

COMPREHENSIVE ANNUAL FINANCIAL REPORT

Fiscal Year ended December 31, 2012

Dave Yost • Auditor of State

Board of Trustees
Solid Waste Authority of Central Ohio
4239 London Groveport Road
Grove City, Ohio 43123-9518

We have reviewed the *Independent Auditors' Report* of the Solid Waste Authority of Central Ohio, Franklin County, prepared by Schneider Downs & Co., Inc., for the audit period January 1, 2012 through December 31, 2012. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Solid Waste Authority of Central Ohio is responsible for compliance with these laws and regulations.

A handwritten signature in black ink that reads "Dave Yost".

Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with <i>Government Auditing Standards</i>	4-1
---	-----

This page left intentionally blank.

INTRODUCTORY SECTION

This page intentionally left blank.

May 24, 2013

To the Board of Trustees, residents and businesses of the Solid Waste Authority of Central Ohio (“SWACO”):

We are pleased to present SWACO’s Comprehensive Annual Financial Report (“CAFR”) for the fiscal year ended December 31, 2012 to the SWACO Board of Trustees and those living and doing business within the jurisdiction of SWACO.

The management of SWACO assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal controls it has established for this purpose. Because the cost of internal controls should not exceed the anticipated benefits, the objective is to provide reasonable, but not absolute, assurance that the financial statements are free of material misstatements.

Schneider Downs & Co., Inc., Certified Public Accountants, have issued an unqualified opinion on SWACO’s financial statements for the year ended December 31, 2012. The independent auditors’ report is located at the beginning of the Financial Section of the report, Section 2.

The Management Discussion and Analysis (“MD&A”) immediately follows the independent auditors’ report and provides a narrative introduction, overview and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

Profile of SWACO

A political subdivision of the State of Ohio, SWACO is one of 52 single and multi-county solid waste management districts established under Ohio’s solid waste management program. The primary goal of the State’s solid waste management program is reducing reliance on landfills for solid waste disposal in Ohio. As a solid waste district, SWACO is responsible for preparing, updating and implementing a comprehensive solid waste management plan for the Franklin County Solid Waste Management District (the “District”).

In addition to providing solid waste planning for the District, SWACO operates a sanitary landfill with a maximum daily capacity of 8,000 tons, three waste transfer stations with a combined capacity of approximately 3,000 tons per day, and various recycling and waste reduction programs.

SWACO's mission is to manage the District municipal solid waste stream to achieve environmentally responsible and cost-effective disposal, treat solid waste as a resource capable of yielding recovered materials and energy, reduce reliance on landfilling, and plan future disposal capacity for the District.

History of SWACO

SWACO was established in 1989 and its first two years were devoted to developing the initial solid waste management plan for the District. In 1991, SWACO purchased the 3,333 ton-per-day Franklin County Sanitary Landfill (the "Landfill") from the Franklin County Commissioners and, in 1993, added a 90-megawatt, 2,000-ton per day resource recovery facility (the "Waste-To-Energy Facility" or "WTEF") and two solid waste transfer facilities through a long-term lease with the City of Columbus (the "City"). SWACO also acquired the Franklin County (the "County") closed landfill (the "Model Landfill") as part of the acquisition of the operating Landfill.

SWACO closed all but the waste receiving portion of the WTEF at the end of 1994 because of its inability to generate revenues sufficient to operate the facility and pay the lease obligation to the City. SWACO converted the waste receiving portion of the facility to a solid waste transfer station and negotiated revised lease terms with the City. Pursuant to the modified lease, SWACO implemented new fees in 1999 applied to all solid waste generated within SWACO's jurisdiction and dedicated to the payment of the lease (see Note 11). In 2005, SWACO demolished the waste incineration portions of the facility, retaining the transfer station and certain buildings and structures that SWACO used for recycling activities. The remaining buildings and structures were destroyed by fire in 2008, leaving only the transfer station.

With closure of the WTEF in 1994 and the resulting loss of disposal capacity, SWACO began the process of obtaining a permit from the Ohio Environmental Protection Agency (the "OEPA") to expand the Landfill to meet the additional disposal requirements of the District. In 1997, the permit was approved adding 49 million cubic yards of capacity to the Landfill, sufficient to meet SWACO's disposal requirements for at least 25 years and increasing the daily capacity to 6,000 tons. A further modification to the permit, approved in 2009, added 3.5 million cubic yards to the Landfill's capacity. In 2011, The Ohio EPA granted SWACO's request to increase its daily capacity from 6,000 to 8,000 tons.

The Solid Waste Plan

SWACO's Solid Waste Plan was originally adopted in 1993. The plan is subject to periodic updates and the last update approved by the OEPA was in November 2011.

Budgetary Control

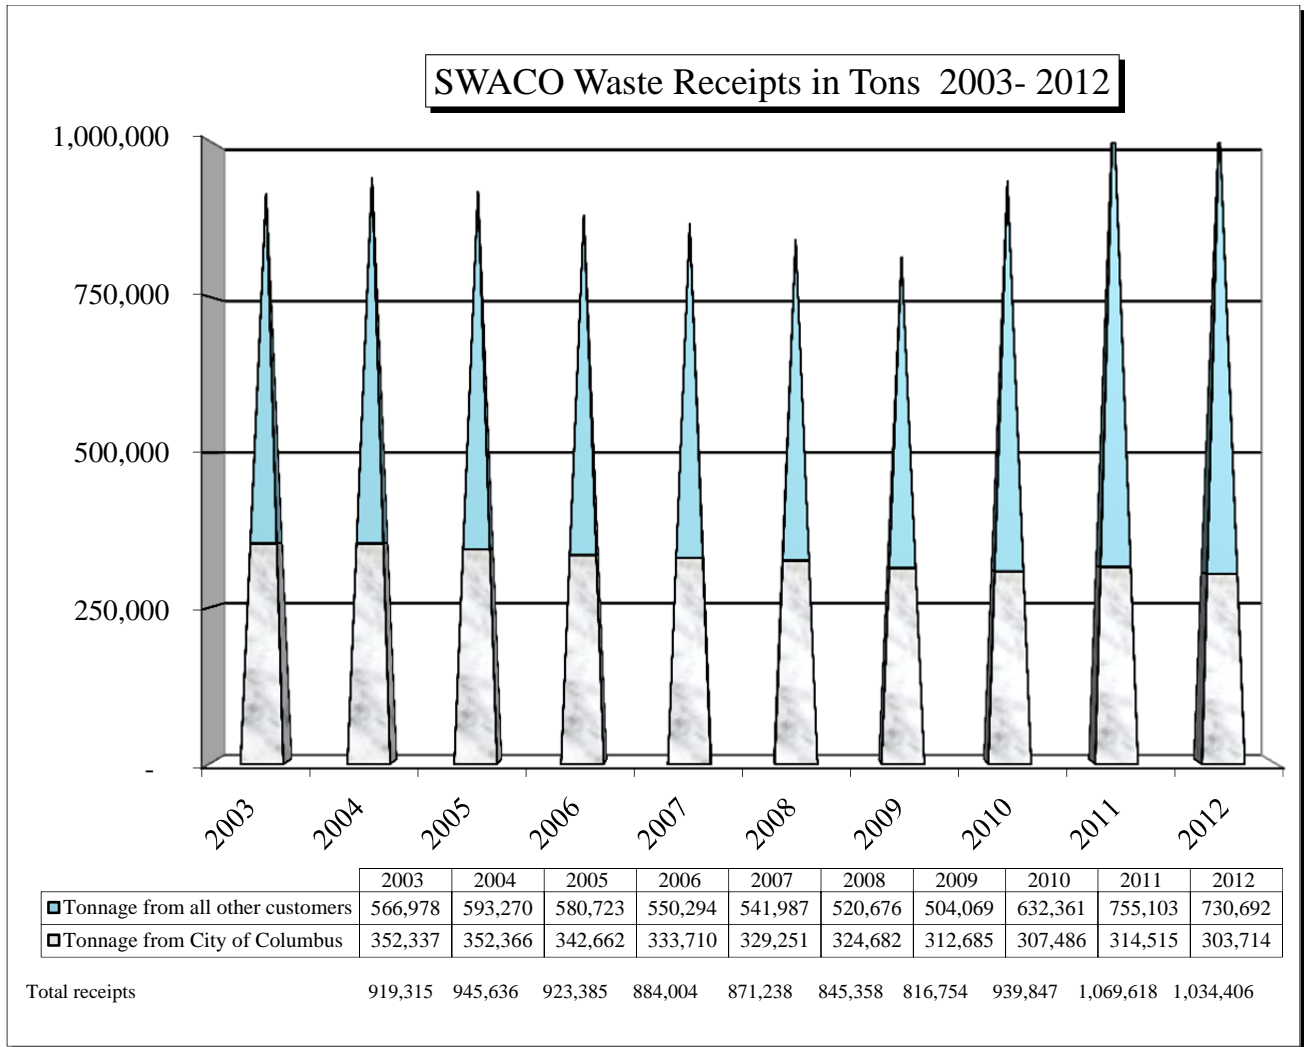

The Board of Trustees adopts an annual non-appropriated operating and capital improvements budget resolution. Budgetary control is maintained by the Board at the major account level (salaries, wages and benefits; contracts, services and supplies; capital outlays; etc.). The Statistical Section provides a budget to actual comparison for the year ending December 31, 2012.

Local Economy and Economic Outlook

SWACO is located principally within Franklin County, with the City of Columbus as the largest city within the District. Prior to 2001, both the County and the City enjoyed healthy economies characterized by low unemployment, an increasing tax base, and strong economic development. In recent years, the state and local economies have shown slower growth including higher unemployment and lower income and sales tax collections. Nonetheless, both the City and the County maintain triple A ratings on their long-term debt from the major rating agencies.

Since solid waste disposal is a lagging economic indicator, growth in land-filled solid waste tonnage is expected to be modest for the next several years. In 2009, SWACO renegotiated new one-year waiver agreements with key customers requiring them to deliver a minimum of 75.0% of their total waste stream generated in Franklin County to SWACO's Franklin County Sanitary Landfill. In 2010, the waiver agreements expired and SWACO enacted its full authority pursuant to flow control regulations, requiring haulers to bring 100% of solid wastes collected to a SWACO designated facility for disposal. These measures helped SWACO to exceed 900,000 tons of land-filled waste during 2010 and 2011. In 2010, SWACO approved a rate increase of \$3.00 per ton effective January 1, 2011, and an additional increase of \$3.00 per ton effective January 1, 2012.

Please see chart on next page illustrating SWACO's waste receipts (in tons) from 2003 to 2012.

The introduction in 1999 of fees assessed on all solid waste generated from within the District and dedicated to the payment of the WTEF lease (the Waiver Fee and Retired Facility Fee, Note 11) has contributed greatly to a more stable outlook for the future of SWACO. As a result of a modification to the lease and implementation of the new fees, the City reduced the lease obligation by 35 percent. This, combined with the payments made by SWACO from the revenues generated from the new fees, has allowed SWACO to pay off the lease obligation in the current year and make significant reductions in the related debt. This is discussed in more detail in the MD&A beginning on page 2-7 (Financial Position of SWACO).

Long-Term Financial Planning and Major Initiatives

SWACO adopts annual operating and capital budgets with additional pro forma projections to extend the planning horizon to five years. Over the next twenty years, extensive capital improvements will be on-going as SWACO completes construction of the remaining four phases of the Landfill and plans for its eventual closure and replacement.

SWACO currently has triple A ratings from both Standard and Poor's and Moody's Investors Service.

