## INDEPENDENT AUDITOR'S REPORT

November 19, 2013

To the Board of Trustees  
Constellation Schools: Stockyard Community Elementary  
3200 West 65<sup>th</sup> Street  
Cleveland, OH 44102

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the business-type activities of Constellation Schools: Stockyard Community Elementary, Cuyahoga County, Ohio (the School), as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the School's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the School's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

***Opinion***

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of the School, as of June 30, 2013, and the respective changes in financial position, and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

***Other Matters***

***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 5-9 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

***Supplementary Information***

Our audit was conducted to opine on the School's basic financial statements taken as a whole. The Schedule of Expenditures of Federal Awards presents additional analysis as required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and is not a required part of the financial statements.

The schedule is management's responsibility, and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. We subjected the schedule to the auditing procedures we applied to the financial statements. We also applied certain additional procedures, including comparing and reconciling this information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated November 19, 2013 on our consideration of the School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School's internal control over financial reporting and compliance.

Although certain expenditures such as salaries will increase or decrease as the number of classes increase and decrease, other costs remain fixed such as facilities costs resulting in more efficient operations.

## Management's Discussion and Analysis

For the Year Ended June 30, 2013

Overall, revenues decreased by \$132,150 from 2012 to 2013. Proceeds from an insurance claim totaling \$19,095 for property damages were received in 2013.

Overall expenses increased slightly from 2012 to 2013. This is a direct result of improved operating processes tied to normal annual increases in operating costs, student services, facility operations and supply purchases. Salaries and Fringe Benefits increased \$13,368 due to staff reductions, regular annual increases and health insurance increases. Purchased services increased slightly by \$3,175 due to improved operating processes regarding pupil instruction and support services, special education services, professional development, administrative services and occupancy costs. Materials and Supplies decreased slightly by \$1,521 due to reduced purchases of consumable supplies and software. Capital Outlay decreased \$95. Depreciation and amortization decreased \$485. Other Expenses increased \$1,986 due to increased insurance premiums and miscellaneous expenses.

## Management's Discussion and Analysis

For the Year Ended June 30, 2013

### Capital Lease

On January 23, 2008, SCE entered into a financing arrangement to purchase and renovate the building it occupies. Financing of the purchase was accomplished through bonds issued by The Industrial Development Authority of the County of Pima (IDA) as part of a multi-school, multi-property project. Under terms of the bond financing IDA obtained title to the properties occupied by SCE. IDA secured a mortgage on the land, building and improvements from Wells Fargo Bank, National Association. Financing was achieved through the issuance of a series of bonds maturing annually beginning on January 1, 2012 and continuing until January 1, 2038. Interest is at the rate of 6.375% per annum for the bonds maturing between 2012 and 2019 and at a rate of 7.00% per annum for the bonds maturing after 2019. The outstanding principal balance as of June 30, 2013 is \$2,574,523. For more information on capital leases, see the Notes to the Financial Statements.

### Equipment Lease

During fiscal year 2012, SCE entered into a lease agreement with Winthrop Resources Corporation for \$13,770 worth of technology equipment. The lease value has been recorded as capital equipment to recognize the asset, and as capital equipment lease payable to recognize the lease debt. The lease term is for a total of 48 months, carries an interest rate of 7.38% per annum and will expire in January 2016 at which time the equipment will have minimal value. The outstanding principal value as of June 30, 2013 on the lease payable is \$9,349.

### Current Financial Issues

Constellation Schools: Stockyard Community Elementary opened in the fall of 2004. The school has grown from 35 students, three teaching staff members and expenses of \$410,613 to a total of 286 students, 28 teaching staff members and expenses of \$2,821,343. SCE exercised its purchase option and arranged for the sale of the building and land, which it previously leased, to The Industrial Development Authority of the County of Pima. SCE leases the space from IDA as part of a multi-school, multi-property bond financing arrangement to purchase, renovate and expand school buildings. During the 2012 school year grades 7 and 8 were split off to form Stockyard Community Middle School which is providing more flexibility in the curriculum for each student and will improve our options for limited facilities space.

During the past year as the nation continues to recover from a major economic downturn, the Board of Directors, school management and school staff have worked diligently to ensure that the school maintains the high level of educational services and financial integrity that we have always provided. Our goal is to provide a strong educational product for our students and families and to maintain the reputation we have developed during our previous years.

