INDEPENDENT ACCOUNTANTS' REPORT

Northwest Ohio Educational Service Center **Fulton County** P.O. Box 250 Archbold, Ohio 43502-0250

To the Governing Board:

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Northwest Ohio Educational Service Center, Fulton County, Ohio (the Educational Service Center), as of and for the year ended June 30, 2012, which collectively comprise the Educational Service Center's basic financial statements as listed in the table of These financial statements are the responsibility of the Educational Service Center's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' Government Auditing Standards. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Northwest Ohio Educational Service Center, Fulton County, Ohio, as of June 30, 2012, and the respective changes in financial position, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated March 5, 2013, on our consideration of the Educational Service Center's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. That report is an integral part of an audit performed in accordance with Government Auditing Standards. You should read it in conjunction with this report in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require this presentation to include *Management's discussion and analysis* as listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any other assurance.

We conducted our audit to opine on the financial statements that collectively comprise the Educational Service Center's basic financial statements taken as a whole. The schedules of revenues, expenditures and changes in fund balance - budget (non-GAAP budgetary basis) and actual provide additional analysis and are not a required part of the basic financial statements. The federal awards receipts and expenditures schedule provides additional information required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the basic financial statements. The schedules are management's responsibility, and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. These schedules were subject to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, in accordance with auditing standards generally accepted in the United States of America. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2012 UNAUDITED

The discussion and analysis of Northwest Ohio Educational Service Center's (the Educational Service Center) financial performance provides an overall review of the Educational Service Center's financial activities for the fiscal year ended June 30, 2012. The intent of this discussion and analysis is to look at the Educational Service Center's financial performance as a whole. Readers should also review the basic financial statements and notes to enhance their understanding of the Educational Service Center's financial performance.

Highlights

Highlights for fiscal year 2012 are as follows:

There was an increase in net assets for fiscal year 2012 of \$71,940, or 1 percent. This was not a significant change.

Using the Basic Financial Statements

This annual report consists of a series of financial statements and notes to those statements. The statements are organized so the reader can understand Northwest Ohio Educational Service Center as a financial whole, or as an entire operating entity.

The statement of net assets and the statement of activities provide information about the activities of the whole Educational Service Center, presenting both an aggregate view of the Educational Service Center's finances and a longer-term view of those finances.

Fund financial statements provide a greater level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for spending in the near future. The fund financial statements also look at the Educational Service Center's most significant funds, with all other nonmajor funds presented in total in a single column. For Northwest Ohio Educational Service Center, the General Fund and the Title IV-B (Individual Disabilities Education Act Grant (IDEA-B)) special revenue fund are the most significant funds.

Reporting the Educational Service Center as a Whole

The statement of net assets and the statement of activities reflect how the Educational Service Center did financially during fiscal year 2012. These statements include all assets and liabilities using the accrual basis of accounting similar to that which is used by most private-sector companies. This basis of accounting considers all of the current fiscal year's revenues and expenses regardless of when cash is received or paid.

These statements report the Educational Service Center's net assets and changes in those assets. This change in net assets is important because it tells the reader whether the financial position of the Educational Service Center as a whole has increased or decreased from the prior fiscal year. Over time, these increases and/or decreases are one indicator of whether the financial position is improving or deteriorating. Causes for these changes may be the result of many factors, some financial, some not. Nonfinancial factors include facility conditions, required educational programs, and other factors.

In the statement of net assets and the statement of activities, all of the Educational Service Center's activities are reported as governmental activities, including instruction, support services, non-instructional services, and intergovernmental activities.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2012 UNAUDITED

Reporting the Educational Service Center's Most Significant Funds

Fund financial statements provide detailed information about the Educational Service Center's major funds. While the Educational Service Center uses many funds to account for its financial transactions, the fund financial statements focus on the Educational Service Center's most significant funds. The Educational Service Center's major governmental funds are the General Fund and the Title VI-B (Individual Disabilities Education Act Grant (IDEA-B)) special revenue fund.

Governmental Funds - All of the Educational Service Center's activities are reported in governmental funds, which focus on how monies flow into and out of those funds and the balances left at fiscal year end for spending in future periods. These funds are reported using modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund financial statements provide a detailed short-term view of the Educational Service Center's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or less financial resources that can be spent in the near future to finance educational programs.

Fiduciary Funds - Fiduciary funds are used to account for resources held for the benefit of parties outside the Educational Service Center. Fiduciary funds are not reflected on the government-wide financial statements because the resources from these funds are not available to support the Educational Service Center's programs. These funds use the accrual basis of accounting.

As indicated previously, the overall change in net assets from the prior fiscal year was not significant. The most significant changes reflected above include the increase in current and other assets, or generally cash and cash equivalents, and due to the increase in charges for services for fiscal year 2012. This is also reflected in the increase in unrestricted net assets. The decrease in long-term liabilities reflects the retirement of debt principal.

Table 2 reflects the changes in net assets for fiscal year 2012 and fiscal year 2011.

Program revenues were 96 percent of total revenues for fiscal year 2012 (the same as for fiscal year 2011) and are primarily represented by charges for educational programs provided to the school districts served by the Educational Service Center. Charges for services were 63 percent of total revenues. The services being charged to the school districts involve various instruction and support services. The Educational Service Center provides services to seventeen local, three exempted village, and three city school districts in Northwest Ohio, as well as some services to various other area school districts. The change in program revenues from the prior fiscal year was not significant; however, there was a decrease in capital grants and contributions (the Educational Service Center received donated capital assets in the prior fiscal year).

General revenues remained fairly similar to the prior fiscal year.

Overall, expenses also remained fairly similar to the prior fiscal year (3 percent decrease). Program costs are charged to the school districts for services they contract with the Educational Service Center to provide. Costs are determined from the costs of personnel, fringe benefits, purchased services, supplies, equipment, etc. less any applicable revenue sources available to the Educational Service Center.

Regular instruction costs (6 percent of total expenses) include opportunity programs and suspension programs.

Special instruction activities include instruction of gifted, multiple disabled, hearing impaired, visual impaired, orthopedic impaired, emotional disturbed, cognitive and specific learning disabled, English as a second language, and preschool disabled children.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2012 UNAUDITED

Expenses for the services of nurses, school psychologists, speech therapists, attendance officer, social worker, adapted physical education instructors, occupational therapists, physical therapists, work-study coordinators, and a preschool coordinator represented 22 percent of overall expenses and are reflected as pupils support services.

