SCHOOL DISTRICT
MARION COUNTY, OHIO**
BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED
JUNE 30, 2012

Dave Yost • Auditor of State

Board of Education
Pleasant Local School District
1105 Owens Road West
Marion, Ohio 43302

We have reviewed the *Independent Auditors' Report* of the Pleasant Local School District, Marion County, prepared by Holbrook & Manter, for the audit period July 1, 2011 through June 30, 2012. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Pleasant Local School District is responsible for compliance with these laws and regulations.

A handwritten signature in black ink that reads "Dave Yost".

INDEPENDENT AUDITORS' REPORT

Board of Education
Pleasant Local School District
Marion County
Marion, OH 43302

We have audited the accompanying financial statements of the governmental activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of Pleasant Local School District (the "District"), as of and for the year ended June 30, 2012, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express opinions on these financial statements based on our audit.

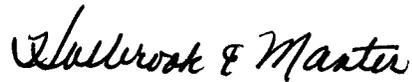

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the discretely presented component units, each major fund and the aggregate remaining fund information of the Pleasant Local School District as of June 30, 2012, and the respective changes in financial position thereof and the respective budgetary comparison for the General Fund for the fiscal year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 17, 2012 on our consideration of the Pleasant Local School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require this presentation to include *Management's Discussion and Analysis*, as listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any other assurance.

We conducted our audit to opine on the financial statements that collectively comprise the District's basic financial statements taken as a whole. The federal awards receipts and expenditures schedule provides additional information required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations*, and is not a required part of the basic financial statements. The federal awards receipts and expenditures schedule is management's responsibility, and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. This schedule was subject to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, in accordance with auditing standards generally accepted in the United States of America. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2012
UNAUDITED**

MANAGEMENT'S DISCUSSION AND ANALYSIS

The Pleasant Local School District's (the "School District") discussion and analysis of the annual financial report provides an overall review of the School District's financial activities for the fiscal year ended June 30, 2012. The intent of this discussion and analysis is to look at the School District's financial performance as a whole; readers should also review the basic financial statements and notes to enhance their understanding of the School District's financial performance.

FINANCIAL HIGHLIGHTS

Highlights for fiscal year 2012 are as follows:

- In total, net assets increased \$725,909, or approximately 6.8%.
- General revenues were \$8,847,418 or 71.9% of total revenues. The School District is very dependent on property taxes and unrestricted state entitlements.

USING THE BASIC FINANCIAL STATEMENTS

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand Pleasant Local School District as a financial whole, or as an entire operating entity.

The Statement of Net Assets and Statement of Activities provide information about the activities of the School District as a whole and present both an aggregate view of the School District's finances and a longer-term view of those finances.

Fund financial statements provide a greater level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the School District's most significant funds, with all other non-major funds presented in total in one single column. For Pleasant Local School District, the General Fund, Permanent Improvement Capital Projects Fund, and Debt Service Fund are the most significant funds.

REPORTING THE SCHOOL DISTRICT AS A WHOLE

The Statement of Net Assets and the Statement of Activities reflect how the School District did financially during fiscal year 2012. These statements include all assets and liabilities using the accrual basis of accounting similar to that which is used by most private-sector companies. This basis of accounting considers all of the current fiscal years' revenues and expenses regardless of when cash is received or paid.

PLEASANT LOCAL SCHOOL DISTRICT
MARION COUNTY, OHIO
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2012
UNAUDITED

These statements report the School District's net assets and changes to those assets. This change in net assets is important because it tells the reader whether the financial position of the School District as a whole has increased or decreased from the prior fiscal year. Over time, these increases and/or decreases are one indicator of whether the financial position is improving or deteriorating. Causes for these changes may be the result of many factors, some financial, some not. Non-financial factors include the School District's property tax base, current property tax laws in Ohio restricting revenue growth, facility conditions, required educational programs, and other factors.

In the Statement of Net Assets and the Statement of Activities, all of the School District's activities are presented as governmental activities and include instruction, support services, non-instructional services, and extracurricular activities.

REPORTING THE SCHOOL DISTRICT'S MOST SIGNIFICANT FUNDS

Fund Financial Statements

Fund financial statements provide detailed information about the School District's major funds. While the School District uses many funds to account for its financial transactions, the fund financial statements focus on the School District's most significant funds. The School District's major governmental funds are the General Fund, the Permanent Improvement Capital Projects Fund, and the Debt Service Fund.

Governmental Funds - Most of the School District's activities are reported in governmental funds, which focus on how monies flow into and out of those funds and the balances left at fiscal year-end for spending in future periods. These funds are reported using the modified accrual basis of accounting, which measures cash and all other financial assets that can be readily converted to cash. The governmental fund statements provide a detailed short-term view of the School District's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or less financial resources that can be spent in the near future to finance educational programs.

Fiduciary Funds - Fiduciary funds are used to account for resources held for the benefit of parties outside the School District. Fiduciary funds are not reflected on the government-wide financial statements because the resources from these funds are not available to support the School District's programs. These funds use the accrual basis of accounting.

Governmental Activities

Total revenues decreased approximately 7.1%. Program revenues, primarily represented by tuition, student fees, charges for extracurricular activities, and food service sales as well as restricted intergovernmental revenues, decreased approximately 3.1%. Grants and entitlements decreased overall due to the elimination of several federal state grants.

Expenses decreased by \$120,125, or approximately 1.0%. There were no significant changes in expenditure line items.

Table 3 indicates the total cost of services and the net cost of services for governmental activities. The statement of activities reflects the cost of program services and the charges for services, grants, and contributions offsetting those services. The net cost of services identifies the cost of those services supported by tax revenues and unrestricted state entitlements.

MARION COUNTY, OHIO
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2012
UNAUDITED**

As can be seen in the table above, instruction and support services are supported largely with general revenues of the School District. However, approximately 29% of regular instruction expenses are offset by program revenue charges for services and operating grants. The majority of this support is generated through open enrollment. In addition, nearly 47% of special instruction is supported through program revenue charges for services and operating grants. Specifically, the District receives federal Special Education and Title I grants to offset these expenses. The non-instructional program is supported through program revenues, which consist of cafeteria sales and state and federal subsidies for food service operations.

THE SCHOOL DISTRICT'S FUNDS

The School District's governmental funds are accounted for using the modified accrual basis of accounting. The General Fund experienced a 7.8% increase in fund balance.

General Fund Budgeting Highlights

The School District's budget is prepared according to Ohio law and is based upon accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund.

During fiscal year 2012, the School District amended its General Fund budget as needed. Final budgeted revenue was approximately four percent more than original budgeted revenue. Final budgeted expenditures were approximately two percent more than original expenditures. There were no significant changes between actual revenue and expenditures and the amounts budgeted.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At the end of fiscal year 2012, the School District had \$6,956,910 invested in its capital assets (net of accumulated depreciation) for governmental activities, a decrease of \$388,651. For further information regarding the School District's capital assets, refer to Note 9 to the basic financial statements.

Debt

At June 30, 2012, the School District had outstanding school improvement general obligation bonds, in the amount of \$1,435,000, for building improvements. The bonds, originally issued for a twenty-five year period, with final maturity on December 1, 2018, were refunded in fiscal year 2011, generating a savings of approximately \$155,000 to the School District over the remaining term of the bonds. The School District also had an outstanding energy conservation loan, with an outstanding balance of \$226,661. This loan will be fully retired in fiscal year 2017.

