INDEPENDENT ACCOUNTANTS' REPORT

Cleveland Academy of Scholarship, Technology and Leadership Enterprise
Cuyahoga County
1729 Superior Avenue
Cleveland, Ohio 44114

To the Board of Directors:

We have audited the accompanying basic financial statements of the Cleveland Academy of Scholarship, Technology and Leadership Enterprise, Cuyahoga County, Ohio (the School), as of and for the year ended June 30, 2012, as listed in the table of contents. These financial statements are the responsibility of the School's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Cleveland Academy of Scholarship, Technology and Leadership Enterprise, Cuyahoga County, Ohio, as of June 30, 2012, and the changes in its financial position and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated March 15, 2013, on our consideration of the School's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require this presentation to include *Management's discussion and analysis*, as listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any other assurance.

We conducted our audit to opine on the financial statements that collectively comprise the School's basic financial statements taken as a whole. The schedule of federal awards receipts and expenditures provides additional information required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the basic financial statements. The schedule of federal awards receipts and expenditures is management's responsibility, and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. This schedule was subject to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, in accordance with auditing standards generally accepted in the United States of America. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2012
(UNAUDITED)**

Our discussion and analysis of the Cleveland Academy of Scholarship, Technology and Leadership Enterprise's (the School) financial performance provides an overall review of the School's financial activities for the fiscal year ended June 30, 2012. The intent of this discussion and analysis is to look at the School's financial performance as a whole; readers should also review the basic financial statements and notes to the basic financial statements to enhance their understanding of the School's financial performance.

The Management's Discussion and Analysis (MD&A) is an element of the new reporting model adopted by the Governmental Accounting Standards Board (GASB) in their Statement No. 34 Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Government issued June 1999. Certain comparative information between the current year and the prior year is required to be presented in the MD&A.

FINANCIAL HIGHLIGHTS

Key Financial Highlights for the School for the 2011-2012 school year are as follows:

- Total assets increased \$254,887.
- Total liabilities increased \$228,972.
- Total net assets increased \$25,915.
- Total operating and non-operating revenues were \$2,715,001. Total operating expenses were \$2,689,086.

USING THIS ANNUAL REPORT

This report consists of three parts: the MD&A, the basic financial statements, and notes to those statements. The basic financial statements include a Statement of Net Assets, a Statement of Revenues, Expenses and Changes in Net Assets, and a Statement of Cash Flows.

The Statement of Net Assets and Statement of Revenues, Expenses, and Changes in Net Assets reflect how the School did financially during fiscal year 2012. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by most private-sector companies. This basis of accounting includes all of the current year revenues and expenses regardless of when cash is received or paid.

These statements report the School's net assets and changes in those assets. This change in net assets is important because it tells the reader whether the financial position of the School has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. Non-financial factors include the School's student enrollment, per-pupil funding as determined by the State of Ohio, change in technology, required educational programs and other factors.

The School uses enterprise presentation for all of its activities.

Statement of Net Assets

The Statement of Net Assets answers the question of how the School did financially during 2012. This statement includes all assets and liabilities, both financial and capital, and short-term and long-term using the accrual basis of accounting and economic resource focus, which is similar to the accounting used by most private-sector companies. This basis of accounting takes into account all revenues and expenses during the year, regardless of when the cash is received or paid.

Table 1 provides a summary of the School's net assets for fiscal years 2012 and 2011.

**Table 1
Statement of Net Assets**

	2012	2011
Assets		
Current Assets	\$ 267,784	\$ 76,928

Unrestricted	(141,209)	(103,093)
Total Net Assets	\$ (53,985)	\$ (79,900)

Over time, net assets can serve as a useful indicator of a government's financial position. At June 30, 2012, the School's net assets totaled \$(53,985).

Current assets represent cash and cash equivalents and intergovernmental receivable. Current liabilities represent amounts owed to the vendors and other governmental agencies at fiscal year-end.