Awards and Acknowledgements

Certificate of Achievement for Excellence in Financial Reporting

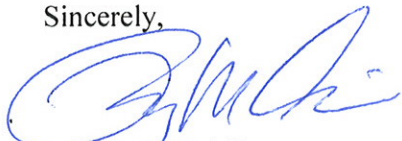

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to SWACO for its comprehensive annual financial report for the fiscal year ended December 31, 2011. This was the fourteenth consecutive year SWACO has received this award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized CAFR that satisfies both accounting principles generally accepted in the United States of America and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Acknowledgements

The Assistant Executive Director wishes to thank the employees of SWACO for their dedication and hard work. On behalf of the citizens and staff of SWACO, the Assistant Executive Director also acknowledges the support and efforts of the Board of Trustees. These Board members, who serve without compensation, have provided valuable expertise and guidance to SWACO and staff, as well as a significant time commitment, helping SWACO to achieve its goals.

Sincerely,

Jeffrey M. Cahill

INDEPENDENT AUDITORS' REPORT

Solid Waste Authority of Central Ohio
Franklin County
4239 London-Groveport Rd.
Grove City, OH 43123

To the Audit and Finance Committee and the Board of Trustees:

Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities and each major fund of the Solid Waste Authority of Central Ohio (SWACO), as of and for the year ended December 31, 2012, and the related notes to the financial statements, which collectively comprise SWACO's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

Schneider Downs & Co., Inc.
www.schneiderdowns.com

1133 Penn Avenue
Pittsburgh, PA 15222-4205
TEL 412.261.3644
FAX 412.261.4876

41 S. High Street
Suite 2100
Columbus, OH 43215-6102
TEL 614.621.4060
FAX 614.621.4062

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and each major fund of the Solid Waste Authority of Central Ohio, as of December 31, 2012, and the respective changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that management's discussion and analysis be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any other assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise SWACO's basic financial statements as a whole. The introductory section, supplemental schedules, and the statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The introductory section, supplemental schedules, and the statistical section are the responsibility of management, and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. The supplemental schedules have been subjected to the auditing procedures we applied to the basic financial statements and certain additional procedures, including comparing and reconciling this information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental schedules are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

We did not subject the introductory section and statistical section information to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion or any other assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated May 24, 2013, on our consideration of SWACO's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering SWACO's internal control over financial reporting and compliance.

SWACO

Management's Discussion & Analysis for the Year Ended December 31, 2012 (unaudited)

MANAGEMENT'S DISCUSSION AND ANALYSIS

Management's Discussion and Analysis ("MD&A") provides an overview of the financial performance of the Solid Waste Authority of Central Ohio (SWACO) and provides an introduction to SWACO's financial statements for the year ended December 31, 2012. The information contained in this MD&A should be considered in conjunction with information presented in the letter of transmittal, beginning on page 1-1, and SWACO's financial statements and corresponding notes to the financial statements, which follow this section.

Overview Of The Financial Statements

SWACO's financial statements are prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America and promulgated by the Governmental Accounting Standard Board (GASB). The financial information of SWACO is accounted for in two enterprise funds in order to reflect limitations and restrictions placed on the use of available resources. The *Operating Fund* is used primarily to account for revenues and expenses related to the operation of SWACO's Sanitary Landfill and solid waste transfer facilities. Except for certain fees restricted to the payment of a capital lease obligation and related bonds, the fund may be used for any other lawful solid waste management purpose deemed appropriate by the Board of Trustees. Generation Fees in the *Program Fund* are restricted by state statute to certain solid waste reduction, recycling and reuse purposes. Generation fee funds are derived from a \$5.00 fee on tipping and any grant income received.

Following this MD&A are the basic financial statements of SWACO together with notes, which are essential to a full understanding of the data contained in the financial statements. Included in the financial statements for SWACO are the following:

- **Statement of Net Position** – This statement presents information on all of SWACO's assets, liabilities, and deferred outflows and inflows with the difference between them reported as net position.
- **Statement of Revenues, Expenses and Changes in Fund Net Position** - This statement includes all operating and non-operating revenues and expenses for SWACO and shows the change in SWACO's net position during the most recent year.
- **Statement of Cash Flows** – This statement reports cash and cash equivalent activities for the year resulting from operating, capital and related financial activities. A reconciliation of operating income to net cash provided by operating activities is provided.

Certain amounts in the December 31, 2011 MD&A financial information have been reclassified to conform to the current year's presentation.

Financial Highlights of 2012

- SWACO's net position increased by \$7.9 million, 30.4%, in 2012.
- Operating Fund operating income decreased \$45,000, 0.3%, in 2012. Increases in revenue and decreases in contracts, services and supplies offset an increase in landfill liabilities.

SWACO

Management's Discussion & Analysis for the Year Ended December 31, 2012 (unaudited)

- Operating Fund operating revenues – tipping and disposal fees – increased by \$2.4 million. SWACO implemented an additional \$3.00 per ton rate increase beginning January 1, 2012. The increase is to be used to fund the Morse Road Eco-Station and the new landfill entrance.
- Operating Fund and Program Fund operating expenses – Salaries, wages and benefits overall expense increased approximately \$851,000 from the prior year. Salaries increased due to positions vacant in 2011 being filled in 2012 as well as new positions created. In the Operating Fund operating expenses for salaries, wages and benefits increased, in SWACO administration, \$138,000, and in landfill operations increased \$291,000. The Program Fund operating expenses in these accounts also increased, which makes up the approximately \$851,000 overall increase from prior year.
- Decreases in solid waste fees of approximately \$166,000 were the result of decreased total tons landfilled.
- Contracts, services, and supplies decreased by \$1.5 million. 2011 included a one-time expenditure for improvements made to Haughn Road for \$1.3 million. SWACO's Operating Fund operating revenue increased due to a settlement payment of approximately \$730,000 for the Haughn Road improvements.
- Depletion and closure increased \$3.5 million year over year. The change in the build-out model is the largest contributing factor for this increase. Landfill depletion specifically is down \$7.7 million from prior year while closure is up \$11.2 million from prior year due to a change in the landfill build-out model that changes the timing of expenses incurred.
- The \$2.6 million increase in non-operating expense was primarily due to an increase in interest expense and the impairment of \$800,000 pertaining to the Green Energy Center.

* This space intentionally left blank. *

SWACO

Management's Discussion & Analysis for the Year Ended December 31, 2012 (unaudited)

Combined Net Position

The 2011 and 2012 combined net position of both the Operating and Program Funds is presented on the following page. SWACO's net position increased from the prior year by approximately \$7.9 million, 30.4%, (all funds combined). This is due to the increase in operating revenue resulting from the fee increase and an increase in the long term lease receivable of \$5.6 million comprised of a lease to Kurtz Bros. at 2512 Jackson Pike and Clean Water.

The lease liability for the Waste-To-Energy (the "WTEF") facility to the City of Columbus was fully paid at the end of 2011. For additional discussion on the WTEF, see *Financial Position of SWACO* on page 2-7 of the MD&A and Note 11 of the financial statements (Capital Lease Obligation).

Significant net position changes from 2011 to 2012 are discussed in further detail, by fund, later in this MD&A.

Financial Position of SWACO

As shown in the table above, SWACO ended 2012 with a combined net deficit of \$18.2 million, an improvement of \$7.9 million or 30.4% from 2011. The deficit is attributed to the WTEF facility. The facility was acquired in 1993, closed in 1994, and subsequently impaired and demolished. Since 1998, when the deficit on the facility reached a peak of \$167.8 million, the assessment of a retired facility fee has enabled SWACO to reduce the cumulative net operating deficit on the facility. This obligation is scheduled to be fully retired no later than 2019.

2012 operating revenues reflect a rate increase of \$3.00 per ton effective January 1, 2012.

SWACO

Management's Discussion & Analysis for the Year Ended December 31, 2012 (unaudited)

The following table shows the continued reduction of the WTEF lease obligation.

Discontinued Operations Total Net Position (in thousands)

Operating Fund Net Position

A comparison of Operating Fund net position as of the end of 2011 and 2012 is shown in the table on page 2-9.

Collectively, total assets increased by \$33.1 million (28.6%). Increases in this category are primarily due to the proceeds received from the issuance of the General Obligation (Limited Tax) Solid Waste Facilities Improvement and Refunding Bonds, Series 2012.

Deferred outflows increased by \$2.3 million due to the refunding costs of \$24.4 million of the Series 2004A Bonds and refunding \$11.1 million of the 2004B Bonds.

Collectively, total liabilities increased by \$27.5 million. Major components for this increase include approximately \$24 million for the issuance of the General Obligation (Limited Tax) Solid Waste Facilities Improvement and Refunding Bonds, Series 2012.

Total net position increased by \$8.0 million (28.9%) from 2011 to 2012.

Restricted net position includes funds held by a trustee (EPA Trust Fund) for closure of the Franklin County Sanitary Landfill net of the accrued liability for closure and post-closure care of the landfill. As

SWACO

Management's Discussion & Analysis for the Year Ended December 31, 2012 (unaudited)

of December 31, 2012, the EPA Trust Fund value was \$21.3 million and the recorded closure liability was \$21.5 million, which nets to a deficit of \$137,000.

The increase in unrestricted net position of approximately \$2.5 million (22.8 %) was primarily due to an increase from accounts receivable and cash. Other accounts that contributed to this change include the ERIP payable decreasing due to the program ending in 2014.

Operating Fund Net Position

	2011	2012	Increase (Decrease)

SWACO

Management's Discussion & Analysis for the Year Ended December 31, 2012 (unaudited)

Solid waste receipts to SWACO's facilities during 2012 were 1,033,000 tons, 3.46% under 2011 receipts of 1,070,000 tons. The modest decrease was primarily due to light volumes related to a drier weather pattern that did not generate increased water weight tonnages. Despite decreased volume, tipping and disposal fees increased \$2.4 million due to a \$3.00 per ton rate increase effective January 1, 2012.

Retired facility and waiver fees decreased modestly as a result of the decrease in volume, \$253,000 (2.8%).

Collectively, operating revenues realized a growth of 6.7%, or \$2.7 million.

Expenses for salaries, wages and benefits were \$729,000 (9.1%) more in 2012 compared to 2011. This increase is primarily due to administrative positions that remained vacant during 2011 being filled in 2012, as well as new positions created. In the Operating Fund operating expenses increased in salaries, wages, and benefits in SWACO administration \$138,000 and in landfill operations increased \$291,000. The Program Fund operating expenses in these accounts also increased, which makes up the increase of approximately \$851,000 from prior year.

Contracts, services and supplies expenses decreased by \$1.9 million (20.7%) in 2012 due to the one-time charge of the Haughn Road assessment in 2011. SWACO's Operating Fund operating revenue increased due to a settlement payment of approximately \$730,000 for the Haughn Road improvements.

Depletion expense decreased approximately \$7.7 million in 2012 from the prior year. The decrease is primarily due to a change in the build-out model which reduces depletion expense, but increases closure expense by the same amount.

Interfund transfers decreased by \$415,000, 63.4% more than 2011. Interfund transfers net to zero between the Operating Fund and the Program Fund.

Collectively, operating expenses increased by \$2.8 million (10.6%). This outcome was primarily related to an increase in the net of depletion/closing costs of approximately \$3.5 million.

The net effect of these changes resulted in a modest decrease in operating income of approximately \$45,000.

Non-operating revenues and expenses net to an expense in 2012 of \$6.3 million. This represents a net increase of \$2.8 million (77.9%) over prior year. The combination of the impairment of long-lived assets recognized in 2012, increased interest expense due to new bonds, a reduction in grant revenue, and the retirement of Morse Road assets due to renovations resulted in the overall net expense increase .