Instructional staff support services were 32 percent of total expenses. These expenses include the costs of special education supervisors, general education consultants, gifted education coordinators, child information management specialists, and paraprofessionals (teacher aides).

Intergovernmental expenses include the Individual Disabilities Education Act Grant (IDEA-B) and the Limited English Proficiency Grant (LEP). These are flow-through grant resources received and spent by the Educational Service Center on behalf of the school districts.

Table 3 indicates the total cost of services and the net cost of services for governmental activities. The statement of activities reflects the costs of program services and the charges for services, grants, and contributions offsetting those services. The net cost of services identifies the cost of those services supported by tax revenues and unrestricted State entitlements.

As noted earlier, program revenues provide for 96 percent of the costs for providing services. Funding for gifted and preschool units are provided by the State based on the training and experience of the staff employed in those positions. These units have been and continue to be funded below actual costs. The remaining costs are covered by general revenues.

Expenses for a significant percentage of paraprofessionals (teacher aides) and special education supervisors are included in the instructional staff support services program. In contrast, instructional programs are charged to school districts and recorded by the Educational Service Center as charges for services revenue for activities related to regular and special instruction. Therefore, the instruction programs appear to be over funded while the instructional staff support services program seems to be under funded. Some expenses within the pupils support services program are also charged to school

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2012 UNAUDITED

districts with the revenue recorded by the Educational Service Center as charges for services for activities related to special instruction.

The Educational Service Center's Funds

The Educational Service Center's governmental funds are accounted for using the modified accrual basis of accounting. Fund balance increased \$197,202 (19 percent) in the General Fund. Revenues were comparable to the prior fiscal year; however, there was a 22 percent decrease in expenses due to building acquisition in fiscal year 2011.

The Title VI-B (Individual Disabilities Education Act Grant (IDEA-B)) Fund had a zero fund balance as of fiscal year end as all resources were spent.

Capital Assets and Debt Administration

Capital Assets - At June 30, 2012, the Educational Service Center had \$6,624,198 invested in capital assets (net of accumulated depreciation). Additions and disposals were minimal. For further information regarding the Educational Service Center's capital assets, refer to Note 8 to the basic financial statements.

Debt - At June 30, 2012, the Educational Service Center's long-term debt consisted of a loan, in the amount of \$969,708, for building acquisition. The Educational Service Center's long-term obligations also include compensated absences. For further information regarding the Educational Service Center's long-term obligations, refer to Note 14 to the basic financial statements.

Current Issues

With the uncertainty of the economy, funding cuts could continue for the Educational Service Center as well as other school districts in Ohio. Funding cuts in educational service center per pupil funding have been enacted and are continuing in fiscal year 2013. In fact, the amount has been reduced each year since fiscal year 2008 and is no longer calculated and reduced from a per pupil calculation, rather a flat amount is funded.

Costs for services will increase with staff moving up the salary schedules and increased insurance costs as the Educational Service Center tries to maintain quality services with quality personnel. The Educational Service Center did not increase salary schedules for 2011-2012 or 2012-13 helping to keep cost increases minimal but it is not realistic to continue zero increases for multiple years while trying to retain quality staff. Additionally, educational programming expenses associated with services to this student population continue to increase. Extended service days and hours per day for staff have been reduced where possible to help mitigate increases. Some positions are not being filled as vacancies occur.

Since the Educational Service Center charges school districts for services based on costs, charges for services will modestly increase in fiscal year 2013. As school districts experience reductions to their revenues they are looking for ways to cut expenses including services they receive from the Educational Service Center. Since the majority of services provided are mandated, school districts can look at providing the services themselves if they believe they have the capacity to provide the services themselves at a lower cost or with staff that would otherwise have been cut at their school districts to reduce overall costs.

Shared services remains a priority for all educational service centers. A study titled Beyond Boundaries: A Shared Services Action Plan for Ohio Schools and Governments was released in June 2012. The board of education of each city, exempted village, or local school district with an average daily student enrollment of sixteen thousand or less was required to enter into an agreement with the governing board

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2012 UNAUDITED

of an educational service center to provide services to the school district. Defiance City School District, Hicksville Local School District, Montpelier Exempted Village School District, and Napoleon Area City School District have service agreements as provided for. Bryan City School District and Wauseon Exempted Village School District fell under this provision and did sign alignment agreements with the Educational Service Center, so all twenty-three school districts in our four county service territory elected to align with this Educational Service Center.

Beyond educational services, the State budget bill provided that a governing board of an educational service center may enter into a contract with any political subdivision, under which the educational service center will provide services to the political subdivision. Contracts are to be mutually agreed to by the parties with direct payment to the educational service center for services specified in the contract.

Contacting the Educational Service Center's Financial Management

This financial report is designed to provide our citizens, taxpayers, investors, and creditors with a general overview of the Educational Service Center's finances and to reflect the Educational Service Center's accountability for the monies it receives. Questions concerning any of the information in this report or requests for additional information should be directed to Dorthy K. Pietrykowski, Chief Financial Officer, Northwest Ohio Educational Service Center, 205 Nolan Parkway, PO Box 250, Archbold, OH 43502-0250.

Note 1 - Reporting Entity

Northwest Ohio Educational Service Center (the "Educational Service Center") is located in Archbold, Ohio, in Fulton County. The Educational Service Center supplies supervisory, special education, administrative, and other services to seventeen local, three exempted village, and three city school districts. The Educational Service Center furnishes leadership and consulting services designed to strengthen these school districts in areas they are unable to finance or staff independently.

The Educational Service Center operates under a locally-elected Governing Board elected from subdistricts within the four county area (Defiance, Fulton, Henry, and Williams counties). The Board consists of nine members elected for staggered four year terms. The Educational Service Center has twenty administrators, two hundred eighty-three classified employees, and four hundred forty-seven certified employees who provide services to the local, exempted village, and city school districts.

A reporting entity is composed of the primary government, component units, and other organizations that are included to insure the financial statements are not misleading. The primary government of the Educational Service Center consists of all funds, departments, boards, and agencies that are not legally separate from the Educational Service Center. For the Northwest Ohio Educational Service Center, this consists of general operations.

Component units are legally separate organizations for which the Educational Service Center is financially accountable. The Educational Service Center is financially accountable for an organization if the Educational Service Center appoints a voting majority of the organization's governing board and (1) the Educational Service Center is able to significantly influence the programs or services performed or provided by the organization; or (2) the Educational Service Center is legally entitled to or can otherwise access the organization's resources; the Educational Service Center is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the Educational Service Center is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the Educational Service Center in that the Educational Service Center approves the budget, the issuance of debt, or the levying of taxes. There are no component units of the Northwest Ohio Educational Service Center.

