INDEPENDENT ACCOUNTANTS' REPORT

International Academy of Ohio
D/B/A International Academy of Columbus
Franklin County
1201 Schrock Court
Columbus, Ohio 43229

To the Board of Directors:

We have audited the accompanying basic financial statements of the International Academy of Ohio, D/B/A International Academy of Columbus, Franklin County, Ohio (the Academy), as of and for the year ended June 30, 2012, as listed in the table of contents. These financial statements are the responsibility of the Academy's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the International Academy of Ohio, D/B/A International Academy of Columbus, Franklin County, Ohio, as of June 30, 2012, and the changes in financial position and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 17, 2012, on our consideration of the Academy's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require this presentation to include *Management's discussion and analysis*, as listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any other assurance.

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2012
"UNAUDITED"

The discussion and analysis of the International Academy of Ohio, D/B/A International Academy of Columbus' (the "Academy") financial performance provides an overall review of the Academy's financial activities for the fiscal year ended June 30, 2012. The intent of this discussion and analysis is to look at the Academy's financial performance as a whole; readers should also review the notes to the basic financial statements and financial statements to enhance their understanding of the Academy's financial performance.

Financial Highlights

Key financial highlights for 2012 are as follows:

- In total, net assets were \$293,068 at June 30, 2012.
- The Academy had operating revenues of \$1,513,598, operating expenses of \$2,072,647 and non-operating revenues of \$469,832 for fiscal year 2012. Total change in net assets for the fiscal year was a decrease of \$89,217.

Using these Basic Financial Statements

This annual report consists of management's discussion and analysis, the basic financial statements and notes to those statements. These statements are organized so the reader can understand the Academy's financial activities and financial position. The *statement of net assets* and *statement of revenues, expenses and changes in net assets* provide information about the activities of the Academy, including all short-term and long-term financial resources and obligations.

Reporting the Academy's Financial Activities

Statement of Net Assets, Statement of Revenues, Expenses, and Changes in Net Assets and the Statement of Cash Flows

These documents look at all financial transactions and ask the question, "How did we do financially during 2012?" The statement of net assets and the statement of revenues, expenses and changes in net assets answer this question. These statements include *all assets, liabilities, revenues and expenses* using the *accrual basis of accounting* similar to the accounting used by most private-sector companies. This basis of accounting will take into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the Academy's *net assets* and changes in those assets. This change in net assets is important because it tells the reader that, for the Academy as a whole, the *financial position* of the Academy has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. These statements can be found on pages 8 and 9 of this report.

The statement of cash flows provides information about how the Academy finances and meets the cash flow needs of its operations. The statement of cash flows can be found on page 10 of this report.

Notes to the Basic Financial Statements

The notes to the basic financial statements provide additional information that is essential to a full understanding of the data provided in the financial statements. These notes to the basic financial statements can be found on pages 11-21 of this report.

The table below provides a summary of the Academy's net assets for fiscal years 2012 and 2011.

	Net Assets	
	<u>2012</u>	<u>2011</u>
<u>Assets</u>		
Current assets	\$ 521,681	\$ 536,427

Unrestricted	<u>198,816</u>	<u>289,197</u>
Total net assets	<u>\$ 293,068</u>	<u>\$ 382,285</u>

Over time, net assets can serve as a useful indicator of a government's financial position. At June 30, 2012, the Academy's net assets totaled \$293,068. The overall decrease in capital assets of \$10,254 is primarily due to depreciation expense. This decrease in capital assets is the primary reason for the decrease in net assets invested in capital assets.

Current assets decreased by 2.75%, primarily due to a decrease in intergovernmental receivable in the amount of \$68,162. At fiscal year-end, capital assets represented 2.21% of total assets. Capital assets include two modular classroom buildings, leasehold improvements and furniture and equipment. Capital assets, net of accumulated depreciation at June 30, 2012, were \$12,015. These capital assets are used to provide services to the students and are not available for future spending. A portion of the Academy's net assets, \$82,237, represents resources that are subject to external restriction on how they may be used. The remaining balance of unrestricted net assets of \$198,816 may be used to meet the Academy's ongoing operations.

Net assets at end of year	\$ 293,068	\$ 382,285

Operating revenues increased \$225,406, or 17.50%, primarily due to an increase in State foundation revenue. This increase in operating revenue was offset by a decrease in federal and State grant funding of \$95,720, or 16.94%. The Academy received additional funding from State foundation in fiscal year 2012 due to an increase in attendance of approximately 30 students.

