## INDEPENDENT AUDITOR'S REPORT

Village of Holiday City  
Williams County  
13918 County Road M  
Holiday City, Ohio 43543-9785

To the Village Council:

### ***Report on the Financial Statements***

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Village of Holiday City, Williams County, Ohio (the Village), as of and for the year ended December 31, 2012, and the related notes to the financial statements, which collectively comprise the Village's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for preparing and fairly presenting these financial statements in accordance with the cash accounting basis Note 2 describes. This responsibility includes determining that the cash accounting basis is acceptable for the circumstances. Management is also responsible for designing, implementing and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the Village's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the Village's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

**Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective cash financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Village of Holiday City, Williams County, Ohio as of December 31, 2012, and the respective changes in cash financial position and the budgetary comparison for the General fund thereof for the year then ended in accordance with the accounting basis described in Note 2.

**Accounting Basis**

We draw attention to Note 2 of the financial statements, which describes the accounting basis, which differs from generally accepted accounting principles. We did not modify our opinion regarding this matter.

**Other Matters**

*Supplemental and Other Information*

We audited to opine on the Village's financial statements that collectively comprise its basic financial statements. *Management's Discussion and Analysis* includes tables of net positions, changes in net position and governmental activities. These tables provide additional analysis and are not a required part of the basic financial statements.

These tables are management's responsibility, and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected this information to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, these tables are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Other than the aforementioned procedures applied to the tables, we applied no procedures to any other information in Management's Discussion and Analysis, and we express no opinion or any other assurance on it.

**Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated May 20, 2013, on our consideration of the Village's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance.

That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Village's internal control over financial reporting and compliance.

A handwritten signature in black ink that reads "Dave Yost". The signature is written in a cursive style with a large, looping initial "D".

**VILLAGE OF HOLIDAY CITY  
WILLIAMS COUNTY**

**MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED DECEMBER 31, 2012  
(UNAUDITED)**

This discussion and analysis of the Village of Holiday City's (the Village) financial performance provides an overall review of the Village's financial activities for the year ended December 31, 2012, within the limitations of the Village's cash basis accounting. Readers should also review the basic financial statements and notes to enhance their understanding of the Village's financial performance.

**Highlights**

Key highlights for 2012 are as follows:

Net position of governmental activities increased \$157,449 or 12 percent, from the prior year.

The Village's general receipts are primarily lodging and kWh taxes. These receipts represent respectively 13 and 60 percent of the total cash received for governmental activities during the year.

Net Position of the Electric operation, the Village's lone business-type activity, increased by \$24,341 during 2012.

**Using the Basic Financial Statements**

This annual report is presented in a format consistent with the presentation requirements of Governmental Accounting Standards Board Statement No. 34, as applicable to the Village's cash basis of accounting. The statements are organized so the reader can understand the Village as a financial whole, or as an entire operating entity.

**Report Components**

The statement of net position assets and the statement of activities provide information about the cash activities of the Village as a whole.

Fund financial statements provide a greater level of detail. Funds are created and maintained on the financial records of the Village as a way to segregate money whose use is restricted to a particular specified purpose. These statements present financial information by fund, presenting funds with the largest balances or most activity (major funds) in separate columns.

The notes to the financial statements are an integral part of the government-wide and fund financial statements and provide expanded explanation and detail regarding the information reported in the statements.

**Basis of Accounting**

The basis of accounting is a set of guidelines that determine when financial events are recorded. The Village has elected to present its financial statements on a cash basis of accounting. This basis of accounting is a basis of accounting other than generally accepted accounting principles. Under the Village's cash basis of accounting, receipts and disbursements are recorded when cash is received or paid.

As a result of using the cash basis of accounting, certain assets and their related revenues (such as accounts receivable) and certain liabilities and their related expenses (such as accounts payable) are not recorded in the financial statements. Therefore, when reviewing the financial information and discussion within this report, the reader must keep in mind the limitations resulting from the use of the cash basis of accounting.

**VILLAGE OF HOLIDAY CITY  
WILLIAMS COUNTY**

**MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED DECEMBER 31, 2012  
(UNAUDITED)  
(Continued)**

**Reporting the Village as a Whole**

The statement of net position and the statement of activities reflect how the Village did financially during 2012, within the limitations of cash basis accounting. The statement of net position presents the cash balances and investments of the governmental and business-type activities of the Village at year end. The statement of activities compares cash disbursements with program receipts for each governmental program and business-type activity. Program receipts include charges paid by the recipient of the program's goods or services and grants and contributions restricted to meeting the operational or capital requirements of a particular program. General receipts are all receipts not classified as program receipts. The comparison of cash disbursements with program receipts identifies how each governmental function or business-type activity draws from the Village's general receipts.

These statements report the Village's cash position and the changes in cash position. Keeping in mind the limitations of the cash basis of accounting, you can think of these changes as one way to measure the Village's financial health. Over time, increases or decreases in the Village's cash position is one indicator of whether the Village's financial health is improving or deteriorating. When evaluating the Village's financial condition, you should also consider other non-financial factors as well such as the Village's property tax base, the condition of the Village's capital assets and infrastructure, the extent of the Village's debt obligations, the reliance on non-local financial resources for operations and the need for continued growth in the major local revenue sources such as lodging and kWh taxes.

In the statement of net position and the statement of activities, we divide the Village into two types of activities:

Governmental activities. Most of the Village's basic services are reported here, including streets, state and federal grants and property, lodging and kWh taxes finance most of these activities. Benefits provided through governmental activities are not necessarily paid for by the people receiving them.

Business-type activity. The Village has one business-type activity, the provision of electric. Business-type activities are financed by a fee charged to the customers receiving the service.

**Reporting the Village's Most Significant Funds**

Fund financial statements provide detailed information about the Village's major funds – not the Village as a whole. The Village establishes separate funds to better manage its many activities and to help demonstrate that money that is restricted as to how it may be used is being spent for the intended purpose. The funds of the Village are split into two categories: governmental and proprietary.

Governmental Funds - A portion of the Village's activities are reported in governmental funds. The governmental fund financial statements provide a detailed view of the Village's governmental operations and the basic services it provides. Governmental fund information helps determine whether there are more or less financial resources that can be spent to finance the Village's programs. The Village's significant governmental funds are presented on the financial statements in separate columns. The information for non-major funds (funds whose activity or balances are not large enough to warrant separate reporting) is combined and presented in total in a single column. The Village's only major governmental fund is the General Fund. The programs reported in governmental funds are closely related to those reported in the governmental activities section of the entity-wide statements.

**VILLAGE OF HOLIDAY CITY  
WILLIAMS COUNTY**

**MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED DECEMBER 31, 2012  
(UNAUDITED)  
(Continued)**

Proprietary Funds – When the Village charges customers for the services it provides, these services are generally reported in proprietary funds. When the services are provided to the general public, the activity is reported as an enterprise fund. The Village has one major enterprise fund, the Electric Operating Fund.

