13.A. for business-type activities is comprised of current interest bonds, par value \$771,889. The interest rates on the current interest bonds range from 2.50% - 5.00%. Interest payments on the current interest bonds are due on June 1 and December 1 of each year. The final maturity stated in the issue is December 1, 2014.

The Series 2012 water and sewer general obligation bonds are described in Note 13.A.

Revenue bonds were issued for various projects at the Dayton International Airport. The revenue bonds are pledged against the revenue generated by the specific enterprise fund and will be paid from the respective enterprise fund.

On October 12, 2005, the City issued \$19,865,000 in revenue bonds (Series 2005 Bonds). A portion of the proceeds of the 2005 bonds will be used to pay costs of airport improvements including the acquisition, construction, furnishing and equipping of passenger boarding bridges, escalators, and stairwells in concourse and providing all necessary and related improvements. A portion of the proceeds were used to currently refund the Series 1995 bonds (principal \$12,485,000) and variable interest rates. This refunded debt is considered defeased (in substance) and accordingly, has been removed from the statement of net position.

On October 31, 2003, the City issued revenue bonds (Series 2003 Bonds). A portion of the proceeds of the 2003 bonds were issued to retire \$8,000,000 in general obligation bond anticipation notes that the City issued to pay costs of airport improvements and to prepay the City's obligations for the lease-purchase agreement entered into to finance the terminal environment restoration project. Portions of the bonds were used to improve the airport by the acquisition, construction, furnishing and equipping of parking, roadway, airfield and terminal improvements and providing all necessary and related improvements. A portion of the proceeds was used to advance refund the Series 1992 bonds (principal \$8,235,000) and variable interest rates. The issuance proceeds were deposited into a special escrow trust fund, which consists of cash and direct or guaranteed non-callable government obligations. The principal of this escrow trust, when due, will be sufficient to pay on the redemption date the principal of, redemption premium and interest on the Series 1992 bonds. This refunded debt is considered defeased (in substance) and accordingly, has been removed from the statement of net position. A portion of these bonds were defeased in 2007.

The City has pledged future airport revenues, net of specified operating expenses, to repay \$36,275,000 in Series 2003 and \$6,000,000 in Series 2005 airport revenue bonds. The Series 2003 and 2005 airport revenue bonds are payable solely from airport net revenues and are payable through 2032. Annual principal and interest payments on the bonds are expected to require less than 47.66 percent of net revenues. The total principal and interest remaining to be paid on the Series 2003 and 2005 airport revenue bonds is \$53,060,733. Principal and interest paid for the current year and total customer net revenues were \$2,978,902 and \$6,249,745, respectively.

**CITY OF DAYTON, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2012

**NOTE 13 - LONG-TERM OBLIGATIONS - (Continued)**

The City of Dayton's Wastewater Treatment Plant capital improvement project is funded through the joint efforts of the United States Environmental Protection Agency (EPA) and the Ohio Water Development Authority (OWDA). Repayment amounts include capital expenses, administration fees, and accrued interest. The Ohio Water Development Authority Loan will be paid from the sewer enterprise fund. At December 31, 2012, the City had outstanding borrowings of \$9,175,000 through OWDA.

The City has pledged future sewer revenues to repay OWDA loans. The loans are payable solely from sewer fund revenues and are payable through 2023. Annual principal and interest payments on the loans are expected to require 10.08 percent of net revenues. The total principal and interest remaining to be paid on the loans is \$11,205,467. Principal and interest paid for the current year were \$1,087,586 and total customer net revenues were \$10,794,810.

In 1997, the City of Dayton was granted a \$1,000,000 loan from the Ohio Public Works Commission. The purpose of the loan is to finance and reimburse the costs of replacing a wastewater treatment laboratory facility to meet Ohio Environmental Protection Agency and the Occupational Safety and Health Association requirements. The loan is being paid out of the sewer fund over 20 years, with semi-annual payments of \$25,000. There is no interest on this loan.

Compensated absences will be paid from the fund from which the employees' salaries are paid which, for the City, are primarily the Dayton International Airport fund, the Water fund and the Sewer fund.

The following is a schedule of future principal and interest payments to retire the long-term obligations outstanding at December 31, 2012 for the business-type activities.

(Community Service Program for Dayton Municipal Court)	100,000
(Community Service Program for Dayton Municipal Court - Additional various coverages)	3,510,000
Travel (AD&D)	1,000,000
Executive Management Liability Policy	2,000,000
Public Officials Bond	2,500,000

Settled claims have not exceeded this commercial coverage in any of the past three years. There have been no significant reductions in insurance coverage from last year.