Operating expenses increased \$192,134, or 10.22%, in fiscal year 2012 versus 2011. The primary increase was in the area of salaries and wages which collectively increased \$91,003, or 9.56%. This increase is primarily attributed to the increase in teachers' salaries due to increased attendance during fiscal year 2012.

Budgeting Highlights

Community schools in Ohio are exempt from appropriations law, but are required to submit a financial forecast.

Current Financial Related Activities

Management and the Board intend to continue their good stewardship of public funds by keeping appropriate levels of working capital and net assets. The current level of net assets is about 19 percent of operating revenues for fiscal year 2012. The Academy must continue to look for ways to increase its efficiency and effectiveness. As described in the previous pages, the Academy has limited means to increase its revenue relative to traditional school districts. Community schools cannot seek additional funds through the passage of tax levies and are limited to the per pupil revenue provided through State foundation. As such, the Academy must constantly monitor budgets and develop revenue models to accurately anticipate changes in funding and timing of cash.

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2012**

NOTE 1 - DESCRIPTION OF THE ACADEMY

The International Academy of Ohio, D/B/A International Academy of Columbus (the "Academy") is a non-profit corporation established pursuant to the Ohio Revised Code Chapters 1702 and 3314 to maintain and provide a school exclusively for educational, literary, scientific, and related teaching service that qualifies as an exempt organization under Section 501(c)(3) of the Internal Revenue Code. Specifically the Academy's purpose is to be a model charter school serving children from kindergarten through grade eight. The Academy, which is part of the State's education program, is independent of any school district. The Academy may sue and be sued, acquire facilities as needed, and contract for any services necessary for the operation of the Academy. Management is not aware of any course of action or series of events that have occurred that might adversely affect the Academy's tax exempt status.

The creation of the Academy was initially proposed to the Ohio Department of Education (the "Sponsor") by the developers of the Academy in July, 2000. The Sponsor approved the proposal and entered into a contract with the developers, which provided for the commencement of the Academy's operations on May 31, 2002 for a period of five years. Also, on May 31, 2002, the Ohio Department of Education assigned the sponsor contract to the Lucas County Educational Service Center (LCESC). On September 1, 2005, the LCESC assigned the sponsor contract to the Buckeye Community Hope Foundation. Buckeye Community Hope Foundation is the current sponsor of the Academy.

The Academy is located in Columbus, Ohio, Franklin County. The Academy operates under a self-appointed five-member Board of Directors, which is comprised of a variety of community leaders. The Board is responsible for carrying out the provisions of the contract, which include, but are not limited to, State mandated provisions regarding student population, curriculum, academic goals, performance standards, admissions standards, and qualifications of teachers. The Board of Trustees controls the Academy's one instructional facility staffed by 15 full time non-certified personnel, 16 certified full-time teaching personnel and 1 administrator who provide services to approximately 229 students.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements (BFS) of the Academy have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to a governmental nonprofit organization. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The Academy also applied Financial Accounting Standards Board (FASB) guidance issued on or before November 30, 1989, provided those pronouncements did not conflict with or contradict GASB pronouncements. The Academy had the option to also apply FASB guidance issued after November 30, 1989, subject to this same limitation. The Academy elected not to apply these FASB guidance. The Academy's significant accounting policies are described below.

A. Basis of Presentation

The Academy's basic financial statements consist of a statement of net assets; a statement of revenues, expenses, and changes in net assets; and a statement of cash flows.

**INTERNATIONAL ACADEMY OF OHIO
D/B/A INTERNATIONAL ACADEMY OF COLUMBUS
FRANKLIN COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2012**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Enterprise accounting is used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent is that the costs (expenses) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges or where it has been decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

Operating revenues are those revenues that are generated directly from the primary activity of the Academy. Operating expenses are necessary costs incurred to provide the service that is the primary activity of the Academy. All revenues and expenses not meeting this definition were reported as non-operating.

B. Measurement Focus and Basis of Accounting

Enterprise accounting uses a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of the Academy are included on the statement of net assets. The statement of revenues, expenses, and changes in net assets presents increases (i.e., revenues) and decreases (i.e., expenses) in net total assets. The statement of cash flows reflects how the Academy finances its cash flow needs.