**The Village as a Whole**

Table 1 provides a summary of the Village's net position for 2012 compared to 2011 on a cash basis:

	Governmental Activities		Business-Type Activities		Total	
	2012	2011	2012	2011	2012	2011
<b>Assets</b>						
Cash/Cash Equivalent	\$1,423,667	\$ 1,266,218	\$ 828,324	\$803,983	\$2,251,991	\$2,070,201
Total Assets	\$1,423,667	\$ 1,266,218	\$ 828,324	\$803,983	\$2,251,991	\$2,070,201
<b>Net Position</b>						
Restricted for:						
Debt Service	\$ 7,655	\$ 7,655			\$ 7,655	\$ 7,655
Other Purposes	33,921	28,203	\$ 900	\$ 900	34,821	29,103
Unrestricted	1,382,091	1,230,360	827,424	803,083	2,209,515	2,033,443
Total Net Assets	\$1,423,667	\$ 1,266,218	\$ 828,324	\$ 803,983	\$2,251,991	\$2,070,201

As mentioned previously, net position of governmental activities increased \$157,449 or 12 percent during 2012. The primary reason contributing to the increases in cash balances is an increase in miscellaneous revenue attributed to a legal settlement regarding the water tower's altitude valve and fewer disbursements paid out.

Net position of business-type activities increased, by \$24,341 or 3 percent during 2012. The primary reason contributing to the increase in cash balances is a reduction of expenses during the year, mostly contributed to a decrease in contractual services.

Table 2 reflects the changes in net position on a cash basis in 2012 and 2011 for governmental activities, business-type activities, and total primary government.

**VILLAGE OF HOLIDAY CITY  
WILLIAMS COUNTY**

**MANAGEMENT'S DISCUSSION AND ANALYSIS

Program receipts represent a little over one percent of total receipts. These are comprised of restricted intergovernmental receipts such as motor vehicle license and gas tax money and charges for renting a room in the Village Hall to the Visitor's Bureau.

General receipts represent over 98.7 percent of the Village's total receipts, and of this amount, 75 percent are local taxes, consisting of lodging and kWh taxes. Property taxes, grants and entitlements, interest and miscellaneous revenue make up the balance of the Village's general receipts (25 percent).

**VILLAGE OF HOLIDAY CITY  
WILLIAMS COUNTY**

**MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED DECEMBER 31, 2012  
(UNAUDITED)  
(Continued)**

Disbursements for General Government represent the overhead costs of running the Village and the support services provided for the other Village activities. These include the costs of Council, and the County Auditor and Treasurer fees, as well as internal services such as payroll and purchasing.

Public Health Services are the county health department assessments; the Basic Utilities are the water and sewer line tap fees for Chase Brass, which are paid to the Village of Montpelier; and Transportation is the cost of maintaining the roads.

**Governmental Activities**

If you look at the Statement of Activities, you will see that the first column lists the major services provided by the Village. The next column identifies the costs of providing these services. The major program disbursement for governmental activities are for basic utilities and general government, which account for 66 percent of all governmental disbursements. The next two columns of the Statement entitled Program Receipts identify amounts paid by people who are directly charged for the service and grants received by the Village that must be used to provide a specific service. The net Receipt (Disbursement) column compares the program receipts to the cost of the service. This "net cost" amount represents the cost of the service which ends up being paid from money provided by local taxpayers. These net costs are paid from the general receipts which are presented at the bottom of the Statement. A comparison between the total cost of services and the net cost is presented in Table 3.

(Table 3)

	<b>Governmental Activities</b>			
	Total Cost of Services	Net Cost of Services	Total Cost of Services	Net Cost of Services
	2012	2012	2011	2011
Public Health Services			\$1,737	\$1,737
Basic Utilities	\$115,491	\$115,491	136,426	136,426
Transportation		(5,718)	1,000	(4,617)
General Government	122,586	121,986	148,372	147,772
Capital Outlay			7,178	7,178
Principal Retirement	89,331	89,331	87,322	87,322
Interest & Fiscal Charges	33,655	33,655	36,339	36,339
<b>Total Expenses</b>	<b>\$361,063</b>	<b>\$354,745</b>	<b>\$418,374</b>	<b>\$412,157</b>

The dependence upon other (lodging and kWh) tax receipts is apparent as over 98 percent of governmental activities are supported through these general receipts.

**Business-type Activities**

The electric operation of the Village is relatively large. The operating and non-operating receipts of the electric operations were \$5,865,845 and \$6,371,435 for 2012 and 2011, respectively. The large variance between 2012 and 2011 is due to a decrease in electric usage and contractual services.

**The Village's Funds**

Total governmental funds had receipts of \$518,511 and disbursements of \$361,062 not including transfers. The greatest change within the governmental funds occurred in the General Fund due to the

**VILLAGE OF HOLIDAY CITY  
WILLIAMS COUNTY**

**MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED DECEMBER 31, 2012  
(UNAUDITED)  
(Continued)**

water / sewer line tap fee payment to the Village of Montpelier being recalculated and credits being applied.

**General Fund Budgeting Highlights**

The Village's budget is prepared according to Ohio law and is based upon accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund.

During 2012, the General Fund budget did not require amending. The difference between final budgeted receipts and actual receipts was fairly significant: around \$27,996. Actual receipts exceeded final budget receipts by 6.8 percent. The variance was a result of a legal settlement regarding the altitude valve for the water tower and higher than expected lodging tax, kWh tax, and property tax allocation.

Original and final disbursements were budgeted at \$865,475 while actual disbursements were \$300,938. The Village kept spending low versus budgeted amounts as documented by the reported variances due to the fact that it is preparing for additional infrastructure expenditures expected to occur in the near future.

**Capital Assets and Debt Administration**

**Capital Assets**

The Village does not currently keep track of its capital assets and infrastructure.

**Debt**

At December 31, 2012, the Village's outstanding debt included \$280,000 in general obligation bonds issued for the building of Village Hall; and \$55,606 on the Ohio Public Works Commission loan for Selwyn Drive/M-50 water/sewer infrastructure; and \$627,836 from the Ohio Water Development Authority loan for the Menard Distribution Center's water/sewer infrastructure and water tower projects.

For further information regarding the Village's debt, refer to Note 9 to the basic financial statements.

**Current Issues**

The challenge for all governments is to provide quality services to the public while staying within the restrictions imposed by limited, and in some cases shrinking, funding. We rely heavily on local taxes to help build infrastructure to better serve our community and prepare for our current and future growth.

In 2012 the Village opted to pay a lump sum payment to AMP for Stranded Costs associated with a project that came in over engineering estimates amounting to \$92,895.

**Contacting the Village's Financial Management**

This financial report is designed to provide our citizens, taxpayers, investors, and creditors with a general overview of the Village's finances and to reflect the Village's accountability for the monies it receives. Questions concerning any of the information in this report or requests for additional information should be directed to Lauri K. TenEyck-Rupp, Clerk-Treasurer, Village of Holiday City, 13918 Co. Rd. M; Holiday City, Ohio 43543-9785.