The School District also had outstanding capital leases for equipment, in the amount of \$61,169. In addition to the bonds and leases, the School District's long-term obligations include compensated absences. For further information regarding the School District's long-term obligations, refer to Note 15 to the basic financial statements.

CURRENT ISSUES

The School District, like many throughout the state, is experiencing budget difficulties as a result of the current economic climate. In particular, the District is experiencing declines in its major revenue sources, including interest and state foundation funding. As a result, the Board of Education has taken measures to reduce spending, including reducing and/or eliminating several staff positions and limiting other expenditures including supplies and improvements to the grounds and athletic facilities. Tax levies to secure additional operating funds were defeated by voters in May, 2010 and again in November, 2010. The Board of Education and Administration continue to evaluate options to address the financial situation.

On November 8, 2011, voters approved the renewal of a 3-year 2.73-mill emergency levy. This levy generates the same \$495,000 annually, as it did when it was first voted in 1996.

The School District continues to sponsor the Pleasant Community Academy, a community school learning opportunity for kindergarten students. The Academy completed its eighth year of operations in fiscal year 2012. With this Academy, the School District has received federal grant funding enabling it to enhance technological learning opportunities and expand the curriculum for these students.

The School District sponsored a new community school, the Pleasant Education Academy (PEA), beginning with the 2010-2011 school year. The PEA was established to provide educational services for students age sixteen to twenty-two who have either dropped out of high school or are at risk of dropping out of high school due to poor attendance, disciplinary problems, suspension or other factors that may impede their educational progress. PEA finished the 2011-2012 year with fourteen senior students successfully meeting all graduation requirements.

CONTACTING THE SCHOOL DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, creditors, and investors with a general overview of the School District's finances and to reflect the School District's accountability for the monies it receives. Questions concerning any of the information in this report or requests for additional information should be directed to Beth Collier, Treasurer, Pleasant Local School District, 1107 Owens Road West, Marion, Ohio 43302.

PLEASANT LOCAL SCHOOL DISTRICT
MARION COUNTY, OHIO
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2012

NET CHANGE IN FUND BALANCES - TOTAL GOVERNMENTAL FUNDS \$ (125,333)

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceed depreciation in the current period.

Capital outlay	15,230	
Depreciation	(424,653)	
Total		(409,423)

The proceeds from the sale of capital assets are reported as other financing sources in the governmental funds. However, the cost of the capital assets is removed from the capital asset account on the statement of net assets and is offset against the proceeds from the sale of capital assets resulting in a gain on disposal of capital assets on the statement of activities.

Gain on sale of capital assets		20,772
--------------------------------	--	--------

Revenues on the statement of activities that do not provide current financial resources are not reported as revenues in governmental funds.		(249,653)
---	--	------------

Repayment of principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities on the statement of net assets.		289,039
---	--	---------

Proceeds of loan is a revenue in the governmental funds, but the proceeds increase long-term liabilities on the statement of net assets.		(250,000)
--	--	------------

Interest is reported as an expenditure when due in the governmental funds, but is accrued on outstanding debt on the statement of net assets. The following items resulted in more interest being reported in the statement of activities:

Accrued interest payable	710	
Amortization of bond premium	1,393	
Amortization of bond issuance costs	(5,600)	
		(3,497)

Some expenses reported on the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds:

Compensated absences payable		2,186
------------------------------	--	-------

Change in net assets of governmental activities \$ (725,909)

See accompanying Notes to the Basic Financial Statements.

PLEASANT LOCAL SCHOOL DISTRICT
MARION COUNTY, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2012

NOTE 1 - DESCRIPTION OF THE SCHOOL DISTRICT:-

Pleasant Local School District (the "District") is organized under Article VI, Sections 2 and 3 of the Constitution of the State of Ohio. The District operates under a locally-elected Board form of government consisting of five members elected at-large for staggered four year terms. The District provides educational services as authorized by State statute and/or federal guidelines.

The District was established in 1916. The District serves an area of approximately 36 square miles. It is located in Marion County, and includes all of Pleasant Township, portions of Marion and Richland Townships, and a portion of the City of Marion. The School District is the 402nd largest in the State of Ohio (among 613 school districts) in terms of enrollment. It is staffed by fifty-five classified employees, eighty-five certified teaching personnel, and six administrative employees who provide services to 1,217 students and other community members. The school District currently operates three instructional buildings.

Reporting Entity

The reporting entity is comprised of the primary government, component units and other organizations that are included to ensure that the financial statements of the District are not misleading. The primary government consists of all funds, departments, boards and agencies that are not legally separate from the District. For the District, this includes general operations, foods service, and student related activities of the District.

Component units are legally separate organizations for which the District is financially accountable. The District is financially accountable for an organization if the District appoints a voting majority of the organizations' government board and (1) the District is able to significantly influence the programs or services performed or provided by the organization; or (2) the District is legally entitled to or can otherwise access the organizations resources; or (3) the District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or (4) the District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the District in that the District approves the budget, the issuance of debt or the levying of taxes.

The component unit column on the financial statements identifies the financial data of the School District's component units, Pleasant Community Academy (PCA) and Pleasant Education Academy (PEA). They are reported separately to emphasize that they are legally separate from the School District. Information about these component units are presented in Note 20 and 21 to the basic financial statements.

Pleasant Community Academy. PCA is a legally separate, not-for-profit corporation. PCA, under a contractual agreement with the Pleasant Local School District, provides education opportunities through distance learning technologies. Pleasant Local School District is PCA's sponsoring government and PCA's seven member Board of Directors are appointed by Pleasant Local School District's Board of Education. Pleasant Local School District is financially accountable for PCA as it appoints PCA's Board and can impose its will on PCA. PCA is reported as a discretely presented component unit on Pleasant Local School District's financial statements.

PLEASANT LOCAL SCHOOL DISTRICT
MARION COUNTY, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2012

NOTE 1 - DESCRIPTION OF THE SCHOOL DISTRICT:- (continued)

Pleasant Education Academy. PEA is a legally separate, not-for-profit corporation. PEA, under a contractual agreement with the Pleasant Local School District, provides education opportunities through distance learning technologies. Pleasant Local School District is PEA's sponsoring government and PEA's seven member Board of Directors are appointed by Pleasant Local School District's Board of Education. Pleasant Local School District is financially accountable for PEA as it appoints PEA's Board and can impose its will on PEA. PEA is reported as a discretely presented component unit on Pleasant Local School District's financial statements.

The School District participates in six jointly governed organizations and two insurance pools. These organizations are the Tri-Rivers Career Center; North Central Regional Professional Development Center; North Central Ohio Special Education Regional Resource Center; Northwestern Ohio Educational Research Council, Inc.; Metropolitan Educational Council; Ohio School Plan; Ohio Association of School Business Officials Workers' Compensation Group Rating Plan; and the Champaign, Delaware, Marion, Union School Employee Welfare Benefit Association Trust. These organizations are presented in Notes 22 and 23 to the basic financial statements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:-

The basic financial statements of the District have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The District also applies Financial Accounting Standards Board (FASB) Statements and Interpretations issued on or before November 30, 1989, to its governmental activities provided they do not conflict with or contradict GASB pronouncements. The more significant of the District's accounting policies are described below.