Basis of accounting refers to when revenues and expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made. The accrual basis of accounting is utilized for reporting purposes. Revenues are recognized when they are earned, and expenses are recognized when they are incurred.

C. Budgetary Process

Unlike other public schools located in the State of Ohio, the Academy is not required to follow budgetary provisions set forth in Ohio Revised Code Section 5705, unless specifically provided in the contract between the Academy and its sponsor. The contract between the Academy and its Sponsor prescribes an annual budget requirement in addition to preparing a five-year forecast which is updated on an annual basis.

D. Cash and Cash Equivalents

Cash and investments held by the Academy are reflected as "cash and cash equivalents" on the statement of net assets. All monies received by the Academy were deposited in demand deposit accounts.

E. Capital Assets and Depreciation

All capital assets were capitalized at cost (or estimated historical cost) and updated for additions and disposals during the year. Donated capital assets were recorded at their fair market values on the date donated. The Academy maintained a capitalization threshold of \$1,000. The Academy did not have any infrastructure. Leasehold Improvements were capitalized. The costs of normal maintenance and repairs that did not add to the value of the asset or materially extend an asset's life were not capitalized. Interest incurred during the construction of capital assets is also capitalized. The Academy did not have any capitalized interest during the year.

**INTERNATIONAL ACADEMY OF OHIO
D/B/A INTERNATIONAL ACADEMY OF COLUMBUS
FRANKLIN COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2012**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

All capital assets were depreciated. Leasehold Improvements were depreciated over the remaining useful lives of the related capital assets from three to four years. Depreciation was computed using the straight-line method. Furniture and equipment was depreciated over three to ten years. Modular classroom buildings are depreciated over ten years.

F. Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, are net of accumulated depreciation. Net assets are reported as restricted when there are limitations imposed on their use, either through enabling legislation or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

The Academy applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

G. Prepaid Items

A prepaid item is an asset that occurs when a vendor is paid for services that will benefit a future accounting period. When items meet these criteria, they are reported as assets on the statement of net assets using the consumption method. Under the consumption method, a current asset for the prepaid amount is recorded at the time of the purchase and the expense is reported in the year in which services are consumed. The Academy had \$31,652 in prepaid assets at June 30, 2012.

H. Intergovernmental Revenue

The Academy participated in the State Foundation Program through the Ohio Department of Education. Revenue from this program was recognized as operating revenue in the accounting period in which all eligibility requirements had been met.

Grants and entitlements are recognized as non-operating revenues in the accounting period in which all eligibility requirements have been met. Eligibility includes timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the Academy must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the Academy on a reimbursement basis.

I. Security Deposit

At June 30, 2012, the Academy had a deposit of \$10,500 with American Municipal Power, Inc., as security for the faithful performance of all lease covenants and conditions of the property leased. The deposit is recorded on the accompanying statement of net assets as a non-current asset.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

J. Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

NOTE 3 - ACCOUNTABILITY AND COMPLIANCE

Change in Accounting Principles

For fiscal year 2012, the Academy has implemented GASB Statement No. 57, "OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans", and GASB Statement No. 64, "Derivative Instruments: Application of Hedge Accounting Termination Provisions - an Amendment of GASB Statement No. 53".

GASB Statement No. 57 addresses issues related to the use of the alternative measurement method and the frequency and timing of measurements by employers that participate in agent multiple-employer other postemployment benefit (OPEB) plans. The implementation of GASB Statement No. 57 did not have an effect on the financial statements of the Academy.

GASB Statement No. 64 clarifies the circumstances in which a hedge accounting should continue when a swap counterparty, or a swap counterparty's credit support provider, is replaced. The implementation of GASB Statement No. 64 did not have an effect on the financial statements of the Academy.

NOTE 4 - DEPOSITS AND INVESTMENTS

Deposits

At June 30, 2012, the carrying amount of the Academy's deposits was \$419,675. Based on the criteria described in GASB Statement No. 40, "Deposits and Investment Risk Disclosures", as of June 30, 2012, \$14,589 of the Academy's bank balance of \$470,062 was exposed to custodial risk as discussed below, while \$455,473 was covered by the Federal Deposit Insurance Corporation (FDIC).