The City's policy for reporting a claims liability is based on the requirements GASB Statement No. 10, "Accounting and Financial Reporting for Risk Financing and Related Insurance Issues", as amended by GASB Statement No. 30, "Risk Financing Omnibus", which requires that a liability for unpaid claims costs, including estimates of costs relating to incurred, but not reported claims, be accrued at the estimated ultimate cost of settling the claims. It is the opinion of the City's legal counsel that, as of December 31, 2012, there were \$93,450 in outstanding claims pending that are reported as a component of claimants payable in the general fund. Claims activity for 2012 and 2011 are as follows:

<u>Year</u>	<u>Balance at Beginning of Year</u>	<u>Current Year Claims</u>	<u>Claim Payments</u>	<u>Balance at End of Year</u>
2012	\$ 22,052	\$ 294,398	\$ (223,000)	\$ 93,450
2011	15,470	341,582	(335,000)	22,052

**CITY OF DAYTON, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2012

**NOTE 14 - RISK MANAGEMENT - (Continued)**

**B. Workers' Compensation**

The City has elected to take advantage of the workers' compensation plan being offered by the State of Ohio. This plan, called retrospective rating, allows the City to pay a fraction of the premium it would pay as an experience-rated risk.

Retrospective rating constitutes a step closer to self-insurance. In the retrospective rating plan, the City agrees to assume a portion of the risk in return for a possible reduction in premiums. The greater the percentage of the risk the City assumes, the greater the potential reduction in the premium. If the City's loss experience is better than predicted by the experience-rating system, its premium obligation will be less than what it would have paid under experience rating. If its experience is worse than predicted, its premium obligation will be more than it would have been assessed under experience rating, limited to a maximum premium. The City has assumed the risk for individual claims up to a maximum of \$300,000.

The City has agreed to pay all claims up to a maximum of 200% of what the City would have paid had the City remained an experience-rated risk. Claims exceeding these limits will be paid by the State. Each year, the City pays the State a "minimum premium" for retaining the risk of having to pay claims which exceeds the City's maximum claim limits. Ten years after each year the City elected the retrospective plan for workers' compensation, the City settles up for the reserve on any claims that are still open. The City has established a workers' compensation internal service fund to account for and finance its uninsured risks of loss in this program.

The claims liability of \$4,549,304 reported at December 31, 2012, as estimated by the third party administrator, is based on the requirements of GASB Statement No. 10, "Accounting and Financial Reporting for Risk Financing and Related Insurance Issues", as amended by GASB Statement No. 30, "Risk Financing Omnibus", which requires that a liability for unpaid claims costs, including estimates of costs relating to incurred, but not reported claims, be accrued at the estimated ultimate cost of settling the claims. Of the \$4,549,304 claims liability, \$223,811 of the liability is due within one year and is reported as a current liability in the statement of net position for the proprietary funds. The remaining portion is a noncurrent liability of \$4,325,493. The estimate was not affected by non-incremental claim adjustment expenses and does not include other allocated or unallocated claim adjustment expenses.

Changes in the funds' claims liability amount in 2012 and 2011 were:

<u>Year</u>	<u>Balance at Beginning of Year</u>	<u>Current Year Claims</u>	<u>Claim Payments</u>	<u>Balance at End of Year</u>
2012	\$ 5,586,739	\$ 1,695,546	\$ (2,732,981)	\$ 4,549,304
2011	5,076,856	3,059,498	(2,549,615)	5,586,739

**CITY OF DAYTON, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2012

**NOTE 14 - RISK MANAGEMENT - (Continued)**

**C. Health Insurance**

On January 1, 2012, the City became self-insured for medical and prescription drug benefits (the "Program"). The Program is administered through a third-party administrator who manages and processes the claims. The City makes required payments to the third-party administrator to reimburse them for the claim payments. The City's stop-loss coverage through the Program is limited to \$200,000 per claim with a stop-loss annual coverage aggregate that is 115% of the expected annual claims amounts in the Program. The city has reported a liability in both the health insurance internal service fund and government-wide financial statements amounting to \$2,460,583 for the claims payable liability. Changes in the claims payable liability in 2012 is as follows:

<u>Year</u>	<u>Balance at Beginning of Year</u>	<u>Current Year Claims</u>	<u>Claim Payments</u>	<u>Balance at End of Year</u>
2012	\$ -	\$ 21,182,788	\$ (18,722,205)	\$ 2,460,583

**NOTE 15 - OTHER EMPLOYEE BENEFITS**

**A. Compensated Absences**

The criteria for determining vacation, compensatory time and sick leave components are derived from negotiated agreements, personnel policies and State laws. Vacation time is accrued at the rate of one credit per month, plus one to ten additional credits per year for all employees except police, who receive up to 12 additional days per year, depending upon the length of service. A credit is generally equal to one complete work shift of eight (8) hours, but maybe worth additional periods for fire personnel. The maximum accrual which can be carried forward into January is thirty credits. Accumulated unused vacation time is paid to employees upon separation from the City.

Compensatory time off in lieu of overtime pay is an option given to uniformed Police and Fire Personnel under union contract. It is given on the basis of time and one-half for actual hours worked. Police officers, sergeants, and lieutenants may use up to 136 hours in any year, and accumulate up to 272 hours in any year. An employee may only carry forward 136 hours in a calendar year. Currently, overtime pay is paid as overtime hours worked by those uniformed employees who have already accumulated the maximum hours allowed.