Basis Of Presentation - Fund Accounting

The District's basic financial statements consist of government-wide statements, including a statement of net assets and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

Government-wide Financial Statements - The statement of net assets and the statements of activities display information about the District as a whole. These statements include the financial activities of the primary government, except for the fiduciary funds.

The statement of net assets presents the financial condition of the governmental activities of the District at fiscal year end. The statement of activities presents a comparison between direct expense and program revenues for each program or function of the District's governmental activities. Direct expenses are those that are specifically associated with a service, program or department, and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program; and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues which are not classified as program revenue are presented as general revenues of the District. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or from the general revenues of the District.

PLEASANT LOCAL SCHOOL DISTRICT
MARION COUNTY, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2012

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:- (continued)

Fund Financial Statements - During the fiscal year, the District segregates transactions related to certain District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the District at this more detailed level. The focus of governmental fund financial statements is on major funds. Each major fund is presented in a separate column. Non-major funds are aggregated and presented in a single column. Fiduciary funds are reported by type.

The District uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The funds used by the District can be classified using two categories: governmental and fiduciary.

GOVERNMENTAL FUNDS

Governmental funds are those through which most governmental functions of the District are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the District's major governmental funds:

General Fund - The general fund is the operating fund of the District and is used to account for all financial resources except those required to be accounted for in another fund. The General Fund balance is available to the School District for any purpose provided it is expended or transferred according to the general laws of Ohio.

Permanent Improvement Fund - The Permanent Improvement capital projects fund accounts for the acquisition, construction, or improvement of capital facilities.

Debt Service Fund - This fund is used for the accumulation of resources and payment of general obligation bond principal and interest and certain other long-term obligations.

The other governmental funds of the School District account for grants and other resources whose use is restricted to a particular purpose.

FIDUCIARY FUNDS

Fiduciary fund reporting focuses on net assets and changes in net assets. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private purpose trust funds, and agency funds. The District's fiduciary funds are agency funds and private purpose trust funds. Trust funds are used to account for assets held by the District under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the District's own programs. The District's private purpose trust fund accounts for programs that provide college scholarships to students after graduation. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The School District's agency fund accounts for various student-managed activities.

**PLEASANT LOCAL SCHOOL DISTRICT
MARION COUNTY, OHIO**
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2012

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:- (continued)

A. Measurement Focus and Basis of Accounting

Government-wide Financial Statements - The government-wide financial statements are prepared using the economic resources measurement focus. All assets and all liabilities associated with the operation of the District are included on the statement of net assets. The statement of activities accounts for increases (i.e. revenues) and decreases (i.e. expenditures) in total net assets.

Fund Financial Statements - All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements, therefore, include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

The private purpose trust fund is accounted for using a flow of economic resources measurement focus.

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made. Government-wide financial statements and fund financial statements of the proprietary and fiduciary funds are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures.

Revenue - Exchange and Non-exchange Transactions - Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District, available means expected to be received within sixty days of fiscal year-end.

Non-exchange transactions, in which the District receives value without directly giving equal value in return, include property taxes, grants, entitlements and donations. On the accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied (see Note 7). Revenue from grants, entitlements, and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the District must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the District on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

PLEASANT LOCAL SCHOOL DISTRICT
MARION COUNTY, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2012

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:- (continued)

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year-end: property taxes available as an advance, grants, interest, tuition, student fees, and charges for services.

Deferred Revenue - Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied.

Property taxes for which there is an enforceable legal claim as of June 30, 2012, but which were levied to finance fiscal year 2013 operations, have been recorded as deferred revenue. Grants and entitlements received before the eligibility requirements are met are also recorded as deferred revenue.

On governmental fund financial statements, receivables that will not be collected within the available period are reported as deferred revenue.

Expenses/Expenditures - On the accrual basis of accounting, expenses are recognized at the time they are incurred. The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable, except for (1) principal and interest on general long-term debt, which is recorded when due, and (2) the costs of accumulated unpaid vacation, personal leave and sick leave are reported as fund liabilities upon the occurrence of employee resignations and retirements. Allocation of cost, such as depreciation and amortization, are not recognized in governmental funds.

B. Budgetary Process

All funds, except agency funds, are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriations resolution, all of which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amount the Board of Education may appropriate. The appropriations resolution is the Board's authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by the Board. The legal level of budgetary control is at the fund level for all funds. Budgetary allocations at the function and object level within all funds are made by the School District Treasurer.

The certificate of estimated resources may be amended during the fiscal year if projected increases or decreases in revenue are identified by the Treasurer. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts on the certificate of estimated resources when the original appropriations were adopted. The amounts reported as the final budgeted amounts on the budgetary statements reflect the amounts on the final amended certificate of estimated resources in effect at the time final appropriations were passed by the Board of Education.

The appropriations resolution is subject to amendment throughout the fiscal year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriations resolution for that fund that covered the entire fiscal year, including amounts automatically carried forward from prior fiscal years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the Board during the fiscal year.

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2012

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:- (continued)

C. Cash and Investments

To improve cash management, cash received by the District is pooled. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through the District's records. Interest in the pool is presented as "Equity in Pooled Cash and Cash Equivalents."

During fiscal year 2012, the School District's investments included nonnegotiable certificates of deposit and State Treasury Asset Reserve of Ohio (STAR Ohio). STAR Ohio is an investment pool managed by the State Treasurer's Office, which allows governments within the state to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAR Ohio are valued at STAR Ohio's share price which is the price the investment could be sold for on June 30, 2012.

Following Ohio statutes, the Board of Education has, by resolution, specified the funds to receive an allocation of interest earnings. Interest revenue credited to the General Fund during fiscal year 2012 was \$20,201, which includes \$14,464 assigned from other School District funds.

Investments of the School District's cash management pool and investments with an original maturity of three months or less at the time they are purchased by the School District are presented on the financial statements as cash equivalents. Investments with an initial maturity of more than three months that were not purchased from the pool are reported as investments.

D. Prepaid Items

Payments made to vendors for services that will benefit periods beyond June 30, 2012, are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of purchase and an expenditure/expense is reported in the year in which services are consumed.

E. Inventory

Inventory is presented at cost on a first-in, first-out basis and is expended/expensed when used. Inventory consists of administrative supplies, fuel, and donated purchased food.

F. Restricted Assets

Assets are reported as restricted when limitations on their use change the nature or normal understanding of the availability of the asset. Such constraints are either externally imposed by creditors, contributors, grantors, laws of other governments, or imposed by law through constitutional provisions or enabling legislation. Restricted assets in the General Fund represent amounts required by State statute to be set aside for the purchase of textbooks and other instructional materials.

G. Capital Assets

All of the School District's capital assets are general capital assets generally resulting from expenditures in governmental funds. These assets are reported in the governmental activities column on the government-wide statement of net assets but are not reported on the fund financial statements.

**PLEASANT LOCAL SCHOOL DISTRICT
MARION COUNTY, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2012**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:- (continued)

All capital assets are capitalized at cost and updated for additions and reductions during the fiscal year. Donated capital assets are recorded at their fair market value on the date donated. The School District maintains a capitalization threshold of \$2,000. Improvements are capitalized. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized.