**This page intentionally left blank.**

**VILLAGE OF HOLIDAY CITY  
WILLIAMS COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2012**

**Note 1 – Reporting Entity**

The Village of Holiday City, Williams County, Ohio (the Village), is a body politic and corporate established to exercise the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. The Village is directed by a six-member Council elected at large for four year terms. The Mayor is elected to a four-year term, and votes only to break a tie.

**A. Primary Government**

The primary government consists of all funds and departments that are not legally separate from the Village. The Village provides general government services, electric utility, and contracted maintenance of Village roads and bridges.

**B. Component Units**

Component units are legally separate organizations for which the Village is financially accountable. The Village is financially accountable for an organization if the Village appoints a voting majority of the organization's governing board and (1) the Village is able to significantly influence the programs or services performed or provided by the organization; or (2) the Village is legally entitled to or can otherwise access the organization's resources; the Village is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide support to, the organization; or the Village is obligated for the debt of the organization. The Village is also financially accountable for any organizations that are fiscally dependent on the Village in that the Village approves their budget, the issuance of their debt or the levying of their taxes. Component units also include legally separate, tax-exempt entities whose resources are for the direct benefit of the Village, are accessible to the Village and are significant in amount to the Village. Based on these criteria, the Village has no component units.

**C. Jointly Governed Organizations and Public Entity Risk Pools**

A joint venture is a legal entity or other organization that results from a contractual arrangement and that is owned, operated, or governed by two or more participants as a separate and specific activity subject to joint control, in which the participants retain (a) an ongoing financial interest or (b) an ongoing financial responsibility. Under the cash basis of accounting, the Village does not report assets for equity interests in joint ventures.

The Village participates in the Ohio Plan Risk Management, a public entity risk pool. Note 6 to the financial statements provide additional information for this entity.

The Village's management believes these financial statements present all activities for which the Village is financially accountable.

**Note 2 – Summary of Significant Accounting Policies**

As discussed further in Note 2.C, these financial statements are presented on a cash basis of accounting. This cash basis of accounting differs from accounting principles generally accepted in the United States of America (GAAP). Generally accepted accounting principles include all relevant Governmental Accounting Standards Board (GASB) pronouncements, which have been applied to the extent they are applicable to the cash basis of accounting. In the government-wide financial statements and the fund financial statements for the proprietary funds, Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, have been applied, to the extent they are applicable to the cash basis of accounting, unless those pronouncements conflict with or contradict GASB pronouncements, in which case GASB prevails. The

**VILLAGE OF HOLIDAY  
WILLIAMS COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2012  
(Continued)**

**Note 2 – Summary of Significant Accounting Policies** (continued)

Village does not apply FASB statements issued after November 30, 1989, to its business-type activities and to its enterprise funds. Following are the more significant of the Village's accounting policies.

**A. Basis of Presentation**

The Village's basic financial statements consist of government-wide financial statements, including a statement of net position and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

**Government-Wide Financial Statements**

The statement of net position and the statement of activities display information about the Village as a whole. These statements include the financial activities of the primary government. The statements distinguish between those activities of the Village that are governmental and those that are considered business-type. Governmental activities generally are financed through taxes, intergovernmental receipts or other nonexchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services.

The statement of net position presents the cash balances of the governmental and business-type activities of the Village at year end. The statement of activities compares disbursements with program receipts for each of the Village's governmental and business-type activities. Disbursements are reported by function. A function is a group of related activities designed to accomplish a major service or regulatory program for which the Village is responsible. Program receipts include charges paid by the recipient of the program's goods or services and grants and contributions restricted to meeting the operational or capital requirements of a particular program. General receipts are all receipts not classified as program receipts, with certain limited exceptions. The comparison of direct disbursements with program receipts identifies the extent to which each governmental function or business-type activity is self-financing on a cash basis or draws from the Village's general receipts.

**Fund Financial Statements**

During the year, the Village segregates transactions related to certain Village functions or activities in separate funds to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the Village at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column.

Proprietary fund statements distinguish operating transactions from nonoperating transactions. Operating receipts generally result from exchange transactions such as charges for services directly relating to the funds' principal services. Operating disbursements include costs of sales and services and administrative costs. The proprietary fund statements report all other receipts and disbursements as nonoperating.

**B. Fund Accounting**

The Village uses fund accounting to maintain its financial records during the year. Fund accounting is designed to demonstrate legal compliance and to aid management by segregating transactions related to certain village functions or activities. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. Funds are used to segregate resources that are restricted as to use. The funds of the Village are divided into two categories, governmental and proprietary.

VILLAGE OF HOLIDAY  
WILLIAMS COUNTY

NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2012  
(Continued)

**Note 2 – Summary of Significant Accounting Policies** (continued)

Governmental Funds

The Village classifies funds financed primarily from taxes, intergovernmental receipts (e.g. grants), and other nonexchange transactions as governmental funds. The Village has one major governmental fund, the General Fund. The General Fund is used to account for all financial resources, except those required to be accounted for in another fund. The General Fund balance is available to the Village for any purpose provided it is expended or transferred according to the general laws of Ohio.

The other governmental funds of the Village account for grants and other resources whose use is restricted to a particular purpose.

Proprietary Funds

The Village classifies funds financed primarily from user charges for goods or services as proprietary. Proprietary funds are classified as enterprise.

Enterprise Funds - Enterprise funds may be used to account for any activity for which a fee is charged to external users for goods or services. The Village has one major enterprise fund, the Electric Operating Fund. The Electric Operating Fund accounts for the provision of electric service to the residents and commercial users located within the Village.

C. Basis of Accounting

The Village's financial statements are prepared using the cash basis of accounting. Receipts are recorded in the Village's financial records and reported in the financial statements when cash is received rather than when earned and disbursements are recorded when cash is paid rather than when a liability is incurred.

As a result of the use of this cash basis of accounting, certain assets and their related revenues (such as accounts receivable and revenue for billed or provided services not yet collected) and certain liabilities and their related expenses (such as accounts payable and expenses for goods or services received but not yet paid, and accrued liabilities and the related expenses) are not recorded in these financial statements.

D. Budgetary Process

All funds are legally required to be budgeted and appropriated. The major documents prepared are the certificate of estimated resources and the appropriations ordinance, both of which are prepared on the budgetary basis of accounting. The certificate of estimated resources establishes a limit on the amount the Village Council may appropriate.

The appropriations ordinance is the Village Council's authorization to spend resources and sets limits on cash disbursements plus encumbrances at the level of control selected by the Village Council. The legal level of control has been established at the fund level for all funds, with Salaries and Benefits categorized separately under the General Fund.