Cash increased over the prior year due to some unanticipated receipts as well as, receipts from various grant programs. Liabilities also increased over the prior year related to obligations on several outstanding technology projects that were not completed, as well as, other payments not made as of the end of the year. Overall, net assets improved from the prior year.

Statement of Revenues, Expenses and Changes in Net Assets

Table 2 shows the changes in net assets for fiscal years 2012 and 2011, as well as a listing of revenues and expenses. This change in net assets is important because it tells the reader that, for the School as a whole, the financial position of the School has improved or diminished. The cause of this may be the result of many factors, some financial, some not. Non-financial factors include the current laws in Ohio restricting revenue growth, facility conditions, required educational programs and other factors.

**Table 2
Change in Net Assets**

	2012	2011

 Net Assets – Beginning of Year	\$ (79,900)	243,705
Net Assets – End of Year	\$ (53,985)	\$ (79,900)

During the course of the year, the School's overall revenues improved dramatically over the prior year in all sources: State Aid, Other, and Federal and State Grants. This was due to some unanticipated receipts and better fiscal management of federal programs. Combined with decreased expenses as a result of closer monitoring, the School was able to reflect a positive change in net assets. While the School's net assets is still negative overall, it did improve over the prior year, and is expected to continue.

BUDGETING HIGHLIGHTS

Unlike other public schools located in the State of Ohio, community schools are not required to follow budgetary provisions set forth in Ohio Rev. Code Chapter 5705, unless specifically provided in the community school's contract with its sponsor.

The contract between the School and its Sponsor does prescribe a budgetary process. The School must prepare and submit a detailed budget for every fiscal year to the Board of Directors and its Sponsor. The five-year forecast is also submitted the Ohio Department of Education, annually.

CAPITAL ASSETS

At fiscal year end, the School's net capital asset balance was \$87,224. This balance represents current year additions of \$118,860 offset by current year depreciation of \$54,829. For more information on capital assets, see Note 5 of the Basic Financial Statements.

DEBT OBLIGATIONS

The School does not have any debt obligation other than the current payables and accrued liabilities.

CURRENT FINANCIAL ISSUES

The School is a community School and is funded through the State of Ohio Foundation Program. The School relies on this, as well as, State and Federal funds as its primary source of revenue.

During the fiscal year 2012, per pupil revenue decreased slightly over the prior year and stimulus monies through the State Fiscal Stabilization Fund (SFSF) were no longer available. As a result, the School was dependent on higher enrollments and active budget monitoring to close this gap. With no projected increase in per pupil funding for fiscal year 2013, the School will need to continue to closely manage expenses and evaluate the impact this will have on current and future year operations.

Overall, the School will continue to provide learning opportunities and apply resources to best meet the needs of students.

CONTACTING THE SCHOOL'S FINANCIAL MANAGEMENT

FOR THE YEAR ENDED JUNE 30, 2012**

1. DESCRIPTION OF THE ENTITY

The Cleveland Academy of Scholarship, Technology and Leadership Enterprise, Inc., (the School) is a nonprofit corporation established pursuant to Ohio Revised Code Chapters 3314 and 1702 to address the needs of grades 9 through 12. The School is also an approved tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code. Management is not aware of any course of action or series of events which have occurred that might adversely affect the School's tax exempt status.

The School's mission is to provide an orderly and supportive environment whereby students experience preparations for college, career and life. The School, which is part of the State's education program, is independent of any school district and is nonsectarian in its programs, admission policies, employment practices, and all other operations. The School may acquire facilities as needed and contract for any services necessary for the operation of the School.

The School was originally approved for operation under a contract with Educational Resource Consultants of Ohio, Inc. ("ERCO") (the Sponsor) in the fall of 2004 and ending June 30, 2009. Each year since, the School's contract has been renewed for a one year period. The most recent renewal commenced on July 1, 2011. The Sponsor is responsible for evaluating the performance of the School and has the authority to deny renewal of the contract at its expiration or terminate the contract prior to its expiration.

