INDEPENDENT ACCOUNTANTS' REPORT

Jackson City School District Jackson County 450 Vaughn Street Jackson, Ohio 45640

To the Board of Education:

We have audited the accompanying financial statements of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the Jackson City School District, Jackson County, Ohio (the School District), as of and for the year ended June 30, 2012, which collectively comprise the School District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the School District's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinions.

Ohio Administrative Code Section 117-2-03(B) requires the School District to prepare its annual financial report in accordance with accounting principles generally accepted in the United States of America. However, as discussed in Note 2, the accompanying financial statements and notes follow the cash accounting basis. This is a comprehensive accounting basis other than generally accepted accounting principles. The accompanying financial statements and notes omit assets, liabilities, fund equities, and disclosures that, while material, we cannot determine at this time.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective cash financial position of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the Jackson City School District, Jackson County, Ohio, as of June 30, 2012, and the respective changes in cash financial position, thereof and the budgetary comparison for the General Fund, thereof for the year then ended in conformity with the basis of accounting Note 2 describes.

Jackson City School District Jackson County Independent Accountants' Report Page 2

In accordance with *Government Auditing Standards*, we have also issued our report dated March 14, 2013, on our consideration of the School District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

We conducted our audit to opine on the School District's financial statements taken as a whole. Management's Discussion & Analysis includes tables of net assets, changes in net assets, governmental activities and long-term debt. The Federal Awards Receipts and Expenditure Schedule (the Schedule) is required by the U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. These tables and the Schedule provide additional information, but are not part of the basic financial statements. However these tables and the Schedule are management's responsibility, and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. These tables and the schedule were subject to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, in accordance with auditing standards generally accepted in the United States of America. In our opinion, this information is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole. Other than the aforementioned procedures applied to the tables, we applied no procedures to any other information in Management's Discussion & Analysis, and we express no opinion or any other assurance on it.

Dave Yost Auditor of State

March 14, 2013

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2012 Unaudited

The discussion and analysis of the Jackson City School District's (School District) financial performance provides an overall review of the School District's financial activities for the fiscal year ended June 30, 2012. The intent of this discussion and analysis is to look at the School District's financial performance as a whole; readers should also review the financial statements and the notes to the financial statements to enhance their understanding of the School District's financial performance.

FINANCIAL HIGHLIGHTS

Key financial highlights for the fiscal year 2012 are as follows:

- Net assets of governmental activities increased \$1,382,415.
- General revenues accounted for \$21,840,160 in revenue or 77.4 percent of all revenues. Program specific revenues in the form of charges for services, grants, contributions, and interest accounted for \$6,370,872 or 22.6 percent of total revenues of \$28,211,032.
- The School District had \$26,828,617 in expenses related to governmental activities; only \$6,370,872 of these expenses were offset by program specific charges for services, grants, contributions, and interest. General revenues (primarily taxes and intergovernmental) of \$21,840,160 were adequate to cover the remaining expenses.
- At the end of the current fiscal year, the School District's governmental funds reported a combined ending fund balance of \$15,984,588, an increase of \$1,382,415 from the prior year.

USING THIS ANNUAL FINANCIAL REPORT

This annual report is presented in a format consistent with the presentation requirements of Governmental Accounting Standards Board Statement No. 34, as applicable to the School District's cash basis of accounting.

This discussion and analysis is intended to serve as an introduction to Jackson City School District's Cash Financial Statements. The School District's financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the School District's finances, in a manner similar to a private-sector business.

The *Statement of Net Assets – Cash Basis* presents information on all of School District's cash assets, presented as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the cash position of School District is improving or deteriorating.

The Statement of Activities – Cash Basis presents information showing how the government's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs.

Both of the government-wide financial statements identify functions of School District that are principally supported by taxes and intergovernmental receipts (governmental activities). The governmental activities of the School District include general operations, food service, preschool, vocational, and student related activities.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2012 Unaudited

In the statement of net assets and the statement of activities, the School district is divided into two types of activities:

Governmental Activities – Most of the School District's basic services are reported here, including athletics and music. State and federal grants, state foundation receipts, and property taxes finance most of these activities. Benefits provided through governmental activities are not necessarily paid by the people receiving them.

Component Units – The School District's financial statements include financial data of the Center for Student Achievement. This component unit is described in the notes to the financial statements. Component units are separate and may buy, sell, lease, and mortgage property in their own name and can sue or be sued in their own name.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objects. The School District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the School District can be divided into two categories: governmental funds and fiduciary funds.

Governmental Funds Most of the School District's activities are reported in governmental funds. The government fund financial statements provide a detailed view of the School District's operations and the basic services it provides. Governmental fund information helps determine whether there are more or less financial resources that can be spent to finance educational programs. The School District's significant governmental funds are presented on the financial statements in separate columns. The information for nonmajor funds (funds whose activity or balances are not large enough to warrant separate reporting) is combined and presented in a total in a single column. The School District's major funds are the General Fund and the Jones Trust Permanent Fund. The programs reported in the governmental funds are closely related to those reported in the governmental activities section of the entity-wide statements.

Fiduciary Funds Fiduciary funds are used to account for resources held for the benefit of parties outside the School District. Fiduciary funds are not reflected on the government-wide financial statements because the resources from those funds are not available to support the School District's programs. The School District has a private purpose trust fund and an agency fund.

Notes to the Financial Statements The notes provide additional information that is essential to a full understanding of the data provided on the government-wide and fund financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net assets – cash basis may serve over time as a useful indicator of a government's financial position. The School District has chosen to report on an *Other Comprehensive Basis of Accounting* in a format similar to that required by Governmental Accounting Standard No. 34.

This statement requires a comparative analysis of government-wide data in the Management Discussion and Analysis (MD&A) section.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2012 Unaudited

Table 1 provides a summary of the School District's net assets – cash basis for 2012 compared to 2011:

Table 1
Net Assets - Cash Basis

	Governmental Activities		
	2012	2011	
Assets			
Equity in Pooled Cash and Cash Equivalents	\$15,984,588	\$14,602,173	
Total Assets	15,984,588	14,602,173	
Net Assets			
Restricted for:			
Endowments:			
Expendable	3,749,548	3,815,928	
Non-Expendable	100,000	100,000	
Other Purposes	3,286,116	3,112,554	
Capital Projects	1,313,568	2,138,603	
Debt Service	1,247,746	973,985	
Unrestricted	6,287,610	4,461,103	
Total Net Assets	\$15,984,588	\$14,602,173	

As noted previously, net assets of governmental activities increased \$1,382,415, which represents a 9.5 percent increase from 2011. The reason for this was increases in grants and entitlements general revenue in the amount of \$489,344, and an increase of \$703,220 in proceeds from notes. The grants and entitlements general revenue increase is due to an increase student population and the accompanying increase in state funding. The note proceeds are the result of the School District's current House Bill 264 Energy Conservation Project, the purpose of which is to reduce and improve energy consumption in each of the School District's five instructional facilities.

Jackson City School District, Ohio Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2012 Unaudited

Table 2 shows the changes in net assets for the fiscal year ended June 30, 2012, and comparisons to fiscal year 2011.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2012 Unaudited

Governmental Activities

Program receipts, charges paid by the recipient of the goods or services offered by the program; grants and contributions that are restricted to meeting the operational or capital requirements of a particular program; and interest earned on grants that is required to be used to support a particular program, accounted for 22.6 percent of total receipts for governmental activities in fiscal year 2012, therefore, the programs offered by the School District are primarily financed through general receipts. General revenues are primarily composed of property taxes, grants and entitlements not restricted for a particular program.

The DeRolph III decision has not eliminated the School District's dependence on property taxes. The unique nature of property taxes in Ohio creates the need to routinely seek voter approval for operating funds. As the result of legislation enacted in 1976, the overall revenue generated by a levy will not increase solely as a result of inflation. As an example, a homeowner with a home valued at \$100,000 and taxed at 1.0 mill would pay \$35.00 annually in taxes. If three years later the home were reappraised and increased to \$200,000 (and this inflationary increases in value is comparable to other property owners) the effective tax rate would become 0.5 mills and the owner would still pay \$35.00. This legislation helps explain the sizable increase in the School District's taxable value accompanied by the relatively small increase, or even decreases in tax revenue. Property taxes made up 22.7 percent of revenues for governmental activities for Jackson City School District in 2012.

The primary sources of revenue for governmental activities are derived from property taxes and grants and entitlements. These two revenue sources represent 89.7 percent of total revenue. Grants and entitlements, alone, represent 65.9 percent of general revenues. Charges for services, interest income, miscellaneous revenues, insurance recoveries, and proceeds from notes account for the remaining 10.3 percent of total revenue.

Though net assets of the School District experienced an increase in fiscal year 2012, the continuing economic pressures placed upon the School District due to ever changing academic requirements will remain and should not be underestimated. Instructional services of \$13,562,801, and support services of \$8,594,494, accounted for 82.6 percent of total disbursements. The remaining 17.4 percent of program disbursements are for other obligations of the School District such as non-instructional services, food service operations, extracurricular activities, capital outlay, and debt service.