**VILLAGE OF HOLIDAY  
WILLIAMS COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2012  
(Continued)**

**Note 2 – Summary of Significant Accounting Policies** (continued)

The certificate of estimated resources may be amended during the year if projected increases or decreases in receipts are identified by the Village Clerk-Treasurer. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts on the certificate of estimated resources when the original appropriations were adopted. The amounts reported as the final budgeted amounts on the budgetary statements reflect the amounts on the amended certificated of estimated resources in effect at the time final appropriations were passed by the Village Council.

The appropriations ordinance is subject to amendment throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriation ordinance for that fund that covered the entire year, including amounts automatically carried forward from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the Village Council during the year.

**E. Cash and Investments**

To improve cash management, cash received by the Village is pooled and invested. Individual fund integrity is maintained through Village records. Interest in the pool is presented as "Equity in Pooled Cash and Cash Equivalents".

Investments of the cash management pool and investments with an original maturity of three months or less at the time of purchase are presented on the financial statements as cash equivalents. Investments with an initial maturity of more than three months that were not purchased from the pool are reported as investments.

Investments are reported as assets. Accordingly, purchases of investments are not recorded as disbursements, and sales of investments are not recorded as receipts. Gains or losses at the time of sale are recorded as receipts or negative receipts, respectively.

During 2012, the Village invested in a STAR Ohio and an interest bearing sweep account.

STAR Ohio is an investment pool, managed by the State Treasurer's Office, which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAR Ohio are valued at STAR Ohio's share price, which is the price the investment could be sold for on December 31, 2012.

Interest earnings are allocated to Village funds according to State statutes, grant requirements, or debt related restrictions. Interest receipts credited to the General Fund during 2012 was \$3,720 which includes \$1,394 assigned from other Village funds.

**F. Inventory and Prepaid Items**

The Village reports disbursements for inventories and prepaid items when paid. These items are not reflected as assets in the accompanying financial statements.

**G. Capital Assets**

Acquisitions of property, plant and equipment are recorded as disbursements when paid. These items are not reflected as assets in the accompanying financial statements.

VILLAGE OF HOLIDAY  
WILLIAMS COUNTY

NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2012  
(Continued)

**Note 2 – Summary of Significant Accounting Policies** (continued)

H. Interfund Receivables/Payables

The Village reports advances-in and advances-out for interfund loans. These items are not reflected as assets and liabilities in the accompanying financial statements.

I. Employer Contributions to Cost-Sharing Pension Plans

The Village recognizes the disbursement for their employer contributions to cost-sharing pension plans when they are paid. As described in Notes 7 and 8, the employer contributions include portions for pension benefits and for postretirement health care benefits.

J. Long-Term Obligations

The Village's cash basis financial statements do not report liabilities for bonds or other long-term obligations. Proceeds of debt are reported when the cash is received and principal and interest payments are reported when paid. Since recording a capital asset when entering into a capital lease is not the result of a cash transaction, neither an other financing source nor capital outlay expenditure are reported at inception. Lease payments are reported when paid.

K. Net Position

Net position is reported as restricted when there are limitations imposed on their use either through enabling legislation or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. Net position restricted for other purposes include resources restricted for streets. The Village's policy is to first apply restricted sources when an obligation is incurred for purposes for which both restricted and unrestricted net positions are available. There were no net positions restricted by enabling legislation.

L. Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the Village is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

**Nonspendable** – The nonspendable fund balance category includes amounts that cannot be spent because they are not in spendable form, or are legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash. It also includes the long-term amount of interfund loans.

**Restricted** – Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or is imposed by law through constitutional provisions. Enabling legislation authorizes the Village to assess, levy, charge, or otherwise mandates payment of resources (from external resource providers) and includes a legally enforceable requirement that those resources be used only for that specific purpose stipulated in the legislation. Legal enforceability means that the Village can be compelled by an external party- such as citizens, public interest groups, or the judiciary to use resources created by enabling legislation only for the purpose specified by the legislation.

**VILLAGE OF HOLIDAY  
WILLIAMS COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2012  
(Continued)**

**Note 2 – Summary of Significant Accounting Policies** (continued)

**Committed** – The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by formal action (ordinance or resolution) of Village Council. Those committed amounts cannot be used for any other purpose unless Village Council removes or changes the specified use by taking the same type of action (ordinance or resolution) it employed to previously commit those amounts. In contrast to fund balance that is restricted by enabling legislation, the committed fund balance classification may be redeployed for other purposes with appropriate due process. Constraints imposed on the use of committed amounts are imposed by Village Council, separate from the authorization to raise the underlying revenue; therefore, compliance with these constraints is not considered to be legally enforceable. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

**Assigned** – Amounts in the assigned fund balance classification are intended to be used by the Village of specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the general fund, assigned amounts represent intended uses established by Village Council or a Village official delegated that authority by ordinance, or by State Statute.

**Unassigned** – Unassigned fund balance is the residual classification for the general fund and includes amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance.

The Village applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

**M. Interfund Transactions**

Transfers between governmental and business-type activities on the government-wide financial statements are reported in the same manner as general receipts.

Exchange transactions between funds are reported as receipts in the seller funds and as disbursements in the purchaser funds. Subsidies from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after non-operating receipts/disbursements in proprietary funds. Repayments from funds responsible for particular disbursements to the funds that initially paid for them are not presented in the financial statements.

**Note 3 – Budgetary Basis of Accounting**

The budgetary basis as provided by law is based upon accounting for certain transactions on the basis of cash receipts, disbursements, and encumbrances. The Statement of Receipts, Disbursements and Changes in Fund Balance – Budget and Actual – Budgetary Basis presented for the general fund is prepared on the budgetary basis to provide a meaningful comparison of actual results with the budget.

**VILLAGE OF HOLIDAY  
WILLIAMS COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2012  
(Continued)**

**Note 3 – Budgetary Basis of Accounting** (Continued)

The difference between the budgetary basis and the cash basis is outstanding year end encumbrances are treated as cash disbursements (budgetary basis) rather than as restricted, committed or assigned fund balance (cash basis).

The encumbrances outstanding at year end (budgetary basis) amounted to \$16,972 for the General Fund.

**Note 4 – Deposits and Investments**

Monies held by the Village are classified by State statute into three categories.

Active monies are public monies determined to be necessary to meet current demands upon the Village treasury. Active monies must be maintained either as cash in the Village treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that Council has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts, including passbook accounts.

Interim monies held by the Village can be deposited or invested in the following securities:

1. United States Treasury bills, bonds, notes, or any other obligation or security issued by the United States Treasury, or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligation or security issued by any federal government agency or instrumentality including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least 2 percent and be marked to market daily, and the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio or Ohio local governments;
5. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts;

**VILLAGE OF HOLIDAY  
WILLIAMS COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2012  
(Continued)**

**Note 4 – Deposits and Investments** (Continued)

6. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
7. The State Treasurer's investment pool (STAR Ohio).