The Educational Service Center participates in four jointly governed organizations and two insurance pools. These organizations are the Northwest Ohio Computer Association, the Northern Buckeye Education Council, the Four County Career Center, the Northwestern Ohio Educational Research Council, Inc., the Northern Buckeye Health Plan Northwest Division of Optimal Health Initiative Consortium, and the Northern Buckeye Health Plan Workers' Compensation Group Rating Plan. Information about these organizations is presented in Notes 16 and 17 to the basic financial statements.

Note 2 - Summary of Significant Accounting Policies

The financial statements of Northwest Ohio Educational Service Center have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The Educational Service Center also applies Financial Accounting Standards Board (FASB) statements and interpretations issued on or before November 30, 1989, to its governmental activities provided they do not conflict with or contradict GASB pronouncements. Following are the more significant of the Educational Service Center's accounting policies.

Note 2 - Summary of Significant Accounting Policies (continued)

A. Basis of Presentation

The Educational Service Center's basic financial statements consist of government-wide financial statements, including a statement of net assets and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

Government-Wide Financial Statements

The statement of net assets and the statement of activities display information about the Educational Service Center as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. These statements usually distinguish between those activities of the Educational Service Center that are governmental activities (primarily supported by intergovernmental revenues) and those that are considered business-type activities (primarily supported by fees and charges). However, the Educational Service Center has no business-type activities.

The statement of net assets presents the financial condition of the government activities of the Educational Service Center at fiscal year end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the Educational Service Center's governmental activities. Direct expenses are those that are specifically associated with a service, program, or department and, therefore, clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues of the Educational Service Center, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental activity is self-financing or draws from the general revenues of the Educational Service Center.

Fund Financial Statements

During the fiscal year, the Educational Service Center segregates transactions related to certain Educational Service Center functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the Educational Service Center at this more detailed level. The focus of governmental fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by type.

B. Fund Accounting

The Educational Service Center uses funds to maintain its financial records during the fiscal year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. There are two categories of funds used by the Educational Service Center, governmental and fiduciary.

Governmental Funds

Governmental funds are those through which most governmental functions of the Educational Service Center are financed. Governmental fund reporting focuses on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The Educational Service Center's two major funds are the General Fund and the Title VI-B special revenue fund.

Note 2 - Summary of Significant Accounting Policies (continued)

<u>General Fund</u> - The General Fund is used to account for all financial resources, except those required to be accounted for in another fund. The General Fund balance is available to the Educational Service Center for any purpose provided it is expended or transferred according to the general laws of Ohio.

<u>Title VI-B Fund</u> - The Title VI-B Fund is used to account for grant resources received through the Ohio Department of Education and restricted to providing support for educating handicapped students. Some of these resources are also passed through or spent on behalf of the local, exempted village, and city school districts served by the Educational Service Center.

The other governmental funds of the Educational Service Center account for grants and other resources whose use is restricted, committed, or assigned for a particular purpose.

Fiduciary Funds

Fiduciary fund reporting focuses on net assets and changes in net assets. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private purpose trust funds, and agency funds. Trust funds are used to account for assets held by the Educational Service Center under a trust agreement for individuals, private organizations, or other governments and are not available to support the Educational Service Center's own programs. The Educational Service Center did not have any trust funds in fiscal year 2012. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The Educational Service Center's agency fund accounts for various payroll related deductions.

C. Measurement Focus

Government-Wide Financial Statements

The government-wide financial statements are prepared using a flow of economic resources measurement focus. All assets and liabilities associated with the operation of the Educational Service Center are included on the statement of net assets. The statement of activities presents increases (e.g., revenues) and decreases (e.g., expenses) in total net assets.

Fund Financial Statements

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reflects the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements, therefore, include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the fund financial statements for governmental funds.

D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting and the fiduciary fund uses the accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures.

Note 2 - Summary of Significant Accounting Policies (continued)

Revenues - Exchange and Nonexchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On the modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the Educational Service Center, available means expected to be received within sixty days of fiscal year end.

Nonexchange transactions, in which the Educational Service Center receives value without directly giving equal value in return, include grants, entitlements, and donations. On the accrual basis, revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the fiscal year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the Educational Service Center must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the Educational Service Center on a reimbursement basis. On the modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered both measurable and available at fiscal year end: grants, interest, tuition, fees, customer services, and rent.

Deferred Revenues

Deferred revenues arise when assets are recognized before revenue recognition criteria have been satisfied. Grants and entitlements received before the eligibility requirements are met are recorded as deferred revenue.

On governmental fund financial statements, receivables that will not be collected within the available period are reported as deferred revenue.

Expenses/Expenditures

On the accrual basis, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

E. Cash and Investments

To improve cash management, cash received by the Educational Service Center is pooled. Monies for all funds are maintained in the pool. Individual fund integrity is maintained through Educational Service Center records. Interest in the pool is presented as "Equity in Pooled Cash and Cash Equivalents".

During fiscal year 2012, investments included federal agency securities, U.S. treasury securities, mutual funds, and STAR Ohio. Investments are reported at fair value, which is based on quoted market price or current share price. STAR Ohio is an investment pool, managed by the State Treasurer's Office, which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAR Ohio are valued at STAR Ohio's net asset value per share, which is the price the investment could be sold for on June 30, 2012.

Note 2 - Summary of Significant Accounting Policies (continued)

The Educational Service Center allocates interest according to State statues. Interest revenue credited to the General Fund during fiscal year 2012 was \$6,078, which includes \$748 assigned from other Educational Service Center funds.

Investments of the cash management pool and investments with an original maturity of three months or less at the time they are purchased by the Educational Service Center are presented on the financial statements as cash equivalents. Investments with an initial maturity of more than three months that were not purchased from the pool are reported as investments.

F. Inventory

Inventory is stated at cost on a first-in first-out basis and is expended/expensed when used. Inventory consists of expendable supplies held for consumption.

G. Capital Assets

All of the Educational Service Center's capital assets are general capital assets. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column on the government-wide statement of net assets but are not reported on the fund financial statements.

All capital assets are capitalized at cost and updated for additions and reductions during the fiscal year. Donated capital assets are recorded at their fair market value on the date donated. The Educational Service Center maintains a capitalization threshold of two thousand five hundred dollars. The Educational Service Center does not have any infrastructure. Improvements are capitalized.