All uniformed employees of the Fire Department also have the option to choose compensatory time in lieu of overtime pay, and they may accumulate up to one hundred twenty hours of compensatory time. Employees who have accumulated the maximum hours are paid overtime as overtime hours are worked.

Sick leave is accrued at the rate of one and one-fourth credits per month. The maximum sick leave accrual which can be carried forward into January is 125 credits. Accrued sick leave in excess of 125 credits must be converted to vacation credits in January at the rate of two sick leave days for one vacation day. A credit is generally equal to one complete work shift of eight (8) hours, but may be worth additional periods for fire personnel. Upon retirement, payment may be made for one-half of the total sick leave accumulation, up to a maximum of 140 days.

**CITY OF DAYTON, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2012

**NOTE 15 - OTHER EMPLOYEE BENEFITS - (Continued)**

**B. Insurance Benefits**

The City is self-insured for medical benefits through Anthem Blue Cross/Blue Shield Health Maintenance insurance plans as described in Note 14.C. Dental insurance is provided to employees through Superior and Ohio AFSCME Care. Group Life and Accidental Death and Dismemberment insurance is provided to employees through Hartford Life and Accident Insurance Company. The City provided life insurance coverage amounts range from \$20,000 to \$300,000 according to employee position and employees may purchase additional supplemental coverage.

**C. Deferred Compensation Plans**

City employees and elected officials participate in either the International City Managers Association (ICMA) Deferred Compensation Plan, or the Ohio Public Employees Deferred Compensation Plan. These plans are created in accordance with Internal Revenue Code Section 457. Participation is on a voluntary payroll deduction basis. The plans permit deferral of compensation until future years. According to the plans, the deferred compensation is not available until separation from the City, retirement, death or an unforeseeable emergency.

**NOTE 16 - PENSION PLANS**

**A. Ohio Public Employees Retirement System**

Plan Description - The City participates in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The Traditional Pension Plan is a cost-sharing, multiple-employer defined benefit pension plan. The Member-Directed Plan is a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20% per year). Under the Member-Directed Plan, members accumulate retirement assets equal to the value of the member and vested employer contributions plus any investment earnings. The Combined Plan is a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and a defined contribution plan. Under the Combined Plan, employer contributions are invested by the retirement system to provide a formula retirement benefit similar to the Traditional Pension Plan benefit. Member contributions, whose investment is self-directed by the member, accumulate retirement assets in a manner similar to the Member-Directed Plan.

OPERS provides retirement, disability, survivor and death benefits and annual cost of living adjustments to members of the Traditional Pension and the Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report which may be obtained by visiting <https://www.opers.org/investments/cafr.shtml>, writing to OPERS, Attention: Finance Director, 277 E. Town St., Columbus, OH 43215-4642 or by calling (614) 222-5601 or (800) 222-7377.

Funding Policy - The Ohio Revised Code provides statutory authority for member and employer contributions. For 2012, member and contribution rates were consistent across all three plans. The 2012 member contribution rates were 10.00% for members. The City's contribution rate for 2012 was 14.00% of covered payroll.

## CITY OF DAYTON, OHIO

### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2012

#### NOTE 16 - PENSION PLANS - (Continued)

The City's contribution rate for pension benefits for members in the Traditional Plan for 2012 was 10.00%. The City's contribution rate for pension benefits for members in the Combined Plan for 2012 was 7.95%. The City's required contributions for pension obligations to the Traditional Pension and Combined Plans for the years ended December 31, 2012, 2011, and 2010 were \$6,976,584, \$6,928,341, and \$6,606,910, respectively; 90.35% has been contributed for 2012 and 100% has been contributed for 2011 and 2010. The remaining 2012 pension liability has been reported as due to other governments on the basic financial statements. Contributions to the member-directed plan for 2012 were \$199,156 made by the City and \$142,254 made by the plan members.

#### B. Ohio Police and Fire Pension Fund

Plan Description - The City contributes to the Ohio Police and Fire Pension Fund (OP&F), a cost-sharing multiple-employer defined benefit pension plan. OP&F provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by the Ohio State Legislature and are codified in Chapter 742 of the Ohio Revised Code. OP&F issues a publicly available financial report that includes financial statements and required supplementary information for the plan. That report may be obtained by writing to the OP&F, 140 East Town Street, Columbus, Ohio 43215-5164 or by visiting the website at [www.op-f.org](http://www.op-f.org).

Funding Policy - Plan members are required to contribute 10.0% of their annual covered salary, while the City is required to contribute 19.50% and 24.00% for police officers and firefighters, respectively. Contribution rates are established by State statute. For 2012, the portion of the City's contributions to fund pension obligations was 12.75% for police officers and 17.25% for firefighters. The City's required contributions for pension obligations to OP&F for police officers and firefighters were \$3,123,636 and \$3,466,063 for the year ended December 31, 2012, \$3,108,863 and \$3,430,911 for the year ended December 31, 2011, and \$3,327,952 and \$3,821,620, for the year ended December 31, 2010. The full amount has been contributed for 2011 and 2010. 72.82% has been contributed for police and 72.21% has been contributed for firefighters for 2012. The remaining 2012 pension liability has been reported as due to other governments on the basic financial statements.