Investments in stripped principal or interest obligations reverse repurchase agreements, and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage, and short selling are also prohibited. An investment must mature within five years from the date of purchase, unless matched to a specific obligation or debt of the Village, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions.

Deposits

The Village has no deposit policy for custodial risk beyond the requirements of State statute. Ohio law requires that deposits be either insured or be protected by eligible securities pledged to and deposited either with the Village or a qualified trustee by the financial institution as security for repayment, or by a collateral pool of eligible securities deposited with a qualified trustee and pledged to secure the repayment of all public monies deposited in the financial institution whose market value at all times shall be at least one hundred five percent of the deposits being secured. Deposits are insured by the Federal Depository Insurance Corporation or collateralized by securities specifically pledged by the financial institution to the Village.

Investments

As of December 31, 2012, the Village had \$172,759 invested in STAR Ohio. STAR Ohio has a maturity of approximately one month.

STAR Ohio carries a rating of AAA by Standard and Poor's. The Village has no investment policy dealing with investment credit risk beyond the requirements in state statutes. Ohio law requires that STAR Ohio maintain the highest rating provided by at least one nationally recognized standard rating service.

**Note 5 – Property Taxes**

Property taxes are levied and assessed on a calendar year basis.

Property taxes include amounts levied against all real, public utility and tangible personal property (used in business) located in the Village. Real property tax revenue received in Calendar 2012 represents collections of calendar year 2011 taxes. Real property taxes received in calendar year 2012 were levied after April 1, 2011, on the assessed value listed as of January 1, 2011, the lien date. Assessed values for real property taxes are established by State law at 35 percent of appraised market value. Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31 with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established.

Public utility property tax revenue received in calendar 2012 represents collections of calendar year 2011 taxes. Public utility real and tangible personal property taxes received in calendar year 2012 became a lien December 31, 2010, were levied after April 1, 2011, and are collected in 2012 with real property taxes. Public utility real property is assessed at 35 percent of true value; public utility tangible personal

**VILLAGE OF HOLIDAY  
WILLIAMS COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2012  
(Continued)**

**Note 5 – Property Taxes** (Continued)

property currently is assessed at varying percentages of true value.

The Village receives property taxes from Williams County. The County Auditor periodically remits to the Village its portion of the taxes collected.

The assessed values upon which the fiscal year 2012 taxes were collected are:

Real Property	
Residential	\$248,260
Agricultural	455,150
Commercial/Industrial/Mineral	7,013,040
Tangible Personal Property	
Public Utility	113,840
Total Assessed Value	<u><u>\$7,830,290</u></u>
Tax rate per \$1000 of Assessed Valuation	\$1.60

**Note 6 – Risk Management**

**A. Risk Pool Membership**

The Government belongs to the Ohio Plan Risk Management, Inc. (OPRM) - formerly known as the Ohio Risk Management Plan, (the "Plan"), a non-assessable, unincorporated non-profit association providing a formalized, jointly administered self-insurance risk management program and other administrative services to Ohio governments ("Members"). The Plan is legally separate from its member governments.

Pursuant to Section 2744.081 of the Ohio Revised Code, the plan provides property, liability, errors and omissions, law enforcement, automobile, excess liability, crime, surety and bond, inland marine and other coverages to its members sold through fourteen appointed independent agents in the State of Ohio.

OPRM coverage programs are developed specific to each member's risk management needs and the related premiums for coverage are determined through the application of uniform underwriting criteria addressing the member's exposure to loss, except OPRM retains 41.5% (41.5% effective November 1, 2011, 40% through October 31, 2011 and 17.5% through October 31, 2010) of the premium and losses on the first \$250,000 casualty treaty and 10% of the first \$1,000,000 property treaty. Members are only responsible for their self-retention (deductible) amounts, which vary from member to member. OPRM had 782 and 761 members as of December 31, 2011 and 2010 respectively.

Plan members are responsible to notify the Plan of their intent to renew coverage by their renewal date. If a member chooses not to renew with the Plan, they have no other financial obligation to the Plan, but still need to promptly notify the Plan of any potential claims occurring during their membership period. The former member's covered claims, which occurred during their membership period, remain the responsibility of the Plan.

Settlement amounts did not exceed insurance coverage for the past three fiscal years.

**VILLAGE OF HOLIDAY  
WILLIAMS COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2012  
(Continued)**

**Note 6 – Risk Management** (Continued)

The Pool's audited financial statements conform with generally accepted accounting principles, and reported the following assets, liabilities and retained earnings at December 31: 2011 and 2010 (the latest information available).

	<u>2011</u>	<u>2010</u>
Assets	\$12,501,280	\$12,036,541
Liabilities	(5,328,761)	(4,845,056)
Members' Equity	<u>\$7,172,519</u>	<u>\$7,191,485</u>

You can read the complete audited financial statements for OPRM at the Plan's website, [www.ohioplan.org](http://www.ohioplan.org).

**B. Workers' Compensation**

The Village pays the State Workers' Compensation System a premium based on a rate per \$100 of salaries. This rate is calculated based on accident history and administrative costs. The System administers and pays all claims.

**Note 7 – Defined Benefit Pension Plan**

Ohio Public Employees Retirement System

Plan Description - The Village participates in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The Traditional Plan is a cost-sharing, multiple-employer defined benefit pension plan. The Member-Directed Plan is a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20 percent per year). Under the Member-Directed Plan, members accumulate retirement assets equal to the value of the member and vested employer contributions plus any investment earnings. The Combined Plan is a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and a defined contribution plan. Under the Combined Plan, employer contributions are invested by the retirement system to provide a formula retirement benefit similar to the Traditional Plan benefit. Member contributions, whose investment is self-directed by the member, accumulate retirement assets in a manner similar to the Member-Directed Plan.

OPERS provides retirement, disability, survivor and death benefits and annual cost of living adjustments to members of the Traditional and Combined plans. Members of the Member-Directed Plan do not qualify for ancillary benefits. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that may be obtained by writing to OPERS, 277 East Town Street, Columbus, OH 43215-4642 or by calling (614) 222-6705 or (800) 222-7377.

Funding Policy - The Ohio Revised Code provides statutory authority for member and employer contributions and currently limits the employer contribution to a rate not to exceed 14 percent of covered payroll for state and local employer units. Member contribution rates, as set in the Ohio Revised Code, are not to exceed 10 percent. For the year ended December 31, 2012, members in state and local classifications contributed 10 percent of covered payroll. Members in the state and local divisions may participate in all three plans. For 2012, member and employer contribution rates were consistent across all three plans.

**VILLAGE OF HOLIDAY  
WILLIAMS COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2012  
(Continued)**

**Note 7 – Defined Benefit Pension Plan** (Continued)

The Village's 2012 contribution rate was 14.0 percent. The portion of employer contributions used to fund pension benefits is net of post-employment health care benefits. The portion of employer contribution allocated to health care for members in the Traditional Plan was 4 percent. The portion of employer contributions allocated to health care for members in the Combined Plan was 6.05 percent. Employer contribution rates are actuarially determined.