The School operates under the direction of a five-member Governing Board. The Governing Board is responsible for carrying out the provisions of the contract which include, but are not limited to, state mandated provisions regarding student populations, curriculum, academic goals, performance standards, admissions standards, and qualifications of teachers. The Governing Board controls the School's instructional and administrative staff.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial Statements of the School have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental nonprofit organizations. The Governmental Accounting Standards Board (GASB) statements and interpretations issued on or before November 30, 1989, provided they do not conflict with or contradict GASB pronouncements. The more significant of the School's accounting policies are described below.

A. Basis of Presentation

The School's basic financial statements consist of a Statement of Net Assets, a Statement of Revenue, Expenses and Changes in Net Assets, and a Statement of Cash Flows. Enterprise fund reporting focuses on the determination of the changes in net assets, financial position and cash flows.

**CLEVELAND ACADEMY OF SCHOLARSHIP, TECHNOLOGY AND LEADERSHIP ENTERPRISE
CUYAHOGA COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2012**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

A. Basis of Presentation (Continued)

Auditor of State of Ohio Bulletin No. 2000-005 requires the presentation of all financial activity to be reported within one enterprise fund for year-ending reporting purposes. Enterprise accounting is used to account for operations that are financed and operated in a manner similar to private business enterprise where the intent is that the cost (expense) of providing goods and services to the general public on a continuing basis be financed or recovered primarily through user charges.

B. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment is determined by measurement focus. Under this measurement focus, all assets and all liabilities are included on the balance sheet. The operating statement presents increases (e.g., revenues) and decreases (e.g., expenses) in net total assets.

Basis of accounting refers to when revenues and expenses are recognized in the accounts and reported in the financial statements. Basis of accounting is used for reporting purposes. Revenues are recognized when they are earned, and expenses are recognized when they are incurred. The financial statements are prepared using the accrual basis of accounting.

C. Budgetary Process

Unlike other public schools located in the State of Ohio, community schools are not required to follow budgetary provisions set forth in Ohio Revised Code Chapter 5705, except under Ohio Revised Code Section 5705.391, the School must prepare a five-year funding plan and submit it to the Ohio Superintendent of Public Instruction. In addition, the Sponsor contract requires a detailed budget for each year of the contract.

D. Cash and Cash Equivalents

Cash received by the Schools is reflected as "Cash and Cash Equivalents" on the Statement of Net Assets. The School did not have any investments during the period ended June 30, 2012.

E. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from these estimates.

**CLEVELAND ACADEMY OF SCHOLARSHIP, TECHNOLOGY AND LEADERSHIP ENTERPRISE
CUYAHOGA COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2012**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

F. Capital Assets

Capital assets are capitalized at cost. The costs of additions are capitalized and expenditures for repairs and maintenance are expensed when incurred. When property is sold or retired, the related costs and accumulated depreciation are removed from the accounts and any gain or loss is included in additions to or deductions from net assets. Depreciation of capital assets is calculated utilizing the straight-line method over the estimated useful lives of the assets. The useful lives are as follows:

<u>Asset</u>	<u>Useful Life</u>
Computer and Software	3 years
Equipment	5 years
Textbooks	5 years

The School has an asset capitalization threshold policy of \$5,000. (See Note 5) Assets or certain asset groups not meeting the capitalization threshold are not capitalized and are not included in the assets represented in the accompanying statement of net assets.

G. Intergovernmental Revenues

The School currently participates in the State Foundation Program; Revenues received from this program are recognized as operating revenues in the accounting period in which all eligibility requirements have been met.

Grants and entitlements are recognized as non-operating revenues in the accounting period in which eligibility requirements have been met.

Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the School must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the School on a reimbursement basis.

The School also participates in various federal and state programs through the Ohio Department of Education.

Under the above programs the School recorded \$1,998,341 this fiscal year from the Foundation Program and \$669,328 from Federal and State grants.

**CLEVELAND ACADEMY OF SCHOLARSHIP, TECHNOLOGY AND LEADERSHIP ENTERPRISE
CUYAHOGA COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2012**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

H. Compensated Absences

Vacation is taken in a manner in which corresponds with the school calendar; therefore School does not accrue vacation time as a liability.