SWACO's financial position in the Operating Fund increased by \$8.0 million in 2012, decreasing SWACO's net deficit from \$27.5 million to \$19.5 million at the end of 2012.

* This space intentionally left blank. *

SWACO

Management's Discussion & Analysis for the Year Ended December 31, 2012 (unaudited)

Program Fund Net Position

Total net position at the end of 2012 was \$1.3 million, a small change from the prior year. Restricted net position (cash and receivables less payables) was \$737,000, an increase of \$12,500 (1.7%). Net position invested in capital assets, net of related debt, were \$572,000, a decrease of \$25,000 (4.2%).

Program Fund Net Position

	<u>2011</u>	<u>2012</u>	<u>Increase (Decrease)</u>
Assets			
Current assets	\$ 1,116,667	\$ 1,307,863	\$ 191,196

Program Fund Revenues, Expenses and Changes in Fund Net Position

A comparison of 2011 and 2012 revenues and expenses in the Program Fund is shown on page 2-13.

Program Fund Operating Revenues

Generation fees decreased modestly, \$135,000 (2.7%) in 2012 compared to 2011 due to the decrease in tonnage.

Program Fund Operating Expenses

Program Fund operating expenses collectively increased by a modest \$114,000 (2.4%) in 2012. Salaries, wages, and benefits increased approximately \$122,000 primarily due to increases in the drop-box program and district operations. Contracts, services, and supplies increased by approximately \$407,000. This increase consisted of approximately \$176,000 for drop-box program fuel and vehicle maintenance, \$145,000 for public information professional services and media advertising. These increases were offset by a reduction in the interfund transfer consisting of fleet maintenance expenses of approximately \$310,000 and a reduction in the amount allocated for the Environmental Steward's office of approximately \$100,000.

SWACO

Management's Discussion & Analysis for the Year Ended December 31, 2012 (unaudited)

Non-Operating Income & Expenses

Non-operating transactions primarily consisted of grant activities. Grants awarded, representing both pass-through and SWACO grants, decreased by \$137,000 (37.1%). Timing of grants in the year they are awarded contributed to this decrease.

Ending net position in the Program Fund decreased by \$13,000 (1.0%) from 2011 to 2012.

SWACO

Management's Discussion & Analysis for the Year Ended December 31, 2012 (unaudited)

Capital Assets

SWACO's investments in depreciable capital assets include the Sanitary Landfill and related facilities and equipment, three transfer stations, a fleet maintenance facility, a landfill operations facility, the administrative office building and furnishings, and solid waste transfer vehicles and related equipment. Additionally, SWACO owns a 28,000 square foot light manufacturing building which is located at 2512 Jackson Pike which SWACO leases from the City of Columbus. SWACO entered into a capital lease with a recycling company who currently occupies this facility. SWACO also owns land for facilities and buffer area in the vicinity of the landfill.

The increase in net assets being depreciated or depleted was \$7.5 million in the Operating Fund due primarily to assets put in service attributable to the sanitary landfill. These improvements consisted of a dewatering system, gas system improvements, and the forcemain. Construction in progress increased due to the Morse Road Eco-Station reaching actual construction phase. SWACO also purchased more property in 2012 along its boundaries of the landfill. The following table compares SWACO's investments in capital assets as of the end of 2011 and 2012.

	Capital Assets		
Operating Fund	2011	2012	Increase (Decrease)

SWACO
Management's Discussion & Analysis for the Year Ended December 31, 2012
(unaudited)

SWACO's capital asset activity is discussed in more detail in Note 6 of the financial statements (Capital Assets).

Debt Administration

SWACO's outstanding debt as of December 31, 2011 and 2012 is shown in the following table:

	Outstanding Long-Term Debt		Increase (Decrease)
	2011	2012	
General obligation bonds, net	\$ 91,301,458	\$ 137,413,941	\$ 46,112,483
Taxable notes	34,082,236	4,700,905	(29,381,331)
Total	\$ 125,383,694	\$ 142,114,846	\$ 16,731,152

SWACO's ability to issue un-voted general obligation debt is subject to overlapping debt restrictions with other political subdivisions, but there is not a statutory direct debt limit on SWACO's ability to issue general obligation or revenue bonds. SWACO's debt capacity is more limited by market forces and its ability to raise tipping fees to levels required to pay debt service.

SWACO's general obligation bonds carry an AAA rating by Standard and Poor's and an Aaa rating by Moody's Investors Service. SWACO's debt management program is discussed in more detail in Note 10 of the financial statements (Debt Management).

On June 1, 2012, SWACO issued General Obligation (Limited Tax) Solid Waste Facilities Improvement and Refunding Bonds, Series 2012, in the amount of \$79,015,000. The proceeds of the bonds were used to: retire the Series 2011 Bond Anticipation Notes in the amount of \$24,295,000; retire the Series 2011 Taxable Bond Anticipation Notes in the amount of \$3,520,000; refund \$24,365,000 of the outstanding \$31,970,000 Series 2004A bonds; refund \$11,110,000 of the outstanding \$13,315,000 Series 2004B bonds; and finance costs of additional solid waste facilities comprised of cell construction, land acquisition, landfill gas improvements, landfill improvements, model landfill improvements and scale transfer station/receiving improvements. The Series 2012 Bonds bear interest ranging from 1.5% to 5.0% with maturities of 20 years. The bonds are unvoted general obligations of SWACO and contain a pledge of the full faith and credit of SWACO for the payment of the principal and interest on the bonds when due.

Economic Factors

Similar to other local governments in Ohio, SWACO continues to face economic pressures. Waste receipts at the Franklin County Sanitary Landfill in 2012 were down slightly from the previous year.

In 2010, SWACO approved a rate increase of \$3.00 per ton effective January 1, 2011, and an additional increase of \$3.00 per ton effective January 1, 2012. Solid waste receipts to SWACO's facilities during 2012 were approximately 1,033,000 tons, 3.46% under 2011 receipts of 1,070,000 tons. Decreased volumes were due to a drier weather pattern that did not generate increased water weight tonnages.

SWACO

Management's Discussion & Analysis for the Year Ended December 31, 2012 (unaudited)

Since solid waste disposal is a lagging economic indicator, growth in land-filled solid waste tonnage is expected to be modest for the next several years.

Request For Information

This financial report is designed to provide a general overview of SWACO's finances and to show accountability for money received by SWACO. SWACO

Notes to Financial Statements

As of December 31, 2012

1. Organization

SWACO (the Solid Waste Authority of Central Ohio) is a political subdivision of the State of Ohio established in 1989 to develop and implement a comprehensive solid waste management plan for the Franklin County Solid Waste Management District (the “District,” principally Franklin County, but also including parts of five adjacent counties). SWACO is governed by a nine-member Board of Trustees appointed pursuant to statute. The Board consists of two members appointed by the Franklin County Board of County Commissioners (the “County”), two members appointed by the City of Columbus (the “City”), and additional members representing the County Board of Health, townships within SWACO, waste generators and the general public. As a governmental authority, SWACO is exempt from federal, state and local taxes. SWACO operates autonomously from the County and City, and the County and City have no financial responsibility for the operations of SWACO.

SWACO operates a sanitary landfill (the “Sanitary Landfill”) and three solid waste transfer facilities supported by tipping fees charged for solid waste disposal and transfer services at these facilities. SWACO also provides recycling programs, yard waste composting services, public education programs, and other activities designed to reduce the generation and disposal of solid waste within SWACO's jurisdiction. SWACO's waste-reduction activities are supported by a \$5.00 per-ton waste Generation Fee levied on a majority of solid waste generated within the District.

The Sanitary Landfill was purchased from Franklin County in 1991. The Ohio Environmental Protection Agency (“OEPA”) approved a modification to the original County permit in 1997 increasing disposal capacity by approximately 49 million cubic yards (from 10.7 million cubic yards) and increasing the landfill acreage to 363 acres from approximately 116 acres. The modified permit allowed both vertical and horizontal expansion of the landfill. In 2008, SWACO submitted an application to the OEPA to further modify the permit to change the configuration of the landfill and further increase capacity. The modification was approved by the OEPA in 2009 and added approximately 3.5 million cubic yards of disposal capacity (see Note 5 – Closure/Postclosure Funds Held by Trustee). SWACO estimates that it has sufficient landfill capacity to service the needs of the District for at least 25 years.

In 1993, SWACO leased a 90-megawatt solid waste resource recovery facility (the Waste-to-Energy Facility or “WTEF”) and three related waste transfer facilities from the City (see Note 11 – Capital Lease Obligation). The WTEF was closed in November 1994 due to SWACO's inability to generate revenues sufficient to operate the facility. SWACO continues to operate two of the three waste transfer facilities and has converted a portion of the closed WTEF into an additional transfer facility.

As part of the purchase of the currently operating landfill, SWACO also acquired the Model Landfill, the County's closed former landfill. The Model Landfill has been closed since 1985, and SWACO assumed ongoing monitoring and closure requirements for the landfill when it was transferred from the County. In 1999, SWACO leased the landfill to a private entity to develop a public golf course on the site in conjunction with a project to remediate the landfill cap.

SWACO

Notes to Financial Statements

As of December 31, 2012

SWACO derives its revenue principally from fees levied on the disposal of solid waste. SWACO collects these fees in two ways: 1) tipping fees charged for solid waste disposal and waste transfer services provided at SWACO facilities; and 2) fees assessed on all solid waste generated within the District. These fees are established pursuant to authorization within the Ohio Revised Code (“ORC”) and agreements established with private landfill owners. SWACO had one customer which accounted for approximately 33% of SWACO’s total operating revenues for the year ended December 31, 2012. The customer accounted for approximately 47% of accounts receivable at December 31, 2012.

The accompanying financial statements comply with the provisions of Governmental Accounting Standards Board (GASB) Statement No. 14, *The Financial Reporting Entity*, and Statement No. 39, *Determining Whether Certain Organizations are Component Units*, in that the statements include all organizations, activities, and functions for which SWACO (the reporting entity) is financially accountable. Financial accountability is defined as the appointment of a voting majority of a legally separate organization and either SWACO’s ability to impose its will over the organization’s governing body or the possibility that the organization will provide a financial benefit to, or impose a financial burden on, SWACO. There are no potential component units that meet the criteria imposed by GASB Statement No. 14 or GASB Statement No. 39 included in SWACO’s reporting entity.

2. Summary of Significant Accounting Policies

The significant accounting policies followed in preparation of these financial statements are summarized below. The accounting policies and financial reporting practices of SWACO conform to accounting principles generally accepted in the United States of America for governmental units as prescribed in the statements issued by the Governmental Accounting Standards Board (GASB) and other recognized authoritative sources.

Measurement focus and basis of accounting: SWACO’s funds are accounted for on a flow of economic resources measurement focus, and the financial statements have been prepared on the accrual basis of accounting. Accordingly, revenue is recognized when earned, and expenses are recorded when incurred.

Proprietary Fund: SWACO operates as an enterprise fund. Enterprise funds are used to account for the costs of providing goods or services to the general public on a continuing basis which are financed or recovered primarily through user charges or to report any activity for which a fee is charged to external users for goods or services, regardless of whether the government intends to fully recover the cost of the goods or services provided.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund’s principal ongoing operations. The principal operating revenues of SWACO are charges to customers for disposal fees.