#### NOTE 17 - POSTRETIREMENT BENEFIT PLANS

#### A. Ohio Public Employees Retirement System

Plan Description - OPERS maintains a cost-sharing multiple employer defined benefit post-employment healthcare plan, which includes a medical plan, prescription drug program and Medicare Part B premium reimbursement, to qualifying members of both the Traditional Pension and the Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits, including post-employment health care coverage.

To qualify for post-employment health care coverage, age-and-service retirees under the Traditional Pension and Combined Plans must have ten years or more of qualifying Ohio service credit. The Ohio Revised Code permits, but does not mandate, OPERS to provide OPEB benefits to its eligible members and beneficiaries. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code.

**CITY OF DAYTON, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2012

**NOTE 17 - POSTRETIREMENT BENEFIT PLANS - (Continued)**

Disclosures for the healthcare plan are presented separately in the OPERS financial report which may be obtained by visiting <https://www.opers.org/investments/cafr.shtml>, writing to OPERS, Attention: Finance Director, 277 E. Town St., Columbus, OH 43215-4642 or by calling (614) 222-5601 or (800) 222-7377.

Funding Policy - The post-employment healthcare plan was established under, and is administered in accordance with, Internal Revenue Code Section 401(h). State statute requires that public employers fund post-employment healthcare through contributions to OPERS. A portion of each employer's contribution to the Traditional or Combined Plans is set aside for the funding of post-employment health care.

Employer contribution rates are expressed as a percentage of the covered payroll of active employees. In 2012, local government employers contributed 14.00% of covered payroll. Each year the OPERS' Retirement Board determines the portion of the employer contribution rate that will be set aside for the funding of the postemployment health care benefits. The portion of employer contributions allocated to fund post-employment healthcare for members in the Traditional Plan for 2012 was 4.00%. The portion of employer contributions allocated to fund post-employment healthcare for members in the Combined Plan for 2012 was 6.05%.

The OPERS Retirement Board is also authorized to establish rules for the payment of a portion of the health care benefits provided, by the retiree or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected. Active members do not make contributions to the post-employment healthcare plan.

The City's contributions allocated to fund post-employment health care benefits for the years ended December 31, 2012, 2011, and 2010 were \$2,826,071, \$2,809,285, and \$3,751,814, respectively; 90.35% has been contributed for 2012 and 100% has been contributed for 2011 and 2010. The remaining 2012 post-employment health care benefits liability has been reported as due to other governments on the basic financial statements.

Changes to the health care plan were adopted by the OPERS Board of Trustees on September 19, 2012, with a transition plan commencing January 1, 2014. With the recent passage of pension legislation under State Bill 343 and the approved health care changes, OPERS expects to be able to consistently allocate 4 percent of the employer contributions toward the health care fund after the end of the transition period.

**B. Ohio Police and Fire Pension Fund**

Plan Description - The City contributes to the OP&F Pension Fund sponsored health care program, a cost-sharing multiple-employer defined postemployment health care plan administered by OP&F. OP&F provides healthcare benefits including coverage for medical, prescription drugs, dental, vision, Medicare Part B Premium and long term care to retirees, qualifying benefit recipients and their eligible dependents.

OP&F provides access to post-employment health care coverage to any person who receives or is eligible to receive a monthly service, disability or survivor benefit check or is a spouse or eligible dependent child of such person.

**CITY OF DAYTON, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2012**

**NOTE 17 - POSTRETIREMENT BENEFIT PLANS - (Continued)**

The Ohio Revised Code allows, but does not mandate OP&F to provide OPEB benefits. Authority for the OP&F Board of Trustees to provide health care coverage to eligible participants and to establish and amend benefits is codified in Chapter 742 of the Ohio Revised Code.

OP&F issues a publicly available financial report that includes financial statements and required supplementary information for the plan. That report may be obtained by writing to the OP&F, 140 East Town Street, Columbus, Ohio 43215-5164 or by visiting the website at [www.op-f.org](http://www.op-f.org).

Funding Policy - The Ohio Revised Code provides for contribution requirements of the participating employers and of plan members to the OP&F (defined benefit pension plan). Participating employers are required to contribute to the pension plan at rates expressed as percentages of the payroll of active pension plan members, currently, 19.50% and 24.00% of covered payroll for police and fire employers, respectively. The Ohio Revised Code states that the employer contribution may not exceed 19.50% of covered payroll for police employer units and 24.00% of covered payroll for fire employer units. Active members do not make contributions to the OPEB Plan.

OP&F maintains funds for health care in two separate accounts, one account is for health care benefits under an Internal Revenue Code Section 115 trust and the other account is for Medicare Part B reimbursements administered as an Internal Revenue Code Section 401(h) account, both of which are within the defined benefit pension plan, under the authority granted by the Ohio Revised Code to the OP&F Board of Trustees.