Sick/personal leave benefits are earned by full-time employees at the rate of eight days per year and cannot be carried into the subsequent years. No accrual for sick time is made since unused time is not paid to employees upon employment termination.

I. Accrued Liabilities

Obligations incurred but unpaid at June 30 are reported as accrued liabilities in the accompanying financial statements which consist of accounts payable, accrued wages and benefits, and accrued expenses totaling \$408,993 at June 30, 2012.

J. Exchange and Non-Exchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. Non exchange transactions, in which the School receives value without directly giving equal value in return, include grants, entitlements and donations. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the School must provide local resources to be used for a specified purpose, and expenditures requirements, in which the resources are provided to the School on a reimbursement basis.

K. Net Assets

Net assets represent the difference between assets and liabilities. Net assets are reported as restricted when there are limitations imposed on their use through external restriction imposed by creditors, grantors, or laws and regulations of other governments. The School applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available. Net assets invested in capital assets consist of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction, or improvement of those assets.

L. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activities of the School. For the School, these revenues are primarily the State Foundation program. Operating expenses are necessary costs incurred to provide the good or service that is the primary activity of the School. All revenues and expenses not meeting this definition are reported as non-operating. There were no non-operating expenses reported at June 30, 2012.

**CLEVELAND ACADEMY OF SCHOLARSHIP, TECHNOLOGY AND LEADERSHIP ENTERPRISE
CUYAHOGA COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2012**

3. CASH AND CASH EQUIVALENTS

The following information classifies deposits by category of risk as defined in GASB Statement No.3 "Deposits with Financial Institutions, Investments (including Repurchase Agreements) and Reverse Repurchase Agreements," as amended by GASB Statement No.40, "Deposit, and Investment Risk Disclosures".

The School maintains its cash balances at one financial institution, PNC Bank, located in Ohio. The balances are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000, per qualifying account. At June 30, 2012, the School had a cash book balance of \$232,290 and a bank balance of \$238,880. The entire balance was covered by the FDIC.

4. INTERGOVERNMENTAL RECEIVABLE

The School has an intergovernmental receivable totaling \$35,494 representing monies earned, but not received as of June 30, 2012.

5. CAPITAL ASSETS AND DEPRECIATION

For the period ending June 30, 2012, the School's capital assets consisted of the following:

	Balance 06/30/11	Additions	Deletions	Balance 06/30/12
Capital Assets:				
Computers and Software	\$ -	\$ 79,295	-	\$ 79,295

6. RISK MANAGEMENT

A. Property & Liability

The School is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During the fiscal year ending June 30, 2012, the School contracted with Westfield Insurance Company for general and commercial liability coverage. The limits of this coverage are \$1,000,000 per occurrence and \$2,000,000 in the aggregate with a \$1,000 deductible.

There have been no significant reductions in insurance coverage from the last fiscal year. Settled claims have not exceeded insurance coverage for the past three fiscal years.

B. Workers' Compensation

The School pays the State Worker's Compensation System a premium for employee injury coverage. The premium is calculated by multiplying the monthly total gross payroll by a factor that is calculated by the State.

C. Employee Benefits

The School provides medical, dental and vision benefits through COSE, Superior Dental, and VSP respectively to all full time employees. The School pays 70% of the monthly premiums for employees and dependents, except for vision coverage which is solely paid by the employee.

7. DEFINED BENEFIT PENSIONS PLANS

A. School Employees Retirement System of Ohio (SERS Ohio)

Plan Description – The School contributes to the School Employees Retirement System (SERS), a cost-sharing multiple employer pension plan. SERS provides retirement, disability, and survivor benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report may be obtained by contacting School Employees Retirement System, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3746, or by calling toll free 1-800-878-5853. It is also posted at the SERS' website at www.ohsers.org under Employer/Audit Resources.