All capital assets, except land, are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

Description	Useful Lives
Land Improvements	20 years
Buildings and Building Improvements	20-50 years
Furniture, Fixtures, and Equipment	5-20 years
Vehicles	8 years

H. Interfund Assets/Liabilities

On fund financial statements, receivables and payables resulting from services provided are classified as "Interfund Receivables/Payables". Interfund balances within governmental activities are eliminated on the statement of net assets.

I. Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the Educational Service Center will compensate the employees for the benefits through paid time off or some other means. The Educational Service Center records a liability for accumulated unused vacation time when earned for all employees.

Note 2 - Summary of Significant Accounting Policies (continued)

Sick leave benefits are accrued as a liability using the vesting method. The liability includes the employees who are currently eligible to receive termination benefits and those the Educational Service Center has identified as probable of receiving payment in the future. The amount is based on accumulated sick leave and employees' wage rates at fiscal year end, taking into consideration any limits specified in the Educational Service Center's termination policy. The Educational Service Center records a liability for accumulated unused sick leave for all employees who have ten or more years of service with the Educational Service Center.

The entire compensated absences liability is reported on the government-wide financial statements.

On governmental fund financial statements, compensated absences are recognized as a liability and expenditure to the extent payments come due each period upon the occurrence of employee resignations and retirements. These amounts are recorded in the account "Matured Compensated Absences Payable" in the fund from which the employees who have accumulated unpaid leave are paid.

J. Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported on the government-wide financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, compensated absences that are paid from governmental funds are reported as liabilities on the fund financial statements only to the extent that they are due for payment during the current fiscal year. Long-term loans are recognized as liabilities on the fund financial statements when due.

K. Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction, or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. Restricted net assets represent federal and state grants. The Educational Service Center's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

L. Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the Educational Service Center is bound to observe constraints imposed upon the use of the resources in governmental funds. The classifications are as follows:

Nonspendable - The nonspendable classification includes amounts that cannot be spent because they are not in spendable form or legally or contractually required to be maintained intact. The "not in spendable form" includes items that are not expected to be converted to cash.

<u>Restricted</u> - Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or are imposed by law through constitutional provisions.

Note 2 - Summary of Significant Accounting Policies (continued)

<u>Committed</u> - The committed classification includes amounts that can be used only for the specific purposes imposed by a formal action (resolution) of the Governing Board . The committed amounts cannot be used for any other purpose unless the Governing Board removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

<u>Assigned</u> - Amounts in the assigned classification are intended to be used by the Educational Service Center for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds, other than the General Fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the General Fund, assigned amounts represent intended uses established by the Governing Board.

<u>Unassigned</u> - Unassigned fund balance is the residual classification for the General Fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

The Educational Service Center first applies restricted resources when an expenditure is incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications can be used.

M. Flow-Through Grants

The Educational Service Center is the primary recipient of grants which are passed through or spent on behalf of the local, exempted village, and city school districts. When the Educational Service Center has a financial or administrative role in the grants, the grants are reported as revenues and intergovernmental expenditures in a special revenue fund. For fiscal year 2012, these funds included the Title VI-B (Individual Disabilities Education Act), Early Childhood Special Education, and Limited English Proficiency special revenue funds.

N. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Note 3 - Restatement of Net Assets

The Educational Service Center has changed the threshold for recording capital assets. The restatement had the following effect on net assets.

	Governmental
	Activities
Net Assets at June 30, 2011	\$6,197,996
Capital Assets	(395,713)
Accumulated Depreciation	247,193
Restated Net Assets at June 30, 2011	\$6,049,476

Note 4 - Accountability

At June 30, 2012, the Miscellaneous State Grants special revenue fund had a deficit fund balance, in the amount of \$366, resulting from adjustments for accrued liabilities. The General Fund provides transfers to cover deficit balances; however, this is done when cash is needed rather than when accruals occur.

Note 5 - Deposits and Investments

Monies held by the Educational Service Center are classified by State statute into three categories.

Active monies are public monies determined to be necessary to meet current demands upon the Educational Service Center treasury. Active monies must be maintained either as cash in the Educational Service Center treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits the Board has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts, including passbook accounts.

Interim monies held by the Educational Service Center may be deposited or invested in the following securities:

- United States Treasury bills, bonds, notes, or any other obligation or security issued by the United States Treasury, or any other obligation guaranteed as to principal and interest by the United States:
- 2. Bonds, notes, debentures, or any other obligation or security issued by any federal government agency or instrumentality including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
- 3. Written repurchase agreements in the securities listed above;
- 4. Bonds and other obligations of the State of Ohio or Ohio local governments:
- 5. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts:
- 6. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2);
- 7. The State Treasurer's investment pool (STAR Ohio); and
- 8. Bankers' acceptances and commercial paper if training requirements have been met.

Note 5 - Deposits and Investments (continued)

Investments in stripped principal or interest obligations, reverse repurchase agreements, and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage, and short selling are also prohibited. An investment must mature within five years from the date of purchase, unless matched to a specific obligation or debt of the Educational Service Center, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions.

Deposits

Custodial credit risk for deposits is the risk that in the event of bank failure, the Educational Service Center will not be able to recover deposits or collateral securities that are in the possession of an outside party. At fiscal year end, \$2,447,833 of the Educational Service Center's bank balance of \$2,698,548 was exposed to custodial credit risk because it was uninsured and uncollateralized. Although all State statutory requirements for the deposit of money had been followed, noncompliance with federal requirements could potentially subject the Educational Service Center to a successful claim by the FDIC.

The Educational Service Center has no deposit policy for custodial credit risk beyond the requirements of State statute. Ohio law requires that deposits be either insured or be protected by eligible securities pledged to and deposited either with the Educational Service Center or a qualified trustee by the financial institution as security for repayment, or by a collateral pool of eligible securities deposited with a qualified trustee and pledged to secure the repayment of all public monies deposited in the financial institution whose market value at all times shall be at least 105 percent of the deposits being secured.

Investments

As of June 30, 2012, the Educational Service Center had the following investments:

	Fair Value	Maturity
Federal Home Loan Bank Notes	\$164,999	7/13/12
Federal Home Loan Bank Notes	140,102	11/30/12
Federal Home Loan Bank Notes	174,929	3/6/13
Federal Home Loan Bank Notes	75,039	7/12/13
Federal Home Loan Bank Notes	114,932	6/27/14
Federal Home Loan Bank Notes	54,804	3/13/15

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The investment policy restricts the Treasurer from investing in any securities other than those identified in the Ohio Revised Code and that all investments must mature within five years from the date of investment unless they are matched to a specific obligation or debt of the Educational Service Center.