SWACO
Notes to Financial Statements
As of December 31, 2012

Basis of presentation: SWACO reports the following major proprietary funds:

The *Operating Fund* receives all income derived from the operations of SWACO's landfill and waste transfer facilities including tipping fees, waste transfer fees, investment income, and certain other revenues. Revenues are used to support the operations of SWACO's solid waste facilities and to pay certain costs of discontinued operations of SWACO. Operating Fund revenues are derived primarily from rates and charges established pursuant to ORC Section 343.08.

Within the Operating Fund, SWACO segregates revenues and expenses for Continuing Operations (primarily the Sanitary Landfill and transfer stations) from Discontinued Operations (the WTEF) to allow management to more easily focus on operating results from ongoing operations. Additionally, certain revenues within the Operating Fund are dedicated to the payment of the WTEF lease obligation and related bonds (Note 11 – Capital Lease Obligation) and may not be used for other purposes. The separation of the Operating Fund into Continuing and Discontinued Operations is shown in the supplemental schedules beginning on page 2-52.

The *Program Fund* receives Generation Fees authorized by ORC Section 3734.57 paid on waste generated in the Solid Waste District and disposed of at SWACO's landfill or out-of-district landfills. Revenues are used only to support solid waste recycling, reuse, and reduction programs operated by SWACO in support of SWACO's solid waste plan. Interfund charges shown in the Program Fund under operating expenses are comprised of charges to the Program Fund for administrative and operational support.

Cash and cash equivalents: SWACO considers all highly liquid debt instruments with a maturity of three months or less when purchased to be cash equivalents. SWACO follows GASB Statement No. 40, *Deposit and Investment Risk Disclosures*, and discloses custodial, credit, and interest rate risks associated with cash and investments.

Investments: In accordance with GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*, investments are carried at fair value, including accrued interest receivable. Unrealized gains and losses resulting from changes in fair value are reported as adjustments to investment income. SWACO does not invest in any form of derivatives or reverse repurchase agreements. SWACO's cash and investments are discussed in more detail in Note 3 (Cash and Investments).

Accounts receivable: SWACO extends credit to public and private customers of the landfill, transfer stations, and other SWACO facilities and reports amounts owed to SWACO net of any allowance for bad debts. The allowance for bad debts is calculated by identifying specific accounts that are more than 90 days past due with no payment activity. As of December 31, 2012, the allowance for bad debt was approximately \$7,800. Accounts receivable also includes amounts owed by private transfer stations and landfills for solid waste received at the facilities, generated within the boundaries of SWACO and subject to the Generation Fee and Waiver Fee.

Restricted Assets: As discussed further in Note 4 (Restricted Assets), certain SWACO assets are restricted for debt service, capital projects, by State law, or for other purposes. When both restricted and unrestricted resources are available for a particular purpose, it is SWACO's policy to use restricted resources first.

SWACO

Notes to Financial Statements

As of December 31, 2012

Landfill and Property, Plant, and Equipment: SWACO records asset acquisitions at cost and provides for depreciation in amounts adequate to amortize cost over the estimated useful lives of the assets using a straight-line method for financial reporting purposes, except for its landfill, which is depleted using a units-of-production method.

Maintenance, repairs and minor renewals are charged to expense as incurred, while major renewals and betterments are capitalized. The cost and related accumulated depreciation of assets sold or otherwise disposed of are removed from the related accounts, and resulting gains or losses are reflected in income.

Impairment of capital assets: SWACO will review a capital asset for possible impairment when events or changes in circumstances suggest that the service utility of the capital asset may have significantly and unexpectedly declined. If it is determined that the service utility has significantly declined and that decline is unexpected, then SWACO will declare the asset impaired. The amount of impairment is determined by management based on a variety of factors including the asset's carrying value and the potential cash flows expected to be generated from that asset. During 2012, SWACO recognized an impairment charge of \$800,000.

Vacation and sick leave: A liability for vacation and sick leave is included in accrued wages and benefits. In accordance with GASB Statement No. 16, *Accounting for Compensated Absences*, this liability includes accumulated vacation time and vested sick leave computed using employee wage rates in effect at December 31.

Bond premiums: Bond premiums are included in bonds payable and are amortized over the term of the bonds using the effective interest rate method.

Bond issuance cost and deferred amounts on refundings: Bond issuance costs are expensed when incurred. Deferred amounts on refundings are recorded as a deferred outflow, and are amortized over the remaining life of the old debt or the life of the new debt, whichever is shorter.

Net Position: Net position represents the difference between assets and liabilities. *Net assets Invested in capital assets, net of related debt* consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for acquisition, construction or improvements of those assets. Any unspent capital related to debt proceeds do not reduce *Net assets Invested in capital assets, net of related debt*. Net assets are reported as restricted when there are external restrictions imposed on their use, either contractually, by debt covenant, or by statute.

Application of Financial Accounting Standards Board ("FASB") Statements and Interpretations: In accordance with GASB Statement No. 20, *Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting*, SWACO is required to apply FASB statements and interpretations issued on or before November 30, 1989, and has elected not to apply those issued after that date.

SWACO

Notes to Financial Statements

As of December 31, 2012

New accounting pronouncements: For the year ended December 31, 2012, SWACO implemented GASB Statements No. 63 – “*Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources and Net Position*” and Statement No. 65 – “*Items Previously Reported as Assets and Liabilities.*” Statement No. 63 amends the net asset reporting requirements in Statement No. 34 – “*Basic Financial Statements – and Management’s Discussion and Analysis – for State and Local Governments*” and other pronouncements by incorporating deferred outflows of resources and deferred inflows of resources into the definitions of the required components of the residual measure and by renaming that measure as net position, rather than net assets. Statement No. 65 established accounting and financial reporting standards that reclassify, as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities and recognizes as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities.

In March 2012, the GASB issued Statement No. 66, *Technical Corrections -2012*. This statement is to improve accounting and financial reporting for a governmental financial reporting entity by resolving conflicting guidance that resulted from the issuance of two pronouncements, Statements No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, and No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*. The provisions of this statement are effective for financial statements for periods beginning after December 15, 2012. The adoption of this statement is not expected to have an impact on SWACO’s financial statements.

In June 2012, the GASB issued Statement No. 67, *Financial Reporting for Pension Plans*. This statement is to improve financial reporting by state and local governmental pension plans. This statement results from a comprehensive review of the effectiveness of existing standards of accounting and financial reporting for pensions with regard to providing decision-useful information, supporting assessments of accountability and interperiod equity, and creating additional transparency. This statement is effective for financial statements for fiscal years beginning after June 15, 2013. The adoption of this statement is not expected to have an impact on SWACO’s financial statements.

In June 2012, the GASB issued Statement No. 68, *Accounting and Financial Reporting for Pensions*. This statement is to improve accounting and financial reporting by state and local governments for pensions. It also improves information provided by state and local governmental employers about financial support for pensions that is provided by other entities. This statement results from a comprehensive review of the effectiveness of existing standards of accounting and financial reporting for pensions with regard to providing decision-useful information, supporting assessments of accountability and interperiod equity, and creating additional transparency. This statement is effective for fiscal years beginning after June 15, 2014. We are currently assessing the potential impact of the adoption of this statement on SWACO’s financial statements.

In January 2013, the GASB issued Statement No. 69, *Government Combinations and Disposals of Government Operations*. This statement established accounting and financial reporting standards related to government combinations and disposals of government operations. As used in this statement, the term *government combinations* includes a variety of transactions referred to as mergers, acquisitions, and transfers of operations. The requirements of this statement are effective for government combinations and disposals of government operations occurring in financial reporting periods beginning after December 15, 2013, and be applied on a prospective

SWACO
Notes to Financial Statements
As of December 31, 2012

basis. We are currently assessing the potential impact of the adoption of this statement on SWACO's financial statements.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events: Subsequent events are defined as events or transactions that occur after the statement of financial position date, but before the financial statements are issued or available to be issued. Management has evaluated subsequent events through May 24, 2013, which is the date that the financial statements were available to be issued.

* This space intentionally left blank. *

SWACO
Notes to Financial Statements
As of December 31, 2012

3. Cash and Investments

SWACO pools its cash and investments except for funds held by a trustee for landfill closure/postclosure care and funds held in escrow.

Deposits: Ohio Law requires that deposits be placed in eligible banks or savings and loan associations located in Ohio. Any public depository in which SWACO places deposits must pledge as collateral eligible securities of aggregate market value equal to the excess of deposits not insured by the Federal Deposit Insurance Corporation (FDIC). The securities pledged as collateral are pledged to a pool for each individual financial institution in amounts equal to at least 105% of the carrying value of all public deposits held by each institution. Obligations that may be pledged as collateral are limited to obligations of the United States and its agencies and obligations of any state, county, municipal corporation, or other legally constituted authority of any other state or any instrumentality of such county, municipal corporation or other authority.

At December 31, 2012, the carrying amounts of SWACO's deposits were \$42,381,595, while the bank balances were \$42,357,475. Of the bank deposits, \$250,000 was insured by the Federal Deposit Insurance Corporation, and \$42,107,475 was uninsured and collateralized by collateral pools held by the financial institutions and not in the name of SWACO.

Investments: SWACO has adopted a formal investment policy in accordance with Section 135 of the ORC, the "Uniform Depository Act." Safety of principal is the foremost objective of the investment policy. Maintaining sufficient liquidity to meet SWACO's cash flow needs and return on investment are secondary goals of the policy. SWACO does not purchase any form of derivative.

In accordance with the ORC and SWACO's investment policy, SWACO is authorized to invest in: 1) bonds, notes, or other obligations of, or guaranteed by, the United States, or those for which the faith of the United States is pledged for the payment of principal and interest; 2) bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality; 3) certificates of deposit purchased from qualified banks and savings and loans; 4) bond and other obligations of the State of Ohio; 5) no-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions; 6) the State Treasury Asset Reserve of Ohio managed by the Treasurer of the State of Ohio (STAR Ohio); and 7) subject to certain restrictions and limitations, short-term commercial paper and bankers acceptances.

STAR Ohio: SWACO invests in STAR Ohio, a highly liquid investment pool managed by the State Treasurer's Office with participation restricted to subdivisions of the State of Ohio. STAR Ohio is restricted to investing in securities authorized under ORC Section 135.143. STAR Ohio is not registered with the Securities Exchange Commission as an investment company, but does operate in a manner generally consistent with Rule 2a-7 of the Investment Company Act of 1940. Investments in STAR Ohio are valued at STAR Ohio's share price, which is equal to SWACO's pro rata share of the fair value per share.

Money Market Mutual Funds: The Money Market Mutual Funds consist of overnight investments with a financial institution in an open-end, institutional money market fund complying with SEC Rule 2a-7 and investing only in U.S. government or agency securities pursuant to SWACO's investment policy. In accordance with the provisions of GASB Statement No. 31 these amounts are classified as investments but are not categorized.

SWACO
Notes to Financial Statements
As of December 31, 2012

Interest Rate Risk: It is SWACO's policy to manage interest rate risk by targeting the duration of the portfolio. Management of interest rate risk is an integral part of an overall process that addresses total return, reinvestment risk, interest rate risk and credit risk.

Credit Risk: It is SWACO's policy to invest only in securities rated in the highest rating category (AAA/Aaa or A-1+/P-1/F1+) by at least one of the nationally recognized rating agencies (Standard & Poor's, Moody's Investors Service, and Fitch). SWACO's investment in federal agency coupon or discount securities meet this criteria. STAR Ohio's investments in U.S. Agencies and the money market funds were rated AAA and AAAM, respectively, by Standard & Poor's and Aaa by Moody's Investor Services. Investments in U.S. government treasury securities are not considered to have credit risk.