The Statement of Activities – Cash Basis shows the cost of program services and the charges for services, grants, contributions, and interest earnings offsetting those services. Table 3 shows the total cost of services and the net cost of services. In other words, it identifies the cost of those services supported by tax revenue and unrestricted entitlements.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2012 Unaudited

Table 3 Governmental Activities

	2012 Total Cost of Services	2012 Net Cost of Services	2011 Total Cost of Services	2011 Net Cost of Services

Business	28,024	28,024	26,071	26,071
Operation and Maintenance of Plant	2,821,496	2,000,666	2,763,430	1,741,815
Pupil Transportation	1,470,337	1,386,201	1,490,043	1,334,997
Central	10,181	10,181	5,375	5,375
Operation of Non-Instructional Services:				
Food Service Operations	1,160,966	(163,006)	1,099,291	(77,269)
Community Services	70,624	(20,994)	61,039	(93,034)
Extracurricular Activities	733,544	354,006	738,664	381,630
Capital Outlay	877,629	875,742	1,920	(3,089)
Debt Service:				
Principal Payment	1,318,220	1,318,220	1,580,684	1,580,684
Interest and Fiscal Charges	510,339	510,339	539,418	539,418
Totals	\$26,828,617	\$20,457,745	\$26,480,013	\$19,653,649

The dependence upon tax revenues and state subsidies for governmental activities is apparent. For fiscal year 2012, 77.4 percent of all instructional activities are supported through taxes and other general revenues.

THE SCHOOL DISTRICT FUNDS

The School District's major funds are accounted for using the cash basis of accounting. All governmental funds had total receipts of \$27,361,033 and disbursements of \$26,828,617.

General Fund Budgeting Highlights

The School District's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund.

During the course of fiscal 2012, the School District amended its General Fund budget, but not significantly. The School District uses a modified site-based budgeting technique which is designed to tightly control total site budgets but provide flexibility for site management.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2012 Unaudited

For the General Fund, budget basis revenues were \$20,315,934, below final revenue estimates of \$20,418,916. Final estimated revenues were above original estimated revenues of \$19,833,585. Expenditures of \$18,996,594 were below the final appropriations estimate of \$19,105,098. Final estimated expenditures were below original estimated expenditures of \$20,772,772. The School District's ending unobligated general fund balance was \$5,910,278.

DEBT ADMINISTRATION

At June 30, 2012, the School District had Classroom Facilities Assistance Bonds outstanding of \$12,039,676, a Lease-Purchase Agreement for the School District's Alumni Stadium in the amount of \$640,000, and a House Bill 264 Energy Conservation Note in the amount of \$685,000.

Totals	\$13,364,676	\$13,621,540	

For additional information on debt, see Note 17 to the basic financial statements.

CURRENT ISSUES

The financial future of the School District is not without its challenges. These challenges are external and internal in nature. The internal challenges will continue to exist, as the School District must rely heavily on local property taxes to fund its operations. Due to slow economic growth, the School District does not foresee any sustainable growth in revenue from property taxes. Thus management must diligently plan expenses from the modest growth attained, staying carefully within its five-year forecast. Additional revenues from what was estimated must not be treated as a windfall to expand programs but as an opportunity to extend the time horizon of the five-year forecast.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2012 Unaudited

Externally, the School District is largely dependent on State funding sources (nearly 67.0 percent of the School District's operating funds come from State foundation payments and other entitlements). State foundation revenue is fundamentally a function of student enrollment and a district's property tax wealth. The School District has seen a slight increase in student enrollment in recent years and while State revenue growth has shifted toward school districts with low property tax wealth, recent property tax revaluations has reduced the School District's funding from the State Foundation charge off supplement and has served to somewhat offset the other increases in State funding.

Although higher per-pupil funding has helped the School District lessen the impact of increased instructional expenses, much of the positive impact has been offset by other negative financial factors that occurred in the past year (higher insurance costs, increased personal service costs, and higher fuel costs).

As the preceding information shows, the School District depends upon its taxpayers. Although the School District has continued to keep spending in line with revenues, and carefully watched financial planning, this must continue if the School District hopes to remain on firm financial footing.

CONTACTING THE SCHOOL DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizen's, taxpayers, and investors and creditors with a general overview of the School District's finances and to show the School District's accountability for the money it receives. If you have any questions about this report or need additional financial information, contact Brenda Hill, Treasurer at Jackson City School District, 450 Vaughn Street, Jackson, Ohio 45640.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2012

Note 1 - Description of the School District and Reporting Entity

Jackson City School District (School District) is a body politic and corporate established for the purpose of exercising the rights and privileges conveyed to it by the constitution and laws of the State of Ohio.

The School District operates under a locally-elected five-member Board form of government and provides educational services as mandated by State statute and federal agencies. This Board of Education controls the School District's six instructional/support facilities staffed by 90 classified employees and 184 certified teaching and administrative personnel who provide services to 2,516 students and other community members.

Reporting Entity

A reporting entity is composed of the primary government, component units, and other organizations that are included to insure that the financial statements are not misleading. The primary government consists of all funds, departments, boards, and agencies that are not legally separate from the School District. For Jackson City School District, this includes general operations, food service, preschool, vocational, and student related activities of the School District.

Component units are legally separate organizations for which the School District is financially accountable. The School District is financially accountable for an organization if the School District appoints a voting majority of the organization's governing board and (1) the School District is able to significantly influence the programs or services performed or provided by the organization; or (2) the School District is legally entitled to or can otherwise access the organization's resources; the School District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the School District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the School District in that the School District approves the budget, the issuance of debt, or the levying of taxes. The School District has one component unit, the Center for Student Achievement.

The component unit column on the statement of net assets – cash basis and the statement of activities – cash basis identifies the financial data of the School District's component unit, the Center for Student Achievement (the Center). It is reported separately to emphasize that it is legally separate from the School District.

The Center is a legally separate entity created under Ohio Revised Code Chapter 3314 and incorporated under Chapter 1702. The Center is governed by a seven member Board of Directors appointed by the Superintendent of the Jackson City School District. The School District is able to impose it's will on the Center.

The School District participates in the Metropolitan Education Council, the Gallia-Jackson-Vinton Joint Vocational School District, and the Coalition and Rural and Appalachian Schools which are defined as jointly governed organizations, and the Ohio School Boards Association Workers' Compensation Group Rating Program, which is defined as an insurance purchasing pool. These organizations are presented in Notes 13 and 14.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2012

Note 2 - Summary of Significant Accounting Policies

As discussed further in Note 2.C, these financial statements are presented on a cash basis of accounting. The cash basis of accounting differs from accounting principles generally accepted in the United States of America (GAAP). General accepted accounting principles include all relevant Governmental Accounting Standards Board (GASB) pronouncements, which have been applied to the extent they are applicable to the cash basis of accounting. In the government-wide financial statements, Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, have been applied, to the extent they are applicable to the cash basis of accounting, unless those pronouncements conflict with or contradict GASB pronouncements, in which case GASB prevails. Following are the more significant of the School District's accounting policies.

A. Basis of Presentation

The School District's basic financial statements consist of government-wide statements, including a statement of net assets and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

Government-wide Financial Statements The statement of net assets – cash basis and the statement of activities – cash basis display information about the School District as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The statements usually distinguish between those activities that are governmental (primarily supported by taxes and intergovernmental revenues) and those that are considered business-type activities (primarily supported by fees and charges). The School District, however, has no business-type activities.

The statement of net assets – cash basis presents the cash balance of the governmental activities of the School District at fiscal year end. The statement of activities – cash basis compares disbursements with program receipts for each function or program of the School District's governmental activities. Disbursements are reported by function. A function is a group of related activities designed to accomplish a major service or regulatory program for which the government is responsible. Program receipts include charges paid by the recipient of the program's goods or services, grants and contributions restricted to meeting the operational or capital requirements of a particular program, and receipts of interest earned on grants that are required to be used to support a particular program. General receipts are all receipts not classified and program receipts, with certain limited exceptions. The comparison of direct disbursements with program receipts identifies the extent to which each governmental function is self-financing on a cash basis or draws from the general receipts of the School District.

Fund Financial Statements During the fiscal year, the School District segregates transactions related to certain School District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the School District at this more detailed level. The focus of governmental fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by type.

B. Fund Accounting

The School District uses funds to maintain its financial records during the fiscal year. Fund accounting is designed to demonstrate legal compliance and to aid management be segregating transactions related to certain functions or activities. A fund is defined as a fiscal and accounting entity with a self balancing set of accounts. There are three categories of funds: governmental, proprietary, and fiduciary.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2012

Governmental Funds The School District classifies funds financed primarily from taxes, intergovernmental receipts (e.g., grants) and other nonexchange transactions as governmental funds. The following are the School District's major governmental funds:

General Fund The General Fund accounts for and reports all financial resources except those required to be accounted for in another fund. The General Fund balance is available to the School District for any purpose, provided it is expended and transferred according to the general laws of Ohio.

Jones Trust Permanent Fund The Jones Trust Permanent Fund is used to account for the proceeds of a gift bestowed upon the School District from Robert F. Jones. The endowment is maintained by and on deposit at National City Bank, which makes all investment decisions on behalf of the School District. Only the interest earned by the endowment can be used by the School District for educational related activities of the School District.

The other governmental funds of the School District account for grants and other resources whose use is restricted to a particular purpose.