Funding Policy - Plan members are required to contribute 10 percent of their annual covered salary and the School is required to contribute at an actuarially determined rate. The current School rate is 14 percent of annual covered payroll. A portion of the School's contribution is used to fund pension obligations with the remainder being used to fund health care benefits. For fiscal year 2012, 12.65 percent and 0.05 percent of annual covered salary was the portion used to fund pension obligations and death benefits, respectively. The remaining 1.30% is allocated to the Healthcare and Medicare B Funds. The contribution requirements of plan members and employers are established and may be amended by the SERS' Retirement Board up to a statutory maximum amount of 10 percent for plan members and 14 percent for employers. Chapter 3309 of the Ohio Revised Code provides statutory authority for member and employer contributions. The School's required contributions for pension obligations and death benefits to SERS for the fiscal years ended June 30, 2012, 2011, and 2010 were \$50,352, \$43,375, and \$34,338, respectively; 100 percent has been contributed for fiscal years 2012, 2011, and 2010.

7. DEFINED BENEFIT PENSIONS PLANS (Continued)

B. State Teachers Retirement System of Ohio (STRS Ohio)

Plan Description - The School participates in the State Teachers Retirement System of Ohio (STRS Ohio), a cost-sharing, multiple-employer public employee retirement plan. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a stand-alone financial report that may be obtained by writing to STRS Ohio, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS Ohio Web site at www.strsoh.org.

Plan Options - New members have a choice of three retirement plans, a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. The DB plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on a member's lifetime contributions and earned interest matched by STRS Ohio funds divided by an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5 percent of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal. The Combined Plan offers features of both the DC Plan and the DB Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The DB portion of the Combined Plan payment is payable to a member on or after age 60; the DC portion of the account may be taken as a lump sum or converted to a lifetime monthly annuity at age 50. Benefits are established by Chapter 3307 of the Ohio Revised Code.

A DB or Combined Plan member with five or more years credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy - For fiscal year 2012, plan members were required to contribute 10 percent of their annual covered salaries. The Schools was required to contribute 14 percent; 13 percent was the portion used to fund pension obligations. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions.

The School's required contributions for pension obligations to STRS Ohio for the fiscal years ended June 30, 2012, 2011, and 2010 were \$81,979, \$86,011, \$80,293 respectively which equaled the required contributions for those years. There were no contributions to the DC and Combined Plans for fiscal year 2012.

8. POST EMPLOYMENT BENEFITS

A. School Employee Retirement System (SERS Ohio)

Plan Description - The School participates in two cost-sharing, multiple employer postemployment benefit plans administered by the School Employees Retirement System (SERS) for non-certificated retirees and their beneficiaries, a Health Care Plan and a Medicare Part B Plan. The Health Care Plan includes hospitalization and physicians' fees through several types of plans including HMO's, PPO's, Medicare Advantage, and traditional indemnity plans. A prescription drug program is also available to those who elect health coverage. SERS employs two third-party administrators and a pharmacy benefit manager to manage the self-insurance and prescription drug plans, respectively. The Medicare Part B Plan reimburses Medicare Part B premiums paid by eligible retirees and beneficiaries as set forth in Chapter 3309.69 of the Ohio Revised Code. Qualified benefit recipients who pay Medicare Part B premiums may apply for and receive a monthly reimbursement from SERS. The reimbursement amount is limited by statute to the lesser of the January 1, 1999 Medicare Part B premium or the current premium. The Medicare Part B premium for calendar year 2012 was \$99.90 and SERS' reimbursement to retirees was \$45.50. Benefit provisions and the obligations to contribute are established by the System based on authority granted by State statute. The financial reports of both Plans are included in the SERS Comprehensive Annual Financial Report which is available by contacting SERS at 300 East Broad St., Suite 100, Columbus, Ohio 43215-3746. It is also posted on the SERS' Ohio website, www.ohsers.org, under Employers/Audit Resources.