SWACO reports its investments at fair value in accordance with GASB Statement No. 31. SWACO recorded an unrealized gain of \$23,000 as of December 31, 2012, which represents the difference between fair value and the cost as of that date. Fair value was determined using quoted market prices. The chart on the next page summarizes SWACO's cash and investments at fair market value as of December 31, 2012:

Concentration of Credit Risk: SWACO's investment policy limits the amount that may be invested with any one issuer to fifty percent of the total portfolio. As of December 31, 2012, investments in the following issuers exceeded five percent of the portfolio: FNMA Notes (30%), FHLMC Notes (27%), FHLB Notes (24%), and U.S. Treasury Notes (14%).

As further discussed in Note 4 (Restricted Assets), cash in the amount of \$34,810,405 in the Operating Fund and \$930,862 in the Program Fund were restricted at December 31, 2012 for debt service, capital projects, by State law, or for other purposes.

SWACO
Notes to Financial Statements
As of December 31, 2012

4. Restricted Assets

Restricted Cash: In the Operating Fund these funds include debt service accounts, the capital improvements account (bond proceeds), and funds dedicated to the payment of the WTEF lease and associated bonds (see Note 11 – Capital Lease Obligation). In the Program Fund restricted cash is unexpended Generation Fees collected by SWACO that are restricted by State statute for the purpose of solid waste recycling, reuse, and reduction programs and implementation of SWACO’s solid waste plan.

Other restricted assets include generation and waiver fees receivable. Other restricted net position is reduced by bonds payable related to the capital improvements account.

Restricted Net Position

	Operating Fund	Program Fund	Total
Cash			
Capital projects account	\$ 33,254,523	-	\$ 33,254,523

Less amounts payable from restricted assets	<u>(119,723)</u>	<u>(571,266)</u>	<u>(690,989)</u>
Other restricted net position	<u>\$ 1,963,990</u>	<u>\$ 736,597</u>	<u>\$ 2,700,587</u>

5. Closure/Postclosure Funds Held by Trustee

In 1995, SWACO established a trust fund (the “Fund”) with U.S. Bank for the benefit of the OEPA under OEPA rules applicable to SWACO requiring the owner or operator of a solid waste facility to provide financial assurance that funds will be available when needed for final closure, postclosure care, and/or corrective measures of the facility when the landfill stops accepting waste (either when at maximum capacity or if closed for other reasons). The amount to be funded for the financial assurance instrument, which is established in the landfill permit, and is subject to change due to inflation or other factors, is based on the maximum exposure of unclosed landfill area allowed in the permit and is calculated differently than SWACO’s Landfill Closure Cost estimate for purposes of GASB Statement No. 18 (see Note 12 – Landfill Closure and Postclosure Care Costs). The amount to be funded for the financial assurance estimate is paid in annual installments over a maximum twenty-year pay-in period. Annual payments have been made by SWACO in recent years and are calculated by dividing the financial assurance requirement less cash and investments in the Fund as of the calculation date by the number of years remaining in the pay-in period (four years as of December 31, 2012).

The required Fund payment due and paid in April 2013 was \$142,236.

The Fund is restricted by the Director of the OEPA, and SWACO invests in those securities authorized by the ORC and SWACO’s investment policy (see Note 3 – Cash and Investments).

All amounts earned by the investments are reinvested in the Fund.

6. Capital Assets

The Sanitary Landfill, buildings and equipment are stated at cost and updated for the cost of additions and retirements during the year. It is SWACO’s policy to capitalize items costing in excess of \$10,000 with a useful life greater than one year.

The cost of buildings and equipment is depreciated using a straight-line method over their estimated useful lives of 10 to 20 years for buildings and 5 to 10 years for equipment.

Landfill development costs (land acquisition, engineering, construction and other direct costs associated with the permitting, development, and construction of landfill capacity) are capitalized and depleted based on the percentage of permitted capacity used during the year. Depletion is calculated based on cubic yards of solid waste disposed and placed in the landfill as measured through an annual aerial survey. Costs associated with development of the entire landfill site are depleted based on the percentage of total permitted capacity used (approximately 42.6% as of December 31, 2012). Costs associated with the development and construction of individual expansion cells are depleted based on the percentage of horizontal capacity used (14.0% as of December 31, 2012).

Depletion and closure increased \$3.5 million year over year. The change in the build-out model is the largest contributing factor for this increase. Landfill depletion specifically is down \$7.7 million from prior year while closure is up \$11.2 million from prior year due to a change in the landfill build-out model that changes the timing of expenses incurred.

Construction in progress primarily consisted of the new Morse Road Eco-Station which went into service in early 2013.

SWACO
Notes to Financial Statements
As of December 31, 2012

SWACO recognized an impairment to its Green Energy Center in 2012 in the amount of \$800,000.

As of the end of 2012 SWACO estimates total landfill development costs at approximately \$160.8 million, including approximately \$64.1 million expended through 2012 (including construction in progress) and approximately \$96.7 million estimated future costs to be expended over the remaining life of the landfill. SWACO recognized total accumulated depletion of \$38.5 million as of December 31, 2012, leaving an estimate of \$122.3 million in depletion expense over the remaining life of the landfill.

A summary of capital assets at December 31, 2012 is shown on the following page.

7. Capital Leases Receivable

In 2005, SWACO purchased a building housing a non-hazardous oily waste water processing facility (the "Facility") located on land leased to the owner of the facility by SWACO for approximately \$1.6 million. SWACO then entered into an agreement with the former owner to lease the building from SWACO. In 2007, SWACO purchased for approximately \$3.3 million the oily waste water processing equipment located in the building and amended the lease to include the equipment. Lease payments under the amended lease were equal to SWACO's debt service requirements on the building and equipment plus 1/2 of one percent (the base rent). In addition, the lessee was required to provide certain waste processing services to SWACO at no additional cost to SWACO (the supplemental rent). The lease was for a term of ten years, subject to earlier termination if the lessee prepays the lease. At the end of the lease, title to the building and equipment would have passed to the lessee.

Beginning in January 2010, the lessee of the Facility defaulted, and was unable to pay the monthly rent due under the lease agreement. On June 15, 2010, the lease agreement was amended to provide the lessee with a reduced monthly rental obligation. Under the 2010 amendment, payments were \$25,000 per month (\$300,000 per year), with a balloon payment due on June 15, 2012 of approximately \$5,100,000. In June 2012, the Board authorized an amendment extending the due date of the balloon payment to June 15, 2013. In addition, the monthly payments increased to \$30,000 per month (\$360,000 per year) and the lessee agreed to pay a non-removal fee in the amount of \$300,000 if the principal payment is not made on or before June 15, 2013. Management is in negotiations to extend the terms of this agreement beyond December 31, 2013. The current portion represents the payments expected to be received on or before December 31, 2013.

Upon execution of the lease amendment, the lease receivable was adjusted to reflect the balance of the amended minimum lease payments receivable with the adjustment recorded to unearned lease revenue. Interest income under the lease for the year ended December 31, 2012 approximated \$134,000.

Upon payment of the Principal Payment Due as defined in the Payment Schedule, the lessee shall have the option to purchase the Facility from SWACO for \$1. So long as the lessee is in all respects compliant with the terms and conditions of the modified lease agreement, it may, at any time prior to June 15, 2013, pay to SWACO an amount equal to the Principal Payment due without incurring any penalty for the early payment, and shall have the option to purchase the Facility from SWACO for \$1.

On January 1, 2012 SWACO leased a building it owns on property owned by the City of Columbus to a company for its recycling operations. The term of the lease is eighteen years and the total lease payments due to SWACO over the term of the agreement will be \$1,050,192 remitted in monthly payments of \$4,862. The lessor is engaged in organic recycling operations and related activities, which is an extension and expansion of the company's existing operation on SWACO land. Interest income under the lease for the year ended December 31, 2012 approximated \$11,000.

SWACO
Notes to Financial Statements
As of December 31, 2012

Estimated future minimum lease payments receivable, together with the present value of the net minimum lease payments receivable as of December 31, 2012 are as follows:

<u>Year Ending December 31,</u>	<u>Amount</u>
2013	\$ 418,344
2014	418,344
2015	418,344
2016	3,939,302
2017	58,344
2018-2022	291,720
2023-2027	291,720
2028-2029	116,688
Total minimum lease payments receivable	5,952,806
Less amount representing interest	145,657
Present value of minimum lease payments	<u>\$ 5,807,149</u>

8. Retirement Commitments

Plan description. SWACO contributes to the Ohio Public Employees Retirement System (“OPERS”). Authority to establish and amend benefits is provided by state statute (Chapter 145 of the ORC). The OPERS issues a stand-alone financial report that includes financial statements and required supplementary information. Interested parties may obtain a copy by making written requests to OPERS at 277 East Town Street, Columbus, Ohio 43215-4642 or by calling (614) 222-5601 or (800) 222-7377.

OPERS administers three separate pension plans:

1. The Traditional Pension Plan - a cost-sharing, multiple-employer defined benefit pension plan.
2. The Member-Directed Plan - a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20% per year). Under the Member-Directed Plan, members accumulate retirement assets equal to the value of member and (vested) employer contributions plus any investment earnings.
3. The Combined Plan - a cost-sharing, multiple-employer defined benefit pension plan. Under the Combined Plan, OPERS invests employer contributions to provide a formula retirement benefit similar in nature to, but less than, the Traditional Pension Plan benefit. Member contributions, the investment of which is self-directed by the members, accumulate retirement assets in a manner similar to the Member-Directed Plan.

OPERS provides retirement, disability, survivor and death benefits and annual cost-of-living adjustments to members of the Traditional Pension and Combined Plans. In addition, OPERS provides a cost-sharing, multiple-employer defined benefit post-employment healthcare plan, which includes a medical plan, prescription drug program and Medicare Part B premium reimbursement, to qualifying members of the Traditional Pension and Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits.

SWACO
Notes to Financial Statements
As of December 31, 2012

In order to qualify for post-employment health care coverage, age-and-service retirees under the Traditional Pension and Combined Plans must have 10 or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is also available. The health care coverage provided by the retirement system is considered an Other Post-employment Benefit (“OPEB”) as described in GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Post-employment Benefits other than Pensions*.

The ORC permits, but does not mandate, OPERS to provide OPEB benefits to its eligible members and beneficiaries. Authority to establish and amend benefits is provided in Chapter 145 of the ORC.

Funding policy. The ORC provides statutory authority for employee and employer contributions. For 2012, member contribution rates were consistent across all three plans. The 2012 employee contribution rate for members in local government was 10.0%. It is SWACO’s policy to pay 6.0% of the employee contribution for full time employees hired prior to January 1, 2009.

Employees hired after January 1, 2009 contribute the entire 10.0% employee share. The 2012 employer contribution rate for local government employer units was 14.0% of covered payroll. The ORC currently limits the employer contribution to a rate not to exceed 14.0% of covered payroll for local government employer units. Active members do not make contributions to the OPEB Plan.

SWACO’s contribution to OPERS, representing 100 % of employer contributions, and amounts paid by employees or by SWACO on behalf of employees have been as follows for the past four years:

	Employee share paid by employees	Employee share paid by SWACO	Employer share paid by SWACO	Total paid by SWACO
2012	\$ 444,425	\$ 240,044	\$ 965,648	\$ 1,205,692
2011	309,168	293,744	865,216	1,158,960
2010	184,127	393,287	815,084	1,208,371
2009	109,937	471,831	811,121	1,282,952

The ORC provides the statutory authority requiring public employers to fund post retirement health care through their contributions to OPERS. A portion of each employer’s contribution to OPERS is set aside for the funding of post retirement health care benefits.