The Village's required contributions for pension obligations to the Traditional and Combined plans for the years ended December 31, 2012, 2011, and 2010 were \$6,830, \$6,675, and \$10,256 respectively. These obligations are paid on a cash basis with 100 percent contributed for 2012, 2011 and 2010.

**Note 8 - Postemployment Benefits**

**Ohio Public Employees Retirement System**

Plan Description – Ohio Public Employees Retirement System (OPERS) administers three separate pension plans: The Traditional Pension Plan – a cost-sharing, multiple-employer defined benefit pension plan, the Member-Directed Plan – a defined contribution plan; and the Combined Plan – a cost sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS maintains a cost-sharing multiple-employer defined benefit post-employment health care plan for qualifying members of both the Traditional Pension and the Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits, including post-employment health care coverage. The plan includes a medical plan, prescription drug program and Medicare Part B premium reimbursement.

In order to qualify for post-employment health care coverage, age-and-service retirees under the Traditional Pension and Combined Plans must have 10 or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available.

The health care coverage provided by OPERS meets the definition of an Other Post Employment Benefit (OPEB) as described in GASB Statement 45. The Ohio Revised Code permits, but does not mandate, OPERS to provide health care benefits (OPEB) to its eligible members and beneficiaries. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code.

Disclosures for the health care plan are presented separately in the OPERS financial report which may be obtained by writing to OPERS, 277 East town Street; Columbus, Ohio 43215-4642, or by calling 614-222-5601 or 800-222-7377.

Funding Policy – The post-employment health care plan was established under, and is administrated in accordance with, Internal Revenue Code 401(h). The Ohio Revised Code provides the statutory authority requiring public employers to fund post-retirement health care through contributions to OPERS. A portion of each employer's contribution to OPERS is set aside for the funding of post-retirement health care.

Employer contribution rates are expressed as a percentage of the covered payroll of active members. In 2012, state and local employers contributed at a rate of 14.0 percent of covered payroll. The Ohio Revised Code currently limits the employer contribution to a rate not to exceed 14 percent of covered payroll for state and local employer units.

**VILLAGE OF HOLIDAY  
WILLIAMS COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2012  
(Continued)**

**Note 8 - Postemployment Benefits** (Continued)

Each year, the OPERS Retirement Board determines the portion of the employer contribution rate that will be set aside for funding of post-employment health care benefits. The portion of employer contributions allocated to health care for members in the Traditional Plan was 4 percent through December 31, 2012. The portion of employer contribution allocated to health care for members in the Combined Plan was 6.05.

The OPERS Retirement Board is also authorized to establish rules for the payment of a portion of the health care benefits provided, by the retiree or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected. Active members do not make contributions to the post-employment health care plan.

The Village's contributions allocated to fund post-employment health care benefits for the years ended December 31, 2012, 2011, and 2010 were \$2,732, \$2,670, and \$5,841 respectively. The full amount has been contributed for 2012, 2011, and 2010.

The Health Care Preservation Plan (HCPP) adopted by the OPERS Retirement Board on September 9, 2004, was effective January 1, 2007. Member and employer contribution rates increased on January 1 of each year from 2006 to 2008. Rates for law enforcement and public safety employers increased over a six year period beginning on January 6, 2006, with a final rate increase on January 1, 2011. These rate increases allowed additional funds to be allocated to the health care plan.

**Note 9 – Debt**

The Village's long-term debt activity for the year ended December 31, 2012, was as follows:

	Interest Rate	Balance December 31, 2011	Additions	Reductions	Balance December 31, 2012	Due Within One Year
<u>Governmental Activities</u>						
General Obligation Bonds						
2003 Issue	4.5%	\$295,000		\$15,000	\$280,000	\$20,000
2002 Ohio Public Works						
Commission Loan	0%	61,459		5,853	55,606	5,853
2005 Ohio Water						
Development Authority Loan	3%	696,314		68,478	627,836	70,548
Total Governmental Activities		<u>\$1,052,773</u>		<u>\$89,331</u>	<u>\$963,442</u>	<u>\$96,401</u>

The general obligation bonds are supported by the full faith and credit of the Village and are payable from unvoted property tax receipts to the extent that other resources are not available to meet annual principal and interest payments. The bonds were issued to finance construction of the town hall with final maturity in 2023.

The 2002 OPWC loan relates to a water and sewer line extension project to a local business. The loan is repaid in semiannual installments over 20 years. Money is transferred from the General Fund each year to cover the OPWC debt service requirements.

**VILLAGE OF HOLIDAY  
WILLIAMS COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2012  
(Continued)**

**Note 9 – Debt** (Continued)

The purpose of the OWDA loan was for the water and sewer line extension to service a business development. The Village has been approved for a loan amount of \$762,783. The loan will be repaid in semiannual installments of interest only for the first five years, beginning July 1, 2006, and payments of \$88,858 including interest over the remaining 10 years beginning July 1, 2011. Monies collected under an infrastructure agreement between the Village and Menards, Inc. will be used to finance these payments.

The following is a summary of the Village's future annual debt service requirements:

Year	G.O. Bonds		OPWC	OWDA	Interest
	Principal	Interest	Loan	Loan	
	Principal	Interest	Principal	Principal	Interest
2013	\$20,000	\$12,600	\$5,853	\$70,548	\$18,310
2014	20,000	11,700	5,854	72,680	16,178
2015	20,000	10,800	5,853	74,877	13,981
2016	20,000	9,900	5,853	77,140	11,718
2017	25,000	9,000	5,853	79,471	9,386
2018-2022	140,000	27,450	26,340	253,120	13,453
2023	35,000				
Totals	<u>\$280,000</u>	<u>\$81,450</u>	<u>\$55,606</u>	<u>\$627,836</u>	<u>\$83,026</u>

The Ohio Revised Code provides that net general obligation debt of the Village, exclusive of certain exempt debt, issued without a vote of the electors shall never exceed 5.5 percent of the tax valuation of the Village. The Revised Code further provides that total voted and unvoted net debt of the Village less the same exempt debt shall never exceed amount equal to 10.5 percent of its tax valuation.