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2013

---

#### **I. Description of the School and Reporting Entity**

Constellation Schools: Stockyard Community Elementary (SCE), is a nonprofit corporation established on October 17, 2001 pursuant to Ohio Revised Code Chapters 3314 and 1702 to maintain and provide a school exclusively for any educational, literary, scientific and related teaching service that qualifies as an exempt organization under §501(c)(3) of the Internal Revenue Code. On May 5, 2003, SCE (as Lorain-Southside Community School) received a determination letter confirming tax-exempt status with the Internal Revenue Service under section 501(c)(3) of the Internal Revenue Code. Management is not aware of any course of action or series of events that have occurred that might adversely affect the tax-exempt status of SCE. SCE, which is part of Ohio's education program, is independent of any school district. SCE may sue and be sued, acquire facilities as needed, and contract for any services necessary for the operation of SCE.

SCE was approved for operation under a contract between the Governing Authority of SCE and the Ohio Department of Education (the Sponsor) for a period of five years commencing July 1, 2002 and terminating on June 30, 2007. On October 16, 2003 SCE entered into a contract with Lucas County Educational Service Center (LCESC) to have LCESC replace the Ohio Department of Education as their sponsor. The contract with LCESC, now known as ESC of Lake Erie West (ESCLEW) has been renewed with a current expiration date of June 30, 2015. Under the terms of the contract ESCLEW will provide sponsorship services for a fee. See Note XII for further discussion of the sponsor services.

SCE entered into an agreement with Constellation Schools (CS) to provide legal, financial, business and educational management services for the fiscal year. See Note XII for further discussion of this management agreement. SCE operates under a six member Board of Directors. The Board is responsible for carrying out the provisions of the contract, which include, but are not limited to, state mandated provisions regarding student population, curriculum, academic goals, performance standards, admission standards, and qualification of teachers. The Board of Directors controls SCE instructional facility staffed by twenty-eight certificated full time teaching personnel and nine support staff who provide services to 286 students. During 2013, the board members for SCE also serve as the board Constellation Schools: Old Brooklyn Community Elementary, Constellation Schools: Old Brooklyn Community Middle, Constellation Schools: Stockyard Community Middle and Constellation Schools: Madison Community Elementary.

#### **II. Summary of Significant Accounting Policies**

The financial statements of SCE have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental nonprofit organizations. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant of SCE's accounting policies are described below.

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2013**

**1. Basis of Presentation**

Enterprise accounting is used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges or where it has been decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

**2. Measurement Focus and Basis of Accounting**

The accounting and financial reporting treatment is determined by its measurement focus. Enterprise accounting uses a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities are included on the Statement of Net Position. Operating statements present increases (e.g., revenues) and decreases (e.g., expenses) in net total position.

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. SCE prepares financial statements using the accrual basis of accounting. Revenues resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded when the exchange takes place. Revenues resulting from non-exchange transactions, in which SCE receives value without directly giving equal value in return, such as grants and entitlements, are recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the fiscal year when the resources are required to be used or the fiscal year when the use is first permitted; matching requirements, in which SCE must provide local resources to be used for a specified purpose; and expenditure requirements, in which resources are provided to SCE on a reimbursement basis. Expenses are recognized at the time they are incurred.

**3. Change in Accounting Principles**

For 2013, SCE has implemented GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*.

GASB Statement No. 63 provides financial and reporting guidance for *deferred outflows of resources* and *deferred inflows of resources* which are financial statement elements that are distinct from assets and liabilities. GASB Statement No. 63 standardizes the presentation of deferred outflows or resources and deferred inflows of resources and their effects on a government's *net position*. The implementation of GASB Statement No. 63 has changed the presentation of SCE's financial statements to incorporate the

concepts of net position, deferred outflows of resources and deferred inflows of resources.

**4. Cash**

All monies received by SCE are deposited in demand deposit accounts.

**5. Budgetary Process**

Pursuant to Ohio Revised Code Chapter 5705.391 SCE prepares and adopts an annual budget which includes estimated revenues and expenditures for the fiscal year and a five year forecast of revenues and expenditures. SCE will from time to time adopt budget revisions as necessary.

**6. Due From Other Governments and Accounts Receivable**

Monies due SCE for the year ended June 30, 2013 are recorded as Due From Other Governments and as Accounts Receivable. A current asset for the receivable amount is recorded at the time of the event causing the monies to be due.