The Board of Trustees is authorized to allocate a portion of the total employer contributions made into the pension plan into the Section 115 trust and the Section 401(h) account as the employer contribution for retiree health care benefits. For the year ended December 31, 2012, the employer contribution allocated to the health care plan was 6.75% of covered payroll. The amount of employer contributions allocated to the health care plan each year is subject to the Trustees' primary responsibility to ensure that the pension benefits are adequately funded and is limited by the provisions of Sections 115 and 401(h).

The OP&F Board of Trustees also is authorized to establish requirements for contributions to the health care plan by retirees and their eligible dependents, or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected.

The City's contributions to OP&F which were allocated to fund post-employment healthcare benefits for police officers and firefighters were \$1,653,689 and \$1,356,286 for the year ended December 31, 2012, \$1,645,869 and \$1,342,530 for the year ended December 31, 2011, and \$1,761,857 and \$1,495,416, for the year ended December 31, 2010. The full amount has been contributed for 2011 and 2010. 72.82% has been contributed for police and 72.21% has been contributed for firefighters for 2012. The remaining 2012 post-employment health care benefits liability has been reported as due to other governments on the basic financial statements.

**CITY OF DAYTON, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2012

**NOTE 18 - BUDGETARY BASIS OF ACCOUNTING**

While the City is reporting financial position, results of operations and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a modified accrual basis with exceptions. The statement of revenues, expenditures and changes in fund balances - budget and actual (non-GAAP budgetary basis) presented for the general fund is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget.

The adjustments necessary to convert the results of operations of the general fund for the year ended December 31, 2012, on the GAAP basis to the budget basis are as follows:

**Net Change in Fund Balance**

	<u>General</u>
Budget basis	\$ 1,261,942
Net adjustment for revenues	(1,212,858)
Net adjustment for expenditures	1,290,011
Adjustment for encumbrances	<u>4,986,859</u>
GAAP basis	<u><u>\$ 6,325,954</u></u>

**NOTE 19 - COMMITMENTS**

The City utilizes encumbrance accounting as part of its budgetary controls. Encumbrances outstanding at year end may be reported as part of restricted, committed, or assigned classifications of fund balance. At year end, the City's commitments for encumbrances in the governmental funds were as follows:

<u>Fund</u>	<u>Year-End Encumbrances</u>
General fund	\$ 5,596,697
HUD	6,881,608
Debt Service	20,545
Capital improvement	20,396,021
Nonmajor governmental	<u>10,048,624</u>
Total	<u><u>\$ 42,943,495</u></u>

**CITY OF DAYTON, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2012**

**NOTE 20 - FUND BALANCE**

Fund balance is classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the City is bound to observe constraints imposed upon the use of resources in the governmental funds. The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented below:

Fund balance	General	HUD Fund	Debt Service Fund	Capital Improvement Fund	Nonmajor Governmental Funds	Total Governmental Funds
<b>Nonspendable:</b>

**CITY OF DAYTON, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2012

**NOTE 21 - DISCRETELY PRESENTED COMPONENT UNIT**

**A. Basis of Accounting**

CityWide adopted the provisions of Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statement and Management's Discussion and Analysis for State and Local Governments*. GASB Statement No. 34 established new financial reporting requirements for state and local governments, and it was designed to make the financial statements more comprehensive and easier to use and understand. CityWide also adopted the provisions of GASB Statement No. 37, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments: Omnibus*, and GASB Statement No. 38, *Certain Financial Statement Disclosures*. The most significant changes resulting from the implementation is the inclusion of Management's Discussion and Analysis.

CityWide reports as a business-type activity, as defined by GASB Statement No. 34. Business-type activities are those that are financed in whole or in part by fees charged to external parties for goods or services.

**B. Deposits and Investments**

GASB Statement No. 3, *Deposits With Financial Institutions, Investments (including Repurchase Agreements), and Reverse Repurchase Agreements*, as amended by GASB Statement No. 40, requires disclosures to help assess actual and potential future deposit and investment market and credit risks. The following information regarding deposits and investments is presented using the categories of risk identified in GASB Statement No. 3.

Deposits: The carrying amounts of CityWide's deposits were \$6,003,277 and \$6,649,970 as of December 31, 2012 and 2011, respectively. The bank balance of CityWide's deposits was \$6,181,530 and \$6,842,936 as of December 31, 2012 and 2011, respectively. Of the balance:

1. \$3,598,411 and \$3,037,794 were covered by federal depository insurance as of December 31, 2012 and 2011, respectively.
2. \$2,583,119 and \$3,805,142 were uncollateralized and uninsured as of December 31, 2012 and 2011, respectively.

The FDIC insurance limit for non-interest bearing accounts is unlimited in amount, while interest bearing accounts are insured up to \$250,000. These limited are effective through December 31, 2012.

Investments are recorded at fair value, which approximates cost due to the short-term nature of investments held.

 Total notes payable to other parties		 <u>\$ 1,029,780</u>

The amounts payable to the City are shown on the Statement of Net position as "Due to Primary Government".