Proprietary Funds The School District classifies funds financed primarily from user charges for goods or services as proprietary. Proprietary funds are classified as either enterprise or internal service; the School District has no proprietary funds.

Fiduciary Funds Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds, and agency funds. Trust funds are used to account for assets held by the School District under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the School District's own programs. Agency funds are custodial in nature (assets equals liabilities) and does not involve the measurement of results of operations. The School District's fiduciary funds include private-purpose trust funds, which account for student college scholarships, and an agency fund, which accounts for student activities.

C. Basis of Accounting

The School District's financial statements are prepared using the cash basis of accounting. Except for modifications having substantial support, receipts are recorded in the School District's financial records and reported in the financial statements when cash is received rather than when earned and disbursements are recorded in cash when cash is paid rather than when a liability is incurred. Any such modifications made by the School District are described in the appropriate section in this note.

As a result of the use of this cash basis of accounting, certain assets and their related revenues (such as accounts receivable and revenue for billed or provided services not yet collected) and certain liabilities and their related expenses (such as accounts payable and expenses for good and services received but not yet paid, and accrued expenses and liabilities) are not recorded in these financial statements.

D. Cash and Cash Equivalents

To improve cash management, cash received by the School District is pooled. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through School District records. Interest in the pool is presented as "equity in pooled cash and cash equivalents".

During 2012, investments were limited to STAR Ohio. Except for nonparticipating investment contracts, investments are reported at fair value which is based on quoted market prices.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2012

STAR Ohio is an investment pool managed by the State Treasurer's Office, which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but does operate in a manner consistent with rule 2a7 of the Investment Company Act of 1940. Investments in STAR Ohio are valued at STAR Ohio's share price, which is the price the investment could be sold for on June 30, 2012.

The School District has segregated investment accounts for trust monies held separate from the School District's central bank account and is not presented in the accompanying financial statements.

Following Ohio statutes, the Board of Education has, by resolution, specified the funds to receive an allocation of interest earnings. Interest is credited to the General Fund, the Food Service, Special Trust, and Classroom Maintenance Special Revenue Funds, the Bond Retirement Debt Service Fund, the Permanent Improvements and Classroom Facilities Capital Projects Funds, and the Jones Trust, Lloyd Trust, and Columbus Foundation Permanent Funds. Interest revenue credited to the General Fund during fiscal year 2012 amounted to \$60,462, which includes \$43,092 assigned from other School District funds.

Investments of the cash management pool and investments with an original maturity of three months or less at the time they are purchased by the School District are presented as cash and cash equivalents.

E. Restricted Assets

Assets are reported as restricted when limitations on their use change the normal understanding of the availability of the asset. Such constraints are either externally imposed by creditors, contributors, grantors, laws of other governments, or imposed by law through constitutional provisions or enabling legislation.

F. Inventory and Prepaid Items

The School District reports disbursements for inventory and prepaid items when paid. These items are not reflected as assets in the accompanying financial statements.

G. Capital Assets

Acquisitions of property, plant and equipment are recorded as disbursements when paid. These items are not reflected as assets in the accompanying financial statements.

H. Interfund Receivables/Payables

The School District reports advances in and advances out for interfund loans. These items are not reflected as assets and liabilities in the accompanying financial statements.

I. Accumulated Leave

In certain circumstances, such as upon leaving employment or retirement, employees are entitled to cash payments for unused leave. Unpaid leave is not reflected as a liability under the School District's cash basis of accounting.

J. Employer Contributions to Cost-Sharing Pension Plans

The School District recognizes the disbursement for employer contributions to cost-sharing pension plans when they are paid. As described in Notes 8 and 9, the employer contributions include portions for pension benefits and for postretirement health care benefits.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2012

K. Long-term Obligations

The School District's cash basis financial statements do not report liabilities for bonds and other long-term obligations. Proceeds of debt are reported when cash is received and principal and interest payments are reported when paid.

L. Net Assets

Net assets are reported as restricted when there are limitations imposed on their use either through enabling legislation adopted by the School District or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. Net assets restricted for other purposes include resources restricted for food service operations, music and athletic programs, and federal and state grants restricted to cash disbursements for specified purposes. The School District's policy is to first apply restricted resources when a cash disbursement is incurred for purposes for which both restricted and unrestricted net assets are available.

The government-wide statement of net assets – cash basis reports \$9,696,978 of restricted net assets, none of which is restricted by enabling legislation.

M. Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the School District is bound to observe constraints imposed upon the use of the resources in governmental funds. The classifications are as follows:

<u>Nonspendable:</u> The nonspendable fund balance category includes amounts that cannot be spent because they are not in spendable form, or are legally or contractually required to be maintained intact. The "not in spendable form" includes items that are not expected to be converted to cash.

Restricted: Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or it is imposed by law through constitutional provisions.

<u>Committed:</u> The committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action (resolution) of the Board of Education. Those committed amounts cannot be used for any other purpose unless the Board of Education removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for the use in satisfying those contractual requirements.

<u>Assigned:</u> Amounts in the assigned fund balance classification are intended to be used by the School District for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the General Fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the General Fund, assigned amounts represent intended uses established by the Board of Education or a School District official delegated that authority by resolution or State Statute.

<u>Unassigned:</u> The unassigned fund balance is the residual classification for the General Fund and includes amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report deficit balances.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2012

The School District applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first, followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which the amounts in any of the unrestricted fund balance classifications can be used.

N. Interfund Transactions

Exchange transactions between funds are reported as receipts in the seller funds and as disbursements in the purchaser funds. Subsidies from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and nonoperating receipts/cash disbursements in fiduciary funds. Repayments from funds responsible for particular cash disbursements to the funds that initially paid for them are not presented in the financial statements.

Note 3 - Compliance

Ohio Administrative Code, Section 117-2-03(B), requires the School District to prepare its annual financial report in accordance with generally accepted accounting principles. However, the School District prepared its financial statements on a cash basis, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The accompanying financial statements omit assets, liabilities, net assets/fund balances, and disclosures that, while material, cannot be determined at this time. The School District can be fined and various other administrative remedies may be taken against the School District.

Note 4 - Fund Balances

Fund balance is classified as nonspendable, restricted, committed, assigned, and/or unassigned based primarily on the extent to which the School District is bound to observe constraints imposed upon the use of the resources in governmental funds.

The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented below:

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2012

Fund Balances	General Fund	Jones Trust	Other Governmental Funds	Total
Nonspendable:				
Scholarships	\$0	\$0	\$100,000	\$100,000

Note 5 - Budgetary Basis of Accounting

The budgetary basis as provided by law is based upon accounting for certain transactions on the basis of cash receipts, disbursements, and encumbrances. The Statement of Receipts, Disbursements and Changes in Fund Balance – Budget and Actual (Budget Basis) presented for the General Fund and each major special revenue fund is prepared on the budgetary basis to provide a meaningful comparison of actual results with the budget. The difference between the budgetary basis and the cash basis are outstanding year end encumbrances. These are treated as expenditures (budgetary basis) rather than as a reservation of fund balance (cash basis) (an outstanding year end advances are treated as an other financing source or use (budgetary basis) rather than as an interfund receivable or payable (cash basis)). The encumbrances outstanding at year end (budgetary basis) amounted to:

General Fund \$377,332

Note 6 - Deposits and Investments

Monies held by the School District are classified by State statute into three categories.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2012

Active monies are public monies determined to be necessary to meet current demands upon the School District treasury. Active monies must be maintained either as cash in the School District treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Board has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts, including passbook accounts.

Interim monies held by the School District can be deposited or invested in the following securities:

- 1. United States Treasury bills, bonds, notes, or any other obligation or security issued by the United States Treasury, or any other obligation guaranteed as to principal and interest by the United States;
- 2. Bonds, notes, debentures, or any other obligation or security issued by any federal government agency or instrumentality including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
- 3. Written repurchase agreements in the securities listed above;
- 4. Bonds and other obligations of the State of Ohio or Ohio local governments;
- 5. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts;
- 6. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) above;
- 7. The State Treasurer's investment pool (STAR Ohio).
- 8. Commercial paper and bankers acceptances if training requirements have been met.

Investments in stripped principal or interest obligations, reverse repurchase agreements, and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage, and short selling are also prohibited. Investments may only be made through specified dealers and institutions.

Deposits

Custodial credit risk for deposits is the risk that in the event of bank failure, the School District will not be able to recover deposits or collateral securities that are in the possession of an outside party. At fiscal year end, \$16,625,953 of the School District's bank balance of \$17,206,093 was exposed to custodial credit risk because it was uninsured and uncollateralized. Although all statutory requirements for the deposit of money had been followed, non-compliance with federal requirements could potentially subject the School District to a successful claim by the FDIC.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2012

The School has no deposit policy for custodial risk beyond the requirements of State statute. Ohio law requires that deposits be either insured or be protected by eligible securities pledged to and deposited either with the School or a qualified trustee by the financial institution as security for repayment, or by a collateral pool of eligible securities deposited with a qualified trustee and pledged to secure the repayment of all public monies deposited in the financial institution whose market value at all times shall be at least one hundred five percent of the deposits being secured.

Investments As of June 30, 2012, the School District's investment in STAR Ohio had an average maturity of 52.5 days and a fair value of \$150,043.