Funding Policy - State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required benefits, the Retirement Board allocates the remainder of the employer contribution of 14 percent of covered payroll to the Health Care Fund. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 105(e). For 2012, .55 percent of covered payroll was allocated to health care. An additional health care surcharge on employers is collected for employees earning less than an actuarially determined minimum compensation amount, pro-rated according to service credit earned. Statute provides that no employer shall pay a health care surcharge greater than 2.0 percent of the employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5 percent of the statewide SERS-covered payroll for the health care surcharge. For fiscal year 2012, the actuarially determined amount was \$35,800.

Active members do not contribute to the postemployment benefit plans. The Retirement Board establishes the rules for the premiums paid by the retirees for health care coverage for themselves and their dependents or for their surviving beneficiaries. Premiums vary depending on the plan selected, qualified years of service, Medicare eligibility and retirement status.

The School's contribution for health care (including surcharge) for the fiscal years ended June 30, 2012, 2011, and 2010 were \$8,177, \$10,802, and \$6,610 respectively which equaled the required contributions for those years.

8. POST EMPLOYMENT BENEFITS (Continued)

A. School Employee Retirement System (SERS Ohio) (Continued)

The Retirement Board, acting with advice of the actuary, allocates a portion of the employer contribution to the Medicare B Fund. For fiscal year 2012, this actuarially required allocation was 0.76 percent of covered payroll. The School's contribution for Medicare Part B for the fiscal years ended June 30, 2012, 2011, and 2010 were \$2,974, \$2,791, and \$2,042 respectively which equaled the required contributions for those years.

B. State Teachers Retirement System (STRS Ohio)

Plan Description - The School contributes to the cost sharing, multiple employer defined benefit Health Plan (the "Plan") administered by the State Teachers Retirement System of Ohio (STRS Ohio) for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS Ohio. Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare Part B premiums. The Plan is included in the report of STRS Ohio which may be obtained by visiting www.strsoh.org or by calling (888) 227-7877.

Funding Policy -Ohio law authorizes STRS Ohio to offer the Plan and gives the Retirement Board authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. Active employee members do not contribute to the Plan. All benefit recipients pay a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions. For 2012, STRS Ohio allocated employer contributions equal to 1 percent of covered payroll to the Health Care Stabilization Fund. The School's contribution for health care for the fiscal years ended June 30, 2012, 2011, and 2010 were \$6,306, \$6,616, and \$6,176 which equaled the required contributions for those years.

9. CONTINGENCIES

A. Grants

The School received financial assistance from federal and state agencies in the form of grants. Amount received from grantor agencies are subject to audit and adjustment by the grantor. Any disallowed costs may require refunding to the grantor. Amount which may be disallowed, if any, are not presently determinable. However, in the opinion of the School, any such adjustments will not have a material adverse effect on the financial position of the School.

B. Litigation

There are currently no matters in litigation with the School as defendant.

C. Full-Time Equivalency

The Ohio Department of Education (ODE) conducts reviews of enrollment data and full-time equivalency (FTE) calculations made by the School. These reviews are conducted to ensure the School is reporting accurate student enrollment data to the State, upon which state foundation funding is calculated. For the fiscal year 2012, the review resulted in a decrease in funding of \$16,863. This amount is reflected as a liability on the financial statements.

FISCAL YEAR ENDED JUNE 30, 2012**

NOTE A - SIGNIFICANT ACCOUNTING POLICIES

The accompanying Schedule of Federal Awards Receipts and Expenditures (the Schedule) reports the Cleveland Academy of Scholarship, Technology and Leadership Enterprise's (the School's) federal award programs' receipts and disbursements. The schedule has been prepared on the cash basis of accounting.

NOTE B - CHILD NUTRITION CLUSTER

The School commingles cash receipts from the U.S. Department of Agriculture with similar State grants. When reporting expenditures on this Schedule, the School assumes it expends federal monies first.

INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

Cleveland Academy of Scholarship, Technology and Leadership Enterprise
Cuyahoga County
1729 Superior Avenue
Cleveland, Ohio 44114

To the Board of Directors:

We have audited the financial statements of the Cleveland Academy of Scholarship, Technology and Leadership Enterprise, Cuyahoga County, Ohio (the School) as of and for the year ended June 30, 2012, and have issued our report thereon dated March 15, 2013. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the School's internal control over financial reporting as a basis for designing our audit procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of opining on the effectiveness of the School's internal control over financial reporting. Accordingly, we have not opined on the effectiveness of the School's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in more than a reasonable possibility that a material misstatement of the School's financial statements will not be prevented, or detected and timely corrected.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider material weaknesses, as defined above.