**7. Capital Assets and Depreciation**

Capital assets are capitalized at cost and updated for additions and retirements during the year. Donated fixed assets are recorded at their fair market values as of the dates received. All items with a useful life of one year or greater and a value of \$1,000 or more are capitalized. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized.

All capital assets are depreciated except for land. Depreciation of buildings, building improvements, computers, technology and furniture and equipment is computed using the straight line method over their estimated useful lives. Improvements to fixed assets are depreciated over the remaining useful lives of the related fixed assets or less. Estimated useful lives are as follows:

<b>Capital Asset Classification</b>	<b>Years</b>
Building	40
Building Improvements	10 to 40
Technology & Software	3 to 5
Furniture and Equipment	10

**8. Intergovernmental Revenues**

SCE currently participates in the State Foundation Program and the State Poverty Based Assistance Program. Revenues received from these programs are recognized as operating revenues in the accounting period in which all eligibility requirements have been met. SCE also participates in Federal Entitlement Programs, the Federal Lunch Reimbursement Program, Race to the Top and various State Grant Programs. State and Federal Grants and Entitlements are recognized as non-operating revenues in the accounting period in which all eligibility requirements have been met. Amounts awarded under the above named programs for the 2013 school year totaled \$2,818,661.

**9. Private Grants and Contributions**

SCE received grants and contributions from private sources to support the schools programs. Private grants and contributions are recognized as non-operating revenues in the accounting period in which they are received. SCE did not receive any grants and contributions for the 2013 school year.

**10. Compensated Absences**

Vacation is taken in a manner which corresponds with the school calendar; therefore, SCE does not accrue vacation time as a liability.

Sick leave benefits are earned at the rate of one and one-quarter day per month and can be accrued up to a maximum of one hundred twenty days. SCE will accept the transfer of sick days from another school district up to the maximum accrual amount. No financial accrual for sick time is made since unused sick time is not paid to employees upon employment termination.

**11. Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from these estimates.

**12. Deferred Revenue**

Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied. The deferred revenue for SCE consists of materials fees received in the current year which pertains to the next school year.

**13. Deferred Charges**

Deferred charges have been recorded on the Statement of Net Position to recognize financing fees related to the bond financing arrangement discussed in note VII. These charges are amortized over the term of the bonds using the straight-line method, which approximates the effective interest method.

**III. Deposits**

At fiscal year end June 30, 2013, the carrying amount of SCE's deposits totaled \$649,982 and its bank balance was \$677,589. Based on the criteria described in GASB Statement No. 40, "Deposit and Investment Risk Disclosure," as of June 30, 2013, \$427,589, of the bank balance was exposed to custodial risk as discussed below, while \$250,000 was covered by the Federal Depository Insurance Corporation.

Escrow and reserve accounts held in trust on behalf of SCE and the Industrial Development Authority of the County of Pima, Arizona totaled \$607,554 at fiscal year end June 30, 2013. The escrow and reserve accounts are invested in the First American US Treasury Money Market Fund and are 100% backed by the full faith and credit of the United States government.

Custodial credit risk is the risk that in the event of bank failure, SCE will not be able to recover the deposits. All deposits are collateralized with eligible securities in amounts equal to at least 105% of the carrying value of the deposits. Such collateral, as permitted by the Ohio Revised Code, is held in single financial institution collateral pools at the Federal Reserve Banks or at member banks of the federal reserve system, in the name of the respective depository bank and pledged as a pool of collateral against all of the public deposits it holds or as specific collateral held at the Federal Reserve Bank in the name of SCE.

**VI. Capital Equipment Lease Payable**

During fiscal year 2012, SCE entered into a four year lease for technology equipment. This lease meets the criteria of a capital lease as defined by accounting standards, which defines a capital lease generally as one which transfers the benefits and risks of ownership of the lessee.

Assets of technology equipment totaling \$13,770 have been capitalized. This amount represents the actual purchase price of the equipment and is the same as the net present value of the minimum lease payments at the time of acquisition. Principal payments during fiscal year 2013 totaled \$3,168 and interest paid totaled \$817. Future minimum lease payments for principal and interest under the capital lease are as follows:

<u>Year</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2014	\$3,410	\$576	\$3,986
2015	3,670	316	3,986