All capital assets except land and construction-in-progress are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

<u>Description</u>	<u>Governmental Activities</u>
Land improvements	10 - 20 years
Buildings and improvements	10 - 100 years
Furniture and equipment	5 - 20 years
Vehicles	10 - 15 years
Infrastructure	50 years

H. Interfund Assets/Liabilities

On fund financial statements, receivables and payables resulting from interfund services provided are classified as "Interfund Receivables/Payables". Interfund balances within governmental activities are eliminated on the statement of net assets.

I. Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable the School District will compensate the employees for the benefits through paid time off or some other means. The School District records a liability for accumulated unused vacation time when earned for all employees.

Sick leave benefits are accrued as a liability using the vesting method. The liability includes the employees who are currently eligible to receive termination benefits and those the School District has identified as probable of receiving payment in the future. The amount is based on accumulated sick leave and employees' wage rates at fiscal year end, taking into consideration any limits specified in the School District's termination policy. The District records a liability for accumulated unused sick leave for all employees after seven years of service.

PLEASANT LOCAL SCHOOL DISTRICT
MARION COUNTY, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2012

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:- (continued)

J. Accrued Liabilities and Long-Term Liabilities

All payables, accrued liabilities, and long-term obligations are reported on the government-wide financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, separation benefits and compensated absences that are paid from governmental funds are reported as liabilities on the fund financial statements only to the extent that they are due for payment during the current year. Bonds, long-term loans, and capital leases are recognized as a liability on the fund financial statements when due.

K. Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consist of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the School District or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. Net assets restricted for other purposes include resources restricted for food service operations, music and athletic programs, and federal and state grants restricted to expenditures for specified purposes. As of June 30, 2012, there were no net assets restricted by enabling legislation.

The School District's policy is to apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

L. Fund Balance Reserves

Fund balance is divided into five classifications based primarily on the extent to which the School District is bound to observe constraints imposed upon the use of the resources in governmental funds. The classifications are as follows:

Nonspendable - The nonspendable classification includes amounts that cannot be spent because they are not in spendable form or legally or contractually required to be maintained intact. The "not in spendable form" includes items that are not expected to be converted to cash.

Restricted - Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or are imposed by law through constitutional provisions.

Committed - The committed classification includes amount that can be used only for the specific purposes imposed by a formal action (resolution) of the Board of Education. The committed amounts cannot be used for any other purpose unless the Board of Education removes or changes the specified use by taking the same type of action (resolution) it employed to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

PLEASANT LOCAL SCHOOL DISTRICT
MARION COUNTY, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2012

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:- (continued)

Assigned - Amounts in the assigned classification are intended to be used by the School District for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds, other than the General Fund, assigned fund balances represents the remaining amount that is not restricted or committed. In the General Fund, assigned amounts represent intended uses established by the Board of Education.

Unassigned - Unassigned fund balance is the residual classification for the General Fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

The School District first applies restricted resources when an expenditure is incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications can be used.

M. Interfund Transactions

Transfers within governmental activities are eliminated on the government-wide financial statements.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

N. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of management and are either unusual in nature or infrequent in occurrence.

O. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

P. Unamortized Issuance Costs and Bond Premium

On government-wide financial statements, issuance costs and premiums are deferred and amortized over the term of the bonds using the bonds-outstanding method, which approximates the effective interest method. Issuance costs are recoded as deferred charges and are generally paid from debt proceeds. Bond premiums are presented as an addition to the face amount of bonds payable.

On the governmental fund financial statements, issuance costs and bond premiums are recognized in the period when the debt is issued.

**PLEASANT LOCAL SCHOOL DISTRICT
MARION COUNTY, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2012**

NOTE 3 - ACCOUNTABILITY:-

At June 30, 2012, the following funds had deficit fund balances resulting from adjustments for accrued liabilities:

Title VI-B Grant	\$(22,850)
Improving Teacher Quality Grant	\$(11,349)
Title I	\$(10,393)

NOTE 4 - BUDGETARY BASIS OF ACCOUNTING:-

While the School District is reporting financial position, results of operations, and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The Statement of Revenues, Expenditures, and Changes in Fund Balance – Budget (Non-GAAP Basis) and Actual for the General Fund is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and the GAAP basis are as follows:

- (a) Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis);
- (b) Expenditures are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis);
- (c) Encumbrances are treated as expenditures (budget basis) rather than as a reservation of fund balance (GAAP basis).

The adjustments necessary to reconcile the GAAP and budgetary basis statements for the General Fund are as follows:

Net Change in Fund Balance

	<u>General Fund</u>
GAAP basis	\$ (250,438)
Increase (decrease) due to:	
Revenue accruals	6,293
Expenditure accruals	166,638
Funds budgeted elsewhere**	(2,472)
Other financing sources (uses)	83,788
Encumbrances outstanding at	
fiscal year end (budget basis)	(140,394)
Budget basis	\$ (136,585)

**As part of Governmental Accounting Standards Board Statement No. 54, "Fund Balance Reporting," certain funds that are legally budgeted in separate special revenue funds are considered part of the general fund on a GAAP basis. This includes the uniform school supplies fund, the public school support fund, and the underground storage tank fund.

**PLEASANT LOCAL SCHOOL DISTRICT
MARION COUNTY, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2012**

NOTE 5 - DEPOSITS AND INVESTMENTS:-

Monies held by the School District are classified by State statute into three categories.

Active monies are public monies determined to be necessary to meet current demands upon the School District treasury. Active monies must be maintained either as cash in the School District treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits the Board of Education has identified as not required for use within the current five-year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts, including passbook accounts.

Interim monies held by the School District may be deposited or invested in the following securities:

1. United States Treasury Notes, Bills, Bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to the payment of principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least 2% and be marked to market daily, and that the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio, its political subdivisions, or other units or agencies of this State or its political subdivisions;
5. Time certificates of deposit or savings or deposit accounts, including, but not limited to, passbook accounts;
6. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) of this section and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions.
7. The State Treasurer's investment pool (STAR Ohio);

**PLEASANT LOCAL SCHOOL DISTRICT
MARION COUNTY, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2012**

NOTE 5 - DEPOSITS AND INVESTMENTS:- (continued)

8. Certain bankers' acceptances and commercial paper notes for a period not to exceed one hundred eighty days in an amount not to exceed 25% of the interim monies available for investment at any one time, and
9. Under limited circumstances, corporate debt interests rated in either of the two highest rated classifications by at least two nationally recognized rating agencies.

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the School District, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions.

Deposits - Custodial credit risk is the risk that in the event of a bank failure, the School District will not be able to recover deposits or collateral securities that are in the possession of an outside party. At fiscal year end, \$3,698,764 of the School District's bank balance of \$4,429,488 was exposed to custodial credit risk because it was uninsured and uncollateralized. Although all State statutory requirements for the deposit of money had been followed, noncompliance with federal requirements could potentially subject the School District to a successful claim by the FDIC.

The School District has no deposit policy for custodial risk beyond the requirements of State statute. Ohio law requires that deposits be either insured or be protected by eligible securities pledged to and deposited either with the School District or a qualified trustee by the financial institution as security for repayment, or by a collateral pool of eligible securities deposited with a qualified trustee and pledged to secure the repayment of all public monies deposited in the financial institution whose market value at all times shall be at least 105% of the deposits being secured.