**Note 10 – Interfund Transfers**

During 2012 the following transfers were made:

Transfers from the General Fund to:	
Village Hall Bond Retirement Fund	\$28,275
OPWC Loan Retirement Fund	5,853
OWDA Loan- Menard Project 2005/6	11,762
Total Transfers from the General Fund	<u>\$45,890</u>

Transfers represent the allocation of unrestricted receipts collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

**Note 11 – Fund Balances**

Fund balance is classified as nonspendable, restricted, committed, assigned and /or unassigned based primarily on the extent to which the Village is bound to observe constraints imposed upon the use of the resources in the government funds. The constraints placed on fund balances for the major governmental funds and all other governmental funds are presented below:

**VILLAGE OF HOLIDAY  
WILLIAMS COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2012  
(Continued)**

**Note 11 – Fund Balances** (Continued)

Fund Balances	General Fund	Other Governmental Funds	Total
<b>Restricted for</b>			
Road Improvements		\$33,921	\$33,921
Debt Service		7,655	7,655
<i>Total Restricted</i>		41,576	41,576
<b>Assigned to</b>			
Budgetary Stabilization	\$444,278		444,278
Other Purposes	16,972		16,972
<i>Total Assigned</i>	461,250		461,250
Unassigned:	920,841		920,841
<i>Total Fund Balances</i>	<u>\$1,382,091</u>	<u>\$41,576</u>	<u>\$1,423,667</u>

**Note 12 – Contractual Commitment**

The Village has a contract with American Municipal Power, Inc. (AMP) to provide electric power and energy for its municipal electric system. This service is transmitted to the Village through a joint venture of four subdivisions located within Williams County. This joint venture is known as Ohio Municipal Electric Generation Agency Joint Venture (OMEGA JV-4) which was created for that purpose.

AMP bills the Village for all electric power and energy purchased through this agreement. It also prepares the billing on behalf of the Village for an industrial customer located within the Village. This customer remits the payment to the Village. In 2012, as a result of this contract, the Village paid \$5,209,951.21 to AMP.

**Note 13 – Long Term Purchase Commitments**

**A. Prairie State Energy Campus (PSEC)**

On December 20, 2007, AMP acquired a 23.26% undivided ownership interest (the “PSEC Ownership Interest”) in the Prairie State Energy Campus, a planned 1,600 MW coal-fired power plant and associated facilities in southwest Illinois. The PSEC Ownership Interest is held by AMP 368 LLC, a single-member Delaware limited liability company (“AMP 368 LLC”). AMP is the owner of the sole membership interest in AMP 368 LLC. Construction of the PSEC commenced in October 2007.

From July 2008, through September 2010, AMP issued five series of Prairie State Energy Campus Revenue Bonds (the “Prairie State Bonds”) to finance PSEC project costs and PSEC related expenses. The Prairie State Bonds consist of tax-exempt, taxable and tax advantaged Build America Bonds issued in the aggregate principal amount of \$1,696,800,000.

**VILLAGE OF HOLIDAY  
WILLIAMS COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2012  
(Continued)**

**Note 13 – Long Term Purchase Commitments** (Continued)

AMP will sell the power and energy from the PSEC Ownership Interest pursuant to a take or pay power sales contract (the "*Prairie State Power Sales Contract*") with 68 Members (the "*Prairie State Participants*"). The Prairie State Bonds are net revenue obligations of AMP, secured by a master trust indenture, payable primarily from the payments to be made by the Prairie State Participants under the terms of the Prairie State Power Sales Contract.

The Village has passed appropriate legislation and executed a power sales contract to participate in this project and has been allocated approximately 2.5 MW of the project.

**B. American Municipal Power Generating Station (AMPGS)**

The Village of Holiday City is a participant in the American Municipal Power Generating State Project (the "AMPGS Project"). The Village executed a take-or-pay contract on November 1, 2007 in order to participate in the AMPGS Project.

**History of the AMPGS Project**

In November 2009, the participants of the AMP Generating State Project (the AMPGS Project") voted to terminate the development of the pulverized coal power plant in Meigs County, Ohio. (Please see Joint Resolution No. 09-11-2891 dated November 24, 2009.) The AMPGS Project was to be a 1,000 MW base load, clean-coal technology plant scheduled to go on-line in 2014. This pulverized coal plant was estimated to be a \$3 billion project, but the project's estimated capital costs increased by 37% and the engineer, procure and construct ("EPC") contractor could not guarantee that the costs would not continue to escalate. At the termination date, minimal construction had been performed on the AMPGS Project at the Meigs County site.

At the same time, the participants voted to pursue conversion of the projects to a Natural Gas Combined Cycle Plant (the "NGCC Plant") to be developed under a lump-sum-turn-key fixed-price contract that would be open to interested AMP members. The NGCC Plant was planned to be developed on the Meigs County site previously planned for the AMPGS project. In February 2011, development of the NGCC Plant was suspended due to the availability of purchasing the AMP Fremont Energy Center ("AFEC") at a favorable price. AMP intends to develop this site for the construction of generating assets; however, at December 31, 2011, the type of generating asset has not been determined.

As mentioned above, the AMPGS project participants signed "take or pay" contracts with AMP. As such, the participants of the project are obligated to pay all costs incurred for the project. To date is has not been determined what those total final costs are for the project participants.

As a result of these decisions to date, the AMPGS Project costs have been reclassified out of construction work-in-progress and into plant held for future use or regulatory assets in the combined balance sheet. AMP has reclassified \$34,881,075 of costs to plant held for future use as these costs were determined to be associated with the undeveloped Meigs County site regardless of the determination of which type of generating asset will be developed on the site. The remaining costs previously incurred were determined to be impaired but reclassified as a regulatory asset which is fully recoverable from the AMPGS Project participants as part of their unconditional obligation under the "take or pay" contract. At December 31, 2012 AMP has a regulatory asset of \$96,544,650 for the recovery of these abandoned construction costs. AMP is currently working with the AMPGS project participants to establish a formal plan for the recovery on a participant by participant basis.

**VILLAGE OF HOLIDAY  
WILLIAMS COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2012  
(Continued)**

**Note 13 – Long Term Purchase Commitments** (Continued)

Amp has consistently communicated with the AMPGS participants as to the risks and uncertainties with respect to the outstanding potential liability the Village has as a result of the cancellation of the AMPGS Project. Meetings with AMPGS Project participants have been held as necessary to communicate any updates to both costs being incurred and ongoing litigation. At the request of the participants, on November 18, 2011 and December 13, 2011 AMP sent memos to AMPGS participants providing the participant's information identifying their potential AMPGS stranded cost liability and providing options for payment of those stranded costs, if the participant so chose. These memos were not invoices, but provided the participants with information which they could utilize in determining if they wanted to pay down a portion or all of the identified maximum exposure. AMP is holding the AMPGS Project stranded costs on its revolving credit facility and is accruing interest in addition to legal fees being incurred in its case with the EPC contractor. AMP would hold any payments received as a deposit in order to cease interest accruals on that portion paid.

Based on an allocation to the Village of Holiday City of 1,000 kW and the allocation methodology, both approved as the same by the AMP Board of Trustees, as of December 31, 2012 the Village of Holiday City has a potential stranded cost obligation of \$169,774 for the AMPGS project. The Village of Holiday City has made payments of \$92,895, which are on deposit with AMP at December 31, 2012. Therefore, the Village's remaining unpaid potential stranded cost liability at December 31, 2012 is \$76,879.