**VII. Capital Lease Bond Notes Payable**

On January 23, 2008 SCE closed a multi-school, multi-property bond financing arrangement with the Industrial Development Authority of the County of Pima (IDA). Under terms of the bond agreement IDA acquired the property leased by SCE for the purchase option price of \$950,000. In addition IDA is financing a multi-million dollar building expansion to meet increasing demand for enrollment. The property is leased back to SCE through annual lease

renewals through January 2038. IDA secured a mortgage on the land, building and improvements from Wells Fargo Bank, National Association, which was transferred to US Bank National Association in August 2008. Financing was achieved through the issuance of a series of bonds maturing annually beginning on January 1, 2012 and continuing until January 1, 2038. Interest is at the rate of 6.375% per annum for the bonds maturing between 2012 and 2019 and at a rate of 7.00% per annum for the bonds maturing after 2019. The outstanding principal balance as of June 30, 2013 is \$2,574,523 and interest payable due July 1, 2013 is \$89,322. Interest expense during 2013 totaled \$179,721. Changes in the Capital Lease Bond Notes Payable during the year consist of the following:

	<u>6/30/12</u>	<u>Additions</u>	<u>Deletions</u>	<u>6/30/13</u>	<u>Due In One Year</u>
Lease Revenue					
Bonds	<u>\$2,608,335</u>	<u>\$0</u>	<u>\$33,812</u>	<u>\$2,574,523</u>	<u>\$35,959</u>

These lease obligations meet the criteria of a capital lease as defined by Financial Accounting Standards Board Statement Number 13, "Accounting for Leases" and has been recorded in the financial statements. Land, Building, Other Purchase Costs, and Building Improvements in existence at the date of the property sale continue to be recognized as capital assets and are being depreciated over their remaining useful life. Construction was completed during the year and Construction in Progress totaling \$920,982 was transferred to the building improvements capital account. Issuance costs, finance fees and underwriters discount totaling \$396,307 are recorded as deferred charges and are being amortized over the life of the bonds using the straight-line method. Accumulated amortization as of June 30, 2013 was \$72,656. The Bond Indenture requires SCE to meet certain covenants. As of June 30, 2013 SCE is in compliance with those covenants.

As part of the agreements for the leases, monies were deposited into several escrow accounts with Wells Fargo Bank, N.A. as Bond Trustee and subsequently transferred to US Bank, N.A. Payments for construction and financing activities have been paid from these accounts through June 30, 2013. Lease payments were made by SCE to cover bond interest and administrative fees due in July 2013 and to make deposits into reserve accounts. Funds were deposited from initial bond proceeds into an Operating Reserve and a Reserve Fund for future operating and debt service needs. A Supplemental Reserve, to be used for future debt service, is funded by payments of an additional 8% of the base lease payment for the full bond term. **VIII. Risk Management**

**1. Property and Liability Insurance**

SCE is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. For fiscal year 2013, SCE contracted with Indiana Insurance Company for all of its insurance.

General property and liability is covered at \$10,000,000 single occurrence limit and \$11,000,000 aggregated. Hired and Non-Owned Vehicles are covered at \$1,000,000 combined single limit of liability. Other coverage includes Employee Crime, School Leaders Errors & Omissions, Sexual Abuse and Misconduct, Electronic Data Processing and Business Interruption. Settled claims have not exceeded this coverage in any of the past three years, nor has there been any significant reduction in insurance coverage from the prior year.

**2. Workers' Compensation**

SCE makes premium payments to the Ohio Worker's Compensation System for employee injury coverage. There has been seven claim filed by SCE employees with the Ohio Worker's Compensation System between January 1, 2008 and June 30, 2013. The total payments made for this claim have been \$14,046. In the opinion of management, these claims will not have a material adverse effect on the overall financial position of SCE as June 30, 2013.

**3. Employee Medical, Dental, Vision and Life Benefits**

SCE provides medical, dental, vision and life insurance benefits to all full time employees. Employees participate in premium payments through pretax payroll deductions. Total insurance benefits paid by SCE for the fiscal year is \$157,142.

**IX. Defined Benefit Pension Plans**

**1. State Teachers Retirement System**

SCE participates in the State Teachers Retirement System of Ohio (STRS Ohio), a cost sharing, multiple-employer public employee retirement system. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a stand-alone comprehensive annual financial report that may be obtained by writing to STRS Ohio, 275 E. Broad St., Columbus, Ohio 43215-3371, by calling toll-free 1-888-227-7877, or by visiting the STRS website at [www.strsoh.org](http://www.strsoh.org).