OPERS’ Post-Employment Health Care Plan was established under, and is administered in accordance with, Internal Revenue Code 401(h). Each year, the OPERS Board of Trustees determines the portion of the employer contribution rate that will be set aside for funding of post employment health care benefits. The employer contribution allocated to health care for members in the Traditional Plan was 4.0% during calendar year 2012. The portion of employer contributions allocated to health care for members in the Combined Plan was 6.05% during calendar year 2012. Effective January 1, 2013, the portion of employer contributions allocated to healthcare was lowered to 1% for both plans, as recommended by the OPERS Actuary. The OPERS Board of Trustees is also authorized to establish rules for the payment of a portion of the health care benefits provided by the retiree or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected. The rates stated

SWACO
Notes to Financial Statements
As of December 31, 2012

above are the actuarially determined contribution requirements to OPERS. SWACO's contributions to OPERS to fund post-employment health care benefits were approximately \$276,000 for 2012.

Changes to the health care plan were adopted by the OPERS Board of Trustees on September 19, 2012, with a transition plan commencing January 1, 2014. With the recent passage of pension legislation under SB 343 and the approved health care changes, OPERS expects to be able to consistently allocate 4% of the employer contributions toward the health care fund after the end of the transition period.

9. Employee Retirement Incentive Plan

In March 2009, the Board of Trustees authorized SWACO to offer an Ohio Public Employees Retirement System Early Retirement Incentive Plan (the "Plan") to eligible employees. The commencement date of the plan was May 5, 2009, and the ending date was May 5, 2010. Eligibility was defined by age and service requirements, with a maximum 5-year service credit to be purchased by SWACO.

A total of 18 employees elected to retire utilizing the Plan benefit. The total cost of the Plan was approximately \$2,500,000, and will be paid in five annual installments of approximately \$568,000, for total cost with interest of approximately \$2,880,000. Interest expense related to the ERIP in 2012 was \$71,745. In 2013, SWACO will pay approximately \$568,000 principal and interest, and in the last year of the annual installments SWACO will pay approximately \$108,000 principal and interest.

Notes to Financial Statements
As of December 31, 2012

10. Debt Management

SWACO's outstanding long-term debt is summarized in the following table (excludes related premiums and costs of issuance):

Outstanding Notes and Bonds as of December 31, 2012

Issue	Amount Issued	Maturities	Interest Rates	Principal Balance as of December 31, 2012
Series 2004A	\$ 57,205,000	2004-2013	3.00%-5.00%	\$ 3,895,000
Series 2004B	29,670,000	2006-2014	3.50%-5.00%	1,495,000
Series 2005 refunding	12,320,000	2008-2017	5.00%	7,000,000
Series 2008	19,975,000	2010-2028	4.00%-5.20%	19,165,000
Series 2010	15,590,000	2012-2029	2.00%-5.70%	14,965,000
Series 2012	79,015,000	2013-2032	1.50%-5.00%	79,015,000
Subtotal, General Obligation Bonds				\$ <u>125,535,000</u>
Taxable Revenue Notes,				
Series 2012	4,470,000	2013	1.30%	4,470,000
Promissory note	261,250	2011-2016	5.00%	224,313
Subtotal, notes payable				\$ <u>4,694,313</u>

Series 2004A Bonds. SWACO issued \$57.2 million general obligation bonds in 2004 to refinance a portion of the WTEF lease as discussed in Note 11. Although the bonds are general obligations of SWACO secured by a pledge to levy ad valorem property taxes, SWACO expects to pay debt service on the bonds from Retired Facility Fees and Waiver Fees collected by SWACO (see Note 11).

Series 2004B Bonds. In 2004, SWACO also issued \$29.7 million fixed-rate general obligation bonds to finance SWACO's 2004-2005 capital improvements plan, including landfill construction, property acquisition, and certain other solid waste facility improvements.

Series 2005 Bonds. In 2005, SWACO issued \$6,750,000 fixed-rate general obligation bonds to fund the purchase of the heavy equipment required to operate the landfill. Prior to this purchase, contractors responsible for the daily operation of the landfill provided the necessary equipment.

SWACO

Notes to Financial Statements

As of December 31, 2012

Series 2005 Refunding Bonds. In March 1997, the Franklin County Board of Commissioners issued \$20 million in general obligation bonds on behalf of SWACO (the Series 1997 Bonds). The proceeds of the bonds were used to fund SWACO's capital improvements program, including land acquisition and engineering for development of the expanded landfill, and other improvements to the landfill and transfer stations. SWACO entered into a repayment agreement with the County and collateralized the repayment by granting to the County a mortgage in the landfill real property, a security interest in the personal property associated with the landfill, and an assignment of rents, permits and licenses.

On October 26, 2005, the County issued \$12.3 million in general obligation bonds (the Series 2005 Refunding Bonds) as part of a \$41.0 million various purpose issue to advance refund \$12.6 million of the outstanding Series 1997 Bonds (the 2008-2017 callable maturities; the 2006 and 2007 maturities were not callable). The Series 2005 Refunding Bonds are secured in the same manner as the Series 1997 Bonds.

The net proceeds of the Series 2005 Refunding Bonds were used to fund an irrevocable trust with an escrow agent to provide for all future debt service payments on the callable portion of the Series 1997 Bonds. In 2007, the Series 1997 Bonds maturing in 2008 through 2017 were called and retired using the funds on deposit with the escrow agent.

Series 2008 Bonds. In December 2008, SWACO issued \$20.0 million fixed-rate general obligation bonds to refund the Series 2008 Bond Anticipation Notes and to provide additional funds for SWACO's 2006-2009 capital improvements plan, including landfill construction, property acquisition, and certain other solid waste facility improvements.

Series 2010 Bonds. In July 2010, SWACO issued \$15,590,000 in general obligation bonds to fund capital projects and acquisitions related to the ongoing operation and maintenance of the landfill and transfer stations per the 2010 capital improvements plan.

Series 2012 Bonds. On June 1, 2012, SWACO issued General Obligation (Limited Tax) Solid Waste Facilities Improvement and Refunding Bonds, Series 2012, in the amount of \$79,015,000. The proceeds of the bonds were used to: retire the Series 2011 Bond Anticipation Notes in the amount of \$24,295,000; retire the Series 2011 Taxable Bond Anticipation Notes in the amount of \$3,520,000; refund \$24,365,000 of the outstanding \$31,970,000 Series 2004A bonds; refund \$11,110,000 of the outstanding \$13,315,000 Series 2004B bonds; and finance costs of additional solid waste facilities comprised of cell construction, land acquisition, landfill gas improvements, landfill improvements, model landfill improvements and scale transfer station/receiving improvements. The Series 2012 Bonds bear interest ranging from 1.5% to 5.0% with maturities of 20 years. The bonds are unvoted general obligations of SWACO and contain a pledge of the full faith and credit of SWACO for the payment of the principal and interest on the bonds when due.

The issuance of these bonds resulted in a difference between the acquisition price and the net carrying amount of the Series 2004A and Series 2004B bonds of \$2,593,370. This difference, reported in the financial statements as a deferred outflow of resources, is being amortized over the life of the bonds. The refunding reduced the debt service payments over the next 13 years by approximately \$3,273,000 and obtained an economic gain (difference between the present values of the old and new debt service payments) of \$2,827,000.

SWACO
Notes to Financial Statements
As of December 31, 2012

It is anticipated that that debt service on the Series 2004B, Series 2005 refunding, Series 2008, and Series 2012 (except for debt service on the \$24,365,000 portion of the issue which refunded 2004A) bonds will be paid from SWACO's tipping fees or other sources of revenues. However, as is the case with the series 2004A bonds, the Series 2004B, Series 2005, Series 2008, Series 2010 and Series 2012 bonds are general obligation bonds secured by a pledge to levy ad valorem property taxes.

The following table summarizes SWACO's annual debt service requirements to maturity for its general obligation bonds (including general obligation bonds issued by Franklin County on behalf of SWACO) and outstanding as of December 31, 2012 categorized by source of debt service payment.

Year ended December 31,	Paid from Tipping Fees		Paid from Retired Facility/Waiver Fees		Total	
	Principal	Interest	Principal	Interest	Principal	Interest
	Series 2004B, 2005 Refunding, 2008, 2010 and 2012		Series 2004A and Series 2012			
2013	\$3,585,000	\$4,580,149	\$4,315,000	\$979,575	\$7,900,000	\$5,559,724
2014	3,740,000	4,438,999	4,525,000	772,225	8,265,000	5,211,224
2015	3,560,000	4,286,849	4,615,000	681,725	8,175,000	4,968,574
2016	3,695,000	4,139,474	4,740,000	550,000	8,435,000	4,689,474
2017	3,860,000	3,980,674	4,935,000	360,400	8,795,000	4,341,074
2018-2022	23,070,000	17,094,815	4,735,000	236,750	27,805,000	17,331,565
2023-2027	28,220,000	10,482,810	-	-	28,220,000	10,482,810
2028-2032	27,940,000	3,577,950	-	-	27,940,000	3,577,950
Total	\$97,670,000	\$52,581,720	\$27,865,000	\$3,580,675	\$125,535,000	\$56,162,395

Series 2012 Solid Waste Facilities Taxable Revenue Notes. In 2005, SWACO issued \$1,559,250 Variable Rate Taxable Notes to acquire a building used as an oily waste-water processing facility. In 2007, SWACO purchased additional assets at the facility at a cost of approximately \$3.3 million and issued \$4,900,000 in Variable Rate Taxable Notes to fund the acquisition and refund of the Series 2005 taxable notes (see Note 7 – Capital Lease Receivable). The Series 2007 Notes mature in 2017 with principal payments beginning in 2008. Interest on the notes was set at the one month LIBOR rate (London Interbank Offered Rate) plus 100 basis points (1.0%). The notes, which were not general obligations of SWACO, were secured by a pledge of lease payments from the operator of the facility and SWACO's Generation Fees. Although Generation Fees were not used to pay the debt service on the taxable notes, if necessary up to 5.0% of Generation Fee income would be required for this purpose through 2017.

At the same time the Series 2007 Variable Rate Taxable Notes were issued, SWACO entered into a five-year interest rate swap in connection with the notes. The purpose of the swap was to mitigate against the risk of rising interest rates by effectively changing SWACO's variable interest rate on the notes to a synthetic fixed rate of 5.71% for a period of five years.

SWACO

Notes to Financial Statements

As of December 31, 2012

On March 26, 2010, The Huntington National Bank (“HNB”) notified SWACO, pursuant to the “Put Notice” in the \$4,900,000 *Series 2007 Variable Rate Taxable Notes* that HNB would require SWACO to purchase the Notes on October 1, 2010 for an amount equal to the principal amount outstanding plus accrued interest, \$4,316,629. On August 18, 2010, SWACO issued \$4,670,000 Taxable Revenue Notes to purchase the 2007 notes and terminate the swap agreement. The maturity date of the notes was August 25, 2011 and the interest rate was 1.875% per annum. The note proceeds were used to retire the outstanding principal and interest on the \$4,900,000 note and terminate the swap agreement. On August 23, 2011, SWACO issued \$4,670,000 Taxable Revenue notes to retire the 2010 note. The maturity date of the notes was July 2, 2012 and the interest rate was 1.625% per annum. On June 29, 2012, SWACO issued \$4,470,000 Taxable Revenue notes to retire the 2011 note. The maturity date of the notes is June 27, 2013 and the interest rate is 1.3% per annum.