Custodial credit risk is the risk that in the event of bank failure, the Academy will not be able to recover the deposits. All deposits are collateralized with eligible securities in amounts equal to at least 105% of the carrying value of deposits. Such collateral, as permitted by the Ohio Revised Code, is held in single financial institution collateral pools at the Federal Reserve Banks or at member banks of the federal reserve system, in the name of the respective depository and pledged as a pool of collateral against all of the public deposits it holds or as specific collateral held at the Federal Reserve Bank in the name of the Academy.

The Academy had no deposit policy for custodial risk beyond the requirements of the State statute. Ohio law requires that deposits be either insured or be protected by eligible securities pledged to and deposited either with the Academy or a qualified trustee by the financial institution as security for repayment, or by a collateral pool of eligible securities deposited with a qualified trustee and pledged to secure the repayment of all public monies deposited in the financial institution whose market value at all times shall be at least 105% of the deposits being secure.

NOTE 9 - PENSION PLANS

A. School Employees Retirement System

Plan Description - The Academy contributes to the School Employees Retirement System (SERS), a cost-sharing, multiple-employer defined benefit pension plan. SERS provides retirement, disability, survivor benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the School Employees Retirement System, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3746. It is also posted on the SERS' Ohio website, www.ohsers.org, under "Employers/Audit Resources".

Funding Policy - Plan members are required to contribute 10 percent of their annual covered salary and the Academy is required to contribute at an actuarially determined rate. The current Academy rate is 14 percent of annual covered payroll. A portion of the Academy's contribution is used to fund pension obligations with the remainder being used to fund health care benefits. For fiscal year 2012, 12.65 percent and 0.05 percent of annual covered salary was the portion used to fund pension obligations and death benefits, respectively. The contribution requirements of plan members and employers are established and may be amended by the SERS' Retirement Board up to a statutory maximum amount of 10 percent for plan members and 14 percent for employers. Chapter 3309 of the Ohio Revised Code provides statutory authority for member and employer contributions. The Academy's required contributions for pension obligations and death benefits to SERS for the fiscal years ended June 30, 2012, 2011 and 2010 were \$49,792, \$43,485 and \$48,487, respectively; 100 percent has been contributed for fiscal years 2012, 2011 and 2010.

B. State Teachers Retirement System of Ohio

Plan Description - The Academy participates in the State Teachers Retirement System of Ohio (STRS Ohio), a cost-sharing, multiple-employer public employee retirement plan. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a stand-alone financial report that may be obtained by writing to STRS Ohio, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS Ohio website at www.strsoh.org, under "Publications".

NOTE 9 - PENSION PLANS - (Continued)

New members have a choice of three retirement plans, a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. The DB plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on a member's lifetime contributions and earned interest matched by STRS Ohio funds divided by an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5 percent of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal. The Combined Plan offers features of both the DC Plan and the DB Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The DB portion of the Combined Plan payment is payable to a member on or after age 60; the DC portion of the account may be taken as a lump sum or converted to a lifetime monthly annuity at age 50. Benefits are established by Chapter 3307 of the Ohio Revised Code.

A DB or Combined Plan member with five or more years credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy - For fiscal year 2012, plan members were required to contribute 10 percent of their annual covered salaries. The Academy was required to contribute 14 percent; 13 percent was the portion used to fund pension obligations. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions.

The Academy's required contributions for pension obligations to STRS Ohio for the fiscal years ended June 30, 2012, 2011 and 2010 were \$82,227, \$74,955 and \$70,096, respectively; 87.62 percent has been contributed for fiscal year 2012 and 100 percent for fiscal years 2011 and 2010. Contributions to the DC and Combined Plans for fiscal year 2012 were \$20,315 made by the Academy and \$14,511 made by the plan members.

C. Social Security System

Effective July 1, 1991, all employees not otherwise covered by the SERS/STRS Ohio have an option to choose Social Security or the SERS/STRS Ohio. As of June 30, 2012, certain members of the Board of Directors have elected Social Security. The Academy's liability is 6.2 percent of wages paid.