New members have a choice of three retirement plan options. In addition to the Defined Benefit (DB) Plan, new members are offered a Defined Contribution (DC) Plan and a Combined Plan. The DC Plan allows members to allocate all their member contributions and employer contributions equal to 10.5% of earned compensation among various investment choices. The Combined Plan offers features of the DC Plan and the DB Plan. In the Combined Plan, member contributions are allocated to investment choices by the member, and employer contributions are used to fund a defined benefit payment at a reduced level from the regular DB Plan. Contributions into the DC Plan and the Combined Plan are credited to member accounts as employers submit their payroll information to STRS Ohio, generally on a biweekly basis. DC and Combined Plan members will transfer to the DB plan during their fifth year of membership unless they permanently select the DC or Combined Plan.

The DB Plan benefits are established under Chapter 3307 of the Ohio Revised Code. Any member may retire who has (i) five years of service credit and attained age 60; (ii) 25 years of service credit and attained age 55; or (iii) 30 years of service credit regardless of age. The annual retirement allowance, payable for life, is the greater of the "formula benefit" or the "money-purchase benefit" calculation. Under the "formula benefit," the retirement allowance is based on years of credited service and final average salary, which is the average of the members' three highest salary years. The annual allowance is calculated by using a base percentage of 2.2% multiplied by the total number of years of service credit (including Ohio-valued purchased credit) times the final average salary. The 31<sup>st</sup> year of earned Ohio service credit is calculated at 2.5%. An additional one-tenth of a percent is added to the calculation for every year of earned Ohio service over 31 years until 100% of the final average salary is reached. For members with 35 or more years of Ohio contributing service, the first 30 years will be calculated at 2.5% instead of 2.2%. Under the "money-purchase benefit" calculation, a member's lifetime contributions plus interest at specified rates are matched by an equal amount from other STRS Ohio funds. The total is then divided by an actuarially determined annuity factor to determine the maximum annual retirement allowance. Benefits are increased annually by 3% of the original base amount for DB Plan participants.

DC Plan benefits are established under Sections 3307.80 to 3307.89 of the Ohio Revised Code. For members who select the DC Plan, all member contributions and employer contributions at a rate of 10.5% are placed in an investment account. The member determines how to allocate the member and employer money among various investment choices. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal. Employer contributions into members' accounts are vested after the first anniversary of the first day of paid service. Members in the DC Plan who become disabled are entitled only to their account balance. If a

---

member dies before retirement benefits begin, the members' designated beneficiary is entitled to receive the member's account balance.

Member contributions in the Combined Plan are allocated by the member, and employer contributions are used to fund a defined benefit payment. A members' defined benefit is determined by multiplying 1% of the members' final average salary by the members' years of service credit. The defined portion of the Combined Plan is payable to a member on or after age 60. The defined contribution portion of the account may be taken as a lump sum or converted to a lifetime monthly annuity at age 50.

A retiree of STRS Ohio or another Ohio public retirement system is eligible for reemployment following the elapse of two months from the date of retirement. Contributions are made by the reemployed member and employer during reemployment. Upon termination of reemployment or age 65, whichever comes later, the retiree is eligible for an annuity benefit or equivalent lump-sum payment in addition to the original retirement allowance. A reemployed retiree may alternatively receive a refund of only member contributions with interest before age 65, once employment is terminated.

The DB and Combined Plan offer access to health coverage to eligible retirees who participated in the plans and their eligible dependents. Coverage under the current program includes hospitalization, physicians' fees, prescription drugs and partial reimbursement of monthly Medicare Part B premiums. By Ohio law, health care benefits are not guaranteed.

A DB or Combined Plan member with five or more years' credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of members who die before retirement may qualify for survivor benefits. A death benefit of \$1,000 is payable to the beneficiary of each deceased retired member who participated in the DB Plan. Death benefit coverage up to \$2,000 can be purchased by participants in the DB, DC or Combined Plans. Various other benefits are available to members' beneficiaries.

Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions. Contribution rates are established by the State Teachers Retirement Board, upon recommendation of its consulting actuary, not to exceed statutory maximum rates of 10% for members and 14% for employers. Contribution requirements and the contributions actually made for the fiscal year ended June 30, 2012 (the latest year available), were 10% of covered payroll for members and 14% for employers. The amount required to fund pension obligations during the year is 13%.

SCE's required contributions for pension obligations for the fiscal years ended June 30, 2013, 2012 and 2011 were \$128,157, \$129,118 and \$128,299 respectively; 100% has been contributed for fiscal years 2013, 2012 and 2011. Member and employer contributions actually made for DB, DC and Combined Plan participants will be provided upon written request.