Series 2011 Taxable Bond Anticipation Notes. In January 2008, The Huntington National Bank (“HNB”) and RASTRA Ohio, Inc. (“RASTRA”) entered into an agreement under which HNB issued an irrevocable letter of credit in connection with the issuance by Columbus-Franklin County Finance Authority (CFCFA) of \$4.0 million of revenue bonds. The bonds were issued for the purpose of financing the construction of a building to be used for the manufacturing of building panels from recycled polystyrene (the Project); the building was sited on property SWACO leases from the City of Columbus. As an inducement to HNB’s issuance of the letter of credit, SWACO executed a Purchase Obligation, Pledge and Security Agreement (the Agreement) dated January 1, 2008 between the SWACO, RASTRA and HNB wherein SWACO agreed, upon the event of a default by RASTRA and a subsequent draw on the HNB letter of credit, to reimburse HNB through the issuance of SWACO notes or bonds. In return, SWACO would take ownership of the Project building.

In November 2009, RASTRA defaulted on the Project and HNB provided SWACO with notice to perform under the Purchase Obligation, Pledge and Security Agreement. On December 14, 2009, SWACO issued a \$3,500,000 *Solid Waste Facilities Revenue Bond Anticipation Note, Series 2009* in favor of HNB. The maturity date of the Note was June 14, 2010. On June 2, 2010, SWACO issued \$3,520,000 *Series 2010 Taxable Bond Anticipation Notes* to retire the 2009 note. The maturity date of the notes was June 9, 2011 and the interest rate was 1.875% per annum. The note proceeds were used to retire the \$3,500,000 note and pay accrued interest and issuance costs.

On June 8, 2011, SWACO issued \$3,520,000 *Series 2011 Taxable Bond Anticipation Notes* to retire the 2010 note. The maturity date of the notes was June 8, 2012 and the interest rate was 1.75% per annum.

On June 1, 2012, SWACO issued *General Obligation (Limited Tax) Solid Waste Facilities Improvement and Refunding Bonds, Series 2012*. A portion of the proceeds were used to retire the \$3,520,000 note.

Effective January 1, 2012, the building is being leased to a private entity (see Note 7 – Capital Lease Receivable).

SWACO

Notes to Financial Statements

As of December 31, 2012

Series 2011 Bond Anticipation Notes. As part of the 71/665 interchange construction project, improvements were required to be made to Haughn Road. A portion of the improvements were to property owned by SWACO. Grove City approved a Special Assessment in the amount of \$1,313,927 for SWACO's share of the project. On August 23, 2011, SWACO issued \$1,320,000 *Series 2011 Bond Anticipation Notes* to finance the costs of the project. The maturity date of the notes was April 13, 2012 and the interest rate is 1% per annum. SWACO retired the 2011 note on April 10, 2012.

Series 2011 Bond Anticipation Notes. On November 22, 2011, SWACO issued \$24,295,000 *Series 2011 Bond Anticipation Notes* to fund capital projects and acquisitions through the first quarter of 2012. The maturity date of the notes was June 13, 2012 and the interest rate was 1% per annum. On June 1, 2012, SWACO issued *General Obligation (Limited Tax) Solid Waste Facilities Improvement and Refunding Bonds, Series 2012*. A portion of the proceeds were used to retire the \$24,295,000 note.

Seller-financed property acquisition. In January 2011, SWACO purchased approximately 25 acres of real property adjacent to the Franklin County Sanitary Landfill. The purchase price was \$311,250; SWACO paid \$50,000 at closing and issued a promissory note to the seller to finance the \$261,250 balance. The note is amortized over five years with equal annual principal payments of \$50,000, carries an interest rate of 5% per annum on the outstanding principal, and is secured by a first mortgage on the property.

Legal Debt Margins. SWACO's debt is not subject to direct debt limitations, but its unvoted general obligation debt (debt authorized by SWACO's Board of Trustees but not by a vote of the electors) is subject to overlapping debt restrictions with other political subdivisions. These limitations apply to each overlapping county, municipal corporation, school district or other issuing authority. Limitations apply to each county total and are not considered cumulatively. Total debt service charges for any one year of all overlapping debt may not exceed ten mills (1%) of the assessed property value within the overlapping jurisdictions. This determination is made by the respective county auditors each time a subdivision proposes to issue unvoted debt. At the time of SWACO's most recent unvoted debt issue in 2012, the maximum millage required in any overlapping jurisdictions was 8.2526 mills, leaving a margin of 1.7474 mills.

SWACO
Notes to Financial Statements
As of December 31, 2012

11. Capital Lease Obligation

On April 1, 1993, the City of Columbus leased its solid waste resource recovery plant, the Waste-to-Energy Facility (“WTEF”), and related waste transfer stations to SWACO. Under the initial terms of the lease, SWACO agreed to make lease payments to the City in amounts equal to the debt service requirements on bonds the City issued to construct the facility and the City agreed to deliver all waste collected by the City to facilities operated or designated by SWACO. SWACO recorded an asset and capital lease obligation liability for the WTEF. The assets acquired were recorded at an estimated market value equal to the liabilities assumed.

SWACO operated the landfill and WTEF as an integrated system for approximately 18 months and attempted to implement a fee structure that would have resulted in all District waste being delivered to SWACO’s facilities. This was challenged in Federal District Court and SWACO’s fee structure was repealed effective September 1, 1994. The repeal of its fees resulted in the closing of the WTEF at the end of 1994 because of SWACO’s inability to generate revenues sufficient to operate the facility and pay the lease obligation to the City.

Management determined that SWACO would be unable to recover the carrying value of the WTEF at the date of closure and the WTEF was written down to \$36,594,000, and a loss of \$126,248,000 was recognized. Subsequent write downs of \$30,034,000 in 1997 and \$2,627,000 in 2001, plus sale of the turbine-generator sets and other equipment located in the facility reduced the carrying value of the WTEF to \$1,121,000 as of December 31, 2005, reflecting the appraised value of usable space at the facility as of that date. In 2005, SWACO completed demolition of all but the usable portion of the facility and entered into a sublease of the remaining portion (excluding the transfer station) to a recycling business. The building used for the recycling operation was destroyed in a fire in 2008, and SWACO has since terminated the sublease.

With the repeal of its fees in 1994, SWACO was not able to meet its lease obligation to the City. In 1998, SWACO and the City reached agreement on new lease terms that included: 1) a 4.5% reduction in the lease payment obligations for the years 1995-2010; 2) deferral, with interest, of any amounts due but not paid by SWACO; 3) payment to the City of any income received by SWACO from the sublease of the facility, the sale of plant assets, pollution allowances, or other income; 4) the implementation of new fees dedicated to the payment of the lease and applied to all solid waste generated within SWACO’s jurisdiction; and 5) a further 30.5% reduction in the lease obligation for each year the dedicated fee is levied and collected.

To implement the new fees, the SWACO Board adopted in 1998 a rule effective April 1, 1999, requiring that all waste generated within SWACO’s jurisdiction be delivered only to a SWACO facility, unless a waiver has been granted to another facility or the waste is disposed at a facility outside the State of Ohio. The Board of Trustees authorized waivers for any landfill in Ohio provided the landfill executed a waiver agreement with SWACO and agreed to pay a Waiver Fee as prescribed in the agreement (the “Waiver Fee”). Also in 1998, the Board of Trustees established a new fee (the “Retired Facility Fee”), to be assessed at SWACO facilities effective April 1, 1999. Under the waiver agreements, the Waiver Fee was set equal to the Retired Facility Fee, (initially and through the end of 2008, \$7.00 per ton).

SWACO
Notes to Financial Statements
As of December 31, 2012

In 1999, SWACO paid 100% of the income derived from the Waiver Fee and Retired Facility Fees to the City. In lieu of cash payments to SWACO, Retired Facility Fees owed by the City for use of SWACO's facilities were applied directly to the lease obligation as a credit. The Waiver Fee and Retired Facility Fee revenues were not sufficient to satisfy all of the modified lease obligation and SWACO accumulated a deferred lease obligation of \$46.3 million by the end of 2003.

As provided by a 2004 modification to the lease, SWACO issued \$57,205,000 in bonds in 2004 (the "Series 2004A Bonds") and paid the net proceeds, \$55.1 million, to the City as a payment on the lease. Debt service on the bonds will be paid from the Retired Facility and Waiver Fees collected by SWACO, excluding amounts owed by the City. The final payment of the lease obligation was made in November 2011. The City is now remitting the Retired Facility Fee to SWACO, as the lease credit has been exhausted. Additional cash payments to the City will be made only to the extent collections from the Retired Facility Fee and Waiver Fee exceed debt service requirements on the bonds.

As the result of the 1998 modification to the lease, SWACO recognized gains of \$50,203,271 for the years 1995-2003 representing 4.5% of the lease for the years 1995-2010 and 30.5% for the years 1995-2003. In 2004, SWACO recognized a gain of \$19,652,043 representing the remaining 30.5% reduction in the lease obligation for the years 2004-2010. The 2004 modification removed the provision of the 1998 modification which make the additional 30.5% lease reduction contingent on the continued collection of the Waiver Fee and Retired Facility Fee and accelerated the recognition of the gain into 2004. No future gains will be recognized by SWACO under the terms of the modified lease.

SWACO and the City of Columbus entered into a Ninth modification to the WTEF lease in 2008 that resulted in the replacement of the \$5.3 million debt service reserve account related to the Series 2004A bonds with a surety bond. The release of the reserve fund allowed SWACO to make supplemental lease payments to the City totaling \$5.3 million in 2008. In addition, SWACO made a supplemental lease payment to the City of \$771,000 in December 2008 from Retired Facility and Waiver Fees collected since 2004 and not needed for debt service on the Series 2004A Bonds.

In 2008, SWACO and the City further modified the lease (the Tenth Modification) to allow SWACO to increase the Retired Facility and Waiver Fee above \$7.00 per ton, and to allow SWACO to use the revenues generated by any fee increase for purposes other than paying the WTEF lease or debt service on the Series 2004A Bonds. During 2008, the SWACO Board of Trustees adopted a \$2 per ton increase in the Retired Facility and Waiver Fee effective January 1, 2009.

On June 1, 2012, SWACO issued General Obligation (Limited Tax) Solid Waste Facilities Improvement and Refunding Bonds, Series 2012, in the amount of \$79,015,000. A portion of the proceeds were used to refund \$24,365,000 of the outstanding \$31,970,000 Series 2004A bonds. The \$7.00 Retired Facility Fee and Waiver Fee will fund the debt service on the 2012 issue attributable to the 2004A refunding.

SWACO
Notes to Financial Statements
As of December 31, 2012

12. Landfill Closure and Postclosure Care Costs

State and federal laws and regulations require SWACO to place a final cover on its Sanitary Landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for 30 years after closure. Although final closure and postclosure care costs will be paid only when the last phases of the landfill reach final waste elevation, in accordance with GASB Statement No. 18, Accounting for Municipal Solid Waste Landfill Closure and Postclosure Care Costs, SWACO reports a portion of these closure and postclosure care costs as an operating expense in each period based on landfill capacity used as of each Statement of Net Position date.

SWACO's estimate of total current cost of closure and postclosure care is \$50.4 million. This estimate includes final cover and gas collection system costs for the last two phases of the landfill construction of \$42.9 million and postclosure maintenance and monitoring costs of \$7.6 million. These amounts are estimated based on the 2012 cost to perform all closure and postclosure care. Actual costs may be higher due to inflation, changes in technology, or changes in regulations. The amount reported as Landfill Closure/Postclosure liability as of December 31, 2012 includes \$21.5 million representing the cumulative amount reported based on the use of 42.6% of the estimated capacity of the landfill, including the original permit and 1997 and 2009 modifications. SWACO will recognize the remaining estimated cost of closure and postclosure care costs of approximately \$21.4 million as the remaining estimated capacity is filled.