NOTE 10 - POSTEMPLOYMENT BENEFITS

A. School Employees Retirement System

Plan Description - The Academy participates in two cost-sharing, multiple employer postemployment benefit plans administered by the School Employees Retirement System (SERS) for non-certificated retirees and their beneficiaries, a Health Care Plan and a Medicare Part B Plan. The Health Care Plan includes hospitalization and physicians' fees through several types of plans including HMO's, PPO's, Medicare Advantage, and traditional indemnity plans. A prescription drug program is also available to those who elect health coverage. SERS employs two third-party administrators and a pharmacy benefit manager to manage the self-insurance and prescription drug plans, respectively. The Medicare Part B Plan reimburses Medicare Part B premiums paid by eligible retirees and beneficiaries as set forth in Section 3309.69 of the Ohio Revised Code. Qualified benefit recipients who pay Medicare Part B premiums may apply for and receive a monthly reimbursement from SERS. The reimbursement amount is limited by statute to the lesser of the January 1, 1999 Medicare Part B premium or the current premium. The Medicare Part B premium for calendar year 2012 was \$99.90 for most participants, but could be as high as \$319.70 per month depending on their income and the SERS' reimbursement to retirees was \$45.50. Benefit provisions and the obligations to contribute are established by the System based on authority granted by State statute. The financial reports of both Plans are included in the SERS Comprehensive Annual Financial Report which is available by contacting SERS at 300 East Broad St., Suite 100, Columbus, Ohio 43215-3746. It is also posted on the SERS' Ohio website, www.ohsers.org, under "*Employers/Audit Resources*".

Funding Policy - State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required benefits, the Retirement Board allocates the remainder of the employer contribution of 14 percent of covered payroll to the Health Care Fund. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 105(e). For 2012, 0.55 percent of covered payroll was allocated to health care. An additional health care surcharge on employers is collected for employees earning less than an actuarially determined minimum compensation amount, pro-rated according to service credit earned. Statutes provide that no employer shall pay a health care surcharge greater than 2.0 percent of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5 percent of the statewide SERS-covered payroll for the health care surcharge. For fiscal year 2012, the actuarially determined amount was \$35,800.

Active members do not contribute to the postemployment benefit plans. The Retirement Board establishes the rules for the premiums paid by the retirees for health care coverage for themselves and their dependents or for their surviving beneficiaries. Premiums vary depending on the plan selected, qualified years of service, Medicare eligibility and retirement status.

The Academy's contributions for health care (including surcharge) for the fiscal years ended June 30, 2012, 2011 and 2010 were \$7,962, \$11,072 and \$7,127, respectively; 100 percent has been contributed for fiscal years 2012, 2011 and 2010.

NOTE 10 - POSTEMPLOYMENT BENEFITS - (Continued)

The Retirement Board, acting with advice of the actuary, allocates a portion of the employer contribution to the Medicare B Fund. For fiscal year 2012, this actuarially required allocation was 0.75 percent of covered payroll. The Academy's contributions for Medicare Part B for the fiscal years ended June 30, 2012, 2011, and 2010 were \$2,939, \$2,798 and \$2,883, respectively; 100 percent has been contributed for fiscal years 2012, 2011 and 2010.

B. State Teachers Retirement System of Ohio

Plan Description - The Academy contributes to the cost sharing, multiple employer defined benefit Health Plan (the "Plan") administered by the State Teachers Retirement System of Ohio (STRS Ohio) for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS Ohio. Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare Part B premiums. The Plan is included in the report of STRS Ohio which may be obtained by visiting www.strsoh.org, under "Publications" or by calling (888) 227-7877.

Funding Policy - Ohio law authorizes STRS Ohio to offer the Plan and gives the Retirement Board authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. Active employee members do not contribute to the Plan. All benefit recipients pay a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions. For 2012, STRS Ohio allocated employer contributions equal to 1 percent of covered payroll to the Health Care Stabilization Fund. The Academy's contributions for health care for the fiscal years ended June 30, 2012, 2011 and 2010 were \$6,325, \$5,766 and \$5,392, respectively; 87.62 percent has been contributed for fiscal year 2012 and 100 percent for fiscal years 2011 and 2010.

NOTE 11 - OTHER EMPLOYEE BENEFITS

Compensated Absences

The criteria for determining vacation and sick leave components are derived from the Academy policy and State laws. All employees are at-will employees and do not have contracts as employees in traditional school districts. Full time administrative staff members are entitled to accrue 10 vacation days per year. Vacation time for the custodian is determined annually by the Management team. Vacation time for the Academy Director is determined annually by the Board. Salaried employees accrue sick time of 10 days per school year (0.833 per month) and are awarded 3 personal days and 1 professional day at the beginning of each school year. Hourly rate employees do not accrue leave and are paid based upon hours worked only. Personal and professional days do not carry over to the following school year.