**2. School Employees Retirement System**

SCE contributes to the School Employees Retirement System of Ohio (SERS), a cost-sharing, multiple-employer defined benefit pension plan. SERS provides retirement, disability and survivor benefits; annual cost-of-living adjustments; and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by state statute per Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. The report can be obtained on SERS' website at [www.ohsers.org](http://www.ohsers.org) under Employers/Audit Resources.

Plan members are required to contribute 10% of their annual covered salary and SCE is required to contribute 14% of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended, up to statutory maximum amounts, by the SERS' Retirement Board. The Retirement Board acting with the advice of the actuary, allocates the employer contribution rate among four of the funds (Pension Trust Fund, Death Benefit Fund, Medicare B Fund and Health Care Fund) of the System. For fiscal year ending June 30, 2012 (the latest year available), the allocation to pension and death benefits is 13.10%. The remaining 0.90% of the 14% employer contribution rate is allocated to the Health Care and Medicare B Funds. SCE's contributions to SERS for the fiscal years ended June 30, 2013, 2012 and 2011 were \$14,945, \$14,779 and \$12,622, respectively; 100% has been contributed for fiscal years 2013, 2012 and 2011.

**X. Post-Employment Benefits Other than Pension Benefits**

**1. State Teachers Retirement System**

Ohio law authorizes STRS Ohio to offer a cost-sharing, multiple employer health care plans. STRS Ohio provides access to health care coverage to eligible retirees who participated in the Defined Benefit or Combined Plans. Coverage under the current program includes hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare Part B premiums.

Pursuant to Section 3307 of the Ohio Revised Code, the Retirement Board has discretionary authority over how much, if any, of the associated health care costs will

be absorbed by STRS Ohio. All benefit recipients, for the most recent year, pay a portion of the health care costs in the form of a monthly premium.

Under Ohio law funding for post-employment health care may be deducted from employer contributions. Of the 14% employer contribution rate, 1% of covered payroll was allocated to post-employment health care. The 14% employer contribution rate is the maximum rate established under Ohio law. For the fiscal years ended June 30, 2013, 2012 and 2011 SCE's contributions to post-employment health care were \$9,858, \$9,932 and \$9,869, respectively; 100% has been contributed for fiscal years 2013, 2012 and 2011.

**2. School Employees Retirement System**

In addition to a cost-sharing multiple-employer defined benefit pension plan the School Employees Retirement System of Ohio administers two post-employment benefit plans. The Medicare B Plan reimburses Medicare Part B premiums paid by eligible retirees and beneficiaries as set forth in Ohio Revised Code 3309.69. Qualified benefit recipients who pay Medicare Part B premiums may apply for and receive a monthly reimbursement from SERS. The reimbursement amount is limited by statute to the lesser of the January 1, 1999 Medicare Part B premium or the current premium. The Medicare Part B premium for calendar year 2013 was \$104.90 for most participants, but could be as high as \$335.70 per month depending on their income. SERS' reimbursement to retirees was \$45.50.

The Retirement Board, acting with the advice of the actuary, allocates a portion of the current employer contribution rate to the Medicare Part B Fund. For fiscal year 2012 the actuarially required allocation is .74%. For the fiscal years ended June 30, 2013, 2012 and 2011 SCE contributions to Medicare Part B were \$790, \$802 and \$685, respectively; 100% has been contributed for fiscal years 2013, 2012 and 2011.

Ohio Revised Code 3309.375 and 3309.69 permit SERS to offer health care benefits to eligible retirees and beneficiaries. SERS' Retirement Board reserves the right to change or discontinue any health plan or program. SERS offers several types of health plans from various vendors, including HMOs, PPOs, Medicare Advantage and traditional indemnity plans. A prescription drug program is also available to those who elect health coverage. SERS employs two third-party administrators and a pharmacy benefit manager to manage the self-insurance and prescription drug plans, respectively. The Ohio Revised Code provides a statutory authority to fund SERS' postemployment benefits through employee contributions. Active members do not make contributions to the postemployment plans.