**CITY OF DAYTON, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2012

**NOTE 21 - DISCRETELY PRESENTED COMPONENT UNIT - (Continued)**

**D. Bonds Payable**

During 1996, Citywide issued \$2,560,000 County of Montgomery Ohio, Adjustable Rate Industrial Development Revenue Bonds, Series 1996. Also during 1996, Citywide issued \$2,420,000 in Montgomery County Series, 1996A Industrial Development Revenue Bonds. The Series 1996A Indenture refunded a Trust Indenture dated as of December 1, 1988. Proceeds of the bonds were used to construct a building and an addition to an existing building to be rented to Advanced Assembly Automation, Inc.

On March 28, 2012, CityWide entered into an agreement with a financial institution for \$2,400,000. The proceeds from this agreement were used to pay off the outstanding balance of bonds payable and to perform improvements to the building that was held as collateral for the bonds.

**E. Loans Payable**

Loans payable at December 31, 2012 consisted of the following:

<u>Description</u>	<u>Maturity Date</u>	<u>Amount</u>
Real estate loan with a financial institution	Loan matured; City Wide seeking extension	\$ 712,776
Loan with City of Dayton classified as advance from primary government	October 1, 2013	2,335,000
Real estate loan with a financial institution	June 30, 2014	375,000
Mortgage note payable for settlement of lead lawsuit	December 23, 2014	50,000
Real estate loan with a financial institution	December 31, 2039	8,351,000
Real estate loan with a financial institution	June 27, 2040	9,894,000
Real estate loan with a financial institution	July 2013	1,624,285
Loan payable with a financial institution	October 2017	48,540
Loan payable with a financial institution (includes an interest rate swap)	April 2019	<u>2,346,400</u>
Total		<u>\$ 25,737,001</u>

**CITY OF DAYTON, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2012**

**NOTE 21 - DISCRETELY PRESENTED COMPONENT UNIT - (Continued)**

The debt service requirements to maturity are as follows:

<u>Year Ending December 31,</u>	<u>Amount</u>
2013	\$ 2,815,508
2014	820,741
2015	468,061
2016	485,807
2017	858,108
Thereafter	<u>20,288,776</u>
Total	<u>\$ 25,737,001</u>

CityWide has entered into an interest rate swap agreement with a bank, whereby the bank pays CityWide the same floating interest rate based on the notional principal of \$2,346,400, and CityWide pays a fixed rate of 4.85% to the bank. The notional principal of the swap amortizes through April 2019. At December 31, 2012, the fair valuation of the interest rate swap resulted in a mark to market liability of \$75,289, which is included in accrued liabilities in the combined financial statements. The interest rate swap agreement expires on April 15, 2019.

**F. Operating Lease**

CityWide has various operating leases for office equipment and office space. The leases expire at various times through 2015. Rent expense associated with these leases was \$19,909 and \$19,963 for the years ended December 31, 2012 and 2011, respectively. CityWide is responsible for various costs under the lease including insurance, taxes and maintenance.

Future minimum lease payments due over the subsequent five years are as follows:

<u>Year Ending December 31,</u>	<u>Amount</u>
2013	\$ 19,909
2014	15,476
2015	7,895
2016	<u>1,468</u>
Total	<u>\$ 44,748</u>

**G. Retirement Plans**

CityWide maintains a defined-contribution pension plan administered by an unrelated insurance company. This noncontributory plan covers all salaried employees with at least one year of service. Amendments to the plan require approval by the Board of Trustees. CityWide contributed 5% for 2012 and 8% for 2011, respectively, of each eligible employee's annual salary, plus 5.7% of salaries greater than \$106,800. Plan contributions, net of forfeitures, were approximately \$59,616 and \$91,303 in 2012 and 2011, respectively.

**CITY OF DAYTON, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2012

**NOTE 21 - DISCRETELY PRESENTED COMPONENT UNIT - (Continued)**

CityWide also maintains a 401(k) plan for its employees. The plan is for employee contributions only.

	<u>2012</u>	Restated <u>2011</u>
Pension value	\$ 1,430,941	\$ 1,374,874
401(k) value	<u>1,102,681</u>	<u>1,053,012</u>
Total	<u>\$ 2,533,622</u>	<u>\$ 2,427,886</u>

**H. Contingencies**

CityWide is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and, natural disasters. CityWide manages these risks through the purchase of commercial insurance.

CityWide owns properties that are considered tainted due to previous environmental remediation issues that were cleaned up prior to purchase by CityWide. Management believes the risk of any further environmental liabilities arising from these properties to be minimal.

CityWide receives various financial assistance from numerous federal, state and local agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with the terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability to the general fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material effect on any of the financial statements included herein or on the overall financial position of CityWide at December 31, 2012.

**I. Prior Period Adjustment**

Subsequent to the issuance of the 2011 combined financial statements, management discovered that an affiliated entity, that was required to be consolidated, had not been reflected in their 2011 combined financial statements. The impact of consolidating this affiliated entity has resulted in an increase in assets of \$64,485, an increase in liabilities of \$90,407 and a decrease in net position of \$25,921 at January 1, 2011, in the accompanying combined statements of net position.