Interest Rate Risk The School District's investment policy addresses interest rate risk to the extent that it allows the Treasurer to invest funds to a maximum maturity of five years, and allows for the withdrawal of funds from approved public depositories or sale of negotiable instruments prior to maturity. State statute requires that an investment mature within five years from the date pf purchase, unless matched to a specific obligation or debt of the School District, and that an investment must be purchased with the expectation that it will be held to maturity.

Credit Rate Risk STAR Ohio carries a rating of AAAm by Standard and Poor's. Ohio law requires that STAR Ohio maintain the highest rating provided by at least one nationally recognized standard setting service. The School District has no investment policy that would further limit its investment choices.

Note 7 - Property Taxes

Property taxes are levied and assessed on a calendar year basis while the School District fiscal year runs from July through June. First-half tax collections are received by the school district in the second half of the fiscal year. Second-half tax distributions occur in the first half of the following fiscal year.

Property taxes include amounts levied against all real and public utility property located in the School District. Real property tax revenue received in calendar 2012 represents collections of calendar year 2011 taxes. Real property taxes received in calendar year 2012 were levied after April 1, 2011, on the assessed value listed as of January 1, 2011, the lien date. Assessed values for real property taxes are established by State law at thirty-five percent of appraised market value. Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31 with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established.

Public utility property tax revenue received in calendar 2012 represents collections of calendar year 2011 taxes. Public utility real and tangible personal property taxes received in calendar year 2012 became a lien December 31, 2010, were levied after April 1, 2011, and are collected with real property taxes. Public utility real property is assessed at thirty-five percent of true value; public utility tangible personal property currently is assessed at varying percentages of true value.

The School District receives property taxes from Jackson County. The County Auditor periodically advances to the School District its portion of the taxes collected. Second-half real property tax payments collected by the County by June 30, 2012, are available to finance fiscal year 2012 operations. The amount available to be advanced can vary based on the date the tax bills are sent.

The amount available as an advance at June 30, 2012, was \$216,940 in the General Fund, \$31,818 in the Permanent Improvements Capital Projects Fund, and \$45,991 in the Bond Retirement Debt Service Fund.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2012

The assessed values upon which the fiscal year 2012 taxes were collected are:

_	2011 Second- Half Collections		2012 First- Half Collections	
Agricultural/Residential Commercial/Industrial and	\$246,474,510	94.84%	\$246,893,690	71.42%
Public Utility Real	370,360	0.14%	39,800	8.56%
Public Utility Personal	13,054,760	5.02%	13,562,530	20.02%
Total =	\$259,899,630	100.00%	\$260,496,020	100.00%
Tax Rate per \$1,000 of Assessed Valuation	\$30.57		\$30.57	

Note 8 - Defined Benefit Pension Plans

A. School Employees Retirement System

Plan Description – The School District contributes to the School Employees Retirement System (SERS), a cost-sharing, multiple employer pension plan. SERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the School Employees Retirement System, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3476.

Funding Policy – Plan members are required to contribute 10 percent of their annual covered salary and the School District is required to contribute at an actuarially determined rate. The current School District rate is 14 percent of annual covered payroll. A portion of the School District's contribution is used to fund pension obligations with the remainder being used to fund health care benefits; for fiscal year 2012, 12.70 percent of annual covered salary was the portion used to fund pension obligations. The contribution requirements of plan members and employers are established and may be amended by the SERS Retirement Board up to a statutory maximum amount of 10 percent for plan members and 14 percent for employers. Chapter 3309 of the Ohio Revised Code provides statutory authority for member and employer contributions. The School District's required contributions for pension obligations to SERS for the fiscal years ended June 30, 2012, 2011, and 2010, were \$396,630, \$417,955, and \$494,021, respectively; 37.41 percent has been contributed for fiscal year 2012 and 100 percent for fiscal years 2011 and 2010.

B. State Teachers Retirement System

Plan Description – The School District participates in the State Teachers Retirement System of Ohio (STRS Ohio), a cost-sharing, multiple employer public employee retirement plan. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a stand-alone financial report that may be obtained by writing to STRS Ohio, 275 E. Broad St., Columbus, OH 43215-3371, or by calling (888) 227-7877.

New members have a choice of three retirement plans, a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan, and a Combined Plan.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2012

The DB plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on a member's lifetime contributions and earned interest matched by STRS Ohio funds divided by an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5 percent of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a monthly annuity or a lump sum withdrawal. The Combined Plan offers features of both the DC Plan and the DB Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The DB portion of the Combined Plan payment is payable to a member on or after age 60; the DC portion of the account may be taken as a lump sum or converted to a lifetime monthly annuity at age 50. Benefits are established by Chapter 3307 of the Ohio Revised Code.

A DB or Combined Plan member with five or more years credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy – For the fiscal year ended June 30, 2012, plan members were required to contribute 10 percent of their annual covered salaries. The School District was required to contribute 14 percent; 13 percent was the portion used to fund pension obligations. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions.

The School District's required contributions for pension obligations to STRS for the fiscal years ended June 30, 2012, 2011, and 2010, were \$1,304,935, 1,350,786, and \$1,358,101, respectively; 83.21 percent has been contributed for fiscal year 2012 and 100 percent for fiscal years 2011 and 2010. Contributions to the DC and Combined Plans for fiscal year 2012 were \$33,909 made by the School District and \$24,221 made by the plan members.

C. Social Security System

Effective July 1, 1991, all employees not otherwise covered by the School Employees Retirement System or the State Teachers Retirement System have an option to choose Social Security or the School Retirement System. As of June 30, 2012, four members of the Board of Education has elected Social Security. The contribution rate is 6.2 percent of wages.

Note 9 - Postemployment Benefits

A. School Employees Retirement System

Plan Description – The School District participates in two cost-sharing, multiple employer defined benefit OPEB plans administered by the School Employees Retirement System for non-certified retirees and their beneficiaries, a Health Care Plan and a Medicare Part B Plan. The Health Care Plan includes hospitalization and physicians' fees through several types of plans including HMO's, Medicare Advantage, PPO's and traditional indemnity plans as well as a prescription drug program. The Medicare Part B Plan reimburses Medicare Part B premiums paid by eligible retirees and beneficiaries up to a statutory limit. Benefit provisions and obligations to contribute are established by the System based on authority granted by State statute. The financial report of both Plans are included in the SERS Comprehensive Annual Financial Report which is available by contacting SERS at 300 E. Broad St., Suite 100, Columbus, Ohio 43215-3746.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2012

Funding Policy – State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required benefits, the Retirement Board allocates the remainder of the employer contribution of 14 percent of covered payroll to the Health Care Fund. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 401h. For 2012, 0.55 percent of covered payroll was allocated to health care. In addition, employers pay a surcharge for employees earning less than an actuarially determined amount; for 2012, this amount was \$35,800.

Active employee members do not contribute to the Health Care Plan. Retirees and their beneficiaries are required to pay a health care premium that varies on the plan selected, the number of qualified years of service, Medicare eligibility and retirement status.

The School District's contributions for health care for the fiscal years ended June 30, 2012, 2011, and 2010, were \$74,091, \$104,219, and \$34,924, respectively; 24.13 percent has been contributed for fiscal year 2012 and 100 percent for fiscal years 2011 and 2010.

The Retirement Board, acting with advice of the actuary, allocates a portion of the employer contribution to the Medicare B Fund. For 2012, this actuarially required allocation was 0.75 percent of covered payroll. The School District's contributions for Medicare Part B for the fiscal years ended June 30, 2012, 2011, and 2010, were \$22,021, \$28,073, and \$25,444, respectively; 33.43 percent has been contributed for fiscal year 2012 and 100 percent for fiscal years 2011 and 2010.

B. State Teachers Retirement System

Plan Description – The School District contributes to the cost-sharing, multiple employer defined benefit Health Plan administered by the State Teachers Retirement System of Ohio (STRS Ohio) for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS Ohio. Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare Part B premiums. The Plan is included in the report of STRS Ohio which may be obtained by calling (888)227-7877.

Funding Policy – Ohio law authorizes STRS Ohio to offer the Plan and gives the Retirement Board the authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. Active employee members do not contribute to the Plan. All benefit recipients pay a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions. For 2012, STRS Ohio allocated employer contributions equal to 1 percent of covered payroll to the Health Care Stabilization Fund. The School District's contributions for health care for the fiscal years ended June 30, 2012, 2011, and 2010, were \$100,380, \$102,855, and \$104,469, respectively; 83.21 percent has been contributed for fiscal year 2012 and 100 percent for fiscal years 2011 and 2010.

Note 10 - Employee Benefits

A. Compensated Absences

The criteria for determining vacation and sick leave benefits are derived from negotiated agreements and State laws. Classified employees earn between ten and twenty days vacation per fiscal year, depending upon length of service. Accumulated, unused vacation time is paid to classified employees and administrators upon termination of employment. Teachers do not earn vacation time.

Teachers, administrators, and classified employees earn sick leave at the rate of one and one-fourth days per month. Teachers and administrators are limited to a total accumulation of 339 days, classified employees are limited to a total accumulation of 260 days. Upon retirement, payment is made to certificated employees at 25 percent up to a maximum of 84.75 days, and at 25 percent up to a maximum of 65 days for classified employees.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2012

B. Insurance Benefits

The School District provides life insurance and accidental death and dismemberment insurance to classified and administrative employees in the amount of \$50,000.