Note 5 - Deposits and Investments (continued)

All of the federal agency securities and mutual funds carry a rating of AAA by Moodys, with the exception of one security rated P-1. STAR Ohio carries a rating of AAA by Standard and Poor's. The Educational Service Center has no investment policy dealing with credit risk beyond the requirements of State statute. Ohio law requires that mutual funds be rated in the highest category at the time of purchase by at least one nationally recognized standard rating service and STAR Ohio maintain the highest rating provided by at least one nationally recognized standard rating service.

The Educational Service Center limits the amount it may invest in any one issuer to no more than 80 percent of its total investment portfolio. The following table indicates the percentage of investments to the Educational Service Center's total portfolio:

	Fair Value	Percentage of Portfolio
Federal Home Loan Bank	\$724,805	36.8%
Federal Home Loan Mortgage Corporation	100,116	5.1
Federal National Mortgage Association	300,687	15.3

Note 6 - State Funding

The Educational Service Center, under State law, provides supervisory services to the local school districts within its territory. Each city and exempted village school district that entered into an agreement with the Educational Service Center is considered to be provided supervisory services. The cost of the supervisory services is determined by formula under State law. The State Department of Education apportions the costs for all supervisory services among the Educational Service Center's school districts based on each school district's total student count. The State Department of Education deducts each school district's amount from their State Foundation Program settlements and remits the amount to the Educational Service Center. The Educational Service Center may provide additional supervisory services if the majority of the school districts agree to the services and the apportionment of the costs.

The Educational Service Center also receives funding from the State Department of Education, in the amount of \$40.52 multiplied by the average daily membership of the Educational Service Center. Average daily membership includes the total student counts of all of the local school districts served by the Educational Service Center. This amount is paid from State resources. The State Department of Education also deducts from the State Foundation Program settlement of each of the school districts served by the Educational Service Center an amount equal to \$6.50 multiplied by the school district's total student count and remits this amount to the Educational Service Center.

The Educational Service Center may contract with local, city, exempted village, joint vocational, or cooperative education school districts to provide special education and related services or career-technical education services. The individual boards of education pay the costs for these services directly to the Educational Service Center.

Note 7 - Receivables

Receivables at June 30, 2012, consisted of accounts, accrued interest, interfund, and intergovernmental receivables. All receivables are considered collectible in full and within one year.

Note 9 - Interfund Assets/Liabilities

At June 30, 2012, the General Fund had an interfund receivable from other governmental funds, in the amount of \$1,890, for services provided.

Note 10 - Risk Management

The Educational Service Center is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During fiscal year 2012, the Educational Service Center contracted for the following insurance coverage:

Coverage provided by the Argonaut Insurance Group

General Liability	
Per Occurrence	\$1,000,000
Total per Year	3,000,000
Excess Liability	2,000,000
Auto Coverage	
Liability	1,000,000
Uninsured Motorist	1,000,000
Commercial Property	5,580,000

Settled claims have not exceeded this commercial coverage in any of the past three years, and there has been no significant reduction in insurance coverage from the prior fiscal year.

Through 12/31/11, the Educational Service Center participated in the Northern Buckeye Educational Council Employee Insurance Benefits Program (Program), a public entity shared risk pool consisting of educational entities within Defiance, Fulton, Henry, Lucas, Williams, and Wood counties. The Educational Service Center paid monthly premiums for the benefits offered to its employees including medical, dental, and life insurance. The Northern Buckeye Education Council was responsible for the management and operations of the program. The agreement for the Program provided for additional assessments to participants if the premiums were insufficient to pay the program costs for the fiscal year. Upon withdrawal from the Program, a participant was responsible for any claims not processed and paid and any related administrative costs.

Effective 1/1/12, the Employee Insurance Benefits Program (Program) merged with Optimal Health Initiative Consortium (OHIC) to form the Northern Buckeye Health Plan Northwest Division of OHIC (Plan). The Educational Service Center pays monthly premiums to Plan for the benefits offered to its employees including medical, dental, and life insurance. Northern Buckeye Health Plan is responsible for the management and operations of the program.

Through 12/31/11, the Educational Service Center participated in the Northern Buckeye Education Council Worker's Compensation Group Rating Plan (GRP), an insurance purchasing pool. The GFP was intended to reduce premiums for the participants. The workers' compensation experience of the participants was calculated as one experience and a common premium rate was applied to all participants in the GRP. Each participant paid its workers' compensation premium to the State based on the rate for the GRP rather than its individual rate. Participation in the GRP was limited to educational entities that could meet the selection criteria. Each participant had to apply annually. The GRP provided the participants with a centralized program for the processing, analysis, and management of workers' compensation claims and a risk management program to assist in developing safer work environments. Each participant had to pay its premiums, enrollment or other fees, and perform it obligations in accordance with the terms of the agreement.

Note 10 - Risk Management (continued)

Effective 1/1/12, the GRP was transferred to Northern Buckeye Health Plan Northern Division of Optimal Health Initiative Consortium. The Northern Buckeye Health Plan Workers' Compensation Group Rating Plan (WCGRP) is an insurance purchasing pool. The WCGRP is governed by the Northern Buckeye Health Plan and the participating members of the WCGRP. The Executive Director of the Northern Buckeye Health Plan coordinates the administration and management of the program.

Note 11 - Defined Benefit Pension Plans

A. State Teachers Retirement System

Plan Description - The Educational Service Center participates in the State Teachers Retirement System of Ohio (STRS Ohio), a cost-sharing multiple-employer public employee retirement system. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a stand-alone financial report that can be obtained by writing to the State Teachers Retirement System of Ohio, 275 East Broad Street, Columbus, Ohio 43215-3771, by calling (888) 227-7877, or by visiting the STRS Ohio Web site at www.strsoh.org.

New members have a choice of three retirement plans; a Defined Benefit Plan (DBP), a Defined Contribution Plan (DCP), and a Combined Plan (CP). The DBP offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service or on an allowance based on a member's lifetime contributions and earned interest matched by STRS Ohio funds divided by an actuarially determined annuity factor. The DCP allows members to place all their member contributions and employer contributions equal to 10.5 percent of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age fifty and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal. The CP offers features of both the DBP and the DCP. In the CP, member contributions are invested by the member and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DBP. The DBP portion of the CP payment is payable to a member on or after age sixty; the DCP portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity at age fifty. Benefits are established by Chapter 3307 of the Ohio Revised Code.