The Health Care Fund was established under, and is administered in accordance with Internal Revenue Code 105(e). Each year after the allocation for statutorily required

benefits, the Retirement Board allocates the remainder of the employer 14% contribution to the Health Care Fund. For the year ended June 30, 2012 the health care allocation is 0.16%. An additional health care surcharge on employers is collected for employees earning less than an actuarially determined minimum compensation amount, pro-rated according to service credit earned. Statutes provide that no employer shall pay a health care surcharge greater than 2% of that employer's SERS covered payroll; nor may SERS collect in aggregate more than 1.5% of the total statewide SERS-covered payroll for the health care surcharge. For fiscal year 2013, the minimum compensation level was established at \$20,525. The surcharge, added to the unallocated portion of the 14% employer contribution rate is the total amount assigned to the Health Care Fund. For the fiscal years ended June 30, 2013, 2012 and 2011 SCE contributions to the Health Care Plan, including the surcharge were \$2,207 \$3,105 and \$2,652 , respectively; 7.74% has been contributed for fiscal year 2013 and 100% for fiscal years 2012 and 2011. \$2,036 representing the unpaid surcharge due for fiscal year 2013 is recorded as a liability within the respective funds.

**XI. Contingencies**

**1. Grants**

SCE received financial assistance from Federal and State agencies in the form of grants. The disbursement of funds received under these programs requires compliance with terms and conditions, specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of SCE. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of SCE at June 30, 2013.

**2. Enrollment FTE**

The Ohio Department of Education conducts reviews of enrollment and full-time equivalency (FTE) calculations made by the schools. These reviews are conducted to ensure the schools are reporting accurate student enrollment data to the State, upon which state foundation funding is calculated. The conclusions of this review could result in state funding being adjusted. Adjustments to the state funding received during fiscal year 2013 have not been calculated as of the audit date and will be included in the financial activity for fiscal year 2014.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities of the Constellation Schools: Stockyard Community Elementary, Cuyahoga County, Ohio (the School), as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the School's basic financial statements, and have issued our report thereon dated November 19, 2013.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the School's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, we do not express an opinion on the effectiveness of the School's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Independent Auditors Report on Internal Control Over  
Financial Reporting and on Compliance and Other  
Matters Based on an Audit of Financial Statements

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the School's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Governmental Auditing Standards* in considering the School's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Independent Auditor's Report on Compliance for Each Major Federal Program and on Internal Control over Compliance Required by OMB Circular A-133**

**Report on Compliance for Each Major Federal Program**

We have audited the Constellation Schools: Stockyard Community Elementary, Cuyahoga County, Ohio (the School) compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the School's major federal programs for the year ended June 30, 2013. The School's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

***Management's Responsibility***

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

***Auditor's Responsibility***

Our responsibility is to express an opinion on compliance for each of the School's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the School's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the School's compliance.

***Opinion on Each Major Federal Program***

In our opinion, the School complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2013.

**Report on Internal Control Over Compliance**

Management of the School is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the School's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the School's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

- (A) The accompanying schedule of expenditures of federal awards includes the federal grant activity of Constellation Schools: Stockyard Community Elementary and is presented on the cash basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.
- (B) Federal money is commingled with state subsidy reimbursements. It is assumed federal moneys are expended first.
- (C) The Community School generally must spend Federal assistance within 15 months of receipt (funds must be obligated by June 30th and spent by September 30th). ### **Independent Accountant's Report on Applying Agreed-Upon Procedures**

Ohio Rev. Code Section 117.53 states "the auditor of state shall identify whether the school district or community school has adopted an anti-harassment policy in accordance with Section 3313.666 of the Revised Code. This determination shall be recorded in the audit report. The auditor of state shall not prescribe the content or operation of any anti-harassment policy adopted by a school district or community school."

Accordingly, we have performed the procedure enumerated below, which was agreed to by the Board, solely to assist the Board in evaluating whether Constellation Schools: Stockyard Community Elementary School (the School) has updated its anti-harassment policy in accordance with Ohio Rev. Code Section 3313.666. Management is responsible for complying with this requirement. This agreed-upon procedure engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of this procedure is solely the responsibility of the Board. Consequently; we make no representation regarding the sufficiency of the procedure described below either for the purpose for which this report has been requested or for any other purpose.

1. We noted the Board adopted its anti-harassment policy at its meeting on June 17, 2010 to include prohibiting harassment, intimidation, or bullying of any student "on a school bus" or by an "electronic act."

We were not engaged to and did not conduct an examination, the objective of which would be the expression of an opinion on compliance with the anti-harassment policy. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the Board and School's sponsor and is not intended to be and should not be used by anyone other than these specified parties.