Health insurance is provided by United Health Care. Monthly premiums for this coverage are \$1,221.63 for family plans and \$480.78 for single plans. Dental insurance is provided by Met Life. Monthly premiums for this coverage are \$61.84 for family plans and \$23.89 for single plans. The School District pays 96 percent for both family and single coverage premiums.

Note 11 - Termination Benefits Payable

The School District offers an early retirement incentive program, whereby any full-time certified employee who has completed or attained 30 years of service credit and is eligible for retirement under the State Teachers Retirement System are eligible to receive 33 percent of accumulated, unused sick leave up to a maximum of 112.9 days.

Note 12 - Risk Management

A. Property and Liability

The School District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. For fiscal year 2012, the School District contracted with the Ohio Casualty Company for the following coverage:

Property	Deductible	Limits of Coverage
Building and Contents - Replacement Cost General Liability:	\$1,000	\$100,588,725
Each Occurrence	0	1,000,000
Aggregate Limit	0	2,000,000
Products - Completed Operations Aggregate Limit	0	2,000,000
Personal and Advertising Injury Limit - Each Offense	0	1,000,000
Fire Damage Limit - Any One Event	0	300,000
Earthquake	5%	5,000,000
Errors and Omissions:		, ,
Each Occurrence	2,500	1,000,000
Aggregate Limit	2,500	1,000,000
Employers' Liability:		
Each Occurrence	0	1,000,000
Disease - Each Employee	0	1,000,000
Disease - Policy Limit	0	1,000,000
Employee Benefits Liability:		
Each Occurrence	1,000	1,000,000
Aggregate Limit	1,000	3,000,000
Vehicles:		
Bodily Injury:		
Per Person	0	1,000,000
Per Accident	0	1,000,000
Property Damage	0	1,000,000
Uninsured Motorist:		
Per Person	0	1,000,000
Per Accident	0	1,000,000

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2012

Settled claims have not exceeded this commercial coverage in any of the past three fiscal years. There has been no significant reduction in insurance coverage from fiscal year 2011.

B. Workers' Compensation

For fiscal year 2012, the School District participated in the Ohio School Boards Association Workers' Compensation Group Rating Program (GRP), an insurance purchasing pool (Note 14). The intent of the GRP is to achieve the benefit of a reduced premium for the School District by virtue of its grouping and representation with other participants in the GRP. The workers' compensation experience of the participating school districts is calculated as one experience and a common premium rate is applied to all school districts in the GRP. Each participant pays its workers' compensation premium to the State based on the rate for the GRP rather than its individual rate. Participation in the GRP is limited to school districts that can meet the GRP's selection criteria. The firm of Gates McDonald & Co. provides administrative, cost control, and actuarial services to the GRP.

Note 13 - Jointly Governed Organizations

A. Metropolitan Education Council

The Metropolitan Education Council (MEC) was created as a regional council of governments pursuant to State statutes. MEC is a computer consortium formed for the purpose of applying modern technology with the aid of computers and other electronic equipment to administrative and instructional functions among member school districts. MEC has 170 participants consisting of school districts, libraries, and related organizations. MEC is governed by a board consisting of one representative of each school district in Franklin County and one representative from each county other than Franklin which has MEC members. MEC possesses its own budgeting and taxing authority. The School District paid MEC \$65,912 for services provided during the fiscal year. To obtain financial information write to the Metropolitan Education Council, Susan K. Ward, Fiscal Officer, at 2100 City Gate Drive, Columbus, Ohio 43219.

B. Gallia-Jackson-Vinton Joint Vocational School District

The Gallia-Jackson-Vinton Joint Vocational School District is a distinct political subdivision of the State of Ohio operated under the direction of a Board consisting of five representatives from the various City and County Boards within Gallia, Jackson, and Vinton Counties. The Board possesses its own budgeting and taxing authority. To obtain financial information write to the Gallia-Jackson-Vinton Joint Vocational School District, Donalyn Smith who serves as Treasurer, P.O. Box 157, Rio Grande, Ohio, 45674.

C. Coalition of Rural and Appalachian Schools

The Coalition of Rural and Appalachian Schools is a jointly governed organization composed of 136 school districts and other educational institutions in the 35-county region of Ohio designated as Appalachia. The Coalition is operated by a Board which is composed of seventeen members. One elected and one appointed from each of the seven regions into which the 35 Appalachian counties are divided; and three from Ohio University College of Education. The Council provides various in-service training programs for school district administrative personnel; gathers data regarding the level of education provided to children in the region; cooperates with other professional groups to assess and develop programs designed to meet the needs of member districts; and provides staff development programs for school district personnel. The School District's membership fee was \$465 for fiscal year 2012. The financial information for the Coalition can be obtained from the Executive Director, at McCracken Hall, Ohio University, Athens, Ohio 45701.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2012

Note 14 - Insurance Purchasing Pool

Ohio School Board Workers' Compensation Group Rating Program

The School District participates in the Ohio School Boards Association Workers' Compensation Group Rating Program (GRP), an insurance purchasing pool. The GRP's business and affairs are conducted by a three member Board of directors consisting of the President, the President-Elect and the Immediate Past President of the OSBA. The Executive Director of the OSBA, or his designee, serves as coordinator of the program. Each year, the participating school districts pay an enrollment fee to the GRP to cover the costs of administering the program.

Note 15 - Interfund Activity and Balances

A. Transfers

The Special Trust Special Revenue Fund and the Permanent Improvements Capital Projects Fund made transfers in the amounts of \$351,271 and \$492,000, respectively, to the Bond Retirement Debt Service Fund to be used for debt service payments. The Classroom Facilities Capital Projects Fund transferred \$535,052 to the Classroom Maintenance Special Revenue Fund to satisfy the terms of an agreement reached between the School District and the Ohio School Facilities Commission.

B. Interfund Balances

Interfund receivables and payables at June 30, 2012, consist of the following individual balances, representing monies advanced to funds to be repaid when grant funds or other program revenues are received:

	Interfund Receivables	Interfund Payables
General Fund	\$141,262	\$0
Other Governmental Funds:		
Permanent Improvements	16,680	0
Special Trust	0	16,680
Education Jobs	0	42,413
Race to the Top	0	51,657
Title VI-B	0	13,617
Title II-D	0	14,911
Title I	0	8,422
Early Childhood	0	509
Miscellaneous Federal Grants	0	9,733
Total All Funds	\$157,942	\$157,942

Note 16 - Contingencies

A. Grants

The Auditor of State is currently performing a statewide review of supporting documentation for student attendance data reported to the Ohio Department of Education. The results of this review are still pending and will be reported separately to the Ohio Department of Education at a later date.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2012

The School District received financial assistance from federal and state agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. This also encompasses the Auditor of State's ongoing review of student attendance data. However, the effect of any such disallowed claims on the overall financial position of the School District at June 30, 2012, if applicable, cannot be determined at this time.

B. Litigation

The School District is a party to legal proceedings. The School District is of the opinion that ultimate disposition of claims will not have a material effect, if any, on the financial condition of the School District.

Note 17 - Long Term Obligations

Changes in long-term obligations of the School District during fiscal year 2012 were as follows:

	Principal			Principal	Amounts
	Outstanding			Outstanding	Due in
	6/30/11	Additions	Deductions	6/30/12	One Year
Governmental Activities:					
2001 3.25-5.50% Classroom					
Facilities General Obligation					
Bonds					
Serial Bonds	\$420,000	\$0	\$420,000	\$0	\$0

Long-Term Liabilities	\$13,621,540	\$1,069,072	\$1,325,936	\$13,364,676	\$1,016,734

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2012

2001 Classroom Facilities General Obligation Bonds On May 20, 2001, the School District issued \$13,384,058 in voted general obligation bonds to pay the local share of the school construction under the State of Ohio Classroom Facilities Assistance Program, as part of the Expedited Local Partnership Program. The bond issue included serial, term, and capital appreciation bonds in the amounts of \$6,510,000, \$6,700,000, and \$174,058, respectively. During fiscal year 2005, the District advance refunded \$10,445,000 of the serial and term bonds. The remaining outstanding bonds are being retired from the Debt Service Fund.

As a requirement of the loans, the School District was required to pass a 5.8 mill levy. 5.3 mills will be used to repay the debt issue which provided the matching funds required of the School District. The remaining .5 mills is used for facilities maintenance.

Principal and interest requirements to retire the Classroom Facilities General Obligation Bonds outstanding at June 30, 2012, are as follows:

Fiscal Year	Capital Appreciation		
Ending June 30,	Principal	Accretion	
2013	\$54,734	\$988,253	
2014	46,261	1,006,727	
2015	39,085	1,023,903	
2016	33,978	1,054,009	
	\$174,058	\$4,072,892	

The capital appreciation bonds for the 2001 issue mature December 1, 2012 through December 1, 2015. These bonds were purchased at a substantial discount at the time of issuance. At maturity all compounded interest is paid and the bond holder receives the face value of the bond. As the value of the bond increases, the accretion is reflected as a principal liability. The maturity amount of the bonds is \$1,995,000. Accretion for fiscal year 2012 was \$238,960. The maturity amounts of the capital appreciation bonds are \$480,000, \$490,000, \$500,000, and \$525,000. Accretion on the capital appreciation bonds at June 30, 2012 is \$1,214,846.