Investments - As of June 30, 2012, the School District had the following investment:

	Balance at Fair Value	Average Maturity (Years)
STAR Ohio	\$ <u>977</u>	< 1 year

Interest Rate Risk - Interest rate risk arises because potential purchases of debt securities will not agree to pay face value for those securities if interest rates subsequently increase. The investment policy restricts the Treasurer from investing in any securities other than those identified in the Ohio Revised Code and that all investments must mature within five years from the date of investment unless they are matched to a specific obligation or debt of the School District.

STAR Ohio carries a rating of AAA by Standard and Poor's. The School District has no investment policy dealing with credit risk beyond the requirements of State statute. Ohio law requires that STAR Ohio maintain the highest rating provided by at least one nationally recognized standard rating service.

The School District places no limit on the amount of its interim monies it may invest in a particular security.

**PLEASANT LOCAL SCHOOL DISTRICT
MARION COUNTY, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2012**

NOTE 6 - RECEIVABLES:-

Receivables at June 30, 2012 consisted of accounts (student fees and billings for user charged services), accrued interest, interfund, intergovernmental, and property taxes. All receivables are considered collectible in full due to the ability to foreclose for the nonpayment of taxes, the stable condition of State programs, and the current year guarantee of federal funds. All receivables are expected to be collected within one year. A summary of the principal items of intergovernmental receivables follows:

A summary of the principal items of intergovernmental receivables is as follows:

	Total
Governmental Activities	
Other Governmental Funds	
Federal Lunch Program Subsidy	\$ 18,311
Federal Breakfast Program Subsidy	3,342
Title I Grant	4,589
21st Century Grant	6,466
Total intergovernmental receivable	\$ 32,708

NOTE 7 - PROPERTY TAXES:-

Property taxes are levied and assessed on a calendar year basis, while the School District's fiscal year runs from July through June. First-half tax distributions are received by the School District in the second half of the fiscal year. Second-half tax distributions are received in the first half of the following fiscal year.

Property taxes include amounts levied against all real property, public utility property, and tangible personal (used in business) property located in the School District. Real property tax revenues received in calendar year 2012 represent the collection of calendar year 2011 taxes. Real Property taxes received in calendar year 2012 were levied after April 1, 2011, on the assessed values as of January 1, 2011, the lien date. Assessed values for real property taxes are established by State statute at 35% of appraised market value. Real property taxes are payable annually or semiannually. If paid annually, payment is due December 31; if paid semiannually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established.

Public utility property tax revenues received in calendar year 2012 represent the collection of calendar year 2011 taxes. Public utility real and tangible personal property taxes received in calendar year 2012 became a lien on December 31, 2010, were levied after April 1, 2011 and are collected with real property taxes. Public utility real property is assessed at 35% of true value; public utility tangible personal property is currently assessed at varying percentages of true value.

**PLEASANT LOCAL SCHOOL DISTRICT
MARION COUNTY, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2012**

NOTE 7 - PROPERTY TAX :- (continued)

The School District receives property taxes from Marion County. The County Auditor periodically advances to the School District its portion of the taxes collected. Second-half real property tax payments collected by the County by June 30, 2012, are available to finance fiscal year 2012 operations. The amount available to be advanced can vary based on the date the tax bills are sent.

Accrued property taxes receivable represents real property, tangible personal property, and public utility property taxes which were measurable as of June 30, 2012 and for which there was an enforceable legal claim. Although total property tax collections for the next fiscal year are measurable, only the amount of real property taxes as an advance at June 30 was levied to finance current fiscal year operations and is reflected as revenue at fiscal year end. The portion of the receivable not levied to finance current fiscal year operations is offset by a credit to deferred revenue.

The amount available as an advance at June 30, 2012, was \$1,544,260 in the General Fund, \$90,899 in the Bond Retirement Debt Service Fund. The amount available as an advance at June 30, 2011, was \$1,536,715 in the general Fund and \$122,196 in the Bond Retirement Debt Service Fund.

Collectible delinquent property taxes have been recorded as a receivable and revenue on a full accrual basis. On a modified accrual basis, the revenue has been deferred.

The assessed values upon which the fiscal year 2012 taxes were collected are:

	<u>2011 Second- Half Collections</u>		<u>2012 First- Half Collections</u>	
	<u>Amount</u>	<u>Percent</u>	<u>Amount</u>	<u>Percent</u>
Agricultural/residential	\$ 148,197,570	81.70%	\$ 148,535,090	81.73%
Industrial/commercial	24,147,420	13.31%	23,781,390	13.09%
Public utility	9,051,450	4.99%	9,421,340	5.18%
Total Assessed Value	<u>\$ 181,396,440</u>	<u>100.00%</u>	<u>\$ 181,737,820</u>	<u>100.00%</u>
Tax rate per \$1,000 of assessed valuation	\$ 25.19		\$ 24.77

**PLEASANT LOCAL SCHOOL DISTRICT
MARION COUNTY, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2012**

NOTE 9 - INTERFUND ASSETS/LIABILITIES:-

At June 30, 2012, the general fund had an interfund receivable, in the amount of \$11,056, from other governmental funds, related to short-term advances.

NOTE 10 - RISK MANAGEMENT:-

The School District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During fiscal year 2012, the School District contracted for the following insurance coverage.

Coverage provided by the Argonaut Insurance Company is as follows:

Building and Contents-replacement cost	\$37,676,255
General liability;-	
Per occurrence	1,000,000
Aggregate	3,000,000
Excess liability	5,000,000
Automobile liability	1,000,000
Uninsured motorists	1,000,000

Settled claims have not exceeded this commercial coverage in any of the past three years, and there has been no significant reduction in insurance coverage from the prior fiscal year.

For fiscal year 2012, the School District participated in the Ohio School Board Association and Ohio Association of School Business Officials' Ohio School Workers' Compensation Group Rating Plan (Plan), an insurance purchasing pool. The intent of the Plan is to achieve the benefit of a reduced premium for the School District by virtue of its grouping and representation with other participants in the Plan. The third party administrator, CompManagement, Inc., reviews each participants' claims experience and determines the rating tier for that participant. A common premium rate is applied to all participants in a given rating tier. Each participant pays its workers' compensation premium to the State based on the rate of their rating tier rather than its individual rate. CompManagement, Inc. provides administrative, cost control and actuarial services to the Plan.

The School District participates in the Champaign, Delaware, Marion, Union School Employee Welfare Benefit Association Trust (Trust), a public entity shared risk pool consisting of eight school districts and the Madison/Champaign County and Delaware/Union County Educational Service Centers. The School District pays monthly premiums to the Trust for employee medical, dental, and life insurance. The Trust is responsible for the management and operations of the program. Upon withdrawal from the Trust, the participant is responsible for the payment of all Trust liabilities to its employees, dependents, and designated beneficiaries accruing as a result of withdrawal.

NOTE 11 - DEFINED BENEFIT PENSION PLANS:-

School Employees Retirement System

The School District contributes to the School Employees Retirement System of Ohio (SERS), a cost-sharing, multiple-employer pension plan. SERS provides retirement and disability benefits, annual cost-of-living

PLEASANT LOCAL SCHOOL DISTRICT
MARION COUNTY, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2012

NOTE 11 - DEFINED BENEFIT PENSION PLANS:- (continued)

adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by State Statute Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. The report may be obtained by writing to the School Employees Retirement System, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3476.