A DBP or CP member with five or more years credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DCP who become disabled are entitled only to their account balance. If a member of the DCP dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy - Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions. Contribution rates are established by the STRS Ohio Board upon the recommendation of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. For the fiscal year ended June 30, 2012, plan members were required to contribute 10 percent of their annual covered salary. The Educational Service Center was required to contribute 14 percent; 13 percent was the portion used to fund pension obligations

The Educational Service Center's required contribution to STRS Ohio for the DBP and for the defined benefit portion of the CP were \$1,260,109 and \$23,088 for the fiscal year ended June 30, 2012, \$1,238,891 and \$25,493 for the fiscal year ended June 30, 2011, and \$1,180,689 and \$17,853 for the fiscal year ended June 30, 2010. For fiscal year 2012, 87 percent has been contributed for both the DBP and CP, with the balance being reported as an intergovernmental payable. The full amount has been contributed for fiscal years 2011 and 2010.

Note 11 - Defined Benefit Pension Plans (continued)

The contribution to STRS Ohio for the DCP for fiscal year 2012 was \$8,715 made by the Educational Service Center and \$6,225 made by the plan members. In addition, member contributions of \$16,492 were made for fiscal year 2012 for the defined contribution portion of the CP.

B. School Employees Retirement System

Plan Description - The Educational Service Center participates in the School Employees Retirement System (SERS), a cost-sharing multiple-employer defined benefit pension plan. SERS provides retirement, disability and survivor benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Chapter 3309 of the Ohio Revised Code. SERS issues a stand-alone financial report that can be obtained by visiting the SERS website at www.ohsers.org under employers/audit resources.

Funding Policy - Plan members are required to contribute 10 percent of their annual covered salary and the Educational Service Center is required to contribute 14 percent of annual covered payroll. The contribution requirement of plan members and employers is established and may be amended by the SERS Retirement Board up to a statutory maximum amount of 10 percent for plan members and 14 percent for employers. The Retirement Board, acting with the advice of the actuary, allocates the employer contribution rate among four of the system's funds (pension trust fund, death benefit fund, Medicare B fund, and health care fund). For the fiscal year ended June 30, 2012, the allocation to pension and death benefits was 12.7 percent. The remaining 1.3 percent of the 14 percent employer contribution rate was allocated to the Medicare B and health care funds. The Educational Service Center's required contribution for pension obligations to SERS for the fiscal years ended June 30, 2012, 2011, and 2010 was \$600,385, \$562,355, and \$579,986, respectively. For fiscal year 2012, 88 percent has been contributed, with the balance being reported as an intergovernmental payable. The full amount has been contributed for fiscal years 2011 and 2010.

C. Social Security System

Effective July 1, 1991, all employees not otherwise covered by the State Teachers Retirement System or the School Employees Retirement System have an option to choose Social Security or the State Teachers Retirement System/School Employees Retirement System. As of June 30, 2012, four of the Governing Board members have elected Social Security. The Board's liability is 6.2 percent of wages paid.

Note 12 - Postemployment Benefits

A. State Teachers Retirement System

Plan Description - The Educational Service Center participates in a cost-sharing multiple-employer defined benefit Health Care Plan administered by the State Teachers Retirement System of Ohio (STRS Ohio) for eligible retirees who participated in the Defined Benefit or Combined pension plans offered by STRS Ohio. Ohio law authorizes STRS Ohio to offer the Plan. Benefits include hospitalization, physicians' fees, prescription drugs, and reimbursement of monthly Medicare Part B premiums. The Plan is included in STRS Ohio's financial report which can be obtained by calling (888) 227-7877 or by visiting the STRS Ohio Web site at www.strsoh.org.

Note 12 - Postemployment Benefits (continued)

Funding Policy - Chapter 3307 of the Ohio Revised Code authorizes STRS Ohio to offer the Plan and gives the Retirement Board authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. Active employee members do not contribute to the Health Care Plan. All benefit recipients, for the most recent year, pay a monthly premium. Under Ohio law, funding for postemployment health care may be deducted from employer contributions. For fiscal year 2012, STRS Ohio allocated employer contributions equal to 1 percent of covered payroll to postemployment health care. The Educational Service Center's contribution for health care for the fiscal years ended June 30, 2012, 2011, and 2010 was \$99,378, \$97,844, and \$93,152, respectively. For fiscal year 2012, 87 percent has been contributed, with the balance being reported as an intergovernmental payable. The full amount has been contributed for fiscal years 2011 and 2010.

B. School Employees Retirement System

Plan Description - The Educational Service Center participates in two cost-sharing multiple-employer defined benefit other postemployment benefit (OPEB) plans administered by the School Employees Retirement System (SERS) for classified retirees and their beneficiaries, a Health Care Plan and a Medicare Part B Plan. The Health Care Plan includes hospitalization and physicians fees through several types of plans including HMO's, PPO's, Medicare Advantage, and traditional indemnity plans as well as a prescription drug program. The Medicare Part B Plan reimburses Medicare Part B premiums paid by eligible retirees and beneficiaries up to a statutory limit. Benefit provisions and the obligation to contribute are established by SERS based on authority granted by State statute. The financial reports of both Plans are included in the SERS Comprehensive Annual Financial Report which can be obtained by visiting the SERS website at www.ohsers.org under employers/audit resources.

Funding Policy - State statute permits SERS to fund the health care benefits through employer contributions. Each fiscal year, after the allocation for statutorily required benefits, the Retirement Board allocates the remainder of the employer contribution of 14 percent of covered payroll to the Health Care Fund. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 105(e). For fiscal year 2012, .55 percent of covered payroll was allocated to health care. In addition, employers pay a surcharge for employees earning less than an actuarially determined amount. For fiscal year 2012, this amount was \$35,800. For fiscal year 2012, the Educational Service Center paid \$70,548 in surcharge.

Active employee members do not contribute to the Health Care Plan. Retirees and their beneficiaries are required to pay a health care premium that varies depending on the plan selected, the number of qualified years of service, Medicare eligibility, and retirement status.

The Educational Service Center's contribution for health care for the fiscal years ended June 30, 2012, 2011, and 2010 was \$26,001, \$68,092, and \$20,876, respectively. For fiscal year 2012, 88 percent has been contributed, with the balance being reported as an intergovernmental payable. The full amount has been contributed for fiscal years 2011 and 2010.