2005 Classroom Facilities Refunding Bonds The District had previously issued 2001 Classroom Facilities General Obligation Bonds for school improvements that were partially refunded through the 2005 Classroom Facilities Refunding Bonds. At the date of the refunding, \$11,312,028 (including premium, and after discount, underwriting fees, and other issuance costs) was deposited into an irrevocable trust to provide for all future debt service payments on the refunded 2001 Classroom Facilities General Obligation Bonds. As all the legal steps had been taken to refund the debt, the balance of the outstanding bonds refunded was removed from the District's financial statements. The irrevocable trust made the final payment on the refunded 2001 Classroom Facilities General Obligation Bonds on June 1, 2011 and the account was closed.

On September 8, 2005, the School District issued \$10,445,000 of Classroom Facilities Refunding Bonds to partially retire the 2001 Classroom Facilities General Obligation Bonds. The bonds were issued for a 23 year period with final maturity at December 1, 2027. The bond issue included serial, term, and capital appreciation bonds in the amounts of \$7,555,000, \$2,475,000, and \$415,000, respectively. These refunding bonds were issued with a discount of \$66,484 which is reported as a decrease in bonds payable. The amount is being amortized to interest expense over the life of the bonds using the straight-line method, the amortization of the premium for fiscal year 2012 was \$45,413. The issuance costs of \$174,688 are reported as deferred charges and are amortized over the life of the bond using the straight-line method.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2012

The amortization of the issuance costs for fiscal year 2012 was \$7,595. The refunding resulted in a difference between the net carrying amount of the debt and the acquisition price of \$867,028. This difference, reported as a decrease in bonds payable is being amortized to interest expense over the life of the bonds using the straight-line method. The amortization of the difference for fiscal year 2012 was \$37,697.

The capital appreciation bonds for the 2005 issue mature December 1, 2016 through December 1, 2018. These bonds were purchased at a substantial discount at the time of issuance. At maturity all compounded interest is paid and the bond holder receives the face value of the bond. As the value of the bond increases, the accretion is reflected as a principal liability. The maturity amount of the bonds is \$2,110,000. Accretion for fiscal year 2012 was \$126,892.

Principal and interest requirements to retire the Classroom Facilities Refunding General Obligation Bonds outstanding at June 30, 2012, are as follows:

				_	То	tal
Fiscal Year	Serial	Serial/Term Capital Appreciation			Accretion/	
Ending June 30,	Principal	Interest	Principal	Accretion	Principal	Interest
2013	\$125,000	\$431,550	\$0	\$0	\$125,000	\$431,550
2014	130,000	426,925	0	0	130,000	426,925
2015	135,000	421,956	0	0	135,000	421,956
2016	140,000	416,800	0	0	140,000	416,800
2017	0	0	150,000	944,175	150,000	944,175
2018-2022	2,410,000	1,075,275	265,000	1,993,350	2,675,000	3,068,625
2023-2027	5,290,000	907,263	0	0	5,290,000	907,263
2028	1,280,000	27,200	0	0	1,280,000	27,200
	\$9,510,000	\$3,706,969	\$415,000	\$2,937,525	\$9,925,000	\$6,644,494

The serial bonds, issued at \$7,555,000 with bonds maturing on December 1, 2007 to December 1, 2025 are subject to optional redemption, in whole or in part, at the option of the School District, in integral multiples of \$5,000, after December 1, 2015 at the redemption rate of 100%, plus accrued interest to the redemption date.

The term bonds, issued at \$2,475,000, maturing on December 1, 2026, to December 1, 2027, are subject to mandatory sinking fund redemption at a redemption price of 100% of the principal amount to be redeemed plus accrued interest to the date of redemption, on December 1, in the years and in the respective principal amounts as follows:

Ending June 30,	Amount
2027	\$1,195,000
2028	1,280,000
Total	\$2,475,000

The capital appreciation bonds, issued at \$415,000, are not subject to prior redemption. The capital appreciation bonds will mature in December 1, 2016 to December 1, 2018. The maturity amounts of the capital appreciation bonds are \$680,000, \$690,000, and \$740,000. Accretion on the capital appreciation bonds at June 30, 2012 is \$602,306.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2012

Classroom Facilities Tax Anticipation Notes The School District issued Classroom Facilities Tax Anticipation Notes in the amount of \$3,300,000 for classroom facilities additions and improvements. The notes were issued on May 15, 2001, and were backed by the full faith and credit of the School District.

Alumni Stadium Lease-Purchase Agreement The School District authorized financing for new athletic facilities in the amount of \$3,200,000 through a lease-purchase agreement with Oak Hill Banks which will retain title to the facility during the lease term. The lease-purchase agreement was issued on March 1, 2004. The School District is required to make semiannual payments of interest and annual payment of principal with final maturity on March 1, 2014.

Principal and interest requirements to retire the Alumni Stadium Lease-Purchase Agreement outstanding at June 30, 2012, are as follows:

Fiscal Year Ending June 30,	Dringinal	Interest	Total
Enaing June 30,	Principal	mieresi	TOlai
2013	\$320,000	\$20,800	\$340,800
2014	320,000	10,400	330,400
	\$640,000	\$31,200	\$671,200

House Bill 264 Energy Conservation Tax Anticipation Notes The School District issued House Bill Energy Conservation Tax Anticipation Notes in the amount of \$703,220 for the purpose of improving and reducing energy consumption in each of the School District's instructional facilities. The notes were issued on July 27, 2011, and are backed by the full faith and credit of the School District. The School District is required to make semiannual payments of interest and annual payment of principal with final maturity on December 1, 2026.

Principal and interest requirements to retire the Energy Conservation Tax Anticipation Notes outstanding at June 30, 2012, are as follows:

Fiscal Year			
Ending June 30,	Principal	Interest	Total
2013	\$37,000	\$26,593	\$63,593
2014	39,000	25,077	64,077
2015	41,000	23,481	64,481
2016	42,000	21,825	63,825
2017	44,000	20,110	64,110
2018-2022	246,000	72,339	318,339
2023-2026	236,000	19,352	255,352
	\$685,000	\$208,777	\$893,777

The School District's overall legal debt margin was \$12,652,712, with an unvoted debt margin of \$2,604,960 at June 30, 2012.

Note 18 - Set-Aside Calculations

The School District is required by State statute to annually set aside in the General Fund an amount based on a statutory formula for the acquisition and construction of capital improvements. Amounts not spent by year-end or offset by similarly restricted resources received during the fiscal year must be held in cash at fiscal year end and carried forward to be used for the same purposes in future years. In prior fiscal years, the School District was also required to set aside money for budget stabilization and textbooks.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2012

Effective April 10, 2001, through Amended Substitute Senate Bill 345, the requirements for school districts to establish and appropriate money for the budget stabilization was deleted from law. A school district may still establish reserve balance accounts consistent with Section 5705.13, Revised Code, if it so chooses; however, the requirement is no longer mandatory. In addition, any money on hand in a school district's budget reserve set-aside as of April 10, 2001, may at the discretion of the board of education be returned to the school district's General Fund or may be left in the account and used by the board to offset any budget deficit the district may experience in future years. The bill placed special conditions on any Bureau or Workers' Compensation monies remaining in the budget reserve. The School District does not maintain a budget reserve set aside.

The following cash basis information describes the changes in the fiscal year end set-aside amounts for capital acquisitions. Disclosure of this information is required by the State statute.

	Capital
	Improvements
Set-Aside Reserve Balance as of	
as of June 30, 2011	\$0
Current Year Set-Aside Requirement	424,960
Current Year Offsets	(680,173)
Totals	(\$255,213)
Set-Aside Balance Carried Forward	
to Future Fiscal Years	\$0
Set-Aside Reserve Balance as of June 30, 2012	\$0

The School District had qualifying offsets during the fiscal year that reduced the set-aside amount below zero. The excess set-aside may not be carried forward to reduce the set-aside requirement in future fiscal years.

Note 19 - Center for Student Achievement

A. Description of the School

The Center for Student Achievement (the Center) is a nonprofit corporation established pursuant to Ohio Revised Code Chapters 3314 and 1702. The Center is an approved tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code. Management is not aware of any course of action or series of events that have occurred that might adversely affect the Center's tax exempt status. The Center's mission is to serve K through 12 students who may be underperforming or are not optimally integrated in their present educational setting, or who seek a more challenging experience than is available in their present educational setting, and who for these or other reasons are interested in pursuing an alternative schooling option. The students will include, but will not be limited to, home schoolers, children with special physical and mental needs, students removed from the regular classroom for discipline concerns, students who need an alternative to the traditional classroom for various reasons, including religious reasons, transient students, and students with the Jackson City School District, the sponsor school district, that desire a specific course not currently offered but is available through long distance learning.