For the fiscal year ended June 30, 2012, plan members were required to contribute 10% of their annual covered salary and the School District is required to contribute at an actuarially determined rate. The current School District rate is 14% of annual covered payroll. A portion of the School District's contribution is used to fund pension obligations with the remainder being used to fund health care benefits; for fiscal year 2012, 12.7% of annual covered salary was the portion used to fund pension obligations. The contribution requirements of plan members and employers are established and may be amended by the SERS' Retirement Board up to a statutory maximum amount of 10% for plan members and 14% for employers. Chapter 3309 of the Ohio Revised Code provides statutory authority for member and employer contributions. The School District's required contributions for pension obligations to SERS for the fiscal years ended June 30, 2012, 2011, and 2010 were \$159,747, \$152,610, and \$163,893, respectively; 58.69% has been contributed for fiscal year 2012 100% for fiscal years 2011 and 2010.

State Teachers Retirement System

The School District participates in the State Teachers Retirement System of Ohio (STRS Ohio), a cost-sharing, multiple-employer public employee retirement plan. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a stand-alone financial report that may be obtained by writing to STRS Ohio, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888)227-7877, or by visiting the STRS Ohio Web site at www.strsoh.org.

Plan Options - New members have a choice of three retirement plans, a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. The DB plan offers an annual retirement allowance based on final coverage salary times a percentage that varies based on years of service, or an allowance based on a member's lifetime contributions and earned interest matched by STRS Ohio funds divided by an actuarially determined annuity factor. The DC plan allows members to place all their member contributions and employer contributions equal to 10.5% of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal. The Combined Plan offers features of both the DC Plan and the DB Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The DB portion of the Combined Plan payment is payable to a member on or after age 60; the DC portion of the account may be taken as a lump sum or converted to a lifetime monthly annuity at age 50. Benefits are established by Chapter 3307 of the Ohio Revised Code.

A DB or Combined Plan member with five years credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member of the DC plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

For the fiscal year ended June 30, 2012, plan members were required to contribute 10% of their annual covered salaries. The School District was required to contribute 14%; 13% was the portion used to fund pension obligations.

**PLEASANT LOCAL SCHOOL DISTRICT
MARION COUNTY, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2012**

NOTE 11 - DEFINED BENEFIT PENSION PLANS:- (continued)

Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10% for members and 14% for employers. Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions.

The School District's required contributions for pension obligations to STRS Ohio for the fiscal years ended June 30, 2012, 2011, and 2010 were \$617,387, \$660,111, and \$705,140, respectively; 83.45% has been contributed for fiscal year 2011 and 100% for fiscal years 2010 and 2009.

Social Security System

Effective July 1, 1991, all employees not otherwise covered by the School Employees Retirement System or the State Teachers Retirement System of Ohio have an option to choose Social Security or the School Retirement System. As of June 30, 2012, four members of the Board of Education elected Social Security. The Board's liability is 6.2% of wages.

NOTE 12 - POSTEMPLOYMENT BENEFITS:-

School Employee Retirement System

Plan Description – The School District participates in two cost-sharing multiple employer defined benefit OPEB plans administered by the School Employees Retirement System for non-certificated retirees and their beneficiaries, a Health Care Plan and a Medicare Part B Plan. The Health Care Plan includes hospitalization and physician's fees through several types of plans including HMO's PPO's and traditional indemnity plans as well as a prescription drug program. The Medicare Part B Plan reimburses Medicare Part B premiums paid by eligible retirees and beneficiaries up to a statutory limit. Benefit provisions and the obligations to contribute are established by the System based on authority granted by State statute. The financial reports of both Plans are included in the SERS Comprehensive Annual Financial Report which is available by contacting SERS at 300 East Broad St., Suite 100, Columbus, Ohio 43215-3746.

Funding Policy – State statute permits SERS to fund the health care benefits through employer contributions. Each year after the allocation for statutory required benefits, the Retirement Board allocates the remainder of the employer contribution of 14% of covered payroll to the Health Care Fund. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 401h. For 2012, .55% of covered payroll was allocated to health care. In addition, employers pay a surcharge for employees earning less than an actuarially determined amount; for 2012, this amount was \$19,226.

Active employee members do not contribute to the Health Care Plan. Retirees and their beneficiaries are required to pay a health care premium that varies depending on the plan selected, the number of qualified years of service, Medicare eligibility and retirement status.

The School District's contributions for health care for the fiscal years ended June 30, 2012, 2011, and 2010 were \$25,810, \$37,371, and \$25,519, respectively; 58.69% has been contributed for fiscal year 2012 and 100% for fiscal years 2011 and 2010.

The Retirement Board, acting with advice of the actuary, allocates a portion of the employer contribution to the Medicare B Fund. For 2012, this actuarially required allocation was 0.75% of covered payroll. The School

**PLEASANT LOCAL SCHOOL DISTRICT
MARION COUNTY, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2012**

NOTE 12 - POSTEMPLOYMENT BENEFITS:- (continued)

District's contributions for Medicare Part B for the fiscal years ended June 30, 2012, 2011, and 2010 were \$9,434, \$9,821, and \$9,746, respectively; 58.69% has been contributed for fiscal year 2012 and 100% for fiscal years 2011 and 2010.

State Teachers Retirement System

Plan Description – The School District contributes to the cost sharing multiple employer defined benefit Health Plan administered by the State Teachers Retirement System of Ohio (STRS Ohio) for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS Ohio. Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare Part B premiums. The Plan is included in the report of STRS Ohio which may be obtained by visiting www.strsoh.org or by calling (888) 227-7877.

Funding Policy – Ohio law authorizes STRS Ohio to offer the Plan and gives the Retirement Board authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. Active employee members do not contribute to the Plan. All benefit recipients pay a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions. For 2008, STRS Ohio allocated employer contributions equal to 1% of covered payroll to the Health Care Stabilization Fund. The School District's contributions for health care for the fiscal years ended June 30, 2012, 2011, and 2010 were \$47,491, \$50,778, and \$54,242, respectively; 83.45% has been contributed for fiscal year 2012 and 100% for fiscal years 2011 and 2010.

NOTE 13 - OTHER EMPLOYEE BENEFITS:-

Compensation Absences

The criteria for determining vacation and sick leave benefits is derived from negotiated agreements and State laws. Classified and administrative employees earn five to twenty days of vacation per year, depending upon length of service. Accumulated unused vacation time is paid to classified employees upon termination of employment. Teachers do not earn vacation time.

Teachers, administrators, and classified employees earn sick leave at a rate of one and one-fourth days per month. Sick leave may be accumulated up to a maximum of 221 days for all school personnel. Upon retirement, payment is made for one fourth of their accrued, but unused sick leave credit to a maximum of forty-one and one-half days for all employees.

Health Care Benefits

The School District provides medical, dental, and life insurance benefits to all employees who work thirty or more hours per week through Champaign, Delaware, Marion, Union School Employee Welfare Benefit Association Trust. Depending on the plan chosen, the employees share the cost of the monthly premium with the Board. The premium varies with the employee depending on the terms of the union contract.