The Retirement Board, acting with advice of the actuary, allocates a portion of the employer contribution to the Medicare Part B Fund. For fiscal year 2012, this actuarially required allocation was .75 percent of covered payroll. The Educational Service Center's contribution for Medicare Part B for the fiscal years ended June 30, 2012, 2011, and 2010 was \$35,456, \$36,189, and \$34,491, respectively. For fiscal year 2012, 88 percent has been contributed, with the balance being reported as an intergovernmental payable. The full amount has been contributed for fiscal years 2011 and 2010.

Note 13 - Other Employee Benefits

A. Compensated Absences

The criteria for determining vacation and sick leave benefits are derived from Board policy and State laws. Classified employees earn ten to twenty days of vacation per year, depending on length of service. Accumulated unused vacation time is paid to classified employees, the superintendent, and directors upon termination of employment. Teachers do not earn vacation time.

Teachers, superintendents, and classified employees earn sick leave at a rate of one and one-fourth days per month. Sick leave may be accumulated up to a maximum of one hundred eighty-five days. Upon retirement, payment is made for one-fourth of accrued but unused sick leave credit to a maximum of forty-six and one-fourth days for all employees.

B. Health Care Benefits

The Educational Service Center participates in the Northern Buckeye Health Plan. Through this program, the Educational Service Center offers medical, dental, and life insurance benefits. Depending upon the coverage selected, the employees share the cost of the monthly premium with the Board.

Note 14 - Long-Term Obligations

Changes in the Educational Service Center's long-term obligations during fiscal year 2012 were as follows:

	Balance at 6/30/11	Additions	Reductions	Balance at 6/30/12	Amounts Due Within One Year
Governmental Activities					
Loan Payable	\$1,140,062		\$170,354	\$ 969,708	\$144,146
Compensated Absences Payable	1,149,616	\$49,520	30,781	1,168,355	71,289
Total Governmental Activities	\$2,289,678	\$49,520	\$201,135	\$2,138,063	\$215,435

<u>FY11 Loan Payable</u> - On September 1, 2010, the Educational Service Center obtained a loan, in the amount of \$1,258,000, to acquire a building. The loan was issued for an eight year period, with final maturity during fiscal year 2019. The loan is being retired from the Debt Service fund.

Compensated absences will be paid from the General Fund.

Note 14 - Long-Term Obligations (continued)

Principal and interest requirements to retire general obligation debt outstanding at June 30, 2012, were as follows:

_	FY 11 Loan Payable		
Fiscal Year Ending June 30,	Principal	Interest	Total

Total	\$969,708	\$104,497	\$1,074,205

Note 15 - Fund Balance

Fund balance is classified as nonspendable, restricted, committed, assigned, and/or unassigned based primarily on the extent to which the Educational Service Center is bound to observe constraints imposed upon the use of the resources in governmental funds. The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented below:

		Other	Total Governmental
Fund Balance	General	Governmental	Funds
Nonspendable for:			
Materials and Supplies Inventory	\$14,677		\$14,677
Restricted for:			
Debt Retirement		\$1,029	\$1,029

Total Fund Balance	\$1,218,801	\$292,043	\$1,510,844

Note 16 - Jointly Governed Organizations

A. Northwest Ohio Computer Association

The Educational Service Center is a participant in the Northwest Ohio Computer Association (NWOCA), which is a computer consortium. NWOCA is an association of educational entities within the boundaries of Defiance, Fulton, Henry, Lucas, Williams, and Wood Counties. The organization was formed for the purpose of applying modern technology with the aid of computers and other electronic equipment to administrative and instructional functions among member educational entities.

The NWOCA Assembly consists of the superintendent from each participating educational entity and a representative from the fiscal agent. The Assembly elects the governing Council of two representatives from each of the six counties in which member educational entities are located and the representative from the member educational entity serving as fiscal agent for NWOCA. The degree of control exercised by any participating educational entity is limited to its representation on the Board. During fiscal year 2012, the Educational Service Center paid \$31,368 to NWOCA for various services. Financial information can be obtained from NWOCA, 209 Nolan Parkway, Archbold, Ohio 43502.

B. Northern Buckeye Education Council

The Northern Buckeye Education Council (NBEC) was established in 1979 to foster cooperation among educational entities located in Defiance, Fulton, Henry, Lucas, Williams, and Wood Counties. NBEC is organized under Ohio laws as a regional council of governments pursuant to a written agreement entered into by its member educational entities and bylaws adopted by the representatives of the member educational entities. NBEC is governed by an elected Board consisting of two representatives from each of the six counties in which the member educational entities are located. The Board is elected from an Assembly consisting of a representative from each participating educational entity. Financial information can be obtained from the Northern Buckeye Education Council, 209 Nolan Parkway, Archbold, Ohio 43502.

C. Four County Career Center

The Four County Career Center (Career Center) is a distinct political subdivision of the State of Ohio which provides vocational education to students. The Career Center is operated under the direction of a Board consisting of five representatives from the Northwest Ohio Educational Service Center and one representative from the participating school districts elected boards. The degree of control exercised by the Educational Service Center is limited to its representation on the Board. The Career Center possesses its own budgeting and taxing authority. Financial information can be obtained from the Four County Career Center, 22-900 State Route 34, Archbold, Ohio 43502.

D. Northwestern Ohio Educational Research Council, Inc.

The Northwestern Ohio Educational Research Council, Inc. (NOERC) is a jointly governed organization formed to bring educational entities into a better understanding of their common educational problems, facilitate and conduct practical educational research, coordinate educational research among members, provide a means for evaluating and disseminating the results of research, serve as a repository for research and legislative materials, and provide opportunities for training. The NOERC serves a twenty-five county area in Northwest Ohio. The Board of Directors consists of superintendents from two educational service centers, two exempted village school districts, five local school districts, and five city school districts, as well as representatives from two private or parochial schools and three institutions of higher education. Each active member is entitled to one vote on all issues addressed by the Board of Directors. Financial information can be obtained from the Northwestern Ohio Educational Research Council, Inc., 441 East Market Street, Celina, Ohio 45822.

Note 17 - Insurance Pools

A. Northern Buckeye Health Plan Northwest Division of OHIC

Through 12/31/11, the Educational Service Center participated in the Northern Buckeye Educational Council Employee Insurance Benefits Program (Program), a public entity shared risk pool consisting of educational entities within Defiance, Fulton, Henry, Lucas, Williams, and Wood counties. The Program was governed by Northern Buckeye Education Council and its participating members.

Effective 1/1/12, the Employee Insurance Benefits Program merged with the Optimal Health Initiative Consortium (OHIC) to form the Northern Buckeye Health Plan Northwest Division of OHIC (Plan). The Plan is governed by a Board elected from an Assembly consisting of a representative from each participant.