NOTE 12 - RISK MANAGEMENT

A. Property and Liability

The Academy is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Academy maintains insurance coverage with Wells Fargo Insurance Company for general liability, buildings and contents, and school leaders' errors and omissions. The general liability coverage is in the amount of \$2,000,000 aggregate. There has not been a significant reduction in coverage from the prior year. Settled claims have not exceeded the commercial coverage in any of the past three years.

B. Employee Medical, Dental, and Vision Benefits

The Academy has contracted with a private carrier to provide employee health insurance benefits. The employee has the option of using the Academy's insurance provider or using an outside provider. Insurance premiums vary by employee depending upon such factors as age, gender, and number of covered dependents.

C. Workers' Compensation

The Academy pays the State Workers' Compensation System a premium for employee injury coverage. The premium is calculated by multiplying the monthly gross total payroll by a factor that is calculated by the State.

NOTE 13 - CONTINGENCIES

A. Grants and ADM

The Auditor of State is currently performing a statewide review of supporting documentation for student attendance data reported to the Ohio Department of Education. The results of this review are still pending and will be reported separately to the Ohio Department of Education at a later date.

The Academy received financial assistance from federal and State agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the general fund or other applicable funds. This also encompasses the Auditor of State's ongoing review of student attendance data; however, the effect of any such disallowed claims on the overall financial position of the Academy at June 30, 2012, if applicable, cannot be determined at this time.

NOTE 13 - CONTINGENCIES - (Continued)

B. State Foundation Funding

The Ohio Department of Education conducts reviews on enrollment data and full-time equivalency (FTE) calculations made by the schools. These reviews are conducted to ensure the schools are reporting accurate student enrollment data to the State, upon which state foundation funding is calculated. As a result of the review after fiscal year end, the Ohio Department of Education overpaid the Academy \$43,954. This amount is reflected as intergovernmental payable on the basic financial statements.

C. Litigation

The Academy is not involved in any litigation that, in the opinion of management, would have a material effect on the financial statements.

INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

International Academy of Ohio
D/B/A International Academy of Columbus
Franklin County
1201 Schrock Court
Columbus, Ohio 43229

To the Board of Directors:

We have audited the basic financial statements of the International Academy of Ohio, D/B/A International Academy of Columbus, Franklin County, Ohio (the Academy) as of and for the year ended June 30, 2012, and have issued our report thereon dated December 17, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Academy's internal control over financial reporting as a basis for designing our audit procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of opining on the effectiveness of the Academy's internal control over financial reporting. Accordingly, we have not opined on the effectiveness of the Academy's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in more than a reasonable possibility that a material misstatement of the Academy's financial statements will not be prevented, or detected and timely corrected.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider material weaknesses, as defined above.

Compliance and Other Matters

As part of reasonably assuring whether the Academy's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

INDEPENDENT ACCOUNTANTS' REPORT ON APPLYING AGREED-UPON PROCEDURE

International Academy of Ohio
D/B/A International Academy of Columbus
Franklin County
1201 Schrock Court
Columbus, Ohio 43229

To the Board of Education:

Ohio Rev. Code Section 117.53 states "the auditor of state shall identify whether the school district or community school has adopted an anti-harassment policy in accordance with Section 3313.666 of the Revised Code. This determination shall be recorded in the audit report. The auditor of state shall not prescribe the content or operation of any anti-harassment policy adopted by a school district or community school."

Accordingly, we have performed the procedure enumerated below, which was agreed to by the Board, solely to assist the Board in evaluating whether International Academy of Ohio, D/B/A International Academy of Columbus, Franklin County, Ohio (the Academy) has updated its anti-harassment policy in accordance with Ohio Rev. Code Section 3313.666. Management is responsible for complying with this requirement. This agreed-upon procedure engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of this procedure is solely the responsibility of the Board. Consequently, we make no representation regarding the sufficiency of the procedure described below either for the purpose for which this report has been requested or for any other purpose.

1. We noted the Board did not amend its anti-harassment policy to include violence within a dating relationship within its definition of harassment, intimidation or bullying.

Ohio Rev. Code Section 3313.666 required the Board to amend its definition by September 28, 2010.

We were not engaged to and did not conduct an examination, the objective of which would be the expression of an opinion on compliance with the anti-harassment policy. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the Board and the Academy's sponsor, and is not intended to be and should not be used by anyone other than these specified parties.