The Center was created on April 28, 2005, by entering a three year contract with the Jackson City School District (the Sponsor). A new contract, entered into on June 24, 2008 will extend service through June 30, 2013. The Sponsor is responsible for evaluating the performance of the Center and has the authority to deny renewal of the contract at its expiration. The Sponsor is also the fiscal agent of the Center with the Treasurer of the Sponsor fulfilling the role of Treasurer for the Center.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2012

The Center operates under the direction of a five-member Board of Directors made up of elected or appointed public officials or public sector employees who have a professional interest in furthering the establishment and operation of the Center and one or more parents and community civic leaders. The Sponsor appoints a majority of the Board and is able to impose its will on the Center. The Sponsor can suspend the Center's operations for any of the following reasons: 1.) The Center's failure to meet student performance requirements stated in its contract with the Sponsor, 2.) The Center's failure to meet generally accepted standards of fiscal management, 3.) The Center's violation of any provisions of the contract with the Sponsor or applicable State or Federal law, or 4.) Other good cause. The Board of Directors are responsible for carrying out the provisions of the contract which include, but are not limited to, helping create, approve, and monitor the annual budget, develop policies to guide operations, secure funding, and maintain a commitment to vision, mission, and belief statements of the Center and the children it serves. During the fiscal year ended June 30, 2012, the Center paid the Tri-Rivers Educational Computer Association (TRECA) to provide planning, design, implementation, instructional, administrative, and technical services. The Center had no employees, but contracts with the Sponsor to provide intervention instruction to the students of the Center. This intervention was used in conjunction with the TRECA instructional program to assure that students were effectively completing their instructional assignments.

B. Summary of Significant Accounting Policies

The financial statements of the Center are presented on a cash basis of accounting. The cash basis of accounting differs from accounting principles generally accepted in the United States of America (GAAP). General accepted accounting principles include all relevant Governmental Accounting Standards Board (GASB) pronouncements, which have been applied to the extent they are applicable to the cash basis of accounting. In the government-wide financial statements, Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, have been applied, to the extent they are applicable to the cash basis of accounting, unless those pronouncements conflict with or contradict GASB pronouncements, in which case GASB prevails. Following are the more significant of the Center's accounting policies.

Basis of Presentation The Center's basic financial statements consist of a statement of net assets; a statement of receipts, disbursements and changes in net assets; and a statement of cash flows.

The Center uses a single enterprise presentation for its financial records. Enterprise reporting focuses on the determination of operating income, changes in net assets, financial position, and cash flows.

Measurement Focus and Basis of Accounting The enterprise activity is accounted for using a flow of economic resources measurement focus. Except for modifications having substantial support, receipts are recorded in the Center's financial records and reported in the financial statements when cash is received rather than when earned and disbursements are recorded in cash when cash is paid rather than when a liability is incurred. Any such modifications made by the Center are described in the appropriate section in this note.

As a result of the use of this cash basis of accounting, certain assets and their related revenues (such as accounts receivable and revenue for billed or provided services not yet collected) and certain liabilities and their related expenses (such as accounts payable and expenses for good and services received but not yet paid, and accrued expenses and liabilities) are not recorded in these financial statements.

Budgetary Process Unlike other public schools located in the State of Ohio, community schools are not required to follow the budgetary provisions set forth in Ohio Revised Code Section 5705, unless specifically provided by the Center's contract with the Sponsor. The contract between the Center and its Sponsor prescribes the Center follow all budgetary provisions set forth in Ohio Revised Code Section 5705.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2012

Cash and Cash Equivalents Cash received by the Center is reflected as "equity in pooled cash and cash equivalents" on the statement of net assets. The Center had no investments during the fiscal year ended June 30, 2012.

Capital Assets Acquisitions of property, plant and equipment are recorded as disbursements when paid. These items are not reflected as assets in the Center's financial statements.

Net Assets Net assets represent the difference between assets and liabilities. Net assets are reported as restricted when there are limitations imposed on their use either through enabling legislation adopted by the Center or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The Center's policy is to first apply restricted resources when a cash disbursement is incurred for purposes for which both restricted and unrestricted net assets are available.

The government-wide statement of net assets reports no restricted net assets.

Operating Revenues and Expenses Operating revenues are those revenues that are generated directly from the primary activity of the Center. Operating expenses are necessary costs incurred to provide the service that is the primary activity of the Center. All revenues and expenses not meeting this definition are reported as non-operating.

C. Deposits

Monies held by the Center are classified by State statute into three categories.

Active monies are public monies determined to be necessary to meet current demands upon the Center treasury. Active monies must be maintained either as cash in the Center treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Board has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts, including passbook accounts.

Interim monies held by the Center can be deposited or invested in the following securities:

- United States Treasury bills, bonds, notes, or any other obligation or security issued by the United States Treasury, or any other obligation guaranteed as to principal and interest by the United States;
- 2. Bonds, notes, debentures, or any other obligation or security issued by any federal government agency or instrumentality including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
- 3. Written repurchase agreements in the securities listed above;

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2012

- 4. Bonds and other obligations of the State of Ohio;
- 5. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts:
- 6. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) above;
- 7. The State Treasurer's investment pool (STAR Ohio); and
- 8. Commercial paper and bankers acceptances if training requirements have been met.

Investments in stripped principal or interest obligations, reverse repurchase agreements, and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage, and short selling are also prohibited. Investments may only be made through specified dealers and institutions.

Deposits Custodial credit risk for deposits is the risk that in the event of bank failure, the Center will not be able to recover deposits or collateral securities that are in the possession of an outside party. At fiscal year end, none of the Center's bank balance of \$71,497 was exposed to custodial credit risk because it was uninsured and uncollateralized. Although all statutory requirements for the deposit of money had been followed, non-compliance with federal requirements could potentially subject the Center to a successful claim by the FDIC.

The Center has no deposit policy for custodial risk beyond the requirements of State statute. Ohio law requires that deposits be either insured or be protected by eligible securities pledged to and deposited either with the Center or a qualified trustee and pledged to secure the repayment of all public monies deposited in the financial institution whose market value at all times shall be at least one hundred five percent of the deposits being secured.

D. Contract with TRECA

The Center entered into a one year contract on June 21, 2011, with Tri-Rivers Education Computer Association (TRECA) for management consulting services. Under the contract, the following terms were agreed upon:

- TRECA shall provide the Center with instructional, supervisory/administrative, and technical services sufficient to effectively implement the Center's educational plan and the Center's assessment and accountability plan.
- All personnel providing services to the Center on behalf of TRECA under the agreement shall be employees of TRECA and TRECA shall be solely responsible for all payroll functions, including retirement system contributions and all other legal withholding and/or payroll taxes, with respect to such personnel. All shall possess any certification or licensure which may be required by law.
- The technical services provided to the Center by TRECA shall include access to, and the use of computer software, computer hardware, networking hardware, network services, and the services of technical support personnel necessary to implement the plan of operation.
- The Center shall secure the services of an Executive Director, who shall be the chief operating officer of the school, with primary responsibility for day-to-day operations of the Center.
- Curricular services provided by TRECA shall be limited to the standardized curriculum developed by TRECA, as well as, universal assessment screening provided by TRECA.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2012

• In exchange for the services and support (including hardware) provided by the TRECA, the Center shall pay to TRECA \$4,000 per full-time student enrolled in the Center per school year. Part-time students may be enrolled on such terms as are agreed to by the parties.

The Center paid TRECA \$1,298 for services rendered in fiscal year 2012. To obtain TRECA's audited June 30, 2012 financial statements, please contact Scott Armstrong, Treasurer, at scott@treca.org.

E. Risk Management

The Center is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. For fiscal year 2012, the Center contracted with the Ohio Casualty Company for the following coverage:

		Limits of
Property	Deductible	Coverage
		•
Personal Property	\$1,000	\$47,380
General Liability:		
Each Occurrence	0	1,000,000
Aggregate Limit	0	2,000,000
Products - Completed Operations Aggregate Limit	0	2,000,000
Personal and Advertising Injury Limit - Each Offense	0	1,000,000
Fire Damage Limit - Any One Event	0	300,000
Errors and Omissions:		
Each Occurrence	2,500	1,000,000
Aggregate Limit	2,500	1,000,000
Employers' Liability:		
Each Occurrence	0	1,000,000
Disease - Each Employee	0	1,000,000
Disease - Policy Limit	0	1,000,000
Employee Benefits Liability:		
Each Occurrence	1,000	1,000,000
Aggregate Limit	1,000	3,000,000
Vehicles:		
Bodily Injury:		
Per Person	0	1,000,000
Per Accident	0	1,000,000
Property Damage	0	1,000,000
Uninsured Motorist:		
Per Person	0	1,000,000
Per Accident	0	1,000,000

Settled claims have not exceeded this commercial coverage in any of the past three fiscal years. There has been no significant reduction in insurance coverage from fiscal year 2011.

F. Purchased Services

For the period July 1, 2011 through June 30, 2012, the Center had expenses of \$314,215 for professional and technical services.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2012

G. Related Party Transactions

The five members of the Center's Board of Directors are appointed by the Superintendent of Jackson City School District, the Sponsor. The Center is reported as a component unit of the Sponsor.

H. Contingencies

Student Attendance and Grants The Auditor of State is currently performing a review of supporting documentation for student attendance data reported to the Ohio Department of Education. The results of this review are still pending and will be reported separately to the Ohio Department of Education at a later date.

The Center received financial assistance from federal and state agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with the terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the Center. This also encompasses the Auditor of State's ongoing review of student attendance data. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the Center at June 30, 2012.