**AMP Fremont Energy Center (AFEC) Development Fee**

The AFEC Development Fee is the amount paid by AFEC participants to the AMPGS project as a Development Fee in August, 2011. AFEC participants are a separate group of AMP members that obtained financing for engineering, consulting and other development costs for expertise obtained by AMP for Natural Gas Combined Cycle power plants. This amount is financed by AMP, Inc. and is to be collected through debt service from AFEC participants. The Development Fee paid by all AFEC Participants is credited to the potential AMPGS costs of each AFEC participant that is also an AMPGS participant in proportion to their relative percentage of AFEC (but not less than zero) as approved by the AMP Board. The Village is a participant in the AFEC project and has received a credit to reduce its share of AMPGS potential stranded costs as noted below.

Based on the allocation methodology approved by the AMP Board of Trustees as mentioned above, the Village receives a credit of \$69,099 for being a participant in both projects. This credit is proportionate to its AFEC allocation kW share of 660 and the total kW share of those participating in both projects. The Village has not recorded this credit in its financial statements as of December 31, 2012.

**Recording of Stranded Costs**

As mentioned above, the Village of Holiday City has requested from AMP invoices totaling \$92,895, a portion of their potential AMPGS stranded cost liability. The Village has paid that amount to AMP, expensing \$92,895 of it in 2012 in the contractual services line item of its Combining Statements. The Village realizes that the AMPGS Project is still incurring costs beyond that amount.

In making its determination as to how to proceed with the accounting treatment for the potential AMPGS Project liability, the Village has relied upon its Legal Counsel information provided by AMP and its legal counsel with respect to the data, as well as the Village's audit team and Village management.

VILLAGE OF HOLIDAY  
WILLIAMS COUNTY

NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2012  
(Continued)

**Note 13 – Long Term Purchase Commitments** (Continued)

**C. Blue Creek Wind Energy Agreement**

AMP has negotiated and executed a Renewable Wind Energy Power Purchase Agreement, dated February 27, 2012 between AMP and Blue Creek Wind Farm, LLC (“Blue Creek”), for the purchase of up to 54 MW of wind generated renewable electric capacity and associated energy (the “Blue Creek Wind Energy Agreement”) from wind electric facilities to be located near Van Wert, Ohio. The contracted amount of the Village’s capacity is 450 kWh. (0.37%)

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

Village of Holiday City  
Williams County  
13918 County Road M  
Holiday City, Ohio 43543-9785

To the Village Council:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Village of Holiday City, Williams County, Ohio (the Village), as of and for the year ended December 31, 2012, and the related notes to the financial statements, which collectively comprise the Village's basic financial statements and have issued our report thereon dated May 20, 2013, wherein we noted the Village uses a special purpose framework other than generally accepted accounting principles.

### ***Internal Control Over Financial Reporting***

As part of our financial statement audit, we considered the Village's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinions on the financial statements, but not to the extent necessary to opine on the effectiveness of the Village's internal control. Accordingly, we have not opined on it.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Therefore, unidentified material weaknesses or significant deficiencies may exist. However, as described in the accompanying schedule of findings we identified certain deficiencies in internal control over financial reporting, that we consider material weaknesses.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or a combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the Village's financial statements. We consider findings 2012-001 and 2012-002 described in the accompanying schedule of findings to be material weaknesses.

### ***Compliance and Other Matters***

As part of reasonably assuring whether the Village's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

***Entity's Response to Findings***

The Village's response to the finding identified in our audit is described in the accompanying schedule of findings. We did not audit the Village's response and, accordingly, we express no opinion on it.

***Purpose of this Report***

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the Village's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the Village's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

A handwritten signature in black ink that reads "Dave Yost". The signature is written in a cursive style with a large, looping "D" and "Y".

**Dave Yost**  
Auditor of State

May 20, 2013

VILLAGE OF HOLIDAY CITY  
WILLIAMS COUNTY

SCHEDULE OF FINDINGS  
DECEMBER 31, 2012

FINDINGS RELATED TO THE FINANCIAL STATEMENTS  
REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS

FINDING NUMBER 2012-001

**Material Weakness – Monitoring of Utility Bills**

All public officials are responsible for the design and operation of a system of internal control that is adequate to provide reasonable assurance regarding the achievement of objectives for their respective public offices. When designing the public office's system of internal control and the specific control activities, management should consider monitoring activities performed by service organizations.

The Village has a contract with American Municipal Power – Ohio (AMP-Ohio) to provide electric power and energy for its municipal electric system. As part of this agreement, AMP- Ohio also prepares the billing for an industrial customer located within the Village on behalf of the Village.

The Village does not monitor the billing process handled by AMP-Ohio. These billings account for 74 percent of the total revenues recorded in the electric fund during 2012.

We recommend management establish procedures that will monitor the billing process of utility customers to ensure the correct amount is billed. Management should consider taking steps to verify that the usages billed along with rates used to determine amounts due are correct.

**Officials' Response:**

Management will attempt to implement procedures to monitor the billing process.

FINDING NUMBER 2012-002

**Material Weakness – Fund Balance Classification**

Governmental Accounting Standards Board (GASB) Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, introduces five fund balance classifications and clarifies the existing governmental fund type definitions. The fund balance classifications relate to constraints placed upon the use of resources reported in governmental funds. The five classifications are nonspendable, restricted, committed, assigned and unassigned.

Assigned fund balance classification includes amounts that are constrained by the government's intent to be used for specific purposes, but are neither restricted nor committed. When the appropriation measure is adopted for the subsequent year, if a portion of existing fund balance is included as a budgetary resource, then that portion of fund balance should be classified as assigned. This would be applicable to the general fund as it is the only fund with a positive unassigned fund balance.

**FINDING NUMBER 2012-002**  
**(Continued)**

The 2013 annual appropriation measure for the general fund was adopted on December 20, 2012 in the amount of \$860,000. Estimated receipts were \$415,722. A portion of the general fund balance, \$444,278 was needed to cover the difference. This amount should have been recognized as Assigned for Subsequent Year's budget instead of being classified as unassigned.

An adjustment was recorded to the 2012 financial statements to classify the amounts as assigned.

In order to ensure the Village's governmental fund balances are reported in accordance with GASB 54, we recommend the Village review Auditor of State Bulletin 2011-004.

**Officials' Response:**

We did not receive a response from Officials to this finding.

**VILLAGE OF HOLIDAY CITY  
WILLIAMS COUNTY**

**SCHEDULE OF PRIOR AUDIT FINDINGS  
DECEMBER 31, 2012**

Finding Number	Finding Summary	Fully Corrected?	Not Corrected, Partially Corrected; Significantly Different Corrective Action Taken; or Finding No Longer Valid; <b><i>Explain</i></b>
2011-001	Recommendation to improve monitoring of utility billings.	No	Not corrected and reissued as Finding 2012-001 in this report.
2011-002	Recommendation to improve classification of fund balances on financial statements.	No	Not corrected and reissued as Finding 2012-002 in this report.