SWACO also maintains and monitors the Model Landfill, which has been closed since 1985. The Model Landfill is not subject to the same state and federal laws and regulations as the current operating landfill. In an effort to manage postclosure costs, SWACO leased the closed landfill to a private entity in 1999 to develop a public golf course on the site, and leased the landfill gas collection system and sold the gas rights for the purpose of generating electricity. The amounts reported as Landfill Closure/Postclosure care liability as of December 31, 2012 includes \$165,250 as a current liability related to monitoring, leachate treatment and gas collection costs and \$585,136 as a noncurrent liability representing the estimated cost of the future maintenance and monitoring costs at the site. SWACO incurred approximately \$1.7 million in remediation costs to the model landfill for its gas system in 2012.

13. Service Agreements

SWACO entered into a modification of a yard waste composting service agreement in November 2009. The agreement was extended through December 31, 2022. Under the modified terms of the agreement, SWACO pays a quarterly service fee (beginning January 1, 2010) of \$71,250 to the service provider to accept and process yard waste delivered by SWACO District constituents. Operating expenses under the service agreement were \$285,000 in 2012. The future maximum service payments are \$285,000 annually from 2013 through 2022.

SWACO also entered into a modification of another yard waste composting service agreement in November 2009. The agreement was extended through December 31, 2022. Under the modified terms of the agreement, beginning January 1, 2010, SWACO pays the service provider a per-ton fee for yard waste composting services up to a maximum annual payment of \$1,200,000, to accept and process yard waste delivered by SWACO District constituents. Operating expenses under the service agreement were \$1,200,000 in 2012. The future maximum service payments are \$1,200,000 annually from 2013 through 2022.

SWACO
Notes to Financial Statements
As of December 31, 2012

14. Commitments and Contingencies

As the operator of solid waste disposal and transfer facilities, SWACO is subject to environmental regulation by federal, state and local governmental authorities. These authorities have the power to enforce compliance with environmental laws and regulations and to obtain injunctions or impose fines in the case of violations. In addition, SWACO's operation of landfills subjects it to certain operational, monitoring, site maintenance, closure and postclosure obligations. As the result of this extensive regulation, SWACO may become subject to various judicial and administrative proceedings involving federal, state or local regulatory agencies. If these agencies find that SWACO's operations or facilities are not in compliance with applicable environmental regulations or operating permits, they could seek to impose fines on SWACO or to revoke or deny renewal of an operating permit held by SWACO. Failure to correct the problems to the satisfaction of the authorities could lead to curtailed operations or closure of the landfill or transfer stations.

Certain federal and state environmental laws impose strict liability on SWACO for such matters as contamination of water supplies or other environmental damage associated with its operation of solid waste facilities. If such contamination or environmental damage were to occur, the resulting cost to SWACO of corrective measures and cleanup could adversely affect SWACO's financial condition.

15. Risks and Uncertainties

SWACO is exposed to various risks of loss related to torts and general liability; theft of, damage to and destruction of assets; natural disasters; errors and omissions; employee health care claims, settlement claims, and injuries to employees. Insurance policies are procured for buildings and contents and certain equipment. In addition, a crime policy is in effect which covers SWACO for employee theft and dishonesty. Settled claims have not exceeded commercial coverage in any of the past three years. SWACO purchases workers' compensation insurance through the State of Ohio to cover all employees. SWACO also provides life insurance to its employees equal to each employees' base annual salary and a short-term disability benefit. These benefits are fully insured by SWACO through third parties. The county offers \$50,000 of life insurance that is included in the overall benefits.

SWACO purchases property insurances for all buildings and equipment, excluding over-the-road motor vehicles. SWACO maintains \$5.0 million in general liability, public officials liability, and motor vehicle liability insurance for claims in excess of \$1.0 million. SWACO retains the risk for claims less than \$1.0 million.

SWACO provides health care benefits to its employees under agreement with Franklin County. The County provides multiple health care benefit plans that cover approximately 5,932 employees of Franklin, Pickaway and Fairfield Counties, SWACO and other Central Ohio political subdivisions. There are approximately 15,183 plan subscribers when spouses and dependents and domestic partners are counted. During 2012 these benefits included a self-insured participating provider organization medical plan, a prescription drug program, a mental health and chemical dependency program, employee assistant program (EAP) and dental and vision benefits. The program is administered by third parties which provide claims review and processing. Participating County agencies and other political subdivisions pay their proportionate shares of the premiums and may be charged for their pro-rata share of any reserve deficiency as determined by the plan's independent actuary. SWACO has not been assessed any charges other than its premiums for the years ended December 31, 2012 or 2011.

The Consolidated Omnibus Budget Reconciliation Act of 1986 requires SWACO to offer terminated or retired employees continued participation in SWACO's employee health care benefits program, provided that the employees pay the rate established by the plan administrator.

SWACO analyzes all outstanding and potential claims that have arisen or could arise due to the occurrence of a loss contingency on or before December 31, 2012. Those claims that are judged to have a high probability of requiring a settlement and for which the amount required to settle the claim is reasonably estimable are included. SWACO has a potential claim at the end of 2012 for injury, but is unable to quantify the monetary value.

	<u>2011</u>	<u>2012</u>

Net cash provided by operating activities	<u>\$ 14,393,580</u>	<u>\$ 6,928,560</u>	<u>\$ 21,322,140</u>

Noncash capital and related financing activities:

Amortization of premiums on lease obligation and bonds payable of \$941,864 for Continuing Operations and \$852,649 for Discontinued Operations.

Amortization of debt issuance costs of \$878,496 for Continuing Operations and \$284,349 for Discontinued Operations.

Bond defeasements net of amortization of \$713,983 for Continuing Operations and \$1,632,705 for Discontinued Operations.

Change in carrying value of investments resulting in a loss of \$3,947 (Continuing Operations).

Impairment of long-lived assets resulting in a loss of \$800,000 (Continuing Operations).

Renegotiation of lease receivable resulting in an increase of \$77,858 (Continuing Operations).

Fixed asset transferred to a lease receivable in the amount of \$937,451 (Continuing Operations).

STATISTICAL SECTION

————— *Solid Waste Authority of Central Ohio* —————

STATISTICAL SECTION

The following statistical tables provide selected information on SWACO’s financial trends, revenue capacity, operating information, debt capacity, and economic and demographic information.

Tables 1 and 2 provide ten years of financial information for SWACO. Table 3 is a budget to actual comparison for year 2012.

Revenue capacity information on solid waste deliveries and tipping fees at SWACO facilities is presented in Tables 4 through 8. Table 8 provides generation fees reported by solid waste facilities receiving waste generated from within the Franklin County Solid Waste Management District (the “District”) and disposed in an Ohio landfill.

Indicators of the level of demand for service are included in tables throughout the statistical section and include tons received (Tables 4 and 5), Top Ten customer data (Table 5), tons generated (Table 8), and tons recycled (Tables 9 and 10). Table 11 shows current and historical SWACO employees by function.

Tables 12 through 19 provide debt service schedules for SWACO’s outstanding notes and bonds. Table 20 provides detail on the WTEF lease. Table 21 shows various debt ratios for SWACO. It includes total debt (notes, bonds and WTEF lease) per capita, total general obligation debt as a percent of SWACO assessed property valuation (although backed by a pledge to levy ad valorem property taxes, SWACO’s general obligation bonds are paid from other sources, see Note 10 to the financial statements), and annual debt service per ton for bonds paid from the landfill tipping fee. Table 22 shows the statutory debt limit on SWACO’s ability to issue debt supported by property taxes. SWACO is not subject to direct debt limits.

Demographic information is presented for SWACO’s solid waste district and Franklin County in Tables 23 through 25. Table 26 provides information on capital assets.

¹Prior to 2/1/91 SWACO operated no facilities and was funded by a \$.40/cubic yard district fee levied at all landfills located in the district (the County landfill and one private landfill).

² Prior to November 1, 1994, this was the Waste-to-Energy Facility.

³ This fee was repealed effective September 1, 1994 and replaced with a fee of \$32 per ton.

⁴ Beginning August 2, 1994, all rates include a \$5.00/ton generation fee.

⁵ This rate is the rate for customers under contract with SWACO. Beginning 4/8/1998 and ending 12/31/2004 there was a non-contract rate of \$2.25 per ton more than the rate shown.

⁶ Rates include Retired Facility fee of \$7 per ton.

⁷ Transfer fee for commercial loads delivered to Bill R. Holbrook Compost Facility beginning 10/4/1999. Effective March 1, 2005, a fee of \$6.00 was implemented for commercial loads at all compost facilities.

⁸ Rate reflects \$1.50 per ton EPA rate increase.

⁹ Rate reflects \$1.25 per ton EPA rate increase.

¹⁰ Compost facility was closed December 2009.

¹¹ In September 2010, the SWACO Board of Trustees approved a rate increase of \$3.00 per ton effective January 1, 2011, and an additional increase of \$3.00 per ton effective January 1, 2012.

¹ Total permitted airspace includes 3.5 million additional cubic yards for the OEPA 2009 permit.

² Maximum 8,000 tons per day or 2,288,000 annual tons per OEPA permit. Assumes a compaction rate of 1,300 pounds per cubic yard.

³ Approximately 1,028,000 tons received. Assumes a compaction rate of 1,300 pounds per cubic yard.

1. WTEF lease obligation as modified. Excludes unamortized bond premiums. Includes a 35 percent reduction in the lease. See Note 11 to financial statements.
2. Includes letter of credit, remarketing and trustee fees on variable rate bonds issued by the City. The variable rate bonds were refinanced with fixed rate bonds in 2001.
3. Interest accrued at an annual rate of 4.5% on the deferred balance for the years 1995-2003 and at the STAR Ohio rate beginning in 2004 pursuant to modified lease.
4. Deferred balance plus interest payable to the City; excludes accrued interest on bonds maturing after December 31. Final payment on lease obligation occurred in November 2011.
5. 2004 payments include \$55 million from the proceeds of the Series 2004A bonds.
6. 2010 is the final maturity on the bonds issued by the City.

SWACO
Indirect Debt and Property Tax Limitations, June 1, 2012

SWACO's debt is not subject to direct debt limits, but its unvoted general obligation debt (debt authorized by the Board of Trustees but not by a vote of the electors) is subject to overlapping restrictions with each respective county and school district. Limitations apply to each county total and should not be considered cumulatively. Total debt service charges for any one year of all overlapping debt must not exceed ten mills (1%) of the assessed property value. This determination is made by the respective county auditors each time a subdivision proposes to issue unvoted debt. The most recent data prepared by the county auditors for this purpose was as of June 1, 2012.

Overlapping Jurisdictions	Millage required	Unallocated Millage

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Solid Waste Authority of Central Ohio
Franklin County
4239 London-Groveport Rd.
Grove City, OH 43123

To the Audit and Finance Committee and the Board of Trustees:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the business-type activities and each major fund of the Solid Waste Authority of Central Ohio (SWACO) as of and for the year ended December 31, 2012, and the related notes to the financial statements, which collectively comprise SWACO's basic financial statements and have issued our report thereon dated May 24, 2013.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered SWACO's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of SWACO's internal control. Accordingly, we do not express an opinion on the effectiveness of SWACO's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether SWACO's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of SWACO's internal control or on compliance. This report is an integral part of an audit performed with *Government Auditing Standards* in considering SWACO's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