Ohio Department of Education Enrollment Review The Ohio Department of Education conducts reviews of enrollment data and full-time equivalency (FTE) calculations made by the Center. These reviews are conducted to ensure the Center is reporting accurate student enrollment data to the State, upon which state foundation funding is calculated. The ODE fiscal year 2012 review was not completed prior to the compilation of the Center's financial statements.

JACKSON CITY SCHOOL DISTRICT JACKSON COUNTY

NOTES TO THE FEDERAL AWARDS RECEIPTS AND EXPENDITURES SCHEDULE FOR THE FISCAL YEAR ENDED JUNE 30, 2012

NOTE A - SIGNIFICANT ACCOUNTING POLICIES

The accompanying Federal Awards Receipts and Expenditures Schedule (the Schedule) reports the Jackson City School District's (the School District's) federal award programs' receipts and disbursements. The Schedule has been prepared on the cash basis of accounting.

NOTE B – CHILD NUTRITION CLUSTER

The School District commingles cash receipts from the U.S. Department of Agriculture with similar State grants. When reporting expenditures on this Schedule, the School District assumes it expends federal monies first.

NOTE C - FOOD DONATION PROGRAM

The School District reports commodities consumed on the Schedule at fair value. The School District allocated donated food commodities to the respective program that benefited from the use of those donated food commodities.

NOTE D - CENTER FOR STUDENT ACHIEVEMENT

The Center for Student Achievement (CSA), a component unit of the School District, was awarded various federal grants. The CSA is responsible for the compliance requirements related to the various grants, however, as the sponsor of the CSA, the School District is the fiscal agent for the grants. The CSA's grants are included in the School District's Schedule. The following amounts represent the Receipts and Disbursements related to the CSA:

Program Title	Receipts	Disbursements
Title 1 Cluster: Title 1 Grants to Local Educational Agencies ARRA - Title 1 Grants to Local Educational Agencies Total Title 1 Cluster	\$16,597 1,579 18,176	\$24,692 52 24,744

ARRA - State Fiscal Stabilization Fund - Education State Grants		20,283
Education Jobs Fund	18,343	18,973
Total Federal Award Receipts and Expenditures	\$47,772	\$80,014

INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Jackson City School District Jackson County 450 Vaughn Street Jackson, Ohio 45640

To the Board of Education:

We have audited the financial statements of the governmental activities, the discretely presented component unit, each major fund and the aggregate remaining fund information of the Jackson City School District, Jackson County, Ohio (the School District), as of and for the year ended June 30, 2012, which collectively comprise the School District's basic financial statements and have issued our report thereon dated March 14, 2013, wherein we noted the School District uses a comprehensive basis of accounting other than generally accepted accounting principles. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the School District's internal control over financial reporting as a basis for designing our audit procedures for the purpose of expressing our opinions on the financial statements, but not to opine on the effectiveness of the School District's internal control over financial reporting. Accordingly, we have not opined on the effectiveness of the School District's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent or detect and timely correct misstatements. A material weakness is a deficiency, or combination of internal control deficiencies resulting in more than a reasonable possibility that a material misstatement of the School District's financial statements will not be prevented, or detected and timely corrected.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider material weaknesses, as defined above.

Jackson County
Independent Accountants' Report on Internal Control Over
Financial Reporting and on Compliance and Other Matters
Required by Government Auditing Standards
Page 2

Compliance and Other Matters

As part of reasonably assuring whether the School District's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express an opinion. The results of our tests disclosed an instance of noncompliance or other matter we must report under *Government Auditing Standards*, which is described in the accompanying Schedule of Findings as item 2012-01.

The School District's response to the finding identified in our audit is described in the accompanying Schedule of Findings. We did not audit the School District's response and, accordingly, we express no opinion on it.

We intend this report solely for the information and use of management, the Board of Education, federal awarding agencies and pass-through entities and others within the School District. We intend it for no one other than these specified parties.

Dave Yost Auditor of State

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Jackson City School District Jackson County 450 Vaughn Street Jackson, Ohio 45640

To the Board of Education:

Compliance

We have audited the compliance of the Jackson City School District, Jackson County, Ohio (the School District), with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133, Compliance Supplement* that could directly and materially affect each of the School District's major federal programs for the year ended June 30, 2012. The Summary of Auditor's Results section of the accompanying Schedule of Findings identifies the School District's major federal programs. The School District's management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to each major federal program. Our responsibility is to express an opinion on the School District's compliance based on our audit.

Our compliance audit followed auditing standards generally accepted in the United States of America; the standards applicable to financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. These standards and OMB Circular A-133 require that we plan and perform the audit to reasonably assure whether noncompliance occurred with the compliance requirements referred to above that could directly and materially affect a major federal program. An audit includes examining, on a test basis, evidence about the School District's compliance with these requirements and performing other procedures we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the School District's compliance with these requirements.

In our opinion, the School District complied, in all material respects, with the requirements referred to above that could directly and materially affect each of its major federal programs for the year ended June 30, 2012.

Applicable To Each Major Federal Program and on Internal Control Over
Compliance in Accordance with OMB Circular A-133
Page 2

Internal Control Over Compliance

The School District's management is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the School District's internal control over compliance with requirements that could directly and materially affect a major federal program, to determine our auditing procedures for the purpose of opining on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of opining on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program compliance requirement. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

We intend this report solely for the information and use of management, the Board of Education, others within the School District, federal awarding agencies, and pass-through entities. We intend it for no one other than these specified parties.

Dave Yost Auditor of State

JACKSON CITY SCHOOL DISTRICT JACKSON COUNTY

SCHEDULE OF FINDINGS OMB CIRCULAR A-133 § .505 JUNE 30, 2012

1. SUMMARY OF AUDITOR'S RESULTS

(d)(1)(i)	Type of Financial Statement Opinion	Unqualified
(d)(1)(ii)	Were there any material control weakness conditions reported at the financial statement level (GAGAS)?	No
(d)(1)(ii)	Were there any significant deficiencies in internal control reported at the financial statement level (GAGAS)?	No
(d)(1)(iii)	Was there any reported material noncompliance at the financial statement level (GAGAS)?	Yes
(d)(1)(iv)	Were there any material internal control weakness conditions reported for major federal programs?	No
(d)(1)(iv)	Were there any significant deficiencies in internal control reported for major federal programs?	No
(d)(1)(v)	Type of Major Programs' Compliance Opinion	Unqualified
(d)(1)(vi)	Are there any reportable findings under §.510(a)?	No
(d)(1)(vii)	Major Programs (list):	Nutrition Cluster CFDA #'s 10.553 and 10.555
		Improving Teacher Quality State Grants CFDA #84.367
		ARRA – Race to the Top Incentive Grants CFDA #84.395
		Education Jobs Fund CFDA # 84.410
(d)(1)(viii)	Dollar Threshold: Type A/B Programs	Type A: > \$300,000 Type B: all others
(d)(1)(ix)	Low Risk Auditee?	No

JACKSON CITY SCHOOL DISTRICT JACKSON COUNTY

SCHEDULE OF FINDINGS OMB CIRCULAR A-133 § .505 JUNE 30, 2012 (Continued)

2. FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS

FINDING NUMBER 2012-01

Noncompliance Citation

Ohio Rev. Code Section 117.38 provides, in part, that each public office shall file a financial report for each fiscal year. The Auditor of State may prescribe forms by rule or may issue guidelines, or both, for such reports. If the Auditor of State has not prescribed a rule regarding the form for the report, the public office shall submit its report on the form utilized by the public office. Ohio Admin. Code Section 117-2-03 further clarifies the requirements of Ohio Rev. Code Section 117.38.

Ohio Admin. Code Section 117-2-03(B) requires the School District to prepare its annual financial report in accordance with generally accepted accounting principles. The School District filed financial statements with the Auditor of State, but those statements followed a cash and investments accounting basis rather than generally accepted accounting principles. The accompanying financial statements and notes omit material assets, liabilities, fund equities, and disclosures. The School District is subject to fines and various other administrative remedies.

We recommend the School District take the necessary steps to ensure that the annual financial report is prepared on a generally accepted accounting principles basis.

Officials' Response: Jackson City Schools has chosen to use the most cost-effective financial reporting system available. The additional cost associated with the GAAP financial statements would be a direct burden upon instructional resources.

3. FINDINGS FOR FEDERAL AWARDS

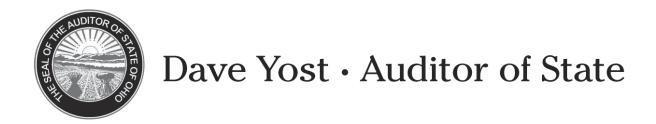

None noted.

JACKSON CITY SCHOOL DISTRICT JACKSON COUNTY

SCHEDULE OF PRIOR AUDIT FINDINGS OMB CIRCULAR A-133 §.315(b) JUNE 30, 2012

Finding Number	Finding Summary	Fully Corrected?	Not Corrected, Partially Corrected; Significantly Different Corrective Action Taken; or Finding No Longer Valid; <i>Explain</i> :
2011-001	A material noncompliance citation was issued under Ohio Rev. Code Section 117.38 and Ohio Admin. Code Section 117-2-03(B) for not preparing the annual financial report pursuant to generally accepted accounting principles.	No	Not Corrected: This item is repeated in the accompanying Schedule of Findings as Finding Number 2012-01.