**NOTE 22 - CONTINGENCIES**

**A. Litigation**

The City is party to legal proceedings. The City is of the opinion that ultimate disposition of claims will not have a material effect, if any, on the financial condition of the City.

**CITY OF DAYTON, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2012**

**NOTE 22 - CONTINGENCIES - (Continued)**

**B. Grants**

For the period January 1, 2012, to December 31, 2012, the City received federal and State grants for specific purposes that are subject to review and audit by grantor agencies or their designee. Such audits could lead to a request for reimbursement to the grantor agency for expenditures disallowed under the terms of the grant. Based on prior experience, the City believes such disallowance, if any, would be immaterial.

**NOTE 23 - SIGNIFICANT SUBSEQUENT EVENT**

Finance Director Cheryl J. Garrett retired effective Thursday, January 31, 2013 and C. LaShea Smith took the office of Finance Director on Friday, February 1, 2013.

COMBINING STATEMENTS  
AND INDIVIDUAL FUND SCHEDULES

THIS PAGE IS INTENTIONALLY LEFT BLANK

## **CITY OF DAYTON, OHIO**

### **COMBINING STATEMENTS - NONMAJOR GOVERNMENTAL FUNDS**

#### **Nonmajor Special Revenue Funds**

The special revenue funds are used to account for the proceeds of specific revenue sources (other than major capital projects) that are legally restricted to expenditures for specific purposes. The following are the nonmajor special revenue funds which the City of Dayton operates:

##### ***Street***

To account for monies for all street and road repairs and general upkeep to ensure safe, smooth transportation for all users of Dayton roadways. Funds are provided by shared tax revenues and registration fees from the State of Ohio and Montgomery County, respectively.

##### ***Highway Maintenance***

To account for lighting the freeways through Dayton. Funds are provided by shared tax revenues and registration fees from the State of Ohio and Montgomery County, respectively.

##### ***Other Special Revenue***

To account for monies restricted by City Ordinance to finance various special projects undertaken by the City.

##### ***Miscellaneous Grants***

To account for miscellaneous grant projects. These projects include food service for children at child care and recreation centers, additional police patrol in high density traffic areas, juvenile court mediation services, and drug rehabilitation programs. Funding sources include the United States Departments of Justice, Housing and Urban Development, Agriculture, Education, Interior and Transportation and the Ohio Departments of Education, Development, Highway Safety, and Natural Resources.

#### **Nonmajor Permanent Fund**

Permanent funds are used to account for resources that are legally restricted to the extent that earnings, and not principal, may be used for purposes that support City programs. Included in the permanent fund is the Schantz Waldruhe Park Trust which accounts for interest earned on Dayton Power & Light stock that is used for the improvement, care and maintenance of Waldruhe Park and the Forrest B. Lucas Foundation which accounts for interest earned on a contribution made by Forrest B. Lucas that is to be used for fire department training purposes.

The City reports only one permanent fund to account for the above activity. No combining schedules are required.

**CITY OF DAYTON, OHIO**

**COMBINING STATEMENTS - NONMAJOR ENTERPRISE FUNDS**

**Nonmajor Enterprise Funds**

The enterprise funds account for operations that are financed and operated in a manner similar to private business enterprises where the intent is that costs (expenses, including depreciation) of providing services to the general public on a continuing basis be recovered primarily through user charges, or where it has been decided that a periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes. The following are the nonmajor enterprise funds which the City of Dayton operates:

***Storm Water***

To account for the provision of storm sewers to the residents of the City of Dayton. Charges for services are used to maintain the storm sewers throughout the City.

***Golf***

To account for the operations of the City's six golf courses. Revenue is generated by golf fees charged for the use of the facilities. The six golf courses provide needed green space inside the City with three providing scenic cover to the City's north well field.

## CITY OF DAYTON, OHIO

### COMBINING STATEMENTS - INTERNAL SERVICE FUNDS

The internal service funds account for the financing of goods or services provided by one department or agency to other departments of the City of Dayton on a cost-reimbursement basis. Accounting for these funds is designed to accumulate all of the costs incurred by the internal service funds in providing goods and services to other departments. However, charges to the other departments are not intended to produce a significant profit in the long run, but to recover the total costs of providing goods or services.

#### ***Fleet Management***

To account for the maintenance of City vehicles. Revenues are derived from direct charges to other departments for fuel usage and repairs. General maintenance is charged to the other funds on a pro-rated basis.

#### ***Fire Fleet Management***

To account for the maintenance of City fire vehicles and to charge for maintenance of fire vehicles from other municipalities. A majority of the maintenance will be provided to City fire vehicles. Revenues are derived from direct charges to the fire department within the general fund and from fees charged to other municipalities.

#### ***Stores and Reproduction***

Stores is used in purchasing and storage of office materials and supplies for the entire organization. The other departments are charged the cost of the materials and supplies plus an average of fifteen percent markup to cover the overhead cost of operating this fund. Reproduction is used to account for the reproducing of written material, and the print, binding and distribution of the City's various publications. All costs are recouped from charges to other departments within the organization on a per-job basis.