B. Northern Buckeye Health Plan Workers' Compensation Group Rating Plan

Through December 31, 2011, the Educational Service Center participated in a group rating plan for workers' compensation as established under Section 4123.29 of the Ohio Revised Code. The Northern Buckeye Education Council Worker's Compensation Group Rating Plan (GRP) was established through the Northern Buckeye Education Council (NBEC) as an insurance purchasing pool governed by the NBEC and the participants of the GRP.

Effective January 1, 2012, the GRP was transferred to Northern Buckeye Health Plan Northern Division of Optimal Health Initiative Consortium. The Northern Buckeye Health Plan Workers' Compensation Group Rating Plan (WCGRP) is an insurance purchasing pool governed by the Northern Buckeye Health Plan and the participants of the WCGRP. The Executive Director of the Northern Buckeye Health Plan coordinates the administration and management of the program.

Notes 18 - Contingencies

A. Grants

The Educational Service Center received financial assistance from federal and State agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, the effect of any such disallowed claims on the overall financial position of the Educational Service Center at June 30, 2012, if applicable, cannot be determined at this time.

B. Litigation

The Educational Service Center is a party to legal proceedings seeking damages or injunctive relief generally incidental to its operations and pending projects. The Educational Service Center is of the opinion that the ultimate disposition of various claims and legal proceedings will not have a material effect, if any, on the financial condition of the Educational Service Center.

NOTES TO THE SUPPLEMENTAL SECTION FOR THE FISCAL YEAR ENDED JUNE 30, 2012

Note 1 - Budgetary Process

There are no budgetary requirements for Educational Service Centers identified in the Ohio Revised Code nor does the State Department of Education specify any budgetary guidelines to be followed.

The Educational Service Center's Board does not budget for resources estimated to be received during the fiscal year.

The Educational Service Center's Board adopts an annual appropriations resolution, which is the Board's authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by the Board. The level of control has been established by the Board at the fund, function, and object level within the General Fund and the fund level for all other funds. The Chief Fiscal Officer has been authorized to allocate appropriations to the function and object level within all other funds.

Throughout the fiscal year, appropriations may be amended or supplemented as circumstances warrant. The amounts reported as the original budgeted amounts on the budgetary schedules reflect the amounts on the first appropriations resolution for that fund that covered the entire fiscal year, including amounts automatically carried forward from prior fiscal years. The amounts reported as the final budgeted amounts on the budgetary schedules represent the final appropriation amounts passed by the Board during the fiscal year.

Note 2 - Budgetary Basis of Accounting

While the Educational Service Center is reporting financial position, results of operations, and changes in fund balances on the basis of generally accepted accounting principles (GAAP), the budgetary basis is based upon accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The Schedules of Revenues, Expenditures, and Changes in Fund Balance - Budget (Non-GAAP Basis) and Actual are presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and the GAAP basis are as follows:

- 1. Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis).
- 2. Expenditures are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis).
- 3. Encumbrances are treated as expenditures (budget basis) rather than as restricted, committed, or assigned fund balance (GAAP basis).

NOTES TO THE SUPPLEMENTAL SECTION FOR THE FISCAL YEAR ENDED JUNE 30, 2012

Note 2 - Budgetary Basis of Accounting (continued)

The adjustments necessary to reconcile the GAAP and budgetary basis statements are as follows:

NOTE A - SIGNIFICANT ACCOUNTING POLICIES

The accompanying Federal Awards Receipts and Expenditures Schedule (the Schedule) reports Northwest Ohio Educational Service Center's Federal award programs' receipts and expenditures. The schedule has been prepared on the cash basis of accounting.

INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY OMB GOVERNMENT AUDITING STANDARDS

Northwest Ohio Educational Service Center **Fulton County** P.O. Box 250 Archbold, Ohio 43502-0250

To the Governing Board:

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Northwest Ohio Educational Service Center, Fulton County, Ohio (the Educational Service Center), as of and for the year ended June 30, 2012, which collectively comprise the Educational Service Center's basic financial statements and have issued our report thereon dated March 5, 2013. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' Government Auditing Standards.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Educational Service Center's internal control over financial reporting as a basis for designing our audit procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of opining on the effectiveness of the Educational Service Center's internal control over financial reporting. Accordingly, we have not opined on the effectiveness of the Educational Service Center's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A material weakness is a deficiency, or combination of internal control deficiencies resulting in more than a reasonable possibility that a material misstatement of the Educational Service Center's financial statements will not be prevented, or detected and timely corrected.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider material weaknesses, as defined above.

Compliance and Other Matters

As part of reasonably assuring whether the Educational Service Center's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under Government Auditing Standards.

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

Northwest Ohio Educational Service Center Fulton County P.O. Box 250 Archbold, Ohio 43502-0250

To the Governing Board:

Compliance

We have audited the compliance of Northwest Ohio Educational Service Center, Fulton County, Ohio (the Educational Service Center), with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133, Compliance Supplement* that could directly and materially affect each of the Educational Service Center's major federal programs for the year ended June 30, 2012. The *summary of auditor's results* section of the accompanying schedule of findings identifies the Educational Service Center's major federal programs. The Educational Service Center's management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to each major federal program. Our responsibility is to opine on the Educational Service Center's compliance based on our audit.

Our compliance audit followed auditing standards generally accepted in the United States of America; the standards applicable to financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. These standards and OMB Circular A-133 require that we plan and perform the audit to reasonably assure whether noncompliance occurred with the compliance requirements referred to above that could directly and materially affect a major federal program. An audit includes examining, on a test basis, evidence about the Educational Service Center's compliance with these requirements and performing other procedures we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Educational Service Center's compliance with these requirements.

In our opinion, Northwest Ohio Educational Service Center, Fulton County, Ohio complied, in all material respects, with the requirements referred to above that could directly and materially affect each of its major federal programs for the year ended June 30, 2012.

Internal Control Over Compliance

The Educational Service Center's management is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the Educational Service Center's internal control over compliance with requirements that could directly and materially affect a major federal program, to determine our auditing procedures for the purpose of opining on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of opining on the effectiveness of internal control over compliance.

Accordingly, we have not opined on the effectiveness of the Educational Service Center's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program compliance requirement. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

We intend this report solely for the information and use of the audit committee, management, the Governing Board, others within the Educational Service Center, federal awarding agencies, and pass-through entities. It is not intended for anyone other than these specified parties.