Separation Benefits

Employees who retired in fiscal year 2012 were offered a separation benefit. Employees were offered a one time incentive in addition to severance benefits and pension benefits. The incentive, in the amount of \$3,000 per \$10,000 of annual salary, is offered in the first year of retirement eligibility. The employee has the opportunity to accept or reject their incentive opportunity. If rejected, the employee will then be eligible for a reduced benefit of \$1,500 per \$10,000 of annual salary when they retire. At June 30, 2012, the liability for separation benefits was \$52,683.

Compensated Absences Payable	700,200	57,059	59,245	698,014	50,502
Capital Leases Payable	76,928	0	15,759	61,169	17,111
Total Governmental Activities					
Long-Term Obligations	<u>\$ 2,473,212</u>	<u>\$ 307,059</u>	<u>\$ 349,677</u>	<u>\$ 2,430,594</u>	<u>\$ 311,657</u>

In September 1993, the school District issued \$4,500,000 in voted general obligation bonds for building improvements. The bonds were issued for a twenty-five year period, with final maturity on December 1, 2018. In April 2011, the School District refunded these bonds with lower borrowing rates under then-current market conditions, resulting in a cash flow savings over the remaining life of the bonds. The bonds are being retired through the Bond Retirement debt service fund.

In June 2006, the School District obtained a loan, in the amount of \$649,941, to provide energy conservation measures for the School District. The loan was obtained for a ten year period, with final maturity in fiscal year 2015. On November 7, 2011, the School District obtained a new loan in the amount of \$250,000 to retire the existing loan. The new loan was obtained for a five year period with final maturity in fiscal year 2017. The loan is retired through the General Fund.

Compensated absences will be paid from the General Fund. Capital leases will also be paid from the General Fund.

The School District's overall debt margin was \$14,073,483 with an unvoted debt margin of \$172,316 at June 30, 2012.

Principal and interest requirements to retire the general long-term obligations outstanding at June 30, 2012, were as follows:

<u>Year</u>	<u>School Improvement Bonds</u>		<u>Energy Conservation Loan</u>		<u>Total</u>
	<u>Principal</u>	<u>Interest</u>	<u>Principal</u>	<u>Interest</u>	
2013	\$ 195,000	\$ 31,955	\$ 47,651	\$ 6,406	\$ 281,012
2014	195,000	28,055	49,178	4,895	277,128

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2012**

NOTE 16 - CAPITAL LEASES- LESSEE DISCLOSURE:-

The School District has entered into capitalized leases for equipment. Each lease meets the criteria of a capital lease defined by Statement of Financial Accounting Standards No. 13, "Accounting for Leases," which defines a capital lease generally as one with transfers benefits and risks of ownership to the lessee. New capital leases are reflected in the accounts "Operation and Maintenance of Plant" and "Inception of Capital Lease" in the funds which will be making the lease payments. Capital lease payments are reflected as debt service expenditures on the statement of revenues, expenditures, and changes in fund balances for the governmental funds. Principal payments in 2012 were \$15,759.

	<u>Governmental Activities</u>
Property under capital lease	\$ 87,926
Less accumulated depreciation	<u>(26,757)</u>
Total June 30, 2012	<u><u>\$ 61,169</u></u>

The following is a schedule of the future long-term minimum lease payments required under the capital leases and the present value of the minimum lease payments as of June 30, 2012.

<u>Fiscal Year Ending:-</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2013	\$ 17,111	\$ 4,413	\$ 21,524
2014	18,579	2,946	21,525
2015	20,172	1,352	21,524
2016	<u>5,307</u>	<u>73</u>	<u>5,380</u>
Total	<u><u>\$ 61,169</u></u>	<u><u>\$ 8,784</u></u>	<u><u>\$ 69,953</u></u>

NOTE 16 - SET-ASIDES:-

The School District is required by State statute to annually set-aside, in the General Fund, an amount based on a statutory formula for the acquisition and construction of capital improvements. Amounts not spent by the end of the fiscal year or offset by similarly restricted resources received during the fiscal year must be held in restricted cash at fiscal year-end. These amounts must be carried forward and used for the same purposes in future years.

The following cash basis information identifies the changes in the fund balance reserves for capital improvements during fiscal year 2012.

	<u>Capital Improvements</u>
Set-aside reserve balance as of June 30, 2011	\$ (503,039)
Current year set-aside requirement	209,712
Current year qualifying expenditures	<u>(192,592)</u>
Set-aside reserve balance as of June 30, 2012	<u><u>\$ (485,919)</u></u>

**PLEASANT LOCAL SCHOOL DISTRICT
MARION COUNTY, OHIO**
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2012

NOTE 17 - INTERFUND TRANSFERS:-

During the fiscal year 2012, the General Fund made transfers to other governmental funds in the amount of \$13,704 to subsidize programs in other funds.

NOTE 18 - DONOR RESTRICTED ENDOWMENTS:-

The School District's private purpose trust fund includes donor restricted endowments. Endowment, in the amount of \$10,000 represents the principal portion. The amount of net appreciation in donor restricted investments that is available for expenditures by the School District is \$7,013 and is included as held in trust for scholarships. State law permits the School District to appropriate, for purposes consistent with the endowment's intent, net appreciation, realized and unrealized, unless the endowment terms specify otherwise. The endowment indicates that the interest should be used to provide a scholarship each year.

NOTE 19 - FUND BALANCES:-

Fund balance is classified as nonspendable, restricted, committed, assigned, and/or unassigned based primarily on the extent to which the School District is bound to observe constraints imposed upon the use of the resources in governmental funds.

The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented below:

<u>Fund Balance</u>	<u>General</u>	<u>Permanent Improvement</u>	<u>Debt Service</u>	<u>Other Governmental</u>	<u>Total Governmental</u>

NOTE 22 - JOINTLY GOVERNED ORGANIZATIONS:-

Tri-Rivers Educational Computer Association - The School District is a participant in the Tri-Rivers Educational Computer Association (TRECA), which is a computer consortium. TRECA is an association of public school districts within the boundaries of Delaware, Knox, Marion, Morrow, Muskingum, and Wyandot Counties. The organization was formed for the purpose of applying modern technology with the aid of computers and other electronic equipment to administrative and instructional functions among member school districts. The governing board of TRECA consists of one representative from each county elected by majority vote of all charter member school districts within each county, one representative from the city school districts, and the superintendent from Tri-Rivers Joint Vocational School. During fiscal year 2011, the School District paid \$35,442 to TRECA for various services. Financial information can be obtained from the Tri-Rivers Educational Computer Association, 100 Executive Drive, Marion, Ohio 43302.

Tri-Rivers Joint Vocational School (JVS) - The Tri-Rivers Joint Vocational School (JVS) is a distinct political subdivision of the State of Ohio which provides vocational education. The JVS operations under the direction of a Board consisting of one representative from each of the then participating school districts' Board of Education. The Board possesses its own budgeting and taxing authority. The degree of control exercised by the School District is limited to its representation on the Board. Financial information can be obtained from the Tri-Rivers Joint Vocational School, 2222 Marion Mt. Gilead Road, Marion, Ohio 43302.

North Central Regional Professional Development Center - The North Central Regional Professional Development Center (Center) is a jointly governed organization amount the school districts in Crawford, Huron, Knox, Marion, Morrow, Richland, Seneca, and Wyandot Counties. The organization was formed to create and sustain self-renewing learning communities to transform education in Ohio so that all learners can achieve their full potential. The Center is governed by a twenty-one member Board made up of representatives from the participating school districts, the business community, and two institutions of higher learning. The degree of control exercised by any participating school district is limited to its representation on the Board. Financial information can be obtained from the Mid-Ohio Educational Service Center, 1495 West Longview Avenue, Suite 202, Mansfield, Ohio 44906.