Compliance and Other Matters

As part of reasonably assuring whether the School's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

We did note a certain matter not requiring inclusion in this report that we reported to the School's management in a separate letter dated March 15, 2013.

We intend this report solely for the information and use of management, the audit committee, the Board of Directors, the Community School's sponsor, and federal awarding agencies and pass-through entities and others within the School. We intend it for no one other than these specified parties.

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO ITS MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

Cleveland Academy of Scholarship, Technology and Leadership Enterprise
Cuyahoga County
1729 Superior Avenue
Cleveland, Ohio 44114

To the Board of Directors:

Compliance

We have audited the compliance of the Cleveland Academy of Scholarship, Technology and Leadership Enterprise, Cuyahoga County, Ohio (the School) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133, Compliance Supplement* that could directly and materially affect the School's major federal program for the year ended June 30, 2012. The *summary of auditor's results* section of the accompanying schedule of findings identifies the School's major federal program. The School's management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to each major federal program. Our responsibility is to opine on the School's compliance based on our audit.

Our compliance audit followed auditing standards generally accepted in the United States of America; the standards applicable to financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. These standards and OMB Circular A-133 require that we plan and perform the audit to reasonably assure whether noncompliance occurred with the compliance requirements referred to above that could directly and materially affect a major federal program. An audit includes examining, on a test basis, evidence about the School's compliance with these requirements and performing other procedures we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the School's compliance with these requirements.

In our opinion, the Cleveland Academy of Scholarship, Technology and Leadership Enterprise, Cuyahoga County, Ohio complied, in all material respects, with the requirements referred to above that could directly and materially affect its major federal program for the year ended June 30, 2012.

Internal Control Over Compliance

The School's management is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the School's internal control over compliance with requirements that could directly and materially affect a major federal program, to determine our auditing procedures for the purpose of opining on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of opining on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the School's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program compliance requirement. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

We intend this report solely for the information and use of the audit committee, management, the Board of Directors, the Community School's sponsor, others within the School, federal awarding agencies, and pass-through entities. It is not intended for anyone other than these specified parties.

INDEPENDENT ACCOUNTANTS' REPORT ON APPLYING AGREED-UPON PROCEDURES

Cleveland Academy of Scholarship, Technology and Leadership Enterprise
Cuyahoga County
1729 Superior Avenue
Cleveland, Ohio 44114

To the Board of Directors:

Ohio Rev. Code Section 117.53 states "the auditor of state shall identify whether the school district or community school has adopted an anti-harassment policy in accordance with Section 3313.666 of the Revised Code. This determination shall be recorded in the audit report. The auditor of state shall not prescribe the content or operation of any anti-harassment policy adopted by a school district or community school."

Accordingly, we have performed the procedures enumerated below, which were agreed to by the Board, solely to assist the Board in evaluating whether the Cleveland Academy of Scholarship, Technology and Leadership Enterprise, Cuyahoga County, Ohio (the School) has adopted an anti-harassment policy in accordance with Ohio Rev. Code Section 3313.666. Management is responsible for complying with this requirement. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of the Board. Consequently; we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

1. In our report dated November 5, 2012, we noted the Board adopted an anti-harassment policy on June 22, 2012. However, this policy did not include all matters required by Ohio Rev. Code 3313.666.
2. The Board amended the policy on February 20, 2013. We read the amended policy, noting it now includes all the requirements listed in Ohio Rev. Code 3313.666.

We were not engaged to and did not conduct an examination, the objective of which would be the expression of an opinion on compliance with the anti-harassment policy. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the Board of Directors and School's sponsor, and is not intended to be and should not be used by anyone other than these specified parties.