#### ***Health Insurance***

To account for claims and administrative payments to cover the cost of servicing the City's self-insured insurance program for medical and prescription drug benefits.

#### ***Workers' Compensation***

To account for claims and administrative payments to cover risks due to job-related injuries to City employees. Revenues are derived from pro-rated charges against personnel costs of each department to cover claim payments and costs of administering the fund.

#### ***Plumbing Shop***

To account for plumbing services to departments within the City.

## CITY OF DAYTON, OHIO

### COMBINING STATEMENTS - FIDUCIARY FUNDS

Fiduciary funds are used to account for assets held by the City in a trustee capacity, or as an agent for individuals, private organizations, other governmental units, and/or funds. The following are the City's fiduciary fund types:

#### Agency Funds

Agency funds are custodial in nature, and thus, do not recognize revenues or expenditures, only changes in assets and liabilities. These funds are used to record the collection and payment of employee payroll, withholdings, medical and life insurance premiums, refundable deposits, PERS, Police and Fire Pension funds, taxes collected for other governments, conduit debt and municipal court.

Guaranty	Payroll Withholding
Performance Bond	Special Improvement District
Developer Construction Payments	GMR Trading Project
Deposit of Taxes/Courthouse Square	Miami Township-Dayton JEDD
Dependent Care	Butler Township-Dayton JEDD
Fire Proceeds	EPA GMR Trading Project
Urban Renewal Comp Dep	Municipal Courts
Building Permit Surcharge	Executive Severance

THIS PAGE INTENTIONALLY LEFT BLANK

## STATISTICAL SECTION

THE FOLLOWING UNAUDITED STATISTICAL TABLES  
REFLECT SOCIAL AND ECONOMIC DATA, FINANCIAL TRENDS AND  
FISCAL CAPACITY OF THE CITY

**THIS PAGE IS INTENTIONALLY LEFT BLANK**

**CITY OF DAYTON, OHIO**

**STATISTICAL SECTION**

This part of the City of Dayton's Comprehensive Annual Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

**Contents**

**Page**

**Financial Trends**

These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.

**S 4 - S 13**

**Revenue Capacity**

These schedules contain information to help the reader assess the City's most significant local revenue source, the income tax, property tax and special assessments.

**S 14 - S 21**

**Debt Capacity**

These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.

**S 22 - S 30**

**Demographic and Economic Information**

These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.

**S 31 - S 42**

**Operating Information**

This schedule contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.

**S 43**

**Sources:** Sources are noted on the individual schedules. The City implemented GASB Statement 63 in 2012; schedules presenting net position begin in that year.

(1) The Ohio Constitution places a ten-mill limitation upon the combined property tax levied by the County, the School District, and the City. The City has been permitted to levy only 1.5 mills of that ten-mill limitation. The Constitution permits the City to levy additional millage beyond 1.5 mills upon approval of the electorate. The City Charter also has a ten-mill limitation which prohibits the City from levying a total tax rate for all purposes in excess of ten mills.

(1) Reported on a cash basis and includes collections of delinquent utility bills.

(2) Total collections exceed Current Assessment Due because of high collection of curb, gutter and sidewalk delinquent assessments.

(3) Current Assessments Due increased in 2012 as a result of weed, nuisance and delinquent utility assessments

Note: This table reflects only those special assessments collected through the County Auditor's Office.

COMPUTATION OF DIRECT AND OVERLAPPING DEBT  
AS OF DECEMBER 31, 2012

Debt of the City, authorized by the Council but not by a vote of the electors, is subject to overlapping restrictions with each respective county and school district. Limitations apply to each county total and should not be considered cumulatively. Total debt service charges for and one year of all overlapping debt must not exceed ten mills (1%) of the assessed property value. This determination is made by the respective county auditors each time a subdivision proposes to issue unvoted debt. The most recent data prepared by the county auditors for this purpose is as of December 31, 2012.

Political subdivision of State of Ohio	Net General Bonded Debt	Percentage applicable to Dayton	Amount applicable to Dayton

2012	9,162,019	1,245,000	1,733,902	2,978,902	3.08

(1) Net Revenue Available for Debt Service is computed by adding operating income (loss) for the reporting period to depreciation expense and interest revenue. Also included in this calculation is the portion of Passenger Facility Charges (PFC) which were used for payment of debt service charges and all Customer Facility Charges (CFC). For 2007 and 2008, no PFC were used for payment of debt service charges. In 2012, bond proceeds of \$2,591,965 were included, as the project was completed and excess proceeds were used for debt service.

(2) Debt service requirements are exclusive of refunding transactions and additional principal payments made to retire bonds.

(3) Debt service requirements are exclusive of refunding transactions and additional principal payments made to retire bonds.

(1) - Starting in 2007 the City included both Fulltime and Parttime employees in the calculation so that the total would match the number of employees on record.

(2) - 2010 represents current employment at year-end