**PLEASANT LOCAL SCHOOL DISTRICT
MARION COUNTY, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2012**

NOTE 22 - JOINTLY GOVERNED ORGANIZATIONS:- (continued)

North Central Ohio Special Education Regional Resource Center - The North Central Ohio Special Education Regional Resource Center (SERRC) is a jointly governed organization formed to initiate, expand, and improve special education programs and services for children with disabilities and their parents. The SERRC is governed by a forty-seven member board including the superintendent from the forty-two participating educational entities, one representative from a non-public school, one representative from Knox County Educational Service Center, one representative from Ashland University, and two parents of children with disabilities. The degree of control exercised by any participating educational entity is limited to its representative on the Board. Financial information can be obtained from the Knox county Educational Service Center, 308 Martinsburg Road, Mt. Vernon, Ohio 43050.

Northwestern Ohio Educational Research Council, Inc. - The Northwestern Ohio Educational Research Council, Inc. (NOERC) is a jointly governed organization formed to bring educational entities into a better understanding of their common educational problems, facilitate and conduct practical educational research, coordinate educational research among members, provide a means for evaluating and disseminating the results of research, serve as a repository for research and legislative materials, and provide opportunities for training. The NOERC serves a twenty-five county area in Northwest Ohio. The Board of Directors consists of superintendents from two educational service centers, two exempted village school districts, five local school districts, and five city school districts, as well as representatives from two private or parochial schools and three institutions of higher education. Each active member is entitled to one vote on all issues addressed by the Board of Directors. Financial information can be obtained from the Northwestern Ohio Educational Research council, Inc., Box 456, Ashland, Ohio 44805.

Metropolitan Educational Council - The Metropolitan Educational Council (MEC) is a purchasing cooperative made up of one hundred forty-two school districts, libraries, and related agencies in twenty-seven counties. The purpose of the MEC is to obtain prices for quality merchandise and services commonly used by the participants. The governing board of the MEC consists of one representative from each participant. All participants must pay all fees, charges, or other assessments as established by the MEC. Financial information can be obtained from the Metropolitan Educational Council, 2100 Citygate Drive, Columbus, Ohio 43219.

NOTE 23 - INSURANCE POOLS:-

Ohio Association of School Business Officials (OASBO) Workers' Compensation Group Rating Plan- The School District participates in a group rating plan for workers' compensation as established under Section 4123.29 of the Ohio Revised Code. The OASBO Workers' Compensation Group Rating Plan (Plan) was established through the Ohio Association of School Business Officials and the Ohio School Boards Association as an insurance purchasing pool. Each year, the participants pay an enrollment fee to the Plan to cover the costs of administering the program.

Champaign, Delaware, Marion, Union School Employee Welfare Benefit Association Trust- The Champaign, Delaware, Marion, Union School Employee Welfare Benefit Association Trust (Trust), is a public entity shared risk pool consisting of eight school districts and the Madison/Champaign County and Delaware Union County Educational Service Centers. The Trust is organized as a Voluntary Employee Benefit association under Section 501 (c)(9) of the Internal Revenue Code and provides medical, dental, and life insurance benefits to the employees of the participants. Each participant's superintendent is appointed to an Administrative Committee which advises the Trustee concerning aspects of the administration of the Trust.

Each participant decides which plans offered by the Administrative Committee will be extended to its employees. Participation in the Trust is by written application subject to acceptance by the Administrative Committee and payment of monthly premiums. Financial information can be obtained from the North Union Local School District, 12920 State Route 739, Richwood, Ohio, 43344.

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2012

NOTE 24 - CONTINGENCIES:-

Grants

The School District received financial assistance from federal and state agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the School District at June 30, 2012, if applicable, cannot be determined at this time.

See accompanying notes to schedule of federal awards.

PLEASANT LOCAL SCHOOL DISTRICT
MARION COUNTY, OHIO
NOTES TO SCHEDULE OF FEDERAL AWARDS RECEIPTS AND EXPENDITURES
FOR THE YEAR ENDED JUNE 30, 2012

NOTE A - SIGNIFICANT ACCOUNTING POLICIES:-

The accompanying Schedule of Expenditures of Federal Awards (the "Schedule") summarizes the activity of the District's federal award programs. The Schedule has been prepared on the cash basis of accounting. The information on this schedule is presented in accordance with the requirements of OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

NOTE B - CHILD NUTRITION CLUSTER:-

The district comingles cash receipts from the U.S. Department of Agriculture with similar State grants. When reporting expenditures on this Schedule, the District assumes it expends federal monies first.

NOTE C - FOOD DONATION PROGRAM:-

The district reports commodities consumed on the Schedule at the fair value. The District allocated donated food commodities to the respective program(s) that benefitted from the use of those donated food commodities.

**INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS
REQUIRED BY *GOVERNMENT AUDITING STANDARDS***

Board of Education
Pleasant Local School District
Marion County
Marion, Ohio 43302

We have audited the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Pleasant Local School District, Marion County, Ohio (the District), as of and for the year ended June 30, 2012, which collectively comprise the Pleasant Local School District's basic financial statements and have issued our report thereon dated December 17, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting as a basis for designing our audit procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of opining on the effectiveness of the District's internal control over financial reporting. Accordingly, we have not opined on the effectiveness of the Pleasant Local School District's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A material weakness is a deficiency, or combination of internal control deficiencies resulting in more than a reasonable possibility that a material misstatement of Pleasant Local School District's financial statements will not be prevented, or detected and timely corrected.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in the internal control over financial reporting that might be deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider material weaknesses, as defined above.

Compliance and Other Matters

As part of reasonably assuring whether the District's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

We intend this report solely for the information and use of management and the Board of Directors of Pleasant Local School District and others within the Pleasant Local School District. We intend it for no one other than these specified parties.

**INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE
TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER
COMPLIANCE REQUIRED BY OMB CIRCULAR A-133**

Board of Education
Pleasant Local School District
Marion County
Marion, OH 43302

Compliance

We have audited the compliance of Pleasant Local School District (the District) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* that could directly and materially affect each of Pleasant Local School District's major federal programs for the year ended June 30, 2012. The summary of auditor's results section of the accompanying schedule of findings identifies the District's major federal programs. The District's management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to each major federal program. Our responsibility is to express an opinion on the District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to reasonably assure whether noncompliance occurred with the compliance requirements referred to above that could directly and materially affect a major federal program. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing other procedures we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the District's compliance with those requirements.

In our opinion, the District complied, in all material respects, with the requirements referred to above that could directly and materially affect each of its major federal programs for the year ended June 30, 2012.

Internal Control Over Compliance

The District's management is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the District's internal control over compliance with requirements that could have a direct and material affect a major federal program to determine the auditing procedures for the purpose of opining on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of opining the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, noncompliance with a type of compliance requirement of a federal program. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

We intend this report solely for the information and use of the management, Board of Education, others within the District, federal awarding agencies, and pass-through entities. It is not intended for anyone other than these specified parties.
